ANDHRA PRADESH LEGISLATURE BUILDING

The motif presented on the cover page represents the new Legislature building of Andhra Pradesh State located in the heart of the capital city of Hyderabad. August, 3rd, 1985 is a land mark in the annals of the Legislature of Andhra Pradesh on which day the Prime Minister, Sri Rajiv Gandhi inaugurated the Andhra Pradesh Legislature Buildings. The newly constructed Assembly Building of Andhra Pradesh is located in a place adorned by thick vegitation pervading with peaceful atmosphere with all its scenic beauty. It acquires new dimensions of beauty, elegance and modernity with its gorgeous and splendid constructions, arches, designs, pillars of various dimensions, domes etc. Foundation stone for this new Legislature Building was laid by the then Chief Minister, Dr. M. Chenna Reddy on 19th March, 1980.

The architecture adopted for the exterior elevation to the new building is the same as that of the old building, leaving no scope for differentiation between the two buildings. The provision of detached round long columns under the arches add more beauty to the building. The building contains modern amenities such as air-conditioning, interior decoration and reinforced sound system. There is a provision for the use of modern sophisticated electronic equipment for providing audio-system. The Assembly Hall is semi-circular in shape with a radius of 18.5 mtrs. There is a 4.5 mtrs. wide circular corridor all round it, from which members enter into the Assembly Hall through four entrances. Chambers for the Speaker, Chief Minister, Opposition leaders and Ministers are also provided. There are 32 rooms-16 on the ground floor and 16 ont he first floor of the building with attached toilets. The building covers plinth area of about 65,000 sq. ft. and the estimated cost of the building was Rs. 305 lakhs. The Assembly Hall is on the ground floor and it has seating capacity for 308 M.L.As. The seating arrangement in the House is so made that each Member can guage any Member who sits in any corner of the House.

The interior of the Assembly dominated by the majestic Speaker's podium made of original rose wood, has mustard colour carpeting, rose wood laminated furnishing and beautiful chandeliers. The Assembly also has perfect accoustics. Outside the main Assembly hall, perfect lighting conditions are maintained by the unique glass roofing.

A complete glass panelling of the visitor's galleries on the balcony prevents any aukward situation of pamplets being thrown in the house. Only the press gallery has an iron railing for reporters to record the exact proceedings of the house.

An electronic smoke detection system worth Rs. 50,000/- has been installed to avoid any fire mishap in the building. Work is in progress to install an electronic voting system by the public sector ECIL. A new audio system with ear phones which automatically provides for the proceedings in both Telugu and English is an added facility.

Source: Booklet printed by the Director of Printing, Government of Andhra Pradesh on the occasion of inauguration of the buildings, 1985.

FOREWORD

The District Census Handbook (DCH), compiled by the Census Organisation on behalf of the State Governments, is one of the most valuable products of the Census. The DCH is constantly referred to by planners, administrators, academicians and researchers. It is *Inter alia* used for delimitation of constituencies, formulation of local level and regional plans and as an aid to District administration. The district census handbook is the only publication which provides Primary Census Abstract (PCA) data upto village level for the rural areas and wardwise for each city or town. It also provides data on infrastructure and amenities in villages and towns, etc.

The district census handbook series was initiated during the 1951 Census. It contained important census tables and PCA for each village and town of the district. During 1961 Census the scope of the DCH was enlarged and it contained a descriptive account of the district, administrative statistics, census tables and a village and town directory, including PCA. The 1971 DCH series was planned in three parts. Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. However, in some states it was confined to district census tables and in a few cases altogether given up due to delay in compilation and printing.

While designing the format of 1981 DCH series some new features along with the restructuring of the formats of village and town directory have been attempted. At the same time, comparability with the 1971 data has also been kept in view. All the amenities except power supply in the village have been brought together in the village directory with the instruction that in case an amenity is not available in the referrent village the distance in broad ranges from the nearest place where the amenity is available may be given. The restructuring of the format of the village directory and incorporating more exhaustive data on infrastructure aspect particularly in relation to amenities and land-use pattern is expected to further meet the need micro level planning for rural areas. it is expected to help not only in local area planning but in the regulating the provision of goods and services as well so as to minimise the regional imbalances in the process of development. A few new items of information have also been introduced to meet some of the requirements of the Revised Minimum Needs Programme. Such new items of information as adult literacy centres, primary health subcentres and community health workers in the village have been introduced in the village directory with this objective in mind. The new item on approach to the village is to have an idea about the villages in the district which are inaccessible. A new column, "total population and number of households" has been introduced to examine the correlation of the amenities with the population and number of households they serve. Addition of two more appendices listing the villages where no amenities are available and according to the proportion of scheduled caste and scheduled tribe population to the total population has also been made with this view in mind.

The formats of the town directory have also been modified to meet the requirements of the Minimum Needs Programme by providing information on a few new items. A new statement on civic and other amenities in slums in Class-I and Class-II towns (Statement IV-A) has been introduced with this objective in mind. It is expected that this will help the planners to chalk out programmes on provision of civic amenities for the improvement of slums. The columns on Scheduled Castes and Scheduled Tribes population in Statement IV relating to civic and other amenities and adult literacy classes / centres under educational facilities in statement V are also added *Inter Alia* with this view. A significant addition is class of town in all the seven statements of the town directory. The infrastructure of amenities in urban areas of the country can be best analysed by taking the class of towns into consideration. The addition of the columns on civic administration status and population in a few statements also serves this purpose.

The format of the primary census abstract for the villages and towns has been formulated in the light of changes in the economic and other questions canvassed through the individual slip of 1981 Census.

In order to avoid delay in publication of 1981 DCH series it has been so designed that Section I & II of the volume contains village and town directory and Section III, the PCA of villages and towns including the Scheduled Castes and Scheduled Tribes PCA upto Taluk / Town levels. At the beginning of the DCH a detailed analytical note supported by a number of inset tables based on PCA and non-census data in relation to the infrastructure has been introduced to enhance its value. The district and taluk / town level maps depicting the boundaries and other important features have been inserted at appropriate places, to further enhance the value of the publication.

The publication is a joint venture of the State Government and the Census Organisation. The data have been collected and compiled in the State under the direction of Shri S. S. Jaya Rao, I. A. S., Director of Census Operations, Andhra Pradesh, Hyderabad on behalf of the State Government which has borne the cost of printing. The task of planning, designing and coordination of this publication was carried out by Dr. N. G. Nag, Deputy Registrar General (Social Studies) of my office. Dr. B. K. Roy, Deputy Registrar General (Map) provided the technical guidance in the preparation of the maps. Data received from Census Directorates have been scrutinised in the Social Studies Division at the headquarters under the guidance of Shri M. M. Dua, Senior Research Officer. I am thankful to all who have contributed in this project,

NEW DELHI
The 26th April, 1982

P. PADMANABHA
Registrar General, India

PREFACE

District Census Handbook is the most important of the local publications brought out by the Census Organisation. This is a joint venture of the State and Central Governments. The chapter on HISTORY OF DISTRICT CENSUS HANDBOOK details its history and growth right from the inception of Census in 1872, while the foreword of the Registrar General and Census Commissioner, India highlights the scope and significance of the tremendous improvements brought about from time to time since 1951 to 1981, in the presentation of data so as to meet the demands of planning and administrative needs of the Governments and the data users. Needless to say that it is of immense use to planners, administrators, academicians, scholars, researchers, social workers, etc.

The restructuring of the format of the Village Directory at the 1981 Census has been done particularly to incorporate the exhaustive data on infrastructure in relation to amenities and land use pattern to meet the needs of micro-level and local area planning for rural areas as well as to meet the Minimum Needs and Revised Minimum Needs Programmes of the Planning Commission. It is further intended to help regulating the provision of goods and services and also to enable minimising regional imbalances in the process of development. The formats of the Town Directory have also been modified to meet the requirements of the Minimum Needs Programme, by adding statements on civic and other amenities in slums in Class I and Class II Towns, columns on Scheduled Castes and Scheduled Tribes population, adult literacy centres, working women's hostels, etc. In the process of collection of data for this volume, various State and Central Government departments have extended their kind co-operation. The District Census Handbook comprises two parts—Part A–detailed analytical note supported by a number of inset tables based on Census and non-Census data in relation to infrastructure and Part B-Village and Town Directories as well as Primary Census Abrstract of Villages and Towns.

In this joint venture of the State and Central Governments, while the collection, processing including compilation, tabulation and finalisation of the writeup have been done by the Directorate of Census Operations, Andhra Pradesh, under the Ministry of Home Affairs, Government of India, the paper and printing costs are born by the Government of Andhra Pradesh State. I offer my grateful thanks to Sri S. R. Rama Murthy, I. A. S. (Retd.) former Chief Secretary of the Government of Andhra Pradesh and Sri M. Appa Rao, Joint Secretary (Retd.), General Administration (Elections) Department for the kind co-operation and encouragement extended by them at the time of 1981 Census. Grateful thanks are also due to Sri Shravan Kumar, I. A. S., the present Chief Secretary, Sri B. N. Jaya Simha, I. A. S., Special Chief Secretary, General Administration Department and Chief Electoral Officer who is also in charge of Census and to Sri P. V. Gopal Rao, I. A. S., Deputy Secretary, General Administration Department, for extending their kind co-operation. The Director of Printing and Stationery has been helpful in selecting good private presses for printing the Handbooks.

My grateful thanks are due to Sri S. S. Jaya Rao, I. A. S., Director of Census Operations, Andhra Pradesh, under whose direction the entire Census Operations programme was successfully carried out in the State. He has retired from service after superannuation in April, 1984. I am extremely grateful to Sri P. Padmanabha, I. A. S., Former Registrar General and Census Commissioner of India, whose constant guidance and advice were a source of strength and to Dr. N. G. Nag, Deputy Registrar General (Social Studies) who has formulated the contents of the Handbook in detail. Grateful thanks are also due to Dr. B K. Roy, Deputy Registrar General (Map) under whose guidance the Map Division has scrutinised the district map and the taluk maps evincing very keen interest and to Sri M. M. Dua, Senior Research Officer (now Deputy Director), who has scrutinised the data presented here with very minute care. I feel it a proud privilege and bounden duty to offer my sincere and grateful thanks to Sri V. S. Verma, I. A. S.. Registrar General and Census Commissioner, India and to Sri V. P. Pandey, Joint Registrar General, India for their constant guidance and advice in both administrative and technical matters.

In the finalisation of the write up, compilation and processing of data for the volume, I have been ably assisted by Sri B. Satyanarayana, as Deputy Director and as Assistant Director of Census Operations, with the assistance of an efficient team led by Smt. P. Lalitha, Investigator who has gained rich experience and specialised this subject. Sri Y. G. Krishna Murthy, Deputy Director of Census Operations of this office has also involved himself in processing of this most important publication. Sri Shyam Deo, Research Officer, ably guided the Map Section in the preparation of various maps included in this publication. I am thankful to all those officials who have contributed in bringing out this voluminous publication.

The following officials who have worked on the present volume of Hyderabad District Census Handbook deserve my thanks for their contribution.

CONTENTS

PART–A		Pages
1.	Important statistics of the district	ix-x
2.	Map of the district	Facing Page [i]
3.	Analytical Note	
	(i) Brief history of the district	[1–4]
	(ii) General, Physical aspects, hills, rivers. flora, fauna, climate, rainfall, soils, history of the district as an administrative unit and changes in its component parts in general and during the decade in particular	[5–10]
	(iii) A profile of growth - Hyderabad City	[11–15]
	(iv) Brief description of places of religious, historical or archaeological importance in villages and places of tourist interest in the towns of the district	[16–18]
	(v) Census concepts of rural and urban areas and other terms namely census house, household, scheduled castes / scheduled tribes, literates, main worker, marginal worker, non-worker, etc.	[19–21]
	(vi) The History of district census hand-book, scope of village directory, town directory, statements and PCA	[22–34]
	(vii) Brief analysis of the village and town directory, PCA data based on inset tables and a note on physically handicapped persons	[35–40]
PART–B	Village and Town Directory and Primary Census Abstract	
SECTION I – VILLAGE DIRECTORY		
	(i) Introductory Note with special reference to Hyderabad	3
	(ii) Village Directory with Taluk Map on facing page of alphabetical list :	
	Golconda Taluk	5
	Secunderabad Taluk	7
	Mushirabad Taluk	9
	Charminar Taluk	11
	(iii) L. C. Nos. for three decades (1961 to 1981)	13–16
SECTION II – TOWN DIRECTORY		
	(i) Note explaining the codes used in the Town Directory	19–20
	(ii) Town Directory Statements (I to VI and IV-A)	21–65

SECTION III – PRIMARY CENSUS ABSTRACT

(i)	District PCA	68–70
(ii)	Annexure to PCA (Hyderabad Urban Agglomeration)	72–77
(iii)	Wardwise PCA for MCH	78–81
(iv)	Composition of circles in MCH interms of ward Numbers and EB Numbers	82
(v)	Description of Urban Enumeration Blocks	83–172
(vi)	*EB wise PCA of Hyderabad Municipal Corporation*	174–391
	Secunderabad Taluk	391–413
	Mushirabad Taluk	414–415
	Charminar Taluk	416–417
(vi)	PCA to Standard Urban Area	418–431

PART-A
ANALYTICAL NOTE

HISTORY

The history of Hyderabad district was inextricably bound up with the rise and fall of various kingdoms which flourished in the Deccan during the medieval and modern times. The Kakatiyas of Warangal were the first important rulers of this part of the country between 1150 – 1323. Muhammad-bin-Tughlak who broke the Kakatiya power in 1323 held sway for sometime after which the royal court of the Bahmani Sultan held the Deccan for about two centuries. On their decline, the Barid Shahi Kingdom rose to power which, for unknown reasons, dwindled by about 1609. Then came the famous Qutub Shahis of Golconda (1512 – 1687) whose rule opened a glorious chapter in the annals of Hyderabad. It was in the reign of the fifth descendant of this dynasty, Muhammad Quli, that the nucleus of the Hyderabad city, renowned for its magnificent mansions, had been laid in 1589. However, towards the close of the 17th century the fortress of Golconda fell to the sword of Aurangzeb (1687) who made it a part and parcel of the Mughal Empire and nominated Chin Kalich Khan (Asaf Jah) as Subedar of the Deccan, who in turn, made himself the master of the Deccan after inflicting a signal defeat on Mubariz Khan, who was secretly instructed by the Mughal Emperor, in the famous battle of Shakarkheda fought on the 11th Oct.,1724. This battle which was renamed Fathkhera by the Nizam-ul-Mulk marks the establishment of the Asaf Jahi Dynasty and with it the establishment of an autonomous Deccan. It also marks the end of the Medieval period in the history of the Deccan and the commencement of the Modern period which was identical with the end of the Mughal hegemony and the definite establishment of the Asaf Jahi rule. The State and the dynasty so founded by Asaf Jah I had witnessed many eventful things in the evolution of the Hyderabad State. He also instituted the title of the *Nizam* which had become since then the hereditary and dynastic title of the successive rulers of this State and thus, he became the founder of the house of the Nizams (1724). Thereafter, the district remained a part of the Nizam's Dominions until it became a part of the Indian Union in 1948. It was finally merged in the enlarged State of Andhra Pradesh on the 1st November, 1956 when the Sovereign, independent Republic of India implemented the States' Reorganisation Act with a view to redrawing the political map of India, delimiting and alienating the boundaries of the States so as to weld together the people speaking the same language.

