CENSUS, 1951

RAJASTHAN AND AJMER

DISTRICT CENSUS HANDBOOK

PALI

PART I - GENERAL DESCRIPTION AND CENSUS TABLES.

Pt. YAMUNA LAL DASHORA, B.A., LL.B.,
Superintendent of Census Operations,
Rajasthan and Ajmer.

BIKANER:
PRINTED AT THE GOVERNMENT PRESS
1954.

LIST OF CONTENTS

S. No.	Particulars	Pages.
1.	Introduction	i-v
2.	Review of population figures	1-7
3.	Scheme of census tables	8
4.	Definitions and key to symbols	9-10
5.	District census data at a glance	11-13
6.	A—*General Population Tables*—	
	A- I. Area, Houses and Population	15
	A- II. Variation in population during fifty years	15
	A- III. Towns and villages classified by population	16-17
	A- IV. Towns classified by population with variation since 1901	18-20
	A- V. Towns arranged territorially with population by livelihood classes.	21
7.	B—*Economic Tables*—	
	B- I. Livelihood classes and sub-classes	26-29
	B- II. Secondary means of livelihood	30-43
	B-III. Employers, employees and independent workers in industries and services by divisions and sub-divisions.	44-68
8.	C—*Household and Age (Sample) Tables.*—	
	C- I. Household (size and composition).	69
	C- II. Livelihood classes by age groups	70-74
	C-III. Age and civil condition	75-77
	C-IV. Age and literacy	78-80
	C- V. Single year age returns	81-89
9.	D—*Social and Cultural Tables*—	
	D— I. (i) Mother tongue	90
	(ii) Bilingualism	91
	D— II. Religion	91
	D—III. Scheduled castes and scheduled tribes	91
	D—IV. Migrants	92
	D— V-(ii) Displaced persons by livelihood classes	93
	D— VI. Non-Indian Nationals	93
	D—VII. Educational Standards	94-95
10.	E—Summary figures by administrative units	96-97
11.	Local (रू) Infirmities	98-99
12.	District Index of Non-Agricultural Occupations	101-123

PREFACE.

The Census Reports in olden times were printed one for the whole Province of Rajputana and another for Ajmer Merwara. Some of the Principal States now merged in Rajasthan published their own reports. This time the State Census Reports have been published in the following volumes:—

1. *Part I-A* Report.

2. *Part I-B* Subsidiary Tables and District Index of Non-Agricultural Occupations.

3. *Part I-C* Appendices.

4. *Part II-A* General Population Tables, Household and Age (Sample) Tables, Social and Cultural Tables, Table E Summary Figures by Administrative Units, and local 'KA' infirmities.

5. *Part II-B* Economic Tables.

They contain statistics down to the district level.

The idea of preparing the District Census Handbook separately for each district was put forward by Shri R. A. Gopalaswami, I. C. S., Registrar General, India, and ex-Officio Census Commissioner of India, as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the district level. He proposed that all the district census tables and census abstracts prepared during the process of sorting and compilation should be bound together in a single manuscript volume, called the District Census Handbook, and suggested to the State Governments that the handbook (with or without the addition of other useful information relating to the district) should be printed and published, at their own cost, in the same manner as the village statistics in the past. In accepting this suggestion, the Government of Rajasthan decided to print and publish the more important portion of statistical data relating to the district and to preserve the rest of the records in a manuscript volume for any future use, to which they may be put.

This Handbook contains five General Population Tables of A Series, three Economic Tables of B Series, five Household and Age Tables of C Series, seven Social and Cultural Tables of D Series, one table E giving summary for the district and tehsils, a local table 'KA' showing infirmities by age groups and an Index of Non-agricultural Occupations. Each table contains an explanatory note necessary for the proper understanding of the figures. The numbers given to the tables in this Handbook correspond to those given in State Census Reports.

Village Directories were published for the first time in 1931 by a few States of Rajputana. The example was followed by all the States in 1941. They contained for each village the population figures by religion and also some other useful information. They were bound in a volume one for each State. This time the Village Directories are also incorporated in this Handbook under the name of "Primary Census Abstract and Village Directory" which show the basic population figures separately for each village or town-ward classified by livelihood classes instead of religion and also some information of general nature.

Opportunity has been taken to put in a short introductory note detailing the salient points connected with the district, such as the physical features, climate, rainfall, irrigation and drainage facilities, roads and other communications, agriculture, education, industries and other matters of general interest. The information contained in the introductory note is based on the material furnished by Collectors of districts and Departments of Government.

In addition to the above, some figures of general interest and a review of population figures have also been incorporated.

The scheduled date for the publication of the Handbooks as prescribed by the Registrar General, India, was, " Not later than March, 1952 " but practical experience showed its publication by that time an impracticability. Even the compilation of the tables together with its final touch could not be completed by that time. Then came the question of printing which proved to be a huge task. There are 25 districts in Rajasthan and 1 in Ajmer. The total number of printed pages turned out to be nearly 9000. The Government Presses were already over burdoned with the printing work of other departments and in the printing of census publications priority was given to Central Government Publications *i.e.* the State Census Reports. The result was that till March, 1954, for 14 out of 26 districts the P. C. A. and Village Directory could not be printed specially because the press had no stock of small type which was essential for their printing. It was, therefore, decided to publish the handbooks in two volumes. Part I, consists of introduction, a brief review of population figures and,

(1) General population Tables (A-I to A-V.)

(2) Economic Tables (B-I to B-III)

(3) Household and Age (Sample) Tables (C-I to C-V)

(4) Social and Cultural Tables (D-I to D-VII)

(5) E-Summary figures by Administrative Units.

(6) Local Table ' K.A ' infirmities, and

(7) District Index of Non-Agricultural Occupations.

Part II contains only Primary Census Abstracts and Village Directory.

The Handbooks of the Ajmer, Sirohi and Jhalawar Districts are, however, being published in one volume because they have heen completed by this time.

While every care has been taken to ensure the correctness of figures and village names, certain mistakes might have crept in. I shall be grateful if they are brought to my notice.

Y. L. DASHORA.

PALI DISTRICT.

INTRODUCTION.

I—Physical Aspects.

(a) Position area and boundary.

1. Pali district is triangular in shape and is included in the Division of Jodhpur. It lies to the south of Jodhpur City having an area of 4,673 Sq. miles according to the district records and 4,750·7 Sq. miles according to the Surveyor General of India, between the parallels of 24° 45′ and 26° 25′ North latitudes and 72° 48′ and 74° 20′ East longitudes. It is bounded on the North by Nagaur and Jodhpur districts, on the South by Udaipur district, on the East by Ajmer State and on the West by Jalore and Sirohi Districts. It comprises Tehsils Pali, Bali, Desuri, Sojat and Jaitran (Tehsil Sendra has recently been abolished). It has four sub-division with headquarters at Pali, Bali, Sojat and Jaitran.

(b) Configuration.

