ACKNOWLEDGEMENTS

At the 1971 Census it has been our endeavour to compile both Census and non-Census statistics at the village and block level in a uniform manner. To ensure that these statistics are available to the users as soon as these are sifted and compiled, the District Census Handbook has been divided into three parts. This is the first part of the series, the Village and Town Directory, which mostly comprises non-Census data.

We are deeply indebted to the State Government for their everwilling and prompt help to us at all stages. The District Census Handbooks are being published by us on their behalf. I wish to express my gratitude to Sri M. Lal, Chief Secretary to U.P. Government, for all the guidance and facilities afforded to us in the conduct of Census in this State. I am also grateful to Sri P. C. Pandey, Secretary, G. A. D. (Now Commissioner, Rohilkhand Division, Bareilly) and his successor, Sri A. P. Dixit, for the facilities given by them in sorting out various administrative matters relating to the publication of these Handbooks. I am extremely thankful to the District Officers for their whole-hearted co-operation in furnishing the desired information and the District Census Officers for their hard work and sustained efforts in collecting the same.

The programme for the printing of District Census Handbooks has been heavy indeed, more so as three parts are being published, one in Hindi and two in English. The arrangements made by Sri A. Dar, Superintendent, Printing and Stationery, U. P., Allahabad for the printing of these volumes, are thankfully acknowledged. Joint Superintendent, Sri J. S. Gupta, I/c New Government Press Aishbagh, Lucknow has also been extremely helpful in bringing out the maps

In the Census Office, everyone has done something for this stupendous task of compilation and collation of statistics, preparation of notes and reading of proofs. I am grateful to Sri K. S. Sinha, Deputy Director, Headquarters, the Tabulation Officer and other staff of the Technical Section, who have shared the burden and helped in bringing out these Handbooks.

I must also express my gratitude to Sri A.Chandrasekhar, Registrar General, India, Sri K. D. Ballal and Dr. B. K. Roy Burman, Deputy Registrars General and Sri K. K. Chakravorty, Central Tabulation Officer for their constant help and guidance despite their own heavy preoccupations.

Lucknow
Dated : October 3, 1972.

D. M. SINHA
Director of Census Operations,
Uttar Pradesh.

INTRODUCTORY NOTE

1. History of District Census Handbook.

It has been customary to bring out vital statistics at most of the Censuses. A list snowing the population of villages in each district was published after the 1891 Census. Such information was, however, not brought out in 1901. Village Directories were prepared for all districts in 1911, but could be published only for thirteen due to the outbreak of the First World War. At the 1921 Census, these were published for all districts in the form of District Census Statistics. In 1931 villagewise statistics were compiled but could not be published owing to financial stringency, resulting in loss of valuable data. At the 1941 Census, restricted tabulation was undertaken in the wake of the Second World War, but the utility of Census statistics was recognised and these were published. The District Census Handbook in its present form was brought out at the 1951 Census, and was published alongwith another volume titled District Population Statistics. In 1961 Census, attempts were made to render the District Census Handbook more informative, as in addition to Census data pertaining to each village, data about its level of develoment and amenities were also collected. At the 1971 Census, efforts have been made to compile both Census and non-Census statistics at village/town level in a uniform manner with an enlarged scope.

As the District Census Handbook makes Census statistics available for the smaller territorial units, it is constantly referred to for several purposes of administration, demarcation of electoral constituencies, planning the development and so on. To ensure that these statistics are available to the users early, the District Census Handbook has been divided for being published separately into three parts :

Part A : Town and Village Directory

Part B : Village and Town-wise Primary Census Abstract

Part C : Analytical Report and Administrative Statement—District Census Tables.

2. Scope of District Census Handbook.

Part A of the Handbook comprises the Town and Village Directory. In village Directory, particulars of amenities in regard to Education, Medical, Power supply, drinking water supply, Post and telegraph and Communications have been given. Besides, it contains land-use statistics, days of weekly markets and places of religious, historical or archaeological interest in each village. The Town Directory comprising seven statements throws light on the status of the town, its origin, growth of population, functional category, location and physical aspects, Municipal finances, Civic and other amenities, Medical and Educational facilities and statistics pertaining to Trade, Commerce, Industry and Banking. Apart from these, it also gives the distribution of population of the town by Religion and Scheduled Castes/Scheduled Tribes.

