DISTRICT CENSUS HAND BOOKS

District Census Hand-books for each of the 43 Districts in Madhya Pradesh

PREFACE

The publication of District Census Hand-books, which was begun in the 1951 Census, represents a significant step in the process of making census statistics available for the smaller territorial units basic to executive and developmental administration. Apart from the fact that the proper implementation of policy depends on the ability of the administrative authorities concerned to quantify accurately the variables involved, it is at these levels that policies get really thoroughly tested; also, policies can fail—and probably have failed—because their statistical basis was weak. It is undoubtedly necessary that gaps in statistics at lower levels be filled as rapidly as possible. It was not possible at this Census to base all census statistics on the development block as the unit mainly because in 1961 there were many areas not till then covered by blocks. The coverage had become complete by about the middle of 1963 and it is not unlikely that the 1971 Census will recognise the block as the basic field unit as much for purposes of presentation as for operational purposes.

2. What we have tried to do in the 1961 Census Hand-books is to make them more informative by the inclusion of as many categories of non-census statistics as possible; some of these are climate, agriculture, co-operation, industry, banking, education, health etc. There is also an introductory note to each Hand-book high-lighting the more striking features. It has not been possible for the Census Organisation to check the accuracy of the figures supplied by various authorities; it is to be hoped that some other organisation, better equipped for the purpose, will take up this task.

3. For the seventeen districts of Mahakoshal (Part of erstwhile Madhya Pradesh) and for Panna and Tikamgarh districts of erstwhile Vindhya Pradesh, which are part of the present State of Madhya Pradesh, the area figures for districts and tahsils furnished by the Director of Land Records and presented in Table A-I are internally inconsistent in the sense that the tahsil areas do not add up to the district area. This inconsistency arose from the fact that, in the case of these districts, the district area includes, but the tahsil areas exclude, 'forest' area for which the tahsilwise breakup was not then available. Later on, while this Hand-book was in the press, the Director of Land Records brought out revised area figures for the year 1962-63 for tahsils and districts, which among other improvements, do not suffer from the defect of internal

inconsistency even in case of these nineteen districts. Revision of Table A-I on the basis of these area figures was not feasible at this late stage; the only alternative was to print these revised area figures also in this Hand-book.

4. One unfortunate fact about these Hand-books is that they became available to the users rather late in the decade. This is partly due to the considerable time required for the collection of information from various authorities and partly to difficulties in printing. Owing to the fact that State presses, with a heavy back-log of printing weighing down on them, would find it impossible to print all the District Census Hand-books themselves, arrangements have been made for printing them in private presses. If these Hand-books are to have a useful life of more than four or five years of inter-censal decennium, more expeditious methods for the collection of non-census statistics, for the preparation and checking of the manuscripts and for printing will have to be devised.

5. The Census Organisation is grateful to the Government of Madhya Pradesh for having been so kind as to undertake the publication of these Hand-books and to the Superintendent, Government Printing and his organisation—particularly the Assistant Superintendent, Printing, Government Regional Press, Indore and his staff—for the printing arrangements made. The inspiration behind this ambitious venture is that of our indefatigable Registrar General, Shri Asok Mitra, to whom we are all deeply grateful. Our thanks are also due to the various authorities who supplied us with all the necessary statistics.

NOTES AND EXPLANATIONS

This note gives the meanings and explanations of terms and concepts used in this Handbook. This is necessary because, without a proper grasp of the meanings of such simple concepts as building, house, household, worker, etc., it is not possible to appreciate the data presented in the Handbook. Thus, one who does not know that an unpretentious hut in the thick of Bastar forests with unplastered bamboo walls and a thatch roof and with space hardly enough for two cots is not a whit less of a building than the Indian versions of the skyscrapers in one of the metropolitan cities, or that a central jail housing all manner of criminals and shady characters is as much a household as the household of the most pious and god-fearing citizen in the State, may not be able to appreciate what exactly the figures represent. Besides explaining the terms and concepts, the note also contains brief notes on the salient and peculiar features of some of the Census tables presented in this Handbook.

Census.—The Census in India is a decennial operation taking place in February-March of the first year of every decade. It ensures coverage of *all* members of the population irrespective of age. The operations constituting a *Census* involve, besides counting of heads, the counting of numerous attributes of the person counted. These are demographic, social, economic and cultural in nature. The number of these attributes regarding which information is recorded has been increasing from census to census and is limited only by considerations of cost, time and organisation.

Population.—The important thing about a population is that it is dynamic. It is a constantly changing entity. These changes take place by the natural processes of birth and death as well as by migration. A statement of population has therefore little sense unless the point of time to which it relates is also stated. A population figure is correct only for a particular point of time; and, even though in practice one may omit to indicate this point of time, one should none the less be clear about it. The population figures presented herein refer to the sunrise of 1st March, 1961, unless otherwise stated.

Rural-Urban Classification:—Data collected at a Census is usually presented separately for the rural and urban areas. A 'town' or a 'town-group' constitutes an urban area. A 'town' in the 1961 Census was either (i) a municipality, cantonment or corporation; or (ii) a habitation with a population at least of 5,000 with atleast three-fourths of the adult male population being engaged in non-agricultural pursuits. The rural-urban classification, being operationally cardinal and prior in point of time to the census count, had to be tackled earlier and a list of 219 towns in the State was therefore, prepared much earlier than the census proper. This included 28 habitations which were tentatively treated as towns, the intention being that, after the 1961 Census data became available, their cases would be re-examined. Later on, however, no modification was made in the list, even though 7 towns did not satisfy either the minimum population criterion or the one based on the ratio of non-agricultural adult males being 75% or greater. These are Gogaon in West Nimar, Datla Bandhi in Chhindwara (both under 5,000 in population); and, Icchawar, Patan, Pendra, Akaltara, Arang respectively in Sehore, Jabalpur, Bilaspur, Bilaspur, and Raipur Districts (not satisfying the economic criterion). The reason for not disturbing the original list of towns was that as many as 14 habitations which did not satisfy one or the other of the criteria laid down earlier managed to sneak into the list of towns as municipalities, and inclusion of seven more such towns was not supposed to introduce greater demographic distortion than was already present. The cases of Chachaura-Binaganj town in Guna District and Sardarpur-Rajgarh in Dhar District are peculiar in that each of these two municipal towns consists of two distinct habitations separated by 2 miles in the first and 3 miles in the second case.

All areas, which were not urban were rural. They consisted of 'villages'. A very large majority of the census villages were 'revenue villages', which had well demarcated or recognised boundaries, and which included not only the inhabited portion (or portions) but also agricultural land and uninhabited waste (or other) lands. The census village was thus not synonymous with a habitation or a dwelling; in fact, a village could contain two or more distinct habitations separated by considerable distances known variously as 'tola' or 'mazra' or 'para'. Besides, in many districts there were forest villages, situated inside Reserved forests and without clearly demarcated boundaries. The areas entered against these villages in the Village Directory are thus only approximate. It is to be noted that being, as observed by Martin [Census Superintendent (old) Madhya Pradesh, 1911 and Census Commissioner for India, 1921] arbitrary and irregular units of

area, carved out chiefly for revenue and administrative purposes, there are many revenue villages which do not have any habitation. They are not, therefore, of much demographic interest, and their inclusion in the Village Directory is only for a proper tally of area aggregates.

A—General Population Tables:

There are four main tables and three appendices in this series.

Table A-1.—This table presents the basic figures relating to area, houses and population separately for the rural and urban areas of each district, each tahsil, and for each city, towngroup or town. The area figures used in the table for the district and the tahsils are those furnished by the State Director of Land Records. In case of the district, the area figures furnished in 1962 by the Surveyor-General, India are also given. The Surveyor-General does not furnish area figures for tahsils. In case of cities and towns the area figures are furnished by the local urban authority (if any) in charge of the municipal administration, or by the local revenue authorities. Except in case of Raipur and Sagar districts, there is no agreement between the area figures for the district furnished by the Director of Land Records and the Surveyor-General, India. These differences arise principally from the differences in the methods adopted by the two agencies in measuring and computing the area.

In the case of eighteen districts (Bastar, Raipur, Durg, Raigarh, Bilaspur, Surguja, Balaghat, Seoni, Chhindwara, Mandla, Narsimhapur, Jabalpur, Sagar, Hoshangabad, Betul, East Nimar, Tikamgarh and Panna), only the district 'total' and 'rural' figures for area include the forest area; the figures for forest area were not available for individual tahsils in these districts, and hence the tahsilwise area figures for these districts do not include forest area. This fact is important particularly for appreciating the district and tahsil population density figures of these districts. The population density (*i.e.*, persons per square mile) given in column 4 of the table is calculated on the basis of the figures of area supplied by the State Directorate of Land Records.

Occupied Residential House.—This is a Census house which was actually occupied at the time of enumeration for residential purposes either partly or fully. The concept of 'Census house' together with the allied concepts of 'building' and 'household' are dealt with later in this note.

Town Group.—The introduction of the concept of "towngroup" is a new feature of the 1961 Census. One kind of 'towngroup' has its basis in what may be called demographic prognosis, this being that a particular group of towns is situated in such a way, and exhibits some interconnecting features of such a kind, that they can be considered a single demographic entity whose organic nature is likely to become more and more evident in the future. Examples are: Bhopal City with Bairagarh in the West and Heavy Electricals Township in the East; and Durg Town and Bhilai Industrial Township. The other type of towngroup is a group only in name in the sense that it represents a group of localities which geography unites but definition separates. Examples are Sagar Towngroup consisting of Sagar Municipality and Sagar Cantt., and Jabalpur Towngroup (consisting of Jabalpur Corporation, Jabalpur Cantt. and Khamaria). In both these instances, the urban complex is single and continuous, but as each corporation or cantonment is a separate town by definition, it gets split up in the Census into more than one town. In Madhya Pradesh there are six towngroups in all; three of them belong to the first type: Bhopal in Sehore District: Murwara in Jabalpur District and Durg in Durg District; the other three belong to the second type, Pachmarhi in Hoshangabad District, Sagar in Sagar District and Jabalpur in Jabalpur District.

Houseless & Institutional Population:—"Houseless population" means those who did not live and were not enumerated, in Census-houses at the last Census. Obviously these swell the ranks of the social destitutes who, to speak in every day parlance do not have even a roof over their heads, but live under the shade of trees or bridges or on pavements. "Institutional population" means the population that was enumerated in institutions at the last census *i.e.*, in hostels, jails, boarding houses, hospitals etc.

Class of Towns.—Towns are classified into six classes as below according to their population sizes:—

Class	*Population range*
I	100,000 and above
II	50,000—99,999
III	20,000—49,999
IV	10,000—19,999
V	5,000—9,999
VI	Below 5,000

Towns of Class I are also known as Cities.

"Status" of a town means the authority in charge of its local urban administration. Thus a town could have a Municipal Corporation; a Municipality, a Cantonment Board, a Gram Panchayat, a Town or Notified Area Committee, etc.

B—(*i*) *General Economic Tables.*—This series includes 22 tables containing information on certain economic aspects of the population. The concepts involved have undergone significant changes as compared with the 1951 and earlier Censuses. In the 1951 and earlier censuses or at any rate in the last few censuses income or economic independence (and dependence) were treated as the criteria for denoting the economic status of a person. Separate account used to be taken of all persons who were economically independent and of those who were economically dependent. An intermediate category of economic semi-independence was also introduced in the 1931 Census. This consisted of the 'earning dependents' of the 1951 Census and even there the element of income was present. This income-based classification seems to have not infrequently resulted in a suppression of information relating to those who worked in household economic activities but did not actually earn any income like men other than the head of the household and women of the family or children working at the family cultivation or cottage industry but not earning any incomes. The 1961 Census introduced the concept of work and totally abandoned the 'income' approach. Thus all people who worked (*i.e.*, were "economically active") including family workers who were not in receipt of any income, & working children who did not earn enough for their maintenance were treated as workers. On the other hand such persons as a receiver of rents on immovable property, or of interest on securities deposited in a bank, and doing no other work, were treated as non-workers. Persons professionally engaged in anti-social activities (*i.e.*, thieves, robbers, prostitutes, beggars, etc.) were, however, not treated as workers. The approach to the concept of "work" was pragmatic and numerous illustrations were given to clarify the concept. The basis of work was held to be satisfied in the case of seasonal work *i.e.*, work at cultivation, livestock, dairying or household industry if the person has had some regular work of more than one hour a day throughout the greater part of the working season. In the case of regular employment in any trade, profession, service, business or commerce the basis of work was satisfied if the person was employed during any of the fifteen days preceding the day on which he was visited by the Census enumerator. A person who was working but was absent from his work during those fifteen days or for a longer period owing to illness or other causes was treated as worker. Work included not only actual physical work but also effective supervision and direction of work.

The Working Categories:—The primary classification of the population is by means of a simple dichotomy into workers and non-workers. The former is further sub-divided into nine sub-classes or working categories of the Census. These are listed below; the correspondence with the Standard National Industrial Classification is also indicated.

	CENSUS WORKING CATEGORY	CORRESPONDING DIVISION OR MAJOR GROUP OR MINOR GROUP OF NIC
I	Workers in cultivation	Minor Groups 000, 001, 002, 003, 004,
II	Agricultural Labourers ...	The same as in I above
III	Workers in mining, quarrying, live-... stock, forestry, fishing, hunting and plantations, orchards and allied activities	Major Groups 01, 02, 03 and 04 and Division 1; Minor Groups 005, 006, 007, 008, 009 (if not classifiable as household industry)
IV	Workers in household industry ...	Minor Groups 005 to 009, 013, 014, 015, 020 to 026, 031, 032, 040 to 048, 107, Divisions 2 & 3 (excepting Minor Groups 201, 217, 218, 232, 252, 260, 290, 324, 325, 338 and 380) if on a household scale
V	Workers in manufacturing other ... than household industry	Divisions 2 & 3
VI	Workers in construction ...	Division 4
VII	Workers in Trade and Commerce ...	Division 6
VIII	Workers in Transport Storage ... and Communications	Division 7
IX	Workers in other services ...	Divisions 5, 8 & 9

The only term requiring explanation is household industry, the others being self-explanatory. As regards household industry, a three-fold test was laid down, *viz*:—

(a) "Household Industry" should consist of manufacture, processing or servicing and may include sale but should not be confined simply to buying and selling. At least part of the goods offered for sale from the household should be manufactured or processed by members of the household.

(b) "Household Industry" should be on the household scale where the workers mainly will be the Head of the household himself and/or members of the household, the role of hired workers from outside being of secondary importance. Thus, in any Household Industry, members of the household should be in a position to lend a hand in the industry whenever they find the time in the course of their daily chores. Household Industry cannot, therefore, be on the scale of a *registered factory* but can use machinery and employ power like steam engine or oil engine or electricity to drive the machinery.

(c) Location also is important, for proximity decides participation by members of the household. In a village this participation is possible if the Household Industry is located at home or within the village because village organisation is such as makes it possible for members of the household to move about freely in the village to look after their work. In urban areas such free movement is not possible, and therefore, for household industry in urban areas we should consider only those industries which are located or at least the major part of whose work is located at home.

Class of Worker:—A worker, other than a cultivator, agricultural labourer or a worker at household industry could be: (i) an Employer, that is, who hires one or more persons in his work; (ii) an Employee, that is, who does his work under others for wages or salary in cash or kind; (iii) a Single Worker, that is, who is doing his work without employing others, except casually, and without the help of other members of the family, except casually (this includes workers working as members of a co-operative); and (iv) a Family Worker, that is, who is doing his work in his own family without wages or salary in cash or kind. A person could be an employee in a household industry also.

PRINCIPAL AND SECONDARY WORKER:

Table B-VII Part A and Part B involve the concepts of principal and secondary work. For every worker the principal work had to be indicated in the case of a person who was engaged in more than one work, and also the secondary work if he was engaged in two or more than two productive activities. The concepts of primary and secondary work had nothing to do with the income accruing to a person from his work. The principal work of a person was that activity which took up most of his time; similarly the secondary work (in case a person was engaged in two or more than two kinds of work) was that which took up less time than the principal work but greater than the other kinds of work. Unless specifically stated to the contrary in the table heading itself the tables in the Handbook are based on the principal work of a person.

Non-workers:—The non-working section of the population also was divided into eight classes according to the nature of their activities. Thus a non-worker could be (i) a full time student or child attending school, (ii) a person engaged in home duties (like a housewife or other adult female who does no other work) (iii) dependent including an infant or child not attending school, a person permanently disabled from work because of illness or old-age; (iv) a retired person who is not employed again, rentier, a person living on agricultural or non-agricultural royalty, rent or dividend, or any other person of independent means for securing which he does not have to work and who does no other work; (v) a beggar, vagrant or independent woman without indication of source of income and others of unspecified source of existence; (vi) a convict (not an undertrial who was to be recorded for the work he did before being admitted to Jail); (vii) persons who were seeking employment for the first time; and (viii) persons who previously had worked, but were out of employment, and were again seeking work.

Education Levels:—A person was treated as illiterate if he did not satisfy the test of literacy, this meaning the ability both of reading and writing. The test of reading was held to be satisfied if a person could read printed matter or easily legible manuscripts. The test of writing was the ability to write a simple letter. The minimum educational level is primary or junior basic, and this includes all persons who have passed this examination but have not passed the next higher level examination *i.e.*, matriculation or higher secondary. Persons who had formal schooling but had not passed the primary or junior basic level examination were literates without any educational levels. A person belonging to any particular educational level means a person who has passed the examination denoting that level.

INDUSTRIAL AND OCCUPATIONAL CLASSIFICATION OF WORKERS:

Workers have also been classified according to their occupation and industry. The concepts of 'industry' and 'occupation' are of fundamental importance in connection with all economic activity and it is necessary that they should not be confused with each other. By "industry" is meant the sector of economic activity in which a worker is engaged *e.g.*, the textile industry, mining industry, etc., whereas by 'occupation' is meant the exact function that a worker performs in that sector *e.g.*, fitter, carpenter, typist, etc. Occupation thus is "a trade, profession or type of work performed by an individual independent of the worker's industry, status or years of experience".