2. The height of the plinth of the Collector's office, Pali is 719·12 feet above the sea level and the highest peak of the Aravalli hills in this district is about 3,500 feet above the sea level. The South-east of this district is traversed by the Aravalli hills and in its interior also there are many small hills such as Minayari, Balan, Sodawas, Kerla, Bemadra, Chotila, Bhanwari, Bhakriwala, Hemawas etc. in Tehsil Pali and Mataji-ki-Bhakri Narsinghji-ki-Bhakri, Khembol-ki-Bhakri, Neem-ki-Bhakri etc. in Sojat Tehsil. This district is therefore called Sub-mountainous one. It is comperatively fertile and has got hospitable lands all over the district and in the neighbourhood of the Aravalli Hills.

(c) Rivers.

3. Rivers play a very subordinate part in moulding the surface features of the district. The Chief tributaries of Luni which flow in this district are the Lilri, the Raipur, Lilri, the Guhiya, the Bandi, the Sukri and the Jawai, but none of them is perennial. These rivers take their rise from Aravalli the hills commonly known as ADAWALA in Marwar. The important villages lying on Jawai River in Tehsil Bali are Nana, Bera, Korta and Bharunda. The Rivers Lilri and Sukri pass through the villages Dundla, Bilawas, Sojat, Siat and Bagri. The river Bandi divides Pail Tehsil roughly into two equal parts. It enters Pali Tehsil in the south-east corner and leaves it in the north-east corner passing through villages Sodawas, Guru Narkhan, Sonai Maji, Ahechiya, Hemawas, Ramawasia, Pali, Punayata, Girdara, Jewaria, Roopawas, Kharda, Chotelao, Jetpura etc.. There are five seasonal rivers in Desuri Tehsil also and the important villages situated on these rivers are Sadri, Ghanerao, Desuri, Bagol, Nadol, Khinwara, Rani and Khod. These rivers feed the wells on their banks, by percolation. The rivers Lilri and Sukari are the feeders of the Sardar Samand Bund which irrigates a considerable area for wheat cultivation. On river Bandi two dams have been constructed one at Hemawas and other at Kharda. Water so collected is utilised for irrigation purposes. The water of this river is also taken in the Loria tank of Pali and is utilised for irrigation purposes occasionally. A dam is also being constructed at Erin Pura in Tehsil Bali to collect the water of Jawai River by which a considerable area will be irrigated.

(d) Lakes.

4. There are no lakes in this district.

(e) Geology.

5. Due to the existence of the Aravalli hills in the South-east of this district the land is rocky and is full of dense forests. There are stone quarries in these hills which provide stones for constructions of buildings. The metals lead and copper are also found in the vicinity of Sojat City but nobody cares to take them out now-a-days. Formerly the local people used to take metal out of it. The soils in Tehsils Bali, Sojat, Desuri and Sendra are loam and light loam with a little of gravel near the hill slopes while in Pali and Jaitaran it is loam, light loam and good sandy.

(f) Botany.

6. In the forest area several varities of trees are found such as Kher (Acacia Catechu), Dhav (Anogaissus pendula), Arwajia, Palas, Bordi (Zizyphus Jujuba), Khejri (Prospacis spicigera) etc. The Kher is used for furniture while Arwajia, Dhav and Palas are used for firewood and charcoal

In the plains of Bali and Desuri Tehsils the Anwal is found, the bark of which is used for tanning. Babul and Neem trees are also found in the plains. Trees of sandal wood are found in Desuri.

(g) Fauna.

7. Pigs, Tigers, Bears, Panthers, Leopards, Rabbits, Deer, Nilgais, Jackals, Hyaenas, and wild cats are found in forests.

(h) Climate, temperature and rainfall.

8. The climate of this district is very hot in summer and cold in winter. The maximum temperature in the summer range from 90° F. to 115° F while in winter from 45° F to 70° F. The rainfall varies from 15 inches to 25 inches in a year.

(i) Under ground Water level

9. Water is found at a depth of about 30 to 40 feet near river bed and about 75 feet in other parts.

II. History.

10. History of Pali is that of the former Jodhpur State. Up to the end of 1948 Pali was a Hakumat. But with the set up of the new administration this was made a district comprising four Sub-divisions at Pali, Bali, Sojat and Jaitaran and five Tehsils.

Historical and archeological places of interest.

11. There are some Jain temples famous for their architecture, at Ranapurji, Nadol, Narlai and Bali. All these are situated on the motor route at a distance of 5 to 10 miles from tehsil Desuri.

III. The People.

Towns, villages and Language.

12. There are 10 towns and 843 villages in this district. The principal language of the people is Marwari, a dialect of Rajasthani. The most numerous castes are Mahajans, Brahmans, Rajputs, Balais, Sirvis, Jats, Chamars, Rebaris, Malis and Minas.

Food dress and dwelling

13. The staple food grains are Gujji (Wheat and barley mixed), Jawar, barley, maize and Kura. Moneyed persons specially living in towns, generally use wheat. The common dress of the rural population of this district consists of a turban, Angarkhi and Dhoti. People of certain castes such as Jats, Vishnois, Patels, Choudharis etc; usually put on white turban while those of other castes use coloured one. The cloth used is generally home-woven and homespun. The people of rural area generally live in houses made of mud with roofs of grass and tiles. The moneyed section of the rural population lives in houses made of bricks of stones with tiled roofs. In towns the houses are generally made of bricks and stones having tiled or terrace or tin roofs.

Ritual on marriages births, and deaths.

14. At the time of birth no important function, except rejoicings on the birth of a male child is observed. Marriages among Hindus and Mohamedans are celebrated according to the usual customs prevailing in the circles and societies to which they belong. The Hindus as a rule cremate their dead and on 12th day, a feast called MOSAR, is held. The Mohamedans always practise inhumation.

Festivals.

15. The important festivals observed by Hindus are Deepawali, Holi, Akhateej, Rakshabandhan and Dasehra, while those observed by Mohamedans are Idul Fitar and Idul Zuha.

IV. Economic.

(a) Agriculture.

16. *General conditions*:—The agricultural land in this district is fertile. Much of the soil in Pali Tehsil is a loam; light loam and good sandy soils are found in Tehsils Bali and Sojat In Desuri and Jaitaran it is loam and light loam with a little of gravel near the hill slopes. The soil of this district is divided from the settlement point of view into (*i*) *Irrigated* which is either (1) Chahi *i.e.* irrigated by wells, (2) Nehri *i.e.* irrigated by canals or bunds or dam etc. and (*ii*) *Unirrigated* which is (1) Kankar, (2) Sewaj *i.e.* lands in the bed of tanks or situated in natural hollows of (3) Barani.

17. The general conditon of the agriculturists is satisfactory due to the high prices of agricultural products. Their indebtedness has generally been wiped off, their being only stray cases of indebtedness which are mostly for unproductive purposes such as marriages and death ceremonies. These loans are taken from the local money lenders of the village who charge very high rate of interest. There are some Co-operative Societies also in the district. The cultivation is done with the help of bullocks. The principal agricultural classes are Sirvis, Maru, Kumbhars, Jats and Malis.

Crops.

18. Two main viz. Kharif (Sawnu) and Rabi (Unaloo) are sown in this district. The Kharif crop yields Til, Bajra, Jawar, Cotton, Maize, Moong, Moth, Guwar, Kura, Kulat and Mandwa. In Rabi Wheat Barley, Gujji, Gram and Tabacco are gram. The Kharif crops are sown in June and July and harvested in November, December, while the Rabi crops are sown in October and harvested in March-April.

