Capital Complex located right in the Centre of the town is designed on 75 hectares of land on classical lines with multi-stroied blocks on either side and VIDHAN SABHA GRUH set on a rectangular platform in the middle of a Circular pond, in the Centre.

GANDHINAGAR, the Capital of Gujarat has been constructed recently over the last fifteen years and is the third New Capital town developed in post - Independent India after Chandigarh and Bhuvneshwar. Today Capital Complex is the main attraction of the town which has rightly been dedicated to the peace and nature loving Father of the Nation, Mahatma Gandhi.

FOREWORD

The district census handbook (DCH), compiled by the Census Organisation on behalf of the State governments, is one of the most valuable products of the Census. The DCH is constantly referred to by planners, administrators, academicians and researchers. It is *inter alia* used for delimitation of constituencies, formulation of local level and regional plans and as an aid to District administration. The district census handbook is the only publication which provides Primary Census Abstract (PCA) data upto village level for the rural areas and wardwise for each city or town. It also provides data on infrastructure and amenities in villages and towns, etc.

The district census handbook series was initiated during the 1951 Census. It contained important census tables and PCA for each village and town of the district. During 1961 Census the scope of the DCH was enlarged and it contained a descriptive account of the district, administrative statistics, census tables and a village and town directory, including PCA. The 1971 DCH series was planned in three parts. Part-A related to village and town directory. Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. However, in some states it was confined to district census tables and in a few cases altogether given up due to delay in compilation and printing.

While designing the format of 1981 DCH series some new features along with the restructuring of the formate of village and town directory have been attempted. At the same time, comparability with the 1971 data has also been kept in view. All the amenities except power supply in the village have been brought together in the village directory with the instruction that in case an amenity is not available in the referrent village the distance in broad ranges from the nearest place where the amenity is available may be given. The restructuring of the format of the village directory and incorporating more exhaustive data on infrastructure aspect particularly in relation to amenities and land-use pattern is expected to further meet the need of micro level planning for rural areas. It is expected to help not only in local area planning but regulating the provision of goods and services as well so as to minimise the regional imbalances in the process of development. A few new items of information have also been introduced to meet some of the requirements of the Revised Minimum Needs Programme. Such new items of information as adult literacy centres, primary health sub-centres and community health workers in the village have been introduced in the village directory with this objective in mind. The new item on approach to the village is to have an idea about the villages in the district which are inaccessible. A new column, "total population and number of households" has been introduced to examine the correlation of the amenities with the population and number of households they serve. Addition of two more appendices listing the villages where no amenities are available and according to the proportion of Scheduled Castes and Scheduled Tribes population to the total population has also been made with this view in mind.

The formats of the town directory have also been modified to meet the requirements of the Minimum Needs Programme by providing information on a few new items. A new statement on civic and other amenities in slums in Class-I and Class-II towns (Statement IV-A) has been introduced with this objective in mind. It is expected that this will help the planners to chalk out programmes on provision of civic amenities for the improvement of slums. The columns on Scheduled Castes and Scheduled Tribes population in Statement IV relating to civic and other amenities and adult literacy classes/centres under educational facilities in statement V are also added *inter alia* with this view. A significant addition is class of town in all the seven statements of the town directory. The infrastructure of amenities in urban areas of the country can be best analysed by taking the class of towns into consideration. The addition of the columns on civic administration status and population in a few statements also serves this purpose.

The format of the primary census abstract for the villages and towns has been formulated in the light of changes in the economic and other questions canvassed through the individual slip of 1981 Census.

In order to avoid delay in publication of 1981 DCH series it has been so designed that Part-A of the volume contains village and town directory and Part-B, the PCA of villages and towns including the Scheduled Castes and Scheduled Tribes PCA upto Tahsil/Town levels. At the begining of the DCH a detailed analytical note supported by a number of inset tables based on PCA and non census data in relation to the infrastructure has been introduced to enhance its value. The district and tahsil/police station/ C D Block, etc., level maps depicting the boundaries and other important features have been inserted at appropriate places, to further enhance the value of the publication.

This publication is a joint venture of the State Government and the Census Organisation. The data have been collected and compiled in the State under the direction of *Shri R. S. Chhaya* the Director of Census Operations, *Gujarat* on behalf of the State Government which has borne the cost of printing. The task of planning, designing and co-ordination of this publication was carried out by Shri N. G. Nag, Deputy Registrar General (Social Studies) of my office. Dr. B. K. Roy, Deputy Registrar General (Map) provided the technical guidance in the preparation of the maps. Data received from Census Directorates have been scrutinised in the Social Studies Division at the headquarters under the guidance of Shri M. M. Dua, Senior Research Officer. I am thankful to all who have contributed in this project.

NEW DELHI
the 26th April, 1982

P. PADMANABHA
Registrar General, India

PREFACE

The District Census Handbooks are printed during every decadal Census from 1951. These District Census Handbooks are prepared by the Census Organisation and DCHB Unit of the State Government. These are published by the State Government at their own cost. The District Census Handbooks are the first publications in the series of 1981 Census publications. The Census Organisation has been collecting an enormous data both during the Census Enumeration period as well as after the Census Enumeration period. This data is very valuable to the Administrators, Economists, Planners, Research Workers, Scholars and other intelligentsia and also to the several institutions dealing with social-economic and developmental aspects of the State. It is absolutely necessary that this data after its collection is printed in time and reaches the data users also in time. It is a matter of great satisfaction that the present volume is being published in the minimum possible time after the Census count.

The Census count in Gujarat State was taken during the period February-March 1981. The provisional figures collected through the District Census Officers were published and presented to the Chief Minister of Gujarat State on 23rd March, 1981. After the declaration of the provisional count six Regional Tabulation Offices were opened at different places in the State. Three such Regional Tabulation Offices were opened at Ahmadabad, one at Vadodara, one at Surat and one at Rajkot. The Census records were edited and checked in these offices and the Primary Census Abstracts for all the areas of the State were prepared. For this purpose 1,102 Tabulators, 184 Checkers and 61 Supervisors were temporarily engaged for a period of ten months.

These offices were supervised by Deputy Director of Census Operations who were taken on deputation from the State Government.

The District Census Handbook for the 1981 Census is published in two parts as follows :

I. **Part A**
   (1) Village Directory
   (2) Town Directory

II. **Part B**
   District/Talukawise
   Primary Census Abstract

Both the Parts A and B of the District Census Handbook for 1981 Census have been combined and printed in one volume.

The Village Directory contains comprehensive information about the basic amenities available at the village level such as medical, educational, drinking water, etc. The Town Directory, also consists of information about the status, growth, history, municipal finances, civic and other amenities etc.

The Primary Census Abstract contains information about the number of occupied residential houses and households, total population including houseless and institutional population, literacy, Scheduled Castes/Scheduled Tribes population and the information pertaining to workers and non-workers. A special feature of the 1981 District Census Handbook is the inclusion of Scheduled Castes/Scheduled Tribes Primary Census Abstracts which gives complete District/Taluka/Townwise data on Scheduled Castes/Scheduled Tribes.

The data for the Village Directory has been collected through the Taluka Development Officers who in turn obtained the data from the village officials throught their Statistical Assistants.

In the District Census Handbook Cell this data was subjected to a very close scrutiny and inaccuracies or deficiencies where noted were again got checked through the Statistical Assistants. For this purpose persons were deputed to the districts for obtaining the informations quickly. The area figures as reported by the village officials were also checked with the figures reported by the District Inspectors of Land Records. Utmost care has been taken to see that the spellings of the villages are correct. Some of the data collected from the village level has also been cross-checked with the data which was supplied by the different Directorates and the Heads of the Departments of the State Government. The information pertaining to the District write-up (Item V of the Analytical Note) has been obtained through the Collectors and the District Development Officers and the other district heads.

The data on Town Directory has been obtained through the various local bodies such as Municipal Corporations, Municipalities, Nagar Panchayats and Gram Panchayats. These were also checked in the Directorate by Special Cell.

The Primary Census Abstract and Town Directory with their Inset Tables have been prepared in the Directorate whereas Village Directory alongwith its Inset Tables have been prepared in District Census Handbook Cell.

Maps

In each volume one district map showing the taluka boundaries, location of towns and villages having a population of 5,000, communications, etc. has been printed. Taluka maps for each of the talukas in the district are also inserted in the District Census Handbook. These taluka maps indicate the boundaries of the village and towns within the taluka and the location code numbers of each village. The maps were prepared in the map section of the Director of Census Operations.

Acknowledgement

The compilation of a huge mass of data which is printed in this book requires the active help and co-operation of the State Government in addition to the help and co-operation of all the officers and staff members of the Census Directorate. I am deeply indebted to Shri H. K. L. Kapoor, Chief Secretary to the Government of Gujarat for extending all help in the matter. Shri K. Rammoorthy who was working as Secretary, General Administration Department, during the Census Enumeration period extended his wholehearted co-operation. Shri V. Krishnamurthy who subsequently took over as Secretary, General Administration Department, also took active interest in the progress of Census work. I would like to make a special mention about the extra facilities granted by the State Government by way of creation of a Special Cell for the compilation of District Census Handbooks. One post of Deputy Director and several posts of Research Assistants, Statistical Assistants, Clerks and Typists have been sanctioned by the State Government specially for the compilation of the data. The services of all these persons were placed at the disposal of the Directorare for compilation work.

