Tarnetar, the fair of colours and costumes is held at the temple of Trinetreshwar Mahadev near Tarnetar village of Surendranagar district on Bhadrapad Sud 4, 5 and 6th (August-September). This is the most important fairs of Saurashtra but has now become popular throughout the country and attracts foreigners also.

The temple is called Trinetreshwar Mahadev as Lord Shiva is said to have opened his third eye here to burn Kamdev. The existing temple has kund (reservoir) with 8-10 steps with a tulsi kyara in its midst. The temple of Trinetreshwar mirrored in the kund presents a beautiful site reflecting the arts of famous sompura architecture. On Bhadrapad Sud 5 or Rishi Panchami it is believed that rishis used to take bath in this kund when the sacred river Ganga visited it. thousands of people flock in pious mood to take a dip in the kund. It is also popular belief that Draupadi's Swayamwar was arranged here and Arjun one of the five Pandavas performed the Matsyavedh where there is a tulsi kyara at present.

The main importance of the fair lies in that it is a LOKMELA in its true sense. The principal attractions of the fair are the spontaneous folk music and folk dances, a speciality of the region. An umbrella is one of the main symbols of this colourful fair. The taluka and gram panchayats jointly organise exhibition of embroidery work and competitions of umbrella, sports & ras etc. The competition of the coloured umbrella plays an important role in the matchmaking which is one of the most important features of this colourful fair. Young boys and girls of Kanbi, Rabari, Bharwad and Koli castes dressed in beautiful and colourful costumes meet each other and select their life partners. Their parents often participate and help them

FOREWORD

The district census handbook (DCH), compiled by the Census Organisation on behalf of the State governments, is one of the most valuable products of the Census. The DCH is constantly referred to by planners, administrators, academicians and researchers. It is *inter alia* used for delimitation of constituencies, formulation of local level and regional plans and as an aid to District administration. The district census handbook is the only publication which provides Primary Census Abstract (PCA) data upto village level for the rural areas and ward-wise for each city or town. It also provides data on infrastructure and amenities in villages and towns, etc.

The district census handbook series was initiated during the 1951 Census. It contained important census tables and PCA for each village and town of the district. During 1961 Census the scope of the DCH was enlarged and it contained a descriptive account of the district, administrative statistics, census tables and a village and town directory, including PCA. The 1971 DCH series was planned in three parts. Part-A related to village and town directory. Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. However, in some States it was confined to district census tables and in a few cases altogether given up due to delay in compilation and printing.

While designing the format of 1981 DCH series some new features along with the restructuring of the format of village and town directory have been attempted. At the same time, comparability with the 1971 data has also been kept in view. All the amenities except power supply in the village have been brought together in the village directory with the instruction that in case an amenity is not available in the referrent village the distance in broad ranges from the nearest place where the amenity is available may be given. The restructuring of the format of the village directory and incorporating more exhaustive data on infrastructure aspec particularly in relation to amenities and land-use pattern is expected to further meet the need of micro level planning for rural areas. It is expected to help not only in local area planning but regulating the provision of goods and services as well so as to minimise the regional imbalances in the process of development. A few new items of information have also been introduced to meet some of the requirements of the Revised Minimum Needs Programme. Such new items of information as adult literacy centres, primary health sub-centres and community health workers in the village have been introduced in the village directory with this objective in mind. The new item on approach to the village is to have an idea about the villages in the district which are inaccessible. A new column, "total population and number of households" has been introduced to examine the correlation of the amenities with the population and number of households they serve. Addition of two more appendices listing the villages where no amenities are available and according to the proportion of Scheduled Castes and Scheduled Tribes population to the total population has also been made with this view in mind.

The formats of the town directory have also been modified to meet the requirements of the Minimum Needs Programme by providing information on a few new items. A new statement on civic and other amenities in slums in Class-I and Class-II towns (Statement IV-A) has been introduced with this objective in mind. It is expected that this will help the planners to chalk out programmes on provision of civi amenities for the improvement of slums. The columns on Scheduled Castes and Scheduled Tribes population in statement IV relating to civic and other amenities and adult literacy classes/centres under educational facilities in statement V are also added *inter alia* with this view. A significant addition is class of town in all the seven statements of the town directory The infrastructure of amenities in urban areas of the country can be best analysed by taking the class of towns into consideration. The

addition of the columns on civ ic administration status and popu lation in a few statements also serves this purpose.

The format of the primary census abstract for the villages and towns has been formulated in the light of changes in the economic and other questions canvassed through the individual slip of 1981 Census.

In order to avoid delay in publication of 1981 DCH series it has been so designed that Part-A of the volume contains village and town directory and Part-B, the PCA of villages and towns including the Scheduled Castes and Scheduled Tribes PCA upto Tahsil/Town levels. At the beginning of the DCH a detailed analytical note supported by a number of inset tables based on PCA and non census data in relation to the infrastructure has been introduced to enhance its value. The district and Tahsil/Police Station/C D Block etc., level maps depicting the boundaries and other important features have been inserted at appropriate places, to further enhance the value of the publication.

This publication is a joint venture of the State Government and the Census Organisation. The data have been collected and compiled in the State under the direction of *Shri R. S. Chhaya* the Director of Census Operations, *Gujarat* on behalf of the State Government which has borne the cost of printing. The task of planning, designing and co-ordination of this publication was carried out by Shri N. G. Nag, Deputy Registrar General (Social Studies) of my office. Dr. B. K. Roy, Deputy Registrar General (Map) provided the technical guidance in the preparation of the maps. Data received from Census Directorates have been scrutinised in the Social Studies Division at the headquarters under the guidance of Shri M. M. Dua, Senior Research Officer. I am thankful to all who have contributed in this project.

PREFACE

The District Census Handbooks are printed during every decadal Census from 1951. These District Census Handbooks are prepared by the Census Organisation and DCHB unit of the State Government. These are published by the State Government at their own cost. The District Census Handbooks are the first Publications in the series of 1981 Census Publication. The Census Organisation has been collecting an enormous data both during the Census Enumeration period as well as after the Census Enumeration period. This data is very valuable to the Administrators, Economists, Planners, Research Workers, Scholars and other intelligentsia and also to the several institutions dealing with social-economic and developmental aspects of the State. It is absolutely necessary that this data after its collection is printed in the time and reaches the data users also in time. It is a matter of great satisfaction that the present volume is being published in the minimum possible time after the Census count.

The Census count in Gujarat State was taken during the period February-March 1981. The provisional figures collected through the District Census officers were published and presented to the Chief Minister of Gujarat State on 23rd March, 1981. After the declaration of the provisional count six Regional Tabulation Offices were opened at different places in the State. Three such Regional Tabulation Offices were opened at Ahmadabad, one at Vadodara, one at Surat and one at Rajkot. The Census records were edited and checked in these offices and the Primary Census Abstract for all the areas of the State were prepared. For this purpose 1,102 Tabulators, 184 Checkers and 61 Supervisors were temporarily engaged for a period of ten months. These offices were supervised by Deputy Directors of Census Operations who were taken on deputation from the State Government.

The District Census Handbook for the 1981 Census is published in two parts as follows :

I. **Part A**

(1) Village Directory

(2) Town Directory

II. **Part B**

District/Talukawise Primary Census Abstract

Both the Parts A and B of the District Census Handbook for 1981 Census have been combined and printed in one volume.

The Village Directory contains comprehensive information about the basic amenities available at the village leval such as medical, educational, drinking water, etc. The Town Directory also consists of information about the status, growth history, municipal finances, civic and other amenities, etc.

The Primary Census Abstract contains information about the number of occupied residential houses and households, total population including houseless and institutional population, literacy, Scheduled Castes/Scheduled Tribes population and the information pertaining to workers and non-workers. A special feature of the 1981 District Census Handbook is the inclusion of Scheduled Castes/Scheduled Tribes Primary Census Abstracts which gives complete District/Taluka/Townwise data on Scheduled Castes/Scheduled Tribes.

The data for the Village Directory has been collected through the Taluka Development Officers who in turn obtained the data from the village officials through their Statistical Assistants. In the District Census Handbook Cell this data subjected to a very close scrutiny and inaccuracies or deficiencies where noted were again got checked through the Statistical Assistants. For this purpose persons were deputed to the districts for obtaining the informations quickly. The area figures as reported by the village officials were also checked with the figures reported by the District Inspectors of Land Records. Utmost

care has been taken to see that the spellings of the villages are correct. Some of the data collected from the village level has also been cross-checked with the data which was supplied by the different Directorates and the Heads of the Departments of the State Goverment. The information pertaining to the District write-up (Item V of the Analytical Note) has been obtained through the Collector and the District Development Officers and the other district heads.

The data on Town Directory has been obtained through the various local bodies such as Municipal Corporation, Municipalities, Nagar Panchayats and Gram Panchayats. These were also checked in the Directorate by a Special Cell.

The Primay Census Abstract and Town Directory with their Inset Tables have been prepared in the Directorate whereas Village Directory alongwith its Inset Tables have been prepared in District Census Handbook Cell.

Maps

In each volume one district map showing the taluka boundaries, location of towns and villages having a population of 5,000, comunications, etc. has been printed. Taluka maps for each of the talukas in the district are also inserted in the District Census Handbook. These taluka maps indicate the boundaries of the villages and towns within the taluka and the location code numbers of each village. The maps were prepared in the map section of the Director of Census Operations.

