CENSUS OF INDIA 2001

ANDHRA PRADESH

DISTRICT CENSUS HANDBOOK

Part - A & B

KARIMNAGAR

VILLAGE & TOWN DIRECTORY

VILLAGE AND TOWNWISE PRIMARY CENSUS ABSTRACT

लोकाभिमुख
PEOPLE ORIENTED

Director of Census Operations, ANDHRA PRADESH

Foreword

The District Census Handbook (DCHB) published by Census Organisation since 1951 census, is one of the important publications in the context of planning and development at gross-root level. The publication, which is brought out for each district, contains several demographic and socio-economic characteristics village-wise and town-wise of the district along with the status of availability of civic amenities, infrastructural facilities, etc.

2. The scope of the DCHB was initially confined to a few Census Tables and Primary Census Abstract (PCA) of each village and town within the district. Thereafter, at successive censuses, its scope and coverage has been enlarged. The DCHB published at the 1961 census provided a descriptive account of the district, administrative statistics, census tables and a village and town directory including PCA. The 1971 census-DCHB series was in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/ town levels. New features alongwith restructuring of the formats of village and town directory were added into it In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given. Information on new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet the requirements of some of the Revised Minimum Needs Programme. Information on approach to the village was provided for the first time in the Village Directory so as to give the details on number of inaccessible villages in each district. In the Town Directory, a statement (IV-A) on slums was introduced to provide the details on civic and other amenities in the notified slums of Class I and Class II towns.

3. The 1991 census DCHB, by and large, followed the pattern of presentation of 1981 census, except the format of PCA was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex-wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation. It was expected that the presentation of village directory and PCA data at CD block level will help the planners in formulation of micro level development plans, CD block being lowest administrative unit.

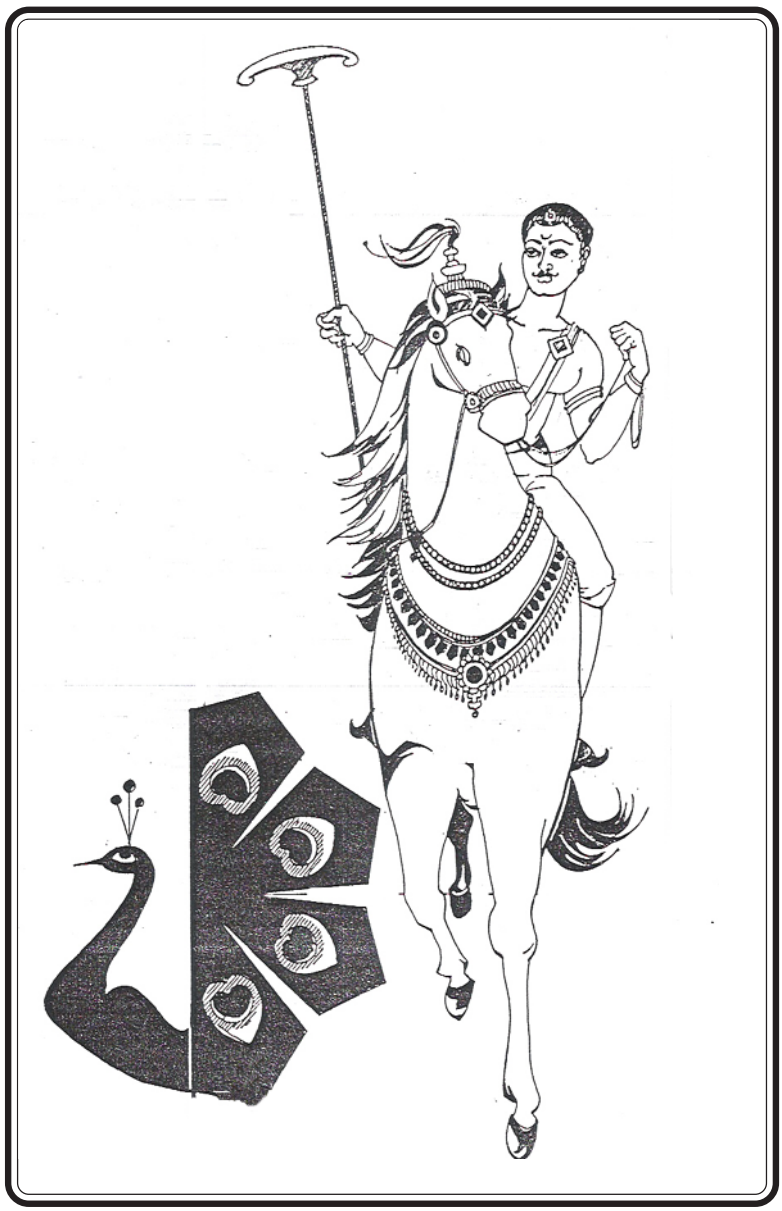

4. The present series of 2001 census DCHBs have been made more informative and exhaustive in terms of coverage and content. The Village Directory has been enlarged in scope by including a number of other facilities like banking, recreational and cultural facilities, newspapers and magazines and ‘most important commodity’ manufactured in village. Income and expenditure of gram panchayat, wherever possible, has been provided. Apart from these, more details on distance(s) at which basic amenities are available (if not available in the village), are given. This includes educational facilities (namely primary and middle schools and college), medical facilities (viz. Allopathic Hospital, Maternity & Child Welfare Centre and Primary Health Centre), drinking water, post & telegraph (post office and phone), communication, bank, credit societies and recreational

facilities. In Town Directory, the statement on Slums has been modified and its coverage enlarged by including details on all slums instead of 'notified slums'. The information is given in case of all statutory towns irrespective of their class, against only Class I and Class II towns in the 1981 and 1991 censuses. The basic amenities available in the villages and towns are analysed in depth with the help of a number of cross-classified inset tables and statements. Two other significant additions in the publication are inclusion of 'motif' highlighting significant characteristic of the district and analytical notes as annexures. The analytical notes on (i) fertility and mortality and (ii) various measures of fertility and mean age at marriage are prepared based on 1991 Census. Whereas, in the notes relating to (i) percentage distribution of migrants by place of birth/place of last residence, (ii) main religions, (iii) marital status of population, (iv) age, sex and education, and (v) distribution of spectrum of mother tongue, nature and extent of changes occurred in the district in its basic socio-demographic features during the decade 1991-2001 are analysed. The eight digits permanent location code (PLCN) to all the villages and towns have been assigned keeping in view the future needs.

5. The village and town level amenity data have been collected, compiled and computerized in prescribed record structure under the supervision of Shri. V.S. Bhaskar, IAS., Director of Census Operations, Andhra Pradesh. Thereafter, efforts have been made to ensure comparability of the information with that of 1991 census data and the information brought out by the respective state governments in their annual reports and statistical handbooks for various years after 1991. The task of planning, designing and coordination of this publication was carried out by Shri R.G. Mitra, Deputy Registrar General (C&T) and Dr. I.C. Agrawal, Senior Research Officer of Social Studies Division. Dr. R.P. Singh, Deputy Registrar General (Map) provided the technical guidance in the preparation of maps. Whereas, Shri Anil Kumar Arora, Deputy Director of Data Processing Division who worked under the overall supervision of Shri Himakar, Addl. Director (EDP) helped in preparation of record structure for computerization of village and town directory data and the programme for the generation of Village Directory and Town Directory statements including analytical inset tables. The draft DCHB manuscripts received from the Census Directorates have been scrutinized in the Social Studies Division under the guidance of Shri S.L. Jain, Deputy Director and Shri R.K. Mehta, Assistant Director. I am thankful to all of them and others who have contributed to make this publication possible.

D.K.Sikri
Registrar General &
Census Commissioner, India.

Satavahana Kalotsav, 2002

The area of Karimnagar district was under the rule of Satavahanas between 2nd century BC to 2nd century AD. The district is known as 'Cradle of Cultures' right from the pre-historic times. Several archaeological sites and monuments such as Buddhist stupas, Jaina caves, Hindu temples, Islamic monuments, forts and fortifications are of tourist attractions in the district. During the excavations carried out in the district by the Archaeological Department few coins, weaponry, utensils, etc., used by Satavahana Kings were found. These rulers were not only great warriors but also good Administrators with immense love towards art and culture. They also patronized other religions of Buddhism and Jainism.

"The Karimnagar Silver Philigri", a typical handicraft work, invented 200 years back is even today done by few goldsmiths in the district and this workmanship earned international fame.

To memorize the greatness of Satavahanas, the District Administration, Karimnagar in collaboration with the Andhra Pradesh Tourism Department has celebrated a three day Satavahana Kalotsav from 19th to 21st January, 2002 in a befitting manner duly bringing out a logo on the occasion. This logo has been adopted as motif for this Handbook.

Preface

The District Census Hand Book (DCHB) containing Primary Census Abstract and data on "amenities" for each village and town in the district. The intention of this publication is to place the data collected at the Census alongwith the village and town level amenities data collected from the Mandal Revenue Officers/ Municipal officials in this publication. The amenities data is validated by comparing with secondary data obtained from Heads of the Departments. For example, information on schools was compared with data available with Commissioner, School Education and information on post offices was compared with data obtained from the Chief Post Master General and so on. Validation of data in the above manner was by no means an easy exercise. Scores of officials had put in gruelling efforts for months together. The entire data and manuscripts were computerized. We are now reasonably confident of the correctness of the data but we will not make any utopian claims of cent per cent accuracy. There may be errors but we will be safe in saying that they are minimal.

The District Census Hand Book is divided into the following major components.

1. Introduction.
2. Brief history of the district.
3. Census and non-Census concepts.
4. A detailed write up on the physical features, major cultural and social events, major developments during the decade, places of religious and historic importance etc.
5. Primary Census Abstract (PCA) at the district level, mandal/town level and village level.
6. Brief analysis of PCA data.
7. Village Directory and Town Directory.
8. Brief analysis on Village Directory and Town Directories.

It will not be out of place to mention here that there is perhaps no other publication from any agency that encapsulates so much data on a district. The amenities data includes information on sectors such as Education, Health, Water and Electricity supply, Communication and Transport facilities etc. The idea of presenting amenities data juxtaposed to the Census data is not only unique but also tremendously useful for the data users.

The District Census Hand Book is further enriched with a district map and mandal maps depicting villages/towns with population size and also amenities such as Educational Institutions, Hospitals, Telegraph and Telephone facilities, Banks, Police Station etc.

Some improvement over earlier DCHB have been made to bring more completeness to the data presented in this volume.

1. The names of Colleges, Girls' High Schools, Hospitals run by Government and others have been given as an additional information. Similarly the names of Cinema Halls have been given.
2. Ranking of Mandals according to population is also given.

3. More Appendices and Annexures to important statements are given to make the data more comprehensive.

In the previous Censuses, the manuscripts prepared by this department were supplied to Government of Andhra Pradesh who in turn brought out the publications at their cost. However due to the procedural rigmorale some delay was unavoidable in placing the DCHBs before the data users and planners.

This time, keeping in view the above difficulties, the printing and publication of District Census Hand Books has been taken up centrally under the arrangement of the office of the Registrar General and Census Commissioner, India, New Delhi. The processing of data and preparation of Camera Ready Copies electronically including finalisation of write up was attended to in the office of the Director of Census Operations.

I am grateful to the Chief Secretaries, Principal Secretaries, Secretaries, District Collectors, Municipal Commissioners and other senior officials of the Government of Andhra Pradesh for their co-operation and assistance throughout the Census Operations and in the process of collection of the non-Censal data.

I am extremely grateful to Sri D.K.Sikri, IAS, Registrar General and Census Commissioner, India for the help, guidance and constant support in finalising this volume. My sincere thanks to Sri R.P. Singh, Deputy Registrar General (Map) and Dr.I.C. Agrawal, Assistant Registrar General (SS). Sri. S.L. Jain, Deputy Director for giving guidence, help and co-ordinating this project work and their colleagues in the office of the Registrar General, India.

I also take this opportunity to acknowledge the valuable contribution made for this publication by Sri.J.K.Banthia, Ex-Registrar General, India.

Most of the work relating to DCHB has been carried out under the able guidance and direction of Sri V.S.Bhaskar, IAS, Director of Census Operations, Andhra Pradesh, Hyderabad. I take this opportunity to acknowledge his valuable contribution made for this publication.

The credit for preparation of District Census Handbooks goes to a team of devoted officers and staff of this Directorate who have involved in this project. The names of individuals associated with this project are shown in “Acknowledgements”. I am grateful to all of them.

I hope that the data users will find this publication very useful.

District Highlights – 2001 Census

1. Karimnagar District stands **12th** in terms of area size and ranks **12th** in terms of population in the state.
2. Karimnagar district stands **11th** rank in terms of urbanisation with a total Urban population **678,812**.forming **19.4** percentage to the total district population.
3. The sex ratio of the district is **998** against **986** in 1991 Census showing upward trend.
4. The density of the district is **295** against **257** in 1991 Census, showing increase over the decade.
5. **Metpalle** village, PLC No. **00317000** is most populated with a population of **41,224** and **Ramanujapuram** village, PLC No. **00345900** is the least populated with a population of **45** in the district.
6. **Karimnagar** mandal is most populated with a population of **289,375** and **Mutharam** (Mahadevpur) Mandal is the least populated with a population of **23,327** in the district.
7. **Ramagundam** Municipality is most populated with a population of **236,600** and **Koratla** Municipality is the least populated with a population of **54,012** in the district.
8. Out of 100 workers **58.7** are engaged in Agriculture sector, **12.6** in Household industry and **28.7** in other economic activities. Thus showing the predominance of **Agriculture** Sector.
9. Out of 100 Male workers in the district **52.9** are engaged in **Agriculture** sector.
10. Out of 100 Female workers in the district **65.9** are engaged in **Agriculture** sector.
11. There is a decrease in the proportion of main workers of the district in the decade (**48.7** percent in 1991 to **41.8** percent in 2001).
12. There is a decrease in the proportion of Male main workers of the district in the decade (**56.2** percent in 1991 to **49.7** percent in 2001).
13. There is a decrease in the proportion of Female main workers of the district in the decade (**44.3** percent in 1991 to **33.9** percent in 2001)
14. The **Karimnagar** district is famous for **Coal Mines and power generation.**
15. **Odela and Chigurumamidi** Mandals have the lowest number of inhabited villages (**each 11**) and the highest number of inhabited villages (**37**) are found in **Mahadevpur** Mandal .
16. **Manakondur** mandal has largest area **14479.04** hectares under irrigation, followed by **Jagtial** mandal with **12621.54** hectares in the district. The mandal with lowest area **2116.29** hectares under irrigation is **Mutharam (Manthani)** Mandal.
17. **Gandi Kamaram** village bearing PLC No.**00296000** has the largest area (**5754** hectares) and **Balijapur** village bearing PLC No.**00289800** has the smallest area (**19** hectares) among the villages of the district.
18. Female work participation rate is **43.3** and that of the Males in the district is **54.8**

(i) About the District Census Handbook

District manuals compiled and published prior to 1905 by the erstwhile composite Madras Government contained not only particulars of items of more or less similar and permanent characteristics like history, religion and ethnography, but also a few statistical tables including those relating to population which became obsolete within a few years of publication. Later, the Madras Government replaced the District Manuals by another publication viz., the District Gazetteer consisting of two Volumes A and B. Volume-A contained descriptive and general tables which explains the text and Volume-B contained detailed statistics. It was decided that Volume B should be brought out periodically after each decennial census so that they contain the latest statistics. Volume-A was published for some districts between 1905 and 1927 in the Composite Madras State. The publication of Volume-A was discontinued in 1927. Volume-B was published for all the districts of the Composite Madras State between 1906 and 1915. The publication of Volume-B was also stopped after 1931 Census.

Similarly the Gazetteer volumes were also brought for some of the districts in the erstwhile Hyderabad State. The scheme of publication of revised District Gazetteers was re-started in the year 1958 by the State Governments. The State Editor, District Gazetteers, Government of Andhra Pradesh had published the Gazetteers of all the districts.

The District Census Handbook series was initiated during the 1951 Census.The idea of compiling the District Census Handbooks was pioneered by Sri R.A. Gopala Swamy, I.C.S. the then Registrar General, India and Ex-officio Census Commissioner of India, with a view to preserve the census records prepared for areas below the district level. He proposed that all the District Census Tables and Census Abstracts prepared during the process of sorting and compilation, should be bound together in a single manuscript volume and named as the District Census Handbook and suggested that the State Government should take up printing and publication at their own cost. Then onwards, the District Census Handbooks were published in each census with improved pattern with an aim to give the census and non-census data at micro level for the village and district as a whole to suit the requirements of various departments, scholars, research personnel , planners, industrialists, electoral authorities and other data users, also for efficient public administration by the state.

Pattern at 2001 Census :

The present District Census Handbook of 2001 Census, like the previous Census, is brought out for each district comprising of two Parts. Part- A Village and Town Directory with additional information on amenities viz., availability of commercial banks, recreation, credit societies etc., and land use particulars in the rural areas and Part- B Primary Census Abstract. At the out set an analytical note is given which depicts a general back ground on the district and analytical results on the statements and tables included in the volume. The volume is also provided with brief history of the district, physical aspects, census concepts, non-census concepts major characteristics with reference to economic resources and administrative set-up during the past decade with few appendixes etc..

Part A –Village and Town Directory :

Section- I, i.e. Village Directory gives non-census data on the amenities available in each village in respect of educational, medical, drinking water, power supply, post and telegraph, telephone, approach to village, banks, credit societies, receipt of newspapers and magazines, recreation and cultural facilities, nearest town and its distance, distribution of land use area, and name of the most important commodities manufactured.

If an amenity is not available in the referred village, the distance in broad ranges (kms.) from the

nearest place where the amenity is available is indicated. If the nearest place is situated in another state, name of that state is also given.

Section-II, i.e. Town Directory has been presented in seven Statements viz., Statement – I Status and Growth History, Statement-II Physical aspects and Location of towns, Statement-III Municipal Finance(receipts and expenditure,1998-99), Statement-IV Civic and other amenities, Statement-V Medical, Educational, Recreational and Cultural facilities Statement-VI Trade, Commerce, Industry and Banking etc., and Statement-VII Civic and other amenities in Slums, and an appendix showing towns with out growth and their population. The reference period for the above statements is 1998-99 and the data is covered for all the statutory notified towns in the district.

The non-census data at Village/Town level is collected from concerned authorities viz., Mandal Revenue Officers, Municipal Commissioners etc., and scrutinized with meticulous care and validated with the data collected from various departments to provide valid information to the data users.

Part B–Primary Census Abstract :

This data can be stated as the essence of the handbook. The latest census details such as area, total households, population, scheduled castes and scheduled tribes population, literates, workers, etc. are presented in these Abstract.

(ii) History and Administrative Set-up of the District

Brief History of the District

Karimnagar district is one of the Telangana districts of the State. The Telangana region finds mention in the Hewitt's references in his " Ruling Races of Pre- Historic Times " giving an indication that this part of South India was by no means unimportant in the ancient world. This district was under the rule of the Andhra, the Chalukya, the Yadava and the Kakatiya Dynasties successively. Vemulawada also called as " Lemulawada ", presently Mandal Headquarters of Vemulawada Mandal in the district, was the capital of a dynasty of Chalukyas called " CHALUKYAS OF VEMULAWADA "who ruled a considerable area as the feudatories of the Rashtrakutas. It became the headquarters of this branch of the Chalukyas at an early stage, probably under Arikesari. The next great ruler of Vemulawada was Narasimha -II. According to a Vemulawada inscription he single handedly conquered the seven Malavas, a group of Kings on the hill in Kalapriya, it is not very clear as to who ruled over the territory. However, the rock inscription of Vemulawada and Parbhani plates indicate the name of Arikesari III as the last ruler of this dynasty. The Jain temple at Vemulawada is said to have been constructed by his father Baddega.

The Chalukyan empire under the rule of Arikesari III 966 A.D., was a loose federation of a number of States, each of which was anxious to throw off the yoke of the other, and wanted to do so the earliest opportunity, and as a result the Chalukyan power began to decline from about A.D.1150. Therefore, Arikesari-III was supplanted by the Yadavas of Deogiri and Kakatiyas of Warangal. Thus Vemulawada lost its status as the capital city of the Chalukyan dynasty.

A greater part of the district was under the control of the Kakatiyas of Warangal during the 12th and 13th centuries. Sarkar Yeligandal originally known as Bhodeniapur, a village situated about 5 Kms North of Karimnagar , the present headquarters of the district, was the outpost of the Kakatiyas. General Kingham in his book "About Telangana" says that Yeligandal was the capital of Telangana. But in fact it was a part and parcel of the Kakatiya kingdom. Legend has it that near about this area there was a very thick forest, in which a Muslim saint was residing. One day when a few jewellers with their bags of jewels were passing through this forest, the saint asked them as to what it was that they were carrying. Thinking that he might be the chief of robbers, the jewellers hide the fact and said that all bags contained "Kandulu"(red grams). The saint was surprised to hear this false reply and therefore stated that all bags would contain "Tella Kandulu" (white-red grams). After reaching their destination, the jewellers, were astonished to see that their bags contained only "Tella Kandulu" instead of jewels. They immediately approached, to the saint and begged for his pardon. The saint pardoned them saying " keep your jewels carefully". When they returned their destination they were glad to see their bags contained jewels. Then onwards that place was named as "Tella Kandulu" and in course of time it has transformed to Elagandal. This is supported by an inscription near Chintamani tank in which "Tella Kandulu" is clearly written.

The summit of the Elgandal Fort must have been the strong hold of the Kakatiyas at one time. Elgandal Fort was captured in 1195 AD., by Jaitugi a famous ruler of Yadava dynasty. He was anxious to rehabilitate victories elsewhere, and decided to launch an offence against the rising power of the Kakatiyas in Telangana. Jaitugi felt that since they were the successors of the Chalukyans, all the former feudatories of the latter would at once automatically recognize his overlordship. Therefore, he suddenly launched a hurricane attack against Kakatiyas in 1195 AD., by capturing the Elgandal Fort. The reigning Kakatiya Monarch Rudra was killed in the course of the campaign, and Jaitugi succeeded in taking as prisoner Ganapati who was a nephew of the dead Kakatiya Monarch. Consequently, Elgandal Fort remained for about hundred years under the direct control of the Yadavas of Deogiri. It was again annexed to the Kakatiyas of Warangal by Raja Prataparudra (1295-1323).

At the beginning of the 14th century, constant attacks were made by Malik Kafur, a general of Alauddin Khilji, on Deogiri and Warangal and ultimately in 1309, the Yadavas of Deogiri, in 1310 the Kakatiyas of Warangal became the faithful allies of the Sultan. After the death of the Sultan and particularly during the reign of Giyasuddin Tuglaq, Warangal including Elgandal Fort was captured finally in 1323 by Mohammed Bin Tuglaq. It is worthwhile to mention here how and when this fort came into the hands of the Bahamani Kings. We know that at the time of the rise of the Bahamani Kingdom, Warangal was an independent Kingdom under the rule of Kapaya Nayaka. He had friendly terms with the Bahamani Kings. In course of time, however, hostilities arose between the two kingdoms and the expansion of the Bahamani Kingdom eastwards was regarded by the Warangal ruler to be an encroachment on his own territory. Therefore, Warangal began to act in concert with Vijayanagar and in the reign of Ahmed Shah Bahmani (1436-1445 AD), war commenced, which ultimately ended in the submission of the Warangal Kingdom including the Elgandal Fort. The capital of the Bahmani Kingdom during the period of Alauddin Hasan Gangu Bahmani was Daulatabad, which was later on shifted to Gulbarga and finally Bidar was made capital of the Bahmani Kingdom in the reign of Ahmed Shah Bahmani.

Qutub Shah's attack: Qutub-Ul-Mulk, the founder of the Qutub Shahi dynasty and Qoam-Ul-Mulk who is also known as Qoam-Ul-Mulk Sagir, were the subedars of Golconda and Rajahmundry respectively under Ahmed Shah Bahmani. On the breakup of Bahmani Kingdom Qoam-Ul-Mulk, the subedar of Rajahmundry, attacked the forts of Elgandal and Mulagnoor in the absence of Qutub-Ul-Mulk and plundered them completely. Qutub-Ul-Mulk knowing the hostilities of Qoam-Ul-Mulk wrote a letter of co-operation and friendship reminding him of their old friendly relations. No fruitful results came out from this letter except war. Therefore, Qutub-Ul-Mulk marched towards Elgandal in 1523 AD., and conquered the forts of Elgandal and Mulagnoor by defeating Qoam-Ul-Mulk who managed to escape towards Berar. After a short period, Qoam-Ul-Mulk with the help of Imad-Ul-Mulk, Shah of Berar, again led an expedition against Qutub-Ul-Mulk in which he was defeated by Qutub-Ul-Mulk at the Ramgir Fort. Thus these Forts passed into the hands of the Qutub Shahis. In the reign of Sultan Quli Qutub Shah, the founder of Hyderabad city, Elgandal and its dependencies were given to his son-in-law(Ain-Ul-Mulk) as jagir. The Mosque in the Fort is said to have been constructed by the Qutub Shahis. Thus Elgandal remained for about 175 years under the control of Qutub Shahis. The last ruler of this dynasty was Abul Hassan Tana Shah. It was during the period of Abul Hassan Tana Shah that moghuls under Aurangzeb, besieged the Golconda Fort and finally captured it in 1687. Consequently , Elgandal was also annexed to the Delhi empire. It is said that Emperor Aurangzeb used to visit Elgandal occasionally on a pilgrimage to the renowned Muslim Saints of the area and also constructed a Mosque and a tank. Both these monuments known as Alamgiri Masjid and Bindraban tank are still found there which testify to the past

glory of the district.

Elgandal under the Nizam : Elgandal remained under the Moghuls for about 39 years. Within this short period subedars appointed by the Moghals were ruling at Golconda. The last subedar of the Deccan and Golconda was Mubariz Khan, and it was during his reign that Moghul power came to decline. Nizam-Ul-Mulk Asifjah-I, once the Governor of Deccan under Aurangzeb, taking advantage of the political disturbances in the country, came to the Deccan and declared war against Mubariz Khan at Shaker Khera in 1724 AD., in which Mubariz Khan was killed. Thus on the breakup of the Moghul Empire Elgandal came into the possession of the Asifjahi dynasty. Nawab Amin Khan was jagirdar of Elgandal. After his death his son Nawab Mukrab Khan became the hereditary successor of the jagir. He died in 1759 AD. His own brother after his death, claimed to be the hereditary successor of the jagir, by deceiving the widow of the late Nawab. The widow appealed in the court of Asifjah, as a result of which Asifjah himself marched towards Balconda when he defeated the brother of the deceased and returned the jagir to Fakir Munawar Khan, the son of the widow. In order to consolidate the administration of Elgandal, Nawab Mubaz-Ul-Mulk Zafarudowla Bahadur Mirza Ibrahim Khan Dhosa was appointed as subedar by the Nizam Nawab Salabat Jung. He constructed the present fort of Elgandal in 1754. The author of " Waqiath Zilla Karimnagar" states that he made certain improvement in the district by constructing tanks and forts and died in 1795 AD. He was buried in Ibrahim Bagh situated at Nirmal town of Adilabad district.

