Area figures for Village and Town areas are those supplied by the Assistant Director of Survey and Land Records of the District concerned (in consultation with the Tahsildars of the taluks concerned) and Local Bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc , whereas village and town area may not include the same.

Area figures for Village and Town areas are those supplied by the Assistant Director of Survey and Land Records of the District concerned (in consultation with the Tahsildars of the taluks concerned) and Local Bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same

Area figures for Village and Town areas are those supplied by the Assistant Director of Survey and Land Records of the District concerned (in consultation with the Tahsildars of the taluks concerned) and Local Bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same.

Area figures for Village and Town areas are those supplied by the Assistant Director of Survey and Land Records of the District concerned (in consultation with the Tahsildars of the taluks concerned) and Local Bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc , whereas village and town area may not include the same.

Area figures for Village and Town areas are those supplied by the Assistant Director of Survey and Land Records of the District concerned (in consultation with the Tahsildars of the taluks concerned) and Local Bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by the Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same

Area figures for village and town areas are those supplied by the Assistant Director of Survey & Land Records of the District concerned (in consultation with the Tahsildars of the taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same.