THE INDIAN STANDARD INDUSTRIAL CLASSIFICATION (I. S. I. C.):

The industrial classification used in some of the economic tables of this hand-book is the 'Standard Industrial Classification' prepared by the Ministry of Labour and Employment, Government of India. Under this scheme of classification, the whole range of economic activity is divided into nine 'divisions', and a code number is given to each. The first digit of the code number of any specific economic activity stands for the 'Division' under which that activity is classified. Each division is then divided into a number of major groups not exceeding ten. The first and second digits of the code number represent the division and the major group into which an economic activity is classified. Each major group is again sub-divided into a number of minor-groups not exceeding ten, and the first, second and third digits in the code number of any economic activity represent the division, the major group and the minor group into which it is classified. To illustrate, the industrial 'code', '261', represents an economic activity corresponding to minor group 261 in major-group 26 of Division 2. A reference to the Standard Industrial Classification will show that the minor group code stands for the economic activity 'Dying and bleaching of silk' in the major group 'Textiles Silk' of the Division: 'Manufacturing'. The 'Divisions', 'Major Groups' and 'Minor Groups' of the Standard Industrial Classification are printed immediately after this note as Appendix I.

NATIONAL CLASSIFICATION OF OCCUPATIONS (NCO):

Table B-V gives the occupational classification by sex of persons at work other than cultivation. This classification is based on the 'National Classification of Occupations' prepared by the Ministry of Labour and Employment, Government of India. Each *occupation* is represented by a code number containing a number of digits (extending in the NCO upto 5). We have used only the three digit Code number for classifying occupation. All occupations are divided into ten divisons to each of which a digit is allotted. The first digit of the code number of an occupation stands for the 'Division' into which it is classified. Each division is then sub-divided into a number of groups not exceeding ten. The first and second digits of the code number represent the 'Division' and 'Group' into which an occupation is classified. Each group again is divided into a number of families not exceeding ten and the first three digits of the code number stand for the division, group and family into which an occupation is classified. To illustrate, the code number 911 stands for the family 911 (Cooks, cook-bearers, domestic and institutional) included in the Group 91 (Housekeepers, Cooks, Maid and related workers) included in the 'Division' 9 (Service, Sport and Recreation workers). The Divisions, Groups, and Families of the National Classification of Occupations are printed after this note as Appendix II.

It may be mentioned that the three digit industrial code can easily be extended into a four-digit code on the principles illustrated earlier to secure greater precision in the classification of the economic activitity of a worker. This has in fact been done in case of workers at household industry, and these four-digit code numbers have been used in Table B XIV Part B.

B—(ii) Household Economic Tables:—Tables belonging to this series differ from others in two respects: (i) they have been prepared from information recorded on the household schedules, while the other tables are prepared from information recorded on the individual slips; (ii) whereas the other tables are based on the total population, the tables in this series are prepared from the data contained in a 20% sample of all households. The instructions for selecting the sample are reproduced below:—

"Every fifth household from the starting random household will be selected to make a 20% sample. The sample household will be marked continuously for rural areas of a tahsil/taluka and for urban areas of a district *i.e.*, households left over in a household pad should be carried over to the next household schedule pad for the selection of sample households.

"Before making the sample households the household schedule pads should be arranged in the order of location code numbers of villages in a Taluka or Tahsil in the case of a rural area and in the order of location code numbers of towns in a district for urban areas. The first sample household should be chosen randomly among the first five households in the first household schedule pad and stamped (s) as selected. This random number (random start) should be chosen separately for rural areas of each taluka/tahsil and for

the urban area of the district. From the first random household every fifth household should be continuously stamped as selected..... The sample should be continuously marked for all the pads of villages in a tahsil and urban areas in a district. If in a particular household schedule pad at the end, some households (these will be four or less) are left after marking of the sample household, the housedolds left over should be carried over to the next household schedule pad and the appropriate household in that pad should be marked as a sample household".

C.—Social and Cultural Tables:

This series contains 8 tables of which Table C-1 is prepared from data abstracted from the 20% sample of households.

Marital Status:—As regards marital status a person could be (i) never married, (ii) married, (iii) widowed and (iv) divorced or separated. The figures given do not necessarily indicate the legal position. Thus, persons who lived together as man and wife and who were regarded as such by society were treated as 'married' even though there might not be any legally valid marriage between them.

Age.—The age of a person was recorded in completed years as on the last birth day at the time of enumeration, so that a child who had not completed a year of its existence was recorded as of age '0' Inspite of the best efforts, distortion of ages is common phenomenon in Indian Census. This distortion is ascribable to the combined effect of a variety of causes like, for example, digit-preference, age-bias and estimation error and its most obvious manifestation is the heaping of the ages at digits ending in 0 or 5 and in even rather than in odd numbers.

Mother Tongue:—Mother tongue is the language spoken in childhood by a person's mother to the person, or mainly spoken in the household.

Religion:—Separate figures are given only for the six main religions: Hindu, Muslim, Jain, Sikh, Christian and Buddhist. Figures for persons professing other religions have been clubbed together under the head: Other Religions and persuasions'

Scheduled Castes and Scheduled Tribes:—In view of the constitutional safeguards guaranteed to persons belonging to scheduled castes and scheduled tribes with a view to ameliorate their social and economic condition, basic census figures are for the first time being published separately for each scheduled caste and scheduled tribe. A scheduled caste or a scheduled tribe means a caste or a tribe included in the Order issued by the President of India under Articles 341 (1) and 342 (1) of the Constitution, amended, if necessary in accordance with Articles 341 (2) and 342 (2) thereof. It should be remembered that the population of a particular scheduled caste or tribe as given in the tables does not necessarily mean the entire population of that caste or tribe in the district. This is so because scheduling of a caste or tribe under the Constitution is *territorial* so that a caste or a tribe scheduled in a district, (or a tahsil or tahsils of a district) is not necessarily a scheduled caste in other districts (or other tahsils of the same district). Thus Gond is a scheduled tribe in all tahsils of Jabalpur District except Jabalpur Tahsil so that the figures for Gond population in Jabalpur District exclude the Gonds of Jabalpur Tahsil. Secondly, some of the scheduled tribes have not been given independent status in some parts of the State by the Order but have been clubbed together with some major tribe, while, in other parts of the State, they have not been so clubbed but have been included as distinct scheduled tribes. Thus, in the districts of the Mahakoshal region of the State, the tribe Agaria has been clubbed, along with many another, with Gond as the latter's sub-tribe. In these districts, therefore, figures relating to Agaria tribe, whose ethnic identity with Gond is controversial, do not appear independently in the tables of these districts, but are included in the figures for Gond. In the Vindhya Pradesh region, however, Agaria is Scheduled tribe in its own right and in the districts belonging to that region Agaria population appears separately in the relevant tables.

Religion of Scheduled Castes and Tribes:—A scheduled caste can exist only in Hindu and Sikh religions and in no other religion. A scheduled tribe, however, may be found in any religion.

E—Housing Tables:—The Handbook includes five tables on housing. In using these tables, it should be remembered that they are prepared from the data on households abstracted from the 'Houselists'. Tables E-I and E-III are based on the full count while table E-II, E-IV and E-V are prepared from a 20% sample of households entered in the Houselists. Houselisting was non-synchronous with census proper, having taken place in the month of September-October, 1960, about five month before the reference date of the Census. Also, the population of households entered in the houselists is not necessarily identical with the population of households in respect of which household schedules were filled at the time of the Census. Thus the samples of households drawn from the household schedule, and from the house lists are different samples.

The instruction for drawing the 20% sample of households from the houselists are reproduced below:—

"Before marking the sample households the Houselists should be arranged in order of location code numbers in the case of rural areas for tahsil etc., and in the case of urban areas other than towns with population of 50,000 and over. In the case of towns with population of 50,000 and over the Houselists should be arranged in order of blocks. The first sample household should be chosen randomly among the first five households in the first Houselist. From that every fifth household from the first random household should be continuously marked..... The sample should be marked continuously for all the Houselists. If in a particular Houselist at the end two households are left after the marking of the sample households then these households should be carried over to the next Houselist and the third household in that list should be marked as sample households".

Census House and Census Households:—The concepts of "building" "house" and "household" are important and differ somewhat from their connotations in common speech. A building refers to the entire structure on the ground. A census house is a structure or part of structure inhabited or vacant or a dwelling, a shop, a shop-*cum*-dwelling or place of business, workshop, school etc., with a separate entrance. A census house was thus a building, or part of a building with a separate entrance. A census house could have a variety of uses, residential as well as non-residential; or it might be vacant (at the time of houselisting).

A household was defined as "a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so." A household necessarily lived in a census house or part of a census house. The definition of a household was broad enough to include all persons living together in a census-house and dining from the same kitchen, even if they were not related to one another. Such were the institutional households, like jails, hostels, hospitals etc. The house in which a household lived could either be owned or rented. All census-houses which were not owned by the households living in them were treated as 'rented' even though no rent was being actually paid.

"Factory" and "Workshop":—As is clear from its definition, a Census house could be a workshop. A workshop is a place where some kind of production, repair or servicing goes on, or where goods or articles are made and sold. A bigger workshop which was either registered under the Indian Factories Act or was of the scale of a registered factory was returned as a factory. For a manufacturing, repairing or servicing establishment to be registered under the Indian Factories Act, it should have ten or more workers if using power and twenty or more workers if not using power.

VILLAGE DIRECTORY AND ITS APPENDICES:

Village Directory:—The Village Directory corresponds to the Primary Census Abstract of the 1951 Census. It gives for each village of the district: (a) information relating to area, census houses, households, scheduled castes and scheduled tribes and literacy; and (b) the classification of the population into workers and non-workers, and again 'workers' into their 'Industrial Categories' separately for both the sexes. For facilitating comparison with the Census Handbook of 1951 the serial number at which the village is to be found in 1951 Handbook is also given. A new feature introduced in this Census is the presentation of additional information about each village relating to schools, hospitals, child and maternity welfare centres, medical practitioners, electricity, post and telegraph offices etc. This has been done by entering symbols against the name of each village. Another novel feature is the presentation in eleven appendices of useful information relating to villages and towns *i.e.*, industrial establishments, places situated on bus routes, or within five miles of a railway station, places having pucca wells, markets, public reading rooms, drains etc.

To enable the reader to locate the village in the Village Directory without much difficulty, an alphabetical index of village names is given. This gives for each village the 1961 location code number of the village (in the Village Directory, villages are arranged according to their Location Code Numbers); and its location code number in the 1951 Hand-book.

APPENDIX—I

STANDARD INDUSTRIAL CLASSIFICATION

This classification groups the industries into

9 Divisions

45 Major Groups

343 Minor Groups

The divisions, major groups and minor groups with their Code numbers are listed below.

Major Group (Code)	Description	Minor Group (Code)
	Division O—Agriculture, Livestock, Forestry, Fishing and Hunting.	
00	Field Produce and Plantation Crops:—	
	Production of cereal crops (including Bengal gram) such as rice, wheat, jowar, bajra, maize	000
	Production of pulses such as arhar, moong, masur, urd, khesari, other gram	001
	Production of raw jute and kindred fibre crops	002
	Production of raw cotton and kindred fibre crops	003
	Production of oilseeds, sugarcane and other cash crops	004
	Production of other crops (including vegetables) not covered above	005
	Production of fruits and nuts in plantation, vines & orchards	006
	Production of wood, bamboo, cane reeds, thatching grass etc.	007
	Production of juice by tapping palms	008
	Production of other agricultural produce (including fruits and nuts not covered by code number 006 & flowers) not covered above	009
01	Plantation Crops:—	
	Production of tea in plantation	010
	Production of coffee in plantation	011
	Production of rubber in plantation	012
	Production of tobacco in plantation	013
	Production of ganja, cinchona, opium	014
	Production of other plantation crops not covered above	015
02	Forestry and Logging:—	
	Planting, replanting and conservation of forests	020
	Felling and cutting of trees and transportation of logs	021
	Preparation of timber	022
	Production of fuel including charcoal by exploitation of forest	023
	Production of fodder by exploitation of forests	024
	Production of gums, resins, lac, barks, herbs, wild fruits and leaves by the exploitation of forests	025
	Production and gathering of other forest products not covered above	026
03	Fishing:—	
	Production of fish by fishing in sea	030
	Production of fish by fishing in inland waters including the operation of fish farms and fish hatcheries	031
	Production of pearls, conch, shells, sponges by gathering or lifting from sea, river, pond	032
04	Livestock and Hunting:—	
	Production and rearing of livestock (large heads only) mainly for milk and animal power such as cow, buffalo, goat	040
	Rearing of sheep and production of wool	041
	Rearing and production of other animals (mainly for slaughter) such as pig	042
	Production of ducks, hens and other small birds, eggs by rearing and poultry farming	043
	Rearing of bees for the production of honey, wax, and collection of honey	044
	Rearing of silk worms and production of cocoons and raw silk	045
	Rearing of other small animals and insects	046
	Trapping of animals or games propagation	047

Major Group (Code)	Description	Minor Group (Code)
	Production of other animal husbandry products such as skin, bone, ivory & teeth	048
	Division 1—Mining and Quarrying:—	
10	Mining and Quarrying:—	
	Mining of coal	100
	Mining of iron ores	101
	Mining of gold and silver ores	102
	Mining of manganese	103
	Mining of mica	104
	Mining of other non-ferrous metallic ores	105
	Mining of crude petroleum and natural gas	106
	Quarrying of stone (including slate), clay, sand, gravel, limestone	107
	Mining of chemical earth such as soda ash	108
	Mining and Quarrying of non-metallic products not classified above such as precious and semi-precious stones, asbestos, gypsum, sulphur, asphalt	109
	Division 2 & 3—Manufacturing:—	
20	Foodstuffs:—	
	Production of rice, atta, flour, etc. by milling, Dehusking and processing of crops and foodgrains	200
	Production of sugar and syrup from sugarcane in mills	201
	Production of indigenous sugar, gur, from sugarcane or palm juice and production of candy	202
	Production of fruit products such as jam, jelly, sauce and canning and preservation of fruits	203
	Slaughtering, preservation of meat and fish and canning of fish	204
	Production of bread, biscuits, cake and other bakery products	205
	Production of butter, ghee, cheese and other dairy products	206
	Production of edible fats and oils (other than hydrogenated oil)	207
	Production of hydrogenated oils (Vanaspati)	208
	Production of other food products such as sweet-meat and condiments, muri, murki, chira, khoi, cocoa, chocolate, toffee, lozenge	209
21	Beverages:—	
	Production of distilled spirits, wines, liquor from alcoholic malt, fruits and malts in distillery and brewery	210
	Production of country liquor	211
	Production of indigenous liquor such as toddy, liquor from mahua, palm juice	212
	Production of other liquors not covered above	213
	Production of aerated and mineral water	214
	Production of ice	215
	Production of ice-cream	216
	Processing of tea in factories	217
	Processing of coffee in curing works	218
	Production of other beverages	219
22	Tobacco Products:—	
	Manufacture of bidi	220
	Manufacture of cigars and cheroots	221
	Manufacture of cigarette and cigarette tobacco	222
	Manufacture of hookah tobacco	223
	Manufacture of snuff	224
	Manufacture of jerda and other chewing tobacoo	225
	Manufacture of other tobacco products	226
23	Textile—Cotton:—	
	Cotton ginning, cleaning, pressing and baling	230
	Cotton spinning (other than in mills)	231
	Cotton spinning and weaving in mills	232
	Cotton dyeing, bleaching	233
	Cotton weaving in power looms	234
	Cotton weaving in handlooms	235
	Manufacturing of khadi textile in handlooms	236
	Printing of cotton textile	237
	Manufacturing of cotton nets	238
	Manufacturing of cotton, cordage, rope and twine	239

Major Group (Code)	Description	Minor Group (Code)
24	Textile—Jute:—	
	Jute pressing and baling	240
	Jute spinning and weaving	241
	Dyeing and bleaching of jute	242
	Printing of jute textile	243
	Manufacture of other products like rope, cordage from jute and similar fibre such as hemp, mesta	244
25	Textile—Wool:—	
	Wool baling and pressing	250
	Wool cleaning and processing (scouring)	251
	Wool spinning and weaving in mill	252
	Wool spinning other than in mills	253
	Wool weaving in powerloom	254
	Wool weaving in handloom	255
	Embroidery and art work in woollen textile	256
26	Textile—Silk:—	
	Spinning and weaving of silk textile in mill	260
	Dyeing and bleaching of silk	261
	Spinning of silk other than in mills	262
	Weaving of silk textile by power loom	263
	Weaving of silk textile by handloom	264
	Printing of silk textile	265
	Manufacture of silk cordage, rope and twine	266
27	Textile—Miscellaneous:—	
	Manufacture of carpet and all other similar type of textile products	270
	Manufacture of hosiery and other knitted fabrics and garments	271
	Embroidery and making of crepe lace and fringes	272
	Making of textile garments including raincoats and headgear	273
	Manufacture of made up textile goods except wearing apparel such as curtains, pillow cases, bedding materials, mattress, textile bags	274
	Manufacture of water-proof textile products such as oil cloth, tarpaulin	275
	Manufacture and recovery of all types of fibres for purposes of padding, wadding, and upholstery filling	276
	Manufacture of coir and coir products	277
	Manufacture of umbrellas	278
	Processing and manufacture of textile products not covered above	279
28	Manufacture of Wood and Wooden Products:—	
	Sawing and planing of wood	280
	Manufacture of wooden furniture & fixtures	281
	Manufacture of structural wooden goods (including treated timber) such as beams, posts, doors, windows.	282
	Manufacture of wooden industrial goods other than transport equipment such as bobbin and similar equipment and fixtures	283
	Manufacture of other wooden products such as utensils, toys, artwares	284
	Manufacture of veneer and plywood	285
	Manufacture of plywood products such as tea chest	286
	Manufacture of boxes and packing cases other than plywood	287
	Manufacture of materials from cork, bamboo, cane, leaves and other allied products	288
	Manufacture of other wood and allied products not covered above	289
29	Paper and paper Products:—	
	Manufacture of pulp from wood, rags, wastepaper and other fibres and the conversion of such pulp into any kind of paper and paper board in mill	290
	Manufacture of pulp from wood, rags, wastepaper and other fibres and the conversion of such pulp into any kind of paper and paper board handmade	291
	Manufacture of products, such as paper bags, boxes, cards, envelopes and moulded pulp goods from paper, paper board and pulp	292
30	Printing and Publishing:—	
	Printing and publishing of newspapers and periodicals	300
	Printing and publishing of books	301

