## VIRUPAKSHA TEMPLE, HAMPI

### (Motif on the cover)

The illustration on the cover page presents a view of the *Gopura* (Tower) at the entrance to the sacred shrine of Virupaksha at Hampi in Bellary District. The temple dates back to a period anterior to the founding of the Vijayanagar Empire and the city, as is evidenced by an epigraph dated 1199 A.D. which refers to a grant to an individual during the reign of King Kalideva of Kurugodu. Lord Virupaksha is very closely associated with the Vijayanagar Empire and Harihara I (1336-56* A.D.) the founder of the Vijayanagar city, is said to have made several additions to the temple. Sri Krishnadeva Raya (1509-1529 A.D.) on the occasion of his coronation, according to an epigraph, built the beautiful *rangamantapa* (in front of the Virupaksha shrine) and also the big eastern *gopura*. This *gopura* is unique in that nowhere in South India does one come across a seven-storied tower which is a hollow pyramid 120′ high and with a staircase within its thick walls, running upto the very top.

The temple has shrines dedicated to Virupaksha (also called Pampapathi), Pampa and Bhuvanesvari, the consorts of the Lord. According to a mythological account, Pampa the daughter of Brahma performed severe penance here under the guidance of sages and ultimately had her desire of espousing Lord Virupaksha fulfilled. The Lord took upon himself the name of Pampapathi on marrying Pampa and since then this place is regarded as a sacred centre for pilgrimage. In commemoration of the marriage of Pampa, celebrations are held every year from 13th to 15th of *Chaitra masa* (April).

Lord Virupaksha was the Guardian Deity of the Vijayanagar Empire and the sign-manual of these kings was 'Sri-Virupaksha' inscribed in Kannada characters at the end of their copper plate grants.

This temple is now part of the ruins at Hampi which was, at the height of its glory, known as the City of Vijayanagar.

Tradition connects the site of Hampi ruins with Kishkindha the capital of Vanara King Vali of the Ramayana age and the Pampakshetra of the puranic period. The City of Vijayanagar was founded in 1336 A.D. by Harihara I and it flourished over a period of about 220 years. It attained the zenith of glory during the reign of Krishnadevaraya (1509-1529 A.D.). But, much earlier, in 1442 A.D. Abdur Razzak, an envoy from Persia describes the city as "such that the pupil of the eye has never seen a place like it, and the ear of intelligence has never been informed that there existed anything to equal it in the world". Such an imperial city covering an expanse of about 120 sq. miles was plundered and destroyed soon after the fateful battle of Talikot (1565) "with fire and sword, with crowbars and axes" over a period of five months (Robert Sewell, "A Forgotten Empire", P. 200). Even the name of this great city is forgotten and the remains that mark its site are now known as the 'ruins of Hampi'.

---

* It is 1336–43 A.D. according to Robert Sewell.

# PREFACE

It has been the tradition of the Census of India to present demographic data in as detailed a manner as possible so as to serve effectively the interests of the users of census data. It has also been a tradition to publish special volumes which incorporate both demographic and non-census data which are considered to be of great utility. In accordance with this practice, taluk and village tables used to be published which were, in the 1951 Census, replaced by the District Census Handbook series. These Handbooks replaced Part IV—Taluk Tables and Part V—Village Tables of the earlier censuses and presented a large number of tables of economic, demographic and social significance for taluks and urban areas. The 1961 District Census Handbooks were improved by extending the coverage and administrative statistics were also presented for each district for the preceding decade. The 1971 Census continues, as part of its Tabulation Plan, the District Census Handbook series.

The District Census Handbook is presented in three parts for each District. Part A incorporates the Town and Village Directories. Part B incorporates the Primary Census Abstracts and includes data, in the case of the rural areas, at the village level and in the case of urban areas at the block level. Part C incorporates other Census Tables and administrative statistics. For convenience, Parts A and B of the District Census Handbook are presented in one volume while Part C by itself is a separate volume.

Explanatory notes have been incorporated explaining the scope and content of the various statements, column headings etc. In addition, in Part B, an introduction is included wherein the changes in the jurisdiction, if any, of the district or of the taluks and the changes in the number of villages between 1961 and 1971 are explained. It would be useful to read these notes before one goes to the tables.

In this volume, the district and taluk maps have been incorporated. These maps have been prepared in this office on the basis of maps obtained from the competent authorities concerned. In the district map, to avoid crowding, the names of villages where community facilities exist have not been mentioned but their location code numbers have been indicated. Similarly, in the taluk maps, villages are indicated by their Location Code numbers. For the names of the villages, one would have to refer to the alphabetical list of villages of each of the taluks concerned. These alphabetical lists are incorporated in Parts A and B of this volume.

In the preparation of Part A of the District Census Handbook we have had the ready and full co-operation of all the Departments of the State Government. Our whole-hearted thanks are tendered to them gratefully. Part B is essentially demographic in nature and has been the end product of the tabulation of the enumeration results.

In the preparation of this volume we have had the benefit of the guidance and advice of Sri A. Chandra Sekhar, I.A.S., Registrar General and Census Commissioner for India. We have also been considerably assisted by the willing co-operation of Sri K. D. Ballal, Deputy Registrar General, Dr. B. K. Roy Burman, Deputy Registrar General (Social Studies) and Sri K. K. Chakravorty, Central Tabulation Officer. We are deeply indebted to them for all the assistance rendered.

The District Census Handbook (Parts A and B) presented in this volume is among the first few of the 1971 Census publications. Its early preparation has laid a heavy burden on all the officers and staff of this office. To each one of them I am deeply obliged. The Director of Printing and Stationery of the State Government has ensured printing in time and to him we offer our thanks. This is a State Government Publication and the interest evinced by the State Government has encouraged us, for which our thanks are tendered.

Sept 1972

# TOWN DIRECTORY

# TOWN DIRECTORY

## EXPLANATORY NOTES

The Town Directory consists of seven Statements the titles of which are as follows:—

| | | |
|---|---|---|
| Statement | I | Status, Growth History and Functional Category of Towns. |
| Statement | II | Physical Aspects and Location of Towns, 1969. |
| Statement | III | Municipal Finance, 1968–69. |
| Statement | IV | Civic and Other Amenities, 1969–70. |
| Statement | V | Medical, Educational, Recreational and Cultural Facilities in Towns, 1969–70. |
| Statement | VI | Trade, Commerce, Industry and Banking, 1969–70. |
| Statement | VII | Population by Religion and Scheduled Castes and Scheduled Tribes, 1971. |

Statements I and VII have been compiled in this office, and Statements II to VI by obtaining the data from the Local Bodies having administrative control over the towns. The scope of the data and the meaning of the abbreviations used in each Statement are explained herein.

The concept of urban agglomeration has been adopted for presenting certain basic results of the 1971 Census. Smaller towns that are contiguous to a city or a major town and come within its urban influence are grouped together to constitute such agglomerations. In Mysore, five such agglomerations (*viz.*, those named after *Bangalore, Mangalore, Belgaum, Bhadravathi* and *Kolar Gold Fields*) have been recognised. In the Town Directory statements also, information relating to the Agglomeration and its constituent units has been presented at one place in bold print so that the serial order in which the Towns in a District are arranged does not get interrupted. Thus the names of the units which constitute the Agglomeration appear twice in each statement even though the particulars are provided at one place only.

**STATEMENT I:** *Status, Growth History and Functional Category of Towns.*

COLUMN 3: LOCATION CODE NO.:—Location Code assigned to the town in the 1971 Census consists of two elements an arabic numeral and one roman numeral separated by an oblique. The arabic numeral indicates the order of the District within the State when arranged in alphabetical order. Similarly the roman numeral indicates the order of the town within the District when arranged alphabetically.

COLUMN 4: NAME OF TALUK:—Name of the taluk in which the particular town is situated is given here.

