CULTURAL AND MIGRATION TABLES

PREFACE

The 1961 Census in Nagaland was carried out during an important transitory period in the history of this part of the Indian Union. On 1st December 1957, the former Naga Hills District of Assam was amalgamated with the Tuensang Division of the North East Frontier Agency to become known as the "Naga Hills Tuensang Area" (NHTA), under the administration of the Union Government, with the Governor of Assam acting as the Agent to the President. From 18th February 1961, in deference to the wishes of the Naga people this centrally administered territory was called "Nagaland" and a council designated as the "Interim Body" was constituted. Nagaland was inaugurated by the President of India as the sixteenth state of the Indian Union on 1st December 1963.

Since Nagaland is a small compact area, it was from the very beginning considered unnecessary to set up any elaborate Census machinery in Nagaland. Persuant to this, it was decided that the tabulation work of Nagaland would be undertaken by the Superintendent of Census Operations, Assam. Hence the main tables in this volume have been prepared in the Census Tabulation Office in Shillong (Assam). I, therefore, take this opportunity to express my gratitude to Shri E. H. Pakyntein, Superintendent of Census Operations, Assam and his tabulation staff. I am also grateful to Shri K.D. Ballal, Central Tabulation Officer, for a thorough checking of these tables.

The special tables on scientific and technical personnel have been prepared in the Mechanical Tabulation unit of the office of the Registrar General, India. I am thankful to Shri S. C. Sharma, Mechanical Tabulation Officer and his staff. The fly-leaf to the table C V has been prepared by Shri R. C. Nigam, Linguist, in the office of the Registrar General, India.

2. C-II	Age and Marital status.
3. C-III—Part A	Age, Sex and Education in All Areas.
C-III—Part B	Age, Sex and Education in Urban areas only.
C-III—Part C	Age, Sex and Education in Rural areas only.

8. C-VIII	Scheduled Castes and Scheduled Tribes.
Part A	Classified by literacy and Industrial categories of Workers and Non-workers among Scheduled Castes.
Part B	Classified by Literacy and Industrial categories of Workers and Non-workers among Scheduled Tribes.

Out of eight Cultural tables, Table C-1 has been prepared on a 20% sample of households and all the other tables have been prepared on the basis of full count. These tables, except table C-1 have been compiled from the answers recorded against the following Questions in the individual slip.

Question No.	*Description*
2	Age in completed years last birthday.
3	Marital status.
5(b)	Religion.
5(c)	Scheduled Castes and Scheduled Tribes.
6	Literacy and Education.
7(a)	Mother tongue.
7(b)	Any other language(s).

Table C-1 has been prepared from the data given in the Household Schedule.

According to Tabulation Plan, D-Series consists of six tables detailed below :

Migration tables (D-Series)

1. D-I	Non-Indian Nationals.
2. D-II	Place of birth.
3. D-III	Migrants classified by place of birth and duration of residence in place of enumeration.
4. D-IV	Migrants to cities classified by sex, broad age-groups, educational levels and in case of workers by occupational groups.
5. D-V	Cities showing population born locally, migrants from rural areas and migrants from other towns and cities.
6. D-VI	Distribution of Industrial categories of Workers and Non-workers by place of birth.

Of these tables, Tables D-IV and D-V relate to cities having a population of one lakh and above. As there is no city in Nagaland these two tables have not been prepared. The tables have been prepared from the replies to Questions 2, 4(a). 4(b), 5(b), 6, 8 to 11 and 13 in the individual slip.

A specimen copy of Individual slip and the instructions issued to enumerators for recording the answers to the questions in the individual slip are given at the end of this note.

The Industrial Categories of workers and non-workers in the 1961 Census have been discussed in the Introduction to Part II-B—General Economic Tables of Nagaland.

Each table is preceded by a fly leaf explaining the scope and method of presentation of the tables. The fly leaf to Table C-V-Mother-tongue, has been prepared by the Linguist, Office of the Registrar General, India.

EXTRACT FROM INSTRUCTIONS TO ENUMERATORS

Q.1(b) Relationship to the Head of the household.

In the case of the Head of the household write 'Head'. All relationships in this question should be recorded in respect of that person. In the case of relations write the relationship in full. Do not use words like nephew, niece or uncle, but state whether brother's or sister's son or daughter (for nephew or niece) or father's or mother's brother (uncle). 'Son' will include 'adopted son' or 'step son'; similarly for a daughter. In the case of visitors, boarders or employees write 'visitor', 'boarder' or 'employee' as the case may be.

