# KURNOOL

### VILLAGE & TOWN DIRECTORY

### VILLAGE AND TOWNWISE PRIMARY CENSUS ABSTRACT

लोकाभिमुख
PEOPLE ORIENTED

Director of Census Operations, ANDHRA PRADESH

# Foreword

The District Census Handbook (DCHB) published by Census Organisation since 1951 census, is one of the important publications in the context of planning and development at gross-root level. The publication, which is brought out for each district, contains several demographic and socio-economic characteristics village-wise and town-wise of the district along with the status of availability of civic amenities, infrastructural facilities, etc.

2. The scope of the DCHB was initially confined to a few Census Tables and Primary Census Abstract (PCA) of each village and town within the district. Thereafter, at successive censuses, its scope and coverage has been enlarged. The DCHB published at the 1961 census provided a descriptive account of the district, administrative statistics, census tables and a village and town directory including PCA. The 1971 census-DCHB series was in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/ town levels. New features alongwith restructuring of the formats of village and town directory were added into it In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given. Information on new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet the requirements of some of the Revised Minimum Needs Programme. Information on approach to the village was provided for the first time in the Village Directory so as to give the details on number of inaccessible villages in each district. In the Town Directory, a statement (IV-A) on slums was introduced to provide the details on civic and other amenities in the notified slums of Class I and Class II towns.

3. The 1991 census DCHB, by and large, followed the pattern of presentation of 1981 census, except the format of PCA was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex-wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation. It was expected that the presentation of village directory and PCA data at CD block level will help the planners in formulation of micro level development plans, CD block being lowest administrative unit.

4. The present series of 2001 census DCHBs have been made more informative and exhaustive in terms of coverage and content. The Village Directory has been enlarged in scope by including a number of other facilities like banking, recreational and cultural facilities, newspapers and magazines and ‘most important commodity’ manufactured in village. Income and expenditure of gram panchayat, wherever possible, has been provided. Apart from these, more details on distance(s) at which basic amenities are available (if not available in the village), are given. This includes educational facilities (namely primary and middle schools and college), medical facilities (viz. Allopathic Hospital, Maternity & Child Welfare Centre and Primary Health Centre), drinking water, post & telegraph (post office and phone), communication, bank, credit societies and recreational

facilities. In Town Directory, the statement on Slums has been modified and its coverage enlarged by including details on all slums instead of 'notified slums'. The information is given in case of all statutory towns irrespective of their class, against only Class I and Class II towns in the 1981 and 1991 censuses. The basic amenities available in the villages and towns are analysed in depth with the help of a number of cross-classified inset tables and statements. Two other significant additions in the publication are inclusion of 'motif' highlighting significant characteristic of the district and analytical notes as annexures. The analytical notes on (i) fertility and mortality and (ii) various measures of fertility and mean age at marriage are prepared based on 1991 Census. Whereas, in the notes relating to (i) percentage distribution of migrants by place of birth/place of last residence, (ii) main religions, (iii) marital status of population, (iv) age, sex and education, and (v) distribution of spectrum of mother tongue, nature and extent of changes occurred in the district in its basic socio-demographic features during the decade 1991-2001 are analysed. The eight digits permanent location code (PLCN) to all the villages and towns have been assigned keeping in view the future needs.

5. The village and town level amenity data have been collected, compiled and computerized in prescribed record structure under the supervision of Shri. V.S. Bhaskar, IAS., Director of Census Operations, Andhra Pradesh. Thereafter, efforts have been made to ensure comparability of the information with that of 1991 census data and the information brought out by the respective state governments in their annual reports and statistical handbooks for various years after 1991. The task of planning, designing and coordination of this publication was carried out by Shri R.G. Mitra, Deputy Registrar General (C&T) and Dr. I.C. Agrawal, Senior Research Officer of Social Studies Division. Dr. R.P. Singh, Deputy Registrar General (Map) provided the technical guidance in the preparation of maps. Whereas, Shri Anil Kumar Arora, Deputy Director of Data Processing Division who worked under the overall supervision of Shri Himakar, Addl. Director (EDP) helped in preparation of record structure for computerization of village and town directory data and the programme for the generation of Village Directory and Town Directory statements including analytical inset tables. The draft DCHB manuscripts received from the Census Directorates have been scrutinized in the Social Studies Division under the guidance of Shri S.L. Jain, Deputy Director and Shri R.K. Mehta, Assistant Director. I am thankful to all of them and others who have contributed to make this publication possible.

# SRISAILA DIVYA KSHETRAM

The Motif chosen for Kurnool Handbook is "Srisaila Divya Kshetram", which is reputed to be one of the most ancient Kshetras in India. The shrine of Lord Mallikarjuna picturesquely situated on a flat top of Nallamalai Hills on the right side of river Krishna in Kurnool District of Andhra Pradesh. The celebrated mountain is also named as Siridhan, Sirigiri, Sriparvastja and Srinagam. It has been a popular centre of Shaivite pilgrimage for centuries.

The presiding deities of this Kshetram Lord Mallikarjuna Swamy is one of the twelve Jyothirlingas and Goddess Bramarambha Devi is one of the Eighteen Mahasak this and both are self manifested. The Mallikarjuna Linga is accessible to each and every devotee and any body can go into the Sanctum Sanctorum of Mallikarjuna, touch him and perform Abhishekam and Archana himself to recitation of mantras by Archakas without caste, creed or religion.

The Mallikarjuna Linga of Srisailam, the Bheemeswara Linga of Draksharamam in East Godavari District and the Kaleswara Linga of Kaleswaram in Karimnagar District have together given Andhra Pradesh its other name 'Trilingadesa'.

The prominence of this place is highlighted by the fact that while performing out daily household rituals, we specify place of location of our existence with reference to Srisailam. Pilgrims form all over India gather here for 'Sivaratri Festival'.

"SRISAILASIKHARAM DHRUSTYA - PUNARJANMA NA VIDYATHE"

# Preface

The District Census Hand Book (DCHB) containing Primary Census Abstract and data on "amenities" for each village and town in the district. The intention of this publication is to place the data collected at the Census alongwith the village and town level amenities data collected from the Mandal Revenue Officers/ Municipal officials in this publication. The amenities data is validated by comparing with secondary data obtained from Heads of the Departments. For example, information on schools was compared with data available with Commissioner, School Education and information on post offices was compared with data obtained from the Chief Post Master General and so on. Validation of data in the above manner was by no means an easy exercise. Scores of officials had put in gruelling efforts for months together. The entire data and manuscripts were computerized. We are now reasonably confident of the correctness of the data but we will not make any utopian claims of cent per cent accuracy. There may be errors but we will be safe in saying that they are minimal.

The District Census Hand Book is divided into the following major components.

1. Introduction.
2. Brief history of the district.
3. Census and non-Census concepts.
4. A detailed write up on the physical features, major cultural and social events, major developments during the decade, places of religious and historic importance etc.
5. Primary Census Abstract (PCA) at the district level, mandal/town level and village level.
6. Brief analysis of PCA data.
7. Village Directory and Town Directory.
8. Brief analysis on Village Directory and Town Directories.

It will not be out of place to mention here that there is perhaps no other publication from any agency that encapsulates so much data on a district. The amenities data includes information on sectors such as Education, Health, Water and Electricity supply, Communication and Transport facilities etc. The idea of presenting amenities data juxtaposed to the Census data is not only unique but also tremendously useful for the data users.

The District Census Hand Book is further enriched with a district map and mandal maps depicting villages/towns with population size and also amenities such as Educational Institutions, Hospitals, Telegraph and Telephone facilities, Banks, Police Station etc.

Some improvement over earlier DCHB have been made to bring more completeness to the data presented in this volume.

1. The names of Colleges, Girls' High Schools, Hospitals run by Government and others have been given as an additional information. Similarly the names of Cinema Halls have been given.
2. Ranking of Mandals according to population is also given.

3. More Appendices and Annexures to important statements are given to make the data more comprehensive.

In the previous Censuses, the manuscripts prepared by this department were supplied to Government of Andhra Pradesh who in turn brought out the publications at their cost. However due to the procedural rigmorale some delay was unavoidable in placing the DCHBs before the data users and planners.

This time, keeping in view the above difficulties, the printing and publication of District Census Hand Books has been taken up centrally under the arrangement of the office of the Registrar General and Census Commissioner, India, New Delhi. The processing of data and preparation of Camera Ready Copies electronically including finalisation of write up was attended to in the office of the Director of Census Operations.

I am grateful to the Chief Secretaries, Principal Secretaries, Secretaries, District Collectors, Municipal Commissioners and other senior officials of the Government of Andhra Pradesh for their co-operation and assistance throughout the Census Operations and in the process of collection of the non-Censal data.

I am extremely grateful to Sri D.K.Sikri, IAS, Registrar General and Census Commissioner, India for the help, guidance and constant support in finalising this volume. My sincere thanks to Sri R.P. Singh, Deputy Registrar General (Map) and Dr.I.C. Agrawal, Assistant Registrar General (SS). Sri. S.L. Jain, Deputy Director for giving guidence, help and co-ordinating this project work and their colleagues in the office of the Registrar General, India.

I also take this opportunity to acknowledge the valuable contribution made for this publication by Sri.J.K.Banthia, Ex-Registrar General, India.

Most of the work relating to DCHB has been carried out under the able guidance and direction of Sri V.S.Bhaskar, IAS, Director of Census Operations, Andhra Pradesh, Hyderabad. I take this opportunity to acknowledge his valuable contribution made for this publication.

The credit for preparation of District Census Handbooks goes to a team of devoted officers and staff of this Directorate who have involved in this project. The names of individuals associated with this project are shown in “Acknowledgements”. I am grateful to all of them.

I hope that the data users will find this publication very useful.

# District Highlights – 2001 Census

1. Kurnool District stands 3 in terms of area size and ranks 10 in terms of population in the state
2. Kurnool district stands 8 ranks in terms of urbanization with a total Urban population 817,464 forming 23.16 percentage to the total district population.
3. The sex ratio of the district is 965 against 953 in 1991 Census showing upward trend.
4. The density of the district is 200 against 168 in 1991 census, showing increase over the decade.
5. Dhone @ Dronachalam village, PLC No.02541800 is most populated with a population of 56,450 and Katedoddi village, PLC No.02479500 is the least populated with a population of 53 in the district.
6. Kurnool mandal is most populated with a population of 352,832 and Dornipadu Mandal is the least populated with a population of 25,447 in the district.
7. Kurnool Municipal Corporation is most populated with a population of 269,122 and Yemmiganur Municipality is the least populated with a population of 76,411 in the district.
8. Out of 100 workers 68.16 are engaged in Agriculture sector, 3.54 in Household industry and 28.30 in other economic activities. Thus showing the predominance agriculture sector.
9. Out of 100 Male workers in the district 58.97 are engaged in Agriculture sector.
10. Out of 100 Female workers in the district 80.82 are engaged in Agriculture sector.
11. There is increase in the proportion of main workers of the district in the decade (45.10 percent in 1991 to 49.45 percent in 2001).
12. There is increase in the proportion of Male workers of the district in the decade (54.52 percent in 1991 to 56.28 percent in 2001).
13. There is increase in the proportion of Female workers of the district in the decade (35.22 percent in 1991 to 42.35 percent in 2001).
14. The Kurnool district is famous for Cement production and stone slabs.
15. Srisailam Mandal has the lowest number of inhabited villages (2) and the highest number of inhabited villages (41) are found in Adoni Mandal.
16. Servel mandal has largest area 9978.00 hectares under irrigation, followed by Kowthalam mandal with 8828.85 hectares in the district. The mandal with lowest area one hectare under irrigation is Srisailam mandal.
17. Velgodu village bearing PLC No.02529700 has the largest area (10,033 hectares) and Hatakeswaram village bearing PLC No.02499100 has the smallest area (20 hectares) among the villages of the district.
18. Female work participation rate is 42.36 that of the Males in the district 56.29

# (i) About the District Census Handbook

District manuals compiled and published prior to 1905 by the erstwhile composite Madras Government contained not only particulars of items of more or less similar and permanent characteristics like history, religion and ethnography, but also a few statistical tables including those relating to population which became obsolete within a few years of publication. Later, the Madras Government replaced the District Manuals by another publication viz., the District Gazetteer consisting of two Volumes A and B. Volume-A contained descriptive and general tables which explains the text and Volume-B contained detailed statistics. It was decided that Volume B should be brought out periodically after each decennial census so that they contain the latest statistics. Volume-A was published for some districts between 1905 and 1927 in the Composite Madras State. The publication of Volume-A was discontinued in 1927. Volume-B was published for all the districts of the Composite Madras State between 1906 and 1915. The publication of Volume-B was also stopped after 1931 Census.

Similarly the Gazetteer volumes were also brought for some of the districts in the erstwhile Hyderabad State. The scheme of publication of revised District Gazetteers was restarted in the year 1958 by the State Governments. The State Editor, District Gazetteers, Government of Andhra Pradesh had published the Gazetteers of all the districts.

The idea of compiling the District Census Handbooks was initiated during the 1951 census pioneered by Sri. R.A. Gopala Swamy, I.C.S. the then Registrar General, India and Ex-officio Census Commissioner of India, with a view to preserve the census records prepared for areas below the district level. He proposed that all the District Census Tables and Census Abstracts prepared during the process of sorting and compilation, should be bound together in a single manuscript volume and named as the District Census Handbook and suggested that the State Government should take up printing and publication at their own cost. Then onwards, the District Census Handbooks were published in each census with improved pattern with an aim to give the census and non-census data at micro level for the village and district as a whole to suit the requirements of various departments, scholars, research personnel , planners, industrialists, electoral authorities, and other data users, also for efficient public administration by the state.

**Pattern at 2001 Census :**

The present District Census Handbook of 2001 Census, like the previous Census, is brought out for each district comprising of two Parts. Part- A Village and Town Directory with additional information on amenities viz., availability of commercial banks, recreation, credit societies etc., and land use particulars in the rural areas and Part- B Primary Census Abstract. At the out set an analytical note is given which depicts a general back ground on the district and analytical results on the statements and tables included in the volume. The volume is also provided with brief history of the district, physical aspects, census concepts, major characteristics with reference to economic resources and jurisdictional changes during the past decade etc..

**Part A–Village and Town Directory :**

The Section- I i.e. Village Directory gives non-census data on the amenities available in each village in respect of educational, medical, drinking water, power supply, post and telegraph, telephone, approach to village, banks, credit societies, receipt of newspapers and magazines, recreation and cultural facilities, nearest town and its distance, distribution of land use area, income and expenditure of the village and name of the most important commodities manufactured.

If an amenity is not available in the referred village, the distance in broad ranges (Kms.) from the nearest place where the amenity is available is indicated. If the nearest place is situated in another state, name of the other state is also given.

The Section-II i.e. Town Directory has been presented in seven Statements viz., Statement –

I Status and Growth History, Statement-II Physical aspects and Location of towns, Statement-III Municipal Finance( receipts and expenditure,1998-99), Statement-IV Civic and other amenities, Statement-V Medical, Educational, Recreational and Cultural facilities and Statement-VI Trade, Commerce, Industry and Banking etc., and Statement-VII Civic and other amenities in Slums. The reference period for the above statements is 1998-99 and the data is covered for all the statutorily notified towns in the district.

The non-census data at Village/Town level is collected from concerned authorities viz., Mandal Revenue Officers, Municipal Commissioners etc., and scrutinized with meticulous care and validated with the data collected from various departments to provide valid information to the data users.

**Part B–Primary Census Abstract :**

This data can be stated as the essence of the handbook. The latest census details such as area, total house holds, population, scheduled castes and scheduled tribes population, literates, workers, etc. are presented in these Abstract.

# (ii) History and Administrative Set-up of the District

**(i) Brief History of the District :**

A complete picture of the History of the district was presented in the 1961 Kurnool District Census Hand Book. In this present volume a very sketchy picture of the district is presented, avoiding, however, information of transitory nature.

The District derived its name from its chief town Kurnool, which was the capital of the former Nawabs and at present, the headquarters of the district. The name Kurnool, is said to have been derived from "Kandenavolu". According to tradition, in the 11th Century A.D. the Odder a community who carted stones for the construction of a temple at Alampur, used the site on which the town now stands as a halting place before crossing the Tungabhadra and greased their cart wheels with oil, locally supplied by some of the oil mongers and called the place "Kandenavolu" which subsequently came to be known as Kurnool - the town of 'Kandena' or grease.

The history of the district can be traced from the period of the Nandas. Though the southern boundary of the Nanda empire can not be definitely fixed, the existence of Punch marked coins all over India, the names of places like Nandavaram, Nandyal, Mahanandi and nandikotkur and the reference to the reign of Nandana Chakravarti over this district suggest the sway of the Nandas on the southern boundary, also Chandragupta Mourya overthrew the Nanda dynasty around 323 A.D. The important rulers of the Mauryan dynasty were chandragupta Maurya, the founder of Mauryan dynasty, Bindusara and Asoka,. After the Mauryas, the district passed into the hands of the Satavahanas and later the Pallavas. During their reign, the Pallavas came into conflict with their subordinate. Kadamba Mayura Sarman, who rebelled carved out an independent kingdom for himself and collected tribute from other Pallava subordinates. The Nalas belonged to a family of local chiefs who were, about this time ruling over the territory of Nalavadi, which lay in the direction of Bellary and Kurnool. The Nalas were defeated by Kirthivarman I, the western Chalukya ruler of Badami and their territory was occupied. The important rulers of this dynasty were Adityavarman and Vikramaditya I, About this period, a local dynasty called the Telugu Cholas of Badinenipalle held sway over some parts of this district. Bikra Mahaditya Raja (Vikramaditya), Biki Raja and Koki were the well known rulers of this dynasty. This district then passed into the hands of the Rashtrakutas. During the reign of the Rashtrakuta ruler Sarva Amoghavarsha I, the chalukya ruler of Vengi attacked and destroyed Stambhapuri which was part of the Rashtrakuta dominions. Amoghavarsha dispatched forces against the Chalukyas and defeated them. The district continued to be under the rule of the Rashtrakutas till A.D. 973 in which year Taila II, the Founder of the dynasty of the Western Chalukyas of Kalyani rose to power. His successor Satyasraya came into conflict with the Imperial cholas and was forced to surrender the territory south of Tungabhadra to the Cholas. Jayasimha II tried to re-occupy the territory but he could succeed only partially. The rule of Someswara I Someswara II, Vikramaditya VI, is evidenced by several inscriptions in the district.

Kaluchurya Bijjala and his son Somideva ruled this province till A.D. 1177. During the 12th Century A.D. when a large portion of this district came under the Cholas, it was ruled by a subordinate family known as Velanadu Cholas. Gonka I was originally appointed by Vikramchola as Governor of the territory between the Mahendragiri (Ganjam) and Srisailam (Kurnool) mountains. The successors of Gonka I strengthened their position in due course and made themselves masters of the entire coastal Andhra. Kulottunga Vira Rajendra Chola succeeded in bringing some more parts of this district under his control.

After the rule of the western Chalukyas of Kalyani, the western portion of the district passed into the hands of the Yadavas of Devagiri, while the eastern part came under the Kakatiyas of Warangal, during the time of Rudra. Rudra's successor Kakatiya

Ganapati, defeated the Velanadu Chief Prithvisvara and annexed his kingdom to the Kakatiya dominion.

Ganapati was succeeded by Rudramba. Rudramba had to fight a battle against the Kayastha chief Ambadeva. She herself led an army, defeated ambadeva and forced him to surrender Tripurantakam and the surrounding territory. Gona Vitthala, a subordinate of Rudramba attacked the Yadava territory in this district and captured the forts of Adavani (Adoni) and Thumbalam (Tumbalam).

Prataparudra, the grandson of Rudramba ascended the throne in A.D. 1295. His reign witnessed several invasions by the Delhi Sultans. In 1323 A.D. Prataparudra was defeated by Ulugh Khan (later Muhammad-Bin-Tughlaq) and his kingdom was annexed to the Delhi empire. Prataparudra was captured and sent as a prisoner to Delhi and it is presumed that he died on the way to Delhi.

In A.D. 1323, this district passed under the sway of Muhammad-Bin-Tughlaq who divided the Deccan and South India into five provinces and placed them under Governors. The inefficient rule of the Governors resulted in uprisings which ultimately resulted in the establishment of the kingdoms of the Reddis, the Rayas of Vijayanagar and the Bahmanis.

The eastern portion of Kurnool district came under the sway of the Reddi rulers. Prolaya Vema Reddi, the founder of the Reddi Kingdom, came in to conflict with the Telugu Chola chiefs ruling over Tripurantakam and its neighbourhood, in the early years of his reign and conquered them and appointed his son Anavota as its Governor.

After Prolaya Vema Anavota took over the reigns of Government in A.D. 1353 and ruled for about 9 years. During his reign, the Recherlas of Rachakonda crossed the Krishna and conquered Srisailam in this district and annexed it to their kingdom. The Vijayanagar ruler Bukka I led an expedition to the South of Krishna and conquered Ahobilam and Dupad in this district and the administration to Dupad was entrusted to the chiefs of Ravela family. The western limit of the Reddi Kingdom in this district considerably receded and Anavota's rule was thus clouded by defeat and disaster. However, Anavema, the brother and successor of Anavota, launched an expedition and recovered the territory stretching as far as Srisailam Kumaragiri son of Anavota, succeeded Anavema. Devaraya, son of the Vijayanagar ruler Harihara II, took advantage of the disturbed conditions in the Reddi kingdom, attacked and captured Tripurantakam and Srisailam, Kumaragiri sent his General Kataya Vema to recover these places. Kataya Vema inflicted a crushing defeat on Harihara II and forced him to conclude a treaty by which Tripurantakam was ceded to Kumaragiri. Towards the end of Kumaragiri reign, there were disturbances all round on the Reddi Kingdom. Peda Komati Vema Reddi, to an extent succeeded in preserving the kingdom intact from the repeated incursions of the Vijayanagar rulers. His successor Racha Vema was a cruel ruler and had little support from his subjects against the invasions of the Vijayanagar and the Kalinga rulers. The Kalinga rulers over ran the coastal tract, while the Vijayanagar kings subjugated the remaining territory and annexed it to their kingdom, thus bringing the entire Kurnool district under their sway.

Harihara and Bukka founded the kingdom of Vijayanagar in A.D. 1336. Harihara I was the first ruler of the Sangama dynasty. After Harihara-I, Bukka-I ascended the throne. He led an invasion against the Reddis of Kondavidu, conquered Ahobilam and Duvvapadu and annexed them to the kingdom. This involed him in a war with Recherlas and the subsequent occupation of Srisailam. This place was, however, retaken by the Reddi ruler Anavema. During Devaraya II's reign, the remaining territories of the Reddi kingdom were conquered and annexed to the Vijayanagar empire. The decline of the Sangama dynasty started with the accession of Mallikarjuna. Saluva Narasimha murdered Virupaksha II and founded the Saluva dynasty by crowning himself king. After him, Narasa Nayaka became the Virtual Sovereign. The founder of the Tuluva dynasty, Vira Narasimha, caused the assassination of Immadi Narasimha of Saluva dynasty. Krishna Devaraya, the most prominent king of Tuluva dynasty ascended the throne in A.D., 1509 and extended his empire to considerable proportions. Eight distinguished poets called 'Ashta Diggajas' adorned his court. Krishnadevaraya was succeeded by his half brother Achyutadevaraya in A.D. 1530. It is said that the fort of Kurnool was built during his period. Aliya Rama Rajas interference in the affairs of the Deccan

resulted in the destruction of the Vijayanagar kingdom in the battle of Tallikota in A.D.1565. Though Kurnool went as the share for Bijapur sultans, its actual administration for a long time was left to a native ruler Ranga Raja, a nephew of Rama Raja. By the middle of the 17th Century A.D. Vijayanagar lost the whole of the Kurnool District. The district was also held by local families such as the chiefs of Velugodu, Nandyal, the Araveedu and Owk during the hegemony of the Vijayanagar rulers. They gave unstinted support to their Sovereigns and took an active part in putting down the internal rebellions and repulsing the attacks of the Qutb-Shahi Sultans.

The Bahmani dynasty was founded by Alaud-din Hasan Bahman Shah and held sway over a major portion of the Deccan for nearly two hundred years. He was succeeded by his son Muhammad I who spent most of his time in military campaigns. After his death, Ala-ud-din Mujahid, Muhammad II and Firoz ruled this province for sometime.

The decline of this kingdom began with the rule of Muhammad Shah in A.D. 1482-1518. Yusuf Adil Khan, the founder of the Adil Shahi dynasty tried in Vain to extend his kingdom. He suffered ignominious defeats in the hands of Araveedu chiefs Rama Raja, Timma and Krishnadevaraya of Vijayanagar. Another important event of this period was the advance of the Mughul power to the South. Attempts of Quli-Qutb-ul-Mulk, the founder of the Qutb-Shahi dynasty, to establish his supremacy in this district were foiled by Velugoti Timma the chief of Gani (erstwhile Nandyal Taluk) and presently Gadivemula Mandal. Ibrahim Qutb Shah's third expedition resulted in the occupation of the eastern taluks of the district. The other prominent rulers of the Qutb Shahi dynasty were Muhammad Quli Qutb Shah and Abdulla Qutb Shah. During the period of Abdul Hasan Tana Shah (A.D. 1687), the Qutb Shahi Kingdom was annexed to the Mughal empire.

Aurangazeb, the Mughal ruler, commissioned Ghazi-ud-din Khan to take possession of the territories South of the Krishna. Ghazi-ud-din-Khan, attacked and reduced Adoni, Kurnool and Nandyal and appointed Raja Bhim Singh to look after the administration of the district. After the death of Aurangazeb in A.D. 1707, Bahadur Shah, Jahandar Shah and Farrukhsiyar followed on the Mughal throne. In the time of Farrukhsiyar, Hussain Ali Khan, viceroy of the Deccan, allowed the Marathas to collect the taxes of chauth and Sardeshmukhi in the Mughal Deccan. The Mughal rulers Rafi-ud-Darajat, Rafi-ud-Doula and Muhammad Shah also held sway over this district. In A.D. 1724 Nizam-ul-Mulk, defeated, Mubariz Khan the Nizam of Hyderabad and Ibrahim Khan, the Jagirdar of Kurnool and founded the Asaf Jahi dynasty. During his rule, Kurnool was ruled by Aluf Khan and Himmat Bahadur Khan. After the death of Nizam-ul-mulk, Muzaffar Jung, Nasirjung and Salabat Jung of the Asaf Jahi dynasty were involved in many battles for the throne. Another prominent ruler of this dynasty was Nizam Ali Khan. Nizam Ali Khan feared the interference of hyder Ali of Mysore and joined the expedition led by the Marathas against him. Hyder Ali however concluded separate secret treaties with the Nizam and his allies, Marathas and separated them. In the treaty concluded with the Nizam Hyders sovereignty over the territory extending up to the Tungabhadra was recognized. Hyder Ali enforced the terms of the treaty by collecting tributes from the Nawabs of Kurnool and Cuddapah in A.D. 1767 & 1768 respectively, Hyder Ali led two more expeditions in 1775 and 1779 and exacted tributes from the local chiefs. Hyder Ali's son Tipu also attacked Adoni in 1786 and his deputy Mir Sadak occupied Adoni fort and demolished its fortifications.

During the hegemony of the Mughals and the Asaf Jahis over this district, a family of chiefs known as the Nawabs of Kurnool ruled Kurnool as their Jaghir. Daud Khan, Ibrahim Khan, Aluf Khan and Himmat Bahadur Khan occupied the jaghir in succession. Apart from this jaghir, the other important Jaghir is that of Banaganapalle.

**Administrative set up:**

In 1985, the then existing 13 taluks were re-organised into 54 mandals. Corresponding to the revenue mandals, mandal parishad were also formed which are co-terminus with the revenue mandals in all cases except Srisailam mandal. The statutory towns are not included in the jurisdiction of the mandal parishads. Forty four (44) mandals have been carved out by taking villages exclusively from each of the 13 erstwhile taluks i.e., without including villages from a second taluk. Nine mandals have been formed by taking villages from two erstwhile taluks only one

mandal viz., Adoni has been formed by including villages from three erstwhile taluks.

There were no changes in total number of Revenue villages between 1991 and 2001. There are 913 Revenue villages in 2001 census. In 1991 census there were 12 towns in Kurnool district. Out of these 12 towns, 4 panchayat towns i.e., Atmakur, Banaganapalle, Dhone and Nandikotkur are declassified and treated as Revenue villages during 2001 census due to strict application of criteria for treating a place as town. Further 2 vilages Srisailam gudem Devasthanam and Ramapuram were treated as Census towns for the first time at 2001 census taking the total towns in the district to 10. As per 2001 census there are 4 statutory towns (including one Municipal Corporation.) 6 Census Towns and 54 mandals in the district. The 54 mandals in the district have been organized into three revenue divisions which are as follows.

Nandyal Division: Nandyal, Mahanandi headquarter at Thimmapuram, Bandi Atmakur, Panyam, Gadivemula, Allagadda, Rudravaram, Sirvel, Chagalamarri, Gospadu, Koilkuntla, Dornipadu, Uyyalawada, Sanjamala, Owk, Kolimigundla and Banaganapalle.

Kurnool Division : Atmakur, Velgode, Pamulapadu, Kothapalle, Srisailam headquarter at Sundipenta, Nandikotkur, Midthur, Pagidyala, Jupadu Bungalow, Gudur, Kodumur, C.Belagal, Dhone, Bethamcherla, Veldurthi, Krishnagiri, Peapally, Kurnool, Kallur and Orvakal.

Adoni Division : Adoni, Kosigi, Kowthalam, Peddakadubur, Yemmiganur, Nandavaram, Mantralayam, Alur, Chippagiri, Aspari, Holagunda, Halaharvi, Pattikonda, Devanakonda, Tuggali, Maddikera and Gonegandla.

