THE WADDARS AND SHEPHERDS OF MAHBUBNAGAR DISTRICT

The motif displayed on the outer title of the Mahbubnagar District Census Handbook depicts a common roadside scene in Mahbubnagar district — Waddar labourers digging earth and carrying it for road repairing and a shepherd grazing his flock.

"Waddar, Ode, Wadu Rajlu, Odewandlu, Kalkola (Carnatic) — Wandering navvies and earth workers, found all over the Hyderabad Territory", writes Syed Siraj Ul Hassan in his book "The Castes and Tribes of the H. E. H. the Nizam's Dominions". Lost in legend, the origin of Waddars is bristled with controversy. According to one theory, the Waddars are indigenous to the Nizam's Territory or atleast a Waddar dynasty (Panugal Waddars) ruled somewhere in the Nalgonda district, while H.A. Stuart sums up the Oddes or Voddas who are commonly called Wudders as Telugu people who came originally from Orissa (Odhra Country), whence their name. Whatever be the origin of these people, the Palamur Waddars, so called because Mahbubnagar used to be called originally as Palamur, invariably were found in large numbers in various large projects like the Tungabhadra and the Nagarjuna Sagar in the recent decades.

Even now many of the Palamur Waddars profess the excavation of stone from quarries and working in earth to be their original occupation. They are engaged in tank-digging, well-sinking, road-making, making mill-stones, building mud-walls, filling tank embankments and in all kinds of out-door labour. They have earned a reputation of being very efficient and quick in such types of work.

Generally they work in gangs and on a contract basis. The district of Mahbubnagar is a chief recruiting ground for the Waddars. Batches of contractors come often to this district and take with them sizeable groups of labourers to engage them in earth and stone works in different parts of the State. As stated earlier the Palamur Waddars have been almost invariably the most numerous of the distinct types of labourers employed in the construction of most of the big projects in the State during recent times. If the super-structures of these famous dams reflect the engineering skill of the highly qualified technologists, their foundations are embedded with the sweat and toil of the renowned Palamur Waddars.

The Shepherds and their flock play a very important role in the rural economy of Mahbubnagar district. The district is estimated to have as many as eight lakhs of sheep forming about one-tenth of the total population of sheep in Andhra Pradesh State. Only one other district viz., Karimnagar in the State has about the same population of sheep as Mahbubnagar district. About one-sixth of the total herdsmen and shepherds as also more than 30% of the workers in the industry of woollen spinning and weaving in former Hyderabad State were found in Mahbubnagar district. The district occupies almost similar ranks in respect of these two occupations even in Andhra Pradesh State. The 'Kamblis' (coarse, hand woven woollen blankets) of Makthal, Atmakur and Mahbubnagar taluks of the district are very well known and are quite popular throughout the Telangana Region. The black 'Kambli' forms an invariable and indispensable companion of the farmers and shepherds alike, whether in the thick of the winter or the blazing sun of the summer or during the rainy season, day and night.

PREFACE

The District Census Handbooks which were first published at the 1951 Census proved to be very useful to the State and Central Government Departments, private agencies and academic bodies like Universities and Research Institutions. The scope of these Handbooks was enlarged to make them more useful during the 1961 Census. Considering the delay in the publication of these Handbooks due to difficulties in finding suitable presses which could undertake huge printing work of this kind, it was considered desirable to split up the 1971 Census Handbooks into three parts *viz.*, Part A — Village and Town Directory, Part B — Village and Town Primary Census Abstract and Part C — Analytical Report, Departmental Statistics and District Census Tables. This was done mainly with a view to publishing Parts A and B which contain not only the population data upto the village and town level but also the particulars about the basic amenities *etc.*, available in the towns and villages, as early as possible for public use. The scope and contents of these three parts are elaborated in the introduction of this volume. I am glad to record here that parts A and B of the 1971 Census Handbooks of all the 21 Districts in the State have been finalised already and I expect that before the end of 1974 Parts A and B for all the 21 Districts would have been published.

The compilation of these Handbooks is being done from the 1951 Census in the Office of the Director of Census Operations while the cost of paper, printing, *etc.*, required for these volumes is being borne by the State Government. The Andhra Pradesh State Government readily agreed to bear the cost of printing and paper for the 1971 Census Handbooks. I am grateful to the Andhra Pradesh State Government and in particular to the Additional Chief Secretary to the Government of Andhra Pradesh, Shri S. A. Quader, IAS., for their co-operation and encouragement. I am thankful to the Director of Printing, Government of Andhra Pradesh for assisting me by selecting suitable presses for undertaking the printing of the Handbooks. The data presented in the Village and Town Directories are obtained from different State Government and Central Government Departments but for whose co-operation Part-A of the Handbooks could not have been compiled. I am thankful to all of them for furnishing me the required data.

I am extremely grateful to Shri A. Chandra Sekhar, IAS., Registrar General, India and Dr. B.K. Roy Burman, Deputy Registrar General, India who formulated the contents of these Handbooks in detail and rendered spontaneous help and encouragement to me at all stages.

The following staff of my Office worked on the present volume of Mahbubnagar District Census Handbook under the guidance and supervision of Shri P. S. R. Avadhany, Deputy Director of Census Operations and Sri K. Narasimha Murthy, Assistant Director of Census Operations of my Office.

Sri P. B. Sunder Raj, Tabulation Officer Smt. P. Lalitha, Tabulation Officer Sri T. Brahmiah, Statistical Assistant Sri K. V. Sarma, Statistical Assistant Sri A. V. Krishna Reddy, Computor	Drafting, Scrutiny and Supervision of Printing
Kum. N. Susee'a, Computor Sri M. R. Krishnamurthy, Assistant Compiler Sri S. Ramakrishna, Assistant Compiler	Collection and Compilation
Sri Laxmiah, Junior Reader, G.C.P. Sri Abid Yarkhan, Junior Reader, G.C.P.	Proof Reading

Sri A. Venkateswara Rao, Assistant Compiler	...	Scrutiny and supervision of maps Printing
Sri M. N. Ram Mohan, Artist	...	Supervision of Mapping Work
Sri Syed Ahmed, Senior Draughtsman		Preparation of maps
,, M. J. Sadiq, Draughtsman		
,, N. G. Swamy, Draughtsman

INTRODUCTION

GENERAL BACKGROUND OF THE DISTRICT CENSUS HANDBOOK

District Manuals and District Gazetteers

Prior to 1905, the erstwhile composite Madras Government compiled and published District Manuals for each district. It contained not only particulars of items of more or less a permanent character such as physical characteristics, history, religion and ethnography but also a few statistical tables including those relating to population which became obsolete within a few years of their publication. The Madras Government, therefore, replaced these District Manuals by another publication known as the District Gazetteer consisting of two Volumes 'A' and 'B'. Volume A contained descriptive matter and such general tables as might be necessary to explain the text and Volume B contained detailed statistics. They decided that Volume B should be brought out periodically after each decennial census so that they contain the latest statistics. Volume A was published for some districts between 1905 and 1927 in the composite Madras State. The publication of Volume A was discontinued in 1927. Volume B was published for all the the districts of the composite Madras State between 1906 and 1915. The publication of Volume B was also stopped after the 1931 Census.

In the erstwhile Hyderabad State also the Gazetteer Volumes were brought out for some of the districts.

The scheme of publication of revised District Gazetteers was started in 1958 by the State Governments and in this State, the Gazetteers of some districts like Cuddapah and Anantapur have been published already.

The Village Statements

Apart from the District Manuals and Gazetteers, the census data upto village level used to be published in a brochure called "Village Statement" for each district immediately after every census from 1872 upto 1941.

The Village Statements merely showed the number of occupied houses and population by religion of each village and town and they did not contain any more details. From the 1951 Census, the Village Statements were replaced by the District Census Handbooks.

District Census Handbooks

The idea of compiling the District Census Handbooks for each district in place of the Village Statements was first entertained and put forward at the 1951 Census by Sri R. A. Gopalaswamy, I.C.S., the then Registrar General, India and *ex-officio* Census Commissioner of India as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the district level. He proposed that all the District Census Tables and Census Abstracts prepared during the process of sorting and compilation, should be bound together in a single manuscript volume called the "District Census Handbook" and suggested to the State Governments that the Handbook with or without the addition of other useful information relating to the district should be printed and published at their own cost, in the same manner as the village statistics of the past censuses. This suggestion was accepted by most of the State Governments. Both the composite Madras State and the erstwhile Hyderabad State accepted this suggestion and published the District Census Handbooks for each district at their own cost. In the erstwhile Hyderabad State, the District Census Handbooks were brought out in two parts, Part I containing Administrative Statistics and Part II the Census Tables. In the composite Madras State, the Handbooks were brought out in one single volume only for each district.

Pattern at 1961 Census

At the 1961 Census, the scope of the District Census Handbooks was enlarged significantly by Sri Ashok Mitra, I.C.S., the then Registrar General, India. The District Census Handbooks of 1961 Census of Andhra Pradesh were divided into four parts. The first part contained narrative description of the Physical features, and History, Social, Economic and Demographic characteristics, the progress made in each field of administration over the past decades and a brief gazetteer of places. The second part contained the Administrative Statistics of various departments. The third part contained the 1961 Census Tables *viz.*, General Population Tables, Economic Tables, Cultural and Migration Tables, and

Special Tables on Scheduled Castes and Scheduled Tribes. The fourth part consisted of Village and Town Directory which was the most important section of the Handbook, giving village-wise and town-wise Primary Census Abstract *i.e.*, particulars of area, households, population, scheduled castes, scheduled tribes, literacy, broad categorization of working population *etc.* Important amenities such as educational, medical, public health and communication facilities available were also indicated against each village and town. Nine sub-tables containing village-wise particulars such as irrigation sources, important crops raised, value of land, Co-operative Societies, Industrial Establishments, Police Stations, list of skilled craftsmen *etc.*,were given after Village and Town Directory. A tabular statement on Fairs and Festivals in the district was given at the end of the volume. All these four parts were bound in a single volume and published at the cost of the State Government.

Pattern at 1971 Census

The District Census Handbooks proved to be very useful and valuable publications and had considerable demand by public as well as the official users of the census data. At the 1971 Census, it was therefore, decided not only to continue the publication of the District Census Handbooks but also to enlarge its scope further.

At the 1961 Census, there was some delay in the publication of the District Census Handbooks due to the inadequate printing facilities. In order to avoid delay in publication and also to make available the more important census data to the planners, administrators and other users who may be not only eager but in dire necessity to use the information in their respective spheres, it has been decided to bring out the District Census Handbooks in three parts *viz.*, Part A, Part B and Part C. Part A contains the Village and Town Directory. Part B contains the Village and Town Primary Census Abstract. Part C contains Administrative Statistics and Analytical Report. Parts A and B of the District Census Handbooks of this State are being brought out in one volume and Part C will be brought out in a separate volume for each district a little later.

A brief outline on the scope of each of these three parts is given below.

Part A: Village and Town Directory

In this part the Village Directory is given first and then the Town Directory.

Village Directory : It is arranged taluk-wise and gives for each village, particulars of amenities such as of educational and medical institutions, power and drinking water supply, post and telegraph facilities, communications, markets, particulars of land use, places of religious, historical or archaeologcial interest in the village.

Town Directory : The Town Directory portion contains data in seven statements. Particulars like the civic administration status, its origin, the growth and decline of its population, functional category, physical aspects and location, municipal finances civic and other amenities, medical, educational recreational and cultural facilities, trade, industry, commerce and banking facilities and lastly the religious composition of the town and the scheduled castes/tribes population inhabiting are presented in seven statements. These particulars are given for each town in the district arranged in alphabetical order.

Part B : Village and Town Primary Census Abstract

This part gives for each Revenue Village and also for each Enumerator's Block and Ward of a town the Primary Census data *i.e.*, area, occupied residential houses, number of households, total population and its break up by sex, scheduled castes and scheduled tribes population, literate population, working population by nine broad categories of cultivators, agricultural labourers, those working in livestock, forestry fishing, plantations *etc.*, in mining and quarrying, in manufacturing,in construction, in trade and commerce, in transport, storage and communications and in other services and the non-working population as per the 1971 Census.

