PREFACE

The District Census Handbooks were published for the first time in 1951 as part of the Census publication programme.

Each Handbook contained a general account of the district and its people, census tables and statistics on the area, houses, population, general amenities and distribution of population by livelihood classes for each village and town. The 1961 District Census Handbooks were a distinct improvement on the 1951 volumes. A uniform procedure was adopted for the preparation of the Handbooks. Each Handbook contained three parts as detailed below:

Part A. General, dealing with a general introduction about the district, its progress on various fields of general amenities since 1951 and an analysis of population by various demographic characteristics.

Part B. Census data, dealing with the census tables of 1961 pertaining to the district.

Part C. Village/Town Directory, dealing with the amenities, Primary Census Abstract down to the level of karas/muris/desoms in the case of rural areas and blocks and wards in the case of urban areas and number of industrial establishments by type.

District and taluk maps were also incorporated in each District Census Handbook.

In 1971 also it has been decided to adopt more or less the same pattern and publish the District Census Handbooks in three parts as given below:

Part A. Town and Village Directory

Part B. Village and Town Primary Census Abstract

Part C. Administrative Statistics and Report

It is proposed to print and publish Parts A and B relating to a District in a single volume with a view to making it available to the public as soon as the information is collected and compiled. Part C will be printed as a separate volume.

The collection and compilation of data for Part A were done by the office of the Director of Census Operations, Kerala through specially designed schedules for villages and towns. The information on rural areas was furnished by the Tahsildars and on the urban areas by the concerned Municipal/Corporation Commissioners. While Part B of the Handbook presents the Village and Town Primary Census Abstract, Part C gives the Report and Administrative Statistics processed from information collected from the various Central and State Government Offices.

A special feature of the publication of the Handbook in 1971 is the presentation of Primary Census Abstract not only for villages but also for the Panchayats. This is the first time that an attempt has been made to present Panchayat-wise figures. The additional work involved in the new venture is more than justified in view of the growing importance of panchayats in administration.

On the recommendation of the Registrar General, India, the Government of Kerala have agreed to bring out these volumes as State Government publications and issued orders in G.O. MS. No. 199/70/PD dated 17th June 1970. The printing of the Handbooks was undertaken by the Superintendent of Government Presses, Trivandrum.

It is not possible to have compiled a book of this kind without the co-operation and good-will extended by the various State and Central Government Offices. I am grateful to them for their co-operation. The District Census Handbook section of my office functioned under the direct control of Shri B. T. Pillai, Deputy Director of Census Operations (Tabulation) and he was assisted by a Tabulation Officer and necessary staff. Shri S. Jayashanker was the Tabulation Officer in charge of the section at the time of addressing the various departments for collection of information. At the time of compilation of the District Census Handbook Smt. C. Kamalam took charge as the Tabulation Officer. I feel very happy in acknowledging the valuable contributions made by these officers and other members of the staff in my office, especially Smt. K. Sulabhamma, Statistical Assistant Smt. K. Saradambal, Computor and Shri G. Sivadasan and Smt. M. Premakumari Amma, Assistant Compilers in the compilation of this important work. Sarvashri K. Krishna Pillai and M. Thankappan Pillai, Draftsmen, have prepared the maps included in this volume. The brunt of the proof reading was cheerfully borne by Shri N. Ravindranathan Thampi, Printing Inspector and Sarvashri N. Aravindan and N. Madhavan, Proof Readers.

I would like to place on record my deep sense of gratitude to Shri P. Kurien John, Superintendent of Government Presses for the warm co-operation extended by him for the timely printing of the Handbook. I also wish to place on record my appreciation of the excellent work done by Shri M. Hariharasubramonia Iyer, Deputy Superintendent, Government Press, Ernakulam and his efficient colleagues in executing the printing of this book neatly and in record time.

I shall be failing in my duty if I do not place on record my gratefulness to Shri A. Chandra Sekhar, I.A.S., Registrar General for the valuable guidance and help extended to me in this work.

Trivandrum,
26th November 1973.

K. NARAYANAN,
Director of Census Operations.

PART A

TOWN AND VILLAGE DIRECTORY

INTRODUCTION

This part comprises Town and Village Directory of Kozhikode District. The Town Directory furnishes data for each town in the district in respect of the status of the town administration, its origin, growth of population, functional category of the town, physical aspects and location, latest municipal finance, civic and other amenities, medical, educational and cultural facilities, trade, industry, commerce and banking facilities. The Village Directory includes details of amenities available in each village in respect of educational and medical institutions, power supply, drinking water supply, post and telegraph, communications, weekly markets, places of religious, historical or archaeological interest and particulars of land use.