Major Group (Code)	Description	Minor Group (Code)
	All other types of printing including lithography, engraving, etching, block making and other work connected with printing industry	302
	All types of binding, stiching, sizing and other allied work connected with binding industry	303
31	Leather and Leather Products:—	
	Currying, tanning and finishing of hides and skins and preparation of finished leather	310
	Manufacture of shoes and other leather footwear	311
	Manufacture of clothing and wearing apparel (except footwear) made of leather and fur	312
	Manufacture of leather products (except those covered by Code Nos. 311, 312), such as leather upholstery, suitcases, pocket books, cigarette and key cases, purses, saddlery, whip and other articles	313
	Repair of shoes and other leather foot-wear	314
	Repair of all other leather products except footwear	315
32	Rubber, Petroleum and Coal Products:—	
	Manufacture of tyres and tubes	320
	Manufacture of rubber footwear	321
	Manufacture of rubber goods used for industrial purpose	322
	Manufacture of all kinds of other rubber products from natural or synthetic rubber including rubber raincoat	323
	Production of petroleum, kerosene and other petroleum products in petroleum refineries	324
	Production of coaltar and coke in coke oven	325
	Manufacture of other coal and coaltar products not covered elsewhere	326
33	Chemicals and Chemical Products:—	
	Manufacture of basic industrial chemicals such as acids, alkalis & their salts not elsewhere specified	330
	Manufacture of dyes, paints, colours and varnishes	331
	Manufacture of fertilizers	332
	Manufacture of ammunition, explosives and fire works	333
	Manufacture of matches	334
	Manufacture of medicines, pharmaceutical preparations, perfumes, cosmetics and other toilet preparations except soap	335
	Manufacture of soap and other washing and cleaning compounds	336
	Manufacture of turpentine, synthetic, resin, and plastic products and materials (including synthetic rubber)	337
	Manufacture of common salt	338
	Manufacture of other chemicals & chemical products not covered above (including inedible oils and fats)	339
34	Non-metallic Mineral Products other than Petroleum and Coal:—	
	Manufacture of structural clay products such as bricks, tiles	340
	Manufacture of cement and cement products	341
	Manufacture of lime	342
	Manufacture of structural stone goods, stone dressing and stone crushing	343
	Manufacture of stonewares, other than images	344
	Manufacture of stone images	345
	Manufacture of plaster of paris and its products	346
	Manufacture of asbestos products	347
	Manufacture of mica products	348
35	Manufacture of earthenware and earthen pottery:—	350
	Manufacture of chinaware and crockery	351
	Manufacture of porcelain and its products	352
	Manufacture of glass bangles and beads	353
	Manufacture of glass apparatus	354
	Manufacture of earthen image, busts and statues	355
	Manufacture of earthen toys and artwares except those covered by code No. 355	356
	Manufacture of glass and glass products except optical and photographic lenses and glass products covered above	357

Major Group (Code)	Description	Minor Group (Code)
35	Manufacture of other non-metallic mineral products not elsewhere specified	359
36	Basic Metals and their products except Machinery and Transport Equipment:—	
	Manufacture of iron and steel including smelting, refining, rolling, conversion into basic forms such as billets, blooms, tubes, rods	360
	Manufacture including smelting, refining of non-ferrous metals and alloys in basic forms	361
	Manufacture of armaments	362
	Manufacture of structural steel products such as joist, rail, sheet, plate	363
	Manufacture of iron and steel furniture	364
	Manufacture of brass and bell metal products	365
	Manufacture of aluminium products	366
	Manufacture of metal products (other than of iron, brass, bell metal and aluminium) such as tin can	367
	Enamelling, galvanising, plating, (including electroplating) polishing and welding of metal products	368
	Manufacture of sundry hardwares such as G. I. pipe, wire net, bolt, screw, bucket, cutlery (This will also include the manufacture of sundry ferrous engineering products done by jobbing engineering concerns which cannot be classified in major groups 36, 37, 38, and 39).	369
37	Machinery (All kinds other than transport) and Electrical Equipment:—	
	Manufacture and assembling of machinery (other than electrical) except textile machinery	370
	Manufacture and assembling of prime mover and boilers, other than electrical equipment, such as diesel engines, road rollers, tractors	371
	Manufacture of machine tools	372
	Manufacture of textile machinery and accessories	373
	Manufacture of heavy electrical machinery and equipment such as motors, generators, transformers	374
	Manufacture of electric lamps and fans	375
	Manufacture of insulated wires and cables	376
	Manufacture of all kinds of battery	377
	Manufacture of electronic equipment such as radio, microphone	378
	Manufacture of electric machinery and apparatus, appliances not specified above	379
38	Transport Equipment:—	
	Manufacture, assembly and repairing of locomotives	380
	Manufacture of wagons, coaches, tramways and other rail road equipment other than that covered by Code No. 363	381
	Manufacture and assembling of motor vehicles of all types (excepting motor engines)	382
	Manufacture of motor vehicles engines parts and accessories	383
	Repairing and servicing of motor vehicles	384
	Manufacture of bicycles and tricycles and accessories such as saddle, seat frame, gear	385
	Building and repairing of water transport equipment such as ships, boats, and manufacture of marine engines	386
	Manufacture & repair of air transport equipment including aeroplanes, aeroengines	387
	Repairing of bicycles and tricycles	388
	Manufacture of other transport equipment not covered above such as animal drawn and hand drawn vehicles	389
39	Miscellaneous manufacturing Industries:	
	Manufacture of optical instruments and lenses, opthalmic goods and photographic equipment and supplies	390
	Manufacture of scientific, medical and surgical instruments and equipment and supplies	391
	Assembling and repairing of watches and clocks	392

Major Group (Code)	Description	Minor Group (Code)
	Manufacture of jewellery, silverware and wares using gold and other precious metals	393
	Manufacture and tuning of Musical Instruments	394
	Manufacture of stationery articles not covered elsewhere such as pencil, pen-holder, fountain pen	395
	Manufacture of sports goods	396
	Manufacture and repair work of goods not assignable to any other group	399
	Division 4—Construction	
40	Construction:—	
	Construction and maintenance of buildings including erection, flooring, decorative constructions, electrical and sanitary installations	400
	Construction and maintenance of roads, railways, bridges, tunnels	401
	Construction and maintenance of telegraph and telephone lines	402
	Construction and maintenance of water ways and water reservoirs such as bund, embankments, dam, canal, tank, tubewells, wells	403
	Division 5—Electricity, Gas, Water and Sanitary Services	
50	Electricity and Gas:—	
	Generation and transmission of electric energy	500
	Distribution of electric energy	501
	Manufacture of Gas in gas works and distribution to domestic and industrial consumers	502
51	Water Supply and Sanitary Services:—	
	Collection, purification and distribution of water to domestic and industrial consumers	510
	Garbage and sewage disposal, operation of drainage system and all other types of work connected with public health and sanitation	511
	Division 6—Trade and Commerce	
60	Wholesale Trade:—	
	Wholesale trading in cereals and Pulses	600
	Wholesale trading in vegetables, fruits, sugar, spices, oil, fish dairy products eggs, poultry and other foodstuff (not covered else where)	601
	Wholesale trading in all kinds of fabrics, and textiles products such as garments, hessian, gunny bag, silk and woollen yarn, shirtings, suitings, hosiery products	602
	Wholesale trading in beverages, such as tea (leaf), coffee (seed and powder), aerated water	603
	Wholesale trading in intoxicants such as wines, liquors	604
	Wholesale trading in other intoxicants such as opium, ganja etc.	605
	Wholesale trading in tobacco, bidi, cigarettes and other tobacco products	606
	Wholesale trading in animals	607
	Wholesale trading in straw and fodder	608
61	Wholesale trading in medicines and chemicals	610
	Wholesale trading in fuel and lighting products such as coke, coal, kerosene, candle	611
	Wholesale trading in toilets, perfumery and cosmetics	612
	Wholesale trading in metal, porcelain and glass utensils, crockery, chinaware	613
	Wholesale trading in wooden, steel and other metallic furniture and fittings	614
	Wholesale trading in footwear	615
	Wholesale trading in tyres, tubes and allied rubber products	616
	Wholesale trading in petrol, mobil oil and allied products	617
	Wholesale trading in other household equipment not covered above	618
62	Wholesale trading in bricks, tiles and other building materials	620
	Wholesale trading in wood, bamboo, cane, thatches and similar products	621
63	Wholesale trading in paper and other stationery goods	630

Major Group (Code)	Description	Minor Group (Code)
	Wholesale trading in agricultural and industrial machinery equipment and tools and appliances other than electrical	631
	Wholesale trading in electrical machinery and equipment like motor, battery, electric fan, bulb	632
	Wholesale trading in all kinds of transport and storage equipment	633
	Wholesale trading in skins, leather and fur	634
	Wholesale trading in clocks, eye glasses, frames	635
	Wholesale trading in hardware and sanitary equipment	636
	Wholesale trading in scientific, medical and surgical instruments	637
	Wholesale trading in precious metals and stones, gold and silverwares and jewellery	638
	Wholesale trading in all goods not covered above	639
64	Retail Trade:—	
	Retail trading in cereals, pulses, vegetables, fruits, sugar, spices, oil, fish, dairy products, eggs, poultry	640
	Retail trading in beverages such as tea (leaf), coffee (seed and powder), aerated water	641
	Retail trading in intoxicants such as wines, liquors	642
	Retail trading in other intoxicants such as opium, ganja, etc.	643
	Retail trading in tobacco, bidi, cigarettes and other tobacco products	644
	Retail trading in fuel such as coke, coal, firewood and kerosene	645
	Retail trading in food stuffs like sweetmeats, condiments, cakes, biscuits, etc.	646
	Retail trading in animals	647
	Retail trading in straw and fodder	648
65	Retail trading in fibres, yarns, dhoti, saree, readymade garments of cotton, wool, silk and other textiles and hosiery products; (this includes retail trading in piecegoods of cotton, wool, silk and other textiles)	650
	Retail trading in toilet goods, perfumes and cosmetics	651
	Retail trading in medicines and chemicals	652
	Retail trading in footwear, headgear such as hat, umbrellas, shoes and chappals	653
	Retail trading in tyres, tubes and allied rubber products	654
	Retail trading in petrol, mobiloil and allied products	655
66	Retail trading in wooden, steel and other metallic furniture and fittings	660
	Retail trading in stationery goods and papers	661
	Retail trading in metal, porcelain and glass utensils	662
	Retail trading in earthenware and earthen toys	663
	Retail trading in other household equipment not covered above	664
67	Retail trading in bricks, tiles and other building materials	670
	Retail trading in hardware and sanitary equipment	671
	Retail trading in wood, bamboo cane, bark and thatches	672
	Retail trading in other building materials	673
68	Retail trading in agricultural and industrial machinery equipment, tools and appliances	680
	Retail trading in transport and storage equipments	681
	Retail trading in electrical goods like electric fan, bulb, etc.	682
	Retail trading in skins, leather and furs and their products excluding footwear and headgear	683
	Retail trading in clock and watch, eye glass, frame	684
	Retail trading in scientific, medical and surgical instruments	685
	Retail trading in precious stones and jewellery	686
	Retail trading in musical instruments, gramophone record, pictures and paintings including curio dealing	687
	Book-selling	688
	Retail trading in goods unspecified	689

Major Group (Code)	Description	Minor Group (Code)
69	Trade and Commerce Miscellaneous:—	
	Importing and exporting of goods and commodities	690
	Real estate and properties	691
	Stocks, shares and futures	692
	Providents and insurances	693
	Money lending (indigenous)	694
	Banking and similar type of financial operation	695
	Auctioneering	696
	Distribution of motion pictures	697
	All other activities connected with trade and commerce not covered above including hiring out of durable goods such as electric fan, microphone, rickshaw, etc.	699
Division 7.—Transport, Storage and Communication:		
70	Transport:—	
	Transporting by railways	700
	Transporting by tramway and bus service	701
	Transporting by motor vehicles (other than omnibus)	702
	Transporting by road through other means of transport such as hackney carriage, bullock cart, ekka	703
	Animal transporting by animals such as horses, elephant, mule, camel	704
	Transporting by man such as carrying of luggage, hand cart driving, rickshaw pulling, cycle rickshaw driving	705
	Transporting by boat, steamer, ferry, etc. by river, canal	706
	Transporting by boat, steamer, ship, cargo boat by sea or ocean	707
	Transporting by air	708
	Transporting by other means not covered above	709
71	Services incidental to transport such as packing, carting travel agency	710
72	Storage and Ware Housing:—	
	Operation of storage such as warehouses	720
	Operation of storage such as cold-storage	721
	Operation of storage of other type	722
73	Communication:—	
	Postal, telegraphic, wireless and signal communications	730
	Telephone communication	731
	Information and broadcasting	732
Division 8.—Services:		
80	Public Services (This does not include Govt., Quasi-Govt. or local body activities, other than administrative, in such fields as transport, communication, information and broadcasting, education and scientific services, health, industries, production, construction, marketing & operation of financial institution each of which is classified in the appropriate industry groups):—	
	Public Services in Union and State army including territorial corps and volunteer corps	800
	Public Service in Navy	801
	Public Service in Air Force	802
	Public Service in Police	803
	Public service in administrative departments and offices of Central Government	804
	Public service in administrative departments and offices of Quasi-Government organisation, municipalities, local boards, etc.	805
	Public service in administrative departments and offices of State Governments	809
81	Educational and Scientific Services:—	
	Educational services such as those rendered by technical colleges, technical schools and similar technical and vocational institutions	810
	Educational services such as those rendered by colleges, schools and similar other institutions of non-technical type	811
	Scientific services and research institutions not capable of classification under any individual group	812
82	Medical and Health Services:—	
	Public health and medical services rendered by organisations and individuals such as by hospitals, sanatoria, nursing homes, maternity and child welfare clinic as also by hakimi, unani, ayurvedic, allopathic and homeopathic particulars	820
	Veterinary services rendered by organisations and individuals	821

Major Group (Code)	Description	Minor Group (Code)
83	Religious and Welfare Services:—	
	Religious services rendered by religious organisations and their establishments maintained for worship or promotion of religious activities, this includes missions, ashrams and other allied organisations	830
	Religious and allied services rendered by pandit, priest, preceptor, fakir, monk	831
	Welfare services rendered by organisations operating on a non-profit basis for promotion of welfare of the community such as relief societies red-cross organisation for the collection and allocation of contribution for charity	832
84	Legal Services:—	
	Legal services rendered by barrister, advocate, solicitor, mukteer, pleader, mukurie, munshi	840
	Matrimonial services rendered by organizations and individuals	841
85	Business Services:—	
	Engineering services rendered by professional organisations or individuals	850
	Business services rendered by organisations of accountants, auditors, book-keepers or like individuals	851
	Business services rendered by professional organisations or individuals such as of those of advertising and publicity agencies	852
	Business services rendered by professional organisations or individuals such as of those rendered by news agency, news paper correspondent, columnist, journalists, editors, authors	853
86	Community Services and Trade and Labour Associations:—	
	Services rendered by trade associations, chambers of commerce, trade unions and similar other organisations	860
	Services rendered by civic, social, cultural, political, and fraternal organisations such as rate payers association, club, library	861
	Community services such as those rendered by public libraries, museums, botanical and zoological gardens etc.	862
87	Recreation Services:—	
	Production of motion picture and allied services such as processing editing etc.	870
	Recreation services rendered by cinema houses by exhibition of motion pictures	871
	Recreation services rendered by organisations and individuals such as those of theatres, opera companies, ballet and dancing parties, musicians, exhibitions, circus, carnivals	872
	Recreation services rendered by indoor and outdoor sports by organisations and individuals including horse, motor etc. racing.	873
88	Personal Services:—	
	Services rendered to households such as those by domestic servants, cooks	880
	Services rendered to households such as those by governess, tutor, private secretary	881
	Services rendered by hotels, boarding houses, eating houses, cafes, restaurants and similar other organisations to provide lodging and boarding facilities	882
	Laundry services rendered by organisations and individuals, (this includes all types of cleaning, dyeing, bleaching, dry cleaning services)	883
	Hair dressing, other services rendered by organisation and individuals such as those by barber, hairdressing saloon and beauty shops	884
	Services rendered by portrait and commericial photographic studios	885
89	Services (not elsewhere classified):—	
	Services rendered by organisations or individuals not elsewhere classified	890
	Division 9—Activities not adequately descirbed:	
90	Activities unspecified and not adequately described including activities of such individuals who fail to provide sufficient information about their industrial affiliation to enable them to be classified	900
	Fresh entrants to the Labour Market	**999**

APPENDIX—II

NATIONAL CLASSIFICATION OF OCCUPATIONS

(Code Structure)

Which classifies occupations into

331 Occupational Families (three-digit code numbers)

75 Occupational Groups (two-digit code numbers)

11 Occupational Divisions (one-digit code numbers)

Note I.—The Classification does not provide separate code numbers for Apprentices, Foremen and Instructors (in-plant only). These may be classified by giving the prefixes of "A", "B", or "C" respectively before the code number of the occupation which is being learned, supervised or instructed.

Note II.—n. e. c.—not elsewhere classified.

DIVISIONS, GROUPS AND FAMILIES

0 *Professional, Technical and Related Workers*:

00 Architects, Engineers and Surveyors:—

- 000 Architects
- 001 Civil Engineers (including overseers)
- 002 Mechanical Engineers
- 003 Electrical Engineers
- 004 Chemical Engineers
- 005 Metallurgical Engineers
- 006 Mining Engineers
- 007 Surveyors
- 009 Architects, Engineers and Surveyors, n. e. c.

01 Chemists, Physicists, Geologists and other Physical Scientists:—

- 010 Chemists, except Pharmaceutical Chemists
- 011 Pharmaceutical Chemists
- 012 Physicists
- 013 Meteorologists
- 014 Geologists and Geophysicist
- 015 Mathematicians
- 019 Chemists, Physicists, Geologists and other Physical Scientists, n.e.c.

