STATISTICS.

PART I.

Section (i).

3 "A" *General Population Tables*—	
A-I—Area, Houses and Population	13
A-II—Variation in Population during fifty years ..	14
A-III—Towns and Villages classified by population ..	16
A-IV—Cities and Towns classified by population with variations since 1901	18
A-V—Towns arranged talukwise with population by Livelihood Classes	20
4 "E" *Summary Figures by taluks*	22
5 "B" *Economic Tables*—	
B-I—Livelihood Classes and Sub-classes	25
B-II—Secondary means of Livelihood	30
B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions	34
6 *Small-scale Industries Tables*—	
I—Distribution of Small-scale Industries by tracts.	61
II—Employment in Textile Establishments for Census tracts	62
III—Employment in Non-Textile Establishments for Census tracts	66
7 "L" *Incidence of Leprosy by Livelihood Classes for Taluks*	73

	PAGE
PART I—*cont.*	
Section (ii).	
8 *Rural Statistics*—(Information regarding area, number of occupied houses, literacy, distribution of population by livelihood classes, cultivated area, small-scale industrial establishments and incidence of leprosy in villages) with appendix giving a list of villages with a population exceeding 5,000 but treated as rural	75
Section (iii).	
9 *Urban Statistics*—(Information regarding area, number of occupied houses, literacy, distribution of population by livelihood classes, small-scale industrial establishments and incidence of leprosy in each ward of each census town and city)	238
PART II.	
10 "C" *Household and Age (Sample) Tables*—	
C-I—Household (size)	256
C-II—Livelihood Classes by Age-groups	258
C-IV—Age and Literacy	260
11 "D" *Social and Cultural Tables*—	
D-I—Languages—	
(i) Mother-tongue	262
(ii) Bi-lingualism	265
D-II—Religion	270
D-III—Scheduled Castes and Scheduled Tribes ..	272
D-IV—Migrants—Tract where enumerated	274
D-VI—Non-Indian Nationals	278
D-VII—Livelihood Classes by Educational Standards	280
12 *District Occupational Abstract*—(Abstract showing means of livelihood groups and sub-groups under non-agricultural occupations and the number of self-supporting persons engaged in them)	290

PREFACE

The Government used to compile and publish District Manuals for each district prior to 1905. The manuals became obsolete within a few years of their publication, containing as they did, not only matter of a more or less permanent character such as physical characteristics, history, religion and ethnography, as also statistical matters which soon became out of date. The Government decided to replace the District Manuals by another publication known as the District Gazetteer, consisting of two volumes, A and B. The A volume contained descriptive matter and such general figures, as might be necessary to explain the text, and the B volume contained detailed statistics. They also decided that the B volume should be brought out periodically, especially after each decennial census. Between 1905 and 1927 A volumes for thirteen districts were published. In 1927 they were discontinued. B volumes for all the districts were published between 1906 and 1915. They were continued to be published even after the 1931 census. They were not published after the 1941 census.

Village Statistics, containing the results of the census for every village in the State, were first compiled and published in 1872, at the instance of Mr. C. E. Gover, who was then the Census Officer in Madras. His successor, in 1882, considered that this publication led to needless expenditure and trouble in printing the tables village-war, but the Government decided that the Village Statistics should continue to be published. The practice of issuing Village Statistics at every census was followed subsequently. The Village Statistics merely showed the number of occupied houses and population of each village and town by religions.

The idea of preparing the present volume, viz., the District Census Handbook for each district was put forward by Sri R. A. Gopalaswami, I.C.S., Registrar-General, India, and ex-officio Census Commissioner of India, as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the district level. He proposed that all the district census tables and census abstracts prepared during the process of sorting and compilation should be bound together in a single manuscript volume, called the District Census Handbook, and suggested to the State Governments that the handbook (with or without the addition of other useful information relating to the district) should be printed and published, at their own cost, in the same manner as the Village Statistics in the past. In accepting this suggestion, the Government of Madras decided to print and publish the more important portion of statistical data relating to the district and to preserve the rest of the records in a manuscript volume for any future use, to which they may be put.

2. The statistical data embodied in the District Census Handbook have to be understood from the background of the changes introduced in the 1951 census. The most important and fundamental change introduced in the 1951 census consists in the substitution of an economic classification of the people for the classification based on Religion and Communities

adopted in the past. The people were divided into two broad livelihood categories, the Agricultural and the Non-Agricultural. Four agricultural classes and four non-agricultural classes were prescribed as shown below :—

Agricultural Classes—

I. Cultivators of land, wholly or mainly owned, and their dependants.

II. Cultivators of land, wholly or mainly unowned, and their dependants.

III. Cultivating labourers and their dependants.

IV. Non-cultivating owners of land, agricultural rent receivers and their dependants.

Non-Agricultural Classes—

Persons (including their dependants) who derive their principal means of livelihood from—

V. Production other than cultivation,

VI. Commerce,

VII. Transport, and

VIII. Other services and miscellaneous sources.

Each of the above eight livelihood classes were divided into three sub-classes with reference to their economic status as below :—

(i) Self-supporting persons,

(ii) Non-earning dependants, and

(iii) Earning dependants.

These livelihood sub-classes have been defined in detail in the fly-leaf notes attached to Economic Table B-I included in this Handbook.

All non-earning dependants are economically passive, all earning dependants are economically semi-active. All self-supporting persons are ordinarily economically active, but the classes and groups specified below constitute an exception to this rule :—

(1) Self-supporting persons of Agricultural Class IV,

(2) Self-supporting persons of Livelihood Class VIII, who derive their principal means of livelihood from any source other than through economic activity, viz.—

(*a*) Non-working owners of non-agricultural property,

(*b*) Pensioners and remittance holders ;

(*c*) Persons living on charity and other persons with unproductive occupations ; and

(*d*) Inmates of penal institutions and asylums.

Economically active persons engaged in cultivation are either cultivators or cultivating labourers. Economic Table B-I gives particulars of the population classified according to the eight livelihood classes and the three sub-classes mentioned above.

Economically active persons engaged in industries and services have been classified with reference to the nature of the commodity produced or service performed. They are further divided into three sections, viz., Employers, Employees and Independent Workers.

Economic Table B-III gives particulars of the economically active persons classified under the divisions and subdivisions of industries and services of the Indian Census Economic Classification Scheme.

Table C-I, included in this Handbook, covers the population of sample households and Tables C-II and C-IV cover a ten per cent sample population. The method adopted for extracting these samples has been described in detail in the fly-leaf notes attached to the relevant tables.

3. *Scheme of the Census Handbook.*—The Handbook has been divided into two parts; Part I consists of three sections, namely, Section (i) containing the General Population Tables (A-series), the Economic Tables (B-series), Summary figures for Taluks (Table E), Tables I, II and III relating to Small-scale Industrial Establishments and Table L showing the Incidence of Leprosy, Section (ii) containing the Rural Statistics, and Section (iii) containing the Urban Statistics, and Part II containing the Household (size) (Table C-I) and Tables showing Livelihood Classes and literacy by Age-groups (C-II and C-IV), the Social and Cultural Tables (D-series) and an abstract of non-agricultural occupations in the district. Among the tables included in the Handbook, Table A-IV—Towns classified by population with variations since 1901, Economic Table B-II—Secondary means of livelihood under each livelihood class and Table C-II—Livelihood classes by age-groups furnish information at the district level. The other population tables in the A-series, the summary figures for taluks (Table E) and the infirmity Table L showing the incidence of leprosy furnish information for each taluk in the district with a district total. The rural statistics in Part I—Section (ii) furnish basic information in respect of every village and town arranged according to census tracts. In addition to the total population of the villages, and its distribution among the eight livelihood classes, information regarding the number of literates, the cultivated area, the number of small-scale industrial establishments under categories, textile and non-textile and the number of leprosy cases and doubtful cases has been included.

The urban statistics in Part I—Section (iii) furnish similar information except that relating to cultivated area in respect of every unit classified as city or census town in the district with ward-wise data. All other tables included in the Handbook provide information for units called census tracts with totals for the district.

4. *Census Tracts.*—A distinctive feature of the census statistics is its rural urban break-up designed with a view to compare the conditions and characteristics of the rural and urban population. The rural areas of each district were therefore kept distinct from the urban areas. For facilitating tabulation these areas were divided into a number of rural and urban tracts. As far as possible, the rural area in each taluk was constituted into a single rural tract. In a few cases however where the taluks were small in size with reference to their population, the rural areas of more than one taluk were taken together as a single rural tract. The urban tracts have been formed out of areas declared as cities and census towns in each district. Every city was treated as a separate tract. Towns other than cities were grouped together to form non-city urban tracts. Wherever possible, the towns in each taluk were constituted into a single non-city urban tract. In cases where the towns in a taluk had a population of less than 50,000 the towns in more than one taluk were grouped together to form a non-city urban tract. All the rural tracts in the State have been assigned

numbers in one series, the non-city urban tracts in another series and the city tracts in a third series. In all the tables where the data have been furnished for tracts, the tracts have been denoted by numbers that have been assigned to them. A list of tracts into which the district has been divided and the areas comprised in each are furnished in the fly-leaf note to economic Table B-I relating to the district.