2. The details were furnished by the Tahsildars and the Commissioners of Municipality/Corporation and compiled and processed at the office of the Director of Census Operations.

Census town

3. Owing to the growing importance of urbanisation, the 1961 Census laid down a uniform 'three-fold' criteria for classification of places as towns. Corporations, Municipalities, Cantonments and Townships were automatically recognised as towns. The following were the three criteria adopted for treating the other areas as towns :—

(*i*) Places with a minimum population of 5,000 persons;

(*ii*) A density of not less than 1,000 persons per sq. mile;

(*iii*) At least 75 per cent of the male population should follow non-agricultural livelihoods.

However, places which did not satisfy the above criteria but had definite urban characteristics like newly established industrial areas, large housing settlements, places of tourist and pilgrim importance, etc. were also treated as towns as exceptional cases on the recommendation of the State Government. The definition of Census town remained unchanged in 1971.

4. There are 10 towns in Kozhikode District, viz. Badagara, Beypore, Calicut, Cheruvannur, Elathur, Feroke, Kadalundi, Kunnamangalam, Mokkam and Pantalayani. Of these, Badagara is a municipal town while Calicut is a corporation. The others are towns declared as such for census purposes. Three towns Cheruvannur, Kunnamangalam and Mokkam were declared as towns for the first time in 1971 Census. A portion of Cheruvannur town was partly included in Beypore town of 1961. Five towns of 1961 viz. Edakkad (whole), Kommeri (whole), Nellikode (whole), Parayancheri (whole) and Puthiyangadi (part) were merged together to form part of Calicut Corporation. There is an addition in area in the case of Pantalayani town, while there is deduction in area in Beypore town since 1961.

TABLE 1

TOWNS IN 1961 AND 1971

Name of town		
1961	1971	Remarks
1	2	3
Badagara (M)	Badagara (M)	Same jurisdiction as in 1961
Elathur (NM)	Elathur (NM)	,,
Feroke (NM)	Feroke(NM)	,,
Kadalundi (NM)	Kadalundi (NM)	,,
Calicut (M)	Calicut (C)	Addition in area in 1971
Pantalayani (NM)	Pantalayani (NM)	,,
Beypore (NM)	Beypore (NM)	Reduction in area in 1971
Edakkad (NM)	..	Merged with Calicut Corporation
Kommeri (NM)	..	,,
Nellikode (NM)	..	,,
Parayancheri (NM)	..	,,
*Puthiyangadi (NM)	..	Partly merged with Calicut Corporation
Olavanna (NM)	..	Declassified in 1971
	Kunnamangalam (NM)	Declared as new town in 1971
	Mokkam (NM)	,,
	Cheruvannur (NM)	,,

*Puthiyangadi town of 1961 has partly been merged with Calicut Corporation and partly declassified in rural in 1971.

C—Corporation M—Municipal NM—Non-municipal

Standard urban area

5. The 1961 Census reports contained particulars of town-groups. These town-groups were formed with a view to identifying functionally linked urban areas, urban spills beyond the administrative boundaries and metropolitan conurbation. In most cases the town-groups did not bring out spatially contiguous territory of urban-rural settlements. Therefore, in 1971, the 'town-group' concept was given up and a new concept of 'Standard Urban Area' was evolved. The Standard Urban Area may be defined as the projected growth area of a city or a town as it would be in 1991 taking into account not only the towns and villages which will get merged into it but also the intervening areas which are potentially urban. All municipal towns with an estimated population of 50,000 or more by 1971 were considered to be treated as standard urban areas. The demarcation of standard urban area was jointly done by the Town Planning Department of the Government of Kerala, Office of the Director of Census Operations, Kerala, Office of the Registrar General, India and the Central Town and Country Planning Organisation, New Delhi. There are two standard urban areas in Kozhikode District viz. Badagara and Calicut. The standard urban

area of Badagara is the area covered by Badagara municipality and the peripheral villages with urban potentialities. The standard urban area of Calicut is the area covered by Calicut Corporation and the peripheral villages with urban potentialities. The constituent units of the standard urban areas are given below :

TABLE 2

BADAGARA STANDARD URBAN AREA

Urban/Rural	Village	Kara
1	2	3
URBAN		
Badagara (Municipal)	1 Badagara	Badagara
	2 Nadakkuthazha	i Arakkilad ii Puthur iii Nadakkuthazha iv Meppayil v *Puthuppanam*
RURAL

TOWN DIRECTORY

6. The Town Directory is presented in the form of six statements:

Statement I

7. This statement gives the civic administration status, population from 1901 to 1971 and the predominant functional category of each town for 1961 and 1971.