02 Biologists, Veterinarians, Agronomists & Related Scientists:—

- 020 Biologists and Animal Scientists
- 021 Veterinarians
- 022 Sliviculturists
- 023 Agronomists and Agricultural Scientists
- 029 Biologists, Veterinarians, Agronomists and Related Scientists, n.e.c.

03 Physicians, Surgeons and Dentists

- 030 Physicians and Surgeons, Allopathic
- 031 Physicians, Ayurvedic
- 032 Physicians, Homeopathic
- 033 Physicians, others
- 034 Physiologists
- 035 Dentists
- 039 Physicians, Surgeons and Dentists, n.e.c.

04 Nurses, Pharmacists and other Medical & Health Technicians:—

- 040 Nurses
- 041 Midwives and Health Visitors
- 042 Nursing Attendants and Related Workers
- 043 Pharmacists and Pharmaceutical Technicians
- 044 Vaccinators
- 045 Physiotherapists, Masseurs and Related Technicians
- 046 Sanitation Technicians
- 047 Optometrists and Opticians
- 049 Medical and Health Technicians, n.e.c. (excluding Laboratory Assistants see 091).

05 Teachers:—

- 050 Teachers, University
- 051 Teachers, Secondary Schools
- 052 Teachers, Middle and Primary Schools
- 053 Teachers, Nursery and Kindergarten Schools
- 059 Teachers, n.e.c.

06 Jurists:—

- 060 Judges and Magistrates
- 061 Legal Practitioners and Advisers
- 062 Law Assistants
- 069 Jurists, and Legal Technicians (including Petition Writers)

07 Social Scientists and Related Workers:—
- 070 Economists
- 071 Accountants and Auditors
- 072 Statisticians and Actuaries
- 073 Geographers
- 074 Psychologists
- 075 Personnel Specialists
- 076 Labour and Social Welfare Workers
- 077 Sociologists and Anthropologists
- 078 Historians, Archeologists, Political Scientists and Related Workers
- 079 Social Scientists and Related Workers, n.e.c.

08 Artists, Writers and Related Workers:—
- 080 Authors
- 081 Editors, Journalists and Related Workers
- 082 Translators, Interpreters and Language Specialists
- 083 Painters, Decorators and Commercial Artists
- 084 Sculptors and Modellers
- 085 Actors and Related Workers
- 086 Musicians and Related Workers
- 087 Dancers and Related Workers
- 089 Artists, Writers and Related Workers n.e.c.

09 Draughtsmen, and Science and Engineering Technicians, n.e.c.
- 090 Draughtsmen
- 091 Laboratory Assistants
- 099 Science and Engineering Technicians, n.e.c.

0X Other Professional, Technical and Related Workers:—
- 0X0 Ordained Religious Workers
- 0X1 Non-ordained Religious Workers
- 0X2 Astrologers, Palmists and Related Workers
- 0X3 Librarians, Archivists and Related Workers
- 0X4 Geographers
- 0X9 Other Professional, Technical and Related Workers, n.e.c.

1 *Administrative, Executive and Managerial Workers:*

10 Administrators and Executive Officials, Government:—
- 100 Administrators and Executive Officials, Central Government (All Defence Services Personnel to be included in this family)
- 101 Administrators and Executive Officials, State Government
- 102 Administrators and Executive Officials, Local Bodies.
- 103 Administrators and Executive Officials, Quasi-Government
- 104 Village Officials
- 109 Administrators and Executive Officials, Government, n.e.c.

11 Directors and Managers, Whosesale and Retail Trade:—
- 110 Directors and Managers, Wholesale Trade
- 111 Directors and Managers, Retail Trade

12 Directors, Managers and Working Proprietors, Financial Institutions:—
- 120 Directors, Managers and Working Proprietors, Banks
- 121 Directors, Managers and Working Proprietors, Insurance
- 129 Directors, Managers and Working Proprietors, Financial Institutions,

13 Directors, Managers and Working Proprietors, other:—
- 130 Directors, Managers and Working Proprietors, Mining, Quarrying and Well Drilling
- 131 Directors, Managers and Working Proprietors, Construction
- 132 Directors, Managers and Working Proprietors, Electricity, Gas, Water and Sanitary.
- 133 Directors, Managers and Working Proprietors, Manufacturing
- 134 Directors, Managers and Working Proprietors, Transport and Communication
- 135 Directors, Managers and Working Proprietors, Recreation, Entertainment and Catering Services
- 136 Directors, Managers and Working Proprietors, Other Services
- 139 Directors, Managers and Working Proprietors, n.e.c.

2 *Clerical and Related Workers:*

20 Book-keepers and Cashiers:—
- 200 Book-keepers, Book-keeping and Accounts Clerks
- 201 Cashiers
- 202 Ticket Sellers and Ticket Inspectors including ushers and Ticket Collectors (excluding those on moving transport)

21 Stenographers and Typists:—
- 210 Stenographers
- 211 Typists

22 Office Machine Operators:
- 220 Computing Clerks and Calculating Machine Operators
- 221 Punch Card Machine Operators
- 229 Office Machine Operators, n.e.c.

28 Clerical Workers, Miscellaneous:—
- 280 General and other Ministerial Assistants and Clerks
- 289 Miscellaneous Office Workers including Record keepers, Moharrers, Diaphers, Packers and Binders of office papers.

29 Unskilled Office Workers:—
- 290 Office Attendants, Ushers, Hall Porters etc. n.e.c.

3 *Sales Workers*:

30 Working Proprietors, Wholesale and Retail Trade:—
- 300 Working Proprietors, Wholesale Trade
- 301 Working Proprietors, Retail Trade

31 Insurance and real estate salemen, salesmen of securities and services, and auctioneers:—
- 310 Agents and Salesmen, Insurance
- 311 Agents, Brokers and Salesmen, Real Estate
- 312 Brokers and Agents, Securities and Shares
- 313 Auctioneers
- 314 Valuers and Appraisers
- 319 Insurance and Real Estate Salesmen, Salesmen of Securities and Services, and Auctioneers, n.e.c.

32 Commercial Travellers and Manufacturers' Agents:—
- 320 Commercial Travellers
- 321 Manufacturers' Agents
- 329 Commercial Travellers and Manufacturers' Agents, n.e.c.

33 Salesmen, Shop Assistants and Related Workers:—
- 330 Salesmen and Shop Assistants, Wholesale and Retail Trade
- 331 Hawkers, Pedlars and Street Vendors
- 339 Salesmen, Shop Assistants and Related Workers, n.e.c.

34 Money-Lenders and Pawn-Brokers:—
- 340 Money-Lenders (including Indigenous Bankers)
- 341 Pawn-Brokers

4 *Farmers, Fishermen, Hunters, Loggers and Related Workers*:

40 Farmers and Farm Managers:—
- 400 Cultivators (Owners)
- 401 Cultivators (Tenants)
- 402 Farm Managers, Inspectors and Overseers
- 403 Planters and Plantation Managers
- 404 Farmers and Farm Managers, Animals, Birds and Insects Rearing
- 409 Farmers and Farm Managers, n.e.c.

41 Farm Workers:—
- 410 Farm Machinery Operators
- 411 Farm Workers, Animals, Birds and Insects Rearing
- 412 Gardeners (malis)
- 413 Tappers (Palm, Rubber trees, etc.)
- 414 Agricultural Labourers
- 415 Plantation Labourers
- 419 Farm Workers, n.e.c.

42 Hunters and Related Workers:—
- 420 Hunters
- 421 Trappers
- 429 Hunters and Related Workers, n.e.c.

43 Fishermen and Related Workers:—
- 430 Fishermen, Deep Sea
- 431 Fishermen, Inland and Coastal Waters
- 432 Conch and Shell gatherers, Sponge and Pearl Divers
- 439 Fishermen and Related Workers, n.e.c.

44 Loggers and other Forestry Workers:—
- 440 Forest Rangers and Related Workers
- 441 Harvesters and Gatherers of Forest Products including lac (except logs)
- 442 Log Fellers and Wood Cutters
- 443 Charcoal Burners and Forest Product Processors
- 449 Loggers and other Forestry Workers, n.e.c.

5 *Mines, Quarrymen and Related Workers*:

50 Miners and Quarrymen:—
- 500 Miners
- 501 Quarrymen

502 Drillers, Mines and Quarries
503 Shot Firers
509 Miners and Quarrymen, n.e.c.

51 Well Drillers and Related Workers:—
510 Well Drillers, Petroleum and Gas
511 Well Drillers, other than Petroleum and Gas

52 Mineral Treaters:—
520 Mineral Treaters

59 Miners, Quarrymen and Related Workers, n.e.c.:—
590 Miners, Quarrymen and Related Workers, n.e.c.

6 *Workers in Transport and Communication Occupations*:

60 Deck Officers, Engineer Officers and Pilots, Ship:—
600 Deck Officers and Pilots, Ship
601 Ship Engineers

61 Deck and Engine-room Ratings (Ship), Barge Crews and Boatmen:—
610 Deck Ratings (Ship), Barge Crews and Boatmen
611 Engine-Room Ratings, Firemen and Oilers, Ship

62 Aircraft Pilots, Navigators and Flight Engineers:—
620 Aircraft Pilots
621 Flight Engineers
622 Flight Navigators

63 Drivers and Firemen, Railway Engine:—
630 Drivers
631 Firemen

64 Drivers, Road Transport:—
640 Tramcar Drivers
641 Motor Vehicle and Motor Cycle Drivers
642 Cycle Rickshaw Drivers and Rickshaw Pullers
643 Animal Drawn Vehicle Drivers
649 Drivers, Road Transport, n.e.c. (including Palki and Doli Bearers)

65 Conductors, Guards and Brakesmen (Railway):—
650 Conductors
651 Guards
652 Brakesmen

66 Inspectors, Supervisors, Traffic Controllers, Despatchers, Transport:—
660 Inspectors, Supervisors and Station Masters
661 Traffic Controllers
662 Signalmen and Pointsmen

67 Telephone, Telegraph and Related Telecommunication Operators:—
670 Telephone Operators
671 Telegraphists and Signallers
672 Radio Communication and Wireless Operators
673 Teleprinter Operators
679 Telephone, Telegraph and Related Tele-Communication Operators, n.e.c.

68 Postmen and Messengers:—
680 Postmen
681 Messengers (including Dak Peons)

69 Workers in Transport and Communication Occupations, n.e.c.
690 Ticket Sellers, Ticket Inspectors, including Ushers and Ticket Collectors on moving Transport
691 Conductors, Road Transport
692 Workers in Transport Occupations, n.e.c.
693 Inspectors, Traffic Controllers and Despatchers, Communications
694 Workers in Communication Occupation, n.e.c.

7-8 *Craftsmen, Production Process Workers, and Labourers not elsewhere classified*:

70 Spinners, Weavers, Knitters, Dyers and Related Workers:—
700 Fibre Preparers, Ginners, Cleaners, Scourers, etc.
701 Blow-room Workers and Carders
702 Spinners, Piecers and Winders
703 Warpers and Sizers
704 Drawers and Weavers
705 Pattern Card Preparers (excluding Printers)
706 Bleachers, Dyers and Finishers
707 Knitters and Lace Makers
708 Carpet Makers and Finishers
709 Spinners, Weavers, Knitters, Dyers and Related Workers, n.e.c.

71 Tailors, Cutters, Furriers and Related Workers:—
- 710 Tailors, Dress Makers and Garment Makers
- 711 Hat and Head-gear Makers
- 712 Furriers
- 713 Upholsterers and Related Workers
- 714 Pattern Makers, Markers and Cutters, Textile Products, Leather Garments and Gloves
- 715 Sewers, Embrioderers and Darners, Textile and Fur Products
- 719 Tailors, Cutters, Furriers and Related Workers, n.e.c.

72 Leather Cutters, Lasters and Sewers (except Gloves and Garments) and Related Workers:—
- 720 Shoe Makes and Shoes Repairers
- 721 Cutters, Lasters, Sewers, Footwear and Related Workers
- 722 Harness and Saddle Makers
- 729 Leather Cutters, Lasters and Sewers (except Gloves and Garments) and Related Workers, n.e.c.

73 Furnacemen, Rollers, Drawers, Moulders and Related Metal Making and Treating Workers:—
- 730 Furnacemen, Metal
- 731 Annealers, Temperers and Related Heat Treaters
- 732 Rolling Mill Operators, Metal
- 733 Blacksmiths, Hammersmiths and Forgemen
- 734 Moulders and Coremakers
- 735 Metal Drawers and Extruders
- 739 Furnacemen, Rollers, Drawers, Moulders and Related Metal-Making and Treating Workers n.e.c.

74 Precision Instrument Makers, Watch Makers, Jewellers and Related Workers:—
- 740 Precision Instrument Makers, Watch and Clock Makers and Repairmen
- 741 Jewellers, Goldsmiths and Silversmiths
- 742 Jewellery Engravers

75 Tool-Makers, Machinists, Plumbers, Welders, Platers and Related Workers:—
- 750 Fitter-Machinists, Tool-makers and Machine Tool Setters
- 751 Machine Tool Operators
- 752 Fitter-Assemblers and Machine Erectors (Except Electrical and Precision Instrument Fitter-Assemblers)
- 753 Mechanics-Repairmen (Except Electrical and Precision Instrument Repairmen)
- 754 Sheet Metal Workers
- 755 Plumbers and Pipe Fitters
- 756 Welders and Flame Cutters
- 757 Metal Plate and Structural Metal Workers
- 758 Electro-Platers, Dip-Platers and Related Workers
- 759 Tool-Makers, Machinists, Plumbers, Welders, Platers and Delated Workers, n.e.c. (including Metal-engravers other than printing)

76 Electricians and Related Electrical and Electronics Workers:—
- 760 Electricians, Electrical Repairmen and Related Electrical Workers
- 761 Electrical and Electronics Fitters
- 762 Mechanics-Repairmen, Radio and Television
- 763 Installers and Repairmen, Telephone and Telegraph
- 764 Linemen and Cable Jointers
- 769 Electricians and Related Electrical and Electronics Workers, n.e.c.

77 Carpenters, Joiners, Cabinet Makers, Coopers and Related Workers:—
- 770 Carpenters, Joiners, Pattern Makers (Wood)
- 771 Shipwrights and Body Builders
- 772 Sawyers and Wood Working Machinists
- 773 Coach and Body Builders
- 774 Cart Builders and Wheel Wrights
- 775 Cabinet Makers
- 779 Carpenters, Joiners, Cabinet Makers, Coopers. and Related Workers, n.e.c.

78 Painters and Paper Hangers:—
- 780 Painters and Paper Hangers

79 Bricklayers, Plasterers and Construction Workers n.e.c.:—
- 790 Stone Cutters, Stone Carvers and Stone Dressers
- 791 Bricklayers, Plasterers, Masons
- 792 Glaziers

793 Cement Finishers and Terrazzo and Mosaic Workers
794 Hut Builders and Thatchers
795 Well Diggers
799 Bricklayers, Plasterers and Construction Workers, n.e.c.

80 Compositors, Printers, Engravers, Book-Binders and Related Workers:—
800 Type-setting Machine Operators
801 Compositors
802 Proof-Readers and Copy Holders
803 Printers (Paper)
804 Printers (Textile)
805 Photo-Litho Operators, Photo-lithographers
806 Engravers, Etchers & Block Makers (Printing)
807 Stereotypers
808 Book Binders
809 Compositors, Printers, Engravers, Book-Binders and Related Workers, n.e.c.

81 Potters, Kilnmen, Glass and Clay Formers and Related Workers:—
810 Furnacemen, Kilnmen and Ovenmen
811 Potters, and Related Clay Formers
812 Blowers and Benders, Glass
813 Moulders and Pressers, Glass
814 Grinders, Cutters, Decorators and Finishers
815 Pulverisors and Mixers, Cement, Clay and other Ceramics
819 Potters, Kilnmen, Glass and Clay Formers and Related Workers, n.e.c.

82 Millers, Bakers, Brewmasters and Related Food and Beverage Workers:—
820 Millers, Pounders, Huskers and Parchers, Grains and Related Food Workers
821 Crushers and Pressers, Oil Seeds
822 Dairy Workers (Non-Farm)
823 Khandsari, Sugar and Gur Makers
824 Bakers, Confectioners, Candy and Sweetmeat Makers
825 Makers of Aerated Water and Brewers
826 Food Canners, Preservers and Related Workers
827 Butchers
828 Coffee and Tea Blenders and Related Workers
829 Millers, Bakers, Brewmasters and Related Food and Beverage Workers, n.e.c.

83 Chemical and Related Process Workers:—
830 Batch and Continuous Still Operators
831 Cookers, Roasters and other Heat Treaters, Chemical and Related Processes
832 Crushers, Millers and Calenderers Chemical and Related Processes
833 Paper Pulp Preparers
834 Paper Makers
839 Chemical and Related Process Workers, n.e.c.

84 Tobacco Preparers and Products Makers:
840 Curers, Graders and Blenders, Tobacco
841 Cigarette Machine Operators
842 Cheroot, Cigar and Bidi Makers
843 Snuff and Zarda Makers
849 Tobacco Preparers and Product Makers, n.e.c.

85 Craftsmen and Production Process Workers n.e.c.
850 Basketry Weavers and Related Workers
851 Tyre Builders, Vulcanisers and Related Rubber Products Makers
852 Plastics Products Makers
853 Tanners, Fellmongers, Pelt Dressers and Related Workers
854 Photographic Dark Room Workers
855 Makers of Musical Instruments and Related Workers
856 Paper Products Makers
859 Craftsmen and Production Process Workers, n.e.c.

86 Testers, Packers, Sorters and Related Workers:—
860 Checkers, Testers, Sorters, Weighers and Counters
861 Packers, Labellers and Related Workers

87 Stationary Engine and Excavating and Lifting Equipment Operators and Related Workers:—
870 Operators, Stationary Engines and Related Equipment

871 Boilermen and Firemen
872 Crane and Hoist Operators
873 Riggers and Cable Splicers
874 Operators of Earth-moving and Other Construction Machinery, n.e.c.
875 Materials-handling Equipment Operators
876 Oilers and Greasers, Stationary Engines, Motor Vehicles and Related Equipment
879 Stationary Engine, and Excavating and Lifting Equipment Operators and Related Workers, n.e.c.