19. Agricultural pests such as locust, Pharkas, Katra, rates, rust, white ants etc. are quite frequent There is a District Agricultural officer belonging to the Agriculture Department whose headquarters are at Pali. Every effort is made for the destruction of these pests. There are also Government Agriculture Farms at Sadri and Bali managed by the Agriculture Department.

Livestock.

20. Cows, bullocks, buffaloes, sheep, goats, horses, dogs, donkeys, and camels are domestic animals in this district. Usually in every village there is a pasture ground. There is a Veterinary Hospital in Pali town and also one at the headquarters of each Tehsil.

Irrigation.

21. The Irrigation is generally done from wells and Bunds. The Loria tank at Pali and tanks at Bera and Chanod villages in Tehsil Bali are also used for irrigation. Wells exist in a large number from which water is generally lifted by means of persian wheels **(Araths).** At some places "Charas" is also used.

(b) Rents, wages and prices.

22. Land holdings are of two kinds namely Bapi (Mustaqil or permanent holdings) and Ghair Bapi (Ghair Mustaqil or non-permanent). Rent (Land revenue) is recovered in cash in Khalsa villages. The cash rents are determined by a regular settlement and are periodically revised at each revision of settlement which is done after specified periods. The cash rents are based upon fair and suitable rent rates which are determined by the settlement officer at the time of settlement or revision of settlement having regard to a number of factors, such as nature and class of soil, nature of crops grown, average prices of crops during the past 10 normal years etc. The existing cash rents vary from Re. -/8/- to Rs. 5/- per bigha, a bigha being equivallent to 2/5 of an acre. The best land has been classified as Chah-A, and the worst as Barani-IV, Nehri and Kankar lands have double rates of rent namely soil rate and water rate, the former being charged by the land Revenue Department and the latter by Irrigation Dept. In non-Khalsa villages, rent (Land revenue) is recovered in kind by actual division of the produce or by kunta (appraisement of the standing crops) the usual rents of Kharif crops being 1/3 and those of Rabi crops being 1/4.

23. There are different rates of wages for different classes of workers and the same are governed by the universal principle of demand and supply. The wages of skilled labourers vary from Rs. 2/- to 5/- while those of unskilled are between Rs. -/8/- to Rs. 2/- per day. The unskilled labour consists of men, women and children whose wages vary in a descending order.

24. The prices of the principal crops of this district as prevailing in the Pali town during 1950 are given below :—

Name of Crops	*Prices per maund in rupee*	
	Maximum	*Minimum.*
Wheat	28/1	21/-
Bajra	23/-	17/-
Jowar	21/-	16/-
Barley	30/-	16/-
Gujji	19/-	17/-
Maize	20/-	14/-
Gram	16/8/-	11/12/-
Moong	25/-	23/-
Moth	22/-	15/8/-

25. In the neighbourhood of Aravalli hills the forest area has been demarcated and managed by the Forest Department. The main products of forest. are wood, honey, gum, grass, bamboo etc.

(c) Forests.

26. There is one important quarry of white stone known as Sonana-ki-Khan at Sonana in Tehsil Desuri. There are also stone quarries in the Sojat Tehsil. Mica mine exists at Bar in Jaitaran Tehsil. Some clay is found in village Litaria of Jaitaran Tehsil. Gypsum is found in Khutani village of Pali Tehsil.

(d) Minerals.

27. There are three large scale Industrial concerns in the Pali Town viz. a Textile Mill, a Bone Mill Factory and Metal works and cottage industries like weaving, pottery, basket making, snuff manufacturing, oil mills, wood works etc. The printing and ivory works are the main manufactures of art in Pali and Bali towns, the wooden pots for Jain Sadhus are prepared at Jaitaran and wooden coloured articles are prepared at Bagri Sajjanpur in Tehsil Sojat.

(e) Arts and Manufactures.

28. The export of Tehsil Pali consists of wool, sheep, goats and hides and skins. Wool is exported to foreign countries such as England and America, the other things are mostly exported to Bombay Mehandi and Ajma are exported from Sojat. Jeera and Mirch are exported from Jaitaran, and honey, gum, wood and charcoal are exported from Bali and Desuri Tehsils. The principal articles such as cloth, Ivory raw material, Kirana, sugar, Gur, Kerosene Oil, fruits etc. are imported in all parts of this district.

(f) Trade and Commerce.

29. There is no Air service in this district. It is served by two Railway lines. Western Railway runs in this district from Sendra to Nana and Northern Railway from Rohat to Phulad. There are a number of Bus services connecting almost all the important villages of this district. The main services are given below:—

(g) Means of Communication.

1. Sumerpur to Pali 54 Miles. 2. Pali to Jodhpur 45 Miles. 3. Pali to Sojat 32 Miles, 4. Sojat to Jaitaran 46 Miles, 5. Bar to Sendra 5 Miles, 6. Falna to Rani Via Desuri, 7. Erinpura to Bali, and 8. Sumerpur to Takhatgarh.

30. The district is well served by metalled roads. The Grand Trunk Road runs from Sumerpur to Sendra. There are fair whether tracks in all Tehsils, such as Pali to Sardar Samand, Pali to Bhadrajun, Rani to Desuri, Sojat City to Bilara, Sojat City to Deoli (Auwa) and Sumerpur to Takhatgarh. There are three Dak Bungalows in Pali Tehsil, one at Pali town and the other in village Gundoj and the third in Kharda. The Dak Bungalows in Sojat Tehsil are in Sojat town, Jadan, Chandawal, Sojat Road and Marwar Junction. In Bali and Dasuri Tehsils there are also Dak Bungalows and at Bar in Jaitaran Tehsil. There are Rest Houses at Dholagam, Sanderao and Sumerpur in Bali Tehsil and at Hemawas in Pali Tehsil. There are Dharamshalas and Pyaus in almost all big villages of this district. The most common public conveyances in the interior are bullock-carts and camels. At Bali, Pali, Sojat, Sumerpur and Erinpura horse Tongas are also available.

31. There is a Trunk telephone office in Pali town. The Telegraph offices are at Pali, Falna, Erinpura Road, Sumerpur, Sojat City, Sojat Road, Marwar Junction etc. Postal facilities, are available generally in all big villages of this district.

Post and Telegraphs.

32. Every third year is a famine in this area. The floods are very rare say once in a period of ten years.

Famine.

V. Administration.

33. The Collector and District Magistrate at Pali is the head of the District, which is divided into Sub-Divisions Pali, Bali, Sojat and Jaitaran and 5 Tehsils, Pali, Bali, Desuri, Sojat and Jaitaran. The Sub-Divisional Officers are also invested with powers of first class Magistrates along with Revenue and Executive powers. The criminal side of justice is amalgamated with the Executive. For hearing Civil Suits there is a court of a Civil Judge at Pali and Sojat and Munsiffs Courts are located at Bali, Sojat, Desuri and Jaitaran. The Court of District and Sessions Judge is located at the district head-

quarters. The Revenue cases are dealt with according to the Marwar Land Revenue Act, and the Marwar Tenancy Act.

