FORT OF UPARKOT

The Uparkot forms the ancient Junagadh, which was named Mustafabad, by Mahmud Begada. This name however did not survive the death of its founder. The citadel withstood several attacks between 1350 A.D. and 1572 A.D. The ancient archway at the entrance to the Uparkot, within the outer gate is a fine specimen of the old Hindu Toran or an arch. The Uparkot also contains a Buddhist cave monastery constructed about 300 A.D. The out standing feature of the structure is a hall, connected by a winding staircase to an upper chamber, which seems to have served as a refractory. There are two step-wells one of which, the Adi Kadi Vav (15th century) named after two maid servants of Ra'Navghan, has a long staircase. The Navghan well built by Ra' Navghan and completed by this son Ra' Khengar in the 11th century cut to a great depth out of soft stone has an imposing circular staircase.

FOREWORD

The District Census Handbook (DCHB) published by Census Organisation since 1951 census, is one of the important publications in the context of planning and development at gross-root level. The publication, which is brought out for each district, contains several demographic and socio-economic characteristics village-wise and town-wise of the district alongwith the status of availability of civic amenities, infrastructural facilities, etc.

2. The scope of the DCHB was initially confined to a few Census Tables and Primary Census Abstract (PCA) of each village and town within the district. Thereafter, at successive censuses, its scope and coverage has been enlarged. The DCHB published at the 1961 census provided a descriptive account of the district, administrative statistics, census tables and a village and town directory including PCA. The 1971 census-DCHB series was in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features alongwith restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given. Information on new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet the requirements of some of the Revised Minimum Needs Programme. Information on approach to the village was provided for the first time in the Village Directory so as to give the details on number of inaccessible villages in each district. In the Town Directory, a statement (IV-A) on slums was introduced to provide the details on civic and other amenities in the notified slums of Class I and Class II towns.

3. The 1991 census DCHB, by and large, followed the pattern of presentation of 1981 census, except the format of PCA was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex-wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation. It was expected that the presentation of village directory and PCA data at CD block level will help the planners in formulation of micro level development plans, CD block being lowest administrative unit.

4. The present series of 2001 census DCHBs have been made more informative and exhaustive in terms of coverage and content. The Village Directory has been enlarged in scope by including a number of other facilities like banking, recreational and cultural facilities, newspapers and magazines and 'most important commodity' manufactured in village. Income and expenditure of gram panchayat, wherever possible, has been provided. Apart from these, more details on distance(s) at which basic amenities are available (if not available in the village), are given. This includes educational facilities (namely primary and middle schools and college), medical facilities (viz. Allopathic Hospital, Maternity & Child Welfare Centre and Primary Health Centre), drinking water, post & telegraph (post office and phone), communication, bank, credit societies and recreational facilities. In Town Directory, the statement on Slums has been modified and its coverage enlarged by including details on all slums instead of 'notified slums'. The information is given in case of all statutory towns irrespective of their class, against only Class I and Class II towns in the 1981 and 1991 censuses. The basic amenities available in the villages and towns are analysed in depth with the help of a number of cross-classified inset tables and statements.

Two other significant additions in the publication are inclusion of 'motif' highlighting significant characteristic of the district and analytical notes as annexures. The analytical notes on (i) fertility and mortality and (ii) various measures of fertility and mean age at marriage are prepared based on 1991 Census. Whereas, in the notes relating to (i) percentage distribution of migrants by place of birth/place of last residence, (ii) main religions, (iii) marital status of population, (iv) age, sex and education, and (v) distribution of spectrum of mother tongue nature and extent of changes occurred in the district in its basic socio-demographic features during the decade 1991-2001 are analysed. The eight digits permanent location code (PLCN) to all the villages and towns have been assigned keeping in view the future needs.

5. The village and town level amenity data have been collected, compiled and computerised in prescribed record structure under the supervision of Shri **JAYANT PARIMAL** Director of Census Operations **GUJARAT**. Thereafter, efforts have been made to ensure comparability of the information with that of 1991 census data and the information brought out by the respective state governments in their annual reports and statistical handbooks for various years after 1991. The task of planning, designing and coordination of this publication was carried out by Shri R.G. Mitra, Deputy Registrar General (C&T) and Dr. I. C. Agrawal, Senior Research Officer of Social Studies Division, Dr. R. P. Singh, Deputy Registrar General (Map) provided the technical guidance in the preparation of maps. Whereas, Shri Anil Kumar Arora, Deputy Director of Data Processing Division who worked under the overall supervision of Shri Himakar, Addl. Director(EDP) helped in preparation of record structure for computerisation of village and town directory data and the programme for the generation of Village Directory and Town Directory statements including analytical inset tables. The draft DCHB manuscripts received from the Census Directorates have been scrutinised in the Social Studies Division under the guidance of Shri S. L. Jain, Deputy Director and Shri R.K. Mehta, Assistant Director. I am thankful to all of them and others who have contributed to make this publication possible.

New Delhi
Dated : 17.10.2006.

D. K. Sikri
Registrar General &
Census Commissioner, India

P r e f a c e

Census is being conducted in the country every ten years as per the programme laid down by the Government of India. In these day and age of information technology, an individual has access to a variety of information covering a Kalidoscope of interest and fields. Availability of relevant information is very vital for planners, policy makers and researchers.

The Five Year Plans have come to stay in the country and whatever development is achieved as a result of implementation of planning from the bottom level such as development of infrastructure facilities as well as basic amenities, etc. is reflected in the District Census Handbooks and they give to the readers a searching eye whether the development over the years in villages/talukas/districts is lopsided or upto the mark. This is the basic requirement of this type publications and an attempt has been made to show whether the census handbooks reasonably fulfill these aspirations/requirements.

These district Handbooks are thus useful to planners in planning from bottom as well as to administrators, researchers, educational institutions including universities and other socio-economic research centres as well as students conducting research in demography, social and economic studies as well as to the local bodies like Panchayats, Municipalities and Municipal Corporation etc.

District Census Handbook of Gujarat is a joint venture of the Government of Gujarat and the census organization of the Government of India. In the preparation of the DCHB, the role played by the census organisation is that of Census data collection, scanning of collected information, analysis of PCA. DCHB Unit of the State Government collected the basic non-census inifonnation on availability of amenities relating to infrastructure in the villages of the district presented in the part A of this book. The cost of this publication is borned by the State Government. In accomplishing this task we had the ready and whole hearted co-operation of the staff at various levels of different department of the State Government. Most of the data supplied by the various departments have been cross-checked and an attempt has been made to reconcile the discrepancies as well.

I express my deep gratitude to the officers of Gujarat Government particularly Shri PK.Laheri, Chief Secretary of Gujarat State, Smt. Netraben Sinoy, Additional Chief Secretary of General Administration Department (Planning), Shri George Joseph, Principal Secretary, General Administration Department (Personnel), Shri K.R.Vasava, Deputy Secretary, Kum.P.S- Mevada, Under Secretary and Shri P.D.Kulkarni, Section Officer of General Administration Department, Planning, Shri S.D.Mehta,Deputy Secretary and Shri I.M.Sheikh, Under Secretary, Shri Bipin Patel, Section Officer and Shri P.N.Christian, Deputy Section Officer of G.A.D. (Kh-3) for their valuable help and co-operation in fulfilling all administrative requirement in time for bringing out this publication. I am also thankful to Shri P.M. Patel, Director, Economics and Statistics helped this organisation not only by placing the competent personnel on disposal of census services on deputation but also provided valuable official statistics for this publication.

The District Collector, the District Development Officer, District Statistical Officer, District Information Officer and their staff members extended their warm and whole hearted co-operation for carrying out field work of the census and collection of non-census data for this District Census Handbook.

I am deeply grateful to Shri J.K. Banthia. I.A.S., the Ex-Registrar General and Census Commissioner, India for the benefit I have derived by the way of guidance and advice. I also express my thanks to Shri G. Mitra, Deputy Registrar General(C&T) Shri C. Chakravorty, Joint Director, Shri I.C. Agrawal, Senior Research Officer(SS), Shri S.L. Jain, Deputy Director(SS), Shri R.K. Mehta, Assistant Director(SS), Shri R.P. Singh, Dy. Registrar General(Map), Shri Himakar, Addl. Director (EDP) and Shri Anil Kumar Arora, , Deputy Director (EDP) for providing technical guidance in finalising this publication. I am extremely thankful to Shri D. K. Sikri, IAS, Registar General & Census Commissioner, India for his valuabe guidance in finalizing of this publication.

Shri Jayant Parimal, I.A.S. who held the office of Director of Census Operations, Gujarat, had guided the operations of the 2001 Census. The data presented in this handbook were collected and compiled under the able direction and guidance of Shri Parimal.0ur sincere and grateful thanks for all the projects of census to him.

In state office Smt. B.B. Chauhan, Deputy Director, District Census Handbook Unit, Kum.S.B.Dabhi, Assistant Director, Shri S.B. Dalvi, Deputy Section Officer of District Census Handbook Unit, and their team of able assistants meticulously collected and scrutinized the non-census data from various sources and prepared draft of D. C. H. B. etc. with the help of Census section. The other officials of D. C. H. B. Unit, who scrutinised, edited and supervised the work of D. C. H. B. have been mentioned in the "Acknowledgement". The maps provided in the D. C. H. B. are prepared by the Map Section of the Census Directorate under the supervison of Shri J.P. Purohit, R.O(Map). I am thankful to all of them.I am thankful to the census section of the Directorate for scrutinizing the PCA data, specially Shri J.N.Pithadia, Investigator Grade-I and Kum.N.V.Shah, Investigator Grade-III who provided assistance to me in finalizing P.C.A. data at every stage. Smt. J.R.Sanghani, Investigator Grade-III of this Directorate assisted me for final scrutiny of D. C. H. B., I am thankful to her.

Lastly, 'I am thankful to the Government of Gujarat for having agreed readily to bear the cost of publication of the District Census Handbook volumes and for the special efforts of Shri R.B. Raval, Director, Printing and Stationary and his colleagues to print out the publcation in a very nice fashion.

2 villages are fully coverad as outgrowths (OG) and therefore not included under the item " Number villages ".

Definition of Census Town :

All places which satisfy or are expected to satisfy the following criteria are treated as Census Towns:-

i) A minimum population of 5,000;
ii) At least 75 per cent of the male working population engaged in non-agricultural pursuits, and
iii) A density of population of at least 400 per square kilometre (1,000 per square mile).

Note: *These figures represent 'Geographical area' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local Bodies. Area figures for rural are derived by subtracting the urban area from the total area of the District. The total of the area figures of talukas will not tally with the district figures because the former represents 'Land Use Area' and are derived from the figures supplied by the Director of Land Records.

ANALYTICAL NOTE

ANALYTICAL NOTE

(1) History and Scope of the District Census Handbook:

Before the 1951 Census, the Census figures were published in a booklet known as 'Village Handbook', which contained only village wise population figures. These books were prepared and published by the Directorate of Census Operations of the State.

The Directorates introduced the District Census Handbook for the first time in 1951 Census. It comprised the villagewise primary census abstract figures and informations on available amenities. It also contained several tables relating to the district. It varied in content and size from State to State depending upon the resources offered by the respective State Governments.

In 1961 Census, a uniform pattern of District Census Handbook was adopted throughout the country. The Directorate of Census and the State Government jointly executed the project. In addition to the English version, it was published for the first time in Gujarati language also. The District Census Handbook 1961 was published in three parts. Part I related to Introductory Note i.e. general and economic information for the district and a brief gazetteer of place names. Part II pertained to census tables, village-wise list of industrial establishments, tables on handicrafts and departmental statistics. Part III consisted of village directory covering the amenities and primary census abstract data combined in one statement. It also covered district and taluka maps.

It is worthwhile here to note that the State Government created a separate unit for preparing and publishing the District Census Handbook since 1971 Census onwards. In the 1971 Census, the contents of District Census Handbook were modified. In the preceding censuses, the data on amenities and primary census abstract were covered in one statement whereas in 1971 Census, the data on amenities and primary census abstract were separated into two different parts. Thus, the coverage of amenities data was extended and the land use data were introduced for the first time from 1971 District Census Handbook. Moreover, a separate portion known as 'Town Directory' was also incorporated for the first time in the District Census Handbook. The 1971 District Census Handbook was published in three parts. Part A contained the village and town directory. Part B contained village and town wise primary census abstract data and Part C contained official statistics, besides full count census tables, urban census tables and analytical report on census and related statistics of socio-economic and cultural tables (Rural areas) and housing tables. Part A and Part B were combined and published in one volume.

The District Census Handbook –1981 was brought out in two parts, Part-A and Part-B. Part-A contained the village and town directory whereas Part-B included the primary census abstract data, for both General Population and Scheduled Castes/Scheduled Tribes population. Both parts were published in one volume. Part C brought out for 1971 Census was dropped in 1981 Census. However, official statistics and some portion of analytical notes of part C of 1971 Census were included in 1981 District Census Handbook also.

For the 1991 Census, the District Census Handbooks were prepared more or less on the same lines of the preceding 1981 Census. In 2001, the scope of both Part A & B has been enlarged by giving several additional information which got possible because of large scale computerization.

The District Census Handbook has been prepared after scanning and processing of data collected through Houselist Schedule and Household Schedule. Several innovations have been introduced at almost all the stages of the Census of India, 2001, right from the preparatory efforts to the data processing and dissemination stage. This includes certain fundamental changes in the form and contents of the Houselist and Household schedules, while maintaining the continuity and comparability of the basic housing and population characteristics with the earlier census. For the Census

of India 2001, a system of Permanent Location Code Number (PLCN) has been adopted by assigning to each village within the State/UT a continuous series from I to N. Each village has been assigned an eight-digit code. The last two digits being '00' are kept for accommodating future changes in case of split of an existing village or creation of new villages etc. Since the permanent Location Codes have been assigned to each village, theoretically tracing the precise location of village on account of future jurisdictional changes in the boundaries of various administrative areas within the state should not pose a problem. It is imperative that under this scheme, the PLCN assigned to villages at the Census of India, 2001 are adopted for future censuses also to ensure the comparability of the data at the village and other administrative levels over a long time series.

- At the 2001 Census age at marriage was collected for males also, while it was collected for only ever-married females until the 1991 Census.

- The type of educational institution attended by a person was enlarged to include school, college, vocational institute.

- The scope of the definition of 'work' was expanded in the Census of India, 2001, to includes production of milk for domestic consumption. In the 1991 Census, cultivator of certain crops even for self-consumption was treated as economic activity. The scope of the term 'Cultivation' was expanded in 2001 Census to include certain other crops such as tobacco, fruits, all types of flowers, roots and tubers, potatoes, chilies and turmeric, pepper, cardamom, all types of vegetables and fodder crops etc. This meant that activities related to production of all the above-mentioned crops for domestic consumption have been treated as work. Only five crops viz. tea, coffee, rubber, coconut and betel-nuts have been classified under 'Plantation' in the Census of India 2001.

- At the 1991 Census, the question on seeking/ available for work was canvassed for only non-workers. At the Census of India 2001, this question was asked from the Marginal Workers also. A question to elicit information on secondary work canvassed at the 1991 Census was dropped.

- From among the categories of non-workers adopted at the 1991 Census, the category 'Inmates of institutions' has been dropped and 'Retired Persons and Rentiers' has been replaced by the category 'Pensioners'.

- A new response category 'Moved after birth' was included in the question on reason for migration to bring out additional migration patterns. Natural calamities or distress migration as a reason for migration for last residence migrants included in the 1991 Census was covered under category of 'Others'.

- Number of children born alive to currently married women during last one year was collected for male and female children separately.

Besides the above modifications, the following new questions were canvassed at the 2001 Census.

- A question on total disability was canvassed in the 1981 Census. In the 1991 Census, no question on disability was included. At the Census of India, 2001, a question to elicit information on total or partial disability was canvassed. The five types of disability on which information is collected are - in seeing, in hearing, in speech, in movement and mental.

- A new question on 'Travel to place of work' was canvassed mainly for workers engaged in non-agricultural activities.Information on distance from the residence to place of work and mode of travel to place of work was collected under this question.

The mode of presentation of DCHB in 2001 will by and large be same as that of 1991. The uniqueness of Census 2001 is that single record (Household Schedule) has been processed as against two records viz. Individual Slip and Household Schedule in the previous Censuses. Apart from this some deviation has been made this time by incorporating analytical notes on migration, fertility & mortality, education, marital status, age structure etc. pertaining to 1991 Census of the respective district in the DCHB in the form of Annexure II to VIII. Similarly Tables based on Houselist data pertaining to Census 2001 have also been included in DCHB.

(ii) Brief History of the district :

Junagadh is at the feet of Girnar, the glorious mountain. It is an ancient mountain. The importance is not only historic, it has religious significance too. The history of Junagadh is very rich. It dates back to Chudasama Kings and even Rudradaman, Ashoka, the great and Lord Krishna.

The district of Junagadh takes its name from the town of the Junagadh, the former capital of the Junagadh State. The Junagadh town was called Karnakubja in the Girnar Mahatmya but it as also assigned four different names in different ages, such as Manipur, Chandraketupur, Raivata and Pauratanpur. In the old rock inscription, the city is referred to as Girinagar, Nagar and Purwanagar. It is reasonable to think that the general consensus of the names Puratanpur, Purwanagar, Jirandurg, Jirangadh and Junagadh points strongly in the direction that "The ancient fortress" is the real connotation of the name.

The district can boast of hoary past as Prabhas-Patan is the pre-Harappan site and has yielded rich horde of pottery of pre-Harappan, Harappan and Kshatrapa periods. Coins of Minander and Appolodotus from Junagadh and coins of Kshatrapa period from Uparkot and Vansoj speak of its ancient character. The Rock Edict of Ashoka one the Mount Girnar is unique and the inscriptions of Ashoka (256 B.C.), Rudradaman (150 A.D.) and Skandagupta (456 A.D.) belonging to Maurya, Kshatrapa and Gupta periods respectively throw light on the socio-economic condition of the times. Girinagar (Junagadh) was the capital of Western India for about 700 years upto 500 A.D.After the Gupta and Maitrak rule, Chudasama dynasty ruled for 600 years from 875 A.D. to 1472 A.D., when Mohammed Begada annexed the kingdom of Junagadh after stiff fight. It remained under the Sultans of Gujarat and Moghuls upto 1747 A.D., when Sherkhan Babi, the Faujdar of Junagadh established an independent kingdom. The rulers of Babi family ruled the area for about two centuries. This state was one of the most powerful states of Saurashtra and under Diwan Amarji it exhorted 'Jortalbi' from 139 states out of 193 states including the first class states of Jamnagar and Bhavnagar. Even the army of Gaekwar was defeated by Amarji though the Nawab acknowledged the sovereignty of the Marathas.

The age old monarchy was brought to an end in November, 1948 by the people themselves, by a popular agitation against the last ruling Nawab Mohabat Khan, who had desired to annex the State with Pakistan. But the popular agitation was so intense and powerful that the last ruler ran away to Pakistan to find refuge and the people of Junagadh acceded the State to the Indian Union.

Junagadh district was carved out of the several states and estates such as Junagadh, Porbandar, Manavadar, Mangrol, Sardargadh, Bilkha and Sultanabad in 1949. The district as then constituted comprised the former princely territories of Junagadh, Porbandar, Manavadar, Mangrol, Bantwa (Bada Majim), Bantwa (Chhota Majim), Manpur, Thumbala, Sardargadh, Bilkha and parts of Gondal, Jetpur States and Lakhapadar thana It was known as Sorath also. The premier State of the district, viz. Junagadh alongwith Manavadar and Mangrol had created history of acceding to Pakistan on 15th August, 1947 against the wishes of the people. As a consequence of this decision, there was popular agitation against the state, which resulted in Arzi Hukumat.

.

In November, 1956 the States were reorganised and the bigger bilingual State of Bombay was formed with Vidarbha, Marathawada, Saurashtra and Kachchh regions and Junagadh district became a part of the bigger bilingual State.

Lastly, the Bombay State was bifurcated on 1st May, 1960 and separate States of Gujarat and Maharashtra were formed, since that date the Junagadh district became a part of the Gujarat State. In 1997 by several notification (s), Government of Gujarat reconstituted some districts and talukas of the State. Government of Gujarat had reconstituted Junagadh district and created new district Porbandar vide the Government Notification No.GHM-97-84-M-PFR-1097-L dated 24th September 1997. Porbandar, Ranavav and Kutiyana talukas were transferred from Junagadh district to Porbandar district.

(iii) Administrative Set-up :

With a view to run the administration of the State smoothly, it has been divided into Districts, which in turn have been further sub-divided into Talukas (Tahsils). In the State of Gujarat, the community development blocks are co-terminus with the Talukas. The Talukas contain large number of villages and possibly several towns. The villages have Village Panchayats to run the local administration. A Village Panchayat may constitute of one revenue village, several revenue villages or a part of a large village. Similarly, the Towns have Municipality or Municipal Corporation as the seat of local self-government. In the State of Gujarat, as on December 1999, there were 25 districts and 226* Talukas, against 19 districts and 184 Talukas in 1991 Census. In 1997 by several notification (s), Government of Gujarat reconstituted some districts and talukas of the State. (Government of Gujarat had reconstituted Junagadh district and created new district Porbandar vide the Government Notification No.GHM-97-84-M-PFR-1097-L dated 24th September 1997.Porbandar, Ranavav and Kutiyana talukas were transferred from Junagadh district to Porbandar district)

The District Collector looks after the general administration, maintenance of collection of land revenue and settlement of law related disputes, civil supplies, district planning, mid-day meal scheme, etc at the district level. At the Taluka level, Mamlatdar looks after the land development and revenue collection and law and order. The functions of administration of law and order and control and investigation of crime are done by the Superintendent of Police of the district with the help of Police Stations working under him. For the purpose of maintaining law and order there are 21 police stations, 14 police Chowkies and 23 out posts as per the statement below:

Police Station in the District

Sl. No.	Particulars	1997	1998	1999

Source : Director General of Police, Gandhinagar,2000

* Vagdod taluka merged in Patan taluka on 3rd July, 2001.

The Panchayati Raj institutions are fairly strong and most of the development works have been transferred to the District Panchayats and its subordinate bodies. The District Panchayat has an elected President and District Development Officer appointed by the Government who works as its Secretary and looks after day-to-day work related to the development. Similarly, at the Taluka level, Taluka Panchayats have been constituted which have an elected President. The Taluka Development Officer, placed by the Government as Secretary of the Taluka Panchayats and he conducts the regular administrative work. Like- wise, an elected President heads the Municipality and the Chief Officer works as the Secretary of the Municipality and looks after the day-to-day work. In case of the large cities, the State Government has constituted Municipal Corporation, which are headed by an elected Mayor and the Municipal Commissioner, appointed by the Government who looks after the routine work. At the Village level, the Sarpanch is the elected Chief and the Talati (Village Mantri) works as the Secretary to the Village Panchayat and looks after the day-to-day work. In view of the expanding role of the public administration in a state like Gujarat, the Government has taken-up many activities and has set up several offices. Such offices which came into the existence are as under:

(1) Education
(Primary and Higher Education)

(2) Agricultural and Research

(3) Animal Husbandry and Poultry

(4) Forest and Environment

(5) Roads and Buildings, Bridges

(6) Co-operation and Co-operative Societies

(7) Industries, Small and Large as well as Cottage

(8) Health and Medical Services, Medical Education and Research, Family Welfare and Nutrition

(9) Information Department

(10) Irrigation Minor and Major

(11) Social Welfare and Social Defence

The functions of above offices are managed and controlled by concerned Head of Departments and in some cases also by District and Taluka Panchayats. The task of primary education in rural areas has been entrusted to District Panchayats and functions relating to primary education are assigned to District Development Office and are controlled by the District Primary Education Officer. The secondary education is looked after by District Education Officer and Education Department. Primary education as well as higher secondary education of all types of institutions is governed by District Education Officer.

Agriculture activities have been delegated to District Panchayat to a large extent and District Agriculture Officer is in-charge of looking after agricultural produce including crops and vegetables. Similarly Animal Husbandry is also a Panchayat activity and routine work is controlled by the Deputy Director (Animal Husbandry) who sits in District Panchayat for taking care of animals and poultry farms. Besides, district agriculture office in Panchayat offices such as Deputy Director (Agriculture) and other officials look after various aspects of agriculture for developing the agriculture sector as well as to extend necessary assistance to farmers at District level.

Besides Director, Animal Husbandry Officer of Panchayat offices such as Deputy Director (Animal Husbandry) Special Officers at Veterinary offices etc. in state government animal husbandry department also monitor activities of this sector at district level.

Public Health in rural area is assigned to the District Panchayat under the Chief District Health Officer who looks after epidemics, malaria control, water born diseases and district level administration of Public Health Centres. District and Talukas Hospitals and Referral Hospitals are being looked after by the District Civil Surgeon of medical services in the State, while Medical Colleges and Research activities attached with the respective Civil Hospitals are controlled by Medical Education and Research Wing.

Family welfare activities are also monitored by the District Health Officer. Chief District Health Officer is also functioning as District Registrar of Birth and Death of the district and Talati cum Mantri is also Registrar of Death and Birth for the respective villages. Anaemic mothers and children upto to the age of 14 are looked after by Nutrition Officer under the Nutrition Programme.

District Ayurvedic Officer looks after the Ayurvedic dispensaries and hospitals. They also take care of the Ayurvedic plants and medicines and gardens. The District Food and Drugs Officer generally looks after the quality of the food and drugs in the district. Labourers and workers who are working in registered units are covered under the Employees State Insurance Scheme.

The rural roads have been transferred to the District Panchayats and their maintenance is done by the Executive Engineer, Roads and Buildings Department. Minor irrigation works are transferred to the District Panchayat and Executive Engineer (Panchayat) of the Panchayat's irrigation office which looks after water harvesting and check dams.

The Roads and Buildings Department of State Government looks after the maintenance of roads, buildings, bridges and government multi-storey buildings etc. Besides Panchayat Officials, major district roads and the state highways are looked after by the Executive Engineer (Roads & Buildings). The large multi-purpose irrigation projects are controlled by State Government directly through its Executive Engineer.

District Industries Centre is functioning for the development of the small village industries, handloom industries and the scope of industrial growth in the district. Besides, other departments are working for the rights of the industrial workers and rural labourers engaged in agriculture and others sectors.

Besides, this department is working for the rights of the industrial workers and rural labourers for agriculture and others sectors in rural areas.

Social welfare activities relating to the Scheduled Castes, Scheduled Tribes, Other Backward Castes and Other Backward Communities in the District are organized by the District Welfare Officer. Generally the schemes under T.A.S.P. and Special Component Plan are organized by the District Welfare Officer.

In each District Panchayat, District Statistical Officer of Directorate of Economics and Statistics providing the statistical data of different development programmes to ensure the necessary developments in the district. He is also Member-Secretary of District Planning Board. Similarly in every Collector Office, District Planning Officer looks after the development work of various Government (State & Centre) sponsored programmes.

Various Co-operative societies like Co-operative Milk Societies, Agricultural Produce Market Societies. Co-operative banking and other Co-operative societies are controlled by the District Registrar Co-operative Societies.

The talukawise break up of towns and villages for the district is shown in the following statement.

Talukawise Number of Towns and Villages

(iv) Physical Features :

Junagadh district is situated at Saurashtra region of Gujarat State. It lies between the parallels of latitude 20^0 41' and 21^0 41' and the meridians of longitude 69^0 56' and 71^0 13'. The length from north to south of this territory is about 110.25 km. and from east to west about 132.72 km. It is surrounded on the east by Amreli district, on the west by Porbandar district, on the north by Rajkot district and by the hilly regions of the Barda hills. It is bounded on the south and west by the Arabian Sea. The area covered by the district is 8,846 Sq.Km. The rank of the district is 7 th in area of the State.

