C-SERIES

SOCIAL AND CULTURAL TABLES

C—SOCIAL AND CULTURAL TABLES

The social and cultural tables are based on the corresponding tables of 1951 Census. There are in all 8 tables in this series. On the present occasion, Table C-I—Composition of Sample Households by Relationship to Head of Family classified by Size of Land Cultivated has been prepared from household schedules on the basis of 20 per cent sample, as against 4 per cent sample in 1951, while all the other tables are prepared on full count from individual slips. Age tables, viz., Tables C-II to C-V were prepared on the basis of a 10 per cent sample taken out at the last Census during the initial stage of sorting. The quinquennial age-groups recommended by the United Nations for population censuses have been adopted for the age tables of 1961 Census.

The details of 8 tables included in this volume are as under:-

C-I—Composition of Sample Households by Relationship to Head of Family Classified by Size of Land Cultivated (Based on 20% Sample)

C-II—Age and Marital Status

C-III—Part A—Age, Sex and Education in *All Areas*
Part B—Age, Sex and Education in *Urban Areas Only*
Part C—Age, Sex and Education in *Rural Areas Only*

C-IV—Single Year Age Returns

C-V—Mother Tongue (Alphabetical Order)

C-VI—Bilingualism

C-VII—Religion

C-VIII—Scheduled Castes and Scheduled Tribes

Part A—Classification by Literacy and Industrial Category of Workers and Non-workers among Scheduled Castes

Part B—Classification by Literacy and Industrial Category of Workers and Non-workers among Scheduled Tribes

Table C-VIII giving the total population of Scheduled Castes and Scheduled Tribes and their distribution by nine industrial categories of workers and non-workers and also by literacy, is included in this series. But other special tables on Scheduled Castes and Scheduled Tribes are given in a separate series.

The following extracts from the Manual of Instructions to Enumerators relating to Questions 1(b), 2, 3, 5(b), 5(c), 6, 7(a) and 7(b) and Q. 8 to 12 on the basis of which these tables are compiled will be helpful in appreciating the contents of these tables.

Q. 1 (b) Relationship to the Head of the household—In the case of the Head of the household write 'Head'. All relationships in this question should be recorded in respect of that person. In the case of relations write the relationship in full. Do not use words like nephew, niece or uncle, but state whether brother's or sister's son or daughter (for nephew or niece) or father's or mother's brother (uncle). 'Son' will include 'adopted son' or 'step son'; similarly for a daughter. In the case of visitors, boarders or employees write 'visitor', 'boarder', or employee' as the case may be.

If on the check or revisional round between the 1st and 3rd March the Head of the household as recorded previously is found to have died, the person in the household who succeeds him by common consent as Head should be recorded as Head and the relationships in all other slips will have to be suitably corrected. The slip of the dead Head of household will, of course, be cancelled.

In the case of places like messes, boarding houses, chummeries, etc., where people live together with no ties of relationship, the manager or superintendent or the person who by common consent is regarded

as Head should be recorded as Head of the household. Other members should be recorded as 'unrelated' in this question.

Q. 2 Age Last Birthday—Write age in years completed last birthday.

For infants below one year of age, write '0'.

Q. 3 Marital Status—For a person who has never been married write 'NM'. For a person married, whether for the first or another time, write 'M'. Write 'M' also for persons who are recognised by custom or society as married and for persons in stable *de facto* union. For a widowed person whose husband or wife is dead, and who has not been married again, write 'W'. For a person who has been divorced in a lawful manner, either by decree of a law court or by a regular social or religious custom but who has not remarried, or a person who has been separated from wife or husband and is living apart with no apparent intention of living together again, write 'S'. For a prostitute return her marital status as declared by her.

Q. 5 (b) Religion—For

Hindu	write H
Muslim	write M
Christian	write C
Jain	write J
Buddhist	write B
Sikh	write S

For others write the answers actually returned.

Q. 5 (c) Scheduled Castes and Scheduled Tribes—The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State, or in your district write the name of the caste or tribe to which he belongs. For all others, write 'X'. Do not write the names of Scheduled Castes in general terms as 'Harijan', 'Achhut'. Ascertain the name of the caste when it is returned and write it. Scheduled Castes can belong to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either 'H' or 'S' in the answer to Question 5(b). Scheduled Tribes may belong to any religion.

A printed list showing the names of Scheduled Castes/Scheduled Tribes according to the President's Order was given to the enumerator alongwith the list of synonyms or generic names and sub-tribes to ensure accuracy of these returns.

Q. 6 Literacy and Education—For a person who can neither read nor write or can merely read but cannot write in any language, write '0'. For a person who can both read and write, write 'L'. The test for reading is ability to read any simple letter either in print or in manuscript. The test for writing is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

STANDARD OF EDUCATION

If the person can both read and write and has also passed a written examination or examinations as proof of an educational standard attained, write the highest examination passed instead of 'L'.

