NANDI HILLS, KOLAR

(Motif on the Cover)

The illustration on the cover page is that of the famous hill resort and tourist centre of the fortified Nandi hills in Chikballapur Taluk of Kolar District. The summit, 4851′ above sea level, commands a panoramic and extensive view of the surrounding country. The plateau at top slopes to the west and at the centre is a tank called *Amrita Sarovara* (Lake of Nectar).

This is a place of great antiquity and tradition relates the existence of a *Chaitya* founded by Rama and subsequently repaired by Kunthi, the mother of the Pandavas. Inscriptions indicate the reign of Cholas in 11th century in this area and also that the former name Nandagiri (hill of pleasure) was changed to Nandigiri (the hill of Nandi, the divine Bull). The hill was first fortified by the chiefs of Chikballapur but the remnants that are now seen relate to the extensive fortifications erected by Haidar Ali (1761—82 AD) and Tipu Sultan (1782—99 A.D.). A precipitous rock cliff at the south-west of the hill is pointed out as Tipu's Drop over which condemned prisoners are said to have been hurled. After this hill-fort came into the possession of the British it was gradually developed into a summer resort on account of its salubrious climate.

On top of this hill is the famous temple dedicated to Yoganandishvara and at the north-eastern base of this hill in the village Nandi is located the temple, dedicated to Bhoga Nandiswara which is one of the finest and most ornate of the Dravidian temples in Mysore. The Yoganandishvara temple is large and consists of a *garbhagriha,* a *sukhanasi* a *navaranga* and a *Kalyana mantapa.* The *Sukhanasi* has an ornamental doorway of brass of very fine workmanship.

PREFACE

It has been the tradition of the Census of India to present demographic data in as detailed a manner as possible so as to serve effectively the interests of the users of census data. It has also been a tradition to publish special volumes which incorporate both demographic and non-census data which are considered to be of great utility. In accordance with this practice, taluk and village tables used to be published which were, in the 1951 Census, replaced by the District Census Handbook series. These Handbooks replaced Part IV—Taluk Tables and Part V—Village Tables of the earlier censuses and presented a large number of tables of economic, demographic and social significance for taluks and urban areas. The 1961 District Census Handbooks were improved by extending the coverage and administrative statistics were also presented for each district for the preceding decade. The 1971 Census continues, as part of its Tabulation Plan, the District Census Handbook series.

The District Census Handbook is presented in three parts for each District. Part A incorporates the Town and Village Directories. Part B incorporates the Primary Census Abstracts and includes data, in the case of the rural areas, at the village level and in the case of urban areas at the block level. Part C incorporates other Census Tables and administrative statistics. For convenience, Parts A and B of the District Census Handbook are presented in one volume while Part C by itself is a separate volume.

Explanatory notes have been incorporated explaining the scope and content of the various statements, column headings etc. In addition, in Part B, an introduction is included wherein the changes in the jurisdiction, if any, of the district or of the taluks and the changes in the number of villages between 1961 and 1971 are explained. It would be useful to read these notes before one goes to the tables.

In this volume, the district and taluk maps have been incorporated. These maps have been prepared in this office on the basis of maps obtained from the competent authorities concerned. In the district map, to avoid crowding, the names of villages where community facilities exist have not been mentioned but their location code numbers have been indicated. Similarly, in the taluk maps, villages are indicated by their Location Code numbers. For the names of the villages, one would have to refer to the alphabetical list of villages of each of the taluks concerned. These alphabetical lists are incorporated in Parts A and B of this volume.

In the preparation of Part A of the District Census Handbook we have had the ready and full co-operation of all the Departments of the State Government. Our whole-hearted thanks are tendered to them gratefully. Part B is essentially demographic in nature and has been the end product of the tabulation of the enumeration results.

In the preparation of this volume we have had the benefit of the guidance and advice of Sri A. Chandra Sekhar, I.A.S., Registrar General and Census Commissioner for India. We have also been considerably assisted by the willing co-operation of Sri K. D. Ballal, Deputy Registrar General, Dr. B. K. Roy Burman, Deputy Registrar General (Social Studies) and Sri K. K. Chakravorty, Central Tabulation Officer. We are deeply indebted to them for all the assistance rendered.

The District Census Handbook (Parts A and B) presented in this volume is among the first few of the 1971 Census publications. Its early preparation has laid a heavy burden on all the officers and staff of this office. To each one of them I am deeply obliged. The Director of Printing and Stationery of the State Government has ensured printing in time and to him we offer our thanks. This is a State Government Publication and the interest evinced by the State Government has encouraged us, for which our thanks are tendered.

TOWN DIRECTORY

TOWN DIRECTORY

EXPLANATORY NOTES

The Town Directory consists of seven Statements the titles of which are as follows:—

Statement	I	Status, Growth History and Functional Category of Towns.
Statement	II	Physical Aspects and Location of Towns, 1969.
Statement	III	Municipal Finance, 1968–69.
Statement	IV	Civic and Other Amenities, 1969–70.
Statement	V	Medical, Educational, Recreational and Cultural Facilities in Towns, 1969–70.
Statement	VI	Trade, Commerce, Industry and Banking, 1969–70.
Statement	VII	Population by Religion and Scheduled Castes and Scheduled Tribes, 1971.

Statements I and VII have been compiled in this office, and Statements II to VI by obtaining the data from the Local Bodies having administrative control over the towns. The scope of the data and the meaning of the abbreviations used in each Statement are explained herein.

The concept of urban agglomeration has been adopted for presenting certain basic results of the 1971 Census. Smaller towns that are contiguous to a city of a major town and come within its urban influence are grouped together to constitute such agglomerations. In Mysore, five such agglomerations (*viz.*, those named after *Bangalore, Mangalore, Belgaum, Bhadravathi* and *Kolar Gold Fields*) have been recognised. In the Town Directory statements also, information relating to the Agglomeration and its constituent units has been presented at one place in bold print so that the serial order in which the Towns in a District are arranged does not get interrupted. Thus the names of the units which constitute the Agglomeration appear twice in each statement even though the particulars are provided at one place only.

STATEMENT I: *Status, Growth History and Functional Category of Towns.*

COLUMN 3: LOCATION CODE NO.:—Location Code assigned to the town in the 1971 Census consists of two elements an arabic numeral and one roman numeral separated by an oblique. The arabic numeral indicates the order of the District within the State when arranged in alphabetical order. Similarly the roman numeral indicates the order of the town within the District when arranged alphabetically.

COLUMN 4: NAME OF TALUK:—Name of the taluk in which the particular town is situated is given here.

COLUMN 5: CIVIC ADMINISTRATION STATUS 1970:—The following abbreviations are used to indicate the civic administration status:

(1) Municipal Corporation	..	C
(2) Municipality	..	M
(3) Town Committee/Town Area Committee/Council	..	TC
(4) Cantonment Board	..	CB
(5) Town Panchayat	..	TP
(6) Village Panchayat Committee	..	P
(7) Sanitary Board	..	SB
(8) Notified Area Committee/Council		NAC
(9) Others such as Town Board, Industrial Township, Project Areas not administered by any Civic Authority.		Indicated in full

COLUMNS 5 TO 13: POPULATION OF THE TOWN AT THE CENSUSES OF 1901 TO 1971:—Population figures for the towns since 1901 indicate their growth from Census to Census. Such figures have not, however, been furnished for the previous Censuses in respect of towns treated as towns for the first time in 1971 Census since they were rural areas formerly. The 1971 Census population figures are furnished in Column 13.

COLUMNS 14 AND 15: FUNCTIONAL CATEGORY 1961 CENSUS AND 1971 CENSUS:—In 1961 Census the workers were classified into nine industrial categories according to their activity, as follows:—

I. Cultivator;
II. Agricultural labourer;
III. Mining, quarrying, live stock, forestry, fishing, hunting, plantations, orchards and allied activities;
IV. Household industry;
V. Manufacture—other than household industry;
VI. Construction;
VII. Trade and Commerce;
VIII. Transport, storage and communications; and
IX. Other services.

The 1971 Census classification of workers remains basically the same but for the following deviations:—

(i) Category III of the 1961 classification has been split into two by recognising 'mining and quarrying' as an independent category and it now bears Category Number IV.

(ii) As a consequence of (i) above, the IV category of 1961 has been grouped with Category V and particulars of workers engaged in 'manufacturing, processing, servicing and repairs activities' have been presented under two sub-headings, *viz.*,

V. (*a*) Household Industry, and
(*b*) Other than Household Industry.

In order to determine the functional category of towns, these nine industrial categories are combined and re-grouped to yield five broad classifications by economic activity as under:—

Economic activity	*Industrial category number as per*	
	1961 *Census*	1971 *Census*
(1) Primary activities ..	I, II & III	I, II, III & IV
(2) Industry ..	IV, V & VI	V(*a*), V(*b*) & VI
(3) Trade and Commerce ..	VII	VII
(4) Transport ..	VIII	VIII
(5) Services ..	IX	IX

Then, for each town the percentage of workers under each of these five classes of economic activities to the total number of workers is calculated. If the percentage under any of these five activities equals or exceeds 40, such a town is regarded as *monofunctional* and that activity is specified in column 14 or 15. If the percentages are less than 40 in each and if the figures against any two add up to 60 or more, then such a town is regarded as *bifunctional* and the two predominant activities are specified under column 14 or 15. In case, the percentages of any two of the activities do not add up to 60 per cent such a town is regarded as *multifunctional* and in such a case, three of the predominant activities are specified under column 14 or 15.

STATEMENT II: *Physical Aspects and Location of Towns, 1969.*

COLUMN 3: ALTITUDE:—Altitude is given in metres above Mean Sea Level. The asterisk mark indicates that the data have been furnished by the Director General of Observatories. In all other cases, information as furnished by the Director, Southern Circle, Survey of India, has been adopted.

COLUMN 4: ANNUAL RAINFALL (in millimetres):—An asterisk mark placed at the top of the data, indicate that the data have been furnished by the Director General of Observatories and also that it is 30 years (1931–60) standard normal. In other cases, the figure represents the average rainfall over the period 1960–69 (yearwise data obtained from the Bureau of Economics and Statistics, Mysore).

