DEVARAYANADURGA, TUMKUR

(Motif on the cover)

The illustration on the cover page shows a temple on Devarayanadurga, a fortified hill, in Tumkur district. This hill-range, the summit of which is 4154' above the level of the sea, is situated amidst wild and picturesque scenery. It is being developed as a tourist centre.

Tradition states that Andhaka, a chieftain of this place was subdued by Sumati whose father Hemachandra was the king of Karnata. Historically, it appears, a township flourished here during the period of the Hoysalas under the name *Anebiddajari* (i. e. the precipice from which the elephant fell) or *Karigiri* (elephant hill). The surrounding country was then known after this town. The peak was called *Karigiri*, for according to a local legend, a *Gandharva* assuming the form of an elephant suddenly appeared before the town hand after causing havoc got killed when he tried to walk up a steep rock on the west of the hill. During the Vijayanagar period, a large tank was constructed here by throwing an embankment across the gorge from which the river Jayamangali has its origin and it was named *Bukkasamudra*. Subsequently the hill-fort was known for some time after Jadaka, a local chieftain. It was captured and renamed in 1696 A. D. by Chikkadevaraja Wodeyar of Mysore who erected the fortifications, the remains of which are now to be seen. The fort walls are carried round the three terraces or elevations of which the hill is composed, and have seven gates in all.

At the foot of the hill, Kantirava Narasaraja I is said to have built the Lakshminarasimha temple which is in the Dravidian style. On the intermediate terrace or elevation there is a cave enshrining the images of Rama, Sita and Lakshmana and at the summit, we have the temple dedicated to *Kumbhi* Narasimha. Higher up is a shrine of Garuda (the vehicle of Vishnu) near which is a boulder known as *divige-gundu* on which an iron lamp with a long shaft is fixed. Occasionally the devotees light a lamp here and it is said that this light could be seen even from Bangalore which is about 40 miles away.

PREFACE

It has been the tradition of the Census of India to present demographic data in as detailed a manner as possible so as to serve effectively the interests of the users of census data. It has also been a tradition to publish special volumes which incorporate both demographic and non-census data which are considered to be of great utility. In accordance with this practice, taluk and village tables used to be published which were, in the 1951 Census, replaced by the District Census Handbook series. These Handbooks replaced Part IV—Taluk Tables and Part V—Village Tables of the earlier censuses and presented a large number of tables of economic, demographic and social significance for taluks and urban areas. The 1961 District Census Handbooks were improved by extending the coverage and administrative statistics were also presented for each district for the preceding decade. The 1971 Census continues, as part of its Taublation Plan, the District Census Handbook series.

The District Census Handbook is presented in three parts for each Dictrict. Part A incorporates the Town and Village Directories. Part B incorporates the Primary Census Abstracts and includes data, in the case of the rural areas, at the village level and in the case of urban areas at the block level. Part C incroporates other Census Tables and administrative stastistics. For convenience, Parts A and B of the District Census Handbook are presented in one volume while Part C by itself is a Separate volume.

Explanatory notes have been incorporated explaining the scope and content of the various statements, column headings etc. In addition, in Part B, an introduction is included wherein the changes in the jurisdiction, if any, of the district or of the taluks and the changes in the number of villages between 1961 and 1971 are explained. It would be useful to read these notes before one goes to the tables.

In this volume, the district and taluk maps have been incorporated. These maps have been prepared in this office on the basis of maps obtained from the competent authorities concerned. In the district map, to avoid crowding, the names of villages where community facilities exist have not been mentioned but their location code numbers have been indicated. Similarly, in the taluk maps, villages are indicated by their Location Code numbers. For the names of the villages, one would have to refer to the alphabetical list of villages of each of the taluks concerned. These alphabetical lists are incorporated in Parts A and B of this volume.

In the preparation af Part A of the District Census Handbook we have had the ready and full co-operation of all the Departments of the State Government. Our whole-hearted thanks are tendered to them greatefully. Part B is essentially demographic in nature and has been the end product of the tabulation of the enumeration results.

In the preparation of this volume we have had the benefit of the guidance and advice of Sri A. Chandra Sekhar, I.A.S., Registrar General and Census Commissioner for India. We have also been considerably assisted by the willing co-operation of Sri K. D. Ballal, Deputy Registrar General, Dr. B. K. Roy Burman, Deputy Registrar General (Social Studies) and Sri K. K. Chakravorty, Central Tabulation Officer. We are deeply indebted to them for all the assistance rendered.

The District Census Handbook (Parts A and B) presented in this volume is among the first few of the 1971 Census publications. Its early preparation has laid a heavy burden on all the officers and staff of this ofice. To each one of them I am deeply obliged. The Director of Printing and Stationery of the State Government has ensure printing in time and to him we offer our thanks. This is a State Government Publication and the interest evinced by the State Government has encouraged us, for which our thanks are tendered.

TOWN DIRECTORY

TOWN DIRECTORY

EXPLANATORY NOTES

The Town Directory consists of seven Statements the titles of which are as follows :—

Statement	I	Status, Growth History and Functional Category of Towns.
Statement	II	Physical Aspects and Location of Towns, 1969.
Statement	III	Municipal Finance, 1968-69.
Statement	IV	Civic and Other Amenities, 1969-70.
Statement	V	Medical, Educational, Recreational and Cultural Facilities in Towns, 1969–70.
Statement	VI	Trade, Commerce, Industry and Banking, 1969-70.
Statement	VII	Population by Religion and Scheduled Castes and Scheduled Tribes, 1971.

Statements I and VII have been compiled in this office, and Statements II to VI by obtaining the data from the Local Bodies having administrative control over the towns. The scope of the data and the meaning of the abbreviations used in each Statement are explained herein.

The concept of urban agglomeration has been adopted for presenting certain basic results of the 1971 Census. Smaller towns that are contiguous to a city of a major town and come within its urban influence are grouped together to constitute such agglomerations. In Mysore, five such agglomerations (*viz.*, those named after *Bangalore, Mangalore, Belgaum, Bhadravathi* and *Kolar Gold Fields*) have been recognised. In the Town Directory statements also, information relating to the Agglomeration and its constituent units has been presented at one place in bold print so that the serial order in which the Towns in a District are arranged does not get interrupted. Thus the names of the units which constitute the Agglomeration appear twice in each statement even though the particulars are provided at one place only.

STATEMENT I: *Status, Growth History and Functional Category of Towns.*

COLUMN 3: LOCATION CODE No.:—Location Code assigned to the town the in 1971 Census consists of two elements an arabic numeral and one roman numeral separated by an oblique. The arabic numeral indicates the order of the District within the State when arranged in alphabetical order. Similarly the roman numeral indicates the order of the town within the District when arranged alphabetically.

COLUMN 4: NAME OF TALUK:—Name of the taluk in which the particular town is situated is given here.

COLUMN 5: CIVIC ADMINISTRATION STATUS 1970:—The following abbreviations are used to indicate the civic administration status :

(1)	Municipal Corporation . .	C
(2)	Municipality . .	M
(3)	Town Committee/Town Area Committee/Council . .	TC
(4)	Contonment Board . .	CB
(5)	Town Panchayat . .	TP
(6)	Village Panchayat Committee . .	P
(7)	Sanitary Board . .	SB
(8)	Notified Area Committee/Council	NAC
(9)	Others such as Town Board, Industrial Township, Project Areas not administered by any Civic Authority.	Indicated in full

COLUMNS 5 TO 13: POPULATION OF THE TOWN AT THE CENSUSES OF 1901 TO 1971:—Population figures for the towns since 1901 indicate their growth from Census to Census. Such figures have not, however, been furnished for the previous Censuses in respect of towns treated as towns for the first time in 1971 Census since they were rural areas formerly. The 1971 Census population figures are furnished in Column 13.

COLUMNS 14 AND 15: FUNCTIONAL CATEGORY 1961 CENSUS AND 1971 CENSUS:—In 1961 Census the workers were classified into nine industrial categories according to their activity, as follows:—

I. Cultivator;
II. Agricultural labourer;
III. Mining, quarrying, live stock, forestry, fishing, hunting, plantations, orchards and allied activities;
IV. Household industry;
V. Manufacture—other than household industry;
VI. Construction;
VII. Trade and Commerce;
VIII. Transport, storage and communications; and
IX. Other services.

The 1971 Census classification of workers remains basically the same but for the following deviations:—

(i) Category III of the 1961 classification has been split into two by recognising 'mining and quarrying' as an independent category and it now bears Category Number IV.

(ii) As a consequence of (i) above, the IV category of 1961 has been grouped with Category V and particulars of workers engaged in 'manufacturing, processing, servicing and repairs activities' have been presented under two sub-headings, *viz.*,

V. (*a*) Household Industry, and
(*b*) Other than Household Industry.

In order to determine the functional category of towns, these nine industrial categories are combined and re-grouped to yield five broad classifications by economic activity as under:—

Economic activity	*Industrial category number as per*	
	1961 *Census*	1971 *Census*
(1) Primary activities	I, II & III	I, II, III & IV
(2) Industry	IV, V & VI	V(*a*),V(*b*)&VI
(3) Trade and Commerce	VII	VII
(4) Transport	VIII	VIII
(5) Services	IX	IX

Then, for each town the percentage of workers under each of these five classes of economic activities to the total number of workers is calculated. If the percentage under any of these five activities equals or exceeds 40, such a town is regarded as *monofunctional* and that activity is specified in column 14 or 15. If the percentages are less than 40 in each and if the figures against any two add up to 60 or more, then such a town is regarded as *bifunctional* and the two predominant activities are specified under column 14 or 15. In case, the percentages of any two of the activities do not add up to 60 per cent such a town is regarded as *multifunctional* and in such a case, three of the predominant activities are specified under column 14 or 15.

STATEMENT II: *Physical Aspects and Location of Towns, 1969.*

COLUMN 3: ALTITUDE:—Altitude is given in metres above Mean Sea Level. The asterisk mark indicates that the data have been furnished by the Director General of Observatories. In all other cases, information as furnished by the Director, Southern Circle, Survey of India, has been adopted.

COLUMN 4: ANNUAL RAINFALL (in millimetres):—An asterisk mark placed at the top of the data, indicate that the data have been furnished by the Director General of Observatories and also that it is 30 years (1931—60) standard normal. In other cases, the figure represents the average rainfall over the period 1960-69 (yearwise data obtained from the Bureau of Economics and Statistics, Mysore).

COLUMNS 5 AND 6: MAXIMUM AND MINIMUM TEMPERATURE (in Degree Centigrade):—The asterisk mark indicates that the data have been furnished by the Director General of Observatories and also that it is 30 years standard normal (1931—1960).

Since specific information is not available for most of the towns, corresponding data available for the nearest town situated at approximately the same altitude, have been adopted. Such entries are distinguished by the notation 'N' (nearest).

NOTE:—In columns 3 to 6 when data in respect of the particular town are not available, corresponding data for the nearest town are given, and in such cases the symbol 'N' (nearest) has been used.

COLUMNS 7 TO 14: NAME OF, AND ROAD DISTANCE TO, IMPORTANT CENTRES:—Column headings are self-explanatory. Distances are given in kilometres. If the referrent town itself happens to be the headquarters of district, or sub-division, taluk, etc., then the distance is noted as 'O' in the relevant column. In column 12 when one or more bus routes pass through the town, the name of the town is repeated and distance is indicated as 'O'. In column 13, the abbreviations R and C stand for River and Canal respectively.