Physiography :

The district Junagadh forms a part of Kathiawar peninsula and is sub divided into four sub-micro regions namely, Junagadh coastal plain,Bhadar, Ojat and Harna river plain, Girnar hills and Junagadh Gir forested Region on the basis of topography, climate, geology soils and natural vegetation.

Junagadh Coastal Plain

This region spreads over Mangrol, Manavadar, Keshod, Malia, Patan-Veraval and Una talukas of Junagadh district. It is surrounded by Barda Hills of Forest Region and Bhadar, Ojat and Harna River Plain from north, by Junagadh-Gir Forested Region and Amreli district from east, by Arabian Sea from south and south-west and by Jamnagar district from north-west.

From the relief point of view, the elevation of the region varies between 5 metres and 52 metres above M.S.L. Main rivers of the region are Bhadar, Ojat and Raval. The geological structure of the region consists mainly of Alluvium, blown sand, etc. Small tracts of Dwarka Beds, Nari and Gaj Series, Sub-Nummulitic Beds, Deccan Trap and Inter-Trappean Beds are also observed in this region. It has Orthids-Aquepts and Orthents-Ochrepts types of soils cover. The alluvium soils found in the region are locally known as 'Ghed' and these are fertile soils, which support good crops of the region. Some areas of this region adjoining the coast are covered with forest.

Bhadar, Ojat and Harna River Plain

The region extends over the talukas of Mangrol, Manavadar, Keshod, Malia, Patan-Veraval, Vanthali, Junagadh, Mendarda, Talala, Bhesan, Visavadar of Junagadh district and Kunkavav Vadia and Dhari talukas of Amreli district. It is enclosed by Rajkot district from north, by Amreli district from east and by Junagadh Coastal Plain from south and west.

The elevation of the region varies between 45 metres and 241 metres above M.S.L. The general slope is towards south. The geological structure of the region is composed mainly of Deccan Trap. Small tracts of Inter-Trappean Beds, Trap dykes, Nari and Gaj Series and Alluvium, blown sand, etc., are seen in this region and soils are Orthids-Aquepts and Orthents-Ochrepts.

Junagadh-Gir Forested Region

The region lies towards the south-eastern part of the district, covering the talukas of Una, Mendarada, Talala and Visavadar. It makes its limits with Bhadar, Ojat and Harna River Plain in the north and west, Junagadh Coastal Plain in the south and Amreli district in the east.

The entire region is covered with famous Gir Forests. These forests are of mixed deciduous type and rich in flora and fauna which mostly contain teak and bamboo species. The maximum elevation is recorded for 480 metres above M.S.L. in the middle of the region while the minimum altitude is 106 metres near Gir Gadhada village in Una taluka. The river/ rivulets rise in the highest point of the region. The general slope of the region is towards south. Geologically, the region is composed of Alluvium, blown sand, etc., Deccan Trap and Trap dykes. It has orthids-Aquepts and Orthents-Ochrepts types of soils.

Hills :

The chief glory of Junagadh lies in her hills, peeping over one another and frowning upon dark valleys, which have been known to inspire a spirit of unreasoning fear into the minds of a simple and untutored people. The hills Karakio (593.14 metres) mounts guard over Visavadar, the hills Dundvies with Ratno (494.69 metres) and elsewhere Lapla, Rozmal, Hadulidhar and Sayo breast the upper air. Then follow magnificent mass of the Mt. Girnar (1,117.4 meters) with its rugged sides delicately clothed with verdure and gift by an unbroken series of smaller eminences, the Datar (847.07 metres) the Lasa Pavadi (770.23 metres) and the Bhensla (697.99 metres) which cluster together like the out posts and bastions of some time scarred keep.

The highest range of the hills is that of the Mount Girnar. The largest and most widely extended ranges is in the Gir. Both the hills are covered with dense forests.

The Girnar hill has five principal peaks:

(1) Amba Mata (or the Girnari Goddess) is 1,066.6 metres above the sea and is crowned by the temple of that Goddess.
(2) Gorakhnath, the highest of all, is 1,147.40 metres above the sea.
(3) The Oghad Shikhar
(4) Guru Dattatraya is (1,006 metre) above the sea.
(5) Kalka's peak (1,004.3 metres) is even and is supposed to be the resort of Aghoris or Mordikhors.

The highest peak of the Gir hills does not exceed 609.60 metres but the range fills a breadth of nearly 48.28 kms. (30 miles). Two branches of them, Nandivelo and Tulsishyam are noteworthy. The former is a well-known landmark for sailors, and the latter contains a noted shrine and hot spring reckoned as one of the most sacred spot in Saurashtra.

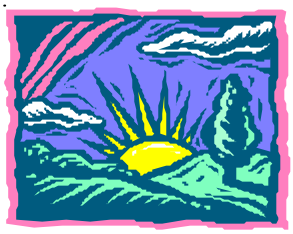

Drainage :

Junagadh district is prosperous in water on account of rivers, reservoirs and lakes. The principal rivers of the district are Bhadar, Saraswati, Uben, Ojat, Hiren, Machchhundri, Sabali, Meghal, Raval and Shingoda. The slope of the land of the district is towards south. Therefore, most of the rivers of the district flow from

north to south. Two rivers viz. Bhadar and Saraswati are very important among principal rivers of the district. Bhadar is the largest river of the district. It originates from the hills of Jasdan taluka of Rajkot district. Total length of the river is 177 km. Uben and Ojat rivers of the district meet Bhadar area. The river Saraswati flows from Kamaleshwar Nes of Talala taluka. It flows from Talala taluka to Veraval taluka and absorbs in Arabian Sea along with Hiran river near Prabhas Patan. Total length of the river is 42 km. Apart from the above principal rivers various small rivers and culverts are situated in Girnar region of the district.

Climate:

The climate of this district is characterised by a hot summer and dryness in the non rainy seasons. The year may be divided into four seasons. The cold season from December to February is followed by the hot season from March to May. The south-west monsoon season is from June to September and is followed by the post monsoon season from October to November.

(a) Temperature :

There are two meteorological observatories in the district at Veraval and Keshod. From about the beginning of March temperatures begin to rise steadily. May and June generally are the hottest months with the maximum temperature rising to about 40^0 C and the minimum temperature going down to about 24^0 C. In the interior of the district, the temperatures are about two degrees higher than the temperature in coastal region. With the onset of the South-west monsoon by about mid-June, temperatures drop a little but the relief from the heat is not marked due to the added discomfort from increase in humidity brought on by the south-west monsoon winds. In the post-monsoon, the days are hot in comparison to the nights. After November, temperatures decrease till January. It can be observed from the statement given below that during the years of 1996 to 1999 the highest Temprature of 41^0 C was observed in April 1998 and March 1999 while the lowest of 11^0 C was observed in January 1996 and December 1997.

TEMPERATURE

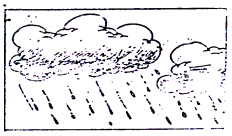

(in centigrade)

Name of Month	1996		1997		1998		1999	
	Max	Min	Max	Min	Max	Min	Max	Min
1	2	3	4	5	6	7	8	9
January	32.6	11.2	31.0	11.9	32.4	11.8	31.6	12.6
February	38.0	13.2	33.4	13.0	33.6	13.4	36.0	14.5
March	38.9	16.7	38.0	15.4	37.1	15.8	41.1	16.8

(b) Winds:

Winds are light and moderate with some increase in force during the south-west monsoon season. The winds in the afternoons blow mainly from directions between southwest and west throughout the year, winds from the west being most predominant. In the mornings, winds blow mainly from directions between north-west and north-east during the period October to March. In the latter half of the hot season and in the south-west monsoon winds are predominantly from the south-west or west.

(c) Rainfall :

The annual rainfall in the district is received during the south-west monsoon season from June to September. July being the month with the highest rainfall. The annual rainfall of this district was 423.43 mm in the year of 1999. Monthly average rainfall of this district are given below.

Monthly Rainfall (From 1995 to 1999)

(In m.m.)

Year	May	June	July	August	September	October	November	Annual Rainfall
1	2	3	4	5	6	7	8	9
1995	0.0	8.0	552.0	79.0	60.0	0.0	0.0	699.0
1996	0.0	259.3	359.8	41.5	16.7	86.3	0.0	763.7

Economic Resources :

Economic resources are an important means for the subsistence of the working people of the district. The details about economic resources of important sectors are given here under in brief.

(1) Forestry :

Junagadh is famous for its extensive Gir forests which are located in the heart of the district. It is the only district in the Saurashtra peninsula having the largest area of forests.According to the figures available from the Forest Department for the year 1999-2000, out of the total area of 8,846 sq. km. of the district, an area of about 2,003.1 sq.km. is covered by forest. Among them reserved forest are 1,829.6 sq.km.protected forest are118.9 sq.km. and 54.9 sq.km. of forest are unclassified forest. Forest worth are found only in hillock. The forest of the district is mainly of mixed deciduous type and is rich in flora and fauna. It mostly contains teak and bamboo trees. There are many other species too, *viz., Rayan, Karanj, Jambu, Amla, Behda, Sarsado, Dhawada, Semlo, Bili, Bordi* etc.

(2) Minerals and Mining :

The known mineral wealth of Junagadh district is substantial though less diversified than in a few other mineral districts of the state. The minerals are found in all talukas of the distict except in the talukas of Manavadar,Visavadar and Mangrol. A very large quantity of minerals are found and extracted in Junagadh taluka.Various type of major and minor minerals are available in the district. The details are given below:

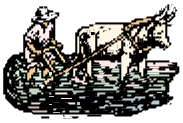

Major and Minor Mining Products and Income

Sl. No.	Products	1998-1999		1999-2000		2000-01	
		Production (MT)	Income (RS.)	Production (MT)	Income (RS.)	Production (MT)	Income (RS.)
1	2	3	4	5	6	7	8
	Major Products						
1	Calcite	28	4,000	-	-	-	-
2	Marl Clay	1,383,229	825,000	1,732,286	2,369,146	1,268,537	1,581,559
3	Limestone	5,896,200	191,392,000	5,053,748	189,243,713	5,032,239	188,199,418

(3) Soil and Cropping Pattern Soil :

The soils of the district are formed partly from sedimentary rocks and partly from igneous rocks. They are in general calcareous in nature rich in potassium content but comparatively deficient in nitrogen and humus. The main types of soils obtaining in the district are (1) black (2) medium black (3) alluvial soil in the low-lying area (4) calcareous and (5) brackish. The black soil is found in parts of Vanthali, Manavadar and Keshod talukas excepting the *Ghed* area. Most of the villages in Junagadh, Bhesan, Una, Malia and Visavadar talukas have medium black soil. The alluvial soil in the low-lying area, popularly known as *'Ghed'*, comprises parts of Keshod, Mangrol and remains inundated during monsoon.The brackish soils are mostly found near the coastal belt of Mangrol, Malia, Veraval and Una talukas and represent the degeneration of coastal alluvial soil due to ingress of sea-water. The area popularly known as 'Lili Nagher' is the tract of fertile soil ranging from Patan to Una.

Cropping Pattern :

The cropping pattern of the district is dominated by non-food crops. Food crops and fodder crops are also grown in the district. In the agriculturally backward talukas, the area under non-food crops was less as compared to those talukas, which were progressive. An analysis of the crop statistics of different crops in the district reveals that among food crops jowar, bajri and wheat are more extensively grown, while among non- food crops, cotton and groundnut occupy prominent place.

(4) Land and Land use Pattern:

The total land in the district was 884,600 hectares during 1998-1999. The land classification according to the different uses for the rural areas of the district is given below on the basis of information collected for the Village Directory.

Land Classification of Rural Areas

(in '00 hectares)

Sl . No.	Classification of Area	Area as on 31.3.99
1	2	3
1	Forest	288.9
2	Irrigated cultivate land	1,767.9
3	Unirrigated cultivate land	3,422.5
4	Cultivable waste (including Gauchar and Groves)	839.1
5	Area not available for cultivation.	677.7
	Total:	**6,996.1**

Source : Village Directory, 2001

(5) Tenancy:

There was no separate Act on tenancy in the former Bombay State before 1939. There were provisions of Section 83 of Land Revenue Code and Mamlatdar Court law only. The tenant was not secured of his tenancy rights in the Act. This tenancy lease was considered yearly and had to pay tenancy as per tradition or according to the agreement made with the land owner. In order to protect the tenants, The Bombay Tenancy Act, 1939 came into force in the erstwhile Bombay State After the independence of the country, it was necessary that the country is self-sufficient in agricultural production. It can be done only when the tillers of the land should have some definite rights over the land. With a view to effect control on efficient utilization of agricultural land and also to protect the tenants further and also to accept a definite policy and view for the country on agricultural land, The Bombay Tenancy and Agricultural Land Act, 1948 was enacted and it was brought into force since then.The Act of 1948 was amended five times. An important provision of 'Farmer Day' was inserted in the Act on 1-8-1956. According to this provision, if any person legally tilled the land of other person on 01-04-1957, he was entitled to purchase the said land. Even though after Gujarat State was separeted from Bombay State in 1960, the said act applied to it also as well.

Tenant means the person who held land on lease viz.,

(1) Tenant as per Section 4;
(2) Protected tenant
(3) Permanent tenant
(4) The person who continued to possess the land with or without the consent of the landowner after appointed date and up to specified date or it is considered that he continued the possession of the land.

In all 1,049,056.4 hectares of land have been released and distributed to total of 1,278,125 beneficiaries under the The Bombay Tenancy and Agricultural Lands Act, 1948 in entire Gujarat State. Among the beneficiaries 177,171 were from Scheduled Castes, 258,132 from Scheduled Tribes and 842,822 were under 'Others' category. In Junagadh district, in all 8,781.7 hectares of land have been released and distributed to total 11,434 beneficiaries. Among these 1,764 belongs to Scheduled Castes who were alloted 1,609.4 hectares of land and 9,670 beneficiaries were under 'Others' category who were alloted 7,172.2 hectares of land. There is no Scheduled Tribes beneficiaries in the district.

(6) Agriculture :

(a) Area under Major Crops :

Area under major crops for the years 1993-94 and 1997-98 are indicated in the following statement.

Area under Major Crops

(in '00 hectares)

Sl. No.	Name of Crop	Area under Major Crops	
		1993-94	1997-98
1	2	3	4
1	Paddy	5	2
2	Wheat	358	472
3	Bajri	383	368
4	Jowar	134	123
5	Other cereals	38	14
6	Gram	30	71
7	Other pulses	40	83
8	Sugarcane	112	110
9	Groundnut	3,712	3,770
10	Cotton	191	263

Source : Season and Crop Report, Directorate of Agriculture, 1999.

The area under cotton, wheat, gram and groundnut crops has increased while the area under paddy, bajri, jowar, sugarcane and other cereals has decreased during 1997-98 as compared to the year 1993-94. It is noticed that a majority of the cropped area was under Groundnut.

(b) Average Yield per Hectare :

The average yield per hectare of the principal crops in the district during the year 1993-94 and 1997-98 is shown below.

Average Yield per Hectare

(In kgs.)

Sl. No.	Name of Crop	Average yield per hectare	
		1993-94	1997-98
1	2	3	4
1	Bajri (Kharif)	276	743
2	Jowar (Kharif)	560	1,100
3	Jowar (Rabi)	1,922	1,895
4	Paddy	2,730	3,639
5	Wheat	913	2,093
6	Groundnut	1,882	2,025
7	Cotton	343	1,838
8	Sugarcane	6,800	9,280
9	Cotton	355	517

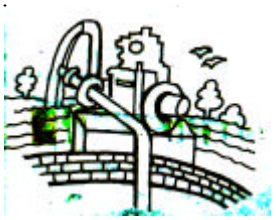

Source : Season and Crop Report , Directorate of Agriculture ,1999

The average yield per hectare was higher in groundnut, jowar, bajri, , wheat, sugarcane and cotton crops during the year 1997-98 than that recorded during the year 1993-94. While for groundnut and sugarcane big jumps are observed.

(7) Irrigation :

Source of Irrigation :

The area irrigated by different sources in the district are presented below during 1993-94 and 1997-98

Area Under Irrigation by Source

(In '00 hectares)

Sl. No.	Source of Irrigation	1993-94		1997-98	
		Net	Gross	Net	Gross
1	2	3	4	5	6
1	Govt. canals	81	81	108	108
2	Tanks	N.A	N.A	N.A	N.A
3	Wells	890	1,005	1,235	1,307
	Total :	**971**	**1,086**	**1,343**	**1,415**

Source : Season and Crop Report, Directorate of Agriculture ,1999

The above figures indicate that wells are the main source of irrigation in the district.

(8) Animal Husbandry :

(a) Livestock :

Cattle wealth occupies a pivotal place in the rural economy of the district. According to the livestock census of 1992 and 1997, the livestock population in the district is indicated below.

Livestock

Sl. No	Livestock	Year 1992	Year 1997
1	2	3	4
(A)	**Total Livestock**	**894,454**	**984,841**
1	Cattle (cross breed)	1,829	3,214
	(a) Male over 2.5 years	54	554
	(b) Female over 2.5 years	913	1,639
	(c) Young stock	862	1,021
2	Cattle (Indigenoues)	455,743	430,860
	(a) Males over 3 years	180,646	182,086
	(b) Female over 3 years	142,710	148,296
	(c) Young stock	132,387	100,478
3	Buffaloes	254,009	300,978
	(a) Male over 3 years	1,939	2,990
	(b) Female over 3 years	153,019	199,535
	(c) Young stock	99,051	98,453
4	Sheep	52,925	58,950
5	Goats	116,786	121,360
6	Horses and ponies	782	456
7	Camels	575	738
8	Pigs	9,311	19,019
9	Other livestock	2,494	49,266
(B)	**Poultry**	**127,216**	**96,102**

Source : (1) Directorate of Economics and Statistics, Lives Stock Census, 1992.
(2) Directorate of Animal Husbandry, Livestock Census,1997

The livestock population has increased in 1997 as compared to the year 1992. Poultry birds have decreased in 1997 as compared to the year 1992.

(b) Agricultural Implements :

According to the livestock censuses conducted in the State, the comparative data for agricultural implements in the district for the years 1992 and 1997 are shown in the following table.

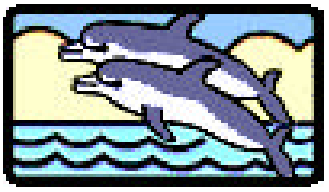

Agricultural Implements

Sl. No.	Name of Agricultural Implements	Year 1992	Year 1997
1	2	3	4
1	Plough	**85,250**	**78,649**
	(a) Wooden	24,597	16,113
	(b) Iron	60,653	62,536
2	Carts	68,915	67,068
3	Oil engines	56,125	42,538
4	Electric Motors & Pumps	35,950	32,970
5	Tractors	3,099	7,742
6	Wheat Thresher	864	N.A.

Source : (1) Directorate of Economics and Statistics, Lives Stock Census, 1992.
(2) Directorate of Animal Husbandry, Livestock Census, 1997

The number of agriculture implements like wooden plough, cart, oil engines and electric motor & pump have shown a decreasing trend while iron ploughs and tractors have shown an increasing during the year 1997 as compared to the year 1992.

(9) Fisheries :

Junagadh district with an extensive sea coast of about 261 (Incl.Porbandar) km.having ports including Veraval, a most prominant and advanced fishing harbour along the entire coast line of the state. By a cool winter season and other oceanographic conditions offers good facilities for marine fisheries and their development. The Arabian Sea on the south of the district is quite favourable for fishing. Fishing is done round the year in the district. The main fish available in the district are *bombay duck, silver pomfret, white pomfret and prawn etc*. Fisciculture activities in the district have been undertaken in the coastal as well as inland waters. The important fisheries statistics for the district are given here for the years 1997-98 and 1998-99.

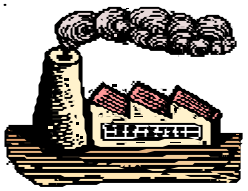

Fisheries Activities

Sl. No.	Item	1997-98	1998-99
1	2	3	4
1	Total number of fishing boats	9,762	111,132
2	Total number of fishing nets	250,459	250,459
3	Fish production (In tonnes)	418,316	414,676
4	Number of active fishermen	22,051	22,051
5	Fishermen Primary Co-operative Societies (Number)	131	146
6	Membership of fishermen's Primary Co-operative Societies	13,523	14,316
7	Paid up share capital of fishermen's Co-operative Societies (In '00 Rs.)	12,023	12,314

Source: Commissionerate of Fisheries, 2000.

(10) Industry :

The total numbers of registered factories and average number of daily workers employed by major groups of industries for the year 1998 and 1999 are shown in the following statement.

Distribution of Important, Industrial Establishments by Major Industrial Group

Sl. No.	Major Group of NIC (National Industrial Classification)	Description of Manufacture	As on 31.12.98		As on 31.12.99	
			Number of Establish-ment	Average number of persons working per day	Number of Establish-ment	Average number of persons working per day
1	2	3	4	5	6	7
1	20-21	Food products	195	11,398	181	11,361
2	22	Beverages tobacco and related products	—	—	—	—
3	23	Cotton textiles	76	2,237	76	2,155
4	24	Wool, silk and man made fibre textiles	—	—	—	—
5	25	Jute and other vegatable fibre textiles (except cotton)	—	—	—	—
6	26	Textile products (incl wearing apparel)	1	7	1	7
7	27	Wood and wood products Furnitures and fixtures	1	20	2	27
8	28	Paper and paper products and printing, publishing and allied industries	1	8	1	8
9	29	Leather and products of leather,fur and substitutes of leather	1	28	1	9
10	30	Basic chemical and chemical products (except products of petroleum and coal)	35	4,638	35	4,454
11	31	Rubber,plastic petroleum and coal products processing and nuclear fuels.	6	72	6	54
12	32	Non metallic mineral products	16	1,811	17	1,855
13	33	Basic metal and alloy industries	6	288	6	305
14	34	Metal products and parts except machinery and equipments.	10	261	10	252
15	35-36	Machinery and equipment other than transport equipment (scentific equipment, photographic/cinematographic equipment and watches and clocks is classified in division 38)	7	1,033	8	969
16	37	Transport equipment and parts	5	141	6	154
17	38	Other manufacturing industries	—	—	—	—
18	39	Repairs of capital goods	3	36	3	25
19	40-43	Electricity, Gas and water Generation transmission distribution water works supply etc..	—	—	—	—
20		Other Industries	18	926	17	1,501
		Total :	**381**	**22,904**	**370**	**23,136**

Source : Chief Inspector of Factories, 2000

The data above shows that among registered establishments in the year 1999 the four most important establishments were (1) Food products (2) Basic chemical and chemical product (except products of petroleum and coal) (3) Cotton textiles and (4) Non metallic mineral products. It can be observed that number of establishment as well as average number of persons employed per day have shown an increase in 1999 as compared to the year 1998.

(11) Trade and Commerce :

This category includes wholesale and retail trade of all kind and other commercial activities. At present imports in the district consists of dry fruits, different varieties in textiles, cotton, sarees, tea, coffee, hardware, metals, medicines, petroleum products, electronic items etc. All these items are imported from different parts of Gujarat as well as from other states of India also.

The major commodities manufactured in the district are cotton bales, groundnut, mangoes, vegetables, roof tiles, sugar, fish, wheat, cement, food grain, etc.

Junagadh district is famous for the production of *groundnut* and *Kesar mangoes*. *Kesar* variety of mangoes has made the name of the district famous throughout India. The region of *ghed* which is water-logged produces cotton of the best quiality. Groundnuts are used in the manufacture of edible oil. A large quantity of *groundnut* and *Kesar* are exported out of the district. The important commodities manufactured and exported out of district from various towns are mentioned in Table 47. The commercial and co-operative banking facilities available in the rural areas of the district are shown in the following statement.

Villages Having Banking Facility

(12) Transport and Communication :

Transport and Communication facilities are considered as administrative necessity as well as a public convenience. Moreover; a well-knit transportation system is a pre/requisite for the social and economic development of any district. According to the classification of road, made by the Indian Roads Congress, road length in the district by category is given below for the years 1998-99 and 1999-2000.

(a) Road :

The linking of one place with other by road is very essential to provide good transport system. According to 2001 census 766 villages and all Towns are connected with pucca roads and 413 villages are connected with kachcha roads. The information regarding roads available in Junagadh district for the year 1998-99 to 1999-00 are given in the statement below.

Road Length of Different Categories

Sl. No	Year	Type of Road (in kms)										
		Highways				District Roads				Village Roads		Total
		National		State		Main		Other				
		GOVT. DN	PNCH. DN	GOVT. DN	PNCH. DN	GOVT. DN	PNCH DN	GOVT. DN	PNCH. DN	GOVT. DN	PNCH. DN	
1	2	3	4	5	6	7	8	9	10	11	12	13
1	1998-1999	0	0	797	0	297	806	165	470	45	664	3,426
2	1999-2000	116	0	877	0	298	813	159	470	45	664	3,438

Note : GOVT. DN = Government Division.
PNCH. DN = Panchayat Division.

Source : Roads and Buildings Department, Gandhinagar, 2001

(b) Railway:

In the Junagadh district there are 8 villages having railway facilities.

(c) Ports:

Junagadh district is bounded on its south and west by the Arabian Sea and has some important ports on its long coast line. At present, there is only one intermediate port Veraval and four minor ports, viz. Mangrol, Navabandar, Rajpara and Simar. Fish, fertilizer, limestone and other minerals etc. are exported through these ports.

(d) Posts and Telegraph :

The statement given below shows the number of villages in the district possessing post, telegraph and telephone facilities. As regards rural areas of the districts the facility of post, telegraph and telephone are available in 464, 13 and 665 villages respectively.

Communications Facilities

Sl . No.	Type of Communication facilities	Number of Villages having facilities
1	2	3
1	Post Offices	464
2	Telagraph Offices	13
3	Telephone	665

Source : Village Directory, 2001

(e) State Road Transport :

872 villages were connected with bus facilities up to 1998-99.

(13) Electricity:

Electricity is essential for alround development of the district. The main source for power supply in the district is Gujarat Electricity Board. Out of 923 inhabited villages 901 villages are electrified.

(14) Gram Panchayats, its Composition, Jurisdiction and Role in the Development of Village and its Economy:

The system of Panchayati Raj was introduced in the year 1963 in Gujarat State. Under this set up, the three tier system was introduced namely, The District Panchayat, The Taluka Panchayat and The Gram Panchayat.

Gram Panchayat is an important institution of self-government. The Gram Panchayat is formed for a village or a group of villages. The Gram Panchayat is constituted for a local area with the population of less than 10,000. Such local area may be revenue village or a group of revenue villages or hamlets forming part of a revenue village or such other administrative unit or part of thereof. The number of members of Gram Panchayat varies from 9 to 15. The tenure of Gram Panchayat is of five years. The people of village elect Sarpanch and Vice-Sarpanch (Up-Sarpanch) and other members of the Panchayat. Various Committees like; Social Justice Committee and Standing Committee are formed. In the year 1993 Government of India enacted 73rd Constitutional Amendment regarding provisions of Panchayati Raj and implementation of this Act in Gujarat started from 15th April 1994. By this constitutional amendment, Panchayats are given constitutional status. Regular and timely election, participation of women and backward classes, formation of separate State Election Commission and rotation system in electing the heads of the various committees are other significant amendments in the act. Decentralised planning process and active participation of people is the soul of the Panchayati Raj Act. The powers for decentralised planning, implementation and development are delegated to the Panchayats.

