JHABUA DISTRICT

VILLAGE & TOWN DIRECTORY

VILLAGE & TOWNWISE PRIMARY CENSUS ABSTRACT

Ram Singh
Joint Director
Directorate of Census Operations, Madhya Pradesh and Chhattisgarh

Bhagoria Mela

Bhagoriya fair was started by Bhils of Bhagor near Dahod in Jhabua district. A week before Holi, the fair is celebrated in the last week of *Falgun* month. This fair is called *Saras lok* or *Pranaya*. The festival is the symbol of new harvest and meeting of Bhils youngsters dressed in colourful costumes, go to the *hats* in groups with musical instruments - singing and almost dancing. The dance is called *Bhagoriya*.

Part – A : Village and Town Directory

Section I – Village Directory

(a)		Note explaining the abbreviations used in Village Directory	71-74
(b)		List of villages merged in towns and outgrowths at 2001 Census	75
(c)		CD Block wise presentation of Village Directory Data	
	(i)	Map of Thandla CD Block showing Tahsil boundary	76
		Alphabetical list of villages of Thandla CD Block along with location code 1991 and 2001	77-79
		Presentation of Village Directory data of Thandla CD Block	80-101
	(ii)	CD Block Map of Petlawad showing Tahsil boundary	102
		Alphabetical list of villages of Petlawad CD Block along with location code 1991 and 2001	103-107
		Presentation of Village Directory data of Petlawad CD Block	108-149
	(iii)	CD Block Map of Meghnagar showing Tahsil boundary	150
		Alphabetical list of villages of Meghnagar CD Block along with location code 1991 and 2001	151-153
		Presentation of Village Directory data of Meghnagar CD Block	154-173
	(iv)	CD Block Map of Jhabua showing Tahsil boundary	174
		Alphabetical list of villages of Jhabua CD Block along with location code 1991 and 2001	175-177
		Presentation of Village Directory data of Jhabua CD Block	178-201
	(v)	CD Block Map of Rama showing Tahsil boundary	202

Pages

Alphabetical list of villages of Rama CD Block along with location code 1991 and 2001 203-205

Presentation of Village Directory data of Rama CD Block 206-227

(vi) CD Block Map of Bhabra showing Tahsil boundary 228

Alphabetical list of villages of Bhabra CD Block along with location code 1991 and 2001 229-230

Presentation of Village Directory data of Bhabra CD Block 232-241

(vii) CD Block Map of Udaigarh showing Tahsil boundary 242

Alphabetical list of villages of Udaigarh CD Block along with location code 1991 and 2001 243-245

Presentation of Village Directory data of Udaigarh CD Block 246-261

(viii) CD Block Map of Jobat showing Tahsil boundary 262

Alphabetical list of villages of Jobat CD Block along with location code 1991 and 2001 263-264

Presentation of Village Directory data of Jobat CD Block 266-279

(ix) CD Block Map of Kattiwada showing Tahsil boundary 280

Alphabetical list of villages of Kattiwada CD Block along with location code 1991 and 2001 281-283

Presentation of Village Directory data of Kattiwada CD Block 284-305

(x) CD Block Map of Alirajpur showing Tahsil boundary 306

Alphabetical list of villages of Alirajpur CD Block along with location code 1991 and 2001 307-309

Presentation of Village Directory data of Alirajpur CD Block 310-327

(xi) CD Block Map of Sondwa showing Tahsil boundary 328

Alphabetical list of villages of Sondwa CD Block along with location code 1991 and 2001 329-331

Presentation of Village Directory data of Sondwa CD Block 332-355

(xii) CD Block Map of Ranapur showing Tahsil boundary 356

Alphabetical list of villages of Ranapur CD Block along with location code 1991 and 2001 357-359

Presentation of Village Directory data of Ranapur CD Block 360-377

(d) Appendices to Village Directory

Appendix-I : Abstract of Educational, Medical and other Amenities in Villages - CD Block level 378-381

Appendix-IA : Villages by number of Primary Schools 382

Apendix-IB : Villages by Primary, Middle and Secondary Schools 383

			Pages
Appendix-IC	:	Villages with different sources of drinking water facilities available	384
Appendix-II	:	Villages with 5,000 and above population which do not have one or more amenities available	384
Appendix-IIA	:	Census Towns which do not have one or more amenities	385
Appendix-III	:	Land utilisation data in respect of Census Towns/non-municipal towns	385
Appendix-IV	:	CD blockwise list of inhabited villages where no amenity other than drinking water is available	386
Appendix-V	:	Summary showing number of villages not having Scheduled Castes Population	387
Appendix-VI	:	Summary showing number of villages not having Scheduled Tribes population	387
Appendix-VIIA	:	List of villages according to proportion of the Scheduled Castes to the total population by ranges	388-392
Appendix-VIIB	:	List of villages according to the proportion of the Scheduled Tribes to the total population by ranges	393-405
Appendix-VIII	:	Statement showing number of girl schools in the villages	406-408

Section II - Town Directory

(a) Note explaining the abbreviations used in Town Directory			
Town Directory Statements (I to VII)			409-412
(b) Statement-I	:	Status and Growth History	414-415
(c) Statement-II	:	Physical aspects and location of Towns	416-417
(d) Statement-III	:	Municipal Finance	418-419

(h) Statement-VII	:	Civic and other amenities in slums	422-423
(i) Appendix to Town Directory : Towns showing their outgrowth with Population			424

Part - B : Primary Census Abstract

(a) Brief note on Primary Census Abstract	427-429
(b) District Primary Census Abstract (General)	430-435
(c) Appendix to District Primary Census Abstract i.e. urban blockwise figures of Total, SC and ST population	436-439
Primary Census Abstract for Scheduled Castes	440-445
Primary Census Abstract for Scheduled Tribes	446-451

		CD Block wise Village Primary Census Abstract	452-631
		Urban Primary Census Abstract	632-649
Annexure-I	:	Number of villages under each Gram Panchayat	650-705
Annexure-II	:	Note on Fertility, Mortality and Migration, 1991 Census	706
Annexure-III	:	Various measures of Fertility and mean age at marriage, 1991 Census	707-709
Annexure-IV	:	Percentage distribution of Migrants by place of birth/ place of last residence, 2001 Census	710-712
Annexure-V	:	Brief account of main religion in the district/tahsils as per 2001 Census	713
Annexure-VI	:	Marital status of population as per 2001 Census	714
Annexure-VII	:	Age, Sex and Education in the district, 2001 Census	715-716
Annexure-VIII	:	Distribution of different mother tongues returned in 2001 Census	716
Annexure-IX	:	Statement of Five Main SC and ST in the District, 1991 census	717
Annexure-X	:	Hamletwise total population of villages, Census 2001	718-862
Annexure-XI	:	Statement of Disability in the District, Census 2001	863

Foreword

The District Census Handbook (DCHB) published by Census Organisation since 1951 census, is one of the important publications in the context of planning and development at grass-root level. The publication, which is brought out for each district, contains several demographic and socio-economic characteristics village-wise and town-wise of the district alongwith the status of availability of civic amenities, infrastructural facilities, etc.

2. The scope of the DCHB was initially confined to a few Census tables and Primary Census Abstract (PCA) of each village and town within the district. Thereafter, at successive censuses, its scope and coverage has been enlarged. The DCHB published at the 1961 census provided a descriptive account of the district, administrative statistics, census tables and a village and town directory including PCA. The 1971 census-DCHB series was in three parts: Part-A related to village and town directory, part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/ town levels. New features alongwith restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in board ranges from the nearest place having such an amenity, was given. Information on new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet the requirements of some of the Revised Minimum Needs Programme. Information on approach to the village was provided for the first time in the village Directory so as to give the details on number of inaccessible villages in each district. In the town Directory, a statement (IV-A) on slums introduced to provide the details on civic and other amenities in the notified slums of Class I and Class II towns.

3. The 1991 census DCHB, by and large, followed the pattern of presentation of 1981 census, except the format of PCA was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex-wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation. It was expected that the presentation of village directory and PCA data at CD block level will help the planners in formulation of micro level development plans, CD block being lowest administrative unit.

4. The present series of 2001 census DCHBs have been made more informative and exhaustive in terms of coverage and content. The village Directory has been enlarged in scope by including a number of other facilities like banking, recreational and cultural facilities, newspapers and magazines and 'most important commodity' manufactured in village. Income and expenditure of gram panchayat, wherever possible, has been provided. Apart from these, more details on distance(s) at which basic amenities are available (if not available in the village), are given. This includes educational facilities (namely primary and middle schools and college), medical facilities (viz. Allopathic Hospital, Maternity & Child Welfare Centre and Primary Health Centre), drinking water, post & telegraph (post office and phone), communication, bank, credit societies and recreational

facilities. In town Directory, the statement on slums has been modified and its coverage enlarged by including details on all slums instead of 'notified slums'. The information is given in case of all statutory towns irrespective of their class, against only Class I and Class II towns in the 1981 and 1991 censuses. The basic amenities available in the villages and towns are analysed in depth with the help of a number of cross-classified inset tables and statements. Two other significant additions in the publication are inclusion of 'motif' highlighting significant characteristic of the district and analytical notes as annexures. The analytical notes on (i) fertility and mortality and (ii) various measures of fertility and mean age at marriage are prepared based on 1991 Census. Whereas, in the notes relating to (i) percentage distribution of migrants by place of birth/place of last residence, (ii) main religions, (iii) marital status of population, (iv) age, sex and education , and (v) distribution of spectrum of mother tongue, nature and extent of changes occurred in the district in its basic socio-demographic features during the decade 1991-2001 are analysed. The eight digital permanent location code (PLCN) to all the villages and towns have been assigned keeping in view the future needs.

5. The village and town level amenity data have been collected, complied and computerised in prescribed record structure under the supervision of Shri Prabhakar Bansod, Director of Census Operations, Bhopal. Thereafter, efforts have been made to ensure comparability of the information with that of 1991 census data and the information brought out by the respective state governments in their annual reports and statistical handbooks for various years after 1991. The task of planning, designing and coordination of this publication was carried out by Shri R.G. Mitra, Deputy Registrar General (C&T) and Dr. I.C. Agrawal, Senior Research Officer of Social Studies Divisions. Dr. R.P. Singh Deputy Registrar General (Map) provided the technical guidance in the preparation of maps. Whereas, Shri Anil Kumar Arora, Deputy Director of Data Processing Division who worked under the overall supervision of Shri Himakar, Addl. Director(EDP) helped in preparation of record structure for computerisation of village and town directory data and the programme for the generation of Village Directory and Town Directory statement including analytical inset tables. The draft DCHB manuscripts received from the Census Directorates have been scrutinised in the Social Studies Division Under the guidance of Shri S.L.Jain, Deputy Director and Shri. R.K. Mehata, Assistant Director. I am thankful to all of them and others who have contributed to make this publication possible.

D.K. Sikri
Registrar General &
Census Commissioner, India

New Delhi

Preface

The District Census Handbook (DCHB) compiled by the Census organization, Government of India is one of the most valuable and usable product of the Census. As its name suggests, it is brought out for each district in the State. This publication started from the 1951 Census, but prior to this, a similar publication was released in the earlier censuses. Those publications contained only village statistics, village names and total population thereof. The 1951 Census could, therefore be said to represent a significant step forward, in the process of making detailed census statistics available down to the village level. An important achievement, for the first time in 1991 Census, was that the village level data was presented Community Development Blockwise.

The scope of District Census Handbook has undergone considerable change since 1951. This is basically due to the growing demand for more information. For the purpose of convenience as well as with a view to make the basic statistics available to the data users, as early as possible, the District Census Handbook of 1991 was brought out in a single volume as against the earlier practice of bringing it out in two parts. The volume was however divided in two parts viz. part A and part B. Part A contained the Village/Town Directory while part B contained the Primary Census Data, based on the 1991 Census count. Continuing the practice of 1991 Census, the 2001 series of the District Census Handbooks is comprised of two parts but the present series is more informative in terms of coverage and contents. Part A contains Village Directory which provides information on infrastructure amenities and land use data at village level i.e. name and location of villages, area, population, number of households, important civic amenities/facilities available in villages like educational, medical, drinking water, post, telegraph, commercial and co-operative banks, agricultural and non-agricultural credit societies, recreational and cultural facilities, communications, approach to the village, nearest town and its distance, power supply, news papers/magazine and most important commodity manufactured in the villages. Similarly, the comprehensive statements and their analysis of Town Directory provide valuable information on growth, physical, economic, civic and development aspects in respect of each town of the district. C.D. block being the lowest administrative unit for developmental planning, it is assumed that the data provided at this level would be extremely useful to the planners for formulating micro level developmental plans.

Part B of the District Census Handbook contains Village and Town Primary Census Abstract. This provides information on area, occupied residential houses, number of households, sex-wise total population. child population in age-group 0-6, Scheduled Castes and Scheduled Tribes, literates, workers, non-workers and divisions of workers into four industrial categories i.e. cultivators, agricultural labourers, workers in household industries and other workers in respect of each village and town of the district. Besides the brief history and other major characteristics of the district, inset tables and appendixes based on village directory, housing tables and PCA and their analysis added in the District Census Handbook provide glimpse of availability of amenities to villages relating to housing, assets available with households and demographic profile of population at tahsil/ C.D block level which are helpful for rural planning. Annexures giving information on religion, Scheduled Castes/Scheduled Tribes, migration, fertility, mother tongue have been included.

It has to be remembered that the villagewise area figures presented in the PCA are based on village information in the form of C-3 as furnished by the revenue authority and the “total” given for the administrative units viz community development blocks, is the total of the area figures of village coming under it while in the case of the administrative unit viz, tehsil, the “total” area shown, is based on the information furnished by the Commissioner, Land Records ,Government of Madhya Pradesh, Gwalior. In some cases the total area shown against the tahsil, may not tally with the total of the area figures of villages coming under it.

The District Census Handbook had been a joint venture of the Government of Madhya Pradesh and the Government of India. The design of 2001 District Census Handbook has been evolved centrally by the Census Commissioner, India and accordingly these books have been prepared by my office. In earlier censuses, the cost of publication of these books were borne by the State Government but now these are being printed centrally by the Census organization. In accomplishing this task we have had the whole hearted cooperation of the staff at various levels of different departments of the State Government. The data supplied by the field level officers have been comparatively checked with 1991 DCHB information and have been cross checked with the data obtained from various departments. An attempt had been made to reconcile the discrepancies by external validation to make it more reliable. I am grateful to all heads of departments of the State Government officers and staff engaged in the conduct of 2001 Census for their cooperation to accomplish this task.

The compilation of such a huge amount of varied data in a single volume requires proper planning and close monitoring. We had the honour of having enlightened guidance and encouragement of Shri J.K.Banthia, IAS, Registrar General and Census Commissioner of India. I owe special thanks to Shri. J.K.Banthia. After the repatriation of Shri J.K.Banthia to Maharashtra Government and later to come foreign assignment. We have been receiving continous guidance and support from Shri D.K. Sikri presently Registrar General and Census Commissioner, India for bringing this report out. I am grateful to him. I am thankful to Dr. R.P. Singh, DRG (Map), Shri. R.G. Mitra DRG (C&T) and Dr.I.C. Agrawal, Sr. Research Officer (S.S.) and Shri.S.L. Jain, Dy. Director of S.S. Division for providing technical guidance.

In the directorate many officers/officials contributed in the Census 2001. First of all I am grateful to the then Director of Census Operation, Madhya Pradesh & Chhattisgarh, Shri Prabhakar Bansod under whose guidance the Census 2001 was carried out successfully.

The data presented in the District Census Handbook required a concerted team work of officers and staff member of this Directorate who were involved with it at various stages of its planning, supervision, field work, computerisation, preparation of manuscript, prepration of CRC with the help of Adobe Pagemaking technique, maps and printing. I express my appreciation for the painstaking dedicated service rendered by all of them and also to the officers and staff of Data Centre, Bhopal for their untiring cooperation in finalizing the 2001 Census Data.

I shall feel greatly rewarded if the book comes to the expectation of the data users.

District Highlights - 2001 Census

1. The district occupies 22nd place in the state according to population.

2. The district occupies 21st rank in the state in terms of area having 6,778 sq. km. which is 2.2 percent of the total area of state.

3. Literacy rate of Jhabua district is 36.9 percent and it occupies 45th position in the state. The female literacy rate of the district is 25.7 percent .

4. Density wise the rank of the district is 17th in the state.

5. Ranking of the district according to the sex-ratio is 4th in the state.

6. Female work participation of the district is 50.7 percent of total female population. Rank of the district according to female work participation is 2nd .

7. Population wise largest village is Barjhar of Bhavra tahsil L.C.No.02933400 with 7099 population and smallest village is Piplipada of Petlawad tahsil L.C.No.02876900 with population of only 9 persons.

8. Population wise largest town is Jhabua (M) having population 30,577 and smallest is Bhavra (NP) with 9,263 population.

9. Economy of the district is mainly dependent on agriculture and the district is famous for Bhagoria mela.

Note : No village is fully covered as outgrowth (OG) and therefore not included under the item, "Number of villages".

Definition of Census Town :

All places which satisfy or are expected to satisfy the following criteria are treated as Census Towns:-

i) A minimum population of 5,000;

ii) At least 75 per cent of the male working population engaged in non-agricultural pursuits, and

iii) A density of population of at least 400 per square kilometre (1,000 per square mile).

ANALYTICAL NOTE

Analytical Note

(i) History and Scope of District Census Handbook:

The District Census Handbook (DCHB), compiled by the Census Organisation, Government of India, on behalf of the State Government is one of the most valuable product of the Census. It is brought out for every district and is a very useful publication which is widely used by planners, administrators, academicians and researchers as it provides, among other things, the primary census data down to the village level.

History :

The history of the District Census Handbook could be traced from the "Village lists" brought out for every district in 1901 and "Village Statistics" for every district in 1911. This was discontinued in 1921 and 1931. In 1941, however, "Village Statistics" were brought out by the then Central Provinces and Berar Government. It was for the first time in 1951 that the practice of brining out a single volume known as District Census Handbook, giving village wise statistics and other Census tables for the districts, at the cost of the State Government, was initiated .

Scope :

The maiden publication of the District Census Handbook of 1951 contained village wise primary census data and census tables for the district. With the increasing utility and demand of statistical data for the planning process, the scope of the District Census Handbook was enhanced to a great extent in 1961 by including non-census data like climate, agriculture, animal husbandry, co-operative bank, industry, education, health, etc., apart from presenting the village wise primary census data and census tables. An introductory note giving information on historical background, physical features, soil, climate, civic administration, agriculture, industry, education, etc. together with detailed analysis on census tables was also a novel feature of the 1961 census. Maps of District and Tahsil were also included.

Publication of DCHB at the 1971 Census :

The desire to make the District Census Handbook more comprehensive in 1961, delayed the publication in some states. Therefore, in 1971, the Registrar General and Census Commissioner of India, decided to bring out DCHB in three parts viz. Part A, B and C, in order to release the maximum data as and when ready. Accordingly Part A was to contain the village wise Land Use data and the amenities and facilities available in the villages, these being part of the non-census statistics. Part B was to comprise the village wise primary census data, while in part C, the various non-census statistics at the district level and a few at tahsil level were to be presented.

However, in Madhya Pradesh, Part A and B were published in one volume, since it was economical to do so and data for both the parts had become available early. For various reasons, collection of non-census statistics took a long time and consequently, finalization of Part C was unduly delayed. Though the manuscript of Part C were allotted to different Regional Presses by the Controller, Printing and stationary, Government of Madhya Pradesh for printing. Ultimately this publication had to be abandoned due to the enormous delay in the process of its finalization and printing.

Strategy at the 1981 Census :

In 1981 census with a view to avoid delay in the publication of DCHB series, part C containing the non-census statistics, as well as the census tables for the district were dropped. The scope of the District Census Handbook was, however, enlarged by the addition of tahsil wise list of villages where no amenities were available and tahsil wise list of the villages according to the proportion of Scheduled Caste/Tribes population by ranges in the form of Appendices III and IV respectively were added since Appendices I and II were already there.

Appendix III has been helpful for planning input in areas/villages where basic infrastructure is lacking,

while Appendix IV has been helpful for planning welfare programmes for Scheduled Castes/Scheduled Tribes at micro level, particularly in relation to development oriented programmes.

In the town directory portion of DCHB Part A and additional Statement IV-A was also introduced in 1981. This statement was meant only for Class I and Class II towns and indicated the civic and other amenities in notified slums.

The inclusion of the Primary Census Abstract relating to the Scheduled Castes and Scheduled Tribes at the tahsil/town level in Part B portion of the DCHB was another important feature of 1981 Census. An appendix containing Development block wise totals of Primary Census Abstract was also presented in the DCHB series 1981 though it was not prescribed in the All India pattern.

The 1991 DCHB Series :

In the context of development planning the CD Block stay as an operational unit, the presentation of village-wise statistics at the CD Block level had been very helpful for the administrators and planners in formulating various development plans. The same had been presented CD Blockwise in 1991 Census.

The scope of the 1991 DCHB, particularly the village directory was enhanced to a great extent by the inclusion of additional information on various subjects such as inset tables on area, population and density in the districts, tahsils and towns, jurisdictional changes 1981-91 etc.

Contents of the DCHB series 2001 :

The present series of District Census Handbook consisting of two parts viz. Part A and Part B is being published in a single Volume.

Part A Village Directory :

Village Directory contains information about the name of the village with location code number, assigned to it by the Census Organisation, geographical area of the village, total population and number of households in the village, amenities like education, medical, drinking water, post and telegraphs, communications, approach to village together with distance in Km, distance from the nearest town, power supply and land use data. In addition there are eight appendix to the village Directory as under :

Appendix I : CD Block wise(rural) abstract of educational, medical and other amenities.

Appendix I-a : CD Block wise abstract of villages by number of Primary schools.

Appendix I-b : CD Block wise abstract of Villages of Primary, middle and secondary schools.

Appendix I-c : CD Block wise abstract of Villages with different sources of drinking water facilities available.

Appendix II : Villages with 5000 and above Population, which do not have one or more amenities

Appendix II-a : Census Towns which do not have one or more amenities

Appendix III : Land Utilization data in respect of Census Towns/Non Municipal Towns.

Appendix IV : CD Block wise list of inhabited villages where no amenity other that drinking water facility is available.

Appendix V : Summary showing number of villages not having Scheduled Castes Population.

Appendix VI : Summary showing number of villages not having Scheduled Tribe Population.

Appendix VII A: List of villages according to the proportion of the Scheduled Castes to the total population by ranges.

Appendix VII B: List of villages according to the proportion of the Scheduled Tribes to the total population by ranges.

Appendix VIII : Statement showing number of girls school in the villages.

Town Directory :

The Town Directory contains the following seven statements and one appendix.

Statement I : Status and Growth History

Statement II : Physical aspects and location of towns

Statement III : Municipal Finance

Statement IV : Civic and other amenities

Statement V : Medical,Educational, Recreational and cultural facilities

Statement VI : Trade, Commerce, Industry and Banking

Statement VII: Civic and other amenities in slums

Appendix to Town Directory – Towns showing their outgrowth with population.

Primary Census Abstract

Part B: -The Primary Census Abstract gives basic information on Area, Total Households, Total population, Scheduled Castes, Scheduled Tribes population, Population in the age group 0-6, Literates, Main Workers and Marginal workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and Non-workers. The characteristics of the Total population includes Scheduled Castes, Scheduled Tribes, Institutional and Houseless population and are presented by sex and rural-urban residence. This data is presented at different levels namely, Districts, CD blocks, Village, and UA/Towns. In addition, Ward/Enumeration blockwise population is given in the Appendix to District Primary Census Abstract.

Primary Census Abstracts for Scheduled Castes and Scheduled Tribes:

The primary Census Abstract relating to Scheduled Castes and Scheduled Tribes is also being presented separately at the CD Block-wise /Town wise. It will have the same characteristics as indicated in the Primary census Abstract to the total population.

Publication of DCHB in Regional Language :

In 1981, part A and part B of DCHB were brought out separately for every district which were printed in diglot i.e. a mixed up Hindi and English versions while in 1971, both the parts i.e. part A and part B were brought out in a single volume with simultaneous Hindi and English versions. The 1961 DCHB were however published in a single volume in English version only for district, since there were no separate parts like DCHB of 1971 and 1981 censuses. The 1951 census DCHB series were published with a mix of both Hindi and English but with a difference. That is to say that the districts belonging to the erstwhile state of Madhya Pradesh comprising the Mahakoshal Region and 2 districts of erstwhile Bhopal state has the District Census Handbook in English version only, while with respect to 16 districts of Madhya Bharat region, the DCHB were published in diglot. The DCHB of 8 districts of Vindhya Pradesh region were however published in Hindi version only.

