SECTION I

C SERIES

CULTURAL TABLES

PRELIMINARY NOTE

The C Series Tables presented in this Volume relate to the social and cultural data collected during the 1961 Census. Except Table C--I, they deal with the social and cultural characteristics of the population, namely, age and marital status, literacy and educational levels, mother-tongue, bi-lingualism, religion and special characteristics of Scheduled Castes. No Scheduled Tribe was found in the State. They have been compiled from the data obtained from the following questions in the individual slip.

Serial No.	Question No.	Description
1	2	Age last birthday
2	3	Marital status
3	5 (b)	Religion
4	5 (c)	Scheduled Caste or Scheduled Tribe
5	6	Literacy and education
6	7 (a)	Mother-tongue
7	7 (b)	Any other language(s)

This is the first time in the history of Pondicherry State that such tables have been presented to the reader. The instructions issued for collecting the particulars will be found in the Annexure. The concepts employed will be indicated briefly.

Age:

Age has been reckoned in completed years. The collection of accurate age has always been a problem, more especially with illiterates. Their memory was, however, stimulated by referring to a calendar of outstanding occurances for the State.

Marital Status:

Marital status is another important information which has been collected during this Census. The classification of marital status adopted in the 1961 Census follow the recommendations of the United Nations based on International Census practices. Four classifications, *Viz.*, Never-married, Married, Widowed and Divorced or Separated have been adopted. A person is treated as Never-married only if he or she has at any time never entered the state of marriage. A person who has married once and has lost his wife or obtained a divorce will be shown as widowed or against 'Divorced'. A person is treated as Married if he or she is recognised by custom or society to be so and has been married in accordance with the religious rites or by registration or according to any custom or form of marriage recognised by his community or is in stable *de facto* union. A person is regarded as Widowed if he or she has lost his or her spouse by death and has not remarried. A divorced person is defined as one who after the marital ties have been severed by law or custom either social or religious, or by mutual consent has not married again.

Literacy:

Literacy is defined as the ability to read with understanding and to write a short statement in mother tongue or any other language. The test for literacy is satisfied if the person can write a simple letter in his mother tongue or in any other language. A person who knows only to read or a person who can write only figures and sign his name is treated as illiterate.

Mother-tongue :

Mother tongue is perhaps a more sensitive index of the ethnic origin than the birth place. we have defined mother-tongue as the language spoken by a person since early childhood. Along with this, two additional languages were recorded. The languages so recorded were those which a person speaks and understands best and can use with facility when communicating with others. It need not be used in a household and need not be an Indian language. But only one language has been tabulated and presented to the reader.

Religion and Caste :

Religion and caste are two other cultural aspects of the population. Two questions were put in 1961 Census—one dealt with religious affiliation of the individual enumerared and the other exclusively with Scheduled Castes and Scheduled Tribes. For this purpose, a list of Scheduled Castes and Scheduled Tribes was notified by the President and was given to the enumerator. Actually no such list was prepared specially for Pondicherry State. The list which applied to Madras was used in Pondicherry and Karaikal areas and the list which applied to Kerala to Mahe and the list which applied to Andhra Pradesh to Yanam. No Scheduled Tribe was found in the State.

Family Structure of the Population :

In this section a table has been included on the family structure of the population. It deals with the composition of the households. A household has been defined as a group of persons living together in the same house, not necessarily bound by ties of relationship and taking their meals from a common mess.

Under C series, the following 11 tables will be presented :

(i)	C	I		Composition of sample households by relationship to head of family
(ii)	C	II		Age and marital status
(iii)	C	III	Part A	Age, sex and education in all areas (both urban and rural population)
(iv)			Part B	Age, sex and education in urban areas (of urban population)
(v)			Part C	Age, sex and education in rural areas (of rural population)
(vi)	C	IV		Single year age returns
(vii)	C	V		Mother tongue
(viii)	C	VI		Bilingualism
(ix)	C	VII		Religion
(x)	C	VIII	Part A	Scheduled Castes-classification by literacy and industrial category of workers and non-workers
(xi)			Part B	Scheduled Tribes-classification by literacy and industrial category of workers and non-workers

The last mentioned table is not presented in this volume as there are no Scheduled Tribes in this territory. We will explain in brief the salient features of the tables included in this volume, at appropriate places.

