ACKNOWLEDGEMENTS

At the 1971 Census it has been our endeavour to compile both Census and non-Census stasistics at the village and block level in a uniform manner. To ensure that these statistics are available to the users as soon as these are sifted and compiled, the District Census handbook has been divided into three parts. This is the first part of the series, the Village and Town Directory, which mostly comprises Non-census data.

We are deeply indebted to the State Government for their ever willing and prompt help to us at all stages. The District Census Handbooks are being published by us on their behalf. I wish to express my gratitude to Sri M. Lal, Chief Secretary to U P Government, for all the guidance and facilities afforded to us in the conduct of Census in this State I am also grateful to Sri P. C. Pandey, Secretary, G A. D. (Now Commissioner, Rohilkhand Division, Bareilly) and his successor, Sri A. P. Dixit, for the facilities given by them in sorting out various administrative matters relating to the publication of these Handbooks. I am extremely thankful to the District Officers for their whole hearted co-operation in furnishing the desired information and the District Census Officers for their hard work and sustained efforts in collecting the same.

The programme for the printing of District Census Handbooks has been heavy indeed, more so as three parts are being published, one in Hindi and two in English. The arrangements made by Sri A. Dar, Superintendent, Printing and Stationery, U. P., Allahabad for the printing of these volumes, are thankfully acknowledged. Joint Superintendent, Sri J. S. Gupta, I/c New Government Press, Aishbagh, Lucknow has also been extremely helpful in bringing out the maps.

In the Census Office, everyone has done something for this stupendous task of compilation and collection of statistics, preparation of notes and reading of proofs. I am grateful to Sri K. S. Sinha, Deputy Director, Headquarters, the Tabulation Officer and other staff of the Technical Section, who have shared the burden and helped in bringing out these Handbooks.

I must also express my gratitude to Sri A Chandrasekhar, Registrar General, India, Sri K. D. Ballal, and Dr. B. K. Roy Burman, Deputy Registrars General and Sri K. K. Chakravorty, Central Tabulation Officer for their constant help and guidance despite their own heavy preoccupations.

Lucknow
Dated : October 3, 1972.

D. M. SINHA
Director of Census Operations,
Uttar Pradesh.

Introductory Note

1. History of District Census Handbook.

It has been customary to bring out vital statistics at most of the Censuses. A list showing the population of villages in each district was published after the 1891 Census. Such information was, however, not brought out in 1901. Village Directories were prepared for all districts in 1911, but could be published only for thirteen due to the out break of the First World War. At the 1921 Census, these were published for all districts in the form of District Census Statistics. In 1931 villagewise statistics were compiled but could not be published owing to financial stringency, resulting in loss of valuable data. At the 1941 Census, restricted tabulation was undertaken in the wake of the Second World War, but the utility of Census statistics was recognised and these were published. The District Census Handbook in its present form was brought out at the 1951 Census, and was published alongwith another volume titled District Population Statistics. In 1961 Census, attempts were made to render the District Census Handbook more informative, as in addition to Census data pertaining to each village, data about its level of development and amenities were also collected. At the 1971 Census, efforts have been made to compile both Census and Non-census statistics at village/town level in a uniform manner with an enlarged scope.

As the District Census Handbook makes Census statistics available for the smaller territorial units, it is constantly referred to for several purposes of administration, demarcation of electoral constituencies, planning and development and so on. To ensure that these statistics are available to the users early, the District Census Handbook has been divided for being published separately into three parts :

Part A : Town and Village Directory

Part B : Village and Town-wise Primary Census Abstract

Part C : Analytical Report and Administrative Statements—District Census Tables.

2. Scope of District Census Handbook.

Part A of the Handbook comprises the Town and Village Directory. In Village Directory, particulars of amenities in regard to Education, Medical, Power supply, drinking water supply, Post and telegraph and Communications have been given. Besides, it contains land-use statistics, days of weekly markets and places of religous, historical or archaeoligical interest in each village. The Town Directory comprising seven statements throws light on the status of the town, its origin, growth of population, functional category, location and physical aspects, Municipal finances, Civic and other amenities, Medical and Educational facilities and statistics pertaining to Trade, Commerce, Industry and Banking. Apart from these, it also gives the distribution of population of a town by religion and scheduled Castes/Scheduled Tribes.

