"SHAMSI MOSQUE"

In 1230 Rukn-ud-din built this great mosque at Budaun called as the 'Shamsi Masjid'. It is one of the ancient monuments in the district.

ACKNOWLEDGEMENT

At the 1971 Census it has been our endeavour to compile both Census and Non-census statistics at the village and block level in a uniform manner, to ensure that these statistics are available to the users as soon as these are sifted and compiled. The District Census Handbook is in three parts. This is the second part of the series which was originally published in Hindi. This English edition is brought out for the use of foreign scholars and other non-Hindi speaking persons.

We are deeply indebted to the State Government for their ever willing and prompt help accorded to us at all levels. The District Census Handbooks are published by us on their behalf. I wish to express my gratitude to Shri M. Lal, the then Chief Secretary to U.P. Government for all the guidance and facilities afforded to us in the conduct of Census in this State. I am also grateful to the Secretary, G.A.D. for the facilities given by him in sorting out various administrative matters relating to the publication of these Handbooks. I am extremely thankful to the District Officers for their whole hearted co-operation in furnishing the desired information and the District Census Officeers for their hard work and sustained efforts in collecting the same.

In the Census Office, every one has made valuable contribution towards the stupendous task of compilation and collation of statistics and prepraation of notes. I am grateful to Shri U. S. Verma, Assistant Director (Technical) who helped in bringing out this Handbook. I am also thankful to Shri Om Prakash, Deputy Director of State Tabulation Unit for expeditious finalisation of Primary Census Abstracts. I am thankful to Shri T.D. Agrawal Tabulation Officer, and officials under him for their useful contribution in respect of the finalisation of this book.

I must also express my gratitude to Shri A. Chandrasekhar, ex. Registrar General, India and Dr. B.K. Roy Burman, Deputy Registrar General, India for their constant help and guidance despite their own heavy pre-occupation.

The programme for the the printing of District Cesus Handbook has been quite exacting. The arrangements made by Shri Ashok Dar, Superintendent, Printing and Stationery, U.P., Allahabad for the printing of these volumes are thankfully acknowledged. I am also thankful to Shri R.S. Pandey, Tabulation Officer, Shri R.K. Saxena, Printing Inepector and other ranks of the printing Unit for the efforts made by them in the printing of this Handbook.

INTRODUCTORY NOTE

At every Census an endeavour is made to provide data to the users as quickly as possible after the Census count. With this end in view the District Census Hand Books at the 1971 Census were divided into three convenient parts so that atleast parts A and B which contain the essential data pertaining to villages and towns may be released quickly. The State Government also accorded their approval to their publication accordingly in the following three parts :—

Part A—Village and Town Directory

Part B—Village and Townwise Primary Census Abstracts

Part C—Analytical Report, Administrative Statistics and District Census Tables

1. Part A of the Handbook contains village and town Directory for each Village and Town of the Tahsils. The Village Directory contains information about total area of each village in acres, amenities available in the village, the staple food of the people and the pattern denoting the use of land. There is also information about the nearest town and its distance from the village. The Town Directory presents data on each town with the aid of seven statements, giving the status of the town, the decadal variation in population, its functional category, physical and location aspects, municipal finance and availability of amenities like medical, educational, banking, trade and commerce, industry and population by sex and religion.

2. Part B *i. e.* the volume in hand contains the primary census abstract figures—the basic census data for each village and town : tahsilwise for the district. The Town Primary Census Abstract contains figures wardwise down to enumerator's block. Village-wise Primary Census Abstract have been arranged in the ascending order of location code numbers allotted to village at the census.

3. Part C of the District Census Handbook will contain the analytical report, embodying administrative statistics pertaining to the district in all fields of development. The census tables pertaining to language, religion, migration and economic activities will also be given in this part.

4. The Primary Census Abstract given in this volume provides an abstract of the Primary information relating to the 1971 Census. It contains the data in respect of area, number of occupied residential houses and households total population and its breakup by sex, scheduled castes and scheduled tribes, literate and educated persons, workers and non-workers for each village, town, ward and even block.

5. The following are the nine Industrial trades/occupation in which the workers are engaged for their livelihood :—

(i) Cultivation

(ii) Agricultural labour

(iii) Livestock, forestry, fishing, hunting and plantations, orchards and allied activities

(iv) Mining and quarrying

(v) Manufacturing, processing, servicing and repairs :
  (a) Household Industries
  (b) Other than household Industries
(vi) Construction
(vii) Trade and Commerce
(viii) Transport, Storage and Communications
(ix) Other Services

The district maps given at the begining of the Handbook show the tahsil boundaries, location of the towns and large villages of population size 5,000 and the important roads and railway lines, rivers etc. An inset map therein shows the location of the district in the State. A map showing the boundaries of each village and town within the tahsil and location Code number of each village and town has been given at the begining of Primary Census Abstract for each Tahsil. An inset map therein shows the location of tahsil in the district.

Definition of village, town occupied residential houses, households, population, literates and scheduled castes and scheduled tribes.

Village—Ordinarily means a revenue *mauza* whether inhabited or uninhabited. If some structure and population come into existence at a place which lies within the boundaries of two or more revenue *mauzas* the locality has been treated as a separate census village and the portions covered in it are excluded from the revenue *mauzas* concerned.