# (iii) Physical Features of the District

**(i) Brief History of the District :**

1) **General :**

Kurnool district derives its name from its chief town Kurnool which was the capitals of former Nawabs, Capital of Andhra Pradesh State from 1st October, 1953 to 1st November, 1956 and at present the headquarters of the district. The name Kurnool is said to have been derived from Kandenavolu. This district lies approximately between the Northern latitudes of $14^0$ 54' and $16^0$ 18' and the Eastern latitudes of $76^0$ 58' and $79^0$ 34'. The altitude of the district varies from 100 ft. above the sea level. It is bounded on the North by Tungabhadra and Krishna rivers as well as Mahbubnagar district, in the South by Anantapur and Cuddapah Districts, on West by Karnataka State and the East by Prakasam district.

This district occupies an area of 17,658 sq.km. It has a population of 3,529,494 persons of which 2,712,030 rural and 817,464 urban population. The percentage of rural population is 76.84% and while that of Urban population is 23.16%. Scheduled caste population in the district forms 17.81% of the total population, while scheduled Tribe accounts for 1.98%. There are 210 towns in the State and 10 towns are located in the district including 6 census towns . The density of population is 200 per sq.km. and sex ratio is 965 females per 1000 males. Among 23 districts in the state Kurnool district ranks $3^{rd}$ in terms of area and $10^{th}$ in the terms of population.

**2. Physiography :**

The two important hill ranges viz., Nallamalas and Erramalas are lying in the district. The Nallamalas spread from West to East direction with an width of 40 kms.

In this district Nallamalas run a length of 118 kms. adjacent to the river Penna and enters Cuddapah district in the south. In the north these hills pass through Mahbubnagar district. The average height of the hill ranges in the Nallamalas is about 606 metres above the sea level. All these ranges join together at a place called Eswarakuppam and form as Plateau. Among these hill ranges "Mattikonda" is the heighest at 909 metres above the sea level. In the Nallamalas the other mentionable hill ranges are Durgappa Konda (907 m), Dorabailukonda (863 m) Katalakonda (863 m) and gundlakonda(851 m)

Erramala hills (Red hills) start at Yamavaram in Jammalamadugu mandal of Cuddapah District and extends towards north to a distance of 13 kms in Kurnool district, the eastern side ranges are called as Panyam, Bethamcherla and Uppalapadu hills. It is very rare that the hill ranges of Erramalas are beyond 600 metres in height.

Another important hill ranges in the district are known as Veligondalu. These ranges lying parallel to Nallamala ranges and devide Kurnool and Nellore districts.

**3. Drainage :**

The principal rivers flowing in the district are Thungabhadra (and its tributary the Hundri) Krishna and Kunderu. Thungabhadra rises in the western ghats and after forming parts of northern boundary for some distance separates Kurnool from the Telangana area flown in an eastern direction receives Hundri and falls into the river Krishna at Kundli sangam about 29 kms from Kurnool after winding north wards.

The river Hundri a tributary of Tungabhadra rises in the feilds of Maddikera in Maddikera mandal receives a stream from Erramalas at Laddagiri in Kodumur mandal and joins Tungabhadra at Kurnool. It drains much of Maddikera, Pattikonda, Deverakonda, Gonegandla, Kodumur and Kallur mandals. This is turbid stream with sudden rise and fall.

The Kunderu also called kumudavathi rises on the western side of Erramalas winds its way into Kundruvalley and flows in a southern direction collecting drainage all along its course from either side. It flows through Orvakal, Midthur, Gadivemula, Nandyal, Gospadu, Koilkuntla, Dornipadu and Chagalamarri mandals and then enters Cuddapah district.

## 4. Climate :

The climate of the district is normally good and on the whole healthy. The first three months are usually pleasant with moderate winds from south-east in April and May then the winds shifts to south-west with increased force and brings-in welcome showers towards the end of May month. During the succeeding four months the wind flows from western side in the major parts of the district and brings in a fair quantum of rainfall. The wind is light and variable at the end of September forecasting the onset of north east monsoon. After October, the weather is usually fine. The rainfall is rare and the wind is light with occurance of heavy dew. The normal rainfall of the district is about 670 mm. for normal cropping and even at 5% shortfall in the annual rainfall is likely to affect the agricultural operations quite adversely. The month wise maximum and minimum temperature (1999) at Kurnool is given in the following table.

**Table (a)**

**Monthwise maximum and minimum temperature, 1999**

| Temperature | Jan. | Feb. | Mar. | Apr. | May | June | July | Aug. | Sept. | Oct. | Nov. | Dec. |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Maximum | 31.3 | 34.9 | 38.9 | 40.9 | 37.6 | 34.4 | 34.1 | 32.6 | 32.4 | 33.3 | 32.6 | 31.2 |
| Minimum | 15.6 | 18.9 | 23.2 | 25.7 | 25.2 | 23.6 | 24.3 | 23.7 | 23.7 | 23.6 | 20.8 | 17.3 |

The normal annual rainfall of the district is 670. The district get the benefit from summer showers during hot weather period. The maximum rainfall occurs during south west monsoon period (June-September) i.e. 366 mm. In the year 1999-2000 about 484 mm. rainfall has received for the whole year. Moderate rainfall is received during the north east mansoon period (Oct-Dec) i.e., 47 mm. The district received an average rainfall of 966 mm. during 1998-99 as against the normal rainfall of 484 mm. The season-wise rainfall for 1999-2000 is as follows.

**Table (b)**

**Season-wise rainfall during 1999-2000**

| Rainfall (in mm) | | | | |
|---|---|---|---|---|
| South-West Monsoon (June-Sept) | North-East Monsoon (Oct-Dec) | Winter Period (Jan-Feb) | Hot period (March-May) | Total |
| 366 | 47 | 14 | 57 | 484 |

## 5. Forestry :

The total forest area in the district is 3,535.35 sq. km. accounting 20 percent of total geographical area of the district. The Kurnool forest division extends over the entire Revenue limits in the district. The major parts of the forest are mainly confined to the Nallamala including its extensions and Erramalas in the Kurnool Division. Bamboo along with timber species occurs fairly over extensive areas in the district. The important minor forest produce of the district are Beedi leaves, Tamarind, Amla etc.,

According to the physiographic classifications, the forests of the district can be divided into (1) the submountain forests, (2) forests on the slops, (3) plateau forests and (4) hill forests.

The forest department has envisaged certain schemes for development. The schemes their potentiality of the area and the quantum of amount required for implementation are furnished below.

**Table (c)**

**List of various forest schemes envisaged in the district during 1998-1999**

**(Rs. in '000)**

| S.No. | Scheme | Potentiality of the area quantum | | AmountRequired in lakhs |
|---|---|---|---|---|
| 1 | 2 | 3 | | 4 |
| 1 | Home Stead plantation | 4500 | Nos. | 197.75 |
| 2 | Block plantation of economicallyUseful timber species | 35000 | Ha | 1,011.30 |
| 3 | Block Plantation of fallow lands | 25000 | Ha | 6,627.60 |
| 4 | Block plantation of waste lands | 25000 | Ha | 6,627.60 |
| 5 | Raising of avenue plantation of National & State High ways | 500 | Km | 425.62 |
| 6 | Raising of single row plantation | 2000 | Km | 2,344.89 |
| 7 | Raising of tank fox plantation | 2000 | Km | 710.10 |
| 8 | Institutional plantation | 5000 | Ha | 96.19 |
| 9 | Tree planting | 2000 | Ha | 38.48 |
| 10 | Wood lots | 1500 | Ha | 473.40 |
| | **Total** | | **18,552.93** | |

**Table (d)**

**Value of Major and Minor forest produce in the district during 1998-1999**

**(Rs. in '000)**

| Major forest produce | | | Minor Forest Produce | | | | Miscellaneous | Grand Total |
|---|---|---|---|---|---|---|---|---|
| Timber | Fire wood | Total | Bamboo | Beedi leaves | Other forest produce | Total | | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
| 9579 | 38 | 9617 | 5309 | ---- | 17623 | 22932 | 1532 | 34081 |

## 6. Flora and Fauna:-

The forestic composition of the district stands relation to that climate and edaphic conditions and the biotic influence in various locations.

Broadly speaking the eastern portion of the district bears better vegetation while the western of especially the north western portion comprising of Adoni, Peddakadalur, Alur, Aspari, Chippagiri, Halaharvi, holagunda, Koilkuntla, Sanjamala, Owk, Pattikonda, Devarakonda, Krishnagiri, Veldurthi, Kodumur and Kallur mandals presents a desolate appearance and the vegetation that exists is confined mostly to small pockets of reseve forests.

The total area under forests is 318,250 hec., about 18 percent of a total geographical area of the district. The major parts of the forests area is confined mainly to the Nallamalas including its extensions, the Erramalas and a part of the Velikondas the forest covering the Erramalas and velikondas are of interior type bamboo with timber species occurs fairly over extensive areas in the district. Tamarind and Beedi leaves are the important minor forest produce of the district.

Wild animals are found in plenty in Nallamalas and Erramalas hills which afford an ideal abide for wild life tigers, panthers, bears, Jackals, hyaenas, wild bears, foxes, spotted dears, sambers, black bucks, nelgais, wildsheep etc., are found in these forests. In order to preserve the wild animals, forests of the northern part of Nallamalas covering an area of about 46,815 hectares has been brought under the Nagarjuna sagar - Srisailam wild life sanctuary.

Partridges, peacocks, red jungle fowl, green pigeon, quails are the chief game birds found in the forests. The great Indian bustard (battameka) an endangered species is found near Rollapadu village of Midthur mandal. An area of about 1,600 hectares around Rollapadu village has been declared as protected area for propagation of this species.

The tiger project has been started near Srisailam covering 3,568 sq.kms. of Nallamalas forest with 64 tigers and 78 panthers population as per latest census.

*Source: Writeup report from Collector, Kurnool.*

## 7. Minerals and Mining:

In Kurnool district Minerals like copper, lead and zinc occur. But no workable deposit has so far been located. Occurrence of these minerals which show some prominence are mentioned below.

In the Ganikalva area in Nandyal and Kurnool of earstwhile mandals there are old working for copper. The areas were prospected by the Geological Survey of India and the Indian Bureau of Mines around Gani kalva the mineralisation (Average copper contents is 1.27%) was intersected only in one bore hole of the seven drilled.

The Banaganapalle conglomerate is a dimanditerous formation and there are old workings of this rank. Similarly the gravels derived from the desintegration of this formation in parts of Banaganapalle, Dhone, Koilkuntla, Kurnool, Pattikonda and Nandyal of earstwhile mandals have yielded diamonds. A few Kilometres to the east in the Nallamala hills near Chalama there are deep, ancient working in dykes which are considered to be kimberlite.

Prospecting of diamonds is a highly speculating venture. Yet it is worthwhile to take up in selected areas considering the high value of the mineral.

There are numerous small occurrences of iron ore (Hematite) in the district. Reasonably good deposits of iron ore are confined to the Ramallakota - Veldurthi area in Veldurthi Mandal.

The Narji limestone are a veritable stone house of cement grade variety. The preliminary study indicates that the reserves of cement grade limestone estimated at 5,100 million tones in Koilkuntla mandal and the enclaves of Banaganapalle mandal, 478.50 million tones in Dhone mandal, 127,500 million tones in Kurnool and 85.40 million tones in Nandikotkur. The Panyam Cement and Mineral Industries Company Limited have their factory at Bugganipalle. There is scope for the establishment of more cement factories in the district, considering the vast reserves of cement grade lime stone.

Small deposits of red-oxide near Gutupalle in Dhone mandal and Ramallakota, Veldurthi area in considerable quantities. Similarly large deposits of yellow ochre are found near Bethamcherla.

The following table give details of production of principal minerals in the year 1998-1999.

**Table (e)**

**Production of principal minerals, 1998-99**

| S.No. | Name of the Mineral | Quantity (Tonnes) | Value (in Rs.'000) |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 1 | Clay (Others) | 8,430 | 252 |
| 2 | Limestone | 2,740 | 345,858 |
| 3 | Quartz | 900 | 45 |
| 4 | Silican sand | 1,940 | 142 |
| 5 | Steatite | 39,188 | 6,375 |
| 6 | Ochra | 10,290 | 582 |
| 7 | White slate | 51,226 | 1,537 |
| 8 | Iron ore | 4,200 | 213 |

***Source:*** *1) Write-up report form District Collector, Kurnool.*
*2) Statistical Abstract of Andhra Pradesh.*

## 8. Soil :

Kurnool District is rich in regar and red ferruginous soils which constitute about 60 and 40 percent respectively. They are further classified as clay, loamy and sandy soils. The black cotton soils are predominant in the mandals of Pattikonda, Nandyal, Allagadda, Koilkuntla, Nandikotkur and Adoni. In the eastern part of the district red soil of a poor quality largely predominates. These soils, although generally poor in fertility yield a very good crop with a minimum rainfall. The crops mainly raised are Jowar, cotton and pulses. Regar soil of superior quality is available in the central section together with Kurnool and Pattikonda mandals. It responds well for paddy, indigo, Bengalgram, Korra (Italian millets), jowar and cotton inspite of inadequate rainfall. The availability of alluvial soil in quite small and is confined to a few villages near the confluence of the Bhavanasi and the Krishna. It generally suits for raising mustard, wheat, and black gram which are valuable products.

## 9. Cropping Pattern :

The total geographical area of the district is 17.65 lakh hectares and the area covered by forest is 3.53 lakh hectares covering 20% of the total geographical area. The net area sown is 9.09 lakh hectares forming 51% to the total geographical area. The total cropped area in the district is 101 hecatres. The area sown more than once is 0.97 lakh hectares. The predominant crop grown in the district are paddy, jowar, bajra, korra, groundnut, sunflower, redgram, cotton, bengalgram, coriander, etc.,

The following table describes about area under principal crops.

**Table (f)**

**Area under various principal crops**

| S.No. | Crop | Area (in hectares) | Production (in tones) |
|---|---|---|---|
| 1 | Rice | 72.54 | 161 |
| 2 | Jowar | 134.96 | 102 |
| 3 | Bajra | 15.73 | 9 |
| 4 | Korra | 36.05 | 15 |
| 5 | Redgram | 23.16 | 9 |
| 6 | Groundnut | 326.36 | 230 |
| 7 | Cotton | 129.68 | 35 |
| 8 | Tobacco | 11.22 | 11 |
| 9 | Sunflower | 125.51 | 73 |

## 10. Land use pattern:

The total geographical area of the district is 176.58 sq.km. and the area covered under various types of land utilization is given below.

**Table (g)**

**Area under various types of land utilization**

| S.No. | Area under | Area in sq.km. | % to total area |
|---|---|---|---|
| 1 | Forest | 3,183 | 18.02 |
| 2 | Barron and cultivable land | 994 | 5.63 |
| 3 | Land put to non-agricultural use | 997 | 5.64 |
| 5 | Permanent pastures and other grazing land | 40 | 0.22 |
| 6 | Land under Miscellaneous | 20 | 0.11 |
| 7 | Current fallows | 1,346 | 7.62 |
| 8 | Other fallow lands | 1,186 | 6.72 |
| 9 | Net area sown | 9,250 | 52.38 |
| 10 | Area sown more than once | 972 | 5.50 |

It is observed that out of a total geographical area as much as 52.38 percent is cultivated. The un-cultivated area comprises of Forests (18.02%) barren and un-cultivable land (5.63%) , land put to non agricultural use (5.64%) permanent pastures and other grazing lands (0.22%) , land under miscellaneous tree crops (0.11%) current fallows area (7.62%) and other fallows (6.72%).

## 11. Agriculture:

In the district 68.16% of the workers are engaged with agriculture and about 76.84% of the population of the district is living in the rural areas and depend on agriculture for their livelihood. Rain-fed farming is the charactaristic of agriculture in the district. About 52.38% of its area is cultivable under purely rainfed condition. Even the rest of the area is mostly depend on the rainfall received in the district. In view of the un-assured irrigation condition in the district majority of the crops grown are dry crops. The average rainfall received by this district is 670mm. per annum. It is erratic and ill distributed as a result of which the former is exposed to lot of risks. The drought conditions prevail once in two years and some areas experience insufficient rains. The soils in the district are mostly of black clay, black loamy and red loamy. The crops grown during the kharif season are paddy, jowar, bajra, korra, groundnut, sunflower, redgram and cotton. During Rabi season bengalgram, coriander, sunflower, jowar, paddy and groundnut are grown.

The various irrigation sources together with the extent of land irrigated in the district, are given in the following statement for the year 1999-2000.

**Table (h)**

**Irrigation sources, 1999-2000**

| S.No. | Type of Source | Extent of land irrigated (in hec) |
|---|---|---|
| 1 | Canal (i.e.) K.C.Canal TBPLLC and TBPHLC Gajuladinne project | 92.993.11 |
| 2 | Tanks | 11,639.55 |
| 3 | Wells | 75,451.82 |
| 4 | Tubewells | 43,920.00 |
| 5 | Liftirrigation | 8,899.00 |
| 6 | Other sources | 8,748.00 |

There is no change in the area under paddy while the area under jowar and coriander has been increased from 34,000 hectares to 39,000 hectares. Cotton is being replaced by sunflower as it is beneficial one.

Further the extension workers visit the places to impart training to the farmers' community regarding remedial measures.

As already stated that the paddy is main crop in the district followed by jowar, bajra, wheat, maize among cereals, some crops are raised in kharif and rabi season, while some in one season according to cropping season. The following table describes about area under principal crops and out turn yield for the year 1999-2000.

**Table (i)**

**Area under various principal crops and their out-turn and yield 1999-2000**

| S.No. | Name of the crop | Area in hectares | Out turn (in tones) | Yield per hectare (in Kgs.) |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| 1 | Rice | 94,070 | 26,126 | 2,821 |
| 2 | Jowar | 118,354 | 107,146 | 905 |
| 3 | Bajra | 15,820 | 9,524 | 602 |
| 4 | Wheat | 789 | 529 | 670 |

## 12. Irrigation:

The gross crop area of the district is 9.87 lakh hectares of which 1.75 lakh hectares are irrigated through canals, tanks, wells and other sources.

The important rivers flowing in the district are the Tungabhadra with its tributary Hundri, Krishna and Kunderu. Besides these, 11,634 tanks and 119,371 wells are in the district. Net area of 168,374 hectares was sown in the district of which 204,389 hectares were irrigated, 36,015 hectares were irrigated more than once. Area irrigated by different sources is given below.

**Table (k)**

**Different sources of irrigation**

| S.No. | Irrigated by source | Area in hectares |
|---|---|---|
| 1 | 2 | 3 |
| 1 | Canals | 92,993 |
| 2 | Tanks | 11,634 |
| 3 | Tube wells | 43,920 |
| 4 | Other wells | 75,451 |
| 5 | Lift irrigation | 8,889 |
| 6 | Other sources | 8,748 |
| 7 | Net area irrigated | 168,374 |
| 8 | Gross area irrigated | 204,389 |
| 9 | Area irrigated more than once | 36,015 |

Among the crops that are irrigated paddy was raised in 69,029 hectares followed by Groundnut in 41,977 hectares and cotton in 31,031 hectares. The following table give the details of different crops irrigated by area in the district.

**Table (l)**

**Different crops irrigated by area**

| S.No. | Name of the crop | Area in hectares |
|---|---|---|
| 1 | 2 | 3 |
| 1 | Paddy | 69,029 |
| 2 | Jowar | 9,112 |
| 3 | Sunflower | 22,128 |
| 4 | Cotton | 31,031 |
| 5 | Ground nut | 41,977 |
| 6 | Chillies | 4,228 |
| 7 | Fruits & Vegetables | 14,417 |
| 8 | Bajra | 335 |

***Source:*** *1) Statistical Abstract of Andhra Pradesh, 2000.*
*2) Handbook of Statistics,Kurnool District, 1996.*

About 76.84% of the population in the district, mainly depend on agriculture. They mostly stay in rural areas, however the live stock play an important role in rural economy of the district. The number of livestock and poultry in the district as per 1998-1999 are as follows:

**Table (m)**

**Live Stock Census, 1998-99**

| S.No. | Name of the livestock | Population |
|---|---|---|
| 1 | 2 | 3 |
| 1 | Cattle | 4,98,749 |
| 2 | Buffaloes | 4,05,572 |
| 3 | Sheep | 5,55,888 |
| 4 | Goats | 2,74,319 |
| 5 | Horses and Ponies | 992 |
| 6 | Donkeys | 9,350 |
| 7 | Mules | 96 |
| 8 | Pigs | 17,880 |
| | **Total** | **17,62,746** |

There is one Animal Health Centre, one Veterinary Poly Clinic, 15 Veterinary Hospitals, 94 Veterinary Dispensaries and 206 Rural Livestock Units are functioning in the district. There are about 5 institutions in each mandal covering about 4,000 cattle sheds on an average per institution.

Veterinary health care, prophylactic vaccinations Artificial Insemination programme and other livestock development activities are being covered with the net work of different categories of institutions in each division in the district. There are 13 sheep extension centres in the district. The following table shows numbr of veterinary institutions functioning in the district.

## 13. Animal Husbandry:

**Table (n)**

**Veterinary Institutions**

| Name of the District | No.of Veterinary institutions | | | | | | |
|---|---|---|---|---|---|---|---|
| | Animal Health Centre | Veterinary Poly Clinics | Veterinary Hospitals | Veterinary Dispenceries | Rural Live Stock Units | Others | Total |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| Kurnool | 1 | 1 | 15 | 94 | 206 | 2 | 319 |

Among the above 319 veterinary institutions, 301 institutions are covered with Artificial Insemination work. Such A.I centres are furnished hereunder.

**Table (o)**

**Number of Institutions covered with Artificial Insemination centres**

| Name of the district | Veterinary Poly Clinic | Animal Health centre | Veterinary Hospitals | Veterinary Dispenceries | Rural Live Stock units | Others | Total |
|---|---|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| Kurnool | 1 | 1 | 15 | 94 | 190 | - | 301 |

The number of technical persons involved in the live stock development are as follows.

**Table (p)**

**List of Technical Staff**

| S.No. | Particulars | Number |
|---|---|---|
| 1 | 2 | 3 |
| 1 | Deputy Directors | 5 |
| 2 | Assistant Directors | 31 |
| 3 | Veterinary Assistant Surgeons | 120 |
| 4 | Para Veterinary staff | 319 |

There are 3 milk chilling centres (Banavasi, Kurnool and Pattikonda) in the district and procuring 80,000 litres of milk every day).

## 14. Fisheries :

Kurnool district is blessed with a lot of water resources such as rivers namely; 1. Krishna, 2. Thungabhadra, 3. Hundri , 4. Banavasi, 5. Kundu, 6. Galeru which forms a main feeder source for reservoirs like Srisailam, Gajuladinne, Velugodu and canals like K.C.canal, T.B. low level canal, Gajuladinne canal, Teluguganga canal, S.R.B.C. canal etc., and several major and minor irrigation tanks. A substantial amount of fish is produced from the above water sources.

### Fish seed farms :

Kurnool district is one of the major fish producing districts in the state. There are four fish production-cum-rearing centers namely 1) Fish Seed Farm, Sunkesula, 2) Fish Seed Farm, Kurnool, 3) Fish Seed Farm, Nandyal and 4) Fish Seed Farm, Gajuladinne Project and one rearing farm i.e., Fish Seed Farm, Jupadu Bunglow in the district. The production cum rearing centers not only produces the fish seed but also supply to the district as well as to the entire Rayalaseema Region. The total capacity of all the above fish farms is about 300.00 lakh tonnes of fry. 21.8 lakh tonnes of fish seed is produced in the district during the year 1998-99.

There are 325 irrigation tanks suitable to take up fish culture in the district, with an extent of 26,024 hectares. Among these 76 tanks are with the Fisheries Department with an extent of 5,140 hectares. In these 76 tanks there are 5 perennial, 13 long seasonal and 58 short seasonal tanks existing. Apart from these there are 3 Reservoirs viz., Srisailam, Velugodu, Gajuladinne with an extent of 64,842 hectares, 373 hectares and 3,200 hectares respectively. These reservoirs are highly potential for inland fish production. At present 65 tanks were leased out in favour of the societies to enable them to take up fish culture. For the first time in the district, the fresh water prawn culture is also taken up by stocking about 13.00 lakhs tonnes of Juvenile prawn in 7 water bodies of the district. The details of inland fish production during the years 1994-95 to 1996-97 are furnished hereunder:

**Table (q)**

**Inland Fish Production**

(in Tonnes)

| S.No. | Name of the species | Production 1994-95 | 1995-96 | 1996-97 |
|---|---|---|---|---|
| 1 | Barbus | 17.081 | 100.660 | 57.621 |
| 2 | Carps | 221.271 | 364.850 | 425.320 |
| 3 | Cat fishes | 53.166 | 1.0700 | 33.945 |
| 4 | Murrels | 2.764 | 1.090 | 1.170 |
| 5 | Miscellaneous | 110.009 | 119.027 | 117.870 |
| | **Total** | **404.291** | **596.327** | **635.926** |

***Source:*** *1) Write up report from Chief Planning Officer. Kurnool*

## 15. Industries:

Kurnool ranks as one of the Mineral rich districts of the state. It is endowed with extensive deposits of cement grade limestone, building stones besides barites, iron ore, clays ochres, slate steatite, salve efflorescence and quartz occurring in small quantities.

The existing industrial scene in the district is dotted by the presence of a relatively small number of large and medium industries, a fairly large number of registered small scale units and a very large number of unregistered non farm sector units.

### Large And Medium Scale Units:

There are 36 large and medium scale industries existing in the district with an investment of Rs.488.50 crores. Out of these 36 industries presently 26 units are working and they are providing employment to 11,335 persons. The main line of activities of the above units are edible oil, textiles, solvent extraction, cement, castor oil, soft drinks, caustic soda, LPG bottling etc.,

In addition to the above, there are 23 large and medium scale units under pipeline. Among these 3 are under Foreign Direct Investment proposal.

### Tiny and Small Scale Industries:

There are 4,470 units registered with the Industries Department with an investment of Rs.13,321.97 lakhs providing employment to 36,395 persons. Some of the important lines of activity under these existing Small Scale Industrial units are slab polishing, cotton ginning, plastic components, PVC pipes, silk weaving, seed processing, granite polishing, oil mills, rice mills and burnt lime.

### Infrastructure:

In order to provide dependable infrastructure facilities especially to small scale units, the Government have developed industrial estates at Kurnool, Nandyal, Adoni and Dhone. Besides this with the assistance of Central Government, an Industrial Infrstructure Development Center (I.I.D.C) project has also been set up at Nandyal.

### Self-employment Scheme :

Prime Minister's Rojgar Yojana (PMRY) Scheme launched countrywide on Octobr, 1993 aims at promoting self-employment among educated unemployed through setting up of industry, service or business ventures with investments upto Rs.2.00 lakhs.

So far about 5,020 persons were benefited and PMRY Scheme with a financial assistance of about Rs.2,941.12 lakhs providing employment to 1,040 persons in Kurnool district from inception.

There are 16 large and medium scale industries in the district. The list of these industries is given below.

**Table (r)**
**Large and Medium Industries**

| S.No. | Name of the Industry | Production in (Mts.) | Rs.in lakhs | Employment |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |

## 16. Trade & Commerce:

Kurnool district is an important production centre of food grains, oil seeds and fibre crops like Cotton. There is one grading unit functioning at Adoni. The grading staff working in the unit attending to scientific grading of cotton (kapas) by way of collecting samples getting them ginned and the results being communicated to the producer-cum-seller and also commercial grading.

Kurnool district consists of 12 agricultural market committees. At present regulation of trade is being carried at five markets namely 1) Kurnool 2) Adoni 3) Nandyal 4) Yemmiganur and 5) Dhone.

Out of 12 agricultural market committees, Banaganapalle, Koilkuntla and Pattikonda market committees are not provided with facilities in full shape.

## 17. Transport :

Kurnool, the headquarters of the district, revenue division and also mandal of the same name is an important Railway Station in the South Central Railways. Presently the district is served by broad guage lines of 274 Kms. covering 31 railway stations in 18 mandals i.e., Adoni, Aspiri, Bethamcherla, Veldurthi, Gudur, Dhone, Kallur, Tuggali, Mahanandi, Sanjamala, Kurnool, Maddikera,

Mantralayam, Nandyal, Kosigi, Peddakadulur, Alur and Panyam.

As regards transport and communication, the total road length in the district is 7,300 km. maintained by National Highways, R & B and Zilla Parishad together. The National highway No.7 and 18 pass through the district covering 870 villages. There are 34 km cement concrete, 3,242 km black top or Asphari, 1,802 km metalled (W.B.M) and 2,222 unmetalled (Herron) length of roads in the district. The Andhra Pradesh State Transport Corporation, Kurnool presently possess 17 Bus Depots. The total number of buses being run are 1033. Out of it, 33 are Hi-tech, 77 Luxury, 135 Express services and 788 ordinary and also transports 4.56 lakhs of people everyday.

The R.T.C has also introduced an inter-state service on the routes Kurnool-Vellore and Srisailam to Bangalore. The service to Bangalore is really a boon to the Sericulturists of Nandikotkur and Atmakur mandals, who are growing mulberry leaves under 5000 acres of land and transporting their produce (cocoons) to the marketing place at Bangalore.

The number of different vehicles that are plying in the district as on August, 1999 are furnished hereunder.

**Table (v)**
**List showing different types of vehicles plying in the district**

| S.No. | Name of the Vehicle | On Roll | On Road |
|---|---|---|---|

## 18. Electricity and Power :

The Electricity Authorities of the State has informed vide their Letter No.CE/Plg/EME(i)/ABE(1)/D.No.188/99 dated 6-11-1999, that all the villages in Andhra Pradesh have been electrified. Hence, all the villages in this district are treated as electrified for all purposes.