COLUMN 5: CIVIC ADMINISTRATION STATUS 1970:

The following abbreviations are used to indicate the civic administration status:

| | |
|---|---|
| (1) Municipal Corporation .. | C |
| (2) Municipality .. | M |
| (3) Town Committee/Town Area Committee/Council .. | TC |
| (4) Cantonment Board .. | CB |
| (5) Town Panchayat .. | TP |
| (6) Village Panchayat Committee.. | P |
| (7) Sanitary Board .. | SB |
| (8) Notified Area Committee/Council | NAC |
| (9) Others such as Town Board, Industrial Township, Project Areas not administered by any Civic Authority. | Indicated in full |

COLUMNS 6 TO 13: POPULATION OF THE TOWN AT THE CENSUSES OF 1901 TO 1971:—Population figures for the towns since 1901 indicate their growth from Census to Census. Such figures have not, however, been furnished for the previous Censuses in respect of towns treated as towns for the first time in 1971 Census since they were rural areas formerly. The 1971 Census population figures are furnished in Column 13.

COLUMNS 14 AND 15: FUNCTIONAL CATEGORY 1961 CENSUS AND 1971 CENSUS:—In 1961 Census the workers were classified into nine industrial categories according to their activity, as follows:—

I. Cultivator;
II. Agricultural labourer;
III. Mining, quarrying, live stock, forestry, fishing, hunting, plantations, orchards and allied activities;
IV. Household industry;
V. Manufacture—other than household industry;
VI. Construction;
VII. Trade and commerce;
VIII. Transport, storage and communications; and
IX. Other services.

The 1971 Census classification of workers remains basically the same but for the following deviations:—

(i) Category III of the 1961 classification has been split into two by recognising 'mining and quarrying' as an independent category and it now bears Category Number IV.

(ii) As a consequence of (i) above, the IV category of 1961 has been grouped with Category V and particulars of workers engaged in 'manufacturing, processing, servicing and repairs activities' have been presented under two sub-headings, *viz.*,

V. (*a*) Household Industry, and
(*b*) Other than Household Industry.

In order to determine the functional category of towns, these nine industrial categories are combined and re-grouped to yield five broad classifications by economic activity as under:—

| *Economic activity* | *Industrial category number as per* | |
|---|---|---|
| | 1961 *Census* | 1971 *Census* |
| (1) Primary activities .. | I, II & III | I, II, III & IV |
| (2) Industry .. | IV, V & VI | V(*a*), V(*b*) & VI |
| (3) Trade and Commerce .. | VII | VII |
| (4) Transport .. | VIII | VIII |
| (5) Services .. | IX | IX |

Then, for each town the percentage of workers under each of these five classes of economic activities to the total number of workers is calculated. If the percentage under any of these five activities equals or exceeds 40, such a town is regarded as *monofunctional* and that activity is specified in column 14 or 15. If the percentages are less than 40 in each and if the figures against any two add up to 60 or more, then such a town is regarded as *bifunctional* and the two predominant activities are specified under column 14 or 15. In case, the percentages of any two of the activities do not add up to 60 per cent such a town is regarded as *multifunctional* and in such a case, three of the predominant activities are specified under column 14 or 15.

**STATEMENT II:** *Physical Aspects and Location of Towns, 1968.*

COLUMN 3: ALTITUDE:—Altitude is given in metres above Mean Sea Level. The asterisk mark indicates that the data have been furnished by the Director-General of Observatories. In all other cases, information as furnished by the Director, Southern Circle, Survey of India, has been adopted.

COLUMN 4: ANNUAL RAINFALL (in millimetres):—An asterisk mark placed at the top of the data, indicate that the data have been furnished by the Director General of Observatories and also that it is 30 years (1931–60) standard normal. In other cases, the figure represents the average rainfall over the period 1960–69 (yearwise data obtained from the Bureau of Economics and Statistics, Mysore).

COLUMNS 5 AND 6: MAXIMUM AND MINIMUM TEMPERATURE (in Degree Centigrade):—The asterisk mark indicates that the data have been furnished by the Director General of Observatories and also that it is 30 years standard normal (1931–1960).

Since specific information is not available for most of the towns, corresponding data available for the nearest town situated at approximately the same altitude, have been adopted. Such entries are distinguished by the notation 'N' (nearest).

NOTE:—In columns 3 to 6 when data in respect of the particular town are not available, corresponding data for the nearest town are given, and in such cases the symbol 'N' (nearest) has been used.

COLUMNS 7 TO 14: NAME OF, AND ROAD DISTANCE TO, IMPORTANT CENTRES:—Column headings are self explanatory. Distances are given in kilometres. If the referent town itself happens to be the headquarters of district, or sub-division, taluk, etc., then the distance is noted as O in the relevant column. In column 12 when one or more bus routes pass through the town, the name of the town is repeated and distance is indicated as O. In column 13, the abbreviations R and C stand for River and Canal respectively.

**STATEMENT III:** *Municipal Finance, 1968–69.*

Actual receipt and expenditure of the civic administrative body are furnished.

In the case of industrial townships and the like where civic amenities are the responsibility of the factory authorities themselves, the relevant particulars have been obtained from these authorities. Generally, as no taxes are levied by the factory authorities, receipts are mainly by way of house rent (if provided by the authority) and, water and electricity charges recovered from the occupants of the residential quarters. Under expenditure, the amount spent on social overheads are shown.

City Improvement Trust Boards have been functioning only in the cities of Bangalore and Mysore. In Mandya during 1968–69, the Sugar Factory was responsible for providing amentities to the residents in Mandya Sugar Town, now included within the municipal limits of Mandya. In these cases, the receipt and expenditure are furnished separately for the two agencies.

**STATEMENT IV:** *Civic and Other Amenities, 1969–70.*

COLUMN 3: ROAD LENGTH:—Total length of all types of roads (*i.e.*, cement, asphalt, metalled, mud, etc.) including the length of National and State Highways lying within the town limits is given in kilometres. Wherever information is available separately for *pucca* roads and *katcha* roads this has been noted in this column.

COLUMN 4: SYSTEM OF SEWERAGE/DRAINAGE:—The codes used for this column are:

| | |
|---|---|
| (i) Sewers (either combined or separate) | .. S |
| (ii) Open Surface Drains | .. OSD |
| (iii) Box Drains | .. BSD |
| (iv) Sylk pattern Drains | .. SD |

Even when only a portion of the town is served by any particular type of sewerage or drainage, the relevant code or codes have been entered under this column.

COLUMN 5: WATER-BORNE LATRINES:—Total number of flush-out latrines in the town (both private and public) has been indicated in this column. It is only in a few towns that such latrines are connected to sewers.

COLUMN 6: SERVICE LATRINES:—Total number of service (also called daily cleaned or DC for short) latrines, both private and public, in the town is entered under this column.

COLUMN 7: OTHER TYPES OF LATRINES:—Total number of other types of latrines, if any, in the town is furnished here.

COLUMN 8: METHOD OF DISPOSAL OF NIGHT-SOIL:—The manner in which the night-soil is collected and transported to the trenching grounds is indicated under this column using the following abbreviations:—

| | |
|---|---|
| (1) Headloads | .. HL |
| (2) Baskets | .. B |
| (3) Wheel Barrows | .. WB |
| (4) Hand Carts | .. HC |
| (5) Others such as bullock carts, trucks, night-soil tankers, tempos, etc. | Specified without using abbreviations. |

For flush-out latrines which are connected to sewers 'S' is the abbreviation used. If such latrines are connected to septic tanks 'ST' is used.

COLUMNS 9 AND 10: PROTECTED WATER SUPPLY: SOURCE AND CAPACITY:—In column 9 source of protected water supply is indicated using the following codes:

| | |
|---|---|
| (1) River | .. R |
| (2) Tank/Lake | .. TK |
| (3) Tube Well | .. TW |
| (4) Bore Well | .. BW |
| (5) Canal | .. C |
| (6) Reservoir | .. RES |
| (7) Open Wells | .. W |

In column 9, in respect of towns not having protected water supply a dash is used.

The quantity of water supply led out from the Storage Tank to the consumers per day is given in litres in column 10. By "Protected water supply" is meant supply of water through taps irrespective of whether the water so supplied has been filtered and chlorinated or not.

COLUMN 11: FIRE-FIGHTING SERVICE:—Whether fire-fighting services exist or not within the limits of the town has been indicated by 'Yes' or 'No' as appropriate.