Shri G. S. Shah, Director, Bureau of Economics & Statistics, Government of Gujarat, also rendered very valuable help by providing whatever data was required for cross-checks and by providing personnel for the Special Cell of District Census Handbook.

The Collectors and the District Development Officers incharge of the districts and the Municipal Commissioners incharge of the Municipal Corporation areas, have extended their wholehearted co-operation for the Census work. The Resident Deputy Collectors, the Deputy Collectors incharge of Sub-Divisionals, the District Statistical Officers, the Deputy District Development Officers, the Mamlatdars, the Taluka Development Officers, the Chief Officers of the Municipalities, the Deputy Mamlatdars and the Statistical Assistants at the District/Taluka levels, all played an important role in the Census work. I express my deep gratitude to all of them. After the Census count a large number of young boys and girls coming right from the schools and colleges were employed as Tabulators, Checkers and Supervisors and all of them worked very hard for the compilation of the useful data.

Shri P. T. Thakkar, Director of Printing and Stationery, Government of Gujarat, has taken the interest in the printing of the Handbooks. I hereby acknowledge the valuable help, guidance and assistance rendered by him and other officers of the Printing Department. Shri P. K. Choksi, Printing, Inspector in this Directorate looked after the printing jobs very well.

In the Census Directorate Shri J. K. Patel, Deputy Director of Census Operations (Tech.) was looking after the Compilation Section so far as Census data was concerned. The Collection and compilation of data for the Village Directory was looked after by Mrs. Neelaben A. Bhatt, Deputy Director whose services were placed at the disposal of the Directorate. Both these officers have put in hard labour for the compilation and printing of the data.

Shri K. H. Desai, Shri V. A. Sathe, Shri K. R. Shridharani and Shri S. D. Vadera, who were officers on deputation from the Gujarat Administrative Service, supervised the editing, checking and compilation work at the Regional Offices in Ahmadabad, Surat, Vadodara and Rajkot respectively. Shri P. J. Jhala and Shri M. A. Malwade

who were officers on deputation frim the State Government from the Bureau of Economics and Statistics, supervised the editing, checking and compilation work at Regional Tabulation Offices in Ahmadabad. Shri V. H. Vasavada, Deputy Director from the General Administrative Service looked after the administration work. All these officers worked diligently and accurately during their Service in the Census Organisation.

In the Directorate Shri J. K. Patel, Deputy Director was assisted by Shri R. V. Sanghani and Smt. D. D. Jhala Investigators and Statistical Assistants Shri K. P. Patel, Shri R. R. Upadhyay, Kum. J. R. Megha, Smt. M. B. Patel and Smt. K. S. Mehta. The typing of Primary Census Abstracts was undertaken in a special section which was headed by Investigator Shri M. H. Patel. In the State Cell of District Census Handbook Smt. Neelaben A. Bhatt, Deputy Director, was assisted by the Assistant Director Shri V. R. Gandhi and Research Assistants Kum. T. K. Shah and Smt. S. B. Solanki and Statistical Assistants Smt. C. C. Mehta, Shri S. V. Patel Smt. H. A. Patel and Shri P. K. Shastri.

In the Map Section the work of preparation of State/District/Taluka maps was looked after by Shri K. M. Dhawale, Senior Geographer and Shri B. L. Arya, Geographer. They were ably assisted by Shri K. K. Patel, Artist, S/Shri M. S. Bhatt and B. J. Modi, Senior Draftsmen and S/Shri D. A. Maroo, R. K. Joshi, G. M. Kosti, B. C. Trivedi and M. A. Shukla, Draftsmen.

The work of dictations and typing of notes, reports tables, etc., was undertaken by Shri J. A. Harry, Confidential Assistant in the Directorate, diligently with speed and accuracy. He was assisted by a number of Typists in the office.

Limitations of space prevent me from making individual mention of all those who have contributed to the making of this volume so accurate and complete. Quite a large number of Assistant Compilers, Computors, Clerks, Typists, Proof Readers, Draftsman, Artist, etc., have contributed valuable help in this work.

Finally, I would like to express my deep gratitude to Shri P. Padmanabha, IAS, Registrar General, Government of India, and Sarvashri K. K. Chakravorty, V. P. Pandey, N. G. Nag and Dr. B. K. Roy, Deputy Registrars General, for the guidance given to me from time to time.

AHMADABAD
18th August, 1982

R. S. CHHAYA
Director of Census Operations,
Gujarat, Ahmadabad

ANALYTICAL NOTES AND TABLES

I. Census concepts of rural and urban areas and other terms, viz., Census House, Household, Scheduled Castes, Scheduled Tribes, Literates, Main Workers, Marginal Workers, Non-Workers, etc.

The 1981 Census was carried out in Gujarat in two stages. The first stage of houselisting was completed in the months of June-July 1980. The houselists thus prepared provided a frame for the enumeration work. In the second stage the house to house Census enumeration was carried out from 9th February, 1981 to 28th February, 1981 with reference date as sunrise of 1st March, 1981. The enumeration of houseless population was carried out on the night of 28th February, 1981. A revisional round was also taken from 1st March, 1981 to 5th March, 1981. In this revisional round the Enumerators recorded new births that had taken place after their last visit for enumeration but before the sunrise of 1st March, 1981 and also any visitor (s) that had moved into household and who had been away from his/her/their place of normal residence throughout the enumeration period or an entire household that had moved into the jurisdiction of the enumeration during this period and which had not been enumerated before. The names of persons who had died after the enumeration period but before the sunrise of 1st March, 1981 were deleted from the Individual Slips which had been filled up during enumeration period.

In Gujarat prior to the taking of 1981 Census a special programme of updating permanent house-numbering scheme in the different parts of the State was also carried out in co-ordination with the Local Bodies and State Government. Gujarat was introduced during the 1971 Census and Village Panchayats played a very useful The permanent house-numbering scheme in Corporations, Municipalities, Nagar Panchayats and the District/Taluka Panchayats, Municipal role in fixing the number plates on the houses and buildings.

After the Census count was over the Enumerators submitted the figures to the Charge Officers through their Supervisors. These figures were obtained by the Director of Census Operations through the District Census Officers and the figures after compilation were declared on 23rd March, 1981 as Provisional Census Figures for 1981 Census. Paper 1 showing those figures was printed and published and distributed on a complimentary basis.

During the Census Operations mainly two Census records were filled up by the Enumerators in each block. These were (1) Household Schedules and (2) Individual Slips. The different concepts which were adopted during the houselisting stage as well as during the Census enumeration are as follows :

(1) Rural and Urban Areas

Rural Areas . The basic unit for rural areas is a revenue village which has a definite boundary. The revenue village may comprise several hamlets but the entire village has been treated as one unit for presentation of the data.

Urban Areas : Urban areas have been specifically defined for the 1981 Census. The criteria adopted during the 1981 Census was almost the same as adopted in 1961 and 1971 Censuses. The following criteria were adopted for classifying urban areas in the States :

(a) All places with a Municipality, Municipal Corporation or Cantonment Board or Notified Town Area.

(b) All other places which specified the following criteria :

1 A minimum population of 5,000,

2 At least 75 per cent of the male working population engaged in non-agricultural (and allied) activity,

3 A population of at least 400 persons per sq. km. or a population of 1,000 per sq. mile.

The slight variation of the criteria adopted in 1981 and that adopted in 1961—1971 Censuses was that during 1981 Census the persons working in activities such as fishing, logging, etc., were treated as on par with cultivators and agricultural labourers whereas in 1961—1971 Censuses these were treated as engaged in non-agricultural activity.

(II) Census House

A 'Census House' is a building or part of a building having separate main entrance from the road or common courtyard or staircase, etc., used or recognised as a separate unit. It may be occupied or vacant. It may be used for a residential or non-residential purpose or both. In case of a building having a number of flats or blocks which are independent of one another having separate entrances of their own from the road or a common staircase or a common courtyard leading to a main gate, were considered as separate Census houses.

(III) Census Household

A household is a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so. There may be a household of persons related by blood or a household of unrelated person or having a mix of both. Examples of unrelated household are boarding houses, messes, hostels, residential hotels, rescue homes, jails, etc. These are called 'Institutional Households'.