The district receives its power supply from Tungabhadra and Hampi Hydro Electric Power Stations. Srisailam Hydro Electric Power Project is constructed across the river Krishna at a distance of 3kms from the famous pilgrim centre Srisailam. The total cost of project was Rs.433 crores. There are seven hydro generators set up with 110 MW capacity each.

The total power consumption in Kurnool district during the year 1999 was 423.03 M.K.Wtt.

**Table (x)**

# (iv) Major Social and Cultural events, natural and administrative developments and significant activities during the decade

During the decade 1991-2001 no significant social and cultural events have occurred in the district. In respect of administrative developments also no major changes have taken place in the district during the decade.

As regards significant activities, the prevention of Child Labour, Social Security schemes, Janmabhoomi, Cheyutha and Spandana programmes are worth mentionable in the district during the decade.

In the year 1996 under the chairmanship of the District Collector the 'Bala Karmika Vikasa Samithi' has constituted. The main aims and objectives of the Samithi are conducting surveys on vulnerable child labourers in hazardous occupations, creating awareness among the public about the steps taken by the government to eliminate child labour, implementing programmes like creating public awareness, running special schools, imparting non-formal education and generating income and employment opportunities, etc.

The Social Security Schemes such as payment of pensions to the aged, widows, landless agricultural workers and physically handicapped persons are implemented in the district.

During the decade, as in the other districts, a novel scheme called "Janmabhoomi" has been launched on the new year day 1997 by the Government of Andhra Pradesh. This adds new dimension particularly in rural development in the sense that people are involved in decision making and development process. The main activities taken up under this programme are aimed at achieving the basic needs of people belonging to both rural and urban through "Sramadhanam" with the people's participation.

As in the other districts, in this district also, with the inspiration of Janmabhoomi programme, 'Spandana' another novel scheme totally envisaged by the district administration for overall development of villages has been taken up with the aims of

1. Education for all
2. Family planning programmes
3. Usage of bio-gas plants/Smokeless chullas to prevent air pollution
4. Clean village concept

Yet another novel programme envisaged by the district administration for benefiting the physically handicapped in the district is called 'Cheyutha'. All the Government officials connected with the physically handicapped will sit under one roof and do the needful then and there. The benefits such as issue of physically handicapped certificate by the Medical Board, RTC passes, Railway passes, Registration in Employment Exchanges, etc., were extended besides giving aids and appliances to the identified handicapped persons.

# (v) Brief description of places of religious, historical or archaeological importance in villages and places of tourist interest in the towns of the district

**(a)Places of Religious, Historical or Archaeological Importance :** Places of religious institutions (temples) and mutts and charitable institutions and institutions of historical or archaelogical importance in the district are presented in the following statement for the convenience of the reader.

**STATEMENT SHOWING THE MONUMENTS, TEMPLS AND MUTTS IN KURNOOL DISTRICT**

| Sl.No. | Name of the Mandal | Name of the Village/Town | Name of the Monument/Temple/Mutt |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 1 | Kurnool | Kurnool (M.Corp) | 1 Sri Gorakshana Maha Sangam |
| | | | 2 Ruin's of Gopalarajas palace (Late medieval period) |
| | | | 3 Shamma Kartun Masahilia Burz (Late medieval period) |

| 15 | Panyam | Panyam | Paniheswara swamy temple |
| 16 | Koilkuntla | Chinta kunta | Sri Panduranga swamy temple |

**LIST OF DEPROTECTED MONUMENTS IN KURNOOL DISTRICT**

| Sl.No. | Name of the Mandal | Name of the Village | Name of the Monuments |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 1 | Adoni | Adoni | Siva Temple (Locally known as Nagulapudi) |
| 2 | Kurnool | Panchalingala | Sri Panchalingeswara Swamy temple (also known as Eswara swamy temple |
| 3 | Peddakadubur | Chinna Tumbalam | Bhatal swami temple |
| 4 | Alur | Alur | Megalithic Burials at Alur |
| 5 | Orvakal | Palakolanu (V) | 1 Ancient Bastion<br>2 Chenna Kesava swamy temple<br>3 Basaveswara Swamy temple |
| 6 | Kurnool | Kothamanam | Pre-Historic rock painting |
| 7 | Kolimigundla | Kolimigundla | Sri Laxmi Krishna swamy temple |
| 8 | Dronachalam | Veldurthi | Sri Rajarajeswari temple |
| 9 | Holagunda | Holagunda | Sri Siddeswara temple including paintings |
| 10 | Koilkuntla | Beluru (V) | Belur caves one of the largest caves in the world |
| 11 | Adoni (M) | Adoni (M) | Sri Mahadeva swamy temple |
| 12 | Nandikotkur | Nandikotkur (V) | Sri Suryanarayana swamy temple |

**(b) Places of Tourist importance :**

**1. Konda Reddy Buruju:** Located in the heart of Kurnool & believed to be built by the Raja's of Vijayanagaram. Konda reddy Buruju was a part of Kurnool fort and was used as a prison. Konda Reddy, a revolutionary personality, attained martyrdom in this prison. Since then the place is known as Konda Reddy Buruju.

**2. Srisailam :** It is located at 180 kms. from Kurnool and 210 kms. from Hyderabad an altitude of over 1500 ft. above the Sea level in the picturesque natural environment in the northern most part of the Nallamala hill range. The temple at Srisailam is the ancient and sacred place in South India. The presiding deity of the place is Sri Mallikarjuna Swamy in natural stone formation in the shape of Lingam and is listed as one of the twelve Jyotirlingams existing in the country. The temple was built in 14th century and the walls were carved with depiction of elephants hunting scenes and Lord Shiva in different manifestations. Another important temple at the place is that of sri Bhramaramba, the consort of Lord Mallikarjunaswamy. Apart from these main temples, there are other places like Sikareswaram, the gates of Heaven, Hatakeswaram and PalaDhara - PanchaDhara, Sakshi Ganapathi, Sivaji spurthikendra, Pathala Ganga etc., are well worth seeing places.

**3. Mahanandi :** Mahanandiswara temple in Mahanandi mandal is a reputed pilgrim centre and that dates back to the 7th century A.D. It is located at a distance of 14 kms. from Nandyal and 80 kms. from Kurnool. It is a scenic spot having its location to the east of the Nallamalas hill range in a natural set up of ravishing beauty surrounded by thick forest. The remarkable feature here is the crystal clear water which flows throughout the year from perennial springs. The festival of Mahanandiswara is celebrated during February-March. Pilgrims and Tourists from all parts of India visit this place throughout the year. Apart from the above, there are other places like Pushkarini, a pond with water so clear and pure that even a pin at the bottom can be seen, Kodanda Ramalayam and Kameswari Devi temples are the visiting places.

**4. Ahobilam :** It is a great religious centre of antiquity and is situated at a distance of 68 kms. from Nandyal, 28 Kms. from Allagadda and 160 kms from Kurnool.

At upper Ahobilam worship is offered to Navanarasimha (Nine Forms of Lord Narasimha) where as at lower Ahobilam, down the hill, the temple of Prahladavarada is located. The Brahmotsavam of the Lord is celebrated in the month of February - March attracting large number of devotees. Other sites worth seeing are Amruthavalli Tayar temple, Sannidhi Pushkarini and Bhashyakarula Sannindi.

**5. Mantralayam :** Mantralayam is situated on the banks of river Tungabhadra and lying 90 kms. from Kurnool. It derived its importance from the

Jeevasamadhi of Madhwa Saint Sri Raghavendra Swamy. The choultries and Sanskrit School are the real attraction of this place and draws thousands of devotees from South India particularly Madhwas. The important places to be seen here are Sri Raghavendra Swamy Brindavan, the tomb that swamy entered alive, Panchamuki Anjaneya Swamy Temple and Venkateswara Swamy Temple.

**6. Yaganti :** Yaganti lies at a distance of 11 Kms. from Banaganapalle and 90 kms. from Kurnool situated amidsts natural scenery with caves and water falls around. The presiding deity is Uma Maheswara Swamy popularly known as Yaganti Swamy. This diety is in the form of statue and its tower possess beautiful sculptures. The most striking scenic at this temple is huge Nandi of size of 15' X 10' X 8'. Mahasivaratri Festival is celebrated here and attracts large gathering of Hindus.

**7. Belum Caves :** Belum Caves are located near Belum village of Kolimigundla mandal in Kurnool district. The Caves lie at a distance of 110 kms. from Kurnool via Banaganapalle. Belum Caves made known in 1982 and they are the second largest natural caves in Indian Sub Continent after Meghalaya Caves. These under-ground caves are located in agricultural field, have 3 wells like cavities with the central one being the main entrance to the caves.

After a descent of 20 metres at the entrance, the cave is horizontal and has a length of 3229 metres. Longer than Borra Caves in Vizag district, Belum caves have long passages, spacious chambers of fresh water galleries and siphons. There are some land marks inside named as "Simhadwaram", "Kotilingalu", "Mandapam" and "Pathalaganga". All this makes Belum Caves a geographical and archeological attraction world wide.

**8. Rolla Padu Sanctuary:** The Rolla Padu Sanctuary is located in Midthur mandal and about a distance of 60 kms. from Kurnool. Apart from a wide variety birds and animals, this sanctuary is renowned as one of the last refuges of the endangered Great Indian Bustard (Batta Meka Pitta), which is a heavy Ground Bird like an young ostrich or peahaen.

# (vi) Major characteristics of the district, contribution of the district in the form of any historical figure associated with the district

The name of the district has been derived from its headquarters town "Kurnool". The name Kurnool is said to have been came from "Kandenavolu" and full details were given in the Chapter (ii) above. The temples at Alampur have earned name and fame for their sculptural beauty.

This district is located on the banks of river Tungabhadra and is one among the four districts of Rayalaseema area in Andhra Pradesh. It has several pilgrim centres like Srisailam, Ahobilam, Mahanandi, Mantralayam etc.

When Andhra was separated from Madras Presidency in the year 1956, Kurnool town was made State Capital. Though the district has not produced major historical figures, it has few great politicians. Among them Late Sri Damodaram Sanjeevaiah and late Sri Kotla Vijayabhaskara Reddy who worked as Chief Ministers of Andhra Pradesh are worth mentionable.

# (vii) Census Concepts

Population census is a great national task, which we are called upon to undertake for every ten years. In India, the 1872 marked as the beginning of modern census taking, when it was conducted at different points of time in different parts of the country. From 1881 onwards a complete and synchronous census was held. The present Census is a land mark administrative event, as this has generated a historic bench mark data to shed light on the state of nation's society and other demographic, economic and socio-cultural data which simultaneously makes transition from one century and millennium to the next. The 2001 Census was the 14th decennial Census of India and the 6th after independence.

The Census of India was conducted in two phases namely, I) House-listing Operations II) Population Enumeration. The first phase was conducted during April-June,2000 in different States/Union territories depending upon their local conditions. In Andhra Pradesh it was conducted from 11th May to 5th June 2000. The house-listing operations provide a base for the population enumeration, besides providing comprehensive database for assessing condition of human settlements, the housing deficit and future housing requirement for formulation of housing policies. This also provides a massive data on amenities available to the households which was much needed by various departments of the Central and State Governments and other Non-Governmental agencies, for planning and development in different sectors of the economy. Hence house-listing operation is a pre-requisite for population enumeration.

Unlike 1991 census, there are significant changes in house-listing schedule for 2001 census. The questions on condition of the census house, number of married couples living in the household and having independent room for sleeping, bathroom and kitchen within the house and using the means of entertainment and communication facility of radio, transistor, television, telephone and possessing of means of transport like bicycle, scooter/motor cycle, car/jeep/ van and availing of banking services by the household are added to the present house-list schedule.

The main population enumeration was conducted from 9th February to 28th February, 2001, followed by revisional round from 1st March, 2001 to 5th March, 2001, to update the data with reference to 00.00 hours of 1st March, 2001. The houseless population was enumerated at midnight of 28th February 2001.

The household schedule and individual slip of 1991 census were replaced by household schedule of A3 size containing three parts to collect the information from each household at 2001 Census. In the present Census, the house-hold schedule is designed in such a way to suit the requirement of capturing the data through scanners. At the 2001 Census, for the first time **Image-based data capturing technology through scanners and computer network has been introduced** with a view to provide error free data by avoiding keying in of data.

The house-hold schedule broadly covered the individual particulars under four major headings 1) General and Socio cultural characteristics (Q(1 to 15), 2) Characteristics of workers and non-workers 3) Migration characteristics (Q.21 to 22)and 4) Fertility particulars (Q.23). Part-I deals with location code particulars, Part-II relates to Individual particulars with 23 questions, consisting of 1 to 39 columns, Part-III covers on cultivation/plantation particulars like land possessed, type of tenancy enjoyed by the household/ household member. Some additional questions 1) on disability, 2) Particulars relating to travel to the place of work a) distance from residence to place of work, b) mode of travel to the place of work, 3) household engaged in cultivation/plantations are added in the present household schedule.

Marital status, mother tongue, religion and literacy status (for 7 and above) migration, fertility particulars and the identification of SC/ST are repeated but the age at marriage is also ascertained for males at 2001 Census. For the people, who are attending educational institutions, a separate code has been provided to

record the Vocational institute, other institute and literacy centre in addition to school/college.

**Criteria for enumeration of persons in a particular household :**

a) All those who normally reside and are present in that household during the entire period of enumeration from 9th February to 28th February, 2001, b) also those who are known to be normally residing and had actually stayed during a part of the enumeration period (Feb.9th to 28th Feb.2001) in the household but are not present at the time of enumerator's visit, c) also those who were known to be normally residing and are not present at the time of enumerators visit but are expected to return before 28th Feburary,2001 and d) Visitors who are present in the household censused and are away from the place of their usual residence during the entire enumeration period. For the purpose of enumeration, such visitor will be treated as normal resident of the household in which they are actually found during the enumeration period provided that they have not been enumerated elsewhere. One of the essential features of population enumeration in the second phase is each person enumerated and her/his individual particulars are collected at a well defined point of time.

**Location Code Number :**

The procedure of assigning location code number in a zigzag manner starting from North-west corner and ending at South-east corner, is adopted for 2001 Census. The Andhra Pradesh state was assigned Location Code No.28 as against 02 in 1991 census. In a similar fashion, the location code numbers of the districts in Andhra Pradesh state have been changed and revised location code numbers were allotted in order of geographical contiguity, beginning from North-West point of the state and ending at the South East point. Thus the Adilabad district has been assigned Location Code No. as 01 and Chittoor district Location Code No. 23 at 2001 Census. Accordingly, the location code numbers of mandals in each district have been changed for 2001 census.

An important change at 2001 census is allotment of permanent location code numbers to all the villages in the state. Since the whole data ie., Village and Town Directory information is also being computerized, the allotment of permanent location code numbers would facilitate the data users for easy access and retrieval the data of a particular village at micro level by the click of a mouse. The Permanent Location Code Number (P.L.C. No.) is an eight digit number starting with 00000100 in a zig-zag fashion from North-West corner in the first Mandal of Adilabad district and run continuously for all the districts while ending South-East corner to the extent possible at last village in the last Mandal of Chittoor district. Since this State has 28,123 villages at 2001 census, last village of last mandal in Chittoor district will have PLC No.02812300. A significant provision has been made to allot PLC Nos. to newly created villages if any in future. The last two digits of PLC No's are kept as '00' only to provide for additional villages. For example a new village has been created after PLC.No.01231400 it will be assigned PLC No. as 01231401. Further, it is indicated that there is a provision for a minimum of 99 villages adjoining to a particular village allotting Permanent Location Code.

For urban areas also location code structure has been changed in a minimum way. Earlier, for towns in a district location code numbers were given roman letters in alphabetical order. This time, while assigning roman numbers instead of going to alphabetic order, location code numbers were given from North-West part of the district ending at South-East of the district to the extent possible.

Therefore, the PLC numbers of the villages and location codes of urban areas have under gone change in Census of India, 2001 as compared to 1991. In case an urban area is spread over in two districts, the location code of urban areas in both the districts will be the same irrespective of zigzag manner.

**Building :**

A `Building' is generally a single structure on the ground. Sometimes it is made up of more than component unit which are used or likely to be used as dwellings(residences) or establishments such as shops, business houses, offices, factories, workshops, worksheds, Schools, places of entertainment, places of worship, godowns, stores etc. It is also possible that building which have component units may be used for a combination of purposes such as shop-cum-residence,workshop-cum-residence, office-cum-residence, etc..

Usually a structure will have four walls and a roof. But in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where

entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate buildings.

**Permanent houses :**

Houses, the walls and roof of which are made of permanent materials. The material of walls can be any one from the following, namely, galvanized iron sheets or other metal sheets, asbestos sheets, burnt bricks, stones or concrete. Roof may be made of from any one of the following materials, namely, tiles, slate, galvanized iron sheets, metal sheets, asbestos sheets, bricks, stones or concrete.

**Semi-permanent houses :**

Houses in which either the wall or the roof is made of permanent material and the other is made of temporary material.

**Temporary houses :**

Houses in which both walls and roof are made of materials, which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, plastic, polythene, mud, unburnt bricks or wood. Roof may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, wood, mud, plastic or polythene.

**Dwelling Room :**

A room is treated as a dwelling room if it has walls with a doorway and a roof and should be wide and long enough for a person to sleep in, i.e. it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of 2 meters. A dwelling room would include living room, bedroom, dining room, drawing room, study room, servant's room and other habitable rooms. Kitchen, bathroom, latrine, store room, passageway and verandah which are not normally usable for living are not considered as dwelling rooms. A room, used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census houses is used as a shop or office., etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/ he also lives in it as a separate household then this has been considered as a dwelling room available to the servant's household. Tent or conical shaped hut if used for living by any household is also considered as dwelling room.

A dwelling room, which is shared by more than one household, has not been counted for any of them. If two households have a dwelling room each but in addition also share a common dwelling room, then the common room has not been counted for either of the households.

**Census house :**

A `census house' is a building or part of a building used or recognised as a separate unit because of having a separate main entrance from the road or common courtyard or staircase, etc. It may be occupied or vacant. It may be used for residential or non- residential purpose or both.

In certain peculiar situations, the manner in which buildings and census houses were identified for numbering in the field by the enumerators is described hereunder **:**

Sometimes a series of different buildings are found along a street which are joined with one another by common walls on either side looking like a continuous structure.

These different units are practically independent of one another and are likely to have been built at different times and owned by different persons. In such cases, though the whole structure with all the adjoining units apparently appears to be one building, each portion was treated as a separate building and its constituent units as separate census houses.

On the other hand, one may come across cases, particularly in large cities of multi-storeyed ownership flats. In these cases while the structure looks like one building, different persons own the flats. In case of such multi-storeyed structures, having a number of flats owned by different persons, the entire structure was treated as one building and each flat as a separate census house.

If within a large enclosed area, there are separate buildings owned by different persons then each such building is treated as a separate building. There can be a situation where within an enclosed compound there are separate buildings owned by an undertaking or company or even government that are actually in occupation of different persons. For example, Indian Oil Corporation colony where the buildings are owned by the Corporation but these are in occupation of their employees. Each such building was treated as a separate building. But if in any one of these buildings there were flats in occupation of different households, each such flat was reckoned as a separate census house.

Sometimes it becomes difficult to apply the definition of census house strictly in certain cases. For example, in an urban area, if a flat has five rooms, each room having direct entrance from the common staircase or courtyard. By definition, this has to be treated as five census houses. If all these five rooms are occupied by a single household it was not realistic to treat them as five census houses. In such a case,`singleness' of use of these rooms along with the main house should be considered and the entire flat was treated as one census house. On the other hand, if two independent households occupy these five rooms, the first household living in 3 rooms and the second household occupying 2 rooms, then considering the use, the first three rooms together were treated as one census house and the remaining rooms as another census house. But if each room was occupied by an independent household, then each such room was treated as a separate census house.

In case of hostels, hotels, etc., even if the door of each room in which an inmate lives opens to a common verandah, staircase, courtyard or a common room, as it happens almost invariably, the entire hostel/ Hotel building was treated as one census house. but if such hostels/ hotels have out- houses or other structures used for different purposes or the same purpose, then each such structure attached to the main hostel/hotel was treated as a separate census house.

In some parts of the country, in rural areas, the pattern of habitation is such that a group of huts, located in a compound, whether enclosed or unenclosed, is occupied by one household. While the main residence may be located in one hut, other huts may be used for sleeping, as a kitchen, bath room, baithak, etc. Though each of the huts was a separates structure, they form a single housing unit and therefore, have to be treated collectively as one building and one census house. If some of the huts are used by one household and the others by a second household as residence, then the two groups of huts were treated as separate census houses. However, if there were also other huts in the compound used for other purposes and not as part of the household's residence such as, cattle shed, workshed, etc., these were treated as separate census houses.

On the other hand, in urban areas, where more than one structure within an enclosed or open compound (premises) belonging to the same person, e.g., the main house, the servant's quarter, the garage, etc., only one building number was given for this group and each of the constituent a separate census house number.

Only cases where a structure with roof and pillars has come up was treated as a building.

**Village :**

The basic unit for rural areas is the revenue village which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data. In un-surveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

**Rural - Urban area :**

The data in tables on Houses, Household Amenities and Assets are presented separately for rural and urban areas. The unit of classification in this regard is `town' for urban areas and `village' for rural areas. In the Census of India 2001, the definition of urban area adopted is as follows:

(a) All places with a municipality, corporation, cantonment board or notified town area committee, etc.

(b) A place satisfying the following three criteria simultaneously:

i) A minimum population of 5,000;

ii) At least 75 per cent of the male working population engaged in non agricultural pursuits ; and

iii) A density of population of at least 400 per sq. km. (1,000 per square mile).

For identification of places which would qualify to be classified as 'urban' all villages, which, as per the 1991 Census had a population of 4,000 and above, a population density of 400 persons per sq. km. and having at least 75 per cent of male working population engaged in non-agricultural activity were considered. To work out the proportion of male working population referred to above against b) (ii), the data relating to main workers were taken into account.

Apart from these, the outgrowths(OGs) of cities and towns have also been treated as urban under

'Urban Agglomerations'. Examples of out-growths are railway colonies, university campuses, port areas, military camps, etc., that may have come up near a statutory town or city but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the demographic criteria laid down at (b) above to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the towns as a continuous urban spread. Thus, the town level data, wherever presented, also includes the data for outgrowths of such towns.

**City :**

Towns with population of 1,00,000 and above are called cities.

**Urban Agglomeration :**

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths (OGs) or two or more physically contiguous towns together and any adjoining urban outgrowths of such towns. In some cases railway colonies, university campuses, port areas, etc., may come up near a city or statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the town as a continuous urban spread.For the purpose of delineation of Urban Agglomerations during Census of India 2001, following criteria are taken as pre-requisites:

(a) The core town or at least one of the constituent towns of an urban agglomeration should necessarily be a statutory town ; and

(b) The total population of all the constituents (i.e., towns and outgrowths) of an Urban Agglomeration should not be less than 20,000 (as per the 1991 Census).

With these two basic criteria having been met, the following are the possible different situations in which Urban Agglomerations would be constituted:

i) a city or town with one or more contiguous outgrowths;

ii) two or more adjoining towns with their outgrowths; and

iii) a city and one or more adjoining towns with their outgrowths all of which form a continuous spread.

**Household :**

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen. There may be one member households, two member households or multi-member households.

**Institutional household :**

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, jails, ashrams, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2001, it was specifically mentioned that this category or households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

**Houseless household :**

Households who do not live in buildings or census houses but live in the open on roadside, pavements, in hume pipes, under fly-overs and staircases, or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Households.

**Scheduled Caste and Scheduled Tribe :**

Article 341 of the Constitution provides that the President may, with respect to any State or Union territory, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of the Constitution be deemed to be Scheduled Castes in relation to that State or Union territory. Article 342 similarly provides for specification

** The agency tracts is comprised of Srikakulam, Vizianagaram, Visakhapatnam, East-Godavari, WestGodavari and Khammam districts.*

of tribes or tribal communities or parts of or groups within tribes or tribal communities which are to be deemed for the purposes of the Constitution to be Scheduled Tribes in relation to the various States and Union territories. In pursuance of these provisions, the list of Scheduled Castes and / or Scheduled Tribes are notified for each State and Union territory and are valid only within the jurisdiction of that State or Union territory and not outside.

It is important to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Caste in addition to every member of the Ramdasi, Kabirpanthi, Majhabi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of Scheduled Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes.

The lists containing the names of the Scheduled Castes and the Scheduled Tribes applicable for the Census of India 2001 in the State/Union territory are given below:

**List Of Scheduled Castes In Andhra Pradesh :**

1. Adi Andhra
2. Adi Dravida
3. Anamuk
4. Aray Mala
5. Arundhatiya
6. Arwa mala
7. Bariki
8. Bavuri
9. Beda Jangam, Budga Jangam
10. Bindla
11. Byagara
12. Chachati
13. Chalavadi
14. Chamar, Mochi, Muchi
15. Chambhar
16. Chandala
17. Dakkal, Dokkalwar
18. Dandasi
19. Dhor
20. Dom, Dombara, Paidi, Pano
21. Ellamalawar, Yellammalawandlu
22. Ghasi, Haddi, Relli, Chachandi
23. Godagali
24. Godari
25. Gosangi
26. Holeya
27. Holeya Dasari
28. Jaggali
29. Jambuvulu
30. Kolupul Vandlu
31. Madasi Kuruva, Madari Kuruva
32. Madiga
33. Madiga Dasu, Mashteen
34. Mahar
35. Mala
36. Mala Dasari
37. Mala Dasu
38. Mala Hannai
39. Malajangam
40. Mala Masti
41. Mala Sale, Netkani
42. Mala Sanyasi
43. Mang
44. Mang Garodi
45. Manne
46. Mashti
47. Matangi
48. Mehtar
49. Mitha Ayyalvar
50. Mundala
51. Paky, Moti, Thoti
52. Pambada, Pambanda
53. Pamidi
54. Panchama, Pariah
55. Relli
56. Samagara
57. Samban
58. Sapru
59. Sindhollu,Chindollu.

**List Of Scheduled Tribes In Andhra Pradesh :**

1. Andh

** The agency tracts is comprised of Srikakulam, Vizianagaram, Visakhapatnam, East-Godavari, WestGodavari and Khammam districts.*

2. Bagata
3. Bhil
4. Chenchu, Chenchwar
5. Gadabas
6. Gond, Naikpod, Rajgond
7. Goudu(in the Agency tracts)*
8. Hill Reddis
9. Jatapus
10. Kammara
11. Kattunayakan
12. Kolam, Mannervarlu
13. Konda Dhoras
14. Konda Kapus
15. Kondareddis
16. Kondhs, Kodi, Kodhu, Desaya Kondhs, Dongria Kondhs, Kuttiya Kondhs, Tikiria Kondhs, Yenity Kondhs.
17. Kotia, Bentho Oriya, Bartika, Dhulia, Dulia, Holva, Paiko,Putiya, Sanrona, Sidhopaiko
18. Koya,Goud,Rajah,Rasha Koya,Lingadhari, Koya (ordinary), Kottu Koya, Bhine Koya, Rajkoya
19. Kulia
20. Malis (excluding Adilabad, Hyderabad, Karimnagar,Khammam, Mahbubnagar,Medak,Nalgonda, Nizamabad and Warangal districts)
21. Manna Dhora
22. Mukha Dhora, Nooka Dhora
23. Nayaks(in theAgency tracts)*
24. Pardhan
25. Porja, Parangiperja
26. Reddi Dhoras
27. Rona, Rena
28. Savaras, Kapu Savaras, Maliya Savaras, Khutto Savaras
29. Sugalis, Lambadis
30. Thoti (InAdilabad, Hyderabad, Karimnagar, Khammam, Mahbubnagar, Medak, Nalgonda, Nizamabad and Warangal Districts)
31. Valmiki(in the Agency tracts)*
32. Yenadis
33. Yerukulas

**Language and Mother tongue :**

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person and mother tongue is defined as the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

**Literate :**

A person aged 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could also have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

**Literacy rate :**

Literacy rate of the population is defined as the percentage of literates in the age group seven years and above. For different age groups the percentage of literates in that age group gives the literacy rate.

**Educational level :**

The highest level of education a person has completed.

**Work :**

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective

supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. Persons who are engaged in cultivation or milk production even solely for domestic consumption are also treated as workers.

Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

**Main worker :**

A person who has worked for major part of the reference period ( i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as `Main worker'.

**Marginal worker :**

A person who worked for less than six months of the reference period ( i.e. in the last one year preceding the date of enumeration ) in any economic activity is termed as `Marginal worker' .

**Non worker :**

A person who has not worked at all in any economically productive activity during the reference period ( i.e. last one year preceding the date of enumeration ) is termed as `Non worker'.

**Cultivator :**

For purposes of the Census a person is classified as cultivator if he or she is engaged in cultivation on land owned or held from government or held from private persons or institutions for payment in money, kind or share. Cultivation includes effective supervision or direction in cultivation.

A person who has given out her/his land to another person or persons or institution(s) for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation in exchange of land, is not treated as cultivator. Similarly, a person working on another person's land for wages in cash or kind or a combination of both (agricultural labourer) is not treated as cultivator.

Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fibre crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the following plantation crops - tea, coffee, rubber, coconut and betel-nuts (areca).

**Agricultural labourer :**

A person who works on another person's land for wages in money or kind or share is regarded as an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which she/he works.

**Household industry worker :**

Household industry is defined as an industry conducted by the head of the household herself/himself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods.

It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

**Other worker :**

A person who has been engaged in some economic activity during the reference period but not as a cultivator or agricultural labourer or in Household Industry is termed as a 'Other Worker (OW)'. The type of workers that come under this category of 'OW' include all government servants, municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work,

priests, entertainment artists, etc. In effect, all those workers other than cultivators or agricultural labourers or household industry workers, are 'Other Workers'.