8. The functional character of a town was decided in 1961 as per the following procedure. In 1961 the workers were grouped under nine industrial categories as shown below:

I Cultivators
II Agricultural labourers
III Mining, quarrying, live-stock, forestry, fishing, hunting and plantations, orchards and allied activities
IV Household industry
V Manufacturing other than household industry
VI Construction
VII Trade and commerce
VIII Transport, storage and communications
IX Other services

These nine industrial categories of workers were first grouped as:—

(i) Agriculture and its allied activities (Categories I, II and III)
(ii) Industries including construction (Categories IV, V and VI)
(iii) Trade and commerce (Category VII)
(iv) Transport, storage and communications (*Category VIII*) *and*
(v) Other services (Category IX)

The percentage of workers in each of the above five groups to the total workers in the town was worked out.

If any one single group takes in 40 per cent or more of the total workers, that town will be designated by the corresponding function, viz., primary activity for the first group, industrial for the second, commercial for the third, transport for the fourth and service for the fifth group. If the highest percentage is less than 40, then the next predominant group is added. If the two groups together take in a minimum of 60 per cent of the total workers, the town will then be designated by both the functions, e.g., industrial-cum-transport. When the sum of the two groups does not reach 60 per cent then the third predominant group is taken into account and the town is designated by all the three functions.

9. The same procedure is followed in deciding the predominant functional character of the town in 1971 also. It must, however, be pointed out that in 1971 Census the workers were grouped under slightly different nine industrial categories. They are:

I Cultivators
II Agricultural labourers
III Live-stock, forestry, fishing, hunting and plantations, orchards and allied activities
IV Mining and quarrying
V Manufacturing, processing, servicing and repairs
(a) Household industry
(b) Other than household industry
VI Construction
VII Trade and commerce
VIII Transport, storage and communications
IX Other services

The above categories are grouped as:

(i) *Primary activity*: Agriculture and its allied activities (Categories I, II, III and IV)
(ii) *Industrial*: Industries including construction [Categories V (a), V (b) and VI]
(iii) *Commercial*: Trade and commerce (Category VII)
(iv) *Transport*: Transport, storage and communications (Category VIII)
(v) *Service*: Other services (Category IX)

Based on the above criteria the towns of the district have been classified into the following functional categories:

TABLE 3

FUNCTIONAL CATEGORY OF TOWNS, 1971

Functional category	Name of town (s)
1	2
Primary activity	Kunnamangalam, Mokkam
Industrial	Cheruvannur, Feroke
Industrial-cum-primary activity	Kadalundi
Primary activity-cum-industrial-cum-commercial	Pantalayani, Elathur
Industrial-cum-commercial-cum-primary activity	Badagara
Industrial-cum-transport-cum-service	Beypore
Service-cum-industrial-cum-commercial	Calicut

Statement II

10. The second statement gives the location and physical aspects of the town. It also furnishes details of the nearest railway station, navigable river/canal, seaport etc. The bus route and road facilities available in each town are also given in the statement. Calicut Corporation has got a seaport within its limits. Calicut is the only city in the district with a population of more than one lakh. The distances of other towns from Calicut have also been indicated in the statement. Railway facilities are available for the towns Badagara, Beypore, Calicut, Cheruvannur, Elathur, Feroke, Kadalundi and Pantalayani within a distance of 10 km. All the towns have got a seaport within 50 km. of distance.

Statement III

11. The third statement gives an idea of the municipal finance of the municipality/corporation in the district. There is only one corporation and one municipality in the district. It has been possible to present the statement of receipt and expenditure for the year 1969–70 obtained from the official sources only for the corporation and the municipality. In respect of other towns which are not municipal towns these figures could not be furnished. Table 4 gives the per capita receipt and expenditure of the corporation and municipality in the district.

TABLE 4

PER CAPITA RECEIPT AND EXPENDITURE OF TOWNS, 1969–70

	Per capita						
	Receipt (Rs.)			Expenditure (Rs.)			
Name of town	Total receipt	Receipt through taxes	Receipt from all other sources	Total expenditure	Expenditure on public health and conveniences	Expenditure on public institutions	Expenditure on all other items
1	2	3	4	5	6	7	8
Badagara(M)	11·08	4·12	6·96	11·07	2·68	0·07	8·32
Calicut (C)	32·93	9·90	23·03	34·07	8·12	..	25·95

Statement IV

12. Statement IV indicates the civic and other amenities available in the towns i.e., details on the system of sewerage, method of disposal of night-soil drinking water facilities, electrical facilities etc. All the towns are electrified. Calicut Corporation has got almost all the civic and other amenities.