Part B represents data down to village level for rural area and block level for towns. It contains the Primary Census Abstract which incorporates figures of area, number of occupied residential houses and households, total population and its break-up by sex,

scheduled caste and scheduled tribe, literate population, working population by nine broad industrial categories of cultivators, agricultural labourers, workers engaged in forestry and livestock etc., in mining and quarrying, in manufacture or repair, in construction, in trade and commerce, in transport and communications and in other services as well as the non-working population

Part C deals with the administrative statistics pertaining to the district in all field of development. The Census tables pertaining to language, religion, migration and economic activities are being reproduced in this part. A write up indicating changes in socio-economic and demographic characteristics of the district during the last decade is also being included in it.

3. Town Directory given in Part A presents data for all the Census towns of the district. There is no uniformly accepted definition of a town. The historical, political, cultural and administrative considerations are generally taken as criteria for rural-urban classification. An urban area, in contradistinction to the rural, comprises a large majority of inhabitants who are engaged in industrial and non-agricultural activities. In addition to its size, population and occupational characteristics, an urban area provides such facilities as transportation, banking, commercial and technical services, community facilities and other civic services. According to the State Government, all Municipal Corporations, Municipal Boards, Cantonment Boards, Notified Areas and Tow Areas are considered as town, and according to thier average annual income from their own resources, these have been classified into different classes of local bodies. The Criteria adopted under the Census Operations is slightly different from the State Government. In 1971 Census all places satisfying the following conditions have been treated as Towns :—

1. All Municipal Corporations, Municipal Boards, Cantonments & Notified Areas.

2- All localities though not in themselves local bodies but forming part of a city or town agglomeration.

3. Other places satisfying all the three undermentioned conditions :

   (i) Population exceeds 5,000.

   (ii) At last 75% of the male working population engages in non-agricultural pursuits, and

   (iii) The density of population exceeds 1,000 persons per sq. mile (386 persons per sq. km.).

The information given in the Town Directory relates to the year 1969. The data has been presented in the following seven statements :

(a) Statement I—This statement presents the population of the towns at the end of each decade from 1901 to 1971, the Civic status of the towns and their functional categories at 1961 and 1971, Censuses. The functional categories given in columns 14 and 15 have been determined on the basis of the predominant functional character of the town.

to derive which, the working population under the broad industrial categories has been regrouped into five broad functional classifications: —

(i) Primary Activities-Categories I, II, III, & IV
(ii) Industry-Categories-V (a) V (b) and VI
(iii) Trade and Commerce-Category VII
(iv) Transport-Category VIII, and
(v) Services-Category IX

For each town, the percentage of workers under each of the aforesaid classes to total workers is worked out, and where the workers under one of the classes comprise 40% or more of the total workers, the town is taken as mono-functional. In other cases, the next predominant occupation is taken into account and if the total of the two comes to 60% or above, the town is designated as bi-functional. If the total does not yield 60%, the third predominant occupation is also taken and such a town is treated as multi-functional.

The notations used in column 5 of the statemnt are :

C—Municipal Corporation

M—Municipal Board

NAC—Notified Area Committee

TC—Town Area Committee

CB—Cantonment Board

(b) **Statement II**—This statement gives the physical aspects and location of towns. The annual rainfall, maximum and minimum temperature, nearest City with its distance, name of district and tahsil headquarters, railway stations and bus routes etc., have been indicated.

(c) **Statement III**—It reveals the municipal finances for the year 1968-69. The receipts through taxes and others sources alongwith the expenditure on general administration, public works and conveniences have been given therein.

(d) **Statement IV**— In this statement, the Civic and other amenities available in the own have been shown such as the system of sewerage, drainage, the number of latrines and method of disposal of night soil, the source and capacity of protected water supply, fire fighting service and electrification. The notations used in the statement are as below :

Col. 3	PR	.....For Pucca Road
	KR	..... „ Kachcha Road
Col. 4	PT	..... „ Pit Tank
	OSD	..... „ Open surface
Col. 8	B	..... „ Basket
	HC	..... „ Hand Cart
	HL	..... „ Head Load
	MT	..... „ Mechanical Transport
Col. 9	TW	..... „ Tube Well
	OHT	..... „ Overhead Tank

(e) **Statement V**—The medical, educational, recreational and cultural facilities available in the towns have been shown in this statement with the help of the following notations :

Col.	H	..... For Hospital
	D	..... ,, Dispensary
	HC	..... ,, Health Centre
	FC	..... ,, Family Planning Centre
	TBC	..... ,, T. B. Clinic
	MCW	..... ,, Maternity and Child Welfare Centre
Col. 5	AS	..... ,, Arts and Science College
Col. 7	PL	..... ,, Public Library
	RR	..... ,, Reading Room

(f) **Statement VI**—This statement contains information relaing to trade, commerce, industry and banking facilities in the towns. The names of important commodities manufactured, imported and exported, the number of Banks and agricultural as well as non-agricultural credit societies are given in the statement. The commodities mentioned therein are those having the highest value in currency. In a few cases, if the town is famous for manufacturing or exporting some particular item, even though the money value is not high, such items have been included.