After his death, his son, Mirza Ehthesham Jung ruled over the territory and later turned rebellious against Mir Nizam Ali Khan, Asif Jah II. As a result, Mir Nizam Ali Khan declared war against Elgandal and defeated him. On the request of his mother, Ehthesham Jung was pardoned and appointed as subedar of Ellachipur. It was, however, during the period of Nawab Sikanderjah that Khan Bhadur Khan was appointed as Qiladar. It is said that in the reign of the late Nizam, Syed Karimuddin, who was Qiladar, founded a village near the fort at a distance of about 5 Kms and named it Karimnagar after him.

Amalgamation of Elgandal Fort into Civil Area: Prior to the amalgamation of Elgandal Fort into civil area, Nawab Munawar Khan, a Jagirdar, resident of Moghulpura, a locality in Hyderabad city, was the Qiladar. As the aforesaid Nawab had no son and as it was not possible for his wife,after his death, to manage the Jagir, an application was submitted to Salarjung-I , the then Prime Minister of the Nizam, for the amalgamation of the Fort into civil area with compensation in the form of "Mansab". The application was finally accepted by the Nizam and in return of Elgandal Fort and its dependencies a monthly compensation in the form of 'Mansab' was issued to the family member of the Nawab for their life time. Thus Sarkar Elgandal, once capital of Chalukyas underwent several changes and finally became a district and was renamed as Karimnagar in 1905 in the dominion of the Nizam. At present it is one of the districts in Telangana Region of Andhra Pradesh State.

Administrative Set-up

(i) Region of the state where the District is located : This district is located in middle of Western-North side of the State and middle of Eastern-North side of Telangana Region.

(ii) Total Number of Revenue Divisions and Mandals : The then existing 14 Taluqs were reorganised into 56 mandals in 1985. Corresponding to them, Mandal Parishads were also formed which are co-terminus with Revenue Mandals, except Statutory Towns which do not fall in their jurisdiction. 56 Mandals organised into 5 Revenue Divisions as against 4 Divisions in 1991 Census. Sircilla Revenue Division has been formed during the decade 1991-2001 vide G.O.M.S. No.713 dated 29-8-1996 after taking 9 Mandals from Jagtial Revenue Division. The distribution of 56 Mandals into 5 Revenue Divisions are shown here under :

Name of the Revenue Division	Name of Mandal
1.Karimnagar	1. Karimnagar
	2. Manakondur

Name of the Revenue Division		Name of Mandal
1.Karimnagar (Concld.)	3.	Thimmapur (LMD Colony)
	4.	Bejjanki
	5.	Gangadhara
	6.	Ramadugu
	7.	Choppadandi
	8.	Husnabad
	9.	Chigurumamidi
	10.	Koheda
	11.	Huzurabad
	12.	Jammikunta
	13.	Veenavanka
	14.	Kamalapur
	15.	Elkathurthi
	16.	Shankarapatnam Kesavapatnam)
	17.	Saidapur
	18.	Bheemadevarpalle
2. Jagtial	1.	Jagtial
	2.	Raikal
	3.	Dharmapuri
	4.	Sarangapur
	5.	Mallial
	6.	Kodimial
	7.	Pegadapalle
	8.	Gollapalle
	9.	Metpalle
	10.	Koratla
	11.	Medipalle
	12.	Ibrahimpatnam
	13.	Mallapur
	14.	Kathalapur
3. Sircilla	1.	Sircilla
	2.	Ellanthakunta
	3.	Gambhiraopet
	4.	Mustabad
	5.	Yellareddipet
	6.	Vemulawada
	7.	Boinpalle
	8.	Konaraopet
	9.	Chandurthi
4. Peddapalle	1.	Peddapalle
	2.	Srirampur
	3.	Odela
	4.	Ramagundam
	5.	Sultanabad
	6.	Velgatoor
	7.	Dharmaram
	8.	Julapalle
5. Manthani	1.	Manthani
	2.	Kamanpur
	3.	Mutharam(Mahadevpur)
	4.	Malharrao (Headquarters at Tadicherla)
	5.	Mahadevpur
	6.	Kataram
	7.	Mutharam (Manthani)

(iii) Total Number of Villages and Towns :

At 1991 Census, there were 1103 villages. Of them 16 villages were included in towns. Of the remaining 1087 villages 1046 were inhabited and the remaining 41 were uninhabited. The total number of villages at 1991 census was 1087.

At 2001 census, 3 villages viz; 1.Komanpalle (Sarangapur mandal) 2.Motinagar and 3.Maggidi (Dharmapuri Mandal) which were hamlets at 1991 census have attained the status of Revenue villages at 2001 census and added to the total number of villages.

5 Census towns viz.1)Kothapalle Haveli 2) Manthani 3)Metpalle 4)Peddapalle and 5) Vemulawada of 1991 census have been declassified at 2001census. Kothapalle Haveli, Manthani, Metpalle,Peddapalle have became revenue villages. Simultaneously Kuchirajpalle which was part of Manthani town and Regunta which was part of Metpalle towns at 1991 census have also became revenue villages at 2001 census. Vemulawada town of 1991 census has been merged with Vemulawada (R) village at 2001 census. Thus the number of villages added on account of these changes is 6.

Similarly, 2 revenue villages of 1991 census viz 1.Palakurthy and 2 Jallaram have attained the status of census towns and 2 revenue villages viz 1.Bommakal and 2)Seetharampur have become out growths fully to Karimnagar Municipality and hence all these 4 villages are deleted from the list of villages at 2001 census.

Thus the number of villages at 2001 are 1092 of them 1047 are inhabited and 45 are uninhabited.

There were 10 towns in the district at 1991 census. 5 were statutory and remaining 5 were census towns.At 2001 Census, there are 7 towns of which 5 are statutory and the remaining 2 are census towns.

(iii) Physical Features of the District

Location and Size :

Karimnagar district is located approximately between the latitudes 18^0-0' and 19^0-0' of North and longitudes 78^0-30' and 18^0- 31' East. This district is surrounded by Adilabad district on North, Nizamabad district on North-West, Medak district on the West, Warangal district on the South and on the East by the Godavari River. The district is known with its Headquarters Karimnagar, which was named after Syed Karimuddin, who was a Qiladar during the reign of the late Nizam. It is connected by Road and Rail and about 169 kms.away from the State Headquarters, Hyderabad City. The district has 11,823 Sq.kms. with a population of 3,491,822 as per 2001 Census. The density of population is 295 per Sq.kms. Among 23 districts in the State, Karimnagar ranks12^{th} in terms of area and also 12^{th} rank in terms of population. This district has broad width than length. The length at Western part is more and it has come down drastically at East.

Physiography:

Physiographycally, this district is comprised of plateaus with absolute height of below 690 metres. River Godavari and Manner and their tributes have substantial plain characteristics. River Godavari forms the Northern boundary of the district, while river Manner drains the southern parts of the district. General slope tends towards east. The district is mainly composed of Achaean genesisses. Rocks of upper carboniferous, lower Creataceous occur in the eastern areas of the district. The impact of geological structure on soil distribution can be viewed as soils of ustalfs, sub-order association charecterises the western half and ustalfs-ustrats the eastern section of the district.

Drainage :

The rivers drain in Karimnagar district from West to East. The chief river is Godavari and next comes Manner River. The Godavari enters in the district in Ibrahimpatnam Mandal and covers the Mandals, Mallapur, Raikal, Sarangapur, Dharmapuri, Velgatoor, Ramagundam,Jallaram,Manthani,Mutharam (Mahadevpur) and Mahadevpur and enter into Chattisgarh State. This river form as a north boundary for all these Mandals and seperate this distrct with Adilabad district and Chattisgarh State. After entering into the district it flows towards north-east and take turn towards south-east at Dharmapuri Mandal. Again in Manthani Mandal it take turn towards north and in Mahadevpur Mandal it turns towards south-east. During its journey, the Godavari river take several streams(Vagu) into its fold.

The Manner River starting from Gambhiraopet Mandal flows towards north-west through Yellareddipet, Sircilla, Ellanthakunta, Karimnagar, Manakondur, Sultanabad, Veenavanka, Odela, Srirampur, Mutharam(Manthani) and Malharrao Mandals and joins the Godavari river at Kataram Mandal. This river drains mostly in south part of the district.. A dam was constructed over Manner river at Karimnagar itself. This district has several streams, which are tributaries to both the rivers.

Climate :

The climate of the district is generally dry except during south-west monsoon period, which starts in June and ends in September. The hot season starts from March and ends in the first week of June. The raise in temperature starts from March and it will be hottest in the month of May. Generally Ramagundam Mandal in the district experiences highest temperature in the State. Once this place has recorded maximum temperature of 48.2^0 C in peak summer. The month-wise maximum and minimum temperature(1999) recorded at Ramagundam is given in the following table:

Table(a)

Month-wise maximum and minimum temperature recorded at Karimnagar for the Year-1999

Temp.Range (in °c)	Jan	Feb	Mar	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec
Maximum	29.8	33.7	37.6	41.3	39.9	35.2	32.6	31.1	30.9	32.1	31.2	29.1
Minimum	12.9	18.9	21.0	25.8	28.5	26.2	25.3	24.5	24.3	22.9	17.2	13.4

Rain fall:

As already stated that hot weather period in the district is between March to May, followed by south-west monsoon period between June to September, north-east monsoon period between October to December and winter period between January and February. Most of rain fall is received during the south-west monsoon. The actual rain fall during this season was 712mm. in the year 1999-2000, when 789mm. rain was received for the whole year. During 1998-1999 the district annual rain fall was 1108mm., while normal annual rain fall is 953mm. The season wise rain fall for 1999-2000 is as follows:

Table(b)

The season-wise rain fall (in.mms.) for the year-1999-2000

South-West monsoon June - September	North-East monsoon October - December	Winter period Jan - Feb	Hot period March - May	Total for the Year	Normal rain fall
712mm	30mm	9mm	38mm	789mm	953 mm

Average Rainfall, Season-Wise and Month-wise for Five Years 1991-1996

Sl.No.	Year	South-West monsoon period					North - East monsoon period			
		June	July	August	September	Total	October	November	December	Total
1	2	3	4	5	6	7	8	9	10	11
	Normal	142.9	244.1	220.7	186.4	794.1	67.1	17.2	8.9	93.2

Source: *Chief Planning Officer, Karimnagar district*

The above table reveals that the district has received less rain fall during 1991-1992, while more rain fall was received during 1995-1996. Further it states that above the normal rain fall was during the years 1994-1995 and 1995-1996

Soils:

The soil of the district are three types viz; black clay loamy soil, red sandy loamy soil and alluvial soil. red sandy loamy commonly known as "CHALKA" considered as main type in the district. Generally alluvial type is found in the river valley.

Flora and Fauna :

The forests of the district fall under tropical dry deciduous and tropical throne forest types consisting of mixed teak, bamboo and miscellaneous type of forest. The total

forest area in the district comes to 2549.94 Sq.kms. forming 21.57% of the geographical area of the district. These forests are grouped into two divisions viz; Karimnagar East and Karimnagar West divisions. Azamnagar, Bhupalpalle, Chintakani and Mahadevpur ranges comes under the jurisdiction of Karimnagar East division, while West division consists of Jagtial, Raikal, Kodimial, Manthani and Sircilla ranges. The following tables show information on estimated area under teak and bamboo and forest revenues.

Table(c)

Estimated area under teak and bamboo in forest divisions

Division	Area (in Hectares) as on 31st March 1998-1999		
	Teak	Bamboo	Others
Karimnagar West	76,950	500	18,748
Karimnagar East	56,675	360	1,461

Table(d)

Product - wise Forest Revenue in the District 1998-99

Items	East division(Rupees)	West division(Rupees)
Timber	55,61,101	15,94,040
Fuel	---	---
Beedi Leaves	1,74,47,832	4,67,900
Bamboo	---	---
Other Minor (G.C)	5,54,561	8,000
Miscellaneous	8,31,986	36,96,284
Total	**2,43,95,480**	**57,66,224**

Wild life in this district are normally not affected by the human being, as the areas where they stay are inaccessible. Some of the wild animals found in Karimnagar district are Tigers, Panthers, Indian Bisons, Sambar and Cheetahs. The Four horned Antelope, Neelagai or Blue bull, Indian Antelope, Indian Sloth-Brass, Hyenas and Wild Dogs etc., form other big game found in the district.

Besides above, the green pigeons, peacocks, peafowls, water ducks, snipes, red jungle fowls, king fishers, bulbuls, doves, crows, mynas, rioles, parakeets, wood peckers and common pigeons etc.,are the avifauna seen in this district. In addition to these Mangoose, Rabbits, Porcupines, Bandicoots, foxes and jackals are also found in the district.

Cropping Pattern :

This district is one among the agriculturally developed Telangana districts.

Paddy is the major crop grown in the district. The other major crops are maize, jowar, green gram, sesamum, groundnut, sugarcane, chillies, etc.

Table(e)

Land utilisation - 1999 -2000

Type of Utilisation	Area in Hectares
1. Forest	250,410
2 .Barren and uncultivable	84,150
3. Land put to Non-agricultural use	80,129
4. Cultivable waste	19,234
5. Permanent pastures and other grazing lands	54,852
6. Land under miscellaneous tree crops and groves not included in net area sown.	7,131
7. Current follows	246,916
8. Other follow lands	51,007
9. Net area sown	394,670
10. Geographic area by village paper	1188,499

Source : Statistical Abstract of Andhra Pradesh - 2000

As already stated the paddy is main crop in the district followed by maize and jowar among cereals. Some crops are raised in both Kharif and Rabi seasons, while some in one season according to cropping season. The following table describes about area under principal crops and out turn yield for the year 1999-2000

Table(f)

Area under prinicipal crops-1999-2000

Sl.No.	Name of crop	Area (in hectares)	Out turn (in tonnes)	Yield per hectare (in kgs)
1	Paddy	232,535	724,121	3,114
2	Jowar	2,795	2011	720
3	Bajra	754	441	585
4	Wheat	161	108	670
5	Maize	103,381	417,944	4,043

Source : Statistical Abstract of Andhra Pradesh, 2000

Agricultural Machineries/implements used in Karimnagar district for the year 1993 are shown in the following table:

Table(h)

Agricutural implements

Sl. No.	Name of machinery/implement	Number	
1.	Ploughs	2,09,622	(Wooden)
		8,186	(Iron)
2.	Diesel Engines	17,320	
3.	Electric Pumps	1,31,955	
4.	Tractors	2,510	
5.	Sugarcane Crushers	85	(Power)
		91	(bullocks)

Irrigation :

Sriramsagar Project a major irrigation project, located in Nizamabad district, is also serving this district.There are three medium irrigation projects viz; Manner, Shanigaram and Boggulavagu in the district . Besides 5,353 Tanks and 2.20 lakh wells are also available in the district. Net area of 394,670 hectares was sown in the district as of 1999-2000. Of which 256,184 hectares were irrigated and 116,963 hectares were irrigated more than once . Area irrigated by source is given below:

Table(i)

Irrigation by source

Sl.No.	Irrigated by source	Area in hectares
1	Canals	64,477
2	Tanks	31,900
3	Tube Wells	5,142
4	Other Wells	1,51,923
5	Other Source	2,742
6	Area irrigated more than once	116,963
7	Gross area Irrigated	3,73,147

Different crops which are irrigated during the year 1999-2000 shows that paddy was raised in 231,715 hectares,followed by maize in 57,296 hectares.The following table gives the detailed information on area of crops irrigated during 1999-2000.

Table(j)

Crops under irrigation

Sl.No	Name of crop	Area in hectares
1	Rice (Paddy)	2,31,715
2	Wheat	161
3	Jowar	751
4	Bajra	754
5	Maize	57,296
6	Bengal gram	4
7	Green gram	37
8	Black gram	97
9	Horse gram	52
10	Other pulses	27
11	Chillies	10,896

Transport :

The Grand Trunk Railway line from Chennai to New Delhi passes through the eastern part of the district at a length of 88 kms. broad guage with 11 Railway Stations. Several Passenger trains and number of fast moving prestigious trains passes through this line. Laying of new railway line connecting Peddapalle with Nizamabad has been commenced and completed upto Karimnagar Town. Passenger and goods trains are passing on this railway line.

As regards road transport, National Highway

No.16 passes through this district, covering 80 kms. length. Besides, this district has about 2,608 kms. road under the supervision of the P.W.D (R & B) and 5,530 kms. road under Panchayat Raj Department. The number of different motor vehicles that are plying in the district as on 31-3-2000 are shown below:

Table(p)

Different Types of Vehicles1999-2000

Sl. No.	Name and Category of Vehicle	On Roll	On road

Minerals :

The important minerals that occur in this district are coal, iron ore, limestone, soapstone and molybedemite.

Major Minerals :

In Karimnagar district coal is occurring in South Godavari area covering Ramagundam, Godavarikhani, Jangaon, Narsimhulapalle, Sundilla, Jallaram, Mustial and Lingapoor villages. The Singareni Colleries Co. Ltd. of the State Government undertaking obtain coal Mining Lease over an extent of 26.4 Sq.kms. and extracting the coal through the under ground mining and open casting methods. The annual production of coal is about 1,09,64,419 metric tonnes during the year 1998-1999. The coal from this area is useful for many industries in South and North India for thermal power generation .

Minor Minerals :

The Karimnagar district rocks are plutonioigeneous rocks belonging to Arecheans group and mainly Deccan taps and at some places dolarite dokes and exposed as intrusions. The extensive granite deposits of various colours are available in the form of the small to huge hillock ridges and mounds. These hillocks consists mainly boulders resting on sheet rock. The rocks are medium to coarse grained display phorpaitic texture and the most of rocks are pink, grey and brown in colour. This type of granites are available entire central portion of Karimnagar district. This type of colour granites are called in various commercial trades names such as tan brown, mapple red, safari brown, royal red and regina pink. These granites are exported and local market demand is also there for decoration purpose.

The grey granites are used extensively for stone and metal industries called as blue metal in local terms and used for construction activities for laying roads and lining works of canals. There are about 42 stone crushers in this district which are utilising the above granite rock.

In conclusion as per the availability of minerals in this district, there is a vast scope for stone and metal industry where the industries are catering the metal for neighbouring districts for constructional and formation of roads. At present tan brown variety of colour granite is exported and demand in local market to the tune of ten thousand cubic metres per annum as raw blocks. If industry of export oriented units are established we can earn lot of foreign exchange on the polished material.

Electricity :

As per the data available in the Village Directory all the villages in the district are electrified. The electricity is being supplied by the AP TRANSCO and Co-operative Electric Supply Societies(CESS) in the district. This district has power station in Ramagundam with a capacity

of 62.5 M.W. as on 31-3-2000. The generation from this unit was 428.70 million K.W.H. Out of 2.20 lakh agriculture wells 1.95 lakh wells have been energised so far in the district. The usage of power under different sectors is indicated below for the year 1998-1999 :

Table(q)

Usage of power under different sectors

		Number of services		Power sold(in K.W.H.)	
Sl.No.	Category	APTRANSCO	CESS	APTRANSCO	CESS
1	2	3	4	5	6

Fisheries :

This district endowed with good water potential having 590 departmental tanks and 2 Major Reservoirs with 45006 hectares water spread area. The fishermen living in the district are mainly or partly depending on fishing. Fish production during the year 1999-2000 was 15,104 tonnes, and 13,850 tonnes during the year 1998-1999. At present one District Fishermen Co-operative Society , 461 Primary Fishermen Co-operative Societies and 3 Fisherwomen Co-operative Societies are existing in the district. Every year the above tanks are being leased out to the Fishermen Co-operative Societies on nominal rental as they belong to weaker section. The above societies stocking quick growing and quality fish seed in their tanks and practice extensive fish culture. The Fisheries Department is taking up the following activities regularly for the welfare of fishermen in the district.

1. Seed production and distribution
2. Lease of tanks
3. Licensing scheme in reservoirs
4. Organization of Fishermen and Fisherwomen Co-operative Societies
5. Group Accident Insurance Scheme
6. Implementation of plan schemes
7. Other activities

Table(r)

Fish Seed Production and Distribution

Sl. No.	Name of the Fish Seed Farm	Extent of Farm	Nature of Farm
1	2	3	4
1	Lower Manner Dam	16.00 Acres	Production-cum rearing Farm
2	Kesavapatnam	60.00 Acres	Production-cum rearing Farm
3	Upper Manner Dam	9.00 Acres	Rearing Farm
4	Lower Manner Dam (FFDA)	8.19 Acres	Rearing Farm
5	Shanigaram	3.00 Acres	Rearing Farm
6	Dharmapuri	2.13 Acres	Rearing Farm

Welfare Schemes :

Housing Scheme:- 900 houses have been sanctioned with unit cost of Rs.17,500/- during the financial year 1998-1999 under special Housing programme to fishermen in the district. So far 630 houses are completed and remaining are under progress.

Industries :

Provisional Small Scale Industries registration certificates are being issued by the District Industries Centres/Industrial Promotion Officers to enable the entrepreneurs to obtain power connection, required licenses from various departments and loans from Financial Institutions. Besides, the traditional Small Scale Industries and servicing units, the other new units on Plastic Chemicals, Food Processing, Mechanical and Electronic Industries are also coming up in the district.

Permanent Small Scale Industrial Registration

Permanent Small Scale Industries Registration certificates are being issued in the District Industries Centre to the units which have gone into commercial production. This will help the unit holders to avail loan incentives.

Existing Large and Medium Scale Industries in Karimnagar District :

In Karimnagar district Six Large and Medium Scale Industries are working. The details are as follows.

Table(s)

Large and medium scale industries

Sl.No.	Name and address of the unit	Line activity	Capital (Rs.in crores)	Capacity	Employees
1	Kesoram Cements Ltd, Basanthnagar	Cement	143.68	9.00 Lakh TPA	1,058
2	NTPC,Ramagundam	Power	2,121.97	2,100 MW	1,878
3	Premier Explosives, Godavarikhani	Explosives	2.77	10,000 TPA	150
4	Ushodaya Enterprises Algunur (v)	Daily Paper	1.90	1,15,000 per day	104
5	Nizam Sugars, Muthyampet (v)	Sugar	21.94	2,500 MT/ day	448
6	Singareni Colleries, Godavarikhani	Coal	1,148.00	134 Lakh TPA	33,006

There are 7,538 Small Scale Industries working in the district (As on 31-3-1999). The break up of SSI units are given here under:

Table(t)

Small Scale Industries

Sl.No.	Category	No. of units	Investment in lakhs of Rs.	Employment
1	Agro Based	2,196	10,985	25,579
2	Chemical Based	111	194	973
3	Forest Based	611	517	10,015
4	Mineral Based	183	84	1,129
5	Handlooms & Textiles	1,065	1,109	6,729
6	Engineering Based	1,417	733	7,362
7	Animal Husbandry	97	121	1,258
8	Miscellaneous	1,858	1,706	192,000

General :

Main occupation in the district is agriculture. The district is rich in mineral resources such as granite, coal and lime stone . A large number of rice mills were established due to tremendous increase in production of paddy. There is scope for the following Agro and other Industries to set up in the district:

1. Solvent extraction
2. Maize production
3. Cotton ginning & pressing
4. Textile bleaching
5. Cement hallow bricks
6. Fruit pulp and concentrate
7. Granite polishing
8. Binding wire/wire drawing
9. PVC / HDPE pipes
10. Cold storage
11. Bleaching powder
12. Ice creams

(iv) Major Social and Cultural events, natural and administrative developments and significant activities during the decade.

During the decade 1991-2001 no significant social and cultural events have occurred in the district except Godavari Pushkaralu which occur once in 12 years. Godavari pushkaralu were celeberated all along river side of Godavari in the district in the year 1991 with elaborate arrangements and lakhs of devotees taken holy dip in the holy river specially at Dharmapuri Manthani, Kaleswaram etc., places in the district. In respect of administrative developments one new revenue divison i.e. Sircilla has been carved out. Five Census Towns viz., Kothapalle Haveli, Manthani, Metpalle, Peddapalle and Vemulawada areas have been declassified and Palakurthy and Jallaram have been newly created as Census Towns. Further three hamlet Villages Komanpalle (PLCNo. 00271400), Mothinagar (PLCNo. 00271500) and Maggidi (PLCNo. 00273500) have attained the status of revenue villages in the district during the decade.

As regards significant activities, the prevention of Child Labour, Social Security Schemes, Janmabhoomi, Cheyutha and Spandana programmes are worth mentionable in the district during the decade.

In the year 1996 under the Chairmanship of the District Collector the 'Bala Karmika Vikasa Samithi' has been constituted. The main aims and objectives of the samithi are conducting surveys on Vulnerable child labourers in hazardous occupations, creating awareness among the public about the steps taken by the Government to eliminate child labour, implementing programmes like creating public awareness, running special schools, imparting non-formal education and generating income and employment opportunities etc.

The social security schemes such as payment of pensions to the aged, widows, landless agricultural workers and physically handicapped persons are implemented in the district.

During the decade, as in the other districts, a novel scheme called "Janmabhoomi" has been launched on the new year's day in 1997 by the Government of Andhra Pradesh. This adds new dimension particularly in rural development in the sense that people are involved in decision making and development process. The main activities taken up under this programme are aimed at achieving the basic needs of the people belonging to both rural and urban through "Sramadhanam" with the people's partcipation.

As in the other districts, in this district also, with the inspiration of Janmabhoomi programme, 'Spandana' another novel scheme totally envisaged by the district administration for the overall development of villages has been taken up with the aims of

1.Education for all

2.Family planning programmes

3.Usage of Bio-gas plants / Smokeless chullas to prevent air pollution

4.Clean village concept

Yet another novel programme envisaged by the district administration for benefitting the physically handicapped in the district is called 'Cheyutha'. All the Government officials connected with the physically handicapped reference will sit under one roof and do the needful then and there. The benefits such as issue of physically handicapped certificate by the Medical Board, RTC passes, Railway passes, registration in Employment Exchanges, etc., were extended besides giving aids and appliances to the identified handicapped persons.

Further, a new railway line laid between Peddapalle and Karimnagar to facilitate the passengers of Karimnagar town for easy travel to Warangal, New Delhi etc., places.

(v). Brief description of places of religious, historical or archaeological importance in Villages and places of tourist interest in the towns of the district.

Places of Religious, Historical or Archaeological Importance :

Places of religious institutions (Temples), mutts and historical or archaeological importance in the district are presented in the following statement.

Places of Religious, Historoical or Archaeological Importance

Sl.No.	Name of Mandal	Name of Village/ Town	Name of the Monument /Temples /Mutts
1	2	3	4
1	Mahadevpur	1.Mahadevpur	Pratapagiri fort (built by Raja Prataparudra of Warangal in13th Century)
		2.Kaleswaram	Sri Kaleswara Muktheswara Swamy Temple
2	Manthani	Manthani	1. Sileswara Siddeswara gudi 2. Sivuni gudi 3. Mahalakshmi gudi 4. Om Kareswara gudi 5. Ballerajanjaneya swamy gudi 6. Lakshminarayanaswamy gudi 7. Gauthameswara temple(Old temples of 13th & 16th Centuries. This place is considered to be a holy spot as sage Goutham performed his meditation here on the bank of Godavari River) 8. Dattathreya Swamy Temple 9. Vinayaka Swamy Temple
3	Odela	Odela	Seeta Ramaswamy & Mallikarjuna Swamy Temple.