COLUMNS 5 AND 6: MAXIMUM AND MINIMUM TEMPERATURE (in Degree Centigrade):—The asterisk mark indicates that the data have been furnished by the Director General of Observatories and also that it is 30 years standard normal (1931–1960).

Since specific information is not available for most of the towns, corresponding data available for the nearest town situated at approximately the same altitude, have been adopted. Such entries are distinguished by the notation 'N' (nearest).

NOTE:—In columns 3 to 6 when data in respect of the particular town are not available, corresponding data for the nearest town are given, and in such cases the symbol 'N' (nearest) has been used.

COLUMNS 7 TO 14: NAME OF, AND ROAD DISTANCE TO, IMPORTANT CENTRES:—Column headings are self-explanatory. Distances are given in kilometres. If the referrent town itself happens to be the headquartesr of district, or sub-division, taluk, etc., then the distance is noted as 'O'in the relevant column. In column 12 when one or more bus routes pass through the town, the name of the town is repeated and distance is indicated as 'O' In column 13, the abbreviations R and C stand for River and Canal respectively.

STATEMENT III: *Municipal Finance, 1968-69.*

Actual receipt and expenditure of the civic administrative body are furnished.

In the case of industrial townships and the like where civic amenities are the responsibility of the factory authorities themselves, the relevant particulars have been obtained from these authorities. Generally, as no taxes are levied by the factory authorities, receipts are mainly by way of house rent (if provided by the authority) and, water and electricity charges recovered from the occupants of the residential quarters. Under expenditure, the amounts spent on social overheads are shown.

City Improvement Trust Boards have been functioning only in the cities of Bangalore and Mysore. In Mandya during 1968–69, the Sugar Factory was responsible for providing amenities to the residents in Mandya Sugar Town, now included within the municipal limits of Mandya. In these cases, the receipt and expenditure are furnished separately for the two agencies.

STATEMENT IV: *Civic and Other Amenities, 1969–70.*

COLUMN 3: ROAD LENGTH:—Total length of all types of roads (*i.e.*, Cement, asphalt, metalled, mud, etc.) including the length of National and State Highways lying within the town limits is given in kilometres. Wherever information is available separately for *pucca* roads and *katcha* roads this has been noted in this column.

COLUMN 4: SYSTEM OF SEWERAGE/DRAINAGE:—The codes used for this column are:

(i) Sewers (either combined or separate)	.. S
(ii) Open Surface Drains	.. OSD
(iii) Box Drains	.. BSD
(iv) Sylk pattern Drains	.. SD

Even when only a portion of the town is served by any particular type of sewerage or drainage, the relevant code or codes have been entered under this column.

COLUMN 5: WATER-BORNE LATRINES:—Total number of flush-out latrines in the town (both private and public) has been indicated in this column. It is only in a few towns that such latrines are connected to sewers.

COLUMN 6: SERVICE LATRINES:—Total number of service (also called daily cleaned or DC for short) latrines, both private and public, in the town is entered under this column.

COLUMN 7: OTHER TYPES OF LATRINES:—Total number of other types of latrines, if any, in the town is furnished here.

COLUMN 8: METHOD OF DISPOSAL OF NIGHT-SOIL:—The manner in which the night-soil is collected and transported to the trenching grounds is indicated under this column using the following abbreviations:—

(1) Headloads	.. HL
(2) Baskets	.. B
(3) Wheel Barrows	.. WB
(4) Hand Carts	.. HC
(5) Others such as bullock carts, trucks, nightsoil tankers, tempos, etc.	Specified without using abbreviations.

For flush-out latrines which are connected to sew 'S' is the abbreviation used. If such latrines are c nected to septic tanks 'ST' is used.

COLUMNS 9 AND 10: PROTECTED WATER SUPP SOURCE AND CAPACITY:—In column 9 source of pro ted water supply is indicated using the following co

(1) River	.. R
(2) Tank/Lake	.. TK
(3) Tube Well	.. TW
(4) Bore Well	.. BW
(5) Canal	.. C
(6) Reservoir	.. RES
(7) Open Wells	.. W

In column 9, in respect of towns not having prote water supply a dash is used.

The quantity of water supply led out from the Sto Tank to the consumers per day is given in litre column 10. By "Protected water supply" is m supply of water through taps irrespective of wh the water so supplied has been filtered and chlorir or not.

COLUMN 11: FIRE-FIGHTING SERVICE:—Wh fire-fighting services exist or not within the limi the town has been indicated by 'Yes' or 'No appropriate.

COLUMNS 12 TO 16: ELECTRIFICATION:—U these columns, data regarding number of electrical nections (installations) are furnished. Information r to the period 1969–70 generally. The data obt from the Municipal authorities were got cross ch with those obtained from the Mysore State Elect Board.

Definitions of the column headings are as follo

(i) *Domestic:*—Connections to residential ings, schools, temples, non-commercial hostel bui and hospitals for lighting, heating and cookin classified as domestic connections. All-electric-l are also included under this category.

(ii) *Commercial:*— Connections to comn establishments such as wholesale and retail hotels, restaurants, tea stalls, cinema theatres, private nursing homes, shops run by medical tioners, commercial hostels and such other pr

which are used either partly or wholly for commercial purposes are classified as commercial connections.

(iii) *Industrial:*—Such connections (either high tension or low tension) include supply of power to industrial establishments where processes of manufacturing, servicing or repairs are carried on with the use of power. Apart from factories, smaller establishments such as flour mills, hullers, coffee grinders, etc., also come within the purview of this category.

(iv) *Road Lighting:*—The actual number of street lights in the town has been furnished.

(v) *Others:*—Connections to pumpsets, waterworks, temporary connections, etc., are furnished under this column wherever information was readily available. Data under this column are not uniform and hence cannot be compared.

STATEMENT V: *Medical, Educational, Recreational and Cultural Facilities in Towns, 1969-70*

COLUMN 3: HOSPITALS, DISPENSARIES, T. B. CLINICS, HEALTH CENTRES, NURSING HOMES:—Particulars regarding the different types of medical institutions functioning in the town are indicated by the following codes:—

(i) Hospital (equipped with facilities for the treatment of in-patients)	.. H
(ii) Dispensary	.. D
(iii) Health Centre (under this category the Government of India Pattern Primary Health Centres are also included)	.. HC
(iv) T. B. Clinic (if being run as an independent unit)	.. TBC
(v) Family Planning Centres	.. FC
(vi) Leprosy Centre or Clinic	.. LC
(vii) Others, such as private nursing homes and clinics run by registered medical practitioners.	.. O

Wherever Family Planning Centres (FC) and Maternity Wards (MW) are attached to Hospitals or Primary Health Centres, this has been indicated within brackets using the codes FC or MW as the case may be. Under (i) to (vi) above, only the institutions run by Government, local bodies or religious and social institutions have been included. Full data on such facilities offered by private agencies are not readily available.

COLUMN 4: BEDS:—Number of beds provided for in-patients in the medical institutions mentioned under column 3 is noted here.

COLUMN 5: COLLEGES: ARTS, SCIENCE, COMMERCE, ETC:—The number of colleges in the town providing general education in different faculties has been indicated under this column using the following abbreviations:—

(i) Arts only	.. A
(ii) Science only	.. S
(iii) Commerce only	.. C
(iv) Arts and Science	.. AS
(v) Arts and Commerce	.. AC
(vi) Science and Commerce	.. SC
(vii) Arts, Science and Commerce	.. ASC
(viii) Law	.. L
(ix) College of Education	.. Ed.
(x) Agricultural	.. Ag.
(xi) Home Science	.. HS
(xii) Colege for Oriental Degrees (Sanskrit, etc.)	.. OS
(xiii) Teachers Certificate Course	.. TCH

(Since no special provision has been made for certain professional subjects such as law, education, etc., in the format, these have been included under column 5.)

COLUMN 6: MEDICAL COLLEGES:—Colleges providing education in Allopathic, Ayurvedic, Unani and Homeopathic systems of medicine have been indicated separately using the abbreviations 'Al' for Allopathic, 'Ay' for Ayurvedic, 'Un' for Unani and 'Ho' for Homeopathy. For Dental College the abbreviation 'D' has been used.

COLUMNS 7 AND 8: ENGINEERING COLLEGES AND POLYTECHNICS:—These are self-explanatory.

COLUMN 9: RECOGNISED SHORTHAND, TYPEWRITING AND OTHER VOCATIONAL TRAINING INSTITUTES:—Abbreviations used in this column are as follows:—

(i) Shorthand Institute	.. Sh.
(ii) Typewriting Institute	.. Type
(iii) Both Shorthand and Typewriting	.. Sh. Type
(iv) Artisan Training Centre/Institute	.. ATI
(v) Occupational Training Institute	.. OTI
(vi) Industrial Training Institute	.. ITI
(vii) Tailoring Training Centre	.. TT
(viii) Gramodyog Training Centre	.. GT
(ix) Technical Training Centre	.. TTC
(x) Others; specified in the Statement separately.	

COLUMNS 10 TO 12:—HIGHER SECONDARY OR SECONDARY, JUNIOR SECONDARY OR MIDDLE AND PRIMARY SCHOOLS:—Schools providing Primary and secondary education have been classified according to the system of categorisation adopted by the Director of Public Instruction in Mysore, Bangalore.

(i) High Schools and Higher Secondary Schools are those where education is provided from Standard VIII and upwards upto Standard X or XI. These include composite schools which provide education from Standard I or Standard V upto Standard X or XI. Such composite schools have been treated as single units and their number indicated under column 10.

(ii) Junior Secondary or Middle Schools are those which provide education from Standard I to VII or V to VII.

(iii) Primary Schools are those where education is provided upto Standard IV.

(Under columns 10 to 12, Urdu, Tamil and Marathi medium schools, if any, in the town are also included.)

COLUMN 13: OTHER EDUCATIONAL FACILITIES: Others include nursery schools and Sanskrit and Arabic Schools which provide religious education, etc., and which are not classified as schools or colleges.

COLUMN 14: STADIA:—The number of stadia, if any, built according to modern standards has been shown under this column. Ordinary playgrounds attached to educational institutions, voluntary organisations, etc., and also 'parks' do not come within the purview of this column.

COLUMN 15: CINEMAS:—Touring Talkies of temporary nature are excluded and only the number of permanent cinema theatres is given under this column.

