Paper 2 of 1983

FINAL POPULATION TOTALS

SCHEDULED CASTES AND SCHEDULED TRIBES

of the Indian Administrative Service
Director of Census Operations, Karnataka

PREFACE

The 12th decennial Census of population of Karnataka was conducted in February-March 1981, with the sunrise of 1st March, 1981 as the reference date.

Soon after the Enumeration of the population, the results for the State and Districts were released on the 23rd of March 1981 through Paper-1 of 1981. Later, Paper-2 of 1981, giving the provisional data on the distribution of population by workers, marginal workers and non-workers with rural and urban break-up was released for the immediate use of the data users. The results published in the above volumes were derived from the Enumerators' Abstracts, rapidly compiled and then assembled at the census office. Subsequently, the final population totals were compiled after a thorough and careful editing and scrutiny of records in the Regional Tabulation Offices, and published as Paper-1 of 1983 which presented the final population and certain basic figures relating to literacy and economic characteristics of the population for the State and 19 districts as also in respect of each territorial unit such as taluk and town.

Considering the tremendous demand for census data on the Scheduled Castes and Scheduled Tribes, the present Paper-2 of 1983 is being released for the immediate use of the planners, administrators and other interested data users. The paper presents the population of Scheduled Castes and Scheduled Tribes sexwise. The general population figures are also presented for reference of the reader. The figures have been presented down to the taluk and town level as also for the urban agglomeration wherever delineated.

I hope that this paper will adequately meet the immediate requirements of the data users.