New Features of DCHB 2001 :

The main features of Village Directory of DCHB 2001 are :

(1) For the first time eight digit continuous location code is assigned to all the villages within the state. These are the Permanent Location Code Numbers (PLCN) and starts from the first village of first Tahsil of first district of State and continue till the end of last village of last Tahsil of the last district within a state.

(2) The State codes are given in serpentine order for the first time which were assigned alphabetically in 1991 Census . As a result the State code of Madhya Pradesh which was 13 in 1991 has changed to 23 in 2001.

(3) As compared to earlier series of Village Directory addition of more useful information viz. Number of Commercial, co-operative banks and the nearest distance of availability of amenity, Agriculture and Non-Agriculture credit societies, Recreational and Cultural facilities, availability of Newspaper/ magazines and names of important commodities manufactured are included in Census 2001 for the first time in Village Directory.

(4) Annexures giving information on fertility, religion, migration, mother tongue, Scheduled Caste/Scheduled Tribe have been included in DCHB 2001.

Town Directory :

No major change has been made in Town Directory when compared to Town Directory of 1991. However, some improvement has been made in the data collection on slums of the towns having population

50,000 and more in which separate Enumeration Blocks were carved for slums during houselisting and population enumeration. In 2001 information with respect to slum areas have been collected for all towns.

The information of slums for Class I and II towns that is with population 50,000 or more was compiled in statement IV-A in Census 1991. In Census 2001, this information is compiled for all the towns irrespective of their size in statement VII.

Primary Census Abstract :

(1) Information on individuals has been collected in Household schedules and practice of collecting data on individual slip has been discontinued.

(2) For persons recorded as other workers, the information on distance of place of duty and the means of transport of place of duty are obtained in column 27 and 28 of the household schedule.

(3) The information on Disability was obtained for the first time in Census 2001 in column 15 of the household schedule.

(4) The household schedule is divided in three parts. The information on cultivation/ plantation is recorded in part III of the household schedule for the first time in census 2001.

(ii) Brief History of the District :

Jhabua is said to have been found by one Jhabbu Nayak. It rose to prominence when Jhabua state of Rathor's was founded in 1584 by Deshodas Rathor, a royal family of Jodhpur. During the reign of Jahangir he rose to prominence as a field commander and obtained the grants of lands for suppressing disorder in south-west Malwa. After his death in 1618 at Badnawar his jagirs were attached. But in 1642 Shahjahan restored these territories to Maha Singh, a nephew of Keshodas. Maha Singh defeated the Nayaks of Jhabua and Thandla and established his capital again at Jhabua in 1642. Since then the Rathor dynasty ruled over Jhabua till 1948 when the Estate as a part of present Jhabua district was merged into the Union of India.

The Jhabua district was constituted in May, 1948 as a result of the merger of the erstwhile Estates of Jhabua, Ali-Rajpur, Jobat, Kathiwara and Mathwar States. The Petlawad *Pargana*, an isolated pocket of Holkar Estate and Khandwa village of former Dhar state were also included in the district. Formerly, Jhabua district was a part of Madhya Bharat state and later on it became a constituents unit in Madhya Pradesh state on 1st November, 1956.

The erstwhile Jhabua state was founded by Keshodas Rathor in 1584. In 1618, his Jagirs were attached to Mugal Empire, but in 1642, Shahjehan restored these territories to Maha Singh, a nephew of Keshodas. He could establish himself only after defeating the Nayakas of Jhabua and Thandla.

Ananda Deo Rathor founded a separate state and built the fortress of Anandaoli in 1437,which later came to be known as Ali. This Estate was bifurcated into Ali (Rajpur) and Jobat by his grandsons, Gopal Deo and Desho Deo. In A.D 1800, Ali-Rajpur, the new capital of Ali Estate was shifted to Rajpur. Kathiwara and Mathwar were very small principalities, their span being 69 sq. miles and 65 sq.miles respectively. Petlawad originally belonged to a Labhana chief. Later on, it was taken over by Keshodas Rathor of Jhabua. However, Petlawad and Thandla were occupied by Holkar in 1730. The Petlawad *Paragana* was a detached pocket of Holkar Estate and hence it was included in Jhabua district in 1948.

The subsequent history of present district of Jhabua, had been covered by the three erstwhile Estates of Alirajpur, Jobat and Jhabua founded in the 15th and 16th centuries. Jhabua as a Estate was founded by Keshodas under the reign of emperor Jahangir . He ruled for about 23 years and then succeeded by Karan Singh for a short period of three years. Subsequently, the Estate was ruled by Man Singh, Kushal Singh, Anup Singh, Bahadur Singh, Bhim Singh, Pratap Singh, Ratan Singh and Gopal Singh. Gopal Singh was only seventeen year old, when the revolt of 1857 broke out. But he rendered valuable service to the British by assisting the fugitives from Bhopawar. Till 1870 the Estates of Indore and Jhabua exercised joint jurisdiction over Thandla and Petlwad district but as this arrangement led to constant dispute, on exchange of territory was affected in 1871 by which Petlawad was assigned to Indore and Thandla remained with Jhabua. Gopal Singh in 1891 specially ceded land for the Godhra-Ratlam-Nagda-Ujjain branch of Mumbai, Baroda and Central India Railway. Udai

Singh succeeded Gopal Singh in 1895. Power of administration given in 1898 was curtailed in 1900. They were restored to him in 1918 on certain conditions but were again curtailed in 1928. From September 1934, Raja Udai Singh resided outside the Estate, the administration was conducted by a council under the supervision of the Political Agent. Later, Dileep Singh, again of the Khawasa branch of the family was selected by the British to succeed him and was given full ruling powers in September, 1943.

The record traceable of the history of Alirajpur is only sketchy. The ruling family of Alirajpur Estate were also Rathod Rajputs, Dip Sen first settled at Motipol village in Bhabra *Paragana*. Subsequently, Udai Dev or Anand Dev made Ali, a town 16 km. south of Rajpur. Anand Dev had two great grandsons, Gopal Dev and Kessar Dev, of whom the later was given independent territory forming Jobat Estate, while Gopal Dev set on the throne of Alirajpur. In 1818, when the British power was established in Malwa the then ruler Rana Pratap Singh was managing the affairs of the Estate. Later on Jaswant Singh took over the reign of the Estate. Then Gang Deo, Bijai Singh and Pratap Singh succeeded the throne. Pratap Singh, later in 1923 entrusted through a Kharita, his son. Fateh Singh, with partial responsibilities in state administration and thus paving way to Fateh Singh's future succession.

Jobat Estate was the third constituent of the present district, was under the Bhopawar Agency. The Rana of Jobat was a Rathor Rajput. The Estate was established in the year 1477. At the time of the establishment of British supremacy, Rana Sabal Singh was in possession and was succeeded by Raja Ranjit Singh and then Sarup Singh and Indrajit Singh.

During the various currents of Freedom struggle sweeping the nation, Jhabua region also played a significant role among the native Estates of the time. In this context Chandra Shekhar Azad, hailed from Bhabra of this district attained special fame as, one of the most famous revolutionaries of the country. The early sign of disturbances and activities against the British rule in the neighbourhood was a Bhil Conference held at Dahod. Later on Council immediately banned all processions meetings, etc. and started arresting members of Jhabua State Peoples Conference, which formed to fight for independence. The inaugural convention of the Peoples Conference was held at Dahod in 1935 under the Chairmanship of Kaluram Porwal but the second session of the conference was, organised at Bherugarh village. The council took oppressive measures and several persons were put behind bars for defying prohibitive orders on 8th August 1936. Jobat and Alirajpur Estate areas were also affected by the freedom movement although rulers being loyal to the British.

As in the case of other native Estates, the people of all the three Estates of the district carried out campaign and ultimately successful in the formation of responsible government and the ultimate merger of their Estates with State of Madhya Bharat under the Indian Union on 28 May1948. The three Estates of Jhabua, Alirajpur and Jobat were included to constitute the present Jhabua district.

(iii) Administrative set up

For administrative purpose the district is divided into eight tahsils, According to 2001 census , the total number of villages are 1,357 out of which 1,317 villages are inhabited and 40 un-inhabited. Tahsilwise number of villages are, Thandla (112), Petlawad (240), Meghnagar (110), Jhabua (256), Bhavra (50), Jobat (149), Alirajpur (345) and Ranapur (95). In the district there are 12 C.D. blocks, namely, Thandla, Petlawad, Meghnagar, Jhabua, Rama, Udigarh, Bhabra, Jobat, Kattiwada, Alirajpur. Sondwa and Ranapur. There are 8 towns in the district. As per urban classification, Thandla, Petlawad, Bhavra, Jobat and Ranapur are Nagar Panchayats, whereas Jhabua and Alirajpur are (M.). The Meghnagar is (CT). Under the revenue administration there are 13 revenue Inspector's circles and 245 *patwari halkas*.

The district is the basic territorial unit of administration in the state as well as in India. The Collector, as the head of the district administration is the lay functionary of the Government, having vast powers and wide responsibilities. In many ways he is the link between the state Government and the people. He is the custodian of law and order and the pivot of local administration.

He is the Chief Executive Officer of the district and as such he exercises general supervision over various departments in regard to their non-technical work. Co-ordination of the activities of various departments, control over local-self governing bodies,

execution of Government schemes and miscellaneous functions, such as Panchayats, Census, election and relief measures during natural calamities like floods, famine and epidemics, etc. also come within his preview.

The narrative on the organisational set-up of the collectorate may be divided into three main functions, viz.(i) land revenue, land-records including consolidation of land and other allied matters. (ii) Law and order and (iii) Development.

The Collector is assisted by deputy Collectors, Tahsildars, *naib* Tahsildars, revenue inspectors and *Patwaris*. The Collector is also associated with a number of other committees, the most important being the District Advisory Committee. The Collector is also vested with statutory powers under excise act to implement the excise and prohibition policy of the Government. Superintendent of Police is the head of police department at the district headquarters, In order to facilitate proper and smooth functioning of Judiciary and administration there are 21 police station and 25 police out posts in the district. Jhabua and Alirajpur having district Jail, whereas sub-jail is located at Jobat.

The Judiciary is independent. At the district level, there is district court headed by District and Session Judge. District and Session Judge is assisted by Civil Judges posted at tahsil level.

(iv) Physical features

The Jhabua district is situated in the extreme south- western part of the Madhya Pradesh state. It occupies the hilly tract along the western margins of Malwa plateau, and north of the Narmada river. The district extends between the parallels of latitude 21°55' N and 23°15' North, and meridians of longitude 74°02' east and 75° 01' East. The Jhabua district is bounded by Banswara of Rajasthan and Ratlam district in the north, Panchamahals and Baroda districts of Gujrat in the west. West Khandeel (Dhulia) district of Maharashtra and Barwani district in the south and Dhar district in the east. The total geographical area of the district is 6778 sq.km. which is 2.20 percent of the state's total area. It stands 21st in size among the 45 district of the state. The shape of Jhabua district resembles a rough parallelogram with its length extending from south-west to north- east. The greatest length of the district is 152 km. and the greatest width 72 km. at the latitude of Jobat in south. It measures about 70 km. at the latitude Petlawad in north of the district.

The district lies on the Vindhyan range north of the Narmada river, and along the south-western margin of the Malwa plateau. Most of its area is covered by the Achaeans and the Deccan Trap. Due to the differential erosion in the plateau region, some of the major streams have carved undulating valleys in the district. Thus the district can be divided into three physiographic divisions viz. (1) The Vindhyan Range in the south (2) Malwa Plateau in the east and north- east and (3) The upper valleys of the Mahi, the Anas and the Hatni.

The highest peak of the district lies on the Vindhyachal Range around Mathwar about 7 km. east of this place a peak rises to 2568 fit (783 M), another peak rises to 2492 fit (759.4m) 3 km. south of Mathwar. The Malwa plateau has an average elevation of 365 metres above mean sea level with a gentle slope towards north-west.

Rivers and drainage

The district falls in the catchment areas of the Narmada river as well as the Mahi, in the southern and northern part of the district respectively.

The Narmada : The Narmada is the largest river of the district. It flows from east to west along the southern boundary. The Narmada touches the southern boundary of Jhabua few kilometers above Kakrona. Soon it is joined by the Hatni from north and the Jharkal on the opposite bank below Khanba village. The waters of the Orsang and its tributaries rising in the western parts of Jhabua join the Narmada in Gujarat. The course of the Narmada in the district is 38 km.Tributaries like Orsang Panam; Ani, Hatni and Ankhar join the Narmada river.

The Hatni : The Hatni is a major tributary of the Narmada in this district. Its streams rise from the northern off-shoot of the Vindhyachal along the northern boundary of Jobat tahsil. The stream rises near Sajawada. It is beleived that once a foot of cow-elephant stuck in the mud at the place. When she pulled it off, a spring came out of it, hence this name. It meets the Narmada at Kakrana.

The Mahi : The word 'Mahi' derived from Mahi,

the daughter of the Earth from 'Muhi', the sour milk. It forms the north- eastern and east-northern boundaries of the district in Petlawad tahsil. The Pampawati of Petlawad, combined with the Ladki, joins it near Bhairogarh railway station.

The Anas : The Anas is a large tributary of the Mahi. It rises from the south-eastern part of Jhabua tahsil. The Anas drains the north-western part of the district. The Anas flows to the north for about 37 km., 9 km., to the west, and towards the north- west for another 44 km. within the district. Most of the later course lies along the western boundary of Jhabua with Panchmahals of Gujarat.

Climate

The climate of the district is generally dry except in the monsoon months. The district has extreme climate. The period from March to May is the hot season followed by the monsoon season from June to September, October and November may be termed the post-monsoon period while December to February is the cold season. The district also observes a large regional variation. The southern part around Kathiwara is comparatively more pleasant than the hot region of Jhabua, Thandla and Petlawad tahsils in the north. This is because of the elevation reaching above 375 m. in the south. Also this region received over 1500 mm. rainfall as compared to 750mm around Thandla.

The average annual rainfall of the district is 811.6 mm (31.95") The rainfall generally decreases from west to east. About 93 percent of the annual rainfall is received in the monsoon months. July is the month receiving the maximum rainfall. The highest rainfall (in 24 hours) was 292.1 mm (11.50") recorded at Jhabua on 26th July, 1947. The year 1911 received the lowest rainfall, as low as 37 percent of the normal.

The hot season commences by March and temperatures rise gradually with the advance of the season. May is the hottest month with the mean daily maximum temperature at about 39.5°C (103°F) and the mean daily minimum at about 26°C (79°F). The mean daily minimum temperature in January, the coldest month, is about 11.3°C (52.3°F).

Flora and Fauna

The forests in district are not extensive. However, the total forest area of the district is about 1882.240 sq.km as per the annual administrative report, 1999-2000 of forest department, Govt. of M.P. The major part of the forests are found near Kathiwara, Mathwar and Bhabra in Alirajpur tahsil. The forests of the district belongs of to the tropically deciduous type consisting of teak forests and mixed forests. The teak is generally of poor quality except in a few pockets. Bamboos grow very scattered in Mathwar and Kathiwara ranges. The forests of *Salai* (Bosewellia Serrata) and *Anjan* (Hardwickta binata) are mostly found around Narmada Valley and Mathwar range. The other species of timber found in the district are teak (Tectona grandise) *saj* (Terminaliatomentosa), *Salai, anjan* (Hardwickta binata) *dhow* (Anoglissus latefolia), *Wahna* (Madhuca indica) and palm trees are numerous in the southern part of the district, forest products collected include *bahera* (terminal belirice) gum etc.

The forests of the district afford shelter to some species of wild life. Since the forests not being very dense, the wild life found in the district is generally very few. Tigers (Felin-tigris) are rare. The other species of animals found in the forests of district are panther (felin-pardus) hyena (hyacena stirata), jackals (canis aurcus), ferocious (Vulpes bena-liensis and *sambhar* (cervus uncolor). The indiscriminate killing of animals has destroyed much of wild life in the district. The common birds found in the district are partridges, sand groves, green pigeons, ducks. All kinds of snakes, scorpions and centipedes are also found.

Land use

The district lies on the outside border of the Malwa region. Generally speaking three main kind of soil are found all over the district namely, black soil of different textures, gray or bhuri soil and stony or red coloured soils. Total geographical area of the district is 6778 sq.km. out of which forest area is 1882.24 sq.km.(as per annual administrative report 1999-2000.)

Minerals

The economic minerals found in the area includes dolomitic marble, limestone, soapstone, sandstone, asbestos clay, graphite, rock phosphate and manganese ore etc. But since the mineral are of inferior quality, quantity and economically not viable, possibilities of establishing large-scale industry is rare. At present rock phosphate is extracted from few mines and sent out in

raw form by grinding it. There is some scope to start few more crushers in the district.

Agriculture

The district belong to cotton-jowar zone, as it did not possess very fertile land, the crops in the area almost wholly depended on rains, particularly in view of meager irrigation. This position changed appreciably since the implementation of development plans. In the past, though crops were raised in both the cropping seasons of kharif and rabi, the former was the more predominant reason with traditionally grown millets like maize and jowar as well as cotton being among the major crops of the area.

The principal kharif crops among cereals were paddy, jowar, maize and *bajra*. Wheat is the main cereal grown in rabi, cotton the main fiber, often grown with jowar is another important commercial crop of the area. Kharif crops sown in 360307 hectare, while rabi sown in 107177 hectare.

Irrigation

Economy of Jhabua district, like the majority of the districts of the state, is dominated by agriculture. Main source of the irrigation is well. There are 327 canals in the district. By canals, irrigated area as reported is 13097 hectare. Irrigation by wells 22603 hectare, by tubewells was 974 hectare and by tanks 7410 hectares and by other sources 40030 hectare of land. Total irrigated area by all sources is 84114 hectares.

Animal Husbandry

The grazing facilities for the livestock of a district generally depend on the forest area and greenlands surrounding the villages with two land use classes i.e forest and permanent pastures. Grazing lands were said to be available except famine years before independence. In the post independence district of Jhabua, the category of Permanent pastures and other grazing lands, declined from 1947 till mid-seventies due to extended cultivation and increasing human population and livestock. The forest area near to villages also made for a source of feeding the various livestock.

Fisheries

Jhabua, being mainly a tribal district, has a good potential for the exploitation and development of pisciculture with ample surface water as the main occupation of the local population. With the state-wide expansion of fisheries department in the post-independence era helped in introducing new improved methods of fish breeding and better modern means of pisciculture. Pisciculture as a way of occupation as well as livelihood in the district occupied a place alongwith, agriculture, animal husbandry and forestry. Among the commonly found local species of fish in the district may be included *Bharoli, Patola, Jhalar, Khaipali, Badus* and *Sanwal*.

Trade and Commerce

Cultivation is the main source of the district. Isolated and wild nature of the area made difficult for the development of trade and commerce. Lack of communication facilities also hampered trade in the past. The trade in former Jhabua state was increased in late years. The main means of communications was the Godhra-Ratlam railway and the metalled roads from Ranapur to Meghnagar and Thandla to Bajrangarh. The traders called '*Sahukar*' mostly dealt with cultivators or *asamis* in grains. The main source of commercial profit was opium, exported to Ratlam. Manganese ore was exported from Meghnagar station. The principal exports were foodgrains, crude opium and cotton and the imports were sugar, piece-goods, metals and kerosene oil. The chief trade centers were Jhabua, Ranapur, Thandla, Rambhapur, Khawasa, Sarangi, Jhaknaoda, Udaigarh, Bori, Bhagor, Hanumangarh, Umarkot, Pitoal para, Andharwad, Kalianpura and Bhawasa.

Around 4,553 persons were engaged in trade and commerce, of these 2,195 were in rural areas and 2,358 in urban areas. Of the total workers in commerce 749 were in Thandla tahsil, 713 in Petlawad tahsil, 1003 in Jhabua tahsil, 784 in Jobat tahsil and 1.304 in Alirajpur tahsil. The decline or variation in number of workers from census to census does not necessarily indicate a decay in commercial activities.

Transport

The communication facilities in the district cannot be said as satisfactory. The district is served by about 52 km. broad gauge railway line only. The length of pucca road is 1819 km. and length of kachcha road is 1456 km. Out of 1357 villages, 676 approachable

villages are connected by roads. Under the transportation facility, 586 buses, 621 trucks, 320 taxi/ cars were registered. No. of two wheelers registered were 6947.

Electricity and Power

As an important pre-requisite of modern industrial development, the availability of power cannot be ignored. The district lagged behind in power and its industrial growth affected adversely during past. The history of electric power generation in the district commenced in 1943-44 when two private companies were given license to run power houses at Jhabua and Ranapur towns. Till 1960, there was a small diesel generating set at Jhabua. Later, in 1961 Jhabua was connected with Indore by 33 K.V. line of Chambal Power Grid. Real progress in the field of electricity-generation and expansion could only be made after the arrival of Chambal power. During third five-year plan the number of towns and villages electrified increased to 6 and 211 respectively. 94.4 percent villages were electrified.

Gram panchayat

Panchayat is the basic institution of local administrative and is the foundation of local administration. Under the Directive Principles of state policy, the Constitution of India provides the Panchayati Raj System. Madhya Pradesh. Government passed M.P. Panchayat Adhiniyam System. Under 73rd Amendment of the Constitution, M.P. Government passed the Panchayat Adhiniyam 1993, which provides panchayat for villages, Janpad panchayat for blocks and district panchayat for district. Under M.P. Gram Sabha Adhiniyam 2001 Gram Sabha, which includes all the major persons, is constitutionally approved unit and gives voting rights to elect Panch, Sarpanch, and members of Janpad and members of district Panchayat. The Gram Sabha has power to approve works under annual budget of the village. Constituted with the elected members, these institutions work for five years. There is reservation for Scheduled Castes and Scheduled Tribes. For women, one third of total seats are reserved. Gram Panchayat, Janpad Panchayat and Zila Panchayat about 10-20, 10-25, 10-35 members.

Gram Panchayat with its funds execute the disposal of discriminating articles, water supply, public works (roads, buildings, wells, tanks) market exchange, co-operation with governmental works, community health and development works. Janpad Panchayat with its funds in its area work for community development and integration, agriculture, social, trade, cattle breeding, fish breeding, adult-education, co-operatives, cottage industries, welfare and employment oriented programme. District panchayat has the duty to supervise and has to control over the Janpad and village Panchayat. It also advise the State Government with regards to development works.

(v) Census Concepts

Building

A 'Building' is generally a single structure on the ground. Sometimes it is made up of more than one component units which are used or likely to be used as dwellings(residences) or establishments such as shops, business houses, offices, factories, workshops, worksheds, Schools, places of entertainment, places of worship, godowns, stores etc. It is also possible that building which have component units may be used for a combination of purposes such as shop-cum-residence,workshop-cum-residence,office-cum-residence,etc.

Usually a structure will have four walls and a roof. But in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate buildings.

Permanent houses

Houses, the walls and roof of which are made of permanent materials. The material of walls can be any one from the following, namely, galvanized iron sheets or other metal sheets, asbestos sheets, burnt bricks, stones or concrete. Roof may be made of from any one of the following materials, namely, tiles, slate, galvanized iron sheets, metal sheets, asbestos sheets, bricks, stones or concrete.

Semi-permanent houses

Houses in which either the wall or the roof is made of permanent material and the other is made of temporary material.

Temporary houses

Houses in which both walls and roof are made of materials, which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, plastic, polythene, mud, unburnt bricks or wood. Roof may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, wood, mud, plastic or polythene.

Dwelling Room

A room is treated as a dwelling room if it has walls with a doorway and a roof and should be wide and long enough for a person to sleep in, i.e. it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of 2 meters. A dwelling room would include living room, bedroom, dining room, drawing room, study room, servant's room and other habitable rooms. Kitchen, bathroom, latrine, store room, passageway and verandah which are not normally usable for living are not considered as dwelling rooms. A room, used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census houses is used as a shop or office., etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/ he also lives in it as a separate household then this has been considered as a dwelling room available to the servant's household. Tent or conical shaped hut if used for living by any household is also considered as dwelling room.

A dwelling room, which is shared by more than one household, has not been counted for any of them. If two households have a dwelling room each but in addition also share a common dwelling room, then the common room has not been counted for either of the households.

Census House

A 'census house' is a building or part of a building used or recognised as a separate unit because of having a separate main entrance from the road or common courtyard or staircase, etc. It may be occupied or vacant. It may be used for residential or non- residential purpose or both.