**Work participation rate :**

Percentage of workers (main + marginal) to total population.

**Population density :**

Population density is the number of persons inhabited per square kilometre of the area.

**Age :**

Age is measured in terms of the completed number of years.

**Sex -ratio :**

Number of females per 1000 males in a population.

# (viii) Non Census Concepts

**Improved drinking water :**

If the household had access to drinking water supplied from a tap, hand pump, tube well or well (protected or covered) situated within or outside the premises, it is considered as having access to improved drinking water. It may be mentioned that such uniform definition may not be valid across all states.

**System of sewerage :**

Generally, a sewerage system would mean a network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastage are called separate sewers; those that carry storm water from roofs, streets and other surfaces are known as storm water drains, while those carrying both sewage and storm water are called combined sewers. However, in some towns which are not provided with such underground sewerage system, it is served by open surface drain, box drain, sylk pattern drain, etc., in these towns.

**Type of latrine and Method of disposal of night soil :**

There are three prevalent systems of disposal of human wastes, viz.(i) underground sewerage, (ii) sanitary water flush latrines with individual disposal systems, like septic tank, leaching cess pool and collecting well, and (iii) dry type of latrines with manual scavenging. The system of underground sewerage provides for the street sewerage with which are connected the sanitary latrines constructed in the houses having water closets and fitted with flushing cistern (or hand flushing). Through this sewer the faecal matter is transported without the need for scavenging. This system generally exists in cities and big towns. Where the streets sewer does not exist these sanitary water flush latrines are connected to a local septic tank with a sub-soil dispersion system or a leaching pit. Here the liquid wastes from the water closet is disposed of locally in leaching pit, a septic tank with a soil dispersion system is constructed. This dispersion requires an optimum travel through the pores of the soil which renders the harmful liquid bacterially innocuous by the slow process of filtration through the soil traversed. Where the soil is impermeable, collecting wells are constructed and the sanitary water flush latrines are connected with them. These wells are cleaned at periodic intervals by a suitable device. The dry type of latrines are of service type latrines from where human excreta is removed by scavengers from house to house, in most cases carrying it on their heads or shoulders or in baskets with handle or wheel barrows. These are then collected in bullock carts or trucks or tractors and trolleys for being carried to the dumping grounds.

**Fertility :**

In demography, the word fertility is used in relation to the actual production of children or occurrence of births specially live births. Fertility is a measure of rate at which population adds to itself by births and normally assessed by relating the number of births to a full or part of the population, such as number of married women or number of women of child bearing age. The definitions of the terminology used in computing different fertility rates are mentioned below:

**Crude birth rate(CBR) :**

Ratio of the number of live births in a year to the mid year population, normally expressed per 1000 population.

$$CBR = \frac{\text{Number of live births during the year}}{\text{Mid –year Population}} \times 1000$$

**Crude death rate(CDR)**

Ratio of the number of deaths in a year to the mid year population, normally expressed per 1000 population.

$$CDR = \frac{\text{Number of deaths during the year}}{\text{Mid- year Population}} \times 1000$$

**Natural growth rate :**

Growth rate is obtained as the difference between crude birth rate and crude death rate in the absence of migration.

**Age specific fertility rate (ASFR) :**

**N**umber of live births in a year to female population in any specified age group normally expressed per 1000 women.

$$ASFR = \frac{\text{Number of live births in a particular age-group}}{\text{Mid-year female population of the same age-group}} \times 1000$$

**Age specific marital fertility rate (ASMFR) :**

Number of live births in a year to married female population in any specified age group normally expressed per 1000 married women .

$$ASMFR = \frac{\text{Number of live births in a particular age-group}}{\text{Mid-year married female population of the same age-group}} \times 1000$$

**General fertility rate (GFR) :**

Number of live births per 1000 women in the reproductive age-group (15-49) years in a given year.

$$GFR = \frac{\text{Number of live births in a year}}{\text{Mid-year female population in the age-group (15-49) years}} \times 1000$$

**General marital fertility rate (GMFR) :**

Number of live births per 1000 married women in reproductive age-group (15-49) years in a given year.

$$GMFR = \frac{\text{Number of live births in a year}}{\text{Mid-year married female population in the age-group (15-49) years.}} \times 1000$$

**Total fertility rate (TFR) :**

It is obtained as the total of the age specific fertility rates (number of children born per woman of the particular age) for the entire reproductive age span. It provides the average number of children that will be born to a woman under the fertility levels indicated by the age specific fertility rates assuming that there is no mortality of women till the completion of reproductive period.

$$TFR = \frac{5 \times \sum_{15-19}^{45-49} ASFR}{1000}$$

**Total marital fertility rate (TMFR) :**

Average number of children that would be born to a married woman if she experiences the current fertility pattern throughout her reproductive span (15-49) years assuming that there is no mortality of women till the completion of reproductive period.

$$TMFR = \frac{5 \times \sum_{15-19}^{45-49} ASMFR}{1000}$$

**Age-specific mortality rate (ASMR) :**

Number of deaths in a particular age and sex group per 1000 population of the same age group.

$$ASMR = \frac{\text{Number of deaths in a particular age-group}}{\text{Mid-year population of the same age-group}} \times 1000$$

**q1**

Probability of dying between birth and age 1. This can be used as approximate value of Infant Mortality Rate (IMR) which gives the ratio of number of deaths in a year of children aged less than one year to the number of births in that year.

**q2**

Probability of dying between birth and age 2.

**q5**

Probability of dying between birth and age 5. This indicator is also known as Under Five Mortality Rate (U5MR) .

**Infant mortality rate (IMR) :**

Ratio of the number of infant deaths (deaths of children below one year) in a year to the number of live births in that year.

$$IMR = \frac{\text{Number of infant deaths during the year}}{\text{Number of live births during the year}} \times 1000$$

Infant mortality rate comprises of two parts, viz., Neo-natal mortality rate and Post neo-natal mortality rate. The neo-natal mortality rate also comprises of two parts viz., Early neo-natal mortality rate and late neo-natal mortality rate. These are defined as:

**Neo-natal mortality rate (NMR) :**

Number of infants dying within the first month of life (28 days or under ) in a year per 1000 live births of the same year.

$$NMR = \frac{\text{Number of infant deaths aged 28 days or under during the year}}{\text{Number of live births during the year}} \times 1000$$

**Early neo- natal mortality rate :**

$$ENMR = \frac{\text{Number of infant deaths of less than 7 days During the year}}{\text{Number of live births during the year}} \times 1000$$

**Late neo-natal mortality rate :**

$$LNMR = \frac{\text{Number of infant deaths of 7 days to less than 29 days during the year}}{\text{Number of live births during the year}} \times 1000$$

**Post neo-natal mortality rate (PNMR) :**

$$PNMR = \frac{\text{Number of deaths of 29 days to less than one year during the year}}{\text{Number of live births during the year}} \times 1000$$

**Peri-natal mortality rate (PMR) :**

Number of still births plus deaths within 1st week of delivery per 1000 births in a year.

$$PMR = \frac{\text{Number of still births and infant deaths of less than 7 days during the year}}{\text{Number of live births and still births during the year}} \times 1000$$

**Still birth rate(SBR) :**

$$SBR = \frac{\text{Number of still births during the year}}{\text{Number of live births and still births during the year}} \times 1000$$

**Maternal mortality rate(MMR) :**

Number of deaths of women in the age group 15-49 while pregnant or within 42 days of termination of pregnancy from any cause related to pregnancy and child birth per 1,00,000 live births in a given year.

$$MMR = \frac{\text{Number of maternal deaths to women in the age group 15-49}}{\text{Number of live birth}} \times 1{,}00{,}000$$

**Eligible couple (Couples per 1000 population):**

Number of currently married females in the age group15-44 years per 1000 persons of all ages.

**Child woman ratio (0-4) :**

1. Number of children in the age group 0-4 years per 1000 women in the age group 15-49 years.

**Child woman ratio (5-9) :**

2. Number of children in the age group 5-9 years per 1000 women in the age group 15-49 years.

**Migration :**

Migration is the third component of population change, the other two being mortality and fertility. A person is considered as a migrant by place of birth if the place in which he/she is enumerated during the census is other than the place of his/her birth. Similarly a person is considered as a migrant by place of last residence if the place in which he/she is enumerated during the census is other than his/her place of immediate last residence outside the village or town and not simply in another house or locality in the same village or town. Certain aspects concerning temporary movement/migration of people has been

explained below as these are important components concerning migration :-

(i) Migration of persons in search of job is high in the country. In many cases such migrants are only seasonal in nature. People migrate to other places for work in a particular season and come back again to their usual place of residence after three or four months. All such workers are treated as migrants. Similarly, if a person moved to any other place for attending short term vocational or educational course that lasted for only few months of a year, she/he too were considered as a migrant.

(ii) Where a person had merely gone out to another place or had been shifting from one place to another purely on tour, pilgrimage, visit to hospital for treatment or for temporary business purposes, such persons are not deemed to have had another residence different from the place where she/he or her/his family normally resides. She/he is not considered as migrant.

(iii) A woman temporarily moves into a hospital or to her parents or other relative's house for delivery and if the hospital or the parents/relatives houses is in a place different from usual place of residence, the place where the hospital or parents/relative's house is the place of last residence of the child but not of the mother. A new response category 'Moved after birth' was added in Census of India 2001 in the question on 'reasons for migration' to bring out additional migration patterns. Natural calamities or distress migration as a reason for migration for last residence migrants included in 1991 Census, is covered under category of 'Others'. The reason for migration has been determined as applicable at the time of migration and not in reference to any point of time after that. For example, if a person had moved from the place of her/his last residence for the purpose of education and subsequently at some point of time got employment there only, the reason for migration would be 'education' and not 'work/employment'.

**Internal and International migration :**

The migrational movements are of three types

(i) Migration within the state itself with its components.

(a) Migration within the district of enumeration (intra district migration).

(b) Migration from one district of state to another district of state (inter district migration),

(ii) Migration from one state to another State of the country ( inter-state migration),

(iii) Migration from one country to another country. The first two streams together constitute internal migration, while the last type of movement is called international migration. The present name of the country, state or district and not the name by which they were known at the time of her/his birth or last residence were recorded.

**Rural - Urban components of migration:**

Rural or Urban status in respect of migrants have been determined as applicable at the time of migration and not with reference to any point of time after that. The flow of migrants consists of four streams viz. rural to rural, rural to urban, urban to rural and urban to urban.

**Civic status of urban units**

Civic Status of a town/city is determined on the basis of Civic Administrative authority of the town e.g., Municipal Corporation / Corporation, Municipal Committee/ Municipal council, Municipality etc.

**Size class of UA / town**

Size-class of UA/Town is based on the population size of the UA/City/Town UAs./Towns with 1,00,000 and above population are classified as Class I UAs./ towns. These Class I UAs. / towns are now further sub classified in to seven sub classes namely M1 to M7 depending on the population size of UA/City/ Town. These are M7(5,000,000 and above); M6(2,000,000 to 4,999,999); M5 (1,000,000-1,999,999) M4 (500,000-999,999); M3(300,000-499,999), M2 (200,000-299,999) & M1 (100,000-199,999). towns with, 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000-19,999 are Class IV towns, population with 5000 and 9999 are Class V towns and towns with less than 5000 population are Class VI towns.

**Slum area**

The Slum Areas (Improvement and Clearance) Act, 1956 which was enacted by the Central Govt. defined slums as a) Areas where buildings are in any respect unfit for human habitation; or b) are by reasons of dilapidation, overcrowding, fault arrangement and design of such buildings, narrowness or faulty arrangement of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

**Mega city**

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cut off point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and employment, Department of Urban Development adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 millions and above population have been treated as Mega cities.

# Analytical Note

## (ix) 2001 Census findings – Population and its distribution

**(a) Distribution of Population in Rural-Urban areas:**

According to 2001 Census the total population of Kurnool district stands at 3,529,494 persons with 1,796,214 males and 1,733,280 females. The district stands at 10th rank in the state as far as population is concerned. Out of the total population of the district, 2,712,030 persons constituting 76.84% are residing in rural areas and the remaining 817,464 persons(23.16%) are residing in urban areas. The proportion of urban population to total population is regarded as an index of urbanization. The urban population of the state is 27.30%. The average number of towns for 100 inhabited villages in the district is 1.13%.

In Kurnool district there are 54 mandals with 913 villages. Among these, 884 are inhabited villages and the remaining 29 villages are un-inhabited. The average number of inhabited villages per mandal is 16. In terms of population Kurnool mandal occupies 1st place with 10.00% of the district population while Dornipadu mandal reported least population accounting 0.72% of the district population. Adoni mandal is having 42 villages including one un-inhabited village. Next comes Banaganapalle mandal with 39 villages including one un-inhabited village. Srisailam mandal is the smallest mandal with 2 villages and these two are inhabited.

The urban population is distributed among 10 urban units of which 4 are statutory towns. The average size of an urban centre in the district works out to 81,746 persons. Kurnool Municipal Corporation has largest population (269,122) whereas Ramapuram is the smallest town with a population of (5,716). There is no town in the district which has less than 5000 population.

**(b) Size class and status of towns, population, Growth, density, sex ratio, work participation rate and Literacy Rates – in the district :**

**Size class and status of towns:**

During every Census the number of Census towns and statutory towns changes due to addition of new Census towns, declassification of existed Census towns, notifying of new Census towns, de-notifying of existed statutory towns etc., due to strict application of criteria. For the purpose of analysis of varied demographic characteristics, urban areas have been divided into six classes by size of population. There are 10 towns in the district. Kurnool, Adoni and Nandyal are categorized as class I towns while there are 2 in class II, 2 in class III, one in class IV and 2 in class V. In the district there are no class VI towns.

**Population Growth :**

The population of district was 2,973,024 as per 1991 Census and has gone upto 3,529,494 persons in 2001 adding 556,470 persons during the decade 1991-2001. The growth rate in the district(18.72%) is more than the state growth of 14.59% during the decade. Kurnool district ranks 4th in growth rate among 23 districts in the state.

Rural-Urban growth rates show a little variation. The rural growth rate is recorded as 23.00% while urban growth rate is 6.43%. As regards growth rate in rural population the district occupies 1st position, when we speak about urban growth rate, it occupies 17th place in the state.

**Density :**

The overall density of population in the district is 200 persons per sq.km and is below the state average of 277. Among urban areas, Kurnool town recorded highest with 14,943 persons per sq.km followed by 9,876 persons in Nandyal town. Least density i.e. 316

persons per sq.km. has been reported in Srisailam Gudem Devasthanam town.

**Sex Ratio :**

Kurnool district has recorded 965 females per 1000 males in 2001 Census while it was 953 in 1991 Census. It is lower than state sex ratio of 978. The district occupied 18th rank in respect of sex ratio among 23 districts. Kowthalam mandal has the highest sex ratio of 1008. Koilkuntla and Mantralayam mandals have also recorded more sex ratio of 1001 and 999 respectively. Among urban units, Nandyal town has reported highest sex ratio of 976 and the Census Town Srisailam Project R.F.C. reported lowest sex ratio of 856.

**Work Participation Rate:**

The work participation rate for total workers is defined as percentage of total workers to total population. The total workers participation rate in Kurnool district is 49.45%. Again percentage of main workers stands at 42.52%. The total workers participation rate separately for males and females in the rural areas are 57.90% and 49.50% respectively. The corresponding figures for urban areas are 51.00% and 18.70% respectively. The female workers participation has gone up from 37.93 in 1991 Census to 42.35 at 2001 Census.

**Literacy Rate :**

While calculating the effective literacy rate, children in 0-6 age group have been excluded. The district returned 1,592,172 literates forming 53.22% of the population of the district. For urban and rural areas the literacy rate workout to 67.07% and 48.94% respectively. Again within the urban areas male and female literacy rates workout to 76.50% and 57.40%. For the rural population the male and female literacy rates are 62.70% and 34.70% respectively.

**(c) Scheduled Castes and Scheduled Tribes of earlier Censuses:**

To uplift social and economic status of Scheduled Castes and Scheduled Tribes, one of the basic requirements of these population is the availability of data on age, sex, marital status, economy, education, fertility etc. These particulars are being collected in each census from 1951 onwards and provided to planners and administrators to take-up necessary steps to evolve suitable plans for the development of Scheduled Castes and Scheduled Tribes.

The President of India has notified some castes, races or tribes or parts of groups within castes, races or tribes as Scheduled Castes under Article 341 of the Constitution of India. Similarly, under Article 342 of the Indian Constitution, President of India has declared all such tribes or tribal communities or parts of groups within the tribes or tribal communities as scheduled Tribes. The list of Scheduled Castes and Scheduled Tribes are notified for each State or Union Territory and are valid only within the jurisdiction of that State and Union Territory. The list of Scheduled Castes and Scheduled Tribes is provided in this volume under the chapter on 'Census concepts'.

**Scheduled Castes population in the district as per 1991 Census:**

As per 1991 census, there were 518,108 Scheduled Castes population comprising 265,918 males and 252,190 females. This works out to 17.43% to the total population of the District. Of the total population of Scheduled Castes, 80.24% were living in rural areas of the district.

**Statement (i)**
**Particulars of decadal variation, sex ratio, literacy and workers participation of Scheduled Castes population-1991**

| Sl.No. | Particulars | | Total | Rural | Urban |
|---|---|---|---|---|---|
| 1 | Percentage decadal variation: | 1981 | 375,978 | 305,766 | 70,212 |
| | | 1991 | 518,108 | 415,736 | 102,372 |
| | | | (37.80) | (35.97) | (45.80) |
| 2 | Sex ratio | | 948 | 944 | 965 |
| 3 | Percentage of Literacy | | 28.08 | 23.41 | 46.52 |
| 4 | Percentage of: | | | | |
| | i.Main Workers | | 50.03 | 53.60 | 35.52 |
| | ii.Marginal Workers | | 1.22 | 1.45 | 0.31 |
| | iii.Non-workers | | 48.75 | 44.95 | 64.17 |

*Source: Kurnool District Census Handbooks of 1981 and 1991.*

The above statement reveals that Scheduled Castes population has recorded 37.80% growth rate during the decade 1981-91. It was 35.97% in rural areas which is lower to the growth rate of total district. Growth rate in Urban areas was 45.80% which is nearly 8% more than the district.

The sex ratio of Scheduled Castes population (948) was lower in comparison to that of the general population in the district (953). The sex ratio in rural area of the district was little lower than total district sex ratio among Scheduled Castes population. In urban areas it was 965. Literacy rate among scheduled castes was 28.08 which was lower than the district rate (62.54). In urban areas their literacy rate was 46.52.

Proportion of main workers among Scheduled Castes was 50.03 percent and the Marginal workers was 1.22 percent. In rural areas main workers population was 53.60 percent and in urban areas their percentage was 35.52.

**Statement (ii)**

**Statement showing the decadal variation in Scheduled Castes population in Kurnool district in comparison to Andhra Pradesh State between 1961-1991 Censuses**

| Sl. No. | Census Year | Scheduled Castes Population in district (percentage variation shown in brackets) | Scheduled Castes Population in State (percentage variation shown in brackets) |
|---|---|---|---|
| 1 | 1961 | 196,084 | 4,973,616 |
| | | (--) | (--) |
| 2 | 1971 | 222,838 | 5,774,548 |
| | | (+13.64) | (+16.10) |
| 3 | 1981 | 375,978 | 7,961,730 |
| | | (+68.72) | (+37.88) |
| 4 | 1991 | 518,108 | 10,592,066 |
| | | (+37.80) | (+33.04) |

***Source :*** *Part B-(II), A.P., 1991 Census.*

It is seen from the above table that Scheduled Castes population in the district has registered 13.64 growth rate during the decade 1961-1971. The same for the decade 1971-1981 and 1981-1991 was 68.72% and 37.80% respectively. The growth rate during 1971-1981 were more than the growth rate of 1961-1971. However growth rate has been decreased from 68.72% during 1971-1981 to 37.80% during 1981-1991.

**Statement (iii)**

**Proportion of Scheduled Castes Population to Total Population in the villages-1991**

| Percentage range of Scheduled Castes population to Total population | Number of villages in each range | Percentage of villages in each range |
|---|---|---|
| 5 and below | 46 | 5.41 |
| 6-10 | 86 | 10.12 |
| 11-15 | 167 | 19.65 |
| 16-20 | 185 | 21.76 |
| 21-30 | 238 | 28.00 |
| 31 and above | 128 | 15.06 |
| **Total** | **850** | **100.00** |

***Source:*** *District Census Handbook, Kurnool, 1991*

The above statement gives the proportion of Scheduled Castes population to total population in the villages during 1991 census. Out of 850 villages where Scheduled Caste population returned in the district, 46 villages constituting 5.41% were having less than 6% of Scheduled Castes population. Of the remaining villages, 86 (10.12%) were having 6 to 10% of Scheduled Castes population, 167 (19.65%) having 11 to 15%, 185 (21.76%) in the range of 16-20%, 238(28%) in the range of 21-30% and 128 (15.06%) 31% and above to total population of the respective villages.

**Statement (iv)**

**Percentage of Scheduled Castes Population in Towns-1991**

| Class & Name of Town | Total Population | Total Scheduled Caste Population | Percentage of Scheduled Caste Population to total Population |
|---|---|---|---|
| I Adoni (M) | 136,182 | 21,353 | 15.68 |
| III Atmakur (P) | 29,599 | 2,850 | 9.63 |
| III Banaganapalle (P) | 21,334 | 1,670 | 7.83 |
| III Bethamcherla (P) | 21,490 | 2,999 | 13.96 |
| IV Bugganipalle(P) | 12,694 | 2,096 | 16.51 |

**Statement (iv) (Concld.)**
**Percentage of Scheduled Castes Population in Towns-1991**

| Class & Name of Town | Total Population | Total Scheduled Caste Population | Percentage of Scheduled Caste Population to total Population |
|---|---|---|---|
| III Dhone (P) | 33,434 | 3,090 | 9.24 |
| III Kallur (P) | 38,560 | 5,358 | 13.90 |
| I Kurnool (M) | 236,800 | 33,918 | 14.32 |
| III Nandikotkur (P) | 32,214 | 5,160 | 16.02 |
| I Nandyal (M) | 119,813 | 12,172 | 10.16 |
| III Srisailam Project Town Ship R.F. Colony | 20,891 | 5,365 | 25.68 |
| II Yemmiganur (M) | 65,089 | 6,341 | 9.74 |
| **All Towns** | **768,100** | **102,372** | **13.33** |

The above statement shows the percentage of Scheduled Castes population to the total population of the towns in the district. Out of 7,68,100 urban population, Scheduled Castes population constitute 1,02,372 persons with 13.33 % Srisailam Project Township R.F.Colony town has 25.69% Scheduled Caste population to the total population of the towns followed by Bugganipalle (P) 16.51% Nandikotkur (P) 16.02%, Adoni (M) 15.68%, Kurnool (M) 14.32%, Bethamcherla (P) 13.96% and Kallur (P) 13.90% and remaining towns were below the district percentage.

**The Scheduled Tribes population in the district as per 1991 Census:**

As per 1991 Census, there were 56,455 Scheduled Tribes population comprising 29,201 males and 27,254 females. This works out 1.90% to the total population of the district. Of the total population of the Scheduled Tribes 80.51% were living in rural areas of the district.

**Statement (v)**
**Particulars of decadal variation, sex ratio, literacy and workers participation of Scheduled Tribes population-1991**

| Sl No. | Particulars | | Total | Rural | Urban |
|---|---|---|---|---|---|
| 1 | Percentage decadal variation: | 1981 | 39,914 | 33,654 | 6,260 |
| | | 1991 | 56,455 | 45,453 | 11,002 |
| | | | (41.44) | (35.06) | (75.75) |
| 2 | Sex ratio | | 933 | 954 | 851 |
| 3 | Percentage of Literacy | | 24.86 | 20.58 | 42.34 |
| 4 | Percentage of: | | | | |
| | i. Main Workers | | 46.64 | 49.81 | 33.58 |
| | ii. Marginal workers | | 1.52 | 1.45 | 1.79 |
| | iii. Non-workers | | 51.84 | 48.74 | 64.63 |

The above statement reveals that Scheduled Tribes population in the district has registered 41.44% growth during the decade 1981-91. 35.06% growth in ST population has been recorded in the rural areas of the district. In urban areas it was 75.75%. The sex ratio in the district was 933, while in rural areas it was 954 and in urban areas 851. As regards the Literacy rate among the tribes, it was 24.86%, while in rural areas it was 20.58%. However, in urban areas it was higher (42.34%) than rural areas as well as the district total.

The population of main workers and marginal workers among tribals in the district was 46.64% and 1.52% respectively where as in rural areas of the district it was 49.81% and 1.45% respectively. But in urban areas they were reported 33.58% and 1.79% respectively.

**Statement (vi)**
**Statement showing the decadal variation in Scheduled Tribes population in the district in comparison to Andhra Pradesh State between 1961-1991 Censuses**

| Sl. No. | Census Year | Scheduled Tribes Population in district (percentage variation shown in brackets) | Scheduled Tribes Population in State (percentage variation shown in brackets) |
|---|---|---|---|
| 1 | 1961 | 30,640 | 1,324,368 |
| | | (--) | (--) |
| 2 | 1971 | 32,407 | 1,657,657 |
| | | (+5.77) | (+25.17) |
| 3 | 1981 | 39,914 | 3,176,001 |
| | | (+23.16) | (+91.60) |
| 4 | 1991 | 56,455 | 4,199,481 |
| | | (+41.44) | (+32.23) |

***Source :*** *Part II-A, A.P., 1991 Census.*

It is seen from the above furnished table that Scheduled Tribes Population in the district has registered 5.77% growth during the decade 1961-71. The same for the decades 1971-1981 and 1981-91 was 23.16% and 41.44% respectively.

**Statement (vii)**

**Proportion of Scheduled Tribes Population to Total Population in the villages - 1991**

| Percentage range of Scheduled Tribe population to Total population | Number of villages in each range | Percentage of villages in each range |
|---|---|---|
| 1 | 2 | 3 |
| 5 and below | 390 | 81.93 |
| 6-15 | 55 | 11.55 |
| 16-25 | 11 | 2.30 |
| 26-35 | 6 | 1.26 |
| 36-50 | 7 | 1.47 |
| 51 and above | 7 | 1.48 |
| **Total** | **476** | **100.00** |

***Source: DCHB, Kurnool 1991***

The statement given above shows the proportion of Scheduled Tribes population to total population in the villages as recorded during 1991. Out of 476 villages, where scheduled tribes were recorded, 390 villages forming 81.93% were having less than 6% scheduled Tribes population. The proportion of Tribals was between 26 to 50 percent in 13 villages (2.73%) and in 7 villages (1.48%) they were more than 51 percent.

**Statement (viii)**

**Percentage of Scheduled Tribes Population in Towns-1991**

| Class & Name of Town | Total Population | Total Scheduled Tribes Population | Percentage of Scheduled Tribes Population to total Population |
|---|---|---|---|
| 1Adoni (M) | 136,182 | 1,423 | 1.04 |
| 2Atmakur (P) | 29,599 | 786 | 2.66 |
| 3Banaganapalle (P) | 21,334 | 636 | 2.98 |
| 4Bethamcherla (P) | 21,490 | 228 | 1.06 |
| 5Bugganipalle(P) | 12,694 | 714 | 5.62 |
| 6Dhone (P) | 33,434 | 626 | 1.87 |
| 7Kallur (P) | 38,560 | 522 | 1.35 |
| 8Kurnool (M) | 236,800 | 2,043 | 0.86 |
| 9Nandikotkur (P) | 32,214 | 224 | 0.70 |
| 10Nandyal (M) | 119,813 | 1,963 | 1.64 |
| 11Srisailam Project T.Ship R.F. Colony | 20,891 | 996 | 4.77 |
| 12Yemmiganur (M) | 65,089 | 841 | 1.29 |
| | **768,100** | **11,002** | **1.43** |

*Source: District Census Handbook, Kurnool,1991*

While going through the above table it is observed that Scheduled Tribes population constituted 1.43% to total urban population in the district. The proportion of Scheduled Tribes population was above the district average in Atmakur, Banaganapalle, Bugganipalle, Dhone, Nandyal and Srisailam project Town Ship R.F.Colony, while it was below in Adoni, Bethamcherla, Kallur, Kurnool, Nandikotkur and Yemmiganur. However proportion of Scheduled Tribes population in urban areas ranges between 0.70% to 5.62%.

This table gives the details of decadal change in population of mandals during 1991-2001 with total, rural and urban breakup, percentage decadal variation together with percentage of urban population in 1991 and 2001 censuses. The district has registered 18.72% growth rate during the decade which is more than the state average growth rate of 13.95. The rural and urban growth rates are recorded as 23.00% and 6.43% respectively.

The district percentage of urban population works out to 23.2. Out of 54 mandals, only 8 mandals have urban units. Among these 8 mandals Srisailam mandal reported highest urban population of 99.6% followed by 76.3% in Kurnool mandal.

## TABLE 2

*Note: Percentages in brackets*

This district has 884 inhabited villages. Among these 53 mandal parishads the highest number of 41 inhabited villages are in Adoni mandal parishad followed by Banganapalle mandal parishad with 38 inhabited villages. The least number of villages are noticed in Pagidyala and Maddikera (East) mandal parishads with 6 villages each. Of the total inhabited villages, 8 villages (0.9%) are having less than 200 population; 47 villages (5.3%) are having between 200-499 persons; 109 villages (12.3%) with a population between 500-999 persons; 253 villages (28.6%) in the range of 1000-1999 persons; 348 villages (39.4%) with population range of 2000-4999 persons; 91 villages (10.3%) in the population range of 5000-9999 persons and 28 villages (3.2%) have population of 10,000 and above. The highest number of villages i.e. 348 fall under the population range of 2000-4999 persons. Only 28 villages in the district have recorded more than 10,000 population each.