Part C : Administrative Statistics and Report

This part comprises the various administrative statistics pertaining to the district with special referrence to the development taken place during 1961–70 in different spheres and also the 1971 Census Tables relating to the General Population, Economic characteristic, Cultural and Migration features, Housing and Establishment Tables and data pertaining to the district regarding Language and Religion. A write up, indicating the changes in the socio-economic and demographic characteristics of the district and the developmental activities that have taken place in the decade in the various fields like Agriculture,Industries, Trade and Commerce, Education, Medical and Public Health, Community Development *etc.*, is given at the

beginning of this part. In view of the elaborate write up already given in the 1961 District Census Handbooks, the present write up will be brief and it will cover the present decade only.

Rural and Urban Classification of Areas

It is customary to classify the population of every country at a census as Rural and Urban. Such a classification has considerable significance and is necessary from the point of assesing the differentials in the social, economic, cultural and demographic characteristics of the population. Hence at the beginning of each census, the criteria for treating a place as town (*i.e*, urban) or rural are evolved and the areas are then classified accordingly as per the definition so evolved.

From the year 1891, the census definition of a town in this country was more or less the same till 1941 and it was slightly modified in 1951. The towns broadly comprised all Municipalities of whatever population and every other continuous collection of houses, permanently inhabited by not less than 5,000 persons, which the provincial Directors of Census Operations, having regard to the character and relative density of population, their importance as centres of trade, decided them to be towns. In the application of this definition there was some variation from State to State according to the local conditions. It was only at the 1961 Census that a fairly strict definition was sought to be applied throughout the country in order to determine a place as an Urban unit. The same definition was followed at the the 1971 Census also. The following criteria are adopted for treating a place as a town at the 1971 Census.

1. All places with a Municipality, Corporation or Cantonment or Notified Town Areas, and
2. All other places which satisfied the following criteria.

   (a) a minimum population of 5,000

   (b) a density of population of at least 1,000 persons per Sq. mile (400 persons per Sq. Km.) and

   (c) atleast three fourths (75%) of the male working population is non-agricultural.

In respect of marginal cases, the Directors of Census Operations of the States were given discretion to treat a place as town or a village.

The Towns are categorized into six classes as detailed below:

Classification of Towns	*Population Size*
Class I	1,00,000 and above
Class II	50,000–99,999
Class III	20,000–49,999
Class IV	10,000–19,999
Class V	5,000–9,999
Class VI	Below 5,000

The Class I Towns are termed as Cities.

Besides classification of all places into Rural and Urban areas, two new concepts *viz.*, Urban Agglomeration and Standard Urban Area were evolved at the 1971 Census. They are briefly explained below :

Urban Agglomeration

In several areas around a core city or statutory town have come up fairly large and well recognised Railway Colonies, University Campuses, Port areas, Military Camps *etc.* Even though they are outside the statutory limits of a Corporation, Municipality or Cantonment, they fall within the revenue boundary of the place by which the town itself is known or in the revenue boundary of the neighbouring village. It may not be altogether realistic to treat such areas lying outside the statutory limits of a town as rural units and at the same time each such individual area by itself may not satisfy the minimum population limits to qualify to be treated as an independent town. Such areas deserve to be reckoned along with the main town and the continuous spread including such urban outgrowth would deserve to be treated as an integrated urban area. At the 1971 Census such continuous urban spreads have been treated as integrated urban areas and defined as Urban Agglomerations. This concept of Urban Agglomeration replaced the concept of Town-group followed in the 1961 Census. An urban unit is treated as an urban agglomeration in the following situations).

(a) A city with continuous outgrowth (the part of outgrowth being out of the statutory limits but falling within the boundaries of the adjoining village or villages).

(b) One town with similar out-growth or two or more adjoining towns with their out-growths as in (a) and

(c) A city and one or more adjoining towns with their out-growths all of which forming a continuous spread.

Thus the Urban Agglomeration represents wholly the urban population only. In Andhra Pradesh, the following four places are treated as Urban Agglomerations.

Name of the Urban Agglomeration	*Constituent Units in the Urban Agglomeration*
(1)	(2)
1 Visakhapatnam Urban Agglomeration	(*a*) Visakhapatnam City (*i*) Visakhapatnam Municipality (*ii*) Gajuvaka Out-growth (*b*) Gopalapatnam Town
2 Rajahmundry Urban Agglomeration	(*a*) Rajahmundry Municipality (*b*) Rajahmundry Non-Municipal Area
3 Vijayawada Urban Agglomeration	(*a*) Vijayawada Municipality (*b*) Patamata Town (c) Gunadala Town
4 Hyderabad Urban Agglomeration	(*a*) Hyderabad Municipal Corporation (*i*) Hyderabad Division (*ii*) Secunderabad Division (*b*) Secunderabad Cantonment (*c*) Malkajgiri (*d*) Alwal (*e*) Uppal Khalsa (*f*) Balanagar (*g*) Fatehnagar (*h*) Macha Bolaram (*i*) Osmania University (*j*) Lalaguda (*k*) Kukatpalle (*l*) Moosapet (*m*) Bowenpalle (*n*) Zamistanpur

The Standard Urban Area (S.U.A.)

The concept of the Standard Urban Area has been evolved for the first time at the 1971 Census to give out a more meaningful picture of the urban growth. The town-group concept adopted at the 1961 Census did not effectively tackle the problems involved in reporting urban statistics apart from lacking a uniform application throughout the country. It also did not bring out a spatially contiguous territory of urban-rural settlements but merely bound up loosely clustered population popularly known as the satellite towns or the constitutent units whose jurisdictions were subjected to frequent changes and thus lacked in stability. The intervening rural areas were also left out of the account. Consequently the conclusions drawn became not only invalid over a time but also lost spatial comparability with similar data processed both within the country and outside. These short-comings reduced considerably the utility of the town-group concept. To enable the presentation of urban statistics on an uniform basis and also to ensure comparability of the census data from one decade to another and with similar data available from other countries, the concept of Standard Urban Area has been envisaged and adopted at the 1971 Census.

The Standard Urban Area is defined as the projected growth area of a city or town as it would be in another three decades taking into account not only the towns and villages which will get merged into it but also the intervening areas which are potentially urban. The tract includes all extra Municipal urban out-growth such as the suburbs (industrial and residential), Railway Colonies, Civil Lines, Cantonments and also such of those villages that are likely to be urbanised during the next three decades. The Standard Urban Area is thus an area which extends well beyond the chief core city or town and contains all likely developments over the next 30 years. It will remain a statistical reporting unit for the next three successive censuses, irrespective of the jurisdictional changes of the local administrative units within the tract. The Standard Urban Area will be identified by the administrative units that it encompasses namely the city, the town, the village. The boundaries of the Standard Urban Area will be the administrative boundaries of the peripheral units.

In demarcating the Standard Urban Area the following criteria are followed:

(i) The core town should have a minimum population of 50,000

(ii) The contiguous areas should be made up of other urban as well as rural administrative units having close and mutual socio-economic links with the core town and

(iii) The entire area included in the Standard Urban Area is likely to be urbanised in a span of two to three decades.

In Mahbubnagar District, Mahbubnagar Town with its surrounding villages is treated as Standard Urban Area. Details about Standard Urban areas are given in Table A-V at Pages 175-185 of Part II-A, General Population Tables of Andhra Pradesh and may be referred to.

PART-A

VILLAGE AND TOWN DIRECTORY

SECTION I - Village Directory

SECTION II - Town Directory

SECTION 1

VILLAGE DIRECTORY

The main purpose of the Village Directory is to indicate the available important facilities like educational, medical, drinking water supply, communications and electric supply in each village. The collection and presentation of such data was first attempted at the 1961 Census and the different facilities available were shown by abbreviated letters under five columns along with the Primary Census Abstract. But at the 1971 Census it was decided to present such particulars in greater detail in the Village Directory and to give the Primary Census Abstract separately. Besides presenting the data on basic amenities like educational, medical, electricity, drinking water supply, communications, posts and telegraphs, the particulars about the staple food commonly used by the majority of the people, land utilisation, the name and distance of the nearest town, the market/shandy days, places of historical or religious or archaeological or tourist importance, if any, of the villages have also been collected and presented in the Village Directory. The Village-wise Primary Census Abstract is presented separately in Part B of this volume.

In the Village Directory, the revenue village is taken as the lowest unit for presentation of data. The villages are arranged in the ascending order of Location Code Numbers assigned to the villages. Unlike the Town Directory, the Village Directory contains only one statement. An Alphabetical List of villages with the Location Code Numbers against them is given at the beginning of the Village Directory and Primary Census Abstract of each taluk. This facilitates the reader to select the required village from the alphabetical list and after knowing its location code number to obtain the necessary particulars from the Village Directory. The Village Directory is broadly divided into four broad sections *viz.*, location particulars, basic amenities like education, medical *etc*·, land utilisation and distance from urban area and the importance of the village as religious or tourist centre.

Columns 1 to 3 deal with the location code number, name and the total area of the village. The area given under col. 3 is as per the data furnished by the Tahsildar and the State Survey Department. Columns 4 to 9 give the basic amenities available in the village such as the educational, medical, electricity, drinking water, communications and postal facilities.

The educational facilities are shown by the following symbols under column 4.

P ... Primary or Elementary School
M ... Middle School
H ... High School or Higher Secondary School
C ... College
T ... Technical Institution

If there are more institutions than one of a type in the village the number of institutions precedes the abbreviations *e.g.*, 3P, 2M, 3H, *etc.*,

Medical and Public Health facilities existing in the village are shown by the following symbols under col. 5

H ... Hospital
D ... Dispensary
Mcw ... Maternity and Child Welfare Centre
Fpc ... Family Planning Centre
Phc ... Primary Health Centre

If the village is electrified then it is indicated by the letter 'E' under column 6.

The types of drinking water supply sources available with in the village are indicated as below :

T ... Tap
W ... Well
Tk ... Tank
Tw ... Tube Well
R ... River
C ... Canal

If there are any other sources of drinking water other than the above, then such sources have been spelt out.

If the village is served by one or more of the following means of communications within a distance of one mile from the village, then, the communication facilities of the village under column 8 have been indicated as follows :-

PR ... Pucca Road
KR ... Katchcha Road
T ... Train
R ... River
C ... Canal

The postal facilities, if any, existing in the village are indicated under column 9 by the following symbols.

PO ... Post Office
TO ... Telegraph Office
PTO ... Post & Telegraph Office
Phone ... Telephone

If a village does not have any of the above facilities then "..." is indicated against such village under relevant column.

The staple food of the majority of the population of the village during the major portion of the year is indicated under column 10 as indicated below. If there is variety of grains mainly used in a village, then they have been indicated, accordingly.

Ri ... Rice
W ... Wheat
J ... Jowar
B ... Bajra
Ra ... Ragi
M ... Maize

Columns 11 to 15 relate to the land utilisation statistics. Under column 11 the extent of the forest area is given. Under columns 12 and 13 the extent of the cultivated area in the village is given. The extent of area irrigated together with area irrigated under different irrigational sources such as canals, tanks, wells, tube wells *etc.*, are given, wherever available under column 12 while under column 13 the extent of land unirrigated is given. Column 14 gives the extent of cultivable waste. The area not available for cultivation such as village site, rivers, canals, tanks, wells *etc.*, is given under column 15.

The various types of land use given under each of the columns 11 to 15 are listed out and the concepts explained below.

1 Forests (Col. 11) : These include all actually forested areas and the lands classed or administered as forests under any legal enactment dealing with forests whether State owned or private. If any portion of such land is not actually wooded but put to some agricultural use, that portion is included under the appropriate heading of cultivated or uncultivated land.

2 Cultivated area with breakup of irrigated & unirrigated (Cols. 12 and 13.) This includes the land under the following three categories.

(*i*) *Net area sown* :
The net area sown represents the area sown to crops counting areas sown more than once in the same year, only once.

(*ii*) *Current fallows* :
This class comprises cropped areas which are kept fallow during the current year. If any seedling area is not cropped again in the same year, it is also treated as current fallow.

(*iii*) *Other fallows* :
This includes all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than five years. The reasons for keeping such lands fallow may be either due to poverty of the cultivators or inadequate supply of water or malarial climate or silting or canals or rivers or unremunerated nature of farming etc.

3 Cultivable waste (Col. 14) This includes the land under the following three categories.

(*i*) *Miscellaneous tree crops, groves not included in the area sown.*
Under this class is included all cultivable land which is not included under net area sown but is put to some agricultural uses. Lands under casuarina trees, thatching grass, bamboo bushes and other groves for fuel etc., which are not included under "Orchards" are classed under this category.