The districts, taluks and villages mentioned in the Tables and Abstracts have been shown along with the census location code numbers assigned to them for purposes of census operations.

The numbers given to the Tables in this publication correspond to those given in the State Census Report.

Elaborate notes explaining the scheme of each Table have been introduced in the fly-leaf attached to each with a view to enable the reader to get a precise idea of the data furnished in the Table.

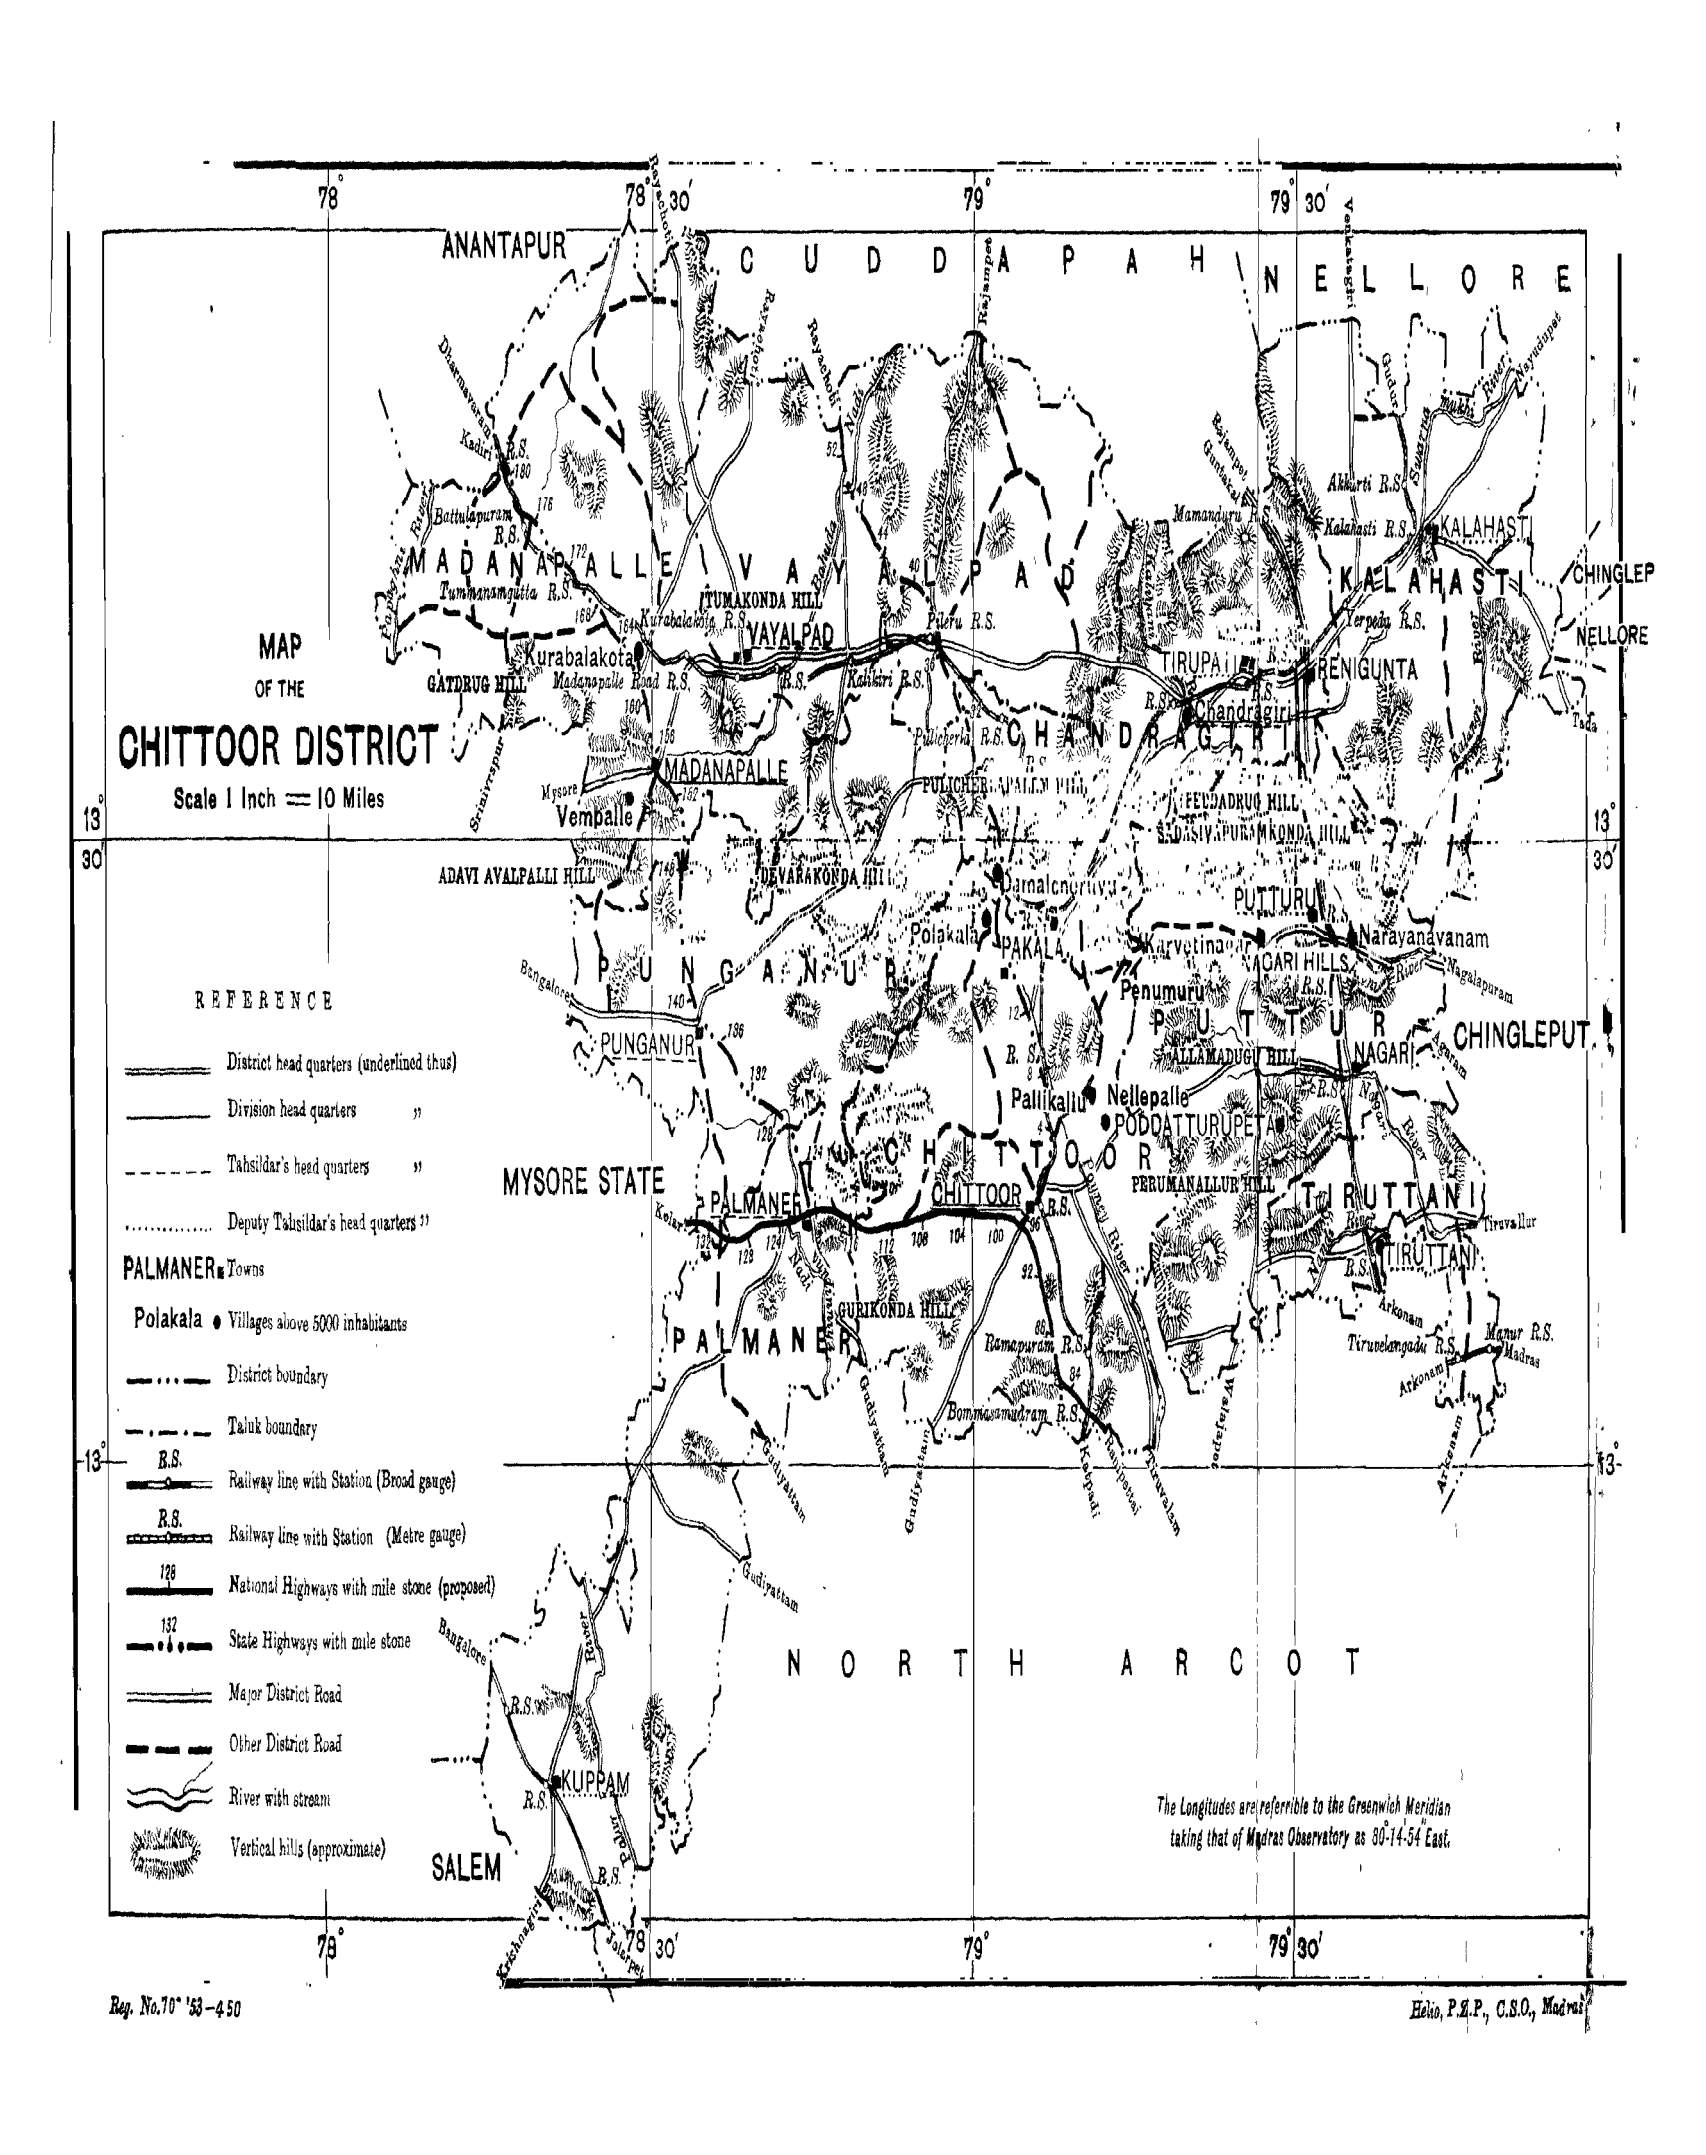

5. *Tables relating to Small-scale Industries.*—In the year 1950 a census of Small-scale Industries was instituted under the orders of the Government. The object was to get some idea about small industries, such as, cottage and home industries, small establishments, workshops, etc., where articles were produced, repaired or otherwise treated for sale, use or disposal and small mines. The enquiry was confined to establishments to which the Factories Act was not applicable. Individuals who worked on their own and did not employ other people were left out of account. From the data collected three Tables were prepared and they have been included in the Handbook. Information giving village-wise and ward-wise details of Small-scale Industries have been incorporated in the rural and urban statistics. The details collected and embodied in the Tables are not to be considered accurate or exhaustive, as the enumeration staff employed had not been trained for the purpose and some cases of under-enumeration were noticed. However, the figures given in the Tables may be sufficient to give an insight into the nature of the industries prevalent in the different parts of the district.

6. Opportunity has been taken to put in a short introductory note detailing the salient points connected with the district, such as the physical features, climate, rainfall, irrigation and drainage facilities, roads and other communications, crop statistics, education, industries and other matters of general interest. The information contained in the introductory note is based on the materials furnished by Collectors of districts and Departments of Government. The District Gazetteer was also freely referred to. The relevent paragraph of the 1951 Census Report discussing the growth of population in the district has also been incorporated in the proper place.

A district map showing taluk boundaries, physical features, important roads and places with a population exceeding 5,000 is also attached.

It is hoped that this Handbook will serve as a book of reference on matters relating to the district and that it will be found useful both by Departments of Government and the public.

J. I. ARPUTHANATHAN,
Superintendent of Census Operations, Madras.

Reg. No. 70° '53—450

Helio, P.E.P., C.S.O., Madras

INTRODUCTION

TO

CHITTOOR DISTRICT

I. (*a*) *Situation and physical characteristics.*—Chittoor district lies between 12° 37′ and 14° 0′ of the northern latitude and 78° 3′ and 79° 55′ of the eastern longitude. It is bounded on the north by Anantapur, Cuddapah and Nellore districts, on the east by Chingleput district, on the south by North Arcot district and on the west by the Mysore State. The villages of Varadikoppa, Bayappa, Reddihalli, Jodivolgalakoppa, Kayamgattaharakehinnapalli, Gallahalli, Hosepeta and Chinnaradoddi which were enclaves of the Mysore State were transferred to Palmaner taluk of this district recently with reference to the exchange of enclaves under the Provinces and States (Absorption of Enclaves) Order, 1950. The district consists of the following nine taluks comprised in two revenue divisions :—