If on the check or revisional round between the 1st and 3rd March the Head of the household as recorded previously is found to have died, the person in the Household who succeeds him by common consent as Head should be recorded as Head and the relationships in all other slips will have to be suitably corrected. The slip of the dead Head of household will, of course, be cancelled.

In the case of places like messes, boarding houses chummeries, etc., where people live together with no ties of relationship, the manager or superintendent or the person who by common consent is regarded as the Head should be recorded as Head of the household. Other members should be recorded as 'unrelated' in this question.

Q.2 Age in completed years last birthday.

Write age in years completed last birthday. For infants below one year of age, write '0'. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events, etc. You may use any local calendar of such events that may have been prepared for the purpose.

Q.3 Marital status.

For never married	write	NM
Married	write	M
Widowed	write	W
Separated or Divorced	write	S

For a person who has never been married write 'NM'. For a person married, whether for the first or another time, write 'M'. Write 'M' also for persons who are recognised by custom or society as married and for persons in stable *de facto* union. Even if a marriage is disputed in the locality write 'M' if the person concerned says he or she is married or in stable *de-facto* union. For a widowed person whose husband or wife is dead, and who has not been married again, write 'W'. For a person who has been divorced in a lawful manner, either by decree of a law court or by regular social or religious custom but who has not remarried, or a person who has been separated from wife or husband and is living apart with no apparent intention of living together again, write 'S'. For a prostitute return her marital status as declared by her.

Q.4(a) Birthplace.

1. If born in village or town in which enumerated	write PL
2. If born in another village or town of district in which enumerated	write D
3. If born in another district in the State of enumeration	write name of district.
4. If born in another State in India	write name district and State if name of district is known; otherwise write name of State.
5. If born in a country outside India *e.g.*, Pakistan or any other country	write name of country.
6. Persons born at sea or in air or in railway carriages or on road transport *e.g.*, buses, etc., should be entered as such	

Q.4(b) Whether born in a village or Town.

1. If born in village	write R
2. If born in a town which is considered a town at the present time even if it was not so considered at the time of birth	write U

Q.4(c) Duration of Residence.

1. For a person born in village or town or city in which enumerated	write X
2. For a person born in another village or town or city of district of enumeration or who was not born in the district of enumeration	write the number of completed years this person has been in the village / town/city of enumeration. (Do not take into account periods of temporary absence of leave or holiday or tour or business).

3. If the duration of residence is less than one year	write	O
If the duration of residence is one year or over	write the actual number of completed years of residence.	

Q.5(a) Nationality.

1 For Indian nationals	write	I
2. For other nationals	write the nationality in full.	

Q.5(b) Religion.

For Hindu	write	H
Muslim	write	M
Christian	write	C
Jain	write	J
Budhist	write	B
Sikh	write	S

For others write the answers actually returned.

Q.5(c) Scheduled Castes and Scheduled Tribes.

The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State, or in your district write the name of the caste or tribe to which he belongs. For all others, write 'X' in this column.

Do not write the names of Scheduled Castes in general terms as 'Harijan' 'Achhut'. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely 'Harijan' tell him that this description will not earn the person any benefits under the Constitution permissible to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

Scheduled castes can belong only to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either 'H' or 'S' in the answer to question 5(b). Scheduled Tribes may belong to any religion.

Q.6 Literacy and Education.

1.Illiterate or Literate

For a person

1. Who can neither read nor write or can merely read but cannot write in any language	write	O
2. Who can both read and write	write	L

The test for reading is ability to read any simple letter either in print or in manuscript. The test for writing is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

II. Standard of Education.

If the person can both read and write and has also passed a written examination or examinations a proof of an educational standard attained, write the highest examination passed instead of 'L'.

Q.7(a) Mother Tongue.

Write the mother tongue in full including dialect as returned by the person enumerated. Mother tongue is a language spoken in childhood by the person's mother to the person or mainly spoken in the household. If the mother died in infancy write the language mostly spoken in the person's home in childhood. In the case of infants and deaf mutes give the language usually spoken by the mother.

Q.7(b) Any other Language(s).

After recording the mother tongue enquire whether the person knows any other language(s), Indian or foreign, and write the language(s) returned by him against this question. In case he does not know any other language put 'X'.