ANNEXURE

EXTRACT OF INSTRUCTIONS ISSUED

Age in completed years last birthday :

Write age in years completed last birthday. For infants below one year of age, write 0. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events. You may use any local calendar of such events that may have been prepared for the purpose.

In the case of persons who do not know their age and whose age cannot be ascertained by means of reference to other members of the family or other local events, the Enumerator may enter an approximate age or if he still feels doubt, leave the space blank. The Supervisor might probably help him later in ascertaining the correct age.

Marital Status :

For never married	...	Write	NM
Married	...	Write	M
Widowed	...	Write	W
Separated or Divorced	...	Write	S

For a person who has never been married write 'NM'. For a person married, whether for the first or anothertime write 'M'. Write 'M' also, for persons who are recognised by custom or society as married and for persons in stable *de facto* union. Even if a marriage is disputed in the locality write 'M' if the person concerned says, he or she is married or in stable *de facto* union. For a widowed person whose husband or wife is dead, and who has not been married again, write 'W'. For a person who has been divorced in a lawful manner, either by decree of a law court or by a regular social or religious custom but who has not remarried, or a person who has been separated from wife or husband and is living apart with no apparent intention of living together again, write 'S'. For a prostitute return her marital status as declared by her.

There may be cases in which persons are living in conjugal union even though they are not married. Such persons should be shown as married if they declare that they are married or in stable *de facto* union.

Religion :

For	Hindu	...	...	Write	H
	Muslim	...	...	Write	M
	Christian	...	...	Write	C
	Jain	...	...	Write	J
	Buddhist	...	...	Write	B
	Sikh	...	...	Write	S

For others write the answers actually returned.

Scheduled Castes & Scheduled Tribes:

The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State or in your district, write the name of the caste or tribe to which he belongs. For all others, write 'X' in this column. A list of Scheduled Castes and Scheduled Tribes obtaining in your State or in your district is given elsewhere in these instructions.

If the person belonging to a Scheduled Caste or Scheduled Tribe returns his caste or tribe by a synonym or a generic name of a Caste or tribe as given in your list, write the name as returned and the name of the relevant caste or tribe, as per printed list, within brackets.

Do not write the names of Scheduled Castes in general terms as 'Harijan', 'Achhut'. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely 'Harijan', tell him that this description will not earn the person any benefit under the Constitution permissible to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

Scheduled Castes can belong only to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either 'H' or 'S' in the answer to question 5 (b). Scheduled Tribes may belong to any religion.

One list of Scheduled Castes and Scheduled Tribes has already been supplied to each enumerator and to the Supervisor. He should consult it and write the correct name of the caste.

Literacy and Education:

I. Illiterate or Literate

For a person

1. Who can neither read nor write or can merely read but cannot write in any language ... Write O

2. Who can both read and write ... Write L

The test for reading is ability to read any simple letter either in print or in manuscript i.e., if the person can read one of the examples in the Enumerator's Handbook with felicity he may be taken to have passed the test for reading. The test for writing is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

II. Standard of Education

If the person can both read and write and has also passed a written examination or examinations as proof of an educational standard attained, write the highest examination passed instead of 'L'.

Education is imparted in English, French, Tamil, Telugu and Malayalam. The standards of education fall generally under the following heads:

1. Literate (without educational standard)
2. Primary or Junior Basic—Upto Certificate in French or Tamil or Telugu or Malayalam. Upto VIII Standard in English.
3. Matriculation or S.S.L.C. including upto Brevet Elementaire in French or in vernacular

4. Technical standard not equal to degree e. g. Diploma issued by School of Arts, Pondicherry.

5. Non-technical diploma not equal to degree

6. University degree or Post-graduate degree other than technical degree e. g. Baccalaureat in French or Licence-es-lettres or Licence-es-Sciences or Licence en droit or Doctorat endroit.

7. Technical degree or diploma equal to degree or Post-graduate degree in

(a) Engineering
(b) Medicine
(c) Agriculture
(d) Veterinary and Dairying
(e) Technology
(f) Teaching
(g) Others

} Also equivalent degrees or diplomas in French.

The above indications will be useful particularly in urban areas.

Mother-tongue:

Write the mothertongue in full including dialect as returned by the person enumerated. Mother tongue is language spoken in childhood by the person's mother to the person or mainly spoken in the household. If the mother died in infancy write the language mostly spoken in the person's home in childhood. In the case of infants and deaf mutes give the language usually spoken by the mother.