COLUMN 16: AUDITORIA/DRAMA HALLS: Number of auditoria and drama halls in the town is furnished.

COLUMN 17: PUBLIC LIBRARIES INCLUDING READING ROOMS:—Information about public libraries and reading rooms has been furnished clubbing the two, except in a few cases where data are separately available. 'PL' and 'RR' are the abbreviations used to denote Public Library and Reading Room respectively.

STATEMENT VI: *Trade, Commerce, Industry and Banking,* 1969–70.

COLUMNS 3 TO 5: IMPORTS—Names of three most important commodities imported into the town either for local comsumption or for export in the same or modified form, have been indicated here.

COLUMNS 6 TO 8: EXPORTS:—Names of three most important commodities exported, based on the estimated value or volume of transactions, have been indicated here.

COLUMNS 9 TO 11: MANUFACTURE: Names of three important commodities manufactured in the town based on volume or value of commodities produced have been indicated. Wherever relevant, names of articles manufactured in the town and known for their uniqueness have been included even though the volume or value of such products may not be appreciable or important from the point of view of scale of operations.

COLUMN 12: NUMBER OF BANKS:—Banks include both commercial and co-operative banks and for computing the numbers, each branch has been treated as a unit.

COLUMN 13: NUMBER OF AGRICULTURAL CREDIT SOCIETIES:—Self-explanatory.

COLUMN 14: NUMBER OF NON-AGRICULTURAL CREDIT SOCIETIES:—Non-agricultural credit societies include Industrial Co-operatives, House Building Co-operatives, Consumers' Co-operatives, Employees' Co-operatives, Fishermen Co-operatives and the like which provide credit for non-agricultural purposes.

COLUMN 15: REMARKS:—Remarks, if any, are given in this column.

STATEMENT VII: *Population by Religion and Scheduled Castes/Scheduled Tribes,* 1971.

This shows the distribution of population by religion and the numerical strength of Scheduled Castes and Scheduled Tribes.

VILLAGE DIRECTORY

VILLAGE DIRECTORY

EXPLANATORY NOTES

The Village Directory consists of eighteen columns and provides villagewise information about the amenities and land use pattern in the villages. In the case of *Becharak* (un-inhabited) villages, information is furnished only regarding land use (Cols. 3 and 11 to 15). Data presented in columns 1 to 18 have been obtained mainly from the Tahsildars and Deputy Commissioners. Towards the end of 1969, blank forms (with Kannada version of column headings) and copies of instructions printed in Kannada (explaining the manner in which each column should be filled) were mailed to the Tahsildars who in turn, distributed these forms to their Revenue Inspectors and collected the information.

The completed forms received back in this Directorate were scrutinised and omissions and mistakes observed were rectified, either by field visits to districts or through correspondence or both. The scope of each column heading and abbreviations used are given below:—

COLUMN 1: LOCATION CODE:—With a view to ensuring that every village, inhabited or un-inhabited in the Taluk is taken into account for purposes of Census Operations, location code numbers are assigned to each of the villages in a particular order. This number is noted under this column.

COLUMN 2: NAME OF THE VILLAGE:—In this column, the name of the *asli* (Main) village is given. An *asli* village may have some hamlets associated with it. The information in columns 3 to 18, therefore, is for the *asli* village and for the hamlets, if any, together. However, the names of hamlets with a population of 500 and over are mentioned below the name of the *asli* village with details, in columns 4 to 9, of amenities located in these hamlets.

In some cases, large parts of the original village are now included in municipal areas, leaving a small portion out of municipal jurisdiction. The latter is considered 'Rural' and classified as a village. To render the position clear the word Rural is mentioned in brackets against such places.

COLUMN 3: TOTAL AREA OF THE VILLAGE:—The total geographical area of the village has been furnished in acres.

COLUMNS 4 TO 9: Amenities available within the Village.

COLUMN 4: EDUCATIONAL:—Codes used to indicate the availability of educational facilities within the village are:

(i) For schools providing education from Standard I to IV. These are generally called Lower Primary Schools ..	Pr.S.
(ii) For schools providing education either from Standard I to VII or from Standard V to VII ..	Mid.S.
(iii) For schools providing education either from Standard I to X or V to X or VIII to X. (This includes Higher Secondary Schools, *i.e.*, XI Standard also) ..	Sec.S.
(iv) All colleges including vocational colleges ..	C.

NOTE: Where more than one such institution exists, the number is noted within brackets.

COLUMN 5: MEDICAL:—Medical facilities available within the village have been indicated by the following codes:

(i) Hospital equipped with beds for in-patients ..	H
(ii) Dispensary ..	D
(iii) Health Centre including Government of India Pattern Primary Health Centre ..	HC
(iv) Health Unit of Old Mysore Type..	HU
(v) Family Planning Centre ..	FC
(vi) Subsidised Medical Practitioner ..	SMP
(vii) Maternity and Child Welfare Centre ..	MCW

COLUMN 6: POWER SUPPLY:—'E' is noted in this column if electricity is supplied to the village either for industrial (or agricultural) purposes or lighting or both.

COLUMN 7: DRINKING WATER:—The codes used to indicate the sources of drinking water in the village are:

(i) Taps	T
(ii) Wells	W
(iii) Tanks	TK
(iv) Tube Wells	TW
(v) Rivers	R
(vi) Canals	C
(vii) Fountains	F
(viii) Hand Pumps	HP
(ix) Other sources such as ponds, streams, etc.	O

COLUMN 8: COMMUNICATIONS:—The following codes are used:

(i) *Pucca* Road, *i.e.*, the road surface may be cement, asphalt, metal or water bound macadum	PR
(ii) *Katcha* Road, *i.e.*, roads with natural soil, including cart-tracks	KR
(iii) Railway Station	T
(iv) Navigable River	R
(v) Navigable Canal	C

In case a village is served by *Pucca* Roads as also by *Katcha* Roads, the latter have not been taken into consideration for purposes of this column.

A village is assumed to be served by any of these communication facilities if such facilities are available within one mile of the village.

COLUMN 9: POSTAL AND TELEGRAPH:—Postal and Telegraph facilities available within the limits of the village have been indicated by the following codes:—

(i) Post Office. This may be a branch or sub-office or may even be the office of the extra departmental delivery agency	PO
(ii) Telegraph Office	TO
(iii) Post and Telegraph facilities	PTO
(iv) Telephone connection (apart from public call office, if any, the connections given to private parties have also been considered).	Phone

COLUMN 10: STAPLE FOOD:—Staple food (*i.e.*, staple cereals) of the major portion of the population of the village has been indicated here.

COLUMNS 11 *TO* 15: *Land Use:—This information is based on annual village records for* 1968–69 *generally.*

COLUMN 11: FOREST:—All lands actually classified as forest or administered as forests under any legal enactment dealing with forests, whether State-owned or Private, have been shown under this column. Wherever forest lands have been assigned for cultivation, the corresponding areas have been excluded from forest area and included under cultivated land.

COLUMN 12: IRRIGATED:—The net area irrigated from both private and public sources of water supply is indicated using the following abbreviations:

(i) Canal	C
(ii) Well (with or without electricity)	W
(iii) Tube well (with or without electricity)	TW
(iv) Tank	TK
(v) River	R
(vi) Water fall	WF
(vii) Others	O

Under this column, all lands classified as wet and garden lands by the Survey and Settlement Department are included. In South Kanara District, however, the extent of wet lands (which are classified into class I, class II and class III) only are shown under column 12 and the garden lands are shown under column 13 along with "other dry." All the three classes of wet lands in South Kanara District yield one crop of paddy; class II land yields an additional crop and class I yields two additional crops both of which are generally paddy. For all the three classes of wet land, rain is generally the source of water supply.

In Coorg District the rainfed wet lands have been included under column 13 along with the area under plantation crops, such as, coffee, cardamom, orange, etc. So also in the Districts of Shimoga, Chikmagalur and North Kanara rainfed wet lands yielding paddy are shown under column 13.

COLUMN 13: UN-IRRIGATED:—The extent of unirrigated but cultivated lands including current follows if any, has been furnished under this column.

This column also includes data on the special categories referred to in the note on column 12 above.

COLUMN 14: CULTIVABLE WASTE:—The area noted under this column includes lands fit for cultivation but not cultivated for more than five years in succession.

Such lands which are not put to any use, may be either fallow or covered with shrubs and jungle. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Lands under thatching grasses, bamboo bushes and other groves for fuel, etc., which are not already included under orchards or forests, have also been included here. All grazing lands whether they are permanent pastures or not, are also included under this column.

A little clarification would be necessary regarding lands considered 'cultivable waste.' In certain Districts of the State *Gomala* or *Gairana* (pastures) are set apart in each village for purposes of grazing the village cattle and generally these are considered as 'not available for cultivation.' However, when applications for assignment of lands are received, the revenue authorities work out whether any lands out of the existing pastures can be considered as in excess of requirement in relation to the number of livestock and whether such lands can be granted for cultivation. Thus the availability or otherwise of any portion of village pastures varies from year to year.

Further, the area noted under this column may not always be available for cultivation as quite often such areas are found to be either already under occupation, authorised or un-authorised, and even authorised lands might not have been entered as being 'cultivated' in the village records in a few cases. Some portions of pastures may also be actually un-cultivable being hillocks and barren fields. The area furnished under this column is, therefore, only approximate.

COLUMN 15: AREA NOT AVAILABLE FOR CULTIVATION:—The area noted under this column includes the land not available for cultivation such as barren and uncultivable lands and also lands put to non-agricultural uses. Land put to non-agricultural use includes all lands occupied by buildings, roads and railways, area under water, *e.g.,* rivers, canals, and tanks and land put to uses other than agricultural.

Barren and un-cultivable land covers hills, mountains, etc., and lands which cannot be brought under cultivation unless at a high cost.

COLUMN 16: NEAREST TOWN AND DISTANCE:—Name of the nearest census town, irrespective of whether it is located in the same district or not has been noted.

COLUMN 17: MARKETS HELD IN THE VILLAGE:—The days on which weekly markets are held are indicated here.

COLUMN 18: REMARKS:—Particulars of religious, historical or archaeological importance besides interesting information if any, regarding a village as available from published material has been briefly given in Appendix No. III. The reference to this Appendix has been indicated by numbers in such cases in this column.