17	Sircilla	Sircilla	1.Ananthagiri Fort (Hindu Fort 12th & 14th century) 2.Venkateshwara Swamy temple.

Source: Chief Planning Officer, Karimnagar district.

List of tourist places in Karimnagar district

1. Sri Raja Rajeshwara Swamy Temple - Vemulawada Mandal
2. Laxminarasimha Swamy Temple - Nampalle(v), Vemulawada Mandal.
3. Anjaneya Swamy Devasthanam - Kondagattu(v), Mallial Mandal
4. Laxminarasimha Swamy Temple- Dharmapuri (village & Mandal)
5. Kaleshwara Muktheswara Swamy Temple-Kaleshwaram(v),Mahadevpur Mandal.

Places of Tourist Interest :

Bejjanki (Bejjanki Mandal): This village is situated at a Traces of old fortifications, ruined walls and dilapidated bastions found here, support the inference that a fort enclosing a big city must have existed. The shrines of Lakshminarasimhaswamy, Venugopalaswamy and Anjaneya are the important places of worship at the place. The important places of worship at the place. The annual celebrations of Lakshminarasimhaswamy, Andal Kalyanam and the car festival held for 12 days from Chaitra Suddha Saptami (March-April) attract about 25,000 devotees from places outside the district also.

Dharmapuri (Dharmapuri Mandal): Dharmapuri is situated at a distance of about 48 Kms. from Jagtial town and 51 Kms. from Peddapalle railway station on the Kazipet-Balharshah Section of the South Central Railway. Dharmapuri attained religious importance owing to the existence of the shrine dedicated to Narasimhaswamy, an incarnation of Lord Vishnu. Siva with Dakshinamurthy, Vinayaka and Saptha Mathrukas carved on a single slab of stone and Mahishasuramarhani, the sixty pillared temple, Mahalakshmi temple and Akkapalle Rajanna temple are the other temples of importance that heighten the sanctity of the place to the Hindus. It is one of the places of tourist interest in the State and the Kalyanotsavam of Lakshminarasimhaswamy celebrated during February-March attracts nearly a lakh of pilgrims.

Elgandal (Karimnagar Mandal): It is situated on the banks of the Manner river amidst palm groves at a distance of 10 Kms. from Karimnagar-Kamareddy road. This place is historically important because 5 important dynasties ruled over this place. The antiquities of the place worth mentioning are 1. a fort on a hill, 2. Brindaban tank on the outside of the eastern gateway of the fort by Zafar-ud-Doula in 1754 A.D. with minarets that oscillate when shaken and tombs of the Muslim saints like Syed Shah Munawar Quadri Sahed, Ali Moinuddin Saheb, Syed Master Shah Saheb, Doola Shah Saheb, Syed Maroof Saheb, Syed Talib Bismilla Saheb and Vali Hyder Saheb. On the 11th and 12th days of Moharram, an annual Urs of these saints is celebrated by the Muslims and Hindus alike with great reverence and people from far off places participate in it. Besides, there are temples of Neelakanthaswamy and Narasimhaswamy.

Jagtial Town (Jagtial Mandal): Jagtial town is situated at a distance of 49 Kms. north west of Karimnagar. It is the headquarters of a revenue ivision and mandal of the same name. This town is a centre for handloom industry which survived in spite of competition from mill-made cloth. A fort constructed near this town in 1747 A.D. by the French engineers on the model of Nirmal fortification for Zafar-Ud-Doula, still exists, though in a ruined condition.

Kaleswaram (Mahadevpur Mandal): This village lies in thick forest surrounding at a distance of 16Kms. form Mahadevpuram and 32 Kms. from Manthani at a picturesque spot where the river Godavari receives into its stream another small river called the pranahita. The place is considered to be sacred not only on account of the being a confluence but also due to the existence of many ancient temples. Amond these temples, the one dedicated to Muktheswaraswamy is the most important. Special significance is attached to this shrine owing to the existence of two Sivalingams on one Panivattam. The Sivalingam in this place is considered to be one of the three jyothirlingams of Lord Siva which constituted the three corners of Andhra Desha, the other two being at Srisailam in Kurnool and in Draksharama in East Godavari districts. There is also a temple dedicated to Brahma here, a rather uncommon feature. Mahasivaratri festival celebrated here for two days during 'Magha' attracts a very large number of devotees.

Kothakonda (Bheemadevarpalle Mandal): This village is situated at a distance of 35 Kms. from Huzurabad. As it is surrounded on all sides by hills, the only means of conveyance to the village is by bullock-cart. On a hillock at the place, there are runs of big fort with huge gateways bearing beautiful architecture resembling that of the kakatiyas. Yhere are five ponds on the top of the spacious hill. Of these, two are reported to contain water even under severe drought conditions. The temple of Veerabhadraswamy at the foot of the hill is the place of honour of the deity for 10 days from Pushya Bahula panchami attracts abour 50,000 pilgrims.

Mahadevpuram (Mahadevpur Mandal): An old fort popularly known as Pratapagiri, built by Pratapa Rudra of Warangal is an item of historical interest in this village.

Manthani Town (Manthani Mandal): Manthani is sitiated pon the banks of the river Godavari. It is at a distance of about 68 Kms. from Karimnagar. This was an ancient centre of Vedic learning and even today there are many scholars well versed in the Vedas and Sastras. The largest of the many temples existing here is that of Saileswara. The inscriptions on a pillar in this temple refers to the Kakatiya King, Ganapatideva. The other temples of importance at the place are those dedicated to Lakshminarayana, Omkareshwara and Mahalakshmi.

Molangoor (Kesavapuram Mandal): This village lies at a distance of 13 Kms. from Huzurabad. A hill fort constructed by Orangiri Moggaraju exists at this place. The fort was constructed in such a way that it occupies the summit of a great isolated granite hill. On the way to the top of the hill an inscription inscribed on a boulder in Pali mentions that there are two ways to the hill, Malang Shah Vali Dargah is held in great esteem by the Hindus and Muslims alike.

Neerkulla (Sultanabad Mandal): Neerkulla is situated at a distance of 3 Kms. to the north of Sultanabad. The name of this village is said to be the corrup from of Nurugullu (Nuru=Hundred, gullu=temples) because of the existence of 100 temples in the past. The temple of Ranganayakaswamy on a big rock in the middle of the Manner river, attains a breadth of about one and a half Kms. here and presents a charming sight with tall palmyra trees along the banks. The Kalyanotsavam celebrated during March-April attracts a huge gathering.

Raikal (Raikal Mandal): The ancient temple of Keshavanathaswamy which was constructed by the Kakatiyas in the 11th century A.D. is an important place of worship in the village. It contains beautiful sculpture resembling that of the Thousand Pillared temple at Hanumakonda (Warangal). An interest aspect of this village is that there is a Panchamukhalingam (idol of Siva with five faces) which is claimed to be one of the only two existing in India, the other being at Kasi. Besides the shrine of Panchamukhalingeswara Swamy, there is a temples of Bhimanna in whose honour an annual Jatara is celebrated for three days during January-February and is attended by about 5,000 devotees.

Ramagundam NAC (Ramagundam Mandal): Ramagundam is situated at a distance of about 75 Kms. north-east of Karimnagar on the bank of the Godavari and is the highly populated village in the mandal. The power-house at the place is the biggest thermal power producing station in the state and supplies power to Hyderabad, Karimnagar, Warangal and also to the Mancherial Cement factory.

Vemulawada Town (Vemulawada Mandal): Vemulawada is situated at about 11 Kms. to the north-east of Sirsilla and 36 Kms. from Karimnagar on the Karimnagar-Kamareddy bus route. Buses ply regularly from Karimnagar, Kamareddy and Hyderabad. This place owes its importance to the sacred and famous temple of Sri Rajarajeswara, an incarnation of Lord Siva. There is a Koneru known as Dharmagundam, the waters of which have some curative properties. Thousands of polgrims form all parts of the state congregate here especially during Mahasivaratri and Kalyanotsavam of the deity. The income of the temple is said to exceed three to four lakhs of rupees every year. A great part of it is derived during the course of these festivals. The other Padmanabha Swamy, Bhimeswara Swamy, Kodanda Ramaswamy, Kasi Visweswara and Rajarajeshwari. Apart from these, there is a tomb of a muslim saint.

Source: District Census Handbook 1991

(vi) Major characteristics of the district, contribution of the district in the form of any historical figures associated with the district

Karimnagar district has derived its name from its headquarters town Karimnagar, which was named after Syed Karimuddin a Qilader who constructed this town.

Though the district has not produced major historical figures, it has few worth mentionable men-of-letters. They are late Sri P.V.Narasimha Rao, Dr.C.Narayan Reddy etc. Sri P.V.Narasimha Rao, who was involved himself in the freedom struggle against Razakars participated in several freedom movements launched by National leaders. Sri.P.V.Narasimha Rao had worked as Minister of education for many years in Andhra Pradesh Govt. and later as the Chief Minister of Andhra Pradesh durning 1971-72.

He had also worked at the centre in various capacities such as Union Minister for Human Resources Development, Minister for Home, Minister for Defence, President of Congress party and later the Prime Minister of India during the period 1991 to 1996. He is a great academician and well versed in many languages. He also translated the famous telugu novel “Veyi padagalu” into Hindi as “Sahasra phani” and this brought him closer to Hindi belt. Another personality Dr.C.Narayan Reddy of this district is a reputed writer of modern period. He has worked as Chairman of Andhra Pradesh Official Languages Commission. He has also worked as Vice-Chancellor of Kakatiya University. He has composed several poems and songs for Cinemas, etc.He is a well noted personality among the public as”CINARE” ie.short form of his name. He has also won the Gnanapeeth award.

This district is famous for coal mines and generation of Thermal power at Ramagundam. The district is endowed much by natural scenary all along the river Godavari, Pranahitha etc. Some of the religious places such as Kaleswaram which is surrounded by Siva Lingas at Vemulawada, etc., located in the district attracts several devotees every day throughout the year.

Telugu is the local language and spoken by majority. Urdu language is also spoken by a sizeable Muslims living in many parts of the district. Hindi and Marathi are spoken especially at places which are adjacent to Maharashtra and Chhtisgarh States.

(vii) Census Concepts

Population census is a great national task, which we are called upon to undertake for every ten years. In India, the 1872 marked as the beginning of modern census taking, when it was conducted at different points of time in different parts of the country. From 1881 onwards a complete and synchronous census was held. The present Census is a land mark administrative event, as this has generated a historic bench mark data to shed light on the state of Nation's Society and other demographic, economic and socio-cultural data which simultaneously makes transition from one century and millennium to the next. The 2001 Census was the 14th decennial Census of India and the 6th after independence.

The Census of India was conducted in two phases namely, I) Houselisting Operations II) Population Enumeration. The first phase was conducted during April-June,2000 in different States/Union territories depending upon their local conditions. In Andhra Pradesh it was conducted from 11th May to 5th June 2000. The Houselisting Operations provide a base for the Population Enumeration, besides providing comprehensive database for assessing condition of human settlements, the housing deficit and future housing requirement for formulation of housing policies. This also provides a massive data on amenities available to the households which was much needed by various departments of the Central and State Governments and other Non-Governmental agencies, for planning and development in different sectors of the economy. Hence Houselisting Operation is a pre-requisite for population enumeration.

Unlike 1991 census, there are significant changes in Houselisting schedule for 2001 Census. The questions on condition of the census house, number of married couples living in the household and having independent room for sleeping, bathroom and kitchen within the house and using the means of entertainment and communication facility of radio, transistor, television, telephone and possessing of means of transport like bicycle, scooter/motor cycle, car/jeep/ van and availing of banking services by the household are added to the present houselist schedule.

The main population enumeration was conducted from 9th February to 28th February, 2001, followed by revisional round from 1st March, 2001 to 5th March, 2001, to update the data with reference to 00.00 hours of 1st March, 2001. The houseless population was enumerated at midnight of 28th February 2001.

The household schedule and individual slip of 1991 census were replaced by household schedule of A3 size containing three parts to collect the information from each household at 2001 Census. In the present Census, the household schedule is designed in such a way to suit the requirement of capturing the data through scanners. At the 2001 Census, for the first time **Image-based data capturing technology through scanners and computer network has been introduced** with a view to provide error free data by avoiding keying in of data.

The household schedule broadly covered the individual particulars under four major headings 1) General and Socio cultural characteristics (Q.1 to 15), 2) Characteristics of workers and non-workers 3) Migration characteristics (Q.21 to 22)and 4) Fertility particulars (Q.23). Part-I deals with location code particulars, Part-II relates to Individual particulars with 23 questions, consisting of 1 to 39 columns, Part-III covers on cultivation/plantation particulars like land possessed, type of tenancy enjoyed by the household/ household member. Some additional questions 1) on disability, 2) Particulars relating to travel to the place of work a) distance from residence to place of work, b) mode of travel to the place of work, 3) household engaged in cultivation/plantations are added in the present household schedule.

Marital status, mother tongue, religion and literacy status (for age 7 and above), migration, fertility particulars and the identification of SC/ST are repeated but the age at marriage is also ascertained for males at 2001 Census. For the people, who are attending educational institutions, a separate code has

been provided to record the Vocational institute, other institute and literacy centre in addition to school/ college.

Criteria for enumeration of persons in a particular household :

a) All those who normally reside and are present in that household during the entire period of enumeration from 9th February to 28th February, 2001, b) also those who are known to be normally residing and had actually stayed during a part of the enumeration period (Feb.9th to 28th Feb.2001) in the household but are not present at the time of enumerator's visit, c) also those who were known to be normally residing and are not present at the time of enumerators visit but are expected to return before 28th Feburary, 2001 and d) Visitors who are present in the household censused and are away from the place of their usual residence during the entire enumeration period. For the purpose of enumeration, such visitor will be treated as normal resident of the household in which they are actually found during the enumeration period provided that they have not been enumerated elsewhere. One of the essential features of population enumeration in the second phase is each person enumerated and her/his individual particulars are collected at a well defined point of time.

Location Code Number :

The procedure of assigning location code number in a zigzag manner starting from North-West corner and ending at South-East corner, is adopted for 2001 Census. The Andhra Pradesh state was assigned Location Code No.28 as against 02 in 1991 census. In a similar fashion, the location code numbers of the districts in Andhra Pradesh state have been changed and revised location code numbers were allotted in order of geographical contiguity, beginning from North-West point of the state and ending at the South-East point. Thus the Adilabad district has been assigned Location Code No. as 01 and Chittoor district Location Code No. 23 at 2001 Census. Accordingly, the location code numbers of mandals in each district have been changed for 2001 census.

An important change at 2001 census is allotment of permanent location code numbers to all the villages in the state. Since the whole data ie., Village and Town Directory information is also being computerized, the allotment of Permanent Location Code Numbers would facilitate the data users for easy access and retrieval the data of a particular village at micro level by the click of a mouse. The Permanent Location Code Number (P.L.C. No.) is an eight digit number starting with 00000100 in a zig-zag fashion from North-West corner in the first Mandal of Adilabad district and run continuously for all the districts while ending South-East corner to the extent possible at last village in the last Mandal of Chittoor district. Since this State has 28,123 villages at 2001 census, last village of last mandal in Chittoor district will have PLC No.02812300. A significant provision has been made to allot PLC Nos. to newly created villages if any in future. The last two digits of PLC No's are kept as '00' only to provide for additional villages. For example a new village has been created after PLC.No.01231400 it will be assigned PLC No. as 01231401. Further, it is indicated that there is a provision for a minimum of 99 villages adjoining to a particular village allotting Permanent Location Code.

For urban areas also location code structure has been changed in a minimum way. Earlier, for towns in a district location code numbers were given roman letters in alphabetical order. This time, while assigning roman numbers instead of going to alphabetic order, location code numbers were given from North-West part of the district ending at South-East of the district to the extent possible.

Therefore, the PLC numbers of the villages and location codes of urban areas have under gone change in Census of India, 2001 as compared to 1991. In case an urban area is spread over in two districts, the location code of urban areas in both the districts will be the same irrespective of zigzag manner.

Building :

A `Building' is generally a single structure on the ground. Sometimes it is made up of more than component unit which are used or likely to be used as dwellings(residences) or establishments such as shops, business houses, offices, factories, workshops, worksheds, Schools, places of entertainment, places of worship, godowns, stores etc. It is also possible that building which have component units may be used for a combination of purposes such as shop-cum-residence,workshop-cum-residence, office-cum-residence, etc..

Usually a structure will have four walls and a roof. But in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where

entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate buildings.

Permanent houses :

Houses, the walls and roof of which are made of permanent materials. The material of walls can be any one from the following, namely, galvanized iron sheets or other metal sheets, asbestos sheets, burnt bricks, stones or concrete. Roof may be made of from any one of the following materials, namely, tiles, slate, galvanized iron sheets, metal sheets, asbestos sheets, bricks, stones or concrete.

Semi-permanent houses :

Houses in which either the wall or the roof is made of permanent material and the other is made of temporary material.

Temporary houses :

Houses in which both walls and roof are made of materials, which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, plastic, polythene, mud, unburnt bricks or wood. Roof may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, wood, mud, plastic or polythene.

Dwelling Room :

A room is treated as a dwelling room if it has walls with a doorway and a roof and should be wide and long enough for a person to sleep in, i.e. it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of 2 meters. A dwelling room would include living room, bedroom, dining room, drawing room, study room, servant's room and other habitable rooms. Kitchen, bathroom, latrine, store room, passageway and verandah which are not normally usable for living are not considered as dwelling rooms. A room, used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census houses is used as a shop or office., etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/ he also lives in it as a separate household then this has been considered as a dwelling room available to the servant's household. Tent or conical shaped hut if used for living by any household is also considered as dwelling room.

A dwelling room, which is shared by more than one household, has not been counted for any of them. If two households have a dwelling room each but in addition also share a common dwelling room, then the common room has not been counted for either of the households.

Census house :

A `census house' is a building or part of a building used or recognised as a separate unit because of having a separate main entrance from the road or common courtyard or staircase, etc. It may be occupied or vacant. It may be used for residential or non- residential purpose or both.

In certain peculiar situations, the manner in which buildings and census houses were identified for numbering in the field by the enumerators is described hereunder **:**

Sometimes a series of different buildings are found along a street which are joined with one another by common walls on either side looking like a continuous structure.

These different units are practically independent of one another and are likely to have been built at different times and owned by different persons. In such cases, though the whole structure with all the adjoining units apparently appears to be one building, each portion was treated as a separate building and its constituent units as separate census houses.

On the other hand, one may come across cases, particularly in large cities of multi-storeyed ownership flats. In these cases while the structure looks like one building, different persons own the flats. In case of such multi-storeyed structures, having a number of flats owned by different persons, the entire structure was treated as one building and each flat as a separate census house.

If within a large enclosed area, there are separate buildings owned by different persons then each such building is treated as a separate building. There can be a situation where within an enclosed compound there are separate buildings owned by an undertaking or company or even government that are actually in occupation of different persons. For example, Indian Oil Corporation colony where the buildings are owned by the Corporation but these are in occupation of their employees. Each such building was treated as a separate building. But if in any one of these buildings there were flats in occupation of different households, each such flat was reckoned as a separate census house.

Sometimes it becomes difficult to apply the definition of census house strictly in certain cases. For example, in an urban area, if a flat has five rooms, each room having direct entrance from the common staircase or courtyard. By definition, this has to be treated as five census houses. If all these five rooms are occupied by a single household it was not realistic to treat them as five census houses. In such a case,`singleness' of use of these rooms along with the main house should be considered and the entire flat was treated as one census house. On the other hand, if two independent households occupy these five rooms, the first household living in 3 rooms and the second household occupying 2 rooms, then considering the use, the first three rooms together were treated as one census house and the remaining rooms as another census house. But if each room was occupied by an independent household, then each such room was treated as a separate census house.

In case of hostels, hotels, etc., even if the door of each room in which an inmate lives opens to a common verandah, staircase, courtyard or a common room, as it happens almost invariably, the entire hostel/ Hotel building was treated as one census house. but if such hostels/ hotels have out- houses or other structures used for different purposes or the same purpose, then each such structure attached to the main hostel/hotel was treated as a separate census house.

In some parts of the country, in rural areas, the pattern of habitation is such that a group of huts, located in a compound, whether enclosed or unenclosed, is occupied by one household. While the main residence may be located in one hut, other huts may be used for sleeping, as a kitchen, bath room, baithak, etc. Though each of the huts was a separate structure, they form a single housing unit and therefore, have to be treated collectively as one building and one census house. If some of the huts are used by one household and the others by a second household as residence, then the two groups of huts were treated as separate census houses. However, if there were also other huts in the compound used for other purposes and not as part of the household's residence such as, cattle shed, workshed, etc., these were treated as separate census houses.

On the other hand, in urban areas, where more than one structure within an enclosed or open compound (premises) belonging to the same person, e.g., the main house, the servant's quarter, the garage, etc., only one building number was given for this group and each of the constituent a separate census house number.

Only cases where a structure with roof and pillars has come up was treated as a building.

Village :

The basic unit for rural areas is the revenue village which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data. In un-surveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

Rural - Urban area :

The data in tables on Houses, Household Amenities and Assets are presented separately for rural and urban areas. The unit of classification in this regard is `town' for urban areas and `village' for rural areas. In the Census of India 2001, the definition of urban area adopted is as follows:

(a) All places with a municipality, corporation, cantonment board or notified town area committee, etc.

(b) A place satisfying the following three criteria simultaneously:

i) A minimum population of 5,000;

ii) At least 75 per cent of the male working population engaged in non agricultural pursuits ; and

iii) A density of population of at least 400 per sq. km. (1,000 per square mile).

For identification of places which would qualify to be classified as 'urban' all villages, which, as per the 1991 Census had a population of 4,000 and above, a population density of 400 persons per sq. km. and having at least 75 per cent of male working population engaged in non-agricultural activity were considered. To work out the proportion of male working population referred to above against b) (ii), the data relating to main workers were taken into account.

Apart from these, the outgrowths(OGs) of cities and towns have also been treated as urban under

'Urban Agglomerations'. Examples of out-growths are railway colonies, university campuses, port areas, military camps, etc., that may have come up near a statutory town or city but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the demographic criteria laid down at (b) above to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the towns as a continuous urban spread. Thus, the town level data, wherever presented, also includes the data for outgrowths of such towns.

City :

Towns with population of 1,00,000 and above are called cities.

Urban Agglomeration :

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban Out Growths (OGs) or two or more physically contiguous towns together and any adjoining urban outgrowths of such towns. In some cases railway colonies, university campuses, port areas, etc., may come up near a city or statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the town as a continuous urban spread.For the purpose of delineation of Urban Agglomerations during Census of India 2001, following criteria are taken as pre-requisites:

(a) The core town or at least one of the constituent towns of an urban agglomeration should necessarily be a statutory town ; and

(b) The total population of all the constituents (i.e., towns and outgrowths) of an Urban Agglomeration should not be less than 20,000 (as per the 1991 Census).

With these two basic criteria having been met, the following are the possible different situations in which Urban Agglomerations would be constituted:

i) a city or town with one or more contiguous outgrowths;

ii) two or more adjoining towns with their outgrowths; and

iii) a city and one or more adjoining towns with their outgrowths all of which form a continuous spread.

Household :

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen. There may be one member households, two member households or multi-member households.

Institutional household :

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, jails, ashrams, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2001, it was specifically mentioned that this category or households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

Houseless household :

Households who do not live in buildings or census houses but live in the open on roadside, pavements, in hume pipes, under fly-overs and staircases, or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Households.

Scheduled Caste and Scheduled Tribe :

Article 341 of the Constitution provides that the President may, with respect to any State or Union territory, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of the Constitution be deemed to be Scheduled Castes in relation to that State or Union territory. Article 342 similarly provides for specification

of tribes or tribal communities or parts of or groups within tribes or tribal communities which are to be deemed for the purposes of the Constitution to be Scheduled Tribes in relation to the various States and Union territories. In pursuance of these provisions, the list of Scheduled Castes and / or Scheduled Tribes are notified for each State and Union territory and are valid only within the jurisdiction of that State or Union territory and not outside.

It is important to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Caste in addition to every member of the Ramdasi, Kabirpanthi, Majhabi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of Scheduled Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes.

The lists containing the names of the Scheduled Castes and the Scheduled Tribes applicable for the Census of India 2001 in the State/Union territory are given below:

List Of Scheduled Castes In Andhra Pradesh :

1. Adi Andhra
2. Adi Dravida
3. Anamuk
4. Aray Mala
5. Arundhatiya
6. Arwa Mala
7. Bariki
8. Bavuri
9. Beda Jangam, Budga Jangam
10. Bindla
11. Byagara
12. Chachati
13. Chalavadi
14. Chamar, Mochi, Muchi
15. Chambhar
16. Chandala
17. Dakkal, Dokkalwar
18. Dandasi
19. Dhor
20. Dom, Dombara, Paidi, Pano
21. Ellamalawar, Yellammalawandlu
22. Ghasi, Haddi, Relli, Chachandi
23. Godagali
24. Godari
25. Gosangi
26. Holeya
27. Holeya Dasari
28. Jaggali
29. Jambuvulu
30. Kolupul Vandlu
31. Madasi Kuruva, Madari Kuruva
32. Madiga
33. Madiga Dasu, Mashteen
34. Mahar
35. Mala
36. Mala Dasari
37. Mala Dasu
38. Mala Hannai
39. Malajangam
40. Mala Masti
41. Mala Sale, Netkani
42. Mala Sanyasi
43. Mang
44. Mang Garodi
45. Manne
46. Mashti
47. Matangi
48. Mehtar
49. Mitha Ayyalvar
50. Mundala
51. Paky, Moti, Thoti
52. Pambada, Pambanda
53. Pamidi
54. Panchama, Pariah
55. Relli
56. Samagara
57. Samban
58. Sapru
59. Sindhollu,Chindollu.

List Of Scheduled Tribes In Andhra Pradesh :

1. Andh

2. Bagata
3. Bhil
4. Chenchu, Chenchwar
5. Gadabas
6. Gond, Naikpod, Rajgond
7. Goudu(in the Agency tracts)*
8. Hill Reddis
9. Jatapus
10. Kammara
11. Kattunayakan
12. Kolam, Mannervarlu
13. Konda Dhoras
14. Konda Kapus
15. Kondareddis
16. Kondhs, Kodi, Kodhu, Desaya Kondhs, Dongria Kondhs, Kuttiya Kondhs, Tikiria Kondhs, Yenity Kondhs.
17. Kotia, Bentho Oriya, Bartika, Dhulia, Dulia, Holva, Paiko,Putiya, Sanrona, Sidhopaiko
18. Koya,Goud,Rajah,Rasha Koya,Lingadhari, Koya (ordinary), Kottu Koya, Bhine Koya, Rajkoya
19. Kulia
20. Malis (excluding Adilabad, Hyderabad, Karimnagar,Khammam, Mahbubnagar,Medak,Nalgonda, Nizamabad and Warangal districts)
21. Manna Dhora
22. Mukha Dhora, Nooka Dhora
23. Nayaks(in theAgency tracts)*
24. Pardhan
25. Porja, Parangiperja
26. Reddi Dhoras
27. Rona, Rena
28. Savaras, Kapu Savaras, Maliya Savaras, Khutto Savaras
29. Sugalis, Lambadis
30. Thoti (InAdilabad, Hyderabad, Karimnagar, Khammam, Mahbubnagar, Medak, Nalgonda, Nizamabad and Warangal Districts)
31. Valmiki(in the Agency tracts)*
32. Yenadis
33. Yerukulas

Language and Mother tongue :

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person and mother tongue is defined as the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

Literate :

A person aged 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could also have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

Literacy rate :

Literacy rate of the population is defined as the percentage of literates in the age group seven years and above. For different age groups the percentage of literates in that age group gives the literacy rate.