COLUMNS 12 TO 16: ELECTRIFICATION:—Under these columns, data regarding number of electrical connections (installations) are furnished. Information relates to the period 1969–70 generally. The data obtained from the Municipal authorities were got cross checked with those obtained from the Mysore State Electricity Board.

*Definitions of the column headings are as follows:—*

(i) *Domestic:*—Connections to residential buildings, schools, temples, non-commercial hostel buildings and hospitals for lighting, heating and cooking are classified as domestic connections. All-electric-homes are also included under this category.

(ii) *Commercial:*— Connections to commercial establishments such as wholesale and retail shops, hotels, restaurants, tea stalls, cinema theatres, offices, private nursing homes, shops run by medical practitioners, commercial hostels and such other premises

which are used either partly or wholly for commercial purposes are classified as commercial connections.

(iii) *Industrial:*—Such connections (either high tension or low tension) include supply of power to industrial establishments where processes of manufacturing, servicing or repairs are carried on with the use of power. Apart from factories, smaller establishments such as flour mills, hullers, coffee grinders, etc., also come within the purview of this category.

(iv) *Road Lighting:*—The actual number of street lights in the town has been furnished.

(v) *Others:*—Connections to pumpsets, waterworks, temporary connections, etc., are furnished under this column wherever information was readily available. Data under this column are not uniform and hence cannot be compared.

**STATEMENT V:** *Medical, Educational, Recreational and Cultural Facilities in Towns, 1969-70.*

COLUMN 3: HOSPITALS, DISPENSARIES, T. B. CLINICS, HEALTH CENTRES, NURSING HOMES:—Particulars regarding the different types of medical institutions functioning in the town are indicated by the following codes:—

| | |
|---|---|
| (i) Hospital (equipped with facilities for the treatment of in-patients) | .. H |
| (ii) Dispensary | .. D |
| (iii) Health Centre (under this category the Government of India Pattern Primary Health Centres are also included) | .. HC |
| (iv) T. B. Clinic (if being run as an independent unit) | .. TBC |
| (v) Family Planning Centres | .. FC |
| (vi) Leprosy Centre or Clinic | .. LC |
| (vii) Others, such as private nursing homes and clinics run by registered medical practitioners. | .. O |

Wherever Family Planning Centres (FC) and Maternity Wards (MW) are attached to Hospitals or Primary Health Centres, this has been indicated within brackets using the codes FC or MW as the case may be. Under (i) to (vi) above, only the institutions run by Government, local bodies or religious and social institutions have been included. Full data on such facilities offered by private agencies are not readily available.

COLUMN 4: BEDS:—Number of beds provided for in-patients in the medical institutions mentioned under column 3 is noted here.

COLUMN 5: COLLEGES: ARTS, SCIENCE, COMMERCE, ETC.—The number of colleges in the town providing general education in different faculties has been indicated under this column using the following abbreviations:—

| | |
|---|---|
| (i) Arts only | .. A |
| (ii) Science only | .. S |
| (iii) Commerce only | .. C |
| (iv) Arts and Science | .. AS |
| (v) Arts and Commerce | .. AC |
| (vi) Science and Commerce | .. SC |
| (vii) Arts, Science and Commerce | .. ASC |
| (viii) Law | .. L |
| (ix) College of Education | .. Ed. |
| (x) Agricultural | .. Ag. |
| (xi) Home Science | .. HS |
| (xii) College for Oriental Degrees (Sanskrit, etc.) | .. OS |
| (xiii) Teachers Certificate Course | .. TCH |

Since no special provision has been made for certain professional subjects such as law, education, etc., in the format, these have been included under column 5.

COLUMN 6: MEDICAL COLLEGES:—Colleges providing education in Allopathic, Ayurvedic, Unani and Homoeopathic systems of medicine have been indicated separately using the abbreviations 'Al' for Allopathic, 'Ay' for Ayurvedic, 'Un' for Unani and 'Ho' for Homoeopathy. For Dental College the abbreviation 'D' has been used.

COLUMNS 7 AND 8: ENGINEERING COLLEGES AND POLYTECHNICS:—These are self-explanatory.

COLUMN 9: RECOGNISED SHORTHAND, TYPEWRITING AND OTHER VOCATIONAL TRAINING INSTITUTES:—Abbreviations used in this column are as follows:—

| | |
|---|---|
| (i) Shorthand Institute | .. Sh. |
| (ii) Typewriting Institute | .. Type |
| (iii) Both Shorthand and Typewriting | .. Sh.Type |

COLUMNS 10 TO 12:—HIGHER SECONDARY OR SECONDARY, JUNIOR SECONDARY OR MIDDLE AND PRIMARY SCHOOLS:—Schools providing Primary and secondary education have been classified according to the system of categorisation adopted by the Director of Public Instruction in Mysore, Bangalore.

(i) High Schools and Higher Secondary Schools are those where education is provided from Standard VIII and upwards upto Standard X or XI. These include composite schools which provide education from Standard I or Standard V upto Standard X or XI. Such composite schools have been treated as single units and their number indicated under column 10.

(ii) Junior Secondary or Middle Schools are those which provide education from Standard I to VII or V to VII.

(iii) Primary Schools are those where education is provided upto Standard IV.

(Under columns 10 to 12, Urdu, Tamil and Marathi medium schools, if any, in the town are also included.)

COLUMN 13: OTHER EDUCATIONAL FACILITIES: Others include nursery schools and Sanskrit and Arabic Schools which provide religious education, etc., and which are not classified as schools or colleges.

COLUMN 14: STADIA:—The number of stadia, if any, built according to modern standards has been shown under this column. Ordinary playgrounds attached to educational institutions, voluntary organisations, etc., and also 'parks' do not come within the purview of this column.

COLUMN 15: CINEMAS:—Touring Talkies of temporary nature are excluded and only the number of permanent cinema theatres is given under this column.

COLUMN 16: AUDITORIA/DRAMA HALLS: Number of auditoria and drama halls in the town is furnished.

COLUMN 17: PUBLIC LIBRARIES INCLUDING READING ROOMS:—Information about public libraries and reading rooms has been furnished clubbing the two, except in a few cases where data are separately available. 'PL' and 'RR' are the abbreviations used to denote Public Library and Reading Room respectively.

**STATEMENT VI:** *Trade, Commerce, Industry and Banking, 1969-70.*

COLUMNS 3 TO 5: IMPORTS:—Names of three most important commodities imported into the town either for local consumption or for export in the same or modified form, have been indicated here.

COLUMNS 6 TO 8: EXPORTS:—Names of three most important commodities exported, based on the estimated value or volume of transactions, have been indicated here.

COLUMNS 9 TO 11: MANUFACTURE: Names of three important commodities manufactured in the town based on volume or value of commodities produced have been indicated. Wherever relevant, names of articles manufactured in the town and known for their uniqueness have been included even though the volume or value of such products may not be appreciable or important from the point of view of scale of operations.

COLUMN 12: NUMBER OF BANKS:—Banks include both commercial and co-operative banks and for computing the numbers, each branch has been treated as a unit.

COLUMN 13: NUMBER OF AGRICULTURAL CREDIT SOCIETIES:—Self-explanatory.

COLUMN 14: NUMBER OF NON-AGRICULTURAL CREDIT SOCIETIES:—Non-agricultural credit societies include Industrial Co-operatives, House Building Co-operatives, Consumers' Co-operatives, Employees' Co-operatives, Fishermen Co-operatives and the like which provide credit for non-agricultural purposes.

COLUMN 15: REMARKS:—Remarks, if any, are given in this column.

**STATEMENT VII:** *Population by Religion and Scheduled Castes/Scheduled Tribes, 1971.*

This shows the distribution of population by religion and the numerical strength of Scheduled Castes and Scheduled Tribes.

# VILLAGE DIRECTORY

# VILLAGE DIRECTORY

## EXPLANATORY NOTES

The Village Directory consists of eighteen columns and provides villagewise information about the amenities and land use pattern in the villages. In the case of *Becharak* (un-inhabited) villages, information is furnished only regarding land use (Cols. 3 and 11 to 15). Data presented in columns 1 to 18 have been obtained mainly from the Tahsildars and Deputy Commissioners. Towards the end of 1969, blank forms (with Kannada version of column headings) and copies of instructions printed in Kannada (explaining the manner in which each column should be filled) were mailed to the Tahsildars who in turn, distributed these forms to their Revenue Inspectors and collected the information.