**TABLE 3**
**NEW TOWNS, DENOTIFIED, DECLASSIFIED AND MERGED TOWNS IN 2001 CENSUS**

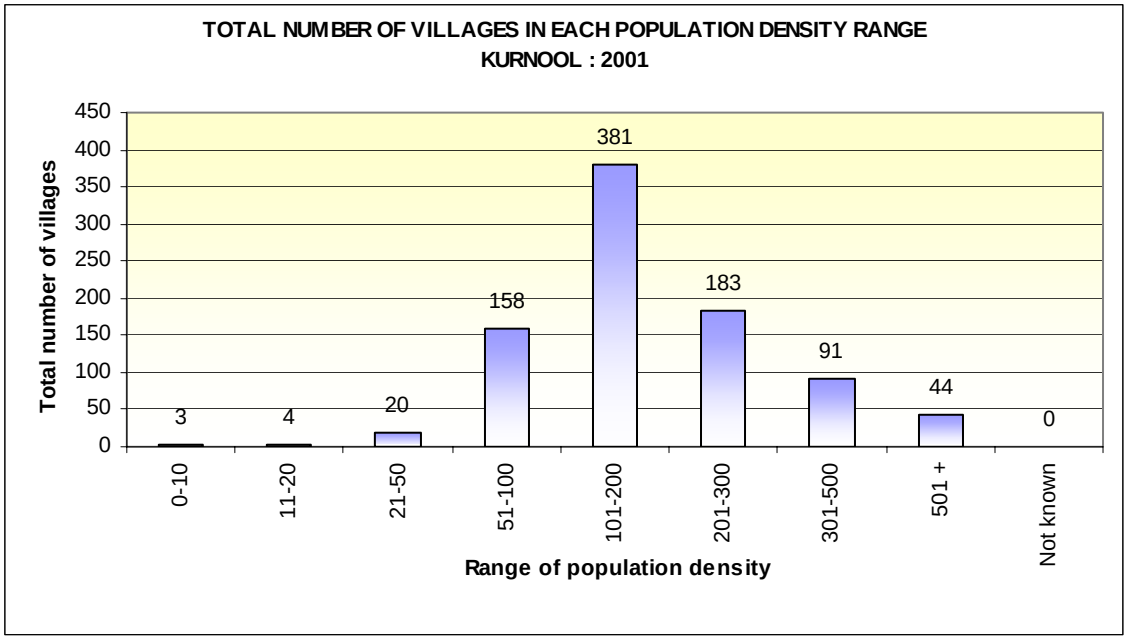

| | Name of Town |
|---|---|
| | 1 |
| **(a) New** | |
| (i) Statutory Town | -Nil- |
| (ii) Census Town | 1. Srisailam Gudem Devastanam<br>2. Ramapuram |
| **(b) Denotified** | |
| (i) Statutory towns of 1991 Census denotified and also did not satisfy the criteria to be treated as Census towns | -Nil- |
| (ii) Statutory towns of 1991 Census denotified but identified as Census towns based on demographic and economic criteria | -Nil- |
| (iii) Census towns of 1991 Census are notified as statutory town in 2001 Census | -Nil- |
| **(c) Declassified** | 1. Atmakur<br>2. Banaganapalle<br>3. Dhone<br>4. Nandikotkur |
| **(d) Wholly merged with other town(s)** | -Nil- |

*Declassified means the census towns of 1991 census which failed to satisfy the demographic and economic criteria*

Out of 12 urban area in 1991 Census, 4 Panchayat towns Viz. Atmakur, Banaganapalle, Dhone and Nandikotkur are declassified as revenue villages due to strict application of demographic criteria in 2001 census. The villages Srisailam Gudem Devastanam and Ramapuram have attained census towns status for the first time during 2001 Census. Presently, the district has one Municipal Corporation, three municipalities and six census towns besides having out growths to Adoni and Nandyal urban agglomerations.

**TABLE 4**
**DISTRIBUTION OF VILLAGES BY POPULATION DENSITY, 2001**

| Range of population density (per square kilometer) | Total number of villages in each population density range | Percentage of villages in each population density range | Population | Percentage distribution of population |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| 0-10 | 3 | 0.3 | 834 | - |
| 11-20 | 4 | 0.5 | 511 | - |
| 21-50 | 20 | 2.3 | 11,210 | 0.4 |

| 2001 | 978 | 983 | 965 | 965 | 964 | 966 |

This table gives details of sex-ratio of state and the district with rural/urban break-up since 1901. In India the sex-ratio determined basing on the number of females per 1000 males. At all decennial census since 1901 the district has never crossed the state level sex-ratio. In 2001 census count the sex-ratio of the district stood at 965 as against 978 at state level. Mostly the sex-ratio in rural areas of the state is higher than the urban areas except during 1901, 1911 and 1951. whereas in the case of Kurnool district urban sex-ratio is more than the rural sex-ratio exept during 1951, 1961,1971,1981 and 1991 census.

| 54 | Areas not included in any Mandal Parishad | 638 |
| | **Sex Ratio for District (Rural) Total:** | **964** |

This table explains exclusively the sex ratio recorded in the rural areas of each mandal parishad. The district sex ratio at rural areas has been recorded 964 which is little less to district total sex ratio of 965. In the mandal parishads of Kowthalam, Yemmiganur and Koilkuntla fair sex is recorded more than males. From this table it is noticed that as many as 26 mandal parishads recorded less sex ratio than the district rural.

**TABLE 8**

**SEX RATIO OF RURAL POPULATION BY RANGES, 2001**

| Range of sex ratio for villages | Number of inhabited villages | Percentage of villages in each range | Population (2001) | Percentage distribution of population |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| Less than 700 | 2 | 0.2 | 1,327 | - |
| 700-749 | 2 | 0.2 | 4,570 | 0.2 |
| 750-799 | 4 | 0.5 | 13,220 | 0.5 |
| 800-849 | 8 | 0.9 | 20,225 | 0.7 |
| 850-899 | 51 | 5.8 | 94,089 | 3.5 |
| 900-949 | 202 | 22.9 | 716,362 | 26.4 |
| 950-999 | 392 | 44.3 | 1,405,281 | 51.8 |
| 1000-1099 | 215 | 24.3 | 445,762 | 16.4 |
| 1100+ | 8 | 0.9 | 11,194 | 0.4 |
| **District Total:** | **884** | **100.0** | **2,712,030** | **100.0** |
| **Sex ratio (Rural) for District:** | | **964** | | |

This table gives the details of sex ratio of rural population by different ranges. Two villages each has recorded under the ranges of sex ratio of 'less than 700' and '700-749'. The highest number of 392 villages (44.3%) of total villages with a population of 1,405,281 persons have fallen under the range of sex ratio of 950-999 in which district sex ratio for rural areas (964) has fallen. It is evident from the above table that 25.2% of inhabited villages (223) are having more number females than males i.e., in the sex ratio ranges '1000-1099' and '1100 +'

**TABLE 9**
**SEX RATIO OF URBAN AGGLOMERATIONS / TOWNS, 2001**

| Serial Number | Name of U.A / Town | Urban status | Sex ratio |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 1 | Adoni | UA | 973 |
| 2 | Adoni | (M+OG) | 973 |
| 3 | (i) Adoni | (M) | 975 |
| 4 | Bethamcherla | (CT) | 954 |
| 5 | Bugganipalle | (CT) | 963 |
| 6 | Kurnool | UA | 969 |
| 7 | (i) Kurnool | (M Corp.) | 970 |
| 8 | (ii) Kallur | (CT) | 966 |
| 9 | Nandyal | UA | 976 |
| 10 | Nandyal | (M+OG) | 976 |
| 11 | (i) Nandyal | (M) | 976 |
| 12 | Ramapuram | (CT) | 902 |
| 13 | Srisailam Project (Right Flank Colony) Township | (CT) | 856 |
| 14 | Srisailamgudem Devasthanam | (CT) | 941 |
| 15 | Yemmiganur | (M) | 975 |
| | **Sex ratio (Urban) for the district:** | | **967** |

The above table shows sex ratio in the urban areas of the district. The sex ratio of urban areas of the district is 967 females per 1000 males. In the urban agglomerations of Adoni, Nandyal and Kurnool and in Yemmiganur municipality the sex ratio is higher than the sex ratio of urban areas of the district. The census towns Srisailam gudem Devasthanam, Srisailam Project (Right Flank Colony) Township, Bugganipalle, Bethamcherla and Ramapuram recorded less sex ratio than the district average urban sex ratio.

This table gives the sex ratio of population in the age group 0-6 for mandal parishads together with population by sex break up is furnished in the above table. The district rural sex ratio in the age group of 0-6 is 957. The females in the age group 0-6 in Maddikera (East) mandal parishad have recorded 2,214 females as against 2,449 males showing lowest sex ratio of 904 among all mandal parishads. The next lowest sex ratio in the above age group has recorded in Kolimigundla mandal parishad with 907. The highest sex ratio is seen with 1,100 in the villages of Srisailam (not included in any mandal parishad) followed by Mahanandi with 1,027.

**TABLE 12**

**SEX RATIO OF RURAL POPULATION IN THE AGE GROUP 0-6 BY RANGES, 2001**

| Range of sex ratio for villages | Number of inhabited villages | Percentage distribution of villages | Population 2001 | Percentage distribution of population |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| Less than 700 | 26 | 2.9 | 2,724 | 0.6 |
| 700-749 | 18 | 2.0 | 2,464 | 0.6 |
| 750-799 | 27 | 3.1 | 4,785 | 1.1 |
| 800-849 | 52 | 5.9 | 19,169 | 4.5 |
| 850-899 | 133 | 15.0 | 56,481 | 13.3 |
| 900-949 | 176 | 19.9 | 116,637 | 27.4 |
| 950-999 | 149 | 16.9 | 105,656 | 24.8 |
| 1000-1099 | 203 | 23.0 | 94,787 | 22.3 |
| 1100+ | 100 | 11.3 | 23,136 | 5.4 |
| **District (Rural) Total** | **884** | **100.0** | **425,839** | **100.0** |
| **Sex ratio (Rural) for District:** | | **957** | | |

This table gives the details of sex ratio of rural population in the age group 0-6 by different ranges. 26 villages recorded sex ratio in the range of 'less than 700'. The highest number of inhabited villages numbering 203 have fallen in the sex ratio range of '1000-1099'. The sex ratio of rural areas of the district for the age group 0-6 is 957 and the same has fallen in the sex ratio range of '950-999'.

| 52 | Uyyalawada | 952 | 556 |
| 53 | Chagalamarri | 918 | 954 |
| 54 | Not included in any mandal parishad | - | - |
| | **District (Rural) Total** | **956** | **936** |

This table reveals sex ratio among scheduled castes and scheduled tribes in mandal parishads as recorded in 2001 census. The sex ratio of S.C. and S.T. in rural areas of Kurnool District is 956 and 936 respectively. The highest sex ratio among scheduled castes is noticed in Koilkuntla mandal parishad with 1031 followed by Nandyal with 1018 and Kosigi with 1009 showing that the females are out numbering males in these three mandal parishads. The lowest scheduled castes sex ratio is recorded in C. Belagal mandal parishad with 866 followed by Tuggali mandal parishad with 881. As regards scheduled tribes, Nandavaram mandal parishad recorded the sex ratio of 1463 followed by Bethamcherla mandal parishad with 1390. Similarly in the mandal parishads of Kosigi, Pedda Kadubur, Yemmiganur, Gudur, Jupadu Bunglow, Atmakur, Bethamcherla, Velgode, Gospadu, Koilkuntla and Dornipadu recorded more females than males. The mandal parishads Uyyalawada and Chippagiri recorded lowest sex ratio of scheduled tribes with 556 and 595 respectively.

District and mandal-wise literacy rates besides the number of literates and illiterates for total, rural and urban areas with sex breakup and gap in male-female literacy rate are given in the above table. The literacy rates are worked out by excluding population in the age group 0-6. According to 2001 census the proportion of literates to total population excluding the age group 0-6 works out to 53.25 in the district. This proportion in rural areas is 48.9% as against 67.1% in urban areas. The highest percentage of literates is noticed in Srisailam mandal with 68.5% followed by Kurnool mandal with 68.1%. The lowest percentage of literates is seen in the mandals of Kosigi and Peddakadubur with 26.7% and 29.7% respectively. In Kurnool district females are less educated than males probably due to neglecting women education. The gap between male-female literacy rate is more in rural areas than in urban. The gap between male-female literacy rate is highest in Sanjamala mandal with 34.9 as against district level literacy gap of 25.9.

The above table shows the details of number of literates, illiterates and the literacy rates in rural areas at mandal parishad level together with a gap in male-female literacy rate. The percentage of literates at district level is 48.9% with 62.7% in males and 34.7% in females. The highest percentage of literates is noticed in Koilkuntla mandal parishad with 63.8% corresponding to 77.6% in males and 50.1% in females. Kosigi and Peddakadubur mandal parishad recorded lowest percentage of literates with 26.7% and 29.7% respectively. The gap between male-female literacy rate is highest in Sanjamala mandal parishad with 34.9 followed by Uyyalawada mandal parishad with 33.4. The literacy picture of the district shows the need for more female education.

**TABLE 23**

**DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE, 2001**

| Range of literacy rate for villages | Number of inhabited villages | Percentage distribution of villages | Population | Percentage distribution of population |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| 0 | - | - | - | - |
| 1-10 | 2 | 0.2 | 947 | - |
| 11-20 | 21 | 2.4 | 30,026 | 1.1 |
| 21-30 | 77 | 8.7 | 208,160 | 7.7 |
| 31-40 | 148 | 16.7 | 414,405 | 15.3 |
| 41-50 | 267 | 30.2 | 773,966 | 28.5 |
| 51-60 | 274 | 31.0 | 818,877 | 30.2 |
| 61-70 | 87 | 9.8 | 425,124 | 15.7 |
| 71-80 | 7 | 0.8 | 39,512 | 1.5 |
| 81-90 | 1 | 0.1 | 1,013 | - |
| 91-99 | - | - | - | - |
| 100 | - | - | - | - |
| **District Total:** | **884** | **100.0** | **2,712,030** | **100.0** |

The above table furnish the distribution of villages by literacy rate ranges in the district as recorded in 2001 census. In the range of literacy rate '1-10' only two villages have fallen whereas in the highest literacy rate range i.e., '81-90' only one village has been covered. The maximum number of villages of 274 has come under the range of literacy rate 51-60 covering a population of 8,18,877 (30.2%). The district literacy rate 53.2 has fallen in the above literacy rate range. Out of 884 villages in the district 267 villages covered under 41-50 range of literacy rate. About 148 villages has recorded literacy rate in the range of 31-40. The number of inhabited villages fallen in the range of literacy rate 61-70 is 87.

| | **District (Rural) Total:** | **19,304** | **13,110** | **6,194** | **38,936** | **16,966** | **21,970** | **40.5** | **53.2** | **26.9** | **26.4** |

The above table explains about the number and percentage of Scheduled tribe literates and illiterates by sex in mandal parishads recorded in 2001 census. There are 19,304 literates (40.5%) and among them males 13,110 (53.2%) and females 6,194 (26.9%) in the mandal parishads of the district. The gap between male-female literacy rate is 26.4 in the rural areas of the district among scheduled tribes. This shows the female literacy rate is far below than the male literacy rate. Chippagiri mandal parishad occupied top place with 65.6% literates whereas Kolimigundla mandal parishad recorded lowest percentage of literates among scheduled tribes with 16.8%. The gap between male-female literacy rate among scheduled tribes is highest in Chippagiri mandal parishad with 70.4 whereas it is lowest in Kothapalle mandal parishad with 9.1.

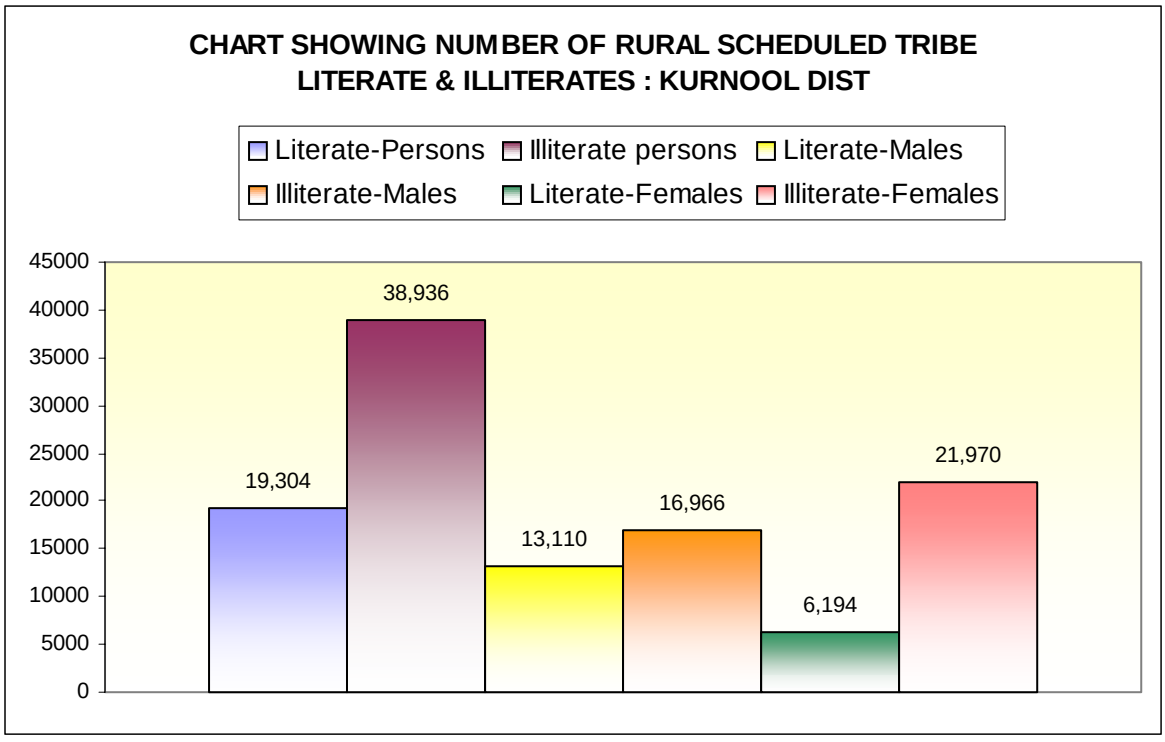

**TABLE 29**

**DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE FOR SCHEDULED TRIBES POPULATION, 2001**

| Range of literacy rate for villages | Number of inhabited villages | Percentage distribution of villages | Scheduled Tribes Population | Percentage distribution of population |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| 0 | 40 | 8.3 | 273 | 0.5 |
| 1-10 | 27 | 5.6 | 1,614 | 2.8 |
| 11-20 | 49 | 10.2 | 5,475 | 9.4 |
| 21-30 | 55 | 11.5 | 5,415 | 9.3 |
| 31-40 | 83 | 17.3 | 15,100 | 25.9 |
| 41-50 | 91 | 19.0 | 15,314 | 26.3 |

| 71-80 | 11 | 2.3 | 260 | 0.4 |
| 81-90 | 8 | 1.7 | 347 | 0.6 |
| 91-99 | 2 | 0.4 | 82 | 0.1 |
| 100 | 27 | 5.6 | 160 | 0.3 |
| **District Total:** | **480** | **100.0** | **58,240** | **100.0** |

**Literacy rate for District (Rural): 42.7**

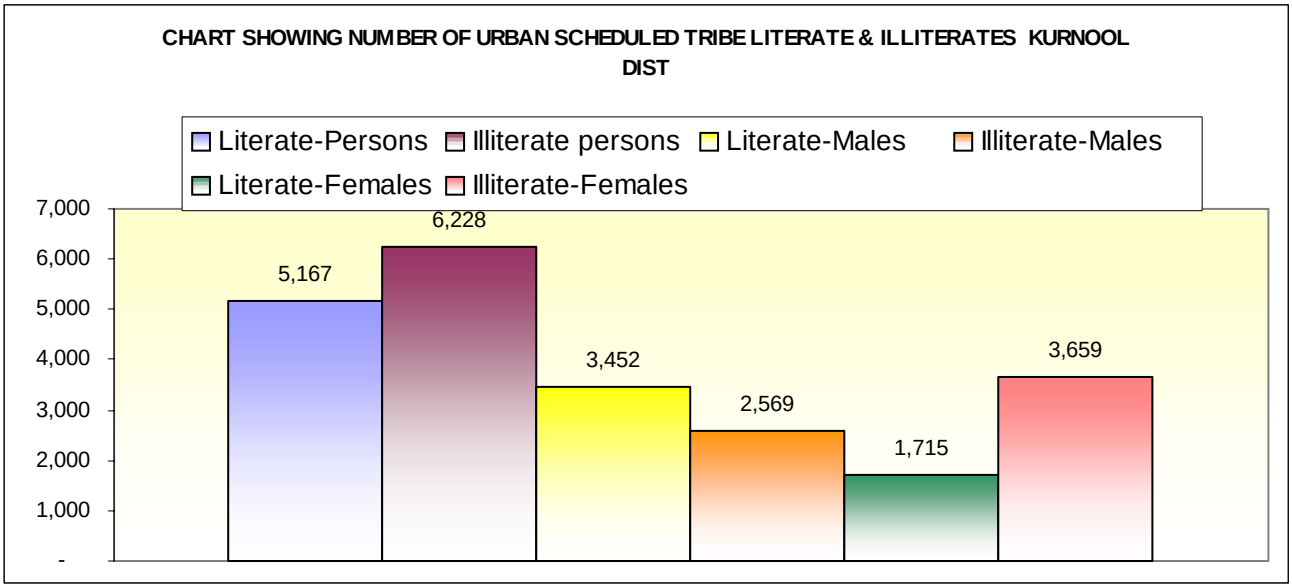

The above table shows the distribution of villages by range of literacy rate for scheduled tribes population returned during 2001 census. The inhabited villages numbering 480 with 58,240 scheduled tribes population were devided in twelve ranges of literacy rate i.e., 0, 1-10, 11-20, …….....like wise up to 91-99 and 100. The highest number of villages i.e., 91 constituting 19.0% of villages with 15,314 scheduled tribes population with percentage distribution of population of 26.3% has fallen in the literacy rate range 41-50 followed by 83 villages with 15,100 scheduled tribes with a percentage distribution of population of 25.9% fallen in the range of literacy rate 31-40. About 10,982 scheduled tribes population in 46 villages has fallen in the literacy rate range 51-60 with a percentage distribution of population of 18.9%. Forty villages with 273 scheduled tribes have fallen in zero range of literacy rate and whereas 27 villages with 160 scheduled tribes attained full literacy falling in the range of 100. Two villages with 82 scheduled tribes have fallen in the range of literacy rate of 91-99. From this table it is noticed that the district literacy rate for rural areas has recorded 42.7.

***Note :*** *+Arranged in alphabetical order*

This table gives the details of number and percentage of scheduled tribes literates and illiterates by sex in towns as per 2001 census. There are 5,161 literates (53.9%) and among them males 3452 (68.0%) and females 1,715 (38.1%) in the towns of the district among scheduled tribes. The gap in the male-female literacy rate is 29.8 in the urban areas of the district among scheduled tribes. The highest percentage of literates among scheduled tribes has been recorded in Kurnool (M.Corp.) with 68.6% followed by Kallur (CT) with 66.9%. The lowest percentage of literates is noticed in Ramapuram (CT) with 22.7%. The male-female literacy gap is more in Srisailam Project (RFC) township (CT) with 56.1 followed by Bugganipalle (CT) with 41.7%. The male-female literacy rate gap in Kallur (CT) is less with 17.4 which means a good number of females are educated in this town.

Table 31 : The table 31 gives the number and percentage of main workers, marginal workers and non-workers by sex at mandal level in the district as per 2001 census. The proportion of the total workers (both main and marginal workers) works out to 49.4% of the total population in the district. The total workers are comprised of 42.5 percent of main workers and 6.9% of marginal workers and the remaining 50.6% are non-workers.

Among main workers male participation rate in the district is 51.4% whereas in females it is 33.3%. It can be noted that the percentage of female marginal workers (9.1%) is higher than the male marginal workers (4.9%). The highest total workers recorded in the mandals of C.Belagal and Rudravaram with 58.8% each. Similarly the lowest total workers noticed in Srisailam mandal with 30.4%.

## TABLE 32

## NUMBER AND PERCENTAGE OF MAIN WORKERS, MARGINAL WORKERS AND NON-WORKERS BY SEX IN MANDAL PARISHADS, 2001

This table shows mandal parishad-wise number and percentage of main workers, marginal workers and non workers by sex for rural population of the district as per 2001 census. The total rural population of the district is 27,12,030 persons and among them 45.8% has been categorized as main workers and the marginal workers constitute 8.0% and the remaining 46.2% fall under non-workers category. The sex-wise breakup for main workers is 52.6% males and 38.7% females at the district level. The male and female marginal workers of the rural part of the district account for 5.3% and 10.8% respectively showing that the females are more employed than males.

The percentage of total rural workers of the district has recorded 53.8%. At the mandal parishad level, Betamcherla has highest proportion of total workers forming 59.0% of the total population followed by C.Belagal and Rudravaram mandal parishad with 58.8% each. The lowest percentage of 42.2% has been recorded in Atmakur mandal parishad followed by Dhone with 45.9%.

*+ Arranged in alphabetical order*

*^ The names of constituents of UA are given separately*

This table furnish details of number and percentage of main workers, marginal workers and non workers by sex in the towns of the district as per 2001 census. The district urban population is 8,17,464 persons. Among them 31.6 percent has been categorized as main workers whereas 3.5% as marginal workers. The remaining 64.9% falls in the category of non workers. The sex-wise breakup at the district level shows that 47.5% males and 15.3% females fall in the category of main workers. The male and female marginal workers account for 3.5 percent and 3.4 percent respectively. The percentage of total urban workers in the district is noticed as 35.1% with 51.0% males and 18.7% females. Ramapuram census town has recorded highest percentage of total workers with 58.4% followed by Yemmiganur municipality with 42.6%. In Srisailam Project (RFC) township (CT) the lowest percentage of total workers is noticed with 29.5% followed by Nandyal municipality with 33.5%.

***Note :*** *Percentage of Workers to total workers are given in brackets*

This table shows the details of distribution of workers by sex in four categories of economic activity in mandals of the district as recorded in 2001 census. It can be seen that the economy of the district is primarily dependent on agriculture due to the fact that the cultivators constitute 22.2% of the total workers and agricultural labourers forming 46.0%. The remaining two categories viz., household industry workers and other workers form 3.5% and 28.3% respectively. Similarly the same trend is noticed at mandal level absorbing large number of workers under agricultural sector. The percentage of female cultivators is 18.5% which is less compared to 24.8% of male cultivators in the district. In respect of agricultural labourers females are engaged more with 62.3% over males who accounted 34.2% in the district.

***Note :*** *Percentage of Workers to total workers are given in brackets*

This table presents mandal parishad wise distribution of workers by sex in four categories of economic activity as per 2001 Census. In rural areas of the district total workers (main + marginal) constitute 53.8% of total population. Among these workers cultivators constitute 26.2%, agricultural labourers with 53.0%, household industry workers with 2.6% and 18.1% other workers. The agricultural sector plays a major role in providing employment to the working force of rural population despite of fact that it is not commercially viable. Household industries also could not make much progress in rural areas as

reflected in the data and these household industries employ only 2.6% of workers among total working force. Therefore the surplus working force ultimately look for primary activity and other workers. Among cultivators the percentage of females (49.5%) is less than males (57.9%) in the rural areas of the district. This position is entirely different in the category of agricultural labourers where female workers (66.9%) are more than males (41.6%).

*+ Arranged in alphabetical order*

*^ The names of constituents of UA are given separately*

This table presents the details of distribution of workers by sex in four categories of economic activity of towns as recorded in 2001 census. In the urban areas of the district total workers (both main and marginal) form 35.1% of total population. Among these workers, cultivators constitute 1.7%, agricultural labourers with 10.2%, household industry workers with 8.1% and other workers constitute 80.0%. The other workers category plays a major role in providing employment to the working urban population. Household industries also could not make much progress in urban areas as reflected by the above table which depicts only 8.1%. In the urban areas of the district females are more engaged in household industry with 19.0% over 4.2% of males in the same category. The facts are similar with individual towns of the district.

***Note :*** *Percentages are given in brackets.*

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

\# Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

The above table deals with the mandal parishad-wise distribution of villages according to the availability of different amenities like education, medical improved drinking water, post office, telephone, transport, communication, banks, agricultural credit societies, approach by pucca road and power supply within the village. Out of 884 inhabited villages in the district 880 villages or 99.5% have been provided with education facility of one type or the other. Similarly 633 villages in the district accounting 71.6% have medical facility of one type or the other. Most of the villages i.e., 875 accounting 99.0% have been provided with improved drinking water facility. As regards post office facility which includes facilities like telegraph office or post and telegraph office, 712 villages constituting 80.5% are enjoying this facility within the village. Telephone facility is available for 603 villages (68.2%), transport facility for 787 villages (89.0%), banks for 119 villages (13.5%), agricultural credit societies 221 villages (25.0%) and pucca roads for 705 villages (79.8%) are available. All the villages in the district are having electricity supply. The above picture at district level is similar in pattern of distribution of villages by availability of amenities in the villages at mandal parishad also.

*# Post office includes Post office, Telegraph office and Post and telegraph office.*

** Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.*

*$ Transport communication includes bus service, rail facility and navigable waterways.*

This table deals with distribution of villages according to population range and amenities available as per 2001 census. In Kurnool district out of 884 inhabited villages 880 villages (99.5%) have educational facility, 633 villages (71.6%) have medical facility, 875 villages (99.0%) have improved drinking water facility, 712 villages (80.5%) have post office facility and 603 villages (68.2%) have telephone facility. About 89.0% of villages are being connected with bus facility and 119 villages (13.5%) have banking facility 221 villages (25.0%) have been served with agricultural credit societies, 705 villages (79.8%) have pucca approachable roads. All the villages have been provided with electricity for all purposes.