Educational level :

The highest level of education a person has completed.

Work :

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective

** The agency tracts is comprised of Srikakulam, Vizianagaram, Visakhapatnam, East-Godavari, West-Godavari and Khammam districts.*

supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. Persons who are engaged in cultivation or milk production even solely for domestic consumption are also treated as workers.

Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

Main worker :

A person who has worked for major part of the reference period (i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as `Main worker'.

Marginal worker :

A person who worked for less than six months of the reference period (i.e. in the last one year preceding the date of enumeration) in any economic activity is termed as `Marginal worker' .

Non worker :

A person who has not worked at all in any economically productive activity during the reference period (i.e. last one year preceding the date of enumeration) is termed as `Non worker'.

Cultivator :

For purposes of the Census a person is classified as cultivator if he or she is engaged in cultivation on land owned or held from government or held from private persons or institutions for payment in money, kind or share. Cultivation includes effective supervision or direction in cultivation.

A person who has given out her/his land to another person or persons or institution(s) for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation in exchange of land, is not treated as cultivator. Similarly, a person working on another person's land for wages in cash or kind or a combination of both (agricultural labourer) is not treated as cultivator.

Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fibre crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the following plantation crops - tea, coffee, rubber, coconut and betel-nuts (areca).

Agricultural labourer :

A person who works on another person's land for wages in money or kind or share is regarded as an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which she/he works.

Household industry worker :

Household industry is defined as an industry conducted by the head of the household herself/himself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods.

It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other worker :

A person who has been engaged in some economic activity during the reference period but not as a cultivator or agricultural labourer or in Household Industry is termed as a 'Other Worker (OW)'. The type of workers that come under this category of 'OW' include all government servants, municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work,

priests, entertainment artists, etc. In effect, all those workers other than cultivators or agricultural labourers or household industry workers, are 'Other Workers'.

Work participation rate :

Percentage of workers (main + marginal) to total population.

Population density :

Population density is the number of persons inhabited per square kilometre of the area.

Age :

Age is measured in terms of the completed number of years.

Sex -ratio :

Number of females per 1000 males in a population.

(viii) Non Census Concepts

Improved drinking water :

If the household had access to drinking water supplied from a tap, hand pump, tube well or well (protected or covered) situated within or outside the premises, it is considered as having access to improved drinking water. It may be mentioned that such uniform definition may not be valid across all states.

System of sewerage :

Generally, a sewerage system would mean a network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastage are called separate sewers; those that carry storm water from roofs, streets and other surfaces are known as storm water drains, while those carrying both sewage and storm water are called combined sewers. However, in some towns which are not provided with such underground sewerage system, it is served by open surface drain, box drain, sylk pattern drain, etc., in these towns.

Type of latrine and Method of disposal of night soil :

There are three prevalent systems of disposal of human wastes, viz.(i) underground sewerage, (ii) sanitary water flush latrines with individual disposal systems, like septic tank, leaching cess pool and collecting well, and (iii) dry type of latrines with manual scavenging. The system of underground sewerage provides for the street sewerage with which are connected the sanitary latrines constructed in the houses having water closets and fitted with flushing cistern (or hand flushing). Through this sewer the faecal matter is transported without the need for scavenging. This system generally exists in cities and big towns. Where the streets sewer does not exist these sanitary water flush latrines are connected to a local septic tank with a sub-soil dispersion system or a leaching pit. Here the liquid wastes from the water closet is disposed of locally in leaching pit, a septic tank with a soil dispersion system is constructed. This dispersion requires an optimum travel through the pores of the soil which renders the harmful liquid bacterially innocuous by the slow process of filtration through the soil traversed. Where the soil is impermeable, collecting wells are constructed and the sanitary water flush latrines are connected with them. These wells are cleaned at periodic intervals by a suitable device. The dry type of latrines are of service type latrines from where human excreta is removed by scavengers from house to house, in most cases carrying it on their heads or shoulders or in baskets with handle or wheel barrows. These are then collected in bullock carts or trucks or tractors and trolleys for being carried to the dumping grounds.

Fertility :

In demography, the word fertility is used in relation to the actual production of children or occurrence of births specially live births. Fertility is a measure of rate at which population adds to itself by births and normally assessed by relating the number of births to a full or part of the population, such as number of married women or number of women of child bearing age. The definitions of the terminology used in computing different fertility rates are mentioned below:

Crude birth rate(CBR) :

Ratio of the number of live births in a year to the mid year population, normally expressed per 1000 population.

$$CBR = \frac{\text{Number of live births during the year}}{\text{Mid –year Population}} \times 1000$$

Crude death rate(CDR)

Ratio of the number of deaths in a year to the mid year population, normally expressed per 1000 population.

$$CDR = \frac{\text{Number of deaths during the year}}{\text{Mid- year Population}} \times 1000$$

Natural growth rate

Growth rate is obtained as the difference between crude birth rate and crude death rate in the absence of migration.

Age specific fertility rate (ASFR)

Number of live births in a year to female population in any specified age group normally expressed per 1000 women.

$$ASFR = \frac{\text{Number of live births in a particular age-group}}{\text{Mid-year female population of the same age-group}} \times 1000$$

Age specific marital fertility rate (ASMFR)

Number of live births in a year to married female population in any specified age group normally expressed per 1000 married women .

$$ASMFR = \frac{\text{Number of live births in a particular age-group}}{\text{Mid-year married female population of the same age-group}} \times 1000$$

General fertility rate (GFR)

Number of live births per 1000 women in the reproductive age-group (15-49) years in a given year.

$$GFR = \frac{\text{Number of live births in a year}}{\text{Mid-year female population in the age-group (15-49) years}} \times 1000$$

General marital fertility rate (GMFR)

Number of live births per 1000 married women in reproductive age-group (15-49) years in a given year.

$$GMFR = \frac{\text{Number of live births in a year}}{\text{Mid-year married female population in the age-group (15-49) years.}} \times 1000$$

Total fertility rate (TFR)

It is obtained as the total of the age specific fertility rates (number of children born per woman of the particular age) for the entire reproductive age span. It provides the average number of children that will be born to a woman under the fertility levels indicated by the age specific fertility rates assuming that there is no mortality of women till the completion of reproductive period.

$$TFR = \frac{5 \times \sum_{15-19}^{45-49} ASFR}{1000}$$

Total marital fertility rate (TMFR)

Average number of children that would be born to a married woman if she experiences the current fertility pattern throughout her reproductive span (15-49) years assuming that there is no mortality of women till the completion of reproductive period.

$$TMFR = \frac{5 \times \sum_{15-19}^{45-49} ASMFR}{1000}$$

Age-specific mortality rate (ASMR)

Number of deaths in a particular age and sex group per 1000 population of the same age group.

$$ASMR = \frac{\text{Number of deaths in a particular age-group}}{\text{Mid-year population of the same age-group}} \times 1000$$

q1

Probability of dying between birth and age 1. This can be used as approximate value of Infant Mortality Rate (IMR) which gives the ratio of number of deaths in a year of children aged less than one year to the number of births in that year.

q2

Probability of dying between birth and age 2.

q5

Probability of dying between birth and age 5. This indicator is also known as Under Five Mortality Rate (U5MR)

Infant mortality rate (IMR)

Ratio of the number of infant deaths (deaths of children below one year) in a year to the number of live births in that year.

$$IMR = \frac{\text{Number of infant deaths during the year}}{\text{Number of live births during the year}} \times 1000$$

Infant mortality rate comprises of two parts, viz., Neo-natal mortality rate and Post neo-natal mortality rate. The neo-natal mortality rate also comprises of two parts viz., Early neo-natal mortality rate and late neo-natal mortality rate. These are defined as:

Neo-natal mortality rate (NMR)

Number of infants dying within the first month of life (28 days or under) in a year per 1000 live births of the same year.

$$NMR = \frac{\text{Number of infant deaths aged 28 days or under during the year}}{\text{Number of live births during the year}} \times 1000$$

Early neo- natal mortality rate (ENMR)

$$ENMR = \frac{\text{Number of infant deaths of less than 7 days During the year}}{\text{Number of live births during the year}} \times 1000$$

Late neo-natal mortality rate

$$LNMR = \frac{\text{Number of infant deaths of 7 days to less than 29 days during the year}}{\text{Number of live births during the year}} \times 1000$$

Post neo-natal mortality rate (PNMR)

$$PNMR = \frac{\text{Number of deaths of 29 days to less than one year during the year}}{\text{Number of live births during the year}} \times 1000$$

Peri-natal mortality rate (PMR)

Number of still births plus deaths within 1st week of delivery per 1000 births in a year.

$$PMR = \frac{\text{Number of still births and infant deaths of less than 7 days during the year}}{\text{Number of live births and still births during the year}} \times 1000$$

Still birth rate(SBR)

$$SBR = \frac{\text{Number of still births during the year}}{\text{Number of live births and still births during the year}} \times 1000$$

Maternal mortality rate(MMR)

Number of deaths of women in the age group 15-49 while pregnant or within 42 days of termination of pregnancy from any cause related to pregnancy and child birth per 1,00,000 live births in a given year.

$$MMR = \frac{\text{Number of maternal deaths to women in the age group 15-49}}{\text{Number of live birth}} \times 1,00,000$$

Eligible couple (Couples per 1000 population)

Number of currently married females in the age group15-44 years per 1000 persons of all ages.

Child woman ratio (0-4)

1. Number of children in the age group 0-4 years per 1000 women in the age group 15-49 years.

Child woman ratio (5-9)

2. Number of children in the age group 5-9 years per 1000 women in the age group 15-49 years.

Migration

Migration is the third component of population change, the other two being mortality and fertility. A person is considered as a migrant by place of birth if the place in which he/she is enumerated during the census is other than the place of his/her birth. Similarly a person is considered as a migrant by place of last residence if the place in which he/she is enumerated during the census is other than his/her place of immediate last residence outside the village or town and not simply in another house or locality in the same village or town. Certain aspects concerning temporary movement/migration of people has been explained below as these are important components concerning migration :-

(i) Migration of persons in search of job is high in the country. In many cases such migrants are only seasonal in nature. People migrate to other places for work in a particular season and come back again to their usual place of residence after three or four months. All such workers are treated as migrants. Similarly, if a person moved to any other place for attending short term vocational or educational course that lasted for only few months of a year, she/he too were considered as a migrant.

(ii) Where a person had merely gone out to another place or had been shifting from one place to another purely on tour, pilgrimage, visit to hospital for treatment or for temporary business purposes, such persons are

not deemed to have had another residence different from the place where she/he or her/his family normally resides. She/he is not considered as migrant.

(iii) A woman temporarily moves into a hospital or to her parents or other relative's house for delivery and if the hospital or the parents/relatives houses is in a place different from usual place of residence, the place where the hospital or parents/relative's house is the place of last residence of the child but not of the mother. A new response category 'Moved after birth' was added in Census of India 2001 in the question on 'reasons for migration' to bring out additional migration patterns. Natural calamities or distress migration as a reason for migration for last residence migrants included in 1991 Census, is covered under category of 'Others'. The reason for migration has been determined as applicable at the time of migration and not in reference to any point of time after that. For example, if a person had moved from the place of her/his last residence for the purpose of education and subsequently at some point of time got employment there only, the reason for migration would be 'education' and not 'work/employment'.

Internal and International migration :

The migrational movements are of three types

(i) Migration within the state itself with its components (a) Migration within the district of enumeration (intra district migration) (b) Migration from one district of state to another district of state (inter district migration)

(ii) Migration from one state to another State of the country (inter-state migration)

(iii) Migration from one country to another country. The first two streams together constitute internal migration, while the last type of movement is called international migration. The present name of the country, state or district and not the name by which they were known at the time of her/his birth or last residence were recorded.

Rural - Urban components of migration:

Rural or Urban status in respect of migrants have been determined as applicable at the time of migration and not with reference to any point of time after that. The flow of migrants consists of four streams viz. rural to rural, rural to urban, urban to rural and urban to urban.

Civic status of urban units

Civic Status of a town/city is determined on the basis of Civic Administrative authority of the town e.g., Municipal Corporation / Corporation, Municipal Committee/ Municipal council, Municipality etc.

Size class of UA / town :

Size-class of UA/Town is based on the population size of the UA/City/Town UAs./Towns with 1,00,000 and above population are classified as Class I UAs. / towns. These Class I UAs. / towns are now further sub classified in to seven sub classes namely M1 to M7 depending on the population size of UA/City/ Town. These are M7(5,000,000 and above); M6(2,000,000 to 4,999,999); M5 (1,000,000-1,999,999) M4 (500,000-999,999); M3(300,000-499,999), M2 (200,000-299,999) & M1 (100,000-199,999). towns with, 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000-19,999 are Class IV towns, population with 5000 and 9999 are Class V towns and towns with less than 5000 population are Class VI towns.

Slum area :

The Slum Areas (Improvement and Clearance) Act, 1956 which was enacted by the Central Govt. defined slums as a) Areas where buildings are in any respect unfit for human habitation; or b) are by reasons of dilapidation, overcrowding, fault arrangement and design of such buildings, narrowness or faulty arrangement of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

Mega city :

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cut off point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and employment, Department of Urban Development adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 millions and above population have been treated as Mega cities.

Analytical Note
(ix) 2001 Census findings - Population and its distribution

(a) Distribution of Population in Rural - Urban areas:

According to 2001 Census the total population of Karimnagar district stands at 3,491,822 persons with 1,747,968 males and 1,743,854 females. The district stands at 12th rank as far as population is concerned in the State. Out of the total population of the district 2,813,010 persons constituting 80.6% are residing in rural areas and the remaining 678,812 persons (19.4%) are residing in urban areas. The proportion of urban to total population, regarded as an index of urbanization and it is 19.4% for Karimnagar district, corresponding to state figure of 27.3%. Average number of towns for 100 inhabited villages in the district is less than 1% (0.67%).

Karimnagar district has 1,092 villages in 56 mandals of which 1,047 are inhabited villages. The average number of inhabited villages per mandal is 19. Karimnagar mandal is the largest mandal in terms of population accounting 8.3% of the district population. In terms of number of villages, Mahadevpur mandal leads with 37 villages. Odela and Chigurumamidi mandals have least i.e. 11 inhabited villages each. As regards population, Mutharam (Mahadevpur) mandal reported least population i.e. 23,327 persons in the district.

The urban population is distributed among 7 urban units of which 5 are statutory towns. The average size of an urban center in the district works out to 96,973 persons. Ramagundam Municipality has largest population (236,600) whereas Palakurthy Census Towns is the smallest town with a population of 6,967 persons. There is no town in the district which has less than 5,000 population.

(b) Size class and status of towns, population Growth, density and sex ratio, work participation rate and Literacy rate

Size class and status of Town:

During every Census the number of Census towns and statutory towns changes due to addition of new Census towns, declassification of old Census towns, notifying of new Statutary towns, de-notifying of old statutory towns etc. For the purpose of analysis of varied demographic characteristics, urban areas have been divided into six classes by size of population Of the 7 towns in the district, Karimnagar and Ramagundam are categorized as class I towns while Jagityal, Koratla and Sircilla are class II, Jallaram Census Town is class IV and Palakurthy Census Town is class V. There are no towns under category III and VI.

Population Growth:

The population of the district was 3,037,486 persons as per 1991 Census and has gone upto 3,491,822 persons in 2001 adding 454,336 persons during the decade 1991-2001. The growth rate revealed by the district(15%) is more than the state growth of 14.6% during the decade. Karimnagar district ranks 10th in growth rate among 23 districts in the state.

Rural-Urban growth rates show wide variations. The rural growth rate is recorded as 16.6% while urban growth rate is 8.7%. As regards growth rate in rural population the district occupies 8th position, when it speak about urban growth rate it occupies 12th place in the state.

Density:

The overall density of population in the district is 295 persons per sq.km and is above the state average

of 277. Among urban areas Karimnagar town recorded highest 5,541 persons per sq.km followed by 5,225 persons in Sircilla town. Least density i.e) 467 persons per sq.km. has been reported in Jallaram Census town.

Sex-Ratio:

Karimnagar district has possessed 998 females per 1000males, while it was 986 in 1991 Census. It is higher than state average sex ratio of 978. The district occupied 4th rank in respect of sex ratio among 23 districts. Kathlapur mandal has the highest sex ratio of 1088. While Karimnagar mandal has lowest sex ratio of 956. Among urban units Sircilla town has reported highest sex ratio of 999 and Palakurthy Census Town reported lowest sex ratio of 928.

Work Partcipation Rate:

The work participation rate for total workers is defined as percentage of total workers to total population. The total workers participation rate in Karimnagar district is 49.0%. Again percentage of main workers stands at 41.8%. The total workers participation rate separately for males and females in the rural areas are 56.5% and 49.4% respectively against corresponding figures for urban areas are 47.8% and 17.1% respectively. Among the main workers as seen from the percentage of workers of 2001 over 1991, a decrease in the percentage is seen. The female workers participation has slightly come down from 48.7% in 1991 Census to 43.3% at 2001 Census.

Literacy Rate:

While calculating effective literacy rate, children in 0-6 age group have been excluded. The district returned 1,661,089 literates forming 54.9% of the population of the district, excluding 0-6 age group. Separately for urban and rural areas the literacy rate workout to 73.9% and 50.2% respectively. Again within the urban areas male and female literacy rates worksout to 83.2% and 64.3%. For the rural population the male and female literacy rates works out to 63% and 37.6%.

(c)Scheduled Castes and Scheduled Tribes of earlier censuses :

To uplift social and economical status of Scheduled Castes and Scheduled Tribes, one of the basic requirement of these population is the availability of data on age, sex, marital status, economy, education, fertility etc. In this regard these particulars are being collected in each census from 1951 onwards and provided to planners and administrators to take-up necessary steps to evolve suitable plans for the development of Scheduled Castes and Scheduled Tribes.

The President of India has notified some castes, races or tribes or parts of groups within castes, races or tribes as Scheduled Castes under Article 341 of the Constitution of India. Similarly, under Article 342 of the Indian Constitution, President of India has declared all such tribes or tribal communities or parts of groups within the tribes or tribal communities as Scheduled Tribes. The list of Scheduled Castes and Scheduled Tribes are notified for each State or Union Territory and are valid only within the jurisdiction of that State and Union Territory. The list of Scheduled Castes and Scheduled Tribes is provided in this volume under the chapter on 'Census concepts'.

Scheduled Castes population in the district as per 1991 Census:

As per 1991 census, there were 5,63,941 Scheduled Castes population comprising 2,85,054 males and 278,887 females. This works out to 18.6% to the total population of the district. Of the total population of Scheduled Castes, 86.9% were living in rural areas of the district.

The following statement reveals that Scheduled Castes population has recorded 22.8% growth rate during the decade 1981-91. It was 17.9% in rural areas which is less than the growth rate of total district. Growth rate in Urban areas was 68.4% which is abnormally more than the district and rural areas.

The sex ratio of Scheduled Castes population (978) was lower in comparison to that of the general population in the district(986). The sex ratio in rural area (979) of the district was equal to total district sex ratio among Scheduled Castes population. In urban areas it was 971. Literacy rate among Scheduled Castes was 24.9% which was lower than the district (37.2%). In urban areas their literacy rate was 47.2%. Proportion of main workers among Scheduled Castes was 54.9 percent and the Marginal workers was 1.6 percent. In rural areas workers population was 58.3 percent and in urban areas their percentage was 32.

Statement(i)

Particulars of decadal variation, sex ratio, literacy and workers participation of Scheduled Castes population-1991

Sl.No.	Particulars	Total	Rural	Urban
1	Percentage decadal Variation:			
	1981	459367	415476	43891
	1991	563941	490013	73928
		(22.8)	(17.9)	(68.4)
2	Sex ratio	978	979	971
3	Percentage of Literacy	24.9	21.7	47.2
4	Percentage of :			
	i. Main Workers	54.85	58.30	31.98
	ii. Marginal Workers	1.60	1.74	0.70
	iii Non-workers	43.55	39.96	67.32

It is seen from the below furnished table that Scheduled Castes population in the district has registered 17.2% growth rate during the decade 1961-1971. The same for the decade 1971-1981 and 1981-1991 was 24.3% and 22.8% respectively. The growth rate during 1971-1981 was more than the growth rate of 1961-1971. However growth rate has been decreased from 24.3% during 1971-1981 to 22.8% during 1981-1991.

Statement(ii)

Statement showing the decadal variation in Scheduled Castes population in Karimnagar district in comparison to Andhra Pradesh StateScheduled castes population between 1961-1991 Censuses

Sl. No.	Census Year	Scheduled Castes Population in the district (percent variation shown inbracket)	Scheduled Castes Population in the State (percent variation shown in bracket)
1	1961	315263 (--)	4973616 (--)
2	1971	369626 (+17.2)	5774548(+16.10)
3	1981	459367(+24.3)	7961730(+37.88)
4	1991	563941(+22.8)	10592066 (+33.04)

Source: Part II-B(ii) Andhra Pradesh, District Census Handbook, 1991-Karimnagar .

The following statement gives the proportion of Scheduled Castes population to total population in the villages. Out of 1027villages where Scheduled Caste population returned in the district, 16 villages constituting 1.56% were having less than 6% of Scheduled Caste population. Of the remaining villages, 59(5.74%) were having 6 to 10% of Scheduled Castes population, 202(19.67%) having 11 to 15% the highest no.of villages i.e., 351(34.18%) and 234 (22.78%) having 21.30% and 16-20% respectively and 165(16.07%) having 31% and above to total population of the respective villages.

Statement (iii)

Proportion of Scheduled Castes Population to total Population in the villages-1991

Percentage range of Scheduled Castes population to Total population	Number of villages in each range	Percentage of villages in each range
1	2	3
5 and below	16	1.56
6-10	59	5.74
11-15	202	19.67
16-20	234	22.78
21-30	351	34.18
31 and above	165	16.07
Total	**1027**	**100.00**

Source: District Census Handbook, Karimnagar, 1991.

The following statement shows the percentage of Scheduled Castes population to the total population of the towns in the district at 1991census. Out of 6,24,319 Urban population,ScheduledCastes population of 73,928 constituted 11.8%. Ramagundam town has the highest percentage i.e.18.8% Scheduled Castes population to the total population of the town, followed by Kothapalle Haveli 15.8%. Sircilla and Koratla Municipalities were low as 5.8% and 6% respectively which were below the district average.

Statement (iv)

Percentage of Scheduled Castes Population in Towns-1991

Class & Name of Town	Total Population	Total Scheduled Castes Population	Percentage of Scheduled Castes to total Population
II Jagtial	67,591	4,854	7.18
I Karimnagar	1,48,583	12,995	8.75
III Koratla	40,080	2,390	5.96
V Kothapalle Haveli	9,685	1,529	15.79
IV Manthani	14,639	1,304	8.91
III Metpalle	31,712	3,223	10.16
III Peddapalle	28,289	2,421	8.56
I Ramagundam	2,14,384	40,207	18.75
II Sircilla	50,048	2,885	5.76
IV Vemulawada	19,308	2,120	10.98
All Towns	**6,24,319**	**73,928**	**11.84**

Source: District Census Handbook, Karimnagar, 1991.

Scheduled Tribes population in the district as per 1991 Census :

As per 1991 Census, there were 83,017 Scheduled Tribes population comprising 42,301 males and 40,716 females. This works out 2.7% to the total population of the district. Of the total population of the Scheduled Tribes 92.6% were living in rural areas of the district.

The following statement reveals that Scheduled Tribes population in the district has registered 37.1% growth rate during the decade 1981-91. The growth rate 33.2% has been recorded in the rural areas of the district. In urban areas it was 117.3%. The sex ratio in the district was 962, while in rural areas it was 963 and in urban areas 944. As regards the literacy rate among the tribes, it was 12.3% , while in rural areas it was 11.3%. However in urban areas it was higher 26.2% than rural areas as well as the district total.

The population of main workers and marginal workers among tribals in the district was 54.59% and 1.35% respectively where as in rural areas of the district it was 56.21% and 1.40% respectively. But in urban areas they were reported as 34.23% and 0.75% respectively.

Statement (v)

Particulars of decadal variation, sex ratio, literacy and workers participation of Scheduled Tribes population-1991

Sl.No	Particulars	Total	Rural	urban
1	Percentage decadal variation:			
	1981	60567	57745	2822
	1991	83017	76885	6132
		37.1	33.2	117..3
2	Sex ratio	962	963	944
3	Percentage of Literacy	12.3	11.3	26.2
4	Percentage of :			
	i. Main Workers	54.59	56.21	34.23
	ii. Marginal Workers	1.35	1.40	0.75
	iii. Non-workers	44.06	42.39	65.02

It is seen from the following statement that the Scheduled Tribes population growth rate was low during 1961-1971,when it is compared with 1971-81 and 1981-1991, while it had recorded abnormal increase i.e. 269% during the decade 1971-1981. This abnormal increase was due to inclusion of some of the tribes in the list of Scheduled Tribes during the decade. However, the variation between 1981-1991 was above the State variation.

Statement (vi)

Statement showing the decadal variation in Scheduled Tribes population in Karimnagar district in comparison to Andhra Pradesh State Scheduled Tribes Population between 1961-1991 Censuses

Sl. No.	Census Year	Seheduled Tribes Population in the district (percent variation shown in bracket)	ScheduledTribes population in the State(percent Variation shown in bracket)
1	1961	13116 (--)	1324368 (--)
2	1971	16433 (+25.29)	1657657 (+25.17)
3	1981	60567 (+268.57)	3176001 (+91.60)
4	1991	83017 (+37.07)	4199481 (+32.23)

Source: Part II-B(ii) Andhra Pradesh, District Census Handbook, 1991-Karimnagar.

The following statement shows the proportion of Scheduled Tribes population to total population in the villages. Out of 780 villages, where Scheduled Tribes were recorded, 595 villages forming 76.28% were having less than 6% Scheduled Tribes population. The proportion of Tribals was between 26 to50 percent in 41 villages (5.26%) and in 34 villages(4.36%) they were more than 51 percent.