Name of Revenue Division.	Head-quarters of division.	Names of taluks comprised in the division.	Area of taluk (square miles).	Headquarters of taluk.
Madanapalle.	Madanapalle.	Madanapalle.	836	Madanapalle.
		Vayalpad ..	802	Vayalpad.
		Punganur ..	648	Punganur.
		Palmaner ..	720	Palmaner.
Chandragiri.	Chandragiri.	Chandragiri.	548	Chandragiri.
		Kalahasti ..	615	Kalahasti.
		Puttur ..	564	Puttur.
		Tiruttani ..	379	Tiruttani.
		Chittoor ..	778	Chittoor.
		Total ..	**5,890**	

The district may roughly be divided into two regions, viz., (1) the hills and uplands and (2) the plains. The Eastern Ghats traverse the district from south-west to north-east. Starting from Kangundi in the south-west they run in a north-north-easterly direction across the Palmaner taluk and the eastern part of Punganur taluk, and then turning towards the east cut the Chittoor and Chandragiri taluks up to Tirupathi. Beyond Tirupathi the range is broken by a broad valley known as Mamandur Valley. East of Mamandur Valley the ghats follow a north-easterly course touching the Kalahasti taluk and enter Nellore. The country west of the ghats in the taluks of Palmaner, Punganur, Madanapalle and Vayalpad forms a plateau of 2,000′ to 2,500′ in elevation and is continuous with the Mysore Plateau. There are numerous hillocks in the plateau taluks of Madanapalle, Punganur and Vayalpad and in the eastern taluks of Kalahasti, Puttur and Tiruttani. The most prominent of them are the Horsely Hills (4,100′) in Madanapalle taluk and the Nagari Hills in Puttur taluk.

(*b*) *Rivers.*—The district is drained by some rivers flowing northwards in the northern part of the district and others flowing southwards and eastwards in the southern part of the district.

The Papaghny river having its source in Mysore State passes through the extreme west of Madanapalle taluk into Anantapur district.

The Bahuda river has its source in the Horsely Hills in Madanapalle taluk and flows north across Vayalpad taluk and enters the Cuddapah district to join the Pennar.

There are two other small rivers called Peddaeru and Chinnaeru in Madanapalle taluk.

The Pincha takes its source in Avulapalli forest in Punganur taluk and flows north across Punganur and Vayalpad taluks and joins the Bahuda river in Cuddapah district.

The Kundinya river flows south in the north-eastern part of Palmaner taluk and enters North Arcot district eventually to join the Palar river in that district.

The Palar coming from Mysore State flows across the southern portion of Palmaner taluk before it enters the North Arcot district.

The Poyney river rises in the Eastern Ghats and flows south across Chittoor taluk and enters North Arcot district to join the Palar in that district. The Poyney has three tributaries in Chittoor taluk, namely the Chittoor river, the Bahudanadi and the Godduvanka.

The Arani river flows roughly east from Puttur taluk into Chingleput district. The Nagari river flows through Puttur and Tiruttani taluks and joins the Kusastali river in Chingleput district.

The Swarnamukhi rises near Adenapalle village of Chandragiri taluk and passes through Kalahasti taluk and enters Nellore district. The river Kalyani is its tributary and flows in Chandragiri taluk.

All these rivers are dry for most of the year and contain supply only during rainy seasons. The beds of most of them, however have a high level of subterranean water.