Statement V

13. Medical, educational, recreational and cultural facilities available in the various towns are furnished in this statement. All the towns have got medical and educational facilities. The only medical college of the district is situated in Calicut Corporation. Taking into consideration all the medical institutions (other than private institutions) there are 2,579 beds in the urban area of the district. This works out to an average of 5 beds per 1,000 population as against 8 beds per 1,000 population in Trivandrum District. The only Regional Engineering College of the State is situated at a place called Chathamangalam, 17 km. away from Calicut. A Rayon factory is situated at Mavoor 20 km. away from Calicut.

14. The school educational system adopted in Kerala is as follows. At present the duration of school course is 10 years: standards I to IV constitute the Lower Primary section while standards V to VII constitute the Upper Primary (Middle) section. The Secondary (High) School section has standards VIII, IX and X.

Statement VI

15. Statement VI gives details in respect of trade, commerce, industry and banking.

VILLAGE DIRECTORY

16. The Village Directory gives details in respect of medical, educational, electrical and drinking water facilities available in the villages besides giving an idea of the pattern of land use in the villages. The area of each village, in square kilometres is also indicated in the Village Directory. In this connection it may be pointed out that the area figures were collected from the Tahsildars as well as from the Director of Survey and Land Records. In a few cases it is seen that the area of the village as given by the Tahsildars do not agree with the area furnished by the Director of Survey and Land Records. Since the break-up of the area of villages according to type of land use is presented in this part and since this information can be furnished only by the Tahsildars the area figures as given by the Tahsildars are adopted. In Part B of the District Census Handbook where the Primary Census Abstract is presented down to the village level, the area of villages as furnished by the Director of Survey and Land Records is adopted. The following table gives the distribution of villages in the district by size:

TABLE 5

DISTRIBUTION OF VILLAGES BY SIZE

Size of village (km2)	Number
1	2
Less than 1	..
1.0—2.4	..
2.5—4.9	..
5.0—7.4	2
7.5—9.9	5
10.0—14.9	20
15.0—19.9	24
20.0—24.9	22
25.0—29.9	8
30.0 and above	28

Educational facilities

17. The extent of educational facilities available in the villages can be studied more profitably with the following table. It gives the categorisation of villages according to the distances from the nearest town. The number of villages having primary schools, middle schools, high schools, and colleges for these categories are also indicated. More than half of the villages, in the district are within 25 km. of the nearest town. Five villages have colleges, 53 villages have high schools and 102 villages have middle schools.

TABLE 6

NUMBER OF VILLAGES HAVING EDUCATIONAL INSTITUTIONS AND THE DISTANCE FROM NEAREST TOWN

Distance from the nearest town (in km.)	Total number of villages	Number of villages having				
		Primary schools	Middle schools	High schools	Colleges	Other educational institutions
1	2	3	4	5	6	7
5 km. or less	9	9	9	4	1	4
6—10	14	14	14	11	1	6
11—15	12	12	11	6	1	3
16—25	30	30	30	12	1	11
26—50	24	23	22	8	..	4
51—100	17	17	14	10	1	8
101—200	3	3	2	2	..	1

Medical facilities

18. Under medical facilities, details of both public and private institutions are given. Almost all the villages in the district have got medical facilities of one kind or the other. The table below gives the number of medical institutions per 100 sq. km. of area in each taluk:

TABLE 7

NUMBER OF MEDICAL INSTITUTIONS PER 100 SQ. KM. IN THE RURAL AREAS OF THE TALUKS

Taluk	Number of medical institutions per 100 sq. km.
1	2
Badagara	23
Quilandy	17
South Wynad	12
Kozhikode	23

Communication facilities

19. From the point of view of communication it is seen that though all the villages in the district are served by pucca roads, only 9 villages have railway facilities within 2 km. The following table gives the distribution of villages in the district by the distance from the nearest railway station.

TABLE 8

DISTRIBUTION OF VILLAGES BY THE DISTANCE FROM THE NEAREST RAILWAY STATION

Distance from the nearest railway station (in km.)	No. of villages
1	2
Less than 2	9
2.0— 4.9	3
5.0— 9.9	12
10.0—14.9	13
15.0—19.9	12
20.0 and above	60

Post and telegraph facilities

20. Hundred and one villages have post offices, 34 villages have telegraph offices and 24 villages have public call facilities. The table given below furnishes the details of post and telegraph facilities available in each taluk of the district.

TABLE 9

POST AND TELEGRAPH FACILITIES

Taluk	No.of Post offices	No. of Telegraph offices	No. of Public call offices	No. of Post offices per 100 sq. km.
1	2	3	4	5
Badagara	59	13	7	11
Quilandy	77	7	5	9
South Wynad	50	7	5	4
Kozhikode	69	11	10	8

Land utilisation

21. For the first time an attempt has been made to collect data on land utilisation. For this purpose the total area has been classified into five types viz. (1) Forest area (2) Irrigated land (3) Unirrigated land (4) Culturable waste and (5) Area not available for cultivation. The pattern of land use in the various taluks of this district is approximately brought out in the following table.