In certain peculiar situations, the manner in which buildings and census houses were identified for numbering in the field by the enumerators is described hereunder:

Sometimes a series of different buildings are found along a street which are joined with one another by common walls on either side looking like a continuous structure. These different units are practically independent of one another and are likely to have been built at different times and owned by different persons. In such cases, though the whole structure with all the adjoining units apparently appears to be one building, each portion was treated as a separate building and its constituent units as separate census houses.

On the other hand, one may come across cases, particularly in large cities of multi-storeyed ownership flats. In these cases while the structure looks like one building, different persons own the flats. In case of such multi-storeyed structures, having a number of flats owned by different persons, the entire structure was treated as one building and each flat as a separate census house.

If within a large enclosed area, there are separate buildings owned by different persons then each such building is treated as a separate building. There can be a situation where within an enclosed compound there are separate buildings owned by an undertaking or company or even government that are actually in occupation of different persons. For example, Indian Oil Corporation colony where the buildings are owned by the Corporation but these are in occupation of their employees. Each such building was treated as a separate building. But if in any one of these buildings there were flats in occupation of different households, each such flat was reckoned as a separate census house.

Sometimes if becomes difficult to apply the definition of census house strictly in certain cases. For example, in an urban area, if a flat has five rooms, each room having direct entrance from the common staircase or courtyard. By definition, this has to be treated as five census houses. If all these five rooms are occupied by a single household it was not realistic to treat them as five census houses. In such a case,'singleness' of use of these rooms along with

the main house should be considered and the entire flat was treated as one census house. On the other hand, if two independent households occupy these five rooms, the first household living in 3 rooms and the second household occupying 2 rooms, then considering the use, the first three rooms together were treated as one census house and the remaining rooms as another census house. But if each room was occupied by an independent household, then each such room was treated as a separate census house.

In case of hostels, hotels, etc., even if the door of each room in which an inmate lives opens to a common verandah, staircase, courtyard or a common room, as it happens almost invariably, the entire hostel/ Hotel building was treated as one census house. but if such hostels/ hotels have out- houses or other structures used for different purposes or the same purpose, then each such structure attached to the main hostel / hotel was treated as a separate census house.

In some parts of the country, in rural areas, the pattern of habitation is such that a group of huts, located in a compound, whether enclosed or unenclosed, is occupied by one household. While the main residence may be located in one hut, other huts may be used for sleeping, as a kitchen, bath room, baithak, etc. Though each of the huts was a separates structure, they form a single housing unit and therefore, have to be treated collectively as one building and one census house. If some of the huts are used by one household and the others by a second household as residence, then the two groups of huts were treated as separate census houses. However, if there were also other huts in the compound used for other purposes and not as part of the household's residence such as, cattle shed, workshed, etc., these were treated as separate census houses.

On the other hand, in urban areas, where more than one structure within an enclosed or open compound (premises) belonging to the same person, e.g., the main house, the servant's quarter, the garage, etc., only one building number was given for this group and each of the constituent a separate census house number.

Only cases where a structure with roof and pillars has come up was treated as a building.

Village :

The basic unit for rural areas is the revenue village which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data. In unsurveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

Rural-Urban area

The data in tables on Houses, Household Amenities and Assets are presented separately for rural and urban areas. The unit of classification in this regard is 'town' for urban areas and 'village' for rural areas. In the Census of India 2001, the definition of urban area adopted is as follows:

a) All places with a municipality, corporation, cantonment board or notified town area committee, etc.

b) A place satisfying the following three criteria simultaneously:

   i) A minimum population of 5,000;

   ii) at least 75 per cent of male working population engaged in non-agricultural pursuits; and

   iii) a density of population of at least 400 per sq. km.(1,000 per sq.mile)

For identification of places which would qualify to be classified as 'urban' all villages, which, as per the 1991 Census had a population of 4,000 and above, a population density of 400 persons per sq. km. and having at least 75 per cent of male working population engaged in non-agricultural activity were considered. To work out the proportion of male working population referred to above against b) (ii), the data relating to main workers were taken into account.

Apart from these, the outgrowths(OGs) of cities and towns have also been treated as urban under 'Urban Agglomerations'. Examples of out-growths are railway colonies, university campuses, port areas, military camps, etc., that may have come up near a statutory town or city but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the demographic criteria laid down at (b) above to

qualify it to be treated as an independent urban unit but may deserve to be clubbed with the towns as a continuous urban spread. Thus, the town level data, wherever presented, also includes the data for outgrowths of such towns.

City :

Towns with population of 1,00,000 and above are called cities.

Urban Agglomeration :

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths (OGs) or two or more physically contiguous towns together and any adjoining urban outgrowths of such towns. In some cases railway colonies, university campuses, port areas, etc., may come up near a city or statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the town as a continuous urban spread. For the purpose of delineation of Urban Agglomerations during Census of India 2001, following criteria are taken as pre-requisites:

(a) The core town or at least one of the constituent towns of an urban agglo-meration should necessarily be a statutory town ; and

(b) The total population of all the constituents (i.e., towns and outgrowths) of an Urban Agglomeration should not be less than 20,000 (as per the 1991 Census). With these two basic criteria having been met, the following are the possible different situations in which Urban Agglomerations would be constituted:

i) a city or town with one or more contiguous outgrowths;

ii) two or more adjoining towns with their outgrowths; and

iii) a city and one or more adjoining towns with their outgrowths all of which form a continuous spread.

Household

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen. There may be one member households, two member households or multi-member households.

Institutional Household

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, jails, ashrams, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2001, it was specifically mentioned that this category or households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

Houseless household :

Households who do not live in buildings or census houses but live in the open on roadside, pavements, in hume pipes, under fly-overs and staircases, or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Households.

Scheduled Caste and Scheduled Tribe :

Article 341 of the Constitution provides that the President may, with respect to any State or Union territory, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of the Constitution be deemed to be Scheduled Castes in relation to that State or Union territory. Article 342 similarly provides for specification of tribes or tribal communities or parts of or groups within tribes or tribal communities which are to be deemed for the purposes of the Constitution to be Scheduled Tribes in relation to the various States and Union territories. In pursuance of these provisions, the list of Scheduled

Castes and/or Scheduled Tribes are notified for each State and Union territory and are valid only within the jurisdiction of that State or Union territory and not outside. It is important to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Caste in addition to every member of the Ramdasi, Kabirpanthi, Majhabi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of Scheduled Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes. The lists containing the names of the Scheduled Castes and the Scheduled Tribes applicable for the Census of India 2001 in the State/ Union territory are given subsquently :

List of Scheduled Castes and Scheduled Tribes

Scheduled Castes :

1. Audhelia
2. Bagri, Bagdi
3. Bahna, Bahana
4. Balahi, Balai
5. Banchada
6. Barahar, Basod
7. Bargunda
8. Basor, Burud, Bansor, Bansodi, Bansphor, Basar
9. Bedia
10. Beldar, Sunkar
11. Bhangi, Mehtar, Balmik, Lalbegi, Dharkar
12. Bhanumati
13. Chadar
14. Chamar, Chamari, Bairwa, Bhambi, Jatav, Mochi, Regar, Nona, Rohidas, Ramnami, Satnami, Surjyabansi, Surjyaramnami, Ahirwar, Chamar Mangan, Raidas
15. Chidar
16. Chikwa, Chikvi
17. Chitar
18. Dahait, Dahayat, Dahat
19. Dewar
20. Dhanuk
21. Dhed, Dher
22. Dhobi (in Bhopal, Raisen and Sehore districts)
23. Dohor
24. Dom, Dumar, Dome, Domar, Doris
25. Ganda, Gandi
26. Ghasi, Ghasia
27. Holiya
28. Kanjar
29. Katia, Patharia
30. Khatik
31. Koli, Kori
32. Kotwal (in Bhind, Dhar, Dewas, Guna, Gwalior, Bhander tahsil of Datia district, Indore, Jhabua, Khargone, Barwani, Neemuch, Mandsaur, Morena, Sheopur, Rajgarh, Ratlam, Shajapur, Shivpuri, Ujjain and Vidisha districts)
33. Khangar, Kanera, Mirdha
34. Kuchbandhia
35. Kumhar (in Chhatarpur, Datia(except Bhander tahsil), Panna, Rewa, Satna, Shahdol, Umaria, Sidhi and Tikamgarh districts)
36. Mahar, Mehra, Mehar
37. Mang, Mang Garodi, Mang Garudi, Dankhni Mang, Mang Mahasi, Madari, Garudi, Radhe Mang
38. Meghwal
39. Moghia
40. Muskhan
41. Nat, Kalbelia, Sapera, Navdigar, Kubutar
42. Pardhi (in Bhind, Dhar, Dewas, Guna, Gwalior, Bhander tahsil of Datia distt. Indore, Jhabua, Khargone, Barwani, Mandsaur, ,Neemuch, Morena, Sheopur,

Rajgarh, Ratlam, Shajapur, Shivpuri, Ujjain and Vidisha districts)

43. Pasi
44. Rujjhar
45. Sansi, Sansia
46. Silawat
47. Zamral

Scheduled Tribes :

1. Agariya
2. Andh
3. Baiga
4. Bhaina
5. Bharia, Bhumia, Bhuinhar Bhumia, Bhumiya, Bharia, Paliha, Pando
6. Bhattra
7. Bhil, Bhilala, Barela, Patelia
8. Bhil Mina
9. Bhunjia
10. Biar, Biyar
11. Binjhwar
12. Birhul, Birhor
13. Damor, Damaria
14. Dhanwar
15. Gadaba, Gadba
16. Gond, Arakh, Arrakh, Agaria, Asur, Badi Maria, Bada Maria, Bhatola, Bhimma, Bhuta, Koilabhuta, Koliabhuti, Bhar, Bisonhorn Maria, Chota Maria, Dandami Maria, Dhuru, Dhurwa, Dhoba, Dhulia, Dorla, Gaiki, Gatta, Gatti, Gaita, Gond Gowari, Hill Maria, Kandra, Kalanga, Khatola, Koitar, Koya, Khirwar, Khirwara, Kucha Maria, Kuchaki Maria, Madia, Maria, Mana, Mannewar, Moghya, Mogia, Monghya, Mudia, Muria, Nagarchi, Nagwanshi, Ojha, Raj Gond, Sonjhari Jhareka, Thatia, Thotya, Wade Maria, Vade Maria, Daroi
17. Halba, Halbi
18. Kamar
19. Karku
20. Kawar, Kanwar, Kaur, Cherwa, Rathia, Tanwar, Chattri
21. Keer (in Bhopal, Raisen and Sehore districts)
22. Khairwar, Kondar
23. Kharia
24. Kondh, Khond, Kandh
25. Kol
26. Kolam
27. Korku, Bopchi, Mouasi, Nihal, Nahul, Bondhi, Bondeya
28. Korwa, Kodaku
29. Majhi
30. Majhwar
31. Mawasi
32. Mina (in Sironj sub-division of Vidisha district)
33. Munda
34. Nagesia, Nagasia
35. Oraon, Dhanka, Dhangad
36. Panika (in Chhatarpur, Datia(except Bhander tahsil) Panna, Rewa, Satna, Shahdol, Umaria, Sidhi and Tikamgarh districts)
37. Pao
38. Pardhan, Pathari, Saroti
39. Pardhi (in Bhopal, Raisen and Sehore districts)
40. Pardhi, Bahelia, Bahellia, Chita Pardhi, Langoli Pardhi, Phans Pardhi, Shikari, Takankar, Takia
    (i) Chhindwara, Mandla, Dindori and Seoni districts
    (ii) Baihar tahsil of Balaghat district
    (iii) Betul, Shahpur and Bhainsdehi tahsils of Betul district
    (iv) Patan and Sihora tahsils and Majholi Block of Jabalpur district
    (v) Katni (Murwara) and Vijay Raghogarh tehsil and Bahoriband, Dhimarkheda Block of Katni district.
    (vi) Hoshangabad, Babai, Sohagpur, Piparia and Bankhedi tahsils and Kesla Block of Hoshangabad district
    (vii) Narsimhapur district.
    (viii) Harsud tahsil of Khandwa district.

41. Parja
42. Sahariya, Saharia, Seharia, Sehria, Sosia, Sor
43. Saonta, Saunta
44. Saur
45. Sawar, Sawara
46. Sonr

Language and Mother tongue :

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person and mother tongue is defined as the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

Literate :

A person age 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could also have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

Literacy rate :

Literacy rate of the population is defined as the percentage of literates in the age group seven years and above. For different age groups the percentage of literates in that age group gives the literacy rate.

Educational level :

The highest level of education a person has completed.

Work :

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. Persons who are engaged in cultivation or milk production even solely for domestic consumption are also treated as workers.

Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

Main worker :

A person who has worked for major part of the reference period (i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as 'Main worker'.

Marginal worker :

A person who worked for less than six months of the reference period (i.e. in the last one year preceding the date of enumeration) in any economic activity is termed as 'Marginal worker'.

Non worker :

A person who has not worked at all in any economically productive activity during the reference period (i.e. last one year preceding the date of enumeration) is termed as 'Non worker'.

Cultivator :

For purposes of the Census a person is classified as cultivator if he or she is engaged in cultivation on land owned or held from government or held from private persons or institutions for payment in money, kind or share. Cultivation includes effective supervision or direction in cultivation. A person who has given out her/his land to another person or persons or institution(s) for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation in exchange of land, is not treated as cultivator. Similarly, a person working on another

person's land for wages in cash or kind or a combination of both (agricultural labourer) is not treated as cultivator. Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fiber crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the following plantation crops — tea, coffee, rubber, coconut and betel-nuts (areca).

Agricultural labourer :

A person who works on another person's land for wages in money or kind or share is regarded as an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which she/he works.

Household industry worker :

Household industry is defined as an industry conducted by the head of the household herself/himself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods. It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other Worker :

A person who has been engaged in some economic activity during the reference period but not as a cultivator or agricultural labourer or in Household Industry is termed as a 'Other Worker (OW)'. The type of workers that come under this category of 'OW' include all government servants, municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work, priests, entertainment artists, etc. In effect, all those workers other than cultivators or agricultural labourers or household industry workers, are 'Other Workers'.

Work Participation Rate :

Percentage of workers (main + marginal) to total population

Population density :

Population density is the number of persons inhabited per square kilometre of the area.

Age :

Age is measured in terms of the completed number of years

Sex-Ratio :

Number of females per 1000 males in a population.

(vi)Non Census Concepts

Improved drinking water :

If the household had access to drinking water supplied from a tap, hand pump, tube well or well (protected or covered) situated within or outside the premises, it is considered as having access to improved drinking water. It may be mentioned that such uniform definition may not be valid across all states.

System of sewerage :

Generally, a sewerage system would mean a network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastage are called separate sewers; those that carry storm water from roofs, streets and other surfaces are known as storm water drains, while those carrying both sewage and storm water are called combined sewers. However, in some towns which are not provided with such underground sewerage system, it is served by open surface drain, box drain, silt pattern drain, etc., in these towns.

Type of latrine and Method of disposal of night soil :

There are three prevalent systems of disposal of human wastes, viz.(i) underground sewerage, (ii) sanitary water flush latrines with individual disposal

systems, like septic tank, leaching cess pool and collecting well, and (iii) dry type of latrines with manual scavenging. The system of underground sewerage provides for the street sewerage with which are connected the sanitary latrines constructed in the houses having water closets and fitted with flushing cistern (or hand flushing). Through this sewer the faecal matter is transported without the need for scavenging. This system generally exists in cities and big towns. Where the streets sewer does not exist these sanitary water flush latrines are connected to a local septic tank with a sub-soil dispersion system or a leaching pit. Here the liquid wastes from the water closet is disposed of locally in leaching pit, a septic tank with a soil dispersion system is constructed. This dispersion requires an optimum travel through the pores of the soil which renders the harmful liquid bacterially innocuous by the slow process of filtration through the soil traversed. Where the soil is impermeable, collecting wells are constructed and the sanitary water flush latrines are connected with them. These wells are cleaned at periodic intervals by a suitable device. The dry type of latrines are of service type latrines from where human excreta is removed by scavengers from house to house, in most cases carrying it on their heads or shoulders or in baskets with handle or wheel barrows. These are then collected in bullock carts or trucks or tractors and trolleys for being carried to the dumping grounds.

Fertility :

In demography, the word fertility is used in relation to the actual production of children or occurrence of births specially live births. Fertility is a measure of rate at which population adds to itself by births and normally assessed by relating the number of births to a full or part of the population, such as number of married women or number of women of child bearing age. The definitions of the terminology used in computing different fertility rates are mentioned below:

Crude birth rate(CBR) :

Ratio of the number of live births in a year to the mid year population, normally expressed per 1000 population.

$$CBR = \frac{\text{Number of live births during the year}}{\text{Mid year Population}} \times 1000$$

Crude death rate(CDR) :

Ratio of the number of deaths in a year to the mid year population, normally expressed per 1000 population.

$$CDR = \frac{\text{Number of deaths during the year}}{\text{Mid year Population}} \times 1000$$

Natural growth rate :

Growth rate is obtained as the difference between crude birth rate and crude death rate in the absence of migration.

Age specific fertility rate (ASFR) :

Number of live births in a year to female population in any specified age group normally expressed per 1000 women.

$$ASFR = \frac{\text{Number of live births in a particular age-group}}{\text{Mid year female population of the same age-group}} \times 1000$$

Age specific marital fertility rate (ASMFR) :

Number of live births in a year to married female population in any specified age group normally expressed per 1000 married women.

$$ASMFR = \frac{\text{Number of live births in a particular age-group}}{\text{Mid year married female population of the same age-group}} \times 1000$$

General fertility rate (GFR) :

Number of live births per 1000 women in the reproductive age-group (15-49) years in a given year.

$$GFR = \frac{\text{Number of live births in a year}}{\text{Mid year female population in the age-group (15-49) years}} \times 1000$$

General marital fertility rate (GMFR) :

Number of live births per 1000 married women in reproductive age-group (15-49) years in a given year.

$$GMFR = \frac{\text{Number of live births in a year}}{\text{Mid year married female population in the age-group (15-49) years}} \times 1000$$

Total fertility rate (TFR) :

It is obtained as the total of the age specific fertility rates (number of children born per woman of the particular age) for the entire reproductive age span. It provides the average number of children that will be born to a woman under the fertility levels indicated by the age specific fertility rates assuming that there is no mortality of women till the completion of reproductive period.

$$TFR = \frac{5 \times \sum_{15-19}^{45-49} ASFR}{1000}$$

Total marital fertility rate (TMFR) :

Average number of children that would be born to a married woman if she experiences the current fertility pattern throughout her reproductive span (15-49) years assuming that there is no mortality of women till the completion of reproductive period.

$$TMFR = \frac{5 \times \sum_{15-19}^{45-49} ASMFR}{1000}$$

Age-specific mortality rate (ASMR) :

Number of deaths in a particular age and sex group per 1000 population of the same age group.

$$ASMR = \frac{\text{Number of deaths in a particular age-group}}{\text{Mid year population of the same age-group}} \times 1000$$

q1 :

Probability of dying between birth and age 1. This can be used as approximate value of Infant Mortality Rate (IMR) which gives the ratio of number of deaths in a year of children aged less than one year to the number of births in that year.

q2 :

Probability of dying between birth and age 2.

q5 :

Probability of dying between birth and age 5. This indicator is also known as Under Five Mortality Rate (U5MR)

Infant mortality rate (IMR) :

Ratio of the number of infant deaths (deaths of children below one year) in a year to the number of live births in that year.

$$IMR = \frac{\text{Number of infant deaths during the year}}{\text{Number of live births during the year}} \times 1000$$

Infant mortality rate comprises of two parts, viz., Neo-natal mortality rate and Post neo-natal mortality rate. The neo-natal mortality rate also comprises of two parts viz., Early neo-natal mortality rate and late neo-natal mortality rate. These are defined as:

Neo-natal mortality rate (NMR) :

Number of infants dying within the first month of life (28 days or under) in a year per 1000 live births of the same year.

$$NMR = \frac{\text{Number of infant deaths aged 28 days or under during the year}}{\text{Number of live births during the year}} \times 1000$$

Early neo- natal mortality rate :

$$ENMR = \frac{\text{Number of infant deaths of less than 7 days During the year}}{\text{Number of live births during the year}} \times 1000$$

Late neo-natal mortality rate :

$$LNMR = \frac{\text{Number of infant deaths of 7 days to less than 29 days during the year}}{\text{Number of live births during the year}} \times 1000$$

Post neo-natal mortality rate (PNMR) :

$$PNMR = \frac{\text{Number of infant deaths of 29 days to less than one year during the year}}{\text{Number of live births during the year}} \times 1000$$

Peri-natal mortality rate (PMR) :

Number of still births plus deaths within 1st week of delivery per 1000 births in a year.

$$PMR = \frac{\text{Number of still births and infant deaths of less than 7 days during the year}}{\text{Number of live births and still births during the year}} \times 1000$$

Still birth rate(SBR) :

$$SBR = \frac{\text{Number of still births during the year}}{\text{Number of live births and still births during the year}} \times 1000$$

Maternal mortality rate(MMR) :

Number of deaths of women in the age group 15-49 while pregnant or within 42 days of termination of pregnancy from any cause related to pregnancy and child birth per 100,000 live births in a given year.

$$MMR = \frac{\text{Number of maternal deaths to women in the age group 15-49 during the year}}{\text{Number of live birth during the year}} \times 100000$$

Eligible couple (Couples per 1000 population) :

Number of currently married females in the age group15-49 years per 1000 persons of all ages.

Child woman ratio (0-4) :

Number of children in the age group 0-4 years per 1000 women in the age group 15-49 years.

Child woman ratio (5-9) :

Number of children in the age group 5-9 years per 1000 women in the age group 15-49 years.

Migration :

Migration is the third component of population change, the other two being mortality and fertility. A person is considered as a migrant by place of birth if the place in which she/he is enumerated during the census is other than the place of her/his birth. Similarly a person is considered as a migrant by place of last residence if the place in which she/he is enumerated during the census is other than his/her place of immediate last residence outside the village or town and not simply in another house or locality in the same village or town. Certain aspects concerning temporary movement/migration of people has been explained below as these are important componentsconcerning migration :

(i) Migration of persons in search of job is high in the country. In many cases such migrants are only seasonal in nature. People migrate to other places for work in a particular season and come back again to their usual place of residence after three or four months. All such workers are treated as migrants. Similarly, if a person moved to any other place for attending short term vocational or educational course that lasted for only few months of a year, she/he too were considered as a migrant.

(ii) Where a person had merely gone out to another place or had been shifting from one place to another purely on tour, pilgrimage, visit to hospital for treatment or for temporary business purposes, such persons are not deemed to have had another residence different from the place where she/he or her/his family normally resides. She/he is not considered as migrant.

(iii) A woman temporarily moves into a hospital or to her parents or other relative's house for delivery and if the hospital or the parents/ relatives houses is in a place different from usual place of residence, the place where the hospital or parents/relative's house is the place of last residence of the child but not of the mother. A new response category 'Moved after birth' was added in Census of India 2001 in the question on 'reasons for migration' to bring out additional migration patterns. Natural calamities or distress migration as a reason for migration for last residence migrants included in 1991 Census, is covered under category of 'Others'. The reason for migration has been determined as applicable at the time of migration and not in reference to any point of time after that. For example, if a person had moved from the place of her/his last residence for the purpose of education and subsequently

at some point of time got employment there only, the reason for migration would be 'education' and not 'work/employment'.

Internal and International migration :

The migrational movements are of three types

(i) Migration within the state itself with its components

(a) Migration within the district of enumeration (intra district migration)

(b) Migration from one district of state to another district of state (inter district migration),

(ii) Migration from one state to another State of the country (inter-state migration),

(iii) Migration from one country to another country. The first two streams together constitute internal migration, while the last type of movement is called international migration. The present name of the country, state or district and not the name by which they were known at the time of her/his birth or last residence were recorded.

Rural - Urban components of migration :

Rural or Urban status in respect of migrants have been determined as applicable at the time of migration and not with reference to any point of time after that.

The flow of migrants consists of four streams viz. rural to rural, rural to urban, urban to rural and urban to urban.

Civic status of urban units :

Civic Status of a town/city is determined on the basis of Civic Administrative authority of the town e.g., Municipal Corporation/Corporation, Municipal Committee/ Municipal council, Municipality etc.