(IV) Scheduled Castes/Scheduled Tribes

The Scheduled Castes and Scheduled Tribes as notified under the Constitution for Gujarat State have been treated as Scheduled Castes and Scheduled Tribes for the purpose of enumeration. A list of such Scheduled Castes/Scheduled Tribes notified for Gujarat is as under :

GUJARAT

The Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976 ***(No. 108 of 1976*** *dated the 18th September, 1976)*

Scheduled Castes

1 Ager
2 Bakad, Bant
3 Bawa-Dedh, Dedh-Sadhu
4 Bhambi, Bhambhi, Asadaru, Asodi, Chamadia, Chamar, Chambhar, Chamgar, Haralayya, Harali, Khalpa, Machigar, Mochigar, Madar, Madig, Mochi, Nalia, Telegu Mochi, Kamati Mochi, Ranigar, Rohidas, Rohit, Samgar
5 Bhangi, Mehtar, Olgana, Rukhi, Malkana, Halalkhor, Lalbegi, Balmiki, Korar, Zadmalli
6 Chalvadi, Channayya
7 Chenna Dasar, Holaya Dasar
8 Dangashia
9 Dhor, Kakkayya, Kankayya
10 Garmatang
11 Garoda, Garo
12 Halleer
13 Halsar, Hasiar, Hulasvar, Halasvar
14 Holar, Valhar
15 Hoiaya, Holer
16 Lingader
17 Mahar, Taral, Dhegu Megu
18 Mahyavansi, Dhed, Dhedh, Vankar, Maru Vankar, Antyaj
19 Mang, Matang, Minimadig
20 Mang-Garudi
21 Meghval, Meghwal, Menghvar
22 Mukri
23 Nadia, Hadi
24 Pasi
25 Senva, Shenva, Chenva, Sedma, Rawat
26 Shemalia
27 Thori
28 Tirgar, Tirbanda
29 Turi
30 Turi Barot, Dedh Barot

Scheduled Tribes

1 Barda
2 Bavacha, Bamcha
3 Bharwad (in the Nesses of the forests of Alech, Barada and Gir)
4 Bhil, Bhil Garasia, Dholi-Bhil, Dungri Bhil, Dungri Garasia, Mewasi Bhil, Rawal Bhil, Tadvi Bhil, Bhagalia, Bhilala, Pawra, Vasava, Vasave
5 Charan (in the Nesses of the forests of Alech, Barada and Gir)
6 Chaudhri (in Surat and Valsad districts)
7 Chodhara
8 Dhanka, Tadvi, Telaria, Valvi
9 Dhodia
10 Dubla, Talavia, Halpati
11 Gamit, Gamta, Gavit, Mavchi, Padvi
12 Gond, Rajgond
13 Kathodi, Katkari, Dhor Kathodi, Dhor Katkari, Son Kathodi, Son Katkari
14 Kokna, Kokni, Kukna
15 Koli (in Kutch district)
16 Koli Dhor, Tokre Koli, Kolcha, Kolgha
17 Kunbi (in the Dangs district)

18 Naikda, Nayaka, Cholivala Nayaka, Kapadia Nayak, Mota Nayaka, Nana Nayaka
19 Padhar
20 Paradhi (in Kutch district)
21 Pardhi, Advichincher, Phanse Pardhi (excluding Amreli, Bhavnagar, Jamnagar, Junagadh, Kachchh, Rajkot and Surendranagar districts)
22 Patelia
23 Pomla
24 Rabari (in the Nesses of the forests of Alech, Barada and Gir)
25 Rathawa
26 Siddi (in Amreli, Bhavnagar, Jamnagar, Junagadh, Rajkot and Surendranagar districts)
27 Vaghri (in Kutch district)
28 Varli
29 Vitola, Kotwalia, Barodia

(V) Literates

A person who can both read and write with understanding in any language is taken as 'literate'. A person who can merely read but cannot write is not literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard.

(VI) Main Workers, Marginal Workers, Non-Workers

During the 1981 Census 'Work' had been defined as participation in any economically productive activity. Such participation may be physical or mental in nature. The work involves not only actual work but also effective supervision and direction of work.

The reference period for 'Work' is one year preceding the date of enumeration. The main-worker was a person who had worked for the major part of the year in that activity. By major part of the year it was intended to find out as to whether a person had worked for 183 days or more or in other words worked for six months or more. Those who had worked for less than six months or 183 days were treated as marginal workers. A non-worker was one who had no economical activity during the year.

The information on 'Workers and Non-Workers' were obtained through Q. Nos. 14(a) to 16 of the Individual Slip. The main activity of workers has been classified into four categories, viz., cultivator, agricultural labourer, household industry and other worker. These terms are explained below:

Cultivator

For purposes of the Census a person is working as Cultivator if he or she is engaged either as employer, single worker or family worker in cultivation of land owned or held from Government or held from private persons or institutions for payment in money, kind or share. Cultivation includes supervision or direction of cultivation.

A person who has given out his/her land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land, will not be treated as cultivator. Similarly, a person working in another person's land for wages in cash or kind or a combination of both (agricultural labourer) will not be treated as cultivator.

Cultivation involves ploughing, sowing and harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajri, ragi etc., and other crops such as sugarcane, groundnuts, tapioca, etc. and pulses, raw jute and kindred fibre crop, cotton, etc. and does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plantations.

Agricultural Labourer

A person who works in another person's land for wages in money, kind or share is regarded as an agricultural labourer. He or she has no risk in the cultivation but he/she merely works in another person's land for wages. An agricultural labourer has no right of lease or contract on land on which he/she works.

Household Industry

Household Industry is defined as an industry conducted by the head of the household himself/herself and or by the members of the household at home or within the village in rural areas and only within the precinct of the house where the house-

hold lives in urban areas. The larger proportion of workers in a household industry should consist of member of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factory Act.

There may be an industry which is being run by a large joint family of more than 10 persons and where power is used or more than 20 persons where power is not used. In such cases, though only family members are involved, this is not to be treated as 'HHI'. Thus, the meaning of the term 'run on the scale of a registered factory' refers to such cases even if these are not registered as such.

The main criterion of a Household Industry is the participation of one or more members of a household. This criterion applies in urban areas too. Even if the industry is not actually located at home in rural areas there is greater possibility of the members of the household participating even if it is located anywhere within the village limits. In the urban areas where organised industry takes greater prominence, the Household Industry should be confined to the precincts of the house where the participants live. In urban areas even if the members of the household by themselves run an industry, but at a place away from the precincts of their home, it is not to be considered a Household Industry. It should be located within the precincts of the house where the members live in the case of urban areas.

A Household Industry should related to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. It does not include professions such as a Pleader or Doctor, Barber, Musician, Dancer, Waterman, Dhobi, Astrologer, etc., or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other Workers

All workers, i.e. those who have been engaged in some economic activity during the last one year, who are not cultivators or agricultural labourers or in Household Industry, are 'Other Workers'. The type of workers that come under this category include factory workers, plantation workers, those in trade, commerce, business, transport, mining, construction, political or social work, all Government servants, Municipal employees, teachers, priests, entertainment artists, etc. In effect, all those who work in any field of economic activity other than cultivator, agricultural labourer or household industry, are 'Other Workers'.

II. Brief History of the District and District Census Handbook

[A] History of the District

The State of Gujarat came into existence on the 1st May, 1960, as a result of the bifurcation of the erstwhile Bombay State and Ahmadabad became the State's temporary Capital. In the mean-while a site on the bank of Sabarmati river near Pethapur village of Kalol taluka was selected for the new capital of the State and construction work was started. This new township was named Gandhinagar after Mahatma Gandhiji the father of the Nation and a new district was formed by transfering 54 villages from Ahmadabad district and 25 villages from Mahesana district. The district was named Gandhinagar district. The capital of the State was shifted to Gandhinagar in 1970. The district is a single taluka district and has a population of 200.642 persons forming 0.75 per cent of the total State popuplation.

In November, 1956, the States were reorganised and the bigger bilingual State of Bombay was formed with Vidarbha, Marathawada, Saurashtra, Kachchh regions and Gandhinagar district became a part of the bigger bilingual State.

Lastly, the Bombay State was bifurcated on 1st May, 1960 and separate State of Gujarat and Maharashtra were formed. Since that date the Gandhinagar district became a part of the Gujarat State.

[B] History of District Census Handbook

Prior to the 1951 Census the Census figures were brought out villagewise under a booklet known as 'Village Handbook' which contained only the population totals of villages. These books were prepared by the Census Organisation on behalf of the State Government and published by the latter. It was for the first time in 1951 Census that a more detailed and

well organised book known as 'District Census Handbook' was brought out by the Census Organisation. The 1951 Census Handbook contained the villagewise Primary Census Abstracts which also included the information on post offices, railway stations and the nearest bazars of each village. The handbook also contained several district tables.

During the 1961 Census the District Census Handbooks were brought out which contained the Primary Census Abstracts as well as certain district tables.

During 1971 Census also the District Census Handbooks were published which in addition to the Primary Census Abstracts contained a Village Directory showing the different village amenities and land-use of all the villages in the district. A separate portion known as 'Town Directory' was also included in the District Census Handbook. The Handbook was divided into three subparts known as Part-A, which contained the Village Directory and Town Directory, Part-B which contained the Primary Census Abstracts and Part-C which contained the Introductory Essay. Official Statistics, etc.

For the 1981 Census the District Census Handbook is being brought out in two Parts. Part XIII-A and Part XIII-B. Part XIII-A will contain the Village and Town Directory whereas Part XIII-B will contain the Primary Census Abstracts both General and Scheduled Castes and Scheduled Tribes. The Part-C as it was brought out during the 1971 Census has been dropped.