TABLE 10

PERCENTAGE DISTRIBUTION OF LAND BY TYPE OF USE IN THE RURAL AREAS OF THE TALUKS

Taluk	Total area	Type of land use				
		Forest	Irrigated land	Unirrigated land	Culturable waste	Area not available for cultivation
1	2	3	4	5	6	7
Badagara	100·00	13·28	1·60	79·25	2·41	3·46
Quilandy	100·00	2·80	4·81	87·76	1·37	3·26
South Wynad	100·00	35·92	7·47	39·78	12·89	3·94
Kozhikode	100·00	11·04	4·85	7·43	68·35	8·33

22. An abstract showing the educational, medical and other facilities available in the rural areas of each taluk and the district is also presented in this volume.

Definitions

23. The definitions of certain terms adopted are furnished below:

I. Classification of electrical energy (adopted by K.S.E.B.)

Domestic: Lights and combined installations of lights and fans and radios for domestic and non-commercial purposes. Domestic consumers and non-commercial institutions whose connected loads other than that of lights and fans exeeed 1 KW. and domestic heat and small power including refrigeration, cookers, sewing machines and other appliances for domestic use up to and including 3 H.P.

Industrial : Power at 400 Volts or lower which includes industrial general purposes, i.e. power supply for electric boilers, large cookers, ovens etc.

Commercial : This includes display lighting, neon signs, photography, commercial and non-domestic heat and small power load up to and including 3 H. P. and cinematograph and motion picture studios.

Road lighting: Public lighting including light houses, main lamps, street lights installed in private tutions where Board's lines exist.

Agricultural: Power at 3 H.P. and above—Power used for dewatering and lift irrigation and poultry live-stock farms under Animal Husbandry Department come under this category.

Others:

1. Power at 11 KV for industrial purposes
2. Power for extra high tension consumers
   - (*i*) 66 KV—Power intensive
   - (*ii*) 66 KV—Non-power intensive
   - (*iii*) 110 KV—Power intensive
   - (*iv*) 110 KV—Non-power intensive
3. Temporary illumination including exhibition.

II. Land use pattern

Forest: This includes all actually forested areas on the lands classed or administered as forests under any legal enactment dealing with forests whether State owned or private.

Irrigated and unirrigated lands: This covers all agricultural lands and includes net area sown with crops and orchards and also current and other fallows. The fallow lands include all lands which were taken up for cultivation for a period of not less than one year and not more than five years. In case of irrigated land sources of irrigation are canal, tank, well, tube well etc.

Culturable waste: This includes lands available for cultivation whether or not taken up for cultivation or abandoned after a few years for one reason or other. Such lands may be either fallow or covered with shrubs and jungles which are not put to any use. These may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Land once cultivated but not cultivated for five years in succession is also included in this category. Lands under thatching grasses, bamboo bushes and other groves for fuels, which are not included under orchards or forests shall also come under this head. All grazing lands, whether they are permanent pastures and meadows or not ; village common and grazing lands within forest areas are included in this category.

Area not available for cultivation: This includes lands not available for cultivation such as barren, unculturable and land put to non-agricultural use. Land put to non-agricultural use stands for all lands occupied by buildings, roads and railways or under water e.g. rivers and canals, and other lands put to uses other than agricultural. Barren and unculturable land covers all barren and unculturable lands like mountains, deserts etc. Lands which cannot be brought under cultivation unless at a high cost are classified as uncultivable whether such land is in isolated blocks or within cultivated holdings.

ABBREVIATIONS USED IN TOWN AND VILLAGE DIRECTORY

I Educational facilities

N	Nursery School
P	Primary School
M	Middle School
H	High School
A	College with Arts only
S	College with Science only
C	College with Commerce only
AS	College with Arts and Science only

PART B

PRIMARY CENSUS ABSTRACT

Situation and administrative units

Kozhikode district is bounded on the north by Cannanore district, on the east by Mysore district of Mysore State, on the South by Malappuram district and on the west by the Arabian sea. It is situated between north latitudes 11° 08′ and 11° 52′ and east longitudes 75° 26′ and 75° 31′. This district has four taluks viz. Badagara, Quilandy, South Wynad and Kozhikode. There are 123 revenue villages and 10 towns in the district. The ten towns are Badagara, Pantalayani, Elathur, Calicut, Kunnamangalam, Mokkam, Cheruvannur, Beypore, Feroke and Kadalundi. Of these, Calicut is a Corporation, Badagara is a municipality and the others are non-municipal towns declared as towns for census purposes. There are 14 development blocks and 85 panchayats in the district as on 1st April 1971. The following table gives the details of the administrative units of the district.