The mother tongue of persons residing in this State will be broadly one of the following: Tamil, Telugu, Malayalam, French, Hindi, Hindustani, Urdu, Bengali, Mharatti, Gujerati, Tonkinoise, Vietnamese, Sinhalese, Laoten, Cambodgienne.

Any other Language (s):

After recording the mother tongue enquire whether the person knows any other language(s) Indian or foreign, and write the language(s) returned by him against this question. In case he does not know any other language put 'X'.

The number of languages recorded against this question should not be more than two. These languages should be other than his mother tongue which he speaks and understands best and can use with felicity in communicating with others. Such language or languages will exclude dialects of the same language.

These languages may be spoken only and the persons need not know to write them. Not more than two best spoken languages should be noted.

Scheduled Castes & Scheduled Tribes:

The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State or in your district, write the name of the caste or tribe to which he belongs. For all others, write 'X' in this column. A list of Scheduled Castes and Scheduled Tribes obtaining in your State or in your district is given elsewhere in these instructions.

If the person belonging to a Scheduled Caste or Scheduled Tribe returns his caste or tribe by a synonym or a generic name of a Caste or tribe as given in your list, write the name as returned and the name of the relevant caste or tribe, as per printed list, within brackets.

Do not write the names of Scheduled Castes in general terms as 'Harijan', 'Achhut'. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely 'Harijan', tell him that this description will not earn the person any benefit under the Constitution permissible to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

Scheduled Castes can belong only to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either 'H' or 'S' in the answer to question 5 (b). Scheduled Tribes may belong to any religion.

One list of Scheduled Castes and Scheduled Tribes has already been supplied to each enumerator and to the Supervisor. He should consult it and write the correct name of the caste.

TABLE C—I

Composition Of Sample Households
By Relationship To Head Of Family

FLY LEAF

This presents the households by family composition. It has been prepared on a 20% sample, and gives the total population of sample households, number of heads of households, number of spouses of the heads of households, married relations and other persons. Data on the family composition of the households are given for rural and urban areas separately.

TABLE C—II

Age And Marital Status

FLY LEAF

This deals with the marital status of the various age-groups and gives separate figures for rural and urban areas. The population is classified in each age-group under four categories of Never Married, Married, Widowed and Divorced or Separated. Marital status has been divided into 14 age groups, viz., 5 year age-groups from 10–69, 0–9 and 70+.

TABLE C—III

PARTS A, B & C

Age, Sex And Education

FLY LEAF

This deals with the educational standards of the population classified by sex and age-groups. This has 3 Parts—Part A giving the educational standards and age-groups of the total population, Part B dealing with the educational standards of urban population and Part C of the rural population. The age-groups adopted in the three Parts are 5 year age-groups upto 34, 35—44, 45—59 and 60+. In Part B dealing with the urban population, educational standards adopted for classification are different from C III Part A dealing with the total population and C III Part C dealing with the rural population. In C III Parts A and C people have been classified as illiterates and literates, which in turn has been sub-divided into Literates without educational level; Primary or Junior basic and Matriculation and above.

But in Table C III Part B, a more detailed classification has been attempted. The literates have been classified by the following 7 educational levels:

1. Literate without educational level
2. Primary or Junior Basic
3. Matriculation or higher secondary
4. Technical diploma not equal to degree
5. Non-technical diploma not equal to degree
6. University degree or post-graduate degree other than technical degree
7. Technical degree or diploma equal to degree or post-graduate degree with further divisions according to Technical subjects like Agriculture, Medicine,etc.

TABLE C—V

Mother Tongue

FLY LEAF

This table presents the number of speakers of each language with sex break-up. It gives the linguistic groups in each district (Area) separately for rural and urban areas.

The languages returned during this Census have been classified by the Linguist according to the Linguistic Survey of India. Notes 1 to 5 have been prepared by the Linguist.

Note 1 gives the names of mother tongues in Table C-V which have been classified in the Linguistic Survey of India. Their standardised spellings according to the Linguistic Survey of India and classification No. in the Linguistic Survey of India are given against each.

Note 2 gives the languages though classified in Linguistic Survey of India but has been tentatively classified or reclassified by the Linguist. Such mother tongues bear a mark of (+) against the names.

Note 3 indicates the non-Indian languages returned, classified by the mother tongues of other Asian countries and mother tongues of other continents. These mother tongues have been printed in italics in Table CV.