The completed forms received back in this Directorate were scrutinised and omissions and mistakes observed were rectified, either by field visits to districts or through correspondence or both. The scope of each column heading and abbreviations used are given below:—

COLUMN 1: LOCATION CODE:—With a view to ensuring that every village, inhabited or un-inhabited in the Taluk is taken into account for purposes of Census Operations, location code numbers are assigned to each of the villages in a particular order. This number is noted under this column.

COLUMN 2: NAME OF THE VILLAGE:—In this column, the name of the *asli* (Main) village is given. An *asli* village may have some hamlets associated with it. The information in columns 3 to 18, therefore, is for the *asli* village and for the hamlets, if any, together. However, the names of hamlets with a population of 500 and over are mentioned below the name of the *asli* village with details, in columns 4 to 9, of amenities located in these hamlets.

In some cases, large parts of the original village are now included in municipal areas, leaving a small portion out of municipal jurisdiction. The latter is considered 'Rural' and classified as a village. To render the position clear the word Rural is mentioned in brackets against such places.

COLUMN 3: TOTAL AREA OF THE VILLAGE:—The total geographical area of the village has been furnished in acres.

*COLUMNS 4 TO 9: Amenities available within the Village.*

COLUMN 4: EDUCATIONAL:—Codes used to indicate the availability of educational facilities within the village are:

| | |
|---|---|
| (i) For schools providing education from Standard I to IV. These are generally called Lower Primary Schools .. | Pr.S. |
| (ii) For schools providing education either from Standard I to VII or from Standard V to VII .. | Mid.S. |
| (iii) For schools providing education either from Standard I to X or V to X or VIII to X. (This includes Higher Secondary Schools, *i.e.,* XI Standard also) .. | Sec.S. |
| (iv) All colleges including vocational colleges .. | C. |

NOTE: Where more than one such institution exists, the number is noted within brackets.

COLUMN 5: MEDICAL:—Medical facilities available within the village have been indicated by the following codes:

| | |
|---|---|
| (i) Hospital equipped with beds for in-patients .. | H |
| (ii) Dispensary .. | D |
| (iii) Health Centre including Government of India Pattern Primary Health Centre .. | HC |
| (iv) Health Unit of Old Mysore Type.. | HU |
| (v) Family Planning Centre .. | FC |
| (vi) Subsidised Medical Practitioner .. | SMP |
| (vii) Maternity and Child Welfare Centre .. | MCW |

COLUMN 6: POWER SUPPLY:—'E' is noted in this column if electricity is supplied to the village either for industrial (or agricultural) purposes or lighting or both.

COLUMN 7: DRINKING WATER:—The codes used to indicate the sources of drinking water in the village are:

| | |
|---|---|
| (i) Taps .. | T |
| (ii) Wells .. | W |
| (iii) Tanks .. | TK |
| (iv) Tube Wells .. | TW |

| | | |
|---|---|---|
| (v) Rivers | .. | R |
| (vi) Canals | .. | C |
| (vii) Fountains | .. | F |
| (viii) Hand Pumps | .. | HP |
| (ix) Other sources such as ponds, streams, etc. | .. | O |

COLUMN 8: COMMUNICATIONS:—The following codes are used:

| | | |
|---|---|---|
| (i) *Pucca* Road, *i.e.,* the road surface may be cement, asphalt, metal or water bound macadum | .. | PR |
| (ii) *Katcha* Road, *i.e.,* roads with natural soil, including cart-tracks | .. | KR |
| (iii) Railway Station | .. | T |
| (iv) Navigable River | .. | R |
| (v) Navigable Canal | .. | C |

In case a village is served by *Pucca* Roads as also by *Katcha* Roads, the latter have not been taken into consideration for purposes of this column.

A village is assumed to be served by any of these communication facilities if such facilities are available within one mile of the village.

COLUMN 9: POSTAL AND TELEGRAPH:—Postal and Telegraph facilities available within the limits of the village have been indicated by the following codes:—

| | | |
|---|---|---|
| (i) Post Office. This may be a branch or sub-office or may even be the office of the extra departmental delivery agency | .. | PO |
| (ii) Telegraph Office | .. | TO |
| (iii) Post and Telegraph facilities | .. | PTO |
| (iv) Telephone connection (apart from public call office, if any, the connections given to private parties have also been considered). | | Phone |

COLUMN 10: STAPLE FOOD:—Staple food (*i.e.,* staple cereals) of the major portion of the population of the village has been indicated here.

*COLUMNS 11 TO 15: Land Use:—This information is based on annual village records for 1968–69 generally.*

COLUMN 11: FOREST:—All lands actually classified as forest or administered as forests under any legal enactment dealing with forests, whether State-owned or Private, have been shown under this column. Wherever forest lands have been assigned for cultivation, the corresponding areas have been excluded from forest area and included under cultivated land.

COLUMN 12: IRRIGATED:—The net area irrigated from both private and public sources of water supply is indicated using the following abbreviations:

| | | |
|---|---|---|
| (i) Canal | .. | C |
| (ii) Well (with or without electricity) | .. | W |
| (iii) Tube well (with or without electricity) | .. | TW |
| (iv) Tank | .. | TK |
| (v) River | .. | R |
| (vi) Water fall | .. | WF |
| (vii) Others | .. | O |

Under this column, all lands classified as wet and garden lands by the Survey and Settlement Department are included. In South Kanara District, however, the extent of wet lands (which are classified into class I, class II and class III) only are shown under column 12 and the garden lands are shown under column 13 along with "other dry." All the three classes of wet lands in South Kanara District yield one crop of paddy; class II land yields an additional crop and class I yields two additional crops both of which are generally paddy. For all the three classes of wet land, rain is generally the source of water supply.

In Coorg District the rainfed wet lands have been included under column 13 along with the area under plantation crops, such as, coffee, cardamom, orange, etc. So also in the Districts of Shimoga, Chikmagalur and North Kanara rainfed wet lands yielding paddy are shown under column 13.

COLUMN 13: UN-IRRIGATED:—The extent of un-irrigated but cultivated lands including current fallows if any, has been furnished under this column.

This column also includes data on the special categories referred to in the note on column 12 above.

COLUMN 14: CULTIVABLE WASTE:—The area noted under this column includes lands fit for cultivation but not cultivated for more than five years in succession. Such lands which are not put to any use, may be either fallow or covered with shrubs and jungle. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Lands under thatching grasses, bamboo bushes and other groves for fuel,

etc., which are not already included under orchards or forests, have also been included here. All grazing lands whether they are permanent pastures or not, are also included under this column.

A little clarification would be necessary regarding lands considered 'cultivable waste.' In certain Districts of the State *Gomala* or *Gairana* (pastures) are set apart in each village for purposes of grazing the village cattle and generally these are considered as 'not available for cultivation.' However, when applications for assignment of lands are received, the revenue authorities work out whether any lands out of the existing pastures can be considered as in excess of requirement in relation to the number of livestock and whether such lands can be granted for cultivation. Thus the availability or otherwise of any portion of village pastures varies from year to year.

Further, the area noted under this column may not always be available for cultivation as quite often such areas are found to be either already under occupation, authorised or un-authorised, and even authorised lands might not have been entered as being 'cultivated' in the village records in a few cases. Some portions of pastures may also be actually un-cultivable being hillocks and barren fields. The area furnished under this column is, therefore, only approximate.

COLUMN 15: AREA NOT AVAILABLE FOR CULTIVATION:—The area noted under this column includes the land not available for cultivation such as barren and uncultivable lands and also lands put to non-agricultural uses. Land put to non-agricultural use includes all lands occupied by buildings, roads and railways, area under water, *e.g.,* rivers, canals, and tanks and land put to uses other than agricultural.

Barren and un-cultivable land covers hills, mountains, etc., and lands which cannot be brought under cultivation unless at a high cost.