III. Scope of Village Directory, Town Directory and Primary Census Absract

The District Census Handbooks which are now being printed during every Census after the 1951 Census, are very important publications of the Census Organisation. With the emphasis by the Planning Commission on the 'Minimum Needs Programme' of the rural areas the District Census Handbook has become an important tool in the hands of the Administrators, Planners, Policy Makers and Academicians. For the 1981 Census the District Census Handbook has been divided into two parts which are combined in one volume. The details of the contents of each of these two parts are as follows :

PART A : VILLAGE AND TOWN DIRECTORY

Village Directory

This Part-A contains the non-census statistics of each vilage and town in the district. The Village Directory gives villagewise particulars of amenities available for each village in the spheres of education, medical, power supply, drinking water, post and telegraph, communication, land-use, weekly markets and places of religious, historical and archaeological interests in the village. During the 1981 Census additional information regarding (1) copies of the newspapers coming in the village, (2) number of motor-cycles and scooters available in the village, (3) numbers of cars and jeeps available in the village and (4) number of tractors available in the village have been added. The above non-census data of the Village Directory was collected from the Taluka Development Officers of each Taluka Panchayat in the State. In Gujarat under the democratic decentralisation scheme the Panchayats are now exercising very wide powers and the post of Statistical Assistants are under the administrative and technical control of the Taluka Panchayats. Besides, the Talati-*cum*-Mantris at the village level who are the base village functioneries are also under the control of the Taluka Panchayats. The proformas for soliciting the information were despatched to the Talati-*cum*-Mantris through the Taluka Development Officers and these after they were filled up were checked by the Taluka Development Officers and also by the Districts Statistical Officers who work under the administrative and technical control of the District Panchayats. The data thus received was checked fully in the District Census Handbook Unit of the State Government. At the end of Village Directory a taluka abstract in Appendix-I of educational, medical and other amenities is also prepared and printed. Appendix-II which shows the land utilisation data in respect of non-municipal towns is printed. In Appendix-III the talukawise list of villages where no amenities relating to educational, medical, drinking water, post and telegraph, communication, power supply and market/hats, are available have been shown. Appendix-IV shows talukawise list of villages according to the proportion of

Scheduled Castes/Scheduled Tribes population by ranges. The last two appendices have been included for the first time in the 1981 Census.

Town Directory

The Town Directory portion furnishing the data for each town in the district is exihibited in seven statements covering (1) the status and growth of the civic administration, (2) physical aspect and location of town, (3) the civic finances of the towns, (4) the civic and other amenities in the towns, (5) the medical, educational, recreational and cultural facilities in the towns, (6) trade, commerce, industries and banking in the towns and lastly (7) the civic and other amenities in notified slums wherever they exist.

The non-census data for each of the towns for the Town Directory were obtained from the Municipal authority in case of municipal towns and for other towns the data were obtained from the concerned Nagar and Gram Panchayats. An Appendix showing the towns with their outgrowths with population is also prepared and attached at the end of the Town Directory.

PART B : PRIMARY CENSUS ABSTRACT

Part-B gives for each village and for each ward of the town the primary census data incorporating area of the town in sq. kms. and of the villages in hectares, the number of occupied residential houses, the number of households, total population and its break-up by sex, Scheduled Castes and Scheduled Tribes population, literate population and working population by four broad categories, viz., (1) cultivators, (2) agricultural labourers, (3) those working in household industries and (4) other workers. There is a slight departure in the presentation from the 1971 categories which were in all nine categories.

The Scheduled Castes/Scheduled Tribes and Primary Census Abstracts at the District/Taluka/City level are also printed in Part-B of the Handbook.

IV Physical aspects highlights on the changes in the jurisdiction of the district during the decade including its boundaries and any important event on geographic or geophysical aspect

There have been no jurisdictional changes in the district boundaries during the last decade. The administrative jurisdiction of Gandhinagar taluka as shown in 1971 Census is the same during 1981 Census.

V. Major characteristics of the district particularly in relation to the economic resources namely agriculture, irrigation, co-operation, livestock and animal husbandary, industries, power supply, transport and communication, prices, insurance, education, medical and public health etc.

[1] Agriculture

(a) Land Utilisation

The total reporting area in the district in the year 1979-80 was 6.53 lakh hectares. The details of land utilisation for the year 1979-80 are as under :

Land Utilisation

Sl. No.	Classification of area	Area in '00 hectares
1	Forest	..
2	Barren and uncultivable land	3
3	Land put to non-agricultural use	97
4	Culturable waste	10
5	Permanent pasture and other grazing land	34
6	Land under miscellaneous tree crops and groves not included in area sown	..
7	Current fallows	14
8	Other fallows	2
9	Net area sown	493
	Total area	**653**

(b) Area under Major Crops

Area under major crops in the year 1971-72, 1975-76 and 1980-81 are shown in the table below :

Area under different Crops

(in '00 hectares)

Sl. No.	Crop	Area under different crops		
		1971-72	1975-76	1980-81
1	Wheat	38	47	62
2	Bajri	203	165	153
3	Rice	9	12	6
4	Jowar	52	49	..
5	Other Cereals	..	2	..
6	Total Cereals	302	275	221
7	Other Pulses	38	43	34
8	Total Pluses	38	43	34
9	Groundnut	10	12	..
10	Cotton	107	92	42

The main food crops are Bajri, Wheat and Rice whereas non food crop is cotton.

(c) Yield per Hectare

During the year 1971–72, 1975–76 and 1980–81 the yield per hectare of important crops in the district are as under :

Yield per Hectare

(in Kg.)

Sl. No.	Crop	1971–72	1975–76	1980–81
1	**Wheat**	2,460	1,847	2,718
2	**Bajri kharif**	1,531	306	1,238
3	**Bajri summer**	. .	767	1,516
4	Jowar kharif	65	122	. .
5	Kharif pulses	200	100	167
6	Total pulses	333	150	235
7	Groundnut kharif	715	1,190	. .
8	Cotton	328	167	413

(d) Crop Calandar

The months of sowing and harvesting of different crops are given below :

Crop Calandar

Sl. No.	Crop	Months of Sowing	Months of harvesting
1	Paddy	June–August	October–November
2	Wheat	October–November	March
3	**Jowar**	**July–August**	October–November
4	**Bajri**	**June–July**	**September–October**
5	Cotton	June–July	October–March
6	Groundnut	June–July	October

(e) Scarcity

The scarcity affected villages in the district during the year 1971–72 to 1979–80 are as under :

Scarcity

Sl. No.	Year	Scarcity affected villages
1	1971–72	. .
2	1972–73	75
3	1973–74	. .
4	1974–75	75
5	1975–76	. .
6	1976–77	. .
7	1977–78	. .
8	1978–79	. .
9	1979–80	75

[2] Irrigation

The area irrigated by different crops for the year 1971–72, 1975–76 and 1979–80 is given below :

Area Irrigated by Crops

(in '00 hectares)

Sl. No.	Crop	1971–72	1975–76	1979–80
1	**Wheat**	38	47	52
2	**Bajri**	12	6	18
3	Chillies	18	6	6
4	Rice	9	5	15
5	Other food crops	22	35	44
6	Total food crops	99	99	135
7	Cotton	26	22	30
8	Fodder crops	8	14	26
9	Other non–food crops	4	6	50
10	Total non–food crops	38	42	106
	Total gross area under irrigation	**137**	**141**	**241**

The irrigated crops are mainly Wheat, Bajri, Rice, whereas other crops are mainly depending on the monsoon.

Sources of Irrigation

During the year 1971–72, 1975–76 and 1979–80 the sources of irrigation are as follow :

Irrigation by Sources

(in '00 hectares)

Sl. No.	Source	1971–72	1975–76	1979–80
1	Government Canals	. .	. .	. .
2	Tanks	. .	. .	. .
3	Wells	137	121	206
4	Other Sources	. .	. .	. .
5	Net Area irrigated	137	121	206
6	Gross Area irrigated	137	141	241

The major source of irrigation in the district is wells.

[3] Co–operation

Co–operatives have been playing an increasingly important role in the rural economy of this district during the last decade. A super structure of co–operative societies with an apex bank at the State level, the District Central Co–operative Banks at the district level and Co–operative Societies at the village level is built up with the objective of strengthing the rural economy. The agricultural credit co–operative societies advance short and medium term loans to their members for purchasing seeds, fertilizers, agricultural implements, etc.

The details regarding Co–operative Societies during the year 1971–72, 1975–76 and 1979–80 are as under :

Co-operative Societies

Sl. No.	Co-operative Societies	Item	1971-72	1975-76	1979-80
1	Primary Agricultural Credit Societies	Societies	67	58	42
		Members (in '00)	10,000	15,000	14,984
2	Primary Non-agricultural Credit Societies	Societies	2	6	21
		Members (in '00	1,000	1,000	13,000
3	Primary Consumers Stores	Societies	5	9	13
		Members (in '00)	743	896	6,773
4	Primary Marketing Societies	Societies	1	1	4
		Members (in '00)	151	163	268
5	Central and State Marketing Societies	Societies	1	1	1
		Members (in '00)	44	43	45
6	Primary Processing Societies (Including Spinning)	Societies	N.A.	N.A.	N.A.
		Members (in'00)	N.A.	N.A.	N.A.
7	All other types of Primary Societies	Societies	64	94	152
		Members (in '00)	4,159	4,643	8,782
8	All other types of Societies (Central and State)	Societies	1	1	1
		Members (in'00)	24	40	49

The data reveals an increasing trend in the field of Co-operative Societies. It would be observed from the above figures that a majority of the Co-operative Societies are Primary Agricultural Credit Societies in the year 1971-72, the total Co-operative Societies were 141 and the same increased to 234 during the year 1979-80.