89 Labourers, n.e.c.:—
890 Loaders and Unloaders
899 Labourers, n.e.c.

9 *Service, Sports and Recreation Workers.*

90 Fire Fighters, Policemen, Guards and Related Workers:—
900 Fire Fighters and Related Workers
901 Police Constables, Investigators and Related Workers
902 Customs Examiners, Patrollers and Related Workers
903 Watchmen and Chowkidars
909 Fire Fighters, Policemen, Guards, and Related Workers, n.e.c.

91 House Keepers, Cooks, Maids and Related Workers:—
910 House Keepers, Matrons, Stewards (Domestic and Institutional)
911 Cooks, Cook-Bearers (Domestic and Institutional)
912 Butlers, Bearers, Waiters, Maids and other Servants (Domestic)
913 Ayas, Nurse-maids
919 House-Keepers, Cooks, Maids, and Related Workers, n.e.c.

92 Waiters, Bartenders and Related Workers
920 Waiters, Bartenders and Related Workers (Institutional)

93 Building Care-Takers, Cleaners and Related Workers:—
930 Building Care-Takers
931 Cleaners, Sweepers and Watermen

94 Barbers, Hairdressers, Beauticians and Related Workers:—
940 Barbers, Hairdressers, Beauticians and Related Workers

95 Launderers, Dry Cleaners and Pressers:—
950 Laundrymen, Washermen and Dhobies
951 Dry-cleaners and Pressers

96 Athletes Sportsmen and Related Workers:
960 Athletes, Sportsmen and Related Workers

97 Photographers and Related Camera Operators:—
970 Movie Camera Operators
979 Other Photographers

99 Service, Sports and Recreation Workers, n.e.c.:—
990 Embalmers and Undertakers
999 Service, Sport and Recreation Workers, n.e.c.

X *Workers not Classifiable by occupation*

X0 Workers without occupations:—
X00 Workers without occupations: Matriculates and above
X08 Workers without occupations: Literates
X09 Workers without occupations: Others

X8 Workers Reporting Occupation Unidentifiable or Unclassifiable:—
X80 Workers reporting occupations unidentifiable or unclassifiable

X9 Workers not Reporting Occupation:—
X90 Workers not Reporting occupation.

INTRODUCING THE DISTRICT

By

K. S. Bhatnagar

Deputy Superintendent of Census Operations, Madhya Pradesh

THE DISTRICT

The district is situated in the north-west corner of the State between 25° 15′ and 26° 52′ north latitude and 76° 22′ and 78° 42′ east longitude. In shape it resembles a gourd and is bounded by Rajasthan in the north-west and Uttar Pradesh in north. The adjoining districts are, Kotah in south-west, Sawai-Madhopur and Bharatpur all of Rajasthan in north-west, Agra in Uttar Pradesh in north, Bhind towards north-west, Gwalior and Shivpuri in south-east. The district takes its name from its main town Morena.

The highest point in the district is 1559 feet above sea level near Basantpura. There are six tahsils in the district viz., Ambah, Morena, Joura, Sabalgarh Bijeypur and Sheopur. The terrain is generally plain except for ravines in Ambah, Morena and Joura tahsils and hilly tracts in Bijeypur and Sheopur tahsils. These ravines are due to soil erosion and are very deep, thus providing an ideal shelter for the lawless elements.

The district occupies an area of 4511.5[1] sq. miles but the same as per Surveyor General's figure is 4489 sq. miles, which is less by 0.5%. The district has returned a population of 783,348 persons or 174 persons[2] per sq. mile which is a little below the State average of 192 persons per sq. mile. The population lives in six towns viz. Morena, Ambah, Joura, Sabalgarh, Bijeypur and Sheopur which incidentally are also tahsil headquarters and 1424 villages out of which 134 are deserted, mostly in Bijeypur (52) and Sheopur (47) tahsils. Morena is the only tahsil which has no uninhabited village. Whereas Ambah and Morena tahsils are comparatively thickly populated having 399 and 378 persons per sq. mile. Joura (230) and Sabalgarh (246) return lesser density of population but it is in Sheopur (87) and Bijeypur (60) where the density is the least. This is due to large chunks of forest areas in these tahsils.

HISTORY OF THE DISTRICT

Morena district of today represents Sikarwari and Tonwarghar districts of early twentieth century and Sheopur district of Gwalior State. Sikarwari was named after the Sikarwar Rajputs who mostly inhabited Ambah tahsil. Similarly Tonwarghar was named after the Tomwar Rajputs who were once all powerful in these parts. Sikarwari district was merged with Tonwarghar in 1904, and the district headquarters was at Joura-Alapur which is now a tahsil headquarters. In 1923 it was decided to shift the district headquarters to Morena, which because of its situation and excellent communications appeared better suited for the district headquarters. Morena upto 1923 was not even a tahsil headquarters, only a few days before it was elevated to a tahsil headquarters for it was shifted from Nurabad[3].

In the years that followed Tonwarghar continued as a district but in 1937 its name was changed to Morena. In 1948 consequent to the formation of Madhya Bharat the boundaries were revised. Sheopur district of former Gwalior State was abolished and merged with Morena. During the last decade there have been no changes in the composition of the district.

District, Tahsils, Towns & Villages:

Morena district comes under the Gwalior division and comprises of six tahsils the headquarters of all of which are also towns. Apart from these there are no other towns in the district. These towns are: Ambah, Morena, Joura, Sabalgarh, Bijeypur and Sheopur. Morena with a population of 28,357 persons is the most populous town followed by Sheopur 14,591. Sabalgarh 7,482, Ambah 6,668, Joura 6,320 and

1. Source—Director of Land Records M.P.

2. Density of population has been worked out on the above figures at 1.

3. Vide Order of 6-10-1923 the pargana headquarters were shifted from Nurabad to Morena and vide Order No. 492 of 6-10-1923 the district headquarters was shifted to Morena with effect from 15-10-1923.

Bijeypur 3,729. Bijeypur has been treated, for the first time as a town. In all these towns municipalities are functioning. Besides these towns there are two cases where although the population is above 5,000 persons they are treated as villages. These are: Rajodha, population 7,031 in Ambah tahsil and Baroda, population 6,115 in Sheopur tahsil.

Villages:

There are 1,424 villages in the district and out of these 134 are uninhabited while in 1951, 129 villages were uninhabited. The details are:—

District/ Tahsil	Year	Popu- lated	Depopu- lated	Towns
Morena District	1951	1,294	129	4
	1961	1,290	134	6
Morena Tahsil	1951	178	1	1
	1961	180	..	1
Ambah Tahsil	1951	144	7	1
	1961	144	8	1
Joura Tahsil	1951	227	19	..
	1961	227	18	1
Sabalgarh Tahsil	1951	230	9	1
	1961	230	9	1
Bijeypur Tahsil	1951	185	38	..
	1961	171	52	1
Sheopur Tahsil	1951	330	55	1
	1961	338	47	1

During the decade the number of depopulated villages increased in the district by five. This is due to the increase of depopulated villages in Bijeypur tahsil mainly due to fear of dacoits. Excepting for 67,127 persons living in urban areas the rest of the population lives in the rural areas. The villages generally vary in population from tahsil to tahsil. In Ambah the villages are generally big—one village has population of 7,031 persons, 21 villages have population ranging from 2,000 to 4,999 and 39 between population 1,000 to 1,999. In Morena the total number of villages of the above two categories falls to 38 and as we go to the west of the district the villages became smaller. In Joura, Sabalgarh, Bijeypur and Sheopur the total number of villages of the above categories is 35, 22, 12 and 10 respectively. In the above four tahsils villages of population between a less than 200 and 200 to 499 form the greatest number. In Sheopur alone the two categories of villages account for 279 out of 338 villages. Similar figures for Bijeypur, Sabalgarh and Joura are 134 out of 171, 153 out of 230 and 132 out of 227 villages respectively. In Sheopur and Bijeypur tahsils the villages are small chiefly because of the forest area and consequent difficulty in obtaining water supply. As the hills slope towards the plains the position improves after Sabalgarh and Ambah where the population is fairly dense the villages are more populous. An average inhabited village of Ambah has a population of 1134.44 persons as against the district average of 555.21 persons per village.

The corresponding average population for other districts in Gwalior division is:—

State/ Division/ District	Average population per inhabited village
Madhya Pradesh	394.0
Gwalior Division	432.7
Bhind District	660.9
Shivpuri ,,	396.8
Gwalior ,,	438.7
Datia ,,	411.1
Guna ,,	271.0
Morena ,,	555.2

PHYSICAL FEATURES:

The district has two distinct physical features viz. (i) areas covered with plains, criss-crossed by rivers and ravines, (ii) the other covered with forests. The forests cover nearly two thirds of the area but are of poor quality.

The Forests:

Area covered under forests:—

The details of different type of forests are given below:—

Reserved Forests	1,261.23	sq. miles.
Protected ,,	1,470.26	,, ,,
Unclassed ,,	7.07	,, ,,
Total	2,738.56	sq. miles.

The forests can be classified into the following types:—

1. Kardhai (*Anogeissus pendula*) Forests
2. Dho (*Anogeissus latifolia*) Forests
3. Salai (*Boswellia Serrata*) Forests
4. Khair (*Acacia catechu*) Forests
5. Miscellaneous Forests
6. Teak (*Tectona grandis*) Forests (small extent only)
7. Bamboo Forests
8. Scrub (unworkable)
9. Grass Reserves.

The departmental working plans have been formulated and are being carried out.

Communications & Transport in Forests:—

The narrow gauge of Central Railway, previously known as Scindia State Railway connects Sheopur with Gwalior. In the past this was the only source of communication between Sheopur and the other outside places. The main stations enroute this railway line are Girdharpur, Khojipura, Sironi Road, Ikdori, Sillipur, Birpur and Bijeypur Road. Timber, charcoal of Bijeypur and Palpur ranges are transported by the railway from Bijeypur Road railway station to Gwalior and other places. Besides this, trucks carry the produce on all-weather and fair-weather roads.

Bullock Carts etc:—Bullock carts are used very frequently for the carriage of the material to the truck centres. Camels and donkeys are used in the more difficult terrain.

Wild life:—Browsing by the cheetal and sambhar is extensive. They cause damage to young saplings of kardhai, dho and semal. As the forest is rich in fauna, the plantations are difficult to protect.

The Income from Forests:—The main source of forest income is the minor forest produce, fuel, grazing and fodder grass and timber.

River System:

The following rivers flow across the district: the Chambal, the Kunwari, the Kuno, the Asan, the Parvati, the Sip and the Sank.

The Chambal:—Rising in Indore district it flows majestically in Morena borders. It grows in size and volume acquiring a span of more than a mile. The river forms an inter-state boundary with Rajasthan and Uttar Pradesh. On either side of the river are deep ravines, a result of soil erosion. The river has been dammed near Kotah, a little before it enters the district and a net work of canals is being spread for irrigating the tract. The river is perennial but not used for navigation.

The Kunwari:—The river flows in the northern easterly direction towards the northern part of the district through Bijeypur, Joura, Sabalgarh, Morena and Ambah parganas into Bhind district. On either banks ravines have been formed. It joins river Chambal in Jalaun district in Uttar Pradesh. It is perennial.

The Asan:—It rises near Bhangarh in Shivpuri district and flows across Morena and Gohad tahsils. At Kotwal village in Morena district, a dam across the river has been constructed. It joins Kunwari in Bhind.

The Sank:—The river rises in Gwalior tahsil and flows in Morena district joining river Asan about 7 miles from Nurabad. There is a dam across the river at village Pilwa.

The Kuno:—The river starts from Guna district flows mostly through forested area of Shivpuri and enters Morena. It ultimately joins Chambal.

The Parvati— The river rises in Sehore district and forms the inter-state boundary with Rajasthan and then enters Morena district joining river Chambal, near Pat. It is perennial.

The Sip:—It starts and ends in Morena district joining Chambal after flowing for about 32 miles. It is perennial.

The Sonrekha:—The river enters Morena district near Susera and joins Sank after flowing in the district for about 12 miles.

The Climate

The district is subjected to extremes of climate; the maximum and minimum temperatures reaching 118° F and 40° F in summer and winter respectively. The average rainfall varies between 25" and 35" being less in Morena and Ambah tahsils and heavier in Bijeypur and Sheopur tahsils which are covered with forests.

II

THE ADMINISTRATIVE INSTITUTIONS

The Representation of the District

The Parliament:

For the parliamentary constituency the district is split up into two constituencies viz., Bhind (Scheduled Castes) and Shivpuri. The break up is Joura, Morena, Ambah and Dimni legislative constituencies along with four of Bhind return one candidate on the Scheduled Caste seat and Sheopur Bijeypur and Sabalgarh along with all the legislative Constituencies of Shivpuri District return one candidate to the general seat from Shivpuri Constituency.

The State Legislature:

The district returns seven legislators including two Scheduled Castes to the State Assembly. The details being Sheopur tahsil one, Bijeypur tahsil along with some portions of Sabalgarh tahsil one, Sabalgarh tahsil excluding those included in Bijeypur, plus some patwari halkas of Joura one Scheduled Caste seat Joura tahsil one, Morena tahsil one, Dimni one (Scheduled Caste) and Ambah one.

The Administrative Set Up:

Morena is a district headquarters therefore practically all district offices are located here. It is however not a civil and sessions district but comes under the jurisdiction of Sessions Judge, Bhind.

The Revenue Administration:

The Collector is the Chief Revenue Authority in the district, exercising his powers under the Madhya Pradesh Land Revenue Code, 1959. He is assisted by five Deputy/Assistant Collectors who belong to the State Civil Service or the I. A. S., one of whom enjoys the powers of a Collector and is designated as Additional Collector. A senior Deputy Collector or a junior I. A. S. officer is also posted and stationed at Sheopur and is in charge of Sheopur Sub-division comprising of Sheopur and Bijeypur tahsils. The other Deputy Collectors whose headquarters at Morena are placed in charge of other tahsils as Sub Divisional Officers. A Sub Divisional Officer is also a Sub Divisional Magistrate and is charged with the responsibility of maintaining law and order and hearing cases under the preventive sections of the Criminal Procedure Code. Besides this one/two assistants are usually placed in the charge of development works and look after other branches in the Collectorate. At every tahsil headquarters a tahsildar, an officer of the sub-ordinate executive service is posted. He is also specially empowered as a Magistrate for maintaining law and order. He is assisted by one or two Naib Tahsildars depending upon the quantum of work in the tahsil.

All lands in the district have been surveyed and assessed to rent in accordance with settlement carried out earlier. At present a cultivator holds land directly from the State, for the use of which he pays rent. The assessed rent is collected by the village head-man or patel each year with the help of the land records staff who maintain the records and is deposited into the treasury. The patel is paid his commission at a graduated scale. The patel is also responsible for collection of any other government dues. If the land revenue is not paid before the specified date then it is recovered from the defaulter by

(a) attachment and sale of moveable property.

(b) by attachment and sale of the holding on which the arrear is due.

(c) by attachment and sale of any immoveable property belonging to the defaulter.

A remission or suspension of land revenue is granted in the year the crops have failed or where there have been natural calamities. The total land revenue collections of the district for the last three years are as follows :—

Year	Demand		Collections
	Regular	Arrears	
1958-59	29,94,402	3,57,493	30,28,714
1959-60	29,96,773	2,98,931	30,07,210
1960-61	30,65,534	3,10,289	30,53,180

Remuneration Paid to Patel:

The remuneration paid to a patel is fixed by the Collector at the rate specified below:—

Land Revenue & Miscellaneous Revenue collected.

	Paise
1. On the first Rs. 1,500	6 P in the rupee
2. On the second Rs. 1,500	4 p ,,
3. On the third Rs. 1,500	3 P ,,
4. On the fourth Rs. 1,500	2 P ,,
5. For the balance exceeding Rs. 6,000.	1 P ,,

Provided that the annual remuneration of any patel in respect of any village shall not be less than Rs. 36.00. The remuneration is paid from the treasury once in each year.

The Village Officers:

Along with Chowkidar and patwari the patel forms the main link of the chain of the village officials. A patel apart from the duties of collection of land revenue also performs many other tasks as the representative of the government. It is enjoined on him to report the deaths, assist authorities and protect government interests generally.

The Administration of Justice:

There is a complete seperation of the judiciary from the executive. The Sessions Judge, Bhind ~~the~~ is overall administrative authority over the Judicial Officers. In Morena there are three Additional Sessions Judges, all located at Morena and other Civil Judges and Magistrates exercising First Class Powers. The Civil Judges who are also Magistrates First Class are posted at the tahsil headquarters. Criminal work in the district is rather heavy, being a dacoity region.

The Police Administration:

Morena is a dacoit infested district and so the police administration assumes great importance. The police set up is under a Superintendent of Police who belongs to the IPS cadre. He is assisted by five gazetted assistants, either from IPS or State Police Service. The strength of police officers is often augmented owing to the exigencies of work.

The whole district has been divided into twenty-four police stations. Besides this as many as ten companies of S. A. F. are deployed exclusively for anti-dacoity work in the district. The strength of the S.A.F. and its officers is a vaiarble factor, depending on the dacoity operations. (Please see Appendix 'A' at the end of the note for "The Dacoity Problem" in the district.)

The Chambal Project:

The Chambal Canal Circle with its headquarters at Sheopur-Kalan/Gwalior is a part of Chambal Valley Development Project which has been jointly undertaken by the Governments of Madhya Pradesh and Rajasthan It envisages construction of (1) Gandhisagar Dam, (2) Rana Pratap Sagar Dam and (3) Kotah Dam and a barrage on the river Chambal with its canals, branches, power houses and transmission lines, at an estimated cost of Rs. 87.25 crores in three stages. It would irrigate 7 lakh acres in Madhya Pradesh and also give 50% power toMadhya Pradesh.