The number of languages recorded against this question should not be more than two. These languages should be other than his mother tongue which he speaks and understands best and can use with felicity in communicating with others. Such language or languages will exclude dialects of the same language.

8 to 11. Working.

These questions apply only to workers. A person who is working may be working as a Cultivator, as an Agricultural Labourer, at Household Industry or may be doing any other work. You have to record the answers in questions 8, 9, 10 and 11 according as the person is working as a Cultivator or as an Agricultural Labourer or at a Household Industry or doing any other work.

He may be engaged in only one of the above four categories or in more than one. Thus a person can be working both as a Cultivator and an Agricultural Labourer, in which case he should be entered both in Q.8 and Q.9 Or, he may be working both as Cultivator and at Household Industry in which case he will be entered in Q.8 and Q.10 Or, he may be working in any possible combination of 8, 9, 10 and 11, in which case he will be entered in the appropriate places. Or, he may be doing just one kind of work in which case he will be entered in only one of the four Questions 8 to 11.

Detailed instructions as to how the answers should be recorded in the individual questions are given against those questions below. You should carefully study them before recording the answers.

For an undertrial prisoner enumerated in a Jail he should be recorded for the work or kinds of work he was doing before he was apprehended. Similarly, for a person temporarily in a hospital or similar institution he should be recorded for the kind of work he was doing before he was admitted into hospital or institution. But, for a convict in a prison or for long term inmates of penal or charitable or mental institutions, the person's previous work should not be recorded but 'I' should be recorded in Q.12 below.

The basis of work will be satisfied in the case of seasonal work like cultivation, livestock, dairying, household industry, etc., if the person has had some, regular work of more than one hour a day throughout the greater part of the working season. In the case of regular employment in any trade, profession, service, business or commerce the basis of work will be satisfied if the person was employed during any of the fifteen days preceding the day on which you visited the household. If on the check or revisional round such a person is found to be unemployed no change in the original entry should be made. A person who is working but was absent from his work during the fifteen days preceding the day on which enumerated or even exceeding the period of fifteen days due to illness or other causes should be treated as *worker*. A person who has been offered work but has not actually joined should be treated as *non-worker*. *Work includes not only actual but effective supervision and direction of work.*

Person under training as apprentices with or without stipend or wages will be regarded as working.

An adult woman who is engaged in household-duties but doing no other productive work to augment the family's resources should not be considered as working for purposes of this question. If, however, in addition to her household work she engages herself in work such as rice pounding for sale or wages, or in domestic services for wages for others or minding cattle or selling firewood or making and selling cowdung cakes or grass, etc., or any such work she should be treated as a worker.

Persons like beggars, pensioners, agricultural or non-agricultural royalty, rent or dividend recevers, who may be earning an income but who are not participating in any productive work should not be treated as working unless they also work in cultivation, industry, trade, profession, business or commerce.

A public or social service worker who is actively engaged in public service activity or a political worker who is also actively engaged in furthering the political activity of his party will be regarded as a worker and entered fully in Q.11.

Q.8. Working as Cultivator.

For a person working as cultivator write C. For a person not working as cultivator and for a person not working at all put X.

For purposes of the census a person is working as cultivator if he or she is engaged either as employer single worker or family worker in (a) cultivation of land or supervision or direction of cultivation of land owned or held from Government and (b) cultivation of land or supervision or direction of cultivation of a land held from private persons or institutions for payment in money, kind or share.

Cultivation involves ploughing, sowing and harvesting and does not include fruit growing or keeping orchards or groves or working for plantations like tea, coffee, rubber, cinchona and other medicinal plantations, should be entered in Q.10 or Q.11 as the case may be.

A person who has given out his land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land will not be treated as working as cultivator. Similarly, a person working in another person's land only as a labourer and has no right or lease or contract on land on which he works, nor is responsible for taking decisions as to which crops to sow and when, or taking the risks of cultivation and is paid wages in cash, kind or share such as share of produce (Agricultural Labourer) will not be treated as cultivator in this question.

Q.9. Working as Agricultural labourer.

Write AL for a person working as agricultural labourer, i.e., a person who works in another person's land only as a Labourer without exercising any supervision or direction in cultivation, for wages in cash, kind or share such as share of produce. For others put X. The labourer should have no right or lease or contract on land on which he works, nor should he be responsible for taking decisions as to which crops to sow and when, or taking the risks of cultivation. A share of the produce goes to him only as wages. He should have been working as Agricultural Labourer in the last or current cultivating season.