Statement (vii)
Proportion of Scheduled Tribes Population to total Population in the villages-1991

Percentage range of Scheduled Tribes population to Total population	Number of villages in each range	Percentage of villages in each range
1	2	3
5 and below	595	76.28
6-15	82	10.51
16-25	28	3.59
26-35	16	2.05
36-50	25	3.21
51 and above	34	4.36
Total	**780**	**100.00**

Source : District Census Handbook, Karimnagar, 1991

While going through the following table it is observed that the urban Scheduled Tribes population constituted 0.98% to total urban population in the district. The proportion of Scheduled Tribes population was above the district average in Karimnagar, Koratla, Ramagundam and Vemulawada towns, while it was below in remaining towns. However, proportion of Scheduled Tribes population in urban areas ranges between 0.17% in Jagtial and 1.31% in Koratla.

Statement (viii)
Percentage of Scheduled Tribes Population in Towns-1991

Class & Name of Town	Total Population	Total Scheduled Tribes Population	Percentage of Scheduled tribes to total Population
II Jagtial	67,591	118	0.17
I Karimnagar	148,583	1,692	1.14
III Koratla	40,080	526	1.31

This table gives the details of decadal growth rates of population in the mandals of the district. The district has registered 15% growth during the decade, and it is more than the state average growth rate of 14%. The rural and urban growth rates are recorded as 16.6 and 8.7 respectively.

The district percentage of urban population works out to 19.4. Out of 56 mandals only 6 mandals have urban units. Among these 6 mandals, Ramagundam mandal reported 87.2% urban population, followed by 75.4% in Karimnagar mandal. All the 5 urban mandals have reported growth rate more than the district urban growth rate except Kamanpur mandal where 16.2% growth is recorded.

***Note**: percentages in brackets*

As per the above table this district has 1,047 inhabited villages. Out of 56 mandal parishads, the highest number of 37 inhabited villages are in Mahadevpur mandal parishad, followed by 31 villages in Manthani mandal parishad, 28 villages in Kataram mandal parishad. The least number i.e. 11 villages are in Odela and Chigurumamidi mandal parishads are existing. Of the total inhabited villages 20(1.9%) villages, are having less than 200 population; 61(5.8%) villages are having between 200-499 persons, the highest number of villages 451(43.1%) are in the population range of 2000-4999. 19(1.8%) villages have more than 10,000 population which are mostly mandal parishad headquarters.

Of the 56 mandal parishads, 47 mandal parishads do not have the villages having less than 200 population. More than 31.3% inhabited villages in Malharrao mandal parishad has less than 200 population. 29.7% of inhabited villages in Mahadevpur mandal parishad are having the population between 200-499 persons. Like wise 38.7 and 38.1% inhabited villages of Manthani and Mutharam(Mahadevpur) mandal parishads fall in population size range 500-999 persons 12 mandal parishads are not having villages with 5000 above and below 10,000 population. As already stated among the 19 villages where the population has reported more than 10,000, one village each in 17 mandal parishads and 2 in Jammikunta mandal parishad.

TABLE 3
NEW TOWNS, DENOTIFIED, DECLASSIFIED AND MERGED TOWNS IN 2001 CENSUS

	Name of Town
	1
(a) New	
(i) Statutory Town	-Nil-
(ii) Census Town	1 Palakurthy 2. Jallaram
(b) Denotified	
(i) Statutory towns of 1991 Census denotified and also did not satisfy the criteria to be treated as Census towns	-Nil-
(ii) Statutory towns of 1991 Census denotified but identified as Census towns based on demographic and economic criteria	-Nil-
(iii) Census towns of 1991 Census are notified as statutory town in 2001 Census	-Nil-
(c) Declassified	1. Kothapalle Haveli 2. Manthani 3. Metpalle 4. Peddapalle 5. Vemulawada
(d) Wholly merged with other town(s)	-Nil-

Note: Declassified means the census towns of 1991 census which failed to satisfy the demographic and economic criteria

This table shows that out of 10 urban areas in 1991 Census, five census towns Kothapalle haveli, Manthani, Metpalle, Peddapalle and Vemulawada attained rural status due to strict implementation of demographic criteria in 2001 Census. Besides the above changes, 2 new Census Towns have been declared for 2001 Census. They are Palakurthy and Jallaram.

TABLE 4
DISTRIBUTION OF VILLAGES BY POPULATION DENSITY, 2001

Range of population density (per square kilometer)	Total number of villages in each population density range	Percentage of villages in each population density range	Population	Percentage distribution of population
1	2	3	4	5
0-10	4	0.4	655	-
11-20	9	0.9	3,035	0.1
21-50	19	1.8	9,712	0.4
51-100	63	6.0	58,012	2.1
101-200	232	22.2	381,825	13.6
201-300	378	36.1	960,059	34.1
301-500	263	25.1	833,180	29.6
501 +	79	7.5	566,532	20.1
Not known	-	-	-	-
District Total:	**1,047**	**100.0**	**2,813,010**	**100.0**
Population Density (Rural) of the district:			**243**	

As per the above table there are 4 villages with 655 population where density of population recorded below 11 persons per square kilometre.The average population size of these villages works out around 164 persons per village. The highest number of villages i.e. 378 forming 36.1% with 9,60,059 persons are in 201-300 range of population density. Of total district rural population, 20.1% are living in 79 villages where density of population is more than 500 persons per Sq. km.

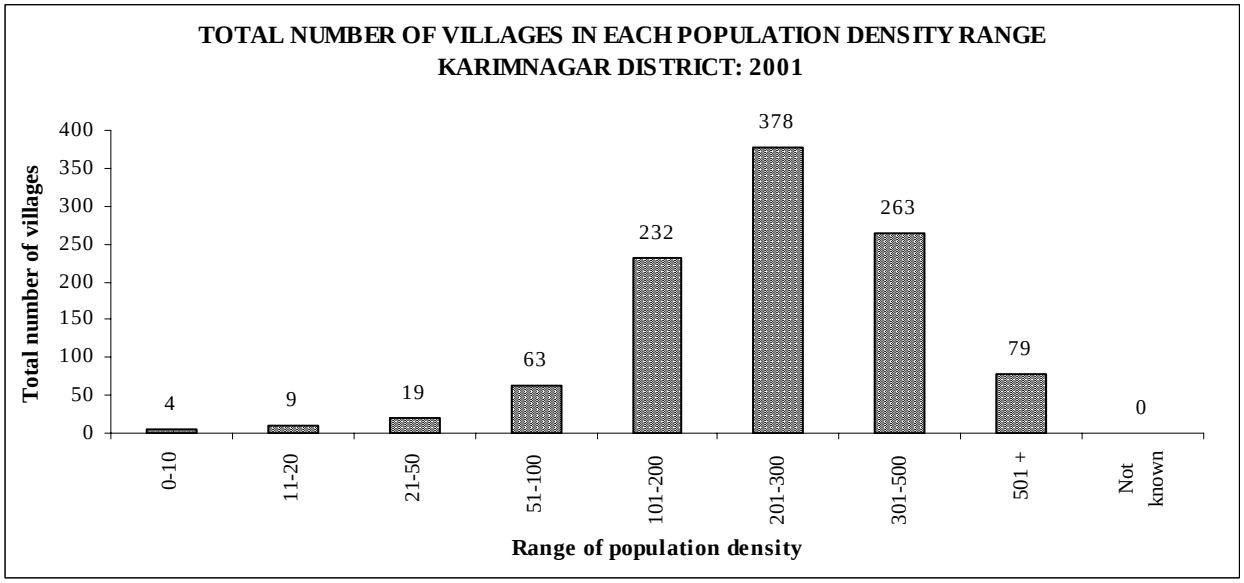

TABLE 5

	District (Rural) Sex Ratio: 1,006	

This table gives sex ratio by mandal parishad. The sex ratio in rural areas is 1006, which is higher than the district sex ratio. In 6 mandals where urban areas are existing, the sex ratio in rural areas of that mandals is more than the total average sex ratio of the respective mandals. The highest sex ratio 1,088 is seen in Kathlapur mandal parishad and lowest 966 is seen in Elkathurthi mandal parishad.

TABLE 8

SEX RATIO OF RURAL POPULATION BY RANGES, 2001

Range of sex ratio for villages	Number of inhabited villages	Percentage of villages in each range	Population 2001	Percentage distribution of population
1	2	3	4	5
Less than 700	-	-	-	-
700-749	-	-	-	-
750-799	3	0.3	8,547	0.3
800-849	4	0.4	1,607	0.1
850-899	17	1.6	23,850	0.8
900-949	96	9.2	208,478	7.4
950-999	337	32.2	1,129,076	40.1
1000-1099	512	48.9	1,322,007	47.0
1100+	78	7.4	119,445	4.3
District Total:	**1,047**	**100.0**	**2,813,010**	**100.0**

Sex ratio (Rural) for District: 1006

This table shows that there are 512 (48.9%) villages where range of sex ratio is 1,000-1,099. It is evident from the above table that 56.3% of inhabited villages are having more number of females than males covering almost 51% of the total rural population.

TABLE 9

SEX RATIO OF URBAN AGGLOMERATIONS / TOWNS, 2001

Ssrial Number	Name of U.A. / Town+	Urban status	Sex ratio
1	2	3	4
1	Jagtial	M	972
2	Jallaram	CT	954
3	Karimnagar	UA	951
4	Karimnagar	M+OG	951
5	Karimnagar	M	952
6	Koratla	M	980
7	Palakurthy	CT	928
8	Ramagundam	UA	960
9	Ramagundam	M+OG	960
10	Ramagundam	M	960
11	Sircilla	M	999
	Sex ratio (Urban) for the district:		**964**

+ Towns arranged in alphabetical order

This table reveals sex ratio in the towns of the district. The average urban sex ratio is 964 in the district, which is below average of the total district. The highest sex ratio of 999 is seen in Sircilla(M) and the lowest sex ratio of 928 is in Palakurthy Census Town. Among statutory towns, Jagtial, Koratla and Sircilla towns reported higher sex ratio than district urban sex ratio.

		Rural	5,315	2,717	2,598	956
		Urban	-	-	-	-
	District Total:	**Total**	**465,964**	**237,508**	**228,456**	**962**
		Rural	**383,268**	**195,053**	**188,215**	**965**
		Urban	**82,696**	**42,455**	**40,241**	**948**

The mandal-wise sex ratio of population in 0-6 age group is given in this table. The sex ratio of population in the age group of 0-6 is 962 in total, 965 in rural and 948 in the urban areas of the district as against 998, 1006 and 964 total population of the district sex ratio. It reveals that sex ratio in all areas of the district is above the sex ratio in the age group 0-6 at Raikal, Mutharam(Manthani), Gollapalle, Koratla, Kathlapur and Koheda mandals female children are more than male children. The lowest sex ratio is seen in Mustabad mandal (921) and highest (1026) is seen in Mutharam(Manthani) and Koheda mandals.

TABLE 11

SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 FOR MANDAL PARISHADS, 2001

Sl. No.	Name of Mandal Parishad	Total population in 0-6 age group			Sex ratio for 0-6 age group
		Persons	Males	Females

	District (Rural) Total:	**383,268**	**195,053**	**188,215**	**965**

This table gives the details of sex ratio in the age group 0-6 for each Mandal Parishad of the district. It can be noticed that the sex ratio of the population in the age group 0-6 is highest in Koratla Mandal Parishad with 1,074 females per 1,000 males whereas the lowest has been seen in Mustabad Mandal Parishad with 921 females per 1,000 males.

TABLE 12

SEX RATIO OF RURAL POPULATION IN THE AGE GROUP 0-6 BY RANGES, 2001

Range of sex ratio for villages	Number of inhabited villages	Percentage distribution of villages	Population 2001	Percentage distribution of population
1	2	3	4	5
Less than 700	28	2.7	2,337	0.6
700-749	15	1.4	3,485	0.9
750-799	41	3.9	9,553	2.5
800-849	89	8.5	24,970	6.5
850-899	137	13.4	46,050	12.0
900-949	166	15.9	84,878	22.2
950-999	141	13.4	71,791	18.7
1000-1099	256	24.5	105,059	27.4
1100+	174	16.6	35,145	9.2
District (Rural) Total	**1047**	**100.0**	**383,268**	**100.0**
Sex ratio (Rural) for District:		**965**		

This table shows that in 41.1% villages, female children in the age group 0-6 are either equal or more than the male children. 141 villages forming 13.4% to total inhabited villages are in the range of sex ratio 950-999, in which the district average sex ratio (965) has also fallen.

TABLE 13

SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 OF URBAN AGGLOMERATIONS/TOWNS, 2001

Sl. No.	Name of UA^/Town+	Urban status of town	Total population in 0-6 age group			Sex ratio for 0-6 age group
			Persons	Males	Females	
1	2	3	4	5	6	7

This table shows the number and percentage of Schedule Castes and Schedule Tribes population in the mandals recorded during 2001 census. Out of district total population of 34,91,822, the SCs and STs constituted 18.6 and 2.6 percent respectively. In rural areas of the district the SCs accounted 20.1% whereas in urban areas they are 12.3%. In respect of STs, they accounted 2.9% in rural and 1.3% in urban areas of the total population. Their percentage is more in rural areas than urban.

In Kataram mandal the highest number of SCs recorded with 32.9% followed by Elkathurthi mandal with 29.3% and Velgatoor mandal with 28.6%. The lowest percentage of SCs recorded in Jagtial, Koratla and Sircilla mandals with 11.9, 12.1 and 12.1 respectively.

In Mutharam (Mahadevpur) mandal the highest number of STs recorded with 32.9% of the total population followed by Mahadevpur with 14.7% and Yellareddipet mandal with 13.5%. The lowest percentage of STs recorded in the mandals of Velgatoor and Boinpalle with 0.3% each.

56	Elkathurthi	39,657	11,639	414	29.3	1.0
	District (Rural) Total:	**2,813,010**	**566,525**	**81,530**	**20.1**	**2.9**

The table reveals the percentage distribution of SC & ST population among the Mandal Parishads (CD Blocks). The highest percentage of SC population has been noticed in Kataram Mandal Parishad with 32.9% followed by Elkathurthi with 29.3% which were higher than district average SC population. Likewise, highest ST population has been noticed in Mutharam(Mahadevpur) Mandal Parishad with 32.9% followed by Mahadevpur with 14.7% which were higher than district average ST population. The lowest SC population has been recorded in Raikal Mandal Parishad with 13.7% while the lowest ST population in Boinpalle and Velgatoor Mandal Parishads with 0.3% each.

TABLE 16

PROPORTION OF SCHEDULED CASTES POPULATION TO TOTAL POPULATION IN VILLAGES, 2001

Percentage range of Scheduled Castes Population to total population	Number of villages	Percentage	Scheduled Castes Population	Percentage
1	2	3	4	5
Nil	19	1.8	-	-
Less than 5	10	1.0	335	0.1
5-10	82	7.8	21,868	3.9
11-20	450	43.0	2,36,272	41.7
21-30	329	31.4	2,22,843	39.3
31-40	94	9.0	51,511	9.1
41-50	30	2.9	17,080	3.0
51-75	28	2.7	14,016	2.5
76 and above	5	0.4	2,600	0.4
District Total	**1,047**	**100.0**	**5,66,525**	**100.0**

The above table shows Proportion of SC population to total population in villages. As per this table 450 villages are under 11-20 percentage range of Scheduled Castes population to total population accounted 43.0% to total villages. In this range, SC population existed 2,36,272 persons with 41.7% to total rural population of the district. 329 villages are having 21-30% SC population. There are 19 villages without SC population and 5 villages are seen in the range of 76 and above.

TABLE 17

PROPORTION OF SCHEDULED TRIBES POPULATION TO TOTAL POPULATION IN VILLAGES, 2001

Percentage range of Scheduled Tribes Population to total population	Number of villages	Percentage	Scheduled Tribes Population	Percentage
1	2	3	4	5
Nil	309	29.5	-	-
Less than 5	541	51.7	19,601	24.0
5-10	75	7.2	11,975	14.7
11-20	48	4.6	16,701	20.5
21-30	16	1.5	5,901	7.2
31-40	16	1.5	8,659	10.6
41-50	16	1.5	9,966	12.2
51-75	13	1.3	4,541	5.6
76 and above	13	1.2	4,186	5.2
District Total	**1,047**	**100.0**	**81,530**	**100.0**

This table shows proportion of ST population to total Population in villages. As per this table, there are 309 villages without any ST population. The highest no.of villages i.e., 541 villages constituting 24% ST population are in the range of less than 5%. In the range of 51 and above 26 villages have returned 10.8% of ST population.

TABLE 18

NUMBER AND PERCENTAGE OF SCHEDULED CASTES AND SCHEDULED TRIBES POPULATION IN URBAN AGGLOMERATIONS / TOWNS, 2001

56	Elkathurthi	946	1,020
	District (Rural) Sex ratio	**997**	**985**

The sex ratio among the SCs and STs is given at Mandal Parishad level. The sex ratio of SC and ST in rural areas of Karimnagar district is 997 and 985 respectively while it is 998 in respect of total population. It shows that sex ratio among total, SC and ST population is almost in the same range except in few cases. The lowest sex ratio 921 and 679 among SCs, and STs are reported in Choppadandi Mandal Parishad. The highest sex ratio 1,098 among SCs is in Mallapur Mandal Parishad and 1,160 among STs in Julapalle Mandal Parishad. Among SCs females are more than males in 25 Mandal Parishads. As regards, ST population is concerned females are more in 23 Mandal Parishads. In 29 Mandal Parishads sex ratio of SCs is lower than district average sex ratio (SC) Like-wise in 28 Mandal Parishads sex ratio of STs is lower than district average sex ratio.

TABLE 20

11	Sircilla (M)	1,039	891
	Sex ratio (Urban) for the district:	**988**	**923**

+ Towns arranged in alphabetical order
^ The names of constituents of UA are given separately
** In case of the towns having out growth an asterisk mark placed against their name to indicate that thay have out growths which are not seprate towns*

The sex ratio among the SCs & STs has been shown in this table for Urban Aglomerations/Towns. Among 7 towns, Sircilla (M) town has highest sex ratio of 1,039 and lowest 926 in Jallaram (CT) among SC Population. Females are more than males among SCs in Sircilla, Koratla and Jagtial towns. In Jagtial, Karimnagar and Koratla towns sex ratio is higher than district urban average sex ratio among SCs. Similarly among STs, females are more than males in Jallaram(CT). The highest sex ratio 1,058 is reported in Jallaram(CT) and lowest 665 is reported in Jagtial town.

District and mandal-wise literacy rates besides the number of literates and illiterates for total, rural and urban areas are given in this table with sex breakup. The literacy rates are worked out by excluding population in the age group 0-6. As per 2001 Census, the proportion of literates to total population excluding the age group 0-6 comes to 54.9 percent in the district. This proportion in rural area is 50.2 percent as against 73.9 percent in urban areas. In the district the literacy rates of males (67.1 percent) is much higher than that of females (42.8 percent). Among the mandals, Karimnagar mandal tops with 76.8 percent literates followed by Ramagundam mandal (66.7 percent). Mutharam (Mahadevpur) mandal with 33.8 percent literates stands at the lowest in the district.

The gap between male and female literacy is very high which comes to 24.3 percent in the district, as a whole.The situation at mandal level is not much different. The highest gap 29.8% is found in Konaraopet mandal, whereas literacy rate among males and females in this mandal is 62 and 32.2. the lowest gap i.e. 18.6 is found in Karimnagar mandal where male and female literacy rate is 85.8 and 67.3 respectively.

	District (Rural) Total:	**1,220,542**	**761,133**	**459,409**	**1,592,468**	**641,146**	**951,322**	**50.2**	**63.0**	**37.6**	**25.5**

This table reveals number of literates, illiterates and the literacy rates in rural areas at Mandal Parishad level in the district. 50.2 percent of the total rural population (excluding the age-group 0-6) are literates in the district. The corresponding proportion of male and female literates comes to 63.0 and 37.6 percent respectively which shows very wide gap of 25.5 percent in male and female literacy. At Mandal Parishad, Huzurabad Mandal Parishad has the highest rural literacy rate of 62.3 percent while 74 percent males and 50.5 percent females are literates in this Mandal parishad. The lowest literacy rate is noticed in Mutharam (Mahadevpur) with 33.8 percent.

TABLE 23
DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE, 2001

Range of literacy rate for villages	Number of inhabited villages	Percentage distribution of villages	Population	Percentage distribution of population
1	2	3	4	5
0	-	-	-	-
1-10	2	0.2	444	-
11-20	4	0.4	1,446	0.1
21-30	49	4.7	42,182	1.5
31-40	171	16.3	296,961	10.6
41-50	474	45.3	1,165,652	41.4
51-60	304	29.0	954,092	33.9
61-70	39	3.7	309,716	11.0
71-80	4	0.4	42,517	1.5
81-90	-	-	-	-
91-99	-	-	-	-
100	-	-	-	-
District Total:	**1,047**	**100.0**	**2,813,010**	**100.0**
Literacy rate for District :		**54.9**		

This table gives the distribution of villages by literacy rate ranges in the district. 304 villages accounting 29.0 percent of the total villages are in the literacy range of 51-60 percent and 39 villages (3.7 percent) fall in the literacy range of 61-70 percent. The lower literacy rate of 1 to 50 percent observed in 700 villages of the district. The higher literacy ranges of 71 to 100 percent covers only 4 villages. 343 inhabited villages are falling in the literacy rate range of 51-70 accounting 32.7% of the total inhabited villages.

This table explains the number and percentage of scheduled tribes literates and illiterates by sex in Mandal Parishads. There are 21,631 (32.2%) literates and among them males 14,894 (43.9%) and females 6,737 (20.2%) in the Mandal Parishads of the district among scheduled tribes. The gap in male-female literacy rate is 23.7%. This shows the female literacy rate is far lagging behind the male literacy rate. Choppadandi Mandal Parishad occupied top place with 55.8 percent literacy rate and Veenavanka Mandal Parishad at bottom with 18.9% literacy rate among scheduled tribes. The gap between male-female literacy rate is highest in Choppadandi Mandal Parishad with 50.1%. Similarly Manthani Mandal Parishad reflects less male-female literacy gap of 14.3% among scheduled tribes.

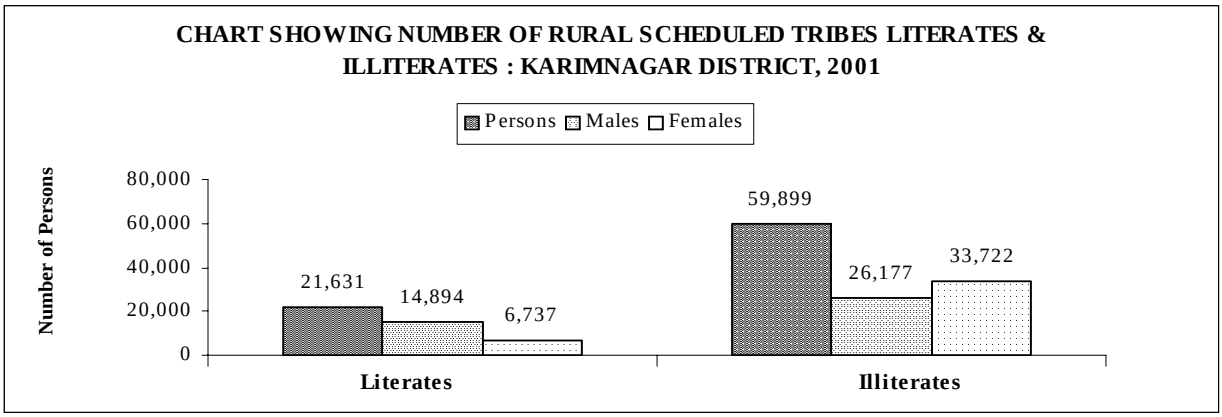

TABLE 29

DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE FOR SCHEDULED TRIBES POPULATION, 2001

Range of literacy rate for villages	Number of inhabited villages	Percentage distribution of villages	Scheduled Tribes Population	Percentage distribution of population

This table gives the number and percentage of main workers, marginal workers and non-workers by sex at mandal level in the district as per 2001 Census. The proportion of the total workers works out to 49 percent of the total population in the district. The total workers are comprised of 41.8 percent of main workers and 7.2 percent of marginal workers and the remaining 51 percent are non-workers.

Among the main workers, males' participation rate in the district is 49.7 percent whereas in females it is 33.9 percent. Male and female marginal workers account for 5.1 and 9.4 percent respectively. The percentage of female marginal workers is higher than the male marginal workers.

Note : *Percentage of Workers to total workers are given in brackets*

It can be seen from this table that the economy of the district is primarily depend on agriculture due to the fact that the workers in this sector constitute 54.7 percent of the total workers (main + marginal) and remaining 12.6 percent of total workers are engaged in household industry and 28.7% are other workers in this district.

The distribution of workers by four categories of economic activity at mandal level shows very high dependence of population on agriculture sector absorbing large number of workers. The percentage of female cultivators is 22.0 percent which is lower as compared to 27.8 percent of male cultivators in the district. Predominance of other workers category is found in Ramagundam, Karimnagar Mandals.

Note : *Percentage of Workers to total workers are given in brackets*

This table presents Mandal Parishad-wise distribution of workers by sex in four categories of econonmic activity. In the rural areas of the district total workers constitute (Main + Marginal) 52.9 percent of total population. Among these workers, cultivators constitute 28.8 percent, 37.8 percent agricultural labourers, 12.0 percent household industry workers and 21.4 percent other workers. The agricultural sector plays a major role in providing employment to the working force of rural population despite the fact that it is not commercially viable. Household industries also could not make much progress in rural areas as reflected in the data and these household industries employ only 12.0 percent workers of the total working force. Therefore surplus working force has to depend on primary activities. Among cultivators, the percentage of females (23.7 percent) is lesser than males (33.4 percent) in the rural areas of the district.

+ Towns arranged in alphabetical order
^ The names of constituents of UA are given separately
** In case of the towns having out growth an asterisk mark placed against their name to indicate that they have out growths which are not separate towns*

The above table shows the distribution of workers by sex in four categories of economic activity of urban agglomerations/towns. In the urban areas of the district total workers form (main + marginal) 32.8 percent of total population. Among these workers, cultivators constitute 1.2 percent, 4.3 percent agricultural labourers, 17.0 percent household industry workers and 77.5 percent other workers in the district. The other workers play a major role in providing employment to the working force of urban population. Household industries also could not make much progress in urban areas as reflected in the data and these household industries employ only 17.0 percent workers of the total working force. Therefore surplus working force has to depend on other working activities. Among cultivators, the percentage of females (1.4 percent) is higher than males (1.2 percent) in the urban areas of the district.

Note : *Percentages are given in brackets.*

** Based on the improved drinking water source, drinking water supply has been classified as `Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to `Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.*

 # Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

***Excludes Census Town and O.Gs.*

This table deals with the Mandal Parishad-wise distribution of villages according to the availability of different amenities like education, medical, improved drinking water, post office, telephone, transport, communications, agricultural credit societies, approach by pucca road and power supply within the village. Out of 1,047 inhabited villages in the district 1,039 villages or 99.2 percent have been provided with the education facilities of one type or the other. Similarly 863 villages in the district constituting 82.4 percent have medical facilities of one type or the other. Improved drinking water facility is available in 1,025 or 97.9 percent villages. As regards, post office facility which includes facilities like telegraph office and post & telegraph office, 702 villages constituting 67.0 percent of villages have been provided with post office facility within the village. 498 or 47.6 percent villages have been provided with telephone facility, 916 or 87.5 percent with transport facility, 123 or 11.7 percent villages with bank facility and 227 or 21.7 percent with agricultural credit societies. Similarly there are 823 or 78.6 percent villages which have been linked with the pucca road. Total 1,047 or 100.0 percent of villages have been provided with the electricity supply. Almost similar pattern of distribution of villages by availability of amenities in the villages at Mandal Patrishads. Around 50% of villages in Sarangapur, Katarm, Malhar Rao, Metpalle, Konaraopet, Sircilla Mandal Parishads and in Mahadevpur Mandal Parishad 62% villages do not possess any type of medical facility.