(c) *Forests.*—More than a third of the area of the district consists of forests. The particulars of the area under the several categories of forests in the various taluks of the district are furnished below :—

Name of taluk.	Reserved forests. SQ. MILES.	Estate forests taken over. SQ. MILES.	Estate forests not taken over. SQ. MILES.	Total. SQ. MILES.
Madanapalle.	173·37	..	..	173·37
Vayalpad ..	134·04	..	56·25	190·29
Chandragiri.	231·08	10·00	29·00	270·08
Kalahasti ..	..	52·03	221·16	273·19
Punganur ..	..	..	400·00	400·00
Chittoor ..	105·47	74·46	100·00	279·93
Puttur ..	..	314·04	11·33	325·37
Tiruttani ..	..	149·60	20·31	169·91
Palmaner ..	174·36	99·20	..	273·56
Total ..	**818·32**	**699·33**	**838·05**	**2,355·70**

The reserved forests in Madanapalle taluk are dry deciduous type with fairly good growth yielding fuel and small timber. Sandal occurs considerably in the Horsely hills. The reserved forests in Vayalpad, Chandragiri, Kalahasti, Chittoor and Tiruttani taluks vary from dry deciduous species to thorny shrub with occasional evergreen. The Estate forests in these taluks are denuded and contain poor growth. The forests in Palmaner taluk are dry deciduous and ever green fit for fuel. There are also sandal bearing areas in the Palmaner forests. The forests in Punganur taluk contain fuel trees of deciduous type.

d) Climate and rainfall.—The district is served by both the north-east and south-west monsoons. The plateau taluks of Madanapalle, Vayalpad, Punganur and Palmaner get more rains during the south-west monsoon (June to September) than during the north-east monsoon (October to December). The district being situated in the interior, the monsoon clouds get thin when they reach the district.

The particulars of the average annual rainfall and the average number of rainy days in a year in the various taluks of the district are given below. The average is based on the records of the past 70 years.

Name of taluk.	Average annual rainfall. IN INCHES.	Average number of rainy days in a year.
Madanapalle	28·32	47·8
Vayalpad	30·52	47·0
Chandragiri	33·76	46·5
Kalahasti	43·13	49·4
Punganur	29·33	41·2
Chittoor	34·71	48·5
Puttur	35·32	49·9
Tiruttani	39·16	51·9
Palmaner	32·58	49·9

A statement showing the monthly mean of daily maximum and daily minimum temperature, the highest recorded and the lowest recorded temperature and the actual monthly rainfall in the year 1951 as recorded at Arogyavaram in Madanapalle taluk is given below :—

Months.	Temperature—1951. Mean of daily. Maximum.	Mean of daily. Minimum.	Highest recorded.	Lowest recorded.	Actual rainfall in inches, 1951.
January	80·7	59·2	83	54	0·00
February	86·4	61·3	92	57	0·00
March	92·5	67·4	97	62	0·19
April	92·3	71·5	96	67	1·54
May	94·5	73·7	100	67	4·04
June	88·3	72·5	93	70	2·57
July	85·6	71·7	92	68	4·57
August	88·5	73·5	93	70	2·87
September ..	87·9	71·2	92	68	0·28
October	86·8	69·6	90	64	2·21
November ..	82·1	65·3	87	60	2·35
December	80·7	58·6	85	53	0·00
For the year ..	**87·2**	**68·00**	**100**	**53**	**20·62**

The rainfall in 1951 is not representative of the normal annual rainfall for the district on account of the failure of the north-east monsoon in that year. On the whole the climate of the district is healthy. The plains portion, viz., the taluks of Chandragiri, Tiruttani, Puttur and Kalahasti is hot, but never unbearably so, while the elevated plateau taluks of Vayalpad, Madanapalle, Palmaner and Punganur on the west are a few degrees cooler, the heat rarely exceeding 95°. Chittoor taluk has a moderate climate.

(*e*) *Soils.*—The soils are mainly black or (Regada), Red (lal) and mixed (Mussub). The major portion of the soils are red. The distribution of the various types of soils is given below in thousands of acres for the taluks which were not Zamindari areas. The soil of Punganur taluk resembles that of Palmaner. There is much fertile loam in Tiruttani and Puttur taluks. The soil of Kalahasti taluk resembles that in the eastern portion of Chandragiri taluk.

Taluk 1000s acres.	Black			Red series.		
	Clay.	Loam.	Sand.	Loam.	Sand.	Total.
Chittoor	0·1	25·4	5·0	24·5	122·0	177·0
Chandragiri		14·2	4·6	7·8	26·4	53·0
Palmaner		..	..	8·0	96·0	104·0
Madanapalle .. .		..	..	26·1	193·8	219·9
Vayalpad		21·9	..	17·6	90·9	130·4

(*f*) *Irrigation facilities and liability to famine.*—There are no big irrigation works in this district. Cultivation of rainfed dry crops and commercial crops is resorted to extensively. Rearing of fruit gardens also engages the attention of the ryots. Paddy is raised with the aid of rainfed tanks and a few river and spring channels. Wells dug by ryots supplement the irrigation from these sources.

Madanapalle taluk.—There are 4 big tanks, namely, Peddatippasamudram tank Rangasamudram tank, Kandukur tank and the Chinnatippasamudram tank which give a dependable supply to their ayacuts. The other tanks in the taluk are precarious. Irrigation is supplemented to a large extent by private wells. The taluk frequently suffers from inadequate monsoon rains and it is susceptible to famine conditions.

Punganur taluk.—Rainfed tanks and private wells form the main irrigation sources. Due to scanty rainfall, the taluk is susceptible to famine conditions.

Palmaner taluk.—The river Kundinya irrigates some areas on the eastern side of the taluk. The other irrigation sources consist of rainfed tanks and private wells. The taluk occasionally suffers from famine conditions.

Vayalpad.—Rainfed tanks and private wells are the irrigation sources. The taluk is liable to famine in years of scanty rainfall.

Chandragiri taluk.—Spring channels from the Swarnamukhi and Kalyani rivers afford decent irrigation facilities. These are supplemented by private wells which contain good springs and some minor rainfed tanks.

Kalahasti taluk.—River channels from the Swarnamukhi river feed a number of tanks in this taluk. The taluk is not susceptible to famine unless the north-east monsoon totally fails.

Puthur taluk.—The Arani and Nagari rivers irrigate portions of this taluk. There are many rainfed tanks and a large number of private wells. The taluk is not generally susceptible to famine conditions.

Tiruttani taluk.—The Kusasthali and Nagari rivers provide some irrigation. Paddy is also raised under rainfed tanks supplemented by private wells. The taluk is liable to famine whenever there is failure of rains.

Chittoor taluk.—The taluk depends mainly on rainfed tanks and private wells. Successful harvest of wet crops raised in this taluk depends on the adequacy of the monsoon rains.

A statement showing the number of minor irrigation sources and their ayacut in each taluk is given below :—

Name of taluk.	Number of minor sources.	Ayacut under minor sources.	Number of major sources.	Ayacut under major sources.
		ACS.		ACS.
Anantapur ..	1,274	25,093	13	6,935
Vayalpad	1,807	24,605	4	972
Chandragiri ..	357	7,184	5	1,645

Palmaner . ..	925	18,469	4	1,017
Total .	**7,622**	**217,116**	**122**	**41,882**

(*g*) *Average area cultivated with food crops and commercial crops.*—Paddy is the chief food crop. Cumbu and Ragi are also extensively grown. Cholam, Korra, Varagu and Samai are grown in limited extents. Groundnut is the chief commercial crop. The area under fruits and vegetables is largest in Chittoor taluk. Sweet lime and mango varieties are grown extensively in the district. A statement showing the area cultivated with food crops, pulses and commercial crops in the various taluks of the district in the year 1949–50 which is a normal year for the district is given in *Annexure I.*

(*h*) *Communications*—(i) *Roads.*—Roads from the district lead to the adjoining districts and to the Mysore State. There are 1,728 miles of roads in the district

including 43 miles of municipal roads. Their classification and talukwise distribution except in the case of municipal roads are given below :—

Name of taluk.	National Highways.	Provincial Highways.	Major district roads.	Other district roads.	Village roads.	Total.
	MILES.	MILES.	MILES.	MILES.	MILES.	MILES.
Madanapalle	..	35	12	138	35	220
Vayalpad	..	22	68	98	47	235
Chandragiri ..	..	12	76	45	34	167
Kalahasti	..	..	60	30	65	155
Punganur	4	22	32	58	27	143
Chittoor	36	25	45	65	76	247
Puttur	..	..	64	41	45	150
Tiruttani	..	..	73	22	75	170
Palmaner	14	5	65	27	87	198
Total ..	**54**	**121**	**495**	**524**	**491**	**1,685**

The general condition of the roads in the district is satisfactory. The existing mileage of roads is fairly adequate. New roads are also under construction.