As many as 55 villages have below 500 population, 109 villages have fallen in the population range of 500-999 and 253 villages in the population range of 1000-1999. In the population range of 2000-4999 the number villages fallen are 348. Ninety one villages have fallen in the population range of 5000-9999 whereas 28 villages possess 10,000 and above population. A close study of amenities available for smaller villages reveal that they possess necessary amenities and have to depend on nearby towns to avail the facilities.

*+ Arranged in alphabetical order*

The above table gives the per capita receipt and expenditure (in rupees) for each town in the district. The average per capita receipts for all towns of the district works out to Rs. 617 of which Rs.173 are derived through local taxes and the remaining Rs.444 received from all other sources. The average of total expenditure incurred per head is Rs. 601. Out of this Rs.398 is spent on general administration, Rs.24 on public health and conveniences which appears the least interest of the government on the public health and the Mpl. authorities of the districts has been totally neglected on public institutions. Rs. 47 on public works and Rs. 132 on other items. Among four towns the per capita receipt of Rs. 1,582 is highest in Adoni (M) followed by Nandyal (M) with Rs. 328. The highest expenditure of Rs. 1,696 is also spent in Adoni (M) only followed by Kurnool (M.Corp) with Rs. 294..

**TABLE 44**

**SCHOOLS / COLLEGES PER 10,000 POPULATION IN STATUTORY TOWNS, 2001**

| Sl. No. | Name and urban status of Town + | Type of educational institution | | | | |
|---|---|---|---|---|---|---|
| | | Primary | Junior Secondary/ Middle | Secondary/ Matriculation | Senior Secondary | College |

***Source :*** *Census of India 2001, H-series; "Tables on houses, household amenities and assets"*

The data presented in the table 48 shows number of households by tenure status and number of rooms occupied in the district. As per 2001 census the total number of households in the district is 6,97,324 consisting of 5,46,118 rural and 1,51,211 urban households. Among these households 1,30,990 belong to scheduled castes and 19,106 to scheduled tribes. In the district 5,71,933 households are living in their own houses and among them 1,15,825 belongs to scheduled castes and 15,422 to scheduled tribes. Of these households, the largest number of households (3,14,970) have single room accommodation followed by 165,065 households dwelling in two rooms accommodation. Next position is claimed by households (40,551)occupying 3 rooms accommodation and 3 + rooms accommodation by 23.644 households. There are no exclusive rooms for 27,703 households. The median number of rooms for the owned households is one in rural areas two in urban areas.

The number of households living in rented accommodation in the district is 1,12,970 with 12,315 S.C. households and 2,992 S.T. households. The largest number of 49,897 households are living in single rooms accommodation followed by 34,410 households in two rooms accommodation and 17,113 households in three rooms accommodation. The households with 3 + rooms are accounted 7,742 households. The median number of rooms for the rented households is similar to that of owned households. The tenure status under "others" is not worth mentionable since their figures are smaller in number.

*Source : Census of India, 2001, H-Series : "Tables on Houses, Household Amenities and Assets".*

The table gives the details of percentage, distribution of households living in permanent, semi-permanent and temporary houses at rural and urban areas of each mandal in the district according to 2001 census. In the district there are 31.96% households living in permanent structure houses, 51.77% in semi-permanent and 16.23% households in temporary houses.

However in rural areas of the district 23.14% of households live in permanent houses and 60.01% of households in semi-permanent and 16.83% households in temporary houses.

The district percentage in urban areas indicates that majority of households i.e., 63.83% are living in permanent houses whereas 22.01% in semi-permanent houses. The percentage of households living in temporary houses at urban areas of the district comes to 14.10%. The trend at mandal level is similar as noticed at district level.

This table indicates percentage of households having improved drinking water source, electricity, bathroom, toilet and drainage facility as per 2001 census. In the district 69.75% households have been provided with improved drinking water supplied from a tap or a hand pump/tube-well. The percentage of households having the facility of electricity is 67.98% in the district. The bathroom facility is available to 49.23% households whereas toilet and drainage facilities are available to 26.03% and 55.96% households respectively. As regards rural areas of the district, 67.50% of households have improved drinking water facility, 62.75% of households possess electricity, 42.38% have bath-room facility, 15.83% and 49.35% of households have toilet and drainage facilities respectively. In respect of urban areas, sizaeable households have all the above facilities in their premises. Their percentage is more in urban areas than the rural households. The trend of these amenities available to the households at mandal level is almost conform to the district pattern as analysed.

*Source : Census of India, 2001, H-Series; "Tables on Houses, Household amenities and Assets".*

The above table gives the details of number and percent of households by type of fuel used for cooking. There are nine types of fuel used for which data has been presented for rural and urban areas of each mandal. It is noticed that firewood is the most predominant fuel used for cooking by 80.60% households in the district. In rural areas use of wood by households is high with 87.98%, while in urban areas 53.94% households use firewood as cooking fuel. The next cooking fuel used in large quantity is liquefied petroleum gas (LPG) with total households 10.97% at district level with rural-urban breakup 5.52% and 30.67% of households respectively. Kerosene is ued by 3.10% households at district level whereas in rural 1.13% and at urban 10.19% households. Crop residue is also being used as cooking fuel with 4.20% households at district level with a rural-urban breakup at 4.53% and 3.04% respectively. The usage of fuels such as cowdung cake, coal, electricity, biogas and other fuels by households is very negligible. No cooking fuel is ued by 1,759 households at district level.

***Source :*** *Census of India 2001, H-series; "Tables on houses, household amenities and assets"*

Table 52 : The above table presents the details of number and households availing banking service and number of households having each of the specified asset in rural and urban areas in the district as recorded in 2001 census. In the statement the assets specified are Radio/Transistor, Television, Telephone, Bicycle, Scooter/Motor Cycle/Mopeds, Car/Jeep/Van and households not having any of the above specified assets. Out of 6,97,320 households in the district 2,08,079 households are availing banking services, 1,49,254 households possess radio/transistor whereas 1,84,459 households possess television sets. Only 47,183 households are having telephone connection. In respect of quick means of transport 1,86,085 households have bicycle, 40,011 households possess Scooter/motor cycle/moped and 5,361 households are having Car/Jeep/van. As many as 3,66,593 households possess none of the above specified assets. The picture in usage of banking services and possession of assets by households at mandal level is almost similar as stated above for the district as a whole. The urban population are more in use of television, telephone, scooter or motor cycle and car/van/jeep than rural households.

# (xiii) Scope of Village directory and Town directory - column heading wise explanation and coverage of data

The village directory and the town directory presented in the District Census Handbooks are proved more useful. The formats of village directory and of seven statements on town directory are on the same pattern canvassed in 1991 census except for a few additional columns. These additional columns are introduced to throw more insight into the infrastructure of the villages and towns. All the amenities except recreational and cultural facilities, power supply and news papers/magazines are brought under one bracket, with corollary that in case any amenity is not available in the village, the distance of the nearest place where the facility is available is presented. Similar method is followed in respect of towns where educational and medical facilities are not available. The non-census data presented in the village and town directories relate to the year 1999. However, wherever the field agencies have indicated the later position, the information has been updated. Almost all the details in the statement have been indicated by codes. In respect of total population and total number of households, the figures as returned during the recent census i.e. 2001 census have been presented. The scope of village directory and town directory statements with column heading-wise explanation and coverage of data are hereunder presented.

**Scope of Village Directory** :

In the similar manner as was done in the past, the village directory has been prepared for all the villages in the state and these are presented mandal-wise in the District Census Handbook. This statement contains village-wise area, population, amenities such as educational, medical, communications, drinking water facilities, etc., and also the land use pattern details. The villages are shown in order of their permanent location code numbers. An alphabetical list of villages with their permanent location code

This statement on slums contain 17 columns. The columns 1 to 4 show the serial number, class and name of town, name of the slum and whether the slum is notified or not respectively. Column 5 and 6 gives the details of approximate number of households and population of the slum during 1999. The length of the paved road in the slum has been shown in kms under column 7. The column 8 to 13 present system of sewerage, number of latrines both private and community and the method of disposal of night soil. The column 14 is meant for showing number of tap points/public hydrants. The last 3 columns i.e., columns 15 to 17 relate to number of electric connections under domestic, road lighting points and others.

In Kurnool district there are 10 towns. Out of which Kurnool is municipal corporation and Yemmiganur, Adoni and Nandyal are municipalities. The other 6 towns are non-statutory.

In Yemmiganur municipality there are 7,493 households with an estimated population of 41,101 persons. These slum areas are having 52 kms paved roads and open surface drainage system of sewerage. The protected water supply is made in slum with 336 tap points. In respect of electricity there are 5,082 domestic and 1,006 road lighting points are existing in the slums.

Similarly the civic conditions of other slums are same as explained in respect of Yemmiganur municipality. The slum population in Kurnool (M.C) was estimated during 1999 as 95,360 persons followed by Adoni (M) with 16,680 persons and Nandyal (M) with 58,755 persons. All the slums in the district are electrified.

numbers and a mandal map has been presented in the beginning of Village Directory of each mandal. This facilitates the reader in locating the mandal in which a particular village lies. The village directory now contains 23 columns as against 18 columns in the 1991 handbook. To give more information under amenities column, banking facilities such as commercial and co-operative banks, agricultural, non-agricultural and other credit societies have been included in the present statement. Similarly, a new column 'number of recreational and cultural facilities' showing cinema/video halls, sports club and stadium/ auditorium has been added. In addition to the above a column showing newspapers/magazines received and name of the most important commodity manufactured in the village have been incorporated. Besides the above, the Village Directory is having 12 appendices viz.

| | |
|---|---|
| Appendix I : | Abstract of Educa tional, Medical and other amenities in the villages – Mandal level. |
| Appendix 1A: | Villages by number of primary schools |
| Appendix 1B: | Villages by primary, middle and secondary schools |
| Appendix 1C: | Villages with different sources of drinking water facilities available |
| Appendix II: | Villages with 5,000 and above population which do not have one or more amenities |
| Appendix IIA: | Census Towns which do not have one or more amenities |
| Appendix III: | Land utilization data in respect of census towns / non-municipal towns |
| Appendix IV: | Mandal Parishad-wise list of inhabited villages where no amenity other than drinking water facility is available |
| Appendix V: | Summary showing number of villages not having Scheduled castes population |
| Appendix VI: | Summary showing number of villages not having Scheduled tribes population |
| Appendix VIIA: | List of villages according to the proportion of the Scheduled Castes to the total population by ranges. |
| Appendix VII B: | List of villages according to the proportion of the Scheduled Tribes to the total population by ranges. |
| Appendix VIII : | Statement showing number of Girls schools in the villages |
| Appendix IX: | List of Degree Colleges by Village/ Town in the district |
| Appendix X: | List of Hospitals by Village/ Town in the district |
| Appendix XI: | List of Banks by Village/ Town in the district |
| Appendix XII: | List of Cinema Halls by Village/ Town in the district |

It may be noted that the Appendix 1A, 1B, 1C, II, II-A, VIII, IX, X, XI and XII have been included afresh in comparison to the District Census Hand Books of 1991 Census.

Columns 1 to 3 relate to the serial number, location code number, name and total area of the village. The area given under column 3 is as per the data collected from the state survey department during 1991 census and presented even for 2001 census as the department clarified that there are no changes in the area figures. Column numbers 4 and 5 provide the total population and the total number of households in the village as per 2001 census. Columns 6 to 13 list out the basic amenities available in the village such as educational; medical; drinking water; post, telegraph and telephone; commercial and co-operative banks; agricultural, non-agricultural and other credit societies; recreation and cultural facilities and communications.

The columns 14 to 18 give the details of approach to the village, nearest town & distance, power supply, news paper/magazine circulation and most important commodity manufactured in the village.

The remaining columns 19 to 23 pertain to the land use pattern in the village. The extent of forest area has been given in column 19 while in columns 20 and 23 the extent of irrigated area together with different irrigational sources, the extent of culturable waste including gaucher and groves and the area not available for cultivation such as buildings, roads and railways or under water(rivers and canals), etc., have been given. Here it is worth mentionable that the total area figures of Col. 19 to 23 may not tally with the total area of the village as shown in Col. 3 due to various reasons such as water ways, etc., which are not generally included in the land use statistics.

The land use pattern in the Village Directory conforms to the pattern of clarification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry of Agriculture has recommended the maintenance of records of land use pattern under five categories viz. forests, not available for cultivation, other uncultivated lands excluding fallow lands, fallow lands and net area sown.

The concepts of various types of land use given under each of the columns 19 to 23 as given in the Village Directory schedule are reproduced below:

**1. Forests (Col.19)** :

These include all actually forested areas and the lands classified or administered as forests under any legal enactment dealing with forests whether State owned or private. If any portion of such land is not actually wooded but put to some agricultural use, that portion is included under the appropriate heading of cultivated or uncultivated land.

**2. Cultivated area with break-up irrigated and un-irrigated (Col. 20 & 21):**

This includes the land under the following three categories.

**I) Net area sown :**

The net area sown represents the area sown to crops counting areas sown more than once in the same year, only once.

**II) Other fallow lands :**

This includes all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than five years. The reasons for keeping such lands fallow may be either due to poverty of the cultivators or inadequate supply of water or malarial climate or silting of canals or rivers or un-remunerative nature of farming, etc.

**III) Current fallows :**

This class comprises cropped areas which are kept fallow during the current year. If any seedling area is not cropped again in the same year, it is also treated as current fallows.

**3. Culturable Waste (Col. 22):**

This item includes the land under the following three categories.

i) Permanent pastures and other grazing lands:

These cover all grazing lands whether they are permanent pastures and meadows or not. Village common and grazing lands within forest areas are included under this head.

ii) Lands under miscellaneous tree crops and groves not included in the area sown:

Under this class is included all cultivable land which is not included under net area sown but is put to some agricultural use. Lands under casurina trees, thatching grass, bamboo bushes and other groves for

fuel, etc., which are not included under 'Orchards' are classed under this category.

iii) Culturable waste:

This includes lands available for cultivation but not taken up for cultivation or abandoned after a few years for one reason or other. Such lands may be either fallow or covered with shrubs and jungles, which are not put to any use. They may be assessed or not assessed and may lie in isolated blocks or within cultivated holdings. Land once cultivated but not cultivated for five years in succession is also included in this category.

**4. Area not available for cultivation (Col.23)** :

This includes the land under the following two categories.

i) Land put to non-agricultural uses :

All lands occupied by buildings, roads and railways or under waters such as rivers and canals and other lands put to uses other than agricultural.

ii) Barren and uncultivable land :

This covers all barren and uncultivable land like mountains, etc., i.e. which cannot be brought under cultivation unless at a high cost. Whether such land is in isolated blocks or within cultivated holdings.

All the above particulars are based on the data received from the concerned departments like education, medical, postal electricity, etc., and also mainly from the Mandal Revenue Officers concerned.

Item on communications has been shown separately to spell in terms of availability of the public transport system. This is meant to see whether the village is served by any mode of transport such as bus or rail or waterway. It is against this back-ground that the item on approach to village has been given separately. This refers to road, etc., leading to the village and is to indicate whether the village is approachable both in fair and foul weather and whether it is inaccessible for all time or only some time in the year. Adult literacy class/centre under item on 'Education' and Primary health centre and Community health worker under item 'Medical' of Village Directory are included to indicate statistics on the Minimum Needs Programme of the Planning Commission.

**Scope of Town Directory:**

There are seven statements in the Town Directory, which include several particulars relating to the towns arranged as per the alphabetical order of their names. These statements are almost similar to those adopted in 1991 census except for a few changes. During the 1991 there were six Town Directory statements besides providing a separate statement IV-A bringing out civic conditions of the notified slums in Class I and II towns. In the present volume the statement IV-A of the 1991 handbook has been termed as Statement-VII and the data is presented in respect of all towns having statutory bodies including unnotified slums. The column 4 of statement IV-A of the 1991 book i.e., area of the slum has been deleted in the present book duly substituting the same by giving the information - whether the slum is notified or not with a view that the local authorities are not in a position to provide exact area figures for each slum area. Further in the present statement-VII another item i.e. approximate number of households living in the slum is incorporated. The captions of the statements are as follows:

Statement I : Status and growth history

Statement II : Physical Aspects and location of town, 1999

Statement III : Municipal Finance, 1998-99

Statement IV : Civic and other Amenities, 1999

Statement V : Medical, Educational, Recreational and Cultural Facilities, 1999

Statement VI : Trade, Commerce, Industry and Banking, 1999

Statement VII : Civic and other Amenities in slums, 1999

In addition to the above statements one appendix for the towns showing their out growths with population has also been presented.

The formats of Town Directory have been devised to suit the Minimum Needs Programme of the Planning Commission. To reflect this programme, the columns scheduled castes and scheduled tribes

population in statement IV and Adult Literacy classes/ Centres in statement V are identical.

In case such of the amenity as Fire Fighting Service in Statement IV, the Educational or Medical facility in statement V is not available in the town, the name of the nearest place and its distance from the referrent town has been given. This feature is followed since 1981 census as it is necessary to identify the areas that have no specific facility in the district.

The following ten places are treated as urban areas in Kurnool District

1.. Yemmiganur

2. Kallur

3. Kurnool

4. Srisailam gudem Devastanam

5. Srisailam Project (RFC) township

6. Adoni

7. Bugganipalle

8. Bethamcherla

9. Nandyal

10. Ramapuram

During 1991 Census there were 12 towns. Out of this Atmakur, Banaganapalle, Dhone and Nandikotkur were declassified as villages during 2001 census. The villages Srisailam gudem devasthanam and Ramapuram have been upgraded to census towns during 2001 census. The civic status of the towns Yemmiganur, Adoni and Nandyal are municipalities and for the remaining towns except Kurnool others are census towns. After 1991 census for the first time Kurnool town has been upgraded to Municipal Corporation from Municipality.

**Statement I : Status and Growth History:**

This statement provides basic information on civic status, population with decadal growth rate from 1901 to 2001 Censuses of each town besides presenting class of town, location code, name of the mandal, area in sq.kms. and number of households including houseless households returned in 2001 census.

The columns 1 and 2 relate to serial number and class, name and civic administrative status of the town. The class of town has been determined basing on the size of population as given below:

| Population | Class |
|---|---|
| 1.00.000 and above | I |
| 50,000 - 99,999 | II |
| 20,000 - 49,999 | III |
| 10,000 - 19,999 | IV |
| 5,000 - 9,999 | V |
| Below 5,000 | VI |

The civic administrative status of the town as in the year 2000 is indicated in brackets by abbreviated letter like 'MC' for Municipal Corporation, 'M' for Municipality, 'CT' for Census Town. The location code number under column 3 for the town appear in zig-zag manner as the towns are arranged in alphabetical order in the district. This facilitates easy location of the town in map. After location code the columns 4-7 indicate name of mandal, name of mandal parishad, area of the town in sq.kms. and number of households including houseless households recorded in 2001 census. The population of the town with decadal grown rate from 1901 census to 2001 census is given in Cols.8-18. The column 19 shows the density of population and column 20 to 22 give the sex ratio recorded during 1981 to 2001 census. The sex ratio defined here is number of females per 1,000 males.

The census town Bugganipalle is the biggest by area with 32.6 sq.kms. followed by Kallur with 31.3 sq.kms., Adoni with 29.7 sq.kms, Bethamcherla with 25.8 sq.kms; Srisailam gudem Devasthanam 21.7 sq.kms and Kurnool with 18.0 sq.kms. In terms of area Srisailam Project (RFC) township is the smallest with 6 sq.kms. followed by Ramapuram with 7.8 sq.kms. The number of households including houseless households is more in Kurnool with 51,099 followed by Nandyal with 32,367 and Adoni with 28,696. The lowest number of households is recorded in Ramapuram with 1,380 households.

In respect of population growth there is gradually increase since 1901 except during 1921 that too in respect of Yemmiganur (-31.5%) and Adoni (-4.5%) due to prevalent of plague in that period. The decadal

growth rate of population during 1991 and 2001 is highest in Kallur with 91.5 followed by Bethamcherla with 44.1 and Nandyal with 31.1. The census town Bugganipalli has showed decrease in decadal population with -8.0. The density of population is very high in Kurnool town with 14,951 persons per sq.km. followed by Nandyal town with 10,137 persons. The least density is noticed in Srisailam gudem devasthanam with 316 persons per sq.kms. In respect of sex-ratio there is slight fluctuation recorded in the figures of 1981, 1991 and 2001. The sex ratio in Nandyal has recorded 976 females per 1,000 males during 2001 census. The lowest with 856 females per 1000 males is recorded in Srisailam Project Township (RFC) during 2001 census.

**Statement II : Physical aspects and location of towns, 1999**

This statement contains 13 columns and depicts physical aspects and location of town in the district, column number 1 and 2 relate to serial number and class, name and civic status of the town. The physical aspects such as rainfall in millimeters, maximum and minimum temperature in centigrades have been shown in columns 3 to 5 by taking average for the last 10 years i.e., from 1990 to 1999.

The highest rainfall is recorded in the towns of Srisailam Gudem Devasthanam, Srisailam Project RFC with 765.6 mm. followed by Nandyal with 720mm. and Kurnool with 701.5mm. The lowest rainfall is recorded in Bugganipalle with 41.5 mm. Kallur has recorded highest temperature with $44^0$C. The lowest temperature has been recorded in Srisailam project (RFC) Township with $34^0$C. Kurnool (M.Corp) is nearer to the state headquarters Hyderabad at a distance of 176 kms. Srisailam Gudem Devasthanam town is far away from the State headquarters at a distance of 310 kms. The towns Srisailam gudem devasthanam and Srisailalm Project (RFC) township are at a distance of 138 kms. 130 kms. respectively to the district headquarters Kurnool. Kallur is very nearer to the district headquarters at a distance of 2 kms. Kurnool is the nearest city with population of 1 Lakh and more for the towns Kallur, Srisailam Gudem Devasthanam, Srisailam Project township, Adoni, and Nandyal and for other towns Nandyal is the nearest town. For Yemmiganur town the nearest city with population of 1 lakh and more is Adoni. The nearest city with population of 5 lakh and more is Hyderabad for all the towns in the district. The towns Adoni, Kurnool, Bugganipalle, Bethamcherla and Nandyal are having railway stations. The nearest railway station for Yemmiganur is Adoni at a distance of 29 kms. All the towns are having bus service.

**Statement III : Municipal finance, 1998-99**

The details for inclusion in this statement were obtained from the respective statutory bodies. In the statement there are 16 columns. Column 1 to 3 relate to serial number, name and class of town with civic administration status. Columns 3 to 9 show the receipt of the local body under various sub-heads and columns 10 to 16 give the details of expenditure incurred on general administration, public safety, public health and convenience, public works and institutions, etc.

Among the 10 towns in the district Kurnool being municipal corporation its income is Rs.8.8 crores by way of capital property, Government grants etc., and its expenditure is Rs.7.9 crores towards its administration, public safety, public health and public works. In respect of Yemmiganur municipality its total receipts is Rs.1.4 crores whereas the expenditure is 1.9 crores. Nandyal municipality had a total income of Rs.5.2 crores whereas its total expenditure is only Rs.2.69 crores. The census town Ramapuram had an income of Rs.2.4 crores and its expenditure is only Rs.40 lakhs.

**Statement IV : Civic and other Amenities, 1999.**

The title itself reveals that, this statement deals with the facility provided to the people in the urban areas of the district.

This statement contains 20 columns. Column 1 and 2 relates to serial number, class and name of town and civic administration status of the town respectively. Column 3 gives population of the town whereas the column number 4 and 5 give population of SC and ST as per 2001 census. The lengths of pucca and kutcha roads are recorded separately for each town in column 6. The column 7 shows the details of sewerage system prevailing in the referent town. The number of latrines with different types is

shown in columns 8 to 11. Column 12 is provided separately to show method of disposal of night soil. The source of protected water supply and the system of storage with capacity are recorded under column 13 and 14. Column 15 shows the availability of fire fighting services. In case if this service is not available in the town, the name of the nearest town along with distance where available to be mentioned under this column. The columns 16 to 20 relate to different types of electrical connection in number.

The civic and other amenities shown in this statement are available to each and every town of the district. The most common system of sewerage in all the towns in open surface drainage except in Ramapuram town where the system followed is others. Water borne latrines are more in number in the towns of Yemmiganur, Kurnool, Srisailam Gudem Devasthanam, Nandyal and Adoni. The most common method of disposal of night soil in the towns of the district is septic tank and wheel barrow. Water is supplied in the town of Yemmiganur, Kallur, Kurnool, Adoni and Nandyal through taps whereas in the towns of Srisailam Gudem Devasthanam and Srisailam township project it is supplied through tank and Bugganipalle, Bethamcherla and Ramapuram tube wells are the source of water supply. The common system of storage of water in the towns of the district are service reservoir and over head tank. Fire fighting service is available within the town for Yemmiganur, Kurnool, Srisailam Project Township and Nandyal. Kallur town has to get fire fighting service from Kurnool at a distance of 2 kms. whereas Srisailam gudem Devasthanam to avail from Sundipenta at 10 kms. Bethamcherla from Banaganapalle at 16 kms and Ramapuram to get the service from Banaganapalle at a distance of 32 kms. A good number of domestic, industrial, commercial, road lighting and other electrical connection is existing in all the towns of the district.

**Statement V : Medical, Educational, Recreational and Cultural Facilities, 1999**

In this statement the availability of medical, educational, recreational and cultural facilities are presented with reference to the population of 2001 census. This statement is containing 20 columns. Column 1, 2 and 3 relate to serial number, class and name of the town and the population recorded during 2001 census respectively. The columns 4 and 5 show about the availability of different hospitals, dispensaries, T.B.clinics, etc., together with beds strength. Columns 6 to 15 relate to educational facilities such as various schools/colleges at all levels including Medical, Engineering, Polytechnic, Technical Institutions and Adult Literacy Centers. The column 16 is meant for working women's hostels with number of seats. The number of recreational and cultural facilities such as Stadia, Cinema, Auditorium, Community halls, Public Libraries including reading rooms available in the towns is recorded in columns 17 to 20.

All the towns in the district are having several nursing homes with a good strength of beds to cater the need of medical facilities. The headquarters town Kurnool is having number of hospitals, dispensaries, health centers, nursing homes with a bed strength of 1,983 followed by Nandyal municipality with 590 beds and Adoni with 220 beds. In respect of professional courses, medical college at Kurnool is the nearest place for all towns in the district. Similarly the engineering colleges in Kurnool and Adoni are nearest places for the towns in the district. The polytechnic institutions are located in Kurnool, Adoni, Banaganapalle, Nandyal and Srisailam Project (RFC) Township towns. Number of recognized short hand and Typewriting institutes are available in all towns except Kallur, Srisailam Gudem Devasthanam, Bugganipalle and Ramapuram. Every town is having junior colleges, high schools, middle schools, primary schools except in Bugganipalle where there are no junior colleges, high schools and middle schools. Adult literacy centers are also functioning in all the towns except Srisailam gudem devasthanam and Srisailam project township. Only two working women's hostels with 125 seats are available in Kurnool town. There are Stadia at Kurnool and Adoni, Cinema theatres in all towns except Srisailam gudem devasthanam and Bugganipalle. Auditorium drama and community hall are existing at Yemmiganur, Kurnool, Srisailam gudem devasthanam, Srisailam project township, Adoni and Nandyal. Public libraries in all towns except Srisailam gudem devasthanam, Bugganipalle and Ramapuram meet the recreational and cultural facilities.

**Statement VI : Trade, Commerce, Industry and Banking, 1999**

This statement deals with economic activities in the urban areas with 11 columns. Column 1 and 2 are serial number and class and name of the town. The column 3 to 5 give the details of three most important commodities exported and the columns 6 to 8 show the three important commodities manufactured. The commercial banks, number of agricultural credit societies and number of non-agricultural credit societies are furnished in the columns 9 to 11.

The urban population of the district mainly export Paddy, polishing stones, groundnuts, Jowar, cotton and turmeric. The important items manufactured in the towns of the district are handloom goods, groundnuts, groundnut oil, sunflower, aluminum utensils, rice, paddy, match boxes and plastic containers. In the census towns of Srisailam gudem devasthanam and Srisailam Project township no commodity is exported or manufactured. As regards economic activity almost all towns are having commercial banks except in the towns of Betamcherla and Ramapuram. Agricultural credit societies are available in Yemmiganur, Kallur, Adoni and Ramapuram one each. In Kurnool and Adoni there are 2 agricultural credit societies whereas in Nandyal municipality there are as many 72 agricultural credit societies. Majority number of non-Agricultural Credit Societies are available at Nandyal i.e 106 followed by Kurnool (M.Corp) with 25. In Adoni 2 Societies are available where as in the towns of Bethamcherla, Kallur and Yemmignur one each is available.

**Statement VII : Civic and other amenities in Slums, 1999**

This statement gives details of civic and other amenities provided in all slums whether notified or not. Keeping in view of slum problem in urban areas, during 1981 census this statement was first introduced limiting the details to Class I and Class II towns. The same pattern was adopted during 1991 census also.

Though the magnitude a slum problem is greater in Class I and Class II towns, it is accepted that they are associated with smaller towns also. Hence the information on slums has been presented in this statement in respect of all towns having statutory bodies.

# Section I - Village Directory

**(a) Note explaining the abbreviations used in Village Directory :**

The "Village Directory" is one of the traditional compilations of the Census. It gives the list of villages, their location numbers, their area, population, number of households, amenities such as educational, medical, drinking water, post and telegraph, commercial and co-operative banks, agricultural non-agricultural and other credit societies, recreational and cultural facilities, communication, approach to village, nearest town with a distance, power supply availability of newspaper and magazines, most important commodity manufactured and land use of each village.