Size class of UA/town :

Size-class of UA/Town is based on the population size of the UA/City/Town UAs./Towns with 1,00,000 and above population are classified as Class I UAs./ towns. These Class I UAs./towns are now further sub classified into seven sub classes namely M1 to M7 depending on the population size of UA/City/ Town. These are M7(5,000,000 and above); M6(2,000,000 to 4,999,999); M5 (1,000,000-1,999,999) M4 (500,000-999,999); M3(300,000-499,999), M2 (200,000-299,999) and M1 (100,000-199,999). towns with, 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000-19,999 are Class IV towns, population with 5000 and 9999 are Class V towns and towns with less than 5000 population are Class VI towns.

Slum area :

The Slum Areas (Improvement and Clearance) Act, 1956 which was enacted by the Central Govt. defined slums as

a) Areas where buildings are in any respect unfit for human habitation; or

b) are by reasons of dilapidation, overcrowding, fault arrangement and design of such buildings, narrowness or faulty arrangement of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

Mega city

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cut off point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and Employment, Department of Urban Development adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 millions and above population have been treated as Mega cities.

(vii) 2001 Census findings – Population, its distribution

According to Census 2001, Jhabua district comprises of 1,317 inhabited villages, 40 uninhabited vilages and total 1,357 villages distributed among 8 tahsils and 12 CD blocks. The district has 8 towns. The average household size of the district is 6.2.

Total population of the district is 1,394,561 comprising 702,053 males and 692,508 females. Thus the sex ratio of the district works out to 986 which is higher than the sex-ratio of the state (919). Density of the district is 206 persons per sq.km. and is higher than the density of the state which is 196. Literacy rate of the district 36.9 per cent is also lower than the State literacy rate 63.7 per cent. Scheduled Castes and Scheduled Tribes population of the district is respectively 2.8 per cent and 86.8 per cent of the total population of the district. Apart from these general findings, the analysis on various parameters like rural-urban distribution of population by sex, literacy, density, caste, tribe etc. has been covered in the Inset Tables from 1 to 52 based on PCA, Village Directory data, Town directory data and houselisting data pertaining to Census, 2001.

(viii)Brief analysis of the PCA data (Table 1-36)

Analysis of the PCA data based on Census 2001 is presented here in the form of tables from 1 to 36. Various demographic indicators such as density, literacy, Sex-ratio and distribution of population in different economic activity by rural/urban, male/ female and age classifications are presented in these tables. These analysis are presented for Tahsils and CD Block levels separately.

Analysis for Scheduled Castes and Scheduled Tribes is also covered in this tables.

TABLE 1: DECADAL CHANGE IN POPULATION OF TAHSILS BY RESIDENCE, 1991-2001

Serial number	Tahsil	Population						Percentage decadal variation 1991-2001			Percentage urban population	
		1991			2001							
		Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban	1991	2001
1	2	3	4	5	6	7	8	9	10	11	12	13
1	Thandla	107,702	97,353	10,349	140,427	127,742	12,685	30.4	31.2	22.6	9.6	9.0
2	Petlawad	143,242	126,130	17,112	170,412	157,991	12,421	19.0	25.3	-27.4	11.9	7.3
3	Meghnagar	98,116	98,116	-	124,143	113,825	10,318	26.5	16.0	-	-	8.3
4	Jhabua	209,822	187,178	22,644	258,309	227,732	30,577	23.1	21.7	35.0	10.8	11.8
5	Bhavra	71,134	63,560	7,574	87,471	78,208	9,263	23.0	23.0	22.3	10.6	10.6
6	Jobat	127,433	119,337	8,096	155,316	145,325	9,991	21.9	21.8	23.4	6.4	6.4
7	Alirajpur	284,914	263,014	21,900	367,488	342,324	25,164	29.0	30.2	14.9	7.7	6.8
8	Ranapur	88,042	77,637	10,405	90,995	80,383	10,612	3.4	3.5	2.0	11.8	11.7
District Total:		1,130,405	1,032,325	98,080	1,394,561	1,273,530	121,031	23.4	23.4	23.4	8.7	8.7

This table indicates tahsilwise decadal variation for both the rural and urban areas of the district. It is seen from the table that an overall 23.4 per cent decadal growth has been recorded in the district. The growth rate in rural areas of the district during the decade 1991-2001 works out to 23.4 per cent. Among the tahsils, Thandla has registered the highest decadal growth rate of 30.4 per cent. The percentage of urban population to total population of the district is same 8.7 per cent in 2001 and 1991 years.

TABLE 2 : NUMBER AND PERCENTAGE OF INHABITED VILLAGES IN SPECIFIED POPULATION SIZE RANGES WITH THE RELATED POPULATION, 2001

Serial number	District / C.D. block	Total number of inhabited villages	Total rural population			Number and percentage of villages	Population less than 200	
			Persons	Males	Females		Males	Females
1	2	3	4	5	6	7	8	9
1	Thandla	112	127,742	64,679	63,063	2 (1.8)	121	125

Table 2 gives CD Blockwise population, number and percentage of villages falling in each range of population size of villages and number of males and females in each population range at CD Block level in the district. Out of the 1317 inhabited villages, 108 (8.2 per cent) are small sized villages with population below 200 persons. In the size class of 200-499 persons, there are 293 villages having 22.2 per cent villages of the district while in the size class of 500-999 population there are 437 villages constituting 33.2

per cent of total villages. 364 villages (27.6 per cent) are in the size class of 1000-1999 and 110 villages (8.4 per cent) are in the size class of 2000-4999. There are 5 villages (0.4 per cent) in the size class of 5000-9999 and no village falls in the size class of population 10,000 and above.

TABLE 4 : DISTRIBUTION OF VILLAGES BY POPULATION DENSITY, 2001

Range of population density (per square kilometer)	Total number of villages in each population density range	Percentage of villages in each population density range	Population	Percentage distribution of population
1	2	3	4	5
0-10	5	0.4	128	0.0
11-20	6	0.5	445	0.0
21-50	29	2.2	8,415	0.7
51-100	97	7.4	42,151	3.3
101-200	444	33.7	369,130	29.0
201-300	386	29.3	424,235	33.3
301-500	284	21.6	340,995	26.8
501 +	66	5.0	88,031	6.9
Not known	-	-	-	-
District Total:	1,317	100.0	1,273,530	100.0
Population Density (Rural) of the district:		212.3		

Table 4 shows the distribution of villages by population density ranges. The inhabited villages of the district have been grouped under 8 different ranges of density. The maximum number of villages i.e. 444 accounting for 33.7, per cent of the total inhabited villages of the district fall in the density range of 101-200 persons having 29.0 per cent population. The lowest range of 0-10 and 11-20 persons per sq.km. cover 11 villages (0.9 per cent). 66 villages have very high density with more than 501 persons per sq.km. while in the lower range of 201-300 the villages covered are 386 (29.3 percent) of the total inhabited villages having 33.3 percent population of the district. In the medium density ranges of 21-50 and 51-100 persons account for 2.2 and 7.4 per cent of inhabited villages.

TABLE 5: SEX RATIO OF STATE AND DISTRICT, 1901-2001

Census Year	State			District		
	Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7
1901			930	-	-	-
1911	967	973	903	1001	1001	-
1921	949	959	863	971	971	-
1931	947	957	862	958	958	956
1941	946	957	869	956	957	911
1951	945	953	902	949	949	951
1961	932	947	860	958	962	905
1971	920	934	864	969	973	910
1981	921	934	878	985	994	893
1991	912	921	887	977	983	920
2001	919	927	898	986	992	927

As per 2001 Census, sex ratio of 986 females per 1,000 males has been recorded in the district against the state average of 919. The sex ratio of the district had been significantly higher in 1911 to 2001 Census years over the state average figures.The lowest sex ratio of 949 females per 1,000 males was recorded in the district in Census 1951.

TABLE 6 : SEX RATIO BY TAHSILS, 2001

Serial number	Name of Tahsil	Sex ratio		
		Total	Rural	Urban
1	2	3	4	5
1	Thandla	972	975	939
2	Petlawad	982	985	947
3	Meghnagar	973	978	925
4	Jhabua	986	996	914
5	Bhavra	983	985	970
6	Jobat	995	999	935
7	Alirajpur	998	1,005	907
8	Ranapur	981	987	938
	District Total:	986	992	927

Table 6 gives the tahsilwise sex ratio of rural and urban population of Census 2001. It is observed that the sex ratio for the rural area works out to 992 whereas it is 927 for the urban area. The sex ratio in rural area is highest (1,005) in Alirajpur tahsil whereas in urban area it is highest (970) in Bhavra. The sex ratio of the district is 986 females per 1,000 males.

TABLE 7 : SEX RATIO BY CD BLOCKS, 2001

Serial number	Name of C D block	Sex ratio
1	2	3
1	Thandla	975
2	Petlawad	985
3	Meghnagar	978
4	Jhabua	998
5	Rama	993
6	Bhavra	985
7	Udaigarh	998
8	Jobat	1,000
9	Kattiwada	1,017
10	Alirajpur	999
11	Sondwa	1,002
12	Ranapur	987
	District (Rural) Total:	992

Table 7 gives the CD Blockwise sex ratio for rural population of the district. The sex ratio in rural areas of the district comes to 992 females per 1,000 males. Among the CD Blocks the highest sex ratio of 1,017 is found in Kattiwada CD Block and the lowest of 975 is recorded in Thandla CD Block.

TABLE 8: SEX RATIO OF RURAL POPULATION BY RANGES, 2001

Range of sex ratio for villages	Number of inhabited villages	Percentage of villages in each range	Population 2001	Percentage distribution of population
1	2	3	4	5
Less than 700	5	0.4	233	0.0
700-749	6	0.5	1,780	0.1
750-799	10	0.8	3,390	0.3
800-849	19	1.4	12,576	1.0
850-899	78	5.9	51,703	4.1
900-949	216	16.4	201,230	15.8
950-999	348	26.4	430,412	33.8
1000-1099	507	38.5	501,786	39.4
1100+	128	9.7	70,420	5.5
District Total:	1,317	100.0	1,273,530	100.0
Sex ratio (Rural) for District:			992	

Table 8 presents the distribution of villages by 9 ranges of sex ratio based on 2001 Census. The maximum number of villages i.e. 507 accounting for 38.5 per cent of the total villages having largest population of 39.4 per cent in the district fall in the sex ratio range of 1000-1099. It is followed by 348 villages constituting 26.4 per cent of total villages and 33.8 per cent population falling in the range of 950-999.

TABLE 9 : SEX RATIO OF URBAN AGGLOMERATIONS/TOWNS, 2001

Serial number	Name of U.A./Town	Urban status of town	Sex ratio
1	2	3	4
1	Alirajpur	M	907
2	Bhavra	NP	970
3	Jhabua	M	914
4	Jobat	NP	935
5	Meghnagar	CT	925
6	Petlawad	NP	947
7	Ranapur	NP	938
8	Thandla	NP	939
	Sex ratio (Urban) for the district:		927

Table 9 gives the sex ratio of towns. The sex ratio in urban areas of the district comes to 927 females per 1,000 males as a whole. Among the 8 towns of the district the sex ratio varies between 907 to 970. Bhavra (NP) has the highest sex ratio 970 while Alirajpur(M) has the lowest sex ratio of 907 females.

TABLE 10 : SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 FOR TAHSILS, 2001

		Rural	300,631	152,092	148,539	977
		Urban	18,970	9,817	9,153	932

Table 10 presents population of age group 0-6 years and sex ratio for total, rural and urban areas in respect of each tahsil of the district. The total sex ratio in this age group works out to 974 females for every 1,000 males in the district. The proportion of females in rural areas is higher than that of urban areas. The sex ratio in rural and urban areas comes to 977 and 932 respectively. The rural sex ratio in tahsil varies between 944 in Ranapur to 990 in Jobat tahsil.

TABLE 11 : SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 FOR CD BLOCKS, 2001

Serial number	Name of C.D. block	Total population in 0-6 age group			Sex ratio for 0-6 age group

District(Rural) Total	1,317	100.0	300,631	100.0
Sex ratio (Rural) for District:			977	

Table 12 shows the distribution of villages in 9 ranges of sex ratio of the population in the age group 0-6 years as well as percentage of villages, total population and percentage of population of this age group falling in each range of sex ratio in the district.

The maximum number of villages i.e. 304 (23.1 per cent) having population (28.2 per cent) in the district (rural) fall in the sex ratio range of 1,000-1099.It is followed by the sex ratio range of 1,100 which claims 288 villages (21.9 per cent) and 15.7 per cent population. Next to it 163 villages (12.4 per cent) and 14.4 per cent population are in the range of 900-949. Minimum number of villages i.e. 35 (2.7 per cent) and 1.7 per cent population fall in the range of 700-749.

TABLE 13 : SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 OF URBAN AGGLOMERATION (INCLUDING CONSTITUENT UNIT) TOWNS, 2001

Serial number	Name of UA/Town	Urban status of town	Total population in 0-6 age group			Sex ratio for 0-6 age group
			Persons	Males	Females	
1	2	3	4	5	6	7

		Urban	121,031	7,538	37,476	6.2	31.0

Table 14 depicts the distribution of Scheduled Castes and Scheduled Tribes population as well as the percentage to total population at tahsil level in rural and urban areas of the district. Of the 1,394,561 total population of the district 2.8 per cent belong to the Scheduled Castes and 86.8 per cent to Scheduled Tribes. The percentage of Scheduled Castes population constitutes 2.5 per cent in rural population and 6.2 per cent in urban population of the district. The highest percentage of Scheduled Castes population is recorded in Alirajpur tahsil (5.6 percent) while the lowest is found in each of Meghnagar and Bhavra tahsil (1.5 percent). The proportion of Scheduled Tribes population is 92.2 and 31.0 per cent in rural and urban areas respectively. Scheduled Tribes population in the district is mainly concentrated in Bhavra tahsil (92.3 per cent) and the lowest Scheduled Tribes population is recorded in Petlawad tahsil (76.0 per cent).

TABLE 15 : NUMBER AND PERCENTAGE OF SCHEDULED CASTES AND SCHEDULED TRIBES POPULATION IN CD BLOCKS, 2001

Serial number	Name of C.D. block	Total population	Total Scheduled Castes population	Total Scheduled Tribes population	Percentage of Scheduled Castes population to total population	Percentage of Scheduled Tribes population to total population

11	Sondwa	141,188	3,759	133,970	2.7	94.9
12	Ranapur	80,383	901	77,203	1.1	96.0
	District (Rural) Total:	1,273,530	31,752	1,173,640	2.5	92.2

Table 15 shows distribution of Scheduled Castes and Scheduled Tribes population in each CD Block of the district. 2.5 per cent of rural population of the district belongs to Scheduled Castes and 92.2 per cent to Scheduled Tribes. Scheduled Castes population is highest (11.8 per cent) in Kattiwada CD Block whereas it is lowest (0.8 per cent) in Thandla CD Block. Scheduled Tribes population is highest (97.1 per cent) in Bhavra CD Block and it is lowest (80.3 per cent) in Petlawad CD Block.

TABLE 16 : PROPORTION OF SCHEDULED CASTES POPULATION TO TOTAL POPULATION IN VILLAGES, 2001

Percentage Range of Scheduled Castes population to total population	Number of villages	Percent-age	Scheduled Castes Population	Percent-age
1	2	3	4	5
Nil	911	69.2	0	0.0
Less than 5	238	18.1	7,187	22.6

11-20	28	2.1	4,036	12.7
21-30	11	0.8	2,640	8.3
31-40	7	0.5	906	2.9
41-50	6	0.5	2,134	6.7
51-75	11	0.8	2,508	7.9
76 and above	4	0.3	791	2.5
District Total	1,317	100	31,752	100

Table 16 reflects the number of villages according to the proportion of Scheduled Castes population to their total population in different ranges of population at district level. 911 villages accounting for 69.2 per cent of total 1,317 inhabited villages in the district do not have any Scheduled Castes population. The proportion of Scheduled Castes population is less than 5.0 per cent in 238 villages (18.1 per cent). In 101 villages it varies between 5-10 per cent while the next range of 11-20 per cent accounts for 28 villages. The range of 21-30 and 31-40 per cent contains 11 and 7 villages respectively. There are 6 villages in the range of 41-50 and 11 villages in the range of 51-75. There are 4 villages where the proportion of Scheduled Castes is 76 and above.

TABLE 17 : PROPORTION OF SCHEDULED TRIBES POPULATION TO TOTAL POPULATION IN VILLAGES, 2001

Percentage Range of Scheduled Tribes population to total population	Number of villages	Percent-age	Scheduled Tribes Population	Percent-age
1	2	3	4	5
Nil	6	0.5	0	0.0
Less than 5	0	0.0	0	0.0
5-10	3	0.2	337	0.0
11-20	3	0.2	249	0.0
21-30	13	1.0	3,887	0.3
31-40	13	1.0	8,768	0.7
41-50	12	0.9	5,016	0.4
51-75	62	4.7	46,958	4.0
76 and above	1,205	91.5	1,108,425	94.4
District Total	1,317	100	1,173,640	100

Table 17 reflects the number of villages according to the proportion of Scheduled Tribes population to their total population in different ranges of population at district level. 6 villages accounting for 0.5 per cent of total 1,317 inhabited villages in the district do not have any Scheduled Tribes population. There is no such village where proportion of Scheduled Tribes population is less than 5.0 per cent. In 3 villages it varies between 5-10 per cent while the next range of 11-20 per cent accounts for 3 villages. The range of 21-30 and 31- 40 per cent contains 13 villages each. There are 12 villages in the range of 41-50 and 62 villages in the range of 51-75. 1,205 villages are such where the proportion of Scheduled Tribes is 76 and above.

TABLE 18 : NUMBER AND PERCENTAGE OF SCHEDULED CASTES AND SCHEDULED TRIBES POPULATION IN URBAN AGGLOMERATIONS/TOWNS, 2001

Serial number	Name of UA/ Town	Total population	Total Scheduled Castes population	Total Scheduled Tribes population	Percentage of Scheduled Castes population to total population	Percentage of Scheduled Tribes population to total population
1	2	3	4	5	6	7
1	Alirajpur (M)	25,164	1,712	7,007	6.8	27.8
2	Bhavra (NP)	9,263	402	4,813	4.3	52.0
3	Jhabua (M)	30,577	1,753	10,135	5.7	33.1
4	Jobat (NP)	9,991	650	2,583	6.5	25.9
5	Meghnagar (CT)	10,318	591	3,796	5.7	36.8
6	Petlawad (NP)	12,421	878	2,615	7.1	21.1
7	Ranapur (NP)	10,612	771	3,006	7.3	28.3
8	Thandla (NP)	12,685	781	3,521	6.2	27.8
	District(Urban) Total	121,031	7,538	37,476	6.2	31.0

Table 18 shows number and percentage of Scheduled Castes and Scheduled Tribes in UA/Towns of the district. Out of the 8 towns the highest proportion (7.3 per cent) of Scheduled Castes is found in Ranapur (NP) and lowest proportion (4.3 per cent) in Bhavra (NP). For Scheduled Tribes the highest proportion (52.0 per cent) is found in Bhavra (NP) and lowest (21.1 per cent) in Petlawad (NP).

TABLE 19 : SEX RATIO AMONG SCHEDULED CASTES AND SCHEDULED TRIBES IN CD BLOCKS, 2001

Serial number	Name of C D block	Scheduled Castes sex ratio	Scheduled Tribes sex ratio
1	2	3	4
1	Thandla	926	979
2	Petlawad	965	995
3	Meghnagar	977	980
4	Jhabua	1,002	1,000
5	Rama	924	996
6	Bhavra	896	988
7	Udaigarh	996	1,001
8	Jobat	1,061	1,000
9	Kattiwada	1,013	1,021
10	Alirajpur	945	1,003
11	Sondwa	919	1,006
12	Ranapur	967	991
	District (Rural) Total	976	996

Table 19 indicates sex ratio among Scheduled Castes and Scheduled Tribes in each CD Block of the district. The Scheduled Castes sex ratio is 976 for district (rural). Among the CD Blocks, the highest sex ratio of 1,061 is found in Jobat CD Block and lowest of 896 is recorded in Bhavra CD Block.

Sex ratio of Scheduled Tribes population in Jhabua district rural is 996. Among the CD Blocks, the highest sex ratio of 1,021 is found in Kattiwada CD Block and lowest of 979 is recorded in Thandla CD Block.

TABLE 20 : SEX RATIO AMONG SCHEDULED CASTES AND SCHEDULED TRIBES IN URBAN AGGLOMERATIONS/TOWNS, 2001

Serial number	Name of UA/Town	Scheduled Castes sex ratio	Scheduled Tribes sex ratio
1	2	3	4
1	Alirajpur (M)	881	861
2	Bhavra (NP)	980	1,001
3	Jhabua (M)	924	850
4	Jobat (NP)	895	916
5	Meghnagar (CT)	957	950
6	Petlawad (NP)	995	998
7	Ranapur (NP)	1,029	894
8	Thandla (NP)	933	930
	Sex ratio (Urban) for the district:	936	906

Table 20 shows the sex ratio among Scheduled Castes and Scheduled Tribes in UA/Towns for Census 2001. For the district (urban) sex ratio is higher (936) among Scheduled Castes compared to Scheduled Tribes (906).

Among the 8 towns of the district, the sex ratio of Scheduled Castes is above one thousand in Ranapur (NP)(1,029) and in case of Scheduled Ttribes it is in only one town namely Bhavra (NP) (1,001). In the remaining towns sex ratio for Scheduled Castes is being lowest (881) in Alirajpur (M). Sex ratio of Scheduled Tribes for the remaining towns is below the line of equality, lowest being 850 in Jhabua (M).

TABLE 21 : NUMBER AND PERCENTAGE OF LITERATES AND ILLITERATES BY TAHSILS, 2001

Tahsilwise and district literacy rates besides the number of literates and illiterates for total, rural and urban areas are given in Table 21. The literacy rates are worked out by excluding population of 0-6 years. As per 2001 census, the proportion of literates to total population excluding 0-6 years comes to 36.9 per cent in the district. This proportion in rural area is 32.3 per cent and 80.5 per cent in urban areas. In the district the literacy rate of males 48.0 per cent is much higher than that of females which is 25.7 per cent.

Among the tahsils, Petlawad tahsil tops with 49.5 per cent literates and the lowest literacy rate 28.5 per cent is recorded for Alirajpur tahsil.

TABLE 22 : NUMBER AND PERCENTAGE OF LITERATES AND ILLITERATES BY SEX IN CD BLOCKS, 2001

Serial number	Name of C.D. block	Number of literates and illiterates						Percentage of literates			Gap in male-female literacy rate
		Number of literates			Number of illiterates

District (Rural) Total:		314,406	212,088	102,318	959,124	427,164	531,960	32.3	43.5	21.1	22.5

Table 22 reveals number of literates, illiterates and the literacy rates in rural areas at CD Block level in the district. 32.3 per cent of the total rural population excluding the age group of 0-6 years are literates in the district. The corresponding proportion of male and female literates comes to 43.5 and 21.1 per cent respectively. At CD Block level Petlawad CD Block has the highest rural literacy rate of 46.6 per cent while the lowest literacy rate of 21.5 per cent recorded for Kattiwada CD Block.

TABLE 23 : DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE, 2001

Range of literacy rate for villages	Number of inhabited villages	Percentage distribution of villages	Population	Percentage distribution of population
1	2	3	4	5
0	12	0.9	2,033	0.2
1-10	109	8.3	80,450	6.3
11-20	297	22.6	303,869	23.9
21-30	306	23.2	294,806	23.1
31-40	243	18.5	222,677	17.5

61-70	52	3.9	51,247	4.0
71-80	26	2.0	37,877	3.0
81-90	3	0.2	2,091	0.2
91-99	0	0.0	0	0.0
100	0	0.0	0	0.0
District Total:	1,317	100.0	1,273,530	100.0
Literacy rate for District:			36.9	

Table 23 gives the distribution of villages by literacy ranges in the district. There are no villages having 100 per cent literacy. Highest number of villages i.e. 306 fall in the literacy range of 21-30 per cent. This accounts for 23.2 per cent of total villages and 23.1 per cent of the district population.There are 12 inhabited villages in the range of zero per cent.

TABLE 24 : NUMBER AND PERCENTAGE OF LITERATES AND ILLITERATES BY SEX IN URBAN AGGLOMERATIONS/TOWNS, 2001

Serial number	Name and urban status of UA/Town	Number of literates and illiterates						Percentage of literates			Gap in male-female literacy rate
		Number of literates			Number of illiterates						
		Persons	Males	Females	Persons	Males	Females	Persons	Males	Females

Table 24 presents the number and percentage of literates and illiterates by sex in UA/towns of the district. It is seen that the highest literacy rate of 86.7 per cent is recorded in Jhabua (M) whereas the lowest literacy rate 65.4 is recorded in Bhavra (NP). Sex wise highest percentage of male literacy rate is observed in Petlawad (NP) and it is lowest in Bhavra (NP). Gap in male female literacy rate is maximum in Ranapur (NP). The total literacy rate of the district (urban) comes to 80.5 per cent. It is 88.8% for males and 71.6% for females.

