SERIES-10

KERALA

PAPER 3 OF 1981

FINAL POPULATION TOTALS

M. VIJAYANUNNI

OF THE INDIAN ADMINISTRATIVE SERVICE

DIRECTOR OF CENSUS OPERATIONS

KERALA

PREFACE

The Census Directorate of Kerala has great pleasure to make available to the eager data-users this publication Paper 3 of 1981 - Final Population Totals which is the third in the series of publications brought out in Kerala based on the 1981 census results. The notable feature of this publication is that it is based on the final population figures unlike Paper 1 and Paper 2 which were based on provisional figures. While the provisional population totals were worked out by a rapid compilation of the unedited enumerators' records, the final population totals have been compiled after a thorough and careful editing and scrutiny of the records, undertaken in the Regional Census Tabulation Offices during 1981-82 and after the detection and rectification of all errors and omissions.

Another noteworthy feature of this publication is that it presents data upto the level of the lowest administrative units viz. villages and their constituent desoms/karas, towns and their constituent wards, panchayats and community development blocks. This would normally have taken much more time but we have made special efforts to compile and present these much sought-after figures to all interested data-users including planners, scholars and administrators, so that the wealth of census data is put to the quickest and most intensive use. The final population figures have just been cleared for publication by the Census Commissioner, India after placing it before Parliament and this book is brought out immediately thereafter.

The tables contained in this volume present figures of area, occupied residential houses, households, population, density, sex ratio, growth rate, literacy and SC & ST population. The Background Note which precedes the tables contains a brief analysis of the salient points on each characteristic presented in the tables and are arranged in the same order as that of the columns on the different items contained in the tables. The corresponding position on certain items during the earlier censuses from 1901 has been indicated in perspective and for this purpose the figures of the previous censuses have been recast as per the current jurisdiction of the districts.

M. VIJAYANUNNI

BACKGROUND NOTE

REFERENCE DATES ADOPTED FOR THIS VOLUME

The reference date for the 1981 *census was* 1*st March* 1981 *and all the data have been collected as on that date. In order to facilitate the compilation and presentation of census data the jurisdiction and boundaries of all administrative units like districts, taluks, towns and villages were frozen under a directive of the Government of India upto* 30*th June* 1981. *The State Government are free to make changes in jurisdiction after the expiry of the above prohibition on* 30*th June* 1981. *Accordingly, the state government have already effected many changes in the jurisdiction of villages after* 30*th June* 1981. *But since the census data relate to the census reference date i.e.* 1*st March* 1981, *this volume presents data on districts, taluks, towns, villages and desoms/karas as they existed on* 1*st March* 1981 *and the village-level changes in jurisidiction effected after* 1*st March* 1981 *are not taken into account since recasting of the basic village-level data is too time-consuming to permit of quick publication of this data. However, as regards the community development blocks and panchayats, though a few new blocks have been formed after* 1*st March* 1981, *since these changes have not affected the basic units viz. panchayats, it has been possible to recast the data in respect of blocks as per the revised jurisdictions and present the latest position as on* 31*st August* 1982.

1. AREA

Sources of the data on area

1.1. The area figures for the state and districts have been supplied by the Surveyor General of India through the Central Statistical Organization. The Surveyor General's figures are not available for the administrative units below the district-level like taluks and towns. Hence the area figures for taluks and for urban areas have been worked out from the figures supplied by the State Director of Survey and Land Records, Tahsildars and Local Bodies respectively. For all statutory towns, the area figures supplied by the concerned local authority have been taken as authentic. In respect of revenue villages and census towns (which are also revenue villages), the area figures given by the Director of Survey and Land Records are adopted. In respect of portions of villages falling in a census town and in the case of urban outgrowths, the area figures supplied by the concerned Tahsildars have been adopted. The panchayat-wise area figures have been worked out in the Census Directorate mainly based on the figures furnished by the Director of Panchayats. Several panchayats bordering the reserve forests lying outside village boundaries have population falling within these forest areas. Since the population is scattered within the forest areas, the area of unsurveyed forest areas falling in each panchayat had to be determined with reference to the maps and lay-out sketches supplied by the Forest Department for the 1981 census. The lay-out sketches give the exact location of each census house falling in a panchayat, besides the panchayat boundaries. All these documents were taken into account for arriving at the panchayat-wise area figures.

1.2. For individual towns and urban outgrowths, area figures have been given corrected upto two decimal places. However, the total urban area of a taluk is given upto one decimal place. Rural area figures of taluks are derived by subtracting the urban area (added and rounded to one decimal place) from the total area of the taluk furnished by the Director of Survey and Land Records. Rural area figures of the districts are derived by subtracting the total urban area of the district (corrected upto one decimal place) from the total 'geographical area' of each district supplied by the Surveyor General of India. District figures thus derived have been added up to give the state rural and urban figures. When the taluk area figures are added up, the total may not tally with the district figure because the former represents the 'land-use area' supplied by the Director of Survey and Land Records while the latter represents the 'geographical area' supplied by the Surveyor General of India. The village-wise area figures are given in sq. km. corrected to two decimal places. These village-wise figures when added will give the area for rural areas in respect of the concerned taluk. The Community Development Block and Panchayat-wise area figures are also given in sq. km. rounded to the second decimal place. The Community Development Block and Panchayat area figures comprise of the area figures of villages, census towns (which are also revenue villages), urban out growths and unsurveyed areas, if any, included in their limits.

State-level picture

1.3. According to the Surveyor General of India, the area of Kerala State is 38,863 sq. km. which works out to 1.18 per cent of the total area of the country (3,287,263 sq. km.) Kerala ranks seventeenth in respect of area. The largest state is Madhya Pradesh with an area of 443,446 sq. km. while the smallest state is Sikkim with an area of 7,096 sq. km.

District-level picture

1.4. Idukki with an area of 5,061 sq. km. is the largest district in the State. Cannanore ranks second with 4,958 sq. km. Alleppey occupies the last position with 1,883 sq.km.

Rural-urban break-up

1.5. The state average percentage of urban area to total area is 4.60. The districts with percentage of urban area less than the state average are: Malappuram (3.17), Quilon (2.54), Kottayam (2.44), Palghat (2.11) and Idukki (1.33) while Wayanad has no urban area at all. Ernakulam district (15.68) has the highest percentage of urban area followed by Trivandrum (7.55), Trichur (7.10), Alleppey (6.95), Kozhikode (6.81) and Cannanore (5.92) in that order.

STATEMENT 1.1

AREA, RURAL-URBAN BREAK-UP, 1981

State/District	Area in sq. km.			Percentage of urban area to total area
	Total	Rural	Urban	
1	2	3	4	5

9. Kottayam	2,204.0	2,150.3	53.7	2.44
10. Alleppey	1,883.0	1,752.1	130.9	6.95
11. Quilon	4,620.0	4,502.7	117.3	2.54
12. Trivandrum	2,192.0	2,026.5	165.5	7.55

Taluk-level picture

1.6. Twelve taluks in the State have an area of 1,000 sq. km. and above. All these taluks, i.e. Ernad (2,176.6 sq. km.), Pathanamthitta (1,975.6 sq. km.), Devicolam (1,774.2 sq. km.), Taliparamba (1,330.6 sq. km.), Mukundapuram (1,316.0 sq. km.), Peermade (1,307.8 sq. km.), Pathanapuram (1,233.7 sq. km.), Tellicherry (1,206.6 sq. km.), Mannarghat (1,185.6 sq. km.), Chittur (1,155.1 sq. km.), Udumbanchola (1,071.4 sq. km.) and Kozhikode (1,026.6 sq. km.) lie on the Western Ghats or bordering the Western Ghats, 9 taluks have an area of less than 250 sq. km., the smallest taluk in the state is Cochin with an area of 140.9 sq. km. The other 8 taluks are Kodungallur (144.9), Ambalapuzha (178.8), Parur (191.6), Ponnani (199.4), Chengannur (201.2), Karunagappally (211.9), Karthigappally (224.6) and Chavakkad (234.3).

Village-level picture

1.7. At the time of the 1981 census (as on 1-3-1981), the following were the 8 most extensive villages in the state with an area above 250 sq. km. Mannamkandam (814.60 sq. km.) in Devicolam taluk, Mlappara (614.58 sq. km.) in Peermade taluk, K. D. Hills (556.87) in Devicolam taluk, Idukki (523.64 sq. km.) in Thodupuzha taluk, Kulathupuzha (422.23 sq. km.) in Pathanapuram taluk, Kappad (285.76 sq. km.) in Tellicherry taluk, Amarambalam (275.15 sq. km.) in Ernad taluk, Agali (262.42 sq. km.) in Mannarghat taluk and Periyar (254.43 sq. km.) in Peermade taluk. Of these, Mannamkandam and Amarambalam villages have subsequently been bifurcated as per the Government Notification dated 17-4-1982. In all, 31 villages have been sub-divided as per the notifications dated 3-12-1981 and 17-4-1982. The details of the changes are given at the end of this volume.