	District Total:	**2,695,533**	**848,502**	**1,159,785**	**2,427,908**	**2,813,010**

The above table depicts the number and proportion of rural population served by different kinds of amenities. Out of total rural population of 2,813,010 persons in the district, 2,808,810 or 99.9 percent have educational facility of one or the other type. Similarly 2,617,674 or 93.1 percent population has medical facilities while 2,784,700 or 99.0 percent have got improved drinking water facility. Post office facilities are available to 2,461,773 or 87.5 percent population. Telephone facility is available to 1,834,655 or 65.2 percent. Transport Communications facility is available to 2,695,533 or 95.8 percent. Bank facility is available to 848,502 or 30.2 percent. 1,159,785 or 41.2 percent have been provided with the facility of Agricultural Credit Societies. 2,427,908 or 86.3 percent have been provided with the facility of Approach by pucca road. Power supply is available to 2,813,010 or 100.0 percent rural population in the district. Similar pattern of availability of facilities is visible to the rural population at Mandal Parishad level.

TABLE 39

DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES ARRANGED BY DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE, 2001

Village not having the amenity of	Distance range of place from the village where the amenity is available			
	Less than 5 kilometers	5-10 kilometers	10+ kilometers	Total (Colmns 2-4)
1	2	3	4	5

(a) Commercial Bank	213	359	357	929
(b) Cooperative Bank	91	260	663	1,014
7. Agricultural Credit Societies	299	261	260	820

In this table it has been presented distribution of villages not having certain amenities within the village at district level. They have to go out of their village to avail these facilities. Such villages have been presented according to various distance ranges in this table. 8 villages do not have primary school in their villages and out of these villages, children of 6 villages have to travel less than 5 kms. and 2 villages above 10 kms. for schooling. Out of 1,047 inhabited villages as many as 379 are deprived of middle school and 1,035 of degree college facilities. Of these 189 avail the facility of middle school at a distrance of less than 5 kms., 79 at a distance 5-10 kms. and the remaining 111 at a distance of 10+ kms. In respect of degree college 32 avail this facility at a distance of less than 5 kms., 118 between 5 to 10 kms. and the remaining 885 villages at a distance of 10+ kms

Similarly there are 1,029 villages in the district which have been deprived of Hospital facility and 977 villages which are deprived of PHC facilities. Of these, 76 villages have to travel to avail this facility of Hospital within 5 kms. while in respect of 200 villages the inhabitants have to cover a distance of 5-10 kms. in order to avail this facility. Similarly overwhelming number i.e. 753 villages have this facility at a distance of 10+ kms. As regards PHC 148 villages avail this facility at a distance of less than 5 kms. 320 at a distance of 5-10 kms. and the remaining 509 have to travel at a distance of more than 10 kms. to avail this facility

Regarding Post Office, 345 villages do not have this facility in the village itself. Of these majority i.e. 221 have this facility at a distance of less than 5 kms., another 57 villages avail it at a distance of 5-10 kms. and the remaining 67 village habitants have to travel a distance of 10+ kms.

As regards Telephone, there are 549 villages in the district which are not having the telephone facility. Of these, 91 villages avail this facility at a distance of less than 5 kms. 147 at a distance of 5-10 kms. and remaining 311 have to traverse a distance of 10+ kms.

In respect of Bus services it is noticed that 137 villages do not have this facility. Among these villages 61 villages avail this facility at a distance of less than 5 kms., 12 at a distance between 5-10 kms. and 64 at a distance of 10+ kms.

In the entire district, 929 villages are deprived of Commercial Bank facilities & 1,014 of Co-operative Bank facilities. Of these 929 villages which are deprived of Commercial Banks, 213 villages avail this facility at a distance of less than 5 kms., 359 between 5-10 kms. & the remaining 357 at a distance of 10+ kms. Regarding Co-operative Banks out of 1,014 villages 91 villages avail this facility at a distance of less than 5 kms., 260 at a distance of 5-10 kms. and remaining 663 at a distance of 10+ kms. 820 villages do not have Agricultural Credit Societies. This facility to 299 villages is available at a distance of less than 5 kms., 261 at a distance of 5-10 kms. and the remaining 260 at a distance of 10+ kms.

TABLE 40

 # Post office includes Post office, Telegraph office and Post and telegraph office

$ Transport communication includes bus service, rail facility and navigable waterways.

The table deals with the distribution of villages according to distance from the nearest statutory town and availability of different amenities within the village. Out of total 1,047 inhabited villages in the district, there are 13 villages which have nearest towns upto a distance of 5 kms. Of these all 13 villages forming 100.0 percent are having the educational facility of one type or the other and 11 villages constituting 84.6 percent, have the medical facilities within the village, 11 villages forming 84.6 percent have the facility of post office within the village and 9 or 69.2 percent have the facility of telephone. 10 villages constituting 76.9 percent have been linked by transport service. No village in this range has been provided bank facility, while 3 villages constituting only 23.1 percent have been provided by agricultural credit societies. All the 13 villages comprising 100.0 percent have been provided with pucca road.

Similarly 200 inhabited villages are at a distance range of 5-15 kms. from the nearest statutory town having education facility in 99.5% villages, medical facility in 86.5% villages, post office in 73.5%, telephone in 56%, transport and communication in 95.5%, banks in 12.5%, Agricultural credit societies in 28.0% and pucca road facility for 88.0% villages.

Maximum number of villages i.e. 759 fall in the distance range of 16-50 kms. from statutory town. Out of these villages 99.1% possess educational facility, 81.8% medical, 67.2% post office, 47.8% telephone, 88.3% transport and communications, 12.4 banks, 20.6% agricultural credit societies and 78.0% of villages have pucca approachable road. 75 villages are at a distance range of 51+ kms. In this range all villages have education facility, 77.3% medical, 45.3% have post office, 18.7% telephone, 60.0% transport and communications, 5.3% bank 16.0% agricultural credit societies and 56.0% have pucca approach road.

 # Post office includes Post office, Telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

** Based on the improved drinking water source, drinking water supply has been classified as `Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to `Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.*

This table deals with the distribution of villages by population ranges and amenities available therein. In Karimnagar district out of total 1,047 inhabited villages, 1,039 villages (99.2 percent) have education facility, 863 (82.4 percent) have medical facility, 1,025 (97.9 percent) have improved drinking water facility. 702 villages (67.0 percent) have post office facility and 498 (47.6 percent) have telephone facility. 916 (87.5 percent) have been linked by bus service. 123 (11.7 percent) have bank facility. 227 (21.7 percent) have been served with the agricultural credit societies. 823 (78.6 percent) have been linked with pucca road and all 1,047 villages (100.0 percent) possess electricity.

Source : *Census of India, 2001, H-Series : "Tables on Houses, Household Amenities and Assets".*

The data presented in this table reveals that 55.8 percent of households of the district are living in houses made of pucca materials, residences of 36.4 percent households are of semi-permanent nature and houses of only 7.8 percent households are made of temporary materials. In the rural areas, however, the percentage of households living in permanent houses is 49.4 percent, 41.8 percent in semi-permanent and only 8.8 percent in temporary houses. It is noticed that nearly 86% households are living in permanent houses in urban areas.

Source : *Census of India, 2001, H-Series : "Tables on Houses, Household Amenities and Assets".*

The above table indicates that 50.3 percent households in the district have been provided with improved drinking water supplied from a tap or a hand-pump/tube-well. 85.4 percent households have provision of electricity to their houses. The bathroom facility is available to only 44.7 percent households within their premises. As regards rural areas, 35.9 percent households are having bathroom facility, whereas this proportion in urban areas comes to 86.2 percent. 83.4 percent rural households have facility of electricity against 94.9 percent in urban areas. Toilet and drainage facilities in the district are available to 26.6 percent and 46.9 percent households respectively. Their percentage is higher in urban areas as compared to rural areas. The trend of these amenities available to the households at mandal level is almost conform to the district pattern analysed. The poor condition is seen with improved drinking water facility in Kataram, Raikal, Sarangapur, Dharmapuri, Velgatoor, Dharmaram, Gollapalle and Pegadapalle where below 25% households are availing. Very less number of households have electricity in Kataram (43.3%), Mahadevpur(43.4),Mutharam (Mahadevpur) (51.8%) and Malharrao (56.5%). Very poor percentage is seen in all the amenities in Kataram, Mahadevpur, Mutharam (Mahadevpur) and Malharrao mandals when compared with other mandals of the district.

Source : *Census of India, 2001, H-Series : "Tables on Houses, Household Amenities and Assets".*

The percentage distribution of households by type of fuel used for cooking purposes is given in this table. There are nine types of fuel used for which data have been presented in this table. It is observed that wood is the most predominant fuel used for cooking by 74.7 percent households in the district. In rural areas use of wood for cooking is high while in urban areas it is less due to availability of LPG. The next cooking fuel is gas which is used by 16.2 percent households in the district. This proportion in urban and rural areas is 46.3 and 9.9 percent respectively. In rural areas use of gas for cooking is very low as compared to urban areas at mandal level. There are 3.1 percent households using kerosene in the district. Use of kerosene for cooking by urban households comes to 11.2 percent while in rural areas its proportion is only 1.4 percent as a whole. In rural areas crop residue is used in 2.3% households, while coal, charcoal is used in 12.8% households of urban areas in the district; as coal is one of the main product of the district. The percentage of households using other types of fuel such as crop residue, cow dung cakes, electricity, coal, biogas, etc. is insignificant.

Source : *Census of India, 2001, H-Series : "Tables on Houses, Household Amenities and Assets".*

This table presents data for total, rural and urban areas at district/mandal level about households availing banking services and possession of assets as such radio/transistor, telephone, bicycle, scooter and car etc; There are 8,15,279 households in the district and among them 2,38,678 households have been availing banking services. 1,54,277 households have Radio/Transistor. Television is possessed by 2,72,988 households.Telephone is available in 53,134 households. Bicycle is used as a major means of transportation and is available in 3,51,913 households. Scooter, Motor cycle and Moped are used by 83,049 households. Whereas 6,241 households are in possession of Car, Jeep and Van. The picture in usage of banking services and possession of assets by households at mandal level is almost similar as analysed above for the district as a whole. Mandals having urban areas have more number of assets than other mandals of the district.

(xiii) Scope of Village Directory and Town Directory - Column heading-wise explanation and coverage of data

The village directory and the town directory presented in the District Census Handbooks are proved more useful. The formats of village directory and of seven statements on town directory are on the same pattern canvassed in 1991 census except for a few additional columns. These additional columns are introduced to throw more insight into the infrastructure of the villages and towns. All the amenities except recreational and cultural facilities, power supply and news papers/magazines are brought under one bracket, with corollary that in case any amenity is not available in the village, the distance of the nearest place where the facility is available is presented. Similar method is followed in respect of towns where educational and medical facilities are not available. The non-census data presented in the village and town directories relate to the year 1999. However, wherever the field agencies have indicated the later position, the information has been updated. Almost all the details in the statement have been indicated by codes. In respect of total population and total number of households, the figures as returned during the recent census i.e. 2001 census have been presented. The scope of village directory and town directory statements with column heading-wise explanation and coverage of data are hereunder presented.

Scope of Village Directory :

In the similar manner as was done in the past, the village directory has been prepared for all the villages in the state and these are presented mandal-wise in the District Census Handbook. This statement contains village-wise area, population, amenities such as educational, medical, communications, drinking water facilities, etc., and also the land use pattern details. The villages are shown in order of their permanent location code numbers. An alphabetical list of villages with their permanent location code numbers and a mandal map has been presented in the beginning of Village Directory of each mandal. This facilitates the reader in locating the mandal in which a particular village lies. The village directory now contains 23 columns as against 18 columns in the 1991 handbook. To give more information under amenities column, banking facilities such as commercial and co-operative banks, agricultural, non-agricultural and other credit societies have been included in the present statement. Similarly, a new column 'number of recreational and cultural facilities' showing cinema/video halls, sports club and stadium/ auditorium has been added. In addition to the above a column showing newspapers/magazines received and name of the most important commodity manufactured in the village have been incorporated. Besides the above, the Village Directory is having 12 appendices viz.

Appendix I	:	Abstract of Educational, Medical and other amenities in the villages – Mandal Prishad level.
Appendix 1A	:	Villages by number of primary schools
Appendix 1B	:	Villages by primary, middle and secondary schools
Appendix 1C	:	Villages with different sources of drinking water facilities available
Appendix II	:	Villages with 5,000 and above population which do not have one or more amenities
Appendix IIA	:	Census Towns which do not have one or more amenities
Appendix III	:	Land utilization data in respect of census towns / non-municipal towns

Appendix IV	:	Mandal Parishad-wise list of inhabited villages where no amenity other than drinking water facility is available
Appendix V	:	Summary showing number of villages not having Scheduled castes population
Appendix VI	:	Summary showing number of villages not having Scheduled tribes population
Appendix VII A:		List of villages according to the proportion of the Scheduled Castes to the total population by ranges.
Appendix VII B:		List of villages according to the proportion of the Scheduled Tribes to the total population by ranges.
Appendix VIII	:	Statement showing number of Girls schools in the villages
Appendix IX:		List of Degree Colleges by Village / Town in the District.
Appendix X:		List of Hospitals by Village / Town in the District.
Appendix XI:		List of Banks by Village / Town in the District.
Appendix XII:		List of Cinema Halls by Village / Town in the District.

It may be noted that the Appendix 1A, 1B, 1C, II, II-A, VIII, IX, X, XI and XII have been included afresh in comparison to the District Census Hand Books of 1991 Census.

Columns 1 to 3 relate to the serial number, location code number, name and total area of the village. The area given under column 3 is as per the data collected from the state survey department during 1991 census and presented even for 2001 census as the department clarified that there are no changes in the area figures. Column numbers 4 and 5 provide the total population and the total number of households in the village as per 2001 census. Columns 6 to 13 list out the basic amenities available in the village such as educational; medical; drinking water; post, telegraph and telephone; commercial and co-operative banks; agricultural, non-agricultural and other credit societies; recreation and cultural facilities and communications.

The columns 14 to 18 give the details of approach to the village, nearest town & distance, power supply, news paper/magazine circulation and most important commodity manufactured in the village.

The remaining columns 19 to 23 pertain to the land use pattern in the village. The extent of forest area has been given in column 19 while in columns 20 and 23 the extent of irrigated area together with different irrigational sources, the extent of culturable waste including gaucher and groves and the area not available for cultivation such as buildings, roads and railways or under water(rivers and canals), etc., have been given. Here it is worth mentionable that the total area figures of Col. 19 to 23 may not tally with the total area of the village as shown in Col. 3 due to various reasons such as water ways, etc., which are not generally included in the land use statistics.

The land use pattern in the Village Directory conforms to the pattern of classification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry of Agriculture has recommended the maintenance of records of land use pattern under five categories viz. forests, not available for cultivation, other uncultivated lands excluding fallow lands, fallow lands and net area sown.

The concepts of various types of land use given under each of the columns 19 to 23 as given in the Village Directory schedule are reproduced below:

1. Forests (Col.19) :

These include all actually forested areas and the lands classified or administered as forests under any legal enactment dealing with forests whether State owned or private. If any portion of such land is not actually wooded but put to some agricultural use, that portion is included under the appropriate heading of cultivated or uncultivated land.

2. Cultivated area with break-up irrigated and un-irrigated (Col. 20 & 21):

This includes the land under the following three categories.

I) Net area sown :

The net area sown represents the area sown to crops counting areas sown more than once in the same year, only once.

II) Other fallow lands :

This includes all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than five years. The reasons for keeping such lands fallow may be either due to poverty of the cultivators or inadequate supply of water or malarial climate or silting of canals or rivers or un-remunerative nature of farming, etc.

III) Current fallows :

This class comprises cropped areas which are kept fallow during the current year. If any seedling area is not cropped again in the same year, it is also treated as current fallows.

3. Culturable Waste (Col. 22):

This item includes the land under the following three categories.

i) Permanent pastures and other grazing lands:

These cover all grazing lands whether they are permanent pastures and meadows or not. Village common and grazing lands within forest areas are included under this head.

ii) Lands under miscellaneous tree crops and groves not included in the area sown:

Under this class is included all cultivable land which is not included under net area sown but is put to some agricultural use. Lands under casuarina trees, thatching grass, bamboo bushes and other groves for fuel, etc., which are not included under 'Orchards' are classed under this category.

iii) Culturable waste:

This includes lands available for cultivation but not taken up for cultivation or abandoned after a few years for one reason or other. Such lands may be either fallow or covered with shrubs and jungles, which are not put to any use. They may be assessed or not assessed and may lie in isolated blocks or within cultivated holdings. Land once cultivated but not cultivated for five years in succession is also included in this category.

4. Area not available for cultivation (Col.23) :

This includes the land under the following two categories.

i) Land put to non-agricultural uses :

All lands occupied by buildings, roads and railways or under waters such as rivers and canals and other lands put to uses other than agricultural.

ii) Barren and uncultivable land :

This covers all barren and uncultivable land like mountains, etc., i.e. which cannot be brought under cultivation unless at a high cost. Whether such land is in isolated blocks or within cultivated holdings.

All the above particulars are based on the data received from the concerned departments like education, medical, postal, electricity, etc., and also mainly from the Mandal Revenue Officers concerned.

Item on communications has been shown separately to spell in terms of availability of the public transport system. This is meant to see whether the village is served by any mode of transport such as bus or rail or waterway. It is against this back-ground that the item on approach to village has been given separately. This refers to road, etc., leading to the village and is to indicate whether the village is approachable both in fair and foul weather and whether it is inaccessible for all time or only some time in the year. Adult literacy class/centre under item on 'Education' and Primary health centre and Community health worker under item 'Medical' of Village Directory are included to indicate statistics on the Minimum Needs Programme of the Planning Commission.

Scope of Town Directory:

There are seven statements in the Town Directory, which include several particulars relating to the towns

arranged as per the alphabetical order of their names. These statements are almost similar to those adopted in 1991 census except for a few changes. During the 1991 there were six Town Directory statements besides providing a separate statement IV-A bringing out civic conditions of the notified slums in class I and II towns. In the present volume the statement IV-A of the 1991 handbook has been termed as statement-VII and the data is presented in respect of all towns having statutory bodies including un-notified slums. The column 4 of statement IV-A of the 1991 book i.e. area of the slum has been deleted in the present book duly substituting the same by giving the information – whether the slum is notified or not with a view that the local authorities are not in a position to provide exact area figures for each slum area. Further in the present statement-VII another item i.e. approximate number of households living in the slum is incorporated. The captions of the statements are as follows:

Statement I: Status and growth history

Statement II: Physical Aspects and location of town, 1999

Statement III: Municipal Finance, 1998-99

Statement IV: Civic and other Amenities, 1999

Statement V: Medical, Educational, Recreational and Cultural Facilities, 1999

Statement VI: Trade, Commerce, Industry and Banking, 1999

Statement VII: Civic and other Amenities in slums, 1999

In addition to the above seven statements one appendix for the towns showing their outgrowth with population has also been presented.

The formats of Town Directory have been devised to suit the Minimum Needs Programme of the Planning Commission. To reflect this programme, the columns scheduled castes and scheduled tribes population in statement IV and Adult Literacy classes/ Centres in statement V are identical.

In case such of the amenity as Fire Fighting Service in statement IV, the Educational or Medical facility in statement V is not available in the town, the name of the nearest place and its distance from the referent town has been given. This feature is followed since 1981 census as it is necessary to identify the areas that have no specific facility in the district.

The following seven places are treated as urban areas in Karimnagar District at the 2001 census.

1. Jagtial
2. Jallaram
3. Karimnagar
4. Koratla
5. Palakurthy
6. Ramagundam
7. Sircilla

Karimnagar, Jagtial and Koratla towns are continuing as urban areas since 1901; Sircilla town since 1931 and Ramagundam since 1971. All these are statutory towns. Jallaram and Palakurthy attained urban status during 2001 Census and declared as Census towns.

Karimnagar and Ramagundam are categorized as class I town. Sircilla, Koratla and Jagtial are categorized as class II towns. Newly created Census towns Jallaram and Palakurthy are falling in Category IV and V respectively.

Statement I : Status and Growth History

This statement provides basic information on civic status, population with decadal growth rate from 1901 to 2001, density for 2001 census and sex ratio from 1981 to 2001 censuses of each town besides presenting class of town, location code, name of the mandal, area in sq.kms. and number of households including houseless households returned in 2001 census.

The columns 1 and 2 relate to serial number and class, name and civic status of the town. The class of town has been determined basing on the size of population as given below.

Population	Class
1,00,000 and above	I
50,000 – 99,999	II
20,000 – 49,999	III
10,000 – 19,999	IV
5,000 – 9,999	V
Below 5,000	VI

The civic status of the town is indicated in brackets by abbreviated letters like 'M.Corp.' for Municipal Corporation and 'NP' for Nagar Panchayat. The location code number under column 3 for the towns has been framed to follow the method of allocation of location code to mandals in the district. This also facilitates easy location of the town in the map. After location code the Col. 4-7 indicate name of mandal, name of mandal parishad, area of the town in sq. kms. and number of households including houseless households recorded in 2001 census. The population of the town with decadal growth rate from 1901 census to 2001 census is given in Col. 8-18. The column 19 shows the density of population and column 20 to 22 give the sex ratio recorded during 1981 to 2001 censuses. The sex ratio defined here is number of females per 1,000 males.

Statement II: Physical aspects and location of town, 1999.

This statement contains 13 columns and depicts physical aspects and location of town in the district. Column numbers 1 and 2 relate to serial number, class and name of the town. The physical aspects such as rainfall in millimetres maximum and minimum temperature in centigrade have been shown in columns 3 to 5 by taking average for the last ten years i.e. from 1990 to 1999.Jagtial town has recorded highest rain fall of 1,462 mm. among urban areas of Karimnagar district while lowest rain fall of 806 mm. was recorded in Sircilla. Koratla has recorded highest maximum temperature 45^{o}C and minimum temperature 13^{o}C among urban areas of Koratla, Palakurthy and Ramagundam in the district. Ramagundam known as hottest place in the State has recorded maximum 44^{o}C and minimum 13^{o}C. The coloumns 6 to 12 give the details of name and road distance in kms. from the referent town to State, district and mandal head quarters, nearest city with population of one lakh and more, nearest city with population of five lakh and more, railway station and bus service. The district headquarters Karimnagar is 178 kms. away from State Headquqrters Hyderabad. Sircilla is nearest town (140 kms.) to the State headquarters; while Ramagundam is at faraway place (250 kms). When the distance between district headquarters and towns is compared Sircilla is nearer with 40 kms. and Koratla is at faraway place at 73 kms. Among towns of Karimnagar District Ramagundam town is the nearest town to the town with one lakh and above population except Koratla town for which Nizamabad is the nearest town with one lakh above population.

The towns of Palakurthy and Ramagundam Railway Station is nearer to these towns within the distance of 4-12 kms. whereas in col. 12, the bus service is available in all the towns of Karimnagar district.

The last column i.e. column number 13 is meant for showing name of the navigable river/canal within the distance of 10 Kms. from the referent town. Godavari river is nearest navigable river to Ramagundam and Jallaram towns. Similarly Manner river is nearer to Sircilla and Karimnagar.

Statement III: Municipal Finance, 1998-99.

The details for inclusion in this statement were obtained from the respective statutory bodies. In this statement there are 16 columns. Column 1 and 2 relate to serial number, class, name and civic status of town. Columns 3 to 9 show the receipts of the local body under various sub-heads and columns 10 to 16 give the details of expenditure incurred on general administration, public safety, public health and convenience, public works and institutions, etc. It is observed that income of Karimnagar Municipality is lesser than its expenditure during 1998-99 i.e. income was Rs.2.58 crores and expenditure was Rs. 8.51 crores. Most of its expenditurewas on public safety, which accounted as Rs. 4.35 crores, on public works Rs. 1.83 crores and on public health and convinence is Rs. 1.36 crores. Its income was Rs. 3.77 lakhs through taxes, Rs. 3.64 lakhs revenue from Municipal properties, Rs.58.86 lakhs. Government grant, Rs. 42.77 lakhs advance and Rs.149.43 lakhs encashment of F.D.R.

Jagtial town has highest income i.e. Rs. 3.95 crores among urban areas of the district, while its expenditure was Rs. 2.21 crores.Next to Jagtial, Ramagundam Municipality has Rs. 3.04 crores income and Rs. 2.60 crores expenditure.

Statement IV : Civic and other Amenities, 1999.

The title itself reveals that, this statement deals with the facilities provided to the people in the urban

areas of the district.

This statement contains 20 columns. Column 1 &2 relate to serial number, class name and civic status of town respectively. Column 3 gives population of the town whereas the column numbers 4 and 5 give population of SC and ST as per 2001 census. The length of pucca and kutcha roads are recorded separately for each town in column 6. The column 7 shows the details of sewerage system prevailing in the referent town. The number of latrines with different types is shown in columns 8 to 11. Column 12 is provided separately to show method of disposal of night soil. The source of protected water supply and the system of storage with capacity are recorded under column 13 and 14. Column 15 shows the availability of fire fighting services. In case, if this service is not available in the town, the name of the nearest town along with distance where available to be mentioned under this column. The columns 16 to 20 relate to different types of electrical connection in number.

As regard paved roads Ramagundam has more Kutcha roads than Pucca roads i.e. out of 168 kms. paved road 35 is pucca road and 133 is kutcha road. The remaining towns possess majority of pucca roads. Sewerage system of all towns is open surface drain. In Karimnagar and Sircilla towns box surface drain is in existence. Mostly water borne type of latrines are more in all towns. Method of disposal of night soil is sewerage lines and septic tank in all most all towns, but for Jagtial town it is wheel barrow method. Tap is common source of drinking water supply. Besides tap, in Palakurthy, tube well is also additional source of drinking water, while well is additional source in Sircilla. Mostly overhead tanks are being used to store the water. Fire fighting service stations are available at Jagtial, Karimnagar, Ramagundam and Sircilla. According to population size of towns all sorts of electric connections are available.

Statement V : Medical, Educational, Recreational and Cultural facilities, 1999:

In this statement the availability of medical, educational, recreational and cultural facilities are presented with reference to the population of 2001 Census. This statement is containing 20 columns, column 1,2 and 3 relates to serial number, class, name and civic status of the town and population recorded during 2001 Census respectively. The column 4 and 5 shows about the availability of different hospitals, dispensaries, T.B.clinics, etc., together with bed streangth. Columns 6 to 15 relates to education facilities such as various schools/colleges at all levels including Medical, Engineering, Polytechnic, Technical Institutions and Adult literacy classes/centres. The column 16 is meant for Working women's hostel with number of seats. Adequate Medical facilities are available in all towns. Hospital facility is available in all statutory towns. T.B. centers are existing in Karimnagar and Koratla. Ayurvedic , Homeopathic and Unani dispensaries are available at Karimnagar. Homeo and Ayurvedic dispensaries are available at Ramagundam one Unani dispensary each is available in Jallaram, Koratla and Sircilla.