(g) **Statement VII**—The census table C-VII giving distribution of population by religion and *scheduled castes/scheduled tribes* has been reproduced in this statement. While sex-wise following of the more common religions viz. Hinduism, Islam, Buddhism, Jainism, Sikhism and Christianity has been given separately, the persons belonging to other religions and pursuations have been shown in columns 15 and 16 under the heading of **'Others'.**

(5) **Village Directory** reveals the general living conditions of peasantry and the over all development that has taken place in the countryside. The amenities available within each village in the field of education, medical and health, power-supply, drinking water, communications, post and telegraph have been given in columns 4 to 9 of this directory. Besides, the information relating to staple food, distance from nearest town, days of market/hat and places of religious, historical or archaeological interest is also given in the statement. If the village is un-inhabited or power is being used for agricultural purpose only, these characteristics have been indicated in the remarks column.

The land use statistics are constantly in demand for Agricultural production programme. These statistics have been given in columns 11 to 15 under the headings (i) Forest, (ii) Irrigated, (iii) Unirrigated, (iv) Cultivable waste and (v) Area not available for cultivation. In column 12, the irrigated area under different sources of irrigation has been separately given.

The villages have been arranged according to the code numbers allotted to them at 1971 Census. The information has been presented with the help of the following abbreviations :

In Column 4

JBS for Junior Basic School

SBS ,, Senior Basic School

HSS ,, Higher Secondary School

C ,, College

O ,, Others

In Column 5

H for Hospital

D ,, Dispensary

FC ,, Family Planning Centre

HC ,, Health Centre

MCW ,, Maternity & Child Welfare Centre

O ,, Others

In Column 6

∃ for Electricity

In Column 7

T for Tap

In Column 18

T for Temple

M ,, Mosque

C ,, Church

G ,, Gurudwara

HP ,, Historical Place

RP ,, Religious Place

A ,, Archaeological monument

EA ,, Electricity for Agricultural purpose

An appendix has been included summing up the amenities at district level with tahsil-wise break-up.

The District

A—Town Directory

(a) **Statement I**—Aligarh has six towns. In 1961 there were five towns and Mursan has now been added to the list of towns. The functional distribution of towns is as below :—

Table 1

Functional Category	Name of Towns
Industry-*cum*-services	Aligarh
Primary Activities-*cum*-seraices-*cum* commercial	Atrauli
Commercial-*cum*-Industay-*cum*-services	Hathras
Commercial-*cum*-services-*cum*-Industry	Murean
Industry-*cum*-Primary Activities-*cum*-Commercial	Sasni
Industry-*cum*-Commercial-*cum*-service	Sikandra Rao

It would be seen from the above table that Aligarh is a bifunctional towns with 35.24% Industrial workers followed by 27.80% workers in service class.

Five towns out of six are multi-functional towns Primary Activities pre-dominate in Atrauli with 33 00% of working population. Commercial group predominates in Hathras and Mursan with 29 0% and 30.5% of the working population respectively whereas Industrial class pre-dominates in Sasni and Sikandra Rao with 25.0% and 27.7% of the working population.

(b) **Statement II**—The physical and locational aspects have been covered in the statement. The figures of annual rainfall and maximum and minimum temperature for are is not available with the Director of Meteorological Centre, Delhi so the Information given in Col. 4 to 6 relates to the nearest observatory in Aligarh.

(c) **Statement III**—The Per Capita receipt and expenditure by the local bodies in the six towns is as below :—

Table 2

Class of Towns	No. of Towns	Per Capita						
		Receipt (Rs.)			Expenditure (Rs.)			
		Total Receipt	Receipt through Taxes etc.	Receipt from all other sources	Total expenditure	Expenditure on public health and conveniences	Expenditure on public institutions	Expenditure on all other aspects
1	2	3	4	5	6	7	8	9
Class I 100,000 and over (Aligarh)	1	19.38	12.50	6.88	19.83	7.49	3.88	8 46
Class II 50,000 to 99,999 (Hathras)	1	26.15	14.96	11.19	27.24	13.64	3.57	10.03
Class III 20,000 to 49,999 (Atrauli)	1	29.53	9.05	20.48	25.97	5.54	6.87	13.56
Class IV 10,000 to 19,999 (Sikandra Rao)	1	39.79	30.31	9.48	39.24	9.80	8.60	20.84
Class V 500 to 9,999 (Mursand and Sasni)	2	9.87	1.30	8.57	8.89	0.02	—	8.87

The per capita receipt of Class I, II, III, IV and V towns is Rs. 19.38, 26.15 and 29.53 39.79 and 9.87 respectively. Against this the per capita expenditure is Rs. 19.83, 27.24 25.97 39.24 and 8.89 respectively.