Acknowledgement

The compilation of a huge mass of data which is printed in this book requires the active help and co-operation of the State Government in addition to the help and co-operation of all the officers and staff members of the Census Directorate. I am deeply indebted to Shri H. K. L. Kapoor, Chief Secretary to the Government of Gujarat for extending all help in the matter. Shri K. Rammoorthy who was working as Secretary, General Administration Department, during the Census Enumeration period extended his wholehearted co-operation. Shri V. Krishnamurthy who subsequently took over as Secretary, General Administration Department, also tookactive interest in the progress of Census work. I would like to make a special mention about the extra facilities granted by the State Government by way of creation of a Special Cell for the compilation of District Census Handbooks. One post of Deputy Director and several posts of Research Assistants, Statistical Assistants, Clerks and Typists have been sanctioned by the State Government specially for the coilmpation of the data. The services of all these persons were placed at the disposal of the Directorate for the compilation work.

Shri G. S. Shah, Director, Bureau of Economies & Statistics, Government of Gujarat, also rendered very valuable help by providing whatever data was required for cross-checks and by providing personnel for the Special Cell of District Census Handbook.

The Collectors and the District Development Officers incharge of the districts and the Municipal Commissioners incharge of the Municipal Corporation areas, have extended their wholehearted co-operation for the Census work. The Resident Deputy Collectors, the Deputy Collectors incharge of Sub-Divisionals, the District Statistical Officers, the Deputy District Development Officers, the Mamlatdars, the Taluka Development Officers, the Chief Officers of the Municipalities, the Deputy Mamlatdars and the Statistical Assistants at the District/Taluka levels, all played an important role in the Census work. I express my deep gratitude to all of them. After the Census count a large number of young boys and girls coming right from the schools and colleges were employed as Tabulators, Checkers and Supervisors and all of them worked very hard for the compilation of the useful data.

Shri P. T. Thakkar, Director of Printing and Stationery, Government of Gujarat, has taken the interest in the printing of the Handbooks. I here by acknowledge the valuable help, guidance and assistance rendered by him and other officers of the Printing Department. Shri P. K. Choksi, Printing Inspector in this Directorate, looked after the printing jobs very well.

In the Census Directorate Shri J. K. Patel, Deputy Director of Census Operations (Tech.) was looking after the Compilation Section so far as Census data was concerned. The collection and compilation of data for the Village Directory was looked after by Mrs. Neelaben A. Bhatt, Deputy Director whose services were placed at the disposal of the Directorate. Both these officers have put in hard labour for the compilation and printing of the data.

Shri K. H. Desai, Shri V. A. Sathe, Shri K. R. Shridharani and Shri S. D. Vadera, who were officers on deputation from the Gujarat Administrative Service, supervised the editing, checking and compilation work at the Regional Offices in Ahmadabad, Surat, Vadodara and Rajkot respectively. Shri P. J. Jhala and Shri M. A. Malwade, who were officers on deputation from the State Government from the Bureau of Economics and Statistics, supervised the editing, checking and compilation work at Regional Tabulation Offices in Ahmadabad. Shri V. H. Vasavada, Deputy Director from the General Administrative Service looked after the administration work. All these officers worked diligently and accurately during their service in the Census Organisation.

In the Directorate Shri J. K. Patel, Deputy. Director was assisted by Shri R. V. Sanghani and Smt. D. D. Jhala, Investigators and Satistical Asistants Shri K.P. Patel, Shri R.R Upadhyay, Kum. J.R. Megha, Smt. M.B. Patel and Smt. K.S. Mehta. The typing of Primary Census Abstract was undertaken in a special section which was headed by Investigator Shri M. H. Patel. In the State Cell of District Census Handbook Smt. Neelaben A. Bhatt, Deputy Director was assisted by the Assistant Director Shri V. R. Gandhi and Research Assistants Kum. T. K. Shah and Smt. S. B. Solanki and Statistical Assistants Smt. H. A. Patel, Smt. C. C. Mehta, Shri S. V. Patel and Shri P. K. Shastri.

In the Map Section the work of preparation of State/ District / Taluka maps was looked after by Shri K. M. Dhawale, Senior Geographer and Shri B. L. Arya, Geographer. They were ably assisted by Shri K. K. Patel, Artist, Sarvashri M. S. Bhatt and B. J. Modi Senior Draftsmen and Sarvashri D. A. Maroo, R. K: Joshi, G. M. Kosti, B. C. Trivedi and M.A. Shukla, Draftsmen.

The work of dictations and typing of notes, reports, tables, etc., was undertaken by Shri J. A. Harry, Confidential Assistant in the Directorate, diligently with speed and accuracy. He was assisted by a number of Typists in the office.

Limitations of space prevent me from making individual mention of all those who have contributed to the making of this volume so accurate and complete. Quite a large number of Assistant Compilers, Computors, Clerks, Typists, Proof Readers, Draftsmen, Artist, etc., have contributed valuable help in this work.

Finally, I would like to express my deep gratitude to Shri P. Padmanabha, IAS, Registrar General, Government of India, and Sarvashri K. K. Chakravorty, V. P. Pandey, N. G. Nag and Dr. B. K. Roy, Deputy Registrars General, for the guidance given to me from time to time.

ANALYTICAL NOTES AND TABLES

I. Census concepts of rural and urban areas and other terms, viz., Census House, Household, Scheduled Castes/Scheduled Tribes, Literates, Main Workers, Marginal Workers, Non-Workers, etc.

The 1981 Census was carried out in Gujarat in two stages. The first stage of houselis . .g was completed in the months of June - July 1980. The houselists thus prepared provided a frame for the enumeration work. In the second stage the house to house Census enumeration was carried out from 9th February 1981 to 28th February 1981 with reference date as sunrise of 1st March 1981. The enumeration of houseless population was carried out on the night of 28th February 1981. A revisional round was also taken from 1st March 1981 to 5th March 1981. In this revisional round the Enumerators recorded new births that had taken place after their last visit for enumeration but before the sunrise of 1st March 1981 and also any visitor(s) that had moved into household and who had been away from his/her/their place of normal residence throughout the enumeration period, or an entire household that had moved into the jurisdiction of the enumeration during this period and which had not been enumerated before. The names of persons who had died after the enumeration period but before the sunrise of 1st March 1981 were deleted from the Individual Slips which had been filled up during enumeration period.

In Gujarat prior to the taking of 1981 Census a special programme of updating permanent house-numbering scheme in the different parts of the State was also carried out in co-ordination with the Local Bodies and State Government. The permanent house-numbering scheme in Gujarat was introduced during the 1971 Census and the District/Taluka Panchayats, Municipal Corporations, Municipalities, Nagar Panchayats and Village Panchayats played a very useful role in fixing the number plates on the houses and buildings.

After the Census count was over the Enumerators submitted the figures to the Charge Officers through their Supervisors. These figures were obtained by the Director of Census Operations through the District Census Officers and the figures after compilation were declared on 23rd March 1981 as Provisional Census Figures for 1981 Census. Paper 1 showing those figures was printed and published and distributed on a complimentary basis.

During the Census Operations mainly two Census records were filled up by the Enumerators in each block. These were (1) Household Schedules and (2) Individual Slips. The different concepts which were adopted during the houselisting stage as well as during the Census enumeration are as follows :

(1) Rural and Urban Areas

Rural Areas : The basic unit for rural areas is a revenue village which has a definite boundary. The revenue village may comprise several hamlets but the entire village has been treated as one unit for presentation of the data.

Urban Areas : Urban areas have been specifically defined for the 1981 Census. The criteria adopted during the 1981 Census was almost the same as adopted in 1961 and 1971 Censuses. The following criteria were adopted for classifying urban areas in the States. :

(a) All places with a Municipality, Municipal Corporation or Cantonment Board or Notified Town Area.

(b) All other places which specified the following criteria :

1 A minimum population of 5,000,

2 At least 75% of the male working population engaged in non-agricultural (and allied) activity,

3 A population of at least 400 persons per sq. km. or a population of 1,000 per sq. mile.

The slight variation of the criteria adopted in 1981 and that adopted in 1961-1971 Censuses was that during 1981 Census the persons working in activities such as fishing, logging, etc., were treated as on par with cultivators and agricultural labourers whereas in 1961-1971 Censuses these were treated as engaged in non-agricultural activity.

(II) Census House

A 'Census House' is a building or part of a building having separate main entrance from the road or common courtyard or staircase, etc.; used or recognised as a separate unit. It may be occupied or vacant. It may be used for a residential or non-residential purpose or both. In case of a building having a number of flats or blocks which are independent of one another having separate entrances of their own from the road or a common staircase or a common courtyard leading to a main gate, were considered as separate Census houses.

(III) Census Household

A household is a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so. There may be a household of persons related by blood or a household of unrelated persons or having a mix of both. Examples of unrelated household are boarding houses, messes, hostels, residential hotels, rescue homes, jails, etc. These are called 'Institutional Households.'

(IV) Scheduled Castes / Scheduled Tribes

The Scheduled Castes and Scheduled Tribes as notified under the Constitution for Gujarat State have been treated as Scheduled Castes and Scheduled Tribes for the purpose of Enumeration. A list of such Scheduled Castes/Scheduled Tribes notified for Gujarat is as under :

(V) Literates

A person who can both read and write with understanding in any language is taken as 'literate'. A person who can merely read but cannot write is not literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard

(VI) Main Workers, Marginal Workers, Non-Workers

During the 1981 Census 'Work' had been defined as participation in any economically productive activity. Such participation may be physical or mental in nature. The work involves not only actual work but also effective supervision and direction of work

The reference period for 'Work' is one year preceding the date of enumeration. The main-worker was a person who had worked for the major part of the year in that activity. By major part of the year it was intended to find out as to whether a person had worked for 183 days or more or in other words worked for six months or more. Those who had worked for less than six months or 183 days were treated as marginal workers. A non-worker was one who had no economical activity during the year.