Part B represents data down to village level for rural area and block level for towns. contains the Primary Census Abstract which incorporates figures of area, number of occupied residential houses and households, total population and its break-up by sex, scheduled caste and scheduled tribe, literate population, working population by nine broad industrial categories of cultivators, agricultural labourers, workers engaged in forestry and livestock etc, in mining and quarrying, in manufacture or repair, in construction, in trade and commerce, in transport and communications and in other services as well as the non-working population.

Part C deals with the administrative statistics pertaining to the district in all fields of development. The Census tables pertaining to language, religion, migration and economic activities are being reproduced in this part. A write up indicating changes in socio-economic and demographic characteristics of the district during the last decade is also being included in it.

3. **Town Directory** given in Part A presents data for all the Census towns of the district. There is no uniformly accepted definition of a town. The historical, political, cultural and administrative considerations are generally taken as criteria for rural-urban classification. An urban area, in contradistinct on to the rural, comprises a large majority of inhabitants who are engaged in industrial and non-agricultural activities. In addition to its size, population and occupational characteristics, an urban area provides such facilities as transportation, banking, commercial and technical services, community facilities and other civic services. According to the State Government, all Municipal Corporations, Municipal Boards, Cantonment Boards, Notified Areas and Town Areas are considered as town, and according to their average annual income from their own resources, these have been classified into different classes of local bodies. The Criteria adopted under the Census Operations is slightly different from the State Government. In 1971 Census all places satisfying the following conditions have been treated as Towns :—

1. All Municipal Corporations Municipal Boards, Cantonments & Notified Areas.
2. All localities though not in themselves local bodies but forming part of a city or town agglomeration.
3. Other places satisfying all the three under mentioned conditions :
   (i) Population exceeds 5,000.
   (ii) At least 75% of the male working population engages in non-agricultural pursuits, and
   (iii) The density of population exceeds 1,000 persons per sq. mile (386 persons per sq. km.).

The information given in the Town Directory relates to the year 1969. The data has been presented in the following seven statements :

(a) Statement I—This statement presents the population of the towns at the end of each decade from 1901 to 1971, the Civic status of the towns and their functional categories at 1961 and 1971 Censuses. The functional categories given in columns 14 and 15 have been determined on the basis of the predominant functional character of the town, to derive which, the working population under the broad industrial categories has been regrouped into five broad functional classifications.

(i) Primary Activities-Categories I, II, III & IV
(ii) Industry-Categories V (a), V (b) and VI
(iii) Trade and Commerce-Category VII
(iv) Transport-Category VIII, and
(v) Services-Category IX

For each town, the percentage of workers under each of the aforesaid classes to total workers is worked out, and where the workers under one of the classes comprise 40% or more of the total workers, the town is taken as mono-functional. In other cases, the next predominant occupation is taken into account and if the total of the two comes to 60%

or above, the town is designated as bi-functional. If the total does not yield 60%, the third predominant occupation is also taken and such a town is treated as multi-functional.

The notations used in column 5 of the statement are :

C—Municipal Corporation
M—Municipal Board
NAC—Notified Area Committee
TC—Town Area Committee
CB—Cantonment Board

(b) **Statement II**—This statement gives the physical aspects and location of towns. The annual rainfall, maximum and minimum temperature, nearest City with its distance, name of district and tahsil headquarters, railway stations and bus routes etc. have been indicated. The altitudes of the towns given in col. 3 have been supplied by the Surveyor General of India.

(c) **Statement III**—It reveals the municipal finances for the year 1968-69. The receipts through taxes and other sources alongwith the expenditure on general administration, public works and conveniences have been given therein.