(d) **Statement IV**—All the towns in the district have protected water supply and road lighting arrangement. Fire fighting service is available in Aligarh and Hathras. There is arrangement of mechanical transport for removing night soil in Hathras whereas Hand carts and baskets are used for these purposes in rest of the towns of the district.

(e) **Statement V**—All the towns of the district have medical institutions. One T.B. clinic is established at Hathras. The total number of beds in the medical institutions in all the six towns of the district number 1110. The highest number of beds (712) are in Aligarh. Rest of the towns have beds varing of minimum (4) in Sasni and maximum of 362 in Hathras. The number of beds per 1,000 population have been shown in the following table :—

Table 3

Total No. of beds in Medical Institutions	No. of beds per 1,000 population
1110	2.94

Aligarh is the seat of Aligarh Muslim University which has faculties of Arts, Science, Commerce, Law Engineering, and Medical etc. It also has a polytechic. Hathras has a polytechnic and to non-tecanical colleges with factulties of Arts, Science and Commerce. Aligarh has a Shorthand and typewriting institution. Primary and secondary school facilities are available in all the towns of the district. The following table gives the detailes of the number of schools per 1000 population.

Table 4

Name of Town	No. per 1,000 population		
	Higher Secondary	Middle	Primary
Aligarh	0.08	0.03	0.40
Atrauli	0.10	0.10	0.52
Hatras	0.12	0.09	0.39
Mursan	0.38	0.19	0.57
Sasni	0.29	0.15	0.58
Sikandra Rao	0.17	0.17	0.81

Cinema halls exit in all the towns except Atrauli, Mursan and Sasni. Public libraries are available in Aligarh and Atrauli whereas public libraries and Reading Rooms are available in Hathras and Sikandra Rao.

(f) **Statement VI**—Cloth and Copper are the main article imported in Atrauli and Aligarh respectively. Cotton is the main article imported in Hathras and Sikandra Rao whereas Glass is imported Mursan and Sasni. Locks, Handloom cloth Iron rods cloth are the main articles manufactured as well as exported from Aligarh, Atrauli and Sikandra Rao respectively. Ghee, wheat and Mangoes are the main articles exported respetivoly from Hathras, Mursan and Sasni whereas Niwar. Glass bettles and Glass weres are main articles manufactured respectively in Hathas, Mursan and Sasni.

(g) **Statement VII**—The population of all the towns is largely shared by Hindus (69.24%) and Muslims (28.91%). The percentage growth rate of Hindu population of the towns during the last decade is 27.93 which is short of the growth rate of Muslim population (43.23%).

The percentage of scheduled Caste persons is higher (15.00%) in comparision to Scheduled Tribe (0.04%) in all the towns.

VILLAGE DIRECTORY

(a) According to their area in acres the villages have been stratified in the following table :—

Table 5

Area (in acres)	No. of Villages	Percentage
50 acres or less	5	0.28
51-100	26	1.48
101-200	130	7.39
201-500	690	39.23
501-1000	569	32-25
1001-2000	270	15.35
2001-5000	67	3.81
5001 acres and above	2	0.11
Total	1.759	100.00

@ Total is exclusive of two villages whose information is not available

It is evident from the above table that the number of villages having an area of more than 200 acres but not more than 1,000 acres are highest claiming the percentage of 71.58. Thereafter, the number of villages goes on decreasing as the size of villages increases. There are two villages having an area exceeding 5,000 acres. As regards smaller villages, there are only 5 having an area of less than 50 acres.

(b) The distribution of villages having educational institutions is given in the following table :—

Table 6

Distance from the nearest town (in kms.)	Total No. of villages	No. of villages having				
		Primary Schools	Middle Schools	Higher Secondarys Schools	Colleges	Others
0-5	213	80	14	2	—	—
6 10	398	174	33	12	...	—
11-15	302	137	27	12	...	...
16-25	557	273	60	24	—	—
26-50	268	154	44	8	—	1
51-100	23	9	4	1	...	...
101-200	...	...	...	—	...	...
201 and above	...	...	...	...	...	—
Total	1,761	827	182	59	-	1

The above table shows that the largest number of institutions (77.24%) exist in the villages situated between 26 to 50 kilometres from the nearest town. The villages which lie within a radius of 5 Kms. have the least number of institutions (45.07%).