STATEMENT III: *Municipal Finance, 1968-69.*

Actual receipt and expenditure of the civic administrative body are furnished.

In the case of industrial townships and the like where civic amenities are the responsibility of the factory authorities themselves, the relevant particulars have been obtained from these authorities. Generally, as no taxes are levied by the factory authorities, receipts are mainly by way of house rent (if provided by the authority) and, water and electricity charges recovered from the occupants of the residential quarters. Under expenditure, the amounts spent on social overheads are shown.

City Improvement Trust Boards have been functioning only in the cities of Bangalore and Mysore. In Mandya during 1968-69, the Sugar Factory was responsible for providing amenities to the residents in Mandya Sugar Town, now included within the municipal limits of Mandya. In these cases, the receipt and expenditure are furnished separately for the two agencies.

STATEMENT IV: *Civic and Other Amenities, 1969-70.*

COLUMN 3: ROAD LENGTH:—Total length of all types of roads (*i.e.*, Cement, asphalt, metalled, mud, etc.) including the length of National and State Highways lying within the town limits is given in kilometres. Wherever information is available separately for *pucca* roads and *katcha* roads this has been noted in this column.

COLUMN 4: SYSTEM OF SEWERAGE/DRAINAGE:—The codes used for this column are:

(i) Sewers (either combined or separate)	... S
(ii) Open Surface Drains	... OSD
(iii) Box Drains	... BSD
(iv) Sylk pattern Drains	... SD

Even when only a portion of the town is served by any particular type of sewerage or drainage, the relevant code or codes have been entered under this column.

COLUMN 5: WATER-BORNE LATRINES:—Total number of flush-out latrines in the town (both private and public) has been indicated in this column. It is only in a few towns that such latrines are connected to sewers.

COLUMN 6: SERVICE LATRINES:—Total number of service (also called daily cleaned or DC for short) latrines, both private and public, in the town is entered under this column.

COLUMN 7: OTHER TYPES OF LATRINES—Total number of other types of latrines, if any, in the town is furnished here.

COLUMN 8: METHOD OF DISPOSAL OF NIGHT-SOIL:—The manner in which the night-soil is collected and transported to the trenching grounds is indicated under this column using the following abbreviations:—

(1) Headloads	.. HL
(2) Baskets	.. B
(3) Wheel Barrows	.. WB
(4) Hand Carts	.. HC
(5) Others such as bullock carts, trucks, nightsoil tankers, tempos, etc.	Specified without using abbreviations.

For flush-out latrines which are connected to sewers 'S' is the abbreviation used. If such latrines are connected to septic tanks 'ST' is used.

COLUMNS 9 AND 10: PROTECTED WATER SUPPLY: SOURCE AND CAPACITY:—In column 9 source of protected water supply is indicated using the following codes:

(1) River	.. R
(2) Tank/Lake	.. TK
(3) Tube Well	.. TW
(4) Bore Well	.. BW
(5) Canal	.. C
(6) Reservoir	.. RES
(7) Open Wells	.. W

In column 9, in respect of towns not having protected water supply a dash is used.

The quantity of water supply led out from the Storage Tank to the consumers per day is given in litres in column 10. By "Protected water supply" is meant supply of water through taps irrespective of whether the water so supplied has been filtered and chlorinated or not.

COLUMN 11: FIRE-FIGHTING SERVICE:—Whether fire-fighting services exist or not within the limits of the town has been indicated by 'Yes' or 'No' as appropriate.

COLUMNS 12 TO 16: ELECTRIFICATION:—Under these columns, data regarding number of electrical connections (installations) are furnished. Information relates to the period 1969-70 generally. The data obtained from the Municipal authorities were got cross checked with those obtained from the Mysore State Electricity Board.

Definitions of the column headings are as follows:—

(i) *Domestic*:—Connections to residential buildings, schools, temples, non-commercial hostel buildings and hospitals for lighting, heating and cooking are classified as domestic connections. All-electric-homes are also included under this category.

(ii) *Commercial*:—Connections to commercial establishments such as wholesale and retail shops, hotels, restaurants, tea stalls, cinema theatres, offices, private nursing homes, shops run by medical practitioners, commercial hostels and such other premises

which are used either partly or wholly for commercial purposes are classified as commercial connections.

(iii) *Industrial*:—Such connections (either high tension or low tension) include supply of power to industrial establishments where processes of manufacturing, servicing or repairs are carried on with the use of power. Apart from factories, smaller establishments such as flour mills, hullers, coffee grinders, etc., also come within the purview of this category.

(iv) *Road Lighting* :—The actual number of street lights in the town has been furnished.

(v) *Others* :—Connections to pumpsets, waterworks, temporary connections, etc., are furnished under this column wherever information was readily available. Data under this column are not uniform and hence cannot be compared.

STATEMENT V : *Medical, Educational, Recreational and Cultural Facilities in Towns, 1969-70*

COLUMN 3 : HOSPITALS, DISPENSARIES, T. B. CLINICS, HEALTH CENTRES, NURSING HOMES :—Particulars regarding the different types of medical institutions functioning in the town are indicated by the following codes :—

(i) Hospital (equipped with facilities for the treatment of in-patients)	H
(ii) Dispensary	D
(iii) Health Centre (under this category the Government of India Pattern Primary Health Centres are also included)	HC
(iv) T. B. Clinic (if being run as an independent unit)	TBC
(v) Family Planning Centres	FC
(vi) Leprosy Centre or Clinic	LC
(vii) Others, such as private nursing homes and clinics run by registered medical practitioners.	O

Wherever Family Planning Centres (FC) and Maternity Wards (MW) are attached to Hospitals or Primary Health Centres, this has been indicated within brackets using the codes FC or MW as the case may be. Under (i) to (vi) above, only the institutions run by Government, local bodies or religious and social institutions have been included. Full data on such facilities offered by private agencies are not readily available.

COLUMN 4: BEDS:—Number of beds provided for in-patients in the medical institutions mentioned under column 3 is noted here.

COLUMN 5: COLLEGES: ARTS, SCIENCE, COMMERCE, ETC:— The number of colleges in the town providing general education in different faculties has been indicated under this column using the following abbreviations:—

(i) Arts only	A
(ii) Science only	S
(iii) Commerce only	C
(iv) Arts and Science	AS
(v) Arts and Commerce	AC
(vi) Science and Commerce	SC
(vii) Arts, Science and Commerce	ASC
(viii) Law	L
(ix) College of Education	Ed.
(x) Agricultural	Ag.
(xi) Home Science	HS
(xii) College for Oriental Degrees (Sanskrit, etc.)	OS
(xiii) Teachers Certificate Course	TCH

(Since no special provision has been made for certain professional subjects such as law, education, etc., in the format, these have been included under column 5.)

COLUMN 6: MEDICEL COLLEGES:—Colleges providing education in Allopathic, Ayurvedic, Unani and Homeopathic systems of medicine have been indicated separately using the abbreviations 'Al' for Allopathic, 'Ay' for Ayurvedic, 'Un' for Unani and 'Ho' for Homeopathy. For Dental College the abbreviation 'D' has been used.

COLUMNS 7 AND 8: ENGINEERING COLLEGES AND POLYTECHNICS:—These are self-explanatory.

COLUMN 9: RECOGNISED SHORTHAND, TYPEWRITING AND OTHER VOCATIONAL TRAINING INSTITUTES:—Abbreviations used in this column are as follows:—

(i) Shorthand Institute	Sh.
(ii) Typewriting Institute	Type
(iii) Both Shorthand and Typewriting	Sh. Type
(iv) Artisan Training Centre/Institute.	ATI
(v) Occupational Training Institute	OTI
(vi) Industrial Training Institute	ITI
(vii) Tailoring Training Centre	TT
(viii) Gramodyog Craining Centre	GT
(ix) Technical Training Centre	TTC
(x) Others; specified in the Statement separately.	

COLUMNS 10 TO 12:—HIGHER SECONDARY OR SECONDARY, JUNIOR SECONDARY OR MIDDLE AND PRIMARY SCHOOLS:—Schools providing Primary and secondary education have been classified according to the system of categorisation adopted by the Director of Public Instruction in Mysore, Bangalore.

(i) High Schools and Higher Secondary Schools are those where education is provided from Standard VIII and upwards upto Standard X or XI. These include composite schools which provide education from Standard I or Standard V upto Standard X or XI. Such composite schools have been treated as single units and their number indicated under column 10.

(ii) Junior Secondary or Middle Schools are those which provide education from Standard I to VII or V to VII.

(iii) Primary Schools are those where education is provided upto Standard IV.

(Under columns 10 to 12, Urdu, Tamil and Marathi medium schools, if any, in the town are also included.)

COLUMN 13: OTHER EDUCATIONAL FACILITIES: Others include nursery schools and Sanskrit and Arabic Schools which provide religious education, etc., and which are not classified as schools or colleges.

COLUMN 14: STADIA:—The number of stadia, if any, built according to modern standards has been shown under this column. Ordinary playgrounds attached to educational institutions, voluntary organisations, etc., and also 'parks' do not come within the purview of this column.

COLUMN 15: CINEMAS:—Touring Talkies of temporary nature are excluded and only the number of permanent cinema theatres is given under this column.

COLUMN 16: AUDITORIA/DRAMA HALLS: Number of auditoria and drama halls in the town is furnished.

COLUMN 17: PUBLIC LIBRARIES INCLUDING READING ROOMS:—Information about public libraries and reading rooms has been furnished clubbing the two, except in a few cases where data are separately available. 'PL' and 'RR' are the abbreviations used to denote Public Library and Reading Room respectively.

STATEMENT VI: *Trade, Commerce, Industry and Banking,* 1969—70.

COLUMNS 3 TO 5: IMPORTS:—Names of three most important commodities imported into the town either for local comsumption or for export in the same or modified form, have been indicated here.

COLUMNS 6 TO 8: EXPORTS:—Names of three most important commodities exported, based on the estimated value or volume of transactions, have been indicated here.

COLUMNS 9 TO 11: MANUFACTURE:—Names of three important commodities manufactured in the town based on volume or value of commodities produced have been indicated. Wherever relevant, names of articles manufactured in the town and known for their uniqueness have been included even though the volume or value of such products may not be appreciable or important from the point of view of scale of operations.

COLUMN 12: NUMBER OF BANKS:—Banks include both commercial and co-operative banks and for computing the numbers, each branch has been treated as a unit.

COLUMN 13: NUMBER OF AGRICULTURAL CREDIT SOCIETIES:—Self-explanatory.

COLUMN 14: NUMBER OF NON-AGRICULTURAL CREDIT SOCIETIES:—Non-agricultural credit societies include Industrial Co-operatives, House Building Co-operatives, Consumers' Co-operatives, Employees' Co-operatives, Fishermen Co-operatives and the like which provide credit for non-agricultural purposes.

COLUMN 15: REMARKS:—Remarks, if any, are given in this column.

STATEMENT VII: *Population by Religion and Scheduled Castes/Scheduled Tribes,* 1971.

This shows the distribution of population by religion and the numerical strength of Scheduled Castes and Scheduled Tribes.

VILLAGE DIRECTORY

VILLAGE DIRECTORY

EXPLANATORY NOTES

The Village Directory consists of eighteen columns and provides villagewise information about the amenities and land use pattern in the villages. In the case of *Becharak* (un-inhabited) villages, information is urnished only regarding land use (cols. 3 and 11 to 15). Data presented in columns 1 to 18 have been obtained mainly from the Tahsildars and Deputy Commissioners. Towards the end of 1969, blank forms (with Kannada version of column headings) and copies of instructions printed in Kannada (explaining the manner in which each column should be filled) were mailed to the Tahsildars who in turn, distributed these forms to their Revenue Inspectors and collected the information.