(d) **Statement IV**—In this statement, the Civic and other amenities available in the town have been shown such as the system of sewerage, drainage, the number of latrines and method of disposal of night soil, the source and capacity of protected water supply, fire fighting service and electrification. The notations used in the statement are as below :

Col. 3	PR	..... For Pucca Road
	KR	——— „ Kachcha Road
Col. 4	PT	——— „ Pit Tank
	OSD	——— „ Open surface drain
Col. 8	B	——— „ Basket
	HC	——— „ Hand Cart
	HL	——— „ Head Load
	MT	——— „ Mechanical Transport
Col. 9	TW	——— „ Tube Well
	OHT	——— „ Overhead Tank

(e) **Statement V**—The medical, educational, recreational and cultural facilities available in the towns have been shown in this statement with the help of the following notations :

Col. 3	H	——— For Hospital
	D	——— „ Dispensary
	HC	——— „ Health Centre
	FC	——— „ Family Planning Centre
	TBC	——— „ T.B. Clinic
	MCW	——— „ Maternity and Child Welfare Centre
Col. 5	AS	——— „ Arts and Science College
Col. 17	PL	..... „ Public Library
	RR	——— „ Reading Room

(f) **Statement VI**—This statement contains information relating to trade, commerce, industry and banking facilities in the towns. The names of important commodities manufactured, imported and exported, the number of Banks and agricultural as well as non-agricultural credit socities are given in the statement. The commodities mentioned therein are those

having the highest value in currency. In a few cases, if the town is famous for manufacturing or exporting some particular item, even though the money value is not high, such items have been included.

(g) **Statement VII :—** The census table C-VII giving distribution of population by religion and scheduled castes/scheduled tribes has been reproduced in this statement. While sex-wise following of the more common religions viz. Hinduism, Islam, Buddhism, Jainism, Sikhism and Christianity has been given separately, the persons belonging to other religions and pursuations have been shown in columns 15 and 16 under the heading of 'Others.'

(5) **Village Directory** reveals the general living conditions of peasantry and the over all development that has taken place in the country side. The amenities available within each village in the field of education, medical and health, power-supply, drinking water, communications, post and telegraph have been given in columns 4 to 9 of this Directory. Besides, the information relating to staple food, distance from nearest town, days of market/hat and places of religious, historical or archaeological interest is also given in the statement. If the village is un-inhabited or power is being used for agricultural purpose only, these characteristics have been indicated in the remarks column.

The land use statistics are constantly in demand for Agricultural production programme These statistics have been given in columns 11 to 15 under the headings (i) Forest, (ii) Irrigated, (iii) Unirrigated, (iv) Culturable waste and (v) Area not available for cultivation. In column 12, the irrigated area under different sources of irrigation has been separately given.

The villages have been arranged according to the code nos. allotted to them at 1971 Census. The information has been presented with the help of the following abbreviations:

In Column 4

JBS	for	Junior Basic School
SBS	,,	Senior Basic School
HSS	,,	Higher Secondary School
C	,,	College
O	,,	Others

In Column 5

H	for	Hospital
D	,,	Dispensary
FC	,,	Family Planning Centre
HC	,,	Health Centre
MCW	,,	Maternity & Child Welfare Centre
O	,,	Others

In Column 6

E	for	Electricity

In Column 7

T	for	Tap
HP	,,	Hand Pipe
W	,,	Well
WE	,,	Well with Electricity
TK	,,	Tank
R	,,	River
F	,,	Fountain

C for Canal
WF " Waterfall
L " Lake
TWE " Tube-well with Electricity
O „ Others

In Column 8

KR for Kachcha Road
PR „ Pucca Road
T „ Train
CR „ Canal Road
R „ River
C „ Canal

In Column 9

PO for Post office
TO „ Telegraph office
PTO „ Post and Telegraph office
Phone „ Telephone

In Column 12

T for Total
C „ Canal
W „ Well
WE „ Well with Electricity
TW „ Tube-well
TWE „ Tube-well with Electricity
TK „ Tank
R „ River
WF „ Waterfall
L „ Lake
F „ Fountain
O „ Others

In Column 18

T for Temple
M „ Mosque
C' „ Church
G „ Gurudwara
HP „ Historical Place
RP „ Religious Place
A „ Archaeological monument
EA „ Electricity for Agricultural purpose

An appendix has been included summing up the amenities at district level with tahsil wise break up.

THE DISTRICT

A-Town Directory

Statement I

There is one addition to the number of towns in the district since 1961 Census. There are now 7 towns viz. Banki, Nawabganj and Military Petrol Depot (Constituting Bara Banki Urban Agglomeration), Ruduali, Zaidpur, Fatehpur and Rampur-Bhawanipur, the last having acquired the status of a town in 1971 Census.