The information on 'Workers' and 'Non-Workers' were obtained through Q. Nos. 14 (a) to 16 of the Individual Slip. The main activity of workers has been classified into four categories, viz., cultivator, agricultural labourer, household industry and other worker These terms are explained below :

Cultivator

For purposes of the Census a person is working as cultivator if he or she is engaged either as employer, single worker or family worker in cultivation of land owned or held from Government or held from private persons or institutions for payment in money kind or share. Cultivation includes supervision or direction of cultivation

A person who has given out his/her land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land, will not be treated as cultivator. Similarly, a person working in another person's land for wages in cash or kind or a combination of both (agricultural labourer) will not be treated as cultivator.

Cultivation involves ploughing, sowing and harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc, and other crops such as sugarcane, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fibre crop, cotton, etc., and does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plantations.

Agricultural Labourer

A person who works in another person's land for wages in money, kind or share is

regarded as an agricultural labourer. He or She has no risk in the cultivation but he/she merely works in another person's land for wages. An agricultural labourer has no right of lease or contract on land on which he/she works.

Household Industry

Household Industry is defined as an industry conducted by the head of the household himself/herself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in a household industry should consist of member of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act.

There may be an industry which is being run by a large joint family of more than 10 persons and where power is used or more than 20 persons where power is not used. In such cases, though only family members are involved, this is not to be treated as 'HHI.' Thus, the meaning of the term 'run on the scale of a registered factory' refers to such cases even if these are not registered as such.

The main criterion of a Household Industry is the participation of one or more members of a household. This criterion applies in urban areas too. Even if the industry is not actually located at home in rural areas there is greater possibility of the members of the household participating even if it is located anywhere within the village limits. In the urban areas where organised industry takes greater promnience, the Household Industry should be confined to the precincts of the house where the participants live. In urban areas even if the members of the household by themselves run an industry but at a place away from the precincts of their home, it is not to be considered a Household Industry. It should be located within the precincts of the house where the members live in the case of urban areas.

A Household Industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. It does not include professions such as a pleader or Doctor or Barber, Musician, Dancer, Waterman, Dhobi, Astrologer, etc., or merely trade or business, even if such professions, trade or services are run at home by members of the household

Other Workers

All workers, i. e. those who have been engaged in some economic activity during the last one year, who are not cultivators or agricultural labourers or in Household Industry are 'Other Workers.' The type of workers that come under this category include factory workers, plantation workers, those in trade, commerce, business, transport, mining, construction, political or social work, all Government servants, municipal employees, teachers, priests, entertainment artists, etc In effect, all those who work in any field of economic activity other than cultivator, agricultural labourer or household industry, are 'Other Workers'.

II Brief history of District and District Census Handbook

[A] History of the District

As a result of integration of States in 1948, the former Indian States of Dhrangadhra, Limdi, Wadhwan, Lakhtar. Sayla, Chuda, Muli, Bajana, Patdi and the Thanas of Vandd, Vithalgadh, Zainabad, Rajpur, Anandpur (k.s Hathi Desa), Anandpur, (k s Desa Jiva), Chotila, Bhoika, Zinjhuwada, Dasada and part of Raisankli merged into the former State of Saurashtra and formed part of its Zalawad district Consequent upon reorganisation of States in 1956, it became a part of the Bombay State and the district was renamed as Surendranagar district on 19-6-1959. It formed part of Gujarat State, When the latter came into existence as a result of bifurcation of the bilingual Bombay State on 1st May, 1960.

Reviewing the historical background of various princely States included in this district, it is found that the chiefs of Dhrangadhra

were Jhala, Rajputs. Originally a sub-division of the Makvana family claiming descent from Markand Rishi. They are said to have ruled at Keranti, a village in Sindh. Abhesinghji, son of Raja Sahib Chandrasinhji of Halvad received Lakhtar for maintenance from the Dhrangadhra Gadi and founded the house of Lakhtar in the biginning of the 16th Century. The Limbdi house of the former Limbdi State sprang from Harpaldev, the common ancestor of the rulers of Dhrangadhra and Limbdi houses. It was Verisalji, the son of Aderaji, who removed the capital to Limbdi. The Parmars who emigrated from Tharparker in Sindh were permitted by Visaldev, the Vaghela Raja of Wadhwan to encamp on the bank of the Bhogavo river close to the spot where Muli now stands. After the reign of Solankis of Patan, Wadhwan came into the hands of a branch of the Vaghelas who were dispossessed by the Muslims, where after it fell in to the hands of the Jhalas of Halvad. The original owners of than are said to have been the Babarias whom the Parmars ousted. The Parmars were followed by the Kathis who made Than their headquarters. In A D. 1960 Kartalab Khan, the Viceroy of Gujarat, dispersed the Kathis and destroyed the temple of the Sun God worshipped by them. Thereafter, Than remained a Muslim Thanah till the Mogul power waned. It then fell in to the hands of the Jhalas of Halvad. Originally a holding of the Sodha Parmars, Chotila was conquered from Jagasio Parmar by the Khachar Kathis in 1565. Most of the Khachar Kathis trace their origin to the Chotila house, one of the twenty State and estates comprising this district.

The former State of Bajana was founded by the fugitive Jats driven away from Sindh by its ruler. The Sultan of Ahmadabad bestowed 24 villages on their leader Malik Hedoji for their prowess in the capture of the Champaner fortress. As Malik Haidar Khan (one of the Jat leaders) established himself there, Bajana and its neighbourhood came to be known as Nahani Jatvar or little Jatvar. The talukdars of Dasada were Multani Maleks descendents to Malek Bakhan, one of the Thanahdars who lived and prospered in the time of Sultan Ahmed of Gujarat (A.D. 1411-1443). For a long time, Dhandhalpur was in the possession of the Babarias who were expelled in A.D. 1790 by Godada Khavad. The Khavads are said to be the off-spring of a Jhala of the Patdi house named Khavadaji who married a Kathi lady.

In November, 1956, the States were reorganised and the bigger bilingual State of Bombay was formed with Vidarbha, Marathawada, Saurashtra and Kachchh regions and Surendranagar district became a part of the bigger bilingual State.

Lastly, the Bombay State was bifurcated on 1st, May, 1960 and separate State of Gujrat and Maharashtra were formed. Since that date the Surendranagar district became a part of the Gujarat State.

[B] History of District Census Hand book

Prior to the 1951 Census the Census figures were brought out villagewise under a booklet known as 'Village Handbook' which contained only the population totals of villages. These books were prepared by the Census Organisation on behalf of the State Government and published by the latter. It was for the first time in 1951 Census that a more detailed and well organised book known as 'District Census Handbook' was brought out by the Census Organisation. The 1951 Census Handbook contained the villagewise Primary Census Abstracts which also included the information on post offices, railway stations and the nearest bazars of each village The handbook also contained several district tables.

During the 1961 Census the District Census Handbooks were brought out which contained the Primary Census Abstracts as well as certain district tables.

During the 1971 Census also the District Census Handbooks were published which in addition to the Primary Census Abstracts contained a village Directory showing the different village amenities and land-use of all the Villages in the district. A separate portion known as 'Town Directory' was also included in the District Census Handbook. The Handbook was divided into three subparts known as Part-A, which contained the Village Directory and Town Directory Part-B, which contained the

Primary Census Abstracts and Part-C, which contained the Introductory Essay, Official Statistics, etc.

For the 1981 Census the District Census Handbook is being brought out in two Parts, Part XIII-A and Part XIII-B. Part XIII-A will contain the Village and Town Directory where as Part XIII-B will contain the Primary Census Abstracts both General and Scheduled Castes/ Scheduled Tribes. The Part C as it was brought out during the 1971 Census has been dropped.

II. Scope of Village Directory, Town Directory and Primary Census Abstract

The District Census Handbooks which are now being printed during every Census after the 1951 Census, are very important publications of the Census Organisation. With the emphasis by the Planning Commission on the 'Minimum Needs Programme' of the rural areas the District Census Handbook has become an important tool in the hands of the Administrators. Planners, Policy Makers and Academicians. For the 1981 Census the District Census Handbook has been divided into two parts which are combined in one volume. The details of the contents of each of these two parts are as follows :

Part A : Village and Town Directory

Village Directory

This Part A contains the non-census statistics of each village and town in the district. The Village Directory gives village-wise particulars of amenities available for each village in the spheres of education, medical, power supply, drinking water, post and telegraph, communication, land-use, weekly markets and places of religious, historical and archaeological interests in the village. During the 1981 Census additional information regarding (1) copies of the newspapers coming in the village, (2) Number of motor-cycles and scooters available in the village, (3) number of cars and jeeps available in the village, and (4) number of tractors available in the village have been added. The above non-census data of the Village Directory was collected from the Taluka Development Officers of each Taluka Panchayat in the State. In Gujarat under the democratic decentralisation scheme the Panchayats are now exercising very wide powers and the post of Statistical Assistants are under the administrative and technical control of the Taluka Panchayats. Besides, the Talati-*cum*-Mantris at the village level who are the base village functioneries are also under the control of the Taluka Panchayats. The proformae for soliciting the information were despatched to the Talati-*cum*-Mantris through the Taluka Development Officers and these after they were filled up were checked by the Taluka Development Officers and also by the Directs Statistical Officers who work under the administrative and technical control of the District Panchayats. The data thus receveid was checked fully in the District Census Handbook Unit of State Government. At the end of Village Directory a taluka abstract in Appendix-I of educational, medical and other amenities is also prepared and printed. Appendix-II which shows the land utilisation data in respect of non-municipal towns is printed. In Appendix-III the talukawise list of villages where no amenities relating to educational, medical, drinking water, post and telegraph, communications, power supply and market/hats are available have been shown. Appendix-IV shows talukawise list of villages according to the proportion of Scheduled Castes/ Scheduled Tribes population by ranges. The last two appendices have been included for the first time in the 1981 Census.