Q. 7 (a) Mother Tongue—Write the mother tongue in full including dialect as returned by the person enumerated. Mother tongue is language spoken in childhood by the person's mother to the person or mainly spoken in the household. If the mother died in infancy write the language mostly spoken in the person's home in childhood. In the case of infants and deaf mutes give the language usually spoken by the mother.

Q. 7 (b) Any Other Language(s)—After recording the mother tongue enquire whether the person knows any other language (s), Indian or Foreign, and write the language(s) returned by him against this question. In case he does not know any other language put 'X'.

The instructions relating to Questions 8 to 12 are not reproduced in full as they have been reproduced in detail in the general note to B-Series Tables in Part II-B(1). They are, therefore, summarised below for the convenience of the reader.

Q. 8 to 11 Working—These questions apply only to workers. A person working both as a cultivator and as an agricultural labourer should be entered both in Q. 8 and Q. 9, but in Q. 8 and Q. 10 if working both as cultivator and at household industry. If a person is working in any possible combination of 8, 9, 10 and 11 he will be entered in the appropriate places. If he is doing just one kind of work, he will be entered in only one of the four Questions 8 to 11.

Work includes not only actual work but effective supervision and direction of work. As for non-workers, persons like beggars, pensioners, agricultural or non-agricultural royalty, rent or dividend receivers, earning an income without participating in any productive work should not be treated as working unless they also work in cultivation, industry, trade, profession, business or commerce.

A public or social service worker actively engaged in public service or a political worker, who is also actively engaged in furthering the political activity of his party will be regarded as a worker and entered fully in Q. 11.

Q. 8 Working as Cultivator—For a person working as cultivator write 'C'. For all others put 'X'.

Q. 9 Working as Agricultural Labourer—Write 'AL' for a person working as agricultural labourer. For others put 'X'.

Q. 10(a) and 10(b) Household Industry—If a person is working in a Household Industry write (i) the nature of work done by him in the Household Industry against Q. 10(a) and (ii) the nature of the Household Industry against 10(b). Otherwise put 'X' in both Questions 10(a) and 10(b).

A Household Industry should relate to production, processing, servicing, repairing or making and selling of goods. It does not include professions such as pleader or doctor or barber or washerman or astrologer.

Q. 10(c) If Employee in Household Industry–Write 'EE' for a person working as a paid employee in another person's Household Industry. For all others put 'X'.

Q. 11 Doing Work other than 8, 9 or 10—If a worker is not working as a cultivator or as an agricultural labourer or at any Household Industry write the actual work he is doing. If a person is working as a cultivator or as an agricultural labourer or at Household Industry and also does some other work (including dairying or livestock raising, orchard or plantation, etc., as distinct from cultivation of crops) write the other work he does in this question. If he is engaged in more than one work and neither of them relates to any of the three categories mentioned above write the work on which he devotes more time.

Q. 11(a) Nature of Work—Describe fully the nature of the work done by the person himself giving full and precise information as to the nature of work done by him either in the vernacular or in English or in vernacular transliteration of English.

Q. 11(b) Industry, Business, Trade, Profession or Service—For a worker, the nature of whose own work has been recorded in Question 11(a) describe in detail the nature of industry, business, trade, profession or service in which he works. Vague answers should be avoided. In the case of industries, the articles which are produced or serviced or repaired, should be given. If such articles are more than one, the chief articles only should be given. In the case of business or trade, the principal article of trade should be described. In the case of service, describe the nature of the service to which the person's work belongs.

In the case of a person for whom 'X' is put in Question 11(a), put 'X' in this question also.

Q. 11(c) Class of Worker—Write 'MR' for an employer; 'EE' for an employee; 'SW' for a single worker and 'FW' for a family worker. For a person for whom 'X' is put in Q. 11(a) and 11(b) put 'X' in this question also.

Explanation:

(i) An 'Employer' is a person who has to employ other person in order to perform the work entered in Q. 11(a).

(ii) An 'Employee' is a person who usually works under some other person for salary or wages in cash or kind.

(iii) A 'Single Worker' for the purposes of Q. 11(c) is a person who works by himself but not as Head of Household in a Household Industry. A single worker will include a person who works in a joint partnership with one or several persons hiring no employees, and also a member of a producer's cooperative, each one of such partners or members being recorded as 'Single Worker'.

(iv) A 'Family Worker' is a member who works, without receiving wages in cash or kind, in an industry, business or trade conducted. Members of the household who help solely in household duties should not be treated as family workers.

Q. 11(d) Name of Establishment—Describe in detail the name of the factory, workshop, business house, company, shop, etc. If a person has no fixed place of work write 'No fixed place of work'.

Principal work—The principal work is the one on which the person spends most time. Put a ring round the number of the Question 8, 9, 10 or 11 according to the work on which the person says he spends most time.

Q. 12 Activity, If not Working—This will apply to a person NOT working.

Write 'X' in this question for a person who is working, that is for whom work is recorded in any of the Questions 8 to 11.