(c) 28 villages in district Aligarh have hospitals. If all kinds of medical institutions including dispensaries, health centres etc., are taken into account, 84 villages out of 1,761 have medical institutions.

The following table presents the number of medical institutions per 100 Sq. Kms.

Table 7

Name of Tahsil	Total area (in sq. kms.)	No. of medical institutions of any kind per 100 sq. kms.
Khair	1040.4	1
Koil	883 4	2
Iglas	552.2	1
Hathras	745.4	1
Atrauli	890.1	2
Sikandra Rao	872.1	2

It transpires that tahsils Khair, Iglas and Hathras each have one medical institutions per 100 Sq. Kms. whereas Koil, Atrauli and Sikandra Rao are better of having 2 institutions per 100 Kms.

(d) 744 villages are electrified in the district out of 1,761 villages. Their percentage comes to 42 25.

The largest number of electrified villages (190) lie in Tahsil Atrauli and minimum in Tahsil Sikandra Rao (25). The power supply in villages with reference to their distance from the nearest town is given in the following table :—

Table 8

Distance from the nearest town (in kms.)	Total No. of villages	Number of villages with Electric Power supply	
		Total villages	Percentage of total electrified villages to total villages
0-5	213	120	56.34
6-10	398	214	53,77
11-15	302	139	46.03
16-25	457	170	30.52
26-50	268	97	36.19
51-100	23	4	17.39
101-200	...	—	...
201 and above	—	—	—
Total	1,761	744	42.25

The percentage of electrified villages to the total villages is highest 56.34 for those situated within a radius of 5 kilometres and the minimum percentage of 17.39% is for those situated at a distance of 51 to 100 kms. from the nearest town. It is evident from the above table that the percentage of electrified villages to total villages generally decreases with the increase of distance from the nearest town.

(c) As many as 1.53% villages of the district are connected by rail, out of the total number of 1,761 villages. 21.35% are connected by pucca road and 0.74% by kachcha and pucca roads. The percentage of villages having only *kachcha* roads is 9.77%. The nature of communications have been shown in the following table, where the villages have been classified according to their distance from the nearest town.

Table 9

Distance from the nearest town (in kms.)	Total No. of villages	No. of villages connected by							
		PR	KR	PR & KR	PR & R	KR & R	PR & T	KR & T	Others
0-5	213	76	13	2	...	...	2	...	6
6-10	398	90	27	1	...	1	11	...	38
11-15	302	65	31	5	..	...	4	2	29
16-25	557	84	75	4	...	...	6	...	117
26-50	268	57	26	1	...	...	2	...	20
51-100	23	1	...	...	...	...	...	...	6
101-200	...	...	...	...	...	...	...	...	...
201 and above	...	...	...	...	...	...	...	...	...
Total	1,761	376	172	13	...	1	25	2	216

(f) There are in all 318 Post Offices in the rural areas of the district. On an average, 1 Post Office caters to the need of about 5 villages. The number of Post Offices per 100 Sq. kms. in the various tahsils have been shown in the following table :—

Table 10

Name of Tahsil	Total Area (in Sq. kilometres)	No. of Post Offices per 100 Sq. kilometres
Khair	1040.4	8
Koil	883.4	7
Iglas	552.2	5
Hathras	745.4	5
Atrauli	890.1	7
Sikandra Rao	872.2	5

Tahsil Khair have the highest number (8) of post offices per 100 sq. kms. whereas the lewest number (5) of post offices, per 100 Sq. Kms. are in Iglas, Hathras and Sikandra Rao.

(g) Wheat and Rice are the staple food of the district.

(h) The cultivated area is 78.18 per cent of the total rural area of the district, of which 78.17 per cent is irrigated area.

The following table shows the average cultivated land, average cultivable waste and its percentage to average cultivated area per village. The villages in this table have again been classified according to their distance from the nearest town.

Table 11

(area figures in acres)

Distance from the nearest town (in kms.)	Number of villages	Total cultivated land	Average cultivated land per village	Total cultivable waste	Average cultivable waste per village	Percentage of average cultivabl waste per village to average cultivated land per village.
0-5	213	85,660	402	85,540	40	9.95
6-10	398	193,323	486	14,115	36	7.41
11-15	302	157,127	520	14,550	48	9.23