VI. Public Works Department.

34. Public buildings, roads and irrigation works are supervised by the Public Works Department staff. The important work of the Jawai River Project in Tehsil Bali is in hand and is expected to be completed at a cost of a few crores.

VII. Protection.

35. Pali town is the headquarters of the District Superintendent of Police with four circle Inspectors at each of the head-quarters of Sub-Divisions, 18 Police Stations and 44 Police outposts under him. There are four judicial lock-ups at the headquarters of the Sub-Divisional Magistrates, Pali, Bali, Sojat and Jaitaran.

VIII. Education

36. There is one Intermediate College and three High Schools in Tehsil Bali. There is one High School at Pali and one at Sojat also. The Middle and Primary Schools are found in all big villages of this district. As regards female education, the people of this district do not like to educate girls and as such there are a few girls schools in this district. The vocational training is also given in some of the High Schools of this district. There is no restriction on the admission of boys of scheduled castes and tribes to these schools but there are no separate schools for them.

IX. Public Health.

37. There is only one Allopathic Hospital in Pali Town, while in Bali, Desuri, Sojat, Sadri, Jaitaran etc. there are 11 Allopathic Government Dispensaries. There are 24 Ayurvedic Aushdhalayas scattered all over the district. Vaccinators are posted in every tehsil. There are also a number of private practitioners, Allopathic, Ayurvedic as well as Unani.

X. Local Self Government.

38. There are only two Municipalities in this district viz. Pali and Bali having members duly elected. There are village Panchayats in every big village with a population over one thousand souls, which are governed by the Panchayat Act.

XI. Miscellaneous.

39. Pali town is the headquarters of the district of the same name situated in 25°47′ North and 73°30′ East, on the right bank of the Bandi river and on the Jodhpur Railway (now Northern Railway). Its population in 1951 was 24,100. The town possesses a combined Post and Telegraph Office with trunk telephone connection, a High School and a Hospital. There is a cloth mill, a Bone meal Factory and Metal works factory, besides a few cotton presses. The other industries are ivory carving, cotton printing and the dyeing of woollen, silk and cotton cloths, the water of the Bandi river is supposed to have some peculiar chemical qualities which give a certain degree of permanency to the colours used by the dyers.

40. Pali was held by a community of Brahmans in grant from the Paramara and Parihar Rajputs till the advent of the Rathors from Kanauj (about 1212), when Rao Siahji became its master. The Paliwal Brahmans take their name from the town which before the construction of the railway, was a very important trade centre, in 1836 it was visited by an outbreak of plague, the germs of which are supposed to have been imported in silks from China. It now comprises an ancient and modern quarter, each containing several temples. One of the oldest is that dedicated to Somnath, who is here represented by his symbol the lingam, and is attended by two small sculptured stone image of Nandi, the sacred bull which he rode, it is a very handsome building, remarkable on account of its exquisite mouldings, and is attributed to Kumarapala of Gujrat, whose name and date (1143 A. D.) are legible in an inscription which it bears. The vast Jain temple called Naulakha is noteworthy, not only for its size, elaborate carving and strength as a defensive fort, it being surrounded by set of out works only accessible from within, save for one solitary entrance which is not quite three feet wide but also because it has a mosque in its courtyard.

PALI DISTRICT.

REVIEW OF POPULATION FIGURES.

Introduction.

1. It is included in Jodhpur Division. It lies between 24° 45′ and 26° 25′ north latitudes and 72° 48′ and 74° 20′ east longitudes. It is bounded on the north by Nagaur and Jodhpur districts, on the south by Udaipur district, on the east by Ajmer State and on the west by Jalore and Sirohi districts.

2. It is divided into 4 Sub-divisions and 6 Tehsils. There are 18 Police Stations and 44 Out-posts.

Population.

3. This district consists of 10 towns and 843 villages having a population of 660,856 persons, (males 339,626 and females 321,230) of whom only 90,129 persons or 13·6 per cent reside in the urban units and the rest in rural ones. This district stands 11th in respect of population among the districts of Rajasthan vide Annexure "A". A majority of villages are of the smallest size with a population below 500 persons. The names of 10 towns are given below:--

Pali, Bali, Takhatgarh, Sewari, Sadri: Sojat, Bagri, Jaitaran, Nimbaj and Raipur.

4. The population of this district, as composed on March 1, 1951, according to Census of 1941, was 555,586 (males 285,892 and females 269,694). The last decade has witnessed an increase of 105,270 *i.e.* 18·9 per cent. This district occupies 7th position in the districts of Rajasthan with respect to growth of population, vide Annexure "B". Its growth is above the average growth in Rajasthan by 4·0 per cent. This growth in urban units has been 64·2 per cent while in the rural units it is 14·0 per cent.

Area and Density.

5. The area of this district is 4,750·7 square miles (supplied by Surveyor General of India). It thus covers 3·6 per cent of the total area of the State and stands 12th in respect of area when compared with the other districts of Rajasthan vide Annexure "C". The Director of Land Records, Rajasthan, states the area of the district to be 4,673 square. miles. It has a density of 139 persons per square mile. It was 117 in 1941. It stands 15th among the districts of Rajasthan in that respect. Its density is above the average density of Rajasthan which is 117 and above that of Jodhpur Division (62) of which it forms a part vide Annexures "D" and "F".

Occupied houses, households, family composition and sex ratio.

6. The number of occupied houses in this district is 129,912 which are inhabited by 143,454 households; (109,256 houses occupied by 121,326 households in rural areas and 20,656 houses occupied by 22,128 households in urban units).

7. The number of persons per occupied house is 5 (5 in rural and 4 in urban units) and the same was the proportion in 1941. The average composition of a household is 5 persons in rural and 4 in urban units. The household population of the district is 660,116 (570,308 in rural and 89,808 in urban), *i.e.*, 740 less than the total population. This last figure represents the houseless persons and inmates of institutions etc. The number of females per thousand males in this district is 946 in total population and 945 in household population. It was 943 in total population in 1941 vide Annexure "E". In the rural units it is 948 and in the urban units it is 933.

Literacy.

8. The number of total literates is 47,246 or 71 per thousand (males 39,809 *i.e.*, 117 per thousand and females 7,437 *i. e.*, 23 per thousand). The condition is different in rural from urban units as is depicted in the inset table.

Number of literates per thousand of

	Persons	Males	Females
Rural	57	97	15
Urban	163	242	78

Principal means of Livelihood.

9. The strength of persons depending directly or indirectly upon agriculture is 382,094. They form 57·8 per cent of the total population and if we take out of consideration those who are not directly in touch with land *i.e.*, non-cultivating owners of land and their dependants, the percentage of actual agriculturists and their dependants comes to 56·5. Amongst the agriculturists the largest percentage *i.e.*, 32·6 is that of cultivators of land, wholly or mainly unowned, and their dependants. Cultivators of land wholly or mainly owned and their dependants form a percentage of 18·2 only. The cultivating labourers and non-cultivating owners of land are 5·7 and 1·3 per cent respectively.

10. Non-agricultural category forms 42·2 per cent and among themselves the large majority depend upon " Other services and miscellaneous sources " who form 15·6 per cent of the general population. Industrialists comprise 16·4 per cent, traders are 8·9 per cent, and transport industry supports 1·3 per cent only.