Some of the salient features are:-

(1) Length of Main Upper Canal	112 miles.
(2) Length of Main Lower Canal	93 miles.
(3) Length of Ambah Branch	89 miles.
(4) Length of Morena Branch	35 miles.
(5) Length of Mau Branch	38 miles.
(6) Length of Bhind Branch	52 miles.

The total length of the distributaries would be 470 miles and those of minors and sub minors 490. Water for irrigation will be released by stages.

Community Development Blocks:

The first block was started as NES Block in Jaora in 1953 later was converted into a C. D. Block on 1-4-59 it has reverted to Stage II Block. There are 9 other NES Blocks in the district, at (1) Porsa, Stage II (Ambah tahsil), (2) Morena, Stage II, (3) Sheopur Stage I (T. D.) (4) Bijeypur, Stage I, (5) Sabalgarh Stage I, (6) Baroda, (Sheopur tahsil) Stage I, (7) Kailaras Stage I (Sabalgarh tahsil), (8) Ambah Stage I and (9) Pahargarh P. E. in Joura tahsil.

Irrigation :

Morena is a sub-division of Gwalior division for irrigation, The main source of irrigation is government canals. There are in all about 400 tanks in the district. Some of the main tanks are Tonga, Jawahargarh, Kamara and Pagara Dam. Apart from these tanks there are some submerging tanks. The other important source is wells which are mostly private. (Also see under cultivation).

Local Bodies :

There are six municipalities in the district one at Morena and the other five are at the tahsil headquarters. The municipalities at Joura and Morena are among the older ones. During the Second Five Year Plan a sum of Rs. 7,67,731.79 was given as grant-in-aid to Morena, Bijeypur and Ambah municipalities. Among other things they

are providing lighting, sanitation, communications and other minor facilities. The covered pipe water supply system exists in Morena and Ambah tahsils.

For the rural areas a three tier system of panchayats as envisaged in Madhya Bharat Panchayat Act is in vogue. There are 365 Gram Panchayats covering all the villages in the district, These are grouped under 16 Kendra Panchayats and a Mandal Panchayat. Besides these there are 16 Nyaya Panchayats for taking up criminal and civil cases of minor types. A Nyaya Panchayat is a lawfully constituted court. The panchayats are playing an important role in the rural life and the development of village. They have been very helpful in organising people's participation and executing minor development works in the village.

Co-operatives:

Co-operative movement in some form or the other was prevalent during the time of the State but in the present form it commenced functioning from October 1956. An Assistant Registrar looks after the departmental activities and is assisted by 18 Inspectors and some Sub-Inspectors. At the end of the First Five Year Plan there were 628 societies and Rs. 36,000.00 were given as grant-in-aid and another Rs. 26,600.00 were spent over other societies. It was however in the Second Five Year Plan that it gained greater momentum. For implementation of schemes a sum of Rs. 807,263 was spent. During this stage one Co-operative Central Bank, four Godowns, two Marketing Societies, twenty-two large sized societies, ten Better Farming societies and one hundred and ten Service Societies were formed.

The Co-operative Bank at Morena covers four tahsils of the district viz. Morena, Ambah, Joura and Sabalgarh and has 507 societies. There is another Co-operative Bank at Sheopur which covers Sheopur and Bijeypur tahsils having 260 societies under its jurisdiction.

Electricity:

Although Morena is not an industrial town, yet power to run small industries is needed. Prior to the formation of Madhya Bharat, there was one Power House at Morena under private management. When the government took over the management, programme for expansion of power was taken up in earnest. During the First Five Year Plan 2.86 were spent for generating more power and laying new line. During the Second Five Year Plan Joura-khurd, Morena village, Ambah town and Sheopur town were electrified. A scheme for extending Chambal Transmission System which will provide abundant power is already being implemented.

Industries:

The only major industry in the district is Associated Cement Company's Factory at Banmor. It is in the private sector. It employs about 500 workers. Apart from this State Government has set up, carpentery and black-smithy centre at Joura to train up 10 trainees each year; a centre for training workers in lacquer ware in Sheopur and a shoe-making centre in Jora and leather stitching in Morena. Besides this, the Madhya Bharat Khadi and Gram Udyog Parishad have set up a regional office at Morena with a *telghani* kendra, *ambar charkha* kendra and leather tanning centre at Morena. The Regional office organises small scale industries.

Fisheries:

The rivers Chambal, Kunwari, Asan, Sankh and a few reservoirs give some scope for the development of fisheries. With this end in view a sub-office was set up in 1954 to develop, consume and exploit the fisheries in a natural way. The revenue has gone up from Rs. 11,000 in 1951 to Rs. 66,689 in 1959-60. Besides the above, revenue is also realised by departmental fishing and issuing passes.

The Agriculture Department:

The Department is about 30 years old. When Sheopur was the district headquarters it functioned from there. Later in 1943 it was brought to Morena. An Assistant Director looks after the departmental activities in the district. Among the many schemes launched by the department the following are the more important ones:—(1) Sugarcane Development Scheme, (2) Soil Conservation, (3) Town Compost Development Scheme, (4) Distribution of Improved Seeds and Fertilisers, (5) Irrigation Scheme, (6) Pilot Project Ravine Reclamation, (7) Horticulture.

(1) *Sugarcane Development Scheme:—*

The scheme has been introduced with a view to encourage cultivation of sugarcane.

(2) *The Soil Conservation Section:—*

This section works as a part of the Agriculture Department, under the administrative control of an Assistant Soil Conservation Officer. Most of its activities are confined to bunding the cultivated lands, to avoid soil erosion and conserve water in the fields.

(3) *Town and Village Compost Development Scheme:—*

In both these schemes the targets during the Second Five Year Plan have been exceeded; 6,210 tons of town compost and 48,319 tons of village compost were distributed.

(4) *Distribution of Improved Seeds and Fertilisers:—*

An important part of the agricultural programme is the distribution of improved seeds and fertilisers. Improved seeds of juar, arhar, paddy, tilli, groundnut, bajra, wheat, gram, linseed and peas were distributed. The growing demand for improvement serves to emphasise the success of the scheme. In almost all cases the targets have been achieved.

(5) *Irrigation Schemes:—*

An amount of Rs. 4,31,062.00 was spent over irrigation during the period of the Second Five Year Plan. New wells were constructed and an amount of Rs. 2,11,320 was spent over it. During the above period 138 *rahats* or Persian wheels at the cost of Rs. 81,802 were installed; seventeen pumps costing Rs. 38,265 were also fitted. Loans, taccavi worth Rs. 30,565 for purchase of bullocks were also advanced during the period.

(6) *Ravine Reclamation Scheme:—*

Against a target of reclaiming 1142 acres only 500 acres were reclaimed at a cost of Rs. 2,59,0'20 under Pilot Project Ravine Reclamation Scheme. Reclamation work was done in 1,000 acres.

(7) *Horticulture:—*

There were two schemes for popularising horticulture (1) establishment of nurseries and (2) fruit production scheme. Fruit plantation work has been done in 18.15 acres.

Medical Health Services:

The district was included in the charge of two Civil Surgeons, at Gwalior and Shivpuri. The Civil Surgeon Gwalior had the following four tahsils under his charge. (1) Ambah, (2) Morena, (3) Joura, (4) Sabalgarh, while Civil Surgeon Shivpuri was in charge of Sheopur and Bijeypur tahsils. Morena is now a medical district and a Civil Surgeon has been posted.

At the commencement of the decade there were only two civil hospitals, four civil dispensaries and twenty-one Ayurvedic dispensaries. The two hospitals located at Morena and Sheopur had a capacity of 12 and 8 beds only. During the decade Morena hospital was provided with an X-ray machine and ultra-violet therapy instruments. A mobile unit was started to render effective help to the rural areas, a T.B. Clinic was opened, at Morena hospital, BCG Campaign intensified, under malaria eradication programme a unit was located at Sabalgarh; it covered the entire district and five Maternity Homes were provided with 32 beds. Training for *Dais* was imparted. Apart from this the regular departmental target of upgrading and opening of new Ayurvedic dispensaries was achieved.

Education:

In the sphere of education, there has been a great expansion in number of schools teachers and students. The following tables indicate the growth.

Name of Institution	Year	No of Institutions	Boys	Girls	Teachers Males	Teachers Females
Primary Schools	1960	955	41,704	5,832	1,478	102
	1951	521	23,211	2,938	986	43
Secondary Schools	1960	68	10,883	1,552	585	58
	1951	38	4,629	632	339	20
Higher Secondary	1960	21	3,780	744	261	39
	1951	3	1,102	15	49	..
Training College	1960	3	265	28	31	..
	1951	..	..	..	..	..
Arts and Commerce College	1960	2	212	20	16	..
	1951	1	43	1	6	..

The most significant advance has been in Primary and Secondary schools.

III

THE PEOPLE

The district has returned 783, 348 persons—426, 061 males and 357, 287 females. The entire population lives in six towns and 1294 inhabited villages. The average population per town and village being 11187.83 and 555.21 persons respectively. In every sq. mile there are 174 persons. Out of one thousand persons 914 live in rural areas and 149 are literate. Such is the setting of the district.

The Proportion of Sexes:

The general tendency appears to be that the sex-ratio declines from east to west in the State and more appreciably towards north. Morena happens to return least number of females (839) per thousand males in the entire State. The corresponding figures for Gwalior division and neighbouring districts are:—

State/Division/District	*Females per* 1000 *males*
Madhya Pradesh	953
Gwalior division	856
Bhind	849
Morena	839
Gwalior	859
Datia	898
Shivpuri	888
Guna	899
Kotah (Rajasthan)	897
Sawai Madhopur (Rajasthan)	870
Bharatpur (Rajasthan)	842
Agra U. P.	840

It would be noticed that in none of the neighbouring districts in the area have more than 900 females per thousand males been returned. Further even among the other surrounding districts Morena has the least number. Among the tahsils of Morena district Sheopur with 877 females per thousand males has returned the highest and this is because of the concentration of Scheduled Tribes in tahsil, for among the Scheduled Tribes there are 950 females per thousand males, the Scheduled Caste figures being 881 females per one thousand males. In the urban areas of the district the ratio goes further down to 806 rising to 842 for the rural areas. We have thus observed that among the Scheduled Castes and Tribes there are more females than the district average which leads us to the conclusion that among other castes females are still fewer the figure being 820. It has been a characteristic feature of the district for a long time; and once Thakurs were even suspected of practising female infanticide[4] and was also commented upon by Dr. J. H. Hutton, Census Commissioner, India, 1931. He wrote: "The next worst Rajput ratios are those of the Bhadauria and Tonwar Rajputs in Gwalior State which are 634 and 622 females per thousand males respectively"[5]. Tonwar Rajputs were mostly living in Tonwarghar in Morena district.

The Age Table:

The age data given below are based on ungraduated ages and though the quinquennial groupings adopted below suppress to some extent the distorting effects of age heapings at multiples of 5, still the data is not fit enough to permit analysis by quinquennial age-groups unless corrected or smoothed. It would therefore be safer to confine the scrutiny of the age-data to the age-intervals 0-14, 15-34, 35-59 and 60+ which may be described as corresponding to children, young persons, middle aged persons and old persons.

Age group	Percentage of population in the age group						Sex-Ratio	
	Morena			State				
	P	M	F	P	M	F	Morena Dist.	State
1	2	3	4	5	6	7	8	9
0-4	15.8	15.0	16.7	16.4	8.2	8.2	930	996
5-9	14.8	14.7	15.0	14.3	7.3	7.0	856	966
10-14	10.9	11.5	10.2	10.1	5.5	4.6	743	847
0-14	**41.5**	**41.2**	**41.9**	**40.8**	**21.0**	**19.8**	**851**	**974**
15-19	9.0	8.9	9.0	7.9	4.1	3.8	847	929
20-24	9.3	9.0	9.6	8.6	4.2	4.4	898	1,069
25-29	8.5	8.7	8.2	8.8	4.5	2.3	793	939
30-34	6.5	6.7	6.3	7.3	3.9	3.4	787	897
15-34	**33.3**	**33.3**	**33.1**	**32.6**	**16.7**	**13.9**	**835**	**959**
35-39	5.2	5.2	5.3	5.8	3.1	2.7	848	878
40-44	5.2	5.4	5.0	5.3	2.7	2.6	781	950
45-49	4.0	4.2	3.8	4.2	2.2	2.0	767	886
50-54	3.9	4.0	3.9	4.0	2.1	1.9	813	908
55-59	2.1	2.3	2.0	2.1	1.1	1.0	728	903
35-59	**20.4**	**21.1**	**20.0**	**21.4**	**11.2**	**10.2**	**795**	**905**
60-64	2.3	2.3	2.4	2.4	1.2	1.2	878	1,080
65-69	0.9	0.8	0.9	0.9	0.4	0.5	881	1,157
70+	1.5	1.3	1.7	1.8	0.8	1.0	1,148	1,373
60+	**4.8**	**4.4**	**5.0**	**5.1**	**2.4**	**2.7**	**956**	**1,190**
Age not stated	0.0	0.0	0.0	0.1	N	N	1,314	898

4. Census of India, 1901, Vol. XXI, Gwalior State, Part I, Report, By JWD Johnstone, - p. 56.

5. Census of India, 1931, Vol. I, India, Part I, Report; Chapter V, page 196 .

From the age table given above 41.5% of the population is within 0-14 age groups or nearly 2/5 is in this group and another 33.3% comes within 15-34 age-group. Thus we have over 74.8% population or nearly 3/4 of the population coming in the younger age-group. This is only slightly more than the comparable State figure of 73.4%; we may therefore say that Morena has a greater percentage of population in this age-group, whereas in the State there are 21.4% persons in 35-59 age-group in Morena the percentage is 20.4%.

The sex—ratio in the 0-4 age group appears better balanced than in other groups. In a region where there are lesser females than males this ratio is to be expected. Only in 70+ age group there are more females.

The table inset below gives the percentage distribution of 100 persons in the district in 1951, by broad age-groups: the relevant proportions for 1961, are also given in order to focus attention on the changes that have occurred. The 1951 data is based on 10% sample of the population, and in making the comparison with 1961 Census data (based on total population) we are making the assumption that the age-composition in the sample (1951) represented the universe.

Percentage distribution of Population in 1951 *and* 1961 *into broad age-groups*

Age-group	1951			1961		
	P	M	F	P	M	F
0-14	39.9	21.5	18.4	41.6	22.5	19.1
15-34	34.3	18.5	15.8	33.3	18.2	15.1
35-64	23.6	13.1	10.5	22.8	12.6	10.2
65+	1.9	0.9	1.0	2.3	1.1	1.2
Age not stated	0 .3	0.2	0.1	0.0	0.0	0.0

Occupied Residential Houses:

There are 134,708 occupied houses quartering 783,348 persons or there are 5.82 persons per occupied house. In the rural areas there are 5.89 persons per household as against 5.14 for urban areas. Among the tahsils the pressure in rural areas of Ambah is greater, being 6.92 per occupied house and is least in Bijeypur being 4.72. In the matter of pressure of population Ambah with 415 persons per sq. mile and Bijeypur with 60 persons per sq. mile also follow the same pattern. The comparable figures for other districts of Gwalior division are:—

Table showing Persons per occupied house

Morena	**5.82**
Bhind	6.14
Gwalior	6.86
Datia	5.26
Shivpuri	5.13
Guna	5.24

Houses:

The houses are generally made of mud or stones in rural areas and mud, stone, bricks along with cement in the urban areas. The housing pattern of the district falls into two distinct varieties; due to availability of materials. In Ambah, Morena and Joura tahsils the houses in rural areas are mostly of mud-roof covered with thick grass called 'chhan' or with slab of stones procured from Banmor. In Ambah tahsil some houses have been made from bricks as well. Towards Sabalgarh side and further south and west in Bijeypur-Sheopur tahsils where stone is more easily available stone is used as main building material; although houses of mud covered with dhak-chhaula (*Butea-frondosa*) leaves are also common. There is very little of ventilation in these. In the urban areas, bricks, stones and cement are used for making the houses and they are of *pacca* type.

The Rural/Urban Break-up:

Out of one thousand persons 914 live in rural areas and 86 in urban ones. Morena therefore has essentially a rural setting. Excepting for Gwalior district which includes Gwalior City, having a higher concentration for urban area, the figure accords well with the general pattern of the division.

During the decade Bijeypur has been added to the urban area. Joura was a town in 1941 but was declassified in 1951; it however re-appears as a town in the present decade. The percentage increase in urban population has been 74.30 for the decade. This is fairly high. For other towns in the district it has been:—

Morena	..	+56.35%
Sheopur	..	+50%
Sabalgarh	..	+44.94%
Ambah	..	+16.47%
Joura	..	Declassified in 1951.
Bijeypur	..	Treated as town for the first time.

The appearance of these two new towns viz., Joura-population 6,320, and Bijeypur-population 3,729, has caused a high percentage increase of the urban population. If we do not take into consideration the increase due to these two towns the percentage increase comes to 48.20% as compared to 36.52% under 1961 conditions. During the decade a drift of population towards urban centres is discernible. To some extent this is due to comparatively more insecure conditions in the interior region.

Religion

The religions returned in order of their numerical superiority are:—

Hindus	..	751,763
Muslims	..	27,532
Jains	..	3,188
Sikhs	..	739
Christians	..	114
Buddhists	..	10
Others	..	2

As against a total increase of 24.17% for the State the increase in population, religionwise for the district is:—

Table—Showing percentage of (+)increase(—) decrease Religionwise during 1951-61.

Religion	Morena Distt.	Madhya Pradesh
Hindus	+ 23.15	+ 23.14
Muslims	+ 35.09	+ 25.45
Jains	+ 21.81	+ 36.73
Sikhs	+677.89	+ 64.64
Christians	+208.11	+ 132.47
Buddhists	..	+4,848.28

The table below gives the religionwise population

Religion	Persons	Males	Females
Total	783,348	426,061	357,287
Hindus	751,763	408,962	342,801
Muslims	27,532	14,746	12,786
Jains	3,188	1,734	1,454
Sikhs	739	530	209
Christians	114	79	35
Buddhists	10	9	1
Others	2	1	1

Hindus then form the bulk of the population of the district. The Sikh population has shown a steep rise during the decade. It is also to be noticed that there are 530 males and only 209 females among them. This is mostly due to the fact that men have come in search of occupation. The sexual imbalance is all the more prominent in rural areas where there are 388 males and 110 females only.