The completed forms received back in this Directorate were scrutinised and omissions and mistakes observed were rectified, either by field visits to districts or through correspondence or both. The scope of each column heading and abbreviations used are given below :—

COLUMN 1: LOCATION CODE:—With a view to ensuring that every village, inhabited or un-inhabited in the Taluk is taken into account for purposes of Census Operations, location code numbers are assigned to each of the villages in a particular order. This number is noted under this column.

COLUMN 2: NAME OF THE VILLAGE:—In this column, the name of the *Asli* (Main) village is given. An *asli* village may have some hamlets associated with it. The information in columns 3 to 18, therefore, is for the *asli* village and for the hamlets, if any, together. However, the names of hamlets with a population of 500 and over are mentioned below the name of the *asli* village with details, in columns 4 to 9, of amenities located in these hamlets.

In some cases, large parts of the original village are now included in municipal areas, leaving a small portion out of municipal jurisdiction. The latter is considered 'rural' and classified as a village. To render the position clear the word rural is mentioned in brackets against such places.

COLUMN 3: TOTAL AREA OF THE VILLAGE:—The total geographical area of the village has been furnished in acres.

COLUMNS 4 TO 9: *Amenities available within the Village.*

COLUMN 4: EDUCATIONAL :—Codes used to indicate the availablity of educational facilities within the village are:

(i)	For Schools providing education from Standards I to IV. These are generally called Lower Primary Schools. ...	Pr.S.
(ii)	For Schools providing education either from Standards I to VII or from Standards V to VII. ...	Mid.S.
(iii)	For Schools providing education either from Standards I to X or V to X or VII to X. (This includes Higher Secondary Schools *i.e.*, XI Standard also) ...	Sec.S.
(iv)	All colleges including vocational colleges ...	C

Note : Where more than one such institution exists, the number is noted within brackets.

COLUMN 5 MEDICAL:—Medical facilities available within the village have been indicated by the following codes:

(i)	Hospital equipped with beds for in-patients. ...	H
(ii)	Dispensary. ...	D
(iii)	Health Centre including Government of India Pattern Primary Health Centre. ...	HC
(iv)	Health Unit of Old Mysore Type. ...	HU
(v)	Family Planning Centre. ...	FC
(vi)	Subsidised Medical Practitioner. ...	SMP
(vii)	Maternity and Child Welfare Centre. ...	MCW

COLUMN 6: POWER SUPPLY:—'E' is noted in this column if electricity is supplied to the village either for industrial (or agricultural) purposes or lighting or both.

COLUMN 7 DRINKING WATER:—The codes used to indicate the sourees of drinking water in the village are:

(i)	Taps	... T
(ii)	Wells	... W
(iii)	Tanks	... TK
(iv)	Tube Wells	... TW
(v)	Rivers	... R
(vi)	Canals	... C
(vii)	Fountains	... F
viii)	Hand Pumps	... HP
(ix)	Other sources such as ponds; streams etc.	O

COLUMN 8 COMMUNICATIONS:—The following codes are used:

(i)	Pucca Road *i.e.* the road surface may be cement, asphalt, metal or water bound macadum.	PR
(ii)	Katcha Road *i.e.* roads with natural soil, including cart-tracks.	... KR
(iii)	Railway Station.	... T
(iv)	Navigable River.	... R
(v)	Navigable Canal.	... C

In case a village is served by *Pucca* Roads as also by *Katcha* Roads, the latter have not been taken into consideration for purposes of this column.

A village is assumed to be served by any of these communications facilities if such facilities are available within one mile of the village.

COLUMN 9: POSTAL AND TELEGRAPH:—Postal and telegraph facilities available within the limits of the village have been indicated by the following codes:–

(i)	Post Office. This may be a branch or sub-office or may even be the office of the extra departmental delivery agency.	... PO
(ii)	Telegraph Office.	... TO
(iii)	Post and Telegraph facilities.	... PTO
(iv)	Telephone connection; (apart from public call office, if any, the connections given to private parties have also been considered.)	... Phone

COLUMN 10 STAPLE FOOD:—Staple food (*i.e.* staple cereals) of the major portion of the population of the village has been indicated here.

COLUMNS 11 to 15 LAND USE:—*This information is annual village records for 1968–69 generally.*

COLUMN 11: FOREST:—All lands actually classified as forest or administered as forests under any legal enactment dealing with forests, whether State owned or, Private, have been shown under this column. Wherever forest lands have been assigned for cultivation, the corresponding areas have been excluded from forest area and included under cultivated land.

COLUMN 12: IRRIGATED:—The net area irrigated from both private or public sources of water supply is indicated using the following abbreviations:

(i)	Canal	... C
(ii)	Well (with or without electricity)	... W
(iii)	Tube well (with or without electricity)	... TW
(iv)	Tank	... TK
(v)	River	... R
(vi)	Water fall	... WF
(vii)	Others	... O

Under this column, all lands classified as Wet and Garden lands by the Survey and Settlement Department are included. In South Kanara District, however, the extent of wet lands (which are classified into class I, class II and class III) only are shown under Column 12 and the garden lands are shown under column 13 along with "other dry". All the three classes of wet lands in South Kanara District, yield one crop of paddy; class II land yields an additional crop and class I yields two additional crops both of which are generally paddy. For all the three classes of wet land, rain is generally the source of water supply.

In Coorg District the rainfed wet lands have been included under column 13 along with the area under plantation crops, such as, coffee, cardamom, orange, etc. So also in the Districts of Shimoga, Chikmagalur and North Kanara rainfed wet lands yielding paddy are shown under column 13.

COLUMN 13: UNIRRIGATED:—The extent of unirrigated but cultivated lands including current fallows if any, has been furnished under this column.

This column also includes data on the special categories referred to in the note on column 12 above.

COLUMN 14: CULTIVABLE WASTE:—The area noted under this column includes lands fit for cultivation but

not cultivated for more than five years in succession. Such lands, which are not put to any use may be either fallow or covered with shrubs and jungle. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Lands under thatching grasses, bamboo bushes and other groves for fuel, etc., which are not already included under orchards or forests, have also been included here. All grazing lands whether they are permanent pastures or not, are also included under this column.

A little clarification would be necessary regarding lands considered 'cultivable waste'. In certain Districts of the State *Gomala* or *Gairana* (pastures) are set apart in each village for purposes of grazing the village cattle and generally these are considered as 'not available for cultivation'. However, when applications for assignment of lands are received, the revenue authorities work out whether any lands out of the existing pastures can be considered as in excess of requirement in relation to the number of livestock and whether such lands can be granted for cultivation. Thus the availability or otherwise of any portion of village pastures varies from year to year.

Further, the area noted under this column may not always be available for cultivation as quite often such areas are found to be either already under occupation, authorised or unauthorised, and even authorised lands might not have been entered being as 'cultivated' in the village records in a few cases. Some portions of pastures may also be actually uncultivable being hillocks and barren fields. The area furnished under this column is, therefore, only approximate.

COLUMN 15: AREA NOT AVAILABLE FOR CULTIVATION:—The area noted under this columns includes the land not available for cultivation such as barren, and uncultivable lands and also lands put to non-agricultural uses. Land put to non-agricultural use includes all lands occupied by buildings, roads and railways area under water, *eg.* rivers, canals and tanks and land put to uses other than agricultural.

Barren and uncultivable land covers hills, mountains, etc., and lands which cannot be brought under cultivation unless at a high cost.

COLUMN 16: NEAREST TOWN AND DISTANCE:—Name of the nearest census town, irrespective of whether it is located in the same District or not has been noted.

COLUMN 17: MARKETS HELD IN THE VILLAGE:—The days on which weekly markets are held are indicated here.

COLUMN 18: REMARKS:—Particulars of religious, historical or archaeological importance besides interesting information if any, regarding a village as available from published material has been briefly given in Appendix No. III. The reference to this Appendix has been indicated by numbers in such cases in this column.

General: (i) For each Taluk, Appendix I furnishes the villages arranged in an alphabetical order to facilitate cross reference.

(ii) Appendix II gives Talukwise abstract of educational, medical and other amenities in respect of only the rural areas.

(iii) In a few cases, villages have been classified as Census Towns because they happened to satisfy the livelihood test or other characteristics which were applied for determination urban areas. In such cases, for information the land use statistics are furnished in a separate appendix for the District as a whole.

APPENDIX—III

Brief Note on places of Religious, Historical or Archaeological importance

CHIKNAYAKANAHALLI TALUK

1. HONNEBAGI :— There is a Ranganatha temple on a hill near this village. It is of interest to note that the *pujari* of this Vaishnava god is a Lingayat and that the Lingayats of this village conduct the annual car festival of the temple. The Timmappa temple of Dugudihalli nearby is also likewise worshipped by Lingayats.

2. DABBEGHATTA :—There is a Mahalingeshvara temple here of the 13th century AD, which has three cells with *lingas*. In one of the inscriptions discovered near the temple, the *lingas* are named Hoysaleshvara, Brahmeshvara and Macheshvara. There is a temple dedicated to Marulasiddeshwara. A large number of Samadhis or tombs of bulls dedicated to temples are found in the village.

3. KAREHALLI :—Ranganthaswamy cattle fair is held here every year during April.

4. SETTIKERE :—There is well known Yoga Madhava temple which is a *trikutachala* Hoysala structure, with a stone tower over the main cell. Another temple dedicated to deity Ranganatha is said to be older than the Yoga Madhava temple.

5. VODERAHALLI :-There is a Shantamallappa temple in front of which there is a fine lamp pillar about 40 feet high. Another important temple to the north west of the village is dedicated to Henjerappa, a form of Bhairava worshipped at Henjeru or Hemavathi in the Madakasira taluk of Andhra Pradesh.

6. SASALU :—Sri Banashankari fair is held here every year.

7. GODEKERE:—There is a temple dedicated to Sri Guru Siddarameswara and *Jatra* in honour of Siddarameswara is held every year in November.

8. PANKAJANAHALLI :—The Mallikarjuna temple of large proportions here, is a fine Dravidian structure. The *Linga* in it is said to be a conglomeration of pebbles representing 101 *lingas*. *Mahadvara* (principal entrance) of the temple is a fine piece of work. The figures of Vishnu and Hanuman are about 8 feet high. Virabhadra and Ranganatha temples are also worthy of note.

9. KUPPURU :—The place is known for the tomb of Sri Marulasiddeswara. Annual *Jatra* and cattle fair are also held during February.

10. MATHIGHATTA :— Annual *Jatra* and cattle show in honour of goddess Parvathamma is held here during April.

11. HULIYAR :—It was formerly the headquarters of a taluk called after Budihal. In 1886 AD, it was made the chief town of the sub-taluk named after itself. Inscriptioni belonging to the Chalukya period and other remains found here indicate that this place, in early times, was of considerable importance and was an *agrahara* town. In the sixteenth century AD, it was included in the possesions of the chief of Hagalvadi. it then passed into the hands of Muslim rulers and formed part of the province of Sira. Later Hyder Ali annexed it in common with the rest of the district in 1761 AD.