11. In the rural units the agricultural classes form 62·8 per cent of the total rural population and the non-agricultural classes form 37·2 per cent, of whom cultivators of owned land and their dependants form 19·2 per cent, cultivators of unowned land and their dependants form 36·1 per cent, cultivating labourers and their dependants form 6·1 percent while the non-cultivating owners of land form 1·4 per cent only.

12. Of the non-agricultural category in the rural area the largest number belongs to Industrialists being 15·6 per cent. " Other services and miscellaneous sources " group ranks second as it supports 13·3 per cent. Traders come next as they form 7·1 per cent. Transport stands last with a percentage of 1·2 only.

13. In the urban units the owner cultivators and the cultivators of unowned land are 11·5 and 10·7 per cent respectively of the total urban population. The cultivating labourers and non-cultivating owners of land are 3·7 and 0·5 percent respectively. The non-agricultural category forms 73·6 per cent; the largest number depends upon the livelihood class "Other services and miscellaneous sources" which supports 30·2 per cent, Industrialists form 21·4 per cent and traders 20·3 per cent. Only 1·7 per cent of the population are engaged in transport industry.

Economically inactive persons.

14. Economically inactive persons can be grouped into two categories—(a) Those who earn their livelihood without any activity *e.g.*, pensioners, stipend holders, receivers of rent from land or buildings or interest and (b) those whose activities are uneconomic in their nature *e.g.*, beggars, prostitutes etc. The number of such persons in this district is 2,798 (males 1,908 and females 890). They form 0·4 per cent of the total population of the district. Their further details are given in District Economic Table B. III. Employers, Employees and Independent Workers in Industries and Services by Divisions and Sub-divisions.

Language.

15. The principal language of this district is Marwari which is really a dialect of Rajasthani. It is spoken by 551,085 *i.e.*, 83·4 percent of the people of this district. Of the other languages spoken in this district Western Hindi is spoken by 78,763 *i.e.*, persons *i.e.*, 11·9 per cent. Speakers of Dhabadi and Merwari are 8,432 and 6,553 *i.e.*, 1·3 and 1·0 per cent respectively Bhili is spoken by 6,165 *i.e.*, 0·9 per cent. Speakers of other languages are insignificant in number.

Religion.

16. A vast majority of the people of this district are Hindus being 91·4 per cent, next come Jains who are 5·3 per cent. Muslims rank third being 3·3 per cent. There are only 94 Christains.

Scheduled Castes.

17. The Scheduled castes population enumerated in this district is 24,626 *i.e* 3·7 per cent of the total population and there is none belonging to Scheduled tribes. A list of Scheduled castes notified by the Government of India is appended as Annexure ' G '.

Migrants.

18. Of the persons enumerated in this district 93·7 per cent are born in the district itself, while those born in other districts of Rajasthan are 4·7 per cent. For districtwise details of the above items, see District Table D. IV (migrants). Persons born in India outside Rajasthan are 7,933 that is 1·2 percent and those born in countries in Asia beyond India are 2,851 *i.e.*, 0·4 per cent.

Displaced persons.

19. The number of displaced persons in this district is only 2,719. Of these 10 have immigrated from East Pakistan in 1947, and 2,709 from West Pakistan (9 in 1946, 1,841 in 1947, 774 in 1948, 78 in 1949, 5 in in 1950 and 2 in 1951,) Majority of them earn their livelihood by "Other services and miscellaneous sources," being 1,163 *i.e.*, 42·8 per cent. Traders come next being 1,008 *i.e.*, 37·1 per cent. Industrialists rank third being 400 *i.e.*, 14·7 per cent. Transport supports 127 *i.e.*, 4·7 per cent only. Cultivators of unowned land and cultivating labourers are 11 and 9 *i.e.*, 0·4 and 0·3 per cent respectively. There is only one cultivator of owners of land.

Infirmities.

20. In this district the total number of persons afflicted by infirmities (the blind, the deaf-mutes, the insane and the lepers) are 3,151 that is 4·8 per thousand. Blindness is the most prominent, the number of those afflicted by it being 2,653 that is 4·0 per thousand. Persons afflicted by the rest of the infirmities are 498 *i.e.*, 0·8 per thousand. 65·9 per cent of the total blind persons are in the age group 55 and over. Similarly 33·2 per cent of the total deaf-mutes, 10·9 per cent of the total insane and 21·7 per cent of the total lepers are in this age group.

SCHEME OF CENSUS TABLES

Census Tables Prepared this time fall under the following six broad groups:—

A GENERAL POPULATION TABLES.
B ECONOMIC TABLES.
C HOUSEHOLD AND AGE (SAMPLE) TABLES.
D SOCIAL AND CULTURAL TABLES.
E SUMMARY TABLE.
F LOCAL TABLE.

There are five Tables under General Population Tables. These are:—

A I AREA, HOUSES AND POPULATION.
A II VARIATION IN POPULATION DURING FIFTY YEARS.
A III TOWNS AND VILLAGES CLASSIFIED BY POPULATION.
A IV TOWNS CLASSIFIED BY POPULATION WITH VARIATIONS SINCE 1901.
A V TOWNS ARRANGED TERRITORIALLY WITH POPULATION BY LIVELIHOOD CLASSES.

Economic Tables comprise of three separate Tables. These are:—

B I LIVELIHOOD CLASSES AND SUB-CLASSES.
B II SECONDARY MEANS OF LIVELIHOOD.
B III EMPLOYERS, EMPLOYEES AND INDEPENDENT WORKERS IN INDUSTRIES AND SERVICES BY DIVISIONS AND SUB-DIVISIONS.

There are five Tables in the Group of Household and Age (sample) Tables. These are:—

C I HOUSEHOLD (SIZE AND COMPOSITION).
C II LIVELIHOOD CLASSES BY AGE GROUPS.
C III AGE AND CIVIL CONDITION.
C IV AGE AND LITERACY.
C V SINGLE YEAR AGE RETURNS.

They have been prepared on sample basis.

Social and Cultural Tables consist of seven Tables. These are:—

D I LANGUAGES; D I (I) MOTHER TONGUE; D I (II) BILINGUALISM.
D II RELIGION.
D III SCHEDULED CASTES AND SCHEDULED TRIBES.
D IV MIGRANTS.
D V DISPLACED PERSONS BY LIVELIHOOD CLASSES.
D VI NON-INDIAN NATIONALS.
D VII EDUCATIONAL STANDARDS.

There is only one summary Table:—

E SUMMARY FIGURES BY ADMINISTRATIVE UNITS

There is only one local table:—

(क) INFIRMITIES.

DEFINITIONS AND KEY TO SYMBOLS.

Definitions.

Tract:—In past censuses the census figures were tabulated by administrative units *i.e.*, districts, tehsils etc. This time in almost all tables the figures have been represented by units which have been technically called "TRACTS". Tracts are of three kinds, (1) all villages of a sub-division taken together form one rural tract; (2) all towns (which are not cities) in a district taken together form an "urban non-city tract" and (3) every city is an "urban city tract" or in short "city tract". A list of tracts comprised in each district has been given in the handbook of the district.