Town—Means any Corporation, Municipality, Notified area, Cantonment or place satisfying the following criteria :—

(i) Having a minimum population of 5,000
(ii) Three-fourths of its male working population engaged in the non-agricultural pursuits, and
(iii) Having a density of population of atleast 386 per Sq. Km. (*i. e.* per Sq. Miles)

City—Means a town having a population of one lakh and above.

Household—Means a group of persons, who commonly live together and take their meals from a common kitchen, unless exigencies of work prevent any of them from from doing so.

Total Population—Includes household population institutional population and houseless population.

Scheduled Castes—Are such castes which are categorised and classified as such in the Constitution of Indian Union by a President's order issued under article 341 of the Constitution.

Scheduled Tribes—Are such tribes or tribal communities as are declared to be scheduled tribes under Article 342 of the Constitution of India.

Literate—Means a person above the age of five who can read and write. This column also includes figures in respect of persons having higher education.

A Worker—As defined at the 1971 Census is one whose main activity is participation in any economically productive work by his/her physical or mental activity, and for that matter work involves not only actual work but also effctive supervision and direction of work.

A man or woman who is engaged primarily in household duties such as cooking for own household or performing ones own household duties and a boy or a girl who is attending any institution shall not be treated as a worker. Even if such a person help in the economic activities of a family not as a fulltime worker.

On the other hand a person primarly engaged in some whole time economic activity and who at the some time also attends to some household affairs or attends a night school etc. he or she is to be treated basically as worker, and a person who merely received an income such as a rent receiver or a pensioner, who actually dose not have to work for receiving this income has not been treated as 'worker' unless the person is engaged in some whole time economic activity and if that activity is termed as the main economic activity of the individual.

As mentioned earlier these workers are classified into nine categories and an explanation of these categories are given below :—

Category-I—This category includes both the owner and tenant cultivators. Cultivator according to the definition adopted at the 1971 Census, is a person who is engaged in cultiv- ation by oneself or by supervision or direction in one's capacity as theowner or leasee of land held form Government or as a tenant of land from private persons ar institution for payment of money, kind or share. The term cultivator involves ploughing, sowing and harvesting for the gorwth of cereals and millet crops such as wheat, paddy, jwar, bajra etc. pulses, etc. raw-jute and kindered fibre crops cotton etc. and other crops such as sugarcane, ground nuts etc. and does not include fruit growing or keeping orchards or groves etc. or working in plantation inluding medicinal plantationl ro tea plantation.

Category-II—This category includes agricultural labourers. An agricultural labourer has been defined in census as a person who works in another person's land for wages in money, kind or share of produce. He has no risk in the cultivation. He has further no right of lease or contract on land on which he works.

Category-III—Person engaged in livestock, forestry, fishing, hunting and plantation orchards and allied activities are included in this category.

Category-IV—This category includes workers engaged in mining and quarrying.

Category-V—This category includes workers engaged in manufacturing, processing, sevicing and repairs in the—

(a) Household Industry

(b) Other than household industry.

The Household Industry has been defined in census as an industry conducted by the head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and only within the premises of house where the household lives in any urban area. The industry should not be run on the scale of a registered factory but may use machinery and employ power run steam engine or oil engine or electricity driven machinery. The main criterion of a houshold industry is the participation of one or more members of a household. A household industry relates to production, processing, servicing or repairing and includes making and selling

(but not-merely selling) of goods. It does not include professions such as pleader or doctor or banker, musicians, dancer, waterman, dhobi, astrologer etc. or even traders or businessman, even if such professions, trade or services are run at at home by members of the households. Persons working in other person's household industry as paid employees are also treated as workers in household industry.

workers engaged in manufacturing, including, all types of productions, Processings servicing or repairing of goods and not working in the household industry have been treated as engaged in industry, other than household industry.

Category VI—This category includes workers engaged in construction and maintenance of building roads, railways bridges, telegraphs, telephones, waterways, reserviors etc.

Category VII—This category includes workers engaged in any capacity in wholesale or retail trading activity and commercial transactions relating to exports and imports real estates and properties, stock and shares insurance, money lending and banking etc.

Category VIII—This category includes workers engaged in transport activity by air, rail, road or water and in services incidental to transport, such as packing, carting, load unloading etc. Workers engaged in storage warehousing and communication services such as post and telegraph, telephone, wireless, signalling, information and broadcasting are also included in this category.

Category IX—This category includes other services such as public utility services, like electricity, gas or water supply, sanitary services, central, state or municipal employees, professional services etc.

Non-Workers (Category X)

Means a person who is not doing any productive work. The following have been treated as Non-workers :—

(i) Whole time student not doing any work

(ii) A house worker not engaged in any remunerative work

(iii) A dependent including infant or child not attending school, old or disabled person not doing any work

(vi) A retired person (not re-employed) rentier, receiving financial benefit through dividends and not doing any productive work

(v) A beggar, vagrant and or an independent woman of unspecified source of income

According to Surveyor General, India the geographical area of the district is 5,138·0 Sq· Kms. figures for urban area are those supplied by the local bodies. Area figures for rural area are derived by substracting the urban area from the total area of the district. The total of the area figures of Tahsil will not tally with the district figures because the farmer represents 'Land use' area and are derived from the figures supplid by director of land Records (Board of Revenue).