12. MARUHOLE :—The Ranganatha temple here is a Hoysala structure of the twelfth century AD. The Malleshvara temple here was originally constructed during the late Chalukya period. There is a Virakta *matha* of the Veerasaivas here. There are some fine *mastikals*. In one of them the husband holds a sword in the right hand with the point turned towards ground, the left hand being placed on the waist. His wife wears a crown surrounded by flames. The other shows a well-carved and richly ornamented couple.

13. DASUDI :—Sri Anjaneyaswamy *Jatra* and cattle fair are held here during April.

14. DODDABIDARE :—The village has an Iswara temple having in the Navaranga the deities of Saraswati, Mahishasuramardhini and Umamaheswara etc. among which a two armed Durga deserves notice.

15. ELANADU OR YELANADU :—Sidharameswara temple, a noted large Dravidian structure with two *mahadvaras* on the east and the south. A Virashiva teacher by name Siddharama is said to have performed

penance here. An ant-hill, which is decorated and given the appearance of a Linga is worshipped in this temple. The temple has a fine Bilva-Vriksha Vahana in the shape of a car, adorned with painted images. A Veerashaiva *matha* of the Renuka Sampradaya, which goes by the name "Shrimadarasikere Elanadu Samsthana" exists in this village. There are also temples of Lakshmidevi, Revanasiddeshwara, Hariyappa and Kariyamma.

16. KANDIKERE :—The village has a ruined fort surrounded by a moat. The Gopala Krishna temple having a fine figure of deity, about 5 feet high, with Prabha and with cows carved at the sides deserves mention. There is a *basti* dedicated to Shanthinatha.

GUBBI TALUK

1. MUKANAHALLYPATNA :—Sri Lakshminarasimha Swamy car festival is held every year during March.

2. KADABA :—It was the headquarters of a taluk till 1886 A.D. It is said that the village is named after Kadamba Rishi. who is said to have performed penance here on the banks of the shimshupa (Shimsha river is called Shimshupa in the local puranas). The sage is said to have received Rama and honoured him on his way back from Lanka.

Kadaba was one of the five settlements of Hebbar Srivaishnavas, during the time of the reformer Ramanujacharya. The Tamil inscriptions of the place call it Dasharatharama Chaturvedi Mangalam.

The Rama temple here is a large structure in the Dravidian style of architecture. There is a temple dedicated to Kailaseshvara and another to Hanuman.

An inscription of 1696 AD, at Rampura, near Kadaba is interesting from the public health point of view in that, it states that at a meeting of villagers, it was decided that no corpse should be burried within an arrow shot of a well that had been newly built.

3. YADAVANAHALLI :—Annual cattle fair is held here every year during January.

4. KALLUR :—Sri Anjaneyaswamy *Jatra* and cattle fair are held here during March every year.

5. PURA:—The car festivals of Sri Kalleshvaraswamy and Siddalingeswaraswamy are held during March and April respectively every year.

6. BASAVAPATNA :—Sri Kariyammadevaru *jatra* is held annually during April.

7. SAGASANDRA :—Kempammadevaru *jatra* is held annually during April.

8. DODDAGUNI :—Sri Kempammadevaru *jatra* is held annually during April.

9. HOSAKERE :—Sri Ranganathaswamy *jatra* is held annually during March.

10. CHELUR :—Sri Murula Basaveswara and Dristeswaraswamy *jatras* are held during April every year.

11. TALEKOPPA :—Sri Anjaneyaswamy *jatra* is held every year during May.

KORATAGERE TALUK

1. HULIKUNTE :—There is a well executed *mastikal*. The slab consists of three panels. The top panel has, between the Sun and the Moon, two cobras with a male figure standing to the left. The middle panel has a *linga*. The bottom panel has a standing couple. The slab bears an inscription on it.

2. NAGENAHALLI :—There is a cave temple of Gutte Mallappa and close to it on an open slab is a fine figure of Hanuman.

3. HANCHIHALLI OR HANCHENAHALLI: There is a ruined fort. To the north of the village there is a *mastikal* showing an arm and a hand projecting from an upright post with figures of a couple sculptured below. This is believed to represent Vyasanatolu (Vyasa's arm).

4. HOLAVANAHALLI :—Formerly this place was know as Korampur, and one Holava Gauda was its chief. Baira Gauda, of Avati (Bangalore District) or one of his descendants, proposed to establish a fort and a town at Korampur, for which the inhabitants of the place agreed only on condition that the place should be called after their chief Holava Gauda. The present name of the village is derived after Holava Gauda. It was an important town during the Paleyagar period in the 15th Century AD.

The territory of Holavanahalli was conquered by the chief of Magadi who gave it to his own brother Ankana Gauda. The dispossessed Holavanahalli Chief,

Baire Gauda with his eldest son sought refuge at Sira. But his younger son Sannabaiche Gauda, sought protection from the chief of Doddaballapur, who sent a force and subdued Ankana Gauda. The Sira army however attacked Doddaballapur and captured it with in 2 years. Doddabaiche Gauda was invested with the Government of Holavanahalli with an increase of territory. Subsequent members of this family fortified Koratagere subdued the neighbouring chiefs. But the Mysore army soon subdued these possessions which were annexed by Haidar Ali in about 1761 AD. The Brindavan of Sri Raghavendraswamy here is one of the oldest Brindavanas and is well known in this region.

5. RAMPURA :—Venkataramana temple here, is a large structure built in the Dravidian style of architecture with a *gopura* and *prakara* which presents some features of the Saracenic style. It is said to have been renovated during Haidar's time.

6. KYAMENAHALLI :—Sri Anjaneyaswamy *jatra* and cattle fair are held during Jan- Feb every year.

7. CHANNARAYADURGA :—It is a hill fortress rising to 3,734 feet above sea leval, is a fine mass of rock beautifully fortified by one of the Madhugiri chief Channappa Gauda in the mid 17th Century AD. After a long period of possession by Mudhugiri chiefs this was taken by the Marathas. Rama Gauda, the chief of Madhugiri, recaptured it from Marathas after two years, but could hold it only for 8 years longer. It was then captured by the Mysore Raja and one Dodda Arasu was placed in charge of it. Its name was also changed to Prasannagiri. It was subsequently taken by Haider Ali and after six years, by the Marathas under Madhava Rao. It was retaken by Tipu Sultan after another six years.

Inscriptions of Maratha generals Sri. Pant Pradhan and Madhava Rao Ballal Pradhan are found at the entrance of the village. In one of them, the hill is called Chandrayadurga. At the bottom of the hill there is a fine cave temple called Murarimatha, with a pair of *Padukas* for its objects of worship. There are also two Samadhis of desciples of saint Murariswamy.

8. MALLEKAVU :—There is a cave temple enshrining a *Linga* at the foot of which there rises a perennial spring, in the from of w ıl (about 3 feet square and 4 feet deep) which is the source of the stream know as Siddarabettada *halla*.

9. NAVILAKURKE :—There is a fine *mastikal* containing figures of husband and wife standing side by side.

KUNIGAL TALUK

1. HUTRIDURGA :—It is a fortified hill rising to 3,708 feet above sea level. The fort was taken by Cornwallis in 1792 AD. The Hutridurga village situated on the first elevation, has temples of Adinaryana, Veerabhadra, Anjaneya and others. The place is also known as Doddabetta.

2. HULIYURDURGA :—This place derives its name from Huli or tiger which used to abound in the neighbourhood. The hill near the village rising to 2,771 feet above sea level, has on its top, a Gopalakrishna temple. The fortifications of the hill were said to have been erected by Kempegauda, the chief of Magadi. On the summit of another hill near by, Hemagiri, there is a temple of Mallikarjuna. It was the headquaters of a taluk of the same name till 1863 AD.

3. KODAVATHI :—There is a Lingayat Math known as Gavimath as it is situated in a cave which is, according to a legend, said to be connected by an underground channel with the *Patalaganga* of Kelaganagavimatha at Shivaganga. Closeby there are tombs (gaddige) of which the tomb of Channaviraswamy is most honoured.

4. AMRUTUR :—The Channakeshava temple here, is a Dravidian structure built in the 16th Century AD. The Someshvara or Chandramouleshvara temple near the tank has an *Udbhavalinga*. Near this temple there is a slender lamp pillar, about 45 feet high and about one foot six inches square at the bottom. Behind the temple is an Uyyalekamba (swinging arch) about 20 feet high. The temple of village goddess, a little distance from the village, has many painted stucco figures. The annual festival of this temple takes place in the month of Vaishakh (April-May).

Veera- Narasimhampura and Atakur were the old names of this place, which seems to have been an ancient *agrahara* town.

5. YEDIYUR :—The Siddhalingeshwara temple at this place, facing north, is a large (tomb) of Tontada

siddhalinga, a celebrated veerashaiva spiritual teacher and author who lived in the 15th Century AD. This is a holy place attracting a large number of devotees all the year round. The car festival of the temple takes place annually during bright fortnight of Chaitra (March-April). Nearby this temple there is a Virashaiva matha. The Villgge also has one Varadaraja temple which is now in dilapidated condition.

6. KAGGERE :—Sri Siddalinagaswamy *jatra* is performed here annually.

MADHUGIRI TALUK

1. MIDIGESHI :—The fortified hill Midigeshidurga is nearby. This place is said to have been so named by Nagareddi a local chief after his wife who committed *Sati*. It is said that she was so called because of her hair (*kesha*) which was so long that it touched her heel Ranis of the same family continued to govern it, until it was conquered by Chikkappa Gauda, of Madhugiri and it remained in the possession of his family even after they were deprived of Madhugiri and Channarayanadurga. It was captured by Haider Ali in 1761 AD and by the Marathas in 1767 AD. Tipu Sultan recovered it in 1774 AD.

Under the Muhammadan rule, Midigeshi was the residence of an Asoph and afterwards, the headquarters of a taluk. The temple of Venkataramana here was built by Nagareddi and is similar to the temple of same name at Madhugiri. The idol in Jibi Anjaneya temple is a huge figure of about 9 feet. On the summit of the hill there is a mosque with two minerets at the sides. The Midigeshi hill was fortified by Nagareddi.

2. SHRAVANAGUDI :—There are a number of old inscribed *Viragals* standing near one another. An uninscribed *viragal* depicts a hero and a tiger pouncing on a bull.

3. DODDADALAVATTA :—The temple of Lakshminarasimha is one of the largest Dravidian structrues measuring 125 yards with an extensive compound within which there are *mantapas* and choultries to accommodate a large number of devotees attending the car festival held every year in the month of July. The deity, said to be Udbhavamurthy is a small round stone standing a few inches above the ground level adorned with a crown.

4. HALE ITAKALOTA :—The deity in the local Anjaney temple is a good figure. To its left is a stone sculptured with a female figure supposed to represent Dombara (tumbler) Chinni who fell from a pole and died.

5. THADI :—Sri Veeranagammana *jatra* is held every year during March.

6. KODAGENAHALLI :—The village situated on the bank of the Jayamangali river has a Dandimaarmma temple dedicated to the village goddess and a Lakshminarasimha temple. A detailed socio-economic survey of the village was made in 1941 and 1961 by the Census Organisation.

7. SRAVANDANAHALLI :—An uninscribed *Viragal* is found near this village. Another inscription of Nolamba king Ponnera (8th Century AD) is also found.