Town Directory

The Town Directory portion furnishing the data for each town in the district is exhibited in seven statements covering (1) the status and growth of the civic administration, (2) physical aspect and location of towns, (3) the civic finances of the towns, (4) the civic and other amenities in the towns, (5) the medical, educational, recreational, and cultural facilities in the towns, (6) trade, commerce, industries and banking in the towns and lastly; (7) the civic and other amenities in notified slums wherever they exist.

The non-census data for each of the towns for the Town Directory were obtained from the

Municipal authority in case of municipal towns and for other towns the data were obtained from the concerned Nagar and Gram Panchayats. An Appendix showing the towns with their outgrowths with population is also prepared and attached at the end of the Town Directory.

Part B : Primary Census Abstract

Part B gives for each village and for each ward of the town the primary census data incorporating area of the town in km^2 and of the villages in hectares, the number of occupied residential houses, the number of households, total population and its break-up by sex, Scheduled Castes and Scheduled Tribes population, literate population and working population by four broad categories, viz: (1) cultivators, (2) agricultural labourers, (3) those working in household industries, (4) other workers. There is a slight departure in the presentation from the 1971 categories which were in all nine categories.

The Scheduled Castes/Scheduled Tribes Primary Census Abstract at the District/Taluka/City level are also printed in Part B of the Handbook.

IV. Physical aspects bighlights on the changes in The jurisdiction of the district during The decade including its boundaries and any important event on geographic or geophysical aspect

There have been no major jurisdictional changes in the district boundries during the last decade. The administrative jurisdiction of all the talukas of the district as shows in 1971 Census is the same during 1981 Census except a few changes in villages/towns which are as under :

There is a addition of two new village and deletion of four villages in the district. Under State Govt. G. R. No. GHM/4128/M/TMC-1071/51512-L dt. 4/10/1971 two villages viz Shivpur (L.C.No. 62) and Ranchodgadh (L.C. No. 63) are carred out from Mathak (L.C. No. 61) of Halvad taluka.

Four (4) villages of Dasada taluka have been deleted from the village list of 1981 Census as these villages have been reported to be hamlets of nearby villages by the concerned revenue authorities. These villages are as under :

Sl. No.	L.C. No.	Name of village during 1971 Census	L. C. No.	Name of village in which included ns hamlet during the 1981 Census
1	15	Abapura	15	Fatehpur
2	59	Odu Agar	57	Odu
3	66	Juna Sadla	63	Nava Sadla
4	68	Juna Savlas	64	Savlas

V. Major characteristics of the district particularly in relation to the economic resources namely, Agriculture, Irrigation, Co-operation, Livestock and Animal Husbandry, Industries, Power Supply, Transport and Communication, Prices, Insurance, Education, Medical and Public Health etc.

[1] Agriculture

(a) Land Utilisation

The total reporting area in the district in the year 1979-80 was 10.44 lakh hectares. The details of the land utilisation for the year 1979-80 are as under.

Land Utilisation

Sl. No.	Classification of area	Area in '00 hectares
1	Forest	447
2	Barren and Uncultivable land	1,301
3	Land put to Non-agricultural uses	424
4	Culturable waste	336
5	Permanent pasture and other grazing land	447
6	Land under miscellaneous crops and groves not included in area sown	..
7	Current fallows	128
8	Other fallows	834
9	Net area sown	6,527
	Total area	10,444

(b) Area Under Major Crops

Area Under Major Crops in the year 1971-72, 1975-76 and 1980-81 are shown in the table below :

Area under different crops

(in '00 hectares)

Sl. No.	Crop	Area under different crops		
		1971-72	1975-76	1980-81
1	Bajri	1,234	1,371	799
2	Jowar	1,050	1,214	951
3	Wheat	238	269	262
4	Rice	2	2	6
5	Other Cereals	26	22	90
6	Total Cereals	2,550	2,878	2,108
7	Gram	24	64	69
8	Other Pulses	85	88	122
9	Total food grains	2,659	3,030	2,279
10	Groundnut	352	129	252
11	Cotton	3,791	3,450	3,571

The above figures reveal that the main food crops are Bajri, Jowar, Rice and Gram whereas main cash crops are Cotton and Groundnut.

(c) Yield per Hectare

During the year 1971-72, 1975-76, and 1980-81, the yield per hectare of important crops in the district is given below :

Yield per Hectare

(in kg.)

Sl. No.	Crop	1971-72	1975-1976	1980-81
1	Bajri	532	801	311
2	Jowar	193	133	117
3	Wheat	1,035	2,275	2,236
4	Rice	1,000	..	..
5	Total pulses	265	409	304
6	Groundnut	358	974	275
7	Cotton	155	139	116

(d) Crop Calendar

The months of sowing and harvesting of different crops are given below :

Crop Calendar

Sl. No.	Name of Crop	Months of Sowing	Month of harvesting
1	Paddy	June-July	September-October
2	Wheat	November-December	February-March
3	Jowar	June-July	September-October
4	Bajri	June-July	October-November
5	Groundnut	June-July	October
6	Cotton	June-July	February-March

(e) Scarcity

The Scarcity affected villages in the district during the year 1971-72 to 1979-80 are as under :

Scarcity

Year	Scarcity affected villages
1971—72	..
1972—73	660
1973—74	231
1974—75	660

1976—77	15
1977—78	205
1978—79	211
1979—80	193

[2] Irrigation

The area irrigated by different crops for the year 1971-72, 1975-76 and 1979-80 is given below :

Area irrigated by Crops

(in '00 hectares)

Sl. No.	Crop	1971-72	1975-76	1979-80
1	Rice	2	1	5
2	Wheat	104	72	58
3	Jowar	1	..	..
4	Bajri	5	4	2
5	Gram	1	..	..
6	Other food-crops	8	10	15
7	Total food-crops	121	87	80
8	Cotton	390	325	605
9	Fodder crops	30	31	27
10	Total Non-food crops	420	356	632
	Total gross area under irrigation	541	443	712

The irrigated crops are mainly wheat, cotton and Fodder crops whereas other crops are mainly depending on the monsoon.

Sources of Irrigation

During the year 1971-72, 1975-76 and 1979-80, the sources of irrigation were as follow :

Irrigation by source

(in '00 hectares)

Sl. No.	Source	1971-72	1975-76	1979-80
1	Government Canals	97	37	121
2	Tanks	7	..	..
3	Wells	427	397	576
4	Net area irrigated	531	434	697
5	Gross area irrigated	541	443	712

The major source of irrigation in the district is wells followed by Government Canals.

Minor Irrigation

During 1971 to 1980 minor irrigation schemes viz. (1) Bandiyabeli (2) Bamanbor (3) Mevasa (4) Panchavoda (5) Gadhechi (6) Goriya (7) Nana Matra (8) Ori (9) Ranipat (10) Khampaliya (11) Chandrabhaga (12) Kankavati (13) Ghanshyamagadh (14) Khari (15) Sundra Bhavani (16) Mulbavia (17) Chachka (18) Gedi (19) Rangadh (20) Sarcharia (21) Sakar were completed which provide a total gross command area of 13,885 hectares. In addition to these three minor irrigation schemes were under construction as on 1-1-81 Viz. (1) Satapar (2) Vavati (3) Gundiyala, total gross command area of 880 hectares will be irrigated under all these schemes when they are completed.

Medium Irrigation

In the year 1980-81 Medium Irrigation Schemes and its ultimate potential and its achievement of potential and utilisation are given as below :

Medium Irrigation

(in '00 hectares)

Sl. No.	Scheme	Ultimate potential	Achievement at the end of 1980-81	
			Potential	Utilisation
1	2	3	4	5
1	Brahmani	3.85	3.85	13.09
2	Bhogavo I	1.67	1.67	2.64
3	Bhogavo II	0.48	0.47	1.28
4	Limbdi Bhogavo	3.20	3.20	2.54
5	Khari	0.88	0·80	0.54

[11] Education

Education plays an important role in the National Development Programme. Primary education is compulsory both for boys and girls in the age-group 6-11 years. The State Government has been making all efforts to provide atleast one primary school in each village of the State, so that this basic necessity can be within the reach of every rural citizen. After the formation of district panchayats in Gujarat the function of primary education has been transferred to the district panchayats in the rural areas, whereas in urban areas the same is under municipalities

Education facilities in the district for the year 1971-72, 1975-76 and 1979-80 are as under :

VI. Brief description of places of religion, historical or archeological importance and places of tourist interest in the villages/towns of the district