Town:—A "Town" has been defined as every municipality, every cantonment or every village which had a population of 5,000 or over in 1941 or any other village which wss treated as a town for special reasons by the State Census Superintendent.

City:—A "City" is normally defined as a town with a population of one lac or over, but this definition has been relaxed in Rajasthan, and towns with a population of 50,000 or over have also been treated as cities, to bring the definition in uniformity with the one adopted in the Municipal Act.

Village:—A "Village" means a revenue **mauza** whose revenue is realised under a separate name. It includes all hamlets attached to it.

House:—A "House" has been defined as every structure made of any material which is actually used as human habitation or if not so used, is capable of being so used, which has separate main entrance from the street, lane, by-lane etc. It includes structures of all kinds such as residential houses, temples, mosques, offices, etc. The minimum, which was necessary for qualifying a structure to be classed as a house, was at least two walls and a roof made of any material.

Occupied House:—"Occupied houses" were those which were used actually for the residence of human beings.

Household:—A "Houeshold" has been defined to mean and include all persons living in one and the same house and dining at a common mess irrespective of their blood relationship *e.g.* servants residing with their masters and taking meals in their kitchen were treated as members of the master's household. On the contrary even nearest relatives as husband or wife were treated as separate families if for any reason they happened to live in separate buildings and dine at separate kitchens.

Household Population:—"Household Population" means persons living in numbered houses as members of a commensal family including guests and servants. It does not include (a) houseless persons or (b) inmates of institutions like jails, hospitals, hostels, dak bungalows, boarding houses, orphanages, sarais, dharmashalas, police lines, military lines, asylums, etc.

Displaced person:—A "Displaced person" was defined "as a person who migrated from Western Pakistan after 1st March 1947 or from Eastern Pakistan after 15th October 1946 due to communal disturbances or fear of disturbances or due to partition of India and Pakistan. Children born to such persons after their migration to India were not to be treated as displaced persons.

Ward:—A "Ward" was defined as municipal ward in case of municipal towns. In non-municipal towns wards have been made arbitrarily by the Census Department.

Means of Livelihood:—In former censuses it was customary to represent the basic population data by community or religion. This time an innovation has been made and in most of the tables the figures are published by Means of Livelihood groups. All occupations have been classified under eight broad classes and given code numbers which are as follows:—

I . . Cultivators of land wholly or mainly owned and their dependants.

II Cultivators or land wholly or mainly unowned and their dependants.

III Cultivating labourers and their dependants.

IV Non-cultivating owners of land, agricultural rent receivers and their dependants.

Persons (including dependants) who derive their principal means of livelihood from :—

V Production other than cultivation.

VI Commerce.

VII Transport.

VIII Other services and miscellaneous sources.

N. B.—In most of the Tables, the m/l class number s only given instead of describing the class.

Code No.:—In the enumeration stage a set of location code numbers was prescribed to identify each inhabited spot, whereby the districts were numbered serially within the State, tehsils within a district and cities, towns or villages within a tehsil. Similarly houses were numbered within a village and households within each house. Hamlets were given sub-numbers under the number of the parent village.

A.—GENERAL POPULATION TABLES

A. I—Area, Houses and Population

Explanatory Note

This table shows the number of villages, towns, occupied houses and rural population for each of the tehsils of the District. Serial No. 1 contains the aggregate corresponding figures for the district as a whole.

The figures of area against each unit have been entered as supplied by the District Officer. They represent the total of unit, rural as well as urban, as separate figures for urban units were not available. The total area of the district, as supplied by the Surveyor General of India, has been given within the brackets against the name of district. The tehsilwise area could not be made available from Surveyor General's Office.

There are 6 Tehsils in this District.

(1) Pali (2) Bali. (3) Desuri. (4) Sojat. (5) Jaitaran. (6) Sendra.

S. No.	Administrative Unit	Area in Sq. miles (2) (4,750·7)	Villages (3)	Towns (4)	Occupied houses (5)	POPULATION Persons (6)	Males (7)	Females (8)

A. IV—Towns Classified by Population with Variation since 1901

Explanatory Note

This table shows the population of the towns of the district for the last five Censuses by sex. It also gives the variation in population from decade to decade along with the net variation since 1901.

In this table, the cities and towns have been classified and arranged according to population under six classes namely:—

I	100,000 and over.
II	50,000 to 100,000
III	20,000 to 50,000
IV	10,000 to 20,000
V	5,000 to 10,000
VI	Less than 5,000

The class in which the individual town falls is shown under the name of the town.

The nature of the local body functioning in each town is shown in the brackets after the name of the town wherever such body is functioning.

In this district 3 fresh towns have been added in this census namely:—

(1) Takhatgarh (2) Raipur (3) Sewari

A. V—Towns Arranged Territorially with Population by Livelihood Classes.

EXPLANATORY NOTE:—

This table gives the number of persons (including dependants) in each town according to principal means of livelihood instead of religion as in past censuses, but means of livelihood classes I to III have been clubbed together and they have been shown in columns Nos. 15 and 16 after the non-agricultural classes.

(a) The towns have been arranged according to population. The nature of local body functioning in each town is shown in brackets after the name of the town wherever such body is functioning.

B. ECONOMIC TABLES.

1. In the 1951 Census, the Economic classification was substituted for the classification based on Religion.

2. The people have been divided into two broad livelihood categories, viz, the Agricultural Classes and the Non-Agricultural Classes.

3. There are four Agricultural Classes, defined as below :—

I Cultivators of land, wholly or mainly owned, and their dependants.

II Cultivators of land, wholly or mainly unowned, and their dependants.

III Cultivating labourers and their dependants, and

IV Non-cultivating owners of land; agricultural rent receivers, and their dependants.

4. There are four Non-Agricultural Classes, defined as comprising all persons (including dependants) who derive their principal means of livelihood from :—

V Production other than cultivation.

VI Commerce.

VII Transport.

VIII Other services, and miscellaneous sources.

5. All these classes have been referred to as Means of Livelihood Classes or in brief M/L Classes.

NOTE.—(*a*) Land is deemed to be owned "if it is held on any tenure (by whatever name it is known locally) which carries with it the right of permanent occupancy for purposes of cultivation." Such right should be heritable. It may be (but need not necessarily be) also transferable.

(*b*) A "Cultivator" (Livelihood Class I or II) is distinguished from a "Cultivating Labourer" (Livelihood class III) as the person who takes the responsible decisions which constitute the direction of the process of cultivation. All cultivating labourers are employees of cultivators.

(*c*) The classification of a person employed in any non-agricultural enterprise or establishment is based on the nature of his own work, not on the nature of the enterprise or establishment concerned. Thus for instance not all railway employees are classifiable under Livelihood Class VII (Transport). Those employed in Railway workshops are classifiable under Livelihood Class V and those employed on constructional services under Livelihood Class VIII.

6. Livelihood Sub-Classes :—Each of the eight M/L Classes has been divided into three sub- classes, with reference to their economic status as below :—

(*i*) Self-supporting persons ;

(*ii*) Non-earning dependants ; and

(*iii*) Earning dependants.