(*ii*) *Culturable waste* :
This includes lands available for cultivation but not taken up for cultivation or abandoned after a few years for one reason or other. Such lands may be either fallow or covered with shrubs and jungles which are not put to any use. They may be assessed or not assessed and may lie in isolated blocks or within cultivated holdings. Land once cultivated but not cultivated for five years in succession is also included in this category.

3 Cultivable waste (Col. 14)-*Concld.*

(*iii*) *Permanent pastures and other grazing lands :*

These cover all grazing lands whether they are permanent pastures and meadows or not. Village common and grazing lands within forest areas are included under this head.

4 Area not available for cultivation (Col. 15)

This includes the land under the following two categories.

(*i*) *Barren and uncultivable land :*

This covers all barren and uncultivable land like mountains, etc., *i.e.*, which cannot be brought under cultivation unless at a high cost whether such land is in isolated blocks or within cultivated holdings.

(*ii*) *Land put to non-agricultural uses*:

All lands occupied by buildings roads and railways or under waters *e.g.*, rivers and canals and other lands put to uses other than agricultural.

Under column 16 the distance of the village from the nearest town in Kms. is given. The days on which weekly market/shandies, if any, held in the village are given under column 17. If the village has any historical/religious/archaeological tourist importance, it has been indicated under column 18.

All the above particulars are based on the data obtained from the Tahsildars and Local Bodies concerned and also from the concerned departments like Postal, Medical, Education and Electricity etc.

Village Classified by Population size

Mahbubnagar district has 12 taluks comprising 1,529 villages out of which 1,459 are inhabited and 70 are uninhabited according to 1971 census Kodangal taluk has the largest number of villages *i.e.* 156 while Achampet taluk has the smallest number *viz.*, 93 villages in the district. 331 villages or about 22% of the total inhabited villages have a population of less than 500 each. A larger number of villages are in the population range of 500–999 persons which form nearly one-third of the total number of inhabited villages. This range together with those villages having a population of less than 500 each constitute 55% of the total inhabited villages in the district. 419 villages or about 29% of the inhabited villages belong to population range of 1,000–1,999 and 214 villages or about 15% of the inhabited villages have a population ranging from 2,000–4,999. There are only 17 villages in the population range of 5,000–9,999. There are no villages at all with a population of 10,000 persons and above in this district. A higher proportion *viz.*; 33% of the inhabited villages is in the population size class of 500–999 persons each and this trend is common among 10 out of 12 taluks of the district. The two taluks, Alampur and Gadwal have a larger number of villages in the next higher range of 1,000–1,999 persons.

The distribution of villages by size class of population in each taluk is given below:

STATEMENT 1

TALUKWISE DISTRIBUTION OF VILLAGES BY SIZE OF POPULATION

Name of the Taluk	Total Villages (Inhabited)	No. of Villages by Population Size						
		Less than 200	200–499	500–999	1,000 1,999	2,000 4,999	5,000 9,999	10 000 and above
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)
1. Mahbubnagar	133	9	28	35	33	27	1	..

9. Gadwal	98	7	17	19	34	19	2	..
10. Atmakur	119	4	23	48	36	7	1	..
11. Makthal	113	15	24	29	26	16	3	..
12 Kodangal	152	8	27	59	43	13	2	..
Total	**1,459**	**85**	**246**	**478**	**419**	**214**	**17**	..

Villages classified by area

There are 302 villages forming about 20% of the total villages including the uninhabited ones in the district with an area less than or equal to 1,000 acres each. 1,057 villages or about 69% of the total villages have an area ranging from 1,001 to 5,000 acres each. 170 villages constituting 11% of the total villages have an area of more than 5,000 acres each. 10 out of 12 taluks have a relatively higher proportion of villages are in the area range of 2,001-5,000 acres each and the remaining two taluks *viz.*, Atmakur and Kodangal have higher proportion of villages in the area range of 1,001 to 2,000 acres each. It may be seen that villages with larger area are having smaller population, and size thus the villages in the district are, generally, thinly populated compared to other districts in the State.

A statement showing the distribution of villages by size class of area is given below.

STATEMENT 2

TALUKWISE DISTRIBUTION OF VILLAGES BY SIZE CLASS OF GEOGRAPHICAL AREA

Name of the Taluk	Total No. of Villages	No. of Villages by Area (in Acres)								
		50 or less	51–100	101–200	201–500	501–1,000	1,001–2,000	2,001–5,000	5,001 & above	Unspecified

Educational Facilities

Education is one of the basic amenities that has to be provided to the people. An idea of the extent and the level to which it has been provided in the rural areas of the district can be had from the table given below. The villages are classified by the distance to the nearest town with which the villages have established commercial, social and other links.

STATEMENT 3

DISTRIBUTION OF VILLAGES BY EDUCATIONAL FACILITIES AND THE DISTANCE TO THE NEAREST TOWN

Distance from the nearest town (in Kms.)	Total No. of inhabited villages	No. of Villages having				
		Primary Schools	Middle Schools	High/Higher Secondary Schools	Colleges	Others
(1)	(2)	(3)	(4)	(5)	(6)	(7)
5 or less	85	79	9	6	1	..
6–10	178	132	18	12	1	..
11–15	194	155	13	12	..	1
16–25	480	377	44	40	..	..
26–50	448	372	44	32	1	..
51–100	71	57	12	4	..	..
Unspecified	3	1	..	1	..	..
Total	1,459	1,173	140	107	3	1

Among 1,459 inhabited villages in the district 1,173 villages or about 80% of the total inhabited villages have primary schools while 286 villages or about 20% of the inhabited villages do not have the minimum educational facilities. 140 villages or about 9% of the inhabited villages have middle or upper primary schools while 107 villages or about 7% of the total inhabited villages have High/Higher Secondary schools in the district. Three colleges exist in the rural areas of this district, one in Mahbubnagar taluk, Kalvakurthi taluk and the other in Nagarkurnool taluk. Other institutions will generally include technical schools, basic training schools etc; one basic training school is reported in the rural areas of Makthal taluk in the district.

Higher percentage of villages located at a distance of 5 Kms. or less to the towns, have primary schools. However, the variation in the percentage of villages having primary schools is not much among the villages of other size class of distance.

Medical and Public Health facilities

Expansion of the medical facilities particularly in the rural parts has been emphasised in the development plans. An idea of the extent of the availability of these facilities in the rural areas of the district can be had from the following table.

STATEMENT 4

NUMBER OF MEDICAL INSTITUTIONS

Name of the Taluk	No. of Medical Institutions		
	Hospitals	Dispensaries	Others (Phc, Fpc&Mcw)
(1)	(2)	(3)	(4)
1. Mahbubnagar .	2	1	4
2. Shadnagar .	..	..	4
3. Kalvakurthi .	1	..	5
4. Achampet .	3	..	2
5. Kollapur .	..	..	2
6. Nagarkurnool .	1	..	3
7. Wanaparthi .	..	..	3
8. Alampur .	..	..	2
9. Gadwal .	1	..	4
10. Atmakur .	1	..	5
11. Makthal .	1	..	3
12 Kodangal .	2	..	3
Total	12	1	40

There are 53 medical institutions of various types in the rural parts of the district. These are 12 hospitals distributed among 8 taluks out of 12 in the district. The taluks of Shadnagar, Kollapur, Wanaparthi and Alampur do not have hospital facilities. Only one dispensary is in the rural areas of Mahbubnagar taluk while 40 other institutions such as Primary Health Centres, Family Planning Centres, Maternity and Child Welfare Centres etc., are spread over among all the taluks in the district. The rural parts of Kollapur and Alampur taluks have relatively less medical facilities while the rural parts of Kalvakurthi and Atmakur taluks have better medical facilities. On an average, there is not even a medical institution for every 100 Sq. Kms. of rural area in the district.

Electrification

The following inset table gives an idea of the the extent of electrification in respect of the villages (including uninhabited) lying in different distance ranges from the nearest urban centres in Mahbubnagar district.

STATEMENT 5

NUMBER OF VILLAGES HAVING ELECTRICITY

Distance from the nearest town (in Kms.)	Total No. of Villages	No. of Villages where power supply is available
(1)	(2)	(3)
5 or less .	94	26
6–10 .	182	39
11–15 .	201	35
16–25 .	496	53
26–50 .	470	62
51–100 .	73	7
Unspecified .	13	1
Total	1,529	223

In all 223 villages forming about 14% of the total number of villages in the district are having power supply. The proportion of electrified villages is comparatively low in this district than in other districts in the State. It may be observed that a larger proportion of villages (about 28%) situated nearer the urban centres are electrified than the remote villages.

The following inset table given on 8 page indicates the taluk wise break up of electrified villages and their percentage to the total number of villages in Mahbubnagar district.

STATEMENT 6

TALUKWISE DISTRIBUTION OF ELECTRIFIED VILLAGES

Name of the Taluk	Total No. of villages	No of electrified Villages	Percentage of villages to total number of villages
(1)	(2)	(3)	(4)
1. Mahbubnagar .	137	22	16.1
2. Shadnagar .	149	23	15.4
3. Kalvakurthi .	147	22	15 0
4. Achampet .	93	6	6.5
5. Kollapur .	116	12	10.3
6. Nagarkurnool .	136	42	30.9
7. Wanaparthi .	143	21	14.7
8. Alampur .	99	10	10.1
9. Gadwal .	102	7	6.7
10. Atmakur .	122	35	28.7
11. Makthal .	129	14	10.8
12. Kodangal .	156	9	5.8
Total	1,529	223	14.6

Relatively the rural parts in Nagarkurnool has a higher proportion of electrified villages *viz.*, 30.9% followed by Atmakur with 28.7% while the rural parts of Kodangal taluk has the smallest proportion of electrified villages with only 5.8%. It is evident that with only about 14% of the total villages electrified, the district of Mahbubnagar trails far behind in the development of power.

Communication Facilities

The following statement gives the number of villages, arranged distance wise from the nearest urban centre, having different road connections as also the facility of the train.

STATEMENT 7

COMMUNICATION FACILITIES

Distance from the nearest town in Kms.	Total No. of villages	Number of villages connected by			
		Pucca road	Katchcha road	Train	Others
(1)	(2)	(3)	(4)	(5)	(6)
5 or less .	94	30	41	3	23
6-10 .	182	41	78	1	63
11-15 .	201	52	80	1	69
16-25 .	496	105	209	2	182
26-50 .	470	110	163	2	197
51-100 .	73	13	24	..	36
Unspecified .	13	1	..	1	12
Total	1,529	352	595	10	582

Among 1,529 villages, including uninhabited only 352 villages or about 23% of the total villages are connected by pucca roads while 595 villages or about 39% of the total villages are connected by katchcha roads in Mahbubnagar district. The rail transport facilities in the rural parts are available for only 10 villages which account for less than one percent of the total villages in the district. 582 villages or about 38% of the total villages in the district do not possess any type of road facility.

Postal facilities :

The following statement given on page 11 shows the distribution of villages in each taluk of Mahbubnagar district having Post and Telegraph and Telephone facilities as well as the percentage of postal facility available per every 100 Square Kms. of rural area.

STATEMENT 8

TALUKWISE DISTRIBUTION OF VILLAGES WITH POSTAL COMMUNICATIONS

Name of the Taluk	Total No. of Inhabited villages	Total Number of Villages having				
		Post offices	Telegraph Offices	Post & Telegraph Offices	Phones	Average number of post offices per 100 Sq. Kms.
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1. Mahbubnagar .	133	49	..	1	2	4.1
2. Shadnagar .	144	51	..	..	..	4.0
3. Kalvakurthi .	143	68	..	..	..	2.9
4. Achampet .	88	30	..	1	..	1.0
5. Kollapur .	108	39	..	..	..	2.4
6. Nagarkurnool .	131	70	..	..	..	4.8
7. Wanaparthi .	136	36	..	1	1	2 6
8. Alampur .	94	41	1	..	..	3.7
9. Gadwal .	98	34	..	1	..	2.5
10. Atmakur .	119	50	..	..	..	3.9
11. Makthal .	113	57	..	1	..	4.2
12. Kodangal .	152	50	..	2	..	4.2
Total	1,459	575	1	7	3	3.1

Among the 1,459 inhabited villages in the district, 575 villages have post offices, 1 village has telegraph office, 7 villages have the combined facility of both post and telegraph offices and again only 3 villages have the trunk phone facility in the entire district. On an average, there are only 3 post offices serving every 100 Sq. Kms. of rural area in the district. Among the taluks, the proportion of villages having post offices is higher in Nagarkurnool taluk and low in Kodangal taluk in the district.