COLUMN 16: NEAREST TOWN AND DISTANCE:—Name of the nearest census town, irrespective of whether it is located in the same district or not has been noted.

COLUMN 17: MARKETS HELD IN THE VILLAGE:—The days on which weekly markets are held are indicated here.

COLUMN 18: REMARKS:—Particulars of religious, historical or archaeological importance besides interesting information if any, regarding a village as available from published material has been briefly given in Appendix No. IV. The reference to this Appendix has been indicated by numbers in such cases in this column.

*General:* (i) For each Taluk, Appendix I furnishes the villages arranged in an alphabetical order to facilitate cross reference.

(ii) Appendix II gives talukwise abstract of educational, medical and other amenities in respect of only the rural areas.

(iii) In a few cases, villages have been classified as Census Towns because they happen to satisfy the livelihood test or other characteristics which were applied for determination of urban areas. In such cases, for information the land use statistics are furnished in a separate Appendix for the District as a whole (Appendix III).

# APPENDIX IV

## Brief note on places of Religious, Historical or Archaeological importance

### BELLARY TALUK

**1.** KURUGODU : The place is of historical importance as the inscriptions found here show that it formed part of the Chalukyan empire in 7th century A.D. At the western end of the village is the temple of Basaveswara with a conspicuous *Gopuram* which contains a large Nandi (bull), vehicle of Shiva, a monolithic sculpture about 12 feet high. Attached to the temple is Neelamma's *matha* held in great esteem by Lingayats.

The most noteworthy antiquities at this place are the collections of what look like Jain *bastis*. There are in all 9 *bastis* forming one group and a tenth standing alone, constructed in 1175–76 AD. All these temples now bear various Hindu names and usually a *Linga* has been placed in the inner shrine of each of them. Sri Doddabasaveswara Car festival held here during February–March every year attracts about 50,000 people.

**2.** KUDATHINI : It is said to have been a Jain stronghold in former times as a mosque near the north gate of the fort, a Lingayat shrine near the west gate and the temple of Kumaraswami all show signs of having originally been Jain *bastis*. The nude image outside the western gate seems clearly to have been of Jain origin. According to tradition God Kumaraswami halted at this village and sat in penance in the forest nearby. There are two sculptured *Virgals*. Sri Anjaneyaswamy Car festival held here during May–June attracts about 10,000 people.

**3.** EMMIGANUR : Sri Jadithata and Basaveswara Car festivals held every year during December–January and March–April respectively attract a large number of people.

**4.** DAMMUR : Sri Venkavaduta car festival held here every year during February attracts about 10,000 people from the surrounding villages. A Chalukyan inscription is found here.

**5.** KAPPAGALLU : The granite hill within the limits of this village known to the Europeans as the "Peacock Hill" is a familiar object of sight from Bellary. The hill is now chiefly noteworthy for containing the remains of perhaps the most extensive prehistoric settlement in the district.

**6.** MOKA : Sri Malleswaraswamy car festival held here every year during February–March attracts about 20,000 people.

**7.** CHELLAGURKI : The place is well-known for the *Samadhi* of Sri Yerritata (1897–1922 AD). Thousands of piligrims from all over the State visit the *Samadhi* on every New Moon Day.

### HADAGALLI TALUK

**1.** KOGALI : It was part of a Pallava province from middle of 7th century AD. to the end of 10th century AD. It was also once a Jain centre of considerable importance. It has a Jain *basti* and many inscriptions.

**2.** SOGI : There is a Chalukyan temple in the village. The *Jatra* held in honour of Sri Veerabhadraswamy during January every year attracts about 5,000 people.

**3.** MANNERUMASALAWADA (Mallappana Betta) : It is the chief peak (about 3177 feet MSL) of the Mallappana Gudda range of hills. Its conical summit contains a natural cave about 30 feet deep, in which has been placed an image of Mudi Mallappa, the God of the hill.

**4.** MAGALAM : It is noted for its Chalukyan temple, of black soapstone, dedicated to Venugopalaswami. This consists of three shrines opening into a central *mantapam*. The doorways leading to the shrines from the mantapam, especially that on the west, are good in design and workmanship.

**5.** HIREHADAGALLI : The village has one of the best Chalukyan temples in the district. Its chief beauties are the carvings on the two doorways and parts of exterior walls. Sri Katti Basaveswara Car festival is held here every year during January–February.

**6.** KURUVATHI : The village is famous for its Chalukyan temple and annual cattle fair. The temple is dedicated to Mallikarjuna. It is built of black stone and is elaborately carved. Sri Mallikarjuna car festival is held here annually during February when about 8,000 people assemble to witness the festival.

**7.** MYLAR : It is famous for the annual festival held at the temple of Shiva every February. About 30,000 people from all over the district assemble to witness the festival.

**8.** HOLALU : There is a famous image of Anantashayana or Vishnu sleeping on the serpent carved in black stone. A socio-economic survey was conducted in the village as part of the 1961 Census Operations. Annual festival held under the auspices of Sri Veerabhadra temple during April. May attracts about 3,000 people from the neighbouring villages.

## HARPANAHALLI TALUK

**1.** KOOLAHALLI : A temple of Goni Basaveswara is found here. The annual festival held in honour of this deity during March draws about 10,000 people.

**2.** BAGALI : The village is known for its potstone Chalukyan temple dedicated to Kalleshwara.

**3.** NEELAGUNDA : A small, beautiful Chalukyan temple dedicated to Bhimeswara is found in the village. The carvings on the ceiling of the central compartment of the *mantapam* and on the doorway to the central shrine are very attractive. The images in the shrine of Anantashayana and Lakshminarayanaswami are also fine examples of Chalukyan art.

**4.** CHIGATERI : Sri Karnikotaswamy Car festival held every year in April draws about 5,000 people.

**5.** UCHANGIDURGA : An inscription here shows that it was one of the chief towns and centres of administration during the reign of the Kadambas in the 4th century AD. Then it passed on to kings of various dynasties and continued to be an important place. Among older buildings here, the fort gates, some ruined walls and one or two big wells are notable. The temple of Uchchangi-amma here is also worthy of note.

**6.** HALAVAGAL : There is a Chalukyan temple of black stone. It is the plainest of all the temples of this type, there being hardly any carved work in it. It would appear that the rough blocks at the doors were evidently intended to be ultimately sculptured.

## HOSPET TALUK

**1.** ANANTHASEYANAGUDI : It contains the ruins of a temple in which the inner shrine, instead of being as usual a small square structure, is a large oblong chamber, with a correspondingly lengthy platform for the reception of the idol and has a very high domed roof. It was built by one of the Vijayanagara Kings. Annual fair in honour of Sri Anjaneya is held here during March when about 10,000 people assemble to witness the fair.

**2.** THIMMALAPURA : The village stands amongst the ruins of the old village of the same name. There are vestiges of three fortified walls, one within the other. A temple of Gopalakrishna, with a tall *gopuram,* built in 1539 AD by a local chief is found within the ruined fort. There is another large temple also within the fort-walls which contains three images and a Linga. The Virabhadra temple is now in ruins.

## KUDLIGI TALUK

**1.** MORABA : The fort on the top of the hill Veeranadurgam here is said to have been unsuccessfully attacked by Tippu.

**2.** GUDEKOTA : Formerly it was the residence of a well-known Paleyagar. To the west of the present habitation there is a deserted village site with many old dwellings. In front of the temple of Virabhadra, there is a stone slab with the figures of a man and a woman inscribed on it. There are also large number of snake stones here, some of which are as high as six feet. To the north of the village on the hill there are ruins of an old fort.

**3.** JERMALI : The hill about 2,750 feet above the sea level, near this village is a most conspicuous landmark for miles around. On the top of the hill there is a ruined fort.

**4.** UJJINI : Lingayats regard this village as an important place as it happens to be the seat of one of the Pancha Simhasana-swamis or religious heads of the sect. The matha of their *guru* and the temple of Sri Siddeshwara are notable. Annually a fair is held in May in honour of Marulasiddeswara.