The following activities should be recorded in the case of persons 'NOT' working.

(i) Write 'ST' for a full time student or child attending school who does no other work, such as make articles at home for sale, nor even help part-time in his own family cultivation, industry, trade or business; (ii) write 'HW' for a person engaged in unpaid home duties (like housewife or other adult female) who does no other work, such as make articles at home for sale or wages, nor help regularly even part-time in family cultivation, industry, trade or business; (iii) write 'D' for any dependent, including an infant or child not attending school, a person permanently disabled from work because of illness or old age, as also for a person who is not working but has been offered work which he has not joined; (iv) write 'R' for a retired person who is not employed again, rentier, person living on agricultural or non-agricultural royalty, rent or dividend or any other person of independent means for securing which he does not have to work and who does no other work; (v) write 'B' for a beggar, vagrant or independent woman without indication of source of income and others of unspecified source of existence; (vi) write 'I' for a convict in jail (an undertrial prisoner will be shown as a worker if he used to work before he was apprehended) or an inmate of a penal, mental or charitable institution; (vii) write 'NE' for a person who has not been employed before but is seeking employment for the first time and (viii) write 'N' for a person employed before but now out of employment and seeking employment.

If a person, who does not work, cannot be readily classified in any of the above categories put him in category (v) and write 'B' in this question.

TABLE C-I

COMPOSITION OF SAMPLE HOUSEHOLDS BY RELATIONSHIP TO HEAD OF FAMILY CLASSIFIED BY SIZE OF LAND CULTIVATED

(Based on 20% Sample)

The table is prepared on a 20% sample of households from Part II Census Population Record of Household Schedules and is presented down to district for total/rural/urban.

A household means the entire group of persons who commonly live together in the same census house and take their meals from a common mess unless the exigencies of work prevent them from doing so. In some census houses there may be more than one group of persons or household each with a common mess or each occupying either a number of rooms or more than one household occupying a single room. Each such group has been regarded as a separate household for census purposes. Institutions like boarding houses, messes and chummeries have also been regarded as census households but of unrelated persons living together. It thus includes unrelated persons also residing with the family during the period of enumeration and gives composition of a household by family and non-family members. Besides the heads of the households and their spouses, either male or female, other family members like married sons and other relations as well as unrelated persons are shown separately by sex and marital status. The table will be of sociological interest indicating the strength of the joint family system.

TABLE C-II

AGE AND MARITAL STATUS

This is a very important demographic table giving data about marital status, viz., never married, married widowed, divorced or separated and status unspecified. It will help ascertain variation in the status of married life and study trend in the age of marriage besides indicating mortality in different marital statuses and age-groups. The data on married females by age-group can be utilised also for forecasting the future births from age specific birth rates.

Table C-II is cross-tabulated by age-groups, viz., 0-9, 10-14, 15-19, 20-24, 25-29, 30-34, 35-39, 40-44, 45-49, 50-54, 55-59, 60-64, 65-69, 70+ and age not stated and is presented down to district by total/rural/urban.

The table corresponds to Table C-III of 1951. Table C-III of 1951 was prepared on a 10 per cent sample of the slips taken out at the initial stage of sorting, while Table C-II of 1961 has been compiled on the basis of full count of individual slips. In 1961 the figures are given separately for (i) Widowed and (ii) Divorced or Separated which were combined in 1951. The data on marital status are given by 14 age-groups in 1961 as against 11 in 1951.

The following is the statement showing percentages of age-groups under different marital status.

TABLE C-III

AGE, SEX AND EDUCATION

The table is presented down to district and is prepared in 3 parts. Part A for all areas, Part B for urban and part C for rural areas only. The table corresponds to Table C-IV of 1951 prepared on the basis of data collected from 10 per cent sample slips, while that of 1961 is prepared on the basis of full count of individual slips. In 1951, the data were given by literates and illiterates only, while in 1961 additional classification by educational levels such as (1) Primary or Junior Basic and (2) Matriculation and above has also been given in Parts A and C. For Part B pertaining to urban areas educational levels are given in greater details, viz.,

(1) Primary or Junior Basic,

(2) Matriculation or Higher Secondary,

(3) Technical diploma not equal to degree,

(4) Non-technical diploma not equal to degree,

(5) University degree or post-graduate degree other than technical degree and

(6) Technical degree or diploma equal to degree or post-graduate degree under

- (i) Engineering,
- (ii) Medicine,
- (iii) Agriculture,
- (iv) Veterinary and dairying,
- (v) Technology,
- (vi) Teaching and
- (vii) Others.

The table is cross-tabulated by age-groups, viz., (i) 0-4, (ii) 5-9, (iii) 10-14, (iv) 15-19, (v) 20-24, (vi) 25-29, (vii) 30-34, (viii) 35-44, (ix) 45-59, (x) 60+ and (xi) age not stated.

Table C-III will measure the growth of literacy in the total population as well as in the different age-groups since the last census besides furnishing information on the spread of adult education.