Mother Tongue:

Hindi is spoken by over 98.30% of the population: total number of speakers being 770,009 persons. Four other languages having more than a thousand speakers are (1951 figures for comparision purposes given in brackets):—Urdu 7726 (1602), Marwari 1437 (188), Punjabi 1367 (422), Marathi 1223 (515). Urdu speakers have mostly been returned from urban areas where their number is 5,710 persons. Excepting English no other foreign language is spoken as mother tongue.

Literacy:

Out of 1,000 persons 149 persons in the district are literate. Literacy figures are comparatively higher in the urban areas.

Percentage of Literacy

		Total	*Male*	*Female*
Morena	Total	14.9	23.7	4.4
	Rural	12.52	20.83	2.65
	Urban	40.10	59.40	22.90

In the urban areas literacy among men is high and among the women in rural areas very low. Barring Shivpuri (118) Guna (138) where the number of literates is less, other districts in the division have returned more literates viz., Bhind 174, Gwalior 279, and Datia 149. The literacy figure is well below the State figure of 171 persons.

District		*Literate persons per* 1,000
Bhind		174
Gwalior		279
Shivpuri		116
Kotah	(Rajasthan)	191
Sawai Madhopur	„	127
Bharatpur	„	153
Agra (U.P.)		240
Morena		149

The literacy figures for Gwalior, Agra and Kotah are much higher than those for Morena. A further study also reveals that in these towns the urban population is comparatively higher, the proportion being 493; urban 507 (rural) for Gwalior, 359; 641 for Agra, 189:811 for Kotah as against 86:914 for Morena. For the above the average literacy in surrounding districts would be 178.62 per thousand persons and Morena is well below it.

Literacy During the Decade:

In the district itself Morena tahsil with 194 literates per thousand persons returns the greatest number of literates. In the tahsil there 294 males and 70 literate females per thousand which is again about the best in the district. Bijeypur tahsil with 102 literate persons is at the bottom. It has returned 174 males and 21 females as literate for every thousand persons. As compared to the above the position in 1951 was as follows:—

Literates per thousand persons

District		Literate per 1,000 persons	Males	Females
Morena District				
Total	1951	77	130	13
	1961	149	237	44
Rural	1951	66	115	7
	1961	125	208	27
Urban	1951	244	363	106
	1961	401	540	230

The figures speak for themselves and the progress has been fairly steady. Tahsil Bijeypur, however, continues to occupy the lowest position as in 1951.

Literate per thousand

Tahsil		*Persons*	*Males*	*Females*
Bijeypur	1951	53	94	4
	1961	103	170	21

Although even here there has been some progress yet it is a long way behind. Tahsil Morena in 1951 had 93 literate persons per thousand and was closely followed by Ambah with 92 persons. Between the two the gap has increased for Morena now has 194 literates as against 176 in Ambah. Morena being the district headquarters will perhaps always have some advantage over other tahsils.

Vital Statistics:

In 1953 the Madhya Bharat State Government promulagated the Madhya Bharat Births, Deaths, Marriages Registration Act 1953 basing it on a similar Act of 1886 of the Government of India, making the registration of births and deaths compulsory, but it was never enforced. The position regarding the maintenance of vital statistics therefore has been far from satisfactory. During the decade under the existing laws the municipalities and the panchayats were required to maintain statistics of births and deaths. Both these local bodies have not been able to keep any accurate statistics and the position remained practically the same as was described by Ranglal in 1955[6]. In the Report of Operations connected with the Improvement of Population Data M. B. 1952, he wrote:—

"The arrangements for the registration of births and deaths are unsatisfactory even in large municipal towns. The Director's Report as to the agency responsible for the reporting of the deaths in urban areas is silent. All that is known is that generally the responsibility has been laid either on members of the family of the deceased or on sweepers or on both."

Whereas the position was bad enough in the municipalities, it was much worse in the case of Panchayats; Kendra Panchayats were made responsible to arrange for the registration of births, deaths and marriages in their jurisdiction provided it could find funds, for the purpose. The Gram Panchayats were supposed to record births and deaths and send the figures monthly to the Mandal Panchayats through the Kendra Panchayats which submitted returns to the Deputy Director of Health Services. The Municipalities also sent these returns to the Deputy Director concerned who after consolidation sent it to the Director, Health Services. The Panchayats obviously failed to grasp the importance of this duty and no regular records were maintained and the result was that no statistics worth the name were ever compiled.

6. Census of India, Paper No. 2 - 1956, Sample Census of Births & Deaths 1952-53.

The births and deaths statistics of the municipalities are generally those that are made available to them by the Government or municipal hospitals and such others as may have been collected by their Health Department. The coverage is no means full, as many births and deaths are never reported. There being no supervising agency, it is impossible to verify the accuracy. In 1952 when an experimental Census of births and deaths was conducted in Madyha Bharat the results were as follows:—

1. Period covered by Census .. 30.10.1951 to 18.10.1952.
2. Period for which figures were supplied by the Health Department. .. 1.11.1951 to 31.10.52.

Births and Deaths rates per 1,000 of population calculated on the basis of:—

	Result of experimental Census		Figures supplied by Health Deptt.	
	Births	Deaths	Births	Deaths
State of Madhya Bharat.	33.0	18.8	10.4	6.5
Low land Division which includes (Gwalior, Bhind, Morena districts.)	28.3	13.5	7.9	3.1

The absence of accurate statistics causes great difficulty; in estimating the annual rate of natural increase no wonder it was then estimated at between 1.4 to 1.6 percent annually.

The Scheduled Castes and Tribes:

The Scheduled Castes and Tribes of the district were enumerated in accordance with the Scheduled Castes and Scheduled Tribes Order Lists (Modification) Order 1956. As a result of the above order, whereas there was no change with regard to Scheduled Tribes, but some changes vis-a-vis 1951 Census were effected for the Scheduled Castes. Of the total population of the district 20.98% are Scheduled Castes and 5.1% are Scheduled Tribes, over one-fourth of the total population of the district is thus scheduled. This is less than the figure for the State which is 33.8%. Within the district the position of the Scheduled Castes and Tribes *vis-a-vis* the population is—

Table—Showing percentage of Scheduled Castes and Tribes in Morena District.

District/Tahsil	Percentage to the total population		Total Scheduled Castes and Tribes
	Scheduled Castes	Scheduled Tribes	
Morena District.	20.99	5.10	26.09
Ambah Tahsil	23.47	..	23.47
Morena ,,	23.35	0.16	23.49
Joura ,,	19.93	1.16	21.09
Sabalgarh ,,	21.96	1.19	23.15
Bijeypur ,,	18.54	17.40	35.94
Sheopur ,,	16.24	19.83	36.07

It follows that Scheduled Tribes are mostly concentrated in Sheopur and Bijeypur tahsils where the forest area abounds. These are almost entirely Saheriyas (39,965) out of a total of 39,973 (5 being Korku and 3 Gonds). Ambah has no Scheduled Tribe population—a somewhat unique distinction which it shares with Lahar tahsil of Bhind district in Gwalior Division.

Table—Showing percentage to total population.

District		Percentage of			
		Scheduled Castes		Scheduled Tribes	
		Males	Females	Males	Females
Morena	T	20.52	21.55	4.81	5.45
	R	19.87	20.77	5.09	5.57
	U	14.77	15.35	0.33	0.38

Whereas in the district there are 839 females per 1,000 males comparable figures for Scheduled Castes is 881 and for Scheduled Tribes 950. They therefore have more females per 1,000 males when compared to the rest of the population.

Literacy among Scheduled Castes/Tribes is very low being 5.93% and 0.72% respectively.

The Scheduled Castes:

The Scheduled Castes were enumerated as per Scheduled Castes and Scheduled Tribes Order Lists (Modification) Order, 1956. There were some changes when compared to 1951; hence it would not be very accurate to make any comparisons. Comparison has become all the more difficult because in 1951 no caste-wise tabulation was made.

The population return for the Scheduled Castes shows 164,415 persons or 20.99% of the district population. As regards their spread out over the district, the position is more or less the reverse of Scheduled Tribes. They are highest in Ambah 39,911 (23.47%) of the tahsil population, followed by Morena 36,415 (22.58%), Joura 28,184 (20.71%), Sabalgarh 27,028 (22.67%), Sheopur 20,482 (20.61%) and Bijeypur 12,395 (16.18%). The sex ratio among the Scheduled Castes is again higher 881 as compared to the district figure of 839 females per 1000 males.

Among the Scheduled Castes literacy is not of any high order being only 5.93%. Bedias have returned 224 or 21.6% literates followed by 8.68% in Khatiks, 7.9% in Kolis, 5.8% in Balais and 5.37% among Chamars. The main castes among them are:— (1) Chamars, Bairwa Bhambhi, Jatav, Mochi or Regar 123,092 persons or 74.86% of the total Scheduled Caste population, followed by Koli or Kori 23874 persons or 14.52%, Mehtar 5909 persons or 3.59%, Khatik 5049 persons or 3.07%, Balai 1928 or 1.17%, Bedia 1037 or 0.56% and Nat 1570 or 0.95%. Among them only 66 persons (all Chamars) are engaged in tanning and currying of hides and 959 persons in scavenging. These are almost entirely from Mehtar or Bhangi caste. Traditional occupations seem to have been given up. Only the castes having one thousand persons or above have been described.

The Scheduled Tribes:

It is easier to assess the growth of Scheduled Tribes during the decade because the number of tribes have not changed. There has been a 42.58% increase in the number of Scheduled Tribes. Among the Gonds the number went down to 3 as against 92 in 1951. The literacy among them is very low being 0.72% only.

Their Spreadout:—In the north-eastern portions of the district there is very little population of Scheduled Tribes. In Ambah tahsil there are none and in Morena (rural) only 229 persons. Joura and Sabalgarh also have few persons being 1,640 and 1,471 in rural areas. Bijeypur has returned 11,633 and Sheopur 25,000 persons, almost entirely living in the rural areas. There is some forest in these areas and mostly Saheriyas are found here.

The Working Force:

The district has returned 446 persons as workers for 1000 population. This is fairly near Gwalior division figure of 437 workers per thousand. In Gwalior division the northern districts have returned less number of workers per thousand, as compared to southern districts. Bhind 378, Gwalior 370, have less workers than Guna 467, Shivpuri 524 and Datia 486. The district figure is also well below the State figure of 523 workers per thousand. Whereas 605 males per thousand are workers only 255 females have been returned as workers. The figures of males are very near to State average of 602 but in the case of women it is much below the State figure of 440. The general tendency regarding number of workers in Bhind, Morena and Gwalior districts when compared to Datia, Guna and Sheopuri is again noticeable.

Workers per 1000 *Males/Females*

	Males	*Females*
Morena	605	235
Bhind	586	134
Gwalior	540	173
Datia	595	365
Shivpuri	613	423
Guna	602	317

The Occupational Pattern:

Among the workers the greatest number are cultivators. The following table illustrates the distribution of occupations:

Morena District—Total Workers 100

S.No.	Occupations.	Percentage to total workers	Ranking
I.	Workers in Cultivation	78.24	I
II.	Workers in Agricultural Labour	4.33	III
III.	Workers in Mining, Quarrying etc.	1.67	VII
IV.	Workers in Household Industry	2.85	V
V.	Workers in Manufacture (Other than IV)	1.06	VIII
VI.	Workers in Construction	2.98	IV
VII.	Workers in Trade and Commerce	2.49	VI
VIII.	Workers in Transport, Storage & Communications	0.58	IX
IX.	Workers in Other Services	5.80	II

The above table makes it clear that over 82% of the workers are either cultivators or agricultural labourers, a vocation closely allied to cultivation. The details regarding the occupations are discussed in their descending order.

Cultivation:

Out of the total area of 2,872,639 acres only 8,53,012 or 29,69% is available for cultivation. Out of this 99,500 acres is double cropped and facilities for irrigation are available for 44,692 acres, a large chunk of land 7,93,595 acres or 27.63% is under the forests. Thus cultivators look sky-wards for their prosperity. The above figures give a clue to the pattern of cultivation. The waters of the Chambal canals which are under construction would make all the difference to the agriculture pattern and practices. Owing to meagre rainfall and paucity of irrigational facilities, the district mostly grows *kharif* crops viz., juar, cereals and pulses; very little rice is grown. Among the winter crops wheat, gram, mustard and other pulses are mostly grown. Sugarcane is grown in a few places where facilities for irrigation are available. During 1960-61 sugarcane was grown in 8,621 acres the figure being the highest for the decade. The crop statement of the district also reveals that only food crops are grown. Out of 8,53,012 acres food crops are grown in 8,36,247 acres or 98.04% of the area.

Land Revenue System:

During the time of Gwalior State the lands were classified as khalsa or lands administered by the Revenue Department of the State and Jagir areas, being administered by Jagirdars or proprietors. In 1863 a regular survey was made under Sir Michael Filose and village records and a record of rights was prepared. In 1890 the Land Records Department was organised. In 1908 first settlement was made for 20 years. Although the next settlement became due in 1930, it was only in 1940 that it became possible. At present no new settlement has been undertaken in erstwhile Madhya Bharat or the new State. The rent of land is in accordance with the old settlements for each tahsil. During the decade two important legislative enactments were brought into effect (1) Madhya Bharat Zamindari Act Samvat 2008 (1951); (2) The Abolition of Jagirs Act 1951 (with effect from 7.12.51). These enactments sought to eradicate landlordism and intermediaries of land. At present the conditions of land tenures are government by the Madhya Pradesh Land Revenue Code, 1959.

Settlements and records:

In Morena tahsil the last settlement took place in *Samwat* 1999 or 1942 A.D. and was meant for 36 years. Of the various types of soils *Gohan*—irrigated is assessed between Rs. 2.88 to Rs. 3.37 P per bigha. The other soils locally known as *Mar, Kabar, Dhumat, Paduva, Danda, Bhoods and Kochhar* are assessed at rents varying between Rs. 1.00 to Rs. 5.60 P per bigha. One bigha equals 0.51 acre.

Similarly in other tahsils also the rent assessed varies according to the classification of soil and ranges between Rs. 1.00 to Rs. 5.75. In other tahsils the settlements have been made during the last 25 years. In Joura, Sabalgarh, Bijeypur, Ambah and Sheopur the settlements were made in *Samwat* 1996 (1939), 1996 (1939), 1996 (1939), 1999 (1942), 1999 (1942) for 19, 19, 18, 36 and 36 years respectively.

Settlements made in *Samwat* 1999 were valid for 36 years but those made earlier were valid for only 18 or 19 years. Although the period of validity is over now they have been extended from time to time.

Irrigation:

At present there are no facilities for irrigation. The work of Chambal Main Canal is, however, in progress and once these canals have been constructed then it would be possible to bring another 7,00,000 acres in Bhind and Morena districts under irrigation. The details of sources of irrigation are given below:—

Table—Showing Irrigation in acres (1960-61)

Total (Acres)	Government canals.	Tanks	Wells	Other sources.
44,692	13,283	5,639	25,348	422

More than 50% of the irrigation is by wells followed by canals and tanks. Water from Chambal is being steadily made available for irrigation. The Government Canals referred to above are mostly from dams at Sank, Asan. Small tanks are spread over the districts but their contribution to irrigation is not considerable. The wells referred to above are mostly privately owned. In the past few years persian wheels, hand pumps have also been installed, but their number is not great.

Other Services:

There are 20,254 persons—16,554 males and 3,700 females or 5.80% of the workers in other services. The comparable figure for 1951 was 9,434 persons—4,318 males and 5,116 females. The increase has been over hundred percent. Some of the services where the increase has been notable are given below:—

	Workers in 1961	Workers in 1951
1. Educational Services & Research	2,873	1,148
2. Police	1,915*	1,578*
3. Employees in State Govt.	2,160	1,243
4. Employees in Central Govt.	379	21
5. Health & Medical Deptt.	628	219

The most noticeable rise is with respect to the Educational and Scientific Services. During the decade with the momentum of the two Five Year Plans educational institutions multiplied and so the number of teachers rose high. Out of 2,873 persons only 219 are persons with technical or vocational background. Similarly the number of employees under State Government has also shot up. In 1951 there were only 78 female workers under Medical and Health Services. This figure has gone upto 175 in 1961. Again the number of women who have been returned under is more than four times the one returned in 1951.

Agricultural Labourers:—

There are 15,100 persons—9,372 males and 5,728 females or 4.33 % of total workers who work as agricultural labourers. Agricultural labourers may be described as (1) casual (2) permanently attached labourers. It has been estimated that about 87% of the labourers fall in the first category. They are mainly employed for weeding, harvesting and sometimes for sowing. Women and children are employed for threshing, winnowing and transplanting operations. The wages are paid both in kind and cash and are generally higher for harvesting and ploughing being about Rs. 1.50 to Rs. 2.00 were, however, paid in Bijeypur. For all other operations a male would be given between Rs. 1.25 to 1.75; women between 0.75 to 1.25 and children about 0.65 only. The cultivators are heard to complain about paucity of agriculture labourers. A male worker works for 11 hours but females and children work for 10 or 9 hours respectively. During the slack season most of the labourers hardly have any occupation and so take various odd jobs. They suffer greatly during this period of unemployment.

The permanent agricultural workers are responsible for carrying out all tasks connected with the cultivation and are more or less whole time servants being engaged for 6 to 12 months. They are paid in advance at the rate between Rs. 20.00 to Rs. 25.00 per month in cash or kind. The advance payment is later adjusted against the work done by them. Besides this, the labourer is also given tobacco and two square meals a day worth atleast 0.40 to 0.50 P per diet. In addition he also gets a pair of shoes and

* 1951—Figures include 796 village officers and servants including village watchman.

1961=Figures are for Public Service in Police.

turban once during this period. During the season of heavy work, he may be given as many as three meals a day. Sometimes the labourer may contract with the master for a lump sum payment instead of monthly wages.