TABLE 1

ADMINISTRATIVE UNITS, 1971

District/Taluk	No. of villages	No. of villages lying in rural areas: Whole	In rural areas: Part	In urban areas: Whole	In urban areas: Part	No. of towns	No. of panchayats

Kozhikode ,,	43	28	4	11	4	8	28

Area and physical features

2. The total area of Kozhikode district as furnished by the Surveyor General, India is 3729·0 km². As far as the district-wise area figures are concerned, the figures furnished by the Surveyor General, India have been adopted while for the taluks, the figures furnished by the State Director of Survey and Land Records have been presented in this part. Area of the municipality and the Corporation were obtained from the concerned Local Administration.

3. Based on the physical features the entire State is divided into three natural divisions viz. (i) the mountainous region—Highland (ii) the flat coastal belt—Lowland and (iii) the undulating area in between the above two regions—Midland. The classification into natural divisions is as follows. The region which lies below 25 feet above the mean sea level is classified as lowland, that between 25 feet and 250 feet above mean sea level as midland and the remaining region which is covered by forests and mountains as highland. While South Wynad Taluk lies completely in highland region, all the remaining three taluks viz. Badagara, Quilandy and Kozhikode lie in all the three regions. The following table gives the population of the district by natural divisions.

TABLE 2

AREA AND NATURAL DIVISIONS, 1971

District/Taluk	Area in km²	Population by natural divisions: Total	High-land	Mid-land	Low-land
1	2	3	4	5	6

Population and growth rate

4. The census enumeration was originally programmed to commence on the 10th February and end on 28th February 1971, the reference date for the census being the sunrise of 1st March 1971. The mid-term Elections to the Fifth Parliament made it necessary to postpone the census enumeration by a month. The enumeration, therefore, commenced on the 10th March and ended on 31st March 1971 with the reference date as the sunrise of 1st April 1971. The population of Kozhikode district as at the sunrise of 1st April 1971 is 2,106,249 of which 1,057,764 are males and 1,048,485 are females. The net addition to the population of the district between 1961 and 1971 is 517,781, recording a decennial growth rate of 32·60% during the decade as against the State growth rate of 26·29%. The rate of growth recorded during the previous decade 1951–61 was 29·56%. The table given hereunder shows the population of the district from 1901 onwards and the decennial growth rates.

TABLE 3

POPULATION AND PERCENTAGE DECADE VARIATION OF KOZHIKODE DISTRICT

Census year	Population	Percentage decade variation
1	2	3
1901	658,758	..
1911	708,341	+ 7·53
1921	733,057	+ 3·49
1931	856,351	+16·82
1941	960,997	+12·22
1951	1,226,091	+27·59
1961	1,588,468	+29·56
1971	2,106,249	+32·60

5. Among the taluks of the district, South Wynad, the largest taluk in the district has the highest growth rate of 53·75% during the decade while Badagara, the smallest taluk ranks last with 28·09%. Highest percentage of population of the district is claimed by Kozhikode taluk with 44·78% while South Wynad comes last with 13·51%. Table 4 below furnishes taluk-wise population and decennial growth rate.

TABLE 4

DECENNIAL GROWTH RATE, 1961—1971

District/Taluk	Population: 1961	1971	Percentage decennial growth rate	Percentage distribution of population
1	2	3	4	5
Kozhikode district	1,588,468	2,106,249	+32·60	100·00
Badagara taluk	319,913	409,771	+28·09	19·46
Quilandy ,,	364,173	468,714	+28·71	22·25
South Wynad ,,	185,055	284,515	+53·75	13·51
Kozhikode ,,	719,327	943,249	+31·13	44·78

Rural-Urban distribution

6. Owing to the growing importance of urbanisation, the 1961 census laid down a uniform three-fold criteria for classification of places as towns. Corporations, Municipalities, Cantonments and Townships were automatically recognised as towns. The following were the three-fold criteria adopted for treating the other areas as towns:

(i) Places with a minimum population of 5,000 persons,

(ii) A density of not less than 1,000 persons per sq. mile (400 persons per sq. km.) and

(iii) At least 75% of the male population should follow non-agricultural livelihoods.

However, places which did not satisfy the above criteria but had definite urban characteristics like newly established industrial areas, large housing settlements, places of tourist and pilgrim importance etc., were also treated as towns as exceptional cases on the recommendation of the State Government. The definition of census towns remained unchanged in 1971.