The primary functions of the District/Taluka Panchayats are to provide facilities for primary education, health, drinking water, electricity, constructions and maintenance of roads, bridges etc., maintenance of Gauchars, organising relief work at the time of scarcity and drought situation, sanitation and social welfare. Arrangements for housing facilities for the people below poverty line and rural devlopment schemes are implemented by panchayats. Gram

Panchayats also implement important programmes like, 'food for work' and other programmes beneficial for the local people. Thus, Panchayats play an important role in the development of village and its economy. There are 13,761 Gram Panchayats in Gujarat State. Out of 923 villages in Junagadh district there are 24 group Gram Panchayats and 856 independent Gram Panchayats.

(v) Census Concepts :

Building :

A 'building' is generally a single structure on the ground. Sometimes it is made up of more than one component unit which are used or likely to be used as dwellings (residences) or establishments such as shops, business houses, offices, factories, workshops, work sheds, schools, places of entertainment, places of worship, godowns, stores, etc. It is also possible that buildings which have component units may be used for a combination of purposes such as shop-cum-residence, workshop-cum-residence office-cum-residence, etc.

Usually a structure will have four walls and a roof. But in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate building.

Permanent Houses :

Houses, the walls and roof of which are made of permanent materials. The Material of wall can be anyone from the following namely Galvanized iron sheets or other metal sheets, Asbestos sheets, burnt bricks, stones or concrete. Roof may be made of from any one of the following materials namely tiles, slate, galvanized iron sheets, metal sheets, asbestos sheets, bricks, stones or concrete.

Semi-permanent Houses :

Houses in which either wall or roof is made of permanent materials and the other is made of temporary material.

Temporary Houses :

Houses in which both walls and roof are made of materials, which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, plastic, polythene, mud, unburnt bricks or wood. Roof may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, wood, mud, plastic or polythene.

Dwelling Room :

A room is treated as a dwelling room if it has walls with a doorway and a roof should be wide and long enough for a person to sleep in, i.e., it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of a 2 meters. A dwelling room would include living room, bedroom, dining room drawing room study room, servant's room and other habitable rooms. Kitchen, Bathroom, latrine, Store-room, passage-way and verandah which are not normally usable for living are not considered as dwelling rooms. A room used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census houses is used as a shop or office. etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/he also lives in it as a separate household then this has been considered as a dwelling room available to the servants household tent or conical shaped hut if used for living by any household is also considered as dwelling room.

A dwelling room which is shade by more than one household has not been counted for any of them. If two household have a dwelling room each but in addition also share a common dwelling room. Then the common room has not been counted for either or of the household.

Census House :

A 'Census House' is a building or part of a building used or recognized as a separate unit because of having a separate main entrance from the road or common courtyard or, staircase, etc. It may be occupied or vacant. It may be used for a residential or non-residential purpose or both.

In certain peculiar situations, the manner in which buildings and census houses were identified for numbering in the field by the enumerators is described hereunder.

Sometimes a series of a different buildings are found along a street which are joined with one another by common walls on either side looking like a continuous structure. These different units are practically independent of one another and are likely to have been built at different times and owned by different persons. In such cases, though the whole structure with all the adjoining units apparently appears to be one building, each portion was treated as a separate building and its constituent units as separate census houses.

On the other hand, one may come across cases, particularly in large cities of multi-storied ownership flats. In these cases while the structure looks like one building, different persons own the flats. In case of such multi-storied structures, having a number of flats owned by different persons, the entire structure was treated as one building and each flat as a separate census house.

If within a large enclosed area, there are separate buildings owned by different persons then each such building is treated as a separate building. There can be a situation where within an enclosed compound there are separate buildings owned by an undertaking or company or even government that are actually in occupation of different persons. For example, Indian Oil Corporation colony where the buildings are owned by the Corporation but these are in occupation of their employees. Each such building was treated as a separate building. But if in any one of these buildings there were flats in occupation of different households, each such flat was reckoned as a separate census house.

Sometimes if becomes difficult to apply the definition of census house strictly in certain cases. For example, in an urban area, if a flat has five rooms, each room having direct entrance from the common staircase or courtyard. By definition, this has to be treated as five census houses. If all these five rooms are occupied by a single household it was not realistic to treat them as five census houses. In such a case, 'singleness' of use of these rooms along with the main house should be considered and the entire flat was treated as one census house. On the other hand, if two independent households occupy these five rooms, the first household living in 3 rooms and the second household occupying 2 rooms, then considering the use, the first three rooms together were treated as one census house and the remaining rooms as another census house. But if each room was occupied by an independent household, then each such room was treated as a separate census house.

In case of hostels, hotels, etc., even if the door of each room in which an inmate lives opens to a common verandah, staircase, courtyard or a common room, as it happens almost invariably, the entire hostel/ Hotel building was treated as one census house. but if such hostels/ hotels have out- houses or other structures used for different purposes or the same purpose, then each such structure attached to the main hostel/hotel was treated as a separate census house.

In some parts of the country, in rural areas, the pattern of habitation is such that a group of huts, located in a compound, whether enclosed or unenclosed, is occupied by one household. While the main residence may be located in one hut, other huts may be used for sleeping, as a kitchen, bath room, baithak, etc. Though each of the huts was a separates structure, they form a single housing unit and therefore, have to be treated collectively as one building and one census house. If some of the huts are used by one household and the others by a second household as residence, then the two groups of huts were treated as separate census houses. However, if there were also other huts in the compound used for other purposes and not as part of the household's residence such as, cattle shed, work shed, etc., these were treated as separate census houses.

On the other hand, in urban areas, where more than one structure within an enclosed or open compound (premises) belonging to the same person, e.g., the main house, the servant's quarter, the garage, etc., only one building number was given for this group and each of the constituent a separate census house number.

Only cases where a structure with roof and pillars has come up was treated as a building.

Village :

The basic unit for rural areas is the revenue village, which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data.

In unsurveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

Town/Urban Area :

The following areas are treated as towns/urban areas :

(a) All places with a municipality, municipal corporation, cantonment board or notified town area committee, etc.

(b) All other places which satisfy or are expected to satisfy the following criteria simultaneously

(i) A minimum population of 5,000;

(ii) At least 75 per cent of the male working population engaged in non-agricultural pursuits; and

(iii) A density of population of at least 400 per square kilometre (1,000 per square mile).

City :

Towns with population of 1,00,000 and above are called cities.

Urban Agglomeration :

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths (OGs) or two or more physically contiguous towns together and any adjoining urban outgrowths of such towns. In some cases railway colonies, university campuses, port areas, etc., may come up near a city or statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the town as a continuous urban spread.

For the purpose of delineation of Urban Agglomerations during Census of India 2001, following criteria are taken as pre-requisites:

(a) The core town or at least one of the constituent towns of an urban agglomeration should necessarily be a statutory town; and

(b) The total population of all the constituents (i.e., towns and outgrowths) of an Urban Agglo-meration should not be less than 20,000 (as per the 1991 Census).

With these two basic criteria having been met, the following are the possible different situations in which Urban Agglomerations would be constituted:

(i) a city or town with one or more contiguous outgrowths;

(ii) two or more adjoining towns with their outgrowths; and

(iii) a city and one or more adjoining towns with their outgrowths all of which form a continuous spread.

Household :

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen. There may be one member households, two member households or multi-member households.

Institutional Households :

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, jails, ashrams, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2001, it was specifically mentioned that this category or households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

Houseless Household :

Households who do not live in buildings or census houses but live in the open on roadside pavements, in hume pipes, under flyovers and staircases or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Household.

Scheduled Castes and Scheduled Tribes :

Article 341(1) of the Constitution provides that the President may, with respect to any State or Union territory, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of the Constitution be deemed to be Scheduled Castes in relation to that State or Union territory. Article 342(1) similarly provides for specification of tribes or tribal communities or parts of or groups within tribes or tribal communities, which are to be deemed for the purposes of the Constitution to be Scheduled Tribes in relation to the various States and Union territories. In pursuance of these provisions, the list of Scheduled Castes and / or Scheduled Tribes are notified for each State and Union territory and are valid only within the jurisdiction of that State or Union territory and not outside.

It is important to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Caste in addition to every member of the Ramdasi, Kabirpanthi, Majhabi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of Scheduled Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes.

The lists containing the names of the Scheduled Castes and the Scheduled Tribes applicable for the Census of India 2001 in the State is given below.

List of Scheduled Castes :

1. Ager
2. Bakad, Bant
3. Bawa-Dedh, Dedh Sadhu
4. Bhambi, Bhambhi, Asadaru Asodi, Chamadia, Chamar Chambhar, Chamgar, Haralayya, Harali, Khalpa, Machigar, Mochigar, Madar, Madig, Mochi, Nalia, Telegu Mochi, Kamati Mochi, Ranigar, Rohidas, Rohit, Samgar.
5. Bhangi, Mehtar, Olgana, Rukhi, Malkana, Halalkhor, Lalbegi, Balmiki, Korar, Zadmalli.
6. Chalvadi, Channayya
7. Chenna Dasar, Holaya Desar
8. Dangashia
9. Dhor, Kakkayya, Kankayya
10. Garmatang
11. Garoda, Garo
12. Halleer
13. Halsar, Haslar, Hulasvar, Halasvar
14. Holar, Valhar
15. Holaya, Holer
16. Lingader
17. Mahar, Taral, Dhegu Megu
18. Mahyavansi, Dhed, Dhedh, Vankar, Maru Vankar, Antyaj
19. Mang, Matang, Minimadig
20. Mang-Garudi
21. Meghaval, Meghwal, Menghvar
22. Mukri
23. Nadia, Hadi
24. Pasi
25. Senva, Shenva, Chenva, Sedma, Rawat
26. Shemalia
27. Thori
28. Tirgar, Tirbanda
29. Turi
30. Turi Barot, Dedh Barot

List of Scheduled Tribes :

1. Barda
2. Bavacha, Bamcha
3. Bharwad (In the Nesses of the forests of Alech, Barada and Gir)*
4. Bhil, Bhil Garasia, Dholi-Bhil, Dungri Bhil, Dungri Garasia, Mewasi Bhil, Rawal Bhil, Tadvi Bhil, Bhagalia, Bhilala, Pawra, Vasava, Vasave.
5. Charan (In the Nesses of the forests of Alech, Barada and Gir) *
6. Chaudhri (In Surat and Valsad districts)
7. Chodhara

*The area comprised of Jamnagar and Junagadh districts.

8. Dhanka, Tadvi, Tetaria, Valvi
9. Dhodia
10. Dubla, Talavia, Halpati
11. Gamit, Gamta, Gavit, Mavchi, Padvi
12. Gond, Rajgond
13. Kathodi, Katkari, Dhor Kathodi, Dhor Katkari, Son Kathodi, Son Katkari
14. Kokna, Kokni, Kukna
15. Koli (In Kachchh district)
16. Koli Dhor, Tokre Koli, Kolcha, Kolgha
17. Kunbi (In The Dangs District)
18. Naikda, Nayaka, Cholivala Nayaka, Kapadia Nayaka, Mota Nayaka, Nana, Nayaka
19. Padhar
20. Paradhi (In Kachchh district)
21. Pardhi, Advichincher, Phanse Pardhi (Excluding Amreli, Bhavnagar, Jamnagar, Junagadh, Kachchh, Rajkot and Surendranagar districts)
22. Patelia
23. Pomla
24. Rabari (In the Nesses of the forests of Alech, Barada and Gir)*
25. Rathawa
26. Siddi (In Amreli, Bhavnagar, Jamnagar, Junagadh, Rajkot and Surendranagar Districts)
27. Vaghri (in Kachchh district)
28. Varli
29. Vitola, Kotwalia, Barodia

Language and Mother Tongue :

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person and mother tongue is defined as the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

Literate :

A person age 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could also have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

Literacy Rate :

Literacy rate of the population is defined as the percentage of literates in the age group seven years and above. For different age groups the percentage of literates in that age group gives the literacy rate.

Educational Level :

The highest level of education a person has completed.

Work :

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. Persons who are engaged in cultivation or milk production even solely for domestic consumption are also treated as workers.

Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

Main Worker :

A person who has worked for major part of the reference period (i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as "Main worker".

Marginal Worker :

A person who worked for less than six months of the reference period (i.e. in the last one year preceding the date of enumeration) in any economic activity is termed as 'Marginal- worker'

Non Worker :

A person who has not worked at all in any economically productive activity during the reference period (i.e. last one year preceding the date of enumeration) is termed as 'Non worker'.

Cultivator :

For purposes of the Census a person is classified as cultivator, if, he or she is engaged in cultivation on land owned or held from government or held from private persons or institutions for payment in money, kind or share. Cultivation includes effective supervision or direction in cultivation.

A person who has given out her/his land to another person or persons or institution(s) for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation in exchange of land, is not treated as cultivator. Similarly, a person working on another person's land for wages in cash or kind or a combination of both (agricultural laborers) is not treated as cultivator.

Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fiber crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the following plantation crops–tea, coffee, rubber, coconut and betel-nuts (area).

Agricultural Labourer :

A person who works on another person's land for wages in money or kind or share is regarded as an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person's land for wages. An agricultural laborer has no right of lease or contract on land on which she/he works.

Household Industry Worker :

Household industry is defined as an industry conducted by the head of the household herself/himself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods.

It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other Worker :

A person who has been engaged in some economic activity during the reference period but not as a cultivator or agricultural laborer or in Household Industry is termed as an 'Other-Worker (OW)'. The type of workers that come under this category of 'OW' include all government servants, municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work, priests, entertainment artists, etc. In effect, all those workers other than cultivators or agricultural laborers or household industrial workers, are 'Other Workers'.

Work Participation Rate :

Percentage of workers (main + marginal) to total population

Population Density :

Population density is the number of persons inhabited per square kilometer of the area.

Age :

Age is measured in terms of the completed number of years.

Sex Ratio :

Numbers of females per 1,000 males in a population.

(vi) Non Census Concepts :

Improved Drinking Water :

If the household had access to drinking water supplied from a tap, hand pump, tube well or well (protected or covered) situated within or outside the premises, it is considered as having access to improved drinking water.

System of Sewerage :

Generally, a sewerage system would mean a network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastage are called separate sewers; those that carry storm water from roofs, streets and other surfaces are known as storm water drains, while those carrying both sewage and storm water are called combined sewers. However, in some towns, which are, not provided with such underground sewerage system, it is served by open surface drain, box drain, silk pattern drain, etc., in these towns.

Type of Latrine and Method of Disposal of Night Soil :

There are three prevalent systems of disposal of human wastes, viz.(i) underground sewerage, (ii) sanitary water flush latrines with individual disposal systems, like septic tank, leaching cess pool and collecting well, and (iii) dry type of latrines with manual scavenging.

The system of underground sewerage provides for the street sewerage with which are connected the sanitary latrines constructed in the houses having water closets and fitted with flushing cistern (or hand flushing). Through this sewer the faucal matter is transported without the need for scavenging. This system generally exists in cities and big towns.

Where the streets sewer does not exist these sanitary water flush latrines are connected to a local septic tank with a sub-soil dispersion system or a leaching pit. Here the liquid wastes from the water closet is disposed of locally in leaching pit, a septic tank with a soil dispersion system is constructed. This dispersion requires an optimum travel through the pores of the soil, which renders the harmful liquid bacterially innocuous by the slow process of filtration through the soil traversed.

Where the soil is impermeable, collecting wells are constructed and the sanitary water flush latrines are connected with them. These wells are cleaned at periodic intervals by a suitable device. The dry type of latrines are of service type latrines from where human excreta is removed by scavengers from house to house, in most cases carrying it on their heads or shoulders or in baskets with handle or wheel barrows. These are then collected in bullock carts or trucks or tractors and trolleys for being carried to the dumping grounds.

Fertility :

In demography, the word fertility is used in relation to the actual production of children or occurrence of births specially lives births. Fertility is a measure of rate at which population adds to itself by births and normally assessed by relating the number of births to a full or part of the population, such as number of married women or number of women of child bearing age. The definitions of the terminology used in computing different fertility rates are mentioned below.

Crude Birth Rate (CBR) :

Ratio of the numbers of live births in a year to the mid year population. (normally expressed per 1,000 population).

$$CBR = \frac{\text{Numbers of live births during the year}}{\text{Mid –year Population}} \times 1{,}000$$

Crude Death Rate (CDR) :

Ratio of the numbers of deaths in a year to the mid year population, normally expressed per 1,000 population.

$$CDR = \frac{\text{Numbers of deaths during the year}}{\text{Mid –year Population}} \times 1{,}000$$

Natural Growth Rate (NGR) :

Natural Growth rate is obtained as the difference between crude birth rate and crude death rate in the absence of migration.

$$NGR = CBR - CDR$$

Age Specific Fertility Rate (ASFR) :

Number of live births in a year to female population in any specified age group normally expressed per 1,000 women.

$$ASFR = \frac{\text{Numbers of live births in a particular age group}}{\text{Numbers female population of same specified age group}} \times 1{,}000$$

Age Specific Marital Fertility Rate (ASMFR):

Number of live births in a year to married female population in any specified age group normally expressed per 1,000 married women.

$$ASMFR = \frac{\text{Number of live births in a particular age group}}{\text{Mid-year married female population of the same age group}} \times 1{,}000$$

General Fertility Rate (GFR) :

Number of live births per 1,000 women in the reproductive age-group (15-49) years in a given year.

$$GFR = \frac{\text{Number of live births in a year}}{\text{Mid-year female population in the age-group (15-49) years}} \times 1{,}000$$

General Marital Fertility Rate (GMFR) :

Number of live births per 1,000 married women in reproductive age-group (15-49) years in a given year.

$$GMFR = \frac{\text{Number of live births in a year}}{\text{Mid-year married female population in the age group (15-49) years}} \times 1{,}000$$

Total Fertility Rate (TFR) :

It is obtained as the total of the age specific fertility rates (number of children born per woman of the particular age) for the entire reproductive age span. It provides the average number of children that will be born to a woman under the fertility levels indicated by the age specific fertility rates assuming that there is no mortality of women till the completion of reproductive period.

$$TFR = \frac{5 \times \sum_{15\text{-}19}^{45\text{-}49} ASFR}{1{,}000}$$

Total Marital Fertility Rate (TMFR) :

Average number of children that would be born to a married woman if she experiences the current fertility pattern throughout her reproductive span (15-49) years assuming that there is no mortality of women till the completion of reproductiv

$$TMFR = \frac{5 \times \sum_{15\text{-}19}^{45\text{-}49} ASMFR}{1{,}000}$$

Age-Specific Mortality Rate (ASMR) :

Number of deaths in a particular age and sex group per 1,000 population of the same age group.

$$ASMR = \frac{\text{Number of deaths in a particular age group}}{\text{Mid-year population of the same age group}} \times 1{,}000$$

q1 :

Probability of dying between birth and age 1. This can be used as approximate value of Infant Mortality Rate (IMR) which gives the ratio of number of deaths in a year of children aged less than one year to the number of births in that year.

q2 :

Probability of dying between birth and age 2.

q5 :

Probability of dying between birth and age 5. This indicator is also known as Under Five Mortality Rate (q5MR)

Infant Mortality Rate (IMR) :

Ratio of the number of infant deaths (deaths of children below one year) in a year to the number of live births in that year.

$$IMR = \frac{\text{Number of infant deaths during the year}}{\text{Number of live births during the year}} \times 1{,}000$$

Infant mortality rate comprises of two parts, viz., Neo-natal mortality rate and Post neo-natal mortality rate. The neo-natal mortality rate also comprises of two parts viz., early neo-natal mortality rate and late neo-natal mortality rate. These are defined as :

Neo-natal Mortality Rate (NMR) :

Number of infants dying within the first month of life (28 days or under) in a year per 1,000 live births of the same year.

$$NMR = \frac{\text{Number of infant deaths aged 28 days under during the year}}{\text{Number of live births during the year}} \times 1{,}000$$

Early Neo-natal Mortality Rate (ENMR) :

$$ENMR = \frac{\text{Number of infant deaths of less than 7 days during the year}}{\text{Number of live births during the year}} \times 1{,}000$$

Late Neo-natal Mortality Rate (LNMR) :

$$LNMR = \frac{\text{Number of infant deaths of 7 days to less than 29 days during the year}}{\text{Number of live births during the year}} \times 1{,}000$$

Post Neo-natal Mortality Rate (PNMR) :

$$PNMR = \frac{\text{Number of deaths of 29 days to less than One year during the year}}{\text{Number of live births during the year}} \times 1000$$

Peri-natal Mortality Rate (PMR) :

Number of stillbirths plus deaths within 1st week of delivery per 1,000 births in a year.

$$PMR = \frac{\text{Number of stillbirths and infant deaths of less than 7 days during the year}}{\text{Number of live births and stillbirths during the year}} \times 1{,}000$$

Stillbirth Rate (SBR) :

$$SBR = \frac{\text{Number of stillbirths during the year}}{\text{Number of live births and still births during the year}} \times 1{,}000$$

Maternal Mortality Rate (MMR) :

Number of deaths of women in the age group 15-49 while pregnant or within 42 days of termination of pregnancy from any cause related to pregnancy and childbirth per 100,000 live births in a given year.

$$MMR = \frac{\text{Number of maternal deaths to women in the age group 15-49}}{\text{Number of live birth}} \times 100{,}000$$

Eligible Couple (Couples per 1,000 population):

Number of currently married females in the age group15-44 years per 1,000 persons of all ages.

Child Woman Ratio (0-4) :

1. Number of children in the age group 0-4 years per 1,000 women in the age group 15-49 years.

Child Woman Ratio (5-9) :

2. Number of children in the age group 5-9 years per 1,000 women in the age group 15-49 years.

Migration :

Migration is the third component of population change, the other two being mortality and fertility.

A person is considered as a migrant by place of birth if the place in which he/she is enumerated during the census is other than the place of his/her birth.

Similarly a person is considered as a migrant by place of last residence if the place in which he/she is enumerated during the census is other than his/her place of immediate last residence outside the village or town and not simply in another house or locality in the same village or town.

Certain aspects concerning temporary movement/ migration of people has been explained below as these are important components concerning migration :

(i) Migration of persons in search of job is high in the country. In many cases such migrants are only seasonal in nature. People migrate to other places for work in a particular season and come back again to their usual place of residence after three or four months. All such workers are treated as migrants. Similarly, if a person moved to any other place for attending short term vocational or educational course that lasted for only few months of a year, she/he too were considered as a migrant.

(ii) Where a person had merely gone out to another place or had been shifting from one place to another purely on tour, pilgrimage, visit to hospital for treatment or for temporary business purposes, such persons are not deemed to have had another residence different from the place where she/he or her/his family normally resides. She/he is not considered as migrant.

(iii) A woman temporarily moves into a hospital or to her parents or other relative's house for delivery and if the hospital or the parents/relatives houses is in a place different from usual place of residence, the place where the hospital or parents/relative's house is the place of last residence of the child but not of the mother.

A new response category 'Moved after birth' was added in Census of India 2001 in the question on 'reasons for migration' to bring out additional migration patterns. Natural calamities or distress migration as a reason for migration for last residence migrants included in 1991 Census, is covered under category of 'Others'. The reason for migration has been determined as applicable at the time of migration and not in reference to any point of time after that. For example, if a person had moved from the place of her/his last residence for the purpose of education and subsequently at some point of time got employment there only, the reason for migration would be 'education' and not 'work/ employment'.

Internal and International Migration :

The migrational movements are of three types

(i) Migration within the state itself with its components

  (a) Migration within the district of enumeration (intra district migration)

  (b) Migration from one district of state to another district of state (inter district migration),

(ii) Migration from one state to another State of the country (inter-state migration),

(iii) Migration from one country to another country.

The first two streams together constitute internal migration, while the last type of movement is called international migration. The present name of the country, state or district and not the name by which they were known at the time of her/his birth or last residence were recorded.

Rural-Urban Components of Migration :

Rural or Urban status in respect of migrants had been determined as applicable at the time of migration and not with reference to any point of time after that.

The flow of migrants consists of four streams viz. rural to rural, rural to urban, urban to rural and urban to urban.

Civic Status of Urban Units :

Civic Status of a town/city is determined on the basis of Civic Administrative authority of the town e.g., Municipal Corporation/Corpora-tion, Municipal Committee/Municipal council, Municipality etc.

Size Class of UA/Town :

Size-class of UA/Town is based on the population size of the UA/City/Town UAs/Towns with 1,00,000 and above population is classified as Class I UAs./ towns. These Class I UAs./towns are now further sub classified in to seven sub classes namely M1 to M7 depending on the population size of UA/City/Town. These are M7(5,000,000 and above); M6(2,000,000 to 4,999,999); M5(1,000,000-1,999,999) M4(500,000-999,999); M3(300,000-499,999), M2(200,000-299,999) & M1(100,000-199,999). towns with, 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000-19,999 are Class IV towns, population with 5,000 and 9,999 are Class V towns and towns with less than 5,000 population are Class VI towns.

Slum Area :

The Slum Areas (Improvement and Clearance) Act, 1956 which was enacted by the Central Govt. defined slums as a) Areas where buildings are in any respect unfit for human habitation; or b) are by reasons of dilapidation, overcrowding, fault arrangement and design of such buildings, narrowness or faulty arrange-ment of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

Mega City :

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cut off point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and employment, Department of Urban Development adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 millions and above population have been treated as Mega cities.

(vii) 2001 Census findings- Population, its distribution :

(a) Distribution of population in rural-urban areas:

According to 2001 Census the total population of Junagadh district is 2,448,173 comprising 1,252,350 males and 1,195,823 females. This population is the district forms 4.83 per cent of the State population and the district ranks 7th in population among the districts. Out of the total population of the district 70.9 per cent lives in rural areas while 29.1 per cent lives in urban areas. Rural population of the district is distributed in 923 inhabited villages among 14 talukas and urban population is spread over in 12 towns. The total urban population of the district is 711,528 persons comprising 366,936 males and 344,592 females while the total rural population of 1,736,645 persons of the district comprises 885,414 males and 851,231 females. Out of total 1,038 villages of the district, 923 are inhabited and 115 villages are uninhabited.

(b) Size class & status of towns, Population growth, Density, Sex ratio, Work participation rate, Literacy, availability of University education in the District :

The statement below gives the position and number of urban units in size class for 2001 Census.

Sl. No.	Name and Civic status of Town	Size class of town	Status of Population
1	2	3	4
1	Bantwa (M)	IV	15,218
2	Chorvad (M)	III	21,240
3	Joshipura (M)	III	28,767
4	Junagadh (M)*	I	223,341
5	Keshod (M)	II	63,257
6	Kodinar (M)	III	32,610
7	Manavadar (M)	III	27,563
8	Mangrol (M)*	II	56,320
9	Una (M)	II	51,261
10	Vanthali (M)	IV	15,858
11	Veraval (M)*	I	158,032
12	Visavadar (M)	IV	18,061

Note: * Towns having outgrowths.

According to 1991 Census the total population of the district was 2,091,182. There has been a net addition of 356,991 persons during 1991-2001 increasing the district population in 2001 Census to 2,448,173. The decadal growth rate of the district is 17.1 per cent. The growth rates for the rural and urban areas of the district are 15.9 per cent and 20 per cent respectively. The percentage proportion of urban population was 28.4 per cent in 1991 Census which increased to 29.1 per cent during 2001 Census.

The density of population in Junagadh district is 277 persons per square kilometre while the same for Gujarat State is 258 persons.