(ii) *Railways.*—The district is served by 68¼ miles of broad gauge and 165½ miles of metre gauge railway. The Madras-Bombay (Broad gauge) line traverses the taluks of Tiruttani, Puttur and Chandragiri. Madras-Bangalore (Broad gauge) line cuts the southern tip of Palmaner taluk. A metre gauge line from Katpadi on the Madras-Bangalore line connects Gudur on the Madras-Calcutta line traversing the taluks of Chittoor, Chandragiri and Kalahasti. This line cuts the Madras-Bombay line at Renigunta junction. A metre gauge line starting from Pakala junction on the Katpadi-Gudur line connects with Dharmavaram on the Guntakal-Bangalore line. This line traverses the taluks of Chandragiri, Punganur, Vayalpad and Madanapalle.

The District Headquarters of Chittoor and the Taluk Headquarters of Vayalpad, Chandragiri, Kalahasti, Puttur and Tiruttani are on the railway line.

(iii) *Posts and Telegraphs.*—There are a headpost and telegraph office, 17 sub-post and telegraph offices, 14 non-combined sub-post offices and 270 branch post offices in the district. Their talukwise distribution is furnished below :—

Name of taluk.	Branch Post Offices.	Non-combined Sub-post Offices.	Post and Telegraph Head Office.	Post and Telegraph Sub-Offices.
Madanapalle ..	29	3	..	2

II. (*a*) (i) *Growth of population.*—The particulars of population of the district and taluks in 1941–51 and the percentage of variation are furnished below :—

Name of district and taluk.	Population. 1941.	Population. 1951.	Percentage of variation.
Chittoor district	1,633,202	1,810,377	10·8
Madanapalle	173,591	197,289	13·7
Vayalpad	166,643	190,097	14·1
Chandragiri	149,726	165,198	10·3
Kalahasti	129,734	136,910	5·5
Punganur	134,487	147,398	9·6
Chittoor	301,187	340,717	13·1
Puttur	218,016	230.088	5·5
Tiruttani	218,057	232,941	6·8
Palmaner	141,761	169,739	19·7

The increase of population in the district in 1941–51 is 10·8 per cent, as against 12·8 in the previous decade. This is also a district affected by the failure of the north-east monsoon from 1947–48 onwards. The district depends mostly on rainfed dry crops and cultivation of paddy under rainfed tanks. The rural population in the western taluks of Madanapalle, Vayalpad, Punganur, Chittoor and Palmaner has increased by 12 per cent, 10·5 per cent, 9 per cent, 10·4 per cent and 19·3 per cent, respectively, as against 3·4 per cent in Kalahasti taluk, 1·9 per cent in Tiruttani taluk, a decrease of 1·1 per cent in Puttur taluk, and an increase of 2 per cent in Chandragiri. These figures should not cause any surprise, as the western taluks get the benefit of the south-west monsoon while the eastern taluks depend mostly on the north-east monsoon. Owing to the adverse seasonal conditions there have been migrations from the eastern taluks to adjoining districts and even to more distant place like the Kolar Gold Fields. In Palmaner taluk, there is a considerable extent of fertile land and cultivation of commercial crops has been increasing year by year. There has been industrial development in Palmaner and Kuppam towns, where industries like sandalwood factories, bonemeal factories, and quilt factories exist and trade in commercial produce has been increasing, with the result that the labourers even from Mysore State and Salem district and other places have migrated to this taluk and settled down there. Further, portions of seven enclave villages have been transferred to this taluk from Mysore State.

(Extracted from the Census Report—Part I.)

(ii) *Vital statistics.*—A statement showing the particulars of births and deaths and deaths due to various causes for the district for the decennium ended 1950 is given in *Annexure II.*

Both the average birth and death rates (28·9 and 18·8 per mille) respectively, were less than those (31·7 and 21·2 per mille) for the State. While the recorded birth rates were about the mean, the death rates,

especially from 1945 onwards, indicate a decline. In 1944, there was a very severe epidemic of cholera which covered nearly two-thirds of the cholera mortality in the decade. In the same year death rate from fevers was also high the rate being 10·6 per mille as compared with the average fever death rate of 4·9 per mille. Cases of plague were reported from the district in all the years of the decade. As the district is situated on the borders of Mysore State which is endemic for plague, it is exposed to frequent infection.

The infant mortality rate also has shown a downward-trend, the rates in 1941 and 1950 being 153·1 and 136·5 per thousand births, respectively.

(*b*) *Medical relief.*—A list of medical institutions in the various taluks of the district with their bed strength is given below :—

Madanapalle taluk—
Government Hospital, Madanapalle (40 beds).
Rural dispensaries at Burrakayalakota, Kothakota, Thamballapalle and Kalicherla.

Vayalpad taluk—
Local Fund dispensaries at Vayalpad, Kalikiri, Piler and Yerravaripalem.
Rural dispensaries at Gurramkonda and Rompicherla.

Chandragiri taluk—
Government Hospital, Tirupathi (31 beds).
Local Fund Dispensary, Chandragiri (2 beds).
Rural dispensaries at Pakala and Renigunta.

Kalahasti taluk—
Government Hospital, Kalahasti (16 beds).
Rural Dispensary, Kasaram.

Punganur taluk—
Local Fund Hospital, Sodam (4 beds).
Local Fund Dispensary, Punganur.
Rural Dispensary, Chowdepalle.

Chittoor taluk—
Government Headquarters Hospital, Chittoor (95 beds).
Rural dispensaries at Irala, Melpadi, Paradarani, M. V. Giri and Penumoor.

Puttur taluk—
Local Fund dispensaries at Puttur, Karvetnagar and Kuppambadur.
Rural Dispensary, Nimdra.

Tiruttani taluk—
Government Dispensary, Tiruttani (4 beds).
Local Fund Dispensary, Pallipet.
Rural dispensaries at Kanakammachatram and Athimanjeripet.

Palmaner taluk—
Government Hospital, Palamaner (16 beds).
Local Fund Dispensary, Kuppam (2 beds).
Rural dispensaries at Baireddipalle and Venkatagirikota.

There are two X-ray sets in the Government Headquarters Hospital at Chittoor.

A poor home for leprosy patients is maintained by the Tirupathi Devastanam with ten beds at Akkaranpalli.

There is a Tuberculosis Sanatorium at Madanapalle.

(*c*) *Water-supply and drainage arrangements.*—*Madanapalle taluk.*—There is no special water-supply and drainage arrangement in the taluk. One hundred and seventeen drinking water wells have been constructed by Government.

Vayalpad taluk.—A pumping installation has been set up in Vayalpad panchayat area. The reservoir is under construction, and is expected to be ready by 1st April 1953. One hundred and fifty-seven Government wells have been constructed in 68 villages.

Chandragiri taluk.—There is protected water-supply through pipes in Titupathi Municipality. There are also 50 draw wells in the Municipality. There is protected water-supply in Renigunta Panchayat. Twenty-four drinking water wells have been constructed by Government in the taluk and 83 well works are in progress.

Kalahasti taluk.—There are 99 drinking water wells constructed by Government in the taluk.

Punganur taluk.—There are 48 drinking water wells constructed by Government.

Chittoor taluk.—Arrangements are being made for water-supply through pipes in Chittoor Municipality. One hundred and eighty-eight Government wells have been constructed in the taluk and there is no place without drinking water wells.

Puttur taluk.—Forty-four drinking water wells have been constructed by Government and 118 well works are in progress.

Tiruttani taluk.—In Tiruttani Panchayat there is water-supply by means of pipe for a few houses. Five drinking water wells have been constructed in each of the panchayats of Tiruttani and Pallipat. The Government have constructed 244 drinking-water wells in the taluk.

Palmaner taluk.—Forty wells have been constructed by Government in this taluk.

(*d*) *Fairs and Festivals.*—The fairs and festivals in the various taluks of the district are detailed below :—

Madanapalle taluk—Fairs.—Weekly fairs are held at the village centres of Madanapalle, Kothakota, Burakayalkota, T. Sadam, Somapoliem, Ghattu, Mudivedu, Konvaripalli, Kurabalakota, Thamballapalli, Chinnatippasamudram, Kalicherla and Velligallu.

A cattle fair is held usually in the month of March in Kotala village and a cattle fair is held in May at Ghattu village after the car festival.

Festivals.—The car festival of Sri Venugopalaswami in Thetty village is celebrated annually once in a year during the month of April. It attracts a number of pilgrims. The car festival of Sri Venkataramanaswami is celebrated at Ghattu and Madanapalle during May every year.

Vayalpad taluk—Fairs.—The weekly shandies are held in the villages of Gurramkonda and Medikurthy and cattle fairs are held at Ellultala, Yerrakotapalli and Kalikiri villages.

Name of festival.	Places where celebrated.
Mahasivaratri ..	Kalakada and Telakona villages.
Sri Rama Navami ..	Sri Ramaswami temple at Vayalpad.
Car festival . ..	Sri Narasimhaswami temple at Tarigonda village.
Brahmotsavam ..	Sri Narasimhaswami temple at Kalikiri.