**5.** AMBLI : The Chalukyan temple dedicated to Kalleshwara here is of black stone. The building consists of a shrine and a *mantapam* of cruciform plan. On the outer walls of the shrine, the lower panels contain carvings of lions and crocodiles. There are two inscriptions in the temple which are dated 1081–1082 AD. and 1105–1106 AD. in the 6th and 30th years of the western Chalukyan king, Vikramaditya VI. In the Hanuman temple in this village is a third inscription belonging to the same dynasty, dated 1143 AD. in the reign of Jagadekamalla II.

## MALLAPURAM TALUK

**1.** N. D. KERI (Narayanadevarakere) : Formerly it was the *jahagir* of a Paleyagar. Ruined parts of the fort-wall and Paleyagar's palace are still seen.

**2.** HAMPASAGAR : The Kannada inscription found here refers to the establishment of the village. At the temple of Veerabhadra Swami, a fire-walking ceremony takes place every year in the month of December. In February every year a picturesque ceremony takes place at the temple of Gangamma.

**3.** KOMBLI : The name Modalukatti by which the Village was formerly known means the first platform or dam. It was so called because it was a scene of the first attempts of the Vijayanagara kings to construct an *anicut* across the river. The remains of the old dam can still be seen. There is a temple of Sri Anjaneya on the bank of the river. Annual *Jatra* held here in the month of December attracts about 4,000 people from the neighbouring villages.

## SANDUR TALUK

**1.** KRISHNANAGAR : Rahamathulla Urus is held here every year during April when about 5,000 Muslims participate in the Urus.

**2.** KARTHIKEŚHWAR : A fair under the auspices of Sri Karthikeswaraswamy temple held here twice in five years during November attracts about 10,000 people from all over the taluk.

3. DHARMAPUR : Sri Narasimhaswamy car festival is held here every year during March.

4. VODDU : Sri Eswaraswamy fair is held here every year during November–December.

5. BOMMAGATTA : Sri Hulikanteswaraswamy car festival held here every year during March attracts about 8,000 people from the surrounding villages.

## SIRUGUPPA TALUK

1. RARAVI : Sri Yellamma Jatra is held here every year during February when about 6,000 people participate in the fair.

2. KENCHANAGUDDA : There are two old forts. The temple of Gangadharaswamy here contains traces of old paintings of Gods and Goddesses. An inscription dated 1708 AD. states that one Kenchanagouda built the temple and the upper fort. In another place there is a cave of Sidda Mallayya, a local saint, with a Kannada inscription.

3. MALEKOTA : Sri Veerabhadraswamy car festival held here annually during December-January attracts about 8,000 people.

4. SIRIGERI : The annual car festival in honour of Sri Nagalingaswamy is held here during March–April.

5. DARUR : The annual car festival of Sri Veerabhadraswamy is held here during August-September.

# PART-B

## PRIMARY CENSUS ABSTRACT

# INTRODUCTION

Bellary District situated in the northern *maidan* region of Mysore State lies between 14° 30′ and 15° 50′ north latitude and 75° 35′ and 76° 40′ east longitude. The district, covering an area of 9,898 sq. kms., has a population of 1,122,686 of whom 570,804 are males 551,882 are females. The density of population of the District is 113 persons per sq. km. On the north of the District is Raichur district, on the west Dharwar district, on the south Chitradurga district, and on the east Anantapur and Kurnool districts of Andhra Pradesh.

In 1961 the District consisted of 8 Taluks of Bellary, Hadagalli, Harpanahalli, Hospet, Kudligi, Mallapuram, Sandur and Siruguppa, with 624 villages and 7 Towns. In 1971 the District has the same number of Taluks but with 623 villages and 11 Towns. The Towns are: Amaravathi, Bellary, Hadagalli, Hampi, Harpanahalli, Hospet, Kamalapur, Kampli, Kottur, Siruguppa and Tekkalkota.

The District and the Taluks have not undergone any jurisdictional changes between 1961 and 1971. There have been variations in the number of villages in certain taluks during this period. A brief description of these changes is given below:

**1. Bellary Taluk:**

104 villages in 1961 and 104 in 1971.
No change.

**2. Hadagalli Taluk:**

70 villages in 1961 and 69 in 1971.
The decrease of one village is due to the deletion of Hadagalli village (L. C. No. 1 of 1961) from the 1971 list of villages on its classification as a town at the 1971 Census.

**3. Harpanahalli Taluk:**

75 villages in 1961 and 75 in 1971.
No change.

**4. Hospet Taluk:**

75 villages in 1961 and 74 in 1971.

(*a*) Amaravathi (L.C. No. 2 of 1961) listed as a separate village in 1961 is deleted in 1971 as this has been entirely included in Amaravathi town.

(*b*) Chitwadgi, which was not listed as a separate village in 1961, is listed as a separate village in 1971 (bearing L.C. No. 2) since it is only partly included in Hospet Town.

(*c*) Hampi which was included as a village in 1961 (L.C. No. 21 of 1961) is deleted from the 1971 list of villages on its classification as a town consequent on its being declared as a Notified Area under Government Notification No. HML 20 MUZ 68, dated 16th May 1969.

Thus, an addition of one village and deletion of two villages reduces the total number of villages in the taluk to 74.

**5. Kudligi Taluk:**

97 villages in 1961 and 97 in 1971.
No change.

**6. Mallapuram Taluk:**

32 villages in 1961 and 31 in 1971.
The decrease by one village between 1961 and 1971 is due to the deletion of one village, Myalapuram (L.C. No. 1 of 1961) from the 1971 list of villages as it has been completely submerged under the Tungabhadra Reservoir Project.

**7. Sandur Taluk:**

85 villages in 1961 and 89 in 1971.
The increase is due to addition in 1971, of 4 forest villages which do not fall within the revenue limits of any village
These are:

(i) Donamalai (L.C. No. 86)
(ii) Swamy Malai Block (L.C. No. 87)
(iii) Ramanmalai Block (L.C. No. 88)
(iv) North Eastern Block (L.C. No. 89)

**8. Siruguppa Taluk:**

86 villages in 1961 and 84 in 1971.
The decrease of 2 villages is due to the deletion of Siruguppa and Tekkalkota, which were villages in 1961, from the 1971 list of villages on the classification of these places as towns at the 1971 census.

The increase in the number of towns from 7 in 1961 to 11 in 1971 is due to addition of Tekkalkota, Siruguppa, Hampi (NAC) and Hadagalli on their satisfying the criteria prescribed for classifying a place as a *census town.*

# EXPLANATORY NOTE

In Part B of the District Census Handbook of each district the "Primary Census Abstracts" are presented. These are the basic tables of demographic importance obtained on a full count of the individual slips. These tables are furnished villagewise for the rural sector and by Enumerator Block in respect of each Census Town in the urban sector.

The Primary Census Abstract, the P.C.A. as commonly referred to, for the District and its constituent Taluks arranged alphabetically, is presented first. The P.C.A. data for the urban units within each taluk are also included therein. In the tables the abbreviations T, R and U are used. T stands for total, R for rural and U for urban. After the District P.C.A. a map of each Taluk, village list and the Taluk P.C.A. follow.

The concept of Urban Agglomeration has been adopted for presentation of some of the basic results of the 1971 Census replacing the 'Town-Group' concept of the 1961 Census. Small towns around a city or a major town which are contiguous and are within its urban influence are grouped together with the city or the major town to constitute an Urban Agglomeration. In Mysore State, five such Urban Agglomerations named after the respective cities of Bangalore, Belgaum, Bhadravati, Kolar Gold Fields and Mangalore have been recognised. Separate statements of the P.C.A. data of these agglomerations are presented in the respective District Census Handbooks.

COLUMN 1. LOCATION CODE NUMBER: The Location Code Number is the number assigned to each village within a Taluk and each Census town within a district in a particular order. The numbers assigned to taluks and villages are International numerals while those assigned to towns are Roman numerals. The Districts in the State were arranged alphabetically and numbered serially with International numerals.