Village is a statutory recognized unit having a definite boundary and separate land records. In case, a complete village is treated as an outgrowth of urban agglomeration, data on amenities for that village, have not been given in the Village Directory but shown along with the urban component. The villages which are consider as a Census Town , the amenities data are shown in the Town Directory. For those villages which have partly merged in an outgrowth of U.A., the amenities data are shown in the Village Directory for that particular village.

The 'un-inhabited' villages ( villages with no population) have been indicated as such after furnishing details in columns 1 to 3 i.e., Serial number, Name of village & location code number and area of the village against column no. 4 to 18. The land use data for such villages are shown in col. 19 to 23.

The Village Directory format has 23 columns and the details given under each column are for the village are as follows:-

**Columns 1 : Serial Number**

Self explanatory. All the villages within the CD Block are presented serially in the ascending order of their location code number.

**Columns 2 : Name and Location Code Number of village**

The name and location code number of the village are shown against these columns. This also includes the forest and uninhabited villages.

**Column 3 : Area of the village**

The area of the villages in hectares are given. Wherever the area figures was not furnished by the concerned department the column is left blank.

**Column 4 : Total population**

The total population of the village as per 2001 Census is given against this column.

**Column 5 : Number of households**

The number of households as per 2001 Census is given in this column.

**Amenities :**

In column 6 to 23, availability in respect of different amenities such as education, medical, drinking water, post, telegraph, banks, credit societies, communication, power, approach road etc. in each village has been depicted with appropriate codes against the column concerned. Wherever the amenities are not available in the village, a dash (-) is shown in the column and next to it in brackets the distance in broad ranges viz.< 5 kms., 5-10 kms. and 10+ kms of the nearest place where the facility is available is given. Column wise details are given below

**Column 6 : Educational**

Classes upto class V included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class V.

Classes from VI and VII are included in the middle school.

Classes from VIII to X included in Higher secondary school. Classes XI and XII are included in senior secondary school.

In case of composite schools like middle school with primary school or secondary school with middle school, these are also included in the number of primary and middle schools, respectively.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

| | | |
|---|---|---|
| (i) | Primary School | P |
| (ii) | Middle School | M |
| (iii) | Secondary School | S |
| (iv) | Senior Secondary School | PUC/JC |
| (v) | College | C |
| (vi) | Industrial School | I |
| (vii) | Training School | Tr |
| (viii) | Adult literacy class/centre | AC |
| (ix) | Others (specify) e.g. Sanskrit Pathshala, Senior basic school, Navodaya Vidyalaya, Makhtab, etc. | O |

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

**Column 7 : Medical**

Availability of medical facility within the village is indicated by following codes :

| | | |
|---|---|---|
| (i) | Allopathic Hospital | H |
| | Ayurvedic Hospital | HA |
| | Unani Hospital | HU |
| | Homeopathic Hospital | H Hom |
| (ii) | Allopathic Dispensary | D |
| | Ayurvedic Dispensary | DA |
| | Unani Dispensary | DU |
| | Homeopathic Dispensary | D Hom |
| (iii) | Maternity & Child Welfare | MCW |
| (iv) | Maternity Home | MH |
| (v) | Child Welfare Centre | CWC |
| (vi) | Health Centre | HC |
| (vii) | Primary Health Centre | PHC |
| (viii) | Primary Health Sub-Centre | PHS |
| (ix) | Family Welfare Centre | FWC |
| (x) | T.B. Clinic | TB |
| (xi) | Nursing Home | NH |
| (xii) | Registered Private Medical Practitioner | RMP |
| (xiii) | Subsidised Medical Practitioner | SMP |
| (xiv) | Community Health Worker | CHW |
| (xv) | Others | O |

More than one institution of a type in the village is indicated by the number within brackets against the abbreviations, e.g. H(3), D(4), etc.

**Column 8 : Drinking Water**

The type of the drinking water supply sources available within the village are indicated by codes as follows :

| | | |
|---|---|---|
| (i) | Tap Water | T |
| (ii) | Well Water | W |
| (iii) | Tank Water | TK |
| (iv) | Tubewell Water | TW |
| (v) | Handpump | HP |
| (vi) | River Water | R |
| (vii) | Canal | C |
| (viii) | Lake | L |
| (ix) | Spring | S |
| (x) | Others | O |
| (xi) | Summer Source | SS- |

**Column 9 : Post, Telegraph and Telephone**

It is indicated by codes as shown below whether within the village exists the following amenities:

| | | |
|---|---|---|
| (i) | Post Office | PO |
| (ii) | Telegraph Office | TO |
| (iii) | Post & Telegraph Office | PTO |
| (iv) | Telephone Connection | PH |

**Column 10: Commercial and Co-operative Banks**

If the village is served by any banking service, commercial bank, co-operative bank etc. the same is indicated in codes mentioned below along with the number of banks in brackets. If not available the distance of nearest place where the facility exist is given:

| | | |
|---|---|---|
| (i) | Commercial Bank | CM |
| (ii) | Co-operative Bank | CP |

**Column 11: Credit Societies**

If the village enjoys the services of Credit Societies i.e. Agricultural Credit Societies, Non Agricultural Credit Society or Other Credit Societies, the same is indicated in codes mentioned below along

with the number of such societies in brackets. In case the facility is not available within the village the distance of the nearest place where such facility exist is given:

| | | |
|---|---|---|
| (i) | Agricultural Credit Society | ACS |
| (ii) | Non- Agricultural Credit Society | NCS |
| (iii) | Other Credit Society | OCS |

**Column 12 : Recreational and cultural facilities**

If facilities such as Cinema/Video hall, Sports Club, Stadium/Auditorium is available in the village. The same is recorded in these columns. If not available the particulars of the nearest place with the facility is recorded. The information is indicated in codes mentioned below along with the number of such facilities in brackets:

| | | |
|---|---|---|
| (i) | Cinema / Video Hall | CV |
| (ii) | Sports Club | SP |
| (iii) | Stadium / Auditorium | ST |

**Column 13 : Communications**

If the village is served by any mode of public / private transport like Bus, Railway station or Navigable water ways they are to be mentioned as follows:

| | | |
|---|---|---|
| (i) | Bus Service | BS |
| (ii) | Railway Station | RS |
| (iii) | Navigable Waterway | NW |

**Column 14 : Approach to village**

Approach to village refers to the state of road leading to village. The approach to the village is indicated in following codes :

| | | |
|---|---|---|
| (i) | Paved Road | PR |
| (ii) | Mud road | MR |
| (iii) | Foot path | FP |
| (iv) | Navigable River | NR |
| (v) | Navigable Canal | NC |
| (vi) | Navigable waterways other than River, Canal | NW |

**Column 15 : Nearest Town and distance**

The distance is given in kilometres in brackets against the name of the town nearest to the village.

**Column 16 : Power supply**

Availability of Power Supply in the village, whatever may be the form of its use is given by using following codes :

| | | |
|---|---|---|
| (i) | Electricity for domestic use | ED |
| (ii) | Electricity for agricultural use | EAG |
| (iii) | Electricity for other purposes | EO |
| (iv) | Electricity for all purposes | EA |

**Column 17 : News Paper / Magazine**

If village receives any News Paper/Magazines the same is noted in this column using following codes

| | | |
|---|---|---|
| (i) | News Paper | N |
| (ii) | Magazine | M |

**Column 18 : Most important commodities manufactured**

The name of three most important commodities manufactured in the village is recorded against this column.

**Column 19 to 23 : Land use i.e. area under different types of land use**

Land use data maintained by the State/ UT Govts. are furnished against these columns. The data concerning area under Forest, Irrigated land (by source), Un-irrigated land, Culturable waste and Area not available for cultivation in the village are shown against these columns. The area figures are given in hectare(s) up to one decimal. Desh '-' is recorded wherever the information is not made available by the concerned department. The codes used for different types of irrigation facilities available in the village are indicated below:

| | | |
|---|---|---|
| (i) | Government Canal | GC |
| (ii) | Private Canal | PC |
| (iii) | Well (without electricity) | W |
| (iv) | Well (with electricity) | WE |
| (v) | Tubewell(with out electricity) | TW |
| (vi) | Tubewell(with electricity) | TWE |
| (vii) | Tank | TK |
| (viii) | River | R |
| (ix) | Lake | L |
| (x) | Waterfall | WF |
| (xi) | Others | O |
| (xii) | Total | T |

## (b) List of Villages merged in towns and outgrowths at 2001 Census

### (i) List of Revenue Villages that have been fully merged in Towns and Outgrowths at 2001 Census

| Serial number | Name of mandal | Name of village | Name of the Municipality/ Nagar Panchayat/ Census Town in which the village is merged |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 1 | Yemmiganur | 1 Yemmiganur | Yemmiganur (M) |
| 2 | Kallur | 1 Kallur | Kallur (C.T) |
| 3 | Kurnool | 1 Kurnool | Kurnool (M.C) |
| | | 2 Roja | Kurnool (M.C) |
| | | 3 Joharapuram | Kurnool (M.C) |
| 4 | Srisailam | 1 Srisailam gudem Devasthanam | Srisailam gudem Devasthanam (C.T) |
| | | 2 Srisailam Project Township (RFC) | Srisailam Project Township (RFC) C.T |
| 5 | Adoni | 1 Adoni VA | Adoni (M) |
| | | 2 Parvathapuram | Adoni (M) |
| | | 3 Kallubavi | Adoni (M) |
| | | 4 Vengalapuram | Adoni (M) |
| 6 | Bethamcherla | 1 Bugganipalle | Bugganipalle (C.T) |
| | | 2 Bethamcherla | Bethamcherla (C.T) |
| 7 | Owk | 1 Ramapuram | Ramapuram (C.T) |

### (ii) List of Revenue Villages that have been Partly merged in Towns and Outgrowths at 2001 Census

| Serial number | Name of mandal | Name of village | Name of the Municipality/ Nagar Panchayat/ Census Town in which the village is merged |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 1 | Adoni | Mandagiri | O.G. to Adoni (M) |
| 2 | Nandyal | 1 Nandyal | Nandyal (M) |
| | | 2 Noonepalle (R ) | O.G. to Nandyal (M) |
| | | 3 Ayyalur (V) | O.G. to Nandyal (M) |
| | | 4 Moolasagar ® | Nandyal (M) |

## ALPHABETICAL LIST OF VILLAGES (MANDAL PARISHAD WISE), KURNOOL DISTRICT

| Serial number | Name of village | 2001 Census location code number | 1991 Census location code number |

# Section II - Town Directory

Note explaining the abbreviations used in the town directory

Town Directory statements (I to VII)

Statement I : Status and Growth History

Column (2) : Class, name and civic administration status of town :

Class has been introduced to facilitate analysis of town directory data at the state and all India levels. It is presented according to 2001 Census Population of the town as follows :

| Population | Class |
|---|---|
| 100,000 and above | I |
| 50,000 - 99,999 | II |
| 20,000 - 49,999 | III |
| 10,000 - 19,999 | IV |
| 5,000 - 9,999 | V |
| Below 5,000 | VI |

Town with a population of one hundred thousand ( 1,00,000 )and above is treated as a city.

The civic administration status of the towns is indicated within bracket against the name of the town. The following abbreviations are used to denote civic status of town.

| | | |
|---|---|---|
| (I) | Municipal Corporation | M. Corp. |
| (II) | Municipal Committee | MC |
| (III) | Municipal Council | M Cl |
| (IV) | City Municipal Council | CMC |
| (V) | Town Municipal Council | TMC |
| (VI) | Municipal Board | MB |
| (VII) | Municipality | M |
| (VIII) | Cantonment Board/Cantonment | CB |
| (IX) | Notified Area | NA |
| (X) | Notified Town | NT |
| (XI) | Notified Area Committee/ Notified Area Council | NAC |
| (XII) | Notified Town Area | NTA |
| (XIII) | Industrial Notified Area | INA |
| (XIV) | Industrial Township | ITS |
| (XV) | Township | TS |
| (XVI) | Town Panchayat | TP |
| (XVII) | Nagar Panchayat | NP |
| (XVIII) | Town Committee/ Town Area Committee | TC |
| (XIX) | Small Town Committee | ST |
| (XX) | Estate office | EO |
| (XXI) | Gram Panchayat | GP |
| (XXII) | Census Town | CT |

Others columns need no comments.

**Statement II - Physical Aspects and Location of towns, 1999**

**Column 3 to 5 : Physical Aspects**

In this columns the Rainfall and Maximum & Minimum Temperature of the town is recorded.

**Column 6, 7 and 8 :**

Name of the State headquarters, District headquarters and Sub-Divisional headquarters with distance from the referent town in kilometers, is to be recorded respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

**Column 9& 10 :**

Name of the nearest city with one lakh and more and five lakhs and more population are recorded.

**Column 11, 12 and 13 :**

If referent town enjoys the facility of railway station, bus route facility or navigable river/canal. Its name is to be mentioned. If not available, then the name of nearest place with distance, where such

facility exists is to be mentioned.

**Statement III : Municipal Finance 1998 - 1999**

Item-wise amount of receipt and expenditure in thousand rupees, relating to municipal finance of the town for the year 1998-99 is to be recorded.

**Statement IV : Civic and Other amenities, 1999**

**Column (1 to 5) : Self explanatory.**

**Column (6) : Road length (in kms.)**

Information about kutcha / pucca road is to be recorded separately for the roads within the limits of the referent town.

| | | |
|---|---|---|
| (i) | Pucca Road | PR |
| (ii) | Kutcha Road | KR |

**Column (7) : System of Sewerage**

Generally, by sewerage system is implied the network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastes are called separate sewers, those that carry storm water from roofs, streets and other surface are known as storm water drains, while those carrying both sewage and storm water are called combined sewers.

The codes used for different types of drainage system are as follows :

| | | |
|---|---|---|
| (i) | Sewer | S |
| (ii) | Open Surface Drains | OSD |
| (iii) | Box Surface Drains | BSD |
| (iv) | Sylk Drains | SD |
| (v) | Cesspool method | CP |
| (vi) | Pit System | Pt |
| (vii) | Others | O |

**Column 8 to 11 : Number of latrines**

Number of various types of latrines both Public and Private are given in these columns.

**Column 12 : Method of disposal of night soil**

The various prevalent method of disposal of night soil are given below with codes :

| | |
|---|---|
| Head Loads | HL |
| Basket | B |
| Wheel Barrows | WB |
| Septic Tank | ST |
| Pit System | Pt |
| Sewerage | S |
| Others | O |

**Column 13 and 14 : Water supply**

Source and capacity of storage system. The following codes are used in these columns:

**Column 13:**

| | | |
|---|---|---|
| (i) | Tap water | T |
| (ii) | Tube-well water | TW |
| (iii) | Tank Water | TK |
| (iv) | Well water | W |

**Column 14:**

| | | |
|---|---|---|
| (v) | Over Head Tank | OHT |
| (vi) | Service Reservoir | SR |
| (vii) | River Infiltration Gallery | RIG |
| (viii) | Bore Well Pumping System | BWP |
| (ix) | Pressure Tank | PT |

The information on major source of water supply are given in column 14 and the storage capacity against each in kilo-litres (in bracket) are presented in column 15.

**Column 15 : Fire Fighting Service**

In case the fire fighting service is available in the referent town 'yes' is recorded. If the facility is not available within the town. The name of the nearest place having this facility with its distance from the referent town has been recorded.

**Column 16 to 20 : Electrification (Number of connections)**

Different types of electric connections have been shown in these columns, i.e. Domestic, Industrial, Commercial, Road lighting (points) & others.

**Statement V : Medical, Educational, Recre ationaland Cultural Facilities, 1999**

**Column 1 to 3 : Self explanatory.**

**Column 4 & 5 :**

The data covers all such medical institutions

run by or aided by Government/Semi Government/ Local bodies and Charitable institutions or Social agencies like the Missionaries. Where the family planning centres are attached to hospitals or maternity and child welfare centres or Primary Health Centres, may be treated as independent units and counted separately using following codes :

| | | |
|---|---|---|
| (i) | Hospital | H |
| (ii) | Dispensary | D |
| (iii) | Health Centre | HC |
| (iv) | Family Welfare Centre | FWC |
| (v) | T.B. Clinic | TB |
| (vi) | Nursing Home | NH |
| (vii) | Others | O |

In case of more than one institutions of any type, it is indicated within brackets the number of such institution (s) e.g. D(3), NH(8), etc. The institutions have further been distinguished by providing additional codes within the bracket as given below :

| | |
|---|---|
| Ayurvedic | A |
| Unani | U |
| Homoeopathic | Hom |

**Column 6 to 9 :**

The codes used for these columns are as follows:

| | | |
|---|---|---|
| (i) | Arts only | A |
| (ii) | Science only | S |
| (iii) | Commerce only | C |
| (iv) | Arts & Science only | AS |
| (v) | Arts & Commerce only | AC |
| (vi) | Combined for all categories-Arts, Science and Commerce | ASC |
| (vii) | Law | L |
| (viii) | University | U |
| (ix) | Others | O |

**Column 10 : Recognized shorthand, typewriting and vocational training institutes**

"Recognised" should mean recognised by some statutory authority, like education department, commerce department, labour department etc. of the Government or Semi Government or autonomous bodies, public sector undertakings etc.

The following codes are used :

| | | |
|---|---|---|
| (i) | Vocational Training Institute | VT |
| (ii) | Shorthand | SH |
| (iii) | Typewriting | Type |
| (iv) | Shorthand & Typewriting | SH Type |
| (v) | Others | O |

The vocational institutions like - Applied Art/Painting college, Pharmacy college, B. Ed. College, Teacher's Training Institute, Music / Dance School, Nursing School etc. are covered under 'Others'.

**Column 11 to 14:**

Higher Secondary/Intermediate/Senior Secondary/ PUC/Junior College level, Secondary/Matriculation, Middle Schools/ Junior Secondary and Primary Schools.

Schools up to class V are treated as Primary or elementary schools. These include Nursery schools, Kindergarten schools, Pre-Primary schools, Junior Basic schools upto class V and Primary schools upto class IV.

Schools upto VIII are considered as Middle school or Junior Secondary.

Schools upto class X are considered as Matriculation or Secondary schools.

Schools upto XI or XII classes are considered as Higher Secondary / Intermediate / Pre University / Junior College etc. This would cover 10+2 classes whether held in schools or college.

If there are composite schools like middle schools with primary classes or Secondary schools with Middle classes, these are also included in the number of Primary and Middle schools, respectively. For example, if in a town, there are two Primary Schools and one Middle school with Primary classes, the number of Primary schools in the town is given as three and that of Middle schools as one though there are only three educational institutions.

If there are more institutions of a type in the town, the number is indicated within bracket along with the abbreviation, e.g. P(4), M(3).

**Column 15 : Adult literacy class/centres**

This column has been introduced keeping in view the Minimum Needs Programme of the Planning Commission. There are number of Adult Education Centres which are included in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometres from the town where the facility is available is mentioned.

**Column 16 : Working Women's hostels with number of seats**

The number of working women's hostel if available in the referent town is mentioned with number of seats. If the facility is not available in the town the name of nearest place with distance where the facility is available is recorded.

**Column 17 to 19 : Recreational and Cultural Facilities**

Stadium, Cinema, Auditorium/Drama/Community Hall are covered under recreational & cultural facilities. The particulars of permanent recreational facilities are considered for these columns.

**Column 20 : Public Libraries, Reading Rooms**

Number of public libraries and reading rooms available in the referent town are recorded in codes as follows :

| | |
|---|---|
| (i) Public Library | PL |
| (ii) Reading room | RR |

**Statement VI : Trade, Commerce, Industry and Banking, 1999**

**Column 3 to 8 :**

Name of three most important commodities exported and names of three most important commodities manufactured in the town are recorded.

**Column 9 : Number of Banks**

Number of Banks available in the referent town both Commercial and Co-operative banks are recorded against this column.

**Column 10 & 11 :**

Number of Agricultural Credit Societies and Non Agricultural Credit Societies

The total number of Agricultural Credit Societies and Non Agricultural Credit Societies in the referent town are recorded against these columns.

**Statement VII : Civic and other Amenities in Slums, 1999**

This is the statement on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like municipality, Municipal Corporation, Town area committee etc.

**STATE**

**STATUS AND**

| Serial Number | Class, name and civic status of town | Location code number | Name of Mandal | Name of Mandal Parishad | Area (in sq. km.) | Number of households incl. houseless households in the 2001census | Population and growth rate (in brackets)of the town at the Censuses of | | |

| 1 | Nandyal (M) | 152,676 | 1. Nunepalle<br>2, Ayyalur | 1,369<br>3,075 |
| 2 | Adoni (M) | 157,305 | Mandagiri | 5,153 |

# Brief note on Primary Census Abstract

The first census of the third millennium and twenty first century the Census of India, 2001 was the 14th continuous and uninterrupted Indian census since 1872. Thus, 2001 Census will provide data on population and its characteristics marking transition from one century and millennium to another.

The gigantic operation of Population Enumeration (considered by many to be the single largest and complex peace time administrative exercise in the world) was made possible due to the door to door universal canvassing of the Household Schedule by about 2 million enumerators and supervisors covering 593 districts, 5,463 sub-districts, 5,161 towns and 638,588 villages. The comprehensive Household Schedule which replaced the individual slip had three parts and two sides A and B. Part I contained the Location Particulars; Part II related to the Individual Particulars and Part III contained questions for Household engaged in Cultivation/Plantation . The part II of the Household Schedule had 39 columns and 23 questions all of which were universally canvassed and no sampling was resorted to during enumeration.

**Data Processing**

A quantum leap was made in the technology front while processing the Census 2001 data both for Houselisting and Population Enumeration. The Census schedules for both the phases were scanned through high speed scanners in fifteen data centers across the country and hand-written data from the schedules were converted into digitized form through Intelligent Character Reading (ICR) software for creation of ASCII records for further processing. The designing and formatting of the Household Schedule had to be done very carefully using specialized software so as to ensure uniformity, which was an essential pre-requisite for scanning. The selection of appropriate state-of-art technology in data processing has made it possible to produce all the Houselisting as well as Population Enumeration tables on full count basis for the first time in the history of Census. For Census 2001, about 202 million schedules consisting of about 1,028 million records were scanned and processed within a span of only 10 months starting October, 2002.

**Task Force on Quality Assurance**

After the data is processed, it is expedient on the part of the data producing agency to satisfy itself about its quality before putting the same in public domain. This has to be done mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception has to be brought into play to understand both the existing and the new emerging trends of population distribution and characteristics. The other very important aspect of the data quality is to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, specially for small area population statistics.

A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2001 Population Enumeration results and finally clear them for use. The responsibility of the final clearance of data was with the Task Force on Quality Assurance (TFQA), headed by the Registrar General and Census Commissioner, India. The other members of the TFQA were the Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The Directors and their senior officers were required to make detailed presentations of data for their own state both in respect to the

quality and the coverage and only after the full possible cleared.

There has been a major departure in Census 2001 from the past in respect of the procedure followed for finalization of the Scheduled Castes and the Scheduled Tribes population. In the earlier censuses, the total Scheduled Castes and Scheduled Tribes populations were finalized at the time of the manual compilation of the Primary Census Abstracts (PCA) at the Regional Tabulation Offices which were specially set up for this purpose. The individual Scheduled Castes and the Scheduled Tribes population for each state was finalized much later based on manual coding done by the coders. In 2001 Census, each individual Scheduled Caste and the Scheduled Tribe have been coded directly on the computers by the Data Entry Operators through a process known as Computer Assisted Coding (CAC) and taken up along with the processing of PCA data. The CAC process involves pulling down, from the relevant dictionary of the Scheduled Castes and the Scheduled Tribes, on the computer screen and coding from the dictionary by referring to the image of the specific individual entry in the Household Schedule appearing on the screen. The CAC of the response on Religion wherever required, was also undertaken along with the processing of PCA. This is because the Scheduled Castes status had to be determined in relation to the religion of the individual. Two Special Task Forces, one on Religion and the other on Scheduled Castes/ Scheduled Tribes were constituted for scrutiny and appropriate classification of these responses.

The main task of the Special Task Force on Religion was to appropriately merge or group the new responses encountered and code it into the appropriate religious community based on available literature and local knowledge. The Special Task Force on Scheduled Castes and Scheduled Tribes examined the different Scheduled Castes and Scheduled Tribes entries encoun-tered and classified these into appropriate category of the Scheduled Castes or the Scheduled Tribes principally based on the Presidential Notification and the available literature. Thus a very systematic and scientific mechanism was operationalised to firm up the individual religion and the individual Scheduled Castes/Tribes returns. The Scheduled Castes and the Scheduled Tribes population in 2001 Census, is thus being finalized by aggregating the population data for individual Scheduled Castes and the Scheduled Tribes at appropriate geographical levels.

The entire work relating to the data validation and scrutiny was completed by all the States/Union Territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

**Primary Census Abstract**

The Primary Census Abstract which is yet another important publication of 2001 Census. Population gives basic information on Area, Total Households, Total population, Scheduled Castes, Scheduled Tribes population, Population in the age group 0-6, Literates, Main workers and Marginal workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural laborers, (iii) Household Industry Workers, and (iv) Other workers and also Non-workers. The characteristics of the Total Population includes Scheduled Castes, Scheduled Tribes, Institu-tional and Houseless population and are presented by sex and rural-urban residence. This data is presented at different levels, namely, India, States/Union territories, Districts and Cities, Urban Agglomerations (Population 1,00,000 and above) in three different tables. In addition, the Appendix of said publication provides Houseless and Institutional Households and their population by residence and sex for 2001 for India, State and Union territory.

Apart from the India and State/Union Territory volumes for Primary Census Abstract, the District Census Handbook contains District Primary Census Abstract, Appendix to District Primary Census Abstract, Primary Census Abstract for Scheduled Castes, Primary Census Abstract for Scheduled Tribes, Village Primary Census Abstract and Urban Primary Census Abstract of the concerned district in the state.

It was for the first time at the 1981 Census that the Primary Census Abstract (PCA) was brought out for the Scheduled Castes and the Scheduled Tribes separately on the pattern of General Primary Census Abstract. This practice was continued in 1991 also. In the 1961 and 1971 Censuses, such data were made available in Table C-VIII-Social and Cultural table and to some extent in the series 'Special Tables for

Scheduled Castes/Scheduled Tribes'.

The format of Primary Census Abstract has been restructured slightly in the 2001 Census as compared to that of 1991 Census. The nine-fold industrial classification of main workers given in the Primary Census Abstract of 1991 Census has been discontinued and its place, four-fold industrial classification of both 'main workers' and 'marginal workers' are included. In 1981 census only main workers were presented in to four categories. One of the novel features of the primary census abstract of 1991 census was the presentation of data of the population of age group 0-6 is continued in 2001 Census also. This will help the data users in better analysis and understanding of this literacy data.

**Level of presentation in District Census Handbooks:**

The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts are as under:

| | Name of the Primary Census Abstract | Level of presentation |
|---|---|---|
| 1. | District Primary Census Abstract | District/Mandal Parishad/UA/City/Town |
| 2. | Primary Census Abstract for Scheduled Castes | District/Mandal Parishad/Town |
| 3. | Primary Census Abstract for Scheduled Tribes | District/Mandal Parishad/Town |
| 4. | Village Primary Census Abstract | Mandal Parishad/Village wise |
| 5. | Urban Primary Census Abstract | Town/Ward level |

The PCA Data for villages was presented Mandal Parishad wise for the first time in 1991 Census. This practice is continued in 2001 Census also. The data for each Mandal Parishad is presented both for rural and urban areas separately. All the villages within the Mandal Parishad constitute the rural portion and the Census Towns and Outgrowths are shown under the urban portion of the Mandal Parishad. In case a Mandal Parishad is spread over two or more districts, than portion which falls within the district is presented, the data pertaining to remaining portion of the Mandal Parishad is presented in the concerned District Census Handbook. The data in the Urban Primary Census Abstract for each town as well as for town with outgrowths in the district are presented. The data for all the wards and the outgrowths of the town(s) are also presented separately below the concerned town(s).

The District Primary Census Abstract is presented in 59 columns. The Primary Census Abstract for Scheduled Castes and Primary Census Abstract for Scheduled Tribes are presented in 52 columns. The Village Primary Census Abstract and Urban Primary Census Abstract are presented in 58 columns.

The concepts and definitions used in the column heading are explained under the sub heading 'Census Concepts' in the Analytical Note. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. The explanation regarding area figures presented at various level in the Primary Census Abstracts are as follows:

**Area Figures**

The area figures supplied by local revenue authorities of the district in respect of mandals, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Mandal Revenue Officer in acres have been converted and shown in hectares. The area figures of the Mandal Parishad is the total of the village areas coming under each Mandal Parishad. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level. The total area figures of all the mandals/Mandal Parishads within the district may not tally with area figures of the district because former represents land use area only. Similarly, the total of all the villages may not tally with the entire rural of Police Station/mandal. The difference may be due to the fact that while the area covered by hills, forests and rivers etc, have been accounted in the Mandals and P.S. level the same may not be covered under the area of the villages. Apart from this it may also differ due to varying methods of computation adopted at different levels.

An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

**DISTRICT PRIMARY**

# Annexure - I
# Fertility and Mortality, 1991 Census

Crude Birth Rate is the most commonly used measures of fertility. To know the fertility rates, certain information was collected from all ever married women during 1991 Census such as (i) Age at marriage (ii) Number of children ever born alive. For currently married women, in addition to above data, if any child born at preceding one year from the date of Census is also collected. Definition of fertility measures is given in the chapter on "Non-Census" concepts.