Degree colleges are available in all statutory towns. The students of Jallaram and Palakurthy Census towns have to depend on Ramagundam and Peddapalle towns to have degree college education facility. One engineering college is available at Thimmapur near Karimnagar and one is at Sircilla. Polytechnic institutions are existing in Karimnagar and Sircilla. Shorthand , Typewriting Institutions and junior colleges are available in statutory towns whereas Secondary, Upper Primary Schools are existing in all towns. Karimnagar town is having hostel facility to working women. The number of recreational and cultural facilities such as Stadium, Cinemas, Auditoriums, Community halls, Public Libraries including reading rooms available in the towns is recorded in columns 17 to 20. There are four stadia in Ramagundam and one at Karimnagar. For entertainment, 33 Cinema halls are available in all statutory towns of the district. Auditoriums/ Community halls are available in all towns except in Jallaram and Koratla. Almost all towns are having the public libraries except Jallaram.

Statement VI : Trade, Commerce, Industry and Banking, 1999

This statement deals with economic activities in the urban areas with 11 columns. Column 1 and 2 are serial number, class name and civic status of the town. The columns 3 to 5 give the details of three most important commodities exported and the columns

6 to 8 show the three most important commodities manufactured. The commercial banks, number of agricultural credit societies and the number of non-agricultural credit societies are furnished in the columns 9 to 11.

Fertilizer, Coal, Power, Beedies, Cement and Cloth are some of the important commodities manufactured and exported in some of towns of the district. The urban population of the district is served by 51 Banks, 8 Agricultural Credit Societies and 201 Non-agricultural credit Societies.

Statement VII : Civic and other amenities in Slums, 1999

This statement give details of civic and other amenities provided in all slums whether notified or not. Keeping in view of slums problem in urban areas, during 1981 Census this statement was first introduced limiting the details to class I and class II towns. The same pattern was adopted during 1991 census also.

Though the magnitude of slum problem is greater in class I and class II towns, it is accepted that they are associated with smaller towns also. Hence the information on slums has been presented in this statement in respect of all towns having statutory bodies.

The statement on slums contain 17 columns. The columns 1 to 4 show the serial number, class and name of town, name of the slum and whether the slum is notified or not respectively. Column 5 and 6 give the details of approximate number of households and population of the slum during 1999. The length of the paved road in the slum have been shown in kms. under column 7. The columns 8 to 13 present system of sewerage, number of latrines both private and community and method of disposal of night soil. The column 14 is meant for showing number of tap points / public hydrants. The last 3 columns i.e columns 15 to 17 relate to number of electric connections under domestic, road lighting points and others.

There are 136 slums in 5 statutory towns with approximately 64,854 Households and 1,87,167 persons in the district. About 75,000 slum population is residing in Ramagundam town followed by Jagtial town with a slum population of about 46,000. Open surface drain system is existing in all the slums of the district. Majority of slum dwellers possess water borne latrines. Community latrines are also available in some of the slums. In slum areas also the same method of night soil disposal is adopted as in the respective towns i.e. septic tank, wheel barrows etc. In Koratla "Basket" is reported as method of disposal, but presently this system is abandoned. Sufficient number of drinking water points are provided. Street lights are also provided to slum dwellers.

Section I - Village Directory

(a) Note explaining the abbreviations used in Village Directory :

The "Village Directory" is one of the traditional compilations of the Census. It gives the list of villages, their location numbers, their area, population, number of households, amenities such as educational, medical, drinking water, post and telegraph, commercial and co-operative banks, agricultural non-agricultural and other credit societies, recreational and cultural facilities, communication, approach to village, nearest town with a distance, power supply availability of newspaper and magazines, most important commodity manufactured and land use of each village.

Village is a statutory recognized unit having a definite boundary and separate land records. In case, a complete village is treated as an outgrowth of urban agglomeration, data on amenities for that village, have not been given in the Village Directory but shown along with the urban component. The villages which are consider as a Census Town , the amenities data are shown in the Town Directory. For those villages which have partly merged in an outgrowth of U.A., the amenities data are shown in the Village Directory for that particular village.

The 'un-inhabited' villages (villages with no population) have been indicated as such after furnishing details in columns 1 to 3 i.e., Serial number, Name of village & location code number and area of the village against column no. 4 to 18. The land use data for such villages are shown in col. 19 to 23.

The Village Directory format has 23 columns and the details given under each column are for the village are as follows:-

Columns 1 : Serial Number

Self explanatory. All the villages within the CD Block are presented serially in the ascending order of their location code number.

Columns 2 : Name and Location Code Number of village

The name and location code number of the village are shown against these columns. This also includes the forest and uninhabited villages.

Column 3 : Area of the village

The area of the villages in hectares are given. Wherever the area figures was not furnished by the concerned department the column is left blank.

Column 4 : Total population

The total population of the village as per 2001 Census is given against this column.

Column 5 : Number of households

The number of households as per 2001 Census is given in this column.

Amenities :

In column 6 to 23, availability in respect of different amenities such as education, medical, drinking water, post, telegraph, banks, credit societies, communication, power, approach road etc. in each village has been depicted with appropriate codes against the column concerned. Wherever the amenities are not available in the village, a dash (-) is shown in the column and next to it in brackets the distance in broad ranges viz.< 5 kms., 5-10 kms. and 10+ kms of the nearest place where the facility is available is given. Column wise details are given below

Column 6 : Educational

Classes upto class V included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class V.

Classes from VI to VII are included in the middle school.

Classes from VIII TO X included in High secondary school. Classes XI and XII are included in senior secondary school.

In case of composite schools like middle school with primary school or secondary school with middle school, these are also included in the number of primary and middle schools, respectively.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

(i)	Primary School	P
(ii)	Middle School	M
(iii)	Secondary School	S
(iv)	Senior Secondary School	PUC/ JC
(v)	College	C
(vi)	Industrial School	I
(vii)	Training School	Tr
(viii)	Adult literacy class/centre	AC
(ix)	Others (specify) e.g. Sanskrit Pathshala, Senior basic school, Navodaya Vidyalaya, Makhtab, etc.	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

Column 7 : Medical

Availability of medical facility within the village is indicated by following codes :

(i)	Allopathic Hospital	H
	Ayurvedic Hospital	HA
	Unani Hospital	HU
	Homeopathic Hospital	H Hom
(ii)	Allopathic Dispensary	D
	Ayurvedic Dispensary	DA
	Unani Dispensary	DU
	Homeopathic Dispensary	D Hom
(iii)	Maternity & Child Welfare	MCW
(iv)	Maternity Home	MH
(v)	Child Welfare Centre	CWC
(vi)	Health Centre	HC
(vii)	Primary Health Centre	PHC
(viii)	Primary Health Sub-Centre	PHS
(ix)	Family Welfare Centre	FWC
(x)	T.B. Clinic	TB
(xi)	Nursing Home	NH
(xii)	Registered Private Medical Practitioner	RMP
(xiii)	Subsidised Medical Practitioner	SMP
(xiv)	Community Health Worker	CHW
(xv)	Others	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviations, e.g. H(3), D(4), etc.

Column 8 : Drinking Water

The type of the drinking water supply sources available within the village are indicated by codes as follows :

(i)	Tap Water	T
(ii)	Well Water	W
(iii)	Tank Water	TK
(iv)	Tubewell Water	TW
(v)	Handpump	HP
(vi)	River Water	R
(vii)	Canal	C
(viii)	Lake	L
(ix)	Spring	S
(x)	Others	O
(xi)	Summer Source	SS-

Column 9 : Post, Telegraph and Telephone

It is indicated by codes as shown below whether within the village exists the following amenities:

(i)	Post Office	PO
(ii)	Telegraph Office	TO
(iii)	Post & Telegraph Office	PTO
(iv)	Telephone Connection	PH

Column 10: Commercial and Co-operative Banks

If the village is served by any banking service, commercial bank, co-operative bank etc. the same is indicated in codes mentioned below along with the number of banks in brackets. If not available the distance of nearest place where the facility exist is given:

(i)	Commercial Bank	CM
(ii)	Co-operative Bank	CP

Column 11: Credit Societies

If the village enjoys the services of Credit Societies i.e. Agricultural Credit Societies, Non Agricultural Credit Society or Other Credit Societies, the same is indicated in codes mentioned below along with the number of such societies in brackets. In case the facility is not available within the village the distance of the nearest place where such facility exist is given:

(i)	Agricultural Credit Society	ACS
(ii)	Non- Agricultural Credit Society	NCS
(iii)	Other Credit Society	OCS

Column 12 : Recreational and cultural facilities

If facilities such as Cinema/Video hall, Sports Club, Stadium/Auditorium is available in the village. The same is recorded in these columns. If not available the particulars of the nearest place with the facility is recorded. The information is indicated in codes mentioned below along with the number of such facilities in brackets:

(i)	Cinema / Video Hall	CV
(ii)	Sports Club	SP
(iii)	Stadium / Auditorium	ST

Column 13 : Communications

If the village is served by any mode of public / private transport like Bus, Railway station or Navigable water ways they are to be mentioned as follows:

(i)	Bus Service	BS
(ii)	Railway Station	RS
(iii)	Navigable Waterway	NW

Column 14 : Approach to village

Approach to village refers to the state of road leading to village. The approach to the village is indicated in following codes :

(i)	Paved Road	PR
(ii)	Mud road	MR
(iii)	Foot path	FP
(iv)	Navigable River	NR
(v)	Navigable Canal	NC
(vi)	Navigable waterways other than River, Canal	NW

Column 15 : Nearest Town and distance

The distance is given in kilometres in brackets against the name of the town nearest to the village.

Column 16 : Power supply

Availability of Power Supply in the village, whatever may be the form of its use is given by using following codes :

(i)	Electricity for domestic use	ED
(ii)	Electricity for agricultural use	EAG
(iii)	Electricity for other purposes	EO
(iv)	Electricity for all purposes	EA

Column 17 : News Paper / Magazine

If village receives any News Paper/Magazines the same is noted in this column using following codes

(i)	News Paper	N
(ii)	Magazine	M

Column 18 : Most important commodities manufactured

The name of three most important commodities manufactured in the village is recorded against this column.

Column 19 to 23 : Land use i.e. area under different types of land use

Land use data maintained by the State/ UT Govts. are furnished against these columns. The data concerning area under Forest, Irrigated land (by source), Un-irrigated land, Culturable waste and Area not available for cultivation in the village are shown against these columns. The area figures are given in hectare(s) up to one decimal. Dash '-' is recorded wherever the information is not made available by the concerned department. The codes used for different types of irrigation facilities available in the village are indicated below:

(i)	Government Canal	GC
(ii)	Private Canal	PC
(iii)	Well (without electricity)	W
(iv)	Well (with electricity)	WE
(v)	Tubewell(without electricity)	TW
(vi)	Tubewell(with electricity)	TWE
(vii)	Tank	TK
(viii)	River	R
(ix)	Lake	L
(x)	Waterfall	WF
(xi)	Others	O
(xii)	Total	T

b) List of Villages merged in towns and outgrowths at 2001 Census

(i) List of Revenue Villages that have been fully merged in Towns and Outgrowths at 2001 Census

Serial number	Name of mandal	Name of village	Name of the Municipality/ Nagar Panchayat/ Census Town in which the village is merged
1	2	3	4
1	Ramagundam	1. Ramagundam	Ramagundam (M)
		2. Medipalle	Ramagundam (M)
		3. Malkapur	Ramagundam (M)
		4. Jangoan	Ramagundam (M)
		5. Maredapaka	Ramagundam (M)
		6. Allur	Ramagundam (M)
		7. Poratpalle	Ramagundam (M)
		8. Mallialpalle	Ramagundam (M)
		Palakurthy	Palakurthy (CT)
2	Kamanpur	Jallaram	Jallaram (CT)
3	Koratla	Koratla	Koratla (M)
4	Karimnagar	1. Karimnagar	Karimnagar (M)
		2. Bommakal (OG)	Karimnagar (M)
		3. Sitarampur (OG)	Karimnagar (M)

(ii) List of Revenue Villages that have been Partly merged in Towns and Outgrowths at 2001 Census

Serial number	Name of mandal	Name of village	Name of the Municipality/ Nagar Panchayat/ Census Town in which the village is merged
1	2	3	4
1	Jagtial	Jagtial	Jagtial (M)
2	Sircilla	Sircilla	Sircilla (M)
3	Karimnagar	Arepalle	Karimnagar (M) (partly) (OG)
		Chinthakunta	Karimnagar (M) (partly) (OG)
4	Kamanpur	Penchikalpet	Ramagundam (M) (partly) (OG)

Section II - Town Directory

Note explaining the abbreviations used in the town directory

Town Directory statements (I to VII)

Statement I : Status and Growth History

Column (2) : Class, name and civic status of town :

Class has been introduced to facilitate analysis of town directory data at the state and all India levels. It is presented according to 2001 Census Population of the town as follows :

Population	Class
100,000 and above	I
50,000 - 99,999	II
20,000 - 49,999	III
10,000 - 19,999	IV
5,000 - 9,999	V
Below 5,000	VI

Town with a population of one hundred thousand (1,00,000)and above is treated as a city.

The civic status of the towns is indicated within bracket against the name of the town. The following abbreviations are used to denote civic status of town.

(I)	Municipal Corporation	M. Corp.
(II)	Municipal Committee	MC
(III)	Municipal Council	M Cl
(IV)	City Municipal Council	CMC
(V)	Town Municipal Council	TMC
(VI)	Municipal Board	MB
(VII)	Municipality	M
(VIII)	Cantonment Board/Cantonment	CB
(IX)	Notified Area	NA
(X)	Notified Town	NT
(XI)	Notified Area Committee/ Notified Area Council	NAC
(XII)	Notified Town Area	NTA
(XIII)	Industrial Notified Area	INA
(XIV)	Industrial Township	ITS
(XV)	Township	TS
(XVI)	Town Panchayat	TP
(XVII)	Nagar Panchayat	NP
(XVIII)	Town Committee/ Town Area Committee	TC
(XIX)	Small Town Committee	ST
(XX)	Estate Office	EO
(XXI)	Gram Panchayat	GP
(XXII)	Census Town	CT

Others columns need no comments.

Statement II - Physical Aspects and Location of towns, 1999

Column 3 to 5 : Physical Aspects

In these columns the Rainfall and Maximum & Minimum Temperature of the town is recorded.

Column 6, 7 and 8 :

Name of the State headquarters, District headquarters and Sub-Divisional headquarters with distance from the referent town in kilometres, is to be recorded respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Column 9& 10 :

Name of the nearest city with one lakh and more and five lakhs and more population are recorded.

Column 11, 12 and 13 :

If referent town enjoys the facility of railway station, bus route facility or navigable river/canal. Its name is to be mentioned. If not available, then the

facility exists is to be mentioned.

Statement III : Municipal Finance, 1998 - 99

Item-wise amount of receipt and expenditure in thousand rupees, relating to municipal finance of the town for the year 1998-99 is to be recorded.

Statement IV : Civic and Other amenities, 1999

Column (1 to 5) : Self explanatory.

Column (6) : Road length (in kms.)

Information about kutcha / pucca road is to be recorded separately for the roads within the limits of the referent town.

(i)	Pucca Road	PR
(ii)	Kutcha Road	KR

Column (7) : System of Sewerage

Generally, by sewerage system is implied the network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastes are called separate sewers, those that carry storm water from roofs, streets and other surface are known as storm water drains, while those carrying both sewage and storm water are called combined sewers.

The codes used for different types of drainage system are as follows :

(i)	Sewer	S
(ii)	Open Surface Drains	OSD
(iii)	Box Surface Drains	BSD
(iv)	Sylk Drains	SD
(v)	Cesspool method	CP
(vi)	Pit System	Pt
(vii)	Others	O

Column 8 to 11 : Number of latrines

Number of various types of latrines both Public and Private are given in these columns.

Column 12 : Method of disposal of night soil

The various prevalent method of disposal of night soil are given below with codes :

Head Loads	HL
Basket	B
Wheel Barrows	WB
Septic Tank	ST
Pit System	Pt
Sewerage	S
Others	O

Column 13 and 14 : Water supply

Source and capacity of storage system. The following codes are used in these columns:

Column 13:

(i)	Tap water	T
(ii)	Tube-well water	TW
(iii)	Tank Water	TK
(iv)	Well water	W

Column 14:

(v)	Over Head Tank	OHT
(vi)	Service Reservoir	SR
(vii)	River Infiltration Gallery	RIG
(viii)	Bore Well Pumping System	BWP
(ix)	Pressure Tank	PT

The information on major source of water supply are given in column 13 and the storage capacity against each in kilo-litres (in bracket) are presented in column 14.

Column 15 : Fire Fighting Service

In case the fire fighting service is available in the referent town 'yes' is recorded. If the facility is not available within the town. The name of the nearest place having this facility with its distance from the referent town has been recorded.

Column 16 to 20 : Electrification (Number of connections)

Different types of electric connections have been shown in these columns, i.e. Domestic, Industrial, Commercial, Road lighting (points) & others.

Statement V : Medical, Educational, Recreational and Cultural Facilities, 1999

Column 1 to 3 : Self explanatory.

Column 4 & 5 :

The data covers all such medical institutions

run by or aided by Government/Semi Government/ Local bodies and Charitable institutions or Social agencies like the Missionaries. Where the family planning centres are attached to hospitals or maternity and child welfare centres or Primary Health Centres, may be treated as independent units and counted separately using following codes :

(i)	Hospital	H
(ii)	Dispensary	D
(iii)	Health Centre	HC
(iv)	Family Welfare Centre	FWC
(v)	T.B. Clinic	TB
(vi)	Nursing Home	NH
(vii)	Others	O

In case of more than one institutions of any type, it is indicated within brackets the number of such institution (s) e.g. D(3), NH(8), etc. The institutions have further been distinguished by providing additional codes within the bracket as given below :

Ayurvedic	A
Unani	U
Homoeopathic	Hom

Column 6 to 9 :

The codes used for these columns are as follows:

(i)	Arts only	A
(ii)	Science only	S
(iii)	Commerce only	C
(iv)	Arts & Science only	AS
(v)	Arts & Commerce only	AC
(vi)	Combined for all categories-Arts, Science and Commerce	ASC
(vii)	Law	L
(viii)	University	U
(ix)	Others	O

Column 10 : Recognized shorthand, typewriting and vocational training institutes

"Recognised" should mean recognised by some statutory authority, like education department, commerce department, labour department etc. of the Government or semi Government or autonomous bodies, public sector undertakings etc.

The following codes are used :

(i)	Vocational Training Institute	VT
(ii)	Shorthand	SH
(iii)	Typewriting	Type
(iv)	Shorthand & Typewriting	SH Type
(v)	Others	O

The vocational institutions like - Applied Art/Painting College, Pharmacy College, B. Ed. College, Teacher's Training Institute, Music / Dance School, Nursing School etc. are covered under 'Others'.

Column 11 to 14:

Higher Secondary/Intermediate/Senior Secondary/ PUC/Junior College level, Secondary/Matriculation, Middle Schools/ Junior Secondary and Primary Schools.

School up to class V are treated as Primary or elementary schools. These include Nursery schools, Kindergarten schools, Pre-Primary schools, Junior Basic schools upto class V and Primary schools upto class IV.

Schools upto VII are considered as Middle school or Junior Secondary.

Schools upto class X are considered as Matriculation or Secondary schools.

Schools upto XI or XII classes are considered as Higher Secondary / Intermediate / Pre University / Junior College etc. This would cover 10+2 classes whether held in schools or college.

If there are composite schools like middle schools with primary classes or Secondary schools with Middle classes, these are also included in the number of Primary and Middle schools, respectively. For example, if in a town, there are two Primary Schools and one Middle school with Primary classes, the number of Primary schools in the town is given as three and that of Middle schools as one though there are only three educational institutions.

If there are more institutions of a type in the town, the number is indicated within bracket along with the abbreviation, e.g. P(4), M(3).

Column 15 : Adult literacy classes/centres

This column has been introduced keeping in view the Minimum Needs Programme of the Planning Commission. There are number of Adult Education Centres which are included in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometres from the town where the facility is available is mentioned.

Column 16 : Working Women's hostels with number of seats

The number of working women's hostel if available in the referent town is mentioned with number of seats. If the facility is not available in the town the name of nearest place with distance where the facility is available is recorded.

Column 17 to 19 : Recreational and Cultural Facilities

Stadium, Cinema, Auditorium/Drama/Community Hall are covered under recreational & cultural facilities. The particulars of permanent recreational facilities are considered for these columns.

Column 20 : Public Libraries, Reading Rooms

Number of public libraries and reading rooms available in the referent town are recorded in codes as follows :

(i) Public Library	PL
(ii) Reading Room	RR

Statement VI : Trade, Commerce, Industry and Banking, 1999

Column 3 to 8 :

Name of three most important commodities exported and names of three most important commodities manufactured in the town are recorded.

Column 9 : Number of Banks

Number of Banks available in the referent town both Commercial and Co-operative banks are recorded against this column.

Column 10 & 11 :

Number of Agricultural Credit Societies and Non Agricultural Credit Societies

The total number of Agricultural Credit Societies and Non Agricultural Credit Societies in the referent town are recorded against these columns.

Statement VII : Civic and other Amenities in Slums, 1999

This is the statement on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like municipality, Municipal Corporation, Town area committee etc.

Brief note on Primary Census Abstract

The first census of the third millennium and twenty first century the Census of India, 2001 was the 14th continuous and uninterrupted Indian census since 1872. Thus, 2001 Census will provide data on population and its characteristics marking transition from one century and millennium to another.

The gigantic operation of Population Enumeration (considered by many to be the single largest and complex peace time administrative exercise in the world) was made possible due to the door to door universal canvassing of the Household Schedule by about 2 million enumerators and supervisors covering 593 districts, 5,463 sub-districts, 5,161 towns and 638,588 villages. The comprehensive Household Schedule which replaced the individual slip had three parts and two sides A and B. Part I contained the Location Particulars; Part II related to the Individual Particulars and Part III contained questions for Household engaged in Cultivation/Plantation. The part II of the Household Schedule had 39 columns and 23 questions all of which were universally canvassed and no sampling was resorted to during enumeration.

Data Processing

A quantum leap was made in the technology front while processing the Census 2001 data both for Houselisting and Population Enumeration. The Census schedules for both the phases were scanned through high speed scanners in fifteen data centers across the country and hand-written data from the schedules were converted into digitized form through Intelligent Character Reading (ICR) software for creation of ASCII records for further processing. The designing and formatting of the Household Schedule had to be done very carefully using specialized software so as to ensure uniformity, which was an essential pre-requisite for scanning. The selection of appropriate state-of-art technology in data processing has made it possible to produce all the Houselisting as well as Population Enumeration tables on full count basis for the first time in the history of Census. For Census 2001, about 202 million schedules consisting of about 1,028 million records were scanned and processed within a span of only 10 months starting October, 2002.

Task Force on Quality Assurance

After the data is processed, it is expedient on the part of the data producing agency to satisfy itself about its quality before putting the same in public domain. This has to be done mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception has to be brought into play to understand both the existing and the new emerging trends of population distribution and characteristics. The other very important aspect of the data quality is to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, specially for small area population statistics.

A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2001 Population Enumeration results and finally clear them for use. The responsibility of the final clearance of data was with the Task Force on Quality Assurance (TFQA), headed by the Registrar General and Census Commissioner, India. The other members of the TFQA were the Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The Directors and their senior officers were required to make detailed presentations of data for their own state both in respect to the quality and the coverage and only after the full possible cleared.

There has been a major departure in Census 2001 from the past in respect of the procedure followed for finalization of the Scheduled Castes and the Scheduled Tribes population. In the earlier censuses, the total Scheduled Castes and Scheduled Tribes populations were finalized at the time of the manual compilation of the Primary Census Abstracts (PCA) at the Regional Tabulation Offices which were specially set up for this purpose. The individual Scheduled Castes and the Scheduled Tribes population for each state was finalized much later based on manual coding done by the coders. In 2001 Census, each individual Scheduled Caste and the Scheduled Tribe have been coded directly on the computers by the Data Entry Operators through a process known as Computer Assisted Coding (CAC) and taken up along with the processing of PCA data. The CAC process involves pulling down, from the relevant dictionary of the Scheduled Castes and the Scheduled Tribes, on the computer screen and coding from the dictionary by referring to the image of the specific individual entry in the Household Schedule appearing on the screen. The CAC of the response on Religion wherever required, was also undertaken along with the processing of PCA. This is because the Scheduled Castes status had to be determined in relation to the religion of the individual. Two Special Task Forces, one on Religion and the other on Scheduled Castes/ Scheduled Tribes were constituted for scrutiny and appropriate classification of these responses.

The main task of the Special Task Force on Religion was to appropriately merge or group the new responses encountered and code it into the appropriate religious community based on available literature and local knowledge. The Special Task Force on Scheduled Castes and Scheduled Tribes examined the different Scheduled Castes and Scheduled Tribes entries encoun-tered and classified these into appropriate category of the Scheduled Castes or the Scheduled Tribes principally based on the Presidential Notification and the available literature. Thus a very systematic and scientific mechanism was operationalised to firm up the individual religion and the individual Scheduled Castes/Tribes returns. The Scheduled Castes and the Scheduled Tribes population in 2001 Census, is thus being finalized by aggregating the population data for individual Scheduled Castes and the Scheduled Tribes at appropriate geographical levels.

The entire work relating to the data validation and scrutiny was completed by all the States/Union Territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

Primary Census Abstract

The Primary Census Abstract which is yet another important publication of 2001 census gives basic information on Area, Total Households, Total population, Scheduled Castes, Scheduled Tribes population, Population in the age group 0-6, Literates, Main workers and Marginal workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural labourers, (iii) Household Industry Workers, and (iv) Other workers and also Non-workers. The characteristics of the Total Population includes Scheduled Castes, Scheduled Tribes, Institu-tional and Houseless population and are presented by sex and rural-urban residence. This data is presented at different levels, namely, India, States/Union territories, Districts and Cities, Urban Agglomerations (Population 1,00,000 and above) in three different tables. In addition, the Appendix of said publication provides Houseless and Institutional Households and their population by residence and sex for 2001 for India, State and Union territory.

Apart from the India and State/Union Territory volumes for Primary Census Abstract, the District Census Handbook contains District Primary Census Abstract, Appendix to District Primary Census Abstract, Primary Census Abstract for Scheduled Castes, Primary Census Abstract for Scheduled Tribes, Village Primary Census Abstract and Urban Primary Census Abstract of the concerned district in the state.

It was for the first time at the 1981 Census that the Primary Census Abstract (PCA) was brought out for the Scheduled Castes and the Scheduled Tribes separately on the pattern of General Primary Census Abstract. This practice was continued in 1991 also. In the 1961 and 1971 Censuses, such data were made available in Table C-VIII-Social and Cultural table and to some extent in the series 'Special Tables for Scheduled Castes/Scheduled Tribes'.