Bellary District has the location code number 3. The taluks and towns of the District bear the following location code numbers:

| Name of Taluk | Location Code No. | Name of Town | Location Code No. |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| Bellary | 3/1 | Amaravathi | 3/I |
| Hadagalli | 3/2 | Bellary | 3/II |
| Harpanahalli | 3/3 | Hadasalli | 3/III |
| Hospet | 3/4 | Hampi | 3/IV |
| Kudligi | 3/5 | Harpanahalli | 3/V |
| Mallapuram | 3/6 | Hospet | 3/VI |
| Sandur | 3/7 | Kamalapur | 3/VII |
| Siruguppa | 3/8 | Kampli | 3/VIII |
| | | Kottur | 3/IX |
| | | Siruguppa | 3/X |
| | | Tekkalkota | 3/XI |

COLUMN 2. NAME OF VILLAGE/TOWN/WARD/URBAN ENUMERATOR'S BLOCK: Names of villages and towns corresponding to the location code numbers given in Column 1, are noted here.

The particulars presented against each village include the data relating to the *asli* (main) village and also its hamlets, if any. Large hamlets which returned a population of 500 or more have been separately mentioned in Appendix No. I in view of their sociological importance. But, for such hamlets, only the particulars of population by sex, as culled out from the Enumerator's Daily Posting Statements are furnished. The population data of such hamlets should, therefore, be regarded as only approximate since it is not based on actual tabulation but only on the Enumerator's Daily Posting Statements.

The Census village corresponds generally to the Revenue village and its jurisdiction is defined as the area included within the geographical boundaries of the Revenue village bearing the same name. When a portion of the Revenue village stands incorporated in a municipality, the area so included is regarded as part of the town. In all such cases, the remaining land situated outside the municipal limits, if any, is considered as a separate Census village-unit for purposes of enumeration. For such residuary area the suffix 'Rural' has been noted against the name of the place which may also have been indicated as a Town under the same Taluk. The P.C.A. presented against such places relates to the area situated beyond the municipal limits of the concerned towns.

A Revenue village, the entire geographical area of which stands included within the limits of a municipality, ceases to be a Census village by virtue of its having been accounted for under the concerned town.

Reserve forest areas which do not form part of any Revenue village are also reckoned as Census villages and such geographical units are assigned location code numbers along with other villages of the concerned taluk.

Regarding urban areas, the name of the town, the names (numbers/alphabets) assigned to the constitutent Municipal Wards/Divisions, if any, and the number assigned to each enumerator's block within it are given in this column. The jurisdiction of each block is indicated in a statement immediately after the tables of the urban-block P.C.A. of the Taluk.

The places administered by Municipal Corporations, Municipalities, Cantonment Boards, Notified Area Committees or Local Bodies such as Town Boards, Civil Lines, etc., are classified as urban areas or towns. Besides, certain other places which satisfied the following criteria are also classified as Census Towns:

(*a*) Minimum population of 5000 persons.

(*b*) Density of 1000 persons per sq. mile (or 400 persons per sq. km.)

(*c*) At least 75 per cent of the male working population engaged in pursuits other than agriculture.

A few other places which did not satisfy fully these conditions but were regarded as having pronounced urban characteristics are also classified as towns.

COLUMN 3. AREA OF VILLAGE IN ACRES AND TOWN/WARD IN $Km^2$: The particulars of the total geographical area of the Village furnished by the Tahsildars of the concerned Taluks, and of the Towns and their constituent Municipal Divisions or Wards as furnished by the Local Bodies concerned are given in acres and sq. kms. respectively in this column. The area of the District as furnished by the Surveyor General, India through the Central Statistical Organisation is shown against the District total, while the area of each Taluk as furnished by the Director of Survey, Settlement and Land Records in Mysore is shown against the Taluk total. No attempt has been made to reconcile the area figures obtained from these three different sources.

COLUMN 4. NUMBER OF OCCUPIED RESIDENTIAL HOUSES: A Census House is defined as "a building or part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used or recognised as a separate unit." In this column the number of such houses which were in actual use for residential purposes either partly or wholly, at the time of the enumeration (*i.e.*, between 10-3-71 and 31-3-71) is given.

COLUMN 5. NUMBER OF HOUSEHOLDS: A Household is defined as "the entire group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevent them from doing so." It may consist entirely of persons related to each other or may be made up of a few related and other unrelated persons or of totally unrelated persons. A household may also consist of a single individual. Those households which are made up of groups of unrelated persons such as in hostels, inmates of jails, boarding houses, hotels, chummeries, etc., are regarded as Institutional Households. Households that do not live in Census Houses are called Houseless Households. The total number of households including Institutional Households and Houseless Households, if any, in the village or the block is given here.

COLUMNS 6, 7 AND 8: TOTAL POPULATION (Including Institutional and Houseless population): The column headings are self-explanatory. The abbreviations 'P,' 'M' and 'F' appearing in several sub-columns of the P.C.A. stand for the number of Persons, Males and Females respectively.

COLUMNS 9 AND 10. SCHEDULED CASTES: These two columns furnish the population of Scheduled Castes by sex. By Scheduled Castes are meant "all such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article 341 of the Constitution of India to be the Scheduled Castes for the purposes of the Constitution of India." Scheduled Castes are limited only to Hindus and Sikhs.

COLUMNS 11 AND 12. SCHEDULED TRIBES: These two columns furnish the population of Scheduled Tribes by sex. By Scheduled Tribes are meant "all such tribes or tribal communities or parts of a group within such tribes or tribal communities as are deemed under Article 342 of the Constitution of India to be Scheduled Tribes for the purposes of the Constitution of India." Persons belonging to the Scheduled Tribes may profess any religion.

The Scheduled Castes and Tribes notified in the State are indicated in Appendix No. II. The data on the individual Scheduled Castes and Scheduled Tribes are presented in Part C of the District Census Handbook.

COLUMNS 13 AND 14. LITERATE AND EDUCATED PERSONS: A person who can both read and write with understanding in any language is regarded as literate

even though such a person may not have attained any educational standard or may not have received any formal education. By convention, all children of the age of 4 years or less are treated as illiterate even if a child of this age-group is going to a school and may have picked up reading and writing.

If, in addition to being a literate, any person has attained any level of education such as primary, middle, high school stages, etc., such details were enumerated during the census count. The number of males and females shown under columns 13 and 14 respectively includes not only those who were literate without having attained any level of education but also those who have attained various educational levels.

COLUMNS 15 TO 36. WORKERS: A *worker* is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but also effective supervision and direction of work.

A person who is engaged primarily in household duties such as cooking for one's own household or performing one's own household duties or is primarily a student attending some institution but, either occasionally or regularly, helps (not as a full-time worker) in the economic activity pursued by th ehousehold only during his or her spare time is not regarded as a worker. The main activity of each individual, *i.e.*, how the person engages himself or herself mostly, was ascertained and all those engaged in any activity which is economically productive (*i.e.*, resulting in production of goods and services) were deemed to be workers.

The workers are further classified into nine industrial categories and the distribution of the total workers by sex is given under Columns 17 to 36.

For convenience of presentation, the detailed descriptive headings of the nine Industrial categories have not been printed in the PCA tables but only the Industrial Category Number is given. The corresponding descriptions are as follows:

| Category | Description | Column Nos. |
|---|---|---|
| I. | Cultivators | 17–18 |
| II. | Agricultural labourers | 19–20 |
| III. | Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities | 21–22 |
| IV. | Mining and Quarrying | 23–24 |
| V | Manufacturing Processing, Servicing and repairs | |
| (*a*) | Household Industry | 25–26 |
| (*b*) | Other than Household Industry | 27–28 |
| VI. | Construction | 29–30 |
| VII. | Trade and Commerce | 31–32 |
| VIII. | Transport, Storage and Communications | 33–34 |
| IX. | Other services | 35–36 |

*CATEGORY I.* CULTIVATORS: A person is a *cultivator* if he or she is engaged in cultivation by oneself or by supervision or direction in one's capacity as the owner or lessee of land held from Government or as a tenant of land held from private persons or institutions for payment of money, kind of share. Cultivation involves ploughing, sowing and harvesting and all other activities (such as digging of channels for water, weeding etc.), in the production of cereals and millet crops, pulses, raw jute and kindred fibre crops, sugar cane, groundnut, tapioca, oil seeds etc. Cultivation does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plants.