Functional Category	Name of Town
Services	Nawabganj Municipal Board, and Military Petrol Depot
Industry-cum-services	Banki
Primary activities	Rudauli
Industry	Zaidpur
Industry-cum-Primary activities-cum-services	Fatehpur
Industry	Rampur-Bhawanipur

Nawabganj Municipal Board, the headquarters of the district, is a mono-functional town comprising 42.5% workers in the service class. Rudauli, Zaidpur and Rampur-Bhawanipur towns are also mono-functional comprising 44.1%, 55.1% and 64.4% workers in the respective functional categories as shown in Table I. Banki town is a bi-functional town comprising 38.8 per cent industrial workers followed by 32.2% in services. Fatehpur town is multi-functional being in predominantly functional category as Industry 38.3% followed by Primary activities 28.3% and services 23.5%

Statement II

The physical and locational aspects have been covered in this statement. The figures of annual rainfall and the maximum and minimum temperature were not available with the Director of Meteorological Centre, Delhi, so the information given in columns 4-6 relates to the nearest observatories in Lucknow and Faizabad.

Statement III

The per Capita receipt and expenditure in the local bodies are as below :

Table 2

Per Capita (Figuers in'00 rupees)

Name and Class of Town	Receipt(Rs)			Expenditure Rs)			
	Total receipt	Receipt through taxes	Receipt from all other sources	Total Expenditure	Expenditure on public health & conveniences	Expenditure on public institutions	Expenditure on all other aspects
1	2	3	4	5	6	7	8
1. Nawabganj M. B. (Class III)	31.13	20.47	10.66	26.13	7.08	5.18	13.87
2. Fatehpur, 3 Rudauli, 4. Zaidpur (Class IV)	3 72	0.83	2.89	3 02	0.86	...	2.16
Banki Rampur-Bhawanipur (Class V)	1.41	0 11	1.30	1.41	0 31	...	1.10

The per Capita receipts of Class III, Class IV and Class V towns are 31.13, 3.72 and 1.41 respectively against the per Capita expenditure of rupees 26 13, 3.02 and 1 41 respectively, and none of the towns has a deficit on this score.

Statement IV

All the towns have protected water supply and excepting Rampur-Bhawanipur and Fatehpur, the towns have road lighting arrangements also. Fire fighting service is available only in Nawabganj Municipal Board. No mechanical transport for removing the night soil has been provided in the district, and handcarts and buckets are used for the purpose.

Statement. V

Nawabganj Municipal Board has 5 Hospitals, 1 Dispensary, 1 T. B. Clinic and 1 Maternity and Child Welfare Centre. Rudauli N. A. has 1 Hospital 1 Dispensary, 1 Health Centre and 1 Maternity and Child Welfare Centre. Zaidpur T. A has 1 Hospital and 1 Dispensary only. Fatehpur T. A. has 2 Hospitals and 1 Dispensary Banki T. A. has 2 Dispensaries and 1 Family Planning Centre. Rampur-Bhawanipur has so far no medical facilities of any type. The number of beds per 1,000 persons is given in the following table.

Table 3

Total number of beds in medical institutions	No. of beds per 1,000 persons
157	2(1.67)

The number of beds in the hospitals of the district has increased from 150 in 1960 to 157 in 1969.

In Bara Banki district, there is only one degree college located in Nawabganj. The number of Higher Secondary, Senior Basic and Junior Basic schools per 1,000 population are given in the following table.

Table 4

Name of Town	Higher secondary schools/Intermediate colleges/High schools	Junior secondary schools/Senior basic schools	Junior Basic Primary schools
Nawabganj M. B.	0.11	0.11	0 62
Military Petrol Depot	...	...	...
Rudauli	0.05	0.21	0.47
Zaidpur	...	0 22	0.37
Fatehpur	0.08	0.24	0.16
Banki	...	...	0.13
Rampur-Bhawanipur	...	...	0.35

There are 0.11 Higher secondary schools per 1,000 population in Nawabganj Municipal Board and 0.05 in Rudauli and 0.08 in Fatehpur The institution below High school level per 1,000 population are 0.73 in Nawabganj, 0 68 in Rudauli, 0.59 in Zaidpur, 0.40 in Fatehpur, 0.35 in Rampur-Bhawanipur and 0 13 in Banki.