TABLE 25 : NUMBER AND PERCENTAGE OF SCHEDULED CASTES LITERATES AND ILLITERATES BY SEX IN CD BLOCKS, 2001

Serial number	Name of CD Block	Number of literates and illiterates						Percentage of literates			Gap in male-female literacy rate

	District (Rural) Total:	9,183	5,907	3,276	22,569	10,165	12,404	37.0	47.4	26.6	20.8

Table 25 presents the CD Blockwise number and percentage of Scheduled Castes, litertes and illiterates by sex. It is seen that literacy rate of Scheduled Caste population of the district is 37.0 per cent. It is highest 72.3 per cent in Petlawad CD block and lowest 13.7 per cent in Kattiwada CD block. The gap in male/ female literacy rate is highest (34.2 per cent) in Jhabua CD block. The overall male literacy rate of the district (rural) works out to 47.4 per cent and it is 26.6 per cent for females.

TABLE 26 : DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE FOR SCHEDULED CASTES POPULATION, 2001

Range of literacy rate for villages	Number of inhabited villages	Percentage distribution of villages	Scheduled Castes Population	Percentage distribution of population

Literacy rate for District (Rural):			37.1	

Table 26 presents the distribution of villages by range of literacy rate for Scheduled Caste population. It may be noted that the literacy rate is worked out after excluding population in the age group 0-6 from the total Scheduled Caste population. The overall literacy rate of Scheduled Caste population for the district (rural) works out to 37.0 per cent. Highest number of villages i.e. 50 villages fall in the literacy range of 0 per cent. There are 18 villages which have 100 per cent literacy rate of Scheduled Caste population.

TABLE 27 : NUMBER AND PERCENTAGE OF SCHEDULED CASTES LITERATES AND ILLITERATES BY SEX IN TOWNS, 2001

Serial number	Name and urban status of Town	Number of literates and illiterates						Percentage of literates			Gap in male-female literacy rate
		Number of literates			Number of illiterates						
		Persons	Males	Females	Persons	Males	Females	Persons	Males	Females	
1	2	3	4	5	6	7	8	9	10	11	12
1	Alirajpur (M)	783	514	269	929	396	533	57.4	71.4	41.7	29.7

District Total:	1311	100.0	1,173,640	100.0
Literacy rate for District (Rural):			29.4	

Distribution of villages by literacy rate range for Scheduled Tribes population of the district (rural) is presented in this table. The literacy rate of Scheduled Tribes population for district (rural) is 29.4 percent. Accordingly the highest number of villages 331 fall in the literacy rate range of 21-30 percent constituting 25.2 percent of villages having Scheduled Tribe population and 26.2 percent of total Scheduled Tribe population. There are 11 villages which fall in the literacy range of 0 percent and no villages have 100 percent literacy rate of the Scheduled Tribe population.

TABLE 30 : NUMBER AND PERCENTAGE OF SCHEDULED TRIBES LITERATES AND ILLITERATES BY SEX IN TOWNS, 2001

Serial number	Name and urban status of Town	Number of literates and illiterates						Percentage of literates			Gap in male-female literacy rate

Table 33 presents distribution of population by category of workers and non-workers by sex in UA/ towns of the district. It is seen that total workers constitute 32.6 percent of the total population of the district (urban) and the proportion of non-workers is 67.4 percent. Among the total workers, work participation rate of males is 47.7 percent whereas corresponding figures for females is only 16.3 percent.The total workers are comprised of 28.8 percent of main workers and 3.8 percent of marginal workers.

Among males, 44.3 % are main workers and 3.5% are marginal workers whereas among females, corresponding figures are 12.1% and 4.2% respectively.

				(50.7)	(73.6)	(18.2)	(0.9)	(7.3)

Note: Percent of Worker to total worker are given in brackets

It can be seen from the table 34, the economy of the district is primarily agricultural as supported by the fact that cultivators constitute 73.3 per cent of the total workers (main + marginal), 13.9 per cent of total workers are engaged as agricultural labourers, 1.0 per cent as household industry workers and 11.8 percent of other workers in this district.

The distribution of workers by four categories of economic activity at tahsil/sub-tahsil shows very high dependence of population on cultivators sector absorbing large number of workers. The proportion of cultivators varies between 54.7 per cent in Thandla tahsil and 78.2 per cent in Jobat tahsil. The percentage of females cultivators (among female workers) is 73.6 per cent which is slightly higher as compared to 73.0 per cent of male cultivators (among male workers) in the district. In district the percentage of agricultural labourers is 13.9 per cent. It is 18.2 per cent for females which is high as compared to males (10.0 per cent). The percentage of household industry workers is very low in the district as stated above. The highest proportion of 17.0 per cent of other workers is recorded in Ranapur tahsil while the lowest proportion of 8.7 per cent is found in Alirajpur tahsil.

				(53.8)	(74.9)	(18.5)	(0.7)	(5.9)

Note: Percent of Worker to total worker are given in brackets

Table 35 presents CD Blockwise distribution of workers by sex in four categories of economic activity. In the rural areas of the district total workers (main + marginal) constitutes 54.4 per cent of total population. Among these workers cultivators constitute 76.7 per cent, agricultural labourers 14.6 per cent, household industry 0.7 per cent and other workers constitute 8.0 per cent. The proportion of cultivators is highest 84.5 per cent in Sondwa CD Block and is lowest 57.5 per cent in Thandla CD Block. Proportion of agricultural labour is highest 32.8 per cent in Thandla CD Block and lowest 8.1 per cent in Ranapur CD Block. It is also seen that the proportion of male workers is more than that of female workers under the category of cultivators.

Table 36 presents the distribution of workers by sex in different categories of economic activity for UA/Towns of the district. It is seen that out of the 32.6 per cent of total workers, cultivators constitute 13.6 per cent, agricultural labourers 2.6 per cent, household industry 6.0 per cent and the highest proportion is covered by other workers which is 77.8 per cent. It is also found that proportion of female workers under cultivators, agricultural labourers and household industry workers is more than that of the male workers proportion whereas proportion of male workers under other workers is more than that of the proportion of females. Townwise analysis shows that the proportion of cultivators is highest 35.5 per cent in Bhavra (NP), agricultural labourer is highest 5.0 per cent in Ranapur (NP), household industry workers is highest 12.0 per cent in Ranapur (NP)and in other workers is highest 91.4 per cent in Jhabua(M).

(ix) Brief analysis of Village Directory and Town Directory data (table 37-47)

Analysis based on Village Directory and Town Directory data pertaining to census 2001 are presented in the form of Inset tables from 37-47. Alongwith the census data 'Non-Census' data such as village amenity and town amenity data was collected during census 2001. These tables give the number of total villages, proportion of population served by different amenities, availability of amenities by distance, proportion of slum population in towns etc. A short analytical note is also given below of each table.

TABLE 37 : DISTRIBUTION OF VILLAGES ACCORDING TO AVAILABILITY OF DIFFERENT AMENITIES, 2001

Note : Percentages are given in brackets.

* Based on the improved drinking water sources, drinking water supply has been classified as 'Improved or otherwise. If the household has access to drinking water supplied from a tap or a hand pump/tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

\# Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

Table 37 deals with the CD block-wise distribution of villages according to the availability of different amenities like education, medical, improved drinking water, post office, telephone, transport, communications, agricultural credit societies, approach by pucca road and power supply within the village. Out of 1,317 inhabited villages in the district 1,218 villages or 92.5 per cent have been provided with the education facilities of one type or the other. Similarly 520 villages in the district constituting 39.5 per cent have medical facilities of one type or the other. Improved drinking water facility is available in 1,272 or 96.6 per cent villages. As regards, post office facility which includes facilities like telegraph office and post and telegraph, 150 villages constituting 11.4 per cent of villages have been provided with post office facility within the villages. 314 or 23.8 per cent villages have been provided with the telephone facility, 317 or 24.1 per cent with transport facility, 52 or 3.9 per cent villages with bank facility and 49 or 3.7 per cent with agricultural credit societies. Similarly there are 524 or 39.8 per cent villages which are linked with the pucca road. Total 1,227 or 93.2 per cent of villages are provided with the electricity supply. Almost similar pattern of distribution of villages by availability of amenities in the villages at CD block has been found with slight variation. In Jobat and Alirajpur CD block all villages have centpercent educational facility and lowest 81.8 per cent is found in Kattiwada CD Block. Medical facility is highest in Meghnagar (96.4 per cent) and lowest (10.0 per cent) in Bhavra CD block. Telephone facility is highest in Jobat CD Block (71.4 per cent) and lowest in Sondwa CD Block (4.5 per cent) . In the field of power supply all villages have been covered except 90 villages in the district.

TABLE 38 : NUMBER AND PER CENT OF RURAL POPULATION SERVED BY DIFFERENT AMENITIES, 2001

Note : Percentages are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved or otherwise. If the household has access to drinking water supplied from a tap or a hand pump/tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

\# Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

Table 38 depicts the number and proportion of rural population served by different kind of amenities. Out of total rural population of 1,273,530 persons in the district, 1,249,254 or 98.1 per cent have educational facility of one or the other type. Similarly 682,945 or 53.6 per cent population has medical facilities while 1,244,617 or 97.7 per cent have improved drinking water facility. Post office facilities are available to 305,342 or 24.0 per cent population. Telephone facility is available to 447,542 or 35.1 per cent. Transport communications facility is available to 414,688 or 32.6 per cent. Bank facility is available to 128,587 or 10.1 per cent. 120,131 or 9.4 per cent have been provided with the facility of agricultural credit societies. 641,946 or 50.4 per cent have been provided with the facility of approach by

pucca road. Power supply is available to 1,219,859 or 95.8 per cent rural population in the district. Similar pattern of availability of facilities is visible to the rural population in different CD blocks.

TABLE 39 : DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES, ARRANGED BY DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE, 2001

Village not having the amenity of	Distance range of place from the villages where the amenity is available			
	Less than 5 kilometres	5-10 kilometres	10+ kilometres	Total (Col. 2 - 4)
1	2	3	4	5
1. Education :-				
(a) Primary School	90	6	5	101
(b) Middle School	671	240	70	981
(c) Degree College	68	136	1,113	1,317
2. Medical:-				
(a) Hospital	198	256	844	1,298
(b) PHC	210	319	748	1,277
3. Post Office	560	391	216	1,167
4. Telephone	323	295	385	1,003
5. Bus Service	400	320	283	1,003
6. Banks				
(a) Commercial Bank	297	422	559	1,278
(b) Cooperative Bank	294	457	529	1,280
7. Agricultural Credit Societies	355	440	473	1,268

Table 39 presents distribution of villages not having certain amenities within the village at district level. Such villages have been presented according to various distance ranges in this table. 101 villages do not have primary school and out of these villages, children of 90 villages have to travel less than 5 kms. for schooling. Out of 1,317 inhabited villages as many as 981 are deprived of middle school and 1,317 of degree college. Of these 671 avail the facility of middle school at a distance of less than 5 kms., 240 at a distance 5-10 kms. and the remaining 70 at a distance of 10+ kms. In respect of degree college 68 avail this facility at a distance of less than 5 kms., 136 between 5 to 10 kms. and rest 1,113 villages at a distance of 10+ kms.

Similarly there are 1,298 villages in the district which have been devoid of Hospital facility and 1,277 villages which are deprived of PHC facilities. Of these 198 villages have the facility of Hospital available within 5 kms. while in respect of 256 villages the inhabitants have to cover a distance of 5-10 kms. in order to avail this facility. Similarly overwhelming number i.e. 844 villages have this facility at a distance of 10+ kms. As regards PHC 210 avail this facility at a distance of less than 5 kms., 319 at a distance of 5-10 kms. and the remaining 748 have to travel a distance of more than 10 kms. to avail this facility.

Regarding Post Office, 1,167 villages do not have this facility in the village itself. Of these majority i.e. 560 have this facility at a distance of less than 5 kms., another 391 villages avail it at a distance of 5-10 kms. In the remaining 216 villages inhabitants have to travel a distance of 10+ kms.

As regards Telephone, there are 1,003 villages in the district which are without telephone facilitiy. Of these 323 avail this facility at a distance of less than 5 kms., 295 at a distance of 5-10 kms. and remaining 385 have to traverse a distance of 10+ kms.

For bus service out of 1,003 villages which do not have this facility, 400 villages avail this facility at a distance of less than 5 kms., 320 at a distance between 5-10 kms. and 283 at a distance of 10+ kms.

In the entire district 1,278 villages are deprived of commercial bank and 1,280 of co-operative bank. Of these 1,278 villages which are deprived of Commercial banks 297 villages avail this facility at

a distance of less than 5 kms., 422 between 5-10 kms. and the remaining 559 at a distance of 10+ kms. Regarding co-operative banks out of 1,280 villages 294 villages avail this facility at a distance of less than 5 kms., 457 at a distance of 5-10 kms. and remaining 529 at a distance of 10+ kms. 1268 villages do not have agricultural credit societies. This facility to 355 villages is available at a distance of less than 5 kms., 440 at a distance of 5-10 kms. and the remaining 473 at a distance of 10+ kms.

TABLE 40 : DISTRIBUTION OF VILLAGES ACCORDING TO THE DISTANCE FROM THE NEAREST STATUTORY TOWN AND AVAILABILITY OF DIFFERENT AMENITIES, 2001

Distance range from the nearest statutory town (in kilometres)	Number of inhabited villages in each range	Type of amenity available							
		Education	Medical	Post Office	Telephone	Transport communica-tions	Banks	Agricultural Credit Societies	Approach by pucca road

Table 40 deals with the distribution of villages according to distance from the nearest statutory town and availability of different amenities within the village. Out of total 1,317 inhabited villages in the district, there are 95 villages which have nearest towns upto a distance of 5 kms. Of these 92 villages forming 96.8 per cent of total villages, are having the educational facilities atleast one type and 38 villages constituting 40.0 per cent, have the medical facilities within the range of 5 km., 8 villages forming 8.4 per cent have the facility of post office within the range of 5 km and 26 or 27.4 per cent have the facility of telephone under the distance of 5 km. 30 villages constituting 31.6 per cent have been linked by transport service. There is no such village which has the facility of banks. 3 village constituting only 3.2 per cent have been provided by agricultural credit societies. 63 villages comprising 66.3 per cent have been provided with pucca road within the distance of 5 km.

There are 509 inhabited villages in the district which fall in the distance range of 5-15 kms. Of these 485 villages constituting 95.3 per cent have been provided with the educational facilities. 203 villages comprising 39.9 per cent have been provided with medical facilities. 65 villages constituting 12.8 per cent enjoy the post office facility. 138 villages comprising 27.1 per cent have been provided the telephone facility. 137 villages constituting 26.9 per cent have been linked with transport communications. 23 villages comprising 4.5 per cent have bank facility. 18 villages constituting 3.5 per cent are having agricultural credit societies, while 241 villages or 47.3 per cent are approachable by pucca road.

680 villages fall in the distance range of 16-50 kms. Of these, 90.6 per cent villages have educational facility, 38.8 per cent with medical, 11.3 per cent with post office, 21.9 per cent each with telephone and transport communications. 4.3 per cent and 4.1 per cent villages with banks and agricultural credit societies facilities respectively are available. 212 (31.2 percent) villages have approach by pucca road facility.

There are 31 inhabited villages in the district which fall in the distance range of 51+ kms.Of these 23 villages constituting (74.2 per cent) have been provided with the educational facilities. There are 14 villages (45.2 per cent) have been provided with Medical. There are no facilities of post office, telephone, transport communication, banks and agricultural credit society. There are 6 villages (19.4 per cent) which have been provided with power supply.

TABLE 41 : DISTRIBUTION OF VILLAGES ACCORDING TO POPULATION RANGE AND AMENITIES AVAILABLE, 2001

Population range	Number of inhabited villages in each range	Type of amenity available

Note : Percentages are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved or otherwise. If the household has access to drinking water supplied from a tap or a hand pump/tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

\# Post office includes Post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, rail facility and navigable waterways.

Table 41 deals with the distribution of villages by population ranges and amenities available therein. In Jhabua district out of a total 1,317 inhabited villages, overwhelming 401 have a population of less than 500 persons. Of these, 310 villages (77.3 per cent) have education facility, 91 (22.7 per cent) have medical facility, 380 (94.8 per cent) have improved drinking water facility. 6 villages (1.5 per cent) have post office facility. 59 (14.7 per cent) have telephone facility. 52 (13.0 per cent) have been linked by bus service. 2 (0.5 per cent) have bank facility. There is one village (0.2 per cent) having the facility of agricultural credit societies. 103 villages (25.7 per cent) have been linked with pucca road. 355 villages (88.5 per cent) have been provided with electricity.

Out of 437 villages, which fall in the population range of 500-999 persons, 431 (98.6 per cent) villages have been provided with the education facility, 151 (34.6 per cent) with medical facility, 419 (95.9 per cent) villages have improved drinking water facility. 26 villages (5.9 per cent) have been provided with post office facilities, 72 villages (16.5 per cent) with telephone facility, 99 villages (22.7 per cent) with transport facilities, 5 villages (1.1 per cent) each with bank facility and agricultural credit societies. 173 villages (39.6 per cent) have approach by pucca road. 407 villages (93.1 per cent) have electricity facility.

364 villages fall in population range of 1,000-1,999 persons. Of these 362 (99.5 per cent) villages have

been provided with the education facility, 185 (50.8 per cent) with medical facility, 361 (99.2 per cent) villages have improved drinking water facility. 52 villages (14.3 per cent) have been provided with post office facilities, 111 villages (30.5 per cent) with telephone facility, 108 villages (29.7 per cent) with transport facilities, 12 villages (3.3 per cent) with bank facility, 14 villages (3.8 per cent) with agricultural credit societies and 164 villages (45.1 per cent) have approach by pucca road. 352 villages (96.7 per cent) have facility of power supply.

There are 110 villages in the district which are covered under 2,000-4,999 population range. Of these, cent percent villages have been provided with the education facility and 89 (80.9 per cent) with medical facility. 107 villages (97.3 per cent) have been provided with improved drinking water facilities. 61 villages (55.5 per cent) have been provided with post office facilities, 68 villages (61.8 per cent) with telephone facility, 54 villages (49.1 per cent) with transport facilities, 30 villages (27.3 per cent) with bank facility, 26 villages (23.6 per cent) with agricultural credit societies and 80 villages (72.7 per cent) have approach by pucca road. 108 villages (98.2 per cent) have power supply facility.

There are 5 villages in the district which are covered under 5,000-9,999 population range. All these villages have been provided education, improved drinking water, post office and power supply facilities. 4 villages (80.0 per cent) each have facilities of Medical, telephone, transport communication, and approach by pucca road. 3 villages (60.0 per cent) each have facility of banks and agricultural credit societies. There is no village in the population range of more than 10,000.

TABLE 42 : DISTRIBUTION OF VILLAGES ACCORDING TO LAND USE, 2001

Serial number	Name of C. D. block	Number of inhabited villages	Total area	Percentage of cultivable area to total area	Percentage of irrigated area to total cultivable area
1	2	3	4	5	6
1	Thandla	112	44,136	63.0	34.8
2	Petlawad	212	86,497	56.5	37.9
3	Meghnagar	110	31,654	72.2	21.0
4	Jhabua	127	40,096	64.5	19.3
5	Rama	122	45,169	59.7	33.1
6	Bhabra	50	27,597	75.3	17.2
7	Udaigarh	86	33,685	75.9	20.7
8	Jobat	63	33,565	78.0	21.4
9	Kattiwada	121	70,722	32.4	12.4
10	Alirajpur	86	60,711	66.3	17.0
11	Sondwa	133	86,659	38.9	10.4
12	Ranapur	95	39,248	71.7	15.5
	District Total:	1,317	599,739	58.3	22.6

Note : - Cultivable area = irrigated area + unirrigated area

Table 42 presents C.D blockwise distribution of villages according to land use. It also gives details of total area and cultivable area available of inhabited villages in the district. Cultivated area includes irrigated as well as unirrigated area. It further elaborates that what is the extent of cultivable area under irrigation. There are total 1,317 inhabited villages in the district having a total area of 599,739 hectares. Of this, 58.3 per cent is cultivable and 22.6 per cent of total cultivable area has got the irrigation facility. The area figures have been collected from the revenue record maintained for each village by the State Government.

It is seen that percentage of cultivable area to total area is highest 78.0 per cent in Jobat CD Block. It is lowest 32.4 per cent in Kattiwada CD Block. The percentage of irrigated area to cultivable area is highest 37.9 per cent in Petlawad and lowest 10.4 in Sondwa CD Block.

TABLE 43 : PER CAPITA RECEIPT AND EXPENDITURE IN STATUTORY TOWNS

Serial number	Class, name & urban status of the Town	Per capita expenditure								
		Total	Through taxes	From all other sources	Total	General Adminis-tration	Public health and conveniences	Public works	Public institutions	Other(s)
1	2	3	4	5	6	7	8	9	10	11
1	III Alirajpur (M)	321	241	80	320	132	78	45	0	64
2	V Bhavra (NP)	208	15	193	223	112	6	34	2	69
3	III Jhabua (M)	296	78	218	217	129	5	19	0	64
4	V Jobat (NP)	262	221	40	290	80	143	15	0	51
5	IV Petlawad (NP)	362	156	206	347	77	54	117	2	98
6	IV Ranapur (NP)	356	22	334	369	23	12	0	0	335
7	IV Thandla (NP)	417	107	310	352	66	57	22	7	200
	District Total	318	129	189	292	101	46	35	1	109

Note: The difference in various totals is due to rounding off the related figures.

The table 43 gives the per capita receipts and expenditure (in rupees) for each town in the district. The average per capita receipts for towns of the district Jhabua works out to Rs.318 of which Rs.129 are derived through local taxes and the remaining Rs.189 is received from all other sources. The average of total expenditure incurred per capita is Rs.292. Out of this Rs.101 are spent on general administration, Rs.46 on public health and conveniences, Rs.35 on public works. Only one rupee expenditure is done on public institutions. Rs.109 is spent on others.

TABLE 44 : SCHOOLS/COLLEGES PER 10,000 POPULATION IN STATUTORY TOWNS, 2001

Serial number	Name and urban status of Town	Type of educational institution				
		Primary	Junior Secondary / Middle	Secondary / Matriculation	Senior Secondary	College
1	2	3	4	5	6	7
1	Alirajpur (M)	7.6	6.4	1.2	1.2	0.8
2	Bhavra (NP)	8.6	4.3	2.2	2.2	0.0
3	Jhabua (M)	3.6	2.6	2.0	1.6	1.0
4	Jobat (NP)	6.0	5.0	3.0	2.0	1.0
5	Petlawad (NP)	5.6	3.2	1.6	1.6	0.8
6	Ranapur (NP)	5.7	3.8	1.9	1.9	0.0
7	Thandla (NP)	4.7	3.9	1.6	1.6	0.8
	District Total	5.7	4.2	1.8	1.6	0.7

In urban areas of Jhabua district the average number of primary school per 10,000 population comes to 5.7 schools, 4.2 junior secondary/middle schools, 1.8 secondary/matriculation schools, 1.6 senior secondary schools and the ratio of colleges is only 0.7 college per 10,000 population. Among the towns, the ratio of primary schools is highest in Bhavra (NP) while lowest is Jhabua (M).

TABLE 45 : NUMBER OF BEDS IN MEDICAL INSTITUTIONS IN TOWNS, 2001

Serial number	Name and urban status of the Town	Number of beds in medical institutions per 10,000 population
1	2	3
1	Alirajpur(M)	24
2	Bhavra(NP)	32
3	Jhabua(M)	36
4	Jobat(NP)	125
5	Meghnagar (CT)	29
6	Petlawad(NP)	29
7	Ranapur(NP)	28
8	Thandla(NP)	55
	Distrct Total	41

Table 45 depicts the number of beds available in medical institutions per 10,000 population in each town of Jhabua district. On an average there are 41 beds per 10,000 population in urban areas of the district. It is the highest 125 in Jobat (NP) while the lowest 24 beds in Alirajpur (M).