*CATEGORY II.* AGRICULTURAL LABOURERS: A person who works in another person's land for wages in money, kind or share and does not have any right of lease or contract on the land on which he or she works is regarded as an *agricultural labourer.*

*CATEGORY III.* LIVESTOCK, FORESTRY, FISHING, HUNTING AND PLANTATIONS, ORCHARDS AND ALLIED ACTIVITIES: This category includes all workers engaged in livestock rearing, forestry, fishing, hunting and plantations, orchards and allied activities.

*CATEGORY IV.* MINING AND QUARRYING: All those who are engaged in mining and quarrying activities are included in this category.

*CATEGORY V.* MANUFACTURING, PROCESSING, SERVICING AND REPAIRS: Workers engaged in manufacturing, processing, servicing and repair activities are subdivided into those who are engaged in Household Industry and those who are not so engaged. Household Industry is defined as an industry conducted by the head of the household himself/herself and/or mainly

by the members of the household at home or within the village in rural areas and where the household lives in urban areas, only within the premises of the household. Such an industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. Further, such an industry should not be run on the scale of a registered factory. A person may be a labourer or a petty employee in an industry which is a household industry run by some other household. The number of persons engaged in Household Industry are categorised as V (*a*).

The number of workers who are engaged in such activities but in establishments which do not qualify themselves to be classified as Household Industries as defined above are shown under Category V (*b*).

*CATEGORY VI.* CONSTRUCTION: Workers who are engaged in construction, maintenance, upkeep, repair and similar activities of buildings,roads, bridges, dams, canals and construction of electrical, water-supply and sanitary installations, etc., are brought under this category.

*CATEGORY VII.* TRADE AND COMMERCE: Workers in trade and commerce include all those engaged in wholesale or retail trade in goods; in dealing with insurance, stocks and shares, employed in banking and financial institutions, etc., either as proprietors or in any other capacity in such establishments.

*CATEGORY VIII.* TRANSPORT, STORAGE AND COMMUNICATIONS: Workers in transport, storage and Communications include those who work in establishments such as the railways, road transport, post and telegraphs and such other organisations or establishments which are engaged in the Transport, Storage and Communications sectors of the national economy.

*CATEGORY IX.* OTHER SERVICES: 'Other Services' constitutes the last category and includes employees of the Central and State Governments, local bodies and quasi-local bodies and other organisations or institutions engaged in educational, scientific, medical and health services. Religious and welfare services, legal services, business services, community services and trade and labour associations, recreation services, personal services and other miscellaneous activities not covered in any of the remaining 8 categories specified above, are included here.

COLUMNS 37 AND 38. NON-WORKERS: Non-workers are those whose main activity is economically non-productive and includes those engaged in household duties, full-time students, rent receivers, retired persons, infants and old persons, beggars, vagrants, inmates of penal, mental or charitable institutions, etc. It also includes those non-workers who were seeking work.

The Industrial Categories of 1961 and 1971 Censuses are generally similar except for the separate categorisation of 'Mining and Quarrying' and consequential renumbering of 'Household Industry'. In comparing the data of these two Censuses this change must be kept in view. For convenience, the categorisation of 1971 and 1961 are indicated below:

**Industrial Categories of 1971 and 1961 Censuses**

| Category | 1971 | 1961 |
|---|---|---|

NOTE—1.@ The areas of the State and each of the Districts represent 'Geographical area' and have been supplied by the Surveyor General, India. The figures for urban areas are those supplied by the Local Bodies. Area, figures for Rural areas are derived by subtracting the Urban areas from the total area of the Districts as reported by the Surveyor General, India. The total of the Area figures of the Taluks will not tally with the District figures because the former represents 'Land-use' area and are derived from figures supplied by the Director of Survey, Settlement and Land Records in Mysore.

2. Towns treated as such for the first time in 1961 Census which continue as towns in 1971 Census are shown with asterisk (*) on their left.

3. Towns treated as such for the first time in 1971 are printed in italics.

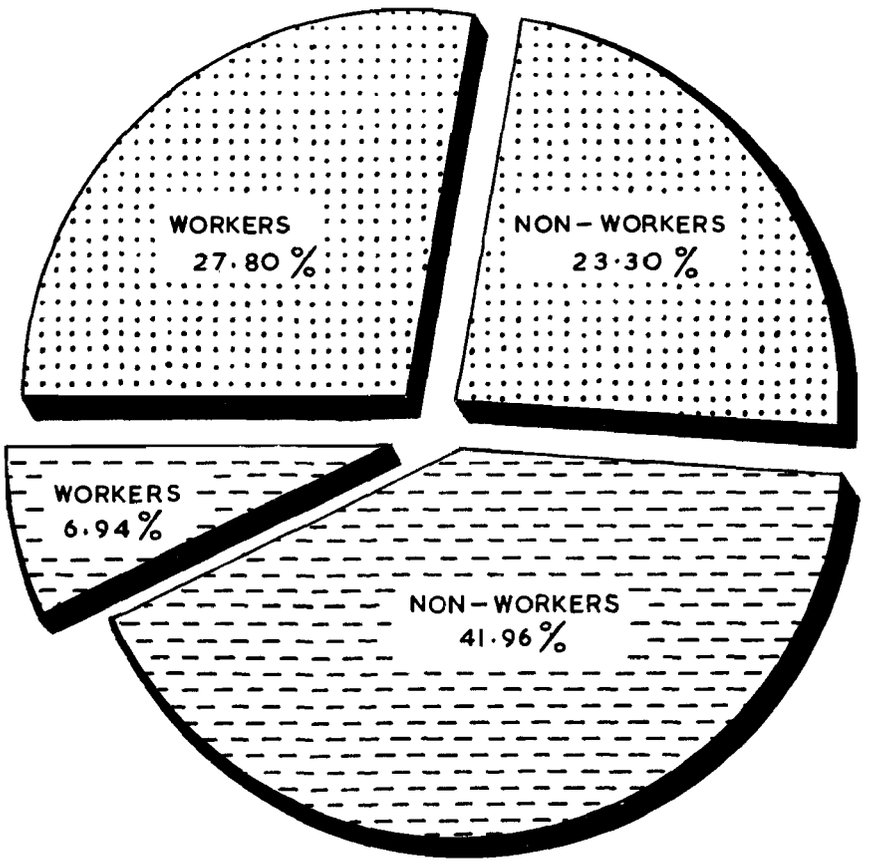

4. The following abbreviations have been used for indicating the status of a town (given within brackets against names of the towns)

| | |
|---|---|
| C. | Municipal Corporation |
| C.B. | Cantonment Board |
| M. | Municipal Town |
| N.A.C. | Notified Area Committee |
| P. | Panchayat |
| S.A. | Special Area |
| S.B. | Sanitary Board |
| T.B. | Town Board |
| T.P. | Town Panchayat |

5. Under Column 3, following abbreviations are used:
T: Total R: Rural U: Urban

# APPENDIX II

# APPENDIX—II

## SCHEDULED CASTES AND SCHEDULED TRIBES IN MYSORE STATE

### Scheduled Castes

"Scheduled Castes" means such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article 341 (of the Constitution of India) to be the Scheduled Castes for the purposes of the Constitution of India.

According to the *Constitution (Scheduled Castes) Order* 1950 and the *Constitution (Scheduled Castes) (Part C States) Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists (Modification) Order,* 1956 and all subsequent amending Notifications issued up-to-date, the castes indicated under each of the different regions specified hereunder, have been declared as Scheduled Castes in the respective regions of the Mysore State.

No person who professes a religion different from the Hindu or the Sikh shall be deemed to be a member of a Scheduled Castes.

### Scheduled Tribes

"Scheduled Tribes" means such tribes or tribal communities or parts of or groups within such tribes or tribal communities as are deemed under Article 342 (of the Constitution of India) to be Scheduled Tribes for the purposes of the Constitution of India.

According to the *Constitution (Scheduled Tribes) Order,* 1950, and the *Constitution (Scheduled Tribes) (Part C States) Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists (Modification) Order,* 1956 and all subsequent amending Notifications issued up-to-date, the communities indicated under each of the different regions specified hereunder have been declared as Scheduled Tribes in the respective regions of the Mysore State.

Persons belonging to the Scheduled Tribes may profess any religion.