A special census of technically qualified persons who held either degrees or diplomas equivalent to degrees was taken along with the 1961 Census. The tables prepared from the data thus collected are given as an appendix to this table.

The following is a statement showing percentages of age-groups for literacy.

SPECIAL TABLES OF TECHNICALLY QUALIFIED PERSONS

A special census of technically qualified persons who held either degrees or diplomas equivalent to degrees was taken along with the 1961 Census. The inquiry was confined to all urban areas and most of the rural areas of the State. Only backward areas where literacy is very low were excluded. A special card was designed for the purpose by the Registrar General. These cards were given by the enumerators to such households wherein a technically qualified member (s) resided, after filling in the location code number during the enumeration period, i.e., between 10th February and 28th February 1961. Enumerators in their revisional round between 1st and 5th March 1961, collected them from those who had filled up the cards and gave them to their supervisors along with other census records for onward transmission to the Charge Officers and then to the District Census Officers who sent them to the Registrar General, India, New Delhi. Enumerators were asked to persuade the technically qualified persons to fill up the cards in their presence whenever they were found not to have been filled up. But those who could not do so were requested to post these cards which were reply prepaid, after completion to the Registrar General, India, direct.

The academic qualifications of persons considered technically qualified and to whom the cards were distributed are as follows:—

1 Science:– Anyone holding B. A. or B. Sc., M. A. or M. Sc. or higher degrees (Ph. D., etc.) in science subjects like Physics, Mathematics, Chemistry, Agriculture, Geology, Geo-Physics, Geography, etc.

2 Engineering:– Anyone holding recognised degree or diploma in Engineering

3 Technology:– Anyone holding degree or diploma in technical subjects like Commercial Technology, Leather Technology, Textile Technology, Glass and Ceramic Technology, Food Technology, etc.

4 Medicine:– Persons holding degree or diploma in medicine and/or surgery

Thus the undergraduate scientists (i.e., those who have not got any Bachelor's degree) or mechanics and technicians even though holding certificates will not come under this special enumeration. These data have been processed in the office of the Registrar General, India, and the following tables have been compiled:–

Union and State Table I–Classification by each branch and sub-branch of Science or Technology

Union Table II–Age composition of persons in each branch of Science or Technology

State Table II–Type of activity and marital status of persons in each branch of Science or Technology

Union Table III–Classification by State of permanent address and by State of enumeration of persons in each branch of Science or Technology

State Table III–Year of obtaining Post-Graduate Degrees in Physical Science and Graduates and Doctorates Degrees in Engineering and Technology and selected branches of Medicines

State Table IV–Persons holding Degrees in Engineering and Technology and selected branches of Medicine and also holding Degrees in selected branches of Physical Sciences

State Table V–Nature and Sector of employment of persons in each branch of Science or Technology

State Table VI–Total monthly income of persons employed in each branch of Science or Technology classified by sector of employment

APPENDIX-*contd.*

State Table VII–Tenure and Sector of employment of persons in each branch of Science or Technology

State Table VIII–Age and period of unemployment of unemployed persons qualified in each branch of Science or Technology

All these tables have been given as an Appendix to Table C–III.

The extent of coverage of statistics contained in the foregoing tables can, however, be estimated by comparing the total number of cards received in the office of the Registrar General with similar statistics compiled in Table B–III–A from the individual enumeration slips. But before doing so some clarification as to the areas to which they relate seems necessary. While Table B–III–A relates to urban areas only, the special cards were distributed in all urban areas as well as in some selected rural areas also. But since the availability of technical personnel in rural areas is quite insignificant, the total number of persons covered by these two sets of tables would appear to be fairly comparable. According to Table B–III–A there are 17,178 persons holding technical degrees or diplomas equal to degrees or post–graduate degrees plus 538 persons holding technical diplomas not equal to degree. Thus, a total number of 17,716 persons have been returned as technically qualified from the urban areas of the State at the Census of 1961 as against 14,495 or 81.82 per cent according to the special survey. From this it appears that about 18 per cent of those to whom the cards were distributed did not return them. Further, comparing the census returns with the total number of special cards received from each sex, it is found that omission to return the cards duly filled in was greater among females than among males. For, 62 per cent of females (1,067 out of 1,714) against only 13 per cent of males (2,154 out of 16,002) have failed to return these cards. Subject to these limitations, the coverage of about 82 per cent in the special tables may be taken to be fairly representative of the scientific and technical personnel in the State of Gujarat.

As for the quality of the returns, it would be worthwhile to observe that as the special cards devised for this survey were filled in by the respondents themselves, who are educated persons, the entries recorded therein are likely to be accurate and free from defects of omission or incompleteness.

Table VIII is compiled for age-groups, viz., (i) 20 years and below, (ii) 21–25 years, (iii) 26–35 years, (iv) 36–45 years, (v) 46–55 years, (vi) 56 + and (vii) Age not stated. Age–groups with nil entries have been deleted.

