PREFACE

Since the Census of 1951, it has been a tradition with the Indian Census Organisation to enumerate and publish population statistics on the Scheduled Castes and the Scheduled Tribes separately. These details are necessary for the Governments to assist them in discharging their constitutional obligations towards these notified Castes and Tribes.

At the 1991 Census, details on the Scheduled Castes and Scheduled Tribes were collected in accordance with the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976 and the Constitution (Scheduled Castes) Orders (Amendment) Act, 1990. During the Houselisting Operations, column 12 of the Houselist Schedule inquired whether the head of the household belongs to a Scheduled Caste or Scheduled Tribe. At the Population Enumeration stage, questions inquiring status and name of the Scheduled Caste and the Scheduled Tribe were included both in the Household Schedule and the Individual Slip. While through Question 10 of the Household Schedule and Question 9 of the Individual Slip, inquiry was made about the Scheduled Caste and the Scheduled Tribe status of the person, the name of the Scheduled Caste/Schedule Tribe was obtained through Question 11 of the Household Schedule and Question 10 of the Individual Slip. The information collected in the Individual Slips for all the States and Union territories was processed on a full count basis and special tables on the Scheduled Castes and the Scheduled Tribes generated and presented in this volume. The tables on the Scheduled Castes and the Scheduled Tribes are presented in two parts. The first part relating to the Scheduled Castes is spread over 14 tables and the second part on the Scheduled Tribes comprises of 17 tables.

Since no caste is notified as Scheduled Caste in the State of Nagaland and the Union territories of Andaman & Nicobar Islands, Lakshadweep and no tribe is notified as Scheduled Tribe in the States of Haryana and Punjab and in the Union territories of Chandigarh, Delhi and Pondicherry, relevant Volumes are not brought out.

The Census data for the present Volume has been processed by the Data Processing Division and the arduous task of scrutiny of this data was accomplished in the Social Studies Division of the ORGI. The efforts put in by the staff of both these Divisions are indeed very commendable.

I hope this publication will be immensely useful to administrators, planners, demographers, researchers and other data users.

GENERAL NOTE

The statutory lists of the Scheduled Castes and the Scheduled Tribes are notified in pursuance of Articles 341 and 342 of the Constitution of India. The relevant articles are extracted below:

Scheduled Castes

"341. (1) The President may with respect to any State or Union territory, and where it is a State, after consultation with the Governor thereof, by public notification, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of this Constitution be deemed to be Scheduled Castes in relation to that State or Union territory, as the case may be.

(2) Parliament may by law include in or exclude from the list of Scheduled Castes specified in a notification issued under clause (1) any caste, race or tribe or part of or group within any caste, race or tribe, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification".

Scheduled Tribes

"342. (1) The President may with respect to any State or Union territory, and where it is a State, after consultation with the Governor thereof, by public notification, specify the tribes or tribal communities or parts of or groups within tribes or tribal communities which shall for the purposes of this Constitution be deemed to be Scheduled Tribes in relation to that State or Union territory, as the case may be.

(2) Parliament may by law include in or exclude from the list of Scheduled Tribes specified in a notification issued under clause (1) any tribe or tribal community or part of or group within any tribe or tribal community, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification".

The lists of the Scheduled Castes and the Scheduled Tribes were notified for the first time under the Constitution (Scheduled Castes) Order, 1950 and the Constitution (Scheduled Tribes) Order, 1950. It would be worthwhile to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Caste in addition to every member of the Ramdasi, Kabirpanthi, Mazhabi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to the Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of the Scheduled Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes.

A few more Orders specifying the Scheduled Castes and the Scheduled Tribes were promulgated in respect of those States and Union territories, which came into existence after the linguistic reorganisation of States. In this series, the first list which came into force was the Scheduled Castes and Scheduled Tribes Lists (Modification) Order, 1956. The more recent Order in the series has been the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976. This Amendment Act inter-alia has removed certain area restrictions, which were applicable as per the 1956 Order in respect of most of the Scheduled Castes and the Scheduled Tribes. This Act, however, did not affect the list of the Scheduled Castes and the Scheduled Tribes in respect of the States/Union territoties of Chandigarh, Delhi, Jammu & Kashmir and Pondicherry.

For obtaining the lists of the Scheduled Castes and the Scheduled Tribes currently in force for different States and Union territories, one has to go through all the earlier Constitutional Amendments that have been affected. For instance, while in case of Delhi the list of the Scheduled Castes drawn according to the 1956 (Modification) Order is valid, in case of Andhra Pradesh, this list was replaced by the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976. For Uttar Pradesh, the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976 is relevant for Scheduled Castes only, while for the Scheduled Tribes, the Constitution (Scheduled Tribes) (Uttar Pradesh) Order, 1967 has to be referred to. While a few tribes have been added to the list of the Scheduled Tribes of Meghalaya by the Constitution (Scheduled Tribes) Order (Amendment) Act, 1987, in respect of Jammu and Kashmir State, eight tribes vide the Constitution (Jammu & Kashmir) Scheduled Tribes Order, 1989 and four tribes vide the Constitution (Scheduled Tribes) Order (Amendment) Act, 1991 have been specified as the Scheduled Tribes. All Modifications notified in the lists of the Scheduled Castes and the Scheduled Tribes prior to the conduct of the 1991 Census Operations have been taken into account for enumeration.