The format of Primary Census Abstract has been restructured slightly in the 2001 Census as compared to that of 1991 Census. The nine-fold industrial classification of main workers given in the Primary Census Abstract of 1991 Census has been discontinued and its place, four-fold industrial classification of both 'main workers' and 'marginal workers' are included. In 1981 census only main workers were presented into four categories. One of the novel features of the primary census abstract of 1991 census was the presentation of data of the population of age group 0-6 is continued in 2001 Census also. This will help the data users in better analysis and understanding of this literacy data.

Level of presentation in District Census Handbooks:

The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts are as under:

Name of the Primary Census Abstract	Level of presentation
1. District Primary Census Abstract	District/Mandal Parishad/UA/City/Town
2. Primary Census Abstract for Scheduled Castes	District/Mandal Parishad/Town
3. Primary Census Abstract for Scheduled Tribes	District/Mandal Parishad/Town
4. Village Primary Census Abstract	Mandal Parishad/Village wise
5. Urban Primary Census Abstract	Town/Ward level

The PCA Data for villages was presented Mandal Parishad wise for the first time in 1991 Census. This practice is continued in 2001 Census also. The data for each Mandal Parishad is presented both for rural and urban areas separately. All the villages within the Mandal Parishad constitute the rural portion and the Census Towns and Outgrowths are shown under the urban portion of the Mandal Parishad. In case a Mandal Parishad is spread over two or more districts, than portion which falls within the district is presented, the data pertaining to remaining portion of the Mandal Parishad is presented in the concerned District Census Handbook. The data in the Urban Primary Census Abstract for each town as well as for town with outgrowths in the district are presented. The data for all the wards and the outgrowths of the town(s) are also presented separately below the concerned town(s).

The District Primary Census Abstract is presented in 59 columns. The Primary Census Abstract for Scheduled Castes and Primary Census Abstract for Scheduled Tribes are presented in 52 columns. The Village Primary Census Abstract and Urban Primary Census Abstract are presented in 58 columns.

The concepts and definitions used in the column heading are explained under the sub heading 'Census Concepts' in the Analytical Note. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. The explanation regarding area figures presented at various level in the Primary Census Abstracts are as follows:

Area Figures

The area figures supplied by local revenue authorities of the district in respect of mandals, Police Stations and by the local bodies in respect of towns are given in square kilometres. The area figures of the villages supplied in acres have been converted and shown in hectares. The area figures of the Mandal Parishad is the total of the village areas coming under each Mandal Parishad. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level. The total area figures of all the Mandals/Mandal Parishad within the district may not tally with area figures of the district because former represents land use area only. Similarly, the total of all the villages area may not tally with the entire rural of Mandal. The difference may be due to the fact that while the area covered by hills, forests and rivers etc, have been accounted in the level the same may not be covered under the area of the villages. Apart from this it may also differ due to varying methods of computation adopted at different levels.

An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

Annexure - I
Fertility and Mortality, 1991 Census

Fertility Levels :

Fertility is a natural growth of population. Crude birth rate is the most commonly used measures to know the fertility rate. During 1991 Census, certain information was collected from all ever married women such as (i) Age at marriage, (ii) Number of children surviving at present,(iii) Number of children ever born alive. For Currently married women in addition to above information, if any child born at preceding one year to the Census also collected. Fertility measures were worked out on F-series tables of 1991 Census of Andhra Pradesh. Definition of Fertility measures is given in the chapter on Census concept.

Age Specific Fertility Rate :

It is seen from the below table, the Age Specific Fertility Rate was higher in the age group 20-24 of Rural areas of Karimnagar district. However, the same was lesser than that State figures. In the same age group the total rate was lower than that of the State.

Annexure –I (a)
Age Specific Fertility Rates/Levels, 1991

Age Group	Karimnagar District			Andhra Pradesh State		
	Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7

Child Mortality :

Information on the Questions on children ever born and children surviving canvassed for all ever married women has been tabulated by age of mother. From this, estimates of child mortality have been worked out by using brass technique.The estimates of child mortality are (Number of deaths by ages 1,2,3 and 5) given below as Q(1) , Q(2), Q(3)and Q(5). The above table shows the child mortality was lower than that of State Males and Females. The male child mortality was lower than that of female child mortality in district, except in age group 0-3 years.

3. R.G's occasional paper of 1997

Fertility Measures :

The above table shows the various measures of fertility and mean age at marriage recorded during 1991 Census. They recorded lower rates than that of State in TMFR, GMFR, CWR and mean age at marriage of currently married woman. This district has recorded higher rate in CBR, while remaining are equal to state rates.

Annexure III
Percentage distribution of Migrants by place of birth/place of last residence, 1991 Census and 2001 Census

Migration :

The migrants by place of birth in Andhra Pradesh State were returned 194.64 lakhs as per the 1991 Census, comprising of 62.53 lakhs were males and 132.11 lakhs. were females. These migrants constitute 29.27% of the total population. Male constitute 18.54% of the males population and female constitute 40.30% of the female population.

Annexure – III(a)

Distribution of Migrants by Place of Birth and Percentage, 1991 Census

Place of Birth	Karimnagar District			Andhra Pradesh State		
	Persons	Males	Females	Persons	Males	Females

Source : *Part –VA and VB – D Series, 1991 (Vol-I)*

In Karimnagar district too females migrants were more in number than that of males in all categeries except, those who born in other countries. Males were forming more percentage in inter district migrants to total male migrants than that of female inter district migrants percentage to total female migrants. Similiar is in case of Inter state migrants also.

From the distribution of total migrants in the district by place of birth, it can be seen from the above table that the intra district migration was more than that of State in both the sexes. While migrants from other districts of the State and other States of India were lesser percentage in the district than that of state. The number of female internal migrants are more at all level, which was natural due to marriages.

Source: *Migration Tables (D Series) - 2001*

The migrants by place of birth were returned 194.6 and 228.3 lakhs in Andhra Pradesh State as per the 1991 and 2001 Censuses respectively. It shows a growth rate of 17.3% total migrants over 1991 Census with a breakup of 21.8% males and 15.2% females. In Karimnagar district the migrants are 845,037 persons as per 1991 Census whereas 1,010,816 persons are in 2001 Census with a growth rate of 19.6% over 1991 census. In both the Censuses the female migrants are more than male migrants due to marriages.

In respect of inter district migrants, male migrants are forming less percentage than female migrants. In the case of inter-state migrants the males are more than females in both the Censuses. Similar is in case of International Migrants.

Rural - Urban components of migration

The flow of migrants would consists of four streams such as rural to rural, rural to urban, urban to rural and urban to urban. The data on the basis of these four streams in case of migrants is classified by place of birth. It presents the data only in relation to internal migrants.

Of the total 184.07 lakhs intra State migrants of Andhra Pradesh 63.92% have moved from rural to rural, 20.95% from rural to urban. 5.72% people have moved from urban to rural and 9.34% from urban to urban. In case of Karimnagar district of the Total 8.21 lakhs. intra state migrants 66.69% have moved from rural to rural and 5.93% have moved from urban to urban, 23.59% have moved from rural to urban and 3.79% from urban to rural.

In case of migrants from other States numbering 10.27 lakhs., in Andhra Pradesh 33.94% had migrated from rural to rural, 33.39% had moved from urban to urban, 21.77% migrants had moved from rural to urban and 10.73% from urban to rural. In case of Karimnagar 23,151 migrants were from other States. Of these 1/3(33.86%) people, who born in rural areas were settled in rural areas of the district and 1/4 (26.48%) of people from rural areas of other states settled in urban areas. Similarly. ¼ (27.95%) of people who born in urban areas of other states settled in urban areas and about 1/10 (11.71%) in rural areas.

This annexure shows percentage distribution of migrants by place of birth as recorded in 1991 census. For all districts of Andhra pradesh the persons born elsewhere in the district of enumeration works out to 71.0 percent whereas in respect of persons born in other districts of Andhra Pradesh, born in other states and other countries works out to 23.6%, 5.3% and 0.2% respectively.

In respect of Karimnagar district the persons born elsewhere in the district of the enumeration recorded 78.8% and the persons born in other districts of the state returned 18.4%. Among the migrants of the district, the persons born in other states and other countries works out to 2.7% and 0.08% respectively. Out of 1.95 crores of migrants of the state, 8.4 lakh migrants belong to Karimnagar district. It is interesting to note that the female migrants are more in number than males in all the districts of the state except in Hyderabad district where male migrants are recorded a little more than females.

Source: *Migration Tables (D Series) - 2001*

The above annexures show the percentage distribution of migrants by place of birth as recorded in both the Censuses of 1991 and 2001 in Andhra Pradesh state. It is observed that 3.0% increase in the migration who were born elsewhere in the district of enumeration with a sex breakup of 3.0% each, whereas in respect of the migrants who were born in other districts of the state, in other states of the country and in other countries are recorded with a difference of (-)2.2% to -0.8% and (-)0.1% respectively between two censuses of 1991 and 2001.

In respect of Karimnagar district the difference between the two Censuses can be observed the percentage of 3% persons, 6.3% males and 7.4% females in the persons born elsewhere in the district of the enumeration. Regarding the migrants from other states in India only a minor variation is recorded with -0.5%.

Among the migrants that are born in the Abroad a minor decrease is noticed in the percentage variation between 1991 and 2001 censuses (i.e. (-) 0.1%).

Annexure IV
Brief account of Main religions in the district/ mandal as per 1991 Census and 2001 Census

Religion :

The data on religion has been collected and presented for 6 major religions viz. Hindus, Muslims, Christians, Sikhs, Jains and Buddhists. In respect of minor religions, they have been classified and shown under the category "Others".

During 1991 Census, the religion data was collected through question No.8 of the individual slips and recorded the religion as stated by the individual under six major religions. The minor religions other than these six religions, as reported by the respondent, recorded and classified under the category "Others".

There were six Religions that had been identified in the State during 1991 Census. These were 1. Hindu 2. Muslim, 3. Christian, 4. Jains, 5. Buddhist and 6. Sikh. In the Karimnagar district too there were six Religions during 1991 Census. This district had 30,37,486 Population as per 1991 Census, comprising 28,48,853 Hindus, 1,70,948 Muslims, 15,007 Christians, 1,417 Sikhs, 17 persons belong to Jains and 68 persons have returned as Buddhists . In terms of percentage, the percentage to total population of Hindus have recorded with 93.8, followed by Muslims with 5.6 and 0.5 of Christians. 1169 persons recorded as no Religion in the district, comprising 608 males and 561 females.

In all 56 Mandals, Hindus, Muslims and Christians Religions had been returned in both Rural and Urban areas of the district in 1991 Census. Among these three Religions, Hindu Religion had highest popularion in almost all the Mandals.

As regards, Muslim Religion, this Religion occupied second place in the district. Karimnagar Mandal had recorded highest Muslim population in the district i.e.,38,711 with 17.7per centage of total mandal population followed by Ramagundam and Jagtial Mandals with 19,440 and 16,755 persons respectively. The least number of Muslims were recorded in Mutharam Mandal with 288 persons only.

Though the Christian Religion was identified in all 56 Mandals, the number of Christians were very less when compared with Hindus and Muslims. There

was no Christians in the Rural areas of Manthini Mandal. Ramagundam Mandal has recorded highest Christians in the district with 3159 persons followed by Karimnagar and Vemulawada Mandals are 2754 and 865 persons respectively. Only one female Christian was recorded in Gangadhara Mandal.

The Jain Religion had been recorded with 17 perons in the district. They were returned in Karimnagar Urban and Karimnagar Rural only.

The distribution of 68 Buddhists were found in Kamanpur (8), Karimnagar (49) , Sircilla (9) and one each in Ibrahimpatnam and Kohed Mandals.

This District has 1417 persons of Sikh Religion, spread over in 20 Mandals. The highest number was recorded in Karimnagar mandal with 1031 persons, followed by Jagtial mandal 126 and Ramagundam mandal 117 persons. Reader has to follow the Religion Table for Mandal-wise and other details like Rural - Urban breackup and Male - Female breakup.

Source: Religion Data, Andhra Pradesh - 2001

The above table gives the details of Main Religions in the district for 2001 census whereas the previous Annexure shows the details of main religion in 1991 census. During 2001 census the religion data was collected through question number 7 of household schedule. Out of the total population of the district Hindus have returned 93.1% during 2001 census as against 93.8% in 1991 census. In respect of Muslims they have returned 6.1% in 2001 whereas their percentage during 1991 was 5.6%. The next main religion in the district is Christians who returned 0.6% during 2001 census as against 0.5% in 1991 census. In respect of remaining main religions viz. Sikhs, Buddhists, Jains and others their strength in the district is negligible.

India-State-District differentials :

The comparative data on religion among India, Andhra Pradesh and Karimnagar reveals that concentration of Hindus was higher followed by Muslims and Christians as per 1991 Census findings. Hindus were returned on the higher side in the State with nearly seven percent more than the national average, while in Karimnagar district they were more over eleven percent than national and about four percent than the State. They constituted 82.4%, 89.14% and 93.79% in India, Andhra Pradesh and Karimnagar district respectively. Muslims recorded as 11.7% in India, 8.91% in Andhra Pradesh and 5.63% in the district. It shows their percentage in the district is less than the percentage of India and the State. The percentage of Muslims in the State is less than the Country, while the percentage of Christians in the country is more than the State i.e.,2.3% in India 1.83% in the State and 0.49% in the district. Buddhists and Jains formed negligible percentage in the district. Whereas Sikhs recorded 2% in the country and their population in the district is 0.05%.

Annuxure IV(b)

Percentage distribution of population by major religions in India, Andhra Pradesh and Karimnagar district and its growth rate during 1981-1991

Sl. No.	Name of Religion	India		Andhra Pradesh		Karimnagar District	
		Percentage of Population	Percentage growth rate 1981-91	Percentage of Population	Percentage growth rate 1981-91	Percentage of Population	Percentage growth rate 1981-91
1	2	3	4	5	6	7	8
1	Hindus	82.4	22.3	89.14	24.74	93.79	24.50
2	Muslims	11.7	32.8	8.91	30.66	5.63	26.85
3	Christians	2.3	16.9	1.83	(-) 15.14	0.49	23.62
4	Sikhs	2.0	25.5	0.03	35.06	0.05	29.52
5	Buddhists	0.8	36.0	0.03	71.33	Negligible	13.33
6	Jains	0.4	4.4	0.04	42.50	Negligible	-29-17
7	Others	0.4	13.1	Negligible	201.29	Negligible	(-)27-22

Religion-wise growth in the State during the decade 1981-1991 shows that Hindus recorded higher growth rate than India as a whole i.e. 24.74% as against 22.3% in India. The growth rate of Hindus in the district was 24.50 and it was on par with the State and more than Country. The growth rate among the Muslims in the district was 26.8% and it was less than that of State and Country. The Christians population has decreased in the State, but it is increased in the district during the decade.

Inset Table to Annexure IV (b)
Percentage distribution of population by major religions in India, Andhra Pradesh and Karimnagar district and its growth rate during 1991-2001

Source: Religion Data, Andhra Pradesh - 2001

This table gives the comparative data on religions among India, Andhra Pradesh and Karimnagar district between 1991 and 2001 census, whereas the previous Annexure furnish the comparative data on religion during 1981 and 1991. At India level among the total population returned in the 2001 census Hindus constituted 80.5% as against 82.4% in 1991. The percentage growth rate of Hindus during the decade 1991-2001 has recorded 20.3 whereas the corresponding growth rate during 1981 and 1991 was 22.3%. It clearly shows that growth rate in Hindu population is diminishing which can be attributed that the people of this religion is more conscious about family planning methods. In Andhra Pradesh the percentage of Hindus has recorded 89.0 whereas the corresponding figure during 1991 was 89.1%. However the percentage growth rate of Hindus has fallen to 14.4 from the percentage growth rate of 24.7 as recorded during the decade 1981-1991. In Karimnagar district though the percentage of population of Hindus recorded 93.1% as against 93.8% in 1991 their growth rate in 1991-2001 has fallen to 14.2% as against the growth rate of 24.5 % in 1981-1991.

In respect of Muslims, their percentage to total population has recorded 13.4 at India level as against 11.7% in 1991. In Andhra Pradesh their percentage has gone up to 9.2% from 8.9% in 1991. In respect of Karimnagar district, Muslims constituted 6.1% of total population during 2001, whereas the corresponding figure recorded in 1991 was 5.6. However in this district the growth rate in the decade 1991-2001 has declined to 25.1% as against the growth rate of 26.9% recorded in 1981-1991.

The other main religion going by numerical strength is Christians. They constituted 2.3% of total population at India level during 2001census. Their growth rate during the decade 1991-2001 is 22.6% at India level as against the growth rate of 16.9% recorded in 1981-91. In Andhra Pradesh their percentage growth rate continues to show the negative trend. The percentage growth rate of this community recorded during 1991-2001 is (-) 2.8 as against (-) 15.1 recorded during decade 1981-1991. In Karimnagar district during 2001 Christians constituted 0.6 % to total population as against 0.5 % in 1991. The percentage growth rate of this community during 1991-2001 has recorded 37.1% as against 23.6% in 1981-1991. In respect of other main communities their growth rate is negligible.

Annexure - iv(c)
Distribution between Rural and Urban areas of Major religions in Andhra Pradesh and Karimnagar district - 1991

Sl. No.	Name of Religion	Andhra Pradesh (in %)		Karimnagar District (in %)	
		Rural	Urban	Rural	Urban
1	Hindus	76.55	23.45	81.74	18.26
2	Muslims	41.83	58.17	43.96	56.04
3	Christians	60.48	39.52	53.98	46.02
4	Jains	4.11	95.89	29.49	70.59
5	Buddhists	80.41	19.59	69.12	30.88
6	Sikhs	10.85	89.15	12.77	87.23

Rural - Urban differentials :

In Andhra Pradesh and Karimnagar district, it is seen that Hindus form considerably higher in rural areas i.e., 76.55% and 81.74% respectively. Similarly Christians and Buddist form higher percentage in rural areas than urban areas of the district and the state. But Muslims Jains and Sikhs form higher percentage in the urban areas both in the State and District.

Inset table to Annexure IV (c)
Distribution between Rural and Urban area of Major religions in Andhra Pradesh and Karimnagar district - 2001

Sl. No.	Name of Religion	Andhra Pradesh (in %)		Karimnagar District (in %)	
		Rural	Urban	Rural	Urban
1	Hindus	76.3	23.7	82.8	17.2

3	Christians	55.0	45.0	62.0	38.0
4	Jains	5.0	95.0	37.0	63.0
5	Buddhists	66.0	34.0	43.0	57.0
6	Sikhs	17.0	83.0	20.0	80.0

Source: Religion Data, Andhra Pradesh - 2001
Part-IV B(ii) of Andhra Pradesh 1991 Census

The above table indicates the distribution of major religions between rural and urban in Andhra Pradesh and Karimnagar district during 2001 census whereas the previous Annexure has given details recorded in 1991 census. The above inset table to the Annexure shows that the distribution of Hindus, Muslims and Christians in rural areas of the district has been more than the state average but in urban it is vice-versa except Muslim, though their percentage is more than the state average. In 2001 the concentration of Jain, Buddhists and Sikhs is more in urban areas at district level but at state level Buddhists percentage is more in rural areas.

In 1991 Jains and Sikhs lived more in urban areas where as Buddhists percentage is more in rural.

Annexure V
Marital status of population as per 1991 Census and 2001 Census

Marital status has been classified as (i) Never Married, (ii) Married, (iii) Widowed and (iv) Divorced or Separated. To ascertain the marital status of a person, it has been made in the following manner.

(i) A person who has never married at any time before, treated him/her as never married

(ii) A person who has been married, whether for the First or another or at any time and whose marriage is subsisting at the time of Enumeration with the spouse living treated such a person as married

(iii) A person whose husband/wife is dead andwho has not been married again, treated her/him as widowed

(iv) A person who has been separated from wife or husband and is living apart with no apparent intention of living together again or who has been divorced either by decree of a law of court or by an accepted social or religious custom but who has not re-married, treated such a person as Divorced/Separated.

The following statement shows the Age, Sex and Marital Status composition of the population separately for Total, Rural and Urban in Karimnagar district.

In Karimnagar district the total population is 30,37,486 persons, 43.71% were never married, 50.78% were currently married and 4.77% were Widowed. Divorced and Separated constituted less than 1%. Never married persons were found in all the age groups, i.e. even after age of 44 years. It is evident from the Annexure - V that child marriages were still prevailed in the district. According to the statement there were 5,610 males and 11,350 females that were currently married in the age group of 10-14 years. It is pitiable to note that about 770 persons were found widowed in the age group of 10-19 years. Perhaps child marriages contribute major role in for going for divorce or separation. About 3,110 persons got separated in the age group of 10-19 years. Among the divorced and separated persons highest percentage i.e.,18.15% was found in the age group of 20-24 years.

Source: Socio-cultural Tables (C-Series) - 2001

The above inset table gives the details by age, sex and marital status composition of the population separately for total, rural and urban areas of the district during 2001 census, whereas the previous Annexure shows the above details for 1991 census. In 1991 while furnishing age group-wise marital status data, a separate age group 15-44 where the marital status was high has been shown. In 2001 census keeping in view of persons aged less than 18 years and persons aged less than 21 years, being high concentration of marital status, has been furnished. In the district population of 3,491,822 persons, 845,641 (24.22%) males and 676,442 (19.37%) females were recorded as never married. In the total district population, 868,893 (24.88%) males and 903,214 (25.87%) females were found married during 2001 census. It is pity to note that as against 148,904 widows 28,694 widowers were found in the district during 2001 census. The reason for high percentage of widows can be attributed to aged males marrying younger females. As against total population of 1,292,322 persons in the age group less than 18 years, 50.7% males and 47.7% females were found never married in 2001 census. In respect of married persons under the age group less than 18 years, only 0.17% males and 1.32% females were recorded in 2001 census which means public are more conscious about Marriage Act and also ill-fate of early marriages. Similar trend is noticed both at rural and urban areas even for age group less than 21 years. There is no much variation in the figures of marital status of the district between 1991 and 2001 censuses.

Annexure VI
Age , sex and Education in the district as per 1991 Census and 2001 Census

The education table was worked-out on the basis of literates in the district.

Definition of literate :

A person who can both read and write with understanding in any language is to be considered as literate. If a person who can merely read but cannot write is not a literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard. All the children in the age of 6 years or less have been treated as illiterates even if the child is going to school and may have picked up reading and writing.

The following table gives age, sex and education in the district at 1991 Census:

Annexure VI
Age, Sex and Education in the district as per 1991 Census

It is seen from the above statement that among literates, the percentage of school going children in the age group 7-14 years was found 59% to 75% in the district. While total literates in the district had been worked out to 37.17% only. Females were accounted only 23.37% literates as against 50.79%

of males. In all the age groups males literacy was considerably dominating with that of female literacy. Highest percentage educated were found in among the persons aged 11 years in both the sexes.

As per the above table, literacy improvement had also been identified in the age group of 15-19 to 45-49 forming 35.87% as against 12.96% in the age group of 50-54 to 80+. It reveals that the rapid education growth than that of Pre-independent days, due to providing more education facilities in the district.

Source: Socio-cultural Tables (C-Series) - 2001

The Annexure presented in the pre-page gives the details of Age, Sex and Education in the district for 1991 census whereas the above inset table reveals the data for 2001 Census. As was done in the previous Census, the children in the Age group 0-6 have been treated as illiterates even in 2001 census. It is seen from the above table that the district has recorded 54.9% literates in 2001 as against 37.2% literates in 1991. In the district the literacy rate for males has recorded 67.1% as against 42.7% in females during 2001 Census. From the above inset table it is noticed that in the school going age groups i.e 7 to 14 years, their literacy rate recorded between 73.9% and 88.9%. In all the age groups male literates are dominating females. The highest educated are found in the age group 11 years with 93.9% and their sex-wise breakup recorded 95.8% in males and 91.8% in females. It is a good trend that the essentiality of the education is felt much by the general public.

Annexure VII
Distribution of different mother tongues returned in 1991 Census at District/ Mandal level and the data at District level for 2001 Census

Mother Tongue :

Mother tongue is the language spoken in the childhood by a person mother to the person. If mother dies in infancy, the language mainly spoken in the person's home in childhood will be treated as mother tongue. In the case of infants and deaf-mutes the language usually spoken by the mother will be the mother tongue. A very large number of mother tongues had been returned during 1991 Census. It lead to thorough scrutiny and rationalisation, which resulted in 1576 rationalised mother tongues and 1796 names were treated as unclassified or "others". The 1576 rationalised mother tongues were further classified following the usual linguistic methods for rational grouping based on available linguistic information

Thus, a total inventory of classified mother tongues returned by 10,000 or more speakers at the all India level were grouped under appropriate languages, where possible, was prepared for final presentation of the 1991 Census data. The total number of languages so arrived at was 114. Of which 18 languages were included in Eighth Schedule to the constitution of India(Scheduled languages).

Karimnagar district has dominated by the Telugu speaking people with 28,09,824 comprising 92.7% followed by Urdu with 5.4% and Lambadies with 1.0% during 1991 Census. Besides many other Languages were returned in the district, but their contribution is very less percent. Telugu Language was occupied Ist rank in the district as its Regional Language in the State.

Telugu has also donminated in all 56 mandals in the district. No other Language has domoinated in any Mandal of the District. Similarly Urdu and Lambadi took their places as in the district except in some Mandals. Lambadi has identified second place in Mallapur Mandal only. Interestingly, the Velgtoor Mandal has found with three Languages only viz., Telugu, Urdu and Yerukula.

In Ramagundam Mandal Hindi and Oriya Languages occupied second and third ranks respectively. In Karimnagar Mandal Urdu and Hindi took second and third places respectively.

The Other Languages which were listed out in the district are also identified in Ramagundam and Karimnagar Mandals. It reveals that the migration from other States mainly ekeout of their livelihood . This district has number of coal mines and deployed number of persons from all over India in the Mines. Hence, all the Regional Languages were found in the Urban areas of Ramagundam and Karimnagar Mandals. The contribution of the dominated languages in the Urban and Rural areas of the district remain same.The detailed information on Language study for all listed out in the district may be seen from the below statements like its contribution, Rural – Urban breack-up by Sex in the mandals as well as district.

N= Negligible

The above inset table gives the abstract of the languages as mother tongues and their strength in the district recorded in 2001 Census whereas the previous annexure shows the details for 1991 census. In 1991 the data was presented in alphabetical order whereas in 2001 the mother tongue data has been presented basing on their numerical strength in descending order. The mother tongues having minor returns have been clubbed together and added in the category of 'Others'. Telugu being the region's language has recorded 91.8% to total population in the district with a slight decline in the percentage recorded in 1991 (92.5). The next highest language being spoken is Urdu with 5.6% to total population of the district whereas in 1991 the percentage of Urdu speaking people recorded 5.6. In respect of other scheduled languages it is noticed that their strength is negligible both in 1991 and 2001. In the district almost all the scheduled languages (except Manipuri) returned.