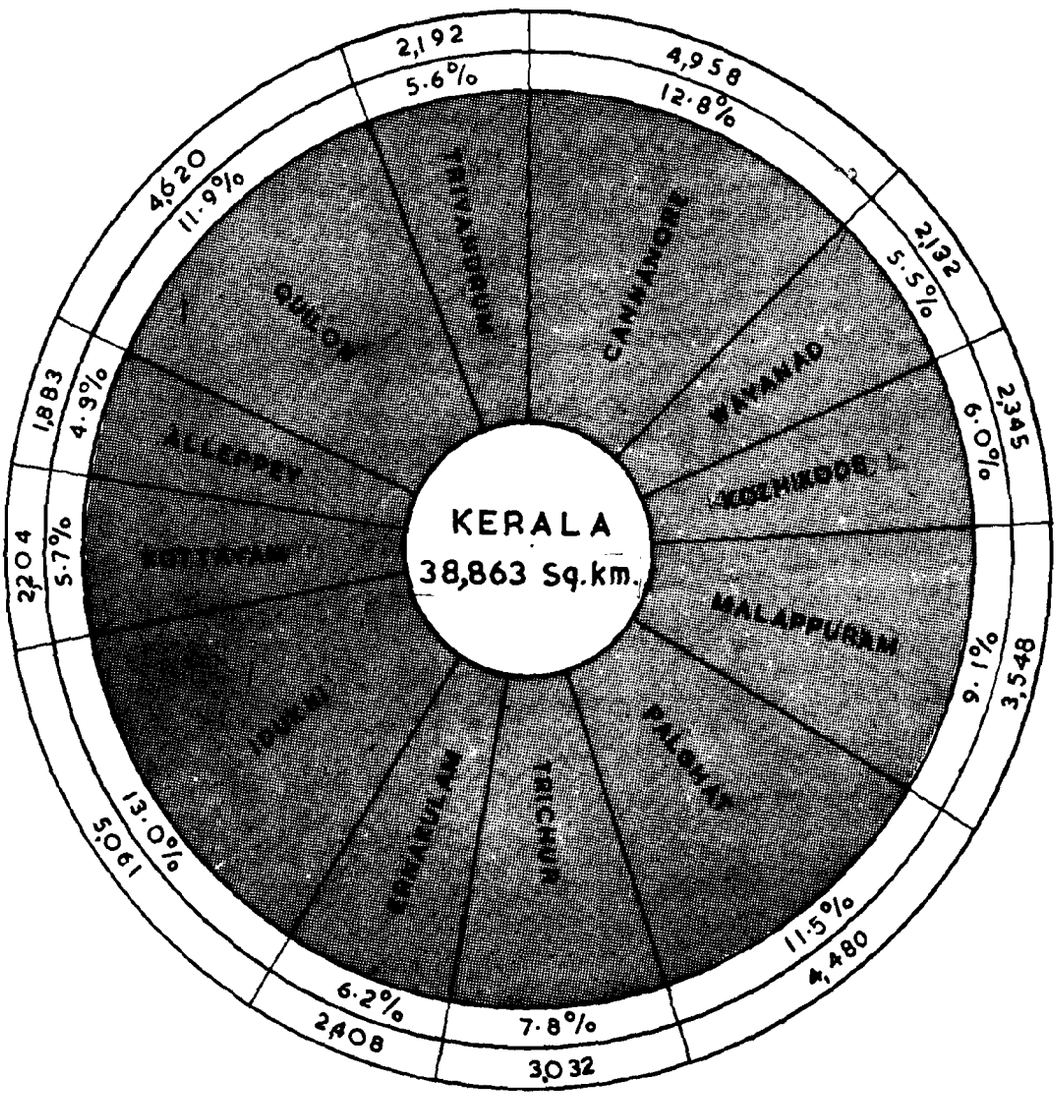

C. D. Block-level picture

1.8. Arudai Community Development Block in Idukki district is the largest block with an area of 1,236.20 sq. km. Adimali (1,062.23) and Ranni (1,004.60) come next in area. It is relevant to mention here that these large blocks have large extent of forest areas. Vyttila block in Ernakulam district is the smallest in area with only 33.13 sq. km.

Panchayat-level picture

1.9. Kumily panchayat in Idukki district is the largest in extent with an area of 816.72 sq. km. and Valapattanam in Cannanore district is the smallest with an area of only 2.04 sq. km.

COMPARATIVE AREA
OF
THE DISTRICTS OF KERALA

2. OCCUPIED RESIDENTIAL HOUSES

Definition of census house in the 1981 census

2.1. "A census house is a building or part of a building having a separate main entrance from the road or common courtyard or staircase etc., used or recognized as a separate unit. It may be occupied or vacant. It may be used for a residential or non-residential purpose or both."

State-level picture

2.2. At the turn of the present century, there were only 11.7 lakh houses in the state which meant 30 houses per sq. km. Since then the number of houses has showed a steady increase having become double by 1951 and almost four times by 1981 reaching the figure of 42.97 lakhs which means 111 houses per sq. km. The decennial growth rate of houses during the first half of the century was less than 17 per cent, while the decennial growth rates for 1951–61 and 1961–71 were 27.36 per cent and 21.93 per cent respectively. During the decade 1971–81, the growth rate in the number of occupied residential houses has been 25.72 per cent. The growth of residential houses was higher than the growth of population during the decades 1901–11, 1911–21, 1951–61 and in the present decade 1971–81. However, the overall growth in the number of houses for the entire period 1901–81 is 267.24 per cent as against the growth of population of 207.95 per cent. Thus the increase in the number of houses during the period 1901–81 is not commensurate with the rate of growth of population.

STATEMENT 2.1

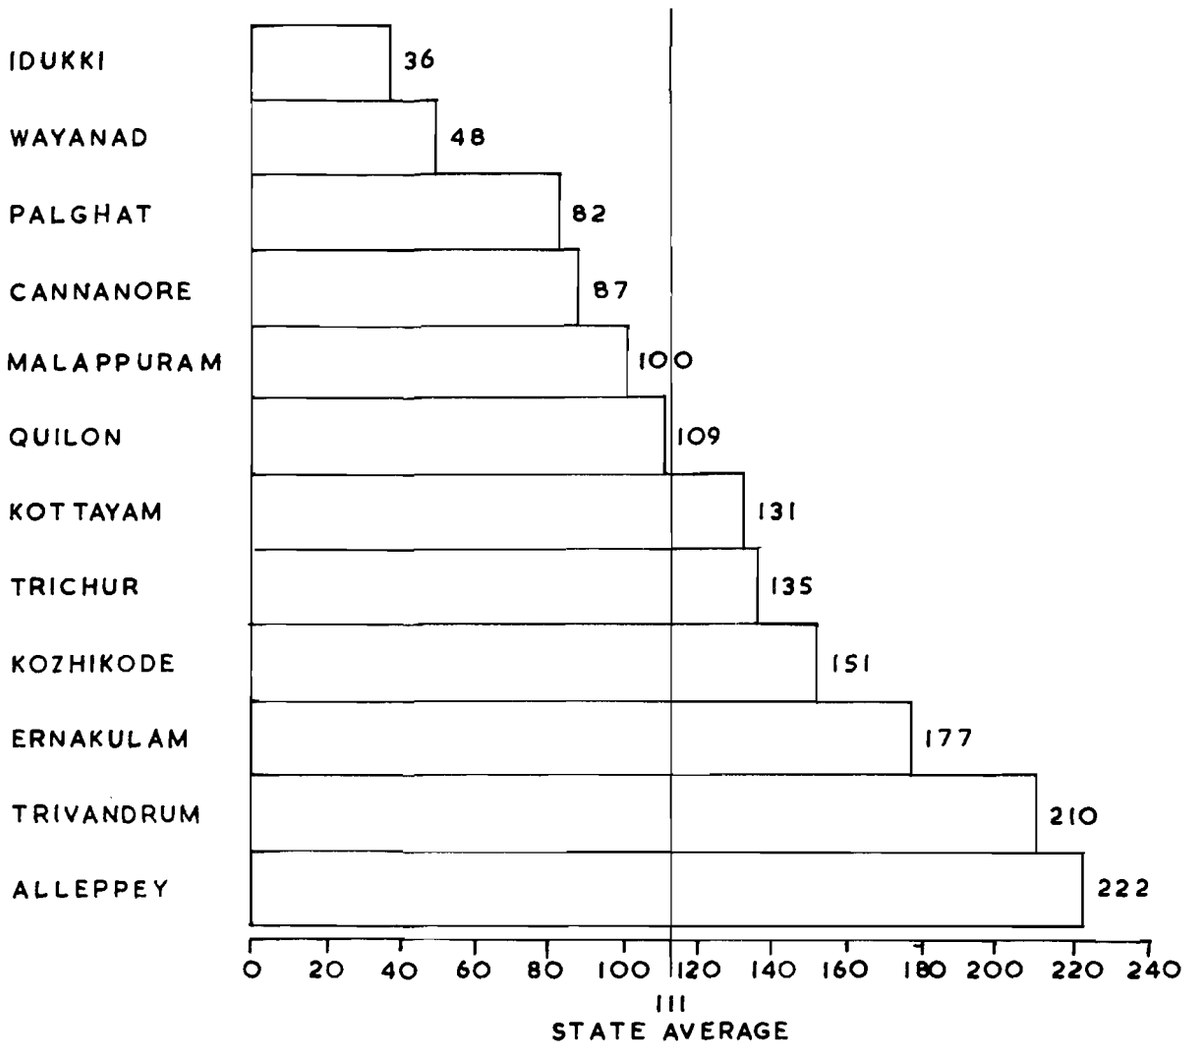

NUMBER OF OCCUPIED RESIDENTIAL HOUSES IN KERALA, 1901-81

Census year	Occupied residential houses			Rate of growth of population (per cent)
	Number	Percentage increase	Density (per sq. km.)	
1	2	3	4	5
1901	1,170,164	(Base year)	30	(Base year)
1911	1,311,931	+12.12	34	+11.75
1921	1,451,833	+10.66	37	+9.16
1931	1,696,978	+16.89	44	+21.85
1941	1,963,334	+15.70	51	+16.04
1951	2,201,227	+12.12	57	+22.82
1961	2,803,533	+27.36	72	+24.76

District-level picture

2.3. During the decade 1971–81, Wayanad and Idukki districts have recorded the highest growth rate in the number of occupied residential houses at 38.14 per cent and 35.86 per cent respectively. Other districts which have higher growth than the state average (25.72 per cent) are Cannanore, Kozhikode, Malappuram, Ernakulam and Trivandrum. The lowest growth rate is recorded in Alleppey district (18.09 per cent). The density of occupied residential houses has increased from 88 per sq. km. in 1971 to 111 per sq. km. in 1981. Alleppey district has the highest density of occupied residential houses at 222 per sq. km. which is double the state average (111), followed by Trivandrum district (210) and Ernakulam district (177). Idukki has the lowest density (36) preceded by Wayanad (48).

Rural-urban break-up

2.4. Of the 42.97 lakh occupied residential houses, only about 7.48 lakh houses are in urban areas, which works out to 17 per cent. There are only 96 houses per sq.km. in rural areas as against 418 in the urban areas of the State. Among the districts, the density in urban areas is highest in Trivandrum (676) followed by Kozhikode (530), Quilon (504), Kottayam (474), Alleppey (473) and Ernakulam (432), the lowest being recorded in Idukki with only 117 houses per sq. km. (Wayanad has no urban area). The density in rural areas is highest in Alleppey district (204) and lowest in Idukki (35).

Taluk-level picture

2.5. Trivandrum taluk has registered the highest density of occupied residential houses with 507 houses per sq.km. Other taluks, all falling in the coastal belt, having a density of 300 and above are Cochin (484), Ambalapuzha (350), Quilon (349), Kanayannur (321) and Karunagappally (305). 9 taluks fall in the density range of 200–299, 23 taluks in the range of 100–199 and 20 taluks below 100. 33 taluks have density above the state average of 111 houses per sq.km. The lowest density is recorded in Devicolam taluk with only 20 houses.

Statutory town-level picture

2.6. Quilon municipal town has the maximum density of 1,170 houses per sq. km. Idukki Township has the lowest density with ony 57 houses per sq. km. The density of houses in the three corporations are 1,100 in Trivandrum, 841 in Cochin and 646 in Calicut. Density figures in other statutory towns are: Trichur (986), Cannanore (743), Kottayam (704), Palghat (666), Tellicherry (593), Ponnani (583), Alwaye (571), Changanacherry (570), Alleppey (567), Kunnamkulam (501), Parur (487), Neyyattinkara (466), Shertallai (448), Kayamkulam (442), Guruvayur Township (430), Vaikom (409), Kasaragod (407), Trippunithura (405), Badagara (404), Chavakkad (391), Mavelikkara (388), Irinjalakuda (376), Cannanore Cantonment (374), Chittur-Thathamangalam (369), Attingal (361), Varkala (352), Thiruvalla (351), Chengannur (350), Tirur (330), Muvattupuzha (317), Perumbavoor (292), Kodungallur (281), Chalakudy (280), Pathanamthitta (249), Nedumangad (239), Punalur (216), Palai (202), Angamaly (200), Shoranur (197), Malappuram (185), Thodupuzha (171), Manjeri (159) and Kothamangalam (148).

3. HOUSEHOLDS

Definition of household in the 1981 census

3.1. "A household is a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so. There may be a household of persons related by blood or a household of unrelated persons or having a mix of both. Examples of unrelated households are boarding houses, messes, hostels, residential hotels, rescue homes, jails, ashrams etc. These are called 'Institutional households'. There may be one member households, 2 member households or multi-member households."