TABLE 46 : PROPORTION OF SLUM POPULATION IN TOWNS, 2001

Serial number	Name of the Town	Total popu-lation	Slum popu-lation	Percentage of slum population to total population
1	2	3	4	5
1	Alirajpur	25,164	9,696	38.5
2	Jhabua	30,577	12,479	40.8
3	Jobat	25,164	705	2.8
4	Petlawad	12,421	2,840	22.9
5	Thandla	12,685	4,925	38.8
	District Total	106,011	30,645	28.9

Table 46 presents the proportion of slum population in the towns of the district. Out of the total 106,011 urban population 30,645 persons constitute slum population which is 28.9 per cent of total urban population. Jhabua town has the highest 40.8 per cent of slum population whereas, Jobat has lowest (2.8 per cent) of slum population.

TABLE 47 : MOST IMPORTANT COMMODITY EXPORTED OUT OF AND MANUFACTURED IN TOWNS, 2001

Serial number	Name and urban status of Town	Most important commodity	
		Manufactured	Exported
1	2	3	4
1	Alirajpur (M)	Tiles Bricks Carpet	Dolomite Mahua Mango
2	Bhavra (NP)	Bricks Earthern Pots Wooden Furniture	Oil Seed Pulses Maize
3	Jhabua (M)	Oil Iron Furniture Tractor Trolley	Soyabean Maize Pulses
4	Jobat (NP)	Tiles Bricks Earthern Pots	Pulses Dolomite Mahua
5	Meghnagar (CT)	Catechu Rock Phosphate Managenese	Rock Phosphate Catechu Manganese
6	Petlawad (NP)	Bricks Earthern Pots Iron Trolley	Wheat Soyabean Cotton
7	Ranapur (NP)	Groundnut Oil Iron Goods Earthern Pots	Groundnut Oil Bamboo Baskets Mahua
8	Thandla (NP)	Steel Furniture Bamboo Baskets Bricks	Cotton Groundnut Arhar Pulse

Table 47 indicates most important articles manufactured and exported out of each town in the district. The other commodities manufactured are bricks, tiles, carpets, groundnut oil, bamboo baskets, wooden furniture, iron goods, earthen pots, maganese, tractor trolly etc. Pluses, bambo basket, soyabean, dolamite, mango, maize, maganese, cotton, etc are the other important commodities which are exported by different towns.

(x)Brief analysis of the data on houses and household amenities, Houselisting Operations, Census of India 2001 based on Inset tables 48-52

Inset tables 48-52 are based on Houselisting data pertaining to Census 2001. These tables reflect the tenure status, distribution of households living in permanent, semi-permanent and temporary houses, percentage of households having different amenities and percentage of households by type of fuel used for cooking.

Data source : Census of India 2001, H-series: Tables on Houses, Household amenities and Assets.

The data presented in Table 48 depicts number of households by tenure status and number of rooms occupied in the district. The total number of households in the district stands at 236,053 consisting of 213,879 rural and 22,174 urban households. 8,535 households belong to Scheduled Castes 200,049 to Scheduled Tribes. 221,672 households are living in their own houses constituting 93.90 per cent of total households. Of these households, the largest number of households (118,744) have occupied single room accommodation and is followed by two roomed accommodation numbering to 65,367 households. Next position is claimed by (16,247) households occupying no exclusive rooms accommodation. Number of households in owned accommodation occupying three rooms rank at fourth place with 12,114 households while 9,200 households with three plus rooms accommodation.

11,247 households living in rented accommodation accounts for 4.8 per cent of total number of households in the district. The largest number of 4,700 households are living in two room accommodation followed by 3,236 households in single room accommodation. Next position is claimed by (2,273) households occupying three room accomodation. Households with three plus rooms are 783 in numbers and 255 housheols have no exclusive room.

Other households numbering to 3,134 forming only 1.31per cent of total households are distributed in single roomed accommodation numbering 911, 1,018 in double room, 647 in three room, 365 are in three plus and 193 households have no exclusive room.

TABLE 49 : PERCENTAGE DISTRIBUTION OF HOUSEHOLDS LIVING IN PERMANENT, SEMI-PERMANENT AND TEMPORARY HOUSES, 2001

Data source : Census of India 2001, H-series: Tables on Houses, Household amenities and Assets.

The data presented in Table 49 reveals that 35.8 per cent of household of the district are living in houses made of pucca materials, residences of 63.4 per cent households are semi permanent houses and 0.8 percent households have temporary houses.

District-wise percentage in urban areas indicates that majority of households i.e. 69.2 per cent are living in houses constructed of pucca materials, 29.3 per cent in semi-permanent structure and percentage of households in temporary houses is 1.5 constructed of kutcha materials. At rural level, the lowest percentage of 19.2 households occupying permanent structure is found in Meghnagar tahsil while highest percentage of 45.5 is seen in Alirajpur tahsil. The proportion of semi-permanent houses is high in Meghnagar (80.5) and lowest in Alirajpur (53.7) tahsil. The proportion of temporary houses is quite low in all tahsils and highest is 1.5 per cent in Jhabua tahsils followed by 0.9 percent in Ranapur tahsil, 0.8 percent in Alirajpur tahsil, 0.7 percent in Jobat, 0.5 percent each in Thandla, and Petlavad tahsil 0.4 per cent in Bhavra tahsil, and 0.3 per cent in Meghnagar tahsil.

Data source: Census of India 2001, H-series: Tables on Houses, Household amenities and Assets.

Note: Percentage is given in brackets below the number of households. Bathroom means bathroom within the house Toilet means toilet within the house. Drainage menas closed and open drainage.

Table 50 indicates that 64.4 per cent households in the district have been provided with improved drinking water supplied from a tap or a hand-pump/tube-well, 49.1 per cent households have provision of electricity in their houses. The bathroom facility is available to only 10.4 per cent households within their premises. As regards rural areas, 4.5 per cent households are having bathroom facility, whereas this proportion in urban areas comes to 67.7 per cent. 44.7 per cent rural households have facility of electricity against 91.5 per cent in urban areas. Toilet and drainage facilities in the district are available to 12.7 per cent and 11.6 per cent households respectively. Their percentage is higher in urban areas as compared to rural areas.

Percentage in brackets
Data source: Census of India 2001, H-series: Tables on Houses, Household amenities and Assets.

The percentage distribution of households by type of fuel used for cooking purposes is given in Table 51. There are nine types of fuels used for which data have been presented in the table. It is observed that fire wood is used as the most predominant fuel used for cooking by 75.0 per cent households in the district. In the tahsils, this proportion varies between 92.1 per cent in Bhavra and 41.8 per cent in Petlawad tahsil. The next cooking fuel is crop residue which is used by 11.5 per cent households in the district. This proportion in rural and urban areas is 12.5 and 2.1 per cent respectively. Next fuel is L.P.G. used by 6.8 percent in district. Use of L.P.G. in rural area for cooking is 2.0 percent as compared to urban areas 53.1 per cent at district level. Next fuel is cowdung cake used by 3.5 percent in district. Use of cowdung cake for cooking by rural households comes to 3.7 per cent while in urban areas its proportion is 1.5 per cent. There are 2.7 per cent households using kerosene in the district. Use of kerosene for cooking by urban households comes to 15.5 per cent while in rural areas its proportion is 1.4 per cent, as a whole. The percentage of households using other types of fuel such as electricity, coal, biogas, etc. is insignificant. In rural areas wood is main fuel where as in urban areas it is L.P.G.

This table presents data for total, rural and urban areas at district/tahsil/sub-tahsil level about households availing banking services and possession of assets such radio/transistor, telephone, bicycle, scooter and car etc. by the households.There are 236,053 households in the district and among them, 64,137 households have been availing banking services. 28,956 households have radio/transistor. Television is possessed by 25,163 households. Telephone is available in 7,042 households. Bicycle is the most common means of transportation and is available in 54,536 households. Scooter, motor cycle, moped (two-wheelers) and car, jeep, van (four-wheelers) are used by 12,303 and 2,201 households respectively. None of the specified assets is in 156,224 households.

(xi) Major Social and cultural events, natural and administrative developments and significant activities during the decade.

There is no administrative change in the district and no significant activity occurs during the decade.

(xii) Brief description of places of religious, historical, archaeological importance and tourist interest in villages and towns of the district.

Places of Tourism :

Amkhut

Located among the forests of the Vindhyachal range, Amkhut village is 24 km. north-west of the Alirajpur on Alirajpur-Kathiwara road. The Canadian Christian mission established its centre here amidst the tribal villages.

Bhabra

It is a village in Jobat tahsil lying at a distance of 32 km. north-west of Jobat on Jobat-Dohad road. The famous freedom fighter, Chandra Shekhar Azad is said to have been born here. Now a small memorial was erected here in his honour.

Deojhiri

On the bank of Sunar river, Deojhiri is 8 km. north-east of Jhabua on Ahmedabad-Indore state highway No. 22. There is an ancient temple of Lord Shiva and a Jhiri or a perennial spring. The spring has been built up into a *kund*. A *samadhi* of a sage is also located here. A religious gathering is held on *Baisakh-Poornima*(April).

Lakhmani Gram

8 km. east of Alirajpur on Kukshi road, Lakhmani Gram is a small village located on the bank of the sukar river. There is a newly constructed Jain temple in this village. The village came into prominence among archaeologists, historians and lovers of plastic art in about 1925 when the Jain images enshrined in this temple were unearthed accidentally from a field. The images have been carved out of milky-white marble and black marble called *Sangmoosa*. In addition images of Hindu deities and remains of Hindu temples have been found. The sculptures belonged to 10th-11th century. Since the discovery of the images, the place is held as a *tirth* (holy place) and an annual fair is held.

Important Fairs

Thandla, Jhabua and Alirajpur tahsils organised three fairs each in the district. Petlawad is the only tahsil, wherein 9 fairs are arranged every year. The largest fair is of 10 days at Raipuria in Petlawad tahsil arranged on the occasion of Kalipuja on *Agrahayana sudi 15* (November/December). The *Nav-Ratri* fair is arranged on the occasion in Aswina (September/October) for 9 days at Malwa-Alirajpur. Another five days fair is organished at Devigarh in Thandla tahsil on *Chaitra-sudi* 11-15 (March/April) in honour of a local deity Swayambha-Mata. Duration of the fairs vary from one to three days.

(xiii) Major characteristics of the district, contribution of the district in the form of any historical figure associated with the district.

Chandra Shekhar Azad

Born on 23rd July, 1906, at Bhabra village of the erstwhile Alirajpur Estate; the name Azad got automatically appended with his name through his famous answers given to a magistrate when arrested during the non-cooperation movement while he was studying in Kashi. His parents were Pandit Sitaram Tiwari and Jagrani Devi, who were of very ordinary family. In his early childhood, he was sent to Kashi, to persue his study through donations and free accommodation. In the first instance, he did not stay long and came back to his native place very soon, and enjoyed the company of *Bhils* from whom he learned and became a master in archery. Through his accurate aim, he blinded the *Bhil* offender. But this act was disapproved in his family and his uncle again sent him to Kashi. Very soon, he joined the non-cooperation movement of Gandhiji and when arrested and produced before the Magistrate alongwith others he gave well known answers at the age of 13-14 years. He told the Magistrate upon asking his name was Azad, his father's name 'Swadhin' and his address as the prison He was awarded a sentance of 15 canes, while being caned he shouted, 'Gandhiji Ki Jai'. Jalianwala killings inspired him to join politics. When Gandhiji stopped his movement after Chouri-Choura incident, he joined

revolutionary movement and became its top most leader. Many of his activities he had conducted from a hut he used to live in hiding on the banks of Satar near Orchha. Ultimately on 27th February, 1931, when he was surrounded by the police in the Alfred Park of Allahabad through treachery he shot himself.

Other renowded freedom fighters are Shri Sitraram Tiwari, Shri Aminuddeen Makrani, Kamlakant, Bhagirath, Bherulal, Hukmichand, Yashwant Rao, Hate Singh, Chandmal, Detya, Dharji, Kanuda, Smt. Moharbano, Nathuram, Dhansing, Raichand, Besia, Narwar Singh and Raghunandan Sharma etc as reported.

Mama Balishwar Dayal another renowded freedom fighter, awarded National D. Litt, Indra Gandhi Manav Sewa Mahatma Gandhi award of Meghalaya state.[1]

(xiv)Scope of Village Directory and Town Directory

Village Directory :

The Village Directory is one of the traditional compilations of the census organisation and provides the consolidated picture of each village as revealed by the availability of existing amenities, land use pattern, composition of its population and other infrastructural details. This will be of immense help to identify the areas of surplus and deficit requiring the attention of planners and administrators for rescheduling the development process in appropriate direction. The format of village directory has 25 columns providing village-wise data of location, area, population, land use pattern and amenities etc.

The details of each column of village directory are explained as below :

Column-1 Serial number of the village is indicated in this column.

Column-2 gives the name of the village and permanent location code number (PLCN) assigned to each village in serpentine manner from north-west to south direction and is essential for identification of village. The concept of permanent location code number has been introduced first time in 2001 Census by assigning eight digit number starting from the first village of the first tahsil of first district of the state to the last village of last tahsil of the last district. In the state of Madhya Pradesh first PLCN 00000100 has been assigned to village 'DANDETI in Vijaypur tahsil of Sheopur district which is the first villageof first tahsil of first district of Madhya Pradesh while the last PLCN of 05539300 has been assigned to the last village 'MATAGHAT' of the state in Lanji tahsil of Balaghat district which happen to be last as per procedure adopted for assigning location code number. The district census handbook of 1991 Census as well as updated district and tahsil maps and services of local revenue officers/officials have been used to assign the PLCN to the villages. The last two zeros are used if new villages are created out of existing villages in subsequent census. Before 2001 census, village location code number used to change from one census to other due to change in jurisdictions or creation of villages or merger of villages in urban areas. The district handbook of 1991 Census has been used as basis for filling up the name of the village including the forest and uninhabited villages. But to ensure the accuracy, the list of villages and their names were got authenticated from the respective Tahsildars of each tahsil.

Column-3 shows the area (in hectares) of the village as indicated by the State Revenue Department.

Columns – 4 and 5 gives the population and number of households in each village which facilitate the correlation between the amenities available to the population and number of households in the village.

Columns 6 to 9 deal with the amenities like education, medical, drinking water, post, telegraph and telephone etc. The information relating to these amenities were filled by the Patwari of concerned village in village directory booklet which were subsequently cross checked with district census handbook of 1991 as well as with the information collected from the various departments to ensure the accuracy of information provided. In such cases where no facility is available within a village, a dash (-) has been shown in the column and next to it in brackets, the distance from the village in broad ranges

Source:

1. Gazetteer, Jhabua district, 1997-98.
2. District Statistical Handbook, 1997-98.

viz. upto 5 kms., 5-10 kms. and 10+ kms. of the nearest place where the facility is available has been given. This will help not only for local area planning but in regulating the provisions of goods and services as well, as to minimize the regional imbalance in the process of development. The abbreviations used to indicate these amenities have been explained separately in the subsequent section. The list of colleges, senior secondary schools, hospitals, post and telegraph offices in the district as obtained from the concerned departments are also added in the form of annexures at the end.

Column-10 shows the number of banks – Commercial banks and Co-operative banks. In addition to this, the list of banks procured from the lead bank of the district has also been added in this book.

Column-11 relates to number of credit societies, such as agricultural credit societies, non-agricultural credit societies and other cooperative societies.

Column-12 shows the number of recreational and cultural facilities viz. Cinema/video hall, sports club, stadium/auditorium facility available in the villages.

Column-13 Indicates the type of communicational amenities such as by bus, railway or navigable waterway available to the village.

Column-14 refers to the state of roads etc. leading to the village. This is useful in determining as to whether the village is approachable both in fair and foul weather by paved road, mud road, foot path and navigable water ways.

Column-15 gives the information of the nearest town and its distance in Kms. from the village in brackets from the referent village. In case, the nearest town is located in another state, the name of the state has also been furnished.

Column-16 relates to the availability of power supply to the village with purposes such as domestic, agricultural use, other purposes or for purposes which are denoted by the abbreviations.

Column-17 gives the information as to whether newspapers/magazines are received in the village.

Column-18 gives the information of most important commodities manufactured in the village.

Columns- 19 to 23 give the details about land utilization. The land use pattern given in the village directory conforms to the pattern of classification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry of Agriculture, has recommended the maintenance of records of land use pattern under five categories. These are as follows :

i) Forests

ii) Irrigated

iii) Unirrigated

iv) Culturable waste (including Gauchar and Groves)

v) Area not available for cultivation

Forest area shown in column-19 includes all lands classed under any legal enactment dealing with forests or administered as forests, whether state owned or private and whether wooded or maintained as potential forest land. The crops raised in the forests and grazing lands or areas open for grazing within the forest is also included under the forest area.

Column 20 and 21 shows area irrigated by different sources of irrigation and un-irrigated area. These two columns cover all agricultural land which equals to net cropped area sown with crops and orchards including current and other fallow lands. In case of irrigated land, the source of irrigation has also been indicated.

Column-22 Culturable waste : This includes all lands available for cultivation whether not taken up for cultivation or taken up for cultivation once but not cultivated during the five years or more in succession. Such lands may be either fallow or covered with shrubs and jungles which are not put to any use. Lands under thatching grasses, bamboo bushes and other groves for fuel etc., which are not included under orchards or forests come under this column. All grazing lands, whether they are permanent pastures and meadows or not, village common and grazing lands within forest area are also included in this column.

Column- 23 Area not available for cultivation : This includes land not available for cultivation such as barren, unculturable land and land put to non-agricultural use. Land put to non-agricultural use

stands for all lands occupied by buildings, roads and railways or under water etc. Barren and unculturable lands cover all lands like mountains and deserts which cannot be put under cultivation, except at a very high cost.

Town Directory :

The Town Directory is presented for each town in the district covering different aspects of urban life. Seven statements (I to VII) have been included for presentation of this data. The data contained in these statements are the area, population of 2001 and past censuses, growth rates, density, sex ratio, physical aspects of town, communications, municipal finances, civic, medical, educational and other amenities and trade, commerce, industry and banking facilities. It covers all the towns in the district statutorily notified as well as non-municipal towns. All the towns in the district are arranged in alphabetical order.

The data collected in these statements have largely been furnished by the municipal bodies. For non-municipal towns, the cantonment executive officers supplied the information.

Statement-I Status and Growth History :

The statement runs into 22 columns and is primarily intended to throw up a comparative picture of each town in different censuses from 1901 to 2001. Civic administration status of each town is shown under column 2 and Location Code number in column 3 whereas column 4 indicates the name of tahsil to which town belongs. While column 5 shows the name of CD block, area of each town in sq. kms. is depicted under column 6 column 7 deals with the number of households including houseless households as per the 2001 Census. Columns 8 to 18 deal with population and growth rate of the towns at different censuses from 1901 to 2001. Column 19 of the statement shows density of towns as per the 2001 Census. Columns 20 to 22 depict the sex ratio from 1981 to 2001 Census.

Statement-II Physical Aspects and Location of Towns, 1991

In this statement data on annual rainfall, maximum and minimum temperature are shown under columns 3 to 5. Columns 6 to 8 indicate the name and road distance of the state, district, sub-divisional and tahsil/ sub-tahsil headquarters. Column 9 shows the name of nearest city with population of one lakh or more and columns 10 to 12 give information regarding name and road distance of the nearest railway station, bus route, navigable river/canal (if within 10 Kms.)

Statement-III Municipal Finance, 1998-99

This statement shows the receipt and expenditure of Municipal Finance of individual towns for the year 1998-99 under different heads. There are in all 16 columns in the statement showing receipt and expenditure under different heads.

Statement IV Civic and Other Amenities, 1999

The statement displays this information under 20 columns. The amenities about which information has been incorporated are road length (with break-up by Kutcha and Pucca), system of sewerage, drainage and other related matters such as water supply, fire fighting services and electrification etc.

Statement-V Medical, Educational, Recreational and Cultural Facilities, 1999

This statement displays information under 20 heads and it intends to depict the degree of availability of medical facilities by type of institutions and number of hospital beds available in each institution. Educational facilities by level/ type of courses and recreational and cultural facilities.

Statement-VI Trade, Commerce, Industry and Banking, 1999

This statement presents the information under 11 columns in respect of each town. Columns 3 to 8 indicate three most important commodities imported, exported and manufactured in the town. Information on number of banks available in the town appears under column 9. Columns 10 and 11 shows number of agricultural and non-agricultural credit societies operating in each town respectively.

Statement-VII Civic and other amenities in Slums, 1999

This Statement gives the information relationg to civic and other amenities in respect of slum areas of towns, where the population exceeds 50,000 as per 2001 census. The codes used in col. 8 and 13 are the same as for statement IV.

PART A - VILLAGE AND TOWN DIRECTORY

Section I - Village Directory

(a) Notes explaining the abbreviations used in Village Directory

The "Village Directory" is one of the traditional compilations of the Census. It gives the list of villages, their location numbers, their area, population, number of households, amenities such as educational, medical, drinking water, post and telegraph, commercial and co-operative banks, agricultural non-agricultural and other credit societies, recreational and cultural facilities, communication, approach to village, nearest town with a distance, power supply availability of newspaper and magazines, most important commodity manufactured and land use of each village.

Village is a statutory recognized unit having a definite boundary and separate land records. In case, a complete village is treated as an outgrowth of urban agglomeration, data on amenities for that village, have not been given in the Village Directory but shown along with the urban component. The villages which are consider as a Census Town , the amenities data are shown in the Town Directory. For those villages which have partly merged in an outgrowth of U.A., the amenities data are shown in the Village Directory for that particular village.

The 'un-inhabited' villages (villages with no population) have been indicated as such after furnishing details in columns 1 to 3 i.e., Serial number, Name of village & location code number and area of the village against column no. 4 to 18. The land use data for such villages are shown in col. 19 to 23

The Village Directory format has 23 columns and the details given under each column are for the village are as follows:-

Columns 1 : Serial Number

Self explanatory. All the villages within the CD Block are presented serially in the ascending order of their location code number.

Columns 2 : Name and Location Code Number of village.

The name and location code number of the village are shown against these columns. This also includes the forest and uninhabited villages.

Column 3 : Area of the village

The area of the villages in hectares are given. Wherever the area figures was not furnished by the concerned department the column is left blank.

Column 4 : Total population

The total population of the village as per 2001 Census is given against this column.

Column 5 : Number of households

The number of households as per 2001 Census is given in this column.

Amenities :

In column 6 to 23, availability in respect of different amenities such as education, medical, drinking water, post office, telegraph, banks, credit societies, communication, power, approach road etc. in each village has been depicted with appropriate codes against the column concerned. Wherever the amenities are not available in the village, a dash (-) is shown in the column and next to it in brackets the distance in broad ranges viz.< 5 kms., 5-10 kms. and 10+ kms of the nearest place where the facility is available is given. Column wise details are given below :

Column 6 : Educational

Classes upto class V included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class V.

Classes from VI to VIII are included in the middle school.

Classes from IX and X included in High secondary school. Classes XI and XII are included in senior secondary school.

In case of composite schools like middle school with primary school or secondary school with middle school, these are also included in the number of primary and middle schools, respectively.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

(i)	Primary School	P
(ii)	Middle School	M
(iii)	Secondary School	S
(iv)	Senior Secondary School	PUC
(v)	College	C
(vi)	Industrial School	I
(vii)	Training School	Tr
(viii)	Adult literacy class/centre	AC
(ix)	Others (specify) e.g. Sanskrit Pathshala, Senior basic school, Navodaya Vidyalaya, Makhtab, etc.	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

Column 7 : Medical

Availability of medical facility within the village is indicated by following codes :

(i)	Allopathic Hospital	H
	Ayurvedic Hospital	HA
	Unani Hospital	HU
	Homeopathic Hospital	H Hom
(ii)	Allopathic Dispensary	D
	Ayurvedic Dispensary	DA
	Unani Dispensary	DU
	Homeopathic Dispensary	D Hom
iii)	Maternity & Child Welfare	MCW
(iv)	Maternity Home	MH
(v)	Child Welfare Centre	CWC
(vi)	Health Centre	HC
(vii)	Primary Health Centre	PHC
(viii)	Primary Health Sub-Centre	PHS
(ix)	Family Welfare Centre	FWC
(x)	T.B. Clinic	TB
(xi)	Nursing Home	NH
(xii)	Registered Private Medical Practitioner	RMP
(xiii)	Subsidised Medical Practitioner	SMP
(xiv)	Community Health Worker	CHW
(xv)	Others	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviations, e.g. H(3), D(4), etc.