The sex ratio, i.e. number of males for every 1,000 females in the district of Junagadh district is 955. The same is for rural areas and 939 for urban areas. Thus, it can be seen that the proportion of female in rural areas is higher than that of urban areas. Among the talukas the highest sex ratio of 998 females is recorded in Bhesan taluka and the lowest of 922 is recorded in Vanthali taluka. In rural areas the highest sex ratio of 1002 is found in Visavadar and the lowest of 931 in Vanthali. In urban areas the highest and the lowest sex ratio of 959 females and 880 females are recorded in Mangrol and Vanthali talukas respectively. The sex ratio of population in the age group 0-6 years is 903 for district. The same is 913 for rural areas and 874 for urban areas.

The work participation rate is defined as percentage of total workers to total population. In the same way it is defined for main and marginal workers. According to 2001 Census total workers are 40.9 per cent of total population consisting 32.1 per cent of main workers and 8.8 per cent of marginal workers. The remaining 59.1 per cent are non-workers. The sex wise break-up of workers shows that among main workers the proportion male main workers to total male workers is 51.4 per cent and that of female main workers is 11.9 per cent. In same way the proportion of male and female marginal workers are found to be 3.2 per cent and 14.7 per cent respectively. As women are also attending more than one activity in addition to the household activities their proportion as marginal workers tends to be more in comparison to the proportion of male marginal workers.

A person who can read and write in any language is considered literate in census. All children below year 7 years of age are considered illiterates. As per 2001 Census numbers of literates are 1,408,878 in Junagadh district, which is 67.8 per cent of total population. The male and female literacy rates are 78.7 per cent and 56.4 per cent for the district indicating a wide gap of 22.3 percentage points in male-female literacy rate.

There are 30 institutions providing College level education in Junagadh district. Notable among them are College of Agriculture, Nursing College, Krushi University and Technology Mahavidyalaya, Government Ayurved Mahavidyalaya, an Institution of Business Administration all are situated in Junagadh and College of Fisheries is situated in Veraval.

Religion :

Religion forms an integral part of Indian Social system. In the pre-Independence census reports, the data on religion was being presented for 9 major religion viz. Hindu, Muslim, Tribals, Christian, Sikh, Jain, Buddhist, Parsi, Jewish and others. However, since the 1951 census the data on religion has been presented for 6 major religion viz. Hindu, Muslim, Christian, Sikh, Jain and Buddhist. Besides, the minor religions have been classified under the category of 'other'. The data on religion collected and presented by the Indian Census is the basic data of intense use for the researchers, anthropologists, sociologists, demographers, administrators, planners and even for a common man.

In 2001 the Indian Census collected the religion data in question No. 7 of the Household schedule and recorded the same under the six major religions, other religions were recorded in actual as returned by the respondent and classified under the category of 'others'. The 'Religion not stated' has been recorded for those persons who have not stated their religion.

Percentage distribution of population by major religions in Gujarat State and Junagadh district in 2001 Census.

Sl. No.	Religion	Gujarat		Junagadh	
		Population	Percentage	Population	Percentage
1	2	3	4	5	6
1	Hindu	45,143,074	89.1	2,165,734	88.5
2	Muslim	4,592,854	9.1	274,481	11.2
3	Christian	284,092	0.5	1,327	0.1
4	Sikh	45,587	0.1	661	0.0
5	Buddhist	17,829	0.0	547	0.0
6	Jain	525,305	1.0	4,291	0.2
7	Other	28,698	0.1	95	0.0
8	Religion not stated	33,578	0.1	1,037	0.0

Source : Census of India, 2001.

The comparative data of Gujarat State and Junagadh district is given in above statement. It can be seen that at state level 89.1 per cent of total population are Hindus whereas in Junagadh district Hindus are 88.5 per cent of total population. In Gujarat State Muslims are 9.1 per cent of total populations whereas in Junagadh district Muslims are reported as 11.2 per cent of total population. Jains are 0.2 per cent and Christians are about 0.1 per cent of population. The population of other religious communities is very low as compared to respective figures of Gujarat State. The distribution of population for major religious communities between rural and urban areas of Junagadh is as under according to 2001 Census.

Religion	Number of followers	Population	
		Rural	Urban
1	2	3	4
Hindu	2,165,734	1,616,374	549,360
		(74.6)	(25.4)
Muslim	274,481	185,589	155,892
		(43.2)	(56.8)
Christian	1,327	145	1,182
		(10.9)	(89.1)
Sikh	661	91	570
		(13.8)	(86.2)
Buddhist	547	384	163
		(70.2)	(29.8)
Jain	4,291	436	3,855
		(10.2)	(89.8)
Other	95	8	87
		(0.9)	(99.1)
Religion not stated	1,037	618	419
		(59.6)	(40.4)

*Recasted population

Table 1 shows decadal change in population of talukas by residence. It can be seen that the decadal growth rate of the district is 17.1 per cent. The decadal growth rate in rural areas is 15.9 per cent and in urban areas the same is 20 per cent. It can also be seen that in 1991 Census, the percentage of urban population was 28.4 per cent and it is increased to 29.1 per cent during 2001 Census. Among talukas the highest decadal growth of 33 per cent is recorded in Junagadh while the lowest growth of 0.3 per cent is found in Bhesan. In Vanthali taluka negative growth of 1.4 per cent is seen during the decade of 1991-2001.

TABLE 2

NUMBER AND PERCENTAGE OF INHABITED VILLAGES IN SPECIFIED POPULATION SIZE RANGES WITH THE RELATED POPULATION, 2001

Sl. No.	District / Taluka C.D. Block	Total Number of Inhabited Village	Total Rural Population			Number and Percentag of Villages	Population less than 200	
			Persons	Males	Females		Males	Females
1	2	3	4	5	6	7	8	9
1	Manavadar	55	84,735	43,428	41,307	0 (0.0)	0	0

Table 2 gives number and percentage of inhabited villages in specified population size ranges with the related population. Out of 923 inhabited villages of the district 68 (7.4 per cent) villages have population of less than 200 and 45 (4.9 per cent) villages have population of 200 to 499. As many as 180 (19.5 per cent) villages are in the population range of 500-999 and maximum number of villages i.e. 338 (36.6 per cent) is registered in the population range of 1,000-1,999. There are 241 (26.1 per cent) villages in the population range of 2,000-4,999 and 43 (4.7 per cent) villages have population between 5,000 and 9,999. There are only 8 (0.9 per cent) villages in the highest population range of 10,000 and above.

TABLE 3

NEW TOWNS, DENOTIFIED, DECLASSIFIED AND MERGED TOWNS IN 2001 CENSUS

Name of Town

((a) New

(i) Statutory town

Chorvad (M)

(ii) Census town

Nil

((b) Denotified

(i) Statutory towns of 1991 census denotified and also did not satisfy the criteria treated to be as census towns

Nil

(ii) Statutory towns of 1991 census denotified but identified as census towns based on demographic and economic criteria

Nil

(iii) Census towns of 1991 census are notiified as statutory town in 2001 census

Nil

(c) Declassified

1	Bilkha	VP
2	Dungarpur	VP
3	Mendarda	VP
4	Talala	VP
5	Malia	VP
6	Shapur	VP
7	Delwada	VP

(d) Wholly merged with other town(s)

Patan Municipality merged with Veraval Municipality

Declassified means the census towns of 1991census which failed to satisfy the demographic & economic criteria.

Table 3 is self-explanatory and needs no elaboration.

TABLE 4

DISTRIBUTION OF VILLAGES BY POPULATION DENSITY, 2001

Range of Population Density (per Square Kilometer)	Total Number of Villages in each Population Density Range	Percentage of Villages in each Population Density Range	Population	Percentage Distribution of Population
1	2	3	4	5
0-10	74	8.0	9,887	0.6
11-20	1	0.1	127	0.0
21-50	9	1.0	2,016	0.1
51-100	39	4.2	28,767	1.7
101-200	310	33.6	441,311	25.4
201-300	276	29.9	570,779	32.9
301-500	147	15.9	374,081	21.5
501 +	67	7.3	309,677	17.8
Not known	0	0.0	0	0.0
District Total :	**923**	**100.0**	**1,736,645**	**100.0**

Population Density (Rural) of the district : 248

Table 4 shows distribution of villages by 8 different ranges of population density. The maximum number of villages i.e. 310 accounting for 33.6 per cent villages fall in the population density range of 101-200 having 25.4 per cent of total rural population. As many as 276 (29.9 per cent) villages, with the maximum population of 570,779 (32.9 per cent) is registered in density range of 201-300 while 147 (15.9 per cent) villages with 21.5 per cent of population are in the density range of 301-500. There are 67 (7.3 per cent) villages having 17.8 per cent of total rural population in the highest density range of 501 and more. The lowest population density range of 0-10 covers 74 (8 per cent) villages having only 0.6 per cent of population. 49 villages together accounting for 5.3 per cent of total villages with 1.8 per cent of total population cover the population density rang of 11-100.

TABLE 5

SEX RATIO OF STATE AND DISTRICT, 1901-2001

Sl. No.	Census Year	Gujarat State			Junagadh District		
		Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7	8
1	1901	954	951	965	955	939	1,007
2	1911	946	943	960	963	949	1,011
3	1921	944	947	931	962	952	997
4	1931	945	948	934	960	952	987
5	1941	941	954	898	962	964	957
6	1951	952	964	920	976	965	1,008
7	1961	940	956	896	949	951	943
8	1971	934	951	893	933	936	923
9	1981	942	959	905	954	954	951
10	1991	934	949	907	960	965	948
11	2001	920	945	880	955	961	939

Table 5 gives the details of sex ratio of State and Junagadh district for Census years from 1901 to 2001. As per 2001 Census, the district sex ratio is 955 against the State sex ratio of 920. It can be observed that the sex ratio in the district was higher in all other census years except 1971, than that of State. In Junagadh district the highest sex ratio of 976 was recorded in Census year of 1951 while the lowest of 933 was recorded in 1971. It will be interesting to note that in Junagadh district sex ratio in urban areas was higher than that of rural areas in the Census years from 1901 to 1931 and 1951 while for the Census years of 1941 and from 1961 to 2001 the same was lower in urban areas as compared to rural areas.

TABLE 6

SEX RATIO BY TALUKAS, 2001

Sl. No.	Name of Taluka	Sex ratio		
		Total	Rural	Urban
1	2	3	4	5
1	Manavadar	944	951	929
2	Vanthali	922	931	880
3	Junagadh	933	933	932
4	Bhesan	998	998	-
5	Visavadar	995	1,002	952
6	Mendarda	949	949	-
7	Keshod	937	939	932
8	Mangrol	950	947	959
9	Malia	943	945	935
10	Talala	941	941	-
11	Patan-Veraval	959	965	954
12	Sutrapada	961	961	-
13	Kodinar	974	982	931
14	Una	977	983	945
	District Total :	**955**	**961**	**939**

Table 6 reveals sex ratio for total, rural and urban areas at taluka level. There are 955 females per 1000 males in Junagadh district. In rural areas the sex ratio is 961 and the same for urban areas is 939. This clearly indicates that urban area has reported lower sex ratio as compared to rural areas of the district. Among talukas the highest and the lowest sex ratio of 998 and 922 are recorded in the talukas of Bhesan and Vanthali respectively. In rural areas Visavadar has shown sex ratio of 1,002, which is the highest while the lowest of 931, is recorded in Vanthali. Among urban areas the highest sex ratio of 959 is found in Mangrol while the lowest sex ratio of 880 females per 1,000 males is recorded in Vanthali. Thus, it can be seen that the lowest sex ratio for the areas of rural and urban has been recorded in Vanthali.

TABLE 7

SEX RATIO BY TALUKAS / C.D. BLOCKS, 2001

Sl. No.	Name of Taluka / C.D.Block	Sex Ratio
1	2	3
1	Manavadar	951
2	Vanthali	931
3	Junagadh	933
4	Bhesan	998
5	Visavadar	1,002
6	Mendarda	949
7	Keshod	939
8	Mangrol	947
9	Malia	945
10	Talala	941
11	Patan-Veraval	965
12	Sutrapada	961
13	Kodinar	982
14	Una	983
	District (Rural) Total :	**961**

Table 7 shows sex ratio by C.D. Blocks as per 2001 Census. The district rural sex ratio is 961. Among C.D. Blocks the highest sex ratio of 1,002 is recorded in Visavadar while the lowest of 931 is recorded in Vanthali. Out of 14 C.D. Blocks 9 have shown lower sex ratio than the district rural sex ratio of 961 females per 1,000 males.

TABLE 8

SEX RATIO OF RURAL POPULATION BY RANGES, 2001

Range of Sex Ratio for Villages	Number of Inhabited Villages	Percentage of Villages in each Range	Population 2001	Percentage Distribution of Population
1	2	3	4	5
Less than 700	27	2.9	889	0.1
700-749	2	0.2	2,499	0.1
750-799	15	1.6	11,789	0.7

850-899	66	7.2	73,632	4.2
900-949	268	29.0	594,990	34.3
950-999	292	31.6	658,296	37.9
1000-1099	200	21.7	348,629	20.1
1100+	28	3.0	20,928	1.2
District Total :	**923**	**100.0**	**1,736,645**	**100.0**

Sex ratio (Rural) for District : 961

Table 8 gives the details of the distribution of villages by 9 different sex ratio ranges based on 2001 Census. Out of 923 inhabited villages maximum number of villages i.e. 292 (31.6 per cent) also accounting for maximum population of 37.9 per cent are in the sex ratio range of 950-999 females per 1,000 males, followed by 268 (29 per cent) villages having 34.3 per cent of total population, in the range of 900-949. There are 200 (21.7 per cent) villages accounting for 20.1 per cent of population in the higher sex ratio range of 1,000-1,099 and 28 (3 per cent) villages with 1.2 per cent of population are recorded in the highest range of 1,100 and more. There are 66 (7.2 per cent) villages in the range of 850-899 and cover 4.2 per cent of total population. As low as 27 (2.9 per cent) villages are in the lowest sex ratio range of less than 700 with only 0.1 per cent of population. There are 2, 15 and 25 villages, together accounting for 4.5 per cent of villages with 2.2 per cent of population in the sex ratio range of 700-749, 750-799 and 800-849 respectively.

TABLE 9

SEX RATIO OF URBAN AGGLOMERATIONS / TOWNS, 2001

		Rural	**273,384**	**142,896**	**130,488**	**913**
		Urban	**96,307**	**51,396**	**44,911**	**874**

Table 10 shows the sex ratio of the population in age group of 0-6 years for total, rural and urban areas in respect of each taluka of the district. Total population in age group of 0-6 years is 369,691 comprising 194,292 males and 175,399 females. The total sex ratio in this age group comes at 903. The sex ratio in this age group in rural areas is 913 while in urban areas it is 874. Thus, it can be seen that the proportion of female in rural areas is higher than that of urban areas. The sex ratio in talukas varies between 838 in Vanthali and 957 in Una.

TABLE 11

SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 FOR TALUKAS / C.D. BLOCKS, 2001

Sl. No.	Name of Taluka / C.D. Block	Total Population in 0-6 Age Group			Sex Ratio for 0-6 Age Group
		Persons	Males	Females

District (Rural) Total :	**923**	**100.0**	**273,384**	**100.0**

Sex ratio (Rural) for District : 913

Table 12 shows sex ratio of rural population in the age group 0-6 years by 9 different sex ratio ranges. It also shows percentage of villages, total population and percentage distribution of population in each range of sex ratio in the district. The maximum number of villages i.e. 133 accounting for 14.4 per cent of total villages and having 14.5 per cent of total population are in the range of 1000-1099 closely followed by 130 (14.1 per cent) villages in range of 850-899 with 14.1 per cent of population. As many as 127 (13.8 per cent) villages having the highest population proportion of 21.2 per cent are in the range of 900-949 and 122 (13.2 per cent) villages with 15.7 per cent population are in the range of 800-849. There are 102 (11.1 per cent) villages having 16 per cent of total population in the range of 950-999 and 99 (10.7 per cent) villages with 6.2 per cent of total population are in the highest range of 1100 and above. As many as 96 (10.4 per cent) villages with 2.6 per cent of population,46 (5 per cent) villages with 3.7 per cent of population and 68 (7.4 per cent) villages having 5.9 per cent of total population are in the range of less than 700, 700-749 and 750-799 respectively.

UA = Urban Agglomeration

Table 13 shows sex ratio of population in the age group of 0-6 years in UA/Towns of the district. The total urban population in age group 0-6 years is 96,307 comprising 51,396 males and 44,911 females. The sex ratio in this age group is 874. The highest sex ratio of 941 is recorded in Mangrol (UA) while the lowest of 761 is in Joshipura (M).

		Urban	**711,528**	**45,138**	**5,159**	**6.3**	**0.7**

Table 14 shows number and percentage of Scheduled Castes and Scheduled Tribes population in talukas of the district. It can be seen that 9.6 per cent of total population of 2,448,173 belongs to Scheduled Castes and 0.8 per cent of population belongs to Scheduled Tribes. In rural areas 11 per cent of rural population belongs to Scheduled Castes and 0.8 per cent rural population belongs to Scheduled Tribes. In urban areas Scheduled Castes population is 6.3 per cent and Scheduled Tribes population is 0.7 per cent of total urban population. Among talukas the highest and the lowest proportion of Scheduled Castes are recorded in Kodinar at 16.5 per cent and in Visavadar at 6.8 per cent respectively. As regards Scheduled Tribes population Talala taluka has recorded the highest Scheduled Tribes population of 5.3 per cent while the lowest proportion of 0.1 per cent is recorded in talukas of Vanthali and Sutrapada.

TABLE 15

NUMBER AND PERCENTAGE OF SCHEDULED CASTES AND SCHEDULED TRIBES POPULATION IN TALUKAS/C.D. BLOCKS, 2001

Sl. No.	Name of Taluka/ C.D. Block	Total Population	Total Scheduled Castes Population	Total Scheduled Tribes Population	Percentage of Scheduled Castes population to Total Population	Percentage of Scheduled Tribes Population to Total Population
1	2	3	4	5	6	7
1	Manavadar	84,735	12,948	363	15.3	0.4
2	Vanthali	81,467	11,548	106	14.2	0.1

9	Malia	123,735	10,779	832	8.7	0.7
10	Talala	127,794	10,132	6,715	7.9	5.3
11	Patan-Veraval	122,453	16,103	277	13.2	0.2
12	Sutrapada	122,406	13,673	118	11.2	0.1
13	Kodinar	165,571	28,719	734	17.3	0.4
14	Una	279,548	21,229	934	7.6	0.3
	District Total :	**1,736,645**	**190,486**	**13,673**	**11**	**0.8**

Table 15 gives the details about number and percentage of Scheduled Castes and Scheduled Tribes population for rural areas in each C.D. Block of the district. It can be seen that 11 per cent of rural population belongs to Scheduled Castes and only 0.8 per cent of total rural population belongs to Scheduled Tribes. The highest proportion of 17.3 per cent of Scheduled Castes population is recorded in Kodinar and the lowest of 7.1 per cent in Visavadar. The highest proportion of Scheduled Tribes population to total population is recorded in Talala with 5.3 per cent and the lowest in Vanthali and Sutrapada with 0.1 per cent.

TABLE 16

PROPORTION OF SCHEDULED CASTES POPULATION TO TOTAL POPULATION IN VILLAGES, 2001

Percentage range of Scheduled Castes Population to Total Population	Number of Villages	Percentage	Scheduled Castes Population	Percentage
1	2	3	4	5
Nil	113	12.2	0	0.0
Less than 5	188	20.4	8,541	4.5
5-10	259	28.1	50,943	26.7
11-20	256	27.7	82,355	43.2
21-30	76	8.2	34,084	17.9
31-40	19	2.1	8,615	4.5
41-50	8	0.9	3,524	1.9
51-75	1	0.1	549	0.3
76 and above	3	0.3	1,875	1.0
District Total:	**923**	**100.0**	**190,486**	**100.0**

Table 16 shows proportion of Scheduled Castes population to total population in villages in different ranges of percentage at district level. It can be seen that there is no Scheduled Castes population in 113 (12.2 per cent) villages in the district. As much as 259 villages accounting for 28.1 per cent of total inhabited villages of 923 having 26.7 per cent Scheduled Castes population are in the range of 5-10 per cent, closely followed by 256 (27.7 per cent) villages, with the highest proportion of 43.2 per cent of Scheduled Castes

population, in the range of 11-20 per cent. As many as 188 (20.4 per cent) villages with only 4.5 per cent of Scheduled Castes population are in the range of less than 5 per cent. There are 76 (8.2 per cent) villages, having 17.9 per cent of Scheduled Castes population in the percentage range of 21-30 and as low as 19 (2.1 per cent) villages with Scheduled Castes population of 4.5 per cent are in the range of 31-40. Only 8 (0.9 per cent) villages are in the range of 41-50 per cent and proportion of Scheduled Castes population in these villages is 1.9 per cent to total Scheduled Castes population. There is only 1 (0.1 per cent) village with Scheduled Castes population of 0.3 per cent in the range of 51-75 per cent and 3 (0.3 per cent) villages having Scheduled Castes population of 1 per cent are in the range of 76 and above.

TABLE 17

PROPORTION OF SCHEDULED TRIBES POPULATION TO TOTAL POPULATION

IN VILLAGES, 2001

Percentage Range of Scheduled Tribes Population to Total Population	Number of Villages	Percentage	Scheduled Tribes Population	Percentage
1	2	3	4	5
Nil	681	73.8	0	0.0
Less than 5	177	19.2	3,646	26.7
5-10	25	2.7	4,441	32.5
11-20	12	1.3	951	7.0
21-30	2	0.2	469	3.4
31-40	4	0.4	1,972	14.4
41-50	1	0.1	48	0.4
51-75	1	0.1	61	0.4
76 and above	20	2.2	2,085	15.2
District Total :	**923**	**100.0**	**13,673**	**100.0**

Table17 gives the details about the number of villages according to the proportion of Scheduled Tribes population to their total population in 9 different percentage ranges at district level. It can be seen that out of 923 inhabited villages of the district, 681 (73.8 per cent) villages do not have any Scheduled Tribes population. As many as 177 (19.2 per cent) villages having Scheduled Tribes population of 26.7 per cent are in the percentage range of less than 5. There are 25 (2.7 per cent) villages with Scheduled Tribes population of 32.5 per cent in range of 5-10 per cent and as low as 12 (1.3 per cent) villages having 7 per cent Scheduled Tribes population are in the range of 11-20 per cent. There are 2(0.2per cent) villages with 3.4 per cent Scheduled Tribes population in the range of 21-30 and 4 (0.4 per cent) villages having Scheduled Tribes population of 14.4 per cent are in the range of 31-40 per cent. There is only 1 village in each range of 41-50 and 51-75 having Scheduled Tribes population of 48 (0.4 per cent) and 61 (0.4 per cent) persons respectively. There are 20 (2.2 per cent) villages in which Scheduled Tribes population is 15.2 per cent of total Scheduled Tribes populations in the range of 76 and above.

UA = Urban Agglomeration

Table 18 gives the detail about the distribution of Scheduled Castes and Scheduled Tribes population as well as their percentage to total population in UA/Towns as per 2001 Census. Out of total population of 711,528 of UA/Towns of the district 6.3 per cent belongs to Scheduled Castes and only 0.7 per cent belongs to Scheduled Tribes. In percentage terms the highest proportion of 12 per cent of Scheduled Castes population is recorded in Kodinar (M). But in numbers Junagadh has recorded the highest numbers of 16,116 persons of Scheduled Castes population. The lowest proportion of 3.27 per cent of Scheduled Castes population is found in Joshipura (M). The lowest Scheduled Castes population of 859 is found in Visavadar (M). The highest and lowest Scheduled Tribes population of 2,569 and 10 are recorded in Junagadh (UA) and Chorvad (M) respectively. In percentage terms the proportion of Scheduled Tribes population varies from 0.1 per cent to 1.4 per cent among the UA/Towns of the district.

14	Una	986	902
	District (Rural) Total :	**945**	**938**

Table 19 shows sex ratio among Scheduled Castes and Scheduled Tribes in rural areas of the district. The district (rural) Scheduled Castes sex ratio is 945 females per 1,000 males while the same for Scheduled Tribes stands at 938. Among C.D. Block the highest Scheduled Castes sex ratio of 986 is recorded in Una and the lowest of 898 in Vanthali. As regards Scheduled Tribes sex ratio among C.D. Block, the highest and lowest sex ratio of 1,159 and 514 are recorded in Keshod and Vanthali respectively.

	Sex ratio (Urban) for the district:	**930**	**904**

UA = Urban Agglomeration

Table 20 indicates the sex ratio among Scheduled Castes and Scheduled Tribes in each UA/Towns of the district. In urban areas sex ratio of Scheduled Castes is 930 for the district. Among UA/Towns the highest and the lowest Scheduled Castes sex ratio of 989 and 846 are found in Vanthali (M) and Keshod (M) respectively. The district (urban) Scheduled Tribes sex ratio is 904. The highest and the lowest Scheduled Tribes sex ratio of 1,714 and 714 are recorded in Joshipura (M) and Una (M) respectively.

Table 21 gives talukawise number and percentage of literates and illiterates of the district. As per 2001 Census the literacy rate of the district is 67.8 per cent. In rural areas literacy rates is 63.7 per cent and 77.6 per cent in urban areas. The male literacy rate of 78.7 per cent is much higher than the female literacy rate of 56.4 per cent. This leaves a gap of 22.3 percentage points in male-female literacy rate. This gap is 24.4 percentage points in rural areas and 17 percentage points in urban areas indicating a lower proportion of female literates in rural areas as compared to urban areas. Among talukas Junagadh tops with 79.2 per cent literates while Una is at bottom with 55.5 per cent.

Table 22 shows number and percentage of literates and illiterates by sex in rural areas of the district. The district (rural) literacy rate is 63.7 per cent. The (rural) male and female literacy rates are recorded at 75.7 per cent and 51.3 per cent respectively. The gap in male-female literacy rate is thus recorded at 24.4 percentage points. The highest and the lowest literacy rate of 71.3 per cent and 51.4 per cent among all the CD Blocks are recorded in Mendarda and Una respectively. The highest and the lowest gap of 29.3 percentage points and 16.4 percentage points in male-female literacy rate are recorded in CD Blocks of Una and Bhesan respectively.

TABLE 23
DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE, 2001

Range of Literacy Rate for Villages	Number of Inhabited Villages	Percentage Distribution of Villages	Population	Percentage Distribution of Population
1	2	3	4	5
0	10	1.1	492	0.0
1-10	14	1.5	1,551	0.1
11-20	8	0.9	6,521	0.4
21-30	16	1.7	20,016	1.2

41-50	76	8.2	154,828	8.9
51-60	169	18.3	306,881	17.7
61-70	369	40.0	725,047	41.7
71-80	213	23.1	469,735	27.0
81-90	6	0.7	5,877	0.3
91-99	2	0.2	754	0.0
100	7	0.8	34	0.0
District Total :	**923**	**100.0**	**1,736,645**	**100.0**

Literacy rate for District : 67.8

Table 23 reveals the distribution of villages by literacy rate range. The villages are distributed in 12 different ranges along with population and percentage distribution of population. Out of 923 villages the maximum number of villages i.e. 369 (40 per cent) with the highest percentage of population (41.7 per cent) are registered in the literacy rate range of 61-70 per cent. The minimum numbers of villages i.e. 2 with population of 754 are in the range of 91-99 per cent. As many as 213 (23.1 per cent) villages having 27 per cent of population and 169 (18.3 per cent) villages having 17.7 per cent of population are in the literacy rate range of 71-80 per cent and 51-60 per cent respectively. As many as 76 (8.2 per cent) villages with 8.9 per cent population and 33 (3.6 per cent) villages with 2.6 per cent of population have literacy of 41 to 50 per cent and 31 to 40 per cent respectively. There are 14, 8 and 16 villages in the literacy rate range of 1-10, 11-20 and 21-30 per cent respectively. The combined population of these 38 villages is 1.7 per cent of total population. As low as 7 (0.8 per cent) villages with population of 34 are registered in the literacy rate range of 100 percent and there is no literate in 10 villages having population of 492 persons.

