

CENSUS OF INDIA 1981

SERIES—16

ORISSA

Paper - 1 of 1982

FINAL POPULATION TOTALS

(Total Population, Scheduled Caste Population and Scheduled Tribe Population)

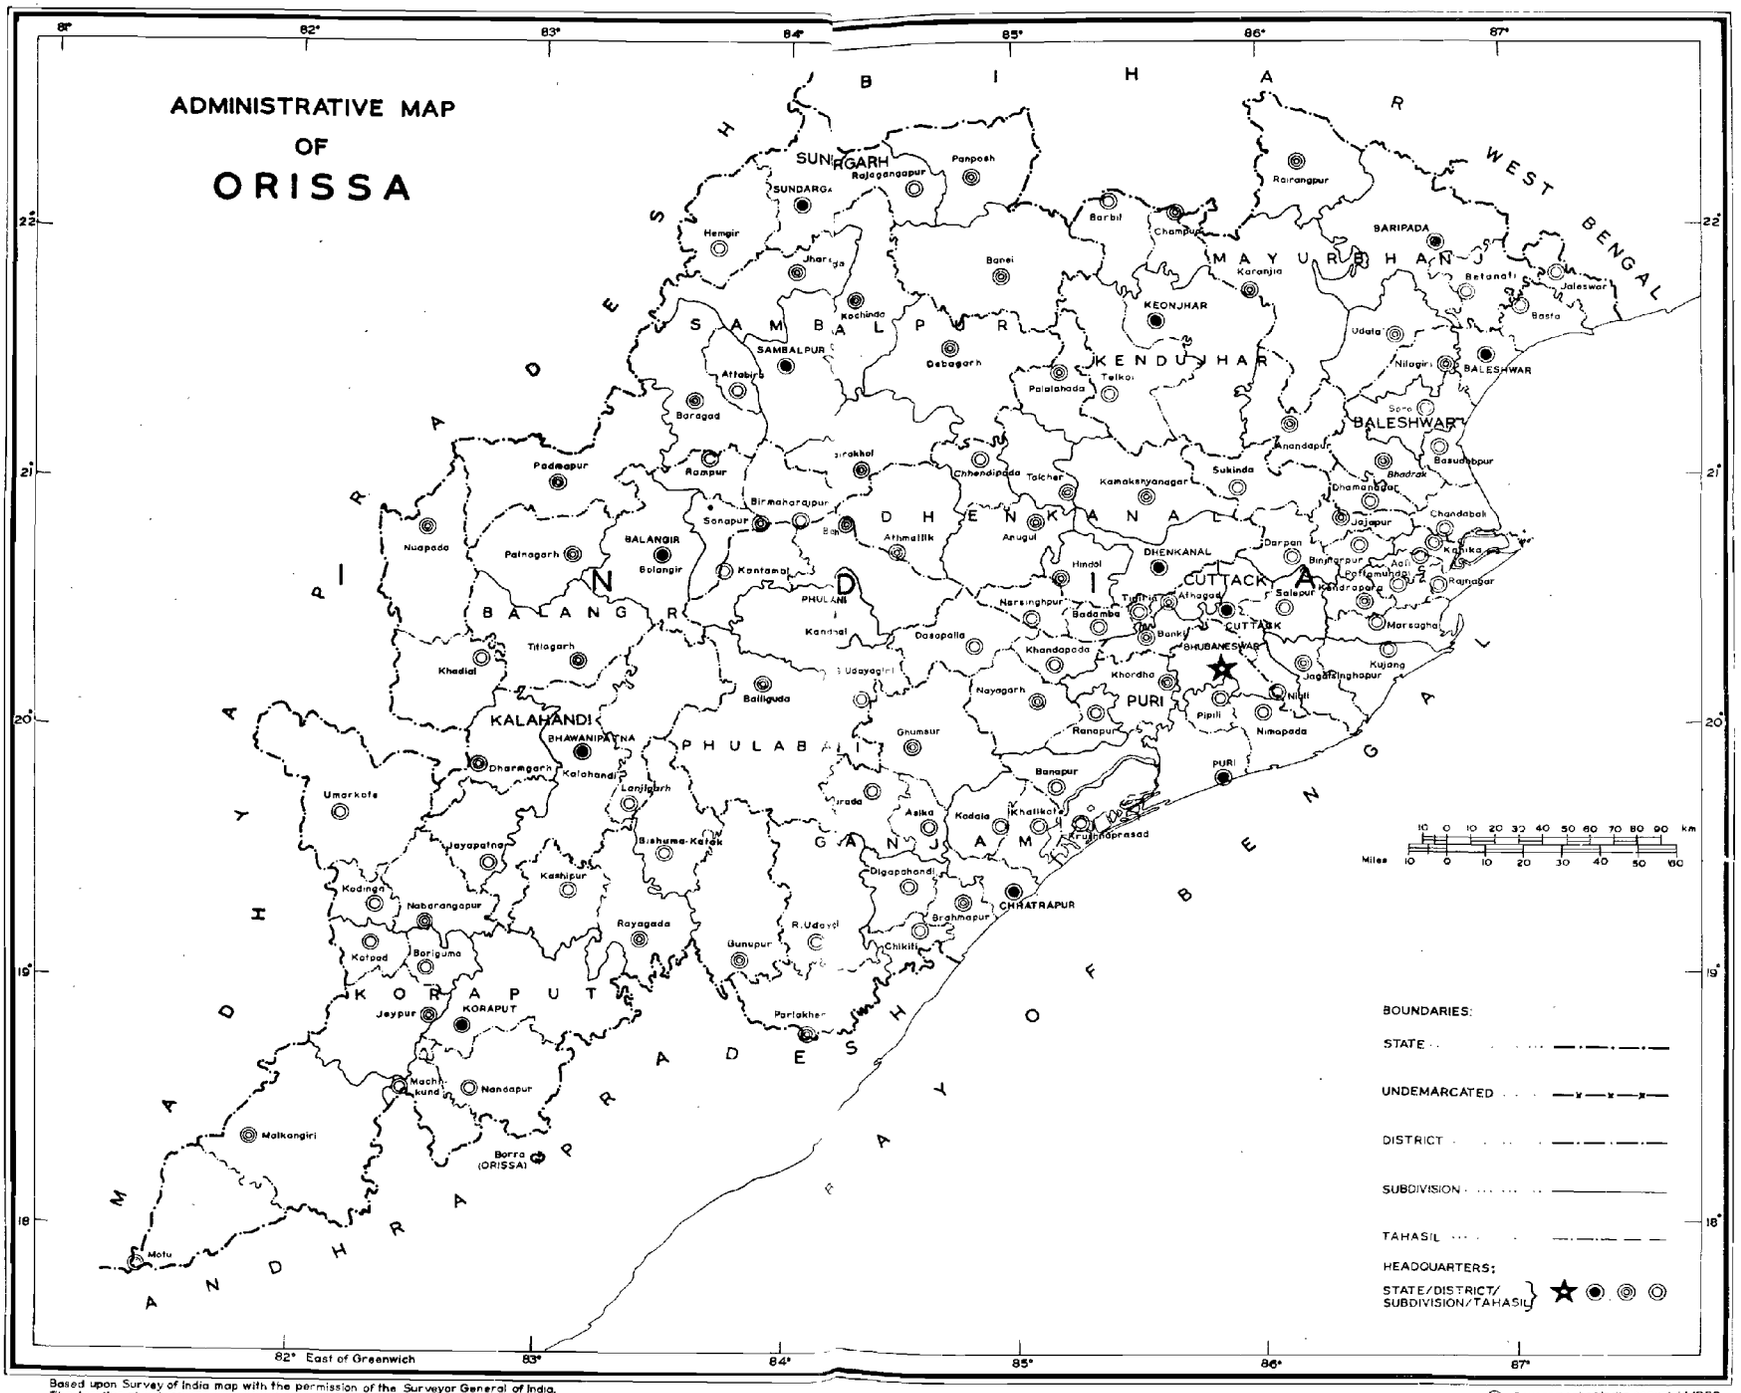

A. R. NANDA
of the Indian Administrative Service
Director of Census Operations, Orissa

CENSUS OF INDIA 1981

ORISSA

FINAL POPULATION TOTALS

SEPTEMBER, 1982

Based upon Survey of India map with the permission of the Surveyor General of India.
The territorial waters of India extend into the Sea to a distance of twelve nautical miles measured from the appropriate base line.

© Government of India copyright, 1980.

FOREWORD

The 1981 Census enumeration was conducted during the period from 9th February to 28th February, 1981 followed by a revisional round from 1st March to 5th March, 1981 with the sunrise of 1st March, 1981 as the reference moment. The enumerators counted the houseless population on the night of 28th February, 1981.

Soon after the field operation was over, we had published Provisional Paper-1 of 1981 Census of Orissa during March, 1981 by compiling the basic data from the abstracts prepared by the enumerators, Charge Officers and District Census Officers. This publication provided provisional data on distribution of population with their sex break-up upto the district level.

Subsequently in June, 1981, a supplement of Paper-1 was published which presented provisional population by sex, number of literates, number of male and female workers (cultivators, agricultural labourers, workers in household industry and other workers), marginal workers and non-workers (by sex) upto Tahasil and Town level of the State.