Chandragiri taluk—Fairs.—Weekly fairs are held in the villages of Ellanpalle and Pakala.

In Tirupati and on the Tirumalai hills there are the temples of Lord Venkateswara, Lord Govindarajaswami and Lord Ramaswami. Bramhotsavams, car festivals of all these temples are celebrated annually. The Bramhotsavam particularly on the Tirumalai hills attracts people from all over India.

Kalahasti taluk.—In Kalahasti town there is the ancient temple of Lord Siva. This temple attracts large crowds from all over India especially from the South for worship. Sivarathri festival is celebrated on a grand scale for a period of 10 days during which period, the car festival of Lord Siva is also celebrated. The temple is noted as containing one of the Panchalingams representing the five elements, viz., Ether, air, fire, water and earth ; that at Kalahasti is Vayulingam representing air.

Punganur taluk—Fairs.—Weekly shandies are held at Punganur, Mathurkur, Ramasamudram, Chembukar, Chowdepalli, Royalpet, Sankarayalpet, Kandur, Upparapalli, Nanjampet, Somala, Sodam, Nayanipakala and T. Sundravaripalli—

Festivals.—The annual car festivals mentioned below attract a large concourse of pilgrims :—

(1) The car festival of Sri Agastheswara Swami celebrated on the hill near Kothakota village of Punganur taluk during Mahasivarathri.

(2) The car festival of Sri Valeswaraswami celebrated on the hill near Ramasamudram village on Mahasivarathri day.

Moharrum festival is celebrated every year at Punganur on a grand scale, and it attracts large crowds from the surrounding places.

Chittoor taluk—Fairs.—Weekly shandies are held at the village centres of Yadmari, Venkatagiri, Gazulapalle, Paradaramai, Paimagam, Dakshinabramanapalle, Naraharipet, Puthalpet, Penumur and Develampet.

Festivals.—In Chittoor town Sri Ramanavami celebrations are conducted in Lord Kothandaramaswamy temple every year beginning from the day on which the festival of Sri Rama Navami falls. These celebrations attract large crowds generally from all over the district.

The annual car festival of Lord Varadarajaswamy is celebrated at Yadamari village during the month of June.

The car festival of the Lord Subramanyaswami is celebrated every year consecutively for a period of 10 days on the hills of Vellimalai village. This festival attracts more than ten thousand pilgrims.

There is a temple of Lord Mogiliswara at Mogili village in Bangaripoliem Zamin area in Chittoor taluk. Annual car festival of Lord Mogileswara is celebrated for five days commencing from the Sivarathri day, i.e., late in the month of February or early in the month of March. A large number of pilgrims from different parts visit the place during these days of celebrations.

Puttur taluk—Fairs.—Weekly fairs are held at the village centres of Pathagunta and Pachikapallem.

Festivals.—The car festivals of Droupathi Devi at Puttur in the month of Avani, Alankaram festival and Kalyana Venkateswaraswami car festival at Narayanavanam village are celebrated during the months of Avani and Vaikasi, respectively.

Tiruttani taluk—Fairs.—Weekly shandy is held at Palliput village.

Festivals.—The monthly festival of Krithigai (the day on which the moon traverses the constellation Krithigai: celebrated in the temple dedicated to Lord Sri Subramaniya at Tiruttani is important. The one occurring in the Tamil month 'Adi' (August-September) attracts large crowds from all parts of the State. There is another festival known as Fire Festival (Agni Gundam) during the month of May every year at Tiruttani. Large crowds gather to witness this too.

Palmaner taluk—Fairs.—Weekly fairs are held at the village centres of Lakkanapalle, Venkatagirikota, Ramakuppam, Bandapalle, Konganapalle, Rallabadugur, Gudipalle, Thumsi, Mullurkrishnapuram, Vizilapuram and Palmaner.

Festivals.—The annual festivals are celebrated at the following places in the taluk :—

Name of the village.	Name of the festival	Month of celebration.
Patrapalle ..	Sri Venkataramanaswami festival.	May.
Baireddipalle ..	Kothandaramaswami car festival.	March or April.
Kadapanatham ..	Nallakothandaramaswami car festival.	April.
Kolamasanapalle ..	Chella Rangaswami car festival.	March.
Palmaner ..	Sri Kasivisveswaraswami car festival.	For about a week in February.
Palmaner ..	Gangajathra	For about a week in May.
Kanamanapalle ..	Narasimhaswami car festival.	May.
Cheeniangaripalle.	Kothandaramaswami car festival.	May.

III. *Educational institutions.*—A statement showing the various kinds of educational institutions in each taluk and their strength as on 31st March 1951 is given in *Annexure III.*

IV. *Industry*—(i) *Cottage and small-scale.*—Particulars about the important cottage and small scale industries in each taluk and the number of persons employed in them are given in *Annexure IV.*

(ii) *Large-scale industries.*—The large-scale industries in the district consist of fourteen establishments of light metal industries employing 899 persons in Chandragiri taluk and six establishments of Sandalwood oil and some Chemical industries employing 103 persons in Palmaner taluk.

V. *General.*—Chittoor and Tirupathi are the two municipalities in the district.

The Thirumalai Hills near Tirupathi where the famous temple of Lord Venkateswara is situated is one of the most famous Hindu pilgrim centres in South India.

Kalahasti is famous for its Siva Temple.

There is a Union Mission Tuberculosis Sanatorium at Arogyavaram, four miles from Madanapalle.

Chandragiri is famous for the Fort (in ruins) of the old Rajahs of Chandragiri, scions of the Vijayanagar Dynasty.

The Talakona water-falls in Vayalpad taluk is a pilgrimage centre where thousands of pilgrims congregate during the Mahasivaratri festival.

13. CHITTOOR DISTRICT.

PART I

Section (i)

A—GENERAL POPULATION TABLES.

A—Area, Houses and Population.

This table shows for the rural and urban areas of each taluk and for the district, the area, the number of inhabited villages and towns, occupied houses and the total population with distribution by sex.

2. The district area shown in column (2) of this table is that supplied by the Surveyor-General of India. Area figures furnished by the Central Survey Office, Madras, have been adopted for the taluks. The total area of the taluks as furnished by the Central Survey Office, Madras shown within brackets in column (2) differs from the area of the district furnished by the Surveyor-General.

3. "Village" is the revenue administrative unit within defined boundaries. This table gives particulars in respect of all villages containing one or more groups of habitations. Villages with no habitations are not included in this table.

4. "Town" is a place of usually not less than 5,000 inhabitants, possessing distinct urban characteristics. Cantonments have been treated as forming part of the towns in which they are situated. The following places not having the population minimum of 5,000 has been treated as towns for the reason that they possesses definitely urban characteristics.—

(1) Pakala in Chandragiri taluk.

(2) Renigunta in Chandragiri taluk

5. "*House*".—Every dwelling with a separate main entrance has been treated as a house for census purposes.

Taluk.	Area in sq. miles.	Villages.	Towns.	Occupied houses.		
				Total.	Rural.	Urban.
(1)	(2)	(3)	(4)	(5)	(6)	(7)

13. CHITTOOR DISTRICT.

A-II—Variation in Population during fifty years.

This table compares the population of the district and of each taluk in the district as ascertained at the Census of 1951 with the corresponding figures of the five previous Censuses. The figures recorded at the previous Censuses have been adjusted for subsequent territorial changes, if any, in order to afford a correct basis of comparison. The adjusted figures show the population of taluks and the district as constituted at present.

2. The main territorial change that occurred during the decade is the absorption of the following villages from Mysore State into this district :—

Varadikoppa, Bayappa, Reddihalli, Jodi Volagalakoppa, Kayamgattaharakehinnapalli, Gallahalli, Hosepeta and Chinnaradoddi.

The absorption of these villages into the district involves a net addition of 807 persons (396 males and 411 females) to its population.

13. CHITTOOR DISTRICT.

A-III—Towns and Villages classified by Population.

This table shows the total number of inhabited towns and villages in each taluk of the district distributed on population basis under three main heads with sub-heads under each as follows :—

(1) Towns and villages with less than 2,000 population—

(*a*) Population with less than 500.
(*b*) Population between 500 and 1,000.
(*c*) Population between 1,000 and 2,000.

(2) Towns and villages with population of 2,000 to 10,000—

(*a*) With population of 2,000 to 5,000.
(*b*) With population of 5,000 to 10,000.

(3) Towns and villages with population of 10,000 and above—

(*a*) With population of 10,000 to 20,000.
(*b*) With population of 20,000 to 50,000.
(*c*) With population of 50,000 to 100,000.
(*d*) With population of 100,000 and above.

II. For definition of a "Town" and "Village" see fly-leaf to Table A-I.

Taluk.	Number of inhabited towns and villages.	Total population.			Towns and villages with less than 2,000 population.

13. CHITTOOR DISTRICT.

A-IV—Cities and Towns classified by Population with variations since 1901.

This table shows the population and distribution of sex of cities and towns of the district at each of the last six enumerations.