UA = Urban Agglomeration

Table 24 shows number and percentage of literates and illiterates by sex in urban areas at UA/Towns level in the district. The population covered for calculating the literacy rate does not include population of age 0-6 years because population of age group of 0 to 6 years is supposed to be illiterate. In Junagadh district 77.6 per cent of population is literate. Among males the literacy rate is 85.9 per cent whereas for females, the rate is 68.8 per cent. The gap in male-female literacy rate is 17 percentage points.At UA/Towns the highest literacy rate of 87.7 per cent and the lowest of 57.5 per cent are recorded in Joshipura (M) and in Chorvad (M) respectively. The highest gap of 27.3 percentage points in male-female literacy is recorded in Chorvad (M) while the lowest gap of 11.9 percentage points is in Joshipura (M).

TABLE 25

NUMBER AND PERCENTAGE OF SCHEDULED CASTES LITERATES AND ILLITERATES BY SEX IN TALUKAS / C.D. BLOCKS, 2001

Table 25 gives number and percentage of Scheduled Castes literates and illiterates by sex for rural areas of the district. As the table shows the district (rural) Scheduled Castes literacy rate is 61.8 per cent. The same for male is 75.4 per cent and for female it is 47.5 per cent. The gap in male-female literacy rate is 27.9 percentage points. Among C.D. Block the highest literacy rate of 67.3 per cent is recorded in Vanthali against the lowest of 55.4 per cent recorded in Sutrapada. The highest and the lowest gap of 30.1 percentage points and 25.4 percentage points in male-female literacy rate are recorded in Una and Mendarda respectively. The highest Scheduled Castes male and female literacy rate of 80.5 per cent and 53 per cent are recorded in Vanthali and Mendarda respectively. The lowest Scheduled Castes male literacy rate of 68.4 per cent and the lowest female literacy rate of 40.9 per cent are recorded in Sutrapada and Una respectively.

TABLE 26

DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE FOR SCHEDULED CASTES POPULATION, 2001

Range of Literacy Rate for Villages	Number of Inhabited Villages	Percentage Distribution of Villages	Scheduled Castes Population	Percentage Distribution of Population
1	2	3	4	5
0	7	0.9	26	0.0
1-10	0	0.0	0	0.0
11-20	5	0.6	110	0.1
21-30	15	1.9	1,771	0.9
31-40	33	4.1	4,664	2.4
41-50	68	8.4	10,181	5.3
51-60	223	27.5	53,823	28.3

91-99	1	0.1	16	0.0
100	12	1.5	44	0.0
District Total:	**810**	**100.0**	**190,486**	**100.0**

Literacy rate for District (Rural): 61.8

Table 26 reveals distribution of villages by literacy rate range for Scheduled Castes population. The villages are distributed in 12 different ranges of literacy in this table alongwith Scheduled Castes population. There are no literate reported in 7 (0.9 per cent) villages where Scheduled Castes population is only 26. The maximum number of villages i.e. 326 (40.2 per cent) having the highest proportion of 49.5 per cent of Scheduled Castes population is in the literacy rate range of 61-70 per cent. As many as 223 (27.5 per cent) villages having 28.3 per cent of Scheduled Castes population are in the range of 51-60 and 110 (13.6 per cent) villages with 13 per cent of population are in the range of 71-80 per cent. As many as 68 (8.4 per cent) and 33 (4.1 per cent) villages are in the literacy rate range of 41-50 and 31-40 respectively. The population covered by these 68 and 33 villages is 5.3 per cent and 2.4 per cent of total Scheduled Castes population respectively. There are 15, 12 and 10 villages together accounting for 4.6 per cent of villages and 1.4 per cent of population are in the literacy rate range of 21-30, 100 and 81-90 respectively.

TABLE 27

NUMBER AND PERCENTAGE OF SCHEDULED CASTES LITERATES AND ILLITERATES BY SEX IN TOWNS, 2001

Sl. No.	Name and Urban Status of Town	Number of Literates and Illiterates						Percentage of Literates			Gap in Male-Female Literacy Rate

Table 27 gives number and percentage of Scheduled Castes literates and illiterates (except the population of 0-6 years) by sex in towns of Junagadh district. The urban literacy rate of Scheduled Castes stands at 71.4 per cent. The male and female literacy rates are recorded at 82.5 per cent and at 59.4 per cent respectively. The gap in male-female literacy rate for Junagadh district (urban) is 23.2 percentage points. The highest Scheduled Castes literacy rate of 81.3 per cent is recorded in Keshod (M) and the lowest rate of 63.3 per cent is in Veraval (M). The highest male literacy rate of 90.2 per cent and the highest female literacy rate of 70.5 per cent are registered in Keshod (M). The lowest male literacy rate of 76.3 per cent is recorded in Visavadar (M) and the lowest female literacy rate of 51.7 per cent is recorded in Chorvad (M). The highest and the lowest gap in male-female literacy rates of 30.1 percentage points and 19.2 percentage points are recorded in Bantwa (M) and Joshipura (M) respectively.

TABLE 28

NUMBER AND PERCENTAGE OF SCHEDULED TRIBES LITERATES AND ILLITERATES BY SEX IN TALUKAS / C. D. BLOCKS, 2001

Sl. No.	Name and Urban Status of Town	Number of Literates and Illiterates						Percentage of Literates			Gap in Male-Female Literacy Rate

	District (Rural) Total:	**4,739**	**3,049**	**1,690**	**8,934**	**4,007**	**4,927**	**43.4**	**53.7**	**32.2**	**21.6**

Table 28 gives number and percentage of Scheduled Tribes literates and illiterates by sex in rural areas of the district. 43.4 per cent of the total rural population of Scheduled Tribes (excluding population of 0-6 years) are literates in the district. The rural Scheduled Tribes male literacy rate is 53.7 per cent the same for females is 32.2 per cent. This leaves a gap of 21.6 percentage points in the male-female literacy rate. Among C.D. blocks the highest Scheduled Tribes literacy rate of 70 per cent is recorded in Sutrapada against the lowest of 21.6 per cent found in Visavadar. The highest male literacy rate of 79.3 per cent is found in Sutrapada while the lowest male literacy rate of 25.8 per cent is found in Vasavadar. The highest and the lowest Scheduled Tribes female literacy rate are 57.1 percent and 17.2 per cent in rural areas of Sutrapada and Visavadar respectively. The highest gap of 28.3 percentage points in male-female literacy is recorded in Mangrol while the lowest gap of 8.6 per cent is found in Visavadar.

TABLE 29

DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE FOR SCHEDULED TRIBES POPULATION, 2001

Range of Literacy Rate for Villages	Number of Inhabited Villages	Percentage Distribution of Villages	Scheduled Tribes Population	Percentage Distribution of Population
1	2	3	4	5

District Total:	**242**	**100.0**	**13,673**	**100.0**

Literacy rate for District (Rural) : 43.4

Table 29 shows distribution of villages by literacy rate range for Scheduled Tribes population in the district. There is no literate in 24 (9.9 per cent) villages having Scheduled Tribes population of 2.7 per cent. There are 31 (12.8 per cent) villages having Scheduled Tribes population (14.0 per cent) in the literacy rate range of 41-50 followed by 24 (9.9 per cent) villages with 13.9 per cent of Scheduled Tribes population in the range of 31-40 per cent. As much as 23 (9.5 per cent) villages having the maximum population of 37.6 per cent are in the range of 51-60 per cent and 21 (8.7 per cent) villages with 5.3 per cent of Scheduled Tribes population are in the range of 21-30 per cent. The maximum numbers of villages i.e. 45 (18.6 per cent) having 1.3 per cent of Scheduled Tribes population have shown 100 per cent literacy. The minimum numbers of villages i.e. 4 (1.7 per cent) with the minimum Scheduled Tribes population of 0.6 per cent are in the range of 91-99 per cent. There are 20 (8.3 per cent) villages with 6.8 per cent population recorded in the range of 61-70 per cent while 16 (6.6 per cent) villages having 6 per cent of Scheduled Tribes population are recorded in the range of 11-20 per cent. As much as 14 (5.8 per cent) villages with Scheduled Tribes population of 1.6 per cent and 13 (5.4 per cent) villages with Scheduled Tribes population of 9 per cent are in the literacy rate range of 71-80 per cent and 1-10 per cent respectively. There are 7 (2.9 per cent) villages with 1.2 per cent of Scheduled Tribes population recorded in the range of 81-90 per cent.

TABLE 30

10	Vanthali (M)	7	2	5	24	14	10	25.9	15.4	35.7	-20.3
11	Veraval (M+OG)	865	533	332	609	232	377	71.3	85.4	56.4	29
12	Visavadar (M)	23	12	11	9	5	4	88.5	92.3	84.6	7.7
	District (Urban) Total :	**2,675**	**1,633**	**1,042**	**2,484**	**1,077**	**1,407**	**62.9**	**73.5**	**51.3**	**22.1**

Table 30 reveals number and percentage of Scheduled Tribes literates and illiterates by sex in towns of the district. As the data shows 62.9 per cent of total urban population (excluding the population of 0-6 years) is literate. The male and female literacy rate for the urban areas is 73.5 per cent and 51.3 per cent respectively indicating a gap of 22.1 percentage points in the male-female literacy rate. It will be interesting to note that the towns of Manavadar (M), Vanthali (M) and Joshipura (M) have shown negative gap of -10 percentage points, -20.3 percentage points and -30 percentage points in male-female literacy rate respectively. This indicates that in these towns female literacy rate is higher than the male literacy rate. The highest literacy rate of 88.9 per cent is recorded in Mangrol (M) and Chorvad (M). These two towns have also shown 100 per cent male literacy rate. The lowest male literacy rate of 15.4 per cent is recorded in Vanthali (M). The highest and the lowest female literacy rate of 84.6 per cent and 7.4 per cent are recorded in Visavadar (M) and Bantwa (M) respectively. Apart from negative gap recorded in the towns of Manavadar(M), Vanthali (M) and Joshipura (M) in male-female literacy rate the lowest gap of 7.7 percentage points is recorded in Visavadar (M) while the highest gap of 29 percentage points is recorded in Veraval (M).

Table 31 gives absolute number and percentage of main workers, marginal workers and non-workers by sex at taluka level in the district as per 2001 Census. The proportion of total workers to total population of the district is 40.9 per cent, comprising 32.1 per cent of main workers and 8.8 per cent marginal workers. The remaining 59.1 per cent are non -workers. The proportion of male total workers to total male population is 54.6 per cent and the proportion of female total workers to total female population is 26.5 per cent. The proportion of male and female main workers is 51.4 per cent and 11.9 per cent respectively. As regards marginal workers, it can be seen that the female marginal workers of 14.7 per cent to total female population, is higher than that of male marginal workers of 3.2 per cent. As women are usually engaged in other economic activities in spite of domestic work the female marginal workers are naturally higher than that of male marginal workers. The highest of 26.2 per cent and the lowest of 6.5 per cent female marginal workers are recorded in Mendarda and in Junagadh respectively.

The highest of 38 per cent of main workers are recorded in Bhesan taluka against the lowest of 29 per cent in Patan-Veraval taluka. The highest and the lowest proportion of non-workers are recorded in Patan-Veraval and in Bhesan for 65.1 per cent and 48.7 per cent respectively. The female participation in marginal work and female non-workers, both are higher in all the talukas of the district.

Among talukas the highest and lowest proportion of total workers for 51.3 per cent and 34.9 per cent are recorded in the talukas of Bhesan and Patan-Veraval respectively.

Table 32 gives absolute number and percentage of main workers, marginal workers and non-workers by sex for rural population of the district. The percentage of total workers (main +marginal) to total population is 45.1 per cent, comprising 33.7 per cent of main workers and 11.4 per cent of marginal workers. Sex wise break up shows that the male main workers are 52.4 per cent against 14.3 per cent of female main workers. The percentage of female marginal workers is 19.5 per cent, which is higher than that of male of only 3.5 per cent. Non-workers are 54.9 per cent. Male non-workers is 44 per cent against female non-workers of 66.2 per cent. The percentages of female marginal workers and female non-workers are higher than those of male marginal workers and non-workers for all C.D. Blocks. At C.D. Block level the highest of 53.7 per cent of total workers are recorded in Manavadar while the lowest of 37 per cent is recorded in Kodinar.

UA = Urban Agglomeration

Table 33 shows the absolute number with percentage of main workers, marginal workers, total workers and non-workers for UA/Towns in the district. In this district total workers (main + marginal) are 217,203 or 30.5 per cent of total population of 711,528. The remaining 69.5 per cent are non-workers. Among these total workers, main workers are 28.1 per cent and marginal workers are 2.5 per cent. In the district male workers are 51.3 per cent of total male population comprising 48.9 per cent main workers and 2.3 per cent marginal workers. The percentage of female workers to total female population is 8.4 per cent in which female main workers are 5.8 per cent and female marginal workers are 2.6 per cent. The highest of 43.5 per cent workers is recorded in Chorvad (M) and the lowest of 28.5 per cent is recorded in Kodinar (M). The highest of 71.5 per cent non-workers is recorded in Kodinar (M) while the lowest of 56.5 per cent non-workers is recorded in Chorvad (M). The highest and the lowest percentage of main workers are recorded in Chorvad (M) for 38.3 per cent and in Mangrol (UA) for 24.9 per cent respectively. The highest of 7.8 per cent of marginal workers is recorded in Manavadar (M) and the lowest of 1.1 per cent marginal workers is registered in Keshod (M).

Note: Percentage of Worker to total worker are given in brackets

Table 34 shows distribution of workers by sex in four categories of economic activity in talukas of the district. It can be seen from the data that total workers are 40.9 per cent of total population. The Table shows that 39.2 per cent of total workers are cultivators, 24.6 per cent agricultural labourers, 1.5 per cent household industry workers while 34.8 per cent workers are other workers are engaged in other work. Thus it can be observed that 63.8 per cent of total workers are engaged in agricultural activities. Among talukas the proportion of cultivators varies from 19 per cent in Junagadh to 57.8 per cent in Bhesan. The highest and the lowest proportion of agricultural labourers are recorded in Talala (32.2 per cent) and Junagadh (11.4 per cent) respectively. Participation in household industry work is insignificant in all the talukas of the district in comparison to other categories of workers. The proportion of other workers varies from 17.3 per cent in Mendarda to 68.3 per cent in Junagadh.

Note: Percentage of Worker to total worker are given in brackets

Table 35 shows distribution of workers by sex in four categories of economic activity in C.D. Blocks. It can be seen from the data that total workers (main + marginal) are 45.1 per cent of total population in the rural areas of the district. The bifurcation of these workers indicates that 48.7 per cent of total workers are cultivators, 29.6 per cent agricultural labourers, 20.1 per cent other workers and only 1.5 per cent are household industry workers. It can be seen that in rural areas of the district agriculture plays a major role in providing employment while household industry sector does not provide major employment. Among cultivators: participation of male workers is 47.1 per cent, which is lower than that of female whose participation is as high as 51.5 per cent. The same trend is visible among agricultural labourers where participation of 24 per cent of male workers is lower than the female workers of 39.3 per cent. Among household industry workers and other workers the scene is quite reverse, where male household industry workers of 1.7 per cent is higher than that of female workers of 1.1 per cent. The percentage of males in other work is significantly higher and it is 27.2 per cent in comparison to females in other work having their participation for only 8 per cent. At C.D. Blocks level the proportion of cultivators varies from 39.6 per cent in Kodinar to 57.8 per cent in Bhesan. The highest of 33.8 per cent of agricultural labourers is recorded in Una while the lowest of 22.3 per cent is recorded in Sutrapada. The proportion of household industry workers is comparatively very low in all the talukas. The highest proportion of other workers for 32.7 per cent is recorded in Junagadh while the lowest of 14.4 per cent is recorded in Manavadar.

UA = Urban Agglomeration

Table 36 details the distribution of workers by sex in four categories of economic activity in UA/Towns of the district. In urban areas of the district total workers (main +marginal) constitute 30.5 per cent of total population. Among these workers cultivators are 4.5 per cent, agricultural labourers 6.5 per cent, household industry workers 1.4 per cent and 87.5 per cent are other workers. Thus, this data indicates that other sector plays a major role in providing employment in this district. Among talukas the highest of 43.5 per cent of workers is recorded in Chorwad (M) while the lowest of 28.5 per cent is recorded in Kodinar (M) and in Mangrol (M). The highest and the lowest proportion of other workers is recorded in Junagadh (M) for 98.4 per cent and in Chorvad (M) for 41.8 per cent respectively. The highest of 23.5 per cent of cultivators are recorded in Chorvad (M) and the lowest of 0.2 per cent of the same is registered in Junagadh (M). The highest of 33.3 per cent and the lowest of 0.3 per cent of agricultural labourers are recorded in Chorvad (M) and Junagadh (M) respectively. The highest proportion of household industry workers are recorded for 2.8 per cent in Bantwa (M) and in Mangrol (M), which is part of Mangrol (UA), while the lowest of 0.9 per cent, is recorded in Veraval (M).

Note : - Percentages are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

Table 37 shows distribution of villages according to availability of different amenities. Out of 923 inhabited villages of the district 858 (93 per cent) villages have at least one primary school. The remaining 65 villages do not have any educational facility. Medical facility of one or another kind is available in 803 (87 per cent) villages while 836 (90.6 per cent) villages have improved drinking water facility either of a tap, well, tank, tube-well, river or canal etc. Out of 923 villages, 467 (50.6 per cent) villages have Post Office, 665 (72 per cent) have Telephone, 833 (90.2 per cent) have Transport Communication, only 103 (11.2 per cent) villages have banking facility, 501 (54.3 per cent) have Agricultural Credit Societies, 766 (83 per cent) villages have Approach by pucca road and 901 (97.6 per cent) villages have Power Supply facility. Only 16 villages do not have the facility of Power Supply.

TABLE 38

NUMBER AND PERCENTAGE OF RURAL POPULATION SERVED BY DIFFERENT AMENITIES, 2001

Sl. No.	Name of Taluka / C.D.Block	Total Population of Inhabited Villages	Type of Amenity available

Note : Percentages are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or and pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport/communication includes bus service, rail facility and navigable waterways.

Table 38 gives the detail about number and percentage of rural population served by different amenities. Out of total rural population of 1,736,645 persons, 99.6 per cent, i.e. 1,730,149 persons have educational facility of one or other type. As regards other facilities it can be seen that 1,657,314 (95.4 per cent) persons have medical facilities, 1,652,002 (95.1 per cent) have Improved drinking water facilities, 1,285,967 (74 per cent) have Post Office facilities, 1,430,531 (82.4 per cent) have Telephone facilities, 1,687,428 (97.2 per cent) have Transport Communication facilities, population of 508,376 (29.3 per cent) persons have banking facilities, 1,239,514 (71.4 per cent) persons have facility of Agricultural Credit Societies and 1,634,312 (94.1 per cent) persons are enjoying the facilities of Approach by pucca road. Power supply facility is available to 1,734,754 (99.9 per cent) persons. Among C.D. Blocks, out of 14 C.D.

Blocks 100 per cent population of 11 C.D. Block viz. Manavadar, Vanthali, Junagadh, Bhesan, Mendarda, Keshod, Mangrol, Malia, Patan-Veraval, Sutrapada and Kodinar have the facilities of Power supply. Out of 11 Talukas/ C.D. Blocks, except C.D. Blocks of Junagadh, Bhesan, Visavadar, Mendarda Taluka and Una; 100 per cent population of remaining 8 C.D.Blocks has Education facility. Medical facility is available to 100 per cent population of Keshod, Malia, Patan-Veraval and Sutrapada, Improved drinking water facility is available to cent percent population of Vanthali, Mendarda, Keshod and Malia, Transport Communication facility is available to 100 per cent population of only one C.D. Block, i.e. Mendarda and facility of Approach by pucca road is available to 100 per cent population of Keshod, Sutrapada and Kodinar.

TABLE 39

DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES, ARRANGED BY DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE, 2001

Sl. No.	Village Not Having The Amenity of	Distance Range of Place from the Villages where the Amenity is available			
		Less than 5 Kilometres	5-10 Kilometres	10 + Kilometres	Total (Col. 2-4)
1	2	3	4	5	6
1.	Education :-				
	(a) Primary School	27	27	11	65
	(b) Middle School*	0	0	0	0
	(c) Degree College	87	145	685	917
2.	Medical:-				
	(a) Hospital	95	179	642	916
	(b) PHC	245	296	332	873
3.	Post Office	287	108	64	459
4.	Telephone	94	53	111	258
5.	Bus Service	47	35	12	94
6.	Banks				
	(a) Commercial Bank	277	281	285	843
	(b) Co-operative Bank	185	241	443	869
7.	Agricultural Credit Societies	229	106	87	422

Note :* In Gujarat state, the levels of education are classified as under
(i) Primary school (from std. I to VIII passed)
(ii) Secondary / Matriculation (from std. VIII to X passed)
(iii) Higher Secondary (from std. X to XII passed) Hence, the details under 1(b) are not shown.

Table 39 shows distribution of villages not having certain amenities, arranged by distance ranges from the places where these are available. It can be seen that 27 villages have primary school and 87 villages have Degree College within areas of 5 kms while 27 villages have primary school and 145 villages have Degree College at a distance of 5-10 km. Maximum of 685 villages have Degree College at a distance of 10 km. and more. Only 11 villages are having primary school at a distance of 10 km. and more.

As far as medical facilities is concerned, 95 villages have hospital facility and 245 villages have PHC at a distance of less than 5 kms while 179 villages have Hospital and 296 villages have PHC at a distance at a distance of 5 to 10 kms. As many as 642 villages have Hospital and 332 villages have PHC at a distance of 10+ kms. Only 287 villages have Post Office, 94 have Telephone and 47 villages have bus service at a distance of less than 5 kms. As low as 108 villages have Post Office, 53 have Telephone and 35 villages have bus service at a distance of 5 to 10 km. As many as 64 villages have Post Office, 111 villages have Telephone and 12 villages have bus service at a distance of 10+ more km. 277 villages have commercial banks, 185 have co-operative banks and 229 villages have Agricultural Credit Society within 5 kms while 281 villages have commercial banks, 241 have co-operative banks and 106 villages have Agricultural Credit Society at a distance of 5 to 10 km. As many as 285 villages have commercial banks, 443 have co-operative banks and 87 villages have Agricultural Credit Society at a distance of 10+ km.

TABLE 40

Post office includes Post office, Telegraph office and Post and telegraph office.
$ Transport / communication includes bus service, rail facility and navigable waterways.

Table 40 reveals distribution of villages according to the distance from the nearest statutory town and availability of different amenities. Out of 923 inhabited villages, 43 villages are situated at a distance of less than 5 kms from the nearest town. All these 43 villages have educational facility. Out of these 43 villages, 41 villages have facilities of medical and Approach by pucca road. 37 have Transport Communication facility, 35 have facility of Telephone, 23 have facility of Agricultural Credit Society, 21 villages have facility of Post Office and only 9 villages have banking facility.

Out of total villages, 448 villages are situated at a distance of 5 to 15 kms from the nearest statutory town. Out of these 448 villages, 406 villages have facility of education, 393 have medical facility, 391 villages have facility of Transport Communication, 376 have facility of Approach by pucca road, 339 villages have facility of Telephone, 232 villages have Agricultural Credit Society facility, 220 villages have facility of Post Office and only 50 villages in this range have banking facility.

There are 429 villages located at a distance of 16 to 50 kms from the nearest statutory town. Out of these 429 villages, education facility is available to 406 villages and Transport Communication facility is available to 402 villages. In this range 368 villages have medical facility, 347 have facility of Approach by pucca road, 290 have facility of Telephone. 245 villages have Agricultural Credit Society facility, 225 villages have facility of Post Office and only 44 villages in this range have banking facility.

Out of total villages, 3 villages are located at a distance of 51+ kms from the nearest statutory town. All these 3 villages have education facility and Transport Communication facility while 2 villages in this range have facility of Approach by pucca road and only one village in this range has facilities of medical, telephone and Agricultural Credit society. Banking facility is not available to any of these three villages in this range. There is no village in the range ‘Unspecified’.

TABLE 41

Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport / communication includes bus service, rail facility and navigable waterways.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

Table 41 shows distribution of villages according to population range and amenities available. There are 8 villages in the population range of 10,000 and more. Except facility of Agricultural Credit Society, which is available to 7 villages in this range; all other amenities are available to all these 8 villages. There are 43 villages in the range of 5,000-9,999 and all these villages have facilities of education, medical, telephone, transport communication, approach by pucca road and power supply. In this range, 42 villages have facilities of Improved drinking water and Post office. 41 villages have facilities of Agricultural Credit Society and 33 villages have banking facility. There are 241 villages in the population range of 2,000-4,999. All these 241 villages have facilities of education and power supply. 236 villages have facility of Transport communication, 235 have Improved drinking water facility, 205 villages have facility of Post Office, 188 villages have Telephone facility, 178 villages have Agricultural Credit Society and only 47 villages in this range have banking facility. There are 338 villages in the population range of 1,000-1,999. Only facilities of education and power supply are available to all these 338 villages. Availability of other amenities varies between 14 villages (banking) and 328 (Transport Communication) villages. There are 180 villages in the population of 500-999 and the availability of different amenities varies from 179 (Power supply) villages to 1 (Banks) village. There are 113 villages in the lowest population range of 1-499. In this range no village has banking facility and the maximum numbers of village, i.e. 92 have facility of Power supply. Thus, it can be observed that villages in the higher population range enjoy more facilities as compared to villages having the lower population ranges.

TABLE 42

DISTRIBUTION OF VILLAGES ACCORDING TO LAND USE, 2001

Sl. No.	Name of Taluka/ C. D. Block	Number of Inhabited Villages	Total Area (In Hectare)	Percentage of Cultivable Area to Total Area	Percentage of Irrigated Area to Total Cultivable Area
1	2	3	4	5	6
1	Manavadar	55	53,365.2	83.5	12.4
2	Vanthali	46	35,490.5	82.7	31.1
3	Junagadh	75	46,208.9	82.1	51.6
4	Bhesan	44	43,860.1	82.5	33.6
5	Visavadar	86	71,339.2	76.7	32.3
6	Mendarda	45	35,776.5	66.7	38.9
7	Keshod	53	51,474.5	82.8	17.7
8	Mangrol	63	53,759.6	79.6	22.7
9	Malia	63	51,815.0	66.3	26.6
10	Talala	69	48,091.5	61.5	20
11	Patan-Veraval	55	31,995.9	59.5	44.2
12	Sutrapada	47	32,671.5	65.7	39.4
13	Kodinar	63	52,023.0	77	55.2
14	Una	159	90,796.5	68.4	51.5
	District Total:	**923**	**698,667.8**	**74.2**	**34.1**

Note : - Cultivable area = irrigated area + unirrigated area

Table 42 reveals distribution of villages according to land use. It also gives the details of total area and cultivable area available to the inhabited villages in the district. It can be seen that there are 923 inhabited villages in the district and the total area of these villages is 698,667.8 hectares. It can also be seen that 74.2 per cent of the total area is cultivable area in which 34.1 per cent of total cultivable area is irrigated. Among C.D. Blocks the highest area of 90,796.5 hectares is recorded in Una spread in the highest number of villages i.e. 159. In percentage term the highest of 83.5 percent cultivable area to total area is registered in Manavadar while the highest of 55.2 per cent irrigated area is recorded in Kodinar.