General: (i) For each Taluk, Appendix I furnishes the villages arranged in an alphabetical order to facilitate cross reference.

(ii) Appendix II gives talukwise abstract of educational, medical and other amenities in respect of only the rural areas.

(iii) In a few cases, villages have been classified as Census Towns because they happen to satisfy the livelihood test or other characteristics which were applied for determination of urban areas. In such cases, for information the land use statistics are furnished in a separate Appendix for the District as a whole.

APPENDIX–III

APPENDIX III

(Brief Note on Places of Religious, Historical or Archaeological Importance)

BAGEPALLI TALUK

1. DEVARAGUDI PALLI: The Venkataramanaswamy temple here is in the Dravidian style. It is said to have been built in about 1391 A.D. by Tirumala Nayaka, during the reign of the Vijayanagar king Harihar Raya. The image of the principal deity is a beautiful specimen of 14th century sculpture. Annual car festival and cattle fair are held during May.

2. CHINAKAYILAPALLI: Nidumamidi Samsthana of religious importance is here.

3. VASANTHAPURA: The village has a hamlet called Gummanayakana Palya which till 1822 A.D. gave its name to and was the headquarters of the present day Bagepalli taluk. Gummanayakana Palya is a small fortified circular rock in the midst of a jungle. It appears to have originally been dependent on Patapalya, the abode of a Bedar chief Papa Nayaka. Subsequently a settlement was made there by Gummanayaka and Lakkanayaka, two brothers from Devarajahalli, who discovered a hidden treasure and induced some neighbours to join them. Asylum was also given to a band of freebooters from Cuddapah (Andhra Pradesh), on condition of payment of half the plunder they might obtain. For their protection, Lakkanayaka in 1364 A.D. built a line of defence round the rock naming it after his brother. He encouraged immigrants to settle in the neighbourhood and develop the lands. On his death in 1372 A.D. he was succeeded by his son Masal Nayaka who extended the territory. His son Kadrappa Nayaka (1412 A.D. to 1472 A.D.) is said to have introduced many wise regulations and appointed village accountants to superintend and encourage cultivation. Lakka Nayaka II, grandson of Kadrappa Nayaka, is said to have strengthened the fortifications and to have constructed a large tank to the west of the village. A few generations later where Narasimha Nayaka, a weak prince, assumed the chieftaincy he was assisted by a Dalavayi minister named Sani Narasimhaya. This Dalavayi, being ambitious, gained ascendancy in the State by his successful conquests which resulted in political intrigue in which Ramakka the wife of the Chief came to be involved. Her efforts to overthrow him with the help of the Maratha army failed and she set up a confederacy of the neighbouring chiefs who had lost their territory to Sani Narasimayya earlier. In the battle that ensued the Dalavayi was ultimately defeated. He was permitted by Ramakka to retire to Chikkaballapur with his family. Soon after, Gummanayakanpalya was reduced by the army of Haidar Ali, and the chief and his wife were taken prisoners. The chief later died, his reign having lasted for 64 years.

4. CHELUR: Car festival in honour of Kodanda Rama is held here during January every year. A cattle fair is also organised on the occasion.

5. MITTEMARI: Car festival in honour of Lakshminarasimha swamy is held here during March every year. A cattle fair is also organised on the occasion.

BANGARPET TALUK

1. VATTARAKUNTE: The village has a temple dedicated to Aranya (Forest) Anjaneya.

2. YALABURGI: The Venkataramana temple here has four sculptured pillars in the *Navaranga*, one of them being carved with figures of the ten incarnations of Vishnu. Among the epigraphs found at this village, four are *Virgals* of the 10th century A.D. and one a Tamil *Mastikal* of Rajendra Chola's time (11th century A.D.) — *Mastikals* bearing Tamil inscriptions are rarely met with in the State.

3. PEDDAPALLI: An annual car festival is held in honour of Gangamma during February.

4. MARIKUPPA: The village has temples dedicated to Vaddandamma and Someshvara. An annual car festival is held here during March.

5. DODDURU KARAPANAHALLI: An annual car festival is held here in honour of Byatarayaswamy during December–January.

6. HUNKUNDA: This is a place of great antiquity. The cave shelters to the west of the village appear to have been the dwellings of prehistoric men while the potsherds discovered to the south of the village indicate the existence of the village during the Shatavahana period (first and second century A.D). The inscriptions here mention several battles that were fought at this place at different periods and also show that it was under the control of Mahavali Banarasa (910–916 A.D), the Nolamba king Ayapa (919–925 A.D.) the Ganga king Narasimha (920 A.D.) and Uttama Chola Ganga among others. In the Tamil inscriptions the place is named Porkunram (Golden hill). The village has a temple dedicated to Chaudesvari and another dedicated to Shiva.

7. BETHAMANGALA: Till 1864, this village gave its name to and was the head quarters of the present day Bangarpet Taluk. Bethamangala is supposed to be a contraction of *Vijayaditya-mangala* derived from the Bana king Vijayaditya. During the Chola and the Hoysala periods this was a place of considerable importance. Near the Gangamma temple here in which two inscription stones (dated 904 and 944 A.D.) are worshipped, a Tamil inscription is found. On the rock known as *Kothilabande* near the local Eshwara temple fourteen short Tamil inscriptions of about the 13th century A.D. are found in different parts. The twelve feet high image of Anjaneya in one of the temples here is believed to have been installed by Arjuna. The Arkeshvara temple has sculptured pillars and near by two epigraphs are found. An inscription of the Nolamba period (10th century) is found in the local Vijayarangaswami temple. The principal deity, Vijayendra, is said to have been set up by Indra. Annual car festival is held here during April.

The village has a large tank of ancient origin. It is said to have been repaired in about 950 A.D. by king Iriva Nolamba. It again breached in 1095 A.D. and was soon afterwards restored by Chokkimaya, general of the Hoysala prince Vishnuvardana. In 1903 A.D. due to heavy rains the tank breached again and was repaired immediately. Drinking water to Robertsonpet and K.G.F. sanitary Board area is supplied from this tank. On account of the facilities available for boating in this lake, the place is of tourist interest as well.

8. VENKATAPURA [Hamlet Guttahalli]: According to a legend sage Bhrigu had his *ashrama* here. On a hillock of this village, a temple dedicated to Venkataramanaswamy is found. This place is popularly known as Bangaru Tirupathi (*i.e.*, Gold Tirupathi) by virtue of its proximity to Kolar Gold fields.

9. THALLAPALLI: An annual car festival is held here in honour of Someshvara during January. A cattle fair is also organised on the occasion.

10. BOODIKOTE: Budikote (fort of ashes) is said to derive its name from the immense holocausts that took place there at some remote period. An inscription belonging to the reign of the Banas (8th century A.D.) is found in this village. It is the birthplace of Haidar Ali who usurped the authority of the Mysore Rajas in 1761 A.D. Budikote formerly was the Jagir of Fathe Muhammed (father of Haidar Ali) a Faujdar under the Subedar of Sira. The village has temples of Venkataramana and Someshvara. An annual car festival is held here during March in honour of Venkataramana.

CHIKBALLAPUR TALUK

1. KALAVARA: The hill here, which rises to a height of 4,749′ above the sea level and forms part of the Nandidurg range is known as Skandagiri. Its summit was formerly fortified and it directly commanded the town of Chikballapur. Papaghni river is said to have its source in this hill.

2. MANCHANBELE: The local Anjaneya temple has Ornamental arches in *Saracenic* style of architecture.

3. PATRENAHALLI: The Gopalakrishna temple here has the idols of Rama and his three brothers, besides his consort Sita and his devotee Hanuman. Rama is represented as having four arms. This village has been adopted for development by FACT—Fertilizer manufacturers.

4. ANAKANUR: Ranganatha temple of this village belongs to the 12th century A.D.

5. NANDI: The village is situated at the north-eastern base of Nandidurg hill. It contains a temple of Bhoga Nandisvara which is surrounded with Chola inscriptions (11th century A.D.) in the Grantha characters. Though the village itself is said to have been founded by Rana Baire Gowda of Avati (14th century), this temple belongs to an earlier period. An inscription of Pallava period (10th century A.D.) is also found in the courtyard of the temple. This temple is perhaps the finest and the most ornate of the Dravidian temples in the State. It measures 370 feet by 250 feet. It is a double-temple consisting of two seperate shrines standing in a line with two *Nandimantapas* in front; the north shrine is dedicated to Bhoga Nandisvara and the south one to Arunachalesvara. Each consists of a *garbhagriha,* a *sukhanasi* and a *navaranga.* Amongst the several pieces of sculpture found in this temple mention may be made of a magnificent four-pillared *mantapa,* called *Kalyana mantapa,* built of black stone. The pillars are beautifully carved from top to bottom. The delicacy of work and the elaboration of details are simply marvellous. Birds, beasts, foliage and human figures are perfectly chiselled and not even an inch of space is left vacant. In front of this *Kalyana mantapa,* is a beautiful open *mukhamantapa* supported by 12 black stone pillars, which are very neatly dressed and sculptured in three panels all around. The *Prakara* (enclosure) of the temple has a verandah all round supported by sculptured pillars and the shrines of Apita Kuchamba, consort of Arunachalesvara, and of Prasanna Parvati, consort of Bhoga Nandisvara.

According to a copper plate grant it is learnt that the temple was built by Ratnavali, consort of the Bana king Bana Vidyadhara (8th century A.D). Another copper plate inscription unearthed in a well at Nandi registers a grant to the temple in 816 A.D. by the Rashtrakuta king Govinda III. The Nandimantapa in front of the Bhoga Nandisvara shrine has Chola inscriptions of 11th century A.D.

An annual fair is held in the village during Shivarathri festival (February–March).

6. NANDI HILLS: Nandidurga is a famous fortified hill at the termination of a range of hills of which it is the highest point. Its altitude is 4850′ above MSL and it is a popular holiday resort. There is an extensive plateau on the top which contains a well constructed tank called *Amrita Sarovara.* Close to this pond is a *Chabutara* (Platform) which is said to have been used by Tipu Sultan for offering prayers. Rivers such as Palar, North Pennar, Chitravati, Arkavati and Papaghni rise in and near about the Nandi hills.