The district has two Cinema Halls located in Nawabganj.

Statement VI

Rampur-Bhawanipur and Zaidpur are industrial towns whereas Nawabganj is Industrial-cum-service town. The main articles manufactured in these towns are handloom fabrics. In Rudauli town the main article of manufacture is Khandsari. Bricks and leather shoes are also manufactured in Rudauli. Salt, Jute, Cloth and Staple yarn are imported in district. Other items imported are Tobacco and Kerosene oil. Grains and handloom fabrics are the main items of export. Other items exported are rice, opium and carpets.

Statement VII

The population in all the towns is largely shared by Muslims and Hindus. In Zaidpur T. A., Rampur-Bhawanipur, Fatchpur T. A. and Rudauli N. A. the percentage of Muslim population is 77.2, 75.3, 58.5 and 55.7 respectively. As against these, the percentage of Hindus is 22.6, 24.7, 37.8 and 44.3 respectively. The religionwise distribution is reversed in

Military Petrol Depot, Banki T.A.and Nawabganj M B where the percentage of Hindus is 74.2, 67.7, 59 9 against 8.9, 31.9 and 37.2 of Muslims. The number of persons belonging to other religions is negligible. The percentage growth of Muslim population of the district during the last decade is 23.30, which is significantly higher than the growth rate of Hindu population (13.79%).

There are only 4 persons beloning to scheduled tribes in Nawabganj M.B. and in the rest of the towns, no scheduled tribe population exists The percentage of scheduled caste to the total population in Banki T A., Zaidpur T. A., Rampur-Bhawanipur, Nawabganj M. B. Fatehpur T. A., and Rudauli N.A. is 13.9, 10.1, 8.9, 8.2 6 5, and 5.6, respectively. The growth rate of scheduled caste population in this district during the decade is 45 83 which is higher than the State average of 20.45.

B—Village Directory

(a) The villages with reference to their area in acres have been stratified in the following table.

Table 5

Area (in acres)	No. of villages	Percentage
50 acres or less	17	0.8
51-100 acres	68	3.2
101-200 ,,	298	14.2
201-500 ,,	910	43.5
501-1000 ,,	561	26.8
1001-2000 ,,	206	9.8
2001-5000 ,,	33	1.6
5001 & above	1	0.1

The above table shows that the number of medium size villages, i. e. having an area of more than 200 acres but not more than 1000 acres are highest, claiming the percentage of 70 3. Thereafter the number of villages goes on decreasing paripassu as the size of villages increases There is only 1 village having an area exceeding 5000 acres. As regards smaller villages there are only 17 having an area of less than 50 acres

(b) The distribution of villages having educational institutions is given in the following table :—

Table 6

Distance from the nearest town	Total No of villages	Number of villages having				
		J B.S	S.B S.	H S S.	College	Others
5 Kms or less,	205	88	8	5	...	...
6-10 Kms	427	207	23	3	...	...
18-15 Kms.	315	131	14	3	...	...
16-25 Kms	543	265	19	6	...	...
26-50 Kms.	526	253	28	6	...	...
51-100 Kms.	77	40	1	1	...	...
101-200 Kms	1	...	...	...	...	...
200 Kms and above	...	...	...	...	...	...

The above table indicates that most of the institutions exists in the villages situate between 16 to 25 Kms. from the nearest town. The villages which lie within a radius of 51 to 100 Kms. have least no. of institutions presumably because the students in these areas experience much difficulty in travelling such long distance for proscuating theii studies. As regards the higher secondary schools, 11 lie within the radius of 15 Kms as against 12 such schools in the villages in distance group of 16 to 50 Kms

(e) 34 villages in the district have hospitals. If all kinds of medical inst itutions including dispensaries, health centres etc are taken into account, 93 villages out of the total no of 2094 villages have medical institutions

The following table presents the no. of medical institutions per 100 sq. kms.