Stapple food :

The stapple food of people in the rural parts of Mahbubnagar district is rice while jowar and bajra come next to rice.

Cultivated Land

The data on the extent of land which could be brought under the plough with some effort but is lying uncultivated and the extent of land cultivated in each village may be useful for formulating schemes of land reforms. A statement showing the average cultivated land and the average cultivable waste per village classified by its distance to the nearest town is given below.

STATEMENT 9

AVERAGE SIZE OF CULTIVATED LAND AND CULTIVABLE WASTE PER VILLAGE BY DISTANCE TO THE NEAREST TOWN

Distance from the nearest (town in Kms.)	Number of Villages	Total Cultivated Land	Average Cultivated Land per Village	Total Cultivable Waste	Average Cultivable Waste per Village	Percentage of Average Cultivable Waste per Village to Average Cultivated Land per Village
(1)	(2)	(3)	(4)	(5)	(6)	(7)
5 or less .	94	152,308	1,620	14,062	150	9 3
6–10 .	182	308,894	1,688	25,467	139	8.2
11–15 .	201	367,685	1,829	31,660	158	8 6
16–25 .	496	844,655	1,700	65,921	133	7.8
26–50 .	470	927,551	1,974	71,853	153	7.8
51–100 .	73	108,122	2,467	10,945	180	6.1
Unspecified .	13	8,936	687	1,542	119	17.3
Total .	1,529	2,790,141	1,822	221,450	145	8.0

On an average the area under cultivation in each village is 1,822 acres while the extent of cultivable waste is 145 acres per village. In other words there is cultivable waste in each village equivalent to about 8.0% of the cultivated land, which could be brought under the plough with some effort.

In the table below, talukwise break up of the above aspects is also given with a view to know the relative position of different taluks in Mahbubnagar district.

STATEMENT 10

AVERAGE SIZE OF CULTIVATED LAND AND CULTIVABLE WASTE PER VILLAGE BY TALUK

Name of the Taluk	Total No. of villages	Total cultivated land (Acres)	Average cultivated land per village (Acres)	Total cultivable waste (Acres)	Average cultivable waste per village (Acres)	Percentage of average cultivable waste per village to average cultivated land per village
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1. Mahbubnagar	137	225,537	1,646	20,574	150	9.1
2. Shadnagar	149	255,700	1,716	23,895	160	9.3
3. Kalvakurthi	147	391,528	2,663	25,745	175	6.6
4. Achampet	93	125,528	1,335	18,214	194	14.5
5. Kollapur	116	211,560	1,824	16,881	146	8.0
6. Nagarkurnool	136	301,381	2,200	5,263	38	1.7
7. Wanaparthi	143	192,131	1,343	23,249	163	12.1
8. Alampur	99	217,671	2,199	13,894	140	6.4
9. Gadwal	102	257,142	2,521	29,179	286	11.4
10. Atmakur	122	185,285	1,519	10,586	87	5.7
11. Makthal	129	200,788	1,556	18,421	143	9.2
12. Kodangal	156	225,890	1,448	15,549	100	6.9
Total	1,529	2,790,141	1,822	221,450	145	8.0

The average cultivated land per village is relatively more in Kalvakurthi taluk with 2,663 acres. while Gadwal taluk with 2,521 acres. follows it very closely. Both Wanaparthi and Achampet taluks are having the least proportion of cultivated land with 1,343 acres and 1,335 acres respectively in the whole district.

The proportion of cultivable waste to the cultivated land per village is comparatively more in Achampet and Wanaparthi taluks with 14.5% and 12.1% respectively while it is lowest in Nagarkurnool and Atmakur taluks with 1.7% and 5.7%.

Conclusions

The several particulars furnished in the village directory reveal that,

i) minimum educational facilities are not available in 20% of the total inhabited villages in the district,

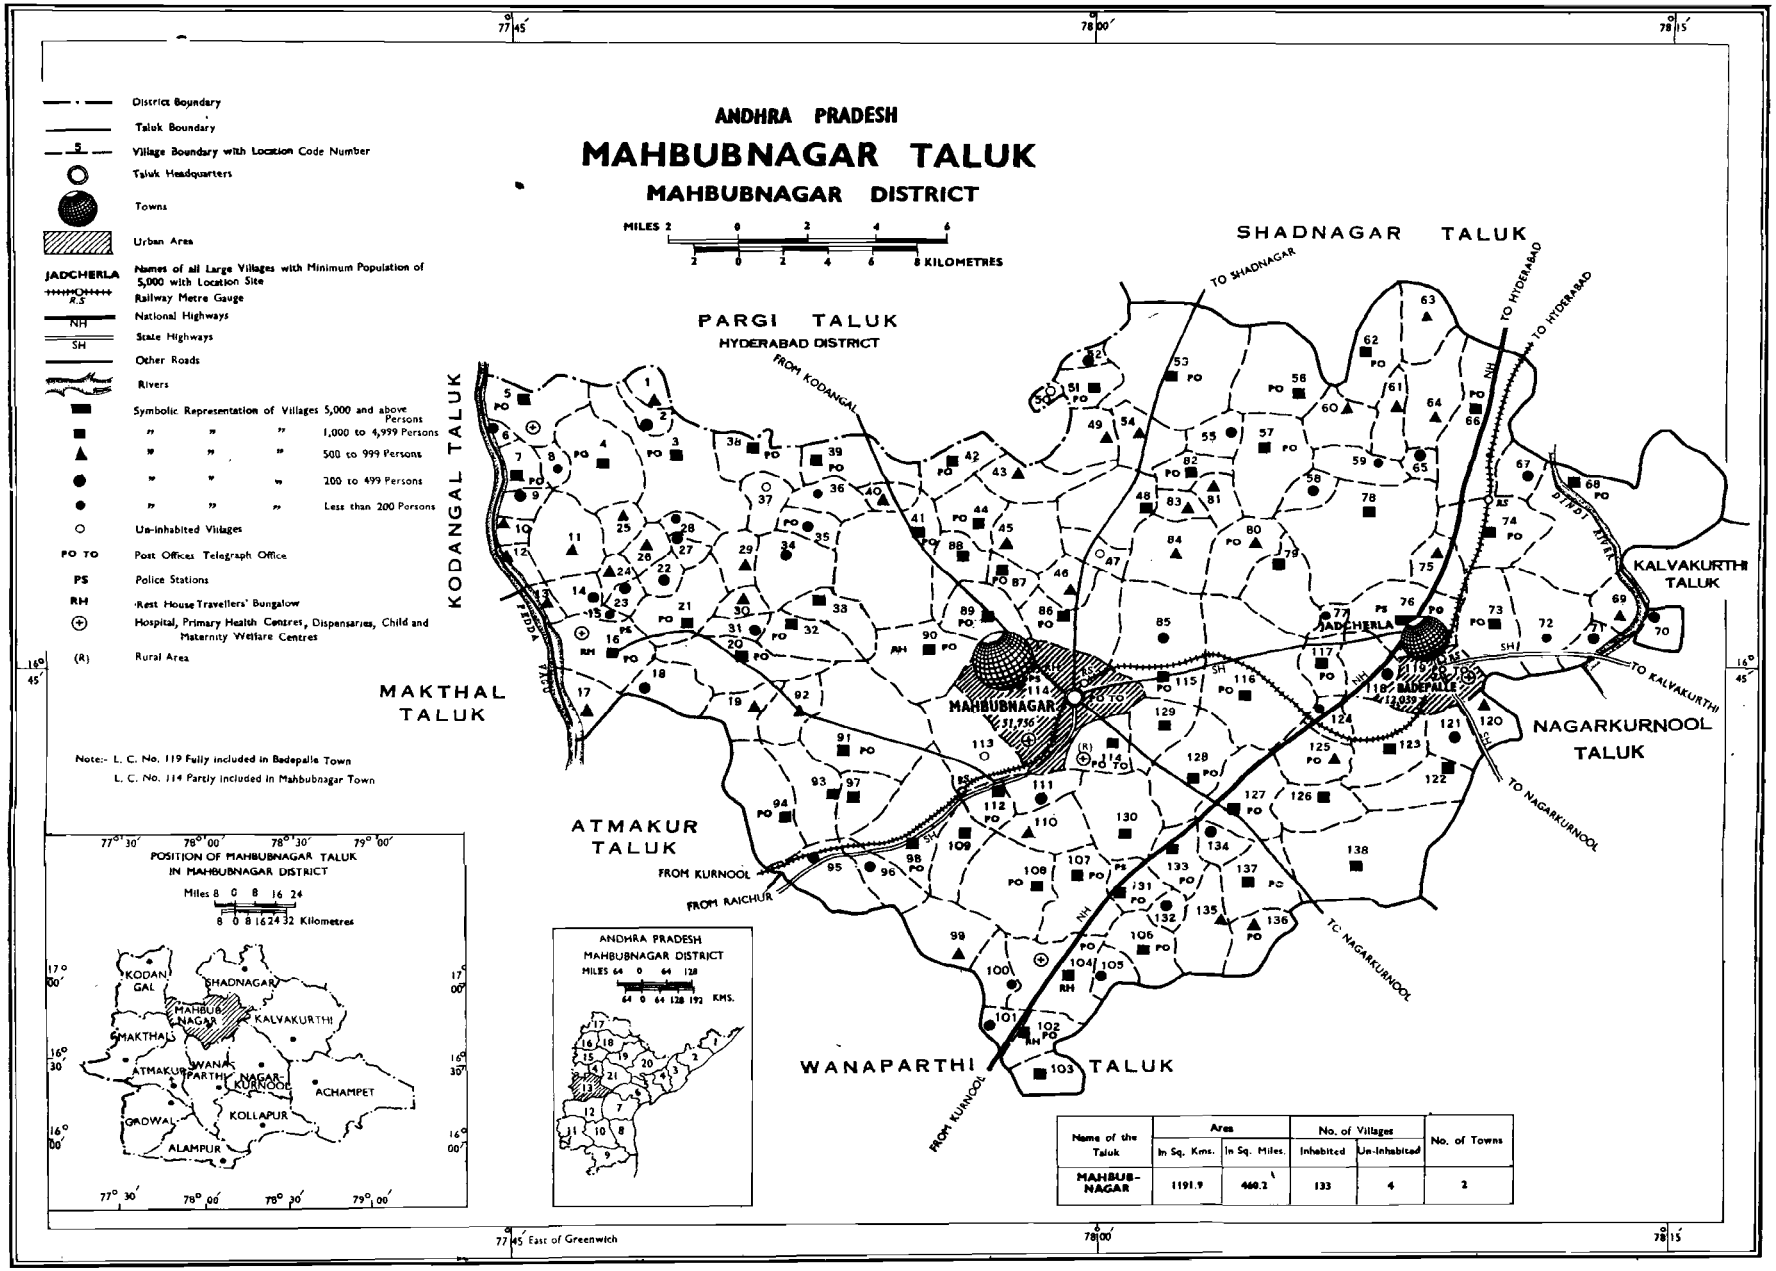

ii) there is not even one medical institution for every 100 Sq. Kms. rural area,

iii) power supply is available only in 14.6% of the total villages including the uninhabited villages in the district,

iv) for about 23% of the total villages are having pucca road facility, and

v) an extent equivalent to about 8% of the cultivated land is left uncultivated in each village on an average indicating thereby that further development in these fields is necessary in the rural parts of Mahbubnagar district.

SECTION II

TOWN DIRECTORY

Town Directory

In the Town Directory, the towns in the district are arranged alphabetically and several particulars relating to each town are given in the following seven statements:

Statement	I	Status, Growth History and Functional Category of Towns
Statement	II	Physical Aspects and Location of Towns
Statement	III	Civics Finances
Statement	IV	Civic and other Amenities in Towns
Statement	V	Medical, Educational, Recreational and Cultural Facilities in Towns
Statement	VI	Trade, Commerce, Industry and Banking Facilities in Towns
Statement	VII	Population by Religion and Scheduled Castes/Scheduled Tribes in Towns

The following eleven places have been treated as Towns in Mahbubnagar District at the 1971 Census.

1 Mahbubnagar
2 Badepalle
3 Farooqnagar
4 Srisailam Project Township Left Flank Colony
5 Kollapur
6 Nagarkurnool
7 Wanaparthi
8 Alampur
9 Gadwal
10 Narayanpet
11 Kosigi

Of the above mentioned 11 towns, 3 towns *viz.*, Mahbubnagar, Gadwal and Narayanpet are Municipalities while all the remaining towns excepting Srisailam Project Township Left Flank Colony are all Panchayats. The civic status of Srisailam Project Township Left Flank Colony has not yet been determined.