**Fertility Levels:**

Fertility is natural growth of population. To know the fertility rate, during 1991 Census certain information was collected from all ever married women such as (1) age, age at marriage, number of children surviving at present, number of children ever born alive and for currently married women if any child born at preceding one year to the census. Fertility measures were worked out on 'F' series table No. 16 of 1991 census of Andhra Pradesh.

**Annexure –I (a)**
**Age Specific Fertility Rates/Levels, 1991**

| Age Group | Kurnool District | | | Andhra Pradesh State | | |
|---|---|---|---|---|---|---|
| | Total | Rural | Urban | Total | Rural | Urban |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| 15-19 | 0.092 | 0.101 | 0.070 | 0.085 | 0.092 | 0.066 |
| 20-24 | 0.201 | 0.217 | 0.158 | 0.179 | 0.185 | 0.162 |
| 25-29 | 0.181 | 0.192 | 0.151 | 0.150 | 0.155 | 0.137 |
| 30-34 | 0.123 | 0.131 | 0.099 | 0.103 | 0.108 | 0.087 |
| 35-39 | 0.086 | 0.093 | 0.064 | 0.068 | 0.071 | 0.055 |
| 40-44 | 0.046 | 0.048 | 0.037 | 0.037 | 0.039 | 0.029 |
| 45-49 | 0.025 | 0.025 | 0.024 | 0.020 | 0.021 | 0.017 |

**Age specific fertility rate:**

The Age Specific Fertility rate is naturally higher in the age group of 20-24 both in rural and urban areas of Kurnool district. In the same age group the fertility rate is more than the state figures in the total and rural.

**Annexure –I (b)**

**Age Specific Marital Fertility Rates/Levels, 1991**

| Age Group | Kurnool District | | | Andhra Pradesh State | | |
|---|---|---|---|---|---|---|
| | Total | Rural | Urban | Total | Rural | Urban |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| 15-19 | 0.163 | 0.166 | 0.152 | 0.150 | 0.149 | 0.158 |
| 20-24 | 0.220 | 0.237 | 0.187 | 0.198 | 0.199 | 0.196 |
| 25-29 | 0.190 | 0.201 | 0.161 | 0.158 | 0.162 | 0.147 |
| 30-34 | 0.132 | 0.140 | 0.106 | 0.111 | 0.116 | 0.093 |
| 35-39 | 0.094 | 0.102 | 0.069 | 0.074 | 0.078 | 0.060 |
| 40-44 | 0.055 | 0.058 | 0.045 | 0.044 | 0.046 | 0.035 |
| 45-49 | 0.032 | 0.033 | 0.031 | 0.026 | 0.026 | 0.023 |

**Age Specific Marital Fertility rate :**

It is seen from the above table that the Age Specific Marital Fertility rate is higher at some instances in the district than that of State figures, while it is below at some instances. These rates are higher in the age group of 20-24 than that of other age groups both in district and State followed by the next age-group 25-29.

**Annexure –I (c)**

**Estimates of Child Mortality, 1991 Census**

| Age Group | Kurnool District | | | Andhra Pradesh State | | |
|---|---|---|---|---|---|---|
| | Persons | Males | Females | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| Q1 | 68 | 73 | 57 | 55 | 67 | 51 |
| Q2 | 75 | 76 | 74 | 56 | 59 | 50 |
| Q3 | 79 | 78 | 80 | 59 | 61 | 56 |
| Q5 | 89 | 82 | 97 | 67 | 68 | 66 |

*Source: 1. F series Tables No.16 of 1991 census*
*2. Part IV A-C series tables*

**Child Mortality Levels:**

The estimates of Child Mortality (number of Deaths by ages 1,2,3 & 5 given above as Q1,Q2,Q3 and Q5) shows that the level of child mortality is more than that of state in both in males and Females. The Female Child Mortality is lower than that of male child Mortality in the district as well as in the State except in the age-groups Q3 and Q5 at district level.

***Source***:*1. F-series tables of 1991 Census*
*2. Andhra Pradesh district profile,1991 Census*
*3. R.G's occasional paper of 1997*

The above table shows that the various measures of Fertility and mean age at marriage recorded during 1991 census. The district has recorded 32.9 CBR, 4.3 TFR, 5.3 TMFR, 141 GFR, 169 GMFR, 4.4 Children per every married women (45-49 years) 533 CWR, and 17.1 as mean age at marriage of currently married women. These various measures of fertility and mean age at marriage are some what higher at the district level than that of state figures.

# Annexure III
# Percentage distribution of Migrants by place of birth/place of last residence, 1991 Census

**Migration :**

During 1991 Census, the migrants by place of birth were broadly classified as (A) Migrants born within the State of Enumeation (B) Migrants born in other States of India and (C) Migrants born in other Countries. The migrants born within the State are divided again as (i) Migrants born elsewhere in the district of Enumeration and (ii) Migrants born in other districts of State.

The following statement shows the distribution of migrants by place of birth by sex in the district and State together with percentages.

**Annexure – III(a)**
**Distribution of Migrants by Place of Birth and Percentage, 1991 Census**

| Place of Birth | Kurnool District | | | Andhra Pradesh State | | |
|---|---|---|---|---|---|---|
| | Persons | Males | Females | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| (A) Migrants born within the state of enume-ration | 771,826 (95.91) | 228,872 (96.30) | 542,954 (95.74) | 18,406,950 (94.56) | 5,847,797 (93.52) | 12,559,153 (95.06) |
| (i) Migrants born elsewhere in the district of enumeration | 639,081 (79.41) | 181,170 (76.23) | 457,911 (80.75) | 13,816,569 (70.98) | 4,038,900 (64.59) | 9,777,669 (74.01) |
| (ii) Migrants born in other district of state | 132,745 (16.50) | 47,702 (20.07) | 85,043 (14.99) | 4,590,381 (23.58) | 1,808,897 (28.93) | 2,781,484 (21.05) |
| (B) Migrants born in other states of India | 32,790 (4.07) | 8,710 (3.67) | 24,080 (4.25) | 1,026,863 (5.28) | 388,924 (6.22) | 637,939 (4.83) |
| (C) Migrants born in other countries | 130 (0.02) | 70 (0.03) | 60 (0.01) | 30,610 (0.16) | 16,120 (0.26) | 14,490 (0.11) |
| Total Migrants | 804,746 (100.00) | 237,652 (100.00) | 567,094 (100.00) | 19,464,423 (100.00) | 6,252,841 (100.00) | 13,211,582 (100.00) |

***Source:*** *Part –VA and VB – D Series, 1991 ( Vol-I)*

Migrants by place of birth have returned 194.64 lakhs in Andhra Pradesh State comprising 62.53 lakhs of males and 132.11 lakhs of females. In respect of Kurnool district the total migrants returned were 8.04 lakhs comprising 2.37 lakhs males and 5.67 lakhs females.

**Rural and Urban Components of Migration :**

The flow of migrants by place of birth have classified into four streams such as (i) Rural to Rural (ii) Rural to Urban (iii) Urban to Rural and (iv) Urban to Urban. The data on the basis of these four streams in case of migrants is classified by place of birth. It presents data only in relation to internal migrants.

The below statement gives the information on movement of migration in Andhra Pradesh and Kurnool district through the four streams within the State and from other States of India.

**Inset table to Annexure III(a)**
**Distribution of Migrants by Place of Birth and Percentage, 2001 Census**

| Place of Birth | Kurnool District | | | Andhra Pradesh State | | |
|---|---|---|---|---|---|---|
| | Persons | Males | Females | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| (a) Migrants born within the state of enumeration | 934,335 (96.8) | 270,578 (97.3) | 663,757 (96.7) | 21,782,141 (95.4) | 7,205,057 (94.6) | 14,577,084 (95.8) |
| (i) Migrants born elsewhere in the District of enumeration | 820,442 (85) | 229,245 (82.4) | 591,197 (86.1) | 16,899,184 (74.0) | 5,147,046 (67.6) | 11,752,138 (77.2) |
| (ii)Migrants born in other Districts of State | 113,893 (11.8) | 41,333 (14.9) | 72,560 (10.6) | 4,882,957 (21.4) | 2,058,011 (27) | 2,824,946 (18.6) |

***Source:*** *Migration Tables (D Series) - 2001*

The migrants by place of birth were returned 194.6 and 228.3 lakhs in Andhra Pradesh State as per the 1991 and 2001 Censuses respectively. It shows a growth rate of 17.3% total migrants over 1991 Census with a breakup of 21.8% males and 15.2% females. In Kurnool district the migrants are 804,746 persons as per 1991 Census whereas 964,853 persons are in 2001 Census with a growth rate of 19.9% over 1991 census. In case of Migrants born elsewhere in the district of enumeration the female migrants are more than male migrants due to marriages in both the Censuses.

In respect of inter district migrants, male migrants are forming less percentage than female migrants. In the case of inter-state migrants the males are more than females in both the Censuses. In case of Migrants born in other states of India females percentage is dominating. A negligible percentage can be seen in the international migration.

The above annexures show the percentage distribution of migrants by place of birth as recorded in both the Censuses of 1991 and 2001 in Andhra Pradesh state. It is observed that 3.0% increase in the migration who were born elsewhere in the district of enumeration with a sex breakup of 3.0% each, whereas in respect of the migrants who were born in other districts of the state, in other states of the country and in other countries are recorded with a difference of -2.2%, -0.8% and -0.1% respectively between two censuses of 1991 and 2001.

In respect of Kurnool district the difference between the two Censuses can be observed with the 5.6%persons with a sex breakup of 6.2% and 5.3% females in the persons born elsewhere in the district of the enumeration. Regarding the migrants from other states in India only a minor variation is recorded with (-)1.0%.

Among the migrants that are born in Abroad no change is noticed in the percentage variation between 1991 and 2001 censuses.

# Annexure IV
# Brief account of Main religions in the district/ mandal as per 1991 Census and 2001

**Religion :**

The data on religion has been collected and presented for six major religions viz. Hindus, Muslims, Christians, Sikhs, Jains and Buddhists. In respect of minor religions, they have been classified and shown under the category "Others".

During 1991 Census the religion data was collected through question No.8 of the individual slips and recorded the religion as stated by the individual.

A brief account of main religions in the Kurnool district as per 1991 census is furnished below.

**Annexure IV (a)**

During 1991 Census all the six major religions were returned in Kurnool District. The total population of the district is 2,973,024 persons. Out of which 2,435,168 persons belongs to Hindus, 492,960 persons Muslims, 42,263 persons Christians, 1,541 persons Jains, 21 persons Buddhists and 221 persons belongs to Sikhs religion. The percentage of total population of Hindus have returned with 81.91% followed by Muslims with 16.58% and 1.42% of Christians. There are 830 persons returned in the district as "Religion not stated".

In all 54 mandals Hindus, Muslims and Christians have been returned in both Rural and Urban areas of the district in 1991 census. Among these three religions Hindu religion has dominated in almost all mandals in the district

By strength Muslim religion occupies 2nd place in the district. Kurnool mandal has recorded highest Muslim population in the district with 88,918 persons forming 29.72 percent of total population of the mandal followed by Nandyal mandal with 50,606 persons and Adoni mandal with 45,059 persons. The least number of muslim persons were returned in Chippagiri mandal with 1601 persons followed by Halaharvi mandal with 1864 persons and Kolimigundla mandal with 1913 persons in the district.

Though the Christian religion was identified in all 54 mandals, the number of Christians are very less when compared with Hindus and Muslims. Kurnool mandal has recorded highest Christians in the district with 9,115 persons followed by Nandyal mandal with 8,517 persons and Adoni mandal with 2,947 persons. Only 10 persons were recorded as Christians in Tuggali mandal.

The Jain religion has been recorded with 1,542 persons in the district. They were returned in Urban areas of Kurnool town with 864 persons, 629 persons at Adoni town and Yemmiganur town with 13 persons remaining population in rural mandals of Alur 21 persons and 8 persons in Aspari mandal.

The Buddhist religion has recorded 21 persons and they were found in Nandyal Mandal with 16 persons, in Atmakur Mandal with 3 persons and in Srisailam Mandal the remaining 2 persons.

In respect of Sikh religion the district has returned 221 persons spread over in 8 mandals. The highest number was recorded in Kurnool mandal with 152 persons followed by Aspari mandal with 31 persons and 18 persons in Adoni mandal. The remaining 20 persons were returned in Nandikotkur, Atmakur, Srisailam, Nandyal and Dhone mandals.

*Source: Religion Data, Andhra Pradesh - 2001*

The above table gives the details of Main Religions in the district for 2001 census whereas the previous Annexure shows the details of main religion in 1991 census. During 2001 census the religion data was collected through question number 7 of household schedule. Out of the total population of the district Hindus have returned 82.5% during 2001 census as against 81.9% in 1991 census. In respect of Muslims they have returned 16.2% in 2001 whereas their percentage during 1991 was 16.6%. The next main religion in the district is Christians who returned 1.1% during 2001 census as against 1.4% in 1991 census. The main reason for decrease in the decadal growth among Christians can be attributed to get enrolled under Scheduled Castes to get benefits from the Government. In respect of remaining main religions viz. Sikhs, Buddhists, Jains and others their strength in the district is negligible.

**Annexure IV (b)**

**PERCENTAGE DISTRIBUTION OF POPULATION BY MAJOR RELIGIONS IN INDIA, ANDHRA PRADESH AND KURNOOL DISTRICT AND ITS GROWTH RATE DURING 1981-1991**

| Sl. No. | Name of Religion | India | | Andhra Pradesh | | Kurnool District | |
|---|---|---|---|---|---|---|---|
| | | Percentage of Population | Percentage growth rate 1981-91 | Percentage of Population | Percentage growth rate 1981-91 | Percentage of Population | Percentage growth rate 1981-91 |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| 1 | Hindus | 82.4 | 22.3 | 89.14 | 24.74 | 81.91 | 26.30 |
| 2 | Muslims | 11.7 | 32.8 | 8.91 | 30.66 | 16.58 | 20.83 |
| 3 | Christians | 2.3 | 16.9 | 1.83 | (-)15.14 | 1.42 | (-)39.25 |
| 4 | Sikhs | 2.0 | 25.5 | 0.03 | 35.06 | 0.01 | 301.82 |
| 5 | Buddhists | 0.8 | 36.0 | 0.03 | 71.33 | - | - |
| 6 | Jains | 0.4 | 4.4 | 0.04 | 42.50 | 0.05 | 7.99 |
| 7 | Others | 0.4 | 13.1 | Negligible | 201.29 | Negligible | Negligible |

**India-State-District differentials :**

The comparative data on Religion among India, Andhra Pradesh and Kurnool district reveals that concentration of Hindus was higher followed by Muslims and Christians as per 1991 - Census findings. Hindus were returned on the higher side in the State with nearly 7% more than the National average, while in Kurnool district there were 0.5 percent less than National and 7 percent less than the State. They constitute the 82.4%, 89.1%, and 81.9% in India, Andhra Pradesh and Kurnool district respectively. Muslims recorded as 11.7% in India, 8.9% in Andhra Pradesh and 16.6% in Kurnool district, it shows their percentage in the District is more than the percentage of India and the State. The percentage of Muslims in the State is less than the country. While the percentage of Christians in the country is more than the state i.e. 2.3% in India 1.8% in the State and 1.4% in the Dist. The Strength of Buddhists in the State as well as in the district is negligible. Jains recorded less than 1% both in country and state too. Religion-wise growth in the State during the decade 1981-91 shows that Hindus recorded higher growth rate in the state with 24.7% as against 22.3% in India. The growth rate of Hindus in the district is more than State and country i.e. 26.3%. The growth rate among the Muslims is less than that of State and Country i.e. 20.8%. The Christian population during the decade 1981-91 has recorded negative growth rate in the State as well as in the district with (-)15.1% and (-)39.3% respectively.

*Source: Religion Data, Andhra Pradesh - 2001*

This table gives the comparative data on religions among India, Andhra Pradesh and Kurnool district between 1991 and 2001 census, whereas the previous Annexure furnish the comparative data on religion during 1981 and 1991. At India level among the total population returned in the 2001 census Hindus constituted 80.5% as against 82.4% in 1991. The percentage growth rate of Hindus during the decade 1991-2001 has recorded 20.3 whereas the corresponding growth rate during 1981 and 1991 was 22.3%. It clearly shows that growth rate in Hindu population is diminishing which can be attributed that the people of this religion is more conscious about family planning methods. In Andhra Pradesh the percentage of Hindus has recorded 89.0 whereas the corresponding figure during 1991 was 89.1%. However the percentage growth rate of Hindus has fallen to 14.4 from the percentage growth rate of 24.7 as recorded during the decade 1981-1991. In Kurnool district though the percentage of population of Hindus recorded 82.5 as against 81.9 in 1991 their growth rate in 1991-2001 has fallen to 19.5% as against the growth rate of 26.3 % in 1981-1991.

In respect of Muslims, their percentage to total population has recorded 13.4 at India level as against 11.7% in 1991. In Andhra Pradesh their percentage has gone up to 9.2% from 8.9% in 1991. In respect of Kurnool district, Muslims constituted 16.2% of total population during 2001, whereas the corresponding figure recorded in 1991 was 20.8. However in this district the growth rate in the decade 1991-2001 has declined to 16.1% as against the growth rate of 20.8% recorded in 1981-1991.

The other main religion going by numerical strength is Christians. They constituted 2.3% of total population at India level during 2001census. Their growth rate during the decade 1991-2001 is 22.6% at India level as against the growth rate of 16.9% recorded in 1981-91. In Andhra Pradesh their percentage growth rate continues to show the negative trend. The percentage growth rate of this community recorded during 1991-2001 is (-) 2.8 as against (-) 15.1 recorded during decade 1981-1991. In Kurnool district during 2001 Christians constituted 1.1 % to total population as against 1.4 % in 1991. The percentage growth rate of this community during 1991-2001 has recorded (-)4.0% as against (-) 39.3% in 1981-1991. In respect of other main communities their growth rate is negligible.

**Annexure IV (c)**

**DISTRIBUTION BETWEEN RURAL AND URBAN AREA OF MAJOR RELIGIONS IN ANDHRA PRADESH AND KURNOOL DISTRICT**

| Sl. No. | Name of Religion | Andhra Pradesh (in %) | | Kurnool District (in %) | |
|---|---|---|---|---|---|
| | | Rural | Urban | Rural | Urban |
| 1 | Hindus | 76.55 | 23.45 | 79.04 | 20.96 |
| 2 | Muslims | 41.83 | 58.17 | 52.43 | 47.57 |
| 3 | Christians | 60.48 | 39.52 | 49.07 | 50.93 |
| 4 | Jains | 4.11 | 95.89 | 2.27 | 97.73 |
| 5 | Buddhists | 80.41 | 19.59 | 14.29 | 85.71 |
| 6 | Sikhs | 10.85 | 89.15 | 16.29 | 83.71 |

## Rural-Urban Differentials

In the above annexure, the distribution of major religions between rural and urban areas of the state and district are furnished. At state and district levels, the Hindus are more concentrated in rural areas i.e., 76.55% and 79.04% respectively. At state level Muslims are more in urban areas with 58.17% whereas at district level they are more in number in rural areas with 52.43%. In respect of Christians they are more in rural areas (60.48%) at state level and at district level their concentration is more or less equal in rural and urban areas. Almost the Jains and the Sikhs are living in urban areas both at state and district levels. As regards Buddhists, they are more in number at state level in rural areas with 80.41% whereas at district level their percentage is more in urban areas with 85.71%.

**Inset table to Annexure IV (c)**
**Distribution between Rural and Urban area of Major religions in Andhra Pradesh and Kurnool district - 2001**

| Sl. No. | Name of Religion | Andhra Pradesh (in %) | | Kurnool District (in %) | |
|---|---|---|---|---|---|
| | | Rural | Urban | Rural | Urban |
| 1 | Hindus | 76.3 | 23.7 | 80.7 | 19.3 |
| 2 | Muslims | 41.9 | 58.1 | 59.6 | 40.4 |
| 3 | Christians | 55.0 | 45.0 | 48.0 | 52.0 |
| 4 | Jains | 5.0 | 95.0 | 3.0 | 97.0 |
| 5 | Buddhists | 66.0 | 34.0 | 13.0 | 87.0 |
| 6 | Sikhs | 17.0 | 83.0 | 23.0 | 77.0 |

*Source: Part IV-B(ii) of Andhra Pradesh-1991 Census*

The above table indicates the distribution of major religions between rural and urban in Andhra Pradesh and Kurnool district during 2001 census whereas the previous Annexure has given details recorded in 1991 census. The above inset table to Annexure show that the distribution of Hindus and Muslims between rural and urban at state level as well as at district level is almost same. In 2001 census 55.0% Christians lived in rural areas as against 60.5% in 1991 at state level. The concentration of Jains, Buddhists and Sikhs is more in urban areas than rural areas at district level during 1991 and as well as 2001. But at the state level Buddhists lived more in rural areas than in urban areas both at state and district level during 1991 and 2001 Censuses.

# Annexure V
# Marital status of population as per 1991 Census and 2001 Census

Marital status has been classified as (i) Never Married, (ii) Married, (iii) Widowed and (iv) Divorced or Separated. To ascertain the marital status of a person, it has been made in the following manner.

(i) A person who has never married at any time before, treated him/her as never married

(ii) A person who has been married, whether for the First or another or at any time and whose marriage is subsisting at the time of Enumeration with the spouse living treated such a person as married

(iii) A person whose husband/wife is dead and who has not been married again, treated her/him as widowed

(iv) A person who has been separated from wife or husband and is living apart with no apparent intention of living together again or who has been divorced either by decree of a law of court or by an accepted social or religious custom but who has not remarried, treated such a person as Divorced/Separated.

The following statement shows the Age, Sex and Marital Status composition of the population separately for Total, Rural and Urban in Kurnool district.

**MARITAL STATUS OF POPULATION IN THE DISTRICT - 1991CENSUS**

| Age group | Total Population | | | Never Married | | Married | | Widowed | | Divorced or separated | | Not specified | |

Among 29,73,024 persons of the district population, 50.36% were never married, 44.47% were married and 4.91% are widowed and 0.26% are divorced or separated persons were found in all the age groups i.e., even after age of 44 years. It is evident from the Annexure V that the childhood marriages were prevalent in the district. As per the statement 1,690 males and 4,110 females were currently married in the age group of 10-14 years. It is to note that 200 persons were found widowed in the age group of 10-19 years. 490 persons got separated in the age group of 10-19 years. Perhaps childhood marriages played a major role in going for divorce or separated. Among the divorced and separated persons highest number of 1,370 was found in the age group of 25-29 years.

*Source: Socio-cultural Tables (C-Series) - 2001*

The above inset table gives the details by age, sex and marital status composition of the population separately for total, rural and urban areas of the district during 2001 census, whereas the previous Annexure shows the above details for 1991 census. In 1991 while furnishing age group-wise marital status data, a separate age group 15-44 where the marital status was high has been shown. In 2001 census keeping in view of persons aged less than 18 years and persons aged less than 21 years, being high concentration of marital status, has been furnished. In the district population of 3,529,494 persons, 968,329 (27.44%) males and 749,253 (21.23%) females were recorded as never married. In the total district population, 802,488 (22.74%) males and 826,254 (23.41%) females were found married during 2001 census. It is pity to note that as against 149,685 widows 23,278 widowers were found in the district during 2001 census. The reason for high percentage of widows can be attributed to aged males marrying younger females. As against total population of 1,469,187 persons in the age group less than 18 years, 51.1% males and 46.68% females were found never married in 2001 census. In respect of married persons under the age group less than 18 years, only 0.17% males and 1.21% females were recorded in 2001 census which means public are more conscious about Marriage Act and also ill-fate of early marriages. Similar trend is noticed both at rural and urban areas even for age group less than 21 years. There is no much variation in the figures of marital status of the district between 1991 and 2001 censuses.

# Annexure VI
# Age , sex and Education in the district as per 1991 Census and 2001 Census

The education table was worked-out on the basis of literates in the district.

**Definition of literate :**

A person who can both read and write with understanding in any language is to be considered as literate. If a person who can merely read but cannot write is not a literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard. All the children in the age of 6 years or less have been treated as illiterates even if the child is going to school and may have picked up reading and writing.

The following table gives age, sex and education in the district at 1991 Census:

**AGE, SEX AND EDUCATION IN THE DISTRICT, 1991 CENSUS**

| Age group | Total Population | | | Literates | | | Percentage of Literates | | |
|---|---|---|---|---|---|---|---|---|---|
| | Persons | Males | Females | Persons | Males | Females | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |

| 40-44 | 150,634 | 81,860 | 68,774 | 47,760 | 37,640 | 10,120 | 31.7 | 46.0 | 14.7 |
| 45-49 | 124,540 | 63,245 | 61,295 | 37,409 | 29,671 | 7,738 | 30.0 | 46.9 | 12.6 |
| 50-54 | 117,996 | 59,979 | 58,017 | 30,849 | 25,039 | 5,810 | 26.1 | 41.8 | 10.0 |
| 55-59 | 67,457 | 32,319 | 35,138 | 18,188 | 14,498 | 3,690 | 27.0 | 44.9 | 10.5 |
| 60-64 | 85,128 | 41,441 | 43,687 | 18,070 | 14,960 | 3,110 | 21.2 | 36.1 | 7.1 |
| 65-69 | 33,704 | 15,760 | 17,944 | 7,800 | 6,490 | 1,310 | 23.1 | 41.2 | 7.3 |
| 70-74 | 34,195 | 16,170 | 18,025 | 6,590 | 5,550 | 1,040 | 19.3 | 34.3 | 5.8 |
| 75-79 | 9,890 | 4,820 | 5,070 | 2,400 | 2,070 | 330 | 24.3 | 42.9 | 6.5 |
| 80+ | 15,180 | 6,180 | 9,000 | 2,480 | 1,980 | 500 | 16.3 | 32.0 | 5.6 |
| Age not stated | 16,020 | 9,090 | 6,930 | 15,740 | 8,940 | 6,800 | 98.3 | 98.4 | 98.1 |

It is seen from the above statement that among school going age group of 7-13 between 42.8% and 61.2% are literates, the total literates in the district is 40.0%. Among them females worked out only 26.0% as against 53.2% males. In all the age groups male literates are considerably dominating with that of females. Highest educated are found among the persons aged 11 years both in males and females with 74.7% and 52.0% respectively.

*Source: Socio-cultural Tables (C-Series) - 2001*

The Annexure presented in the pre-page gives the details of Age, Sex and Education in the district for 1991 census whereas the above inset table reveals the data for 2001 Census. As was done in the previous Census, the children in the Age group 0-6 have been treated as illiterates even in 2001 census. It is seen from the above table that the district has recorded 53.2% literates in 2001 as against 39.9% literates in 1991. In the district the literacy rate for males has recorded 66.0% as against 40.0% in females during 2001 Census. From the above inset table it is noticed that in the school going age groups i.e 7 to 14 years, their literacy rate recorded between 63.5% and 70.6%. In all the age groups male literates are dominating females. The highest educated are found in the age group 9 years with 79.4% and their sex-wise breakup recorded 85.2% in males and 73.1% in females. It is a good trend that the essentiality of the education is felt much by the general public.

# Annexure VII
# Distribution of different mother tongues returned in 1991 Census at District\Mandal level and the data at District level for 2001 Census

**Mother Tongue :**

Mother tongue is the language spoken in the childhood by a person mother to the person. If mother dies in infancy, the language mainly spoken in the person's home in childhood will be treated as mother tongue. In the case of infants and deaf-mutes the language usually spoken by the mother will be the mother tongue. A very large number of mother tongues have been returned during 1991 Census. It lead to thorough scrutiny and rationalisation, which resulted in 1,576 rationalised mother tongues and 1,796 names were treated as unclassified or "others". The 1,576 rationalised mother tongues were further classified following the usual linguistic methods for rational grouping based on available linguistic information. Thus a total inventory of classified mother tongues returned by 10,000 or more speakers at the all India level were grouped under appropriate languages, where possible, was prepared for final presentation of the 1991 Census data. The total number of languages so arrived at is 114. Of which 18 languages are included in Eighth Schedule to the Constitution of India(Scheduled languages).

The state language "Telugu" is mainly spoken in Kurnool district. During 1991 census this language has returned as mother tongue for 23,58,226 persons comprising 79.42 percent followed by Urdu 15.11 percent and Kannada 3.66 percent. Besides these, many other languages were returned in the district, but their percentage is negligible. Telugu language has occupied 1st rank in the district being regional language in the State.

Telugu and Urdu languages have dominated in all the 54 mandals. Similarly Yerukula has identified 3rd place in about 49 mandals in the district. In 45 mandals Kannada and Marathi identified in 4th and 5thplace. Sugali, Hindi, Tamil, Marwari, Malayalam and Gujarathi languages have also recorded in the district. 16 languages are found in Kurnool mandal followed by Adoni 15 languages, Srisailam & kallur each 12 languages, Yemmiganur 11 languages and Bethamcherla 8 languages.

The details of languages that are listed out in the district may be seen from the below given statement with rural and urban breakup by sex in the mandals as well as district.

*N= Negligible*

The above inset table gives the abstract of the languages as mother tongues and their strength in the district recorded in 2001 Census whereas the previous annexure shows the details for 1991 census. In 1991 the data was presented in alphabetical order whereas in 2001 the mother tongue data has been presented basing on their numerical strength in descending order. The mother tongues having minor returns have been clubbed together and added in the category of 'Others'. Telugu being the regional language has recorded 79.3% to total population in the district with a slight increase over the percentage recorded in 1991 (77.3%). The next highest language being spoken is Urdu with 15.1% to total population of the district whereas in 1991 the percentage of Urdu speaking people recorded with 14.7. This district has recorded 3.3% Kannada speaking people during 2001 Census. In respect of other scheduled languages it is noticed that their strength is negligible both in 1991 and 2001. In the district almost all the scheduled languages returned except Assamese, Kashmiri and Manipuri. .