Note : *Town having outgrowths

Table 43 gives the details of per capita receipt and expenditure in statutory towns of the district. The per capita receipt of the district is Rs. 588.7. This is made by contribution of Rs. 263.5 through taxes and Rs. 325.2 from all other sources. The per capita expenditure of the district is Rs. 548.9. Out of these Rs. 96 are spent on General Administration. Rs. 77.4 are spent on Public Health and Convenience, Rs. 80.5 are spent on Public Works, Rs. 16.2 are spent on Public Institutions and Rs. 278.9 are spent on other items. Among towns the highest per capita receipt of Rs. 1,048.7 is recorded in Una (M) and the lowest of Rs. 28.2 in Joshipura (M). The highest per capita expenditure of Rs. 962.3 is recorded in Una (M) while the lowest per capita expenditure of Rs. 28.5 is recorded in Joshipura (M).

TABLE 44

SCHOOLS/COLLEGES PER 10,000 POPULATION IN STATUTORY TOWNS, 2001

Sl. No.	Name of Urban Status of Town	Type of Education Institution				
		Primary	Junior Secondary / Middle@	Secondary / Matriculation	Senior Secondary	College

	District Total :	**3.2**	**0**	**1**	**0.6**	**0.3**

Note : @ In Gujarat State, the levels of education are classified as under

(i) Primary (from Std. I to VII passed)
(ii) Secondary/Matriculation(From Std. VIII to X passed)
(iii) Higher Secondary (From Std. XI to XII passed), So, Middle School is 0.
* Town having outgrowths

Table 44 shows the details of schools/colleges per 10,000 populations in statutory towns of the district. There are 3.2 primary schools, 1 secondary school, 0.6 senior secondary school and 0.3 colleges per 10,000 populations in the district. Among towns the highest number of primary school i.e. 8.7 is recorded in Keshod (M) while the lowest number of 0.3 is recorded in Joshipura (M) per 10,000 populations. The highest number of secondary schools (3.9) and senior secondary schools (2.6) are recorded in Bantwa (M). The lowest number of secondary schools (0.3) is recorded in Joshipura(M) while the lowest number of senior secondary schools (0.3)is recorded in Junagadh (M) and Veraval(M). Joshipura (M) does not have any senior secondary school. Among towns Bantwa (M), Chorvad (M) and Vanthali (M) do not have any College per 10,000 populations. The highest number of Colleges i.e. 0.7 per 10,000 populations is recorded in Joshipura (M) closely followed by Keshod (M), Kodinar (M) and Visavadar (M) each having 0.6 College per 10,000 populations. The lowest number of 0.3 College per 10,000 populations is recorded in Veraval(M).

TABLE 45

NUMBER OF BEDS IN MEDICAL INSTITUTIONS IN TOWNS, 2001

Sl. No.	Name and Urban Status of the Town	Number of Beds in Medical Institutions per 10,000 Population
1	2	3
1	Bantwa(M)	3
2	Chorvad(M)	30

9	Una(M)	49
10	Vanthali(M)	9
11	Veraval (M)	20
12	Visavadar(M)	33
	District Total :	**32**

Table 45 gives number of beds in medical institutions per 10,000 populations in each town of the district There are 32 beds in medical institution of the towns of the district per 10,000 populations. The highest numbers of 76 beds per 10,000 populations are recorded in Keshod (M), while there is no bed reported per 10,000 populations in Joshipura (M). There are only 3 beds per 10,000 population in Bantwa(M).

TABLE 46

PROPORTION OF SLUM POPULATION IN TOWNS, 2001

Sl. No.	Name of the Town	Total Population	Slum Population	Percentage of Slum Population to Total Population
1	2	3	4	5
1	Bantwa	15,218	8,913	58.6
2	Chorvad	21,240	4,500	21.2
3	Junagadh	223,341	29,690	13.3
4	Keshod	63,257	11,105	17.6
5	Una	51,261	5,660	11
6	Vanthali	15,858	10,671	67.3
7	Veraval	158,032	4,629	2.9
	District Total :	**548,207**	**75,168**	**13.7**

Table 46 shows proportion of slum population in towns of the district. As the data reveals the total population of 7 towns of the district where slums are reported is 548,207. The slums population is of these 7 towns is 75,168 which is 13.7 per cent of the total population of these towns. Among these 7 towns, the highest slum population of 29,690 is recorded in Junagadh whereas the lowest slum population of 4500 is recorded in Chorvad. In percentage terms, Vanthali has recorded the highest of 67.3 per cent slum population while the lowest of 2.9 per cent is recorded in Veraval.

TABLE 47

MOST IMPORTANT COMMODITY EXPORTED OUT OF AND MANUFACTURED IN TOWNS, 2001

Sl. No.	Name and Urban Status of Town	Most Important Commodity	
		Manufactured	Exported
1	2	3	4
1	Bantwa (M)	Cotton Bales	Groundnut Oil
		Groundnut Oil	Sugar Product
		Foodgrains	Groundnut Oil Cakes
2	Chorvad (M)	Banana, Chikoo	Fish
		Coconut	Coconut
		Beleaf Leaves	Banana, Chikoo
3	Joshipura (M)	Groundnut	Groundnut
		Foodgrains	Food Grains
		Vegetables	Vegetable

		Cement	Cement
		Sugar	Groundnut
7	Manavadar (M)	Vegetable Ghee	Vegetable Ghee
		Cotton Bales	Cotton Bales
		Groundnut Oil	Filtered Oil
8	Mangrol (M)*	Groundnut	Fish Powder
		Roof Tiles	Chemical Fertilizers
		Fish Powder	Groundnut Oil
9	Una (M)	Sugar	Groundnut
		Gur	Wheat
		Product Of Cement	Vegetable
10	Vanthali (M)	Mango, Chikoo	Groundnut Oil
		Gur	Mango, Chikoo
		Groundnut Oil	Gur
11	Veraval (M)*	Fish & Fish Products	Fish
		Rayon Yarn	Onion
		Onion	Rayon Yarn
12	Visavadar (M)	Edible Oil	Groundnut
		Groundnut	Wheat
		Wheat	Pulses

*Towns having outgrowths

Table 47 gives the details of most important commodity exported out of and manufactured in each town of the district.

The most important commodities manufactured in the towns are groundnut, groundnut oil, edible oil, foodgrain, gur, sugar, onion, mangoes, coconut, banana, chickoo, vegetables, castor seed, beleaf leaves, cotton bales, tin container, plastic goods, cement, vegetable ghee, product of cement, fish and fish products, rayon yarn and roof tiles. The district is famous for groundnut oil and mangoes especially in variety of mangoes.

All the items manufactured are also exported out of the towns. Besides above items, other items, which are exported from the towns of the district, are stones, chemical fertilizer, pulses and iron furniture.

Source : Census of India 2001, H- series: "Tables on Houses, Household amenities and Assets."

Table 48 details the number of households by tenure status and number of rooms occupied in the district. There are total of 432,201 households in the district. Out of these 302,915 (70.1 per cent) households are in the rural areas and 129,286 (29.9 per cent) are in urban areas. Out of total households, 47,226 (10.9 per cent) belong to Scheduled Castes and 7,374 (1.7 per cent) households belong to Scheduled Tribes. Out of total of 432,201 households of the district 373,922 (86.5 per cent) households are living in owned house, 49,104 (11.4 per cent) have rented house and tenure status of remaining 9,175 (2.1 per cent) households is other(s). Out of total district households majority of households i.e. 185,650 (43 per cent) have one room house, 151,655 (35.1 per cent) have two-room house, 53,103 (12.3 per cent) households have three room accommodations and 39,536 (9.2 per cent) households have accommodation of 3 rooms and more. There are 2,257 (0.5 per cent) households in the district who are living without any exclusive room.

It can be observed that 91.2 per cent of rural households are living in owned house while in urban areas 75.6 per cent of households are having their own house. 91.2 per cent of Scheduled Castes households and 78.4 per cent of Scheduled Tribes households are living in their owned houses.

Source : Census of India 2001, H - series : "Tables on Houses, Household amenities and Assets.

Note : Permanent : Permanent houses refers to those houses whose wall & roofs are made of pucca materials i.e., where, burnt Bricks, G.I. Sheets or other metal sheets, stone cement concrete is used for wall and tiles, slate, shingle, corrugated iron, zinc or other metal sheets, asbestos sheets, bricks, lime and stone and RBC/RCC concrete are used for roof

Semi permanen : Semi-permanent houses refer to those houses made of other types of materials.

Temporary : Temporary houses refers to those houses having wall and roofs made of Kachcha materials i.e. where grass, leaves, reeds, bamboo mud, unburnt bricks etc. are used for the construction of walls and grass, leaves, reeds, bamboo hatch, mud, unburnt bricks, wood etc. are used for roofs.

Table 49 shows percentage distribution of households living in permanent, semi permanent and temporary houses in the district. Only 1.0 per cent of households have temporary houses. 10.2 per cent have semi permanent houses, i.e. house made of other type of material and majority of households, i.e. 88.8 per cent in the district have permanent houses, i.e. house made of pucca materials. In rural areas 85.8 per cent households are living in permanent houses, 13.0 per cent are living in semi permanent houses and 1.2 per cent houses are living in temporary houses. In urban areas 95.6 per cent of households are living in permanent houses, 3.8 per cent are living in semi permanent houses and only 0.7 per cent households are living in temporary house. It is thus revealed that houses of permanent nature are comparatively more in urban areas. At talukas level 95.5 per cent households in Sutrapada and 74.4 per cent households in Visavadar are living in permanent houses.The highest and the lowest proportion of semi permanent houses are recorded in Visavadar for 23.9 per cent and in Sutrapada at 4 per cent respectively. The proportion of temporary houses varies from 0.3 per cent in Patan-Veraval to 1.9 per cent in Bhesan.

Source : Census of India 2001, H- series: "Tables on Houses, Household amenities and Assets."

Note : * Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump/tube well situated within or outside the premises it is considered as having access to `Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

@ Bathroom means bathroom within the house.

$ Toilet means toilet within the house.

Drainage means closed and open drainage.

Percentage is given in brackets after the number of households.

Table 50 reveals percentage of households having improved drinking water source, electricity, bathroom, toilet and drainage facility in the talukas of the district.

The data indicates that 78.6 per cent of total households have Improved drinking water and 94.4 per cent have electricity facilities. 50.9 per cent households have bathroom and 43.0 per cent households have toilet facilities within the house. Only 28.2 per cent of households in the district have closed and open drainage.

In rural areas 73.5 per cent households have Improved drinking water facility, 93.4 per cent have electricity, 40.5 per cent have bathroom, 27.4 per cent have toilet and only 12.0 per cent have drainage facility. Availability of source of Improved drinking water and facilities like bathroom, toilet and drainage are more in urban household as compared to rural though the source of electricity is available to 96.6 per cent households of urban areas and 93.4 per cent household of rural areas

Among talukas the highest and the lowest proportion of households having Improved drinking water sources are found in Mendarda for 96.8 per cent and in Mangrol for 42.9 per cent respectively. As regards the facilities of electricity the proportion of households having such facilities varies between 91.1 per cent households in Malia and 96.9 per cent households in Manavadar. The highest and the lowest proportion of households having bathroom facility are recorded in Junagadh district for 69.6 per cent and in Malia for 35.6 per cent respectively. As regards toilet facility the proportion of households having toilet facility varies from 16.8 per cent in Sutrapada to 70.6 per cent households in Junagadh. The highest of 62.0 per cent households are having the drainage facility in Junagadh whereas only 10.6 per cent households in Una are having such facility.

Source : Census of India 2001, H- series: "Tables on Houses, Household amenities and Assets."
Note: percentage in brackets

Table 51 gives the details about the percentage distribution of households by type of fuel used for cooking purpose.

There are nine types of fuel used for which data is presented in this table. It can be seen that firewood is widely used fuel in the district as out of 432,201 households in the district 206,580 (47.8 per cent) households use firewood for cooking. 59.1 per cent of rural households and 21.3 per cent of urban households use firewood. 19.7 per cent households in Bhesan and 79.7 per cent households in Sutrapada use firewood as cooking fuel. Use of firewood is more prevalent in rural areas in comparison to urban areas. Use of LPG is next to firewood as it is used by 20.0 per cent households in the district. 5.8 per cent of rural households and 53.3 per cent of urban households use LPG as fuel for cooking. The use of LPG is comparatively more prevalent in urban areas. The usage of LPG among the households of the talukas varies from 6.1 per cent of households in Malia to 48.1 per cent of households in Junagadh.

Kerosene is used by 11.7 per cent of households while cowdung cake is used by 10.2 per cent of households in the district. 8.9 per cent of rural households and 18.4 per cent of urban households use kerosene, 13.3 per cent of rural households and only 2.7 per cent of urban households use cowdung cake as fuel for cooking. Crop residue is used by 7.0 per cent of households in the district. In rural areas 9.0 per cent households and in urban areas 2.4 per cent of households use crop residue as fuel. Biogas is used by 2.4 per cent households in the district. The usage of other fuel such as electricity, coal and others is not so significant. No cooking is reported for 0.3 per cent households in the district.

Source : Census of India 2001, H- series: "Tables on Houses, Household amenities and Assets."

Table 52 shows number of households availing banking services and number of households having each of specified assets. There are 432,201 households in the district. Out of them 178,635 or 41.3 per cent households are availing banking services, 38.6 per cent households in rural areas and 47.7 per cent of urban households are availing banking services. As regards specified assets 34.9 per cent households in the district have Radio/Transistor, 41.4 per cent have TV, 10.6 per cent have Telephone, 39.3 per cent have bicycle, 20.5 per cent have scooter/motor cycle/moped, and 2.4 per cent households have car/jeep/van. 29.1 per cent of total households i.e. 125,578 households in the district do not have any of the specified assets.

In rural areas 33.7 per cent households do not possess any of the specified assets whereas 18.3 per cent of urban households are deprived of such specified assets.

In rural areas 35 per cent households have Radio/ Transistor, 30.7 per cent have TV, 5.1 per cent have Telephone, 37.9 per cent have bicycle, 17.0 per cent have scooter etc. and 2.0 per cent households have car etc. In urban areas 34.6 per cent households have Radio/Transistor, 66.4 per cent have TV, 23.4 per cent have Telephone, 42.8 per cent have Bicycle, 28.7per cent have scooter etc. and 3.2 per cent households have car etc.

At taluka level 18.4 per cent households in Junagadh taluka do not have any of the specified assets which indicate that almost 82 per cent of households in Junagadh do possess one or more of the specified assets. In Una 40.5 per cent of households do not have any of the specified assets showing the highest proportion among all the talukas.

As far as banking facilities are concerned 30.2 per cent of households in Sutrapada are availing banking facilities, which are the lowest in the district. The highest of 51.2 per cent households are availing banking facilities in Junagadh taluka.

(viii) Major Social and Cultural events, natural and administrative developments and significant activities during the decade.

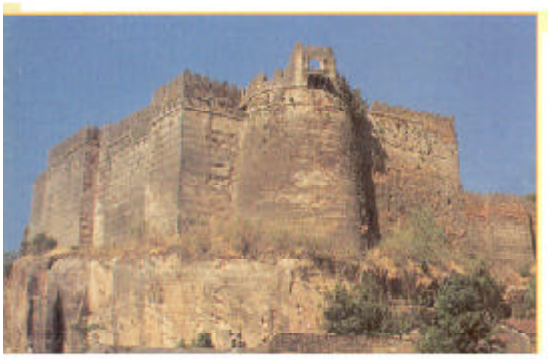

In Year 1997 Government of Gujarat had reconstituted Junagadh district and created new district Porbandar vide the Government Notification No.GHM-97-84-M-PFR-1097-L dated 24th September 1997. Porbandar, Ranavav and Kutiyana talukas were transferred from Junagadh district to Porbandar district.

No other social and cultural events worth mentioning took place during the decade.

(ix) Brief description of places of religious, historical or archaeological importance in villages and places of tourist interest in the towns of the district.

Name of Taluka : Junagadh
Name of Town : Junagadh
Location Code : 41205000

Junagadh is a city of memorials and monuments. The history of Junagadh is very rich. It dates back to Chudasama Kings and even Rudradaman, Ashoka, the great and Lord Krishna. That makes it ancient. There are many places worth visiting once in Junagadh.

(Uparkot)

The entrance of the Uparkot, within the outer gate, is a fine specimen of the old Hindu Toran or an arch. The Uparkot also contains a Buddhist cave monastery constructed in about 300 AD. The outstanding feature of the structure is a hall, connected by a winding staircase to an upper chamber, which seems to have served as a refractory. There are two step-wells, one of which, the Adi Kadi Vav (15th century) named after two maid servant of Ra' Navghan, has a long staircase. Ra' Navghan started building 'The Navghan well which was completed by his son in the 11th Century. The well is cut to a great depth out of soft stone has an imposing circular staircase.

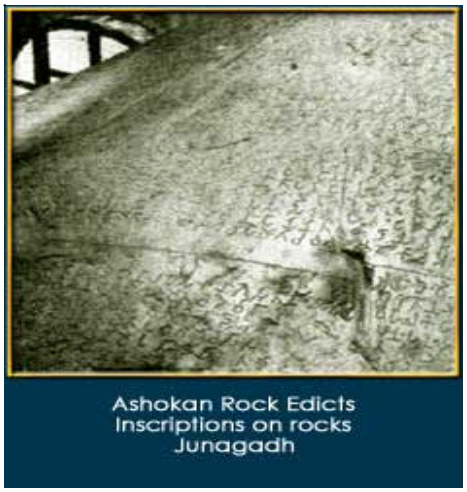

(Narsinh Mehta)

On the eastern side of the town near the Majevadi gate, there is a place called Narsinh Mehta's Choro. This humble yet greatly revered place is said to be one where the great saint poet Narsinh Mehta used to hold religious discourses during the 15th century. This renowned son of Junagadh was a Vadnagara Nagar by caste and was a great poet, philosopher, scholar, devotee and above all a social reformer. The Chora fell into disuse after his demise till it was repaired in the 18th century. It contains a circular platform on which Narsinh Mehta used to sit. There is a small temple of Gopnath and the idol of Shri Damodarrayji as also an image of Narsinh Mehta. It is managed by committee of the Nagar community.

(The Girnar)

The Mount Girnar is known as Ujjayant, Urjayant or Raivatak. It called Girinarayan in later and is now called Girnar.The sacred Mount Girnar with its rugged pinnacles and the winding flights of steps to the east of the city of Junagadh with five peaks, namely. (1) Amba Mata (or the Girnari goddess) crowning the first peak visited by the newly weds to ensure nuptial bliss.(2) Gorkhnath, the highest of all and the culminating point of Girnar, 3,065 feet above sea level.(3) The Oghad Sikhar (4) Guru Dattatray, on the top of this loftiest crag clings a little shrine dedicated to Gorakhnath and (5) Kalka's peak supposed to be the resort of Aghoris.

(Stone Inscription)

At the foot of the hill lie the well-known 14 rock edicts of the King Ashoka (257-56 BC) shown in solid boulder measuring 20 x 30 feet in the Pali script and incriptions by Rudradaman (150 AD). and Skandgupta (450 AD) in Brahmi script.

(Mahabat Makbara)

The Makbara or the mausoleum built over the grave of Nawab *Mahabatkhanji* II is located in Junagadh city. The grand edifice represents a specimen of local Junagadh architecture. The main dome of the makbara has around it minor domes and cupolas. The small turrets are built in a crowded arrangement. The wall have flutings that rise to the parapet. The floral designs and stucco work are done on the walls. The impression the makbara presents is of mixed Islamic and European (Italian) styles. It was built in 1892 A.D. Adjacent to is Vajir Bahauddin's Makbara built in the same style, but has beautiful corkscrew minarets on its four sides.

Name of Taluka : Junagadh
Name of Town : Somnath
Location Code :00868200

(Somnath Temple)

Somnath is one of the biggest and most important centres of strength, devotion and culture in India. The temple of Somnath is a symbol of breaking and making of conscience of Indian civilization. It is the seat of one of the twelve Jyotirlingas of Shiv, which are believed to be Swayambhu or self emerged and not installed or established by any one. Dating back its origin to the Vedic times this place was called Bhairveshwar in the Satya-yug, shravanikeshwar in the Treta yug, the Shrigaleshwar in the Dwapara yug and Somnath in the present Kaliyug.

The temple is on the sea shore. On the coast line of Somnath *Hiran river* meets the Ocean at one place. It is considered to be a holy *'Triveni Tirth'*, the place of pilgrimage where three rivers/ocean meet. Then there is a place where Lord Krishna breathed his last.

Name of Taluka : Junagadh
Name of Village : Tulsishyam
Location Code : 00886100

(Temple of Tulsishyam)

Tulsishyam is a forest village and holy place of scenic beauty. On a hill 100 feet high in the midst of the Gir forest. It was an ancient temple dedicated to Lord Krishna about 30 km north of Una. The Puranas described this place as "Taptodak" or the place of hot water. There are seven tanks of hot sulphur water. The temperature of the water is about 70 to 80 degrees. There are steps in the tanks so that one can easily get in to take a dip. Each tank is 20 mt. wide, 7 mt. long and 3 mt. deep. About 4 km from Tulsishyam is a ravine called Bhim *Chas* into which the river Zamari falls. It is said that Bhim, the second among the five Pandvas brothers kicked against the ground at this spot and got water to quench thirst of his mother Kunti in whose memory a temple has been built.These seven Kunds of Tulsishyam and the Bhim Chas are declared as protected monuments.

Name of Taluka : Junagadh
Name of Village : Sasan
Location Code : 00854900

(Gir Sanctuary)

Sasan village is the headquarters of *Gir Sanctuary*/ National Park. There is an office and a beautiful guest house. The Sasan railway station is just one furlong off from the guest house. The Veraval railway junction is 35 kms away. Gir today is the only place in the world, outside Africa, where the lion can be seen in its natural habitat. From Biblical times till a hundred years ago, the Asiatic lion roamed over a vast area ranging from Greece through West Asia to Bengal and Bihar. The last lion seen outside Gir was in 1884, and the king of the jungle has taken his final refuge in Gir. Even in Gir the number of lions had dwindled to as low as just 15 around 1910. Serious and timely protection measures have raised their numbers to just over 300. Gir is the only place in the World, outside of Africa, which offers total protection to this majestic

animal. Though known the world over mainly for its lions, Gir is one of the few remaining forests comprising diverse habitats – open scrub country, dry deciduous and tropical thorn forest and an evergreen corridor along the river sides. The forest also harbours a variety of birds. Other main predators are the powerful panther and the striped hyena. Sambar, the largest Indian deer, chital (spotted deer), nilgai (blue bull), chinkara and the unique chowsingha (four-horned antelope) are among the ungulates found here. Another attraction is the crocodile farm developed in forest as well as Kamleshwar dam where large populations of marsh crocodiles can be seen. It is said that had Gir not been a lion sanctuary, it would have been termed one of the finest bird sanctuaries in Gujarat. Some of the typical birds of Gir are the creasted serpent eagle, creasted hawk eagle, brown fish owl, king vulture, jungle bush quail, painted sandgrouse, paradise fly catcher, white breasted minivet, pigmy woodpecker, black headed oriole, creasted swift and pitta. Adholia, Valadara, Ratanghuna and Pilipat are places rewarding for bird watching. This area is called the Gir Interpretation Zone-Devalia. The facility remains closed every Wednesday.

Sources : (1) District Gazetteer. (Junagadh District)
(2) Gujarat tourism.

(x) Major characteristics of the district, contribution of the district in the form of any historical figure associated with the district. :

Junagadh district is endowed with economic resources viz. agricultural land and industries. This district is famous for its groundnut and kesar *mangoes, cash crops*. Along with these cash crops bajri, jowar, paddy and other oil seeds are also grown in this district. This district has 261 kms. (Incl.Porbandar) long coast line and has a considerable fishing activities of fresh and dry fishes. Important varieties of fish in the district are Bombay Duck, Colia, prawns and mullet. Various types of minerals are available in the district. Among them, calcite, mari clay and limestone are very important. For this production, skilled and unskilled workers are engaged in various industries. In this district many industries have been established by government and private sector. Major portion of this district is covered with forests. More than 22.65% of the total geographical area is under forest. The chief forest products are gorad, Baval, Vikalo, Ingor, Saledi, Dhavado, Sajad, Teak, Deshi Babul, arthi, ardusso and semal.

In this district generally the main community is the maldhari charan. The maldhari charans are a section of people living in dense forests of Gir in Junagadh. Cattle rearing especially buffaloes and agriculture are their main occupations. They live in thatched huts on slopes of big hills in a group of ten to twenty huts called 'Nes' (a cluster of huts). Such clusters are spread over a large area in the forest. These huts are called 'Zok'. The Charan women usually wear brownish cloth in place of petticoats like a loongi. The cloth is either embroidered or printed at the border. This specific type of cloth is called 'Jimi'. The top garments of the women generally consist of stringed blouses. They cover the head with Chhint or thin woolen blanket either black or red. The maldhari women are very fond of silver ornaments. Vedha and kadala i.e. rings with more turns and thick bangles are their chief possessions. The Anklets, the earrings, the necklace and a small nose-ring are among their different ornaments. Small ornaments are also made from the buffalo horn.

Bhavnath fair is held during the 'Mahashivratri Parva', i.e. from Maha Vad 11 to Amavasya at Bhavnath near Junagadh. On the first day of the fair, a new flag is hoisted on the temple. About 300 stalls with articles of port artisans are erected there. People from all walks of life come here to attend the fair and Mahapuja which is performed on Mahashivratri day Maha Vad 14. They sing Bhajans-Dhuns in groups for the whole night. The visitors take bath in Mrigikund and seek 'Moksha'. The belief is that Lord Shiva comes on this day to the shrine. Many Mahatmas of mount Girnar which is believed to be the abode of nine Naths and eighty four Siddhas including Bhartruhari, Gopichand and Ashwasthama, come to this Mrigikund in disguise.

Dilip Dholakia (1921)

Dilip Dholakia was born in Nagar community of Junagadh. He obtained his B.A. with honours in Sanskrit and Gujarati literature. He served the provincial government of Bombay and the Central Government from 1942 to 1946. Then he left the job and joined film industry. He worked as assistant to music directors Chitragupta and S.N. Tripathi up to 1972. He became assistant to Laxmikant-Pyarelal. He found an opportunity to become independent music director in a film titled 'Baghdad Ki Raaten' in 1956. The film was released very late in 1964. Dilip Dholakia also gave his voice for Gujarati and Hindi films. The popular Gujarati song from the film *'Deevadandi'* was in his playback. The words were *"Tari Aankh no afini"*. Dilip Dholakia

composed music for about 35 Gujarati and Hindi movies. *' Kanku', 'Mena Gurjari'* and *'Dakurani Ganga'* were among the few Gujarati movies. He did not find the music director's job very lucarative and hence preferred to be a music technician. He has given number of compositions in light music.

Pingalshi Gadhavi (1914)

Pingalshi Gadhvi is credited with a lot of contributions in folk literature. He was born in Chhatrava(Ghed) village in Junagadh district. His father Maghanand Gadhvi had an outstanding voice. Though an uneducated, he spread a wave of music on the people of Gujarat as well as Bombay. Pingalshibhai studied only up to fifth standard. In spite of his little study, he was gifted with good voice and he could write poems with utmost case. About nine collections of his poetry, flown of folk stories, two novels, four plays and several criticisms have been published. Pingalshibhai moved round the country and travelled to East African countries for the propagation of folk literature. He has presented several programmes of folk-literature from Rajkot station of AIR and Doordarshan. Pingalshibhai has been awarded with several prizes. He has also been actively associated with number of institutions and committees either as a member or as an office bearer. He served as principal at folk literature schools of Junagadh and Jamnagar. He was honoured and felicitated by Saurashtra University in 1969, Aryakanya Gurukul, Porbandar in 1972 and felicitation committee, Bombay in 1980.