According to legend, this hill was known as Kushmandagiri and here sage Kushmanda is said to have performed penance. From the earliest period, and throughout their time, the Gangas had the title "Lord of Nandgiri" and this place was a Jain centre as evidenced by inscriptions at the Gopinatha hill. It is said that the name Nandagiri (hill of pleasure) was changed to *Nandigiri* (hill of Nandi, the Divine Bull, vehicle of Shiva) in 11th century A.D. by the Cholas who overthrew the Gangas. The Yoganandisvara temple is situated at the summit of the hill and has an inscription of 11th century A.D.

Nandidurga was a formidable stronghold of Tipu Sultan and was captured by the British army under Lord Cornwall is in 1791 A.D. Ruins of extensive fortifications now surround the summit. A precipitous cliff at the south-west angle is pointed out as Tipu's Drop being the place over which prisoners are said to have been hurled at the orders of that ruler.

The temperature on top of the hill is very much less than that of the plain about 1800 feet below. It attracts tourists all through the year and is regarded in particular as a favourite summer resort.

7. AGALAGURKI: The village has a Veerabhadra temple. Near the Nandi in front of the shrine is a prostrating figure with the label Bolaveerayya. In the *navaranga* is found a profusely ornamented figure about four feet high which is said to represent Settappa who built this temple. To the east of the Gopalakrishna tank here on

way to Nayindahalli, is found a slab containing an inscription on one side and a figure of Mahishasura Mardini on the other.

8. AJJAVARA: The Ranganatha temple here has a stone *brindavana* at the bottom of which, on the front face is sculptured a figure of Ranganatha about 3′ long.

CHINTAMANI TALUK

1. ALAMBAGIRI: An ancient temple of Venkataramana is found here.

2. RAMENAHALLI: Inscription stone belonging to the 9th century A.D. found here refers to the reign of Ganga king Sri Purusha.

3. KAIWARA: This village is identified with Ekachakrapura, where the Pandavas lived for sometime during their exile and where Bhima killed the demon Bakasura. There are temples dedicated to Amaranarayana, Bhimeshwara. Sahadeshvara and Nakuleshvara. They are all of Dravidian style. Inscriptions here indicate that the images of God Amaranarayana, Bhimeshvara and Sahadeshvara, were already there by about 1283 A.D. The entrance porch of Bhimeshwara temple which is the most beautiful part of this temple, is one of the finest in the State. An annual car festival is held in honour of Amaranarayana during March.

In a hill close by, called Chikkabetta, but known as Chidambaragiri in the *sthalapurana,* a cave is pointed out into which Bhima is said to have thrown the carcass of Bakasura and closed the entrance with a large boulder. It is said that on certain occasions, liquid of a white or red colour trickles from the cave over the boulder and this is believed to represent the pus or blood coming out of Baka's wound. The kites and crows eagerly eat this liquid. Omens are drawn from the flow, which if of a red colour on occasions such as Shivarathri, is supposed to portend evil for the village, while a mixture of white and red is taken to be a good omen.

4. UPPARAPET: Ambajidurga near by is a lofty hill with its summit rising to 4399' above MSL. This hill was fortified by Tipu Sultan, but fell to the British in 1791. There is a Shiva temple on top of the hill. There is also a structure, resembling a powder magazine, known as *yenne kanaja.* Till 1873 AD., the surrounding *hoblis* formed a taluk called after this hill with headquarters at Chintamani.

5. BURUDUGUNTE: An annual car festival is held here during April in honour of Goddess Gangamma. On this occasion a cattle fair is also organised. The village has a Venkataramana temple which was renovated recently. It was the headquarters of local chieftains in the past.

6. BODAMPALLI: An annual car festival is held here during May in honour of Venkataramanaswamy. A cattle fair also takes place on this occasion.

7. MURUGAMALLA: Periodical prayers (*Urs*) are held by Muslims at the local *darga* (tombshrine) of Fakir Sha Wali.

GAURIBIDANUR TALUK

1. DODDA KURUGODU: The place is also called Viduraswatha. Tradition has it that in ancient times it was the residence of Vidura, an uncle of the Pandavas. An *Aswattha* (peepal) tree of great age, said to have been planted by Vidura is, even to this day, an object of worship under the name *Viduraaswattha.* It is a place of pilgrimage and an annual car festival is held during *chaitra* (March–April) when a cattle fair also takes place.

2. ALAKAPURA: An ancient temple of Channa Someswara is found here. An annual car festival and a cattle fair are held during January.

3. HOSSUR: The place has some historical importance in that it was occupied under the name of *Hosavidu,* the New camp or residence, by the Hoysala king Ballala III (1291–1342 AD). In 1355 AD., as Hospatna it apparently formed one of the boundary towns of the early Vijayanagara Kingdom and was a royal residence under Bukka Raya 1. It lost its importance in 1687 AD. when the Bijapur power was overcome by the Mughals.

GUDIBANDA TALUK

1. YELLODU: On a hillock nearby is found the temple dedicated to Adinarayanaswamy. The annual car festival held during February is of some religious importance in the neighbourhood.

KOLAR TALUK

1. PAPARAJANAHALLI: This village is situated on the top of a hill having a picturesque surrounding on all sides. There is a Shiva temple and a Darga (tomb) said to be of Usmanali. In front of the Shiva temple, is a fine stone umbrella with carved basement. There is a cave known as Bhutagaudas cave situated near a rock called Kotikallu, with a Kannada inscription which appears to have been once occupied by a Lingayat preceptor. There is a fortified hill to the east of the cave, called *Durga,* which was once the residence of Mughal Subedar Kasim Khan. There is the temple of Gangadhareshwara in Teruhalli containing Tamil inscriptions on its outer walls. To the north of Teruhalli there is a large cave known as *Pandavara hazara.*

2. VAKKALERI: Copper plates of the 8th century, which threw much light on the exploits of the Chalukyas and contemporary political events of the south were found here. On the Vokkeleri hill, there is a temple dedicated to Markandeshvaraswamy, where annual *Jatra* and cattle fair is held in the month of *Magha* (February). A socio-economic survey was conducted here as part of the 1961 census.

3. BELLUR: This village is named in some of the epigraphs as "Vishnuvardhana Chaturvedi Mangalam" after the Hoysala king Vishnuvardhana. Certain records of the place go back to the period of Sripurusha, a Ganga king of 8th century AD. This place appears to have once been a home of several Shrivaishnava scholars, whose descendants are still living in the village. They say that they are the lineal descendants of Prativadibhayankaram Anna, a disciple of Manavalamahamuni, the great Srivaishnava teacher and author who flourished in the 14th and 15th centuries. It appears that one of their ancestors named Vellurappa or Annangaracharya came from Kanchi and settled at Bellur, some 173 years ago. He was about to leave the village, as some of his disciples belonging to hunters community were addicted to beef. But those disciples swore on his foot prints, now pointed out on a rock of Chikkaurukalagudda, that they would give this up and entreated him to stay in the village. There is a temple dedicated to Rama, who is referred to as Vala Vanda Perumal in the Tamil inscriptions.

4. SEETHY: This place was of considerable importance during the Chola and the Hoysala periods. It is also mentioned in the records of the early Vijayanagara kings. On a low hill nearby there are two large temples of Shripathishvara and Kalabhairava. The latter temple is carved with inscriptions of which the oldest is of Hoysala king Vishnuvardhana (1110–1152 AD). Of the others a large number relate to Tamil Gangas and a few to Vijayanagara kings. An inscription of the 14th century AD. alludes to the practice of offering a finger to the God Kalabhairava. The practice of offering a finger or two to this god was customary among a large section of the people such as Morasu Vokkaligas, Reddies, etc. As this custom was banned by an order of the Government some 7 decades ago, a harmless practice of having the devotees fingers wound round with flowers in the temple and unwinding the same with ceremony has come into vogue.

It is said that the image of Shripatishvara deity on the hill was set up by Shripati or Vishnu and hence the place was called Srihatti or Sihati later corrupted to Seethy. There are shrines of Virabhadra and Mahishamardini in this temple and an inscription in Tamil of Rajendrachola (1024 AD).

On the top of the hill there is a large cave which has a few multilated figures and the people call it as Bhupatamma's temple. Car festival is held in honour of Sripathisvaraswamy during March every year.

5. SUGATUR: This place was the headquarters of a line of local chiefs, during 1417–1669 AD. They had the general name Tamme Gauda and for some military service rendered by them, the title of Chikka Raya was conferred on them by the Vijayanagara kings.

6. VANARASI: It is believed that one Iralappa, who resided in this village did great service to the villagers by routing their enemies and that he was treacherously attacked and mortally wounded by some persons while returning from the fray. A temple was built in his name by his admirers. A *Jatra* and cattle fair is held annually in his honour in the month of *Chaitra* (March–April).

MALUR TALUK

1. MADIVALA: The Gangadhareshvara temple here is an old structure dating back to the Chola times. There are inscriptions here of the Chola, the Hoysala, and the Vijayanagara kings. The earliest is of 1112 AD. during the reign of Kulottunga Chola I.

2. THORNAHALLI: It is known for its temple of the goddess Sappalomma, who is known by that name, because she is among other things, believed to cure the cattle disease known as *Sappejadya*. An annual *Jatra* is held in *Pushya masa* (January) which attracts large number of people and where nearly 45,000 heads of cattle are brought for sale.

3. SIVARAPATNA: This village has several old lithic records mostly of Ganga king Sri Purusha (760–788 AD). The name of the village appears to have been derived from Shivamarapattana, the residence of Shivamara II, (788–794 AD.) son of Sri Purusha. The village is noted for manufacture of images in stone and metal.

4. CHIKKA-KADATHUR: To the south-west of this village is situated the Siddappa temple with a large number of hero shrines in front and at the sides. There is a *mantapa* mounted by a fine tower which is sculptured on all sides.

5. CHANNARAYAPURA: In a jungle near this place there are sculptures which are beautiful and realistically executed. A huge slab 7' by 5' shows a man attacking a tiger. An inscription of the reign of the Ganga king Sivamara (670–726 AD.) is found at Bhaktarahalli nearby.