The voluminous records on retrieval from the field level functionaries spread over in the entire length and breadth of the State were scrutinised in the Regional Tabulation Offices set up at five different locations where the data after due matching and editing were processed. Work of such colossal magnitude has taken a considerable length of time during the post-enumeration period, after which we have been able to get the final and confirmed figures of the Census.

Publication of Part II-A (General Population Tables), Part II-B (Primary Census Abstract) and Primary Census Abstract for Scheduled Caste and Scheduled Tribe population which will follow is likely to take quite some time in printing. The publication of Primary Census Abstract on scheduled caste and scheduled tribe population will be available towards the middle of November, 1982. The publication of Part II-A and Part II-B will be available towards the end of this year. These publications will be presented upto Police Station and Town levels. The village-wise/ward-wise P. C. A. as well as some non-census statistics relating to certain amenities available in each village and town will be published in two volumes, namely, Part XIII—District Census Handbook Part A & B for each district separately which will be available to data users by early 1983.

Since the aforesaid important publications of 1981 census will take a little more time to be available to the readers and data users, an attempt has been made in presenting this Paper-1 of 1982, which provides some limited information on the final population as well as scheduled caste and scheduled tribe population of the State upto Police Station and Town level. It is hoped that this paper will be found useful and will meet the immediate need of those who are looking forward for the final census results.

It may also be noted that the territorial units for which the data are presented in this paper conform to the position which existed on the reference date of the census, i. e., **1st March, 1981**, and subsequent territorial changes have not been taken into account.