2. The cities and towns have been arranged in this table according to their population in 1951 under the following six classes :—

Class.	Limits of population.
I	100,000 and over.
II	50,000 to 100,000.
III	20,000 to 50,000.
IV	10,000 to 20,000.
V	5,000 to 10,000.
VI	Under 5,000.

3. Where possible, the former population of p... ce treated for the first time as towns in 1941 and at ... hi Census, has been extracted from Village Statistics. W... re this could not be done, the columns have been ... blank.

4. The population of towns for previous Censu are those then recorded. No adjustments have been m for intervening changes in area.

5. Municipality, Panchayat and Cantonment ... indicated by the use of the letters (M), (P), (C), respective within brackets.

6. Towns newly apppearing at this Census have be printed in *italics*.

* Chittoor district was formed only between 1901 and 1911.

A-V—Towns arranged talukwise with Population by Livelihood Classes.

This table shows the analysis of the Urban population in towns by livelihood classes, instead of by communities as in the previous Censuses.

2. Under the Indian Census Economic Classification Scheme, the people have been divided into two broad livelihood categories, viz., the Agricultural classes and the Non-agricultural classes. There are four Agricultural classes and four Non-agricultural classes as shown below :—

(i) *Agricultural Classes.*

I. Cultivators of land wholly or mainly owned and their dependants.

II. Cultivators of land wholly or mainly unowned and their dependants.

III. Cultivating labourers and their dependants.

IV. Non-cultivating owners of land, agricultural rent receivers and their dependants.

(ii) *Non-Agricultural Classes.*

Persons (including dependants) who derive their principal means of livelihood from—

V. Production (other than cultivation).
VI. Commerce.
VII. Transport.
VIII. Other services and miscellaneous sources.

3. In this table the figures for the agricultural livelihood classes I to III are not given separately, but have been clubbed together.

4. The towns in each taluk of the district are arranged in the order of their population as in Table A-IV.

5. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively within brackets.

6. For the definition of a "Town" see fly-leaf to Table A-I.

7. Towns newly appearing at this census have been printed in *italics*.

E—Summary figures by Taluks.

The data contained in this table have been given for each taluk in the district.

2. The areas shown in column (2) of the table for the district and the taluk "total" are the latest figures furnished by the Central Survey Office, Madras. The areas given for "urban" are those furnished by the District Officers. The areas for "rural" have been obtained by deducting the figures for "urban" from those for district and taluk "total."

3. The district area furnished by the Surveyor-General, India, which has been shown in Table A-I, could not be adopted in this table as talukwise figures have not been furnished by him. The district areas given by the Surveyor-General differ in varying degrees from those furnished by the Central Survey Office, Madras.

4. Previous census figures of population have been adjusted with reference to the transfer of enclaves from the Mysore State to this district. The rural and urban population figures have been taken as they were at the 1941 and 1931 Censuses and as they are at the present census, regardless of the changes of rural areas into urban areas and *vice versa* from census to census, for the purpose of calculating percentage variation between 1931 and 1941 and between 1941 and 1951. For calculating density for "rural" and "urban" for 1941, the areas of the towns newly formed at the present census rounded to the nearest square mile have been deducted from the areas given for urban in column (2) for 1951 and added to the areas given for "rural", in the districts and taluks where new towns have been recognized.

E—Summary figures by Taluks.

B—ECONOMIC TABLES.

B-I—Livelihood Classes and Sub-classes.

This table shows by rural/urban break-up for each census tract in the district, the distribution of population, sex-wise, among the eight livelihood classes and the three sub-classes, viz., self-supporting persons, non-earning dependants and earning dependants under each livelihood class into which the economic characteristics of the people have been classified under the I.C.E.C. Scheme—vide fly-leaf to Table A-V.

2. The areas comprised in each of the Census tracts into which this district has been delimited for the purposes of Census tabulation are given below :—

Rural Tracts.

No. 109	.. ..	All the villages and panchayats not treated as Census towns in.	Madanapalle taluk.
No. 110	.. ..	Do.	Vayalpad taluk.
No. 111	.. ..	Do.	Chandragiri taluk.
No. 112	.. ..	Do.	Kalahasti taluk.
No. 113	.. ..	Do.	Punganur taluk.
No. 114	.. ..	Do.	Chittoor taluk.
No. 115	.. ..	Do.	Puttur taluk.
No. 116	.. ..	Do.	Tiruttani taluk.
No. 117	.. ..	Do.	Palmaner taluk.

Non-City Urban Tracts.

No. 29—Madanapalle town in Madanapalle taluk, Vayalpad town in Vayalpad taluk, Punganur town in Punganur taluk and Palmaner and Kuppam towns in Palmaner taluk.

No. 30—Tirupathi, Renigunta and Pakala towns in Chandragiri taluk. Kalahasti town in Kalahasti taluk, Puttur and Nagari towns in Puttur taluk, Chittoor town in Chittoor taluk and Tiruttani and Proddaturpet towns in Tiruttani taluk.

3. The livelihood classification is based on the principal means of livelihood of the self-supporting persons, the principal means of livelihood for earning and non-earning dependants being the same as that of the self-supporting persons on whom they are dependant.

4. " The principal means of livelihood " is the means of livelihood which provides the largest or the major part of the income in the case of self-supporting persons who have more than one means of livelihood. In the case of other self-supporting persons, it is the only means of livelihood.

5. A person has been regarded as " Self-supporting " if the income secured by the person is sufficient at least for his (or her) own maintenance at the level of living and adopted by him (or her) at the time of the Census. The income secured may be in cash or kind. Anyone who is not a " Self-supporting " person in this sense has been regarded as a dependant. An " earning dependant " is a person who secures an income which is not sufficient to support him (or her). A person who does not secure any income either in cash or kind, is a " non-earning dependant ".

6. The non-earning dependants include persons performing housework or other domestic or personal services for other members of the same family household, but do not include " unpaid family workers " or persons who take part along with the members of the family household in carrying on cultivation or a home industry as a family enterprise. These latter persons have been classed as either self-supporting or earning dependants according to the share of income attributable to them.

7. The self-supporting persons shown in Livelihood Class VIII include also persons who derive their income otherwise than through productive activity, i.e., persons coming under the following groups, details for which are given in the fly-leaf to Economic Table B-III :—

(1) Persons living principally on income from non-agricultural property ;

(2) Persons living principally on pensions, remittances, scholarships and funds ;

(3) Inmates of jails, asylums, alms houses and recipients of doles ;

(4) Beggars and vagrants ; and

(5) All other persons living principally on income derived from non-productive activity.

13. CHITTOOR DISTRICT.

B-II—Secondary means of Livelihood.

This table gives for the district the number of persons, in each of the eight livelihood classes mentioned in Economic Table B-I, who possess a secondary means of livelihood; and cross classifies them (according to the nature of such means of livelihood) under the same eight livelihood classes.

2 The secondary means of livelihood shown for self-supporting persons is the means of livelihood next in importance to their principal means of livelihood. In respect of earning dependants, it is the means of livelihood which provides the earning, or the largest part of their income if they have more than one source of income.

3. Non-earning dependants and self-supporting persons who have no secondary means of livelihood are excluded from this table.

Livelihood classes.	Number of persons deriving their secondary means of livelihood from I. Cultivation of owned land.

13. CHITTOOR DISTRICT.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

This table gives figures for each Census tract in the district. The areas comprised in each Census tract denoted by its number in column (1) have been specified in the fly-leaf to Table B-I. In this table the self-supporting persons in the four non-agricultural classes given in economic table B-I are distributed in the various divisions and subdivisions of Industries and Services under the Indian Census Economic Classification Scheme, according to their Secondary Economic Status, namely, employer, employee, and independent worker.

2. (An) Employer (is) a person who employs other persons in order to carry on the business from which he secures his livelihood and pays them a salary or wage in cash or kind.

3. (An) Employee (is) a person who ordinarily works for some other person for a salary or a wage, whether in cash or in kind in order to earn his livelihood.

4. (An) Independent worker (is) a person who works on his own without being employed by anyone for a salary or wage and who does not also employ anyone else in order to earn his livelihood.

5. Under the New Indian Census Economic Classification Scheme all employers and independent workers have been classified with reference to the commodity produced or services performed by them individually. As regards employees, all persons engaged in Production, Commerce, or Transport (and not being domestic servants) have been classified with reference to their own activity and without reference to that of their employer. Domestic servants have been classified in one subdivision without reference to the nature of their work. All other employees (including all managerial and supervisory employees, clerical services, messengers, watchmen and unskilled labour of every description) have been classified with reference to the commodity produced or services rendered by their employers.