8. GONDIHALLI :—Sri Anjaneyaswamy *jatra* and cattle fair are held annually during April.

9. SIDDAPURA :—There is a fort, which is said to have been built in 1593 AD by Chikkappa Gauda a *maha nadu prabhu* of Bijjavara during the reign of the Vijayanagara king Venkatapathiraya I. There is a well-built *Matha* of Lingayaths, known after Balaradhya the preceptor of Chikkappa Gauda.

10. BASMANGI KAVAL :—There is temple of Bhasmangeswara on the summit of the fortified hill. Fortifications are said to have been erected by Budhi Basavappa Nayaka. The hill has a perennial supply of water. When Haider Ali captured this place in 1768 AD he dismantled the old fort and erected a superior structure of stone and brick, with a palace.

11. BADAVANAHALLI:—Sri Ranganathaswamy *jatra* is held every year during April.

PAVAGADA TALUK

1. CHIKNAYAKANAHALLI :—There is Kambadaraya shrine on Bangaranayakana betta. The object of worship in this temple is a pillar about 13 feet high marked with a discus and a conch on the sides. The pillar has an iron lamp fixed on the top. The hill contains the ruins of several buildings.

2. GUNDALAHALLI :—There are temples of Ishwara, Ramadeva and Anjaneya. Akalasamundra, a tank in this village is one of oldest in the State. A lady named Akaleti is said to have built it.

3. NIDIGAL :—Also called Nidugaldurga it is a fortified hill. The lofty pointed peak of Nidigal literally the long rock, rising to 3769 feet above sea-level is a conspicuous object. In 9th and 10th centuries it was held by the Nolamba Kings. Subsequently, it was in possession of a line of kings of Chola descent. The Hoysalas appear to have captured the place in the time of Ballala II (1173-1220 AD).

After the Hoysalas, the Nidigal territory appears to have come into the possession of local chiefs known as Nidigal chiefs. Epigraphs show that one Holakal Bommanayaka ruled there in 1337 AD. Chikka Tippanripa, a chief of this line became the master of many hill forts and built a temple and a tank in the name of his wife Lakshmidevi. These Chiefs ruled the territory till 1564 AD.

The Harati chiefs whose progenitor was Tippa Nayka, next held Nidigal territory. This family ruled the area till they were displaced by Tipu Sultan in 1770 AD.

There are numerous ruined temples both at the foot and on the hill. The Saravadeshwara temple, also called Hotteshwara temple after Harati chief Hottenna Nayaka III, was built in 1681 AD. The god is named Saravadeshwara after Sarved, a village in Bijapur District said to be the birth place of the progenitor of the Harati family. There is also a tomb of Mirza Hussain Vali, who came from Hyderabad. A *Urs* is held every year in his honour.

4. NAGALAMADIKE :—Sri Subramanyeshvar Swamy car festival takes place here annually during Dec—January every year.

SIRA TALUK

1. SIBI :—The place is noted for the temple of Narasimha and a big annual festival held in the month of *Magh* attracts a very large gathering. The origin of the temple is thus related :-In the days when there were no roads and the place was covered with jungle a certain merchant carrying grain on pack bullocks halted at Sibi. But when his pot of rice was set to boil on a small projecting rock, its contents turned to the colour of blood and he fell down in a swoon. Then God Narasimha appeared to him in a vision revealing that the stone was his abode and ordered the merchant to build a temple over it. The small temple then erected was replaced by the large present building during the current century. Formerly it was known as Sibur and Hariharayapatna and had been an *agrahara* town.

2. TAVAREKERE :—Sri Bandi Ranganathaswamy *jatra* is held annually during January.

TIPTUR TALUK

1. KERAGODI :—Sri Ranganathaswamy *jatra* is held every year during March.

2. HONNAVALLI :—There is a temple of tutelary goddess Honnu Amma after which the village is named. Goddess Honnamma is said to have directed Someswara, one of the Harnahalli chiefs to find the town. There is another temple dedicated to Lakshmi Narayanaswamy, built during the time of Cholas.

3. HALKURKI :—There is the Siddhalingeswar *matha* in this village.

4. BILIGERE :—Sri Honnadevi *jatra* is held annually during April.

5. HATNA :—Sri Udusulammadevaru *jatra* is held during Nov-Dec. every year.

6. RAJATADRIPURA :—Sri Narasimhaswamy *jatra* is held annually during November.

7. ARALAGUPPE :—The Channakeshava temple at this place is a fine building in the Hoysala style. The Kalleshvara temple is an old Dravidian building. The *navaranga* of this temple has a well carved doorway with Gajalaxmi on the lintel and a fine ceiling with an elegantly carved Tandaveshwara in the middle. A *mantapa* in the village, known as Palegar's Chavadi, is said to have been the *durbar* hall of a former chief. There are four other temples of the Ganga times.

8. NONAVINAKERE :—The Beteraya temple here, is large Dravidian structure enshrining a fine figure of Srinivasa. The processional image is also a very handsome figure. There are also stone and metallic figures of some Alvars *(swamys)* and sages. There is also the temple of Gopalkrishna originally of the Hoysala period. There is a temple of village goddess Ubasalamma, having a stucco figure in whose name the anual festival is celebrated. There are five Shiva temples in the village. The place was known as Nonambanakere during the period of Nolamba (12th century AD) (943 AD-974 AD). It was one of the five

settlements of the Hebbar Shrivaishnavas during the period of Ramanujacharya (12th century AD).

There is an image of Prasanna Koneri Iyengar in a pillar of the Navaranga of Byatarayaswami temple here. According to a legend, he was a great devotee of god Srinivasa of Tirupati and used to go on pilgrimage to Tirupati every year. When he was unable to undertake the annual trip owing to old age, God appeared to him in the guise of a Vaishnava mendicant and disappeared after telling him that he would take up abode in the village. The managers and *archakas* of the temple even now are said to be his lineal descendants. According to *Stala purana* this place was once a jungle and the presence of the image of Gopalakrishna, burried under an ant-hill, was revealed by a cow which used to drop its milk on the spot everyday.

9. ALBUR :—The place has several inscriptions. The *Virgals* found here deserve notice. One of them near Shiva temple dated 1395 AD is beautifully engraved and sculptured with caparisoned horses, elephants, etc. The other in a field to the north-west of the village, dated 9th century AD is adorned with sculptures in several panels.

10. VIGNASANTHE:—The Lakahminarasimha temple here is in Hoysala style and enshrines Keshava, Lakshminarasimha and Venugopala. The temple of Balalingeshvara is a plain Hoysala building. The Banashankari temple has a well carved, though mutilated, figure of the goddess seated in *lalitasana* with eight hands. The Bhairava shrine has a panel carved with two goddesses. An inscription found at Laxminarasimha temple shows that it was built in 1286 AD. during the reign of Hoysala king Narasimha III by his generals Appayya, Gopala and Madhava who were brothers. In this inscription the village is named as Igganasathe.

TUMKUR TALUK

HEGGERE :—There are three Shaiva temples and a *basti* built in the Hoysala style of architecture in about 1232 A.D. The temple of Kalleshwara is the largest of all. The temple of Galgeshwara is the most ornate of the three Shaiva temples. The Parshwanatha *basti* built of black stone is a fine specimen of Hoysala architecture. It is an elegant structure possessing considerable architectural merit being, perhaps, the only *basti* of its kind in the state. The *basti* was built in 1160 AD., during the reign of Hoysala king Narasimha I by the Mahasamanta Govideva in memory of his deceased consort. It is remarkable for its simplicity and elegance. There is also one *mastikal* near the Shiva temples.

2. MARALUR:—There is a Ramadevaru temple having a stone panel sculptured with a horseman holding a spear in the uplifted right hand. The semicircular top of the panel is artistically executed with scroll work.

3. SHETTIHALLI:—Carfestival of Sri Anjaneya Swamy is held annually during April.

4. SIDDAGANGAMATH:—Sri Siddalingeswara Swamy *jatra* and cattlefair are held every year during February.

5. DEVARAYANADURGA :—This is a fortified hill about 3940 feet above MSL. According to tradition, a robber named Andhaka or Lingaka had a stronghold here. He was subdued by Sumati, son of Hemachandra a prince of *Karnata*.

A town called Anebiddasari or Anebiddajari, meaning "the steep where the elephant fell" existed on the hill during the reign of Hoysalas. A rogue elephant which according to *stala purana* was a Gandharva who had assumed that form, suddenly appeared before the town and after doing much havoc to the tank madly tried to walk up the steep rock on the west, when it slipped, fell back and was killed. The hill is accordingly called 'Karigiri' in the *purana*. The same name continued under the Vijayanagara kings who constructed a large tank named Bukkasamudra, after one of the earliest of them. Remains of the embankment and of the adjacent town can still be seen.

The place was later known as Jadakanadurga after a chief known as Jadaka. The present name was assigned to it after the place was captured by the Mysore king Chikkadevarajawodeyar in 1696 AD, who erected the present fortifications. The fortifications are pierced through by seven gates.

The hill has three district elevations. The Devarayanadurga village is situated on the lowest elevation. The Durga Narasimha temple of the Dravidian style is also located here. Its enclosure and tower were repaired in 1858 AD by the Mysore king Krishnar

wodeyar III. A temple dedicated to Hanuman, also called Sanjivaraya, also exists here.

On the intermediate elevation there is a travellers' bungalow and another Bungalow owned by missioneries. The two springs here are known as Ramathirtha and Dhanusthirtha. In a cave nearby, there are figures of Rama, Sitha and Lakshmana.

On the third elevation is located the Kumbhi Narasimha temple. There are 3 sacred ponds here known as Narasimhathirtha, Parasharathirtha and Padathirtha. The last pond is in a narrow cave with a flight of steps to a reservoir at the bottom. A *garuda* shrine exists there, with a big boulder known as Divigundu (the lamp boulder).

A place called Aratibande is located a little distance from the hill. It is so called because the Maharajas of Mysore used to be greeted with *arati* at that place whenever they visited the place. A small natural spring of pellucid water, known as Namada chilume exists nearby. It fills and over flows a depression cut in the rock. A gorge called Jalada gondi runs on the slope of the hill. It is said to be the source of the stream Mangali. Another spring called Jayathirtha is located a little higher up which is said to be the source of another stream Jaya. These two streams join at the feet of the hill and form Jayamangali river. The hill is also the source of river Shimsha.

6. GULUR :—A noted author Siddaveeranacharya who wrote Shoonya Sampadane and Aradi Veerashaiva Sangraha lived at this place. It originally formed part of the ancient capital of a petty state along with Kaidala the name of the capital being Kridapura. It is well known for the huge Ganesha image made in clay every year for the annual *jatra* held in the month of November to December in houour of this diety.

7. SASALU :—Sri Ranganathaswamy carfestival is held every year during January.

8. KAIDALA:—Kaidala was the capital of a petty state formerly, and was known as Kridapura. It is said to be the native place of Jakanachari the famous architect-cum-sculptor of the 13th century A.D. According to the legend, Jakanachari began his career while Nripa Kama was ruling at Kridapura. Later, he left the place in search of the services of various courts and producing many master pieces of sculpture which brought him fame. His son Dankanachari who was born to after he left Kridapura, went in search of his father when he grew up, and reached Belur where the Channakeshava temple was being erected. The young lad remarked that one of the image there had a blemish. When Jakanachari, the architect of the image heard this, he hastily vowed that he would cut off his right hand if any defect could be found in the image he had carved. In order to test the remark made by Dankanachari, the image was covered with sandalpaste which dried on every part except around the naval. On further examination, it was found that a cavity existed there containing a frog and some sand and water. Jakanachari cut his right hand when the defect in the image was thus proved. His further inquiries about the critic revealed that he was none other than his own son. Later, Jakanachari was directed in a vision to dedicate a temple in Kridapura, his native place. He accordingly returned to the place and constructed the temple. His right hand was restored immediately he completed temple, and in commemoration of this incident, the place has ever since been called 'Kaidala' the restored hand.