TABLE C-IV

SINGLE YEAR AGE RETURNS

The table is presented down to district and gives figures for total/rural/urban. This is also a very important demographic table which will be used by the Census Actuary for computing the mortality rates from the age data of the earlier censuses and for the preparation of life tables. This table will afford useful study on bias in age returns at the Census by showing popular preference for certain digits.

The table is prepared on full count of individual slips and corresponds to Table C-V of 1951, prepared on the basis of data collected from the 10 per cent sample slips.

The single year ages above 100 are lumped and given in the following statement.

TABLE C-V

MOTHER TONGUE (ALPHABETICAL ORDER)

The notes and Appendices I and II given below have been prepared by Shri R. C. Nigam, Linguist of the office of the Registrar General, India.

NOTE 1

(i) The following mother tongues arranged in alphabetical order in Col. 1 of the table given below as per Table C–V have been classified in the Linguistic Survey of India. The Linguistic Survey of India Classification No. is mentioned against each mother tongue in Col. 3.

(ii) If in Col. 3 no Classification No. is given against any mother tongue of Col. 1, then it would mean that the name refers to either old or middle Indo-Aryan language or a language group or branch or family name from the Linguistic Survey of India.

(iii) Wherever a tongue is mentioned in Col. 3 it is to be understood that the mother tongue is either a dialect or another name or form of the tongue mentioned against it in Col. 1 which in its turn has been classified by the Linguistic Survey of India in the appropriate place for that tongue.

(iv) If in Col. 1, there is a tongue which bears no classification number in the Linguistic Survey of India, then in Col. 2 the name of the classified language or group will be given of which the mother tongue of Col. 1 is either a dialect or another name or form. In such a case the number of classified language of Col. 2 has been given in Col. 3.

(v) In Col. 2 standardized spellings according to Linguistic Survey of India have been given against each mother tongue of Col. 1.

TABLE C-VI

BILINGUALISM

This table is presented down to district. It is important especially for linguistic borders where one language impinges on the other. The table gives data regarding total speakers of mother tongue, total number of persons returned as speaking a language subsidiary to the mother tongue and break-up of subsidiary language into male and female speakers. The subsidiary languages shown in the table are stated exactly as they were returned in the individual slips.

The table corresponds to Table D-I (ii) of 1951.

TABLE C-VII

RELIGION

This is an important sociological table. It is presented down to district for total/rural/urban and gives the distribution of population according to religion arranged in alphabetical order.

The table corresponds to table D–II of 1951. The six main religions classified in this table are (i) Buddhist, (ii) Christian, (iii) Hindu, (iv) Jain, (v) Muslim and (vi) Sikh. The other religions and persuasions are given under the heading "Other Religions and Persuasions", the details of which are given in the supplement to the table.

No person has been returned as professing tribal religion.

The following statement gives percentages of different religions to the total population of respective localities.

TABLE C-VIII

SCHEDULED CASTES AND SCHEDULED TRIBES

PART-A—CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS AMONG SCHEDULED CASTES

PART-B—CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS AMONG SCHEDULED TRIBES

This is a general table prepared for the Scheduled Castes and Scheduled Tribes, and is presented down to district for total/rural/urban. It is given in two parts–Part A for Scheduled Castes and Part–B for Scheduled Tribes. The table corresponds to Table D-III of 1951 which gave the total figures of Scheduled Castes/Scheduled Tribes only. But Table C–VIII of 1961 is more elaborate and gives separately the total population of Scheduled Castes and Scheduled Tribes, their distribution by literacy and classification of workers into nine industrial categories and non-workers. A number of special tables for each Scheduled Caste/Scheduled Tribe has also been compiled in SCT series and given in Part V–A of Census of India–Gujarat–Volume V. Literacy figures of Scheduled Castes and Scheduled Tribes are given for the first time in 1961 Census.

D-SERIES

MIGRATION TABLES

D—MIGRATION TABLES

There are in all 6 tables in this series as against 2 in 1951. Tables D–I and D–II of 1961 Census correspond to Tables D–VI and D–IV of 1951 Census, but Tables D–III to D–VI of the existing series are introduced for the first time in the Census of 1961. The following are the details of each of them :

1 D–I—Non-Indian Nationals

2 D–II—Place of Birth

3 D–III—Migrants Classified by Place of Birth and Duration of Residence in Place of Enumeration

4 D–IV—Migrants to Cities Classified by Sex, Broad Age-groups, Educational Levels and in case of Workers also by Occupational Divisions and Groups

5 D–V—Cities Showing Population Born Locally, Migrants from Rural Areas and Migrants from other Towns and Cities

6 D–VI—Distribution of Industrial Categories of Workers and Non-workers by Place of Birth

For the purposes of these tables persons born in Sikkim have been treated as 'Born in India'.