The early history of the Deccan of which the district formed a part is given below :

Early Hindu Period : In pre-historic times the great Dravidian race occupied Southern India including a major portion of the Deccan plateau. It is uncertain when the Aryans invaded the Deccan. The empire of Asoka (273–231 B.C), however, seems to have had control over the whole of Berar and a considerable portion of the Deccan plateau. The Andhras were the next kings who ruled the Deccan. They are mentioned in the Asokan inscriptions but their rise to power dates from about 220 B.C. Gradually extending their sway from Krishna delta, they soon possessed an empire reaching to Nasik. This dynasty seems to have come to an end in the third century A.D., but the reasons for the collapse are little known. The Pallavas who ruled South of Krishna might have extended their power to this region. The next dynasty of importance is that of the Chalukyas who rose to power in Bijapur district by about 550 A.D. and founded an empire spreading east and west across the Peninsula with their capital at Kalyani. Pulakesin II (608–642 A.D.), ruled practically the whole of India south of Narabada river and even came into contact, with Harsha Vardhana of Kanuj. Throughout their period of supremacy the Chalukyas were at war with the Pallavas. In the middle of eighth century the Chalukyas were displaced by the Rashtrakutas of Malkhed in Gulbarga district. About 973 A.D., the Chalukyan dynasty was restored and for nearly 200 years maintained its position, inspite of fierce

Source : An extract from District Census Handbook 1961 - Hyderabad

struggles with the Cholas and Hoyasalas of Dorasamudra. The Chalukya power fell about 1189 A. D. to the Hoyasalas and Yadavas, the latter of whom established themselves at Deogiri. The Yadavas were the last great Hindu rulers of the Deccan, for Vijayanagar Kingdom which was founded half a century later after the advent of the Muhammadans never acquired much sway in the Deccan proper.

Muhammadan Period : Alla-ud-din Khilji led the first Muhammadan expedition into the Deccan in 1294 against the Yadava ruler of Deogiri and coerced him into submission. In 1296 he assassinated his own uncle and seized the throne, and sent an expedition to Deogiri. His first expedition was despatched in 1303 against the Kakatiya kings of Warangal, who had established themselves there since the middle of the 12th century. This having failed he sent a second expedition under Malik Kafur in 1309, which resulted in the submission of the Raja who agreed to pay tribute. Muhammad-bin-Tughlak conducted a later campaign against Warangal and finally broke the Kakatiya power in 1323. In 1310 Malik Kafur was sent against the Hoyasala Raja of Dorasamudra (Halebid in Mysore). In 1318 when Harpal, the Deogiri ruler rebelled, he was defeated and put to death and with him the Yadava dynasty ended. When Muhammad-bin-Tughlak ascended the throne in 1325 at Delhi the Muhammadans were masters of the Deccan from North to South ; the Chief Rajas of Telangana acknowledged their sway and paid tribute. He changed the name of Deogiri to Daulatabad and made it his capital. A few years later the Imperial Governors of the Deccan revolted resulting in the establishment of the Bahmani dynasty. Zafar Khan, who styled himself as Ala-ud-din Hasan Shah Gangu founded this line and having taken possession of the Deccan provinces including Bidar and Gulbarga, he made the latter place his capital and commenced to reign from 1347 A.D. The Bahmani Kingdom extended from Berar in the north to the left bank of the Tungabhadra in the south and from Dabal on the west coast to Telangana tracts in the east. After the fall of this dynasty the Barid Shahi dynasty came into power. Amir Barid who assumed sole charge of the affairs of the Bahmani kingdom after the downfall of the Bahmani dynasty had many vicissitudes and constant wars with the rulers of Bijapur and Berar and he died in Daulatabad in 1538. He was succeeded by his son Ali Barid who was the first to assume the title of Shah. In 1565 he marched along with the other Deccan kings against the Rajas of Vijayanagar and in the memorable battle of Tallikota the Vijayanagar ruler was defeated and his fate sealed. Ali Barid died in 1582 and he was succeeded by three other kings. The Qutub Shahi dynasty next came into prominence. Qutub-ul-Mulk Sultan Kuli, a Turk of noble family, who was Governor of the Golconda province under the Bahmanis took advantage of the distracted state of the kingdom under Muhammad Shah of the Barid Shahi dynasty and declared his independence establishing the Qutub Shahi dynasty which reigned from 1512 to 1687 A. D.

When the Mughals invaded the Deccan, the local rulers formed an alliance against them, but after defeating the invaders they fell out among themselves, enabling the Mughal troops to subdue the country. Shah Jahan after rebelling against his father fled from Burhanpur and was welcomed at Golconda by Abdullah Qutub Shah. In 1635 A. D. Shah Jahan who had then become the emperor, sent a *farman* to Golconda which was well received. Mir Jumla, the King's minister, appealed to Aurangzeb for help against his master in 1655 A.D. and this afforded a pretext for Aurangzeb to invade the territory. Hyderabad was plundered, but Abdullah sued for peace and paid arrears of tribute. He died in 1674 AD and was succeeded by his nephew Abdul Hasan also called Tana Shah. After the fall of Bijapur in 1686 A.D. Aurangzeb turned his attention to Golconda which was taken in the following year. Tana Shah was made a prisoner and died in 1704 A.D. and with him the Qutub Shahi line ended. This dynasty was followed by Asaf Jahi Dynasty to which the present Nizams belong. The Asaf Jahi dynasty was founded by Asaf Jah, a distinguished General of Aurangzeb, a Turkoman by descent. After a long service under the Delhi emperor he was appointed as Subedar or Viceroy of the Deccan in 1713 A.D. with the title of Nizam-ul-Mulk, which has since become the hereditory title of the family. The Mughal empire at this period was on the verge of decline owing to internal dissensions and attacks from without. Amidst the general confusion Asaf Jah had little difficulty in asserting his independence against the degenerate and weak occupants of the throne of Delhi, but he had to repel the inroads of Marathas who were harassing the west of his newly acquired territory.

His independence was the cause of much jealousy at Delhi and the court party secretly instructed Mubariz Khan, Governor of Khandesh to oppose him by force of arms. A battle was fought at Shakarkhelda in the Buldana district of Berar in 1724 A.D., when Mubariz khan was totally defeated and lost his life. This battle established the independence of Asaf Jah who annexed Berar and fixed his residence at Hyderabad and established his dominions. The present Hyderabad district along with the rest of the Telangana came under the control of the Asaf Jahi dynasty.

After the death of Asaf Jah, Nazir Jung, his second son, and Muzaffar Jung, his grandson by one of his daughters, strove for the succession. At this time the English and the French were contending supremacy in the East and each of the claimants secured the support of one of these powers ; Nazir Jung's cause was espoused by the English, while Muzaffar Jung was supported by the French. The latter, however, fell a prisoner to his uncle, but on the assassination of Nazir Jung, Muzaffar Jung, was proclaimed the sovereign. Dupleix, the French Governor, became the controller of the Nizam's authority. Muzaffar Jung was killed by some Pathan Chiefs and the French then selected Salabat Jung a brother of Nazir Jung and son of Asaf Jah as ruler. Ghazi-ud-Din, the eldest son of Asaf Jah, who, it was alleged had relinquished his claim at first now appeared as a claimant, supported by the Marathas, but his sudden death put stop to further struggles. The English and the French were then contesting for power and influence in the Deccan ; but the victories of Clive in the Carnatic caused the latter to turn their attention to their own possessions which were threatened and to leave Salabat Jung to shift for himself. Nizam Ali Khan, the fourth son of Asaf Jah at this juncture obtained the support of the English on the promise of dismissing French from his service. Salabat Jung was dethroned in 1761 A.D. and Nizam Ali Khan was proclaimed ruler.

In 1766 A.D., the Northern Circars were ceded to the British on the condition that the Nizam was to be furnished with a subsidiary force in time of war and received 6 lakhs of rupees per annum when no troops were required, the Nizam on his part promising to support the British with his troops. This was followed by the treaty of 1768 A.D. by which the East India Company and the Nawab of Carnatic engaged to assist the Nizam with troops whenever required by him, on payment. In 1790 A.D., war broke out between Tipu Sultan and the British and a treaty of alliance was concluded between the Nizam, the Marathas and the British. Tipu, however, concluded peace and had to relinquish half of his dominions which was divided among the allies. In 1798 A.D., another treaty was concluded between the Nizam and the British. On the fall of Seringapatnam and the death of Tipu Sultan, the Nizam participated largely under the treaty of Mysore in 1799 in the division of territory and his share was increased because of the withdrawal of the Peshwas from the treaty. In 1800 a fresh treaty was concluded between the Nizam and the British by which Nizam ceded all the territories which had accrued to him under the treaties of 1792, and 1799, i.e., cuddapah, Kurnool, Anantapur and Bellary districts known as the Ceded districts of Madras. Nizam Ali Khan died in 1803 and he was succeeded by his son, Sikandar Jah. On the death of Sikandar Jah in 1829, his son Nasir-ud-Doula succeeded, Nasir-ud-Doula died in May 1857 and he was succeeded by his son Afzal-ud-Doula. In 1869 on the death of Afzal-ud-Doula, his son Mir Mahbub Ali Khan Bahadur became the ruler. As he was only three years old then, a regency was constituted for the administration of the country, with Salar Jung I as Regent and Nawab Shams-ul-Umara as Co-Regent, the British Resident being consulted on all important matters concerning the welfare of the State. On the death of the Co-Regent in 1877, his half brother Nawab-vikar-ul-Umara was appointed as co-administrator but he also died in 1881, Sir Salar Jung remaining sole administrator and Regent till his death in 1883. In 1884, Mir Mahbub Ali Khan having attained majority was installed as ruler by Lord Rippon. On the death of Mir Mahbub Ali Khan, in 1911 Mir Osman Ali Khan ascended the throne. In 1947 when the country attained independence the princely states were given the choice either to remain independent or to join the Indian Union. The Nizam's Dominions became part of Indian Union in 1948 as a Part 'B' State. In 1956 during the re-organisation of States the Hyderabad State was trifurcated and the nine predominantly Telugu speaking districts of Mahbubnagar, Hyderabad, Medak, Nizamabad, Adilabad, Karimnagar, Warangal, Khammam and Nalgonda known as the Telangana region were transferred to Andhra Pradesh. Major portions of the predominantly Kannada speaking districts of Raichur, Gulbarga and Bidar were transferred to Mysore State

while the Marathwada comprising the five districts of Aurangabad, Osmanabad, Bhir, Parbhani, Nanded and portion of Bidar which is predominantly marathi speaking was transferred to Maharashtra State. These changes were effected on the 1st November, 1956.

Hyderabad, as the State Headquarters district since the heyday of the Nizam's rule, had occupied a central position both geographically, and politically. The district was known for long as the Atraf-i-Balda district meaning "Suburbs of the City". It comprised the sarf-i-Khas ilaqas that were situated around the city of Hyderabad and formed into a district and was placed under a Talukdar subject to the direct control and supervision of the Sarf-i-khas Secretary. This district plus other Crown lands spreading all over the dominions constituted the personal property of the Nizam. They came to be regarded as a State within a State' and remained territorially unaltered since the turn of the century though numerous changes were noticed in regard to other districts over decades. It was only in the decade 1941 - 51 that the district had undergone a radical territorial change when both the Atraf-i-Balda district and the district of Baghat were abolished and the present Hyderabad district was created. Subsequently, the district passed under the Central Administration (1948) and ceased to be the ruler's personal property.

PHYSICAL ASPECTS

General : Hyderabad district is the smallest district area-wise in the State derived its name from its headquarters city Hyderabad. Hyderabad is also the capital of Andhra Pradesh State. During 1591 A.D., Hyderabad was founded by the fifth Qutub Shahi ruler of Golconda, Muhammad-Quli Qutub Shah and the common people used to refer this city as 'Bhagyanagar' also. In 1978, Hyderabad district was split up into Hyderabad (Urban) district and Hyderabad (rural) district and the rural part was named as Rangareddi district. Later, Hyderabad Urban has been renamed as Hyderabad district. The district is totally urban having four taluks viz., Charminar, Mushirabad, Secunderabad and Golconda. The main parts of the district consists of the twin cities of Hyderabad and Secunderabad, invested with great natural beauty, Medieval, Indian, Saracenic, Mughal and colonial architecture create an exuberance and richness, rarely found in other parts of the country. With a cosmopolitan population, the district of Hyderabad is famed for its communal hormony for centuries. Today Hyderabad is one of the important seats of Telugu language, literature, culture and civilization.

Physical Features : The district is located at the heart of the Deccan Plateau of the Indian subcontinent and lies approximately at the conjunction of 17°20' northern latitude and 78°30' eastern longitude. Hyderabad is 1778 feet above MSL. It occupies an area of 21.7 sq.kms and has a population of 2,260,702 as per 1981 Census count. The district is bounded on all sides by Rangareddi district.

Hills : The district is situated on grey and pink rocks-among the world's oldest. Hyderabad city is surrounded by scattered granite hills here and there with a height of 61 to 91 metres, Among these hills mention may be made of the Maula Ali, the Golconda Rock and the Black Rock at Trimulgherry. In the heart of the city, there are two small hillocks known as Naubatpahad and Kalapahad on which Birla Planetarium and Marble Temple of Lord Srivenkateswara respectively have been constructed in recent years.

Rivers : The Chief river of the district is the Musi. It rises in the Ananthagiri hills and flows almost due east, passing through the middle of Hyderabad city. Finally the river joins as tributary to the great river Krishna near Vadapalli of Nalgonda district. A reservoir called the osmansagar across the Musi, and another called the Himayatsagar across the river Esi, a tributary to the river Musi are the main sources of water supply to the twin cities of Hyderabad and Secunderabad.

Flora : It is said that eighty years back, Hydebad district with its shrubby areas, lush patchouli scrub jungles and greenery, was the home of variegated flora. Consequent to the general hot and dry climate, the flora of the district exhibits xerophytic adoptations.

In and around the twin cities, exotic (non-indigenous) species such as Alstomia scholaris (Eda-Kula) Adansonia digitata, Calophyllum-inophyllum (Ponna), Cassia-siamea (Simatangedu), Cassia nodosa, Cassia Javanica, Cassia grandis, Casuarina equisetifolia (Sarugudu) Ceiba pentandra, Colyillea racemosa, Calbergia Sissoo (Sissu), Delonix regia, eucalyptus species, glyricidia maculata, grevilled robusta (silver oak), Jacaranda ovalifolia, Kigelia pinnata, Lagerstroemia Flos-Reginae, Lagerstroemia indica (clinnangi), Millingtomia hortensis (karaka), Peltophorum Ferrugineum, Polyalthia longifolia (Devadaru) and pendensa Samania saman (rain tree), saraca indica, spathodea campanulate and swietemia Mahagoni have been introduced.

Since the district is urbanised, there is no space for developing forests.

Fauna : It was recorded that during the beginning of 19th century, the district with its low shrubby jungles was home of leopards, bears, hyenas and occasionally tigers, while in the more open plains the antelope was in plenty. Hunting game was reserved for the ruling family of erst while Hyderabad state exclusively for enjoyment of the nobles.