The Channakeshava temple here is a large building constructed in the Dravidian style of architecture. The Gangeshvara or Gangadhareshwara temple here was erected in 1150 AD., in the reign of Hoysala king Narasimha by a Chief named Gule Bachi.

TURUVEKERE TALUK

1. HOSAHALLI :—The village has the noted Kalleshwara temple which is a Hoysala building with a well carved *navaranga* doorway. The image of village goddess Hosahalliyamma in the temple of the same name is a coloured stucco figure.

2. LOKAMMANAHALLI :—Sri Mahalingeswaraswamy *jatra* is held annualy during February.

3. PURA :—Sri Shambhulingeswaraswamy *Jatra* is held every year during January.

4. SULEKERE :—There is a small Ishwara temple built in the Hoysala style having a good figure of Bhairava. The Virabhadra temple, here, has sculptured pillars depicting Arjuna fighting with Shiva and hunter Kannappa before a linga. Another sculpture worth observation is an ingenious combination of an elephant and a bull with a common head for both.

5. DANDINASIVARA :—Sri Honnadevi *jatra* is held every year during April.

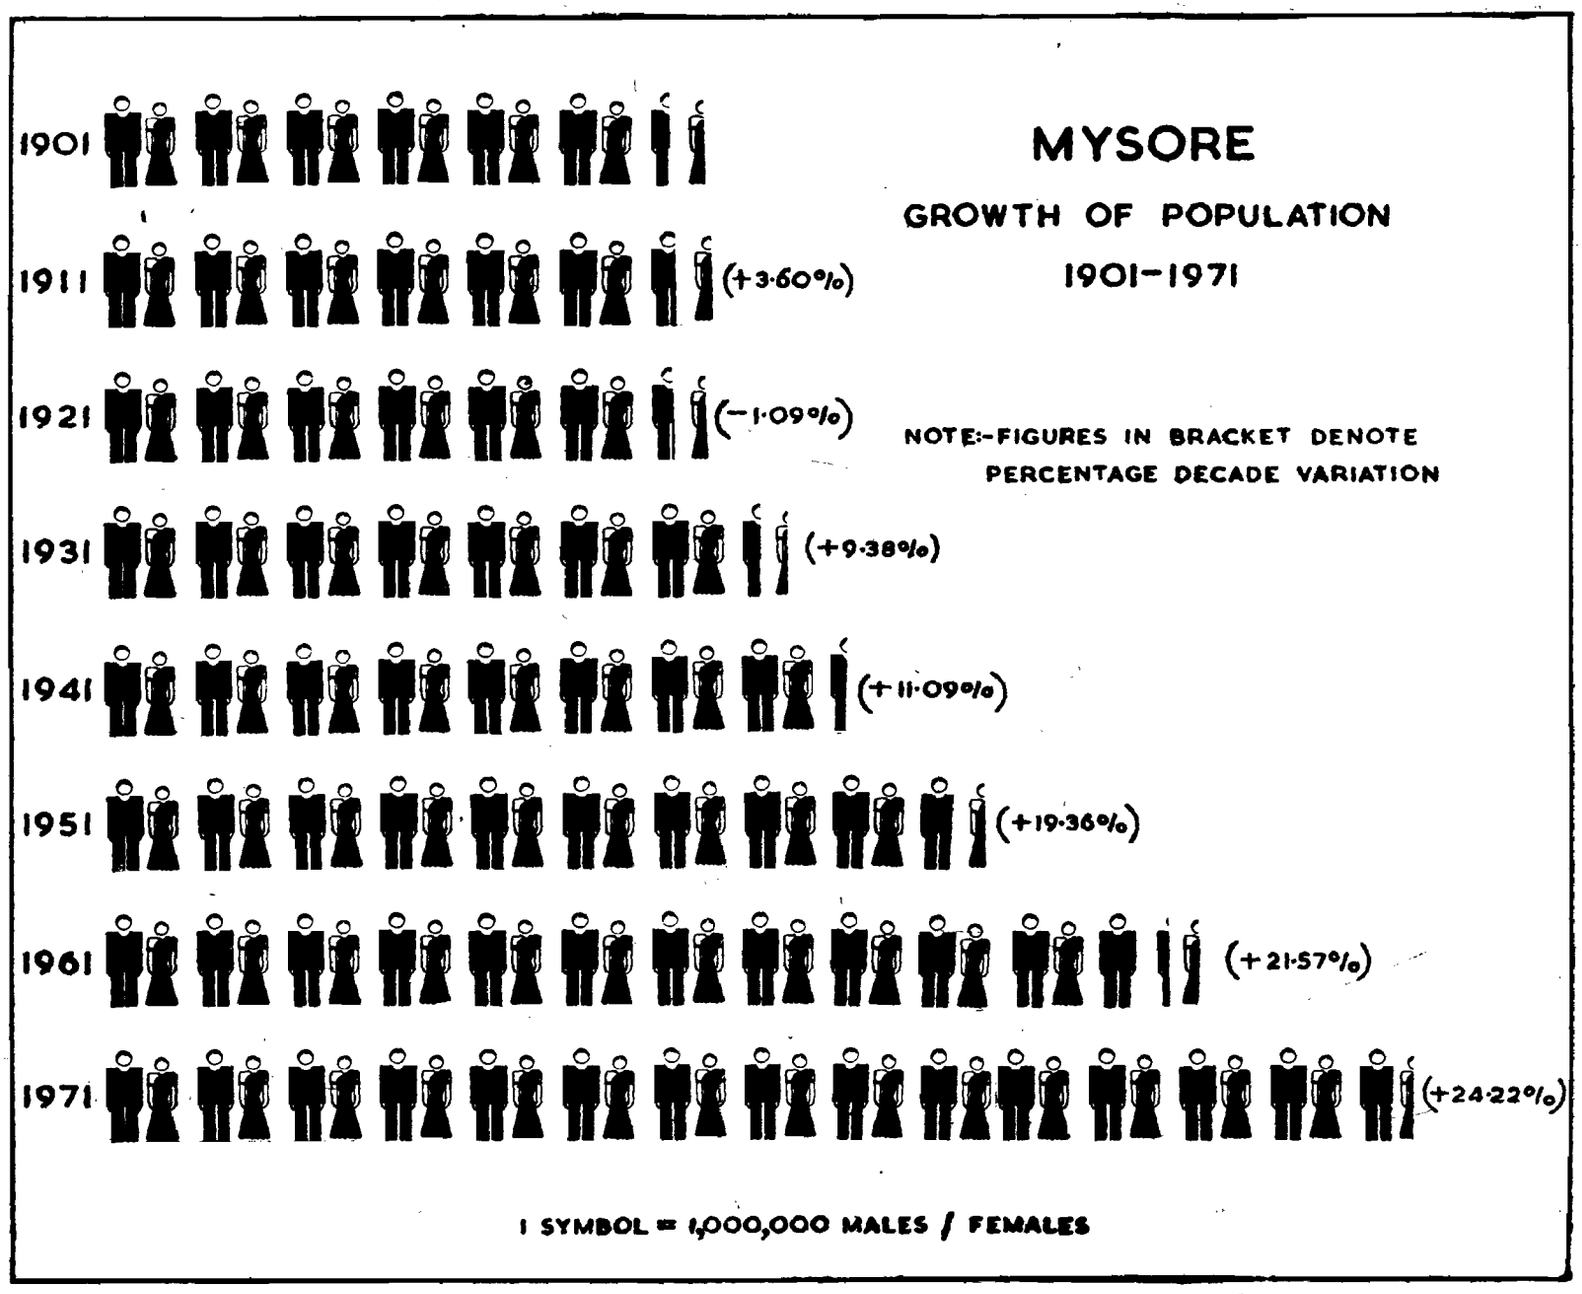

6. SAMPIGE :—There is a fine temple dedicated to Venkataramana swamy. The place is stated to be the site of Champakanagara, the capital of Sudhanva, about whom an account is found in Jaiminibharata. It was a settlement of Hebbar Srivaishnavas during the period of Ramanujacharya.

7. MAYASANDRA :—The village has an ol temple of Mayamma situated in the centre of the tank-bund. There is also a Shakti temple of Kollapuradamma. There is a temple of Mahadeshwara on a hillock two miles away from the village. At a distance of 3 miles at a place known as a Ramasagara temple of Varadaraja of the Hoysala period is located.

8. BENAKANAKERE :—The image in the Anjaneyatemple has been carved out of a thick inscribed stone of the Hoysala period.

9. GONITUMKUR :—The Iswara temple of this village is built in the Hoysala style of architecture. There are three Virgals of the Hoysala period which are completely worn out.

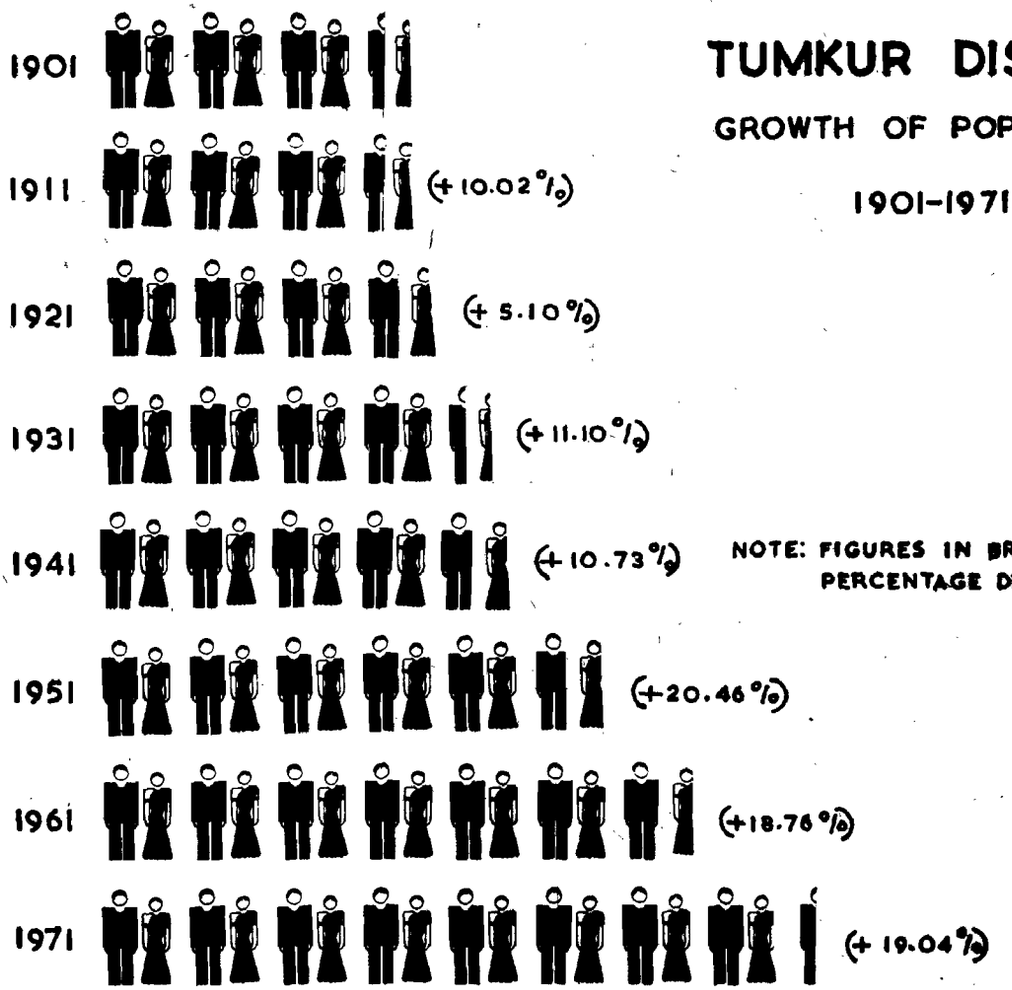

10. KADASUR :—The village is noted for its temple of Bhairava. The image in the temple is a fine figure, about three feet high, with four hands.