Note 4 gives a list of mother tongues appearing in Table CV which have been found unclassifiable by the Linguist. They are indicated by an asterisk(*) against the name.

In Note 5 the variant spellings or forms of mother tongue returns have been rationalised and shown.

An appendix showing the total number of mother tongues returned, number of mother tongues classified by Linguistic Survey of India, number of unclassified mother tongues, number of mother tongues classified by Linguistic Survey of India but reclassified by Linguist and number of mother tongues outside the Indian Sub-continent together with the speakers in each group by sex-break up is also given.

Note 1

(i) The following mothertongues arranged in alphabetical order in Col. 1 of the table given below as per Table C-V have been classified in the Linguistic Survey of India. The Linguistic Survey of India classification No. is mentioned against each mothertongue in Col. 3.

(ii) If in Col. 3 no Classification No. is given against any mothertongue of Col. 1, then it would mean that the name refers to either old or middle Indo—Aryan Language or a Language group or branch or family name from the Linguistic Survey of India.

(iii) Wherever a tongue is mentioned in Col. 3 it is to be understood that the mothertongue is either a dialect or another name or form of the tongue mentioned against it in Col. 1 which in its turn has been classified by the Linguistic Survey of India in the appropriate place for that tongue.

(iv) If in Col. 1 there is a tongue which bears no classification number in the Linguistic Survey of India, then in Col. 2 the name of the classified language or group will be given of which the mothertongue of Col. 1 is either a dialect or another name or form. In such a case the number of classified language of Col. 2 has been given in Col. 3.

(v) In Col. 2 standardized spellings according to Linguistic Survey of India has been given against each mothertongue of Col. 1.

TABLE C—VI

Bilingualism

FLY LEAF

This table furnishes the details of bilingualism or the Subsidiary languages known to each of the linguistic groups. It classifies the first subsidiary language returned in the Individual slip. It gives the strength of each linguistic group, the number of people who know any subsidiary language and the name of the subsidiary language known.

TABLE C—VIII

Scheduled Castes and Scheduled Tribes

Part-A— Classification By Literacy and Industrial Category of Workers and Non-Workers Among Scheduled Castes

FLY LEAF

This deals with Scheduled Castes and no Scheduled Tribe has been enumerated in Pondicherry. It gives the distribution according to the Industrial categories of workers and non-workers classified on the basis of their educational levels. This, however, presents only the total population of all Scheduled Castes. Special Tables on each Scheduled Caste will be presented in a later volume. Various categories of workers and non-workers have been classified either as literates or illiterates without adopting the detailed educational standards used in Table C-III.

SECTION II

D Series

MIGRATION TABLES

PRELIMINARY NOTE

The D Series presented in this Part contain data on the following characteristics of migrants:

1. Birth place
2. Rural and Urban classification of birth Place
3. Duration of residence
4. Nationality

No information is available on migration from Pondicherry State. Questions relating to migration and the instructions issued for the enumeration of correct particulars during 1961 Census are re-produced below:

Question 4 (a): Birthplace:

1. If born in village or town in which enumerated ... write PL
2. If born in another village or town of district in which enumerated ... write D
3. If born in another district in the State of enumeration ... write name of district
4. If born in another State in India ... Write name of district and state, if name of district is known; otherwise write name of State
5. If born in a country outside India e.g., Pakistan or any other country ... Write name of country
6. Persons born at sea or in air or in railway carriages or on road transport e. g., buses etc., should be entered as such

For Census purposes the four areas of the Pondicherry State are treated as four districts. If a person was born in one area, e. g., Karaikal and resides in another area, e. g., Pondicherry, during enumeration, the name of "Karaikal area" should be written. If, for example, a person was born in a village in Nedungadu Commune and is residing at Karaikal, the letter "D" should be written.

Question 4 (b): Born R/U:

1. If born in a village ... Write R
2. If born in a town which is considered a town at the present time even if it was not so considered at the time of birth ... Write U

In Pondicherry State five places have been declared as towns, viz. Pondicherry, Muthialpet, Karaikal, Mahe and Yanam. For persons born in any of these places "U" should be written.

Question 4 (c): Duration of residence, if born elsewhere:

1.	For a person born in village or town or city in which enumerated	... Write X
2.	For a person born in another village or town or city of district of enumeration or who was not born in the district of enumeration	... Write the number of completed years this person has been in the village/town/city of enumeration (Do not take into account periods of temporary absence on leave or holiday or tour or business)
3.	If the duration of residence is less than one year	... Write O
	If the duration of residence is one year or over	... Write the actual number of completed years of residence.