2. Andhra Pradesh Year Book, 1984 - Published by Data News Features, Hyderabad

Due to rapid urbanisation, today the forests have disappeared in the district. To know what is what the city limits, there is a famous Nehru Zoological Park spread over 300 acres. The park has been planned to have large moated enclosures, where more than one thousand animals and birds are housed in comparative freedom and in surroundings, almost resembling their natural habitat. In the Zoo, in addition to Indian animals, foreign fauna is represented by the red kangaroos, giraffes, Zeebras, hippos, ostriches, chimpanzees, fallow deers of Europe and black swans. Attractive features of the Zoo are Lion Safari (first in South East Asia), crocodile rearing and Natural History Museum. A tiger safari park is also being constructed in the zoo park vicinity.

Climate : The climate of the district is charcterised by a hot summer and is generally dry except during the south-west monsoon season. The year may be divided into four seasons. Mid-February to May is the summer season. June to September constitutes the south-west monsoon season. October and November form the post monsoon or retreating monsoon season. December to the middle of February is the cold season.

Climate in the twin cities was once fairly equitable. With the disappearance of green foliage, the emergence of highrise concrete structures and the location of many industrial units, the city is becoming hotter and more sultry.

Rainfall : In the district, the rainfall during the south-west monsoon months i.e. from June to September, constitutes almost 75% of the annual rainfall. September is generally the rainiest month. For Hyderabad September is known as 'Black September' as during this period rains may often play havoc. The annual rainfall recorded during 1978 was 1252.4 mm* while the normal annual rainfall was 772.2 mm*.

Once rainfall in the district was fairly reliable. Scarcity of drinking water, which was never experienced 100 years ago, has started to show the signs of its presence. Rainfall has also gone down considerably due to felling of trees. The ecological imbalance was aggravated by rapid industrialisation and unchecked industrial pollution in the district.

Changes in Administrative units and component Parts :

Hyderabad district was not a homogeneous administrative unit in the past as its component parts were under the control of various kingdoms at different periods of time. The district once formed part of the Kakatiya Kingdom (C.A.D. 1000–1323) along with a few other districts. It then passed into the hands of the Musunari chiefs and finally came under the rule of the Muhammadans during the period of the Bahmani Sultan, Muhammad I (A.D. 1358–75). Golconda and its dependencies were added to the Qutub Shahi possessions in A.D.1496 and continued to be under their control till A.D.1687 when the Mughal emperor Aurangazeb annexed the Qutub Shahi Kingdom to his empire. In A.D.1724, the area comprising the present Hyderabad district came under the sway of the Asaf Jahi dynasty founded by Nizam-ul–Mulk Asaf Jah. I.

During the rule of the Asaf Jahis, Atraf-i-Balda district surrounding Hyderabad city, which formed part of the sarf-e-khas jagirs, was included in Gulshanabad-Medak Subah. A tahsil called Baghat consisting of seventeen villages with an area of 41.6 Sq. Kilometres in the suburbs of the city of Hyderabad was also included for administrative convenience in Atraf-i-Balda district. No changes of importance took place during the decade 1931-41 except the constitution of a new district called Baghat under Medak Subah. After the police Action in 1948, the erstwhile Nizam's Dominions were brought under central administration. Hyderabad district was formed in 1949 out of Atraf-i-Balda and Baghat districts. At the time of its constitution, the district consisted of five taluks, namely, (1) Hyderabad. (2) Ibrahimpatnam (3) Medchal (4) Dharur and (5) Shahabad. After the integration of the jagirs, these taluks were reconstituted in 1950 and under the set up all the taluks remained unchanged except the taluk of Dharur which was merged with Vicarabad taluk of Medak district. In this process of reorganisation, a new taluk named Hyderabad west was created. The district did not undergo any further territorial changes till 1956 when, on the formation of Andhra Pradesh State. It gained the taluks of Pargi, Vicarabad and Tandur from Mahbubnagar, Medak and Gulbarga (Karna-

* Statistical supplement to part II of Andhra Pradesh Gazette, Hyderabad dated 15-1-1981 monthly and Annual Rainfall Table for the Year 1978 – Page. 65

taka State) districts respectively. During 1958-59, the Head quarters of Shahabad taluk was shifted to Chevella and the name of the taluk was also changed to chevella. During the same year, eleven villages from Sangareddy taluk of Medak district and Hafeezpuram village from Ramannapet taluk of Nalgonda district were transferred to Chevella and Ibrahimpatnam taluks respectively in this district. Some inter-taluk transfers of villages also took place in the same year. Mahbubpet village was transferred from Medchal taluk to Hyderabad West taluk, Balapuram (Balapur) and Shaduddin Begum villages from Hyderabad east to Hyderabad West,seven villages from Chevella taluk to Hyderabad West and twelve villages from Chevella taluk to Vicarabad taluk. The district, however, lost in 1959-60 nine villages from Chevella taluk owing to their transfer to Shadnagar taluk of Mahbubnagar district. The most important change that took place subsequently was the transfer of Ramachandrapuram village in 1962 from Sangareddy taluk of Medak district to Hyderabad west taluk. This was caused mainly due to the establishment of the Bharat Heavy Electricals Limited. Another notable change was the creation of a new taluk by name Hyderabad Urban with effect from the 1st of April 1965 carving it out from Hyderabad West (Sixty-three villages) including the twin cites, Hyderabad East (five villages) and Medchal (five villages) taluks. Thenceforth, the district did not undergo any major changes in its territorial jurisdiction. The district consisted of nine taluks grouped under three Revenue Divisions as shown below as per 1971 Census.

Sl. No.	Name of the Revenue Division	Name of the taluk
1.	Hyderabad East	Medchal, Hyderabad East and Ibrahimpatnam (3)
2.	Hyderabad West	Hyderabad West, Chevella and Hyderabad Urban (3)
3.	Vicarabad	Pargi, Tandur and Vicarabad (3)

During 1971–1981, Hyderabad district has undergone major changes, to Hyderabad rural district that was formed on 15th August, 1978 by carrying out some portion of Hyderabad urban taluk and the merger of the rural and urban areas of the remaining taluks of Hyderabad district was renamed as Rangareddi district. With regard to the area jurisdiction of Rangareddi district the entire taluk of Medchal with an area of 771.7 sq kms, Hyderabad east taluk with an area of 675.6 sq. kms. Ibrahimpatnam taluk with an area of 1,359.25 sq. kms. Hyderabad west taluk with an area of 486.0 sq. kms, Chevella taluk with an area of 961.9 sq. kms, Pargi taluk with an area of 1,009.6 sq.kms.,Tandur taluk with an area of 961.4 sq.kms, Vicarabad taluk with an area of 1,224.8 sq. kms and 18 villages of Hyderabad urban taluk with an area of 157.5 sq. kms of Hyderabad district were transferred on 15th August, 1978 vide G.O.Ms.No.1391. Rev.(u). dated.11th August, 1978 issued by the Government of Andhra Pradesh.

Since all the taluks in Hyderabad district have undergone major changes during 1971–81, the jurisdictional changes in the district have been presented in the following statement.

STATEMENT SHOWING THE FORMATION OF NEW TALUKS AND NUMBER OF VILLAGES IN THE OLD AND EXISTING TALUKS OF HYDERABAD DISTRICT DURING 1971 AND 1981 CENSUSES

Name of the Taluk in 1971	No. of villages in 1971	Name of the Taluk in 1981	No. of villages in 1981	Remarks	Names of the transferred villages	G.O. No. and date under which the new taluk came into existence

Ms. No. 1251 Rev (U) dt. 19.10.1979

During 1981 Census there are 4 taluks and 5 towns in the district and they have been grouped under one Revenue division as shown below.

STATEMENT SHOWING THE TALUKS AND TOWNS IN HYDERABAD DISTRICT

Name of the Revenue Division	Name of taluk	Name of town (MC/P/CB
(1)	(2)	(3)
Hyderabad	1 Golconda	Entire Taluk is included in Hyderabad Municipal Corporation
	2 Secunderabad	1 Lalaguda (P)
		2 Secunderabad Cantonment (CB)
	3 Mushirabad	3 Osmania University
	4 Charminar	* 4 Gaddi Annaram (P)
		5 Hyderabad Municipal Corporation
		a) Hyderabad division
		b) Secunderabad division

* Hyderabad Municipal Corporation in this district is spread over in all the four taluks.

The following statement shows the present set up giving the details of the area and number of villages and towns in each taluk of Hyderabad district.

STATEMENT SHOWING THE POSITION OF EACH TALUK IN HYDERABAD DISTRICT AT 1981 CENSUS

L.C. No.	Name of the Taluk	Total area in Sq. Kms.	No. of Towns	Total villages	No. of villages included in towns (Fully included)	Remarks
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1	Golconda Taluk*	...	...	14	14	The villages in all these taluks are included partly in Hyderabad Municipal Corporation and partly in other towns of Hyderabad Districts and there is no rural area in the District.
2	Secunderabad Taluk	41.8	2	13	13	
3	Mushirabad Taluk	3.9	1	14	14	
4	Charminar Taluk	0.2	2	20	20	
	District Total	217.0	5	61	61	

Note : 1. The district "Geographical Area" figures are as supplied by the Surveyor General, India.

2. The total of the area figures of the taluks will not tally with the district area figures because the former represents Land-Use area and are desired from the figures supplied by the "State Survey Department".

*3 Entire taluk is included in Hyderabad Municipal Corporation.

A PROFILE OF GROWTH – HYDERABAD CITY

Hyderabad Urban Development Authority : The historic city of Hyderabad which was found in 1591, was a planned city with its city centre in Charminar. In course of time it became over crowded and congested. The city was greatly effected by the floods of 1908. The floods as a result of the distruction of the life and property of the citizens, awakened the Government to the need for the planned development of the city in a phased manner. Sir M. Visweshvarayya the great engineer statesman advised the then Government both on flood control measures and city improvements. As a first step towards the development of the city, the city improvement Board was constituted in the year 1912 to bestow greater attention to the provision of roads, markets shopping centres and housing.

In recent years Hyderabad has experienced a phenomenal growth in all directions. The Hyderabad Agglomeration now ranks as the sixth largest in the country in terms of population, which was returned as 17.9 lakhs in 1971 and 25.4 lakhs in 1981. The urban growth of the city has grown rapidly to the North–East and North–West and has spread beyond the corporation limits. Slums have grown, not only in the core city but also in the newly developing out skirts of the city. Haphazard and sub–standard development in the metropolitan area is going on at a rapid rate especially on the major arterial roads and highways leading to the city. Many scholars are of the opinion that land use pattern and its distribution under different uses is unbalanced and uneconomical as there are large stretches of vacant and agricultural land which need to be brought under residential and other uses to provide for balanced urban development. Thus the city faced many problems. The need to prepare a development plan for Hyderabad was keenly felt and the Government of Andhra Pradesh constituted on 2nd. October, 1975, the Hyderabad Urban Development Authority (HUDA) under the provisions of Andhra Pradesh Urban Areas(Development) Act, 1975 charged with the responsibility to plan, regulate, control and develop the Metropolitan area and Co-ordinate the activities of various agencies responsible for development. The jurisdiction of HUDA extends over an area of 1554 Sq. Kms. including 169 Sq. Kms. of Municipal area. The jurisdiction cuts across the Municipal Corporation of Hyderabad, Malkajgiri Municipality, 13 villages of Hyderabad district, 270 villages of Ranga Reddi district and 23 villages of Medak district.

The Master Plan, following the experience of other cities in India like Delhi, Calcutta, Madras and Bombay, identifies the developmental needs of the twin cities of Hyderabad and Secunderabad and this Master plan was drawn up on September 27, 1975. This outlines the physical frame work of land use for the present and prospective growth of the city and peripheries, in terms of location of residential, commercial, industrial, recreational and other public and semi-public building complexes upto the year 1991. The Master plan for the balance of the area outside the municipal limits with same target year was drawn up on 23–6–80. The Master plan proposals have been further elaborated into detailed Zonal Development Plans for which purpose the whole Development Area has been divided into 29 zones. The idea behind the preparation of a Master plan is to provide balanced and regulated growth to the entire proposed Development Area. For instance, the periphery of the city has suffered haphazard growth in recent years due to increased industrial activity, and the core city has become congested with increase in traffic, ribbon growth, slums and squatter settlements, not to mention pressures caused by large-scale influx of population. The Master plan therefore, envisages the control over use of land to maintain the ecological balance and to develop the periphery through the establishment of ring towns at the four corners of the city, viz, Ramachandrapuram, Shamshabad, Ghatkeswar and Medchal. Besides, the HUDA has taken up residential complexes at Vanasthalipuram, Saroornagar, Madhuban, Yousufguda, Mehdipatnam and Mushk Mahal, the aim

being to decongest the core area of the city by attracting the population to the new ring towns. Provision has also been made to widen the existing roads and build new roads. The HUDA has been vested with the powers of exercising development control under the provisions of the Andhra Pradesh Urban areas (Development) Act, 1975. In addition to the provision of housing, improvement of slums and rehabilitation of slum dwellers require immediate attention. It is estimated that about 3.7 lakhs of population of Hyderabad are residing in slums. The HUDA has taken up a slum improvement programme in 15 slums covering 3,194 families at an estimated cost of Rs. 98 lakhs on a self-help basis where slum dwellers build their own houses at a low cost of about Rs. 6,000/-. The HUDA provides all the technical assistance needed and amenities like roads, water and eletricity under the environmental improvement scheme sanctioned by the Government of Andhra Pradesh

B. Quli Qutub Shah urban Development authority : Quali Qutub Shah Urban Development Authority was constituted through G.O.Ms. No 104. Finance and planning (Planning Wing) Department dated, 1.8. 1981. It was proposed as an Urban Development Authority with a separate legislation quite different from the Andhra Pradesh Urban Areas (Development) Act to meet the specific needs of the old city. The activities of the Authority covered a large spectrum of components and varies from that of a traditional urban Development Authority. Broadly the schemes included the following for the development of old city.

1. Widening and Formation of roads Including R & B and Ring road : In the development of road system the concentration was first on the improvement of roads by providing bituminous surfacing, formation of footpaths and side berms,; storm water drains, paving with Shabad stones etc. The authority has also provided financial assistance to the R & B Department in widening and improving the National Highways and State Highways passing through the old city.

2. Extension of water supply lines, sinking of borewells and construction of storage tanks : The authority has taken up extension of water supply lines in the old city. Construction of a ground level water tank with a capacity of one Million gallons is in progress.

3. Provision of street lighting : installation of transformers and conversion of IT lines into H.T lines.

4. Improvement of sewerage system and sanitatoon programme : The Sewerage system in the old city is over strained and there is a tendency to connect the septic tanks to storm water drains. Therefore the Authority has taken up a two-fold programme, firstly to construct sewer lines wherever possible and provide domestic connections and secondly to convert dry latrines into wet latrines through the "Sulabh International" which do not require a sewer connection.

5. Environmental improvement programme in slum area : The pilot schemes were taken up in slum areas to improve the roads, storm water drains, lighting, sewer lines etc, at a cost of Rs. 3.84 lakhs.