6. The Non-agricultural classes classified in Economic Table B-I, correspond to the divisions and subdivisions into which they are distributed in this table as follows :—

Livelihood class.	Division and subdivisions of the I.C.E.C. Scheme.
(1)	(2)
Class V—Production other than cultivation.	Division 0—Primary Industries not elsewhere specified.
	Division 1—Mining and Quarrying.
	Division 2—Processing and Manufacture of Foodstuffs, Textiles, Leather and Products thereof.
	Division 3—Processing and Manufacture —Metals, Chemicals and Products thereof.
	Division 4—Processing and Manufacture —Not elsewhere specified.
Class VI—Commerce.	Division 6—Commerce.
Class VII—Transport.	Subdivisions 7·0 to 7·4 of Division 7—Transport, Storage and Communications.
Class VIII—Other services and miscellaneous sources.	Division 5—Construction and Utilities.
	Division 7—Transport, Storage and Communications with the exception of subdivisions 7·0 to 7·4;
	Division 8—Health, Education and Public Administration ; and
	Division 9—Services not elsewhere specified.

Class VIII also includes persons who derive their principal means of livelihood from miscellaneous sources (otherwise than through economic activity), e.g., income from investments, pensions and family remittances, proceeds of begging and other unproductive activities. These are not however, included in this table as it is limited to industries and services. Hence there will be difference to this extent between the total self-supporting persons of the non-agricultural class in Economic Table B-I and the total of this table. The reconciliation will be effected by adding the figures given in the next paragraph.

13. CHITTOOR DISTRICT.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

7. Details of persons who derive their principal means of livelihood otherwise than through productive activity and who are included under livelihood class VIII mentioned in the fly-leaf to Economic Table B-I are given below :—

Tract No.	Total.			Persons living principally on income from non-agricultural property.		Persons living principally on pensions, remittances, scholarships and funds.		Inmates of jails, asylums, alms houses and recipients of doles.		Beggars and vagrants.		All other persons living principally on income derived from non-productive activities.

SMALL-SCALE INDUSTRIES.

I—Distribution of Small-scale Industries by Tracts.

This table gives for each census tract, the number of small-scale industrial establishments under categories, non-textile and textile, with details for perennial and seasonal establishments.

2. The table covers only those establishments, to which the Factories Act does not apply. It relates, therefore, to all associate activities, where articles are produced, repaired or otherwise treated for sale, use or for disposal. Small mines not covered by the Indian Mines Act have also been included. The table does not include plantation industries of any kind.

3. The areas covered by each Census tract in the district denoted by its number in column (1) have been given in the Fly-leaf to Table B-I.

Tract No.	Total number of establishments.			Number of non-textile establishments.				Number of textile establishments.			
	Total.	Non-textile.	Textile.	Perennial (nine minths and over).	six months and over but less than nine months.	Three months and over but less than six months.	Less than three months.	Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Less than three months.

II—Employment in Textile Establishments.

This table gives for each Census tract the number of persons employed in the textile establishments shown in Table I. The occupations have been grouped with reference to the scheme of grouping adopted in the Indian Census Economic Classification Scheme.

2. 'Boys' and 'Girls' referred to in the table, refer to persons below 15 years of age.

3. The areas covered by each Census tract in the district have been given in the fly-leaf to Table B-I.

NOTE.—The symbols 'W.T.' and 'P.T.' adopted in this table stand for 'Whole Time' and 'Part Time'.

INFIRMITY.

I—Incidence of Leprosy by Livelihood Classes for Taluks.

This table shows for each taluk in the district the incidence of Leprosy among the population, males and females, by the eight livelihood classes.

2. Figures are given separately for Leprosy and Doubtful cases. The former refer to clear cases of Leprosy while the latter to suspected cases of Leprosy.

3. Information regarding the number of Leprosy cases and Doubtful cases in each village/town of each tract has been given in the appropriate Rural and Urban Statistics.

13. CHITTOOR DISTRICT.

Section (ii)

Rural Statistics.

This is an abstract giving a complete list of villages and towns in each taluk in the district with sex-wise distribution of population in each livelihood class in the villages alone. Among the other items of statistical information furnished, those relating to occupied houses, households, inmates of institutions and houseless persons and literates, were obtained from the National Register of Citizens prepared for each village from the information recorded in the enumeration slips. Village-wise statistics of textile and non-textile establishments collected in the course of the Census of Small-Scale Industries and the number of leprosy cases and doubtful cases are also given in the abstract.

2. For detailed explanation of the livelihood classes I to VIII see fly-leaf of general population Table A-V.

3. The areas included in each Census tract in the district have been furnished in the fly-leaf to Table B-I.

4. A list of villages with a population exceeding 5,000 but treated as rural is given below :—

List of villages with a population exceeding 5,000 but treated as rural

Taluk.	*Village.*
Madanapalle	Kurabalakota.
	Vempalle.
Chandragiri	Pakala.
	Damalcheruvu.
	Chandragiri.
Chittoor	Polakala.
	Pulikallu.
	Penumuru.
	Nellepalli.
Puttur	Karvetnagaram.
	Narayanavaram.

Rural Statistics.

Location Code number and name of village or town.	Area in sq. miles.	Occupied Houses.		Total number of persons enumerated (including inmates of Institutions and houseless persons).			Inmates of Institutions and houseless people.		Literates.	
		Number of houses.	Number of households.	Persons.	Males.	Females.	Males.	Females.	Males.	Females.

13. CHITTOOR DISTRICT.

PART II

C—HOUSEHOLD AND AGE (SAMPLE) TABLES.

C-1—Household (size).

This table has been prepared in respect of a population covering the members of sample households selected from the entries in the National Register of Citizens on the basis of one household for every one thousand households. The sample households selected include roughly every tenth household in every hundredth house-numbering block in the Rural areas and every fiftieth household in every twentieth house-numbering block or locality in Urban areas.

2. The Agricultural and the Non-Agricultural classes refer to the four agricultural and the four non-agricultural classes given in Table A-V. The Backward classes include the Scheduled castes, the Scheduled tribes and other classes not treated as non-backward by the State Government for the purpose of 1951 Census. Anglo-Indians are included among the non-backward classes.

3. Columns (2) to (5) of the table relate to all the households and household population in the entire tract and district while columns (6) to (17) relate to the sample households selected.

4. The figures have been given for each Census Tract denoted by its number in column (1). The areas covered by each census tract have been given in the fly-leaf to Table B-I.

Tract No.	Total number of households.	Total household population.			Total number of sample households.	Sample households.		
		Persons.	Males.	Females.		Sample of household population.		
						Persons.	Males.	Females.

13. CHITTOOR DISTRICT.

C-II—Livelihood Classes by Age-groups.

This table shows the livelihood distribution by age-groups for rural, urban and district totals in respect of a sample population based on a ten per cent sample taken out when the enumeration slips were initially sorted. The ten per cent sample was taken out as follows :—

Each enumeration pad which consisted generally of 100 enumeration slips was broken and the slips relating to displaced persons which had been noticed during the process of the preliminary scrutiny were removed from the pack of slips for being dealt with separately. The pack was then "cut" as in a card-game. The lower portion was placed above the upper portion and the slips were dealt into two pigeon-holes one marked "G" and the other marked "S" as follows :—

The first five slips were placed in the pigeon-hole "G" then one slip was placed in the pigeon-hole "S." Thereafter for every nine slips placed in the pigeon-hole "G" one slip was placed in the pigeon-hole "S" until the total number of slips left was less than 9 and these residuary slips were all put into hole "G". All the slips contained in the pigeon-hole marked "S" were taken out, counted and marked as "Sample" slips.

2 No smoothing formula has been adopted in preparing the table as in previous censuses and the figures have been tabulated as actually returned in suitable age-groups.

3 The figures under age "0" represent infants below one year.

Age-group.	Sample population.			Livelihood classes.					
				Agricultural classes.					
				I. Cultivators of land wholly or mainly owned and the dependants.		II. Cultivators of land wholly or mainly unowned and their dependants.		III. Cultivating labourers and their dependants.	
	Persons.	Males.	Females.	Males.	Females.	Males.	Females.	Males.	Females.

C-IV—Age and Literacy.

This is yet another table prepared in respect of the ten per cent samples of the general population (vide fly-leaf to Table C-II).

2. Age-groups 0 and 1 to 4 given in Table C-II have been combined into one age-group, and the age-group 5 to 14 has been split into two sub-groups 5 to 9 and 10 to 14. Persons of age-group 0 to 4 are treated as illiterate.

3. The figures are given for each Census tract in the district denoted by its number in column (1). The areas covered by each Census tract have been specified in the fly-leaf to Table B-I.

4. 'Literates' are those who are able to read and write any simple letter in any language.

5. Persons who are partly literate, i.e., persons who are able to read only, have been included among the illiterates. Details for such persons are given below :—

Age-groups.	Persons.	Males.	Females.
(1)	(2)	(3)	(4)
5–9	303	245	58
10–14	459	343	116

D—SOCIAL AND CULTURAL TABLES.

D-I—Languages.

(i) *Mother-tongue.*

This table shows for each Census tract in the district, denoted by its number in column (1) the languages spoken as mother-tongue and the number of persons speaking each one of them. The areas covered by each Census tract have been specified in the fly-leaf to Table B-I.

2. Mother-tongue means the language spoken by the person from the cradle. In the case of infants and deaf-mutes the mother-tongue of the mother is taken as the mother-tongue.