7. There are 10 towns in Kozhikode district viz. Badagara, Pantalayani, Elathur, Calicut, Kunnamangalam, Mokkam, Cheruvannur, Beypore, Feroke and Kadalundi. Of these, Badagara is a municipal town while Calicut is a Corporation. The others are towns declared as such for census purposes. Three towns, Cheruvannur, Kunnamangalam and Mokkam were declared as towns for the first time in 1971 census. A portion of Cheruvannur town was partly included in Beypore town of 1961. Five towns of 1961 viz. Edakkad (whole), Kommeri (whole), Nellikode (whole), Parayancheri (whole) and Puthiyangadi (part) were merged together to form part of Calicut Corporation. The remaining part of Puthiyangadi town of 1961 was declassified as rural in 1971. Since 1961, there is an addition in area in case of Pantalayani town, while there is reduction in area in Beypore town. All the above 10 towns together have 26·66% of the total population of the district. The following table presents the rural-urban distribution of population of Kozhikode district from 1901.

TABLE 5

PROPORTION OF RURAL AND URBAN POPULATION OF KOZHIKODE DISTRICT

Census year	Number per 1,000 total population	
	Rural	Urban
1	2	3
1901	866	134
1911	874	126
1921	874	126
1931	871	129
1941	830	170
1951	814	186
1961	761	239
1971	733	267

8. The following table gives the rural-urban distribution of population in the taluks of the district. The percentage of urban population is highest in Kozhikode taluk with 50·79%.

TABLE 6

RURAL-URBAN DISTRIBUTION OF POPULATION BY TALUKS, 1971

District/Taluk	Rural			Urban		
	No. of villlages	Population	Percentage to total population	No. of towns	Population	Percentage to total population

Kozhikode ,,	32	464,147	49·21	8	479,102	50·79

Density of population

9. The density of population of the district has increased from 426 persons per sq. km. in 1961 to 565 persons in 1971. The same trend is noticed in all the taluks of the district. Kozhikode taluk has the highest density with 919 persons per sq. km. in 1971 while South Wynad, the largest taluk has the lowest density with 206. The taluk-wise density is given hereunder.

TABLE 7

DENSITY BY TALUKS

District/Taluk	Persons per km²	
	1961	1971
1	2	3
Kozhikode district	426	565
Badagara taluk	582	745
Quilandy ,,	481	619
South Wynad ,,	134	206
Kozhikode ,,	701	919

Sex-ratio

10. Sex-ratio (defined as the number of females per 1,000 males) of the district shows a fluctuating trend from decade to decade. Taking the population of the district as a whole, in the years 1901, 1951, 1961 and 1971 there is a preponderance of males over females while in all other decades females outnumber males. In the case of rural areas, from 1901 to 1941 females outnumber males while in other decades, males outnumber females. In the case of urban areas there is a preponderance of males over females in all the decades. The table below gives the sex-ratio of the district for the period 1901–1971.

TABLE 8

SEX-RATIO, 1901—'71

Census year	Number of females per 1,000 males		
	Total	Rural	Urban
1	2	3	4
1901	992	1,003	925
1911	1,004	1,016	931
1921	1,016	1,028	940
1931	1,015	1,025	946
1941	1,027	1,036	987
1951	998	998	995
1961	992	995	983
1971	991	990	995

11. Among the taluks, Badagara has the highest sex-ratio (1036) in 1971, the lowest being South Wynad taluk with 913. In 1961 also the highest sex-ratio was in Badagara taluk and lowest in South Wynad. Table 9 furnishes the taluk-wise sex-ratio with rural-urban break-up for 1961 and 1971.

TABLE 9

Literacy

13. According to 1971 Census this district has a literacy rate of 57·23 % as against the State rate of 60·42 %. The literacy rate of the district has increased from 44·88 % in 1961 to 57·23 % in 1971. The same trend is noticed in the case of males, females and also in all the taluks. Among the taluks, Kozhikode has the highest literacy rate of 61·20 %, the lowest being South Wynad taluk with 47·34 %. The following table gives the taluk-wise literacy rates of the total population, males and females.

TABLE 11

Occupied residential houses and households

15. Occupied residential houses have shown an increase of 27·77 % in the district during the last ten years as against the State rate of 21·93 %. Among the taluks, South Wynad ranks first with 46·43 %, the last being Badagara with 20·61 %. The rural-urban distribution of occupied residential houses is presented in the following table.

TABLE 13

OCCUPIED RESIDENTIAL HOUSES

18. The average household size of Kozhikode district according to this census is 6·32 as against 6·00 in 1961. In both rural and urban areas also the average household size has increased in 1971 when compared to the previous census. The following table gives the average household size of the district and taluks during 1961 and 1971 censuses.