Sl. No. 1	Name of Taluka 2	L.C. No. 3	Name of Town/Village 4	Details of religion, historical or archaeological interest 5
1	Wadhwan	..	Surendranagar	Surendranagar, the district headquarters is on the river Bhogavo. Surendranagar was established in the year 1864 and was previously known as Wadhwan Camp or Wadhwan Civil Station. It was the headquarters of the British Political Agent. The Political Agent withdrew from the Wadhwan Camp when retrocession took place. It was restored to the Wadhwan ruler in 1946 and was renamed Surendranagar in 1947 after the name of the ruler, Shri Surendrasinhji of the Wadhwan State. This town played an important part in the struggle for freedom and was an important centre of passive resistance during various political freedom movements. Surendranagar is considered the 'Gateway of Saurashtra' and as such it is an important commercial centre.
2	Wadhwan	..	Wadhwan	The Wadhwan city is on the Bhogavo (Wadhwan) river. It is the place where Ranak Devi is supposed to have become *SATI* when she was brought there as a captive by Siddharaj Jaysinh after the murder of her husband Ra'Khengar, ruler of Junagadh and her two sons. Her small temple still stands on the southern bank of the Bhogavo river. It is a protected national monument. Wadhwan was originally known as Vardhmanpuri and was a centre of Jainism. Acharya Harishen wrote his 'Brahat Kathakosh' here in 933. A.D. It is a place of pilgrimage for the Jains, because there are the foot-prints (paglas) of Mahavir Swami. There are two ancient step-wells (vav) here. One is called Madhavav bearing the inscription that it was built in the Samvat year 1350 (1294 A.D.) by Madhav, a Nagar Brahmin, Minister of Karan Ghelo, the last of the Anhilvad Kings. The second step-well is more ancient and is known as Gangavav built in the Samvat year 1225 (1169 A.D.). Both the step-wells are preserved as protected monuments. There is one large Swaminarayan temple of the Wadhwan Gadi at Wadhwan. Besides there are temples of Shri Ram, Lalji Maharaj, Wagheswari Mata and Mahavir Swami Jain temple where Gadhaia silver coins were sometimes found.
3	Wadhwan	3	Khodu	There is a very old Sati monument at the village on which it is recorded that in Samvat 1141 (1085 A.D.) the virgin daughter of a Kanodia Jani became a Sati on the second day of the dark half of Shravan, the best among the months. Another inscription runs as follows. "In Samvat-1544, Shravan Sud 8th, Thursday, Rana Shri Surdasdev, son of Rana Shri Vagh, the famous lord of Jhalavad died. To commemorate his death on this spot, his mother Purandi erected this temple. The mason who built it was Bhota by name".
4	Wadhwan	16	Dudhrej	The village is known for its temple called Vadwala's temple constructed about 450 years ago. It has an idol of Shri Ram consecrated by one Shastam Swami. Although the idol of Ram is installed in the temple, it is not called Ramji Mandir, but is called Vadwala Mandir because of the sacred banyan tree planted there. Dudhrej was originally a Nes of the Charans. Shastam Swami desired that a temple should be built on the bank of the tank and directed the Charan ladies going to Wadhwan that they should pour milk (dudh) over a particular place where he had planted a banyan tooth brush. The Charan ladies did likewise and from then the place began to be known as Dudhrej. A stone rosary of the Swami

4	Wadhwan	16	Dudhrej	is still preserved here and is worshipped by devotees. It is believed that the rosary has miraculous powers to cure rabid dog bites to animals and human beings. The patient has to come to the temple on Sunday or Tuesday. Then the rosary is dipped in the butter-milk, such butter-milk is given to the patient who is cured of the rabies.
5	Wadhwan	20	Dedadara	There is a kund (reservoir) known as Gangvo kund 52 feet in length and 38 ft. broad. On two sides of the kund, there are series of foot-steps leading downwards. The inside walls of the kund are architecturally decorated. On each corner of the kund there is a temple. Besides these, there are several other temples near this kund. These include temples of Ganesh, Shiv, Ambaji and Surya. The temples are of impressive architectural beauty and belong to the Chalukya period. Nearby there are two rows of paliyas (memorial stones). The oldest of them is dated Samvat 1783 and the latest one is dated 1946. About half a km., from the Gangvo kund, there is a Shiv temple popularly known as Mania Mama's temple. This temple is now in a dilapidated condition.
6	Limbdi	..	Limbdi	Limbdi was previously the capital of the Limbdi State. Limbdi played an important role in the freedom movement especially in the struggle for democratic rule organised by the people against the princely regime. In the town, the Gandhi Smruti Mandir, the Tower Bungalow, the Jagadish Ashram and the Fulnath Mahadev tample are worth visiting. There is a Jain Bhandar which has preserved ancient manuscripts and books written by Jain monks.
7	Limbdi	6	Ranagadh	Ranagadh is inhabited predominantly by the Scheduled Tribe of Padhars. They are famous for their vigorous and rhythmic folk dances. Ranagadh is situated on the border of the Nalsarovar. Which is famous for watching migratory birds coming from over Siberia in December and January every year.
8	Limbdi	16	Shiyani	There is a Jain temple which has an inscription dated Samvat 1076, (1020 A.D.) showing that certain images of Shantinath and other Tirthankers were installed by Parekh Jutha Madhavji at Shiyani-nagari in that year. The temple is, however, said to have been built by Sampriti Raja (grandson of Ashoka) as stated in the Jain Kalpasutra in the Shantrunjaya Uddhara and the Gautama Parakrama. There is an old temple of Lord Krishna known as Keshavrai Mandir. The legend is that the idol of Krishna is one which was worshipped by Mirabai. There is also a temple of Khandeshwar Mahadev about 700 years old.
9	Limbdi	71	Mojidad	Mojidad is famous as the birth place of Shriman Nathuram Sharma who was born here in the year 1914. His Ashram in the village is visited by a large number of his followers. Mojidad is a handloom weaving centre. The pachhedis made in this village are very popular.
10	Limbdi	73	Bhrugupur	Bhrugupur was originally known as Bhruguwas, which was subsequently changed to Bhadakva. In 1953, its name was changed to Bhrugupur. Bhrugupur has derived its name from sage Bhrugu whose Ashram was at this village. The Gangvo Kund near Gangeshwar Mahadev is considered to be holy, where people take bath and immerse the ashes of the dead. The village panchayat organises a

Another fair called Jasma Odan fair is held on Shravan Sud 11 (August), when persons belonging to the Od community and others visit the shrine of Jasma, a sati of the Od caste associated with the history of Siddharaj Jaysinh of Patan. There is an old temple of Bhrugunath Mahadev. According to a local legend, it was established by Bhrugu Rishi. On the confluence of the Vansal and Nagdukiyo rivers, there were the Ashrams of Bhrugu Rishi, Gautam Rishi and other saints where now stand a temple.
11	Limbdi	75	Chuda	Chuda, originally known as Kanakanpur is on the bank of the Vansal river. Shri Harikrishna Maharaj who has a good following in the Kheda and Ahmadabad district was born here. He claimed to be God and installed his own idol in the temple at Chuda.
12	Limbdi	78	Chokadi	Chokadi is famous for the shrine of Charmalyo Nag, one of the few shrines dedicated to snake worship in the peninsula. During the State regime the temple was patronised by the rulers.
13	Limbdi	101	Rangpur	It is famous for the temple of Hinglaj Mata said to have been founded by the Padhars. The excavations at Rangpur made during 1953–56 have revealed the existence of the Harappan and the post Harappan culture in Saurashtra, certain elements of which continued undistrubed in Saurashtra inspite of several migrations into this territory. They go to show that though the Harappan settlements slowly deteriorated from well-planned and well-built townships into small village, the traditions of their ceramic and other arts were preserved undistrubed.
14	Sayla	..	Sayla	This place is famous for the institution started by Lalji Maharaj or Lala Bhagat. It has a temple of Shri Ramchandra were all persons irrespective of caste, creed or religion, are given free meals for the last over 150 years. At present about 1200 persons are provided Free meals every day. Lala Bhagat was so popular that the village itself is popularly called Bhagat's village. On Shravan Vad 7 and 8 (August), a fair is organised by the trustees of the temple to celebrate the birthday of Lord Krishna.
15	Sayla	31	Sejakpur	It is famous on account of the Navlakha Shiv temple of exquisite architectural beauty. It is said that there were nine such temples in the past. During recent excavations, a Ganesh temple with a large-sized Ganesh idol has been discovered from here.
16	Sayla	55	Dhandhalpur	Before the merger of the States, Dhandhalpur was under the Jurisdiction of the Eastern Kathiawar Agency under the Thana. It is said that while on her way to Dholka, Minaldevi, the wife of Karandev Solanki of Anhilvad Patan, halted at Dhandhalpur to visit the "*siddha*" or the saint who resided there. There she delivered a son, who the hermit predicted, would be a great ruler. In gratitude to the *siddha*, Minaldevi named her son, Siddharaj. When Siddharaj was the ruler of Gujarat, he built the fort of Dhandhalpur and constructed the tank at Adala (6 km., from Dhandhalpur) to commemorate his birth at that place, which was at that time the border town of the Anhilvad Kingdom.
17	Chotila	..	Chotila	Chotila is situated at the foot of the Chamunda hill which is surmounted by the temple of the Chamunda Mata at a height of 1,173 feet. There is also a temple of Lord Shiv known as Zaria Mahadev 8 km., north-west of Chotila, where water trickles from the hill and con-

