# PREFACE

The 1971 Series of District Census Handbooks of which this represents one volume, are being presented in a new form. The Handbooks have been divided into three sections. Part A presents data obtained from the field on land use patterns, civic amenities such as drinking water, post offices, primary schools etc. available in each village. Part B presents demographic data down to the village level. Part C presents official statistics gathered from sources other than the Census of 1971 and also includes notes on various aspects of each district.

Our attempt has been to present information concerning each district which is at once relevant and as detailed as possible, and we hope these volumes will prove useful to scholars, planners and those who are working to better the economic condition of the people in our State.

## NOTE ON AREA

Total area figures shown in Column No. 4 for the district as a whole in the District Primary Census Abstract represent 'Geographical Area' figures supplied by the Surveyor General, India. Area figures for the total urban sector of the district have been computed from the area figures for the individual urban units supplied by the local bodies concerned. Area figures for the rural sector have been derived by subtracting the urban area from the total area of the district. The total of the area figures of the Police Stations may not agree with the area figures of the district as the former represents 'Land use area' which has been obtained from the Directorate of Land Records & Surveys, West Bengal.

2. The village area figures shown in Column No. 3 in the Village Directory have been expressed in acres, while those in Column No. 3 in the Villagewise Primary Census Abstract have been shown in hectres. The village area in acres, obtained from the Directorate of Land Records & Surveys, West Bengal, have been converted to hectres by applying the conversion factor, 1 Acre=0.404687 Hectre, in the Census Office. At the bottom of each Villagewise Primary Census Abstract, the total area for the Police Station concerned has been shown in Sq. Km. which corresponds to the 'Land use area' as mentioned in Para 1.

† The population of Ratua Police Station in the District of Malda includes the population of five tolas of the *mauza* Govindpur (Thana No. 349 of Katihar Revenue Thana) on the Bihar-West Bengal border. West Bengal claimed those tolas as they had all along been administerred as parts of West Bengal. It was decided by the Registrar General that Census in these tolas would be taken by the West Bengal authorities without prejudice to the claims of either Government, pending final settlement of the issue between them.

• The population of Ratua Police Station in the district of Malda includes the population of five tolas of the *mauza* Gobindapur (Thana No. 349 of Katihar Revenue Thana) on the Bihar-West Bengal border. West Bengal claimed these tolas as they had all along been administered as parts of West Bengal. It was decided by the Registrar General that Census in these tolas would be taken by the West Bengal authorities without prejudice to the claims of either Government, pending final settlement of the issue between them.