State-level picture

3.2. As per the 1981 census, there are 44.23 lakh households in the state as against 35.43 lakhs in 1971. The proportion of the number of households to 100 occupied residential houses has come down slightly from 104 in 1971 to 103 in 1981. The household size (number of persons per 100 households) has also come down from 603 in 1971 to 575 in 1981 indicating a fall in the average size of a household.

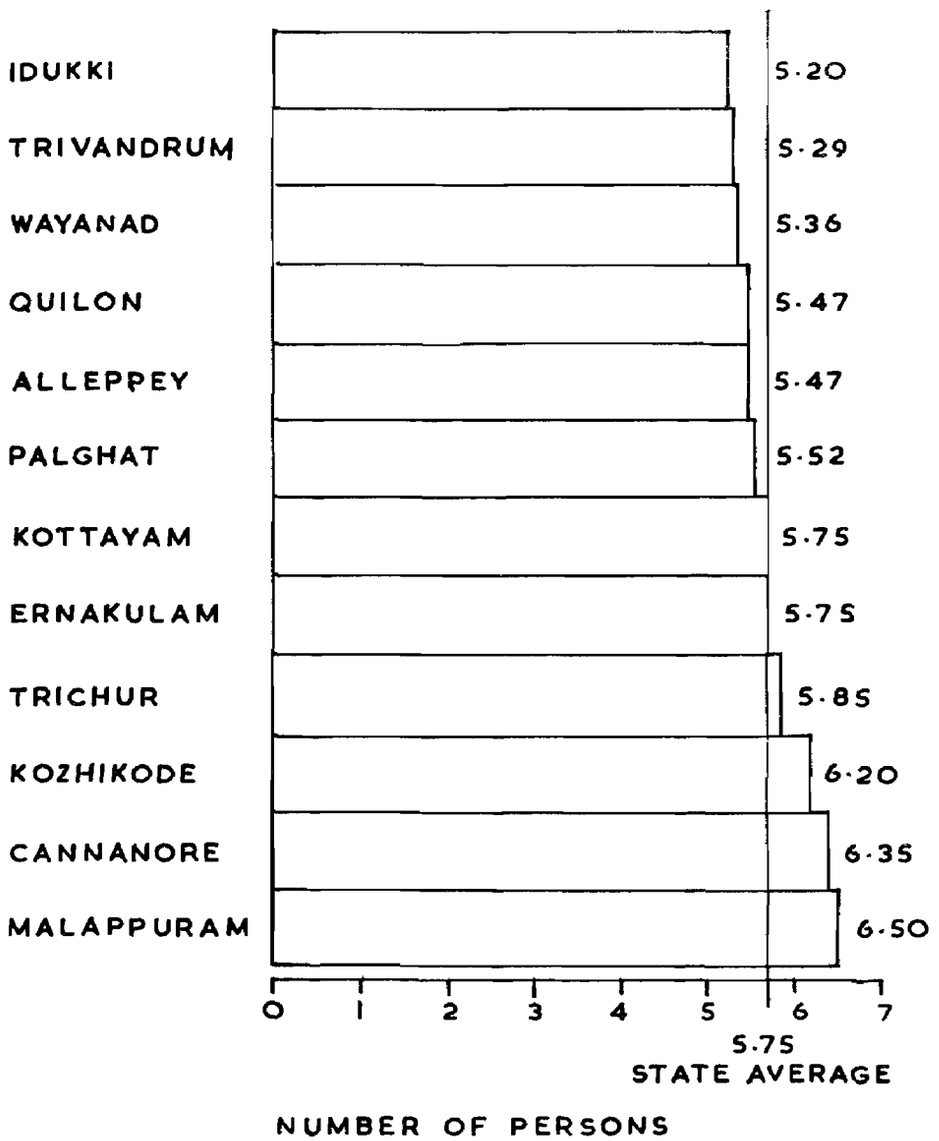

District-level picture

3.3. The average size of household has come down in all districts except Malappuram. Malappuram district has shown an increase in household size from 637 in 1971 to 650 in 1981 per 100 households. While the average household size in 1971 was above 600 in 6 districts viz. Kozhikode (648), Cannanore (645), Malappuram (637), Trichur (622) Kottayam (621) and Ernakulam (620) in 1981 only 3 districts have an average household size exceeding 600 viz. is Malappuram (650), Cannanore (635) and Kozhikode (620).

STATEMENT 3.1

HOUSEHOLD SIZE

Rural-urban break-up

3.4. The state average for the number of households to 100 occupied residential houses is more in urban areas (106) as compared to rural areas (102). This is the position in all districts except Trivandrum where the proportions are the same (107). The highest difference between the rural and urban figures is noticed in Kozhikode district (108 for urban as against 101 for rural) and the lowest in Trichur (102 and 101) and Idukki (103 and 102) districts. The congestion in a household is more in urban areas in comparison with rural areas, the number of persons for every 100 households being 602 for urban and 570 for rural respectively. The urban areas of Cannanore district record the largest household size with 7 persons per household.

Taluk-level picture

3.5. 34 out of the 58 taluks in the state have household size less than the state average (5.75 persons per household). All the taluks in Wayanad, Idukki and Trivandrum districts fall in this group. All the taluks in Cannanore, Kozhikode and Malappuram districts have household size above the state average. Malappuram district stands unique with all the taluks having household size above 6 persons per household. 12 taluks in the state have 6 persons per household and above, of which Tirur taluk tops with 6.94 closely followed by Cannanore (6.90). Tellicherry and Ponnani are the other two taluks in the category of 6.50 and above. South of Malappuram district only three taluks viz. Chavakkad, Cochin and Meenachil have 6 persons or more per household.

Statutory town-level picture

3.6. Among statutory towns, the average household size is highest in Tellicherry and Ponnani municipal towns with 8 persons, while Cannanore, Badagara, Calicut, Tirur and Chavakkad have 7 persons. Excepting Shoranur, Chittur-Thathamangalam, Kunnamkulam, Idukki, Chengannur, Mavelikkara, Pathanamthitta, Punalur, Nedumangad, Trivandrum and Neyyattinkara towns which have 5 persons per household, the rest of the statutory towns have household size of 6 persons per household.

4 POPULATION

Provisional and Final Population figures – Variation

4.1. The provisional population figures arrived at immediately after the census in March 1981 and published in Paper 1 of 1981 have subsequently been fully scrutinized and the final figures worked out. There is bound to be some variation between the provisional and final totals since the provisional figures are based on unedited returns and quick compilation whereas the final totals are worked out after detailed editing and scrutiny. However, the actual variation is seen to be only +0.2 per cent at the state level. The break-up of the variation at the district level is given below:

STATEMENT 4.1

VARIATION IN PROVISIONAL AND FINAL POPULATION, 1981

State/District	Final population 1981	Provisional population 1981	Difference in percentage
1	2	3	4
Kerala	**25,453,680**	**25,403,217**	**+0.20**

12. Trivandrum	2,596,112	2,591,057	+0.20

State-level picture

4.2. As per the final population figures of the 1981 census the total population of Kerala is 25,453,680. In population Kerala ranks twelfth among the states in India. The most populous state in the country is Uttar Pradesh (11 crores) while the last position is occupied by Sikkim (3.16 lakhs).

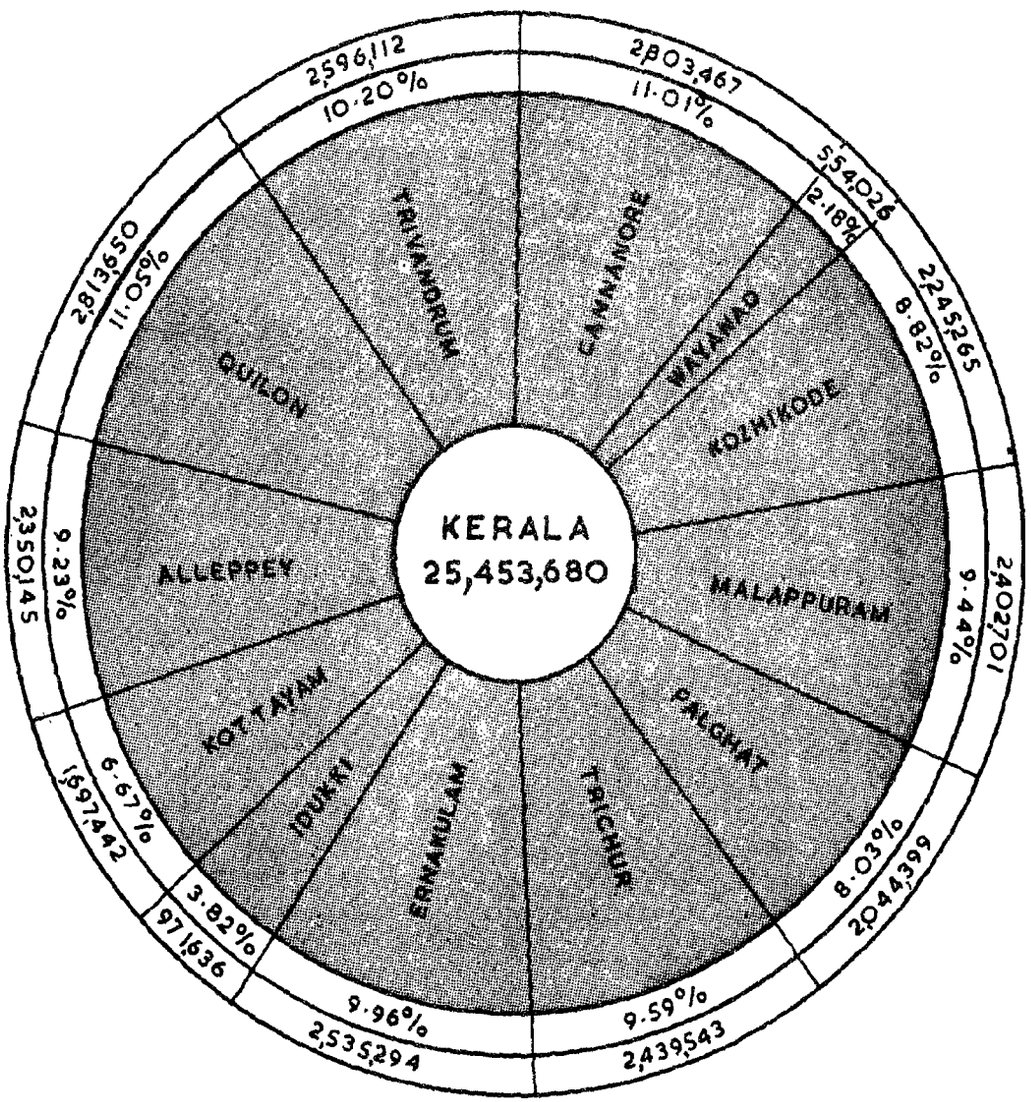

District-level picture

4.3. Quilon is the most populous district in the state with 2,813,650 persons while Wayanad is the least populous with 554,026 persons. Except Kottayam, Idukki and Wayanad all the other districts have a population of over 2 million.

