## GANGA-KE-GHAT

For centuries Varanasi has been to the million of Indians a symbol of faith sanctity, knowledge and religion. Varanasi is reputed to be one of the oldest cities of the world. The Ghats along the Ganga here, vibrant and pulsating with life, are a sight difficult to forget. Each 'Ghat' has its own historical and religious importance, the more note worthy among them being Assi, Tulsi, Ahilya Bai, Dahashwamedha, Mani Karnika and Harish Chandra Ghat. Varanasi still holds authority where Sanskrit learning is concerned. These Ghats are visited daily by thousands of people for taking bath. Congregation of thousands of pilgrims from various walk of life taking the holy dip on the Ghats presents a peerless look. These ghats are main attractions for the tourists from abroad.

# ACKNOWLEDGEMENT

At the 1971 Census it has been our endeavour to compile both Census and Non-census statistics at the village and block level in a uniform manner, to ensure that these statistics are available to the users as soon as these are sifted and compiled. The District Census Handbook is in three parts. This is the second part of the series which was originally published in Hindi. This English Edition is brought out for the use of foreign scholars and other non-Hindi speaking persons.

We are deeply indebted to the State Government for their ever willing and prompt help accorded to us at all levels. The District Census Handbooks are published by us on their behalf. I wish to express my gratitude to Shri M. Lal, the then Chief Secretary to U. P. Government, for all the guidance and facilities afforded to us in the conduct of Census in this State. I am also grateful to the Secretary, G. A. D. for the facilities given by him in sorting out various administrative matters relating to the publication of these Handbooks. I am extremely thankful to the District Officers for their whole hearted cooperation in furnishing the desired information and the District Census Officers for their hard work and sustained efforts in collecting the same.

In the Census Office, every one has made valuable contribution towards the stupendous task of compilation and collation of statistics and preparation of notes. I am grateful to Shri U. S. Verma, Assistant Director (Technical) who helped in bringing out this Handbook. I am also thankful to Shri Om Prakash, Deputy Director of State Tabulation Unit for expeditious finalisation of Primary Census Abstracts. I am thankful to Shri T. D. Agrawal, Tabulation Officer and officials under him for their useful contribution in respect of the finalisation of this book.

I must also express my gratitude to Shri A. Chandrasekhar, ex-Registrar General, India and Dr. B. K. Roy Burman, Deputy Registrar General, India for their constant help and guidance despite their own heavy preoccupation.

The programme for the printing of District Census Handbooks has been quite exacting. The arrangements made by Shri Ashok Dar, Superintendent, Printing and Stationery, U. P., Allahabad for the printing of these volumes are thankfully acknowledged. I am also thankful to Shri R. S. Pandey, Tabulation Officer, Shri R. K Saxena, Printing Inspector and other ranks of the Printing Unit for the efforts made by them in the Printing of this Handbook.

## INTRODUCTORY NOTE

At every Census an endeavour is made to provide data to the users as quickly as possible after the Census count. With this end in view the District Census Hand Books at the 1971 Census were divided into three convenient parts so that atleast parts A and B which contain the essential data pertaining to villages and towns may be released quickly. The State Government also accorded their approval to their publication accordingly in the following three parts :—

Part A—Village and Town Directory

Part B—Village and Townwise Primary Census Abstracts

Part C—Analytical Report, Administrative Statistics and District Census Tables

2. Part A of the Handbook contains Village and Town Directory for each village and town of the Tahsils. The Village Directory contains information about total area of each village in acres, amenities available in the village, the staple food of the people and the pattern denoting the use of land. There is also information about the nearest town and its distance from the village. The Town Directory presents data on each town with the aid of seven statements, giving the status of the town, the decadal variation in population, its functional category, physical and location aspects, municipal finance and availability of amenities like medical, educational, banking, trade and commerce, industry and population by sex and religion.

3. Part B ( i. e. the volume in hand ) contains the Primary Census Abstract figures—the basic census data for each village and town tahsilwise for the district. The Town Primary Census Abstract contains figures wardwise down to enumerator's block. Villagewise Primary Census Abstract have been arranged in the ascending order of location code numbers allotted to village at the Census.

4. Part C of the District Census Handbook will contain the analytical report, embodying administrative statistics pertaining to the district in all fields of development. The Census tables pertaining to language, religion, migration and economic activities will also be given in this part.

5. The Primary Census Abstract given in this volume provides an abstract of the primary information relating to the 1971 Census. It contains the data in respect of area, number of occupied residential houses and households total population and its breakup by sex, scheduled castes and scheduled tribes, literate and educated persons, workers and non-workers for each village, town, ward and even block.

6. The following are the nine Industrial trades/occupation in which the workers are engaged for their livelihood :—

( i ) Cultivation

( ii ) Agricultural labour

(iii) Livestock, forestry, fishing, hunting and plantations, orchards and allied activities,

( iv ) Mining and quarrying

( v ) Manufacturing, processing, servicing and repairs :

(a) Household Industries

(b) Other than Household Industries.