Qs.10(a) and 10(b) Household Industry.

If a person is working in a Household Industry write (1) the nature of work done by him in the Household Industry against question 10(a) and (2) the nature of the Household Industry against questions 10(b). Otherwise put X in both questions 10(a) and 10(b). A Household Industry is defined as an industry conducted by the Head of the household himself and or mainly members of the household at home or within the village in rural areas and only at

home in urban areas. The industry should not be run on the scale of a registered factory. Thus the main criterion for Household Industry is the participation of one or more members of a household in rural areas. In the urban areas the industry should be confined to the house. You should carefully keep in mind the definition of the Household Industry in the rural area if you are enumerating a rural area and the definition in the urban area if you are enumerating an urban area.

A Household Industry should relate to production, processing, servicing, repairing or making and selling of goods. It does not include professions such as pleader or doctor or barbar or waterman or astrologer.

A person though he may not be working in his own Household Industry may be working as a paid employee in another Household Industry. You should, therefore, enquire whether the person who is not working in his own Household Industry is working in any other Household Industry and if so, write the nature of the work done by him against question 10(*a*) and the nature of the Household Industry against 10(*b*).

Q.10(c). If employee in Household Industry.

This question will be filled up only for a person who is working as a paid employee in another person's Household Industry. In his or her case write EE. For all others put X.

The following examples will illustrate how questions 10 (*a*) to 10(*c*) should be filled up for persons working at Household Industry :—

Q.10. Working at Household Industry.

(*a*) Nature of work	(*b*) Nature of Household Industry	(*c*) If employee
1. Spinning yarn	Spinning yarn in Ambar Charkha	X
2. Dyeing and printing yarn	Handloom weaving	X
3. Thrashing and Cleaning grain	Flour making Chakki	X
4. Labourer employed for crushing oil	Oil ghani	EE
5. Tempering and polishing implements	Blacksmithy making agricultural implements	X
6. Labourer employed for making and firing kiln	Earthenware pottery	EE
7. Throwing and Turning pottery	Earthenware pottery	X
8. Making wooden doors and windows	Carpentry	X
9. Filling gold ornaments with lac	Goldsmithy	X
10. Labourer working Hosiery machine	Hosiery	EE
11. Keeping accounts	Hosiery	X
12. Polishing and scraping metal	Electroplating	X
13. Labourer employed for putting iron hoop on cart wheels	Cartwheelwright	EE
14. Repairing of guns	Gunsmithy	X
15. Bee keeping	Production of honey	X
16. Tending cattle	Livestock raising	X

Q.11. Doing work other than 8, 9 or 10

If a worker is not working as a cultivator or as an agricultural labourer or at any Household Industry write the actual work he is doing. If a person is working as a cultivator or as an agricultural labourer or at Household Industry and also does some other work (including dairying or livestock raising, orchard or plantation, etc., as distinct from cultivation of crops) which does not relate to any of the above categories, write the other work he does in this question. If he is engaged in more than one work and neither of them relates to any of the three categories mentioned above write here the work on which he devotes more time.

Q.11(a). Nature of work

In the case of persons not working or who work only as cultivator or as agricultural labourer or at Household Industry, put X.

Describe fully the nature of the work done by the person himself. Full and precise information as to the nature of work done by the person should be given either in the vernacular or in English or in vernacular transliteration of English. At previous censuses much trouble has been caused by inadequate answers, and if you do not succeed in obtaining satisfactory information on the individual slips you will be required to make a further visit for that purpose.

Q.11(b). Industry, Business, Trade, Profession or Service.

In the case of a person who is working and the nature of whose own work has been recorded in Question 11(*a*), you should write here the nature of industry, business, trade, profession or service in which the person works.

As in the case of Question 11(*a*), you should describe in detail the nature of industry, business, trade, profession or service in which the person works. Vague answers should be avoided. In the case of industries, the articles which are produced or serviced

or repaired, should be given. If more than one article is produced the chief article produced or serviced or repaired should be given. In the case of business or trade the principal article of trade should be described. In the case of service describe the nature of the service to which the person's work belongs. The description should be such that it would be possible to classify the establishment in which the person is working for purposes of industrial classification of the population. The description should be either in the vernacular or in English or in vernacular transliteration of English.