6. Avenue plantation, Parks, Playgrounds and afforesttation : As a part of the Green Belt programme different roads were provided with Shading trees.

7. Construction of shopline : Along with this, widening of road in front of shop lines, parking for taxis autos and cycle rickshaws were also provided. The total cost of the scheme was Rs. 40.33 Lakhs.

8. Construction of ministadium : A multipurpose mini stadium with a capacity of 7,500 persons is being constructed at the city college. The total cost of scheme is Rs. 75 Lakhs.

9. Houses scheme for the Employees of weaker section (EWS) : There are plans to provide accommodation to 600 E.W.S. families at Kamala Nagar and Vivekanandanagar.

10. Setting up Polytechnic : It is presently housed in the Jahanuma palace. The polytechnic is having 120 seats in Civil, Mechanical, Electronic and Communication Engineering. A search is going on for a suitable site.

11. Construction of school; buildings and hospitals : Construction of school building at an estimated cost of Rs. 36.5 lakhs is in progress. Further construction of 3 more schools are proposed to be taken up at Chaderghat, Darul Uloom and Aliabad at an estimated cost of Rs. 45 lakhs. A hospital with 50 beds attached to unani hospital, a 30 bed hospital at Barcas and 2 dispensaries in the old city are proposed for construction.

12. Preservation of historical monuments.

13. Schemes for training and skill development through Setwin and other Social Welfare schemes.

14. Programme for encouragement of sports and games in the old city.

15. Research studies for assessing priorities on development in the old city.

PLACES OF INTEREST

Hyderabad is the most important and interesting place in Andhra Pradesh. Hyderabad, capital of Andhra Pradesh is the 6th largest city in India with a population of about 2.2 million as per 1981 Census. It consists of twin cities of Hyderabad and Secunderabad linked by the mile-long bund of three centuries old Hussain Sagar lake, popularly termed as Tank Bund, a favourite promenade for the citizens and tourists. It is invested with great natural beauty, Medieval, Indian, Saracenic Mughal and Colonial architecture great in exuberance and richness, rarely found in other parts of the country. Simply the splendour of Medieval India unfolds itself. With a cosmopolitan population, the city has a genial and hospitable atmosphere. Its population, its architecture, its linguistic composition, every thing mirrors the basic unity and underlies the regional diversity in India. For the North, it is South, for the South, it is North. Actually it is a bridge between the two. To cover Hyderabad is covering India in miniature. Its location amidst wild and rocky scenery with isolated granite hills, its gardens, tanks and bridges, the Golconda fort, the famous Qutub Shahi tombs and the Hussain Sagar lake contribute to its charm. Bolarum where the Southern home of the President of the Indian Union, the Rashtrapathi Nilayam is located, the famous Salar Jung Museum and a host of other historical monuments contribute to its charm and glory. Secunderabad too has some of the old monumental buildings reminding one of its long association with the British rule in India. The St. John's Church and the St. Mary's Cathedral built in AD 1847 are beautiful specimens of architecture. The king Edward Memorial Hospital, now known as the Gandhi Hospital, in the heart of town, the Mehbub College High School, the Somasundaram Library and Reading room, the Albert Reading room and Library and the St. Joseph's Orphanage are some of the fine old buildings. Secunderabad is now the headquarters of the South Central Railway. Begumpet possesses the civil aerodrome and meteorological observatory. Hyderabad city contains innumerable archaeological, historical, educational and recreational places of interest and is a tourist paradise. The most important of these are described briefly in the succeeding paragraphs. The archaeological and historical places include, among other things, the Golconda Fort, Qutub Shahi Tombs, the famous Charminar, Macca Masjid and Faluknuma Palace. In addition to these, there are innumerable places which have educational, cultural and recreational interests such as Osmania University, the majestic State Library building, the Hussain Sagar, the Naubat Pahad with both Venkateswara Temple and Birla's Planetarium.

Golconda Fort : It is situated at a distance of 11.5 Kms. outside the city. It was built on picturesque granite hill about 122 metres high and surrounded by a rampart. This legendary fort, once famous for its diamond market, was the capital of the Qutub Shahi kings who ruled the surrounding territories from 1518 to 1687 A.D. Now partly in ruins, it was a massive structure with a surrounding wall with 8 gates. The fort originally belonged to the Kakatiya rulers who ruled the surrounding areas from Warangal, their capital city. They ceded it to the Bahmanis, who changed its mud construction into mosonry. From Bahmanis, Golconda passed on to their successors, the Qutub Shahis. The most remarkable feature of this fort is its system of acoustics whereby a clapping of hands at the entry gate can be heard at the top of the fort some 19 metres high. Water was raised by an ingenious system through laminated clay pipes and persian wheels to cool the roof gardens and high walled palaces. The fort was attacked twice by Emperor Aurangzeb who succeed in taking it in the second attempt in 1687 A.D. after a siege of 8 months and with the help oftrecherous Qutub Shahi General. The fort has eight gates but only four are used by the visitors now. The fort is now approached through the Banjara Darwaza which is the south-east of the tombs. On the summit of the hill-fort there is a Baradari. It is three storeyed pavilion with open arches on all sides giving a magnificient view of the country around. It is said, in a corner of Baradari that there was opening of an underground passage to Gosha Mahal which is at a distance of about 8 kilometres. The fort, though in ruins, is worth visiting.

Qutub Shahi Tombs : About a Kilometre to the north of the Golconda Fort there are the tombs of the Qutub Shahi rulers. These tombs mark the third and the final phase of architecture that flourished during the 16th and 17th centuries A.D.

These tombs, except the tomb of the seventh ruler Abdullah Qutub Shah, are situated in a large garden which was called Langar Faiz Athar during the period of the Qutub Shahis. The tomb of Abdullah Qutub Shah is situated outside this garden, while that of Abdul Hasan Tana Shah is situated in Khuldabad near Aurangabad in Maharashtra. The architecture of these mausoleums has a characteristic style. Hindu motifs like lotus, chain and pendant designs, and pillar and lintel devices are used.

Hussainsagar Tankbund : The tank, when it is full, covers an area of about 21 Sq. Kilometres. The tank was excavated in the time of Ibrahim Qutub Shah (A.D. 1550-1580) and the bund lies between Secunderabad and Hyderabad. The bund is one of the most pleasant places in the city and it resembles the Naple's Bay.

Public Gardens : This spot is the usual recreational resort for the inhabitants of the city as well as the outsiders. It is situated almost in the heart of the city. Within the compound of these gardens, the Ajanta pavilion, Health Museum and Archaeological Museum are located. Interesting sections are pre-historic implements, Sculptures, Painting, inscription, illuminated manuscripts, coins, old arms, bidriware, old China and textiles. In recent years, the Jawahar Bala Bharati has also been established there. The imposing Assembly Hall and the Jubilee Hall wherein the Legislative Council was meeting are also located here.

Naubat Pahad and Kalapahad . There are two small hillocks opposite the public gardens. During reign of the Qutub Shahis, proclamations were read from their top at the beat of the drum and this tradition was continued by Aurangzeb. In 1940, Sir Mirza Ismail, Prime Minister of the Nizam added two pavilions to these hillocks. A hanging garden has now been laid out on the hillock and a marble Temple of Lord Sri Venkateswara has been constructed on the other.

Charminar : This is the most imposing structure erected in A.D. 1591 after the foundation of the city and it occupies a central position in the old city with four roads radiating in four directions from its base. It stands in the midst of the city like a sentinel guarding entry to the main bazar. A Chronicle says that it was built to commemorate the cessation of plague in the city. The minarets are 53 metres in height and they spring from the abutments of open arches facing the cardinal points. This building doubled the glory of the Qutub Shahi kings. Close to the Charminar there are the four arches (Char Kaman) built in A.D. 1593 over four streets leading to the four quarters of the city. The Charminar is illuminated daily from 7.00 P.M. to 9.00 P.M.

Mecca Masjid : This is about 0.1 Km. to the south of the Charminar. It is an impressive building measuring about 69/46/23 metres with four minarets, two large and two small. Its most unusual feature is that the lofty pillars supporting the arches and the prayer, niche are carved out of single slabs of granite. It is popularly believed that some earth was brought from Mecca, certain number of bricks were made out of it and used in the construction of this mosque. Mecca Masjid is the principal place of Muslim worship in Hyderabad and it is capable of accommodating over 10,000 worshippers. The foundation stone for this building built by Sultan Mohammed Qutub Shah (A.D. 1612-1626) but was completed by Aurangzeb (A.D. 1658-1707).

Falknuma Palace : This castle was built upon a hill by Sir Vicar-ul-umra, one of the Prime ministers of the erstwhile Nizam's Dominions. The palace accommodates a library containing the most valuable collection of manuscripts and printed books. A picture gallery and a luxurious reception with cabinets containing diamonds, crystal and emerald objects are some of its special attractions.

Osmania University : Inaugurated in temporary buildings, it was built by the late Nizam of Hyderabad in 1939. Its Arts College is built in the Indo-Saracenic style. It ranks probably the first among the most precious and proud possessions of the city which has a number of historic monuments worth visiting.

Salar Jung Museum : A remarkable collection of one man Mir Yousaf Ali Khan Salar Jung III Prime Minister of the Nizam, who was a great connoisseur of art. He brought this vast array of curios from all over the world. Thirty five rooms

house 35,000 exhibits some rare paintings, statues, jewellery armour, precious stones, manuscripts etc. The Ivory chairs and turban of Tipu Sultan, the swords and daggers of the Mughal Emperors are the prized collection of this museum. It is the third biggest National Museum in India, while the first and the second are at Calcutta and Delhi respectively. The museum has been shifted to a newly constructed palatial building in 1969.

The following places, though for administrative purposes fall under the purview of Rangareddi District are very much associated with Hyderabad city and tourist would normally refer to the books relating to Hyderabad for guidence and information. Hence they have been covered here also.

Mir Alam Tank : This tank is thirteen kilometres in circumference and it is situated to the south-west of the city. Its length is 1,120 yards and it was constructed by French Engineers in Nizam's service. Mir Alam, the minister built this and the Baradari and other buildings, out of the prize money which fell to his share after the fall of Srirangapatnam. It is a good picnic spot.

Himayat Sagar : This lake is situated at a distance of thirteen kilometres from Hyderabad and the area surrounding the Himayat Sagar is now known as Rajendranagar. The lake presents a picturesque scenery and is a picnic spot.

Osman Sagar : Situated at a distance of 22.5 Kms. to city, it is a beautiful lake formed by damming the river Musi which caused havoc in 1908. It was designed by Nawaz Jung and built under the supervision of late Ahmed Mirza, the Chief Engineer covering an area of 46 Sq.Kms. It was built at the cost of Rs. 5.8 million. Also popularly known as Gandipet, it is an execellent picnic spot with well laid garden and swimming pool. Hyderabad received its water supply from this lake.

Kidwai Gardens : These famous botanical gardens are at Rajendranagar and they are under the Control of the State Agricultural Department. The place is a picnic spot and there are ample halting facilities for the visitors. Since it is a holiday resort for many, the cottages in these gardens are to be reserved in advance for occupation. The pleasant and beautiful gardens, the comfortable rest houses and the placid expanse of water have made this place a tourist attraction.

Nehru Zoological Park : This park is one of the chief tourist Centres in the city attracting thousands of visitors daily throughout the year. This is one of the biggest Zoological gardens in the country and it covers an area of over 123 hectares. The main object of the park was to provide the natural habitat to the various species of animals of wild and mild types, secured and reared by the Zoo authorities. The adjoining Mir Alam tank was converted into a charming drive lake for the visitors. The Government of Andhra Pradesh have named this beautiful national park after Jawaharlal Nehru the first Prime Minister and the most beloved leader of the nation who was also a great lover of nature and animals. There are nearly 1,100 animals, Carnivorous as well as Herbivorus and birds in large moated enclosures. Pre-historic Animal park, Ancient Life Museum, Natural History Museum, Lion Safari park are some of the attractions.

In addition to the above, There are the High Court and the Osmania General Hospital Buildings which are worthy of a visit by the tourists.

CENSUS CONCEPTS

Rural and urban areas : It is customary to classify the population of every country at each census as Rural and Urban. Such a classification has considerable importance and is necessary from the point of assessing the differentials in the social, economic, cultural and demographic characteristics of the population. Hence, at the beginning of each census, the criteria for treating a place as a town i.e., urban are evolved and the areas are then classified according to the definition so evolved. The census definition of a town in this country was more or less the same from 1891 to 1941. The towns broadly comprised all municipalities irrespective of the population size and every other continuous collection of houses permanently inhabited by not less than 5,000 persons while provincial Directors of Census Operations having regard to the character and relative density of population, their importance as centres of trade decide them to be towns. In the application of this definition there was some variation from State to State according to the local conditions. It was only at the 1961 census that a fairly strict definition was sought to be applied throughout the country in order to determine a place as an urban unit. The same definition was followed at the 1971 and 1981 Censuses also. The Director of Census Operations however was given discretion to include places that had other distirct urban characteristics and to exclude undeserving cases in consultation with the State Government. The following criteria are adopted for treating a place as urban at the 1981 Census.

i) A minimum population of 5,000

ii) Atleast 75% of the male working population is in non-agricultural pursuits.

iii) A density of population of atleast 400 persons per Sq. Km.

The urban criteria of 1981 varies slightly from that of 1961 and 1971 Censuses, in which the males working in activities such as fishing, logging, etc., were treated as engaged in non-agricultural activities and therefore contributed to the 75% criterion in 1961 and 1971 Censuses, where as in the 1981 Census these activities are treated as on par with cultivation and agricultural labour for the purpose of this criterion.

The towns are distributed into six classes as detailed below :

Classification of towns		Population size
Class	I	1,00,000 and above
Class	II	50,000 - 99,999
Class	III	20,000 - 49,999
Class	IV	10,000 - 19,999
Class	V	5,000 - 9,999
Class	VI	below 5,000

The class I towns are termed as cities.

Standard Urban Area : Besides classification of all places into rural and urban areas, two more concepts viz., Urban Agglomeration and Standard Urban Area were evolved from the 1971 Census. One of the difficulties in comparing the urban population and its characteristics between one census and another, apart from the changes in the list of certain units at each census, had been the change in the jurisdictions of the urban units from census to census. The concept of Standard Urban Area had been introduced at the 1971 census and same was followed in 1981 with a view to obviating this difficulty to some extent. The essentials of a standard urban area are (i) That it should have a core town of a minimum population size of 50,000, (ii) that the contiguous areas made up of other urban as well as rural administrative units should have close mutual socio-economic links with the core town and (iii) that there are probabilities of this entire area are getting fully urbanised in a period of two or three decades. The idea is that it should be possible to provide comparable data for a definite area of urbanisation continuously for three decades which would give a meaningful picture. This replaced the concept of town-group which was introduced in the 1961 Census. The town-group was made up of independent urban units not necessarily conti-

guous to one another but were to some extent inter-dependent. The data for such town groups become incomparable from census to census as the boundaries of towns themselves change and the intermediate areas are left out of account. Thus the concept of Standard Urban Area came to be developed for adoption at the 1971 Census. In Andhra Pradesh, 31 units have been selected for demarcating Standard Urban Areas. The necessary data will be compiled for these units also during the next two or three successive censuses in order to study urbanisation around a large nuclei. The Standard Urban Area is identified by the administrative units that it encompasses namely the city, the town and the villages. The boundaries of the Standard Urban Area are the administrative boundaries of the peripherial units :

Urban Agglomeration : Apart from town/city, he 1971 concept of Urban Agglomeration has also been adopted for the 1981 Census. An urban gglomeration constitutes.

a) A city with continuous out growth (the part of outgrowth being out of the statutory limits but falling within the boundaries of adjoining village or villages) ;

b) One town with similar outgrowth or two or more adjoining towns with their outgrowth as in (a) ;

c) A city and one or more adjoining towns with their outgrowths all of which form a continuous spread.