( vi ) Construction

( vii ) Trade and Commerce

(viii) Transport , storage and Communications.

( ix ) Other services.

The district maps given at the begining of the Handbook show the tahsil boundaries, location of the towns and large villages of population size 5,000+and the important roads and railway lines, rivers etc. An inset map therein shows the location of the district in the state. A map showing the boundaries of each village and town within the tahsil and location code number of each village and town has been given at the begining of Primary Census Abstract for each Tahsil. An inset map therein shows the location of tahsil in the district.

**Definition of Village, town, occupied residential houses, households, population, literates and scheduled castes and scheduled tribes.**

*Village :*—Ordinarily means a revenue *mauza* whether inhabited or uninhabited. If some structure and population come into existence at a place which lies within the boundaries of two or more revenue *mauzas* the locality has been treated as a separate census village and the portions covered in it are excluded from the revenue *mauzas* concerned.

Town :—means any corporation, Municipality, Notified area, Cantonment or place satisfying the following criteria :—

(i) Having a minimum population of 5000.

(ii) Three-fourths of its male working population engaged in the non-agricultural pursuits, and

(iii) Having a density of population of atleast 386 per sq. km. (i. e. 1,000 per sq. miles).

*City :*—means a town having a population of one lakh and above.

*Household :*—means a group of persons, who commonly live together and take their meals from a common kitchen, unless exigencies of work prevent any of them from doing so.

*Total Population :*—includes household population institutional population and houseless population.

*Scheduled Castes :*—are such caste which are categorised and classified as such in the Constitution of Indian Union by a President's order issued under article 341 of the Constitution.

*Scheduled Tribes :*—are such tribes or tribal communities as are declared to be scheduled tribes under Article 342 of the Constitution of India.

*Literate :*—means a person above the age of five who can read and write. This column also includes figures in respect of persons having higher education.

*A Worker :*—as defined at the 1971 Census is one whose main activity is participation in any economically productive work by his/her physical or mental activity and for that matter work involves not only actual work but also effective supervision and directions of work.

A man or woman who is engaged primarily in household duties such as cooking for own household or performing ones own household duties and a boy or a girl who is attending any institution shall not be treated as a worker. Even if such a person helps in the economic activities of a family not as a full time worker.

On the other hand a person primarily engaged in some whole time economic activity and who at the same time also attends to some household affairs or attends a night school etc. he or she is to be treated basically as worker, and a person who merely received an income such as a rent receiver or a pensioner, who actually does not have to work for receiving this income, has not been treated as 'worker' unless the person is engaged in some whole time economic activity and if that activity is termed as the main economic activity of the individual.

As mentioned earlier these workers are classified into nine categories and an explanation of these categories are given below :—

*Category—I:*—This category includes both the owner and tenant cultivators. Cultivator, according to the definition adopted at the 1971 Census, is a person who is engaged in cultivation by oneself or by supervision or direction in one's capacity as the owner or lessee of land held from Government or as a tenant of land from private persons or institution for payment of money, kind or share. The term cultivator involves ploughing, sowing, and harvesting for the growth of cereals and millet crops such as wheat,paddy, juar, bajra etc. pulses etc. raw jute and kindered fibre crops cotton etc. and othor crops such as sugarcane, ground nuts etc. and does not include fruit growing or keeping orchards or groves cotton etc. or working in plantation including medicinal plantation or tea plantation.

*Category—II:*—This category includes agricultural labourers. An agricultural labourer has been defined in census as a person who works in another person's land for wages in money, kind or share of produce. He has no risk in the cultivation. He has further no right of lease or contract on land on which he works.

*Category—III*:—Persons engaged in livestock, forestry, fishing, hunting and plantation, orchards and allied activities are included in this category.

*Category—IV*:—This category includes workers engaged in mining and quarrying.

*Category—V*:—This category includes workers engaged in manufacturing, processing, servicing and repairs in the :—

(a) Household Industry
(b) Other than household industry.

The household industry has been defined in census as an industry conducted by the head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and only within the premises of house where the household lives in any urban area. The industry should not be run on the scale of a registerd factory but may use machinery and employ power run steam engine or oil engine or electricity driven machinery. The main criterion of a household industry is the participation of one or more members of a household. A household industry relates to production, processing, servicing or repairing and includes making and selling (but not merely selling) of goods. It does not include professions such as pleader or doctor or banker,musicians,dancer, waterman, dhobi, astrologer etc. or even traders or businessmen, even if such professions, trade or service are run at home by members of the households. Persons working in other person's household industry as paid employees are also treated as workers in household industry.

Workers engaged in manufacturing, including all types of production, processing, servicing or repairing of goods and not working in the household industry have been treated as engaged in industry, other than household industry.