Of the 6 tables aforesaid, Tables D–IV and D–V pertain to 6 cities having population of one lakh and over. Table D–VI also gives data for cities in addition to State/Division/District. In addition, the following 6 special tables on migrants to Ahmedabad City have been compiled and will be given in Vol. V, Part X–Ahmedabad City :

1 Migrants Classified by Sex, Broad Age-groups, Educational Levels and by Category of Worker/Non-worker

2 Migrants Classified by Sex, Religion, Place of Birth and Duration of Residence

3 Migrants Classified by Sex, Duration of Residence, Age-group and Educational Levels

4 Migrants Classified by Sex, Duration of Residence, Age-group and in case of Workers by Occupational Division and Group

5 Migrants Classified by Sex, Duration of Residence, Age-group, Industrial Division and Major Group and Class of Worker

6 Migrants Classified by Sex, Duration of Residence, Age-group and Marital Status

As all the main tables D-I to D-VI are compiled from the replies recorded against Qs. 2, 4(a), 4(b), 4(c), 5(a), 6 and 8 to 13 on the individual enumeration slip, the relevant extracts from the Manual of Instructions to Enumerators are reproduced below to enable the reader to appreciate their contents.

Q. 2 Age last Birthday

Write age in years completed last birthday. For infants below one year of age, write 'O'. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events, etc. You may use any local calendar of such events that may have been prepared for the purpose.

Q. 4(a) Birthplace

1	If born in village or town in which enumerated	Write PL
2	If born in another village or town of district in which enumerated	Write D
3	If born in another district in the State of enumeration	Write name of district
4	If born in another State in India . . .	Write name of district and State if name of district is known; otherwise write name of State
5	If born in a country outside India, e.g., Pakistan or any other country	Write name of country
6	Persons born at sea or in air or in railway carriages or on road transport, e.g., buses, etc., should be entered as such	

Q. 4(b) Whether born in Village or Town

1	If born in a village	Write R
2	If born in a town which is considered a town at the present time even if it was not so considered at the time of birth	Write U
3	If the person enumerated is not in a position to say whether the place of birth is a village or town, write the name of the place of birth as returned by him	

Q. 4(c) Duration of Residence

1	For a person born in village or town or city in which enumerated	Write X
2	For a person born in another village or town or city of district of enumeration or who was not born in the district of enumeration	Write the number of completed years this person has been in the village/town/city of enumeration. (Do not take into account periods of temporary absence on leave or holiday or tour or business)
3	If the duration of residence is less than one year	Write O
	If the duration of residence is one year or over	Write the actual number of completed years of residence

Q. 5(a) Nationality

1	For Indian nationals	Write I
2	For other nationals	Write the nationality in full

Q. 6 Literacy & Education

I ILLITERATE OR LITERATE

For a person—

1	Who can neither read nor write or can merely read but cannot write in any language	Write O
2	Who can both read and write	Write L

The test for reading is ability to read any simple letter either in print or in manuscript, i.e., if the person can read one of the examples in the Enumerator's Handbook with felicity, he may be taken to have passed the test for reading. The test for writing is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

II STANDARD OF EDUCATION

If the person can both read and write and has also passed a written examination or examinations as proof of an educational standard attained, write the highest examination passed instead of L.

The instructions relating to Questions 8 to 12 are not reproduced, as they have been given in the flyleaf to C Series tables.

Q. 13 Sex—Write 'M' for Males; 'F' for Females.

For eunuchs and hermaphrodites, write 'M'.

TABLE D-II

PLACE OF BIRTH

This table gives the distribution of population by birthplace. It is presented down to district for total/rural/urban.

The table corresponds to Table D-IV of 1951. An important change as compared to the previous Census is that birthplaces in rural and urban areas are given separately in the case of those born in India. One more category of birthplace, viz., 'unclassifiable' has also been added for those born in India. Similarly the place of enumeration is classified separately into rural and urban areas to give an indication of the nature of migration.

Under groups B, C, D, E and F, the following countries of each continent have been presented in this table. The 'total' of the remaining countries is given against 'elsewhere' in the table, the details of which will be found in the supplement to this table.

(B) Countries in Asia beyond India (including U.S.S.R.)

Afghanistan
Burma
Ceylon
China
Nepal
Pakistan
Singapore, Malaya and British Borneo
U.S.S.R.
Elsewhere

(C) Countries in Europe (excluding U.S.S.R.)

U.K. (including N. Ireland)
Ireland
Elsewhere

(D) Countries in Africa

Kenya
Mauritius
Mozambique
Union of South Africa
Elsewhere

(E) Countries in Two Americas

Canada
U.S.A.
Elsewhere

(F) Countries in Oceania

Australia
New Zealand
Elsewhere

Such of the States/Union Territories under Group A-II and the continents/countries under groups B, C, D, E and F from which migrants are not reported, have been omitted from the table.

The lines of Rural/Urban/Unclassifiable, wherever the entries are nil, have also been omitted from the table.