During the decade the scheduled banks have also increased their credit activities in the different spheres of agriculture industry etc.

[4] Livestock and Animal Husbandary

(a) Livestock

According to the Livestock Censuses of 1972 and 1977, the livestock population of the district is found to be distributed as under :

Livestock

Sl. No.	Category of Livestock	1972	1977
	I Total Livestock	**85,663**	**82,926**
	A Bullocks and Cows	*22,615*	*20,295*
	(1) Males over 3 years	12,986	11,190
	(2) Females over 3 years	5,980	5,447
	(3) Young stock	3,649	3,658
	B Buffaloes	*49,984*	*48,755*
	(1) Males over 3 years	76	99
	(2) Females over 3 years	27,160	29,125
	(3) Young stock	22,748	19,531
	C Sheep	*1,296*	*1,884*
	D Goats	*9,575*	*9,941*
	E Horses and Ponies	*99*	*53*
	F Mules	*7*	*30*
	G Donkeys	*1,241*	*953*
	H Camels	*846*	*840*
	I Pigs	- -	*175*
	II Poultry	*3,249*	*7,372*

The livestock population in the district has considerably decreased during the year 1972-77.

The number of poultry farms have increased from 3,249 to 7,372. During the year 1979-80 there were 5 vaterinary dispensaries and 3 stock-men centres.

The total number of milk co-operatvie societies in the district is 56 in the year 1979-80.

(b) Agricultural Tools and Implements

The following table shows the agricultural implements in the district during the year 1972 and in 1977 Livestock Census.

Agricultural Implements

Sl. No.	Name of agricultural implements	1971	1977
1	Plough	10,759	8,605
	(1) Wooden	8,002	6,110
	(2) Iron	2,757	2,595
2	Carts	3,986	3,511
3	Sugarcane Crushers	76	4
4	Oil Engines	1,310	681
5	Electric Motors & Pumps	864	1,508
6	Tractors	181	313

It is seen that traditional implements like wooden ploughs and carts are main agricultural

implements. During the period 1972 to 1977 electric motors and pumps and tractors shows an increasing trend.

[5] Industries

The following table gives the details of important industries classified by major groups of industry during the year 1981.

Distribution of Important Industrial Establishments by Major Industry Group

Sl. No.	Major Group	Description	No. of establishment	No. of persons employed
1	32	Manufacture of non-metallic mineral products	34	2,018
2	28	Manufacture of paper and paper products and printing, publishing and allied industries.	1	718
3	40	Manufacture of electricity	2	370
4	97	Repair services	3	110
5	31	Manufacture of chemical and chemical products (except products of petrolium and coal	1	82
6	22	Manufacture of Cotton Textiles	1	52

Establishment engaged in the manufacture of non metallic mineral product provided employment to a major portion of the industrial workers. The manufacture of paper and paper products and printing publishing and allied industries was another important industry providing employment to a large number of workers in the district. These two togather provided employment to 2,736 workers. The third important industry was manufacture of electricity which provides employment to 370 workers.

During the houselisting operations for the 1981 Census an Economic Census was also conducted in the year 1980 alongwith the houselisting operations. The Economic Census was conducted through the Bureau of Economics and Statistics at the State level and through the Central Statistical Organisation at the National level. The preliminary provisional result of Economics Census 1980 have been published by the State Bureau. According to the provisional figures the total enterprises in Gandhinagar district are 6,301 out of which 559 are agricultural enterprises whereas 5,742 are non agricultural enterprises. The total number of persons actually working in these enterprises are 28,992 out of which 990 persons are working in agricultural enterprises. Further details of the Economic Census are yet to be worked out by the State Bureau.

During the 1981 Census out of total 84,711 workers 22.97 per cent were cultivators, 25.81 per cent were agricultural labourers, 2.15 per cent were in household industry and 49.07 per cent were other workers.

The District Industrial Centre was established at Gandhinagar on 2/10/78. This centre also provides term loans to new enterpreneurs and also provides working capital requirement of the industries for building up the infrastructure facilities and providing raw materials.

There were 16 small scale industrial units at the end of 1980. A large number of small scale industries in the year 1980 are pertaining to glass, quarry works and cement (8), metallic (7) and cotton industry (1)

There is one Industrial Estate managing by Gujarat Industrial Development Corporation in the district at the end of the year 1980.

[6] Trade and Commerce

There were 14 joint stock companies in the district as on 31/3/80 with authorised capital of 1,667 lakh and paid up capital 202.62 lakh. In the year 1979 there were 27 commercial scheduled bank offices at 19 places in the district whereas there were 14 co-operative banks at 19 places.

[7] Power Supply

The Gujarat Electricity Board is the chief source of electric power in the district. The use of electricity has increased rapidly during the last decade.

During 1971 Census 61 villages were shown as electrified. Within a period of ten years the number of villages electrified have arisen to 75 which roughly works out at 100 per cent of the total inhabited villages of the district.

[8] Transport and Communication

(a) Roads :

In the year 1971-72 the total road millcage was 138 kms. which increased to 295 kms. in

the year 1980–81. The respective kms. for 1971–72, 1975–76 and 1980–81 are as under :

Roads

(in kms.)

Sl. No.	Year	National Highway	State Highway	District Major Roads	Other Roads	Village Roads	Total
1	1971–72	. .	28	34	68	8	138
2	1975–76	. .	53	28	99	62	252
3	1980–81	44	16	46	114	75	295

It would be observed from the above that there is a improvement in the net work of roads in the district.

(b) Railways

There are 38 kms. of railways in the district and the number of railway stations are 10.

(c) Post and Telegraph

In Gandhinagar district, the villages with post and phone facilities are 47 and 26 respectively.

(d) State Road Transport

Out of 75 inhabited villages, 66 villages are connected by State Road Transport buses.

[9] Prices

The retail prices per kilogram of some of the important commodities during the month of January 1979 and January 1981 are as follows :

Retail Prices per kg.

(in Rs.)

Sl. No.	Commodity	Jan. 1979	Jan. 1981
1	Rice–Fine	2.75	3.50
2	Rice–Medium	2.25	3.00
3	Rice Coarse	2.05	2.60
4	Wheat–Medium	2.00	2.00
5	Wheat–Coarse	. .	2.05
6	Jowar	1.20	1.70
7	Bajri	1.25	1.75
8	Gram Dal	2.80	5.60
9	Tur Dal	4.70	5.55
10	Groundnut Oil	7.20	12.20
11	Gur	2.10	4.75
12	Sugar	2.15	7.20

[10] Education

Education plays an important role in the National Development Programme. Primary education is compulsory both for boys and girls in the age group 6–11 Years. The State Government has been making all efforts to provide at least one primary school in each village of the State so that this basic necessity can be within the reach of every rural citizen. After the formation of District Panchayats in Gujarat, the function of primary education has been transferred to the district panchayats in the rural areas, whereas in urban areas, the same is under municipalities.

Education facilities in the district for the year 1971–72, 1975–76 and 1979–80 are as under :

Education Facilities

Sl. No.	Education		1971–72	1975–76	1979–80
1	Primary Education	Institutions	116	115	131
		Pupils	28,018	32,949	43,671
		Teachers	843	943	1,030
2	Secondary Education	Institutions	26	32	35
		Pupils	5,596	9,492	8,757
		Teachers	231	318	233
3	Higher Education	Institutions	2	2	3
		Pupils	565	1,073	810
		Teachers	77	77	89

[11] Medical and Public Health

(a) Medical Institutions in Rural Areas

There are 4 hospitals, 12 dispensaries, 27 family planning centres, 2 primary health centres, 25 primary health sub–centres, 13 maternity and child welfare centres and 59 community health workers in the district.

(b) Medical Institutions in Urban Areas

There is a civil hospital, dispensaries, T. B. centre, nursing home and family planning centre in Gandhinagar township.

VI Brief discription of places of religion, historical or archaeological importance and places of tourist interest in the villages/towns of the district

Sl. No.	Name of Taluka	L.C. No.	Name of Town/Village	Details of religion, historical or archaeological interest
1	2	3	4	
1	Gandhinagar	. .	**Gandhinagar**	The township was named Gandhinagar after Mahatma Gandhi the father of the Nation. The capital of the State was shifted to Gandhinagar in 1970. The river Sabarmati pass near the Gandhinagar.