A little beyond the Zaria Mahadev is the Mandav forest wherein there is a fort of Analgadh which is now in ruins. It is believed that the encounter between the British Police force and the outlaw Vahala Thuntha took place here. As the fort was the rendezvous of the dacoits the British destroyed it later on. About 8 km., south-east of Chotila near village Kahsar there is temple of the Dangnath Mahadev where an annual fair is held on the Shravan Vad 30. A little further there is a shrine of Goddess Machhu.
18	Chotila	..	Thangadh	Thangadh is famous throughout India as a centre of ceramic industry. Than is well-known throughout India for its pottery and crockery works manufactured by the Parsuram Pottery Works. About 8 km., north of Than, there is the temple of Trinetreshwar (three-eyed God, Shiv) which is a protected monument. There are also the temples of the Snake God Vasuki and the shrine of Bandia Beli. Near Than at a distance of two km., there is an old temple of the Sun God, about 800 years old. The temple is chariot-shaped. There is a step-well known as *Satini Vav*. The water of the step-well is said to have miraculous powers, as it is believed to bring milk to the mother's breasts.
19	Chotila	3	Tarnetar	Tarnetar is known for the ancient Tarnetar or Trinetreshwar Mahadev temple. The temple is called Trinetreshwar Mahadev, as Lord Shiv is said to have opened his third eye here to burn God Kamdev. There are only two such temples in India, the other one being at Badrikashram in the Himalayas. As the temple was very old, Karansinhji, the ruler of the former State of Lakhtar renovated the temple in the year 1902 in commemoration of his daughter Karnaba. There is a stone inscription about this in the temple. The existing temple is on the bank of a rivulet with a tulsi-kyara in its midst. It is surrounded by three *kunds* (reservoirs) called Brahma, Vishnu and Shiv. Near the *kunds*, the pilgrims take heated stamp of Trishul on their hands. In the *kunds*, the ashes of the dead are immersed. Its architecture belongs to the 14th century and it is a protected monument. The popular belief is that Draupadi's *Swayamvar* was arranged here and Arjun, one of the five Pandavas, expert in archery, performed the *Matsyavedh* were there is a *Tulsi Kyara* at present. As Arjun performed this feat successfully, Draupadi was married to the Pandavas. A very big annual fair is held here on the Bhadrapad Sud 4, 5 and 6.
20	Chotila	22	Anandpur	It is situated on the rivulet Sari, at the foot of the Thanga hills some of which are higher than one thousand feet. In former times, it was an outpost of the Anhilvad kings. The temple of Ananteshwar Mahadev is, therefore, believed by some to have been built by Siddharaj Jaysinh. But according to the bards, it was founded in 1068 A.D. by Chudasama Anand or Anant, who built a large Shiv temple and named it Ananteshvar, which subsequently came to be called Anteshvar. It is a monument of archaeological interest. The temple was destroyed by the Mahamud of Ghazni and the idols on the outer walls of the temple were damaged. It is said that a Maratha General of 1857 A.D., revolt fame had stayed here *incognito* as a Brahmachari. One of the temple rooms is, therefore, still known as Brahmachari's room. A copper plate on the interior wall of the temple indicates that the temple was renovated in Samvat Year 1929 by a Kathi Girasdar of this village.

21	Chotila	81	Bhimora	The village was founded by a Kathi named Nana Khachar who had constructed a fort around the village. The fort is so strongly built that though it is now in ruined condition, its stones are still intact. Near the village, there is a cave known as Bhim Gufa. Inside the cave, there is a temple of lord Shiv. It is believed that the Pandavas had stayed here during their period of exile.
22	Chotila.	99	Chobari	There is an old step-well known as Chomukhi Vav which is declared as a protected monument by the State Government. A little beyond the Chomukhi Vav, there are three temples sacred to Nag Devta (snake God). These temples are of historical importance. Near the temple, there is an unidentified tree which bears no fruits but has medicinal value. It is said that water sometimes oozes from this tree.
23	Muli	13	Sarla	There is a story current in the Sarla village that Amarsingh, a ruler of Dhrangadhra State had encamped at this village. He saw a very beautiful Rabari girl. In infatuation, he called that girl to his camp at night. The girl told this to her parents who became much distressed. Her parents were the followers of Govind Bhagat of the Kabirpanth. They approached Govind Bhagat and apprised him of the incident. Govind Bhagat consoled her parents and directed the girl to go to the ruler who he said, would not be able to satisfy his sexual desire. He assured her that her modesty would be protected by Kabir Saheb. Thereafter, she went to the ruler who had by then become impotent. Thus the girl was saved from the outrage by the ruler. The impotency of the ruler could not be cured by medicines. The ruler, therefore, approached and prayed to Govind Bhagat for mercy. Bhagat relented and said that he would remain potent during the first fortnight of the month and would become impotent in the second fortnight.
24	Muli	25	Dudhai	Dudhai is famous for its temple called the Dudhai Vadwala temple established over 250 years ago by Shri Meghidasji Maharaj. It was renovated about 25 years ago. It is held in reverence by the Rabaris who come here on pilgrimage from distant places like Kachchh, Bhavnagar etc. The temple is a branch of the Vadwala temple of Dudhrej in the Wadhwan taluka. It is said that people suffering from rabies are cured here on drinking buttermilk sanctified by the sacred rosary of the temple. The institution runs an annakshetra. It maintains 60 cows in its gaushala.
25	Muli	32	Muli	It was the capital of the former Muli State. The monument of *Sati Jambai*, Mandavrai temple (a Sun temple built in memory of the Parmar Chiefs) and the Kamdhenu Mandir are places of religious interest. The main attraction of the village is the large Swaminarayan temple built by Shri Brahmanand Swami. The trustees of the Swaminarayan temple organise annually two fairs; one, the Vasant Panchami Fair *(Samaiya)* on *Magh Sud* 5 (January) to celebrate the advent of spring, the other known as the Janmashtami fair *(Samaiyo)* on *Shravan Vad 8* (August).
26	Muli	50	Umrada	There is the Bileshwar Mahadev temple on the confluence of three rivers, viz., one from Chotila, the other from Kanpur (Sayla Taluka) and the third known as the Bilvaganga. The temple of Bileshwar Mahadev is about 140 years old. Near the temple, the Bili trees grew in large numbers. The temple was, therefore, named

Married couples desirous of progeny come here and pray for a child. Fairs are held on Mahashivratri and every Monday of Shravan (July–August) at the Mahadev temple.
27	Halvad	vii	Halvad	The name "Halvad" is said to have been derived from "Hal", meaning a 'plough' and "Vat" meaning 'like' as the old town had a plough–like shape. Among other places of interest in the town are the *'Satina-paliyas'* where the nuptial-knots of the newly weds are united. These paliyas or memorial stones are built in memory of those women who died after their husbands and became *Sati*. Besides, there are a number of old step-wells, four of which are larger and consist of seven floors. It is believed that a bath in the step-well cures one from the skin diseases. A beautiful palace called Ek Dandiya Mahal built on the bank of a fine lake called Samatsar is well-known for its beautiful wood work. Because of its architectural value it has been notified as a protected national monument, near the palace, there is a temple of the Shakti Mata. At a short distance to the west of Halvad on the bank of the Samatsar tank there is a pilgrim place of the Dawoodi Vohras called Maula Kaji where an Urs is held every year. It is considered to be a very important pilgrim place of the Vohras in Saurashtra. There are six Mahadev temples encircling the Halvad town. Besides there are two temples of Swaminarayan, one Hanuman temple, two Jain temples, two mosques, etc. There are temples of goddess Bhavani and Bhuteshwar Mahadev in the cremation ground.
28	Halvad	2	Tikar	The village was founded in 1328 A.D., by Raja Meghpalji and is named after the Gujarati word 'Tekaro', meaning an elevation, since it is situated on a rising ground. It has a fine Jain temple built in 1837 A.D., by Sanghvi Hima Surchand. The village is also famous for earthern vessels, and chophals (cotton coverlets).
29	Halvad	64	Sundari	Sundari is a part of the Panchal area. It has a temple of the Samudri Mata or Sundari Mata, the 'Kuldevi' or family deity of Kandolia Brahmins. Sundari Bhawani Mata is also the family deity of the Koli sailors, because Sundari was once a port inhabited by sailors. The Goddess is said to have been born from sea and so she is known as Samudri or Sundari Mata. Originally, the temple of the Goddess was erected at Prabhas (in Junagadh district) and then at Valabhipur. Both these temples are now destroyed. According to a legend, the Pandavas had stayed here. Because of this legend, the idols of the Pandavas have been installed at this place and have been preserved as a protected monument. It is also said to be the place where Kanva Rishi had his Ashram.
30	Dhrangadhra	viii	Dhrangadhra	Dhrangadhra was the capital of the former Dhrangadhra State. The name Dhrangadhra is probably derived from the Sanskrit dharang, stone, and dhara, holder, as the place abounds in stone quarries. The town is entirely built of this Dhrangadhra stone. It is known for its sandstones of variegated colours used as buildiug material, copper and brass vessels, stone hand-mills, pottery and salt. Dhrangadhra is an important centre for production of Khadi.

30	Dhrangadhra		Dhrangadhra-Contd.	Among the religious places are the Ram Mahel, the Shakti temple, the Shitala Mata temple, the Jain Derasar, the Deshal Bhagat's Chhapari, the temples of Ram, Ranchhodji, Krishna, Baldev, Rokadia Hanuman and two temples of Swaminarayan. On the Gokulashtami day, a fair is organised by the municipality from the 7th to 10th day of the dark half of Shravan (August).
31	Dhrangadhra	10	Dhrumath	It is well-known for an ancient tank known as Draupadi's Kund. On the bank of the tank there are remains of several old temples.
32	Dhrangadhra	19	Kankavati	The village has an old Matri Vav (step-well) constructed by Rana Bhimsinhji. The Matri Vav and the gates have been declared as protected monuments. There is an old Shiv temple known as the Sabaleshwar Mahadev. Among other places of interest may be mentioned the ancient mosque of Mohmad Begada.
33	Dhrangadhra	33	Methan	It is known for the group of three ancient temples. One of them is a Shiv temple, the second one is a Vishnu temple and the third one is a Sun temple. These temples were constructed in about 800 A.D.
34	Dhrangadhra	55	Khambhada	The village owes its fame to the shrine of the Khambhadio Nag which is just outside the northern gate of the village. According to the tradition, killing or annoying of a snake is a taboo in the village. A legend has it that there were seven brothers, Rajputs of the Chavda clan, who lived in the Bhal area with their only sister, Lachhubai. Their village was attacked by plunderers who drove away the cattle. These seven brothers pursued the plunderers to recover the cattle but all of them fell fighting at different places. After their death, they became snakes and came to be worshipped as Nagdev. Their sister miraculously became *SATI* at the same time in all the seven villages. When any of these seven Nags is mentioned, he is referred to as the brother of Lachhubai. At Khambhada, a fair is held at the Khambhadia Dev on the second Monday of Shravan.
35	Dhrangadhra	58	Rajsitapur	It was founded during the rule of Jhalakdevji between 1185 and 1210 A.D. Its original name was Shirshtal. In Samvat 922, Gajna Ayar resided there in this Nes. He had a daughter named Sethi. On the death of her husband, she became Sati. So the name was changed to Sitha. It is encircled by an old wall, which was errected between 1846 and 1849 A.D. There is a large monastery of Shaivite Bavas (ascetics) who also worship Ambaji. There is a temple of Lalji Maharaj, where Sadavrat is given. There is a big Mahakali temple. Adjacent to this temple, there is an old step-well of believed to be about 1500 years old.
36	Dasada	ix	Patdi	Patdi is an old town, encircled by a fortwall. Among places of historical remains, there are two old todas, pillars, where the legendry Babra Bhut had put on the first festoon, a Toran. Patdi was the original capital of the Jhalas. It was once predominently populated by the Sonis (goldsmiths) who are, therefore, known as Patadia Sonis. On Shravan Vad 7 and 8 (August) a fair called Bahucharaji's fair is held at Patdi.