Rural-urban break-up

4.4. The percentage of urban population has increased from 16.24 in 1971 to 18.74 in 1981. As per the 1981 census, the largest percentage of urban population among districts is recorded in Ernakulam (39.56) followed by Kozhikode (27.18), Trivandrum (25.26), Cannanore (23.39) and Trichur (21.10).

Taluk-level picture

4.5. The following statement gives the distribution of taluks cross-classified by area and population. Kozhikode is the most populous taluk in the state with a population of 11.73 lakh while Kothamangalam with 1.65 lakh is the least populous taluk. Mananthavady, Vythiri, Peermade and Devicolam are the other four taluks with a population of less than 2 lakhs. 27 taluks fall in the population range between 2 and 4 lakhs, while 14 taluks fall in the range between 4 and 6 lakhs. There are 12 taluks having a population of 6 lakhs and above. Kozhikode, Ernad, Tellicherry and Mukundapuram are the four taluks which have an area of 1000 sq. km. and above as well as a population of 6 lakhs and above.

Statutory town-level picture

4.6. The Class I towns having population of 1 lakh and above (termed cities in census) are Cochin (513,249), Trivandrum (483,086), Calicut (394,447), Alleppey (169,940), Quilon (137,943) and Palghat (111,245). There are 8 Class II towns (population 50,000-99,999), 64 Class III towns (20,000-49,999), 21 Class IV towns (10,000-19,999), 6 Class V towns (5,000-9,999) and 1 Class VI town (less than 5,000). Cannanore Cantonment is the only Class VI town with a population of 4,489.

Village-level picture

4.7. Of the total 1,331 revenue villages that existed in the state, as on 1st March 1981, 112 villages lay wholly in urban areas like corporations, municipalities etc. 1,219 villages lay in rural areas which included 85 villages lying partly in rural areas and partly in urban areas. 92 villages had a population of less than 5,000 while 222 villages had a population between 5,000 and 10,000. 905 villages had a population of 10,000 and over. All the villages in Badagara, Tirur, Ponnani, Chavakkad, Parur, Kothamanglam, Cochin, Shertallai, Mavelikkara, Karunagappally, Kunnathur, Pathanapuram, Kottarakkara and Neyyattinkara taluks had a population of over 10,000. There were 12 villages having a population of above 50,000 viz. Kalkoonthal (85,626) in Udumbanchola taluk, Kannan Devan Hills (78,833) in Devicolam taluk, Alwaye (76,124) in Alwaye taluk, Kottukal (74,198) in Neyyattinkara taluk, Erumely (65,593) in Kanjirappally taluk, Thiruvallam (63,366) in Trivandrum taluk, Edakkara (63,272) in Ernad taluk, Nemom (60,211) in Trivandrum taluk, Kottamkara (53,349) in Quilon taluk, Konnathady (52,358) in Udumbanchola taluk, Vadasserikkara (50,154) in Pathanamthitta taluk, and Kulathoor (50,917) in Neyyattinkara taluk. The average population of a village in the state worked out to 16,967 persons as on 1st March 1981.

Community Development Block-level picture

4.8. There are 151 Community Development Blocks in the State. The most populous block in Kerala is Taliparamba falling in Cannanore district with a population of 3.17 lakhs. Of the 14 blocks having a population of less than 1 lakh, Vyttila block of Ernakulam district has the lowest population (50,427). The other 13 blocks are Palluruthy (51,912), Nemmara (58,805), Attappady (62,246), Thodupuzha (65,538), Mullassery (80,192), Kodugallur (84,188), Thaicattussery (87,552), Veliyanad (87,819), Lalam (94,923), Aryad (96,276), Vellangallur (96,939), Badagara (98,724) and Pantalayani (99,126). 76 blocks have population ranging between 1.0 and 1.5 lakh, 44 blocks between 1.5 and 1.9 lakh and 16 blocks between 2 and 3 lakhs.

STATEMENT 4.4

COMMUNITY DEVELOPMENT BLOCKS CLASSIFIED BY POPULATION SIZE, 1981

State/District	Total number of development blocks	Development Blocks by population size (in lakhs)		
		Less than 1.00	1.00-1.99	2.00 and above
1	2	3	4	5

12. Trivandrum	12	..	11	1

Panchayat-level picture

4.9. Kerala has 1,000 panchayats The average population of a panchayat in the state is 22,103 persons. Cannanore district with 123 panchayats has the largest number of panchayats in a district followed by Quilon district (102). Wayanad, the least populous district in the state, has also the lowest number of panchayats (25). There are only 30 panchayats with a population of less than 10,000. All the panchayats in Kozhikode and Trivandrum districts have a population of 10,000 and over. 832 out of the 1,000 panchayats have population ranging between 10,000 and 30,000. The number of panchayats with a population of 30,000 and over comes to 138 of which 6 have above 50,000. The most populous panchayat in the state is Munnar in Idukki district having a population of 78,833. Other panchayats having a population of 50,000 and over are: Payyanur (53,992) in Cannanore district, Quilandy (51,301) in Kozhikode district, Eloor (52,528) in Ernakulam district, Kottamkara (53,349) and Kilikollur (50,734) in Quilon district. The least populous panchayat is also in Idukki district i.e. Vattavada with only 3,554 persons.

STATEMENT 4.5

MOST POPULOUS AND LEAST POPULOUS PANCHAYATS IN EACH DISTRICT, 1981

District	Number of panchayats	Most populous panchayat		Least populous panchayat	
		Name	Population	Name	Population

12. Trivandrum	84	Parassala	40,867	Kallikkad	10,978

5. DENSITY OF POPULATION

State-level picture

5.1. At the turn of the present century, Kerala shared with Uttar Pradesh the second rank in India in density of population (with 165 persons per sq. km.) the first rank being held by West Bengal (191). In the 1911 census, Kerala retained the same rank, while in the 1921 census Kerala moved to the first place. Since 1921 Kerala has recorded the highest density among the states in all subsequent censuses and in 1981 its density of population has reached the all-time record of 655 persons per sq. km.

District-level picture

5.2. In all the censuses, Alleppey district tops in density among the districts of Kerala. Ernakulam which held the second position till 1941 was relegated to the third position by Trivandrum district which ranked fifth in 1901 moved to fourth in 1911, third during the period 1921 to 1941 and finally to the second place from 1951 census onwards. In 1901, except Cannanore, Wayanad, Idukki and Quilon, all the other districts had density above the state average. The same position continued in the next census except in Palghat district which also fell below the state average. In the 1921 census, the average density of the state went up from 184 in 1911 to 201 [illegible] Kerala's density moved to 245 in 1931. Without involving any change in the position of districts falling below the state average. From 1941, six districts (Alleppey, Trivandrum, Ernakulam, Kozhikode, Trichur and Kottayam) have recorded a density higher than the state average while the remaining districts have remained below the state average, the lowest rank being held by Idukki district in all the census in the present century.