1	2	3	4	5
2	Gandhinagar	2	Rupal	Old temple of Varadayani Mata and big fair is held on Aswin Sud–9.
3	Gandhinagar	8	Jakhora	Nilkanth Mahadev
4	Gandhinagar	14	Jalund	Vayinatha Temple
5	Gandhinagar	43	Adalaj	Famous Step–well
6	Gandhinagar	70	Chandkheda	Artistic Glass Temple

VII. Brief analysis of the Village and Town Directory and Primary Census Abstract data based on inset tables

NOTE ON VILLAGE DIRECTORY

The different types of amenities available at the village level in the district have been tabulated in the form of Village Directory. The statement shows the different types of amenities and land–use in each village in the district. At the end of the Village Directory a taluka abstract of all the amenities has been prepared and printed as Appendix–I. In Gandhinagar district there is only one taluka. There are 75 villages in the district and all the villages are inhabited. It can be seen from the Appendix–I that out of 75 inhabited villages 74 villages have primary school facilities and only one village is without primary education facilities.

In the district 12 villages have dispensaries, 4 villages have hospitals whereas 8 villages have maternity and child welfare centres, 2 villages have primary health centres, 27 villages have family planning centres, 25 villages have primary health sub–centres. There are 42 villages having community health workers.

As regards drinking water wells and taps are the main sources of the drinking water facility. There are 70 villages which have wells, 58 villages have taps and 42 villages have tubewells. All the villages have drinking water facility.

As regards post and telegraph facilities 27 villages have only post office, 20 villages have post office and phone, 6 villages have post, telegraph and phone facilities.

As regards communication out of 75 villages, 66 villages have facility of a bus stop. There are 9 railway stations in the district.

As regards the electric power supply, all the villages of the district have electric power supply either for domestic or agricultural or industrial purposes.

On the basis of the amenities noted in the Village Directory a brief analysis of the different amenities has been made which is as follows :

Amenities in villages

The Table No. 1 shows the distribution of villages according to the availability of different amenities.

All the villages in the district have drinking water facility either by well or tank or tubewell or hand–pump, river etc. In the district 98.67 per cent of the total villages have the facilities of primary education.

The medical amenities are available in the 53.33 per cent of the total villages. It is also observed from the statement that 70.67 per cent villages of the district have the facility of post and telegraph.

The communication facility by way of bus or train are available in 88 per cent of total villages of the district. Out of total villages of the district 77.33 per cent villages have pucca road approaches.

All the villages in the district have the facility of electric power supply.

TABLE 1

Distribution of villages according to the availability of different amenities

Sl. No.	Name of Taluka	No. of inhabited villages	No. (with percentage) of villages having one or more of the following amenities							
			Education	Medical	Drinking Water	Post and Telegraph	Market/ Hat	Communication	Approach by Pucca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1	Gandhinagar	75	74 (98.67)	40 (53.33)	75 (100.00)	53 (70.67)	. .	66 (88.00)	58 (77.33)	75 (100.00)
	Total	**75**	**74 (98.67)**	**40 (53.33)**	**75 (100.00)**	**53 (70.67)**	**. .**	**66 (88.00)**	**58 (77.33)**	**75 (100.00)**

Proportion of rural population served by different amenities

The Table No. 2 shows the proportion of rural population served by different amenities.

TABLE 2

Proportion of rural population served by the different amenities

Sl. No.	Name of Taluka	Total population of inhabited villages in the taluka	Proportion of rural population served by the amenities of							
			Education	Medical	Drinking Water	Post and Telegraph	Market/ Hat	Communication	Approach by Pucca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1	Gandhinagar	226,645	226,599	174,299	226,645	204,298	. .	219,604	201,599	226,645
			(99.98)	(76.90)	(100.00)	(90.14)	. .	(98.89)	(88.95)	(100.00)
	Total	**226,645**	**226,599**	**174,299**	**226,645**	**204,298**	. .	**219,604**	**201,599**	**226,645**
			(99.98)	**(76.90)**	**(100.00)**	**(90.14)**	. .	**(98.89)**	**(88.95)**	**(100.00)**

It will be seen from the figures that 99.98 per cent of the total rural population of the district is covered by primary education facility.

As regards medical facilities the rural population coverage is 76.90 per cent. The rural population is fully covered by drinking water facility.

The coverage of rural population in respect of post and telegraph facility is 90.14 per cent and the same for communication it is 96.89 per cent. The position of approaches to the village by pucca road is quite satisfactory and 88.95 per cent of the rural population is covered by pucca approach road to their villages. The rural population is fully covered by facility of electricity.

Distribution of villages not having certain amenities arranged by distance ranges from the places where these are available

The Table No. 3 shows the distribution of villages not having certain amenities arranged by distance ranges from the places where these are available.

TABLE 3

Distribution of villages not having certain amenities arranged by distance ranges from the places where these are available

Sl. No.	Villages not having the amenity of	Number of villages where the amenity is not available and available at distance of			
		-5 Kms.	5-10 Kms.	10+ Kms.	Total (Cols. 3-5)
1	2	3	4	5	6
1	Education	1	...	...	1
2	Medical	27	7	1	35
3	Drinking	...	...	...	...
4	Post and Telegraph	19	3	...	22
5	Market/Hat	11	20	44	75
6	Communication	9	...	...	9

It will be observed from the above table that only one village is without primary education facility, the same is available at a distance of less than 5 kms.

Out of 75 villages 35 villages of the district have no medical facilities, 34 villages have the same available at a distance of less than 10 kms. whereas in one village the same is available at a distance of more than 10 kms. from the village. In respect of post and telegraph facility 22 villages have no such facilities and in 19 villages the same is available at a distance of less than 5 kms. from the village, whereas in 3 villages the same is available at a distance range of 5-10 kms from the village.

As regards market/hat facility, out of 75 villages, 31 villages have this facility available at a distance of less than 10 kms. from the village and in 44 villages the same is available at a distance of more than 10 kms.

In respect of communication facility 9 villages are without such facility and such a facility is available at a distance of less than 5 kms. from the village.

There are 13 villages in the district which are in the range of 0.5 kms. from the nearest town, except medical facilities, the other facilities are quite satisfactory. There are 46 villages in the distance range of 6-15 kms. from the nearest town. These villages are fully covered with the facility of primary education, drinking water and power supply. The other facilities are quite satisfactory except medical facilities. There are 16 villages at a distance range of 16-50 kms. from the nearest town. These villages are fully covered with the facility of primary education, drinking water and power supply. The other facilities are quite satisfactory.

Distribution of villages according to the distance from the nearest town and availability of different amenities

The Table No. 4 shows the distribution of villages according to the distance from the nearest town and availability of different amenities.

TABLE 4

Distribution of villages according to the distance from the nearest town and availability of different amenities

Sl. No.	Distance range from the nearest town (in kms.)	No. of inhabiter villages in each range	No. (with percentage) of villages having the amenity of

Distribution of villages according to population range and amenities available

The Table No. 5 shows the distribution of villages according to population range and amenities available.

TABLE 5

Distribution of villages according to population range and amenities available

Sl. No.	Population range	No. of inhabited villages in each range	No. (with percentage) of villages having the amenity of							
			Education	Medical	Drinking Water	Post and Tele- graph	Mar- ket/ Hat	Com- muni- cation	Approach by Pucca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1	Upto 499	6	5 (3.33)	1 (16.67)	6 (100.00)	. .	. .	1 (16.67)	3 (50.00)	6 (100.00)
2	500–1,999	29	29 (100.00)	9 (31.03)	29 (100.00)	15 (51.72)	. .	25 (86.21)	18 (62.07)	29 (100.00)
3	2,000–4.999	26	26 (100.00)	16 (61.54)	62 (100.00)	24 (92.31)	. .	26 (100.00)	24 (92.31)	26 (100.00)
4	5,000 and Above	14	14 (100.00)	14 (100.00)	14 (100.00)	14 (100.00)	. .	14 (100.00)	13 (92.86)	14 (100.00)
	Total	**75**	**74 (98.67)**	**40 (53.33)**	**75 (100.00)**	**53 (70.67)**	**. .**	**66 (88.00)**	**58 (77.33)**	**75 (10000)**

It will be seen from the table that there are 6 villages in the range of below 500 population.

There is an increasing trend in the availability of facilities with the increase in population. The villages with more than 5,000 population are fully covered with primary education, medical, drinking water, post and telegraph, communication and power supply.

Staple food

The Table No. 6 shows the main staple food in the majority of the villages in the district.

TABLE 6

Main staple food in the majority of villages in each taluka

Sl. No.	Name of Taluka	Main staple food
1	2	3
1	Gandhinagar	Bajri, Jowar, Wheat, Rice

Bajri, Wheat and Rice are the main staple food of the most of the villages.

Land–use Pattern

The Table No. 7 shows the distribution of villages according to their land–use.

TABLE 7

Distribution of villages according to land–use

Sl. No.	Name of Taluka	No. of inhabited villages	Total area	Percentage of cultivable area to total area	Percentage of irrigatted area to total cultivable area
1	2	3	4	5	6
1	Gandhinagar	75	59,468.19	54,995.46 (92.48)	22,890.00 (41.62)
	Total	**75**	**59,468.19**	**54,995.46 (92.48)**	**22,890.00 (41.62)**

The cultivable area to the total rural area is 92..48 per cent and irrigated area to the total cultivable area is 41.62 percent.