Table 7

Tahsil	Total area (in sq.km.)	No. of medical institutions of any kind per km.
Nawabganj	920.86	2.4
Fatehpur	1293.11	1.7
Ramsanehighat	1514.95	2.2
Haidergarh	748.06	2.1

The above table reveals that there are nearly 2 medical institutions per 100 sq. kms. in each of the Tahsils

(d) 324 villages in the district out of the total number of 2094 villages are electrified Their percentage comes to 15.5.

The largest no. of electrified villages (115) are in tahsil Nawabganj and minimum in tahsil Haidargarh (62). Power supply in villages, with reference to distance from the earest town, is given in the following table.

Table 8

Distance from the nearest town	Number of villages		
	Total	ectrified	Percentage of electrified villages to total villages
5 Kms. or less	205	40	(19.5)
6-10 Kms.	427	85	(19.9)
11-15 Kms	315	50	(15.9)
16-25 Kms.	543	92	(16 9)
26-50 Kms	526	54	(10.3)
51-100 Kms.	77	3	(3.9)
101-200 Kms.	1	...	...
201 Kms & above	...	...	...
Total	**2,094**	**324**	...

The percentage of electrified villages to the total villages is highest i.e. 19.9 for villages which are situated within 6 to 10 kms. from nearest town and the minimum percentage of 3.9 is for those situated at a distance of 51 to 100 kms. from the nearest town. It is evident that the villages close to the towns have been taken up first for electrification.

(e) The means of communications within radius of one mile from the village have been shown in column 8 of the Village Directory. As many as 145 villages of the district are connected by Rail. Out of 2094 villages, 11 03% are connected with Pucca Road and 4 54% by both Kachcha and Pucca Roads. The percentage of villages having only Kachcha Roads is 39.02. The nature of communication has been shown in the following table, wherein the villages have been classified according to their distance from the nearest town.

Table 9

Distance from the nearest town	Total No. of villages	Number of villages connected by					
		Pucca Road	Kachcha Road	Pucca & Kachcha Road	Pucca Road & Train	Kachcha Road & Train	Others
5 Km or less	205	28	95	17	14	10	17
6-10 Kms.	427	73	180	29	18	7	82
11-15 Kms.	315	15	142	18	15	21	46
16-25 Kms.	543	30	229	23	19	17	125
26-50 Kms.	526	83	126	8	27	12	182
51-100 Kms	77	2	44	...	...	3	15
101-200 Kms	1	...	1	...	...	...	...
201Kms & above	...	...	...	...	...	...	...
Total	**2,094**	**231**	**817**	**95**	**75**	**70**	**467**

It is evinced from the above table that the villages nearest to the town have better facilities of communication Per contra the villages situated at a distance of 50 kms. or more from towns have no other means of communication except Kachcha Roads.

(f) There are in all 184 Post Offices in the rural areas of the district. On an average, 1 Post Office caters to about 11 villages. The number of Post Offices per 100 sq. kms. in the various tahsils has been shown in the following table :—

Table 10

Tahsil	Total area (in Sq.Km.)	No. of Post Offices per 100 Sq.Km.
Nawabganj	920.86	5
Fatehpur	1293.11	3
Ramsanehighat	1514.95	5
Haidargarh	748 06	4
Total	**4476.98**	**5**

The above table reveals that in tahsils Fatehpur and Haidargarh there are 3 and 4 Post Offices per 100 Sq. Kms. Nawabganj and Ramsanehighat are slightly better provided in this regard.

(g) Rice and Wheat are the staple food in the district.

(h) The cultivated area is 72.18 per cent of the total rural area of the district and out of this, only 24 96 per cent is irrigated area. Hence nearly 3/4th of the cultivated area has so far no facilities for irrigation.

The following table shows the average cultivated land per village, average cultivable waste per village and its percentage to average cultivated area. The villages in this table have again been classifed according to their distance from the nearest town.

Table 11

Distance from the nearest town	Number of villages	Total cultivated land	Average culti-vated land per village	Total culti-vable waste	Average cultivable waste per village	Percentage of average cultivable waste per village to average cultivated land per village
1	2	3	4	5	6	7
5 Kms or less	205	65,817	34	9,386	46	14 3