Column 8 : Drinking Water

The type of the drinking water supply sources available within the village are indicated by codes as follows :

(i)	Tap Water	T
(ii)	Well Water	W
(iii)	Tank Water	TK
(iv)	Tubewell Water	TW
(v)	Handpump	HP
(vi)	River Water	R
(vii)	Canal	C
(viii)	Lake	L
(ix)	Spring	S
(x)	Others	O
(xi)	Summer Sorce	SS

Column 9 : Post, Telegraph and Telephone

It is indicated by codes as shown below whether within the village exists the following amenities:

(i)	Post Office	PO
(ii)	Telegraph Office	TO
(iii)	Post & Telegraph Office	PTO
(iv)	Telephone Connection	PH

Column 10: Commercial and Co-operative Banks

If the village is served by any banking service, commercial bank, co-operative bank etc.
the same is indicated in codes mentioned below along with the number of banks in brackets. If not available the distance of nearest place where the facility exist is given:

(i)	Commercial Bank	CM
(ii)	Co-operative Bank	CP

Column 11: Credit Societies

If the village enjoys the services of Credit Societies i.e. Agricultural Credit Societies, Non Agricultural Credit Society or Other Credit Societies, the same is indicated in codes mentioned below along with the number of such societies in brackets. In case the facility is not available within the village the distance of the nearest place where such facility exist is given :

(i)	Agricultural Credit Society	ACS
(ii)	Non- Agricultural Credit Society	NCS
(iii)	Other Credit Society	OCS

Column 12 : Recreational and cultural facilities

If facilities such as Cinema/Video hall, Sports Club, Stadium/Auditorium is available in the village, the same is recorded in these columns. If not available the particulars of the nearest place with the facility is recorded. The information is indicated in codes mentioned below along with the number of such facilities in brackets:

(i)	Cinema / Video Hall	CV
(ii)	Sports Club	SP
(iii)	Stadium / Auditorium	ST

Column 13 : Communications

If the village is served by any mode of public / private transport like Bus, Railway station or Navigable water ways they are to be mentioned as follows:

(i)	Bus	BS
(ii)	Railway Station	RS
(iii)	Navigable Waterway	NW

Column 14 : Approach to village

Approach to village refers to the state of road leading to village. The approach to the village is indicated in following codes :

(i)	Paved Road	PR
(ii)	Mud road	MR
(iii)	Foot path	FP
(iv)	Navigable River	NR
(v)	Navigable Canal	NC
(vi)	Navigable waterways other than River, Canal	NW

Column 15 : Nearest Town and distance

The distance is given in kilometers in brackets against the name of the town nearest to the village.

Column 16 : Power supply

Availability of Power Supply in the village, whatever may be the form of its use is given by using following codes :

(i)	Electricity for domestic use	ED
(ii)	Electricity for agricultural use	EAG
(iii)	Electricity for other purposes	EO
(iv)	Electricity for all purposes	EA

Column 17 : News Paper / Magazine

If village receives any News Paper/Magazines the same is noted in this column using following codes :

(i)	News Paper	N
(ii)	Magazine	M

Column 18 : Most important commodities manufactured

The name of three most important commodities manufactured in the village is recorded against this column.

Column 19 to 23 : Land use i.e. area under different types of land use

Land use data maintained by the State/ UT Govts. are furnished against these columns. The data concerning area under Forest, Irrigated land (by source), Un-irrigated land, Culturable waste and Area not available for cultivation in the village are shown against these columns. The area figures are given in hectare(s) up to one decimal. Desh '-' is recorded wherever the information is not made available by the concerned department. The codes used for different types of irrigation facilities available in the village are indicated below:

(i)	Government Canal	GC
(ii)	Private Canal	PC
(iii)	Well (without electricity)	W
(iv)	Well (with electricity)	WE
(v)	Tubewell(without electricity)	TW
(vi)	Tubewell(with electricity)	TWE

(vii)	Tank	TK
(viii)	River	R
(ix)	Lake	L
(x)	Waterfall	WF
(xi)	Others	O
(xii)	Total	T

The village directory also carries the following appendices.

Appendix-I It gives the abstract of educational, medical and other amenities available in villages CD Block wise of the district.

Appendix-I-A Indicates number of villages CD Block wise having one or more primary schools.

Appendix-I-B Indicates number of villages CD Block wise having primary, middle and secondary schools.

Appendix-I-C Shows number of villages CD Block wise with different sources of drinking water facilities.

Appendix-II Indicates the list of villages with 5,000 and above population which do not have one or more important amenities.

Appendix-II-A Indicates list of Census Towns which do not have one or more amenities.

Appendix-III It gives the land utilization data in respect of Census Towns / non-municipal Towns.

Appendix-IV CD Block wise list of inhabited villages where no amenity other than drinking water facility is available.

Appendix-V Summary showing number of villages having or not having Scheduled Castes population.

Appendix-VI Summary showing number of villages having or not having Scheduled Tribes population.

Appendix-VII A The appendix shows the list of villages according to the proportion of the Scheduled Castes to the total population by ranges.

Appendix-VII B The appendix shows the list of villages according to the proportion of the Scheduled Tribes to the total population by ranges.

Appendix-VIII Shows number of different types of girls school in a village.

(b) List of Villages merged in towns and outgrowths at 2001 Census

Name of the District	Name of Town	Name of Villages merged in towns	Fully/Partly Merged
..... Nil			

(c) CD blockwise presentation of Village Directory Data

(i) CD Block Maps showing Tahsil Boundary :

News paper is available in 243 villages in the district. Facility of magazine is available in 157 villages. 144 villages are suchwhere news paper & magazine facilities available.

APPENDIX 1A - VILLAGE DIRECTORY
VILLAGES BY NUMBER OF PRIMARY SCHOOL

Name of the District: Jhabua

Serial number	Name of C. D. block	Total number of inhabited villages	Number of primary schools				
			None	One	Two	Three	Four +
1	2	3	4	5	6	7	8
1	Thandla	112	6	90	9	6	1
2	Petlawad	212	36	134	21	13	8
3	Meghnagar	110	6	73	18	3	10
4	Jhabua	127	2	94	18	9	4
5	Rama	122	6	83	25	4	4
6	Bhabra	50	1	31	8	6	4
7	Udaigarh	86	4	66	12	2	2
8	Jobat	63	0	25	18	13	7

1	2	3	4	5	6	7	8
9	Kattiwada	121	22	73	20	4	2
10	Alirajpur	86	0	44	21	13	8
11	Sondwa	133	12	102	14	3	2
12	Ranapur	95	6	70	12	5	2
	District Total:	1317	101	885	196	81	54

Appendix I-A deals with CD Block-wise villages by number of primary schools. There are 101 villages in the district which are devoid of primary school facilities. 885 villages in the district have one primary school each . In case of villages having at least 2 schools each, there are 196 villages. In case of villages having 3 schools each, there are 81 such villages in this category. Lastly in case of villages having four + schools, there are 54 villages in this category.

APPENDIX I B - VILLAGE DIRECTORY
VILLAGES BY PRIMARY, MIDDLE AND SECONDARY SCHOOLS

Name of the District : Jhabua

Serial number	Name of C. D. block	Total number of inhabited villages	Type of educational institutions available			
			No School	At least one primary school and no middle school	At least one primary school and one middle school	At least one middle school and one secondary school
1	2	3	4	5	6	7
1	Thandla	112	6	77	29	9
2	Petlawad	212	36	125	51	10
3	Meghnagar	110	6	81	23	6
4	Jhabua	127	2	92	33	7
5	Rama	122	6	84	32	6
6	Bhabra	50	1	29	20	4
7	Udaigarh	86	4	58	24	4
8	Jobat	63	0	39	24	3
9	Kattiwada	121	22	78	21	5
10	Alirajpur	86	0	55	31	2
11	Sondwa	133	12	96	25	4
12	Ranapur	95	6	66	23	8
	Total:	1317	101	880	336	68

Appendix I-B depicts information regarding different type of educational institutions. There are 101 villages in the district which do not have any type of school facilities. 880 villages are having atleast one primary school and no middle school. 336 villages are having atleast one primary school alongwith one middle school. Similarly 68 villages are having atleast one middle school alongwith one secondary school.

APPENDIX 1C - VILLAGE DIRECTORY
VILLAGES WITH DIFFERENT SOURCE OF DRINKING WATER FACILITIES AVAILABLE

Name of the District: Jhabua

Serial number	Name of C. D. block	Number of villages with different sources of drinking water available				
		Only tap	Only well	Only tube well	Only handpump	More than one source only from tap, well, tube- well, handpump
1	2	3	4	5	6	7
1	Thandla	0	0	0	1	110
2	Petlawad	0	4	0	15	169
3	Meghnagar	0	1	0	12	91
4	Jhabua	0	0	1	8	109
5	Rama	0	2	0	4	107
6	Bhabra	0	0	0	2	40
7	Udaigarh	0	1	0	5	78
8	Jobat	0	0	0	0	62
9	Kattiwada	0	1	0	3	112
10	Alirajpur	0	0	0	0	82
11	Sondwa	0	3	0	1	115
12	Ranapur	0	0	0	3	78
	District Total:	0	12	1	54	1153

Appendix I-C deals with the villages with different sources of drinking water facilities. There are 67 villages in the entire district which are having single source of drinking water i.e. there is no village having only tap, 12 have only well. 54 have only handpump and 1village have only tubewell as the source of drinking water. 1153 villages in the district are having more than one source of drinking water.

APPENDIX II - VILLAGE DIRECTORY
VILLAGES WITH 5,000 AND ABOVE POPULATION WHICH DONOT HAVE ONE OR MORE AMENITIES

Name of the District: Jhabua

Serial number	Name of village	Location code number	Name of C. D. block	Popula-tion	Amenities not available (indicate N. A. where amenity not available)			Amenities not available (indicate N. A. where amenity not available)			
					Senior Secondary School	College	Primary Health Sub Centre	Tap drinking water	Bus facility	Approach by Pucca road	Comm-ercial Bank
1	2	3	4	5	6	7	8	9	10	11	12
1	Kardawad	02874700	Petlawad	5050	N.A.	N.A.	Available	N.A.	Available	Available	N.A.
2	Nogawan	02905200	Meghnagar	5367	Available	N.A.	Available	Available	Available	Available	N.A.
3	Barjhar	02933400	Bhabra	7099	Available	N.A.	Available	Available	Available	Available	N.A.
4	Ringol	02933900	Bhabra	5244	N.A.	N.A.	N.A.	N.A.	Available	N.A.	N.A.
5	Sejawada	02934100	Bhabra	5619	Available	N.A.	N.A.	N.A.	N.A.	Available	Available

Appendix II deals with the villages having 5,000 & above population which do not have one or more amenities in the district. In all 5 villages of Jhabua district have population above 5,000 of which 1 village namely Kardawad in Petlawad CD Block, 1village Nogawan in Meghnagar, 3 villages Barjhar, Ringol and Sejawada in Bhabra CD Block. Senior secondary school is available in some of these villages except in Kardawad and Ringol, College facility is not available in all these villages. Primary health sub centres are available in most of the villages except in Ringol and Sejawada. Tap drinking water facility is not available in most of the villages except in Nogawan and Barjhar. Commercial bank facilities are not available in most of the villages except in Sejawad. However bus service is available in all these villages except in Sejawada and approach by pucca road facility is also available in all these villages except in Ringoli.

APPENDIX II - A VILLAGE DIRECTORY
CENSUS TOWNS WHICH DO NOT HAVE ONE OR MORE AMENITIES

Name of the District: Jhabua

Serial number	Name of census town	Location code number	Name of C. D. block	Population	Amenities not available (indicate N. A. where amenity not available)			Amenities not available (indicate N. A. where amenity not available)			
					Senior Secondary School	College	Health Centre	Tap drinking water	Bus facility	Approach by Pucca road	Banks
1	2	3	4	5	6	7	8	9	10	11	12
1	Meghnagar	42403000		10318	N.A.	N.A.	Available	N.A.	N.A.	Available	Available

Appendix II A shows the details of availability or non-availability of certain amenities in the Census towns of the district. It is seen that there is only one Census town named Meghnagar(42403000) in the district. Senior Secondary School, College, Tap drinking water and Bus facility is not available in this town whereas this census town does have Health Centre, approach by Pucca Road and Bank facilities.

APPENDIX III - VILLAGE DIRECTORY
LAND UTILISATION DATA IN RESPECT OF CENSUS TOWNS / NON-MUNICIPAL TOWNS

Serial number	Name of Census town and CD block within brackets	Land use (i.e., area under different types of land use in hectare)					
		Total area	Forest	Irrigated by source	Unirrigated	Culturable waste (including gauchar & groves)	Area not available for cultivation
1	2	3	4	5	6	7	8
1	Meghnapur		864		Not available		

Appendix III is meant to show the land utilizations data of Census Towns are listed as revenue villages with the District/Revenue administration. The district has only one Census Town as shown in the appendix having total area 864 hectares.

APPENDIX IV - VILLAGE DIRECTORY
C.D. BLOCK WISE LIST OF INHABITED VILLAGES WHERE NO AMENITY OTHER THAN DRINKING WATER FACILITY IS AVAILABLE

Name of the District : Jhabua

Serial number	Location code number	Name of village
1	2	3
Name of CD Block: Thandla

13	02983200	Dubkhadda
14	02983300	Kakadsela
Name of CD Block: Ranapur		

Appendix IV of the Village Directory gives CD Blockwise list of inhabited villages where no amenity other than drinking water facility is available in the villages. In the entire district there are 14 villages which fall under this category. 3 villages namely Bhandankua (02917200), Fatepura(02919300) and Richhapatla (02933100) in Rama CD Block, 3 villages Nanibar (02956300), Motibar(02956400) and Bilghata (02958300) in Kattiwada, 7 villages Gondwani (02978800), Chikada (02981900), Khod amba (02982000) , Mankhada (02982200) Sirkhadi Chhoti (02982900), Amba bada(02983000), Dubkhadda (02983200) and Kakadsela (02983300) in Sondwa CD Block. There is no village of Thandla, Petlawad, Meghnagar, Jhabua, Bhabra, Udaigarh, Jobat, Alirajpur and Ranapur CD Block which fall under this category.

APPENDIX V - VILLAGE DIRECTORY
SUMMARY SHOWING NUMBER OF VILLAGES NOT HAVING SCHEDULED CASTES POPULATION

Serial number	Name of C.D. block	Total villages	Uninhabited villages	Inhabited villages	Number of inhabited villages having no Scheduled Castes population
1	2	3	4	5	6
1	Thandla	112	0	112	95
2	Petlawad	240	28	212	156
3	Meghnagar	110	0	110	94
4	Jhabua	132	5	127	109
5	Rama	124	2	122	92
6	Bhabra	50	0	50	33
7	Udaigarh	86	0	86	64
8	Jobat	63	0	63	33
9	Kattiwada	125	4	121	49
10	Alirajpur	86	0	86	39
11	Sondwa	134	1	133	80
12	Ranapur	95	0	95	67
	District Total:	1357	40	1317	911

Appendix V of the Village Directory shows the number of villages not having Scheduled Castes population. Out of 1357 villages in the district, 40 villages are uninhabited and remaining 1317 villages are inhabited. Out of 1357 inhabited villages 911 villages have no Scheduled Castes Population and 406 inhabited villages have Scheduled Castes population in the district. Petlawad has highest 156 villages with no Scheduled Castes population while in other CD Blocks there are 109 such villages in Jhabua, 95 in Thandla, 94 in Meghnagar, 92 in Rama, 80 in Sondwa, 67 in Ranapur, 64 in Udaigarh, 49 in Kattiwada , 39 in Alirajpur, 33 in Bhabra and Jobat CD Block which do not have Scheduled Caste population.

APPENDIX VI - VILLAGE DIRECTORY
SUMMARY SHOWING NUMBER OF VILLAGES NOT HAVING SCHEDULED TRIBES POPULATION

Serial number	Name of C. D. block	Total villages	Uninhabited villages	Inhabited villages	Number of inhabited villages having no Scheduled Tribes population
1	2	3	4	5	6
1	Thandla	112	0	112	0
2	Petlawad	240	28	212	2
3	Meghnagar	110	0	110	1
4	Jhabua	132	5	127	0
5	Rama	124	2	122	0
6	Bhabra	50	0	50	0
7	Udaigarh	86	0	86	0
8	Jobat	63	0	63	0
9	Kattiwada	125	4	121	3
10	Alirajpur	86	0	86	0
11	Sondwa	134	1	133	0
12	Ranapur	95	0	95	0
	District Total:	1357	40	1317	6

Appendix VI shows number of villages not having Scheduled Tribes population. Out of 1317 inhabited villages, 6 villages have no Scheduled Tribes population and the remaining 1311 inhabited villages are such which have some Scheduled Tribes population. Kattiwada has highest 3 villages with no Scheduled tribe population while in other CD Blocks, there are 2 such villages in Petlawad and 1 in Meghnagar which do not have Scheduled Tribe population.

APPENDIX VII A

SECTION II TOWN DIRECTORY

Notes Explaining the Codes Used in the town Directory

Town Directory statements (I to VII)

Statement I : Status and Growth History

Column (2) : Class, name and civic administration status of town :

Class has been introduced to facilitate analysis of town directory data at the state and all India levels. It is presented according to 2001 Census Population of the town as follows :

Population	Class
100,000 and above	I
50,000 - 99,999	II
20,000 - 49,999	III
10,000 - 19,999	IV
5,000 - 9,999	V
Below 5,000	VI

Town with a population of one hundred thousand (1,00,000)and above is treated as a city.

The civic administration status of the towns is indicated within bracket against the name of the town. The following abbreviations are used to denote civic status of town.

(I)	Municipal Corporation	M. Corp.
(II)	Municipal Committee	MC
(III)	Municipal Council	M Cl
(IV)	City Municipal Council	CMC
(V)	Town Municipal Council	TMC
(VI)	Municipal Board	MB
(VII)	Municipality	M
(VIII)	Cantonment Board/Cantonment	CB
(IX)	Notified Area	NA
(X)	Notified Town	NT
(XI)	Notified Area Committee/ Notified Area Council	NAC
(XII)	Notified Town Area	NTA
(XIII)	Industrial Notified Area	INA
(XIV)	Industrial Township	ITS
(XV)	Township	TS
(XVI)	Town Panchayat	TP
(XVII)	Nagar Panchayat	NP
(XVIII)	Town Committee/ Town Area Committee	TC
(XIX)	Small Town Committee	ST
(XX)	Estate office	EO
(XXI)	Gram Panchayat	GP
(XXII)	Census Town	CT

Others columns need no comments.

Statement II - Physical Aspects and Location of towns, 1999.

Column 3 to 5 : Physical Aspects

In this columns the Rainfall and Maximum & Minimum Temperature of the town is recorded.

Column 6, 7 and 8 :

Name of the State headquarters, District headquarters and Sub-Divisional headquarters with distance from the referent town in kilometers, is to be recorded respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Column 9& 10 :

Name of the nearest city with one lakh and more and five lakhs and more population are recorded.

Column 11, 12 and 13 :

If referent town enjoys the facility of railway station, bus route facility or navigable river/canal. Its name is to be mentioned. If not available, then the name of nearest place with distance, where such facility exists is to be mentioned.

Statement III : Municipal Finance 1998 – 1999

Item-wise amount of receipt and expenditure in thousand rupees, relating to municipal finance of the town for the year 1998-99 is to be recorded.

Statement IV : Civic and Other amenities, 1999

Column (1 to 5) : Self explanatory.

Column (6) : Road length (in kms.)

Information about kutcha / pucca road is to be recorded separately for the roads within the limits of the referent town.

(i)	Pucca Road	PR
(ii)	Kutcha Road	KR

Column (7) : System of Sewerage

Generally, by sewerage system is implied the network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastes are called separate sewers, those that carry storm water from roofs, streets and other surface are known as storm water drains, while those carrying both sewage and storm water are called combined sewers.

The codes used for different types of drainage system are as follows :

(i)	Sewer	S
(ii)	Open Surface Drains	OSD
(iii)	Box Surface Drains	BSD
(iv)	Sylk Drains	SD
(v)	Cesspool method	CP
(vi)	Pit System	Pt
(vii)	Others	O

Column 8 to 11 : Number of latrines

Number of various types of latrines both Public and Private are given in these columns.

Column 12 : Method of disposal of night soil

The various prevalent method of disposal of night soil are given below with codes :

Head Loads	HL
Basket	B
Wheel Barrows	WB
Septic Tank	ST
Pit System	Pt
Sewerage	S
Others	O

Column 13 and 14 : Water supply

Source and capacity of storage system. The following codes are used in these columns:

Column 13:

(i)	Tap water	T
(ii)	Tube-well water	TW
(iii)	Tank Water	TK
(iv)	Well water	W

Column 14:

(v)	Over Head Tank	OHT
(vi)	Service Reservoir	SR
(vii)	River Infiltration Gallery	RIG
(viii)	Bore Well Pumping System	BWP
(ix)	Pressure Tank	PT

The information on major source of water supply are given in column 13 and the storage capacity against each in kilo-litres (in bracket) are presented in column 14.

Column 15 : Fire Fighting Service

In case the fire fighting service is available in the referent town 'yes' is recorded. If the facility is not available within the town. The name of the nearest place having this facility with its distance from the referent town has been recorded.

Column 16 to 20 : Electrification (Number of connections)

Different types of electric connections have been shown in these columns, i.e. Domestic, Industrial, Commercial, Road lighting (points) & others.

Statement V : Medical, Educational, Recreational and Cultural Facilities, 1999

Column 1 to 3 : Self explanatory.

Column 4 & 5 :

The data covers all such medical institutions run by or aided by Government/Semi Government/Local bodies and Charitable institutions or Social agencies like the Missionaries. Where the family planning centres are attached to hospitals or maternity and child welfare centres or Primary Health Centres, may be treated as independent units and counted separately using following codes :

(i)	Hospital	H
(ii)	Dispensary	D

(iii)	Health Centre	HC
(iv)	Family Welfare Centre	FWC
(v)	T.B. Clinic	TB
(vi)	Nursing Home	NH
(vii)	Others	O

In case of more than one institutions of any type, it is indicated within brackets the number of such institution (s) e.g. D(3), NH(8), etc. The institutions have further been distinguished by providing additional codes within the bracket as given below :

Ayurvedic	A
Unani	U
Homoeopathic	Hom

Column 6 to 9 :

The codes used for these columns are as follows :

(i)	Arts only	A
(ii)	Science only	S
(iii)	Commerce only	C
(iv)	Arts & Science only	AS
(v)	Arts & Commerce only	AC
(vi)	Combined for all categories-Arts, Science and Commerce	ASC
(vii)	Law	L
(viii)	University	U
(ix)	Others	O

Column 10 : Recognized shorthand, typewriting and vocational training institutes

"Recognised" should mean recognised by some statutory authority, like education department, commerce department, labour department etc. of the government or semi government or autonomous bodies, public sector undertakings etc.

The following codes are used :

(i)	Vocational Training Institute	VT
(ii)	Shorthand	SH
(iii)	Typewriting	Type
(iv)	Shorthand & Typewriting	SH Type
(v)	Others	O

The vocational institutions like - Applied Art/ Painting college, Pharmacy college, B. Ed. College, Teacher's Training Institute, Music / Dance School, Nursing School etc. are covered under 'Others'.

Column 11 to 14: Higher Secondary/Intermediate/ Senior Secondary/PUC/Junior College level, Secondary/Matriculation, Middle Schools/ Junior Secondary and Primary Schools.

School up to class V are treated as Primary or elementary schools. These include Nursery schools, Kindergarten schools, Pre-Primary schools, Junior Basic schools upto class V and Primary schools upto class IV.

Schools upto VIII are considered as Middle school or Junior Secondary.

Schools upto class X are considered as Matriculation or Secondary schools.

Schools upto XI or XII classes are considered as Higher Secondary / Intermediate / Pre University / Junior College etc. This would cover 10+2 classes whether held in schools or college.

If there are composite schools like middle schools with primary classes or Secondary schools with Middle classes, these are also included in the number of Primary and Middle schools, respectively. For example, if in a town, there are two Primary Schools and one Middle school with Primary classes, the number of Primary schools in the town is given as three and that of Middle schools as one though there are only three educational institutions.

If there are more institutions of a type in the town, the number is indicated within bracket along with the abbreviation, e.g. P(4), M(3).

Column 15 : Adult literacy class/centres

This column has been introduced keeping in view the Minimum Needs Programme of the Planning Commission. There are number of Adult Education Centres which are included in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometres from the town where the facility is available is mentioned.

Column 16 : Working Women's hostels with number of seats

The number of working women's hostel if available in the referent town is mentioned with number of seats. If the facility is not available in the town the

name of nearest place with distance where the facility is available is recorded.