The township of Srisailam Project Left Flank Colony is the only place classified as a town for the first time in the 1971 Census. Badepalle, Farooqnagar and Nagarkurnool were classified as towns in 1951 Census while Wanaparthi, Alampur and Kollapur were classified as towns from 1921, 1931 and 1941 respectively. The remaining four towns *viz.*, Mahbubnagar, Gadwal, Narayanpet and Kosigi were classified as towns as early as 1901. During the present census four towns of 1961 Census *viz.*, Kalvakurthi, Makthal, Utkur and Kodangal are declassified as rural as these places lost their urban characteristics, may be, due to the absence of the urban development as in Kalvakurthi and Kodangal or the migration of certain weavers' communities to other areas and also due to rapid development of the adjoining towns like Mahbubnagar and Raichur (present Karnataka) at the cost of some of the towns of this district. The variation in the number of urban units in the district from Census to Census is shown below. It may be seen that the number of urban units in the district kept increasing steadily from 1901 to 1951 with a big addition of towns during 1941-51 decade, and a declining trend there after. There was a large scale pruning of census towns at the 1961 Census due to the application of a stricter and more uniform definition of 'town'. This resulted in a steep fall in the number of urban units from 18 in 1951 to 14 at the 1961 Census. Due to lack of planned industrial development, there was further decrease in the number of urban units of this district at the 1971 Census also resulting in the number coming down to 11.

The following inset table indicates the number of the urban units in Mahbubnagar district in each Census year from 1901 to 1971.

Year of Census	No. of urban units
1901	5
1911	5
1921	6
1931	9
1941	12
1951	18
1961	14
1971	11

Two uot of the 12 taluks in this district *viz.*, Kalwakurthi and Atmakur are purely rural. The taluk of Achampet is also almost ruralbut for the small township of Srisailam Project Township Left Flank Colony which has been classified as a township due to its special character.

None of the towns in this district has been treated as urban agglomeration while the district headquarters town, Mahbubnagar with some of the surrounding villages as detailed below is the only town treated as Standard Urban Area in this district.

The rural and urban components of Mahbubnagar Standard Urban Area are given below:

Standard Urban Area	*Component Units*	
	Urban	*Rural*
(1)	(2)	(3)
1. Mahbubnagar	Mahbubnagar town (M)	1. Errapalle 2. Boyapalle 3. Chinnadarpalle 4. Alipur 5. Mahbubnagar (R) 6. Yengonda

The total urban area in the district is only 150.9 Sq. Kms. constituting 0.82% of the total geographical area of the district. The urban population of the district is 173,322 persons constituting (9.9%) of the total district population and is distributed among the 11 towns. The corresponding proportion of urban population in 1961 was 10.0%. Mahbubnagar town, the district headquartes is the largest town in the district from the population point of view and is the only Class II town in the district with a population of 51,756 persons. Gadwal and Narayanpet are the two Class III towns with a population ranging between 20,000 and 49,999. Wanaparthi, Badepalle and Farooqnagar are Class IV towns, with population ranging between 10,000 and 19,999. Alampur, Kollapur, Kosigi and Nagarkurnool are the four towns next in order, the population of which ranges between 5,000-9,999 persons each and come under the Class V category of towns. Srisailam Project Township Left Flank Colony is the smallest town with only 3,128 persons and comes under the last category of Class VI towns with less than 5,000 population. The largest town in this district in terms of area is Kosigi with about 40 Sq. Kms. of area and Wanaparthi with about 36 Sq. Kms. comes next to it while Alampur is the smallest township with only 0.56 Sq. Kms. of area. The area of the Srisailam Project Township Left Flank Colony is not separately available.

Statement I: Status, Growth History and Functional Category of Towns

In this statement the civic status of each town as determined at the 1971 Census with its population since 1901 or from the Census in which the place was treated as urban are presented thereby indicating the growth of population in these urban areas from Census to Census. The functional characteristics of these towns as determined on the proportion of working population returned under each industrial category in 1961 and 1971 censuses are also shown in the statement. This gives an idea of the changing trends in the economic pattern of the towns during the decade 1961-1971.

The civic status of the town *i.e.*, whether a town is a Municipality or a Panchayat is indicated under column 5 by an abbreviated letter like M for Municipality and P for Panchayat *etc.* Mahbubnagar, Gadwal and Narayanpet are the only three Municipalities, in this district while the remaining towns except the township of Srisailam Project, Left Flank Colony *viz.*, Badepalle, Farooqnagar, Kollapur, Nagarkurnool, Wanaparthi, Alampur and Kosigi are Panchayats. The civic status of the Srisailam project township is not yet determined The population of the towns recorded at each of the censuses from 1901 to 1971 or from the census at which a place was treated as urban unit is given under cols. 6-13. In columns 14 and 15 the functional characteristics of each town *i.e.*, whether a town is an Industrial town or a Service town or a Trade and Commerce town or a combination of all these *etc.*, as decided at 1961 and 1971 Censuses are given.

The general increase in the urban population in the district could have been more than what it is at present level of development but for the rapid growth the of Hyderabad city and its commanding position in the neighbourhood of the district. However, the urban development in this district is mainly due to its headquarters town, Mahbubnagar which has been steadily increasing. Generally the increase in the decade 1961-71 seems to be more compared to earlier decades which might probably be due to the increased amenities provided in different spheres,

improved medical facilities and the resultant fall in the general mortality rate. The growth in the population particularly in the disaster decade of 1911-21 is comparatively low in all the towns owing to the influenza epidemic that prevailed in almost all parts of the State. The significant increase in the population of Mahbubnagar town during 1961–71 was due to the establishment of certain industries like the Suryalakshmi Cotton Mill, Industrial Estate, and certain educational institutions besides increased commercial activities during the decade.

Gadwal, a well known centre of handloom industry shows a fall in population during the decade 1911-21 and stagnation during 1951-61 as many of the weaver families migrated to Bombay since the handloom industry in this area could not help them to eke out their livelihood. Kosigi, another handloom centre also recorded a fall in its population during 1911-21 as was the case with most of the towns in the district. There had been further depletion in the town's population in the subsequent censuses till 1961, because of the large scale emigration of weaver families from this town to the nearby industrial centres. Added to this the Thungabadra Dam Works in the bordering Kurnool district had drawn considerable number of people from this area. Narayanpet is yet another town which recorded a fall in its population during the decade 1951-61. The reputed silk, cotton handloom and woollen industry of the town could not sustain the weaver community who were compelled to out-migrate to other industrial centres like Sholapur, Bombay *etc.*, where they could find a prospect of earning their daily bread.

Functional Category

By the very nature of Urban Development, the towns are bound to serve a variety of purposes. In order to know to what extent the functions are diversified or the predominant characteristic is accentuated, a scheme of statistical classification was evolved at the 1961 Census. Accordingly, each town can be classified broadly under the following categories *viz.*,

(i) **Primary Activity** — Agriculture, Mining and Fishing (Census Industrial Categories I, II and III of 1961 Census and Categories I, II, III and IV of 1971 Census) ;

(ii) **Industrial** — Industry including Construction (Census Industrial Categories IV, V and VI of 1961 Census and Categories V (a) and V (b) and VI of 1971 Census);

(iii) **Commercial** — Trade and Commerce (Census Industrial Category VII of 1961 and 1971 Censuses) ;

(iv) **Transport** — Transport (Census Industrial Category VIII of 1961 and 1971 Censuses); and

(v) **Services** — Other Services (Census Industrial Category IX of 1961 and 1971 Censuses).

The predominant functional character of a city/town is determined on the basis of the following principles.

(a) If the proportion of working population is more than 40% of the total working population of the city/town in any one of the above five characteristics then the city/town was designated by that characteristic.

(b) If the proportion is not more than 40% in any one of the characteristics, then the next predominant characteristic was taken into account and if the first two predominant characteristics combined together have a proportion of over 60% then the town was designated as having the two characteristics and was termed as Industrial-*cum*-Services or Industrial-*cum*-Commercial, *etc.*

(c) If the combined proportion of the first two predominant characteristics is less than 60%, then the third predominant characteristic is also taken into consideration in designating the functional type of the city/town. Such cases are recorded as Industrial–*cum*–Commercial–*cum*–Services or Industrial-*cum*-Services-*cum*-Primary Activity *etc.*

Examined against this background the eleven towns of this district fall under the following classification during the 1961 & 1971 Census.

Functional Category	Name of Town	
	1961	1971
(1)	(2)	(3)
1 Primary Activities	Alampur, Kollapur, Kosigi, Nagarkurnool	Alampur, Kollapur, Kosigi, Wanaparthi
2 Industry	Narayanpet	Narayanpet, Srisailam Project Township Left Flank Colony
3 Industry-*cum*-Primary Activities	Gadwal, Wanaparthi	Gadwal

(1)	(2)	(3)
4 Services-*cum*-Industry	Mahbubnagar	..
5 Primary Activities-*cum*-Services-*cum*-Trade and Commerce	Farooqnagar	Mahbubnagar
6 Trade and Commerce-*cum*-Primary Activities-*cum*-Transport	..	Badepalle
7 Primary Activities-*cum*-Trade and Commerce-*cum*-Industry	Badepalle	..
8 Primary Activities-*cum*-Services	..	Nagarkurnool
9 Primary Activities-*cum*-Trade and Commerce	..	Farooqnagar

The functional classification of Srisailam Project Township Left Flank Colony was not given for 1961 Census as the township did not excist at that time.

Statement II :- Physical Aspects and Location of Towns

This statement deals with physical aspects and location of towns in the district. Under columns 3 to 5 in the statement, data relating to average annual rainfall and the maximum and minimum temperature recorded in 1969 are given. If this information was not available for any town then the particulars available for the nearest town have been given against such town.

Under column 6 the name of the nearest city with population of a lakh or more is given. Under columns 7 to 9 the name of the State Headquarters, the District Headquarters, the Revenue Divisional Headquarters and the Taluk Headquarter together with their distance to the nearest town are given. Under the columns 10 and 11 the nearest railway station and bus stand with their distance are given. If navigation and sea port facilities are available to the town within 10 and 50 Kms., they are also indicated under the last two columns 12 and 13 respectively.

Among the eleven towns in the district Srisailam Project Township Left Flank Colony serves as a summer resort due to its high elevation and pleasant climate. On the average the climate in the district is hot and the maximum and minimum temperatures among the towns range from 34.00°C to 43.8°C and 11°C to 28°C respectively. The district is not fully benefited either by the south-west monsoon or the north-east monsoon. However, south-west monsoon brings more rain compared to north-east monsoon. The average annual rain fall ranges from 593.5 mm to 792.3 mm. among the towns. The rainfall in Mahbubnagar is the highest in the district while it is the lowest in Wanaparthi towns. The scanty, and the unevenly distributed rains have an adverse effect on the growth or crops in the district.

All the towns are taluk headquarters exeept Badepalle, Kosigi, Narayanpet, Srisailam Project Township Left Flank Colony which are at a distance of 20 Kms., 25 Kms., 32 Kms., and 75 Kms, respectively from their taluk headquarters. Three towns are located at a distance of 50 Kms. or less, and six towns are at a distance ranging between 50 and 100 Kms. and two towns are at a distance of more than 100 Kms. from the district headquarters.

All the towns have bus transport facility but some of the towns do not have direct road connection with the district headquarters. The important and the only railway line that passes through the district is the Hyderabad-Bangalore Metre-gauge line. This touches the four towns of Farooqnagar (Shadnagar), Gadwal, Mahbubnagar and Wanaparthi. The remaining 7 towns in the district do not have the direct rail connection. There has not been enough progress in the rail as well as the road communications. It may perhaps be due to the industrial and commercial backwardness of the district in general.

Alampur town in the district, situated on the bank of the river Tungabhadra is having the river navigation facilities providing cheap cargo and passenger transport. Srisailam Project Township Left Flank Colony though situated on the back of the river Krishna does not have any navigation facility as the river passes through deep mountain gorges making navigation impossible.