NOTE :

1 Lines with nil entries have been omitted.

2 The number of persons born in Portugal as per Table D-II is 2,669 and those of nationals of Portugal as per Table D-I is only 322. This disparity is due to the fact that most of the persons born in former Portuguese territories of Goa, Daman and Diu have been treated as Portugal born.

TABLE D-III

MIGRANTS CLASSIFIED BY PLACE OF BIRTH AND DURATION OF RESIDENCE IN PLACE OF ENUMERATION

This is a new table introduced for the first time in 1961 and based on a new question on migration. It is presented down to district and gives duration of residence in the place of enumeration under six categories, viz.,

Less than 1 year;	11–15 years;
1–5 years;	16 years and over; and
6–10 years;	Period not stated.

The table is intended to supplement the information produced by the previous table relating to birth-place, for a detailed study of in-migration. The group 11-15 years yields information on population displaced by partition.

Countries and States/Union Territories under group A-II from which migrant figures are not reported, have been omitted from the table.

The lines of Rural/Urban/Unclassifiable, wherever the entries are nil, have also been omitted.

The figures of 'Birth Place Unclassifiable' include the figures of 'Born at Sea'.

Note : 1 Lines with nil entries have been omitted.

2 The number of persons born in Portugal as per Table D-II is 2,669 and those of nationals of Portugal as per Table D-I is only 322. This disparity is due to the fact that most of the persons born in former Portuguese territories of Goa, Daman and Diu have been treated as Portugal born.

TABLE D-IV

MIGRANTS TO CITIES CLASSIFIED BY SEX, BROAD AGE-GROUPS, EDUCATIONAL LEVELS AND IN CASE OF WORKERS ALSO BY OCCUPATIONAL DIVISIONS AND GROUPS

The table is prepared only for 6 cities, viz., Ahmedabad, Baroda, Surat, Rajkot, Bhavnagar and Jamnagar. The cities are given in the descending order of their population. It relates to migrants to cities who are workers and non-workers. Occupational distribution of workers and non-workers has been given with further cross-tabulation by age-groups and educational levels. This gives an indication of occupations that attract migrants to cities. The educational levels show the skilled and unskilled type of workers among migrants.

The age-groups and educational levels adopted are :

Age-groups

(i) 0–14
(ii) 15–34
(iii) 35–59
(iv) 60+
(v) Age not stated

Educational levels

(1) Primary or Junior Basic
(2) Matriculation or Higher Secondary
(3) Technical diploma not equal to degree
(4) Non-technical diploma not equal to degree
(5) University degree or post-graduate degree other than technical degree
(6) Technical degree or diploma equal to degree or post-graduate degree

(i) Engineering
(ii) Medicine
(iii) Agriculture
(iv) Veterinary and Dairying
(v) Technology
(vi) Teaching
(vii) Others

Occupational groups having less than 5 per cent of the workers of the respective division and 2.5 per cent in case of Division 7–8 have not been shown in the table, but are given in an Appendix to this table. Divisions thus affected are marked with an asterisk(*).

The following abbreviations have been adopted for age-groups and educational levels in the Appendix.

Educational level	Age-group	Abbreviation used

During the scrutiny of these returns, certain seemingly incompatible occupational groups *vis-a-vis* the educational qualifications were noticed, which on actual verification have been found to conform to the existing facts of our present day economy, wherein occupations and educational qualifications do not always

go hand in hand. For, persons follow any occupation they get, irrespective of their educational qualifications, as the primary consideration which influences a person in such matters is that of earning bread or making money. All such cases are listed below for the convenience of the reader.

City	Educational level	Occupational Group
Ahmedabad	Illiterate	20(M53)
	Primary or Junior Basic	01(M10)
	Matriculation or Higher Secondary	01(M35)
	University degree or post-graduate degree other than technical degree	79(M1);89(M5)
	Medicine	09(M6)
	Veterinary and Dairying	04(M1)
	Technology	71(M1)
	Teaching	04(M3)
Baroda	Primary or Junior Basic	07(M30,F4)
	Matriculation or Higher Secondary	01(M9)
Surat	Matriculation or Higher Secondary	01(M4)
Rajkot	Illiterate	28(F41)
	Matriculation or Higher Secondary	01(M6)
Bhavnagar	Illiterate	28(F20); 60(M1)
	Literate (without educational level)	05(F18)
	Primary or Junior Basic	01(M4); 02(M1)
	Engineering	79(M1)
Jamnagar	Illiterate	28(F12)
	Primary or Junior Basic	60(M5)
	Matriculation or Higher Secondary	01(M6)

Similarly in the following cases the occupational groups and educational levels appearing against age-group 0–14 appeared to be incompatible owing to the misstatement of ages by the enumerated persons.