In the case of a person for whom an X is put in Question 11(*a*), put an X in this question also.

Important points to remember in Questions 11(a) and 11(b)

1. Women or children who help with work, such as rice pounding or doing domestic service for wages or minding cattle or selling firewood or making and selling cowdung cakes, grass, etc., should be described fully even if they work part-time. In the case of married or grown-up women who do any of the work mentioned above in addition to the usual household duties such work should be fully described and HW written in brackets after the full description.

2. If a person makes the articles he sells, he should be entered as maker and seller of them.

3. Wherever convenient, for complete description the work should be expressed by the vernacular name by which it is known.

4. The following are too vague and must not be used by themselves :—

Scientist, technician, civil servant, clerk, engineer inspector, checker, foreman, overseer, supervisor, labourer, machinist, assistant, contractor, polisher.

5. *Labourers*—For an unskilled labourer usually employed on one sort of work alone, give also the sort of work done, *e.g.*, railway porter, market or bazar porter, labourer employed on road digging, bricklayer's labourer. If accustomed to work on various jobs, write general labourer.

6. *Machine Operators*—Always state the kind of machine giving its recognised name, if any.

7. *Shop-keepers, Retail Dealers, Shop Assistants*—If wholly or mainly engaged in selling write 'Dealer' (if principal) or, Shop 'Assistant' or 'Salesman' (if assisting) and state whether the business is wholesale or retail or both. For shop assistants and salesman in stores with several departments, state the particular department in which engaged (*e.g.*, Ship and Railway Parts, Fans and Sewing Machines, Grocers and Confectioners).

8. *Transport Workers*—Describe fully the nature of the transport *e.g.*, air transport, rail transport, transport by motor car or motor cycle, or vehicle drawn by horse, etc.

9. *Services*—For a person engaged in the Defence Services write 'Service of Central Government'.

10. If the job is known in the trade or indusy by a special name, use that name. Manages, Foremen, etc., should be given the department/branch wherever applicable *e.g.*, Sales Manager or a Manager of Hardware Department, Machine Shop Foremen or Boiler Room Foreman, etc. The following terms are insufficient by themselves :—

Manufacturer, merchant, agent, broker, refractor, dealer, engineer and iron works, etc.

11. *Domestic services*—In the case of any private servant *e.g.*, a cook or domestic servant, write only 'private cook or domestic servant'. There is no Industry in his case but in the case of persons employed in hotels, restaurants, boarding houses, institutions, etc., the words hotel, restaurant, etc., should be added.

For persons in the employ of Firms carrying on two or more businesses, if the businesses are carried on in separate premises then the business carried on at the premises in which the person is employed should be given. If the businesses are carried on in the same premises but each has a separate organisation (*i.e.*, they have separate records of employment, production, etc.) then the apropriate business should be quoted. If, however, the two activities are carried on side by side then the major activity of the firm or establishment should be given.

12. *Commerce*—Special care should be taken to see that the distinction between retail and wholesale business is clear. As in industries, the goods handled should be clearly indicated.

Q.11(*c*). *Class of Worker*

For a person who is :

1. an Employer, that is, who hires one or more persons in his work described in Q.11(*a*)	write	MR
2. an Employee, that is, who does his work described in Q.11(*a*) under others for wages or salary in cash or kind	write	EE
3. a Single worker, that is, who is doing his work described in Q.11(*a*) without employing others, except casually and without the help of other members of the family except casually. This will include workers working as members of co-operatives	write	SW
4. a Family worker, that is, who is doing his work described in Q.11(*a*) in own family without wages or salary in cash or kind	write	FW

For a person for whom an 'X' is put in Qs. 11(a) and 11(b) put an X in this question also.

Explanation :—(i) An Employer is a person who has to employ other persons in order to perform the work entered in Q.11(*a*). That is to say, such a person is not only responsible for his own personal work but also for giving work to others in the business mentioned in Q.11(*a*). But a person who employs domestic servants for household duties or has subordinates under him in an office where he is employed by others is not an employer, even if he has the power to employ another person in his office on behalf of his own employer or employers.

(ii) An *Employee* is a person who usually works under some other person for salary or wages in cash or kind. There may be persons who are employed as managers, Superintendents, Agents, etc., and in that capacity employ or control other workers on behalf of their own employers. Such persons are only employees, as explained above, and should not be regarded as employers.