Construction:

There are 10,384 persons—8,808 males and 1,576 females or 2.98% of the total workers who are engaged in constructions. Incidently Morena has returned highest number of workers in construction in Gwalior division, being 43.38% of the total workers of the division in this category. This is almost entirely due to the massive construction works in connection with Chambal Canals. As many as 7,425 persons or 71.50% of the total in this category are engaged in construction and maintenance of water ways and water reservoirs such as bund, embankments, dam, canal, tank, tube wells and wells.

Household Industries:

There are 9,947 persons—7,322 males and 2,615 females or 2.85% of the total workers who work at household industry. Out of these, 2,751 or 27.66% are engaged in production and rearing of livestock (Large heads only) mainly for milk and animal powers such as cow, buffalo goat. Other important occupations being manufacture of wood and wooden products: 1,603 persons:—Cotton weaving in handlooms 508 persons; cotton spinning other than mills 485 persons; making of textile garments 559 persons, manufacture of materials from cork, bamboo, cane, leaves, 901 persons; manufacture of structural clay products, 462 persons and manufacture of earthen ware pottery, 471 persons.

Trade and Commerce:

There are 8,696 persons—8,057 males and 639 females or 2.49% of the total workers who are engaged in trade and commerce, which to a considerable extent is confined to urban areas. There are as many as 5,167 persons or 59.42% workers of the above category in urban areas. Retail trade in cereals, pulses, vegetables, fruits, sugar, spices, trade in dairy products claims the greatest number, being 3,656 persons. This is followed by retail traders in fibers, yarns, dhotis, sarees, readymade garments of cotton, wool, silk and other textile and hosiery products being 1,077 or 12.39% and wholesale trades in grains and pulses being 951 or 10.94% of the total. Wholesale trade in grains and pulses is strictly confined to urban areas for there are 911 persons in urban and only 40 in rural areas. The above are followed by retail trades in food-stuffs like sweetmeat, condiments, cakes, biscuits etc. who number 488 or 5.61% out of which 342 are from urban areas.

Mining and Quarrying:

There are 5,830 persons—4,528 males and 1,302 females or 1.67% of the total workers who are engaged in mining and quarrying. Stone for building is quarried in Sabalgarh and Sheopur tahsils.

Manufacturing other than Household Industries:

There are 3,714 persons—3,554 males and 160 females or 1.06% of the workers who are engaged in manufacturing process. There are no particular industries of any note in the district. The highest number of workers in a manufacturing processes are 765 being engaged in manufacture of textile garments followed by 650 persons who are engaged in manufacture of cement and cement products. There is an Associated Cement Factory at Banmor which employs about 500 to 600 labourers.

Transport and Storage:

There are 2,033 persons—2,026 males and 7 females or 0.58% who are engaged in transport, storage and communications. They mostly belong to railways, bus and truck service operations, bullock cart drivers and allied services.

The Non-Workers:

There are 4,34,277 persons—1,68,211 males and 2,66,066 females or 54.4% of the population who have been returned as non-workers. Out of them the greatest number is among dependents-infants and disabled persons who total 2,59,712 persons—1,29,727 males and 1,29,985 females or 54.41% of non-workers. This is followed by persons engaged in household duties, in this category women outnumber men completely, the position being 1,29,635 persons—61 males and 1,29,574 females or 29.85% of non-workers. Besides this, 41,647 persons—35,887 males and 5,760 females or 9.59% have been returned as whole time students. There are 2,020 or 0.47% vagrants or beggars. In the 0-14 years age group the non-workers are 2,92,948 or 67.45%. This forms the bulk of non-

workers followed by the age-group 15.34 with 80,336 or 10.50% and 35-59 age group with 42,297 persons or 9.74%.

IV

COMMUNICATIONS:

The district is well connected by rail and roads and telegraphs and phones. There is, however, no air-port. Morena is on the main Central Railway Delhi-Bombay line. Excepting the Punjab Mail, Grand Trunk Express and Deluxe Express all other trains stop: thus affording the town a direct link with Bombay-Delhi, Pathankot and Madras. In the district narrow gauge railway connects Gwalior to Joura-Alapur-Sabalgarh and Sheopur towns. Thus the only tahsil towns which are not rail heads are (1) Ambah and (2) Bijeypur.

Roads:

The district is crossed by Agra-Bombay National Highway 3. Morena is on this Highway which provides an all weather road. An imposing bridge spans the Chambal enabling smooth flow of traffic all the year round. It bridges M.P. and Rajasthan borders. Besides this, there are four other State Highways the important ones being Morena-Mehgaon Road, Morena-Sabalgarh Road, Shivpuri-Sheopur Road, Sheopur-Pali Road. Apart from the above which are the main arteries of communications there are major and minor district roads most of them metalled and a few asphalted. None of them is, however an all weather road.

Posts and Telegraphs:

There are Public Call Offices at Morena, Sheopur, Ambah, Joura, Sabalgarh and Bijeypur. There are 133 post offices in all.

The Public Works Department:

The department during the State time was looked after by a District Engineer. On formation of Madhya Bharat only an Assistant Engineer was posted at Morena but later it was reformed into a division and an Excutive Engineer was posted here from 1956. There are three sub-divisions in the district at (1) (1) Morena (2) Sabalgarh and (3) Sheopur. The department looks after the buildings and roads is also responsible for newer constructions.

THE SUMMING UP

The traditions round about Morena, seem to cling to this comparatively young district, even though it appears on the threshold of seeking fresh-pastures anew. The people have preserved the tradition; and the dacoits seem to keep it very much alive; but fresh waters of Chambal, will one may hope, wash away the stagnancy of meagre production and give the district a new life-saving force, which when fully developed may prove helpful in over-throwing what is now traditional. The density of population reveals a uniform pattern, tahsils in the east being more densely populated than those in the west. The economy leans heavily on cultivation. There are at present no industries, despite fairly good communications. The forest in Sheopur and Bijeypur tahsils is not particularly rich and the persons inhabiting it live precariously, eking out a meagre existence, by exploiting forest produce. Thus the economic condition is rather difficult.

Statistically the district occupies 2.65% area of the State and contributes 2.42% population, this, therefore, implies that it sustains slightly less population per square mile, than the State average. In Gwalior Division it is the biggest district, occupying 26.22% of the area with 22.80% population of the division, which again suggests—its being less populous than other districts. In the State it ranks tenth in area and thirteenth in population. In the tahsils the density of population shows a variation from 60 persons to a square mile in Bijeypur to 415 in Ambah, which is fairly considerable. Among the tahsils Ambah is the smallest in area 410 sq. miles, but largest in population and density having returned 170,028 persons 415 of them to a sq. mile: Bijeypur is the least populated tahsil with 66,849 persons although it is second in area—in the district. The growth of the population of the district in the last sixty years has been 52.95% which is well below the State average of 92.00%. In fact it ranks 35 out of 43 in growth, the decades 1901-11, 1911-21 showing a steady decline in population. After 1921 a steady rate of growth is however, noticeable and this accords well rate of growth in the State.

References:

Apart from the sources already acknowledged the Gazetteer of Gwalior State by C. E. Luard has been of immense help in preparation of this note. The Collector and the District Statistical Officer and Divisional Forest Officer were extremely helpful in making available, old Administration Reports and other relevant files and papers of this compilation: to them our grateful thanks.

IMPORTANT PLACES IN THE DISTRICT

1. Ambah:

(26°43′ North and 78°16′ East: Pop: 6,668)

Ambah is the tahsil headquarters, about 20 miles north east of Morena and is connected by an ashphalted all weather road. There is a small fort in the town. Once it was a district headquarters. In the month of *Phalgum* corresponding to February-March each year, a mela is held.

2. Bagchini:

(26°28′ North and 77°52′ East: Pop: 2,974).

The village is about ten miles from Joura its tahsil headquarters. It was a tahsil place once.

3. Banmor:

(26°22′ North and 78°9′ East: Pop. 1,488).

The village is situated about 12 miles north of Gwalior, on the Agra-Bombay National Highway 3 and on the main broadgauge rail line from Delhi to Gwalior. Stone quarries abound in the vicinity. A Cement Factory owned by the Associated Cement Company has been established here.

4. Bijeypur:

(26° North and 77°25′ East: Pop. 3,729).

The town is also the tahsil headquarters and is situated on the Kunwari River. The town was founded by Bijey Singh Ruler of Karauli State now in Bharatpur district of Rajasthan.

5. Baroda:

(25°29′ North 76°42′ East: Pop. 6,115).

It was a big Jagir in Gwalior State given to the Gaur Rajputs who were former rulers of Sheopur, after their defeat by Jean Baptiste Filose in 1809.

6. Joura:

(26°20′ North and 77°51 East) (Pop: 6,320).

The town was once the district headquarters of Tonwarghar; the name which has now fallen into disuse. It is also known as Joura-Alapur: Alapur being the other village one mile away from Joura. Joura remained under the domination of Karauli rulers. It is situated on the narrow guage railway between Gwalior-Sabalgarh and an all weather road from Morena to Sabalgarh also passes through it.

7. Kotwal:

(26°29′ North and 78°12′ East: Pop: 975).

It is an ancient village, about 7 miles north-east of Nurabad and is situated on the right bank of the river Asan. The ruins around the place suggest its antiquity.

Morena:

(26° 29′ North and 78° 2′ East Pop: 28,337).

The district headquarters town is situated on the National Highway 3 and the Central Railway broadgauge main line from Delhi to Bombay. In the old records it is shown as small village on the GIP Railway line: population in 1901 was 2,099 persons. It has grown fast in the last 40 years and for this its location appears mainly responsible .

9. Nurabad:

(26°24′ North and 78°6′ East: Pop: 1,740).

It is situated on the main line of the Central Railway and the National Highway 3 being about 15 miles north of Gwalior. The river Sankh flows nearby and a magnificent high-bridge over it is reminiscent of Mughal architecture. The village acquired its name from Empress Nur Jehan. A big *serai* with a compound wall, was constructed by the Mughals to shelter the travellers. The big wall suggests that the place must have been somewhat insecure. It remained the tahsil headquarters in Tonwarghar district upto the year 1923 when it was shifted to Morena.

10. Sabalgarh:

(26°15′ North and 77°27′ East. Pop: 7,482).

The town is a tahsil headquarters and lies 45 miles west of Morena; being connected by an all weather road and by narrow gauge railway line from Gwalior to Sheopur-Kalan. The village was founded by one, Sabla, a Gujar but was later built by Gopi Singh a ruler of Karauli.

11. Sheopur:

(25°40′ North and 76°44′ East: Pop: 14,591).

The town is a sub-divisional headquarters and is reached by a narrow gauge train from Gwalior or by road from Shivpuri. A fair weather jeepable road also connects it with Sabalgarh. It was founded by Gour Rajputs in 1537, but named after a Sahariya. Scindia's general Jean Baptiste Filose (locally Jan Battis) defeated the ruler who was given the Jagir of Baroda (See Baroda). It is known for its lacquer work.

APPENDIX—A

A Brief note on the dacoity in the district

Dacoity has been a part of the life in the district. In the region it has had a continuous existence, in some form or the other. Nature has lent almost a helping hand in shaping this problem which has assumed gigantic proportions. The areas abounded with forests particularly Bijeypur, Sabalgarh, Sheopur and part of Joura tahsil. These extend a safe sanctuary to the lawless elements, inaccessible and a little beyond the reach of the arm of law. Where there are no forests, years of soil erosion of the Chambal and the Kunwari have created large ravines which promise a safe haven to the dacoits. The ravines are so thick and deep and spread over such undulating surface that even the versatile jeep becomes helpless.

With this setting people flare up over personal quarrels into bloody violence and killing. Dacoity thus has almost grown and despite the steady efforts of the police and encouraging results the end does not yet appear in the sight.

The figures for dacoity, robbery and kidnapping are given below—

Year	Dacoity	Robbery	Kidnapping
1951	32	11	..
1952	17	13	13
1953	26	13	9
1954	23	16	1
1955	29	17	4
1956	63	11	4
1957	133	..	29
1958	67	31	44
1959	30	50	60
1960	130	49	50
1961	96	37	28

The dacoity figures have gone up in 1960 and 1961 and at no time was the district free from them.

The region of operation of these gangs is Bhind, Morena, Gwalior, Shivpuri, Datia and a part of Guna district in Madhya Pradesh and then across the Chambal borders in Rajasthan and Uttar Pradesh. There are twenty-six police stations and five outposts which are placed under seven circles. The contingents of Special Armed Force (SAF) are also deployed for anti-dacoity work in the district. The strength of the force is variable factor, being adjusted to suit the dacoity conditions.

The district has seen some of the most shocking cold-blooded murders at the hands of the dacoits. The gangs are not limited to any particular caste. Some of the most notorious dacoits who later formed their groups hailed from the district. Some of the gangs are very well armed, possessing modern rifles and guns. One of the most notorious dacoits of recent times Lakhan Singh, who was killed in an encounter towards the close of the year 1960 hailed from a village in P. S. Nagra in the district. He carried a reward of Rs. 25,000/. Other important dacoit gangs who hailed from the district were :-

Hazuri – a nephew of Lakhan Singh eliminated in 1958.

Barelal – eliminated in 1958.

Hotma – Kachhi eliminated in 1958.

Firangi – eliminated in 1963.

Panna – eliminated in 1960.

They were all listed in the police records and carried rewards.

Appendix	XI—Towns and Villages having co-operative societies together with the description of the society	..	302—304

APPENDIX I

INDUSTRIAL ESTABLISHMENTS

Note:—This appendix has been prepared from information abstracted from the houselists. It is arranged first districtwise; that is, under the name of the district have been arranged the industries in ascending order of minor groups, showing the total number of establishments within brackets next to each minor group. The information has been shown by total, rural and urban separately. The figures for the Tahsil follow the figures for the district as a whole. The total, rural and urban figures for each Tahsil for each minor group of industry showing the number of establishments in each in brackets have been presented first. Then follows the list of the villages in the order of their location code numbers with the location code number appearing first, followed by the name of village. Against each village is shown the minor group or minor groups of industry found in the village with number of establishments in that minor group shown within brackets against each minor group. For towns, figures have been presented separately for each ward, the number of ward being given first, followed by the industrial code numbers etc., as in the case of villages.

The following examples will make the above Note clear :—

Morena District Total 200 (181) signifies that there are 181 establishments in Morena District pertaining to Minor Group 200, which stands for "Production of rice, atta, flour etc. by milling, dehusking and processing of crops and foodgrains." Ambah Tahsil 207 (21) signifies that there are 21 establishments in Ambah Tahsil pertaining to Minor Group 207, which stands for "Production of edible fats and oils other than hydrogenated oil." Village Usaid 235 (4) signifies that there are 4 establishments pertaining to Minor Group 235, which stands for "Cotton weaving in handlooms." Ambah Town Ward No. 1 209(4) signifies that there are 4 establishments located in Ward No. 1 of Ambah Town pertaining to Minor Group 209, which stands for "Production of other food products such as sweetmeat and condiments, muri, murki chira, khoi, cocoa, chocolate, toffee, lozenge."

MORENA DISTRICT

VI SHEOPUR

Ward No. 1, 2, 3, 4, 5, 6, 7 and, Non Municipal Urban Area (Chambal Colony).

Rural

Location Code No. and name of village:

NIL

APPENDIX—X

TOWNS AND VILLAGES IN WHICH WEEKLY OR FORTNIGHTLY MARKETS ARE HELD TOGETHER WITH THE DAYS ON WHICH HELD

1 AMBAH TAHSIL

Urban

Location Code No. and name of town:

I AMBAH

Ward No. 1 (Thursday), Ward No. 2 (Thursday), Ward No. 3 (Thursday), Ward No. 4 (Thursday),

Rural

Location Code No. and name of village:

5 Rachhed (Wednesday), 11 Mahua (Saturday), 16 Barwai (Sunday), 28 Kasmadha (Tuesday), 33 Silawali (Wednesday), 55 Dondari (Sunday), 69 Thara (Saturday), 74 Jotai (Tuesday), 78 Sethra Ahir (Sunday), 80 Kichol (Saturday). 94 Porsa (Every Third Day Monday & Friday).

2 MORENA TAHSIL

Urban

Location Code No. and name of town:

II MORENA

Ward No. 1 (Friday).

Rural

Location Code No. and name of village:

22 Nawalibadagaon (Sunday), 50 Jingani (Tuesday), 54 Dataira (Monday), 79 Jaurakhurd (Saturday), 140 Rithora-Kalan (Sunday), 162 Jaitpur Nurabad (Tuesday).

3 JOURA TAHSIL

Urban

Location Code No. and name of town:

III JOURA

Ward No. 1 (Sunday), Ward No. 4 (Sunday).

Rural

Location Cade No. and name of village.

11 Bindbadeogarh (Wednesday), 17 Bagachini (Tuesday), 83 Udyapura (Monthly Last 7th Moon), 158 Sikroda- (Wednesday).

4 SABALGARH TAHSIL

Urban

Location Code No. and name of town:

IV SABALGARH

Ward No. 1 (Friday).

Rural

Location Code No. and name of village:

7 Jhundpura (Wednesday), 83 Kulholi (Sunday), 122 Sujarma (Saturday), 123 Kondhera (Monday), 145 Kotsirthara (Tuesday), 190 Mamchon Kalan (Thursday) 212 Tetra (Sunday), 223 Rampur Kacan (Sunday).

5 BIJEYPUR TAHSIL

Urban

Location Code No. and neme of town:

V BIJEYPUR

Ward No. 1 (Saturday).

Rural

Location Code No. and name of village:

14 Veerpur (Thursday), 70 Raghunathpur (Tuesday), 95 Iklod (Friday).

6 SHEOPUR TEHSIL

Urban

Location Code No. and neme of town:

VI SHEOPUR

Ward No. 4 (Tuesday), Ward No. 5 (Tuesday).

Rural

Location Code No. and name of village:

72 Sothpa (Sunday), 81 Soikalan (Friday), 253 Pandola- (Thursday), 293 Baroda (Wedlnesday).

APPENDIX—XI

TOWNS AND VILLAGES HAVING CO-OPERATIVE SOCIETIES TOGETHER WITH THE DESCRIPTION OF THE SOCIETY