Economically active, semi-active and passive persons :—

7. All non-earning dependants are economically passive They include persons performing house-work or other domestic or personal services for other members of the same family household. But they do not include "unpaid family workers or persons who take part along with the members of the family household in carrying on cultivation or a home industry as a family enterprise".

8. All earning dependants are economically semi-active only. Though they contribute to the carrying on of economic activities, the magnitude of their individual contribution is deemed to be too small to justify their description as economically active.

9. All self-supporting persons are, ordinarily, economically active. But, there are certain classes and groups which constitute an exception to this rule. These are mentioned below :—

(*i*) The self-supporting persons of agricultural class IV.

(*ii*) The following groups of self-supporting persons who are included in non-agricultural class VIII and derive their principal means of livelihood from miscellaneous sources (otherwise than through economic activity) :—

(*a*) Non-working owners of non-agricultural property,

(*b*) Pensioners and remittance holders,

(*c*) Persons living on charity and other persons with unproductive occupations, and

(*d*) Inmates of penal institutions and asylums.

Classification of Economic activities and Economically active persons :—

10. Economic activities may be defined as including all activities of which the result is the production of useful commodities or the performance of useful services but not including the performance of domestic or personal services by members of a family household to one another.

11. The most important among all economic activities is the cultivation of land (or the production of the field crops). It stands in a category by itself. All other economic activities may be regarded as falling in another category which may be referred to as " Industries and Services ". All these activities may be classified with reference to the nature of the commodity produced or service performed. Under the present scheme, all industries and services are classified in 10 divisions ; and these divisions are sub-divided into 88 sub-divisions. The scope of activities included in each sub-division is indicated by its title.

12. Economically active persons engaged in cultivation, are either cultivators or cultivating labourers i. e., they are persons of sub-class (*i*) of agricultural classes I to III.

13. Economically active persons engaged in Industries and Services are classifiable in the divisions and sub-divisions. All persons included in each sub-division are further divisible into three sections viz.,

(*i*) Employers.

(*ii*) Employees, and

(*iii*) Independent Workers.

14. In effecting this classification, no account has been taken of whether the classified person was actually employed or unemployed on the date of enumeration. He has been allocated to that particular description of economic activity from which he has been in fact deriving a regular (that is non-casual) income, as his principal means of livelihood.

The Tables.

15. The Economic tables for the State as a whole with break-up for Natural Divisions and districts will be found in Report Part II B of the Census of India 1951, Volume X, Rajasthan and Ajmer. It also contains a full discussion of the Indian Census Economic Classification Scheme and its comparison with International Standard Industrial Classification Scheme evolved by the United Nations Organisation. This Handbook contains the above tables for this district in which they are published down to tract level

16. The replies recorded in the census slips against census questions 9, 10 and 11 have been used for classifying every enumerated person within the framework of Economic Classification of people described above. The results have been exhibited in the three tables.

(a) Economic Table I .... Livelihood classes and sub-classes.

(b) Economic Table II ... Secondary means of livelihood.

(c) Economic Table III ... Employers, employees, and independent workers in industries and services by divisions and sub-divisions.

Economic Table I.

17. This table is the result of the record of replies to the census question No. 9 (1). It shows the distribution of population in the eight livelihood classes and 3 sub-classes of each livelihood class. A complete picture has been presented of economically active, semi-active and passive persons.

Economic Table II.

18. It specifies the number of self-supporting persons in each of the 8 classes mentioned above, who have more than one means of livelihood and cross classifies them according to the nature of such secondary means of livelihood under the same eight classes. It also displays the number of earning dependants who supplement (with their own activities) the resources provided for their maintenance by the persons on whom they are dependant. The economic activity of the economically semi-active persons whereby they supplement the above resources has been shown in this table. The replies recorded in the slips against census question 11, showing the occupation of semi-active persons as also the secondary means of livelihood of self-supporting persons (with more than one occupation) other than the principal means of livelihood, are the basis of this table.

Economic Table. III.

19. This table is limited to economically active persons only. Self-supporting persons engaged in Industries and Services have been classified under 10 Divisions and sub-divisions thereof. They have been further divided under each division and sub-division into three categories "Employers" "Employees", and "Independent Workers".

(a) M/L Class V (Production other than cultivation) corresponds to Division O to 4 (O Primary industries not elsewhere specified, 1-Mining and quarrying; 2-Processing and manufacture-foodstuffs, textiles, leather and products thereof; 3-Processing and manufacture metals, chemicals and products thereof; 4-Processing and manufacture not elsewhere specified).

(b) M/L Class VI (Commerce) corresponds to Division 6 (Commerce).

(c) M/L Class VII (Transport) corresponds to sub-divisions 7·1 to 7·4 of division 7 (Transport, storage and communications).

(d) M/L Class VIII (Other services and miscellaneous sources) includes Division 5 (Construction and utilities), Division 7 (Transport storage and Communication) with the exception of sub-division 7·1 to 7·4; Division 8 (Health, education and public administration) and Division 9 (Services not elsewhere specified). It also includes other miscellaneous sources of livelihood e.g. income from investment, pensions and family remittances, proceeds of begging and other unproductive activities. These are not, however, included, in Economic Table III which is limited to industries and services. Hence there is a difference to this extent between the total self-supporting persons of the non-agricultural classes in Economic Table I and the total of this table. The reconciliation has been affected by entries of economically inactive persons with the following further classification at the end of the table (columns No. 799 to 808).

(i) Persons living principally on income from non-agricultural property.

(ii) Persons living principally on pensions, remittances, scholarships and funds.

(iii) Inmates of jails, asylums and alms-houses.

(iv) Recipients of doles.

(v) Beggars and vagrants.

(vi) All other persons living principally on income derived from non-productive activities.

20. The Unit of Classification is the organised "Establishment". The commodity produced or the service performed as a result of the work of the organised establishment is the criterion for classifying the establishment. The classification of the establishment is the classification of every member of the establishment.

21. As regards "Employees," all persons, engaged, in production, commerce or transport (and not being domestic servants) have been classified under the appropriate sub-divisions with reference to their own activity, and without reference to that of their employer. Domestic servants have all been classed in one sub-division without reference to the nature of their work. All other employees (including all managerial and supervisory employees, clerks, messengers, watchmen and unskilled labourers of every description) have been classified with reference to the commodity produced or services rendered by their employers.

22. In this table occupational returns under some of the sub-divisions are nil and the columns pertaining to such sub-divisions have been omitted for the sake of economising space, hence there are breaks in the serial number of columns.

C.—HOUSEHOLD AND AGE (SAMPLE) TABLES.

Explanatory Note:—This series consists of the following tables:—

C. I Household (size and composition).
C. II Livelihood Classes by Age Groups.
C. III Age and Civil Conditions.
C. IV Age and Literacy.
C. V Single Year Age Returns.

All these tables have been prepared on sample basis. In table C. I nearly 1 in 1000 households has been selected as sample from the National Register of Citizens. In other tables 10% sample has been taken from the enumeration slips pertaining to general population excluding displaced persons population.

C.-I—Household (size and composition)

EXPLANATORY NOTE:—This table shows for each census tract the total number of households, household population, the sample households population, and the size and composition of households in the sample household population.