37	Dasada	x	Kharaghoda	The name Kharaghoda is made of two words, khara meaning saltish and ghoda meaning a cluster of houses, i.e., a village. Thus, Kharaghoda means a village set up in the saltish area. Here are located the well-known salt works. The salt produced here is called Vadagara salt because it is prepared in big (vada) or pans (agar).
38	Dasada	19	Vanod	It is said to have been founded by the celebrated king Vanraj Chavda of Anhilpur Patan and named after him. The shrine of his Kuldevi Varnai Mata is situated near this village. It is believed that Rani Rupsundari, wife of King Jayashikhri took shelter in the Upashraya of a Jain Muni Shil Gun Suri Maharaj, where she gave birth to Vanraj.
39	Dasada	27	Zinzuwada	It is said that Zinzuwada was founded by one Jhunjho Rabari. According to a legend. he advised King Karan's queen, Minaldevi to request a local hermit residing in a small island in the adjacent Rann area, to bless her with a son. Thereafter, in due course, Minaldevi gave birth to a son, called Siddharaj. When Siddharaj became king he showed much respect to Jhunjho. Minaldevi, therefore named her son Siddharaj after him. Similarly, she named the Nes as 'Zungawada' or 'Zinzuwada' after the name of Jhunjho Rabari. This ancient village has an old fort and a well-built tank called Sheshjal Talav. The four old gates of the ruined outer fortifications are very fine specimens of the ancient Hindu architecture. The fort is built with 20–30 feet stone slabs. The gates are carved with architectural designs. Many of the stones in the fortifications bear the inscriptions of Mahanshri Uddal popularly known as Udo Mantri, who is said to be the minister of King Siddharaj Jayasinh of Anhilwad Patan. The stone walls are broad enough to allow two horsemen to pass at a time. The fort gates are preserved as national protected monuments. It is believed that Zinzuwada was the original Panchasar and that the battle of Panchasar between King Jayashikhari and Bhuvad was fought at this place. There is an old sacred kund at the temple of Jhileshwar Mahadev where a fair attended by about 3,000 persons from the villages of the Dasada taluka is held annually on Bhadrapad 30 (Amas) (September).
40	Dasada	30	Dasada	Dasada was a Muslim estate. It was the headquarters of the Thandar of the Dasada Thana of the former Eastern Kathiawar Agency. The talukdars of Dasada were Multani Maleks descended from Dada Nasruddin, one of the Thandars who lived and prospered in the time of Sultan Ahmad of Gujarat (A.D. 1411–1443). They were divided into two divisions, Gadhsath, the descendants of Malek Raje and Baharsath, the descendants of Malek Ahmadji. They were so called because the former resided within the fort or gadh and the latter outside it. There was a dense forest at the place where the Dasada village is established. Among the forest, there was a Nes of Veja Ayar. After the name of Veja Ayar, the village tank is called Vejasar tank and the temple Vaijnath Mahadev. The famous Vanraj Chawada, son of King Jayshikhari was born in the jungle somewhere between Dasada and Panchasar.
41	Dasada	66	Bajana	It is situated on the southern boundary of the Little Rann of Kachchh, near its tip. There are two large tanks at Bajana. One is called Sadiyasar and the other the Gamedu tank. Zinzuwada and Tikar villages has converted saltish and marshy lands into a green forest belt.

42	Lakhtar	xi	Lakhtar	It was the capital of the Lakhtar State. Abhesinghji, son of Chandrasinghji of Halvad received Lakhtar in giras from the Dhrangadhra State and founded the house of Lakhtar in the beginning of the 16th century. Abhesinghji was succeeded by his son Vajerajji, who was a devoted worshipper of Shri Ranchhodji. The images of Shri Ranchhodji brought by Vajerajji from his maternal uncle at Dungarpur were kept in the Lakhtar Darbargadh. Lakhtar was, therefore, sometimes called Ranchhodpuri. It is surrounded by a fort-wall. As regards religious places, there is a branch of the Jagadish Ashram of Limbdi besides a Swaminarayan temple, a Ranchhodrai temple, a Shiv temple, a Jain Derasar, two mosques and a Khoja Khana.
43	Lakhtar	39	Talsana	The village is known for the temple or Shrine of *Nagdev* (Snake God). There is a legend that many Brahmins worship it as family deity, particularly those of the Gautam Gotra. In the case of ceremonics of marriage, sacred thread and conception, oblations are offered to this *Nagdev*. On the Ashadh Vad 30, a flag measuring 51 yards in length is hoisted on *Nagdev* temple. A fair is held at Talsana on Bhadrapad Vad 30 (September).

VII. Brief analysis of the Village and Town Directory and Primray Census Abstract data based on inset tables

NOTE ON VILLAGE DIRECTORY -

The different types of amenities available at the village level in each of the talukas of the district has been tabulated in the form of Village Directory. The statement shows the different types of amenities and land-use in each village. At the end of the Village Directory, a talukawise abstract of all the amenities has been prepared and printed as Appendix-I.

It can be seen from the Appendix-I that out of 648 inhabited villages 631 villages have primary school facilities There are thus only 17 villages without primary school. The number of villages where the primary schools are not available are 1 in Limbdi taluka, 8 in Sayla taluka, 6 in Chotila taluka, 2 in Dasada taluka. The talukas of Wadhwan, Muli, Halvad, Dhrangadhra and Lakhtar are fully covered with primary schools

There are 94 villages in the district which have dispensary whereas 5 villages have hospitals, 59 villages have maternity and child welfare centre, 6 villages have primary health centre, 8 villages have family planning centre, 73 villages have primary health-sub-centre. There are in all 399 villages having community health worker.

As regards drinking water, ordinary surface wells are the main source of the drinking water facility and 616 villages have such types of

well. There are 62 villages where water is available through tap and in 48 villages water is available through tubewells, whereas 13 villages get supply through canals. In addition there are 420 tanks and 159 villages are also on the river side. All the villages have drinking water facility. However, this will not mean that abundant water supply is available throughout the year at all these sources.

In respect of post, telegraph and phone facilities, 290 villages have only post offices, 32 villages have both post office and phone facilities, 9 villages have post, telegraph and phone facilities and 2 villages have only phone facility.

Out of 648 villages, 571 villages have facilities for a bus-stop. The villages where bus-stops are not available 2 in Wadhwan, 3 in in Limbdi, 16 in Sayla, 47 in Chotila, 1 in Muli, 2 in Halvad, 4 in Dasada and 2 in Lakhtar. There are 31 railway stations in the district.

As regards the electric power supply, out of 648 villages, 343 villages have electric power supply either for domestic or for agricutural or for industrial purpose. This mean that almost 53 per cent of the villages have been electrified in the district. Wadhwan, Limbdi, Sayla, Muli, Halvad and Dhrangadhra are the talukas where more than 50 per cent of the total villages have been electrified.

On the basic of the amenities noted in the Village Directory a brief analysis of the different amenities has been made which is as follows :

Amenities in villages

The table 1 shows the distributions of villages according to the availability of different amenities.

All the villages in the district have drinking water facilities either by way of a well or tank or tubewell or handpump or river, etc It is also seen that about 97.38 per cent of the total villages of the district have the facility of primary education and 3 per cent villages do not have primary education. Wadhwan, Muli, Halvad, Dhrangdhra and Lakhtar talukas have primary education in all the villages. Sayla is the only taluka where this facility is available in about 89 per cent of the total villages.

The medical amenities are available in 27.62 per cent of the total villages of the district, the percentage varies from 39 per cent in Halvad taluka to 12 per cent in Sayla taluka

It is also observed that about half of the total villages of the district have the facility of post and telegraph. Among the various talukas, the highest coverage of 93.88 per cent is recorded in Limbdi taluka as against the lowest of 20.54 percent found in Chotila taluka. Only 5 talukas have these facilities in more than 50 per cent of the villages.

The communication facilities by way of bus or train are available in 88.27 per cent of the total villages of the district. The highest coverage of 100 per cent is in Dhrangadhra taluka, whereas the lowest one is in Chotila taluka which is only 58.93 per cent.

Out of total inhabited villages of the district 31.02 percent villages have pucca road approaches. Only 16.07 and 16.42 per cent of the villages of Chotila and Halvad talukas are connected by the pucca roads. In Wadhwan taluka 54.35 per cent of the total villages have the facility of pucca roads which is the highest in the district.