NOTE ON TOWN DIRECTORY

The list of urban areas for the purpose of 1981 Census was finalised in consultation with the State Government. The following criteria were applied for the purpose of determining any area as an urban area :

(a) All places with a Municipality, Municipal Corporation or Cantonment Board or Notified Town Area.

(b) All other places which specified the following criteria :

(i) A minimum population of 5,000,

(ii) Atleast 75 per cent of the male working population engaged in non-agricultural (and allied) activity,

(iii) A population of atleast 400 persons per sq. km. or a population of 1,000 persons per sq. mile.

The Town Directory has been compiled in seven statements given in the Section-II for all the urban areas of district. For presentation of the data, the towns of the district have been arranged in alphabetical order. The details of the data covered in these statements are as follow :

Note on Statement-I

There is only one town, Gandhinagar in the district. The area of Gandhinagar town is 56.75 sq. kms. The number of households including houseless households are 12,832.

The population growth rate during the last decade is 159.58. The density of population is 1,100 per sq. kms. in the year 1981.

Note on Statement-II

This statement gives the physical aspects of the location particulars of town. Gandhinagar is State headquarters. Gandhinagar is connected by railway and bus.

Note on Statement-III

Statement III gives details of town finance, total receipts and total expenditure of Gandhinagar town.

The Table No. 8 shows the per capita receipt and expenditure of the town.

TABLE 8

Per capita receipt and expenditure in towns

Per Capita

Sl. No.	Class, Name & Civic Status of the Town	Receipt in Rs.			Expenditure in Rs.					
		Total	Receipt through taxes	Receipt from all other Sources	Total	General Administration	Expenditure on Public Health and Conveniences	Public Works	Expenditure on Public Institutions	Other Aspects
1	2	3	4	5	6	7	8	9	10	11
1	II Gandhinagar	80.07	. .	80.07	80.07	. .	. .	. .	80.07	. .
	Total	**80.07**	. .	**80.07**	**80.07**	. .	. .	. .	**80.07**	. .

The per capita receipts and expenditure of Gandhinagar town is 80.07.

Note on Statement-IV

Statement IV shows the civic and other amenities available in the town. Gandhinagar town is covered with all the amenities. As the information regarding slum area was not funished by the town authority, the same in case of Statement-IV A is nil.

Note on Statement-V

The Statement V gives details relating to medical, educational, recreational and other cultural facilities in the town., Gandhinagar town is covered with all the facilities. In the case of medical institutions only Government, Semi-Government and Charitable Institutions have been covered. Besides a hospital and 14 dispensaries. Gandhinagar has a T. B. clinic, a nursing home, and a family planning centre.

The Table No. 9 shows the total number of beds in medical institutions per 1,000 population in Gandhinagar town.

TABLE 9

No. of beds in medical institutions in towns

Sl. No.	Class, Name and Civic Status of the Town	No. of Beds in Medical Institutions per 1,000 population
1	2	3
1	II Gandhinagar (NA)	1.60
	Total	**1.60**

Gandhinagar town has 1.60 beds per 1,000 population.

In respect of educational facilities Gandhinagar has an Arts and Commerce College and a Science College. There are 4 higher secondary, 6 secondary and 29 primary schools in Gandhinagar. There is no adult literacy centre in Gandhinagar.

As regards Medical and Engineering College and Polytechnics such facilities are not available in Gandhinagar. All the three facilities are available, at a distance of 35 kms. in Ahmadabad.

The Table No. 10 shows the number of different categories of schools per 10,000 population in town of the district.

TABLE 10

Schools per ten thousand population in towns

Sl. No.	Class, Name and Civic Status of Town	Higher Secondary/ Inter/PUC/Junior College	Secondary/ Matriculation	Junior Secondary/ Middle	Primary
1	2	3	4	5	6

	Total	**0.641**	**0.961**	. .	**4.644**

Note : In Gujarat State the level of Education are classified as under :

(i) Primary (From Std. 1 to VII passed)

(ii) Secondary/Matriculcation (From Std. VIII to X passed)

(iii) Higher Secondary (From Std. XI to XII passed.

Hence the details order col. 5 are not shown.

The number of higher secondary/intermediate/junior college, secondary/matriculation and primary schools per 10,000 population for Gandhinagar town is 0.641. 0.961 and 4.644 respectively.

Gandhinagar has facilities for recognised shorthand/typewriting/vocational training institutions. The number of such institutions is 10 in Gandhinagar town. There is only one cinema house, two auditoria/drama/community halls, two stadiam and one public library in Gandhinagar.

Note on Statement–VI

Statement VI shows the details regarding trade, commerce, industry and banking in the town. It can be seen from the statement that Gandhinagar is importing food–grains, medicines and edible oil.

The Table No. 11 shows the details of the important commodities manufactured, imported and exported in Gandhinagar town of the district.

TABLE 11

Most important commodity manufactured, imported and exported in towns

Sl. No.	Class, Name and Civic Status of the Town	Most Important Commodity		
		Manufactured	Exported	Imported
1	2	3	4	5
1	II Gandhinagar (NA)	. .	. .	**Foodgrains**

Gandhinagar is mainly importing foodgrains. There are twelve banks in Gandhinagar.

NOTE ON PRIMARY CENSUS ABSTRACT

The district Primary Census Abstract of Gandhinagar district showing talukawise totals, rural and urban population is included in part B of the volume. The district Primary Census Abstract is followed by taluka Primary Census Abstract.

This part also contains the district Primary Census Abstract for Scheduled Castes/Scheduled Tribes population followed by Taluka/Citywise Primary Census Abstract of Scheduled Castes/ Scheduled Tribes population.

A brief analysis of the Primary Census Abstract is as follow :

Population, number of villages and number of towns–1981, in the district

The Table No. 12 shows the population number of villages and number of towns within taluka of the district.

TABLE 12

Population, number of villages and towns, 1981

Sl. No.	Name of Taluka	POPULATION									No. of villages		No. of Towns
		Total			Rural			Urban			Total	Inhabited	
		P	M	F	P	M	F	P	M	F			
1	2	3	4	5	6	7	8	9	10	11	12	13	14
1	Gandhinagar Taluka	289,088	150,194	138,894	226,645	116,575	110,070	62,443	33,619	28,824	75	75	1
	Total	**289,088**	**150,194**	**138,894**	**226,645**	**116,575**	**110,070**	**62,443**	**33,619**	**28,824**	**75**	**75**	**1**

The total population of Gandhinagar district is 289,088 during the 1981 Census which is 0.85 per cent of the total State population. The rural population is 0.97 per cent of total rural population of the State and urban population is 0.59 per cent of total urban population of the State.

The district ranks 18th in population out of total 19 districts of the State. All the villages of the district are inhabited villages. There is one town and one taluka in the district. The proportion of urban population in the district to the district population is 21.60 per cent.

Decadal change in distribution of population in the district

The Table No. 13 shows the talukawise details regarding the decadal change in the population during the last decade of 1971–1981.

TABLE 13

Decadal change in distribution of population

Sl. No.	Taluka	Population						Percentage decadal (1971–81) variation		
		1971			1981					
		Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7	8	9	10	11
1	Gandhinagar Taluka	200,642	176,587	24,055	289,088	226,645	62,443	+44.08	+28.35	+159.58
	Total	**200,642**	**176,587**	**24,055**	**289,088**	**226,645**	**62,443**	**+44.08**	**+28.35**	**+159.58**

The decadal growth rate of population in the district is 44.08 per cent. In respect of urban areas and rural areas the population growth rate is 159.58 and 28.35 per cent respectively.

Distribution of villages by population ranges

The details of distribution of villages by population ranges are given in the Table No. 14.

TABLE 14

Distribution of villages by population ranges

Sl. No.	Range of population	No. of villages in each range	Percentage of villages in each range
1	2	3	4
1	Less than 200	1	1.33
2	200— 499	5	6.67
3	500—1,999	29	38.66
4	2,000—4,999	26	34.67
5	5,000—9,999	12	16.00
6	10,000 and above	2	2.67
	Total	**75**	**100.00**

Out of total villages 73.33 per cent villages are in the population range of 500–4,999. There are only two villages in the population range of 10,000 and above.

Density of population

The Table No. 15 shows the distribution of villages by density of population.

TABLE 15

Distribution of villages by density

Sl. No.	Range of density (per sq. km.)	Total No. of villages in each density range	Percentage of villages in each density range
1	2	3	4
1	**Less than 10**	..	..
2	**11— 20**	..	..
3	**21— 50**	..	..
4	51—100	3	4.00
5	101—200	9	12.00
6	201—300	22	29.33
7	301—500	29	38.67
8	501 and above	12	16.00
9	**Not Known**	..	..
	Total	**75**	**100.00**

The density range of 201–500 persons per sq. km. covers the 68 per cent of the total villages. There are 12 villages which have a high density range of 501 or more persons per sq. km.