STATEMENT 5.1

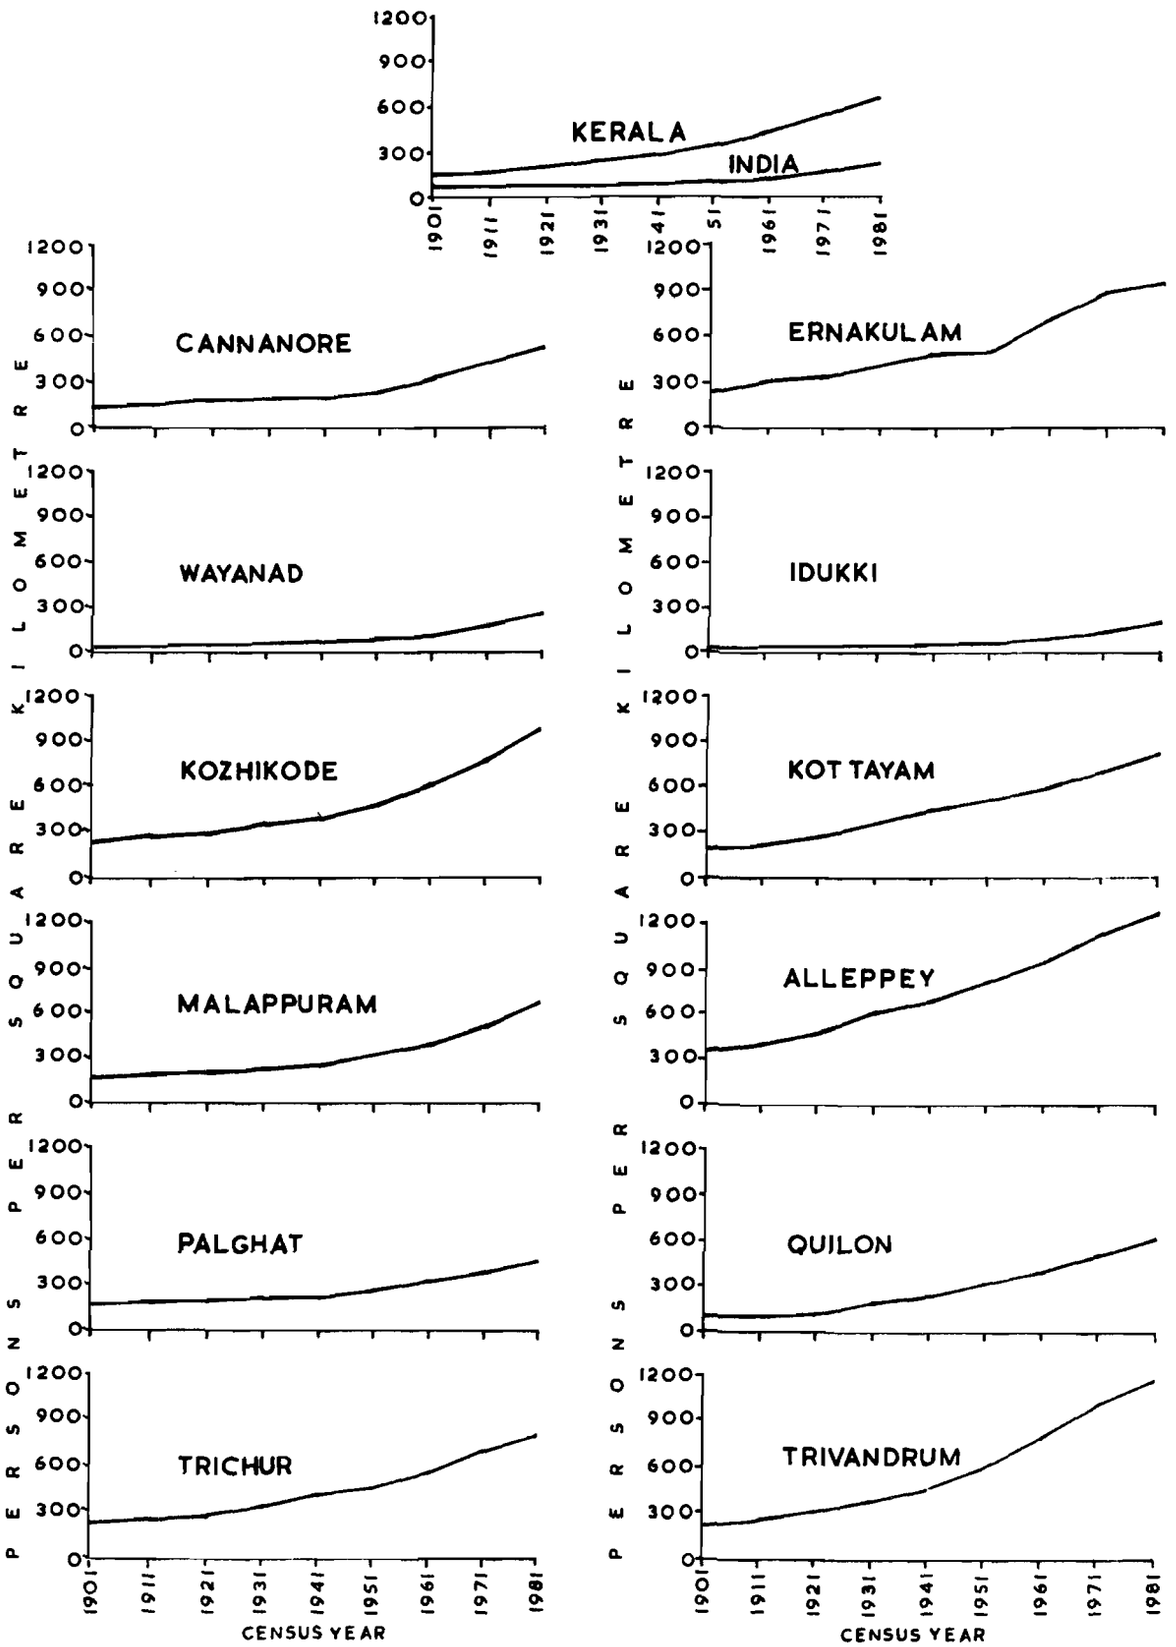

DENSITY OF POPULATION KERALA, 1901-81

11. Quilon	114	130	155	198	248	320	421	522	609
12. Trivandrum	221	260	304	391	463	606	796	1,003	1,184

Rural-urban break-up

5.3. Trivandrum has registered the highest urban density of 3,961 closely followed by Kozhikode (3,821). Next come Quilon (3,156), Kottayam (2,962), Alleppey (2,856) and Ernakulam (2,656). The lowest urban density is recorded in Idukki district (662) while Wayanad district has no urban area. The highest rural density in the state is recorded in Alleppey district (1,128) with Trivandrum coming next (957). Quilon (543), Cannanore (460), Palghat (419), Wayanad (260) and Idukki (186) have rural density less than the state average (558). As regards the comparison between rural and urban density, at the state level, the urban density is nearly 5 times the rural density (2,669 as against 558). The disparity between urban and rural density is the lowest in the districts of Alleppey (2,856 and 1,128) and Malappuram (1,579 and 648), the urban density being only two and a half times the rural density in these two districts while it is three to six times in the case of the other districts.

DENSITY OF POPULATION 1901-81

STATEMENT 5.2

DENSITY: RURAL URBAN BREAK-UP, 1981

State/District	Persons per sq. km. Total	Rural	Urban
1	2	3	4
Kerala	**655**	**558**	**2,669**
1. Cannanore	565	460	2,236
2. Wayanad	260	260	..
3. Kozhikode	957	748	3,821
4. Malappuram	677	648	1,579
5. Palghat	456	419	2,186
6. Trichur	805	683	2,392
7. Ernakulam	1,053	755	2,656
8. Idukki	192	186	662
9. Kottayam	770	715	2,962
10. Alleppey	1,248	1,128	2,856
11. Quilon	609	543	3,156
12. Trivandrum	1,184	957	3,961

Taluk-level picture

5.4. Among the taluks Cochin records the highest density of 3,201 persons per sq. km. followed by Trivandrum (2,950), Quilon (2,125) and Ambalapuzha (2,100). Fifteen taluks have a density below 500 persons per sq. km. the lowest being in Devicolam taluk (101), which has large tracts of tea plantations and dense forests. Nineteen taluks fall in the density range of 500–999 persons, 14 taluks in the range of 1,000–1,499 and 6 taluks in the range of 1,500–1,999 persons. All the taluks in the eastern districts of Wayanad, Palghat and Idukki have a density of less than 1,000 persons. It is significant that all the taluks having a density of 1,000 persons and above lie in a continuous belt along the coastline starting from Kozhikode taluk in the north to Neyyattinkara taluk in the south, the other taluks which fall outside this continuous belt being Cannanore, Trichur, Alwaye, Parur, Kanayannur, Kottayam, Changanacherry, Thiruvalla, Chengannur, and Mavelikkara.

Statutory town-level picture

5.5. All the statutory towns, except two (Idukki and Kothamangalam) have a density of population of 1,000 persons per sq. km. and above. Quilon municipal town has the highest density with 7,464 persons per sq. km. Trichur (6,160) comes next followed by Cannanore (5,522), Trivandrum Corporation (5,447) and Cochin Corporation (5,409).

6. SEX RATIO

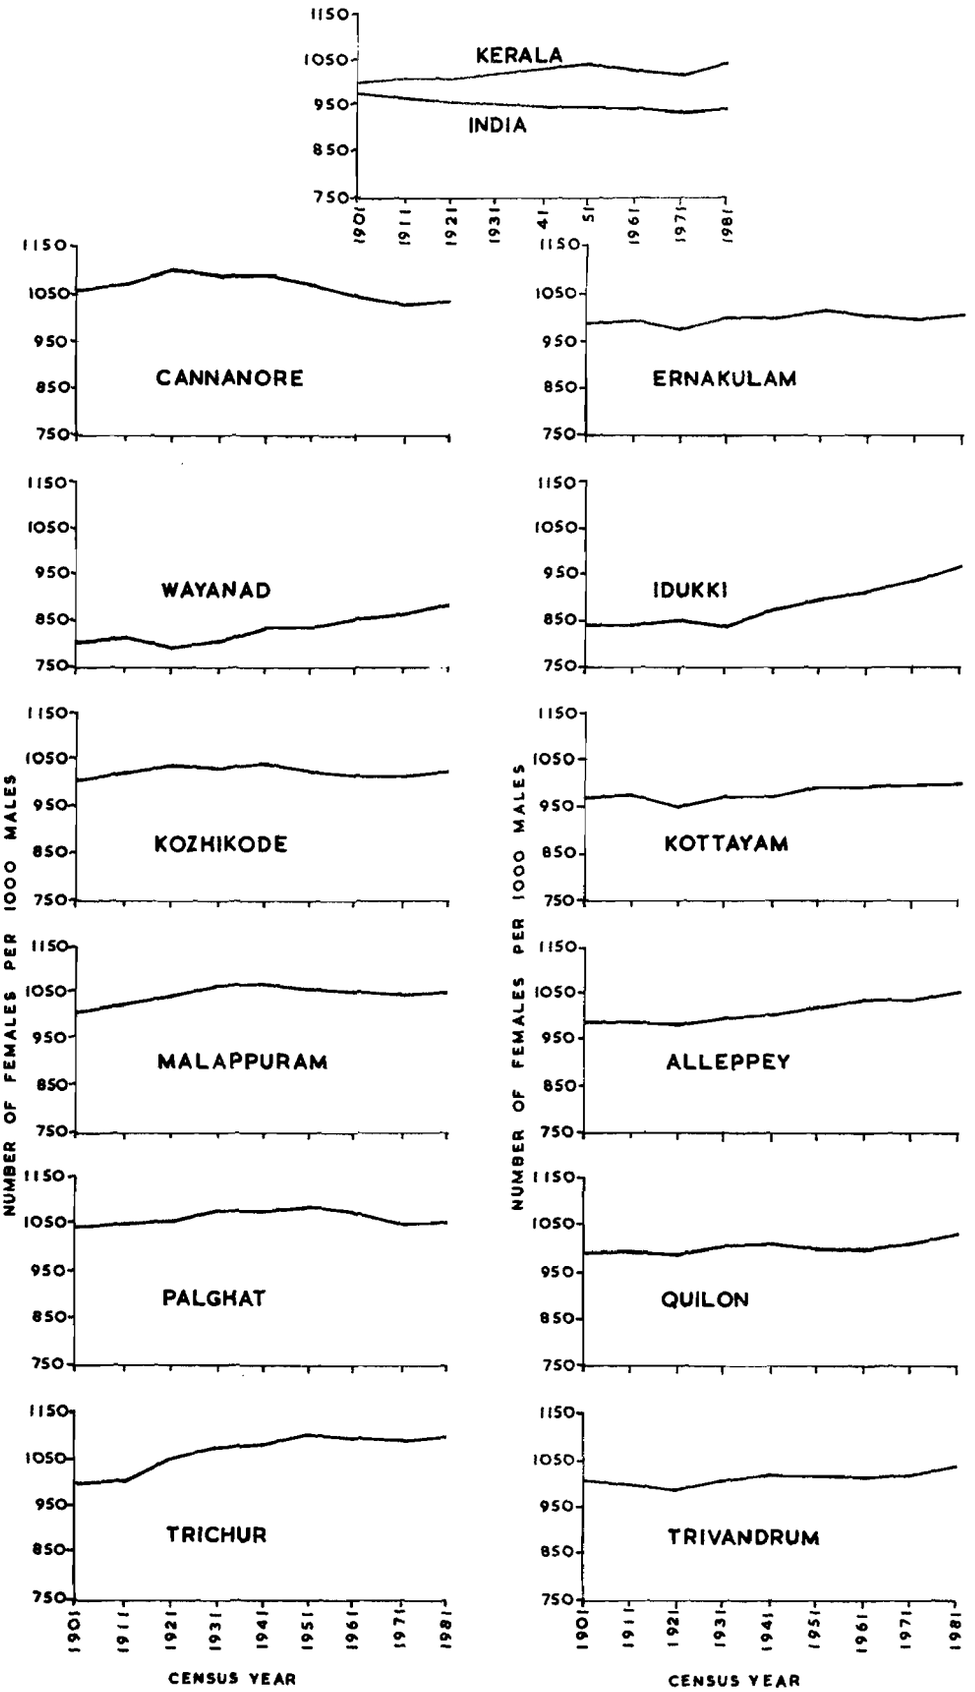

State-level picture

6.1. In 1901 Kerala ranked sixth from the top among the states with a sex ratio of 1,004. The states which had a higher sex ratio than Kerala in 1901 were Bihar (1,054), Tamil Nadu (1,044), Orissa (1,037) Manipur (1,037) and Meghalaya (1,036). In other states males outnumbered females and, therefore, the sex ratio was less than 1,000. In the 1911 census also Kerala's position continued to be the same though Orissa moved into the first position with 1,056. In the 1921 census,Kerala's sex ratio was 1,001 which enabled it to become fifth among the states consequent on the reduction of sex ratio in Meghalaya. In 1931 Kerala had a sex ratio of 1,022 and it advanced to the fourth rank relegating Bihar which claimed a higher rank in the previous census. In 1941, Kerala moved to the third place pushing Tamil Nadu to the fourth rank and only Manipur and Orissa were the two states above Kerala. As per the 1951 census figures Kerala rose to the second position overtaking Orissa. From the 1961 census onwards Kerala has been at the top in sex ratio. Kerala's sex ratio is unique in 1981 census and it is the only state or Union Territory in the country with predominance of females over males

District-level picture

6.2. Coming to the districts of Kerala from 1901 to 1941 Cannanore district led the other districts in sex ratio while in 1951 it went down to the third place, in 1961 to the fourth place and in 1971 and 1981 to the fifth place. Trichur which was in the fifth place in 1901 continued to have the same rank in 1911, but moved to the third position in 1921 and retained the same rank in the 1931 census, second place in 1941 census and has occupied the first place in 1951 and later censuses. Palghat held the second rank in all the censuses except 1941. Malappuram which had the third

SEX RATIO 1901-81

position in 1901 took the fourth position in 1911, fifth in 1921 and again fourth in 1931, 1941 and 1951 censuses. It rose to the third rank in 1961 census and has remained there till now. Thus in the last three censuses (1961-81) the first three ranks were held by Trichur, Palghat and Malappuram. The lowest rank in all the censuses is held by Wayanad, Idukki coming second from the bottom.