There are only 4 urban agglomerations in the tate viz., Vishakhapatnam, Rajahmundry, Vijayaada and Hyderabad.

Census House : A census house is a building or rt of a building having a separate main entrance m the road or common court yard or stair case ., used or recognised as a separate unit. It may inhabited or vacant.

Household : A household is a group of persons o commonly live together and would take their als from a common kitchen unless the exigencies work prevented any of them from doing so. ere may be one member household, two member usehold or multi-member household. For census rposes each one of these types is regarded as household. Again, there may be household of persons related by blood or household of unrelated persons or even of mixed type. Examples of unrelated households are boarding houses, hostels, residential hotels, orphanages, rescue houses, ashrams, etc. These are called institutional households :

Scheduled Castes/Scheduled Tribes : Scheduled Castes and Scheduled Tribes are those notified under Article 341 of the constitution according to which the President may with respect to any State or Union Territory and where it is State after consultation with the Governor thereof, by public notification, specify the castes, races or tribes which shall for the purpose of the constitution be deemed to be Scheduled Castes/Tribes in relation to that State or Union Territory, as the case may be.

For the purpose of 1981 Census, the Scheduled Castes and Scheduled Tribes orders, (Amendment) Act, 1976, notified under the Government of India, Ministry of Home Affairs, Notification No. BC 12016/34/76-SCT-V dated 27.7.1977 was adopted. A copy of the list of Scheduled Castes and Scheduled Tribes in Andhra Pradesh is given under the note on Primary Census Abstract.

Literates : A person who could both read and write any language with understanding was treated as a literate at the 1981 Census. A person who could merely read but could not write or vice versa was not treated as literate. The test for reading was ability to read any simple letter either in print or in manuscript. Children aged 4 years and below were treated as illiterates. The test for education was that a person should have passed a recognised written examination or examinations as proof of educational level attained. The highest examination passed was taken as the level of education.

Worker : The definition of work adopted in 1981 Census is as follows :

> "Work may be defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work."

In the concept of work a significant departure is made at the 1981 Census. At the 1971 Census,

the main activity of a person was initially enquired according as he spent his time basically as a 'worker,' engaged in production of goods and services or as a non-worker. For regular work in organised sector, the reference period was the week prior to enumeration, and for seasonal work such as agriculture, etc., the last one year. Persons engaged atleast for a day in regular (non-seasonal) work during the preceding week were treated as workers. The work of a person who was basically a non-worker, such as a student, or housewife but had made some marginal contribution to work was classified as secondary work and this was recorded separately.

At the 1981 Census it was considered desirable to have as detailed a profile of the working population as possible, maintaining the comparability with 1961 and 1971 data. An attempt was made to find out if a person had done any work at all during the last year. It will thus be seen that the questions on economic approach have been designed to distinguish all the workers, regular or seasonal and non-workers with reference to the last one year prior to the date of enumeration. It was intended to find out how many had worked for 183 days or more i.e., 6 months or more and information regarding the secondary work done by regular workers and also the marginal work done by the non-workers was collected. It was felt in the present context that the usual status of worker was more appropriate when compared with the approach of current status of worker followed earlier. The broad classificatic n of workers is explained under the note on the primary Census Abstract.

Non-Workers : All others who did not do any productive work irrespective of whether they derived some income such as through pension, rents, etc., or did not derive any income were classified under category (X) non-workers.

The non-workers are divided into the following seven categories :

1. Household duties i.e., all those persons basically engaged in unpaid home duties doing no other work ;
2. Students i.e., all full-time students or children attending school ;
3. Retired persons or a rentier i.e., a retired person not employed again or rentier or royalty receiver or any other person of independent means for securing which he does not have to work and who does no other work ;
4. Dependent i.e., an infant or child not attending school, a person permanently disabled from working due to illness or old age or if able bodied who have no other activity and who are not seeking any work either, but are purely dependent ;
5. Beggars, etc., i.e., beggars, vagrants or an independent woman without indication of source of income and those of unspecified source of subsistence and who are not engaged in any economically productive work;
6. Institutional inmates i.e., a convict in a jail or an inmate of penal, mental or charitable institution : and
7. Other non-workers – all non-workers who may not come under any of the above six categories.

Marginal Workers : A significant feature of the 1981 Census was the collection of information on marginal workers who had done some work for a period of less than 6 months during the reference year prior to census taking. At the 1971 Census though this concept was not introduced there was a comparable category called non-workers with secondary work.

HISTORY OF DISTRICT CENSUS HANDBOOK

District manuals compiled and published prior to 1905 by the erstwhile composite Madras Government contained not only particulars of items of more or less a permanent character such as physical characteristics, history, religion and ethnography, but also a few statistical tables including those relating to population which became obsolete within a few years of publication. Later, the Madras Government replaced the District manuals by another publication viz., the District Gazetteer consisting of two volumes A and B. Volume A contained descriptive and such general tables as might be necessary to explain the text and volume B contained detailed statistics. It was decided that volume B should be brought out periodically after each Decennial Census so that they contain the latest statistics. Volume A was published for some districts between 1905 and 1927 in the composite Madras State. The publication of volume A was discontinued in 1927. Volume B was published for all the districts of the composite Madras State between 1906 and 1915. The publication of volume B was also stopped after 1931 Census. Due to the II world war, they were not published after the 1941 Census.

Similarly in the erstwhile Hyderabad State also the Gazetteer volumes were brought out for some of the districts.

The scheme of publication of revised District Gazetteers was started in 1958 by the State Governments and in this State, the Gazetteers of all the districts except Hyderabad and Ongole have been published.

The Village Statements : Apart from the District Manual and Gazetteers the Census data upto village level used to be published in a brochure called 'Village Statement' for each District immediately after every census from 1872 upto 1941.

The village statements presented only the number of occupied houses and population by religion of each village and town. From 1951 Census, the village statements were replaced by the District Census Handbooks.

District Census Handbooks : Sri R.A. Gopala Swamy, I.C.S., the then Registrar General, India and Ex-officio Census Commissioner of India pioneered the idea of compiling the District Census Handbooks for each district and introduced the same in 1951 Census. This was envisaged as part of the plan intended to secure an effective method of preserving the census records prepared for areas below the district level. He proposed that all the District Census Tables and Census Abstracts prepared during the process of sorting and compilation, should be bound together in a single manuscript volume called the 'District Census Handbook' and suggested to the State Governments that the Handbook with or without the addition of other useful information relating to the District should be printed and published at their own cost, in the same manner as the village statistics of the earlier censuses. This suggestion was accepted by most of the State Governments. Both the composite Madras State and the erstwhile Hyderabad State accepted this suggestion and published the District Census Handbooks for each district at their own cost. In the erstwhile Hyderabad State, the District Census Handbooks were brought out in two parts, Part I containing the administrative statistics and Part II the census tables Whereas in composite Madras State, the Handbooks were brought out in one single volume for each district.

Pattern of District Census Handbooks at 1961 : At the 1961 Census, the scope of the District Census Handbooks was enlarged significantly by Sri Ashok Mitra, I.C.S., the then Registrar General, India. District Census Handbooks of 1961 of Andhra Pradesh included four parts. The first part contained narrative description of the physical features, history, social, economic and demographic characteristics, the progress made in each field of administration over the past decades and a brief gazetteer of places. The second part contained the administrative statistics of various departments. The third part contained the 1961 Census tables viz., General population tables, economic tables on Scheduled Castes and Scheduled Tribes. The fourth part consisted of village and town directory which was the most vital part of the Handbook, giving

the village-wise and town-wise primary census abstract i.e., particulars of area, households, population, scheduled castes, scheduled tribes, literacy, broad categorisation of working population, etc. Important amenities such as educational, medical, public health and communication facilities available were also indicated against each village and town. Nine such tables containing village-wise particulars such as irrigation sources, important crops raised, value of land, co-operative societies, industrial establishments, police stations, list of skilled craftsmen, etc., were given after village and town directory. A statement on fairs and festivals in the district was given at the end of the volume. All these four parts were bound in a single volume and published at the cost of the State Government.

Pattern at 1971 Census : At the 1971 Census it was decided to enlarge the scope, in view of its usefulness to the official users of the census data and the increased demand among the public. There was some delay in the publication of District Census Handbooks at 1961 Census due to two reasons : 1) inadequate printing facilities and 2) delay in the preparation of District Census Handbook which contained four parts. In order to avoid delay in the publication and to make available the more important data to the planners at the earliest, the District Census Handbook was prepared in 3 parts viz., Part A, Part B and Part C as shown below.

Part – A : Village and Town Directory
Part – B : Village and Town Primary Census Abstract
Part – C : Administrative Statistics and Report

Parts A and B were bound in a single volume and were published for all the districts as early as in 1974. However the printing of Part C was given up.

Pattern at 1981 Census : At the 1981 Census, the format of village directory and statements of town directory are almost similar to those adopted for 1971. The District Census Handbook of 1981 Census comprises of the following two parts brought in single volume, the grouping of which would enhance the value of publication as the data given therein are closely inter related.

Part – A : Analytical note
Part – B : Vilage and Town Directory and Village and Town-wise Primary Census Abstract.

It has been decided not to go in for administrative statistics that is Part – C as it was our experience during 1971 Census that there was inordinate delay in collecting the administrative statistics pertaining to various departments with the result that the publication of this part of District Census Handbook was dropped in Andhra Pradesh State. Other reason for dropping the publication is that administrative statistics, would be available to the data users in the publications of the State by Bureau of Economics and Statistics and the concerned departments.

The formats of village directory and of seven statements on town directory are on the same pattern canvassed in 1971 Census except for a few additional columns. These additional columns are introduced to throw more insight into the infrastructure of the villages and towns. A feature of 1981 pattern is the restructuring of all the amenities except power supply in the villages and to bring them together, with the corollary that in case any amenity is not available in the village, the distance of the nearest place where the facility is available is presented. Similar method is followed in respect of towns where educational and medical facilities are not available. While presenting the additional columns of Town Directory, the Minimum Needs Programme of the Planning Commission is kept in view. The scope of village directory, town directory statements and primary census abstract along with the codes used under each column are explained.

Scope of village Directory : As was done in the past, the village directory has been prepared for all the villages in the State and these are presented taluk-wise in the District Census Handbook (DCH) For convenience of references, an alphabetical list of villages together with location code numbers in respect of each taluk precede the village directory for that taluk. This is done for easy location of any village in the directory since the information is arranged in ascending order of the location codes of the villages.

In the village directory, various amenities and other data have been indicated by codes. These include, area of the village, total population with number of households at 1981 Census, availability of amenities such as educational, medical, drinking water and P & T facilities, communication facilities, type of approach to village and the distance of

nearest town, power supply and land use particulars. There are 20 columns in the village directory covering the above aspects.

The erstwhile Hyderabad district with all its 9 taluks leaving some portion of Hyderabad urban taluk was transferred and carved out into Rangareddi district. As the entire district is urban in character, Village Directory in this DCHB will not find place.

Scope of Town Directory : There are seven statements in the Town Directory which include several particulars relating to the towns in the district arranged as per the alphabetical order of their names. These statements are almost similar to those adopted at 1971 Census except for a few additional columns. The titles of the statements are as follows :

Statement	I :	Status and growth History
Statement	II :	Physical aspects and location of towns, 1979
Statement	III :	Municipal Finance, 1978–79.
Statement	IV :	Civic and other amenities, 1979.
Statement	IVA :	Civic and other amenities in notified slums, 1979.
Statement	V :	Medical, Educational, Recreational and cultural facilities, 1979.
Statement	VI :	Trade, Commerce, Industry and Banking, 1979.

With a view to facilitate analysis of data, a few new columns have been introduced. The columns Class of Town, in every statement is significant addition. By taking the class of town into consideration the infrastructure of amenities and facilities available in urban areas can best be analysed. The addition of civic administrative status in statement III and IV and population in statement IV & V also serve the same purpose. The formats of town directory have been devised to suit the Minimum needs Programme of the planning commission.

As a sequel to this programme the columns, scheduled castes and scheduled tribes population in statement IV and Adult literacy classes/centres in statement V are identical.

In case such of the amenity as Fire Fighting Service in statement IV, the Educational facility in statement V is not available in the town, the name of nearest place if in the same district or the name of the nearest district if in the same state or other state where available along with its distance from the referrent town has been given. This is a new feature of 1981 Census as it is necessary to identify the areas that have no specific facility in the district.

Statement VII i.e., population by Religion and scheduled castes/scheduled tribes in towns of 1971 Census was discontinued at the 1981 Census and a new statement IVA has been introduced to explore the possibility of civic and other amenities available in notified slums in class I and II towns only.

The following towns are form Hyderabad Urban district at the 1981 Census.

1. Gaddi Annaram
2. Hyderabad Municipal Corporation (falling in Hyderabad & Rangareddi districts)

Hyderabad Urban Agglomeration

a) Alwal
b) Balanagar
c) Bowenpalle
d) Fatehnagar
e) Hyderabad (Municipal Corporation) (Hyderabad & Rangareddi districts)
i) Hyderabad (Municipal Corporation) (Portion of Hyderabad district)
ii) Hyderabad (Municipal Corporation) (Portion of Rangareddi district)
f) Kapra
g) Kukatpalle
h) Lalaguda
i) Macha Bolaram
j) Malkajgiri
k) Moosapet
l) Osmania University
m) Qutbullapur
n) Secunderabad Cantonment

3. Lalaguda
4. Osmania University
5. Secunderabad Cantonment

Of these urban units only Gaddi Annaram and Lalaguda are panchayats, while the civic status of

Osmania University is not yet determined. Secunderabad Cantonment enjoys a notified status while Municipal Corporation of Hyderabad is of the status of Municipal Corporation. The town directory statements of the above places are presented separately.

Of these five towns Gaddi Annaram is the place notified as town for the first time in 1981 Census. Hyderabad Municipality was classified as town from 1901 and constituted into corporation in 1941 census. Secunderabad cantonment was notified in 1931 Census, Lalaguda and Osmania University were classified as towns from 1951 census.

Hyderabad Urban Agglomeration : It may not be realistic to treat well recognised and fairly large areas lying out side the statutory limits of a town as rural area and at the same time each such individual area by itself may satisfy the minimum population limits to quality to be treated as an independent town. Such areas deserve to be regarded along with the main town and continuous spread including such urban outgrowth would deserve to be considered as an integrated urban area. Such continuous urban spreads at the 1971 census were treated as an integrated urban areas and defined as urban agglomeration.

The concept of urban agglomeration which was introduced at the 1971 census and followed in the 1981 census also, is explained below in detail.