Statement III – Civic Finances

In the democratic set up of the government the popular institutions like the Municipalities and Panchayats have an important role in the various developmental programmes. The effective run of these institutions would depend naturally on the financial soundness, or otherwise of these institutions. The receipts from various sources of these Municipalities and Panchayats are presented under cols. 3 to 8 with their total under col. 9 while their expenditure is given under cols. 10–16 of the statement. It may be seen from the statement that while the revenue

receipts of Alampur, Gadwal, Kollapur, Wanaparthi and Narayanpet towns are adequate to meet their expenditure, the remaining 6 towns revealed lower revenues and higher expenditure.

Statement IV — Civic and Other Amenities

The various amenities provided to the citizens by the civic Administration in the towns are give in this statement under 16 colums. Particulars in respect of internal road facility, the type of drainage system, protected water supply, the availability of fire fighting services and electrification particulars in different sectors.

The method of disposal of night soil is shown under col. 8 and the particulars presented give an idea of the extent of human labour involved in the process of its removal by means of 'thattis', hand-buckets *etc.*

All the 11 towns have open surface drains. Sewerage system also exists to some extent in Mahbubnagar, Nagarkurnool, Narayanpet and Srisailam Project Township Left Flank Colony. The facility of either water-borne or service latrines is available in all the towns. All the 11 towns of the district have internal roads of which Mahbubnagar records the largest mileages. Protected water supply is reported to be available only in Mahbubnagar, Nagarkurnool, Kosigi and Srisailam Project Township Left Flank Colony. Fire fighting service has become a dire necessity to protect both life and property from frequent fire accidents and is available only in three out of 11 towns *viz.*, Gadwal, Mahbubnagar and Srisailam Project Township Left Flank Colony. Power supply is available in all the eleven towns.

Statement V— Medical, Educational, Recreational and Cultural Facilities in towns

The details relating to various medical, educational, recreational and cultural facilities as existing in the eleven towns of the district are presented in the statement under 17 cols. The types of medical institutions with their number within brackets and the total bed strength of each category available in each town are shown under cols. 3 and 4 respectively. The following abbreviations are used in colum 4 to indicate the type of medical institutions in each town.

Medical Institutions

H ... Hospital
D ... Dispensary
MCW ... Maeternity and Child Welfare Centre
FPC ... Family Planning Centre
PHC ... Primary Health Centre
NH ... Nursing Home
TBC ... T.B. Clinic
LCU ... Leprosy Control Unit

All the 11 towns in the district together have 51 medical institutions which include Hospitals, Dispensaries, Maternity and Child Welfare Centres, Family Planning Centres, Nursing Homes *etc.*, of which a large number of medical institutions are located in the district headquarters town of Mahbubnagar. T.B. Clinics are reported in Mahbubnagar, Narayanpet and Wanaparthi while one Leprosy Treatment Unit is located in Narayanpet. The total bed strength available in all the 51 institutions togetner is 330 catering to the medical needs of about 170,000 urban population in the district which works out to about 2 beds per 1000 urban population in the district. A few Ayurvedic and Unani Clinics are also available in the district. It may be seen that the medical facilities available in Mahbubnagar district are inadequate and quite low compared to many other districts in the region.

Educational Facilities

The data relating to educational facilities in the 11 towns of Mahbubnagar district are furnished under cols. 5–13 of the statement. The number shown in brackets is the number of institutions in that category.

The following abbreviations are used to indicate the type of educational facility existing in each town.

AS ... Arts and Science College
AC ... Arts and Commerce College
ASC ... Arts, Science and Commerce College
TW ... Typewriting Institution

There are five colleges in all the eleven towns together of which one is a combined college located at Gadwal imparting instruction in Arts, Science and Commerce disciplines. Three colleges located at Badepalle, Mahbubnagar and Nagarkurnool impart instructions in Arts and Science while one college located at Wanaparthi teach Arts and Commerce subjects. There is one Graduate Teachers' Training College at Mahbubnagar town. Technical Colleges teaching Medicine, Engineering, Veterinary Science, Agriculture, Home Science *etc.*, are not located in any of the towns except only three polytechnics, one each at Gadwal, Mahbubnagar and Wanaparthi. There are only three Typewriting

institutions in the district, while no facilities are existing for learning Shorthand in any of the towns in the district.

There are 29 Higher Secondary/Secondary Schools, 11 Junior Secondary/Middle Schools and 47 Primary Schools in the urban areas of the district. The following table shows the number of these schools available per 10,000 urban population in the district.

Name of Town	No. of Schools per 10,000 Population		
	Higher Secondary or Secondary	Junior Secondary Middle	Primary
(1)	(2)	(3)	(4)
1. Alampur .	1.1	..	2.2
2. Badepalle .	0.8	..	1.7
3. Farooqnagar .	1.0	1.0	8.9
4. Gadwal .	1.8	0.9	2.3
5. Kollapur .	2.2	1.1	3.3
6. Kosigi .	1.1	..	3.3
7. Mahbubnagar .	1.9	0.6	2.5
8. Nagarkurnool .	3.4	1.2	2.4
9. Narayanpet .	1.4	0.9	1.8
10. Srisailam Project Township Left Flank Colony .	..	3.2	..
11. Wanaparthi .	1.8	..	2.3
District Urban average	1.7	0.6	2.7

As regards the recreational and cultural facilities there are 17 Cinema halls, 2 Auditoria and 13 reading rooms including libraries in all the 11 towns together. The district headquarters town of Mahbubnagar has a larger number of these facilities compared to the remaining 10 towns.

Statement VI - Trade, Commerce, Industry and Banking Facilities

In this statement, data on trade, commerce, industry and banking facilities available in each town are given under fourteen columns. Under columns 3 to 5 the three most important commodities imported into the town are given while under columns 6 to 8 the three most important commodities exported from the town are given. Under columns 9 to 11 the three most important articles manufactured in the town are indicated. Columns 12 to 14 are devoted to present the banking and co-operative credit facilities available in each town.

The three most important commodities under imports, exports, and manufacture were decided in terms of the estimated volume of the commodities trnsaacted and in terms of the volume of total output of the commodities concerned respectively in each of the towns and not on the basis of their value. However, the uniqueness of a town which exhibited special characteristics in the spheres of either industry or manufacture or mining *etc.*, has been retained by indicating those items of production or manufacture as the case may be in the concerned columns although such commodities did not stand a comparison with the other commodities in sheer terms of their estimated volume of transaction.

Mahbubnagar district like many other districts in the State is predominantly an agricultural district.

IMPORTS :

The principal imports into the district are wheat, gram, chillies, sugar, chemical fertilisers, mill cloth of various types including teryen and terylene, kerosene, cement, copper and brass vessals, electrical goods, agricultural machinery and equipment *etc.*

EXPORTS :

The principal crops grown in the district are jowar, rice, horsegram *etc.*, among cereal and pulses while groundnut and castor seeds are the main commercial crops. Almost all these commodities form the main exports from various urban centres of the district. However, bamboo, mats, tamarind, handloom cloth, cotton, silk saries *etc.*, are also important commodities, exported from this district.

The district is industrially very backward and generally cottage and village industries are prevalent. Only a few of the agro-based industries like a spinning and wool processing mill at Mahbubnagar, an oil mill at Jadcherla are among the large scale industries in the area. Among the small scale industrial units come the light engineering units at Mahbubnagar and Jadcherla, Auto-Cigarette Lighters' Manufacturing Unit at Farooqnagar (Shadnagar), the silk industry at Narayanpet, the rice, oil and saw mills in different Places Gadwal is a noted handloom centre in the State while both Wanaparthi and Farooqngar (Shadnagar) are coming up as small industrial centres in the district. Inspite of the existence of a large number of cottage and village industries in the disttrict like cotton, silk and wool weaving industries, tanning, carpentry and black smithy the district has not progessed to any significant extent because improved and modern techniques are not being adopted in these industries. An industrial Estate is provided at Mahbubnagar promoting the industrial activity in the district.

Mahbubnagar, Gadwal and Badepalle are three important commercial centres in the district with big wholesale and retail markets. A substantial volume of wholesale business of the district in oil seeds, chillies *etc.*, is transacted at these business centres. In addition to their commercial importance, these centres are growing as industrial centres also.

Banks play an important role in the development of Industry, Trade, and Commerce particularly in mobilising the savings of the community and making them available for investment for productive activities. The district presents a fair picture in the field of banking since many towns have one or more banks. There are 20 banks, 15 agricultural credit societies and 21 non-agricultural credit societies in all the 11 towns together. But a considerable number of these institutions *viz.*, 4 banks, 7 agricultural credit socities and 8 non-agricultural credit societies are located at Mahbubnagar, the district headquarters itself.

Statement VII - Population by Religion and Scheduled Castes/Scheduled Tribes

The details of the population, as per 1971 Census count, by Religion, Scheduled Castes and Scheduled Tribes with sex break-up are shown for each town in the district in this statement. Only important religions whose population is not less than 10% of the total population of the town are given while other religions which account for less than 10% of the total population of a town are grouped together and shown under the category "Others" in columns 15 and 16. The Scheduled Castes and Scheduled Tribes population in a town are shown under columns 19-22. 13,521 persons are reported as belonging to Scheduled Castes in the urban areas of this district accounting for 4.2% of the total Scheduled Castes population in the district, while only 104 persons are reported as belonging to Scheduled Tribes in the urban areas constituting 1.9% of the total Scheduled Tribes population in the district.

The particulars presented in the statements II to VI are based on the data obtained from the Tahsildars and the Local Bodies concerned as also from the concerned departments like Medical—Director of Medical and Health Services, Educational—Director of Public Instructions, Electricity–Andhra Pradesh State Electricity Board *etc.*, while the particulars furnished in statements I and VII are based on the Census data.

PART B

PRIMARY CENSUS ABSTRACT

In this part of the District Census Handbook the Primary Census Abstract of 1971 Census on the following aspects is presented for each Revenue Village in respect of rural areas and for each Ward and each Enumerator's Block of a town in urban areas.

1 Location Code No. and Name of the village/town and area

2 Total number of occupied residential houses and total number of households

3 Total population and its sex breakup

4 Population of Scheduled Castes and Scheduled Tribes by sex breakup

5 Literate and educated persons by sex

6 Total workers and the breakup of the workers into nine categories and also the total non-workers by sex as below:

Category	I	Cultivators
Category	II	Agricultural Labourers
Category	III	Livestoek, Forestry, Fishing and Hunting and Plantations, Orchards and Allied activites
Category	IV	Mining and Quarrying
Category	V	Manufacturing, Processing, Servicing and Repairs
		(a) Household Industry
		(b) Other than Household Industry
Category	VI	Construction
Category	VII	Trade and Commerce
Category	VIII	Transport, Storage and Communications
Category	IX	Other Services
Category	X	Non-Workers

A district abstract containing the Primary Census Abstract data for the district as a whole together with rural and urban breakup and also for each taluk and for each town is first presented. It is followed by the data for each of the villages and towns in the first taluk. The data for the second and subsequent taluks are presented consecutively thereafter. The villages under each taluk are arranged in the ascending order of Location Code Numbers. In the urban areas the data are arranged in the ascending order of Location Code Numbers of towns and also in the ascending order of the Ward Number. The uninhabited villages and villages which have been fully included in a town have been indicated accordingly. In respect of villages which are partly included in towns the word "*Rural*" has been added in italics and in brackets after the name of the village and the particulars relating to the rural portion only have been given against such villages. At the beginning of each taluk an Alphabetical List of Villages together with their Location Code Numbers and a taluk map showing all the villages and towns with their boundaries are given. This Alphabetical List of Villages facilitates the reader in locating the required Village and its Location Code Number and thereafter know the Primary Census Abstract particulars. The taluk map facilitates the location of the required village/town. The jurisdiction of each Enumerator's Block is given before the urban/block-wise Primary Census Abstract.

The population data presented in 38 cols. of the Primary Census Abstract relate to all persons alive at sunrise on 1st April, 1971 and were present within the territory of Mahbubnagar district whether they lived in normal residential houses or in institutions, such as hospitals, hostels, asylums, boarding houses, hotels *etc.*, or whether they were merely houseless persons like the wandering tribes, tramps, pavement dwellers, or those living in boats *etc.* They were all enumerated at the 1971 Census and their basic characteristics have been presented in this Primary Census Abstract.

The total population of Mahbubnagar district as on 1st April, 1971 recorded at the Census enumeration is as follows:

	Total	Rural	Urban
Persons	1,932,082	1,758,760	173,322
Males	971,982	882,697	89,285
Females	960,100	876,063	84,037

The criteria adopted for classifying a place as rural or urban and the concepts of Urban Agglomeration and Standard Urban Area have already been explained in the beginning of this volume.