Rural-urban break-up

6.3. The sex ratio in urban areas is higher than in rural areas in the districts of Cannanore, Idukki and Kottayam while it is lower in urban areas in all other districts. The difference in sex ratio between rural and urban areas is highest in Trichur district (1,108 and 1,070) with Malappuram coming next (1,054 and 1,026). The difference is lowest in Cannanore district (1,033 and 1,037) followed by Ernakulam, (1,000 and 993) and Quilon (1,027 and 1,018).

STATEMENT 6.2

SEX RATIO: RURAL-URBAN BREAK-UP, 1981

State/District	Sex ratio		
	Total	Rural	Urban
1	2	3	4
Kerala	**1,032**	**1,034**	**1,021**
1. Cannanore	1,034	1,033	1,037
2. Wayanad	949	949	..
3. Kozhikode	1,020	1,025	1,008
4. Malappuram	1,052	1,054	1,026
5. Palghat	1,056	1,059	1,034
6. Trichur	1,100	1,108	1,070
7. Ernakulam	998	1,000	993
8. Idukki	963	962	976
9. Kottayam	1,001	999	1,014
10. Alleppey	1,050	1,052	1,038
11. Quilon	1,026	1,027	1,018
12. Trivandrum	1,030	1,034	1,018

Taluk-level picture

6.4. Among taluks of the state, Chavakkad taluk of Trichur district records the highest sex ratio (1,182). In 43 taluks, the sex ratio exceeds 1,000 and of these, 26 taluks are between 1,000 and 1,050, 12 taluks between 1,050 and 1,100 and 5 taluks above 1,100. The taluks with high sex ratio are: Chirayinkil taluk in Trivandrum district and a compact zone in Central Kerala comprising of the taluks of Ottappalam, Talappilly, Chavakkad and Kodungallur. The taluks with the sex ratio in favour of males are: firstly all the taluks of Wayanad district; secondly, a contiguous zone comprising of the taluks of Kanayannur, Kunnathunad, Muvattupuzha, Kothamangalam, Thodupuzha, Devicolam, Udumbanchola, Peermade, Kanjirappally, Kottayam and Meenachil and thirdly, Neyyattinkara taluk of Trivandrum district.

Statutory town-level picture

6.5. 8 out of the 48 statutory towns have a predominence of males over females. They are: Cannanore Cantonment (706), Idukki (917), Perumbavoor (963), Muvattupuzha (980), Cochin (987), Kothamangalam (992) and Thodupuzha (992) and Kottayam (996). The highest sex ratio is recorded in Guruvayur Township with 1,220 females per 1,000 males . Statutory towns which have a sex ratio of above 1,100 are Chavakkad (1,167), Varkala (1,120) and Kunnamkulam (1,105). Nineteen statutory towns exceed the state average of 1,032.

7. GROWTH RATE OF POPULATION

State-level picture

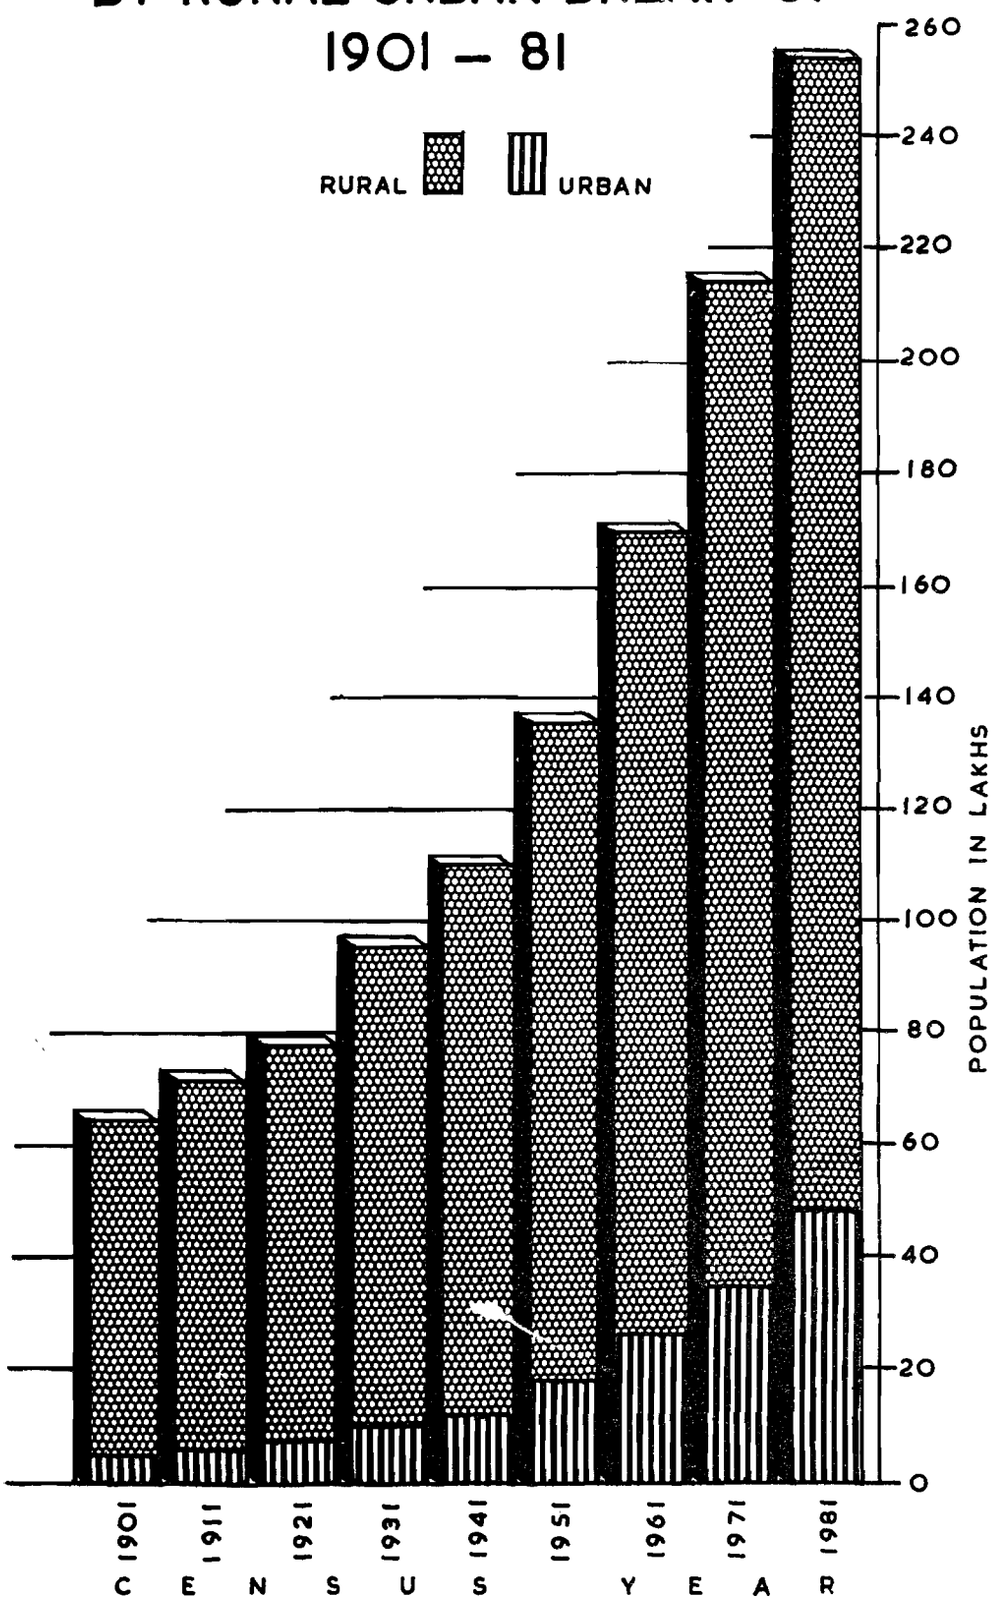

7.1. In all the censuses except 1981,Kerala had a higher growth rate than all-India. During the last hundred years, Kerala's population has gone up from 5.219 million in 1881 to 25.454 million in 1981 registering an increase of 387.70 per cent. For the decade 1901-11 Kerala's rank was 9th among the states in the descending order of growth rate. In 1911–21 and 1921–31 and 1931–41, Kerala's rank was 4, 4 and 7 respectively. The growth rate for 1941–51 was 22.82 which took Kerala to the second position, the first being Tripura (24.56). The decade 1951-61 recorded a sudden spurt in growth rate for many states. Therefore, though Kerala's growth rate went up to 24.76 per cent, its rank among states was 10. The next decade showed a further increase in growth rate for Kerala but still a lower rank, (14). Kerala's rank for the present decade is 21st among the 22 states of India. Tamil Nadu alone has a lower growth rate. But this is due to a higher death rate in Tamil Nadu, which has brought down its net growth rate. Kerala has the lowest birth rate as well as the lowest death rate among all the states. Among the states in India, during 1971-81 Kerala has recorded the maximum percentage decline of growth rate (–26.82 per cent) as against Tamil Nadu (–22.74 per cent). As revealed by the following statement, the decadal gowth rates of Kerala have showed a fluctuating trend upto 1951 alternating between increase and decrease. After 1951, the growth rate has showed only an upward trend till 1971 and it is only during 1971-81 that the rate has fallen.