Concept of Urban Agglomeration : The constitution of an urban agglomeration has been done in the following situations.

1) A city with continuous outgrowth (The part of outgrowth being out of the statutory limits but falling within the boundaries of the adjoining village or villages)

2) One town with similar outgrowth or two or more adjoing towns with their outgrowths as in (1) above.

3) A city and one or more adjoing towns with their outgrowths, all forming a continuous spread.

Hyderabad Urban Agglomeration with its Constituents units as formed during the 1981 Census is illustrated below.

1. Hyderabad City Urban Agglomeration
   a) Hyderabad Municipal Corporation
   b) Secunderabad Cantonment
   c) Osmania University
   d) Lalaguda
   e) Malkajgiri (P)
   f) Uppal Khalsa O.G. to H.M.C.
   g) Ramanthapur Khalsa O.G. to H.M.C.
   h) Saroornagar O.G. to H.M.C.
   i) Qutubullapur (P)
   j) Alwal (P)
   k) Dommaiguda O.G. to Alwal (P)
   l) Fatehnagar (P)
   m) Balanagar (P)
   n) Jinkalwada O.G. to Balanagar (P)
   o) Kukatpalle (P)
   p) Bhagameeri O.G. to Kukatpalle (P)
   q) Macha Bolaram (P)
   r) Kowkur O.G. to Macha Bolaram (P)
   s) Yapral (P)
   t) Moosapet (P)
   u) Bowenpalle (P)
   v) Kapra (P)

The Standard Urban Area (S.U.A.) : The Standard Urban Area is an area which extends well beyond the main core city or town and contains all likely developments over the next 30 years. It will be a statistical reporting unit for the next three successive censuses irrespective of the jurisdictional changes of the local administrative units within the tract. Thus the concept of the Standard Urban Area was evolved in 1971 census and was defined as the projected growth area of a city or town as it would be in another three decades taking into account not only the towns and villages which will get merged into it but also the intervening areas which are potentially urban. The standard urban area will be identified by the administrative units that it surrounds namely the city, the town, the village. The boundary of the Standard Urban Area remains terminus with the administrative boundaries of the pheripheral units.

In demarcating these units the following measurements were conventionally followed.

a) A core town with a population of 50,000 and above by 1971 census.

b) Predominent urban land use.

c) Intensive inter action with the urban centres as reflected in commutation for purposes of work and secondary educational facilities, extension of city bus service, sale of commodities (other than those transported by rail or truck) and purchase of food grains, cloth and general provisions, etc., by the consumers directly.

d) Anticipated urban growth as a result of locational decisions relating to industry, transport and communications, market, administrative and servicing functions.

e) Existence of villages with a large proportion of working force engaged in non-agricultural industrial categories.

As it is clear from the definition of the concept, a standard urban area is a potential areal spread. The constituent units within the S.U.A. tract over the period of 1971-81 are supposed to have undergone changes, both physical and demographic. The nature of identifiable changes at the 1981 census are indicated below.

a) Annexation of village (s) wholly, partly from within the S.U.A. to one of the urban components.

b) Merger of outgrowth (s) / any other urban component with another urban components.

c) Formation of new town (s) / outgrowtn (s) in 1981 Census from among the rural components of the S.U.A of 1971.

d) Declassification of constituent town (s) / outgrowth(s).

e) De-Urbanisation of a portion of town.

In Hyderabad district, Hyderabad city with their surrounding villages are treated as S.U.A. The Hyderabad SUA is spread over in three districts viz. Hyderabad, Rangareddi and Medak. Hyderabad S.U.A. comprises of 5 towns of Hyderabad district, 12 towns of Rangareddi district, and one town from Medak district as its urban components and 154 villages of Rangareddi district, 6 villages of Medak district, are considered as its rural components. Gaddi Annaram, Qutbullapur, Kapra, Budvel, Yapral which were rural components at 1971 census have been treated as urban components at 1981 census, Uppal Khalsa which was a town at 1971 census was declassified and treated as outgrowth to Hyderabad Municipal Corporation at 1981 census, Ramanthapur Khalsa, Saroornagar, Dommaiguda, Jinkalwada, Bhagmeeri, Kowkur which were rural components at 1971 census have been treated as out growths to respective towns of Hyderabad urban agglomeration. At 1971 Census Kandikal was treated as a rural component and was merged in Hyderabad Municipal Corporation at 1981 census. Zamisthanpur which was a town at 1971 census has been merged in H.M.C. at 1981 census. The core city Hyderabad is the capital city of the state. It is a class I city and its predominont economic function is services, followed by moderated trade and transport and industry. Being an administrative centre it has attached considerable business activity mostly in food grains and textiles. It has developed into an important industrial centre with industries such as synthetic drugs, heavy electricals, H.M.tools, India Detenators, Jay Engineering works etc. The old city is also famous for its handicrafts such as lace, bangles, beedi works, nirmal paintings, brass works, silver leaf making and scent manufacture. The rate of growth of population of Hyderabad Municipal Corporation during the last decade is 35.14%. The town is growing towards north-west (i,e.) sanathnagar and H.M.T. factory side, the north east (i.e.) towards Moulali and cherlapalle side and to the south-east (i.e.) towards Dilsuknagar and Saidabad. The Secunderabad cantonment, to the north and the military areas to the south west are constraints for the growth of the city along these directions.

Hyderabad town with some of its surrounding towns and villages ~~form~~ in three districts of Hyderabad, Rangareddi and Medak from Standard Urban Area. The details of areas covered are presented in the Primary Census Abstract given in Part B of this volume.

Statement I: Status and Growth History :

This statement provides basic information on Civic Status, population with decadal growth rate from 1901 to 1981, density for 1981 Census and sex ratio from 1961 to 1981 censuses of each town in columns 2 to 19.

In this as well as in all other town directory statements columns 1 & 2 relate to serial number and class, name and civic administrative status of the town. class of town has been introduced to facilitate analysis of town directory data at the State and all India levels. This is presented according to 1981 population of the core town as per the population size classification.

Population	Class
1,00,000 and above	I
50,000 – 99,999	II
20,000 – 49,999	III
10,000 – 19,999	IV
5,000 – 9,999	V
Below – 5,000	VI

The civic administrative status of the town is indicated in brackets by abbreviated letters like M.C. (Municipal Corporation), M (Municipality), P (Panchayat), C.B. (Cantonment Board) etc. The location code number under col.3 for the town was framed to follow the alphabetical order of the towns in the district. This also facilitates easy location of the town in the map. The name of taluk where the town is located is given to facilitate analysis of data at State and all India level. Area in sq.kms. and number of households including houseless households for each town is included in the town directory for the first time at 1981 Census. The population of the town with decadal growth rate from 1901 census to 1981 is given in columns 7 to 15. The percentage growth rate is indicated below the population in brackets. Density for 1981 is a new column (col.16) introduced to facilitate analysis of Town Directory data. It has been calculated taking into account the area and the population of 1981 census of the town and presented per sq.km. Sex - ratio from 1961 to 1981 censuses has been given in cols. 17 to 19. This is also a new addition to facilitate analysis of Town directory data. Sex ratio defined here is number of females per 1,000 males.

Though there was a depletion of (—19.21%) population in 1921 due to the great influenza epidemic, the Hyderabad city witnessed a substantial increase in its population during all the other decades. The increase was very high during the two decades of 1931–41 and 1941–51 when it registered increase of 60.94% and 42.65% respectively in its population. This high growth rate of population in 1941–51 was due to the influx of vast numbers of people who for reasons of security and other law and order problems flocked to the city from the neighbouring districts. In the succeeding decade the growth rate was not notable owing to the return of the exodus that swarmed the city to their native homes consequent on the return of normal conditions as also due to the unsettled conditions in the city after the state's reorganisation. In the dacade 1961 71, the city's growth rate of population rose again steeply by 44.43% as against 9.10% in the preceding decade. This over whelming rise was due to the vast employment opportunities opened up in the wake of the expansion of the existing industries in the city and establishment of new industries both in the public and private sectors in and around the city where new town ships have sprung up.

The Hyderabad district with an area of 217.00 sq.kms. records the highest density of 10,419 persons per sq.kms. as against the state urban average density of 3,087 persons per sq.km.

Statement II : Physical aspects and Location of Towns, 1979

The statement has 12 columns and depicts physical aspects and location of towns in the district. Under cols. 3 to 5 in the statement data relating to rainfall and the maximum and minimum temperature recorded in 1971 Census are given. If this information was not available for any town then the particulars available for that nearest town have been given against such a town.

Hyderabad as the seat of Andhra Pradesh State Government is the State Head quarters as also the headquarters of the two districts viz., Hyderabad and Rangareddi.

All Urban Units of Hyderabad district has served by APSRTC Bus & Rail Communication. Secunderabad is the headquarters of the South Central Railway, while Hyderabad is an important terminal,

Though more than a dozen suburban railway stations are existing within the limits of the Hyderabad Urban Agglomeration they mostly cater to the needs of the goods traffic of the big industries located nearby and only to a fraction of the internal passenger traffic.

In view of its importance as the State capital and also by virtue of its central location almost in the belly of the country, Hyderabad enjoys a unique position in the transport and communication net work system. The city has international airport apart from rail and road connection it possesses.

Two National Highways - No. 9 and Highway No. 7 pass through the city, the former from west to east connecting Hyderabad to Vijayawada, the chief commercial centre of Andhra on one side and Bombay, the biggest business entrepot of India on the other side while the second National Highway i.e., the Benaras-Cape Comorin Road connects Nagpur on one side and Bangalore on the other. In addition to these two National Highways, other important State Highways connecting Medak, Warangal, Nagarjunasagar take off from the city.

Four different rail routes radiate from the city traversing across different regions and connecting important cities like Calcutta, Vishakhapatnam, Vijayawada, Madras, Bombay, Delhi and Bangalore. Of the four, two are broad gauge routes, one connects Bombay passing through the hard terrains of Telangana and Maharastra areas and the other connects cities like Delhi, Vijayawada, Madras and Calcutta taking diversified routes at Kazipet Junction, after traversing a distance of about 160 kms. east of Hyderabad. One of the two metre gauge routes connects Bangalore passing through the districts of Rayalseema and other connects Khandwa and Manmad towns in the Vidarbha region of Maharastra.

Statement III : Municipal Finance, 1978–79:

The data for inclusion in this statement was obtained from the respective statutory and non-statutory bodies from their budgets and accounts.

It is seen from financial statement that all towns of Hyderabad district are in sound position and no town has excess of expenditure over income. For public institutions like schools and libraries except Hyderabad Municipal Corporation and Secunderabad Cantonment Board, the rest have not spent any thing from their incomes.

Statement IV : Civic and other amenities, 1979 :

As the title itself reveals, this statement deals with the facilities provided to the people of Hyderabad city and other towns in the district. The amenities include the internal road facility, the existence and nature of drainage system, protected water supply, the availability of fire fighting services, and electrification particulars relating to the industrial, commercial, domestic and the road lighting service.

The total length of Pucca and Kuccha roads in the Corporation limit is 1133.00 kms., while that of Urban Agglomeration is 1494.75 kms.

The drainage system of Hyderabad city is based on two distinct means of draining out the sewage and storm water separately. The sewage and sullage of the city is drained off to the disposal work situated at Amberpet by means of suitable and well designed C.I. pipes. There is a vast net work of mains, sub-branches, interceptors and outfall sewers. Considerable human labour is involved in the disposal of night soil in few areas which are not yet linked with the under ground drainage. The buckets, wheel barrows etc. are used for the removal of the night soil.

The main sources of protected water supply to Hyderabad city are the Osmansagar, Himayatsagar and Manjira through taps.

Modern and well-equiped fire fighting units are stationed at different parts in the city.

In Andhra Pradesh domestic service includes supply of energy for lighting, fans and domestic purposes in domestic premises and supply in poultry farming units upto 100 birds. Industrial service means supply for purposes of manufacturing, processing and/or preserving goods for sale, rice mills, oil mills, flour mills, ginning mills, decorticating mills, dal and gram mills, stone crushers, water works and sewerage pumping stations operated by local authorities or Government departments or Co-operative house building societies and pumpsets of Railways for whatever purpose they may be used. Commercial service includes the supply of energy for lights, fans for non-domestic and commercial purposes. Road lighting service includes supply of

energy for lighting on public roads, streets, thoroughfares including parks, markets, cart stands, bridges and for traffic signalling. Supply of energy to places of worship like churches, temples, mosques, gurudwaras, educational institutions, student hostels, Municipal guest houses, T.Bs. Circuit houses of the Government charitable institutions and recognised service/institutions are included in "Others".

Statement IV A : Civic and other Amenities in Notified Slums, 1979.

This new statement provides information on civic and other amenities in notified or recognised slums of class I & II towns only. It helps to assess the magnitude of slum problem in those two classes of towns and to explore the possibility of civic and other amenities available.

In Hyderabad Municipal Corporation there are 455 notified slums, of these 100 in circle 3, eighty two in circle 1, fifty seven in circle 5, fifty six each in circle 2 & 4, and seventy two in Secunderabad Division of Hyderabad Municipal Corporation.

Statement V : Medical Educational Recreational and Cultural Facilities in Towns, 1979.

In this statement, the magnitude of facilities on medical, educational, recreational and cultural aspects with reference to population of 1981 has been detailed. In Hyderabad Municipal Corporation there are 187 different categories of medical institutions, which include Government Hospitals, Dispensaries, Nursing Homes, T.B. Clinics, Family Planning Centres, and Maternity and Child Welfare Centres together with a total bed strength of 6,840 catering to the medical needs of a total urban population of 2,187,262 persons. Institutions covering all systems of medicine have been included in the statement.

Out of 187 medical institutions there are some hospitals which are fairly old and well developed in the twin cities. In importance and size, the Osmania General Hospital and Gandhi Medical Hospital occupy the first and second places respectively. Both these hospitals are also serving the training institutions for many courses of graduate and post graduate levels connected with medicine and public health. There are hospitals in the city exclusively for women patients, they are the Government Maternity Hospital and the Niloufer Hospital the later also has facilities for specialised treatment for children.

The twin cities possess certain specialised hospitals meant and developed for dealing with particular diseases such as smallpox, malaria. T. B, mental disorders, cancer etc., The Fever Hospital, the Hospital for chest diseases and T.B., the institution of Mental health, the Radium institute and Cancer Hospital, the Sarojini Devi eye Hospital, E.N.T. Hospital and the Nizam's Orthopaedic Hospital, the only one of its kind in India are the special hospitals providing medical care for those ailing from diseases of particular nature. These hospitals are also serving as training institutions for the medical students specialising in those lines.

Apart from the above institutions an ESI Hospital for insured employees and their family members and three hospitals exclusively for Railway employees and their family members and one hospital for Airforce, two for Army and one for police are also functioning in twin cities.

In addition to the above institutions providing treatment based on Allopathic system, there are also other reputed institutions in Hyderabad following Unani, Ayurvedic and Homoeopathic systems. There is also one famous Nature Cure Hospital in the city. There are some Modern Christian Missionary Hospitals and good number of private nursing homes.

All the important Government and Municipal hospitals are having Family planning Centres. Besides these centres, the family planning Association, the Indian Red Cross Society, the Andhra Mahila Sabha and the Indira Seva Sadan are conducting the family planning programmes.