6. TEKAL: According to a tradition the village once had 101 temples and an equal number of *thirthas* (springs). The Varadaraja temple in the Dravidian style here has a lofty *mahadvara* or outer-gate and faces west. On its basement are found a number of Tamil inscriptions. The Singa Perumal temple which is now in ruins appears to have been a fine structure with sculptured pillars and neatly dressed lintels and capitals. The village has an Anjaneya temple and a Patalamma temple. Tekal has been mentioned as the headquarters for some 76 villages in an inscription of the 9th century AD. The Tekal hill has a magnificent cave measuring $150' \times 70' \times 50'$ known as *Bhimana Garadi*. The approach of the cave is very difficult and according to tradition Bhima, the Pandava prince used to practice gymnastic exercises here. The hill to the north of Tekal is known as Bhupatiyamma's hill and it has a cave called *Rokkada gavi* (cash cave). This cave is plastered over inside and is supposed to have contained the treasure of the former rulers of the place. During the first half of the 15th century AD. Goparaja, a Salava chief was ruling at Tekal and Gopasandra a village near by is named after him.

7. MASTHI: This village is said to have been founded in the 16th century by Chokkababati, a petty chief from the neighbourhood of Conjeevram, who fled to save his daughter from disgrace by the ruler of that country. He was summoned to Vijayanagar by king Achutha Raya and for the military services rendered he was granted possession of a territory yielding a revenue of 20,000 pagodas. The chief had Masti as his headquarters. On the capture of Kolar by the Marathas, this territory was annexed to Hoskote.

8. CHIKKATHIRUPATHI: It is a well known place of pilgrimage. The Srinivasa temple here was set up by Yagneshwara and the temple renovated by king Janamejaya. Offerings which could not to be taken to Tirupathi in the Chittoor District are delivered at this temple.

MULBAGAL TALUK

1. AVANI: The region round about this place is known as *Avantika Kshetra* and is a place of great sanctity. According to a legend poet Valmiki, the author of Ramayana, had his residence or *Ashrama* here. Sri Rama is believed to have stayed here for sometime on his way from Lanka to Ayodhya. When banished by Rama, Sita is said to have come down to the *Ashrama* of Valmiki, finding in this sage a protector for herself and a preceptor for her sons, and given birth to her twin sons Lava and Kusha. The correct name of the village is Ahavaniya. The place finds a mention in a Bana inscription (339 AD.) and in a later inscription it is called the Gaya of the south. Shraddhas (death anniversary) performed at the spring here called Dhanushkoti, are supposed to be as meritorious as those performed at Gaya. There are a few inscriptions in the temples of Lakshnanesvara, Parvati, etc., and 2 *virgals* of Nolamba period (11th century AD.) These belong to the reign of the Pallavas, the Cholas, the Hoysalas and the Vijayanagar kings and indicate the importance attached to this place during the various periods.

To the east of the Avani hill two rocks are named after Rama and Lakshmana and another called Tottalgundu after Sita who is said to have witnessed from top of that rock the battle that raged between her sons on the one side and her spouse and his army on the other over the sacrificial horse. A number of ruined temples and springs are found on this hill.

The temples at Avani, which are enclosed in a large courtyard contain mostly *lingas* said to have been installed by Rama, Lakshmana, Bharatha, Satrugna, Hanuman, Sugriva and Angada and called Rameshvara and so on after their names. There are also temples of Parvati, Ganesha, Virabhadra and Subramanya. These temples are said to have been repaired in the fourteenth century AD. by Ilavanji Raya and Vasudev Raya who came here together with a merchant named Navakoti Narayana Setti from Kumbakonam.

An annual festival lasting for a week is held in honour of Ramalingesvara from *Maga Bahula Chaturdashi* (March) and simultaneously a cattle fair is also organised.

2. KUDUMALE (Kurudamale): At the foot of the hill called Kudumale are found ruins of several large temples attributed to Jakanachari. Someshvara and Ganesha temples here are noteworthy; the former is a splendid specimen of Dravidian architecture. The *linga* faces east with only a perforated window opposite to it instead of an entrance as usual. Near the window stand three figures which are said to represent Ilavanji Vasudeva Raya a Chola chief and his consorts. This chief belongs to 13th century AD. and is said to have renovated this temple. The Ganesha temple is the oldest in the village and has a huge figure about ten feet high with pedestal. The beautifully carved images formerly of the Chennaveeraswamy temple are now kept in the Ganesha temple. This place is said to have been known as Ganeshagiri, Kutachala and Yadavachala in the *Krita, Treta,* and *Dwapara Yugas* or ages respectively. In the *Kali* age its name is said to be Kaundinya-kshetra as it was the site of the hermitage of sage Kaundinya. The Kaundinya river, a tributory of the Palar, has its source here.

3. NANGLI: This was an important frontier station from the time of the Hoysalas in the 12th century AD., and is constantly enumerated among the conquests of Vishnuvardhana.

SIDDLAGHATTA TALUK

1. MELUR: An annual car festival and a cattle fair are held here in honour of Gangadevi during March–April.

2. NALLARALLAHALLI: An annual car festival and a cattle fair are held here in honour of Ramalingeswara Swamy.

3. SADALI: This village is said to have been established by Sahadeva, the youngest of the Pandava brothers and therefore called Sahadeva-patna. It is said that while on a visit to the hermitage of sage Saka, this spot was selected for the township by the sage. When this neighbourhood was annexed by the army of the Bijapur Sultan to the province of Sira, it was bestowed as a *Jagir* on two Muslim chiefs who disposed of it in 1459 A.D. privately to Dodda Baiche Gauda of Chikballapur.

4. THALAKAYALABETTA: An annual car festival and a cattle fair are held here in honour of Venkataramana Swamy.

SRINIVASPUR TALUK

1. HEBBATA (Hebbetta): This is a place of antiquity referred to as Perbetta and Pervettam in Kannada and Tamil epigraphs. One of the inscriptions here refer to the reign of the Ganga king Sripurusha (760–788 AD.) and another refers to the reign of Nolamba kings. An interesting discovery at the place is a *Yantra* stone (Talisman) set up by the order of the Ganga king Marasimha (961–974 AD.) for the benefit of the village cattle. The front of the stone has some mystical diagrams with certain letters in the interstices, while the back portion has 32 small squares each containing a word of *Sarvatobhadra* verse. It is generally believed that the water with which the diagram is washed is efficacious in curing cattle diseases.

2. KOOLAGURKI: An annual car festival and a cattle fair are held here in honour of Gangammadevaru.

INTRODUCTION

Kolar District, situated in the southern *maidan* region of Mysore State, lies between 12°48′ and 13°58′ north latitude and between 77°22′ and 78°35′ east longitude. The district, covering an area of 8283 sq. kms, has a population of 1,516,646, of whom 773,293 are males and 743,353 are females according to the 1971 Census. The density of population of the district is 184 persons per sq. km. The district is bounded on the south by Salem district of Tamil Nadu, on the east by Chittoor and Cuddapah districts of Andhra Pradesh, on the north by Anantapur district of Andhra pradesh and on the west by Tumkur and Bangalore districts.

The district consists of the eleven taluks of Bagepalli, Bangarpet, Chikballapur, Chintamani, Gauribidanur, Gudibanda, Kolar, Malur, Mulbagal, Siddlaghatta and Srinivaspur with 3,317 villages and 14 towns. The towns are: Bagepalli, Bangarpet, Chikballapur, Chintamani, Gauribidanur, Gudibanda, Kolar, Kolar Gold Fields, Malur, Manchenahalli, Mulbagal, Robertsonpet, Sidlaghatta and Srinivaspur.

In 1961 the district consisted of the same number of taluks but 3,247 villages and 13 towns. The district and also the taluks have not undergone any change in jurisdiction between 1961 and 1971, except for a minor transfer of 5 acres 3 guntas of S. No. 19 of Abkavaripally village in Bagepalli Taluk to Andhra Pradesh under the Andhra Pradesh and Mysore (Transfer of Territories) Act, 1968. The increase in the number of villages by 70 between 1961 and 1971 is due to the reasons explained below :

1. Bagepalli Taluk :

228 villages in 1961 and 228 in 1971.

No change.

2. Bangarpet Taluk :

318 villages in 1961 and 389 in 1971.

(a) Under the Order of the State Government No. LAW 51 LNG 62 of 20.2.64, the K.G.F. Sanitary Board Area was reconstituted. Robertsonpet, formerly a part of this area was separated and declared a separate municipal area. Also, 76 villages, included within the K.G.F. Sanitary Board Area, were transferred to the taluk. Although 76 villages were transferred to the taluk, only 72 of them have actually been included in the 1971 list of villages. This is because :

i) Doddur and Karpanahalli which were listed as separate villages in the Government Order have been treated by the Tahsildar as one village called Dodduru-Karpanahalli (L.C. No. 123) ;

ii) Kudigal and Pitchapalli which were listed as separate villages in the Order have been treated as hamlets of Gattakamadenahalli (L.C. No. 84) ;

iii) Karimanahalli, also listed as a separate village in the order, has been treated as a hamlet of Maliyangurki village (L.C. No. 117) ;

iv) Chinnamaripalli and Pura, listed as separate villages in the order, have been indicated as hamlets of Doddamanihalli (L.C. No. 294) and Bodenahalli (L.C. No. 304) respectively.

v) Gangadoddi, listed in the order, is not included in the list of villages as it is included in Robertsonpet Town limits ;

vi) Guvvalahalli (L.C. No. 90), Kempathimmanahalli (L.C. No. 94) and Malayanagurki Amanikere (L.C. No. 115) are listed as separate villages in 1971. The changes indicated in (i) to (v) result in the deletion of 7 villages while (vi) results in the addition of 3, the net reduction being, thus, 4 from the 76 listed in the Government Order. Therefore, 72 villages are the net addition of the villages transferred from the former Sanitary Board Area.

The list of 72 villages in Bangarpet taluk transferred to the taluk (rural) from the K.G.F. Sanitary Board Area are the following :-

Sl. No.	Name	1971 L.C. No.

3. Chikballapur Taluk :

251 villages in 1961 and 251 in 1971.

No change.

4. Chintamani Taluk :

403 villages in 1961 and 403 in 1971.

No change.

5. Gauribidanur Taluk :

236 villages in 1961 and 236 in 1971.

No change.

6. Gudibanda Taluk :

107 villages in 1961 and 105 in 1971.