(iii) *A Single Worker* for the purpose of Q.11(*c*) is a person who works by himself but not as Head of Household in a Household Industry. He is not employed by any one else and in his turn does not employ anybody else not even members of his household except casually. This definition of a *Single Worker* will include a person who works in joint partnership with one or several persons hiring no employees, and also a member of a producers' co-operative. Each one of the partners or members of such producers' co-operatives should be recorded as 'Single Worker'.

(iv) *A Family Worker* is a member who works, without receiving wages in cash or kind, in an industry, business or trade conducted mainly by members of the family and ordinarily does at least one hour of work every day during the working season. For the purpose of the entire Q.11, such an industry should be on a scale larger than what has been covered in 'Household Industry' in Q 10 whether run at home or away from home in town or village and even away from village in rural area and should ordinarily be in the nature of a recognised partnership, joint stock company or registered factory. For the purpose of this definition members of a family may be drawn from beyond the limits of the household by ties of blood or marriage. The family worker may not be entitled to a share of the profits in the work of the business carried on either by the person or Head of the Household or other relative.

Members of the household who help solely in household duties should not be treated as family workers.

After you have filled up the answers to questions 8 to 11, if you find that in the case of any person more than one productive activity has been recorded *i.e.*, more than one of the questions, 8, 9, 10 or 11 has been filled up by some work you should ask him which one of the activities that has been recorded for him is his principal work. The principal work is the one on which the person spends most time. Put a ring round the number of the question 8, 9, 10 or 11 according to the work on which the person says he spends most time. you should invariably ask for the principal work where more than one work is recorded and put a ring round the question relating to the principal work.

It may be that in a few cases you find that you have recorded more than two productive activities in questions 8 to 11, *i.e.* more than two of the questions 8 to 11, would have been filled up by some work. In such cases you should first ascertain the principal work, *i.e.*, the one on which the person spends most time and put a ring round the number of the question. You should then ascertain the work which is the next in importance to his principal work, *i.e.*, the work after his principal work which occupies most time. You should put a tick against the question number of that work on the right hand side of the question number. The ring and the tick should be put clearly so that any difficulty will not be felt to recognise them clearly.

Q.12. *Activity, if Not Working*

This question will apply to a person NOT working.

Write 'X' in this question for a person who is working, that is, for whom you have recorded the work in any of the questions 8 to 11 above.

The following activities should be recorded in the case of persons NOT Working:—

1. For a full-time student or child attending school who does no other work, such as make articles at home for sale, nor even help part-time in his own family cultivation, industry, trade or business	Write	ST

2. For a person engaged in unpaid home duties (like housewife or other adult female) who does no other work, such as make articles at home for sale or wages, nor help regularly even part-time in family cultivation, industry, trade or business	Write	HW
3. For any dependent, including an infant or child not attending school, a person permanently disabled from work because of illness or old age	Write	D
4. For a retired person who is not employed again, rentier, person living on agricultural or non-agricultural royalty, rent or divident or any other person of independent means for securing which he does not have to work and who does no other work	Write	R
5. For a beggar, vagrant or independent woman without indication of source of income and others of unspecified source of existence	Write	B
6. For a convict in Jail (an under-trial prisoner will be shown as a worker if he used to work before he was apprehended) or an inmate of a penal, mental or charitable institution	Write	I
7. For a person who has not been employed before but is seeking employment for the first time	Write	NE
8. For a person employed before but now out of employment and seeking employment	Srite	UN

Explanation :—If a person, who does not work cannot be readily classified in any of the above categories put him in category 5 and write B in this question. A retired person who has taken up regular work again should not be entered in this question as he would have been entered for his new work in Questions 8 to 11.

A person who is not working but has been offered work which he has not joined should be included in item 3 and 'D' should be written. He should not be included in items 7 to 8.

Q.13. *Sex*

Write 'M' for Males; and 'F' for Females. For eunuchs and hermaphredites, write 'M'.

TABLE C-III—AGE, SEX, AND EDUCATION

Fly Leaf

This table shows the educational standards of the population classified by sex and age-groups. It has been prepared in three parts. Part A is for all areas, Part B for urban areas and Part C for Rural areas. The data have been presented for Nagaland as a whole and separately for its three districts. The age groups adopted are 0—4, 5—9, 10--14, 15—19, 20—24, 25—29, 30--34, 35—44, 45—59 and 60+.

In parts A and C, figures are given for the following educational levels.