The Hyderabad district is well advanced in the professional education field. It provides facilities in the main branches such as Medicine, Engineering, Agricultural, Veterinary, Law, Technology and Teachers Training. There are 39 colleges in Hyderabad Municipal Corporation, out of which 6 colleges for commerce, 2 for Science and 1 for Arts. 21 are Arts, Science and commerce, 8 are Arts and commerce and one is Arts and science. It is of interest to note that most of the evening, colleges are functioning in the twin cities catering to the needs of the employees and other workers.

There are 45 Junior colleges, 251 Secondary/ Matriculation schools, 457 Junior Secondary/Middle schools and 736 primary schools functioning in the Municipal Corporation.

A different method has been adopted in presenting the number of educational institutions. Composite schools like middle schools with primary classes or secondary schools with middle classes, have been included in the number of primary and middle schools respectively. For Example, if in a town there are two primary schools upto say class IV and one high school from class I to class X, the number of primary schools in the town is given as 3 and that of middle school as one and secondary school as one eventhough there are physically only three educational institutions. Again a composite school having classes upto class XII has been divided as shown below.

Class I to IV : Primary
Class V to VIII : Middle
Class IX to X : Secondary
Class XI to XII : Higher Secondary

Thus the number of educational institutions physically existing within a town have not been presented but has been presented by the grouping of the classes in the institutions and treating each group as a school of its kind. This grouping holds true irrespective of educational institutions they belong to. For instance, the grouping marked as Higher Secondary i.e. class XI and XII may physically belong to a college but for the purpose of Town Directory these two classes put together constitute one unit of a higher secondary school and the rest of the college has been treated as a college.

Statement VI : Trade, Commerce, Industry and Banking, 1979.

In this statement data on trade, commerce, industry and banking facilities available in the Hyderabad M.C. as well as other towns in the district and also for U.A. are presented in the fourteen columns. Three most important commodities pertaining to the imports, manufacture and exports, in these urban areas are given in the columns 3 to 11 of the statement. The number of banks, agricultural credit societies and the non-agricultural credit societies are shown in the columns 12, 13 and 14 respectively.

The district is served by a net work of 292 banks and one agricultural credit society and 738 Non-agricultural credit societies.

PRIMARY CENSUS ABSTRACT

The Primary Census Abstract provides the most important statistics relating to residential houses, households and population and its characteristics down to the village/ward levels in rural/urban areas respectively. Till the 1971 Census, the Primary Census Abstract and some other tables were generated by breaking the Individual Slip pads and sorting them manually. As a distinct departure from this procedure, the system of 1981 Census tabulation avoided breaking of the pads and manual sorting of the Individual Slips. The data on Primary Census Abstract were obtained by compilation of data available in Part-II of the Household Schedule, namely Population Record.

Primary Census Abstract of 1981 Census has been presented on the following aspects for each revenue village in respect of rural areas and for each ward/locality/block of a town in urban areas.

1. Location Code number and name of village/town and area
2. Total number of occupied residential houses and total number of households
3. Total population and its sex breakup
4. Population of Scheduled Castes and Scheduled Tribes by sex breakup
5. Literate persons by sex
6. Total main workers (I to IX categories) and the breakup of the workers into four broad categories viz.,

   Category I : Cultivators

   Category II : Agricultural Labourers

   Category V(a) : Household Industry

   Category III, IV. V (b) & VI to IX : Other Workers and also the marginal workers and non-workers by sex.

The column 'Marginal Workers' is an addition to the Primary Census Abstract in 1981 Census and was not there in the previous censuses. The marginal worker is defined as a person who has worked in any economic activity for less than 183 days or 6 months in a year. Thus he would be basically classified as a non-worker for the major part of the year.

While presenting the data in the Primary Census Abstract, villages and towns have been arranged in the ascending order of their L. C. Nos. The wards in each town have also been arranged similarly. The uninhabited villages and villages fully included in a town have been indicated accordingly in the rural Primary Census Abstract. In case of villages which are partly included in towns, the word 'Rural' has been added in brackets after the name of the village and the particulars relating to the rural portion only have been presented against such villages. An alphabetical list of villages together with their respective L. C. Numbers is given at the beginning of each taluk, which helps the reader to locate the village for which data on the Primary Census Abstract are required.

The basic characteristics of such of those persons who were alive at the sunrise on 1st March, 1981 irrespective of whether they lived in normal residential houses or huts or in institutions like hospitals, hostels, asylums, boarding houses, hotels, etc. or houseless persons like the wandering tribes, pavement dwellers have been presented in 28 columns of the Primary Census Abstract.

As per the 1981 Census count the population of Hyderabad district is as follows :

	Persons	Males	Females
Total	2,260,702	1,177,380	1,083,322
Rural	—	—	—
Urban	2,260,702	1,177,380	1,083,322

Cols. No. 1 & 2 : indicate L. C. No. and name of village/town/ward. Location Code is a device by which every village or town in a taluk of every district in a State is identified by a combination of numbers. Districts in the State are serially numbered in a clockwise direction starting from Srikakulam district and ending with Nalgonda district. In this process Hyderabad district was allotted L.C. No. 16. Likewise the taluks in each district were given numbers serially in a clock-wise order and the villages in each taluk were assigned serial numbers in serpentine order. Unlike the districts, taluks and villages, the towns in each district were given numbers in alphabetical order. L. C. Nos. of villages were given Arabic numerals while those of towns were given in Roman numerals.

Col. No. 3 : This column shows the area of villages in hectares while the area of town is given in Sq. Kms. based on the information furnished by the respective State agencies. Where the area of a particular village / town was not available, the fact was noted as N. A. against that village / town. The area of all the villages and towns put together may not be equal to the area of the taluk since the area of the taluk includes area of villages, reserve forests, rivers and hills within the taluk. Rural area of a taluk presented in P. C. A. is obtained by deducting urban area from the total area of the taluk as furnished by the State Survey Department. Similarly, the rural area of a district can be obtained by deducting the total urban area of all the towns from the total area of the district. The area figures of the districts in the State are those supplied by the Surveyor General of India. Hence the total area of all the taluks in a district put together may not tally with the district area figures.

Col. 4 : Number of occupied residential houses in a village/town includes partly residential houses also.

Col. 5 : This column includes houseless households and institutional households as well.

Cols. 6 to 8 : Total population includes houseless and institutional population with sex break up.

Cols. 9 to 12 : Under these columns the population of S.Cs. and S.Ts. by sex is given. A copy of the list of S.Cs. and S.Ts. in Andhra Pradesh as notified in Presidential Order No. BC 12016/34/76-SCT-V dated 27-7-1977 is given below.

List of Scheduled Castes in Andhra Pradesh

1. Adi Andhra

32. Yenadis
33. Yerukulas

Cols. 13 and 14 : Literate persons are shown under these columns. A person who can both read and write with understanding in any language is taken as a literate. A person who can merely read but cannot write is not a literate. All children of the age of 4 years or less are treated as illiterate even if the child is going to school and may have picked up reading and writing a few odd words.

Cols. 15 to 28 : At the 1981 Census, population has been broadly divided into three sections based on main activity viz., workers, marginal workers, and non-workers. Their details are shown under these columns.

The definitions and concepts adopted in the economic classification of population at the 1981 are detailed in the following pages.

Work : Work is defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work. A man or a woman who is doing only household duties or making something only for domestic consumption (and not for sale) is not doing any work in census terminology. The reference period is the one year preceding the date of enumeration. Persons who had worked for 183 days or more, in other words worked 6 months or more are classified under cultivator, agricultural labourer, household industry and other workers according to the nature of work one did. Such of those persons who had worked for less than 183 days or 6 months are shown as marginal workers.

Cultivator : For purposes of census a person is working as cultivator if he or she is engaged either as employer, single worker or family worker in cultivation of land owned or held from government or held from private persons or institutions for payment in money, kind or share. Cultivation includes supervision or direction of cultivation.

Agricultural labourer : A person who works in another person's land for wages in money, kind or share is regarded as agricultural labourer. An agricultural labourer has no right of lease or contract on land on which he/she worked.

Household Industry : Household industry is defined as an industry conducted by the head of the household himself/herself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The large proportion of workers in a household industry should consist of members of the household including the head. The industry should not be run on the scale of registered factory which would qualify or has to be registered under the Indian Factories Act.

Other Workers : All workers who are not cultivators or agricultural labourers or in household industry are other workers. The type of workers that come under this category include factory workers, plantation workers, those in trade, commerce, business, transport, mining, construction, political or social work, all government servants, municipal employees, teachers, priests, entertainment artists, lawyers, barbers, dhobis, etc.

According to the 1981 Census there are 359,486 occupied residential houses and 376,779 households in Hyderabad district.

The total number of persons returned at the 1981 Census in Hyderabad district is 2,260,702 as against 1,682,165 in 1971 registering an increase of 34.37% as against the state's growth rate of 23.10%. There are 920 females per every 1,000 males at the 1981 census when compared with state index of 975 females per 1,000 males. The ratio of 917 females per every 1,000 males was recorded at 1971 Census.

Hyderabad district returned 1,318,742 literates at 1981 Census forming 58.33% of the total population of the district. The literacy rates by sex breakup during 1981 Census are 66.72% among males and 49.22% among females.

In Hyderabad district there are 626,936 workers constituting 27.73% of the total population. Among males the workers constituted 47.32% while among females only 6.44% are workers. The decrease in the working population is due to the definition of workers adopted in 1981 Census.

BRIEF ANALYSIS OF THE TOWN DIRECTORY AND PRIMARY CENSUS ABSTRACT

The following table provides the total population, scheduled castes and scheduled tribes population and the percentage of scheduled castes and scheduled tribes population to total population of the towns in the district.

The total scheduled castes' population in this urban district at 1981 census was 216,485 persons representing 9.58% of the total urban population. Among the towns, proportion of scheduled castes' population varies from 2.63% in Gaddi Annaram town to 21.09% in Lalaguda town.

The scheduled tribes' population in urban areas of the district according to 1981 census was 14,488 persons constituting 0.64% of the total urban population. The proportions of scheduled tribes' population varies from 0.49% in Lalaguda town to 1.44% in Osmania University.

Table 1

PROPORTION OF SCHEDULED CASTES/SCHEDULED TRIBES POPULATION IN TOWNS

Name of the Town	Total Population	Total Scheduled Caste Population	Total Scheduled Tribe Population	Percentage of Scheduled Caste Population to total population	Percentage of Scheduled Tribe Population to total Population
(1)	(2)	(3)	(4)	(5)	(6)

All Towns	**2,260,702**	**216,485**	**14,488**	**9.58**	**0.64**

Table 2 shows the literacy rates for the towns in the district as per 1981 census.

The literates in all the 5 urban areas in the district together constitute 1,318,742 persons forming 58.33% of the urban population. Among the towns, the literacy rate varies from 49.17% in Osmania University town to 76.41% in Gaddi Annaram town. Being the State headquarters and the location of several administrative offices and educational institutions, Hyderabad district tops in proportion of literates.

Table 2

LITERACY RATES FOR TOWNS

Name of the Town	Literacy rate
(1)	(2)
Gaddi Annaram	76.41
Hyderabad Municipal Corporation	57.81
Hyderabad Division	57.01
Secunderabad Division	62.39
Lalaguda	62.84
Osmania University	49.17
Secunderabad Cantonment	65.71
All Towns	**58.33**

The table 3 reveals the decadal growth rate, density and sex-ratio of urban population in the district in relation to the state for four decades from 1951 Census to 1981 Census.

Table 3

GROWTH, DENSITY AND SEX-RATIO OF URBAN POPULATION IN THE DISTRICT IN RELATION TO THE STATE

Table 5 deals with the finances indicating the receipt and expenditure in towns in the district as on 1979.

Of the five urban areas in the district, the highest per capita total receipt is noticed in Hyderabad Municipal Corporation (Rs. 107.09) followed by Secunderabad Cantonment Board (Rs. 57.30). The lowest per capita total receipt is recorded in Gaddi Annaram Panchayat town (Rs. 9.99). Receipt through taxes is highest in Hyderabad Municipal Corporation (Rs. 45.45) while this is lowest in Gaddi Annaram town (Rs. 0.35) from all other sources together; the highest per capita receipt is again seen in Hyderabad Municipal Corporation (Rs. 61.64) followed by Secunderabad Cantonment Board (Rs. 38.36).

Hyderabad Municipality stands first among the urban areas of the district with its per capita expenditure of (Rs. 107.09). Gaddi Annaram Panchayat town ranks last in per capita expenditure (Rs. 7.57). The per capita expenditure of (Rs. 5.86) on public works in Secunderabad Cantonment is the highest among the towns while Hyderabad Municipal Corporation has the minimum of (Rs. 0.63). The highest per capita expenditure of (Rs. 0.58) on public institutions like schools and libraries is recorded by Hyderabad Municipal Corporation. No expenditure is incurred by Gaddi Annaram Panchayat town for this purpose.

All the Civic bodies leaving H.M.C. which has balanced budget are running on sound lines with surplus budget. Gaddi Annaram town and Secunderabad Cantonment Board are having considerably more per capita receipt than per capita expenditure.

*The figures includes Municipal Corporation of Hyderabad portions of Hyderabad and Rangareddi Districts.

(-) Civic Status not yet determined.

The following table 6 provides the data relating to the availability of educational facilities in different categories per 10,000 population.

There are 783 primary schools, 481 upper primary schools, 265 high schools and 47 Junior colleges in all the urban areas of the district.

Table 6

SCHOOLS PER TEN THOUSAND POPULATION IN TOWNS

Total	**0.21**	**1.18**	**2.14**	**3.48**

From the table 7 it can be seen that the number of beds available in urban areas of this district is very low being 3.06 beds per every 1,000 population. Most of the total bed strength in the district is concentrated in Hyderabad Municipal Corporation, the State headquarters. The bed population ratio is also highest in H.M.C. where there are 3.27 beds per 1,000 population. Secunderabad Cantonment ranks last in bed-population ratio.

Physically Handicapped Persons

Collection of data on physically handicapped persons is a special feature of 1981 Census. Last time this information was collected in 1931 Census. After the independence the data for the physically handicapped persons in our country were collected for the first time along with the house-listing operations held in May, 1980 and as such, the physically handicapped persons who were available in the census houses were alone covered in the survey. The houseless do not, therefore, find a place in this survey. The physically handicapped persons covered are of three types of disabilities, totally blind, totally crippled and totally dumb. The definition adopted for physically handicapped is as follows :

"The term of totally crippled refers to such persons who have lost their arms or limbs. The loss of arms or legs or all the four limbs refers to loss of both the arms or loss of both legs. It is not necessary that the disabled should have lost both arms and legs. The loss of either of these i.e., both arms or both legs would be sufficient for classification as totally crippled. Loss of only one arm and or one leg will not classify a person as totally crippled. The loss here refers to the inability to use and not necessarily physical absence. Thus, a paralytic who has lost the use of both the legs or both the arms, will be totally crippled, though the legs or arms as such are still physically present."