Proportion of Scheduled Castes and Scheduled Tribes population to total population in the villages and towns

The total Scheduled Castes population of the district is 21,199 which is 0.87 per cent of the total Scheduled Castes population of the State, whereas the total Scheduled Tribes population of the district is 1,672 which is 0.03 per cent of the Scheduled Tribes population of the state. The Scheduled Castes population of the district is 7.33 per cent of the total district population whereas the Scheduled Tribes population is 0.58 per cent of the total district population.

The Table No. 16 gives the proportion of Scheduled Castes population to the total population in the villages.

TABLE 16

Proportion of Scheduled Castes population to total population in the villages

Sl. No.	Percentage range of Scheduled Castes population to total population	No. of villages in each range	Percentage of villages in each range
1	2	3	4
1	Nil	10	13.33
2	5 or less	32	42.67
3	6 — 10	28	37.33
4	11 — 15	4	5.34
5	16 — 20	..	..
6	21 — 30	1	1.33
7	31 and above	..	..
	Total	**75**	**100.00**

There are 10 villages in the district which have no Scheduled Castes population. In the 80 per cent of the total villages of the district the proportion of Scheduled Castes population is upto 10 per cent to the total population of the village. One village have proportion of Scheduled Castes population to the total population in the range of 21–30 per cent.

The Table No. 17 shows the proportion of Scheduled Tribes population to the total population of the villages.

TABLE 17

Proportion of Scheduled Tribes population to total population in the villages

Sl. No.	Percentage range of Scheduled Tribes population to total population	No. of villages in each range	Percentage of villages in each range
1	2	3	4
1	Nil	56	74.67
2	5 or less	19	25.33
3	6 — 15	..	..
4	16 — 25	..	..
5	26 — 35	..	..
6	36 — 50	..	..
7	51 and above	..	..
	Total	**75**	**100.00**

Out of total villages in the district 74.67 per cent villages have no Scheduled Tribes population. The remaining villages have proportion of Scheduled Tribes population to the total population of village in the range of upto 5 per cent or less.

The Table No. 18 shows the proportion of Scheduled Castes and Scheduled Tribes population in the town of the district.

TABLE 18

Proportion of Scheduled Castes/Scheduled Tribes population in towns

Sl. No.	Name of the town	Total population	Total Scheduled Castes population	Total Scheduled Tribes population	Percentage of Scheduled Castes population to total population	Percentage of Scheduled Tribes population to total population
1	2	3	4	5	6	7
1	Gandhinagar	62,443	7,893	1,250	12.64	2.00
	Total	**62,443**	**7,893**	**1,250**	**12.64**	**2.00**

The proportion of Scheduled Castes and Scheduled Tribes population to the total population in the Gandhinagar town is 12.64 and 2.00 per cent respectively.

Literacy rates in villages and towns

The total literacy rate in the district was 41.80 per cent in 1971 Census which has increased to 51.48 per cent during the 1981 Census. This is higher than the State avarage of 43.70 per cent The district ranks second in literacy rate in the State during 1981 Census. The percentage of male literacy is 63.17 per cent whereas the percentage of female literacy is 38.84 per cent which are both higher than the State average literacy rate of 54.44 percent and 32.30 percent respectively.

The Table No. 19 shows the literacy rates of the different population ranges of the villages of the district.

TABLE 19

Literacy rates by population ranges of villages

Sl. No.	Range of population	No. of villages in each range	Literacy rate
1	2	3	4
1	Less than 200	1	67.39
2	200 — 499	5	36.24
3	500 — 1,999	29	45.45
4	2,000 — 4,999	26	45.05
5	5,000 — 9,999	12	48.39
6	10,000 and above	2	54.97
	Total	**75**	**47.25**

There is one village in the population range upto 200 and two villages in the population range of 10,000 and more which have literacy rate above the district literacy rate 51.48 whereas other villages have literacy rate below the district literacy rate.

Literacy rate of town

The Table No. 20 shows the literacy rate of the town of the district. The literacy rate of Gandhinagar town is 66.86.

TABLE 20

Literacy rates for town

Sl. No.	Name of the town	Literacy rate

Scheduled Castes/Scheduled Tribes population

The total Scheduled Castes population of the district is 21,199 which is 0.87 per cent of the total Scheduled Castes population of the State whereas the total Scheduled Tribes population of the district is 1,672 which is 0.03 per cent of the total Scheduled Tribes population of the State.

The Scheduled Castes population of the district is 7.33 per cent of the total district population whereas the Scheduled Tribes population is 0.58 per cent of the total district population.

Literates

The proportion of literate persons in the district is 51.48 per cent in the rural and in the urban population of the district the same is recorded as 47.25 and 66.48 percent respectively.

As regards the male and female literates the respective percentage are 60.09 and 33.65 per cent in rural areas and 73.88 and 58.68 per cent in urban area.

Workers and Non-workers

The percentage of male workers in the district is 49.24. In respect of urban area of the taluka the percentage of male main workers is 45.92 per cent. The respective per centage of female workers is 6.98 per cent. The number of total marginal workers in rural areas in the district is high as compared to the figures of corresponding urban area.

The proportion of main workers and marginal workers to the total population is 29.30 and 1.95 per cent respectively.

It is also worth noting that percentage of main workers in respect of male and female workers are 49.24 and 7.74 correspondingly whereas quite reverse trend is noticed in respect of marginal

workers, where proportion of male workers are only 0.60 and female workers are 3.40.

The percentage of total workers to total population is 31.25 and the respective percentages in case of male and female workers are 49.84 and 11.14 respectively.

Growth rate, density and sex ratio of urban population

The Table No. 22 shows the growth rate, density and sex ratio of urban population in the district in relation to the State.

TABLE 22

Growth, density and sex ratio of urban population in the district in relation to the State

		Gandhinagar District						Gujarat State					
Sl. No.	Census year	Total population	Urban population	% Urban population	Decadal percentage variation in population	Density (population per sq. km.)	Sex ratio (No. of females per 1,000 males)	Total population	Urban population	% Urban population	Decadal percentage variation	Density (population per sq. km.) PRIMARY CENSUS ABSTRACT

EXPLANATORY NOTE FOR PRIMARY CENSUS ABSTRACT

Primary Census Abstract of 1981 Census provides information in respect of each village in rural area and town/ward in urban area. It gives information about the area of the village in hectares and towns in Square Kilometers, number of occupied residential houses and households, total population with sex break-up (including Houseless and Institutional Population) and population of Scheduled Castes and Scheduled Tribes, Literates. The entire population of village/town/ward is divided into main workers, marginal workers and non-workers and main workers are further divided in to four broad industrial categories as under :

1. Cultivators (I)
2. Agricultural Labourers (II)
3. Household Industry —
   Manufacturing, Processing, Servicing and Repairs [V(a)]
4. Other Workers [III, IV, V(b) & VI to IX]

The sexwise break-up of total main workers (industrial category I to IX) has been presented in addition to similar break-up for each broad industrial category of workers, marginal workers an non-workers.

The following abbreviations have been used in the Primary Census Abstract for facility of presentation :

1.	Municipal Corporation	MC
2.	Municipality	M
3.	Non-Municipal Area	NM
4.	Nagar Panchayat	NP
5.	Village Panchayat	VP
6.	Cantonment	Cantt.
7.	Notified Area	n. a.
8.	Industrial Notified Area	INA
9.	Not Available	NA
10.	Urban Agglomeration	UA
11.	Out-Growth	OG

The following conversion factor has been used for converting acres into hectares and hectares into Km².

Acres X 0.40467 = Hectares
Hectares X 100 = Km².

DISTRICT
PRIMARY CENSUS ABSRACT
(GENERAL)

Location Code No.	Name of District/ Taluka/ Mahal	Total Rural Urban	Area in Km²	No. of Occupied Residential Houses	No. of Households	Total Population (including Institutional and Houseless Population)		
						P	M	F

		T	*651.4*	**54,618**	**56,594**	**289,088**	**150,194**	**138,894**
		R	*594.6*	*42,027*	*43,762*	*226,645*	*116,575*	*110,070*
		U	*56.8*	*12,591*	*12,832*	*62,443*	*33,619*	*28,824*

* These represent provisional 'geographical area' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local bodies. Area figures for rural area are derived by substracting the urban area from the total area of the District. The total area figures of the Talukas/Mahals will not tally with the district figures because the former represent 'land use' area and are derived from the figures supplied by the Director of Land Records.

* These represent provisional, 'geographical area' figures supplied by the Surveyor General. Figures for Urban area are those supplied by the local bodies. Area figures for rural area are derived by substracting the urban area from the total area of the District. The total of the area figures of the Talukas/Mahals will not tally with the district figures because the former represent 'land use' area are derievd from the figures supplied by the Director of Land Records.

PRIMARY CENSUS ABSTRACT

MAIN WORKERS														
Total Main Workers (I–IX)		Cultivators (I)		Agricultural Labourers (II)		Household Industry-Manufacturing, Processing, Servicing and Repairs [V(a)]		Other Workers [III, IV, V(b) & VI to IX]		Marginal Workers		Non-Workers		Location Code No.