(i) Illiterate;
(ii) Literate (without educational level);
(iii) Primary or junior basic; and
(iv) Matriculation and above.

In Part B which relates to urban areas only more detailed information relating to educational levels has been given as follows.

(*a*) Literate (without educational level),

(*b*) Primary or junior basic,

(*c*) Matriculation or Higher Secondary,

(*d*) Technical diploma not equal to degree,

(*e*) Non-technical diploma not equal to degree,

(*f*) University degree or post-graduate degree other than technical degree,

(*g*) Technical degree or diploma equal to degree or post-graduate degree in,

(i) Engineering;
(ii) Medicine;
(iii) Agriculture;
(iv) Veterinary and dairying;
(v) Technology;

(vii) Others.

In addition to the above data, an ancillary enquiry of Scientific and Technical Personnel was also conducted during the enumeration period of the 1961 Census. Eight special tables have been prepared from the information thus collected and the same are presented in the Annexure to Table C-III, preceded by an explanatory note.

The Registrar General, India,
Ministry of Home Affairs,
2A, Man Singh Road,
NEW DELHI-11

The information was collected in respect of those holding degrees in Science and diplomas equal to degrees. Persons holding the following degrees and diplomas were regarded as Scientific and Technical personnel.

1. Science : Any one holding B.A. or B.Sc., M.S. or M.Sc. or higher degrees (Ph.D. etc.) in Science subjects like physics, Mathematics, Chemistry, Agriculture, Geology, Geo-Physics, Geography, Zoology, Botany, etc.

2. Engineering : Any one holding a recognised degree or diploma in Engineering.

3. Technology : Any one holding a degree or diploma in technical subjects like chemical technology, leather technology, textile technology, glass and ceramics technology, food technology, etc.

4. Medicine : Any one holding degree or diploma or post-graduate degree in medicine or surgery and other allied subjects (both Indian and Allopathic).

Under-graduates and persons holding certificates but not diplomas or degrees were not considered. Sufficient number of cards were sent to the District Census Officers and Sub-Divisional Census Officers in Nagaland for distribution to the enumerators through the Charge Superintendents. Instructions were issued that during enumeration, the enumerator would either hand them over to persons possessing requisite qualifications or leave the card in the households where he finds scientific and technical personnel with a request to post the filled up cards direct to the Registrar General, India. The data have been processed and tabulated in the Office of the Registrar General, India, New Delhi and presented in the following eight tables.

1. Union and State Table I : Classification by each branch and sub-branch of science or technology ;

2. State Table II : Type of activity and marital status of persons in each branch of science or technology ;

3. State Table III : Year of obtaining post-graduate degrees in physical science and graduates and Doctorates in Engineering, Technology and selected branches of Medicine ;

4. State Table IV : Persons holding Degrees in Engineering and technology and also holding degrees in selected branches of physical science ;

5. State Table V : Nature and sector of employment of persons in each branch of science or technology ;

6. State Table VI : Total monthly Income of Persons employed in each branch of science or technology by sector of employment ;

7. State Table VII : Tenure and sector of employment of persons in each branch of science or technology ;

8. State Table VIII : Age and period of unemployment of un-employed persons classified in any branch of science or technology.

The procedure adopted for the special enumeration does not, however, ensure complete coverage for the following reasons and this should be borne in mind while studying the tables.

(*a*) Some Scientific and technical personnel may not have posted the cards to Registrar General, India.

(*b*) There was no check whether the enumerator handed over the card to an eligible person.

(*c*) The cards left in the household might not have reached the person concerned.

TABLE C-IV

Single Year Age Returns

TABLE C-IV—SINGLE YEAR AGE RETURNS

Fly-leaf

This table presents the distribution of population by single year ages with sex break-up. This table corresponds to Table C-V of 1951 Census which was prepared on the basis of a 10 per cent sample of population. The presentation is for each single year age from 0 to 100 years. Figures of age above 100 years have been lumped together. There are separate figures for "Age not stated". This is a very important table which will be useful for the study of mortality rates and preparation of life tables etc.

The table has been prepared separately for total rural and urban population down to district level. The statement which existed in pages 102 & 103 shows the returns for ages above 100 years.