Columns 1 and 2 of the Primary Census Abstract indicate the Location Code Number and the name of the village or town concerned. In respect of towns the Ward/Block/Locality numbers and the Enumerator's Block Numbers are indicated under col. 2.

Location Code is the method by which every village and town in a taluk in every district of a State is identified. Each district in this State has been given a separate code number, serially numbering the districts in a clockwise order starting from Srikakulam district and ending with Nalgonda district. Mahbubnagar district, in this process, is assigned Location Code No. 13. Within each district the taluks had similarly been allotted Location Code Numbers, the taluk in which the district headquarters lies being allotted Location Cod No. 1 and the other taluks are numbered in a clock-wise order. The revenue villages within each taluk are assigned separate serial numbers starting from the north-western corner of the taluk and ending with the south-eastern corner in a serpentine order. All the towns within a district were assigned Location Code Numbers in one serial order starting from the town in which the district headquarters is located and in the ascending order of taluk location code numbers. If any taluk has more than one town, then the town in which the taluk headquarters is located is assigned Location Code No. first and then the other towns in the taluk in a clock-wise order. The Location Code Nos. of villages are indicated in Arabic numerals while those of towns in Roman numerals.

Under col. 3 the area of each of the villages and towns is given in square miles based on the information furnished by the State Central Survey Office, the Tahsildar and the Municipal authorities concerned. In respect of certain villages where the area particulars are not available, the fact is noted as "NA". As the area of the taluk comprises not only the area of villages but also the area of reserved forests, hills *etc.*, within the taluk, the area of all the villages and towns in the taluk put together may not be equal to the area of the taluk. The rural area of the taluk is obtained by deducting the total urban area of all the towns in the taluk from the total area of the taluk furnished by the State Survey Department. Similarly the rural area of the district is obtained by deducting the total urban area of all the towns in the district from the total area of the district. It may be pointed out in this connection that the total district area adopted is that furnished by the Survey of India Department and is provisional. The area of the taluks is furnished by the State Survey Department. Hence the total area of all taluks put together may not tally with the district area.

Under column 4 the total number of occupied residential houses in each village and in each Ward and Enumerator's Block of a town are given. These figures include those of partly residential houses also but not of the completely non-residential houses. The total number of households including houseless households and institutional households is given under column 5.

The total population including houseless and institutional population with sex breakup is given under columns 6 to 8.

Under columns 9 to 12 the population of Scheduled Castes and Scheduled Tribes by sex is given.

The Scheduled Castes and Scheduled Tribes in Andhra Pradesh are those listed in Part I under "Andhra Pradesh" to Scheduled I and Schedule II respectively of the Scheduled Castes and Scheduled Tribes lists (Modification Order, 1956) published in the Notificatton of the Ministry of Home Affairs, New Delhi dated 29th October, 1956. A copy of the list of Scheduled Castes and Scheduled Tribes in Andhra Pradesh is given below.

LIST OF SCHEDULED CASTES AND SCHEDULED TRIBES IN ANDHRA PRADESH

SCHEDULED CASTES

I. Throughout the State

1 Chalavadi
2 Chamar, Mochi or Muchi
3 Madiga
4 Mala

II. Throughout the State except Hyderabad, Mahbubnagar, Adilabad, Nizamabad, Medak, Karimnagar, Warangal, Khammam and Nalgonda districts.

1 Adi Andhra
2 Adi Dravida
3 Arundhatiya
4 Bariki
5 Bavuri
6 Chachati
7 Chandala
8 Dandasi
9 Dom, Dombara, Paidi or Pano
10 Ghasi, Haddi or Relli, Chachandi
11 Godagali
12 Godari
13 Gosangi
14 Jaggali
15 Jambuvulu
16 Madasi Kuruva or Madari Kuruva
17 Mala Dasu
18 Madiga Dasu and Mashteen
19 Matangi
20 Mundala
21 Paky or Moti
22 Pambada or Pambanda
23 Pamidi
24 Panchama or Pariah
25 Relli
26 Samban
27 Sapru
28 Thoti

III. In the districts of Hyderabad, Mahbubnagar, Adilabad, Nizamabad, Medak, Karimnagar, Warangal, Khammam and Nalgonda.

1 Anamuk
2 Aray (Mala)
3 Arwa Mala
4 Beda (Budga) Jangam
5 Bindla
6 Byagara
7 Chambhar
8 Dakkal (Dokkalwar)
9 Dhor
10 Ellamalwar (Yellammalawandlu)
11 Holeya
12 Holeya Dasari
13 Kolupulavandlu
14 Mahar
15 Mala Dasari
16 Mala Hannai
17 Mala Jangam
18 Mala Masti
19 Mala Sale (Netkani)
20 Mala Sanyasi
21 Mang
22 Mang Garodi
23 Manne
24 Mashti
25 Mehtar
26 Mitha Ayyalvar
27 Samagara
28 Sindhollu (Chindollu)

SCHEDULED TRIBES

I. Throughout the State

1 Chenchu or Chenchwar
2 Koya or Goud with its sub-sects-Rajah or Rasha Koyas, Lingadhari Koyas (ordinary), Kottu Koyas, Bhine Koya and Rajkoya.

II. Throughout the State except Hyderabad, Mahbubnagar, Adilabad, Nizamabad, Medak, Karimnagar, Warangal, Khammam and Nalgonda districts.

1 Bagata
2 Gadabas
3 Jatapus
4 Kammara
5 Kattunayakan
6 Konda Dhoras
7 Konda Kapus
8 Kondareddis
9 Kondhs (Kodi and Kodhu), Desaya Kondhs, Dongria Kondhs, Kuttiya Kondhs, Tikiria Kondhs and Yenity Kondhs
10 Kotia-Bentho Oriya, Bartika, Dhulia or Dulia, Holva, Paiko, Putiya, Sanrona and Sidhopaiko
11 Kulia
12 Malis
13 Manna Dhora
14 Mukha Dhora or Nooka Dhora
15 Porja (Parangiperja)
16 Reddi Dhoras
17 Rona, Rena
18 Savaras, Kapu Savaras, Maliya Savaras or Khutto Savaras
19 Sugalis (Lambadis)
20 Yenadis
21 Yerukulas

III. In the districts of Hyderabad, Mahbubnagar, Adilabad, Nizamabad, Medak, Karimnagar, Warangal, Khammam and Nalgonda.

1 Andh
2 Bhil
3 Gond (including Naikpod and Rajgond)
4 Hill Reddis
5 Kolam (including Mannervarlu)
6 Pardhan
7 Thoti

IV. In the Agency tracts

1 Goudu (Goud)
2 Nayaks
3 Valmiki

The number of literate and educated persons is given under cols. 13 and 14. A person who could both read and write any language with understanding was treated as a literate at the 1971 Census. A person who could merely read but could not write or *vice versa* was not treated as a literate. The test for reading was ability to read any simple letter either in print or in manuscript. Children aged 4 years and below were treated as illiterate. The test for education was that the person should have passed a recognised written examination or examinations as proof of educational level attained. The highest examination passed was taken as the level of education.

The details of Workers and Non-Workers are given under cols. 15 to 38. At the 1971 Census the population has been broadly divided into two sections based on the main activity *viz.*, (i) Workers and (ii) Non-Workers.

The definitions and concepts adopted in the economic classification of the population at the 1971 Census are explained below:

Worker: A 'worker' was a person whose main activity was participation in any economically productive work by his physical or mental activity. Work involves not only actual work but effective supervision and direction of work.

A man or woman who was engaged primarily in household duties such as cooking for own household or performing one's own household duties or a boy or a girl who was primarily a student attending institution, even if such a person helped in the family economic activity but not as a full time worker was not treated as a worker for the main activity. On the other hand if a person was primarily engaged in some economic activity but at the same time attended to some household chores or attended a night school

etc., he or she was treated basically as a worker for the main activity and categorised accordingly.

A person who was working may be either working as a cultivator, as an agricultural labourer or at a household industry or may be doing any other work.

Reference period: The reference period was one week prior to the date of enumeration in the case of regular work in trade, profession, service, or business. If a person had participated in any such regular work, on any one of the days during this reference period and this had been returned as his main activity the person was categorised accordingly. A person who normally works but had been absent from work during this reference period on account of illness, travel, holiday, temporary breakdown or strike *etc.*, was treated as engaged in regular work in which he would have otherwise been employed but for his temporary absence. Persons under training such as apprentices with or without stipends or wages were considered as economically active and recorded as workers. A person who had merely been offered work but had not actually joined it was not treated as engaged in work. There are certain types of works which are not carried on throughout the year *e.g.* cultivation, livestock keeping, plantation work, some types of household industry *etc.* A person's main activity was ascertained with reference to such work in the last one year even if he was not economically active in the week prior to enumeration. It is likely that even when a person is engaged in some other work during the period of one week prior to the date of enumeration, the main activity of the person may be cultivation, agricultural labour or some other work attended to normally by him in the course of the year.

Cultivator: For purposes of the Census a person is working as cultivator if he or she is engaged in cultivation by oneself or by supervision or direction in one's capacity as the owner of lessee of land held from Government or as a tenant of land held from private persons or institutions for payment of money, kind or share.

Cultivation involves ploughing, sowing and harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, *etc.*, and pulses, raw jute and kindred fibre crops, cotton, *etc.*, and other crops such as sugarcane, groundnuts, tapioca, *etc.*, and does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plantations.

A person who merely owned land but had given out land to another person or persons for cultivation for money, kind or share of crop and who did not even supervise or direct cultivation of land, was not treated as cultivator. Similarly, a person working in another person's land for wages in cash, kind or share was not treated as cultivator.

Agricultural Labourer: A person who worked in another person's land for wages in money, kind or share was regarded as an 'Agricultural Labourer'. He had no risk in the cultivation but he merely worked in another person's land for wages. The labourer had no right or lease or contract on land on which he worked.

Household Industry: For a person who returned his main activity as engaged in some production or processing of goods such as, say, handloom weaving, dyeing, carpentry, bidi rolling, pottery manufacture, dairying, cycle repairing, blacksmithy, tailoring *etc.*, it was ascertained if it was a household industry.

A Household Industry was defined as an industry conducted by the Head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and only at home in urban areas. The industry should not have been run on the scale of a registered factory.

The main criterion of a household industry was the participation of one or more members of a household. This criterion was applied to urban areas too. Even if the industry is not actually located at home in rural areas there is greater possibility of the members of the household participating even if it is located anywhere within the village limits. In the urban areas where organised industry takes greater prominence the household industry should be confined to the precincts of the house where the participants live. In urban areas even if the members of the household by themselves ran an industry but at a place away from the precincts of their home, it was not considered a household industry. It should have

been located within the precincts of the house where the members lived.

A Household Industry related to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. It did not include professions such as pleader or doctor or barber, musician, dancer, waterman, dhobi, astrologer, *etc.*, or merely trade or business, even if such profession, trade of services were run at home by members of household.

Sometimes it is likely that the person who may not be working in his own household industry may be working as a petty employee in another Household Industry. It was, therefore, enquired whether the person who was not working in his own Household industry was working in any other Household Industry as an employee.

Other Workers: A person who gives his main activity as engaged in any other work which is not cultivation, agricultural labour or household industry was recorded under the category of 'Other Workers'. The type of workers that may come under the 'Other Workers' category are factory workers, those working in trade or transport, all Government servants, municipal employees, teachers, mining workers, political or social workers, building labourers *etc.* In effect, all types of economic activity not covered by cultivation, agricultural labourer or household industry were recorded under this residual category. Workers engaged in plantation or forestry were not treated as cultivators or agricultural labourers but as 'Other Workers'.

According to the 1971 Census there were 358,754 residential houses and 372,587 households in Mahbubnagar District compared to 313,090 residential houses and 326,896 households in 1961. Thus there were 1.04 households per residential house at 1971 and also at 1961.

The total number of persons returned at the 1971 Census enumeration in Mahbubnagar District was 1,932,082 as against 1,590,686 in 1961 Census recording an increase of 21.5% over the population of 1961. The proportion of rural and urban population to the total population in the District works out to 91.0% and 9.0% respectively in 1971 Census compared to 90.0% and 10.0% in 1961. There were 988 females for every 1000 males at the 1971 Census as against 1003 females per 1,000 males in 1961 Census.