The two villages of 1961, Battarenahalli (L.C. No. 90) and Minchalahalli (L.C. No. 91) which were treated as separate villages in 1961 have been listed as hamlets of Bhogenahalli (L.C. No. 93 in 1971). These are hamlets of the latter according

to the Index of Land Records. Hence there is a decrease of two villages in this taluk in 1961.

7. Kolar Taluk :

361 villages in 1961 and 361 in 1971.

No change.

8. Malur Taluk :

364 villages in 1961 and 364 in 1971.

No change.

9. Mulbagal Taluk :

343 villages in 1961 and 344 in 1971.

The portion of revenue area lying outside Mulbagal town limits which was not included as a separate village in 1961 is included as a separate village in 1971 called Mulbagal (Rural) (L. C. No. 1). This has resulted in an addition of one village in 1971.

10. Sidlaghatta Taluk :

289 villages in 1961 and 289 in 1971.

No change.

11. Srinivaspur Taluk :

347 villages in 1961 and 347 in 1971.

No change.

The decrease in the number of towns from 13 in 1961 to 14 in 1971 is due to the addition of Robertsonpet as a separate town in 1971 on its being declared a separate town by Government Order dated 26th October 1964. This town was formerly included in the K. G. F. Sanitary Board Area.

At the 1971 Census the concept of Town group has been given up and the concept of Urban Agglomeration has been adopted. Kolar Gold Fields Sanitary Board and Robertsonpet are grouped together to form Kolar Gold Fields Urban Agglomeration in 1971.

EXPLANATORY NOTE

In Part B of the District Census Handbook of each district the "Primary Census Abstracts" are presented. These are the basic tables of demographic importance obtained on a full count of the individual slips. These tables are furnished villagewise for the rural sector and by Enumerator Block in respect of each Census Town in the urban sector.

The Primary Census Abstract, the P.C.A. as commonly referred to, for the District and its constituent Taluks arranged alphabetically, is presented first. The P.C.A. data for the urban units within each taluk are also included therein. In the tables the abbreviations T, R and U are used. T stands for total, R for rural and U for urban. After the District P.C.A. a map of each Taluk, village list and the Taluk P.C.A. follow.

The concept of Urban Agglomeration has been adopted for presentation of some of the basic results of the 1971 Census replacing the 'Town-Group' concept of the 1961 Census. Small towns around a city or a major town which are contiguous and are within its urban influence are grouped together with the city or the major town to constitute an Urban Agglomeration. In Mysore State, five such Urban Agglomerations named after the respective cities of Bangalore, Belgaum, Bhadravati, Kolar Gold Fields and Mangalore have been recognised. Separate statements of the P.C.A. data of these agglomerations are presented in the respective District Census Handbooks.

COLUMN 1. LOCATION CODE NUMBER : The Location Code Number is the number assigned to each village within a Taluk and each Census town within a district in a particular order. The numbers assigned to taluks and villages are International numerals while those assigned to towns are Roman numerals. The Districts in the State were arranged alphabetically and numbered serially with International numerals.

Kolar District has the location code number 12. The taluks and towns of the District bear the following location code numbers:

Name of Taluk	Location Code No.	Name of Town	Location Code No.
1	2	3	4
BAGEPALLI	12/1	BAGEPALLI	12/I
BANGARPET	12/2	BANGARPET	12/II
CHIKBALLAPUR	12/3	CHIKBALLAPUR	12/III
CHINTAMANI	12/4	CHINTAMANI	12/IV
GAURIBIDANUR	12/5	GAURIBIDANUR	12/V
GUDIBANDA	12/6	GUDIBANDA	12/VI
KOLAR	12/7	KOLAR	12/VII
MALUR	12/8	KOLAR GOLD FIELDS (SB)	12/VIII
MULBAGAL	12/9		
SIDLAGHATTA	12/10	MALUR	12/IX
SRINIVASPUR	12/11	MANCHENAHALLI	12/X
		MULBAGAL	12/XI
		ROBERTSONPET	12/XII
		SIDLAGHATTA	12/XIII
		SRINIVASPUR	12/XIV

COLUMN 2. NAME OF VILLAGE/TOWN/WARD/URBAN ENUMERATOR'S BLOCK: Names of villages and towns corresponding to the location code numbers given in Column I, are noted here.

The particulars presented against each village include the data relating to the *asli* (main) village and also its hamlets, if any. Large hamlets which returned a population of 500 or more have been separately mentioned in Appendix No. I in view of their sociological importance. But, for such hamlets, only the particulars of population by sex, as culled out from the Enumerator's Daily Posting Statements are furnished. The population data of such hamlets should, therefore, be regarded as only approximate since it is not based on actual tabulation but only on the Enumerator's Daily Posting Statements.

The Census village corresponds generally to the Revenue village and its jurisdiction is defined as the area included within the geographical boundaries of the Revenue village bearing the same name. When a portion of the Revenue village stands incorporated in a municipality, the area so included is regarded as part of the town. In all such cases, the remaining land situated outside the municipal limits, if any, is considered as a separate Census village-unit for purposes of enumeration. For such residuary area the suffix 'Rural' has been noted against the name of the place which may also have been indicated as a Town under the same Taluk. The P.C.A. presented against such places relates

to the area situated beyond the municipal limits of the concerned towns.

A Revenue village, the entire geogrophical area of which stands included within the limits of a municipality, ceases to be a Census village by virtue of its having been accounted for under the concerned town.

Reserve forest areas which do not form part of any Revenue village are also reckoned as Census villages and such geographical units are assigned location code numbers along with other villages of the concerned taluk.

Regarding urban areas, the name of the town, the names (numbers/alphabets) assigned to the constituent Municipal Wards/Divisions, if any, and the number assigned to each enumerator's block within it are given in this column. The jurisdiction of each block is indicated in a statement immediately after the tables of the urban-block P.C.A. of the Taluk.

The places administered by Municipal Corporations, Municipalities, Cantonment Boards, Notified Area Committees or Local Bodies such as Town Boards, Civil Lines, etc., are classified as urban areas or towns. Besides, certain other places which satisfied the following criteria are also classified as Census Towns:

(a) Minimum population of 5000 persons.

(b) Density of 1000 persons per sq. mile (or 400 persons per sq. km.)

(c) At least 75 per cent of the male working population engaged in pursuits other than agriculture.

A few other places which did not satisfy fully these conditions but were regarded as having pronounced urban characteristics are also classified as towns.

COLUMN 3. AREA OF VILLAGE IN ACRES AND TOWN/WARD IN Km^2: The particulars of the total geographical area of the Village furnished by the Tahsildars of the concerned Taluks, and of the Towns and their constituent Municipal Divisions or Wards as furnished by the Local Bodies concerned are given in acres and sq. kms. respectively in this column. The area of the District as furnished by the Surveyor General, India through the Central Statistical Organisation is shown against the District total, while the area af each Taluk as furnished by the Director of Survey, Settlement and Land Records in Mysore is shown against the Taluk total. No attempt has been made to reconcile the area figures obtained from these three different sources.

In some cases, the villages bear the same name as the adjacent town for example, Bellary (Rural). These indicate cases where only a part of the village area is included in the contiguous municipal area, leaving some portion within the rural area which, therefore, is included in the village list. It has not always been possible to determine the exact areas of the portions of such villages included within municipal limits. Therefore, no attempt at determining the exact area of that part of the village in the rural limits has been made. The area shown in this column against such cases includes the area merged within the limits of the contiguous town.

COLUMN 4. NUMBER OF OCCUPIED RESIDENTIAL HOUSES: A Census House is defined as "a building or part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used or recognised as a separate unit." In this column the number of such houses which were in actual use for residential purposes either partly or wholly, at the time of the enumeration (*i.e.*, between 10-3-71 and 31-3-71) is given.

COLUMN 5. NUMBER OF HOUSEHOLDS: A Household is defined as "the entire group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevent them from doing so." It may consist entirely of persons related to each other or may be made up of a few related and other unrelated persons or of totally unrelated persons. A household may also consist of a single individual. Those households which are made up of groups of unrelated persons such as in hostels, inmates of jails, boarding houses, hotels, chummeries, etc., are regarded as Institutional Households. Households that do not live in Census Houses are called Houseless Households. The total number of households including Institutional Households and Houseless Households, if any, in the village or the block is given here.

COLUMNS 6, 7 AND 8: TOTAL POPULATION (Including Institutional and Houseless population): The column headings are self-explanatory. The abbreviations 'P,' 'M' and 'F' appearing in several sub-columns

of the P.C.A. stand for the number of Persons, Males and Females respectively.

COLUMNS 9 AND 10. SCHEDULED CASTES: These two columns furnish the population of Scheduled Castes by sex. By Scheduled Castes are meant "all such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article 341 of the Constitution of India to be the Scheduled Castes for the purposes of the Constitution of India." Scheduled Castes are limited only to Hindus and Sikhs.

COLUMNS 11 AND 12. SCHEDULED TRIBES: These two columns furnish the population of Scheduled Tribes by sex. By Scheduled Tribes are meant "all such tribes or tribal communities or parts of a group within such tribes or tribal communities as are deemed under Article 342 of the Constitution of India to be Scheduled Tribes for the purposes of the Constitution of India." Persons belonging to the Scheduled Tribes may profess any religion.

The Scheduled Castes and Tribes notified in the State are indicated in Appendix No. II. The data on the individual Scheduled Castes and Scheduled Tribes are presented in Part C of the District Census Handbook.

COLUMNS 13 AND 14. LITERATE AND EDUCATED PERSONS: A person who can both read and write with understanding in any language is regarded as literate even though such a person may not have attained any educational standard or may not have received any formal education. By convention, all children of the age of 4 years or less are treated as illiterate even if a child of this age-group is going to a school and may have picked up reading and writing.

If, in addition to being a literate, any person has attained any level of education such as primary, middle, high school stages, etc., such details were enumerated during the census count. The number of males and females shown under columns 13 and 14 respectively includes not only those who were literate without having attained any level of education but also those who have attained various educational levels.

COLUMNS 15 TO 36. WORKERS: A *worker* is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but also effective supervision and direction of work.

A person who is engaged primarily in household duties such as cooking for one's own household or performing one's own household duties or is primarily a student attending some institution but, either occasionally or regularly, helps (not as a full-time worker) in the economic activity pursued by the household only during his or her spare time is not regarded as a worker. The main activity of each individual, *i.e.*, how the person engages himself or herself mostly, was ascertained and all those engaged in any activity which is economically productive (*i.e.*, resulting in production of goods and services) were deemed to be workers.