TABLE C-V—MOTHER TONGUE

Fly-leaf

The notes on the C-V tables as given below, and the two appendices I & II have been prepared by the Linguist, in the Office of the Registrar General, India. (ii) If in Col. 3 no Classification No. is given against any mothertongue of Col. 1 then it would mean that the name refers to either old or middle Indo-Aryan language or a language group or branch or family name from the Linguistic Survey of India.

(iii) Wherever a tongue is mentioned in Col. 3 it is to be understood that the monther-tongue is either a dialect or another name or form of the tongue mentioned against it in Col. 1 which in its turn has been classified by the Linguistic Survey of India in the appropriate place for that tongue.

(iv) If in Col. 1, there is a tongue which bears no classification number in the Linguistic Survey of India then in Col. 2 the name of the classified language or group will be given of which the mother-tongue of Col. 1 is either a dialect or another name or form. In such case the number of classified language of Col. 2 has been given in Col. 3.

(v) In Col. 2 standardized spellings according to Linguistic Survey of India has been given against each mother-tongue of Col. 1.

TABLE C-VII

Religion

TABLE C-VII—RELIGION

Fly-leaf

This table shows the distribution of population professing different religions. Figures are given separately for each of the following six numerically important religions :

(1) Buddhists,

(2) Christians,

(3) Hindus,

(4) Jains,

(5) Muslims, and

(6) Sikhs.

The figures for all other religions have been collectively presented under the heading 'Other Religions and Persuasions'. In Nagaland, majority of the NAGAS who are Christians have enumerated themselves as Christians and they have been presented under 'Christians'. Other Nagas who are not Christians and who profess their own tribal religion had enumerated themselves as Nagas, Atheist, etc., have been shown under 'Other Religions and Persuasions'. Nagas have also returned their religions as 'Hindus' have been presented under Hindus, but it is to be borne in mind that many Nagas who continue to profess their own tribal religion are inaccurately described (and call themselves) as Hindu Nagas to distinguish them from Nagas who are Christians.

TABLE D-I

Non-Indian Nationals

TABLE D-I—NON INDIAN NATIONALS

Fly-Leaf

This table shows the figures of non-Indian Nationals enumerated in Nagaland at the time of 1961 Census. Data on non-Indian nationals have been classified according to their nationalities. The nationalities have been classified into the following five broad groups :

(i) National of countries in Asia beyond India (including U.S.S.R)

(ii) Nationals of countries in Europe (excluding U.S.S.R.)

(iii) Nationals of countries in Africa.

(iv) Nationals of countries in two Americas.

(v) Nationals of countries in Oceania.

As the non-Indian nationals resident in Nagaland belong to four countries (Burma, China, Nepal and Pakistan), only these have been printed in the table to economise space in printing.

Information relating to the nationals of other Asian countries has been grouped under 'elsewhere' in that continent. Nationals of countries included under 'elsewhere' have been shown in the appendix IV.

From the table, it may be seen that 2,305 persons, belonging to different foreign nationalities were enumerated in Nagaland. Out of these 2,305 persons, 2,299 persons alone belong to Nepal. The table has been prepared for Nagaland down to the district level.

TABLE D-II

Place of Birth

TABLE D-II—PLACE OF BIRTH

Fly-Leaf

This table shows the number of migrants in Nagaland classified by their places of birth. This table corresponds to table D-IV of the 1951 Census. An important change of the present table is that birth places of persons born in India have been classified into rural and urban areas. This table will be found helpful in studying the movement of population from rural to urban areas and from urban to rural areas.

TABLE D-VI

Distribution of Industrial Categories of Workers and Non-workers by Place of Birth

TABLE D-VI—DISTRIBUTION OF INDUSTRIAL CATEGORIES OF WORKERS AND NON WORKERS BY PLACE OF BIRTH

Fly-Leaf

This table shows the migrants classified by place of birth and cross tabulated by workers and non-workers with further classification of workers into nine Industrial categories. The table has been prepared separately for total, rural and urban population. In the case of 'total' and 'urban' the population has been classified into the following groups :

A Born in India.

B Born in countries in Asia beyond India (including U.S.S.R)

C Born in countries in Europe (excluding U.S.S.R)

D Born in countries in Africa.

E Born in countries in Two Americas.

F Born in countries in Oceania.

G Born at sea.

H Unclassifiable.

The line for 'unclassifiable' in Col. 2 of the table is omitted as the total figure under this category is less than 5% of total population in the group concerned.

Such of the states in India which have contributed less than 1% of the total population have been excluded from the main table but have been shown in the appendix V.