*Category—VI*:—This category includes workers engaged in construction and maintenance of building, roads, railways bridges, telegraphs, telephone, waterways, reserviors etc.

*Category—VII*:—This category includes workers engaged in any capacity in whole sale or retail trading activity and commercial transactions relating to exports and imports real estates and properties, stock and shares insurance, money lending and banking etc.

*Category—VIII*:—This category includes workers engaged in transport activity by air, rail, road or water and in services incidental to transport, such as packing, carting, loading, unloading etc. Workers engaged in storage warehousing and communication services such as post and telegraph, telephone, wireless, signalling, information and broadcasting are also included in this category.

*Category—IX*:—This category includes other services such as public utility services, like electricity, gas or water supply, sanitary services, central, state or municipal employees, professional services etc.

*Non workers (Category—X)*

Means a person who is not doing any productive work. The following have been treated as Non workers :—

(i) whole time student not doing any work.

(ii) a house worker not engaged in any remunerative work.

(iii) a dependent including infant or child not attending school, old or disabled persons not doing any work.

(iv) a retired person (not re-employed) rentier, receiving financial benefit through divident and not doing any productive work.

(v) a beggar, vagaent and/or an independent woman of unspecified source of income.

(vi) a convict in jail (not an undertrial) or inmate of penal mental or charitable institution.

(vii) a person in search of employment for the first time and.

(viii) a person having worked before but now out of employment and seeking fresh employment.

## THE DISTRICT

The district of Varanasi lies between the parallels of 24°-56' and 25°-35' north latitudes and 82° 14' and 83° 24' east longitude. According to the Surveyor General of India the area of the district is 5091 sq. km. It has four tahsils, namely Gyanpur, Varanasi, Chandauli and Chakia. Geographically the district lies in south-east region of the state. Soil of this place is not of any special type. It is bounded on the west by the Allahabad district, on the north-west and north by Jaunpur, on the north-east and east by Ghazipur, on the south by Mirzapur and on the south-east by the state of Bihar, seperated by the Karamnasa river, Rivers Ganga, Banganga, Varuna, Gomti, Nand, Karamnasa, Garai and Chandra Prabha flow through the district. According to area, tahsil Varanasi is biggest one and the same is also the most populated tahsil in the district. Tahsilwise area (As per Board of Revenue), Population, scheduled caste population and density of population is indicated in the table given below :—

| | Name of Tahsil | Area in sq. km. | Population | Scheduled Caste | Density of Population |
|---|---|---|---|---|---|
| 1. | Gyanpur | 1,080.3 | 557,307 | 118,871 | 516 |
| 2. | Varanasi | 1,525.3 | 1,510,474 | 197,905 | 990 |
| 3. | Chandauli | 1,320.4 | 611,304 | 129,156 | 463 |
| 4. | Chakia | 1,309.8 | 173,374 | 51,763 | 132 |

The Scheduled Castes constitute 17.45 percent of the total population. The sex-ratio i.e. the number of females per thousand males is 909. The total urban area comprises 129.2 sq. km.

Varanasi, Bhadohi, Ramnagar, Northern Rly. Colony, Mughal Sarai, Maruadih, Banaras Hindu University, Varanasi Cantt., Gopiganj, Chakia, Lohta, Chandauli and Gyanpur are

the urban areas of the district. The population of these towns vary from 5,224, to 588,608. Gyanpur has not been treated town in 1971 census since it does not fulfill the condition laid down to be town in Census. The district is comprised of 4,216 villages of these 3,647 are inhabited and number of uninhabited villages is 569. The total rural area of the district is 4,961.8 sq. km.

As regards population the district occupies 7th place in the state. During the decade 1961–1971 the population of the district has gone up by 20.76 percent. Literacy has increased at a much faster rate than population i.e. 39.61 percent. Total workers in the district are 827,486 who form 29.00 percent of total population. The Percentage of workers in tahsils Gyanpur, Varanasi, Chandauli and Chakia comes out to be 27.88, 28.56, 29.88 and 39.37 respectively. The literacy rate of these tahsils is 19.89, 31.55, 25.36 and 20.42 respectively.

According to Surveyor General, India, the geographical area of the district is 5091.0 Sq. Kms. Figures for Urban area are those supplied by the local bodies. Area figures for Rural area are derived by substracting the urban area from the total area of the district. The total of the area figures of Tahsil will not tally with the district. Figures became the former erpenters 'Land use' area and are derived from the figures supplied by the Director of Land Records (Board of Revenue).

"The seem total of area of villages of Tahsil Varanasi is 357,426 acres. The total of area figures of the tahsil given in the Primary Census Abstract will not tally with the figures because the total of the village wise areas given in the Primary Census Abstract are as reported by the Tahsildar where as the district area figures given in the Primary Census Abstract are drived by suhstreeting the urban area from the total area of the district supplied by the Board of Revenue."