(xi) Scope of Village Directory and Town Directory :

As mentioned earlier, the District Census Handbook is brought out in two parts-Part A and Part B. Part A covers the non-census data of village directory and town directory whereas part B covers the primary census abstract data of 2001 Census. The scope of village directory and town directory is discussed below.

Scope of Village Directory

For the census work, the villages in the district have been arranged taluka wise and within the taluka they are shown location code wise. Each village is assigned a location code number for the purpose of identification. In 2001 Census, all the villages have been given unique 8-digit code number, which will remain constant across the census, and shall make it easy to do comparative study. Eight digit code's last two digits are especially provided to take into account exigencies arising due to jurisdictional changes of villages by partition, amalgamation etc. This time it has been kept '00'. Prior to the village directory information, a map and alphabetical list of villages for each taluka is given in Part A. Village directory contains the non-census data of each village. It gives the village wise basic information relating to infrastructure and amenities available in the sphere of education, medical, drinking water, power supply, post and telegraph, communications, approach road to village and distribution of land use area. In addition, it contains information about total area of each village, total population and number of households and the nearest town and its distance from the village. The information on number of households and total population has been included with a view to examine the co-relation of amenities with the number of households and population they serve. If an amenity is not in existence in the referent village, the distance in broad ranges from the nearest place along with name, where the amenity is available is given. The broad range are (-5 kms), (5-10 kms.) and (10+ kms.). Some additional information has been added viz.(1) Number of Banks, (2) Credit Societies, (3) recreational and cultural facilities, (4) Receipt of Newspaper / Magazine, (5) Income & Expen-diture of the village and (6) Name of the three most important commodities imported, manufactured/ produced & exported. One information has been deleted this time, i.e., Market & Hat facility.

The village directory also carries the following appendices.

Appendix-I	It gives the taluka wise abstract of educational, medical and other amenities available in the villages of the district.
Appendix-I-A	Indicates number of villages Taluka wise having one or more primary schools.
Appendix-I-B	Indicates number of villages Taluka wise having primary, middle and secondary schools.
Appendix-I-C	Shows number of villages Taluka wise with different sources of drinking water facilities.

Appendix-II	Indicates the list of villages with 5,000 and above population which do not have one or more important amenities.
Appendix-II-A	Indicates list of Census Towns which do not have one or more amenities.
Appendix-III	It gives the land utilization data in respect of Census Towns/non-municipal Towns.
Appendix-IV	Taluka wise list of inhabited villages where no amenity other than drinking water facility is available.
Appendix-V	Summary showing number of villages not having Scheduled Castes population.
Appendix-VI	Summary showing number of villages not having Scheduled Tribes population.
Appendix-VII-A VII-B	The appendix shows the list of villages according to proportion of the Scheduled castes and Scheduled Tribes to the total population by ranges.
Appendix-VIII	Indicates Taluka wise number of villages under each Gram Panchayat.
Appendix-IX	Shows number of different types of girls school in a village.

Scope of Town Directory

Town Directory covers the non-census data for each town. It presents important and useful information like civic and other amenities available in all the towns of the district. The information in town directory is covered in following seven statements, viz. statements I to VII.

Statement-I	Town wise class, name, civic administrative status of the town, its area, growth rates, density and sex ratio.
Statement-II	Physical aspects of each town.
Statement-III	Income and expenditure of each town.
Statement-IV	Civic and other amenities in respect of each town.
Statement-V	Availability of medical, educational, recreational and cultural facilities in each town.
Statement-VI	Trade, commerce, industry and banking activities in each town.
Statement-VII	Civic and other amenities in slum areas of each town.

In all the Statement except VII the towns are arranged in the alphabetical order within the district. The details of these statements are given in the analytical portion of the town directory. In addition to the above statements, an appendix showing the towns with their outgrowths with population is also given after the town directory statements.

———0———

PART – A
VILLAGE AND TOWN DIRECTORY

SECTION – I VILLAGE DIRECTORY

Section - I Village Directory

(A) Note explaining the abbreviations used in the village directory

The "Village Directory" is one of the traditional compilations of the Census. It gives the list of villages, their location numbers, their area, population, number of households, amenities such as educational, medical, drinking water, post and telegraph, commercial and co-operative banks, agricultural non-agricultural and other credit societies, recreational and cultural facilities, communication, approach to village, nearest town with a distance, power supply availability of newspaper and magazines, most important commodity manufactured and land use of each village.

Village is a statutory recognized unit having a definite boundary and separate land records. In case, a complete village is treated as an outgrowth of urban agglomeration, data on amenities for that village, have not been given in the Village Directory but shown along with the urban component. The villages which are consider as a Census Town , the amenities data are shown in the Town Directory. For those villages which have partly merged in an outgrowth of U.A., the amenities data are shown in the Village Directory for that particular village.

The 'un-inhabited' villages (villages with no population) have been indicated as such after furnishing details in columns 1 to 3 i.e., Serial number, Name of village & location code number and area of the village against column no. 4 to 18. The land use data for such villages are shown in col. 19 to 23

The Village Directory format has 23 columns and the details given under each column are for the village are as follows:-

Column 1 : Serial Number

Self explanatory. All the villages within the CD Block are presented serially in the ascending order of their location code number.

Column 2 : Name and Location Code Number of village.

The name and location code number of the village are shown against these columns. This also includes the forest and uninhabited villages.

Column 3 : Area of the village

The area of the villages in hectares are given. Wherever the area figures was not furnished by the concerned department the column is left blank.

Column 4 : Total Population

The total population of the village as per 2001 Census is given against this column.

Column 5 : Number of Households

The number of households as per 2001 Census is given in this column.

Amenities :

In column 6 to 23, availability in respect of different amenities such as education, medical, drinking water, post, telegraph, banks, credit societies, communication, power, approach road etc. in each village has been depicted with appropriate codes against the column concerned. Wherever the amenities are not available in the village, a dash (-) is shown in the column and next to it in brackets the distance in broad ranges viz.< 5 kms., 5-10 kms. and 10+ kms of the nearest place where the facility is available is given.Column wise details are given below:

Column 6 : Educational

Classes upto class VII included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class VII.

Classes from VIII to X included in Higher secondary school. Classes XI and XII are included in senior secondary school.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

(i)	Primary School	P
(ii)	Middle School	M*
(iii)	Secondary School	S

Note : * - There is no Middle school in the Gujarat State.

(iv)	Senior Secondary School	PUC
(v)	College	C
(vi)	Industrial School	I
(vii)	Training School	Tr
(viii)	Adult literacy class/centre	AC
(ix)	Others (specify) e.g. SanskritPathshala, Senior basic school, Navodaya Vidyalaya, Makhtab,etc.	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

Column 7 : Medical

Availability of medical facility within the village is indicated by following codes :

(i)	Allopathic Hospital	H
	Ayurvedic Hospital	HA
	Unani Hospital	HU
	Homeopathic Hospital	H Hom
(ii)	Allopathic Dispensary	D
	Ayurvedic Dispensary	DA
	Unani Dispensary	DU
	Homeopathic Dispensary	D Hom
(iii)	Maternity & Child Welfare	MCW
(iv)	Maternity Home	MH
(v)	Child Welfare Centre	CWC
(vi)	Health Centre	HC
(vii)	Primary Health Centre	PHC
(viii)	Primary Health Sub-Centre	PHS
(ix)	Family Welfare Centre	FWC
(x)	T.B. Clinic	TB
(xi)	Nursing Home	NH
(xii)	Registered Private Medical Practitioner	RMP
(xiii)	Subsidised Medical Practitioner	SMP
(xiv)	Community Health Worker	CHW
(xv)	Others	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviations, e.g. H(3), D(4), etc.

Column 8 : Drinking Water

The type of the drinking water supply sources available within the village are indicated by codes as follows :

(i)	Tap Water	T
(ii)	Well Water	W
(iii)	Tank Water	TK
(iv)	Tubewell Water	TW
(v)	Handpump	HP
(vi)	River Water	R
(vii)	Canal	C
(viii)	Lake	L
(ix)	Spring	S
(x)	Others	O

Column 9 : Post, Telegraph and Telephone

It is indicated by codes as shown below whether within the village exists the following amenities:

(i)	Post Office	PO
(ii)	Telegraph Office	TO
(iii)	Post & Telegraph Office	PTO
(iv)	Telephone Connection	PH

Column 10 : Commercial and Co-operative Banks

If the village is served by any banking service, commercial bank, co-operative bank etc. the same is indicated in codes mentioned below along with the number of banks in brackets. If not available the distance of nearest place where the facility exist is given:

(i)	Commercial Bank	CM
(ii)	Co-operative Bank	CP

Column 11 : Credit Societies

If the village enjoys the services of Credit Societies i.e. Agricultural Credit Societies, Non Agricultural Credit Society or Other Credit Societies, the same is indicated in codes mentioned below along with the number of such societies in brackets. In case the facility is not available within the village the distance of the nearest place where such facility exist is given :

(i)	Agricultural Credit Society	ACS
(ii)	Non- Agricultural Credit Society	NCS
(iii)	Other Credit Society	OCS

Column 12 : Recreational and Cultural facilities

If facilities such as Cinema/Video hall, Sports Club, Stadium/Auditorium is available in the village, the same is recorded in these columns. If not available the particulars of the nearest place with the facility is recorded. The information is indicated in codes mentioned below along with the number of such facilities in brackets:

(i)	Cinema/Video Hall	CV
(ii)	Sports Club	SP
(iii)	Stadium/Auditorium	ST

Column 13 : Communications

If the village is served by any mode of public/ private transport like Bus, Railway station or Navigable water ways they are to be mentioned as follows:

(i)	Bus	BS
(ii)	Railway Station	RS
(iii)	Navigable Waterway	NW

Column 14 : Approach to Village

Approach to village refers to the state of road leading to village. The approach to the village is indicated in following codes :

(i)	Paved Road	PR
(ii)	Mud road	MR
(iii)	Foot path	FP
(iv)	Navigable River	NR

Column 15 : Nearest Town and Distance

The distance is given in kilometers in brackets against the name of the town nearest to the village.

Column 16 : Power Supply

Availability of Power Supply in the village, whatever may be the form of its use is given by using following codes :

(i)	Electricity for domestic use	ED
(ii)	Electricity for agricultural use	EAG
(iii)	Electricity for other purposes	EO
(iv)	Electricity for all purposes	EA

Column 17 : News Paper/Magazine

If village receives any News Paper/Magazines the same is noted in this column using following codes:

(i)	News Paper	N
(ii)	Magazine	M

Column 18 : Most important commodities manufactured

The name of three most important commodities manufactured in the village is recorded against this column.

Column 19 to 23 : Land use i.e. area under different types of land use

Land use data maintained by the State/UT Govts. are furnished against these columns. The data area under Forest, Irrigated land (by source), Un-irrigated land, Cultivable waste and Area not available for cultivation in the village are shown against these columns. The area figures are given in hectare(s) up to one decimal. Desh '-' is recorded wherever the information is not made available by the concerned department. The codes used for different types of irrigation facilities available in the village are indicated below:

(i)	Government Canal	GC
(ii)	Private Canal	PC
(iii)	Well (without electricity)	W
(iv)	Well (with electricity)	WE
(v)	Tubewell(without electricity)	TW
(vi)	Tubewell(with electricity)	TWE
(vii)	Tank	TK
(viii)	River	R
(ix)	Lake	L
(x)	Waterfall	WF
(xi)	Others	O
(xii)	Total	T

The village directory also carries the following appendices.

Appendix-I It gives the abstract of educational, medical and other amenities available in villages Taluka/ C D Block wise of the district.

Appendix-I-A Indicates number of villages Taluka/ CD Block wise having one or more primary schools.

Appendix-I-B Indicates number of villages Taluka/ C. D. Block wise having primary, middle and secondary schools.

Appendix-I-C Shows number of villages Taluka/ C D Block wise with different sources of drinking water facilities.

Appendix-II Indicates the list of villages with 5,000 and above population which do not have one or more important amenities available.

Appendix-II-A Indicates list of Census Towns which do not have one or more amenities.

Appendix-III It gives the land utilization data in respect of Census Towns / non-municipal Towns.

Appendix-IV Taluka/ C. D. Block wise list of inhabited villages where no amenity other than drinking water facility is available.

Appendix-V Summary showing number of villages not having Scheduled Castes population.

Appendix-VI Summary showing number of villages not having Scheduled Tribes population.

Appendix-VII-A VII-B The appendix shows the list of villages according to proportion of the Scheduled Castes and Scheduled Tribes to the total population by ranges.

Appendix-VIII Indicates Taluka/ C. D. Block wise number of villages under each Gram Panchayat.

Appendix-IX Shows number of different types of girls school in the village.

(b) LIST OF VILLAGES MERGED IN TOWNS AND OUTGROWTHS AT 2001 CENSUS :

Sl. No.	Name of Taluka	Village		Merged in which Town or name of UA
		Name	L.C. No.	
(1)	(2)	(3)	(4)	(5)
1	Junagadh	Timbavadi	50200106	Junagadh UA

GUJARAT

TALUKA MANAVADAR

DISTRICT JUNAGADH

2 0 2 4 6 Kilometers

TOTAL AREA	591.70 Km^2
TOTAL POPULATION	127 516
TOTAL NUMBER OF VILLAGES	55
TOTAL NUMBER OF TOWNS	2
DISTANCE FROM DISTRICT HEADQUARTERS TO TALUKA	38 Kms

C.D. BLOCK BOUNDARY OF MANAVADAR IS CO-TERMINUS WITH TALUKA BOUNDARY EXCLUDING ALL STATUTORY TOWNS.

R.F. WHICH COMES UNDER THE VILLAGE, THAT VILLAGE NAME ITSELF IS A RESERVED FOREST NAME.

BOUNDARY, DISTRICT..	
" TALUKA	
" VILLAGE WITH PERMANENT LOCATION CODE NUMBER... ...	00798500
" FOREST-RESERVED WITH NAME...	ZINZRI RF
HEADQUARTERS : TALUKA	
POPULATION SIZE CLASS OF VILLAGES : 200-499, 500-999, 1000-4999	
URBAN AREA WITH LOCATION CODE NAME...	BANTWA
NATIONAL HIGHWAY...	NH 8B
STATE HIGHWAY	SH 32
IMPORTANT METALLED ROADS	
RAILWAY LINE WITH STATION, METRE GAUGE	RS
RIVER AND STREAM...	
POST OFFICE..	PO
HIGH SCHOOL/SENIOR SECONDARY SCHOOL..	S
PRIMARY HEALTH CENTRE	
BANK...	B

TALUKA/C.D. BLOCK
MENDARDA

GUJARAT

TALUKA MENDARDA

DISTRICT JUNAGADH

2 0 2 4 Kilometers

TOTAL AREA	363.86 Km^2
TOTAL POPULATION	66 068
TOTAL NUMBER OF VILLAGES	48
DISTANCE FROM DISTRICT HEADQUARTERS TO TALUKA	33 Kms

BOUNDARY, TALUKA	
" VILLAGE WITH PERMANENT LOCATION CODE NUMBER... ...	00831100
" FOREST-RESERVED WITH NAME...	AMBLA RF
HEADQUARTERS : TALUKA	◎
POPULATION SIZE CLASS OF VILLAGES : BELOW 200, 200-499, 500-999, 1000-4999, 5000 AND ABOVE...	○ ● ● ● ●
UNINHABITED VILLAGES WITH PERMANENT LOCATION CODE NUMBER ...	00834900 X
STATE HIGHWAY	SH 26
IMPORTANT METALLED ROADS	
RIVER AND STREAM...	
POST OFFICE / TELEGRAPH OFFICE.	PO / TO
HIGH SCHOOL/SENIOR SECONDARY SCHOOL..	S
POLICE STATION	PS
PRIMARY HEALTH CENTRE	
BANK...	B

C.D. BLOCK BOUNDARY OF MENDARDA IS CO-TERMINUS WITH TALUKA BOUNDARY .

R.F. WHICH COMES UNDER THE VILLAGE,THAT VILLAGE NAME ITSELF IS A RESERVED FOREST NAME.

PLCN 00833800,00833900 AND 00835100 ARE PART OF TALUKA MENDARDA.

Based upon Survey of India map with the permission of the Surveyor General of India.

GUJARAT

TALUKA UNA

DISTRICT JUNAGADH

2 0 2 4 6 Kilometers

TOTAL AREA	1578.47 Km^2
TOTAL POPULATION	330 809
TOTAL NUMBER OF VILLAGES	220
TOTAL NUMBER OF TOWN	1
DISTANCE FROM DISTRICT HEADQUARTERS TO TALUKA	135 Kms

C.D. BLOCK BOUNDARY OF UNA IS CO-TERMINUS WITH TALUKA BOUNDARY EXCLUDING STATUTORY TOWN.

R.F. WHICH COMES UNDER THE VILLAGE ,THAT VILLAGE NAME ITSELF IS A RESERVED FOREST NAME.

T. PART OF TALUKA TALALA

BOUNDARY, DISTRICT..	
" TALUKA	
" VILLAGE WITH PERMANENT LOCATION CODE NUMBER... ...	00880300
" FOREST-RESERVED WITH NAME...	GIR RF
HEADQUARTERS : TALUKA	
POPULATION SIZE CLASS OF VILLAGES : BELOW 200, 200-499, 500-999, 1000-4999, 5000 AND ABOVE...	
UNINHABITED VILLAGES WITH PERMANENT LOCATION CODE NUMBER ...	00880400 X
URBAN AREA WITH LOCATION CODE NAME...	XII UNA
NATIONAL HIGHWAY...	NH 8E
STATE HIGHWAY	SH 104
IMPORTANT METALLED ROADS	
RAILWAY LINE WITH STATION, METRE GAUGE	RS
RIVER AND STREAM...	
POST OFFICE / TELEGRAPH OFFICE	PO / TO
HIGH SCHOOL/SENIOR SECONDARY SCHOOL..	S
POLICE STATION EXCLUDING RLY. POLICE STATION	PS
PRIMARY HEALTH CENTRE	
BANK...	B

Based upon Survey of India map with the permission of the Surveyor General of India.
The territorial waters of India extend into the sea to a distance of twelve nautical miles measured from the appropriate base line.

VILLAGES BY PRIMARY, MIDDLE AND SECONDARY SCHOOLS

Sl. No.	Name of Taluka / C. D. Block	Total Number of Inhabited Villages	Type of educational institutions available			
			No School	At least one primary school and no middle school	At least one primary school and one middle* school	At least one middle school and one secondary* school
1	2	3	4	5	6	7
1	Manavadar	55	0	55	0	0
2	Vanthali	46	0	46	0	0
3	Junagadh	75	10	65	0	0
4	Bhesan	44	2	42	0	0
5	Visavadar	86	12	74	0	0
6	Mendarda	45	1	44	0	0
7	Keshod	53	0	53	0	0
8	Mangrol	63	0	63	0	0
9	Malia	63	0	63	0	0
10	Talala	69	17	52	0	0
11	Patan-Veraval	55	0	55	0	0
12	Sutrapada	47	0	47	0	0
13	Kodinar	63	0	63	0	0
14	Una	159	23	136	0	0
	District Total:	**923**	**65**	**858**	**0**	**0**

Note: * In Gujarat State, the levels of education are classified as under

(i) Primary (from Std. I to VII passed)

(ii) Secondary/Matriculation(From Std. VIII to X passed)

(iii) Higher Secondary (From Std. XI to XII passed). Hence, details of Col. 6 & 7 is not shown.

APPENDIX – I C

VILLAGES WITH DIFFERENT SOURCES OF DRINKING WATER FACILITIES AVAILABLE

Sl. No.	Name of Taluka	Number of villages with different sources of drinking water available				
		Only Tap	Only Well	Only Tube well	Only Handpump	More than one source only from Tap, Well, Tube-Well Handpump
1	2	3	4	5	6	7
1	Manavadar	1	1	0	0	52
2	Vanthali	0	0	0	0	46
3	Junagadh	1	1	2	2	67
4	Bhesan	0	1	0	4	35
5	Visavadar	0	1	0	0	80
6	Mendarda	0	0	0	2	43
7	Keshod	0	0	0	0	53
8	Mangrol	0	1	0	0	57
9	Malia	0	0	0	0	63
10	Talala	0	8	0	1	56
11	Patan-Veraval	1	7	0	2	41
12	Sutrapada	9	9	7	3	19
13	Kodinar	0	10	0	0	51
14	Una	6	20	0	0	116
	District Total:	**18**	**59**	**9**	**14**	**779**

APPENDIX - II

VILLAGES WITH 5,000 AND ABOVE POPULATION WHICH DO NOT HAVE ONE OR MORE AMENITIES AVAILABLE

Sl. No.	Name of Village	Location Code Number	Name of C.D. Block	Population	Amenities not available (indicate N. A.where amenity not available)						
					Senior Secondary School	College	Primary Health Sub Cemtre	Tap Drinking Water	Bus Facility	Approach by Pucca Road	Commercial Bank
1	2	3	4	5	6	7	8	9	10	11	12

Note :*In Gujarat state, the levels of education are classified as under

(i) Primary school (from std. I to VIII passed)
(ii) Secondary / Matriculation (from std. VIII to X passed)
(iii) Higher Secondary (from std. X to XII passed) Hence, the details under Column 6 are not shown.

SECTION - II TOWN DIRECTORY

Town Directory

(a) Note Explaining The Abbreviations Used In The Town Directory

Town Directory statements (I to VII)

Statement I : Status and Growth History

Column (2) : Class, name and civic administration status of town :

Class has been introduced to facilitate analysis of town directory data at the state and all India levels. It is presented according to 2001 Census Population of the town as follows :

Population	Class
100,000 and above	I
50,000 - 99,999	II
20,000 - 49,999	III
10,000 - 19,999	IV
5,000 - 9,999	V
Below 5,000	VI

Town with a population of one Lakh (100,000) and above is treated as a city.

The civic administration status of the towns is indicated within bracket against the name of the town. The following abbreviations are used to denote civic status of town.

(I)	Municipal Corporation	M. Corp.
(II)	Municipal Committee	MC
(III)	Municipal Council	M Cl
(IV)	City Municipal Council	CMC
(V)	Town Municipal Council	TMC
(VI)	Municipal Board	MB
(VII)	Municipality	M
(VIII)	Cantonment Board/Cantonment	CB
(IX)	Notified Area	NA
(X)	Notified Town	NT
(XI)	Notified Area Committee/ Notified Area Council	NAC
(XII)	Notified Town Area	NTA
(XIII)	Industrial Notified Area	INA
(XIV)	Industrial Township	ITS
(XV)	Township	TS
(XVI)	Town Panchayat	TP
(XVII)	Nagar Panchayat	NP
(XVIII)	Town Committee/ Town Area Committee	TC
(XIX)	Small Town Committee	ST
(XX)	Estate office	EO
(XXI)	Gram Panchayat	GP
(XXII)	Census Town	CT

Others columns need no comments.

Statement II - Physical Aspects and Location of towns, 1999.

Column 3 to 5 : Physical Aspects

In this columns the Rainfall and Maximum & Minimum Temperature of the town is recorded.

Column 6, 7 and 8 :

Name of the State headquarters, District headquarters and Sub-Divisional headquarters with distance from the referent town in kilometers, is to be recorded respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Column 9 and 10 :

Name of the nearest city with one lakh and more and five lakhs and more population are recorded.

Column 11, 12 and 13 :

If referent town enjoys the facility of railway station, bus route facility or navigable river/canal. Its name is to be mentioned. If not available, then the name of nearest place with distance, where such facility exists is to be mentioned.

Statement III : Municipal Finance 1998 – 1999

Item-wise amount of receipt and expenditure in thousand rupees, relating to municipal finance of the town for the year 1998-99 is to be recorded.

Statement IV : Civic and Other amenities, 1999

Column (1 to 5) : Self explanatory.

Column (6) : Road length (in kms.)

Information about kutcha / pucca road is to be recorded separately for the roads within the limits of the referent town.

(i)	Pucca Road	PR
(ii)	Kutcha Road	KR

Column (7) : System of Sewerage

Generally, by sewerage system is implied the network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastes are called separate sewers, those that carry storm water from roofs, streets and other surface are known as storm water drains, while those carrying both sewage and storm water are called combined sewers.

The codes used for different types of drainage system are as follows :

(i)	Sewer	S
(ii)	Open Surface Drains	OSD
(iii)	Box Surface Drains	BSD
(iv)	Sylk Drains	SD
(v)	Cesspool method	CP
(vi)	Pit System	Pt
(vii)	Others	O

Column 8 to 11 : Number of latrines

Number of various types of latrines both Public and Private are given in these columns.

Column 12 : Method of disposal of night soil

The various prevalent method of disposal of night soil are given below with codes :

Head Loads	HL
Basket	B
Wheel Barrows	WB
Septic Tank	ST
Pit System	Pt
Sewerage	S
Others	O

Column 13 and 14 : Water supply

Source and capacity of storage system. The following codes are used in these columns:

Column 13:

(i)	Tap water	T
(ii)	Tube-well water	TW
(iii)	Tank Water	TK
(iv)	Well water	W

Column 14:

(v)	Over Head Tank	OHT
(vi)	Service Reservoir	SR
(vii)	River Infiltration Gallery	RIG
(viii)	Bore Well Pumping System	BWP
(ix)	Pressure Tank	PT

The information on major source of water supply are given in column 13 and the storage capacity against each in kilo-litres (in bracket) are presented in column 14.

Column 15 : Fire Fighting Service

In case the fire fighting service is available in the referent town 'yes' is recorded. If the facility is not available within the town. The name of the nearest place having this facility with its distance from the referent town has been recorded.

Column 16 to 20 : Electrification (Number of connections)

Different types of electric connections have been shown in these columns, i.e. Domestic, Industrial, Commercial, Road lighting (points) & others.

Statement V : Medical, Educational, Recreational and Cultural Facilities, 1999

Column 1 to 3 : Self explanatory.

Column 4 & 5 :

The data covers all such medical institutions run by or aided by Government/Semi Government/Local bodies and Charitable institutions or Social agencies like the Missionaries. Where the family planning centres are attached to hospitals or maternity and child welfare centres or Primary Health Centres, may be

treated as independent units and counted separately using following codes :

(i)	Hospital	H
(ii)	Dispensary	D
(iii)	Health Centre	HC
(iv)	Family Welfare Centre	FWC
(v)	T.B. Clinic	TB
(vi)	Nursing Home	NH
(vii)	Others	O

In case of more than one institutions of any type, it is indicated within brackets the number of such institution (s) e.g. D(3), NH(8), etc. The institutions have further been distinguished by providing additional codes within the bracket as given below :

Ayurvedic	A
Unani	U
Homoeopathic	Hom

.Column 6 to 9 :

The codes used for these columns are as follows :

(i)	Arts only	A
(ii)	Science only	S
(iii)	Commerce only	C
(iv)	Arts & Science only	AS
(v)	Arts & Commerce only	AC
(vi)	Combined for all categories-Arts, Science and Commerce	ASC
(vii)	Law	L
(viii)	University	U
(ix)	Others	O

Column 10 : Recognized shorthand, typewriting and vocational training institutes

"Recognised" should mean recognised by some statutory authority, like education department, commerce department, labour department etc. of the government or semi government or autonomous bodies, public sector undertakings etc.