STATEMENT 7.1

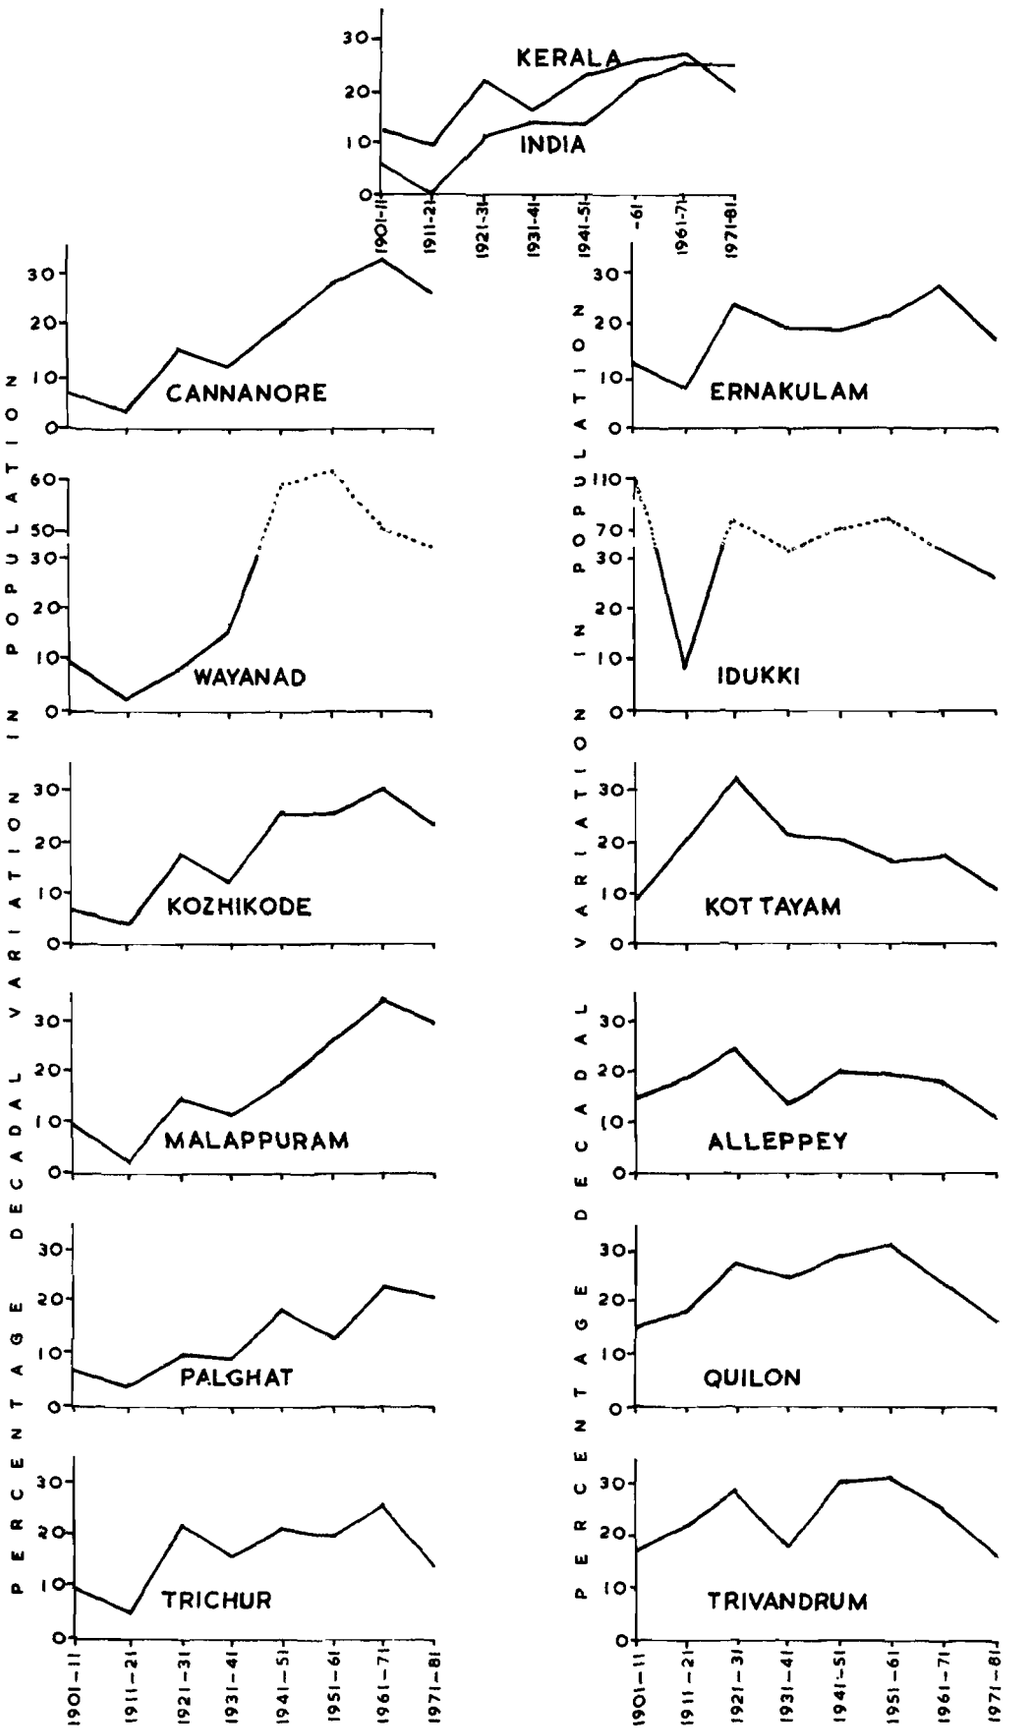

TRENDS IN POPULATION GROWTH IN KERALA DURING 1881-1981

Census year	Population			Decadal percentage increase
	Persons	Males	Females	
1881	5,219,141	2,602,098	2,617,043	(Base year)
1891	5,823,181	2,909,219	2,913,962	11.57
1901	6,396,262	3,191,466	3,204,796	9.84
1911	7,147,673	3,559,425	3,588,248	11.75
1921	7,802,127	3,879,458	3,922,669	9.16
1931	9,507,050	4,702,951	4,804,099	21.85
1941	11,031,541	5,443,296	5,588,245	16.04
1951	13,549,118	6,681,901	6,867,217	22.82

1971	21,347,375	10,587,851	10,759,524	26.29
1981	25,453,680	12,527,767	12,925,913	19.24

GROWTH OF POPULATION BY RURAL-URBAN BREAK-UP 1901 – 81

TRENDS IN DECADAL GROWTH RATE OF POPULATION 1901-81

District-level picture

7.2. During the first decade of the present century, Idukki district showed the highest and rather abnormal growth rate at 108.88 per cent followed by Trivandrum in the second place with a normal growth rate of 17.54 per cent. The main reason for the abnormal growth rate in Idukki district was the migration of persons from the neighbouring districts for employment in the then newly established estates of the Kannan Devan Hill Produce Company. In the next decade (1911–21), Idukki's growth rate was normal. Idukki again led other districts in growth rate during the decades 1921–31, 1931–41 and 1951–61. Starting of new tea and rubber estates and large-scale in-migration of agricultural settlers have contributed to the population growth in Idukki district during these period. In the decade 1971–81, Idukki district's rank in growth rate is only third, with the first two places being taken by Wayanad and Malappuram. The reason for the high growth of population in Wayanad district is almost similar to that of Idukki district i.e. in-migration of enterprising agricultural settlers from the erstwhile Travancore state. During 1901–11, Wayanad's rank was 7th with a growth rate of 9.85 per cent. In the next decade, its rank came down to 11th and during 1921–31 its position was last among the districts of Kerala. Since 1931, the growth of population has gone up in this district and it topped the other districts in the decades 1941–51, 1961–71 and 1971–81. The growth rate of Malappuram district was below the state average till the decade 1951–61. In the last two decades, it has recorded higher growth rates. The hilly tracts of Malappuram district has shown a higher growth rate during 1961–71, possibly due to the large scale in-migration of agriculturists from the erstwhile Central Travancore area. In other areas doubling of the growth rate is noticed during the decade 1961–71 as compared to the previous decade 1951–61. The religion-wise composition is another factor for the increase in population in Malappuram district. The religion-wise distribution and growth rates for Malappuram district during 1961–71 are given below:

	Population (in lakhs)		Percentage of population		Growth rate 1961–71	
Religion	1961	1971	1961	1971	Malappuram district	Kerala state
Hindus	5.61	6.33	40.44	34.08	+12.77	+23.35
Muslims	8.02	11.87	57.80	63.93	+47.98	+37.49
Christians	0.24	0.37	1.76	1.99	+51.80	+25.28

The 1971 census figures also reveal that all the districts having higher content of Muslim population have higher growth rates. There is a general decline in the growth rates for all districts in Kerala during 1971–81, but the rate of decline in growth rate is lower in Palghat and Malappuram districts. Since the 1941 census, Alleppey district has shown a continuously declining trend in growth rate from 19.41 per cent for the decade 1941–51 to 10.56 for 1971–81. Kottayam district ranks lowest in growth rate for the decades 1961–71 and 1971–81 with 17.13 and 10.29 per cent respectively.

STATEMENT 7.2

DISTRICT-WISE PERCENTAGE DECADAL VARIATION IN POPULATION, 1901-81

State/District	1901–11	1911–21	1921–31	1931–41	1941–51	1951–61	1961–71	1971–81

Taluk-level picture

7.3. Eleven taluks in the state have recorded a growth rate of 25 per cent and above, during the decade 1971-81 of which the highest is in Sultan's Battery taluk of Wayanad district with 41.36 per cent. The other taluks in the group in descending order of growth rate are Mannarghat (35.95), Devicolam (33.48), Udumbanchola (33.38), Hosdurg (32.22), Ernad (31.83), Vythiri (30.81), Taliparamba (30.17), Perintalmanna (29.18), Tirur (29.09) and Mananthavady (28.82). 20 taluks have a growth rate of less than 15 per cent, 14 taluks are in the range of 15 to 19 per cent and 13 taluks in the range of 20 to 24 per cent. All the taluks of Kottayam (5) and Alleppey (7) districts have a growth rate of less than 15 per cent. The other eight taluks having a growth rate below 15 per cent fall in Trichur (2), Ernakulam (3), Quilon (2) and Trivandrum (1) districts. All the taluks of Cannanore, Wayanad, Kozhikode and Malappuram districts and all the taluks of Idukki district except Peermade have recorded growth rates of 20 per cent and above.

Statutory town-level picture

7.4. The growth rates of towns do not always depict real growth due to the change in jurisdiction of towns. Only towns having the same jurisdiction in 1971 and 1981 will show an accurate picture of population growth rate. Only 22 statutory towns have the same jurisdiction. Of these, Tirur town has the highest growth rate with 26.41 per cent during the decade. Cannanore Cantonment has a negative growth rate. Other towns which have growth rates higher than 20 per cent are Kasaragod, Malappuram and Ponnani.

Growth of population by major religions

7.5. An analysis of the data on the religion-wise break-up and growth rates of population from 1901 to 1971 (data for 1981 are under compliation) indicates clear and definite trends in the inter-religious composition of the population of Kerala. Hindus, Christians and Muslims constitute the three major religious groups in the state (accounting for 99.96 per cent of the total population) and the followers of other religions are negligible in number as far as Kerala is concerned. The figures are presented in statement 7.4 below. The percentage of Hindus which was 66.63 in 1901 has steadily and continously come down over the decades reaching the figure of 59.41 in 1971. Correspondingly, the percentage of Christians has gone up from 15.41 in 1901 to 21.05 in 1971 and the percentage of Muslims has gone up from 17.68 in 1901 to 19.50 in 1971. The corresponding all-India figures are ; Hindus 82.72 per cent, Muslims 11.21 per cent and Christians 2. 60 per cent. Among the religious groups, the growth rate percentages of Christians have been the highest during the decades 1901-41 (with the highest at 34.85 during 1931-41) and the growth rate percentages of Muslims have been the highest during subsequent decades 1941-71 (with the highest at 37.49 during 1961-71). The growth rate percentages of Muslims have shown a continuous upward trend (except for once in 1941) going up steadily from 7.64 in 1901 to 37.49 in 1971. The growth rate percentage of Hindus has been the lowest among the three religious groups during all the decades and has stood constant at around 23-24 per cent during the period from 1941 to 1971.