The answer to this question pertains only to migrants. i. e. persons who are born in places outside the village or town in which they are enumerated. The duration should be given in completed years only; any fraction of the year should be omitted. For example, for a person born in Nellitope residing in Pondicherry Town for 5 years 10 months, the duration of his residence should be shown as 5 years only.

Question 5 (a): Nationality :

1.	For Indian nationals	... Write I
2.	For other nationals	... Write the nationality in full

In Pondichery State, the Constitution of India has not been extended, as the DE JURE treaty between India and France has not yet been ratified. Constitutionally, therefore, the nationality of the persons who were French nationals at the time of the DEFACTO transfer remains. According to the treaty of 1958, the persons belonging to this State, i.e. the French nationals can, if they desire, opt within six months from the date of ratification, for French nationality. Those who will not do so, will after six months automatically become Indian nationals. In these circumstances, the enumerators and the supervisors who are mostly nationals of this State, can easily locate the nationality of the persons who are enumerated by means of simple queries. In the case of doubt between French and Indian nationality, the choice may be left to the person concerned and the answer returned by him as to his intention to embrace French or Indian nationality, should be recorded. There is no nationality as "French Indian" and hence the use of this term should not be permitted.

The following are the details of the Tables presented in D series.

Table D—I	...	Non-Indian nationals classified by their nationalities
Table D—II	...	Migrants classified by their places of birth
Table D—III	...	Migrants classified by their places of birth and duration of residence in places of enumeration
Table D—III—A	...	Migrants from other States of India and from foreign countries who have migrated within the last 5 years, classified by age-groups
Table D—IV	...	Migrants to cities classified by sex, broad age-groups, educational levels and occupational divisions and groups in the case of workers
Table D—V	...	Migrants to cities from the rural and urban areas classified by duration of residence
Table D—VI	...	Migrants classified according to their places of origin and categories of workers and non-workers

Of these Tables, Tables D—IV and D—V do not apply to Pondicherry State, as it has no city having a population of one lakh and above. Table D-III A has not been prepared for this State.

TABLE D—II

Place of Birth

FLY LEAF

This gives the number of migrants to the State as a whole and in each of the 4 areas, namely, Pondicherry, Karaikal, Mahe and Yanam classified by their places of birth. Birth places have been classified as rural and urban. It also gives the number of foreign born persons in each area classified according to the country of their birth, similar to those shown in Table DI-'Non-Indian Nationals.' Details for countries grouped under "Elsewhere" in the table is given in the Appendix to this table. Figures have been presented for the State as well for the areas for Total, Rural and Urban. This table will help us in studying the movement of migrants from rural to urban and vice-versa.

TABLE—D-III

Migrants Classified By
Place Of Birth And Duration Of Residence
In Place Of Enumeration

FLY LEAF

This gives the details of migrants classified by their places of birth and duration of residence where they were enumerated. The places of birth have been grouped as follows:

1. Born elsewhere in the district of enumeration
2. Born outside the district of enumeration but within the State of enumeration
3. Born in other States of India
4. Born in Nepal
5. Born in Pakistan
6. Born in other countries outside India

In the case of migrants from other districts of the State and other States of India, places of birth have been classified as rural and urban in addition to the rural, urban classification of the places in which they were enumerated. Figures for each of the other States in India have been presented separately. As regards migrants from other countries, those from the neighbouring countries of Nepal and Pakistan have been shown separately and those from others clubbed together. The duration of residence adopted is—

Less than 1 year
1 to 5 years
6 to 10 years
11 to 15 years
16 years and above
Period not stated

This table will help us in studying migration trends during definite periods of time.

TABLE D–VI

Distribution Of Industrial Categories Of Workers And Non-workers By Place Of Birth

FLY LEAF

Migrants from each place of birth classified under categories of workers and non-workers are presented in this Table. The classification of places of birth adopted in this Table and in Table D-II are similar except that, for persons born in countries outside India, figures are presented for each country. Migrants from each place of birth besides being classified into workers and non-workers have further been classified into nine industrial categories of workers. This Table has been prepared separately for Total, Rural and Urban. This table will help us in studying the occupational pattern of migrants from rural and urban areas within the State as well as outside the State.