PART-B

PRIMARY CENSUS ABSTRACT

INTRODUCTION

Tumkur District, situated in the southern *maidan* region of Mysore State, lies between 12°45′ and 14°6′ North latitude and between 76°31′ and 72°28′ East longitude. The district covering an area of 10,606 sq. kms has a population of 1,627,721 of which 831,859 are males and 795,862 are females according to the 1971 Census. The density of population is 153 persons per sq. km.

The district is bounded on the north by Chitradurga district and Ananthapur district of Andhra Pradesh, on the east by Kolar and Bangalore districts, on the south by Mandya district and on the west by Chitradurga, Chikmagalur and Hassan districts.

The district consists of the ten taluks of Tumkur, Madhugiri, Koratagere, Sira, Pavagada, Chiknayakanahalli, Gubbi, Tiptur, Turuvekere and Kunigal.

There are 2,725 villages and 12 towns in the district. The towns are Tumkur, Tiptur, Chiknayakanahalli, Kunigal, Madhugiri, Sira, Gubbi, Koratagere, Pavagada, Turuvekere, Y. N. Hosakote and Ammasandra Notified Area (NAC).

The district and also the taluks have not undergone any change in jurisdiction between 1961 and 1971. There is also no change in the number of taluks and villages between 1961 and 1971. Though there has been no overall variation in the number of villages in the District between 1961 and 1971, there is variation in the number of villages in Gubbi and Kunigal taluks in this period which, however, do not affect the district total. The reasons for variation is explained below:

1. **Gubbi Taluk**: There were 347 villages in the taluk in 1961. While in 1971 there are 346.

   The decrease is because, Village Aradrihalli (L.C. No. 308 of 1961) has been deleted from the list of villages in 1971 as this village was amalgamated with the village Bidare (L.C. No. 308 in 1971) by State Govt. Order No. PR 104/59-60 dated 23rd August 1960.

2. **Kunigal Taluk** : There were 312 villages in this taluk in 1961 while there are 313 in 1971.

   Jodikrishna rajasagara which was not included in the 1961 list of villages but included in Kunigal town is an addition to the 1971 list of villages since it is only partly included in the town (L.C. No. 47).

The increase in the number of towns from 11 in 1961 to 12 in 1971 is due to addition of Ammasandra Notified Area in Turuvekere taluk to the list of towns.

Ammasandra is the factory area under the control of Mysore Cements Limited which was declared as a Notified Area under Govt. Notification No. LMA : 40 (i) MNZ; dated 25th February 1969.

EXPLANATORY NOTES

In Part B of the District Census Handbook of each district the "Primary Census Abstracts" are presented. These are the basic tables of demographic improtance obtained on a full count of the individual slips. These tables are furnished villagewise for the rural sector and by Enumerator Block in respect of each Census Town in the urban sector.

The Primary Census Abstract, the P.C.A. as commonly referred to, for the District and its constituent Taluks arranged alphabetically, is presented first. The P.C.A. data for the urban units within each taluk are also included therein. In the tables the abbreviations T, R and U are used. T stands for total, R for rural and U for urban. After the District P.C.A. a map of each Taluk, village list and the Taluk P.C.A. follow.

The concept of Urban Agglomeration has been adopted for presentation of some of the basic result of the 1971 Census replacing the 'Town-Group' concept of the 1961 Census. Small towns around a city or a major town which are contiguous and are within its urban influence are grouped together with the city or the major town to constitute an Urban Agglomeration. In Mysore State, five such Urban Agglomerations named after the respective cities of Bangalore, Belgaum, Bhadravathi, Kolar Gold Fields and Mangalore have been recognised. Separate statements of the P.C.A data of these agglomerations are presented in the respective District Census Handbooks.

COLUMN 1. LOCATION CODE NUMBER: The Location Code Mumber is the number assigned to each village within a Taluk and each Census town within a district in a particular order. The numbers assigned to taluks and villages are International numerals while those assigned to towns are Roman numerals. The Districts in the State were arranged alphabetically and numbered serially with International numerals.

Tumkur District has the location code number 19. The taluks and towns of the District bear the following location code numbers:

Name of Taluk 1	Location Code No. 2	Name of Town 3	Location Code No. 4
Chiknayakanahalli	19/1	Ammasandra Notified Area	19/1
Gubbi	19/2	Chiknayakanahalli	19/II
Koratagere	19/3	Gubbi	19/III
		Koratagere	1/IV
Kunigal	19/4	Kunigal	19/V
Madhugiri	19/5	Madhugiri	19/VI
Pavagada	19/6	Pavagada	19/VII
Sira	19/7	Sira	19/VIII
Tiptur	19/8	Tiptur	19/IX
Tumkur	19/9	Tumkur	19/X
Turuvekere	19/10	Turuvekere	19/XI
		Y. N. Hoskote	19/XII

COLUMN 2. NAME OF VILLAGE/TOWN/WARD/URBAN ENUMERATOR'S BLOCK : Names of villages and towns corresponding to the location code numbers given in Column 1, are noted here.

The particulars presented aginst each village include the data relating to the *asli* (main) village and also its hamlets, if any. Large hamlets which returned a papulation of 500 or more have been separately mentioned in Appendix No. I in view of their sociological importance. But, for such hamlets, only the particulars of population by six, as culled out from the Enumorator's Daily posting Statements are furnished. The population data of such hamlets, should, therefore, be regarded as only approximate since it is not based on actual tabulation but only on the Enumerator's Daily Posting Statements.

The Census village corresponds generally to the Revenue village and its jurisdiction is defined as the area included within the geographical boundaries of the Revenue village bearing the same name. When a portion of the Revenue village stands incorporated in a municipality, the area so included is regarded as part of the town. In all such cases, the remaining land situated outside the municipal limits, if any, is considered as a separate Census village-unit for purposes of enumeration. For such residuary area the suffix 'Rural' has been noted against the name of the place which may also have been indicated as a Town under the same Taluk. The P.C.A. presented against such places relates to the area situated beyond the municipal limits of the concerned towns.

A Revenue village, the entire geographical area of which stands included within the limits of a municipality, ceases to be a Census village by viture of its having been accounted for under the concerned town.

Reserve forest areas which do not form part of any Revenue village are also reckoned as Census villages and such geographical units are assigned location code numbers along with other villages of the concerned taluk.

Regarding urban areas, the name of the town, the names (numbers/alphabets) assigned to the constitutent Municipal Wards/Divisions, if any, and the number assigned to each enumerator's block within it are given in this column. The jurisdiction of each block is indicated in a statement immediately after the tables of the urban-block P.C.A. of the Taluk.

The places administered by Municipal Corportions, Municipalities, Cantonment Boards, Notified Area Committees or Local Bodies such as Town Boards, Civil Lines, etc., are classified as urban areas or towns. Besides, certain other places which satisfied the following criteria are also classified as Census Towns :

(*a*) Minimum population of 5000 persons.
(*b*) Density of 1000 persons per sq. mile (or 400 persons per sq. km.)
(*c*) At least 75 per cent of the male working population engaged in persuits other than agriculture.

A few other places which did not satisfy fully these conditions but were regraded as having pronounced urban characteristics are also classified as towns.

COLUMN 3. AREA OF VILLAGE IN ACRES AND TOWN/WARD IN Km^2: The particulars of the total geographical area of the Village furnished by the Tahsildars of the concerned Taluks, and of the Towns and their constituent Municipal Divisions or Wards as furnished by the Local Bodies concerned are given in acres and sq. kms., respectively in this column. The area of the District as furnished by the Surveyor-General, India through the Central Statistical Organisation is shown against the District total, while the area of each Taluk as furnished by the Director of Survey, Settlement and Land Records in Mysore is shown against the Taluk total. No attempt has been made to reconcile the area figures obtained from these three different sources.

In some cases, the villages bear the same name as the adjacent town for example, Bellary (Rural). These indicate cases where only a part of the village area is included in the contigious municipal area, leaving some portion wihin the rural area, which, therefore is included in the village list. It has not always been possible to determine the exact areas of the portions of such villages included within municipal limits. Therefore, no attempt at desermining the exact area of that part of the village in the rural limits has been made. The area shown in this column against such cases includes the area merged within the limits of the contiguous town.

COLUMN 4. NUMBER OF OCCUPIED RESIDENTIAL HOUSES : A Census House is defined as "a building or part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used or recognised as a separate unit." In this column the number of such houses which were in actual use for residential purposes either partly or wholly, at the time of the enumeration (*i.e.*, between 10–3–71 and 31–3–71) is given.

COLUMN 5. NUMBER OF HOUSEHOLDS : A Household is defined as "the entire group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevent them from doing so". It may consist entirely of persons related to each other or may be made up of a few related and other unrelated persons or of totally unrelated persons. A household may also consist of a single individual. Those households which are made up of groups of unrelated persons such as in hostels, inmates of jails, boarding houses, hotels, chummeries, etc., are regarded as Institutional Households. Households that do not live in Census Houses are called Houseless Households. The total number of households including Institutional Households and Houseless Households, if any, in the village or the block is given here.

COLUMNS 6, 7 AND 8. TOTAL POPULATION (Including Institutional and Houseless population) : The column headings are self-explanatory. The abbreviations 'P', 'M' and 'F' appearing in several sub-columns of the P.C.A. stand for the number of Persons, Males and Females respectively.

COLUMNS 9 AND 10. SCHEDULED CASTES : These two columns furnish the population of Scheduled Castes by sex. By Scheduled Castes are meant "all such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article

341 of the Constitution of India to be the Scheduled Castes for the purposes of the Constitution of India." Scheduled Castes are limited only to Hindus and Sikhs.

COLUMNS 11 AND 12. SCHEDULED TRIBES : These two columns furnish the population of Scheduled Tribes by sex. By Scheduled Tribes are meant "all such tribes or tribal communities or parts of a group within such tribes or tribal communities as are deemed under Article 342 of the Constitution of India to be Scheduled Tribes for the purposes of the Constitution of India." Persons belonging to the Scheduled Tribes may profess any religion.

The Scheduled Castes and Tribes notified in the State are indicated in Appendix No. II. The data on the individual Scheduled Castes and Scheduled Tribes are presented in Part C of the District Census Handbook.

COLUMNS 13 AND 14. LITERATE AND EDUCATED PERSONS : A person who can both read and write with understanding in any language is regarded as literate even though such a person may not have attained any educational standard or may not have received any formal education. By convention, all children of the age of 4 years or less are treated as illiterate even if a child of this age-group is going to a school and may have picked up reading and writing.