The following codes are used :

(i)	Vocational Training Institute	VT
(ii)	Shorthand	SH
(iii)	Typewriting	Type
(iv)	Shorthand & Typewriting	SH Type
(v)	Others	O

The vocational institutions like - Applied Art/ Painting college, Pharmacy college, B. Ed. College, Teacher's Training Institute, Music / Dance School, Nursing School etc. are covered under 'Others'.

Column 11 to 14 :

Classes upto class VII included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class VII.

Classes from VIII to X included in Higher secondary school. Classes XI and XII are included in senior secondary school.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

(i)	Primary School	P
(ii)	Middle School	M*
(iii)	Secondary School	S
(iv)	Senior Secondary School	PUC
(v)	College	C
(vi)	Industrial School	I
(vii)	Training School	Tr
(viii)	Adult literacy class/centre	AC
(ix)	Others (specify) e.g. Sanskrit Pathshala, Senior basic school, Navodaya Vidyalaya, Makhtab,etc.	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

Note : * There is no Middle school in the Gujarat State.

Column 15 : Adult literacy class/centres

This column has been introduced keeping in view the Minimum Needs Programme of the Planning Commission. There are number of Adult Education Centres which are included in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometres from the town where the facility is available is mentioned.

Column 16 : Working Women's hostels with number of seats

The number of working women's hostel if available in the referent town is mentioned with number of seats. If the facility is not available in the town the name of nearest place with distance where the facility is available is recorded.

Column 17 to 19 : Recreational and Cultural Facilities

Stadium, Cinema, Auditorium/Drama/ Community Hall are covered under recreational & cultural facilities. The particulars of permanent recreational facilities are considered for these columns.

Column 20 : Public Libraries, Reading Rooms

Number of public libraries and reading rooms available in the referent town are recorded in codes as follows :

(i)	Public Library	PL
(ii)	Reading room	RR

Statement VI : Trade, Commerce, Industry and Banking, 1999

Column 3 to 8 : Name of three most important commodities exported and names of three most important commodities manufactured in the town are recorded.

Column 9 : Number of Banks

Number of Banks available in the referent town both Commercial and Co-operative banks are recorded against this column.

Column 10 and 11 : **Number of Agricultural Credit Societies and Non Agricultural Credit Societies**

The total number of Agricultural Credit Societies and Non Agricultural Credit Societies in the referent town are recorded against these columns.

Statement VII : Civic and other Amenities in Slums, 1999

This is the statement on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like municipality, Municipal Corporation, Town area committee etc.

Part – B

PRIMARY CENSUS ABSTRACT

Primary Census Abstract

Brief note on Primary Census Abstract :

The first census of the third millennium and twenty first century the Census of India, 2001 was the 14th continuous and uninterrupted Indian census since 1872. Thus, 2001 Census will provide data on population and its characteristics marking transition from one century and millennium to another.

The gigantic operation of Population Enumeration (considered by many to be the single largest and complex peace time administrative exercise in the world) was made possible due to the door to door universal canvassing of the Household Schedule by about 2 million enumerators and supervisors covering 593 districts, 5,463 sub-district, 5,161 towns and 638,588 villages. The comprehensive Household Schedule which replaced the individual slip had three parts and two sides A and B. Part I contained the Location Particulars; Part II related to the Individual Particulars and Part III contained questions for Household engaged in cultivation/Plantation. The part II of the Household Schedule had 39 columns and 23 questions all of which were universally canvassed and no sampling was resorted to during enumeration.

Data Processing

A quantum leap was made in the technology front while processing the Census 2001 data both for Houselisting and Population Enumeration. The Census schedules for both the phases were scanned through high speed scanners in fifteen data centers across the country and hand-written data from the schedules were converted into digitized form through Intelligent Character Reading (ICR) software for creation of ASCII records for further processing. The designing and formatting of the Household Schedule had to be done very carefully using specialized software so as to ensure uniformity, which was an essential pre-requisite for scanning. The selection of appropriate state-of-art technology in data processing has made it possible to produce all the Houselisting as well as Population Enumeration tables on full count basis for the first time in the history of Census. For Census 2001, about 202 million schedules consisting of about 1,028 million records were scanned and processed within a span of only 10 months starting October, 2002.

Task Force on Quality Assurance

After the data is processed, it is expedient on the part of the data producing agency to satisfy itself about its quality before putting the same in public domain. This has to be done mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception has to be brought into play to understand both the existing and the new emerging trends of population distribution and characteristics. The other very important aspect of the data quality is to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, specially for small area population statistics.

A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2001 Population Enumeration results and finally clear them for use. The responsibility of the final clearance of data was with the Task Force on Quality Assurance (TFQA), headed by the Registrar General and Census Commissioner, India. The other members of the TFQA were the Heads and senior officers of the Census Division, Data

Processing Division, Map Division, Demography Division and Social Studies Division. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The Directors and their senior officers were required to make detailed presentations of data for their own state both in respect to the quality and the coverage and only after the full possible cleared.

There has been a major departure in Census 2001 from the past in respect of the procedure followed for finalization of the Scheduled Castes and the Scheduled Tribes population. In the earlier censuses, the total The PCA Data for villages was presented CD Block wise were finalized at the time of the manual compilation of the Primary Census Abstracts (PCA) at the Regional

Tabulation Offices which were specially set up for this purpose. The individual Scheduled Castes and the Scheduled Tribes population for each state was finalized much later based on manual coding done by the coders. In 2001 Census, each individual Scheduled Caste and the Scheduled Tribe have been coded directly on the computers by the Data Entry Operators through a process known as Computer Assisted Coding (CAC) and taken up along with the processing of PCA data. The CAC process involves pulling down, from the relevant dictionary of the Scheduled Castes and the Scheduled Tribes, on the computer screen and coding from the dictionary by referring to the image of the specific individual entry in the Household Schedule appearing on the screen. The CAC of the response on Religion wherever required, was also undertaken along with the processing of PCA. This is because the Scheduled Castes status had to be determined in relation to the religion of the individual. Two Special Task Forces, one on Religion and the other on Scheduled Castes/Scheduled Tribes were constituted for scrutiny and appropriate classification of these responses.

The main task of the Special Task Force on Religion was to appropriately merge or group the new responses encountered and code it into the appropriate religious community based on available literature and local knowledge. The Special Task Force on Scheduled Castes and Scheduled Tribes examined the different Scheduled Castes and Scheduled Tribes entries encoun-tered and classified these into appropriate category of the Scheduled Castes or the Scheduled Tribes principally based on the Presidential Notification and the available literature. Thus a very systematic and scientific mechanism was operationalised to firm up the individual religion and the individual Scheduled Castes/Tribes returns. The Scheduled Castes and the Scheduled Tribes population in 2001 Census, is thus being finalized by aggregating the population data for individual Scheduled Castes and the Scheduled Tribes at appropriate geographical levels.

The entire work relating to the data validation and scrutiny was completed by all the States/Union Territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

Primary Census Abstract

The Primary Census Abstract which is yet another important publication of 2001 Census gives basic information on Area, Total Household, Total population, Scheduled Castes, Scheduled Tribes population, Population in the age group 0-6, Literates, Main workers and Marginal workers classified by the four broad industrial categories, namely (i) Cultivators, (ii) Agricultural labourers (iii) Household Industry Workers and (iv) Other workers and also Non-workers. The characteristics of the Total population includes Scheduled Castes, Scheduled Tribes, Institutional and Houseless population and are presented by sex and rural-urban residence. This data is presented at different levels, namely India, State/Union Territories, Districts and Cities, Urban Agglomerations (Population 1,00,000 and above) in three different tables. In addition, the Appendix of said publication provides Houseless and Institutional Households and their population by residence and sex for 2001 for India, State and Union territory.

Apart from the India and State/Union Territory volumes for Primary Census Abstract, the District Census Handbook contains District Primary Census Abstract, Appendix to District Primary Census Abstract, Primary Census Abstract for Scheduled Castes, Primary Census Abstract for Scheduled Tribes, Village Primary Census Abstract and Urban Primary Census Abstract of the concerned district in the state.

It was for the first time at the 1981 Census that the Primary Census Abstract (PCA) was brought out for the Scheduled Castes and the Scheduled Tribes separately on the pattern of General Primary Census Abstract. This practice was continued in 1991 also. In the 1961 and 1971 Censuses, such data were made available in Table C-VIII-Social and Cultural table and to some extent in the series 'Special Tables for Scheduled Castes/Scheduled Tribes'.

The format of Primary Census Abstract has been restructured slightly in the 2001 Census as compared to that of 1991 Census. The nine-fold industrial classification of main workers given in the Primary Census Abstract of 1991 Census has been discontinued and its place, four-fold industrial classification of both 'main workers' and 'marginal workers' are included. In 1981 census only main workers were presented in to four categories. One of the novel features of the primary census abstract of 1991 census was the presentation of data of the population of age group 0-6 is continued in 2001 Census also. This will help the data users in better analysis and understanding of this literacy data.

Level of presentation in District Census Handbooks:

The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts are as under:

The PCA Data for villages was presented CD Block wise for the first time in 1991 Census. This practice is continued in 2001 Census also. The data for each CD Block is presented both for rural and urban areas separately. All the villages within the CD Block constitute the rural portion and the Census Towns and Outgrowths are shown under the urban portion of the CD Block. In case a CD Block is spread over two or more districts, than portion which falls within the district is presented, the data pertaining to remaining portion of the CD Block is presented in the concerned District Census Handbook. The data in the Urban Primary Census Abstract for each town as well as for town with outgrowths in the district are presented. The data for all the wards and the outgrowths of the town(s) are also presented separately below the concerned town(s).

The District Primary Census Abstract is presented in 59 columns. The Primary Census Abstract for Scheduled Castes and Primary Census Abstract for Scheduled Tribes are presented in 52 columns. The Village Primary Census Abstract and Urban Primary Census Abstract are presented in 58 columns.

The concepts and definitions used in the column heading are explained under the sub heading 'Census Concepts' in the Analytical Note. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. The explanation regarding area figures presented at various level in the Primary Census Abstracts are as follows:

Area Figures

The area figures supplied by local revenue authorities of the district in respect of tehsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the CD Block is the total of the village areas coming under each CD Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level. The total area figures of all the tahsils/CD Blocks within the district may not tally with area figures of the district because former represents land use area only. Similarly, the total of all the villages may not tally with the entire rural of Police Station/Tahsil. The difference may be due to the fact that while the area covered by hills, forests and rivers etc, have been accounted in the Tahsils and P.S. level the same may not be covered under the area of the villages. Apart from this it may also differ due to varying methods of computation adopted at different levels.

An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

Tribes Population for each town.

The following Abbreviations have been used in the Primary Census Abstract for facility of presentations:

1	Municipal Corporation/ Corporation	M. Corp.
2	Municipality	M
3	Municipal Council	MCI
4	Cantonment Board/Cantonment	CB
5	Notified Area/Notified Area Committee/Notified Committee	NAC
6	Industrial Notified Area	INA
7	Gram Panchayat/ Village Panchayat	GP
8	Nagar Panchayat/ Town Panchayat	NP
9	Census Town	CT
10	Total	T
11	Rural	R
12	Urban	U

The following conversion factor has been used for converting areas into hectares and hectares into km^2

Acres x 0.40467 = hectares

100 Hectares = 1 Km^2

*These figures represent 'Geographical area' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local Bodies. Area figures for rural are derived by subtracting the urban area from the total area of the District. The total of the area figures of talukas will not tally with the district figures because the former represents 'Land Use Area' and are derived from the figures supplied by the Directorate of Land Record.

Note: { Represents Group Gram Panchayat.

Note: The data of 1991 Census have been discussed in Annexure II and III. The details of 2001 Census data have been discussed in Annexure IV, VI, VII and VIII, while Annexure V provides the recast data of 1991 Census and separate data of 2001 Census.

ANNEXURE – II

FERTILITY AND MORTALITY-1991 CENSUS

Fertility Level:

Population is a dynamic variable and keeps on changing. Increase due to birth and decrease due to death affect the population size of an area. Thus the birth and death are the two most important vital events. Natural increase is the excess of population by births over decrease of population by deaths at a given point of time. The births have direct correlation with the fertility.

The data on fertility levels and trends as revealed by the fertility indices of the 1991 Census like Crude Birth Rate (CBR), Age Specific Fertility Rate (ASFR) and Total Fertility Rate (TFR) are presented and analyzed below. The Definitions and concepts of fertility indices frequently used have already been explained in Analytical Note.

Death Rate:

Death process in demographical terminology is called as mortality. The rate at which death events occur reveal about the standard of living and state of health. Statistical data on causes of death help us in controlling the spread of diseases and suggests new curative methods to medical authorities.

Child Mortality:

Information about questions on children ever born and children surviving canvassed for all ever married women was tabulated by age of the mother. From this estimate of child mortality have been worked out by using Brass technique.

Source: Occasional Paper No. 1 of 1997.

The Annexure III shows various fertility indicators of all the districts and State as per 1991 Census. It can be observed that Junagadh district has Crude Birth Rate (CBR) of 30.9 and Total Fertility Rate (TFR) of 4.0, both of these rates are lower than the State CBR and TFR of 33.6 and 4.2 respectively. Total Marital Fertility Rate (TMFR), General Fertility Rate (GFR) and General Marital Fertility Rate (GMFR) of Junagadh district were 5.7, 124, and 178 respectively, while TMFR, GFR and GMFR of Gujarat State were 5.4, 136 and 175 respectively.

Ratio of the number of births of children in the age group 0-4 and 5-9 years per 1,000 women are given above. It can be seen that C.W.R. for (0-4) of Junagadh district was 436, which was lower than the State CWR of 467 whereas C.W.R. for (5-9) of the district was 590, which was higher than the State CWR for (5-9) of 571.

Mean age at marriage means age (in completed years) at which the woman was married. In case a woman was married more than once, the age at which she was married first, was recorded. The mean age at marriage in Junagadh district in 1991 Census was 19.6 and the same for Gujarat State was 19.0. Thus mean age at marriage of Junagadh district was higher than that of State.

NUMBER OF CHILDREN EVER BORN AND SURVIVING PER EVER MARRIED WOMAN IN AGE GROUP 45-49, 1991 CENSUS

Source: Gujarat State District Profile 1991.

As per above table there were 4.6 children born per ever married woman in the age group of 45-49 with 4.2 surviving children per woman in Junagadh district.

ANNEXURE – IV

PERCENTAGE DISTRIBUTION OF MIGRANTS BY PLACE OF BIRTH/ PLACE OF LAST RESIDENCE, 2001 CENSUS

Migration

Migration is a factor in changing the size and structure of the population. The migration process affects the areas to which migrants have moved and areas which they have left. Migration is a form of geographical mobility between one geographical unit to another, involving a change of residence from the place of origin/birth to the place of destination or place of new settlement from the last residence. A person is considered as a migrant by place of birth if the place in which he is enumerated during the Census is other than the place of birth. Similarly a person is considered as a migrant by place of last residence if the place in which he is enumerated during the Census is other than his place of immediate last residence.

Internal and International Migration

The migration movements are of four types –

1. Migration within the district of enumeration (intra-district migration)
2. Migration from one district to another but within the State
3. Migration from one state to another State of the country (inter-state migration) and
4. Migration from one country to another country.

The first three together constitute internal migration while the last type of movement is called international.

Migration by place of birth:

The absolute number and percentage distribution of Migrants by place of birth in total population of Junagadh district and in the State at 2001 Census are as following.

PERCENTAGE DISTRIBUTION OF MIGRANTS BY PLACE OF BIRTH-2001 CENSUS

Migration By Place of Birth	Gujarat			Junagadh		
	Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7
Total Migrants	**18,810,592**	**6,472,393**	**12,338,199**	**897,202**	**278,855**	**618,347**
(A) Migrants born in Gujarat	16,207,961	4,984,992	11,222,969	875,093	268,192	606,901
(I) Migrants born elsewhere in district of enumeration	10,706,177 (56.9)	2,867,391 (44.3)	7,838,786 (63.5)	750,067 (83.6)	225,893 (81.0)	524,174 (84.8)
(II) Migrants born in other districts of the State	5,501,784 (29.2)	2,117,601 (32.7)	3,384,183 (27.4)	125,026 (13.9)	42,299 (15.2)	82,727 (13.4)
(B) Migrants born in other States of India	2,520,676 (13.4)	1,443,465 (22.3)	1,077,211 (8.7)	19,929 (2.2)	9,609 (3.4)	10,320 (1.7)
(C) Migrants born in other countries	81,955 (0.4)	43,936 (0.7)	38,019 (0.3)	2,180 (0.2)	1,054 (0.4)	1,126 (0.2)
(D) Unclassified	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)

Source: Gujarat State-D-Series Tables-2001

As per 2001 Census there were 18,810,592 migrants in Gujarat whose place of birth was different than the place of enumeration. Out of such migrants in 2001 census, 56.9 per cent were born elsewhere in the district of enumeration, 29.2 per cent were born in other districts of the state, 13.4 per cent were born in other states of India and 0.4 per cent were born in other countries. There was no migrants under the category of "Unclassified".

It can be seen that as per 2001 Census in Junagadh district there were 897,202 migrants whose place of birth was different than the place of enumeration. Out of these, 83.6 per cent migrants were born elsewhere in the district of enumeration, 13.9 per cent were born in other districts of the State, 2.2 per cent were born in other States of India and 0.2 per cent were born in other countries. No migrant was reported under the category of "Unclassified" in State as well as in Junagadh district as per 2001 Census.

INTER STATE IN-MIGRANTS TO GUJARAT STATE AS PER 2001 CENSUS BY PLACE OF BIRTH

Place of Birth	Gujarat		Junagadh	
	Migrants	Percentage to Total Migrants	Migrants	Percentage to Total Migrants
1	2	3	4	5
Total Migrants	**2,520,676**	**100.0**	**19,929**	**100.0**
Madhya Pradesh	159,055	6.3	2,425	12.2
Maharashtra	734,945	29.2	4,725	23.7
Rajasthan	471,109	18.7	1,890	9.5
Uttar Pradesh	520,094	20.6	2,735	13.7
Other States	635,473	25.2	8,154	40.9

Source: Gujarat State-D-Series Tables-2001

The above statements show migration in Gujarat and in Junagadh district from other States as per 2001 Census. It can be seen that as per 2001 Census there were 2,520,676 persons in the state who were born in other States of India. Out of such persons 29.2 per cent were born in Maharashtra, whereas the proportion of inter state migrants born in Uttar Pradesh, Rajasthan and Madhya Pradesh was 20.6, 18.7 and 6.3 per cent respectively. The remaining 25.2 per cent were born in other States of India.

As regards Junagadh district it can be seen that there were 19,929 migrants in this category in 2001.The State-wise distribution reveals that as per 2001 Census out of these 23.7 per cent were born in Maharashtra, followed by 13.7 per cent born in Uttar Pradesh, 12.2 per cent born in Madhya Pradesh and 9.5 per cent of such migrants were born in Rajasthan. The remaining 40.9 per cent were born in other States of India.

Migration by place of last residence:

Distribution of migrants by place of last residence in Gujarat as per 2001 Census and percentage distribution of in-migrants from other States to Gujarat by place of last residence are presented below.

DISTRIBUTION OF MIGRANTS BY PLACE OF LAST RESIDENCE IN GUJARAT - 2001 CENSUS

Place of Last Residence	Gujarat			Junagadh		
	Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7
Total Migrants	**19,221,602**	**6,694,122**	**12,527,480**	**925,380**	**295,716**	**629,664**
	(100.0)	**(100.0)**	**(100.0)**	**(100.0)**	**(100.0)**	**(100.0)**
Last residence elsewhere in the district of enumeration	12,248,452 (63.7)	3,506,051 (52.4)	8,742,401 (69.8)	807,208 (87.2)	253,463 (85.7)	553,745 (87.9)
Last residence in other districts of the State	4,731,665 (24.6)	1,892,862 (28.3)	2,838,803 (22.7)	102,233 (11.0)	34,611 (11.7)	67,622 (10.7)
Last residence in other States of India	2,182,741 (11.4)	1,262,884 (18.9)	919,857 (7.3)	14,801 (1.6)	7,104 (2.4)	7,697 (1.2)
Last residence in other countries	58,744 (0.3)	32,325 (0.5)	26,419 (0.2)	1,138 (0.1)	538 (0.2)	600 (0.1)
Unclassified	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)

Source: Gujarat State-D-Series Tables-2001

There were 19,221,602 migrants by place of last residence in Gujarat according to 2001 Census. The proportion of male and female migrants whose place of last residence was elsewhere within the district of enumeration was 52.4 per cent and 69.8 per cent respectively in 2001.The reason for higher proportion of female migration is marriage. In Gujarat as per 2001 Census, out of total migrants, 63.7 per cent of migrants were residing elsewhere in the district of enumeration, 24.6 per cent were those whose last residence was in other districts of the State while last residence of 11.4 per cent migrants was in other States of India and only 0.3 per cent were such whose last residence was in other countries. There were no migrants in the category titled “Unclassified”.

In Junagadh district, as per 2001 Census, there were 925,380 migrants by place of last residence. Out of total migrants, 87.2 per cent of migrants were such whose place of last residence was elsewhere in the district of enumeration, 11.0 per cent were such whose last residence was in other districts of the State while last residence of 1.6 per cent migrants was in other States of India and only 0.1 per cent migrants’ last residence was in other countries. There were no migrants in the category titled “Unclassified”.

Migration by reason:

The following statement gives distribution of migrants by reasons of migration from other States of India.

MIGRATION FROM OTHER STATES OF INDIA BY PLACE OF LAST RESIDENCE IN GUJARAT 2001

States	Total Migrants	Reasons						
		Work/ Employment	Business	Education	Marriage	Moved after Birth	Moved with Household	Others
1	2	3	4	5	6	7	8	9
Total	**2,182,741**	**660,767 (30.3)**	**204,905 (9.4)**	**12,624 (0.6)**	**370,546 (17.0)**	**134,751 (6.2)**	**577,599 (26.5)**	**221,549 (10.2)**
Madhya Pradesh	131,745	29,363 (22.3)	11,867 (9.0)	794 (0.6)	27,722 (21.0)	7,221 (5.5)	40,843 (31.0)	13,935 (10.6)
Maharashtra	655,080	139,701 (21.3)	42,719 (6.5)	2,932 (0.4)	142,939 (21.8)	62,145 (9.5)	191,630 (29.3)	73,014 (11.1)
Rajasthan	391,649	80,234 (20.5)	59,938 (15.3)	1,555 (0.4)	82,251 (21.0)	23,145 (5.9)	103,923 (26.5)	40,603 (10.4)
Uttar Pradesh	447,325	179,313 (40.1)	47,179 (10.5)	1,712 (0.4)	53,419 (11.9)	17,296 (3.9)	106,884 (23.9)	41,522 (9.3)
Other States of India	556,942	232,156 (41.7)	43,202 (7.8)	5,631 (1.0)	64,215 (11.5)	24,944 (4.5)	134,319 (24.1)	52,475 (9.4)

Source: Gujarat State-D-Series Tables-2001

It can be seen from the data given above that the main reason for the migration was "Work/ employment". As much as 30.3 per cent of migrants moved due to work or employment as per 2001 census, this was followed by 26.5 per cent of migration which was due to the reason of "Moved with household". In 2001, the proportion of migration due to marriage was 17.0 per cent. The reason for 9.4 per cent of migration was Business, and 6.2 per cent of migration was due to the reason titled "Moved after birth" and only 0.6 per cent of migration was for Education. The remaining 10.2 per cent of migration was due to other reasons.

ANNEXURE – V

BRIEF ACCOUNT OF MAIN RELIGIONS IN THE DISTRICT AS PER 1991 AND 2001 CENSUSES

Religion is the basic cultural characteristics of the population. In secular country like India several religions have thrived and every decennial Census provides an interesting picture of the religious persuasions of the people. The data on religion yielded by the Census are of immense use for the Anthropologists, Sociologists, Demographers, Administrators and Planners and also for laymen.

The six main religions i) Hindu, ii) Muslim, iii) Christian, iv) Sikh, v) Buddhist, and vi) Jain were recorded. In respect of 'Others', the actual religion returned was recorded. If a person said that he has no religion, it was recorded accordingly and if any person refused to state his religion it was recorded as 'religion not stated'.

Source: Gujarat State-C-Series Tables-2001

The statement above gives the details of distribution of population for Gujarat State and Junagadh district by six major religions as per 2001 Census. The 2001 Census data reveals that the proportion of Hindus was 89.1 per cent in the state of Gujarat against 88.5 per cent recorded in Junagadh. In comparison, in 1991 the proportion of Hindus at state level was 89.5 per cent while in the district the proportion of Hindus was 89.2 per cent.

The proportion of Muslims was 10.5 per cent in the district in 1991 which stood at 11.2 per cent in 2001. At State level the proportion of Muslims was 8.7 per cent in 1991 and 9.1 per cent in 2001 Census. The proportion of Christian Jain, Sikh, Buddhists and people following other religions and of people who did not state any religion was negligible in Junagadh in 1991 as well as in 2001 Census.

ANNEXURE-VI

MARITAL STATUS OF POPULATION AS PER 2001 CENSUS

	Total	**50,671,017**	**31,740,767**	**18,930,250**	**2,448,173**	**1,736,645**	**711,528**
		(100.0)	**(100.0)**	**(100.0)**	**(100.0)**	**(100.0)**	**(100.0)**

Source: Gujarat State-C- Series Tables-2001

It can be seen that proportion of never married persons was lower at 47.6 per cent in the State as compared to 50.3 per cent recorded in the district as per 2001 Census. In rural areas the proportion of never married persons was 47.7 per cent in State and 50.0 per cent in the district. In urban areas the proportion of never married persons was at 47.5 per cent in State and 51.1 per cent in the district. As per 2001 Census the proportion of married persons, in rural areas, was 47.4 per cent in Gujarat and 45.7 per cent in Junagadh. In 2001 Census, in urban areas the proportion of married persons was 48.4 per cent in Gujarat and 44.8 per cent in Junagadh. The proportion of widowed was 4.4 per cent in rural areas of the State and 4.0 per cent in the district. The same for urban areas was 3.7 per cent in the State and 3.9 per cent in the district. The proportion of Divorced/Separated was insignificant in the State as well as in the district. There was no population reported under the category titled “Unclassified”.

ANNEXURE – VII

AGE, SEX AND EDUCATION IN THE DISTRICT AT THE 2001 CENSUS

Literacy has occupied an important position in Indian Census in one form or the other from the very beginning. The definition of literates as adopted is "A person who can both read and write with understanding in any language is to be taken as literate". A person who can merely read but can not write was not treated as literate. It is not necessary that a person who was literate should have received any formal education or should have passed any minimum educational standard. All children below the age 7 are treated as illiterate. While processing the literacy data population of age group 0-6 is excluded.

The following statement gives the distribution of literates and illiterates by broad age groups and sex in the district as well as the State at the time of 2001 Census:-

LITERACY BY AGE-GROUP AND BY SEX-2001

Age Group	Particular	Gujarat			Junagadh		
		Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7	8
7-14	Population	9,091,764	4,814,440	4,277,324	446,922	233,091	213,831
	Literates	7,599,713	4,206,428	3,393,285	390,705	210,655	180,050
	Literacy rate	(83.6)	(87.4)	(79.3)	(87.4)	(90.4)	(84.2)
15-29	Population	14,247,890	7,477,081	6,770,809	689,829	352,400	337,429
	Literates	11,060,357	6,435,890	4,624,467	544,626	305,175	239,451
	Literacy rate	(77.6)	(86.1)	(68.3)	(79.0)	(86.6)	(71.0)
30-44	Population	10,629,518	5,514,675	5,114,843	491,632	251,157	240,475