The figures are arranged under two broad groups:—

(i) Size of households,
ii) Composition of households,

in (i) households have been called,

(a) "Small" if the number of inmates is 3 or less.
(b) "Medium" if the number of inmates is between 4 and 6.
(c) "Large" if the number of inmates is between 7 and 9.
(d) "Very large" if the number of inmates is 10 or more.

in (ii) the inmates in a household are described under three heads.

(a) Relationship to the head of the household,
(b) Number in broad age groups,
(c) Civil condition.

C. IV—Age and Literacy.

Explanatory Note:—This table shows the literacy by age groups of the sample population. The figures of illiterates include those of partially literates i. e. those who can read a simple letter in any script but cannot write one. Literate means one who can both read and write a simple letter in any script.

District Index of Non-Agricultural Occupations.

This Table is prepared from the Sorter's Ticket 2. This is a sort of supplement to Economic Table B. III and provides further details of the occupational groups mentioned therein.

The Sorter's Ticket 2 was prepared in accordance with the instructions to the Sorters reproduced below :—

1. *Preparation.*—You have to prepare Sorter's Ticket 2 only if you have slips relating to any of the livelihood class V, VI, VII or VIII. You are to deal only those slips which relate to self-supporting persons. The slips relating to non-earning dependants or earning dependants would have been separated already and should not be used at this stage.

2. *First operation.*—You have first to deal the slips with reference to the Principal means of livelihood recorded against question 10. Your Supervisor will give you a list of "M/L (Means of livelihood) sub-groups"* in the order of importance for which you have to sort. Select not more than ten Pigeon-holes and affix labels bearing the names of the "M/L sub-groups" (written out in full) as given to you. The number of M/L sub-groups given to you will generally exceed ten. You should reserve one or two Pigeon-holes for throwing slips which are not covered by the M/L sub-groups shown on the lables. You should then deal the slips with reference to the answer recorded against question 10. In doing so, put together slips containing entries which are written in either identical or very similar terms to each of the labelled "M/L sub-groups." If you are in doubt whether an entry, in any case is very similar or not to the labelled M/L sub-groups, consult the Supervisor. Finish the sorting for one set of M/L sub-groups. Then distribute the slips of one set into individual occupations. Now count the number and "enter" the name and number in columns (2) and (3) of Sorter's Ticket 2. Keep the unsorted slips separate. This completes the first stage of the first operation.

3. *First operation (succeeding stages).*—You should then take up the slips that remain to be sorted. You should deal them again for the remaining M/L sub-groups given to you in same manner as in the first operation. The operations should be repeated successively until all the slips are sorted for all the M/L sub-groups given to you. You may find slips where the M/L as recorded in question 10 does not fall under any of the sub-groups given to you. You should deal these slips separately in the manner explained above and enter the name and number in the Sorter's Ticket. This completes the first operation. You should keep separate the bundle for each M/L sub-group.

4. *Special instructions regarding non-productive means of livelihood.*—Livelihood class VIII will contain slips of persons who derive their income otherwise than through Productive activity. They include all self-supporting persons against whom the answer to question 9, Part two, is 'O'. They should be treated as a distinct group, not falling under any of the prescribed divisions and sub-divisions; and sorted under the following sub-groups, viz.—

(*i*) Persons living principally on income from non-agricultural property.
(*ii*) Persons living principally on pensions, remittances, scholarships and funds.
(*iii*) Inmates of jails, asylums, alms houses and recipients of doles.
(*iv*) Beggars and vagrants.
(*v*) All other persons living principally on income derived from non-productive activities.

5. *Second operation.*—For this operation the slips mentioned in Paragraph 4 are excluded. You have to deal the remaining slips with reference to the answer recorded in the second compartment of question 9. Affix labels to three Pigeon-holes, the labels being marked "Employer", "Employee" and "Independent worker". Take the bundle

* *List of M/L sub-groups.*—Separate lists of sub-groups should be prepared for use in sorting each of the four different livelihood classes V to VIII. These lists should be compiled on the basis of (a) scrutinizing of entries found to occur frequently in the National Register of Citizens and (b) results of trial sorting by Supervisor and Compiler-checkers.

for each M/L sub-group and deal them into the three Pigeon-holes. You will find "मा" for "Employer" "नो" for "Employee" and "खुद" for "Independent worker" recorded in the second compartment of question 9. If you find that there is no entry you should take the order of your Supervisor. When you have completed the sorting for a M/L sub-groups you should count the number in each Pigeon-hole and enter in Columns (4) to (6) of the Sorter's Ticket according as the Pigeon-hole relates to "Employer", "Employee" and "Independent worker" respectively.

6. *Second operation (succeeding stages).*—You should take each of the other bundles for M/L sub-groups and deal them in the same manner as in the second operation; you should enter the result in the relevant columns of the Sorter's Ticket.

7. *Conclusion.*—You have now completed all operations necessary for Sorter's Ticket 2. Re-combine all the male slips and all the female slips.

If you are sorting sample slips or slips for displaced persons you should proceed to Sorter's Ticket 3.

If you are sorting general slips you should proceed to Sorter's Ticket 6.

After the Sorter completed the ticket and after due check by the Compiler-checker and the Supervisor, the ticket was handed over to the tabulation clerk to fill in the Group Code numbers in column (1) of the form of Sorter's Ticket 2 given below.—

Form of Sorter's Ticket 2.

Group Code Number	*Full name of means of livelihood (sub-groups and occupations)*	*Total*	*Employer*	*Employee*	*Independent worker*
1	2	3	4	5	6

The group code numbers were adopted from the Indian Census Economic Classification Scheme given in Part II – B of the Report.

Accuracy of Figures.

A perusal of this index shows incredible figures, against certain occupations. This is due to vague entries in the slips regarding the occupations contrary to instructions in some cases and entries with correct details in others. The result was that in the tabulation stage the only slips which contained correct details of occupations were sorted under the correct sub-group and its details, while those with vague entries were placed in the wider groups.

Another point to be borne in mind is that not all persons following an occupation have been shown against it in the Index, but those who followed it as a Principal means of livelihood. Thus if a Ticket Collector derived a greater part of his income from rent of agricultural or other land or building and some income only from his services as Ticket Collector, he would not be shown as Ticket Collector.

The third point to be kept in mind is that these figures, represent only self-supporting persons and not those who are partly dependants, thus a young boy who sits at a 'Pan shop' and gets some pay from the shop keeper which is not sufficient to support him, he has to depend upon his father's income mostly. Such a man would not appear under the occupation "Service on Betel Shop."

The last but most important defect in the figures is due to difference in the terminology prevalent in the different areas of Rajasthan describing an occupation and also partly due to want of exercise of proper care in the tabulation stage that name showing same and similar occupations have been shown as different occupations for example "Halwai's shop" and "sweet-meat selling" have been shown as different occupations. In order therefore to find out the actual strength of self-supporting persons following a particular occupation as their principal means of livelihood, figures against all such occupations should be totalled.

On the whole, this index removes the defects pointed out in the Census Tables published in the previous Census that they do not show actual occupations but their group only.

District Index of Non-Agricultural Occupations.

Persons deriving their income as principal means of livelihood from occupations given in column 3.