If, in addition to being a literate, any person has attained any level of education such as primary, middle, high school stages, etc., such details were enumerated during the census count. The number of males and females shown under columns 13 and 14 respectively includes not only those who were literate without having attained any level of education but also those who have attained various educational leves.

COLUMNS 15 TO 36. WORKERS : A *worker* is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but also effective supervision and direction of work.

A person who is engaged primarily in household duties such as cooking for one's own household or performing one's own household duties or is primarily a student attending some institution but, either occasionally or regularly, helps (not as a full-time worker) in the economic activity pursued by the household only during his or her spare time is not regarded as a worker. The main activity of each individual, *i.e.*, how the person engages himself or herself mostly, was ascertained and all those engaged in any activity which is economically productive (*i.e.*, resulting in production of goods and services) were deemed to be workers.

The workers are further classified into nine industrial categories and the distribution of the total workers by sex is given under Columns 17 to 36.

For convenience of presentation, the detailed descriptive headings of the nine Industrial categories have not been printed in the PCA tables but only the Industrial Category Number is given. The corresponding descriptions are as follows :

Category	Description	Column Nos.
I.	Cultivators	17–18
II.	Agricultural labourers	19–20
III.	Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities	21–22
IV.	Mining and Quarrying	23–24
V.	Manufacturing Processing, Servicing and repairs	
(a)	Household Industry	25–26
(b)	Other than Household Industry	27–28
VI.	Construction	29–30
VII.	Trade and Commerce	31–32
VIII.	Transport, Storage and Communications	33–34
IX.	Other services	35–36

CATEGORY I. CULTIVATORS : A person is a *cultivator* if he or she is engaged in cultivation by oneself or by supervision or direction in one's capacity as the owner or lessee of land held from Government or as a tenant of land held from private persons or institutions for payment of money, kind of share. Cultivation involves ploughing, sowing and harvesting and all other activities (such as digging of channels for water, weeding etc.), in the production of cereals and millet crops, pulses, raw jute and kindred fibre crops, sugar

cane, groundnut, tapioca, oil seeds etc. Cultivatian does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plants.

CATEGORY II. AGRICULTURAL LABOURERS: A person who works in another person's land for wages in money, kind or share and does not have any right of lease or contract on the land on which he or she works is regarded as an *agricultural labourer.*

CATEGORY III. LIVESTOCK, FORESTRY, FISHING, HUNTING AND PLANTATIONS, ORCHARDS AND ALLIED ACTIVITIES: This category includes all workers engaged in livestock rearing, forestry, fishing, hunting and plantations, orchards and allied activities.

CATEGORY IV. MINING AND QUARRYING: All those who are engaged in mining and quarrying activities are included in this category.

CATEGORY V. MANUFACTURING, PROCESSING, SERVICING AND REPAIRS: Workers engaged in manufacturing, processing, servicing and repair activities are subdivided into those who are engaged in Household Industry and those who are not so engaged. Household Industry is defined as an industry conducted by the head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and where the household lives in urban areas, only within the premises of the household. Such an industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. Further, such an industry should not be run on the scale of a registered factory. A person may be a labourer or a petty employee in an industry which is a household industry run by some other household. The number of persons engaged in Household Industry are categorised as V (*a*).

The number of workers who are engaged in such activities but in establishments which do not qualify themselves to be classified as Household Industries as defined above are shown under Category V (*b*).

CATEGORY VI. CONSTRUCTION: Workers who are engaged in construction, maintenance, upkeep, repair and similar activities of buildings, roads, bridges, dams, canals and construction of electrical, water-supply and sanitary installations, etc., are brought under this category.

CATEGORY VII. TRADE AND COMMERCE: Workers in trade and commerce include all those engaged in wholesale or retail trade in goods; in dealing with insurance, stocks and shares, employed in banking and financial institutions, etc., either as proprietors or in any other capacity in such establishments.

CATEGORY VIII. TRANSPORT, STORAGE AND COMMUNICATIONS: Workers in transport, storage and Communications include those who work in establishments such as the railways, road transport, post and telegraphs and such other organisations or esatblishments which are engaged in the Transport, Storage and Communications sectors of the national economy.

CATEGORY IX. OTHER SERVICES: 'Other Services' constitues the last category and includes employees of the Central and State Governments, local bodies and quasi-local bodies and other organisations or institutions engaged in educational, scientific, medical and health services. Religious and welfare services, business services, community services and trade and labour associations, recreation services, personal services and other miscellaneous activities not covered in any of the remaing 8 categories specified above, are included here.

COLUMNS 37 AND 38. NON-WORKERS: Non-workers are those whose main activity is economically non-productive and includes those engaged in household duties, full-time students, rent receivers, retired parsons, infants and old persons, beggars, vagrants, inmates of penal, mental or charitable institutions, etc. It also includes those non-workers who were seeking work.

The Industrial Categories of 1961 and 1971 Census are generally similar except for the separate categorisation of 'Mining and Quarrying' and consequential renumbering of 'Household Industry'. In comparing the data of these two Censuses this change must be

kept in view. For convenience, the categorisation of 1971 and 1961 are indicated below:

Industrial Categories of 1971 and 1961 Census

Category	1971	1961
Cultivators ...	I	I
Agricultural Labourers ...	II	II
Livestock, Forestry, Fishing, Hunting, Plantations, Orchards and allied activities	III	III
Mining and Quarrying ...	IV	
Manufacturing, Processing, Servicing and Repairs		
Household Industry	V (*a*)	IV
Other than household industry	V (*b*)	V
Construction ...	VI	VI
Trade & Commerce ...	VII	VII
Transport, Storage and communications ...	VIII	VIII
Other Services ...	IX	IX
Non-Workers ...	X	X

Maps

A map of each of the taluks in the district has been included along with an alphabetical list of villages indicating the location of the villages in the map. The taluk maps are based on the maps brought out by the Director of Survey, Settlement and Land Records in this State. The map of the district in this volume and of the State are also, incidentially, based on the maps produced by this authority.

In the taluk maps, to the exent possible, the boundaries of the villages have been marked along with their location code numbers. However, in a few cases, the maps contain areas enclosed within the symbol for village boundaries but not having any location code number mark. Such areas are drawn on the basis of the original survery maps and represent '*Kavals*' (Pastures), reserve forests, etc. They also include places treated as main villages previously but now amalgamated with neighbouring villages under Government Orders. For the purposes of the Census, all such areas have been included in neighbouring villages for Census enumeration. Similarly, there are villages whose boundaries have not been clearly determined. In such cases, the location has been indicated and location code number has also been given but the boundaries have not been marked.

NOTE

1. @The areas of the State and each of the Districts represent Provisional 'Geographical area' and have been upplied by the Surveyor General, India. The figures for urban areas are those supplied by the Local Bodies. Area, figures, for Rural areas are derived by subtracting the Urban areas from the total area of the districts as reported by the Surveyor General, India. The total of the Area figures of the Taluks will not tally with the District figures because the former represents 'Land-use' area and are derived from figures supplied by the Director of Survey, - Settlement and Land Records in Mysore.

2. Towns treated as such for the first time in 1961 Census which continue as towns in 1971 Census are shown with Asterisk (*) on their left.

3. Towns treated as such for the first time in 1971 are printed in italics.

4. The following abbreviations have been used for indicating the status of a town (given within brackets against names of the towns.)

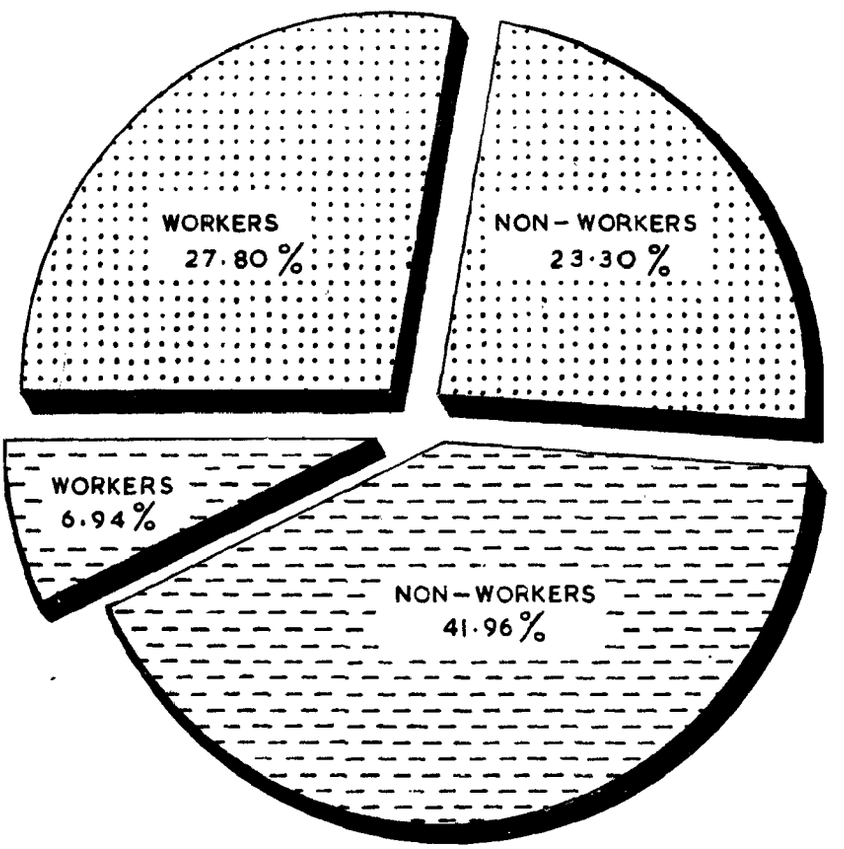

C	Municipal Corporation
CB	Cantonment Board
NAC	Notified Area Committee
M	Municipal Town
P	Panchayat
SA	Special Area
SB	Sanitary Board
TB	Town Board
TP	Town Panchayat

5. Under Column 3 following abbreviations are used :

T—Total R—Rural U—Urban

APPENDIX—II

SCHEDULED CASTES AND SCHEDULED TRIBES IN MYSORE STATE

Scheduled Castes

"Scheduled Castes" means such castes, races of tribes or parts of groups within such castes, races or tribes as are deemed under Artical 341 (of the Constitution of India) to be the Scheduled Castes for the purposes of the Constitution of India.

According to the *Constitution (Seheduled Castes) Order* 1950 and the *Constitution (Scheduled Castes) (Part C States) Order* 1951 as modified by the *Scheduled Castes and Scheduled Tribes Lists (Modification) Order*, 1956 and all subsequent amending Notifications issued up-to-date, the castes indicated under each of the different regions specified hereunder, have been declared as Scheduled Castes in the respective regions of the Mysore State.

No person who professes a religion different from the Hindu or the Sikh shall be deemed to be a member of a Scheduled Castes.

Scheduled Tribes

"Scheduled Tribes" means such tribes or tribal communities or parts of or groups within such tribes or tribal communities as are deemed under Article 342 (of the Constitution of India) to be Scheduled Tribes for the purposes of the Constitution of India.

According to the *Constitution (Scheduled Tribes) Order*, 1950, and the *Constitution (Seheduled Tribes) (Part C States) Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists (Modification) Order*, 1956 and all subsequent amending Notifications issued up-to-date, the communities indicated under each of the different regions specified hereunder have been declared as Scheduled Tribes in the respective regions of the Mysore State.

Persons belonging to the Scheduled Tribes may profess any religion.