In respect of electric power supply 52.93 per cent of the total villages of the district have this facility of electric power supply. The talukas of Muli with 82.76 per cent, Wadhwan with 76.09 per cent, Dhrangadhra with 74.60 per cent, Halvad with 56.72 per cent, Sayla with 54.67 per cent fall above the district average, whereas the rest of the talukas are below the district average. The villages of Chotila and Lakhtar talukas are comparatively less electrified.

NOTE ON TOWN DIRECTORY

The list of urban areas for the purpose of 1981 Census was finalised in consultation with the State Government. The following criteria were applied for the purpose of determining any area as an urban area :

(a) All places with a Municipality, Municipal Corporation or Cantonment Board or Notified Town Area.

(b) All other places which specified the following criteria :

  (i) A minimum population of 5,000

  (ii) At least 75 per cent of the male working population engaged in non-agricultural (and allied) activity.

  (iii) A population of at least 400 persons per sq. km. or a population of 1,000 persons per sq. mile.

The Town Directory has been compiled in seven statements given in Section II for all the urban areas of the district. For presentation of the data the towns of the district have been arranged in alphabetical order. The details of the data covered in these statements are as follows :

Note on Statement I

Townwise details relating to status and growth history are given in this statement by arranging the towns in alphabetical order. The civic administrative status of each town has been recorded in Col. 2 of the statement. Col. 5 shows the area in sq. kms. of the town whereas Col. 6 shows the number of households including houseless population. Cols. 7 to 15 shows the decadal growth history beginning from 1901 to 1981. **The last Cols. 16 to 19** show the density and sex ratio of 1961, 1971 and 1981 for each of these towns. Out of 11 towns, 4 have municipalities, 2 have nagar panchayats and remaining 5 have village panchayats. There is only one city in the district which has a population of more than one lakh. i.e. Wadhwan Urban Agglomeration. There is only one town which has a population of about 50,000 i.e Dhrangadhra, whereas the remaining towns have the population below 50,000. Chotila and Kharaghoda are small towns which have 9,982 and 8,355 population respectively.

The population growth rate of the different towns from 1901 to 1981 have been shown from Col. 7 to Col. 15 of Statement-I. It will be seen from this statement that during the last decade. Thangadh town has shown the growth rate of 53.67 per cent, whereas Kharaghoda, Surendranagar, Wadhwan, Chotila, Dhrangadhra, Halvad and Patdi town have a growth rate of 44.24, 37.85, 34.29, 25.79, 28.26 and 28.94 per cent respectively, which is higher than the growth rate of the district. The rest of the towns of Lakhtar, Limbdi and Sayla have population growth rate below the district average during the last decade.

Note on Statement II

This statement gives the physical aspects of the location particulars of towns.

Particulars regarding temperature and rainfalls have been obtained from the Director General of Observatories, Meteorological Department, Government of India.

Distance between Gandhinagar, the State headquarter and the towns of the district vary from the minimum of 118 kms. of Patdi to a maximum of 254 kms. of Halvad. The district Headquarter of Surendranagar is 138 kms. away from Gandhinagar, the State Headquarter. All the towns are connected by railway and bus facilities.

Note on Statement III

This statement gives details of towns finances. The statement shows the receipt and expenditure under several heads. The receipts are shown differently for (1) Receipts through taxes, (2) Revenue derived from municipal property and power apart from taxation, (3) Receipts, through Government grants, (4) Receipts through loans, (5) Receipts through advances and (6) Receipts through other sources. The expenditure side has been classified as expenditure on (1) General Administration, (2) Public Safety, (3) Public Health (4) Public Works, (5) Public Institutions and (6) Others. On the basis of this statement Table No. 8 has been prepared which shows per capita receipt and expenditure of all towns of the district.

The Table No. 8 shows the per capita receipt and expenditure in the different cities and towns.

It will be seen that proportion of Scheduled Castes population to total population is maximum in the Thangadh Town.

In the case of proportion of Scheduled Tribes population to total population is maximum in Chotila town.

Literacy rates in villages and towns

The literacy rate in the district which was 29.86 in 1971 Census has increased to 37.47 during the 1981 Census. This is lower than the State literacy rate of 43.70. The district ranks 15 in the literacy rate in the State during 1981 Census. The male literacy rate is 48.61 and female literacy rate is 25.55 which are both lower than the State literacy rate of 54.44 and 32.30 respectively.

Literacy rate of villages

Table No. 19 shows the literacy rates of the different population ranges of the villages of the district.

TABLE 19

Literacy rates by population ranges of villages

6	10,000	1	48.89
	Total	*** 648**	**29.87**

* Exclusive of 3 uninhabited villages

It is seen from these figures that the literacy rate is directly connected to the population size of the village. The increase in size of population also shows the increase in literacy rate. In the district only one village in population range of 10,000 and more shows the literacy rate higher than the State literacy

rate. Out of 648 villages 571 villages in the population range up to 1,999 have literacy rate below the district literacy rate 29.87, whereas 77 villages in the population range of 2,000 and more have literacy rate higher than the district literacy rate.

Literacy rate of towns

Table No. 20 shows the literacy rates of the towns of the district.

TABLE 20

13	Surendranagar	62.14
14	Wadhwan	57.15
	Total	56.34

It will be seen from the table that Surendranagar has the highest literacy rate of 62.14 followed by 61.34 of Limbdi and 60.66 of Wadhwan. The lowest literacy rate is in Kharaghoda town which is 28.09.

Scheduled Castes and Scheduled Tribes population, literates, workers and non-workers in the district

Table No. 21 given on page xxxvi–xxxvii shows the Scheduled Castes/Scheduled Tribes population, literates, workers and non-workers in the different talukas of the district as recorded during the 1981 Census.

Scheduled Castes/Scheduled Tribes population

The proportion of Scheduled Castes population to total population is vary from 6.53 per cent in Halvad taluka to 14.05 per cent in Lakhtar taluka. The respective proportion in the rural area of talukas vary from 6.13 per cent in Chotila taluka to 15.58 per cent in Dasada taluka and in the urban areas of talukas it vary from 5.12 per cent ia Dssada taluka to 16.61 per cent in Chotila taluka.

As regards the Scheduled Tribes population the proportion of the Scheduled Tribes population of the district to the total population in the district is not significant and it is below 1 per cent in all the rural and urban areas in the district but in Limbdi taluka it is 3.28 per cent in the rural areas.

Literates

The proportion of literate persons to the total population of the talukas vary from 22.84 per cent in Sayla taluka to 51.56 per cent in Wadhwan taluka. The highest and lowest proportion of literate persons to the total rural population of the talukas are found in Wadhwan taluka 35.90 per cent and Chotila taluka 16.88 per cent respectively. The proportion of literate persons to the total urban population of the talukas vary from 40.53 per cent in Dasada taluka to 61.34 per cent in Limbdi taluka. The talukas of Sayla, Chotila, Muli, Halvad, Dasada, Lakhtar have literacy rate below the district literacy rate of 37.47 per cent.

Workers and Non-workers

The proportion of main workers and marginal workers to the total population is 32.50 and 5.28 per cent respectively in the district. It is also worth nothing that proportion of main workers in respect of male and female workers to the total male and female population of the district is 51.63 and 12.02 respectively, whereas quite reverse trend is noticed in respect of marginal workers whereas proportion of male workers and female workers is 0.99 and 9.86 respectively.

From Table No. 21 it will be seen that in respect of urban areas of the talukas the proportion of male main workers to the total male population of the taluka vary from 45.02 per cent in Limbdi taluka to 52.48 per cent in Dasada

PRIMARY CENSUS ABSTRACT

EXPLANATORY NOTE FOR PRIMARY CENSUS ABSTRACT

Primary Census Abstract of 1981 Census provides information in respect of each village in rural area and town/ward in urban area. It gives information about the area of the village in hectares and towns in Square Kilometres, number of occupied residential houses and households, total population with sex break-up (including Houseless and Institutional Population) and population of Scheduled Castes and Scheduled Tribes, literates. The entire population of village/town/ward is divided into four broad industrial categories main workers, marginal workers and non-workers and main workers are further divided into as under :

1 Cultivators (I)

2 Agricultural Labourers (II)

3 Household Industry –
Manufacturing, Processing, Servicing and Repairs [V (a)]

4 Other Workers [III, IV, V(b) and VI to IX]

The sexwise break-up of total main workers (industrial category I to IX) has been presented in addition to similar break-up for each broad industrial category of workers, marginal workers and non-workers.

The following abbreviations have been used in the Primary Census Abstract for facility of presentation :

1	Municipal Corporation	MC
2	Municipality	M
3	Non-Municipal Area	NM
4	Nagar Panchayat	NP
5	Village Panchayat	VP
6	Cantonment	Cantt.
7	Notified Area	n.a.
8	Industrial Notified Area	INA
9	Not Available	NA
10	Urban Agglomeration	UA
11	Out-Growth	OG

The following conversion factor has been used for converting acres into hectares and hectares into Km^2 .

Acres × 0.40467 = Hectares

Hectares × 100 = $Km.^2$.

* These represent provisional, 'geographical area' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local bodies. Area figures for rural area are derived by substracting the urban area from the total area of the District. The total of the area figures of the Talukas/Mahals will not tally with the district figures because the former represent 'land use' area and are derived from the figures supplied by the Director of Land Records.

* These represent provisional, 'geographical area' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local bodies. Area figures for rural area are derived by substracting the urban area from the total area of the District. The total of the area figures of the Talukas/Mahals will not tally with the district figures because the former represent land use' area and are derived from the figures supplied by the Director of Land Records.

† 138.03 hectares have been included in Surendranagar town.