City	Educational level	Occupational Group
Ahmedabad	Illiterate	04(M1,F2); 20(M1); 65(M12); 90(M1)
	Literate (without educational level)	11(M1); 20(M1); 65(M1)
	Primary or Junior Basic	03(F1); 04(M1); 10(M1); 11(M1); 32(M2); 65(M1); 90(M1)
Surat	Illiterate	61(M7)
Rajkot	Illiterate	90(M1)
	Primary or Junior Basic	04(F1); 90(M3)
Bhavnagar	Literate (without educational level)	90(M8)
Jamnagar	Literate (without educational level)	65(M3)

1 The number of persons born in Portugal as per Table D-II is 2,669 and those of nationals of Portugal as per Table D-I is only 322. This disparity is due to the fact that most of the persons born in former Portuguese territories of Goa, Daman and Diu have been treated as Portugal born.

2 Line with nil entries have been omitted.

TABLE D-V

CITIES SHOWING POPULATION BORN LOCALLY, MIGRANTS FROM RURAL AREAS AND MIGRANTS FROM OTHER TOWNS AND CITIES

This table is also compiled only for the 6 Cities of Ahmedabad, Baroda, Surat, Rajkot, Bhavnagar and Jamnagar, given in the descending order of their population. The table gives separately the extent of in-migration from rural and other urban areas into the City. The in-migration from rural and urban areas has been separately classified by migrants who have been resident for less than 3 years and those who have been resident for 3 years and more at the place of enumeration. The data have also been shown separately for the different types of migration, namely :—

(1) Born in rural/other urban areas of the same district
(2) Born in rural/urban areas outside the district but within the State
(3) Born in rural/urban areas outside the State

Persons, males and females shown agaist Total population under each City do not indicate the actual population of the city for the following reasons, namely:–

(i) that it excludes persons whose birth places have not been recorded as either rural or urban, whose duration of residence has not been stated and who are born in place of birth 'unclassifiable'.

(ii) that the table relates to persons born within the country.

TABLE D-VI

DISTRIBUTION OF INDUSTRIAL CATEGORIES OF WORKERS AND NON-WORKERS BY PLACE OF BIRTH

The table is presented down to district and for cities. It shows distribution of birthplace by industrial categories of workers and non-workers and thus gives valuable information on the category of workers among migrants by birthplace.

The table is presented for total, rural and urban. For rural it is prepared only for those "Born in India" and that too for those born "within the State of Enumeration" for the following categories :—

(a) Born in place of enumeration
(b) Born elsewhere in the district of enumeration
(c) Born in other districts of the State

In addition, 4 numerically most important States of immigration (adjoining or distant) are given for each district and exhibited in the descending order of migrants. This selection for rural table has been made for each district separately by considering the immigrants in the 'Rural Table' and not in the 'Total Table'.

In case of 'total' and 'urban', the table is prepared for all the above groups, as also for other States in India and foreign countries. The table for Total and Urban excludes the information of those States under group II–"States in India beyond the State of Enumeration" where the immigrants are less than 1 per cent of the total immigrants. The States thus omitted are shown in Appendix I to this table which has been prepared in run on lines and relates to total only with urban figures inserted below the total figures. The percentage for the purpose of the appendix has also been calculated on total.

No abridgement has, however, been made in respect of cities in the urban part of the table except the omission of the 'unclassifiable', if less than 5 per cent.

The line for 'Unclassifiable' in Column 2 is omitted as the total figure under this category is less than 5% of the total population in the particular main group in Column 1.

Under groups B, C, D, E and F, the following countries of each continent have been presented in this table. The 'total' of the remaining countries is given against 'elsewhere' in the table, the details of which will be found in Appendix II to this table.

(B) Countries in Asia beyond India (including U.S.S.R.)

Afghanistan
Burma
Ceylon
China
Nepal
Pakistan
Singapore, Malaya and British Borneo
U.S.S.R.

(C) Countries In Europe (excluding U.S.S.R.)

U. K. (including N. Ireland)
Ireland

(D) Countries in Africa

Kenya
Mauritius
Mozambique
Union of South Africa

(E) Countries in Two Americas

Canada
U.S.A.

(F) Countries in Oceania

Australia
New Zealand

Such of the States/Union Territories under Group A-II and the continents/countries under groups B, C, D, E and F from which migrants are not reported, have been omitted from the table.

NOTE:

1 Lines with nil entries have been omitted.

2 The number of persons born in Portugal as per Table D–II is 2,669 and those of nationals of Portugal as per Table D–I is only 322. This disparity is due to the fact that most of the persons born in former Portuguese territories of Goa, Daman and Diu have been treated as Portugal born.

NOTE :

The rural part is prepared only for those 'Born in India' and that too for those born 'within the State of enumeration' for the following categories :

(a) Born in place of enumeration
(b) Born elsewhere in the district of enumeration
(c) Born in other districts of the State

In addition, 4 numerically most important States of immigration (adjoining or distant) are given for each district and exhibited in the descending order of migrants. This selection for rural table has been made for each district separately by considering the immigrants in the 'Rural Table' and not in the 'Total Table'. However, the figures shown against Group A–II are for the total migrants except unclassifiable born in States in India beyond the State of enumeration. s for unclassifiable are omitted, they being less than 5% of the total population in that group.