From the 1951 Census onwards, the census questionnaires contained items of enquiry to ascertain whether the respondent belonged to a Scheduled Caste or a Scheduled Tribe and, if yes, the name of the Scheduled Caste/Scheduled Tribe to which he/she belonged. At the 1991 Census, during the Houselisting Operations, column 12 of the Houselist Schedule inquired whether the head of the household belongs to a Scheduled Caste or Scheduled Tribe. At the Population Enumeration stage, questions inquiring status and name of the Scheduled Caste and the Scheduled Tribe were included both in the Household Schedule and the Individual Slip. While through Question 10 of the Household Schedule and Question 9 of the Individual Slip, inquiry was made about the Scheduled Caste and the Scheduled Tribe status of the person, the name of the Scheduled Caste/Scheduled Tribe was obtained through Question 11 of the Household Schedule and Question 10 of the Individual Slip. For the purpose of collection of these information, each enumerator was furnished with the list of the Scheduled Castes and the Scheduled Tribes in relation to his/her State or Union territory. The enumerator was, under the instructions, supposed to record faithfully the name of the Scheduled Caste or the Scheduled Tribe as revealed by the respondents and finding place in the list of the Scheduled Castes and the Scheduled Tribes given . The Scheduled Caste can belong to the Hindu, the Sikh or the Buddhist religion, whereas the Scheduled Tribe can belong to any religion.

Based on the information collected under questions 9 and 10 of the Individual Slip of the 1991 Census, tables on the Scheduled Castes and the Scheduled Tribes were generated on the computer on a full count basis. The data presented in these tables correspond broadly to those provided in the 1981 Census but the number of tables are increased. As against 6 tables on the Scheduled Castes and 7 tables on the Scheduled Tribes provided in the 1981 Census, there are 14 tables on the Scheduled Castes and 17 tables on the Scheduled Tribes in the 1991 Census.

In the case of both the Scheduled Castes and the Scheduled Tribes, the data on Industrial category of main workers, marginal workers, type of activity of marginal workers and non-workers, etc. presented in four tables in the 1981 Census have been divided into six tables in the 1991 Census, so as to give more detailed data on main workers, marginal workers and non-workers separately. Like-wise as against one table each on age and marital status and on education in the 1981 Census, the tables on age and marital status has been divided into five tables viz.,(i) Age, sex and marital status, (ii) Ever married women by age at marriage, currently married women by age at marriage and duration of marriage, (iii) Currently married women by present age and births during last year by birth order, (iv) Ever married and currently married women by present age, parity and total children ever born by sex and (v) Ever married and currently married women by present age, number of surviving children and total number of surviving children by sex, the table on education is presented into two tables namely (i) Age, sex and level of education and (ii) School Attendance and Economic activity by single year of age for ages 5-19. In case of the Scheduled Tribes apart from 14 tables on the Scheduled Castes as

mentioned above, three additional tables providing information on religion, mother-tongue and bilingualism are also provided. The population and also the details on various demographic variables such as age, sex, educational level etc. presented in these special tables are based on information given by the respondents to the enumerators.

The tables on the Scheduled Castes and the Scheduled Tribes are presented in two parts. Part- I relates to the Scheduled Castes, which is spread over in 14 tables, Part- II comprises of 17 tables on the Scheduled Tribes. Each table is preceded by a Fly-leaf which explains the broad features and mode of presentation of data.

Since there is no Scheduled Castes list in the State of Nagaland and the Union territories of A&N Islands and Lakshadweep; and no Scheduled Tribes list in the States of Haryana and Punjab and the Union territories of Chandigarh, Delhi and Pondicherry, the Scheduled Castes and the Scheduled Tribes tables are furnished for relevant category only for these States and Union territories.

The List of the Scheduled Castes for the State of Uttar Pradesh is given as Annexure immediately after this note.

SC-3: MAIN WORKERS CLASSIFIED BY INDUSTRIAL CATEGORY, EDUCATIONAL LEVEL AND SEX FOR SCHEDULED CASTES

FLY-LEAF

This table gives the educational level of main workers for each Scheduled Caste by sex in nine broad industrial categories. The data are presented for rural and urban areas at state level. The educational levels used in this table are :

Illiterate,
Literate (without educational level),
Primary
Above primary but upto matriculation/secondary
Above matriculation/secondary but below graduate including non- technical diploma or certificate or technical diploma or certificate not equal to degree and
Graduate degree and above.

This table has been compiled on the basis of information collected through question numbers. 3,9,10,11,12,14A,14B and 15A of the Individual Slip.