The number of literates and educated persons and the number of illiterates as per the 1961 and 1971 Census are given below :

NUMBER OF LITERATES AND EDUCATED PERSONS

Year	Number of literates and educated persons	No. of Illiterates	Percentage of literates to total population of the district
1961	214,072	1,376,614	13 46
1971	300,451	1,631,631	15.55

It may be observed that though there has been an increase in the proportion of literate persons to total population of 1971 compared to the population in 1961, the actual number of illiterates decreased in 1971 inspite of the increased educational facilities. Actually 80% of the villages (vide village directory) have primary schools at present in the district.

The percentage of literates by sex for total, rural and urban areas in 1961 and 1971 in the district are given below :

PERCENTAGE OF LITERATES TO TOTAL POPULATION IN

	1961			1971		
	T	R	U	T	R	U
Persons	13.46	11.24	33.32	15.55	13.18	39 58
Males	21.51	18.58	47.00	23.29	20 48	51.09
Females	5.44	3.97	18.94	7.72	5.83	27.34

The higher proportion of literates in the urban areas is mainly due to the fact that the urban areas have more educational facilities and several urban occupations require a minimum level of education and consequently a larger number of parents get their children educated, while the rural areas have less educational facilities and the main occupation of Agriculture or Household industry does not require the workers engaged in these occupations to be educated. Even boys and girls of school going age are required to work in the farm and field in the rural areas, The female literacy rate has gone up significantly high during the 1961–71 decade both in the rural and urban areas of the district. However, more than 90% of the females in the rural areas of the district are still illiterate.

907,932 workers were returned in 1971 as against the corresponding figure of 912,224 workers at 1961 census. Thus 46.99% of the total population were workers at 1971 Census as against the corresponding proportion of 57.35% at 1961 Census. The decrease in the working population at 1971 Census compared to that of 1961 Census is mainly due to the change in the definition of 'Worker' adopted at the 1971 Census. At 1961 Census, even the marginal workers who spent most of their time basically as non-workers were treated as workers whereas at 1971 Census only those who were engaged for most of the time in productive work were alone treated as workers.

The following table gives an idea of work participation rates of different categories of workers classified by the Indian Standard Industrial Clasification among the working population of Mahbubnagar district at 1971 Census.

PERCENTAGE DISTRIBUTION OF THE WORKING POPULATION

		Persons	Males	Females
I Cultivators	T	39.91	49.73	22.53
	R	41.84	52.72	23 20
	U	11.14	12.28	7.66
II Agricultural Labourer	T	38.66	23.67	65.21
	R	39.91	24.68	66.00
	U	20.06	10 97	47.80
III Livestock, Forestry, Fishing Hunting & Plantation, Orchards & Allied activities	T	3 81	5.65	0.53
	R	3.89	5.83	0.54
	U	2.66	3.38	0.44
IV Mining & Quarrying	T	0.16	0.20	0.10
	R	0.15	0.18	0.09
	U	0.31	0.35	0.22
V(a) Household Industry	T	6.80	6.90	6.62
	R	6.55	6.80	6.14
	U	10.46	8.19	17 35
V(b) Other than Household Industry	T	0.85	1.21	0.21
	R	0.44	0 65	0.07
	U	6.97	8.14	3.40
VI Construction	T	0.96	1 29	0.40
	R	0.65	0.87	0.28
	U	5.68	6.55	2.60
VII Trade and Commerce	T	3.63	4.83	1.53
	R	2.71	3.53	1.30
	U	17.52	21.11	6.56
VIII Transport, Storage & Communications	T	0.69	1 .02	0.10
	R	0.32	0.50	0.04
	U	6.14	7.69	1.45
IX Other Services	T	4.53	5.50	2.77
	R	3.54	4.24	2.34
	U	19.16	21.34	12.52
Total		100.00	100.00	100.00

Both cultivators and Agricultural labourers in in the district form more than three fourths of the entire working population in the district. Their proportion is as high as 81.75% of the total workers in the rural areas while it is 31.20% in the urban areas. Household Industry occupies a conspicious place in Mahbubnagar district. There are 61,718 workers (6.80% to total workers) in this category constituting the second largest sector.

Workers in 'Other Services' which includes the State and Central Government service, Educational service, Religious and Welfare services, local body services, business service, personal service *etc.*, came in the third place in which 4.53% of the total workers are engaged. The proportion of these workers is higher naturally in the urban areas where over 19.16% are engaged as against the corresponding proportion of 3.54% in the rural areas of the district.

Male agricultural workers account for 73.40% of the total male workers in the district while the corresponding proportion for females is 87.74%. Generally, a higher proportion of female workers than male workers is seen engaged in this category of workers as several agricultural operations like sowing, weeding, harvesting do not involve hard manual labour. The female participation rates in all the remaining categories are lower than the corresponding male participation rates.

Scheduled Castes and Scheduled Tribes

325, 311 persons returned themselves as Scheduled Castes at the 1971 Census compared to 291,878 persons at the 1961 Census recording an increase of 11.45% over the Scheduled Castes population recorded at the 1961 Census. The Scheduled Castes population of the district in 1971 Census forms 5.63% of the total Scheduled Castes population of the State or 16.8% of the total population of the district. The proportion of the Scheduled Castes population to total population of the district is relatively more compared to their proportion in the State *viz.*, 13.3%. About 96% of the Scheduled Castes population in the district

reside in the rural parts of the district as they generally are unable to find suitable employment in urban areas because majority of them are illiterate.

5,600 persons (2,800 males and 2,800 females) returned themselves as Scheduled Tribes at 1971 as against 6,150 at the 1961 census. The Scheduled Tribes population of the district in 1971 forms 0.34% of the total Scheduled Tribes population of the State or 0.28% of the total population of the district. The proportion of the Scheduled Tribes population to the total population of the district is also very low compared to the corresponding proportion of 3.8% for the State. As in the case of Scheduled Castes population a vast majority of the Scheduled Tribes population *viz.*, 98% of the total Scheduled Tribes population in the district reside only in the rural parts of the district.

Detailed analysis of demographic data at the 1971 Census is given in the write up in Part-C of District Census Handbook.

DISTRICT PRIMARY CENSUS ABSTRACT

25	Chandrajpalle
8	Cheekarlapalle
28	Chinmanampalle
89	Chinna Daripalle
61	Chinnavelle
124	Chittaboinpalle
45	Dachakpalle
112	Dharmapur
37	Dorasamudram
67	Earlapalle
85	Errapalle
49	Fathepur
108	Gajulapet
73	Gangapur
32	Garlapad
74	Gollapalle
70	Gopalpur Kalan
134	Gopalpur Khurd
3	Gundiyala
52	Hajilapur
55	Hanmasanipalle
41	Hanawada
130	Hasnapur
39	Ibrahimbad
17	Ibrahimnagar
110	Ippalpalle
56	Ippatur
76	Jadcherla
13	Jamalpur
104	Janampet
113	Janapapalle
46	Jainalipur
48	Kakarlapahad
100	Kankapur
29	Kannaipalle
135	Kappeta
82	Karkonda
60	Karoor
138	Karvena
19	Keshavapur
63	Khanapur
81	Khanapur
24	Khajipur
121	Kistampalle
58	Kistaram
68	Kodgal
72	Kodparthy
98	Kodoor
16	Koilkonda
51	Kondapur
94	Kotakadra
5	Kothlabad
137	Kotha Molgara
23	Kothapalle *alias* Anantapur
87	Kothapet
126	Kothur
64	Kuchcherkal
57	Kuchoor
9	Lingalched
27	Lingupalle
93	Machanpalle
75	Macharam
35	Madharam
114	Mahbubnagar
20	Malkapur
43	Malkpur *Patti* Nawabpet
6	Mallapur
117	Malleboinpalle
91	Manikonda
12	Modipur
38	Munimoksham
40	Naginonipalle
120	Nagsala
14	Nallepalle
69	Nekkonda
103	Nizalpur
95	Oblaipalle
129	Palkonda
21	Parpalle
47	Parvathapur
136	Patha Molgara
88	Pedda Daripalle
92	Pirikived
78	Polepalle
106	Polkampalle
133	Pothulamadugu
65	Raipalle
66	Rajapur
97	Ramachandrapur
30	Rampur
132	Ravalpalle
54	Rudravaram
15	Salepalle
102	Sankalmaddi
10	Seri Venkatapur
1	Shaikpalle
99	Shakrapur
77	Shankarayapalle
83	Siddotam
7	Suraram
107	Tadikonda
44	Tankara
125	Tadparthi
84	Teegalpalle
105	Thimmapur
26	Tirmalampalle
62	Tirmalapur
101	Tunkinipur
79	Uddandapur
80	Vallur
22	Veerampalle
50	Veerasettipalle
90	Venkatapur
4	Vepoor
53	Yammangandla
34	Yaranpalle
116	Yedra
115	Yengonda
109	Zamistapur

ALPHABETICAL LIST OF VILLAGES

KODANGAL TALUK

1971 Location Code No.	Name of Village
(1)	(2)
50	Allapoor
151	Allipur
89	Amlikunta
35	Amsanpalle
10	Angadi Raichur
3	Annaram
59	Annasagar
52	Anthwar
12	Appaipalle
139	Appaipalle (Koilkonda)
109	Ashanpalle
132	Ayyawarpalle
53	Balampet
138	Balbhadrayapalle
119	Bapanpalle
90	Bhaktimalla
86	Bhogaram
49	Bichal
95	Bijjaram
127	Bommanpahad
149	Boneed
20	Bonraspet
25	Burhanpur
123	Chakalivanipalle
101	Challapur
48	Chandrakal
129	Chandrareddipalle
77	Chandravancha
148	Chanwar
92	Chennaram
36	Chilmanmailwar
44	Chinna Nandigaon
135	Chintaldinne
11	Chitlapalle
32	Choudarpalle
118	Damargidda
106	Danganpuram
124	Desaipalle
103	Deverfasalwad
137	Dorepalle
65	Doulatabad
30	Dudyal
150	Duppatghat
21	Dupucherla
80	Ejipoor
71	Erlapalle
28	Erlapalle (Kodangal)
115	Gadimankanpalle
54	Gadpa
6	Gandlapalle
102	Gokafasalwad
152	Gokulnagar
31	Gourwar
51	Gundepalle
140	Gundmal
81	Hakimpet
41	Hasanabad
8	Indanoor
70	Indapoor
136	Jadhavraopalle
91	Kadampalle
126	Kamsanpalle
120	Kandanpalle
58	Kankurthy
7	Kastoorpalle
133	Khajipuram
156	Khush Mohmedpalle
39	Kodangal
141	Kommur
84	Kosigi
74	Kothapalle (Kodangal)
146	Kothapalle (Koilkonda)
17	Kothur
66	Kowdeed
68	Kudrimalla
47	Kuppagiri
122	Kyatanpalle
29	Lakcherla
100	Lakkaipalle
108	Lakshmipuram
144	Lingalched
33	Linganpalle
114	Lingareddipalle
75	Lodhipoor
110	Lokurthy
34	Machanapalle
24	Madanpalle
134	Maddur
97	Malik Jadhavraopalle
112	Mallareddipalle
145	Mannapur
94	Mashrifa
46	Matoor
23	Metlakunta
96	Mirjapuram
60	Mogalmadka
128	Mominapur
88	Mudireddipalle
85	Muktar Nagar
76	Mukthipahad
93	Mungimalla
78	Nacharam
105	Nagireddipalle
18	Nagireddipalle (Kodangal)
61	Nagsar
2	Nagwar
38	Najkhanpalle
26	Namdarpur
154	Nandigaon
98	Nandipahad
67	Nandwar
111	Narapur
147	Nidiginta
45	Neetoor
99	Pallerla
40	Parsapur
104	Parsapur (Doulatabad)
43	Pedda Nandigaon
143	Peddapur
131	Pedripahad
113	Piddampalle
82	Polepalle
63	Polkampalle
42	Pyalamaddi
130	Ranvatla
9	Rawalpalle
37	Regadmailaram
1	Rudraram
117	Sajnapoor
73	Saleempur
22	Saleindapur
87	Sarangaraopalle
83	Sarjakhanpet
72	Sooraipalle
107	Sudbanda
55	Sultanpur
4	Tekalkota
64	Timmareddipalle
153	Timmareddipalle (Koilkonda)
16	Tirmalapur (Kodangal)
62	Tirmalapur
79	Togapuram
19	Tumkimetta
116	Udmalgidda
13	Udmeshwar
57	Uligundam
5	Upparapalle
142	Veeraram
56	Vithalapur
15	Wadicherla