In case when a person unfortunately suffered from more than one of the disabilities mentioned above, the person was recorded by the greater disability. For example, if a person was both blind and dumb or blind and crippled, etc., blindness was noted for him as blindness is considered as greater disability than either dumbness or being crippled. Similarly, being crippled was considered a greater disability than being dumb. In an extreme case where a person suffered from all the disabilities was taken under blind since this is certainly the most unfortunate disability.

A statement showing the distribution of physically handicapped persons by taluks in Hyderabad district is given in the following page.

STATEMENT SHOWING THE DISTRIBUTION OF PHYSICALLY HANDICAPPED PERSONS BY TALUKS IN HYDERABAD DISTRICT

*Constituent units of Hyderabad Urban Agglomeration

Note :- Hyderabad Municipal Corporation extends over all the four taluks of Hyderabad district. Hence the figure for Municipal Corporation of Hyderabad are given separately against item D.

Physically handicapped form 0.05% of the total population in the district, Among the total physically handicapped in the district 35.97% are totally blind, 40.08% are totally crippled and 23.95% are totally dumb. The survey revealed that Secunderabad taluk has recorded the highest number of physically handicapped persons accounting for 77 persons, the lowest being Charminar taluk with only one person.

PART-B

VILLAGE AND TOWN DIRECTORY AND PRIMARY CENSUS ABSTRACT

SECTION I – Explanatory Note for Villages

SECTION II – Town Directory

SECTION III – Primary Census Abstract

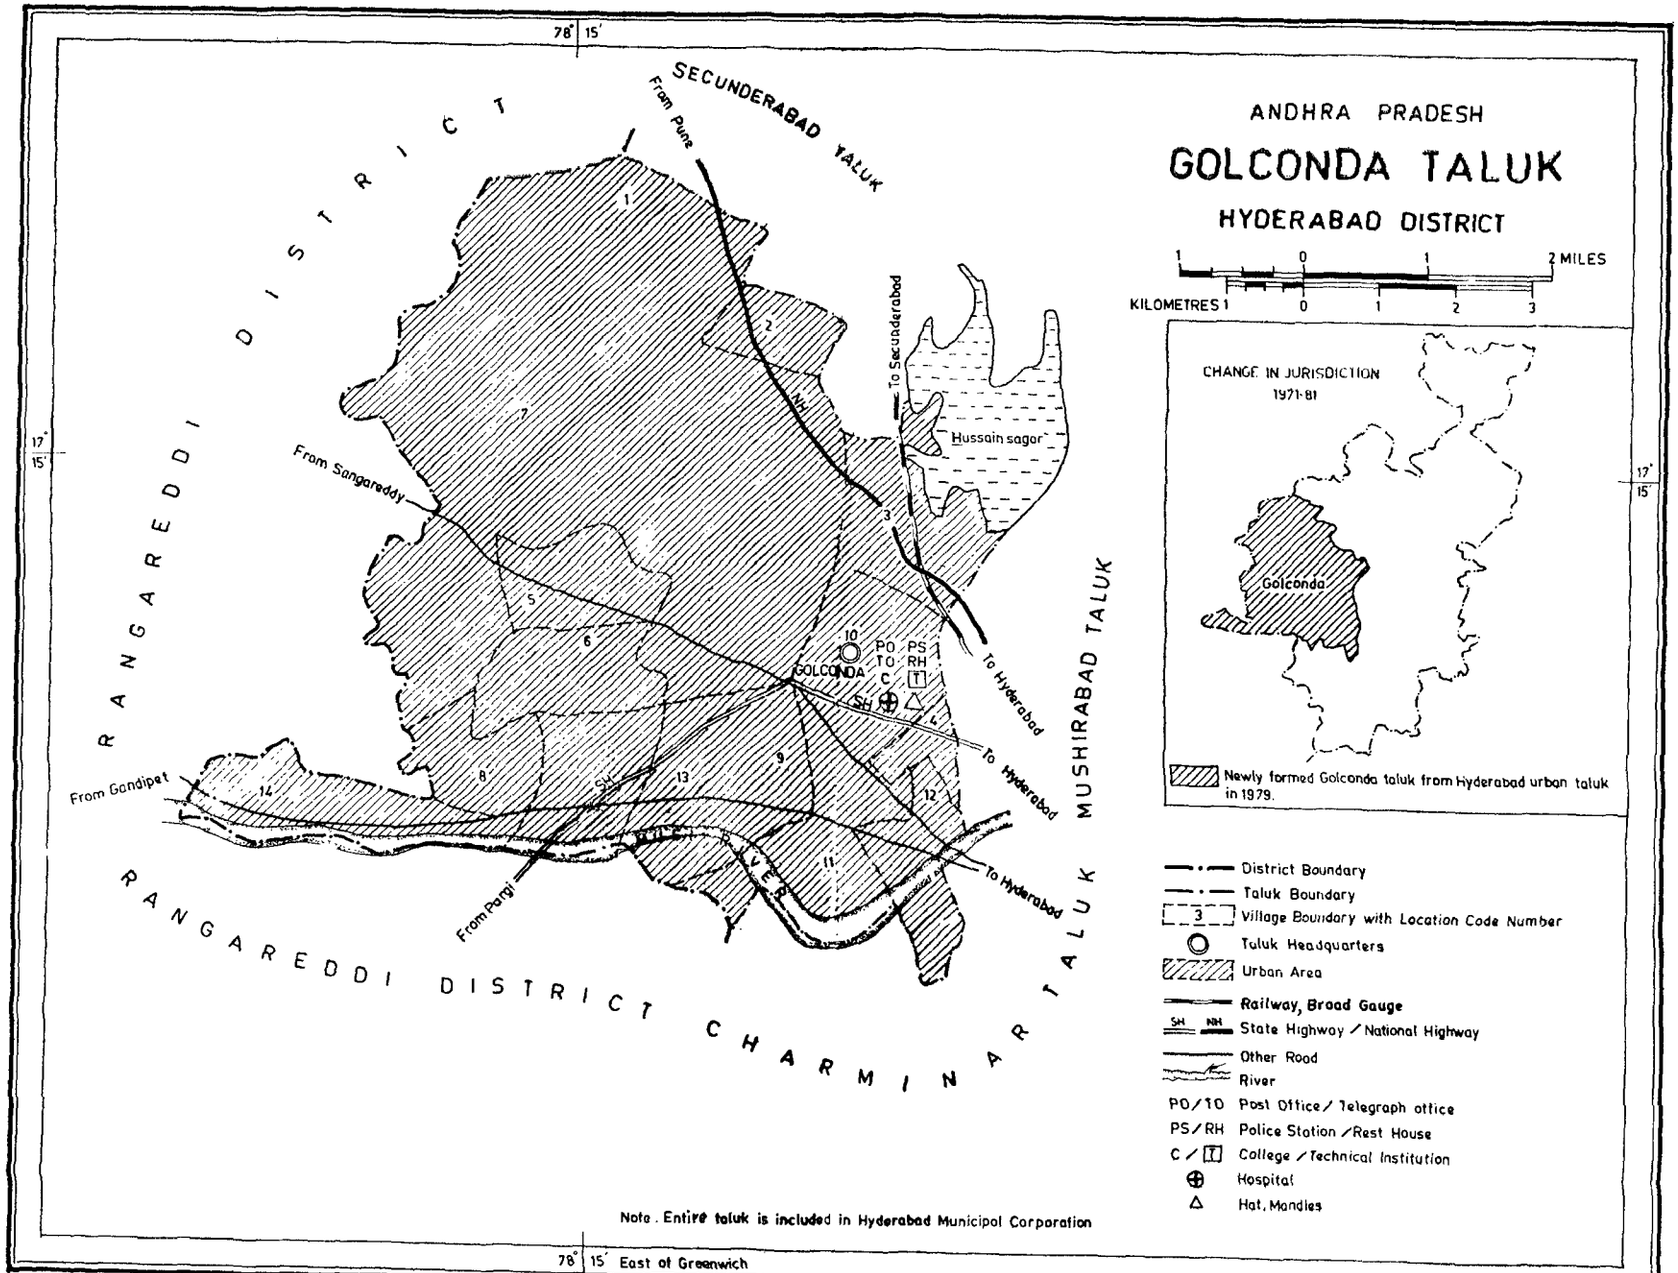

SECTION I

EXPLANATORY NOTE

It is stated earlier that every District Census Handbook will cover two parts viz. Part A ; Analytical Note and Part B : Village and Town Directory and Village and Town-wise Primary Census Abstract. But in respect of Hyderabad District Census Handbook, under Part B, the Village Directory portion will not find place as the four taluks in the district (Golconda, Secunderabad, Mushirabad and Charminar taluks) with their villages are only notional and they are part and parcel of Municipal Corporation of Hyderabad.

The district of Hyderabad was bifurcated into two districts with effect from the 25th August, 1978 as Hyderabad (Urban) and Hyderabad (Rural) vide G.O. Ms. No. 1392, Revenue (U), dated 11-8-1978 of the Government of Andhra Pradesh. Subsequently the districts of Hyderabad (Urban) and Hyderabad (Rural) were renamed as 'Hyderabad District' and 'Ranga Reddi District' respectively vide G. O. Ms. No. 1492, Revenue (U), dated 13-9-1978 of the Government of Andhra Pradesh.

The readers are requested to note the above information while looking for the data in the District Census Handbook of Hyderabad.

SECTION II – Town Directory

SECTION II

TOWN DIRECTORY

Codes used in the seven statements are explained in detail and the expressions for the abbreviations used in Statements are briefly explained herein. Statement I has been compiled in this Office and Statements II to VI by obtaining the data from local authorities having administrative control over the towns.

In the Statement I Col. 2 to denote the civic status of town the codes used are :

Municipal Corporation:	M. Corp.
Municipality	M
Cantonment Board/ Cantonment	CB
Notified Area/Notified Area Committee/Notified Committee	NAC
Gram Panchayat/Village Panchayat	P

In statement IV Col.6 to differentiate category of road the following abbreviations are used.

Pucca road	PR
Kaccha road	KR

Under Col. 7 to specify the system of sewerage the codes given are :

Sewer	S
Open surface drains	OSD
Box surface drains	BSD
Sylk drains	SD
Cesspool method	CD
Pit system	Pt

In Col. 11 the various prevalent methods of disposal of night soil are given with the following codes.

Head loads	HL
Baskets	B
Wheel barrows	WB
Septic tank latrines	ST
Sewerage	S

Under Cols. 12 & 13, the codes used to state the source of supply and system of storage of protected water supply are as follows :

Overhead tank	OHT
Service reservoir	SR
River infiltration gallery	IG
Borewell Pumping system	BWP
Pressure tank	PT
Tubewell Water/Hand pump	TW
Tap Water	T
Well Water	W
Tank Water	TK

The first five codes relate to the system of storage of water in the town and the remaining four codes represent the different sources of water supply to the inhabitants of a town.

In statement V under Col. 4 to indicate the type of medical facility available to the citizens, the following codes are used :

Hospital	H
Dispensary	D
Health Centre	HC
Family Planning Centre	FC
T.B. Clinic	TB
Nursing Home	NH
Others	O

If there are more than one institutions of any type, the number of such institutions is noted within brackets eg : D (2); NH (7) etc.

To distinguish the medical institutions as Allopathic or Ayurvedic or Unani or Homoeopathic the following additional codes are used.

Ayurvedic	A
Unani	U
Homoeopathic	Hom.

In case of allopathic no separate code is used. The information on medical facilities is presented horizontally in the same line as illustrated below :

H (A-1,2), D (Hom. 2, U-1).

Here H(A-1,2) represents one Ayurvedic and 2 Allopathic hospitals and D (Hom.-2,U-1) represents 2 Homeopathic and 1 Unani dispensaries.

The Codes used for the Col. 6 are as follows :

Arts only	A
Science only	S
Arts and Science only	AS
Commerce only	C
Arts and Commerce only	AC
Arts, Science and Commerce	ASC
Law	L

If there are more than one institutions of each type the number is given against each in brackets.

Under Col. 10 the following codes are used to specify the recognised short-hand, typewriting and other vocational training institutions. If there are more than one institutions of each type the number is given against each in brackets.

Short-hand	SH
Typewriting	Type
Short-hand & Typewriting	Sh. Type
Others	O

The vocational institutions like Applied Art/ Painting College, Pharmacy College, B.Ed. College, Teachers' Training Institutes, Music/Dancing School, Nursing School, etc., are covered under "Others."

Schools upto class IV are treated as Primary or Elementary Schools. These include Nursery Schools, Kinder Garten Schools, Pre-basic Schools, Pre-primary Schools. Schools upto Class VIII are treated as Junior Secondary or Middle Schools. Schools upto Class X are treated as Matriculation or Secondary Schools. Schools or Colleges upto Class XI or XII are considered in the Group of Higher Secondary/Intermediate/Pre-University/ Junior College, etc.

Under Col. 20 the abbreviations given are as follows :

Public Library	PL
Reading Room	RR

Composition of Circles in Municipal Corporation of Hyderabad in terms of ward numbers and Enumerator's Blocks

CIRCLE – I

Code No. 02/16/IIA

1	to	186	709 to 728	Ward	16
187	to	371	729 to 743	Ward	17
372	to	525	744 to 753 765 to 769	Ward	18
526	to	614	754 to 758	Ward	22
615	to	708	759 to 764	Ward	23

CIRCLE – II

Code No. 02/16/IIA

1	to	111		Ward	14
112	to	172		Ward	15
173	to	259	452 to 463	Ward	19
260	to	375		Ward	20
376	to	451		Ward	21

CIRCLE – III

Code No. 02/16/IIA

1	to	275	568,572,573 576,579 to 583	Ward	1
276	to	424	569	Ward	2
425	to	567	570,571,574 575,577 & 578	Ward	3

CIRCLE – IV

Code No. 02/16/IIA

1	to	57	492,494 to 554	Ward	9
58	to	150		Ward	10
151	to	236		Ward	11
237	to	321	491	Ward	12
322	to	490	493	Ward	13

CIRCLE – V

Code No. 02/16/IIA

1	to	111		Ward	6
112	to	157	and 327	Ward	7
192	to	304		Ward	8

R. R. DISTRICT – HYDERABAD DIVISION

Code No. 02/15/IIA

158	to	191		Ward	7
305	to	326		Ward	8

CIRCLE – VI

Code No. 02/16/IIA

1	to	64		Ward	4
65	to	184		Ward	5

CIRCLE–VII
SECUNDERABAD DIVISION

Code No. 02/16/IIB

1	to	25		Ward	1
56	to	74		Ward	2
75	to	86		Ward	3
87	to	100		Ward	4
101	to	121		Ward	5
122	to	196		Ward	6
197	to	224		Ward	7
225	to	243		Ward	8
244	to	265		Ward	9
266	to	323		Ward	10
529	to	533	558	Ward	10
324	to	387		Ward	11
520	to	528		Ward	11
388	to	519	559, to 561	Ward	12
534	to	554		Ward	12

R. R. DIST., SECUNDERABAD DIVISION

Code No. 02/15/IIB

26	to	55	555,557	Ward	1

SECUNDERABAD CANTONMENT BOARD

Code No. 02/16/VI

1	to	41	144 to 172	Ward	1
42	to	64	173 to 213	Ward	2
65	to	109	214 to 253	Ward	3
112	to	128	254 to 263	Ward	4
129	to	143	264 to 279	Ward	5
110, 111				Ward	6