The workers are further classified into nine industrial categories and the distribution of the total workers by sex is given under Columns 17 to 36.

For convenience of presentation, the detailed descriptive headings of the nine Industrial categories have not been printed in the PCA tables but only the Industrial Category Number is given. The corresponding descriptions are as follows:

Category	Description	Column Nos.
I.	Cultivators	17-18
II.	Agricultural labourers	19-20
III.	Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities.	21-22
IV.	Mining and Quarrying	23-24
V.	Manufacturing Processing, Servicing and repairs	
	(*a*) Household Industry.	25-26
	(*b*) Other than Household Industry	27-28
VI.	Construction	29-30
VII.	Trade and Commerce	31-32
VIII.	Transport, Storage and Communications	33-34
IX.	Other services	35-36

CATEGORY I. CULTIVATORS: A person is a ***cultivator*** if he or she is engaged in cultivation by oneself or by supervision or direction in one's capacity as the owner or lessee of land held from Government or as a

tenant of land held from private persons or institutions for payment of money, kind of share. Cultivation involves ploughing, sowing and harvesting and all other activities (such as digging of channels for water, weeding etc.), in the production of cereals and millet crops, pulses, raw jute and kindred fibre crops, sugarcane, groundnut, tapioca, oil seeds, etc. Cultivation does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plants.

CATEGORY II. AGRICULTURAL LABOURERS: A person who works in another person's land for wages in money, kind or share and does not have any right of lease or contract on the land on which he or she works is regarded as an *agricultural labourer.*

CATEGORY III. LIVESTOCK, FORESTRY, FISHING, HUNTING AND PLANTATIONS, ORCHARDS AND ALLIED ACTIVITIES: This category includes all workers engaged in livestock rearing, forestry, fishing, hunting and plantations, orchards and allied activities.

CATEGORY IV. MINING AND QUARRYING: All those who are engaged in mining and quarrying activities are included in this category.

CATEGORY V. MANUFACTURING, PROCESSING, SERVICING AND REPAIRS: Workers engaged in manufacturing, processing, servicing and repair activities are subdivided into those who are engaged in Household Industry and those who are not so engaged. Household Industry is defined as an industry conducted by the head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and where the household lives in urban areas, only within the premises of the household. Such an industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. Further, such an industry should not be run on the scale of a registered factory. A person may be a labourer or a petty employee in an industry which is a household industry run by some other household. The number of persons engaged in Household Industry are categorised as V (*a*).

The number of workers who are engaged in such activities but in establishments which do not qualify themselves to be classified as Household Industries as defined above are shown under Category V (*b*).

CATEGORY VI. CONSTRUCTION: Workers who are engaged in construction, maintenance, upkeep, repair and similar activities of buildings, roads, bridges, dams, canals and construction of electrical, water-supply and sanitary installations, etc., are brought under this category.

CATEGORY VII. TRADE AND COMMERCE: Workers in trade and commerce include all those engaged in wholesale or retail trade in goods; in dealing with insurance, stocks and shares, employed in banking and financial institutions, etc., either as proprietors or in any other capacity in such establishments.

CATEGORY VIII. TRANSPORT, STORAGE AND COMMUNICATIONS: Workers in transport, storage and Communications include those who work in establishments such as the railways, road transport, post and telegraphs and such other organisations or establishments which are engaged in the Transport, Storage and Communications sectors of the national economy.

CATEGORY IX. OTHER SERVICES: 'Other Services' constitutes the last category and includes employees of the Central and State Governments, local bodies and quasi-local bodies and other organisations or institutions engaged in educational, scientific, medica, and health services. Religious and welfare servicesl business services, community services and trade and labour associations, recreation services, personal services and other miscellaneous activities not covered in any of the remaining 8 categories specified above, are included here.

COLUMNS 37 AND 38. NON-WORKERS: Non-workers are those whose main activity is economically non-productive and includes those engaged in household duties, full-time students, rent receivers, retired persons, infants and old persons, beggars, vagrants, inmates of penal, mental or charitable institutions, etc. It also includes those non-workers who were seeking work.

The Industrial Categories of 1961 and 1971 Censuses are generally similar except for the separate categorisation of 'Mining and Quarrying' and consequential renumbering of 'Household Industry'. In comparing the data of these two Censuses this change must be kept

in view. For convenience, the categorisation of 1971 and 1961 are indicated below:

Industrial Categories of 1971 and 1961 Censuses

Category	1971	1961
Cultivators ...	I	I
Agricultural Labourers ...	II	II
Livestock, Forestry, Fishing, Hunting, Plantations, Orchards and allied activities	III	III
Mining and qurrying ...	IV	
Manufacturing, Processing, Servicing and Repairs		
Household Industry ...	V (*a*)	IV
Other than household industry	V (*b*)	V
Construction ...	VI	VI
Trade & Commerce ...	VII	VII
Transport, Storage and Communications ...	VIII	VIII
Other Services ...	IX	IX
Non-workers ...	X	X

MAPS

A map of each of the taluks in the district has been included along with an alphabetical list of villages indicating the location of the villages in the map. The taluk maps are based on the maps broughtout by the Director of Survey, Settlement and Land Records in this State. The map of the district in this volume and of the State are also, incidentially, based on the maps produced by this authority.

In the taluk maps, to the extent possible, the boundaries of the villages have been marked along with their location code numbers. However, in a few cases, the maps contain areas enclosed within the symbol for village boundaries but not having any location code number mark. Such arcas are drawn on the basis of the original survey maps and represent 'Kavals' (Pastures), reserve forests etc. They also include places treated as main villages previously but now amalgamated with neighbouring villages under Government Orders. For the purposes of the Census, all such areas have been included in neighbouring villages for census enumeration. Similarly, there are villages whose boundaries have not been clearly determined. In such cases, the location has been indicated and location code number has also been given but the boundaries have not been marked.

NOTE

1. @The areas of the State and each of the District represent 'Geographical Area' and have been supplied by the Surveyor General, India. The figures for Urban areas are those supplied by the local Bodies. Area figures, for Rural areas are derived by subtracting the Urban areas from the total area of the Districts and reported by the Surveyor General, India. The total of the Area figures of the Taluks will not tally with the District figures because the represents 'Land Use' area and are derived from figures supplied by the Director of Survey, Settlement and Land Records in Mysore.

2. Towns treated as such for the first time in 1961 Census which continue as towns in 1971 Census are shown with Asterisk (*) on their left.

3. Towns treated as such for the first time in 1971 Census are printed in Italics.

4. The following abbreviations have been used for indicating the Status of a town and are given within brackets against names of the towns.

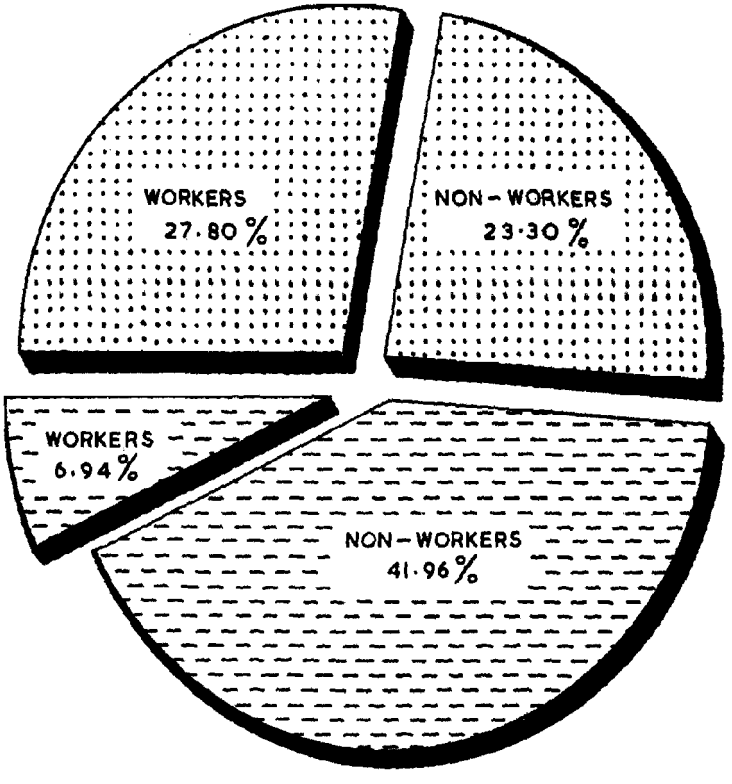

C	Municipal Corporation
CB	Cantonment Board
M	Municipal Town
NAC	Notified Area Committee
P	Panchayat
SA	Special Area
SB	Sanitary Board
TB	Town Board
TP	Town Panchayat

5. Under column 3 following abbreviations are used.

T: Total R: Rural U: Urban

APPENDIX—II

APPENDIX—II

SCHEDULED CASTES AND SCHEDULED TRIBES IN MYSORE STATE

Scheduled Castes

"Scheduled Castes" means such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article 341 (of the Constitution of India) to be the Scheduled Castes for the purposes of the Constitution of India.

According to the *Constitution (Scheduled Castes) Order* 1950 and the *Constitution (Scheduled Castes) (Part C States) Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists (Modification) Order*, 1956 and all subsequent amending Notifications issued up-to-date, the castes indicated under each of the different regions specified hereunder, have been declared as Scheduled Castes in the respective regions of the Mysore State.

No person who professes a religion different from the Hindu or they Sikh shall be deemed to be a member of a Scheduled Castes.

Scheduled Tribes

"Scheduled Tribes" means such tribes or tribal communities or parts of or groups within such tribes or tribal communities as are deemed under Article 342 (of the Constitution of India) to be Scheduled Tribes for the purposes of the Constitution of India.

According to the *Constitution (Scheduled Tribes) Order*, 1950, and the *Constitution (Scheduled Tribes) (Part C States) Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists (Modification) Order*, 1956 and all subsequent amending Notifications issued up-to-date, the communities indicated under each of the different regions specified hereunder have been declared as Scheduled Tribes in the respective regions of the Mysore State.

Persons belonging to the Scheduled Tribes may profess any religion.