Column 17 to 19 : Recreational and Cultural Facilities

Stadium, Cinema, Auditorium/Drama/Community Hall are covered under recreational & cultural facilities. The particulars of permanent recreational facilities are considered for these columns.

Column 20 : Public Libraries, Reading Rooms

Number of public libraries and reading rooms available in the referent town are recorded in codes as follows :

(i)	Public Library	PL
(ii)	Reading room	RR

Statement VI : Trade, Commerce, Industry and Banking, 1999

Column 3 to 8 : Name of three most important commodities exported and names of three most important commodities manufactured in the town are recorded.

Column 9 : Number of Banks

Number of Banks available in the referent town both Commercial and Co-operative banks are recorded against this column.

Column 10 & 11 : **Number of Agricultural Credit Societies and Non Agricultural Credit Societies**

The total number of Agricultural Credit Societies and Non Agricultural Credit Societies in the referent town are recorded against these columns.

Statement VII : Civic and other Amenities in Slums, 1999

This is the statement on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like municipality, Municipal Corporation, Town area committee etc.

STATEMENT - I

PART B - PRIMARY CENSUS ABSTRACT

Brief note on Primary Census Abstract

The first census of the third millennium and twenty first century the Census of India, 2001 was the 14th continuous and uninterrupted Indian census since 1872. Thus, 2001 Census will provide data on population and its characteristics marking transition from one century and millennium to another.

The gigantic operation of Population Enumeration (considered by many to be the single largest and complex peace time administrative exercise in the world) was made possible due to the door to door universal canvassing of the Household Schedule by about 2 million enumerators and supervisors covering 593 districts, 5,463 sub-districts, 5,161 towns and 638,588 villages. The comprehensive Household Schedule which replaced the individual slip had three parts and two sides A and B. Part I contained the Location Particulars; Part II related to the Individual Particulars and Part III contained questions for Household engaged in Cultivation/Plantation. The part II of the Household Schedule had 39 columns and 23 questions all of which were universally canvassed and no sampling was resorted to during enumeration.

Data Processing

A quantum leap was made in the technology front while processing the Census 2001 data both for Houselisting and Population Enumeration. The Census schedules for both the phases were scanned through high speed scanners in fifteen data centers across the country and hand-written data from the schedules were converted into digitized form through Intelligent Character Reading (ICR) software for creation of ASCII records for further processing. The designing and formatting of the Household Schedule had to be done very carefully using specialized software so as to ensure uniformity, which was an essential pre-requisite for scanning. The selection of appropriate state-of-art technology in data processing has made it possible to produce all the Houselisting as well as Population Enumeration tables on full count basis for the first time in the history of Census. For Census 2001, about 202 million schedules consisting of about 1,028 million records were scanned and processed within a span of only 10 months starting October, 2002.

Task Force on Quality Assurance

After the data is processed, it is expedient on the part of the data producing agency to satisfy itself about its quality before putting the same in public domain. This has to be done mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception has to be brought into play to understand both the existing and the new emerging trends of population distribution and characteristics. The other very important aspect of the data quality is to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, specially for small area population statistics.

A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2001 Population Enumeration results and finally clear them for use. The responsibility of the final clearance of data was with the Task Force on Quality Assurance (TFQA), headed by the Registrar General and Census Commissioner, India. The other members of the TFQA were the Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The Directors and their senior officers were required to make detailed presentations of data for their own state both in respect to the quality and the coverage and only after the full possible cleared.

There has been a major departure in Census 2001 from the past in respect of the procedure followed for finalization of the Scheduled Castes and the Scheduled Tribes population. In the earlier censuses, the total Scheduled Castes and Scheduled Tribes populations were finalized at the time of the manual compilation of the Primary Census Abstracts (PCA) at the Regional Tabulation Offices which were

specially set up for this purpose. The individual Scheduled Castes and the Scheduled Tribes population for each state was finalized much later based on manual coding done by the coders. In 2001 Census, each individual Scheduled Caste and the Scheduled Tribe have been coded directly on the computers by the Data Entry Operators through a process known as Computer Assisted Coding (CAC) and taken up along with the processing of PCA data. The CAC process involves pulling down, from the relevant dictionary of the Scheduled Castes and the Scheduled Tribes, on the computer screen and coding from the dictionary by referring to the image of the specific individual entry in the Household Schedule appearing on the screen. The CAC of the response on Religion wherever required, was also undertaken along with the processing of PCA. This is because the Scheduled Castes status had to be determined in relation to the religion of the individual. Two Special Task Forces, one on Religion and the other on Scheduled Castes/ Scheduled Tribes were constituted for scrutiny and appropriate classification of these responses.

The main task of the Special Task Force on Religion was to appropriately merge or group the new responses encountered and code it into the appropriate religious community based on available literature and local knowledge. The Special Task Force on Scheduled Castes and Scheduled Tribes examined the different Scheduled Castes and Scheduled Tribes entries encoun-tered and classified these into appropriate category of the Scheduled Castes or the Scheduled Tribes principally based on the Presidential Notification and the available literature. Thus a very systematic and scientific mechanism was operationalised to firm up the individual religion and the individual Scheduled Castes/Tribes returns. The Scheduled Castes and the Scheduled Tribes population in 2001 Census, is thus being finalized by aggregating the population data for individual Scheduled Castes and the Scheduled Tribes at appropriate geographical levels.

The entire work relating to the data validation and scrutiny was completed by all the States/Union Territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

Primary Census Abstract

The Primary Census Abstract which is yet another important publication of 2001 Census gives basic information on Area, Total Households, Total population, Scheduled Castes, Scheduled Tribes population, Population in the age group 0-6, Literates, Main workers and Marginal workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural laborers, (iii) Household Industry Workers, and (iv) Other workers and also Non-workers. The characteristics of the Total Population includes Scheduled Castes, Scheduled Tribes, Institu-tional and Houseless population and are presented by sex and rural-urban residence. This data is presented at different levels, namely, India, States/Union territories, Districts and Cities, Urban Agglomerations (Population 1,00,000 and above) in three different tables. In addition, the Appendix of said publication provides Houseless and Institutional Households and their population by residence and sex for 2001 for India, State and Union territory.

Apart from the India and State/Union Territory volumes for Primary Census Abstract, the District Census Handbook contains District Primary Census Abstract, Appendix to District Primary Census Abstract, Primary Census Abstract for Scheduled Castes, Primary Census Abstract for Scheduled Tribes, Village Primary Census Abstract and Urban Primary Census Abstract of the concerned district in the state.

It was for the first time at the 1981 Census that the Primary Census Abstract (PCA) was brought out for the Scheduled Castes and the Scheduled Tribes separately on the pattern of General Primary Census Abstract. This practice was continued in 1991 also. In the 1961 and 1971 Censuses, such data were made available in Table C-VIII-Social and Cultural table and to some extent in the series 'Special Tables for Scheduled Castes/Scheduled Tribes'.

The format of Primary Census Abstract has been restructured slightly in the 2001 Census as compared to that of 1991 Census. The nine-fold industrial classification of main workers given in the Primary Census Abstract of 1991 Census has been discontinued and its place, four-fold industrial classification of both 'main workers' and 'marginal workers' are included. In

1981 census only main workers were presented in to four categories. One of the novel features of the primary census abstract of 1991 census was the presentation of data of the population of age group 0-6 is continued in 2001 Census also. This will help the data users in better analysis and understanding of this literacy data.

Level of presentation in District Census Handbooks:

The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts are as under:

	Name of the Primary Census Abstract	Level of presentation
1.	District Primary Census Abstract	District/CD Block/UA/City/Town
2.	Primary Census Abstract for Scheduled Castes	District/CD Block/Town
3.	Primary Census Abstract for Scheduled Tribes	District/CD Block/Town
4.	Village Primary Census Abstract	CD Block/Village wise
5.	Urban Primary Census Abstract	Town/Ward level

The PCA Data for villages was presented CD Block wise for the first time in 1991 Census. This practice is continued in 2001 Census also. The data for each CD Block is presented both for rural and urban areas separately. All the villages within the CD Block constitute the rural portion and the Census Towns and Outgrowths are shown under the urban portion of the CD Block. In case a CD Block is spread over two or more districts, than portion which falls within the district is presented, the data pertaining to remaining portion of the CD Block is presented in the concerned District Census Handbook. The data in the Urban Primary Census Abstract for each town as well as for town with outgrowths in the district are presented. The data for all the wards and the outgrowths of the town(s) are also presented separately below the concerned town(s).

The District Primary Census Abstract is presented in 59 columns. The Primary Census Abstract for Scheduled Castes and Primary Census Abstract for Scheduled Tribes are presented in 52 columns. The Village Primary Census Abstract and Urban Primary Census Abstract are presented in 58 columns.

The concepts and definitions used in the column heading are explained under the sub heading 'Census Concepts' in the Analytical Note. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. The explanation regarding area figures presented at various level in the Primary Census Abstracts are as follows:

Area Figures

The area figures supplied by local revenue authorities of the district in respect of tehsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the CD Block is the total of the village areas coming under each CD Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level. The total area figures of all the tahsils/CD Blocks within the district may not tally with area figures of the district because former represents land use area only. Similarly, the total of all the villages may not tally with the entire rural of Police Station/ Tahsil. The difference may be due to the fact that while the area covered by hills, forests and rivers etc, have been accounted in the Tahsils and P.S. level the same may not be covered under the area of the villages. Apart from this it may also differ due to varying methods of computation adopted at different levels.

An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

ANNEXURE-II

NOTE ON FERTILITY, MORTALITY AND MIGRATION - 1991 CENSUS

Fertility Levels :

Births, deaths, and migration are three components of population change in any geographical unit. Fertility is a major component of population growth. In the 1991 Census, questions on fertility related to age at marriage, number of surviving children, number of children ever born alive and children born alive during the last year were canvassed to generate the table of fertility. The first three questions were asked to all ever-married women and the last question related to currently married women. The various measures of fertility worked out are based on the district level estimates of fertility and child mortality for 1991.

Mortality analysis is one of the most important branches of demographic studies. This branch deals with the demographic event of death. Since death is a biological phenomenon that occurs just once to each individual, the analysis is simpler than, say, the study of fertility wherein the event of birth can occur with varying frequency among women.

Migration is an important aspect in the area of Population Studies. There is an increase in population of any community or country due to births or in-migration, whereas there is a decrease in the population of its residents due to deaths or migration. In other words, migration is an important reason for the change in size and composition of population. Those areas are affected by migration from where migrants go or where they have gone.

The migration tables of the 1991 Census are mainly based on the questions on place of birth, place of last residence, duration of residence at the place of enumeration and reason for migration included in the individual slip. These tables generated on computer provide the distribution of population by place of birth, distribution of migrants by place of last residence, duration of residence and reason for migration. The data on intra-district, intra-state and inter-state migration streams and in-migration from abroad are presented in these tables.

ANNEXURE III(ii)

CHILD MORTALITY RATE IN THE STATE AND DISTRICT : CENSUS 1981-1991

State : Madhya Pradesh **District : Jhabua**

State / District	Year	Persons				Male				Female			
		(q1)	(q2)	(q3)	(q5)	(q1)	(q2)	(q3)	(q5)	(q1)	(q2)	(q3)	(q5)
Madhya Pradesh	1991	133	139	143	147	131	134	138	142	136	143	149	151
	1981	150	162	171	197	158	165	170	193	140	159	173	201
Jhabua	1991	92	104	165	169	91	101	151	159	96	107	171	179
	1981	144	151	164	180	163	151	173	182	123	151	155	177

Source - Estimate of Mortality Indicators by sex at district level-M.P.1991

The above table shows that the child mortality in the state and district has decreased considerably from 1981 to 1991. The child mortality of the district for q(1) ,q(2) is lower than the state average whereas q(3) and q(5) of the district is more than the state figures, in 1991

The child mortality data of the district shows that there is a remarkable decline in the child mortality during 1981 to 1991 which is the same for state also. However some inconsistencies are observed in male-female classification.

The table also reflects that the female child mortality rate is higher than the male child mortality rate, in 1991

ANNEXURE IV(I)

POPULATION OF INMIGRANTS IN THE DISTRICT BY PLACE OF BIRTH : CENSUS 2001

State- Madhya Pradesh **District : Jhabua**

Birth Place	Population and Percentage		
	Persons	Male	Female
(i) Within the State but outside Enumeration place	334,618 (94.6)	44,133 (13.2)	290,485 (86.8)
(A)Within the district but outside Enumeration place	283,113 (80.0)	30,468 (10.8)	252,645 (89.2)
(B)Birth place in other district of State	51,505 (14.6)	13,665 (26.5)	37,840 (73.5)
(ii) Place of Birth in other states of India than the state of Enumeration	19,080 (5.4)	4,471 (23.4)	14,609 (76.6)
(iii) Birth place in Foreign	85 (0.0)	52 (61.2)	33 (38.8)
(iv) Unclassified	0 (0.0)	0 (0.0)	0 (0.0)
Total Immigrants	353,783	48,656	305,127
Persons born in the place of enumeration	1,040,778	653,397	387,381
Total population	1,394,561	702,053	692,508

(Source- Migration Table D-1)

Note: Percentages are given in brackets.

This table presents the number of in migrants by place of birth of enumeration within the district distributed in four classifications i.e. (i) Migration from within the state, (ii) Migration from other states of India,(iii) Migration from foreign place and (iv) Unclassified.

It is observed that the migration by birth from within the state is maximum 94.6 per cent of total migration. The migration from within the district but outside the enumeration place is 80.0 per cent whereas migration from other districts of the state is 14.6 per cent. Migration from other states is 5.4 per cent and the migration from outside India is 0.0 per cent of the total migration. It is also seen that the female migration is much higher than the male migration in first two classifications which is due to the migration of females after marriage.

ANNEXURE IV(II)

POPULATION OF INMIGRANTS BY PLACE OF LAST RESIDENCE : CENSUS 2001

State- Madhya Pradesh **District : Jhabua**

Place of last residence	Population and Percentage		
	Persons	Male	Female
(i) Within the State but outside Enumeration place	340,025	46,613	293,412
	(94.2)	(13.7)	(86.3)
(A)Within the district but outside Enumeration place	289,427	32,781	256,646
	(80.2)	(11.3)	(88.7)
(B)From other district of State	50,598	13,832	36,766
	(14.0)	(27.3)	(72.7)
(ii) From other states of India outside enumeration state	20,792	5,765	15,027
	(5.8)	(27.7)	(72.3)
(iii) Place of residence outside India	72	44	28
	(0.0)	(61.1)	(38.9)
(iv) Unclassified	0	0	0
	(0.0)	(0.0)	(0.0)
Total Immigrants	360,889	52,422	308,467
Population of Non-inmigrants	1,033,672	649,631	384,041
Total population	1,394,561	702,053	692,508

Source: Migration Table D-2

Note: Percentages are given in brackets.

Migration of population by place of last residence distributed in four classifications is presented in this table. It is seen that the migration by usual place of last residence from within the state is highest 94.2 per cent of total migrated population. Within this classification, the migration from within the district is 80.2 per cent and only 14.0 per cent migration is from other districts of the state. Migration from other states of India outside enumeration state works out to 5.8 per cent of total migration and it is only 0.0 per cent from outside India. Mostly, sexwise analysis reveals much higher migration of females which is obviously due to the movement of females after marriage.

ANNEXURE IV (III)

POSITION OF INMIGRANTS FROM OTHER STATES- AS PER CENSUS 2001

State : Madhya Pradesh **District : Jhabua**

Birth Place	Census 2001	
	Migrant population	Percentage of total In-migrants
1	2	3
Gujrat	8,656	45.4
Rajasthan	5,735	30.1
Uttar Pradesh	2,039	10.7
Maharashtra	811	4.3
Andhra Pradesh	349	1.8
Chhasttisgarh	335	1.8
Total of 6 States	17,925	93.9
Total of other States	1,155	6.1
Total	19,080	100.0

Source:Migration Table D-1

In-migration from other states is classified in this table. 93.9 per cent of total in-migrants are from Gujarat, Rajasthan, Uttar Pradesh, Maharashtra, Andhra Pradesh and Chhatisgarh whereas the remaining in-migrants from all other states together constitute only 6.1 per cent.

Total 8,656 persons have migrated from Gujarat which alone accounts for 45.4 per cent of total in-migrants. Jhabua is located at the neighbouring state border of Gujarat as such the migration from Gujarat is very high and the culture and language is homogeneous.

ANNEXURE V

DISTRIBUTION OF POPULATION BY MAIN RELIGIONS

State : Madhya Pradesh **District - Jhabua**

State/District	Population	Hindu	Muslim	Jain	Christian	Buddhist	Sikhs	Others	Unclassified
1	2	3	4	5	6	7	8	9	10

		(91.8)	(6.1)	(0.9)	(0.3)	(0.3)	(0.2)	(0.1)	(0.2)
Madhya Pradesh 2001	60,348,023	55,004,675	3,841,449	545,446	170,381	209,322	150,772	409,285	16,693
		(91.1)	(6.4)	(0.9)	(0.3)	(0.3)	(0.2)	(0.7)	(0.0)
Jhabua 1991	1,130,405	1,085,364	21,424	8,254	14,974	39	191	157	2
		(96.0)	(1.9)	(0.7)	(1.3)	(0.0)	(0.0)	(0.0)	(0.0)
Jhabua 2001	1,394,561	1,330,834	26,356	9,333	27,259	74	249	165	291
		(95.4)	(1.9)	(0.7)	(2.0)	(0.0)	(0.0)	(0.0)	(0.0)

Source :- Religion Table of Madhya Pradesh - Census 1991/2001

The above annexure presents the distribution of population at district and state level pertaining to Census 1991 and Census 2001 in respect of six religions. It is observed that the proportion of Hindu and Christian population in the district is comparatively higher than that of state. In contrast , the proportion of Muslim, Jain, Buddhist and Sikh population in the district is comparatively lower than that of the state.The proportionate distribution of population belonging to 'other religions' in the district is lower than the corresponding state average.

ANNEXURE VI

MARITAL STATUS OF POPULATION IN THE STATE AND DISTRICT : CENSUS 2001

State- Madhya Pradesh **District- Jhabua**

State / District	Total/ Rural / Urban	Total Population	Marital Status				
			Never married	Married	Widowed	Divorced/Separated	Unspecified
Madhya Pradesh							
	Total	60,348,023	30,219,605	27,515,074	2,420,090	193,254	0
			(50.1)	(45.6)	(4.0)	(0.3)	(0.0)
	Rural	44,380,878	22,000,621	20,412,833	1,817,380	150,044	0
			(49.6)	(46.0)	(4.1)	(0.3)	(0.0)
	Urban	15,967,145	8,218,984	7,102,241	602,710	43,210	0
			(51.5)	(44.5)	(3.8)	(0.3)	(0.0)
Jhabua							
	Total	1,394,561	773,689	572,165	45,969	2,738	0
			(55.5)	(41.0)	(3.3)	(0.2)	(0.0)
	Rural	1,273,530	709,971	520,120	41,191	2,248	0
			(55.7)	(40.8)	(3.2)	(0.2)	(0.0)
	Urban	121,031	63,718	52,045	4,778	490	0
			(52.6)	(43.0)	(3.9)	(0.4)	(0.0)

(Source- Migration Table C-2)

Note: Percentages are given in brackets.

The above table reflects that the 55.5% population of the district comes under the unmarried class. When compared to state the percentage of unmarried population of the district is higher than that of the state. Contrary to this the percentage of married population of the district is less than that of the state. The state average is higher than that of the district in respect of widowed and divorced population. The proportion of unmarried persons in urban area of the state is higher than that in rural areas while in case of district, the corresponding proportion in urban area is lower than that in rural area. Married persons are less in the rural areas as compared to the urban areas of the district.

ANNEXURE - VII

AGE, SEX AND EDUCATIONAL LEVELS AS PER 2001 CENSUS

State: Madhya Pradesh **District: Jhabua**

Age Group	Total Population			Total Literates			Literates (Without educational level) and below primary			Primary		
	P	M	F	P	M	F	P	M	F	P	M	F

(Source- Migration Table C-8)

Note: Percentages are given in brackets.

This annexure presents the proportionate distribution of literates by different educaional levels in specific age groups. As the population in the age group 0-6 do not come within the purview of literates, it has been shown separately.

It is seen that out of 1,074,960 persons belonging to the age 7 and above 396,590 are literates and thus, the literacy rate of the district works out to 36.9 per cent. Similarly the male and female literacy works out to 48.0 and 25.7 per cent respectively.

140,947 persons have been recorded to attain education up to primary level in the age group 7-14 which is only 44.1 per cent of population in this age group. In the age group 15-34; 29,036 persons (7.1 per cent) are found educated up to middle, 31,146 person (7.6 per cent) upto the level of Matriculate/

Higher Secondary/ Intermediate/ Diploma Tech. and 9,449 persons (2.3 per cent) upto Graduate and above level. It may be noted that this is the group having maximum class interval and thus it has the maximum population as well. The analysis also reveals that the percentage of literates at all levels decreases with increasing age groups which explains the gradual increase in literacy rates over past ten years.

ANNEXURE VIII

DETAILS OF VARIOUS MOTHER TONGUES PREVALENT IN THE DISTRICT : CENSUS 2001

State- Madhya Pradesh **District - Jhabua**

Name of Mother tongue	People who have recorded their mother tongue

Telugu	75	0.0	31	44	41.3	58.7
Tamil	72	0.0	63	9	87.5	12.5
Total of all other mother tongues	6,914	0.5	6,202	712	89.7	10.3
Total of all mother tongues	1,394,561	100.0	1,273,530	121,031	91.3	8.7

Source :- Mother Tongue Table C-16 (Census-2001)

As revealed by the above table the most prevalent mother tongue in district, Jhabua is Bhili/Bhilodi which is returned by 60.0 per cent population. Bhilali as mother tongue has second place after Bhili/Bhilodi returned by 25.3 per cent population. Hindi as mother tongue has third rank with 10.1 per cent. The other prevalent mother tongues are Malvi, Gujarati, Nimadi, Labani, Urdu and Marathi. On analysis of rural/urban sector it becomes clear that, in the rural areas the most widely spoken language is Bhili/Bhilodi followed by Bhilali, Hindi, Malvi, Gujrati, Nimadi, Labani etc in that order. Similarly in urban areas the most widely spoken language is Hindi followed by Bhili/Bhilodi, Bhilali, Gujarati, Urdu, Nimadi, Malvi etc in that order.

ANNEXURE - IX

STATEMENT OF FIVE MAIN SCHEDULED CASTE AND SCHEDULED TRIBE IN THE DISTRICT

CENSUS 1991

State :- Madhya Pradesh **District :- Jhabua**

		State:- Madhya Pradesh			District:- Jhabua		
		Population	Percentage			Population	Percentage
Total		66,181,170				1,130,405	
(A) Scheduled Caste							
Population		9,626,679	(14.6)			34,641	(3.1)
5 Main Castes							
1.	Chamar	5,035,835	(52.3)	1.	Dhanuk	10,257	(29.6)
2.	Balai	876,764	(9.1)	2.	Chamar	8,355	(24.2)
3.	Mahar	792,804	(8.2)	3.	Kotwal	4,464	(12.9)
4.	Bhangi	267,413	(2.8)	4.	Balahi	3,086	(8.9)
5.	Ganda	236,410	(2.5)	5.	Bhangi	2,648	(7.6)
(A) Scheduled Tribe							
Population		15,399,034	(23.3)			968,372	(85.7)
5 Main Tribe							
1.	Gond	6,727,838	(43.7)	1.	Bhil	966,252	(99.8)
2.	Bhil	3,436,743	(22.3	2.	Damor	430	(0.0)
3.	Kol	781,032	(5.1)	3.	Gond	314	(0.0)
4.	Kanwar	667,244	(4.3)	4.	Bhaina	132	(0.0)
5.	Oraon	544,959	(3.5)	5.	Majhi	131	0.0)

The above table reveals that the total population of Scheduled Castes in Census 1991 in the district was 34,641 which account for 3.1 percent of the total population. The population of Dhanuk constituting 29.6 percent, is highest in the district among Schedule Castes. followed by Chamar and Kotwal with 24.2 and 12.9 percent respectively

The population of Scheduled Tribe in the district is 968,372 forming 85.7 percent of the total population which is very high as compared to the corresponding state figures where the population of Scheduled Tribe is 23.3 percent. Among Scheduled Tribes, Bhil population is highest with 99.8 percent while the population of other Scheduled Tribes is almost insignificant with less than one percent .

ANNEXURE- X