TABLE 16

AVERAGE HOUSEHOLD SIZE

District/Taluk	Number of persons per household					
	Total		Rural		Urban

Scheduled Castes and Scheduled Tribes

20. As per the 1971 Census count the Scheduled Castes and Scheduled Tribes population are 76,338 and 84,982 respectively. The corresponding figures for 1961 are respectively 64,527 and 63,859. The following table gives the Scheduled Castes and Scheduled Tribes population and their percentages to total population in the district and taluks for 1961 and 1971.

TABLE 18

Working population

21. The total number of workers in the district as per 1971 Census count is 566,936 of which 467,485 are males and 99,451 are females. 26·92 % of the total population is returned as workers. The work participation rates for males and females are 44·20 % and 9·49 % respectively. The percentage of workers to total population shows a decline from 30·49 % in 1961 to 26·92 % in 1971. The same trend is noticed in all the taluks of the district. The decline in the percentage of working force to a large extent would be attributable to the definition placed on the term 'worker' in the 1971 Census.

22. In 1971, a worker was defined as a 'person whose main activity is participation in any economically productive work by his/her physical or mental activity' whereas in 1961 Census a worker was taken to mean a person who engaged himself/herself in any economically productive work without regard to his/her main activity. According to the 1971 definition 'a man or a woman who is engaged primarily in household duties such as cooking for own household or performing one's own household duties or a boy or girl who is primarily a student, attending an institution, even if such a person helps in the family economic activity, but not as a full-time worker, should not be treated as a worker for the main activity. Such participation in economically productive work was regarded as secondary work of the particular person. But such categories of persons were classified as workers during 1961 Census. In 1961, in the case of regular employment in any trade, profession, service, business or commerce a person was taken as a worker if he was employed during any of the fifteen days preceding the day on which he was enumerated. But in 1971 Census the reference period was only one week prior to the date of enumeration in the case of regular work in trade, profession, service, etc. The data relating to the secondary work and the results of the survey regarding the comparability of economic questions in 1961 and 1971 censuses will throw some more light on the reasons for the decline of the working force in 1971. The following table gives the workers and work participation rates for the district and taluks.

TABLE 19

WORKING POPULATION, 1961-'71

District/Taluk	Workers		Percentage of workers to total population	
	1961	1971	1961	1971

Quilandy ,,	25·89	25·93	25·24	43·33	43·33	43·38	8·66	8·69	8·17
South Wynad ,,	37·27	37·27	..	52·81	52·81	..	20·25	20·25	..
Kozhikode ,,	25·05	25·39	24·72	42·94	43·63	42·27	6·92	6·86	6·99

24. The total population has been divided broadly into two viz. workers and non-workers. The workers have been further divided into industrial categories. In 1961 the workers were grouped under nine industrial categories as shown below :

I Cultivators
II Agricultural labourers
III Mining, quarrying, live-stock, forestry, fishing, hunting and plantations, orchards and allied activities
IV Household industry
V Manufacturing other than household industry
VI Construction
VII Trade and commerce
VIII Transport, storage and communications
IX Other services

In 1971 Census, the workers were grouped under slightly different nine industrial categories. They are:

I Cultivators
II Agricultural labourers
III Live-stock, forestry, fishing, hunting and plantations, orchards and allied activities
IV Mining and quarrying
V Manufacturing, processing, servicing and repairs
(a) Household industry
(b) Other than household industry
VI Construction
VII Trade and commerce
VIII Transport, storage and communications
IX Other services

25. Among the total workers 14·57% are cultivators and 26·34% are agricultural labourers. 16·75% of the male workers are cultivators and 22·67% are agricultural labourers, while among females 43·59% are agricultural labourers and 4·32 % are cultivators.

26. The following table gives the distribution of workers of the district into nine industrial categories by sex.

TABLE 21

WORKERS BY INDUSTRIAL CATEGORIES AND SEX, 1971

* This represents ' Geographical area ' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local bodies. Area figures for rural area are derived by subtracting the urban area from the total area of the district. The total of the area figures of the taluks will not tally with the district figure because the former represents ' land use ' area and are derived from the figures supplied by the Director of Survey and Land Records.

VILLAGE AND TOWN PRIMARY CENSUS ABSTRACT

BADAGARA TALUK

Sl. No.	Location code number	Name of district/taluk/village and kara, *muri* or *desom*/*forest* range/*town*, ward and territorial block No.	Area of village in acres and of *town*/ward in km²	Number of occupied residential houses	Number of households	*Total population* (including institutional & houseless population)			Scheduled Castes		Scheduled Tribes		Literate and educated persons