STATEMEET 7.4

8. LITERACY

State-level picture

8.1. Kerala has always been way ahead of all other states in the country in the matter of literacy. This is all the more so in regard to female literacy. The following statement brings out the compartive figures for total, male and female literacy rates for Kerala and India in marked contrast. The figures for Kerala for 1941 could not be worked out since the figures for the then Malabar district of Madras Presidency are not available due to the fact that the tabulation of data in the Madras Presidency in 1941 was restricted consequent on the Second World War.

STATEMENT 8.1

LITERACY RATES: KERALA AND INDIA, 1901-81

Census year	Total literacy rate (per cent)		Male literacy rate (per cent)		Female literacy rate (per cent)	
	Kerala	India	Kerala	India	Kerala	India
1	2	3	4	5	6	7
1901	11.14	5.35*	19.15	9.83*	3.15	0.60*
1911	13.31	5.92*	22.25	10.56*	4.43	1.05*
1921	19.02	7.16*	27.88	12.21*	10.26	1.81*
1931	21.34	9.50*	30.89	15.59*	11.99	2.93*

1951	40.47	16.67†	49.79	24.95†	31.41	7.93†
1961	56.85	24.02	54.97	34.44	38.90	12.95
1971	60.42	29.45	66.62	39.45	54.31	18.69
1981	70.42	36.03‡	75.26	46.62‡	65.73	24.73†

* For undivided India

† Excluding Jammu & Kashmir

‡ Excluding Assam 1981 All-India figures are provisional

8.2. General literacy rate is worked out based on the number of literate persons per 100 population without excluding the persons in the age group 0-4 who will invariably be illiterates. 'Effective literacy rate' is the literacy rate arrived at after excluding the persons in the age group 0-4. Effective literacy rate will be the more accurate index of real literacy.

8.3. While there was a net increase in the percentage of effective literacy rate of Kerala by 34 points during the five decades before independence (1901-51), an equal increase was achieved during the three decades (1951-81)after independence. Thus there was faster progress in literacy during the post-independence era. This aspect is more striking in respect of female literacy than male literacy. The percentage of male literacy went up by 36 points during 1901-51 as compared to about 29 points during 1951-81 whereas the percentage of female literacy went up by about 33 points during 1901-51, as compared to 39 points again during 1951-81. Compared to decennial increases of earlier decades, the decade 1961-71 has recorded the highest increase so far in literacy rate from 55.08 per cent in 1961 to 69.75 per cent in 1971.

STATEMENT 8.2

LITERACY RATES-KERALA, 1901-81

Census year	Number of literates			Effective literacy rate (per cent)			General literacy rate (per cent)		
	Persons	Males	Females	Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7	8	9	10
1901	712,257	611,278	100,979	12.85	22.05	3.65	11.14	19.15	3.15
1911	951.132	792,119	159,013	15.45	25.82	5.15	13.31	22.25	4.43

1981	17,924,732	9,428,092	8,496,640	81.29*	87.11*	75.68*	70.42	75.26	65.73

*Crude estimates

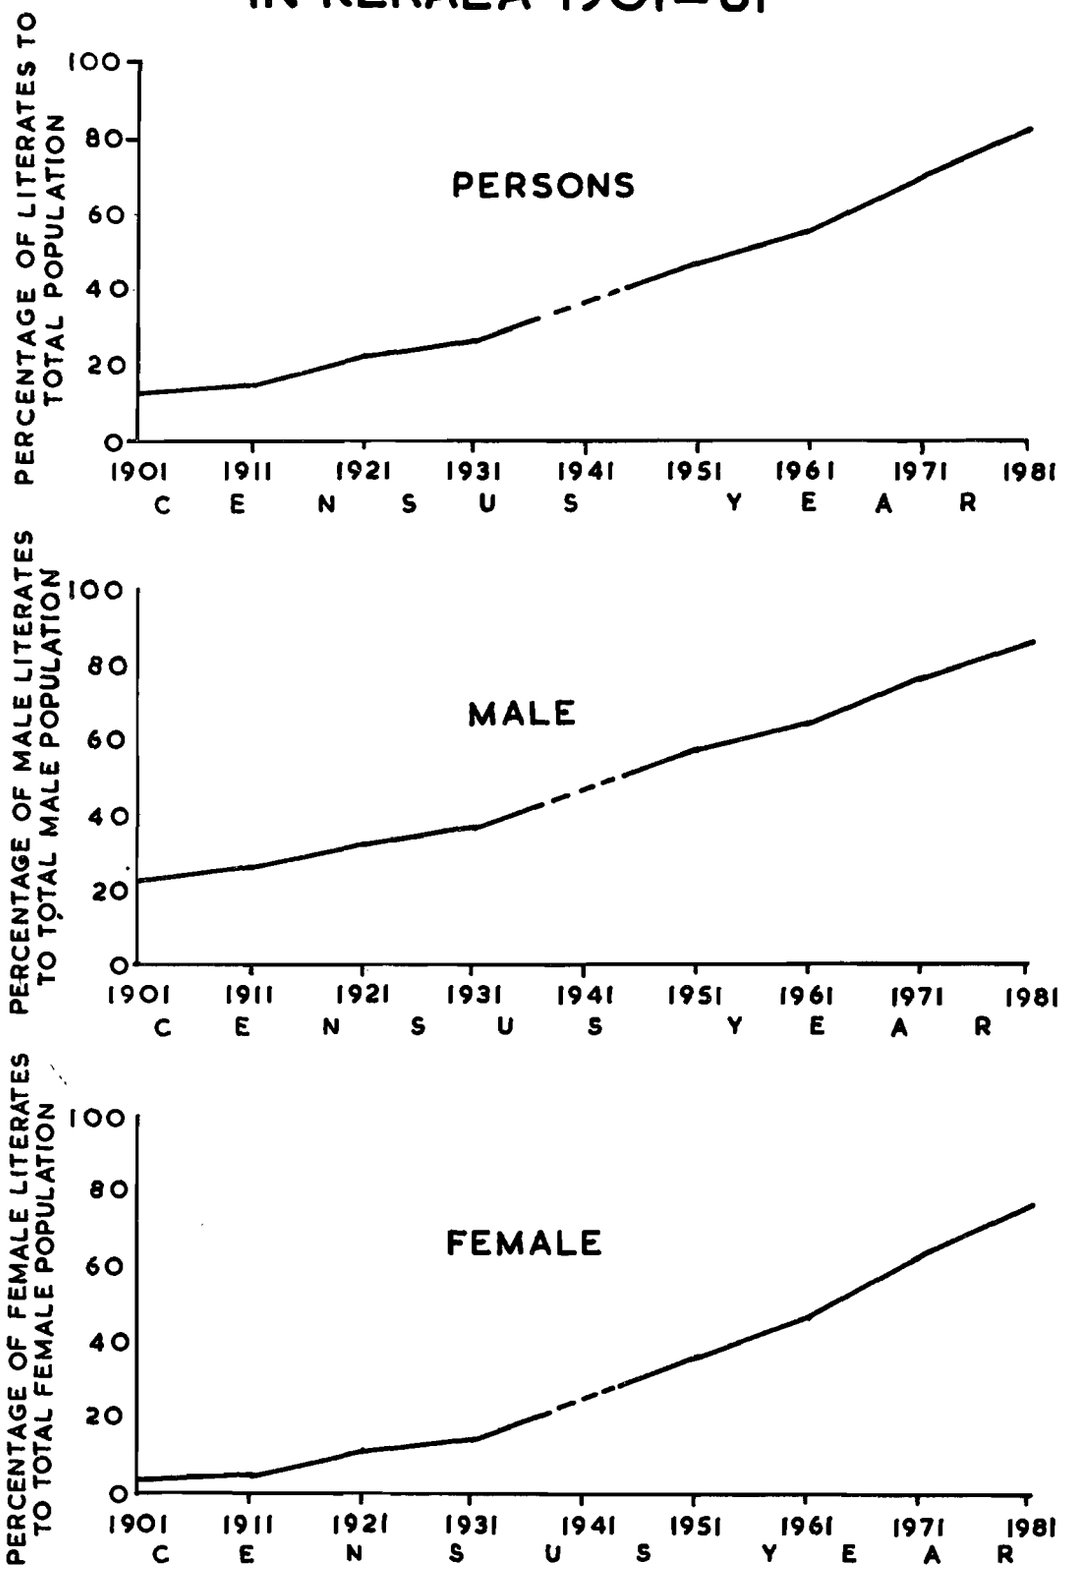

8.4. Crude estimates of effective literacy rate for Kerala for 1981 indicate figures of 81.29 for total, 87.11 for males and 75.68 for females. In other words, more than four-fifth of the total population, seven-eighth of the males and three-fourth of the females are literates. Kerala has been the undisputed champion in literacy among states till 1971 and in 1981. Kerala has overhauled even the small union territorry of Chandigarh which was a nose ahead of Kerala in 1971. Thus Kerala's primacy in the country in literacy is now unchallenged and its lead is particularly fabulous in the matter of female literacy. The female literacy rate of Kerala (65.73) strikes an imposing contrast with the distant second state of Maharashtra (35.08) and the dismal pictures presented by states like Rajasthan (11.32), Bihar (13.58), Uttar Pradesh (14.42) and Madhya Pradesh (15.54). Even a cultural leader like West Bengal has a female literacy rate of only 30.33 per cent.

District-level picture

8.5. In the absence of age group data for the 1981 census at present, the district-wise literacy rates have been computed on the basis of the total population without excluding persons in the age-group 0–4 and, therefore, the comparison of literacy rates below state level is confined to general literacy rates and not effective literacy rates. Kottayam district continues to have the highest literacy in 1981 with 81.66 per cent as against 72.88 in 1971. Alleppey follows with a literacy percentage of 78.52. An interesting feature is that all the districts in the state have more than half of their population as literates, the lowest percentage being in Palghat district (58.00).

8.6. This position applies equally to both male and female literacy rates even if taken separately. The separate male and female literacy rates are also highest in Kottayam district at 83.96 and 79.35 per cent respectively. Male literacy is lowest in Wayanad and Palghat districts with 64.81 per cent while female literacy is lowest in Wayanad with 51.51 per cent. The disparity between male and female literacy rates is low in the state with 9.50 points as against 21.89 points for all-India for 1981. Among the districts of the state, the lowest disparity in male and female literacy is in Kottayam district (4.61) and the highest in Wayanad district (13.30). One peculiar feature is that only five northern districts have disparity of 10 per cent and above in 1981. Yet another feature is the narrowing down of disparity in 1981 compared to 1971. The reason for this variation is the greater increasc in female literacy rates as compared to the increase in male literacy rates during the decade 1971-81.

EFFECTIVE LITERACY RATES IN KERALA 1901–81

STATEMENT 8.3

DISTRICT-WISE LITERACY, KERALA, 1981

State/District	Number of literates (1981)			General literacy rate (1981)			General literacy rate (1971)

11. Quilon	2,085,085	1,084,558	1,000,527	74.11	78.10	70.21	64.97	70.10	59.84
12. Trivandrum	1,830,233	963,063	867,170	70.50	75.29	65.85	62.54	68.64	56.48

Rural-urban break-up

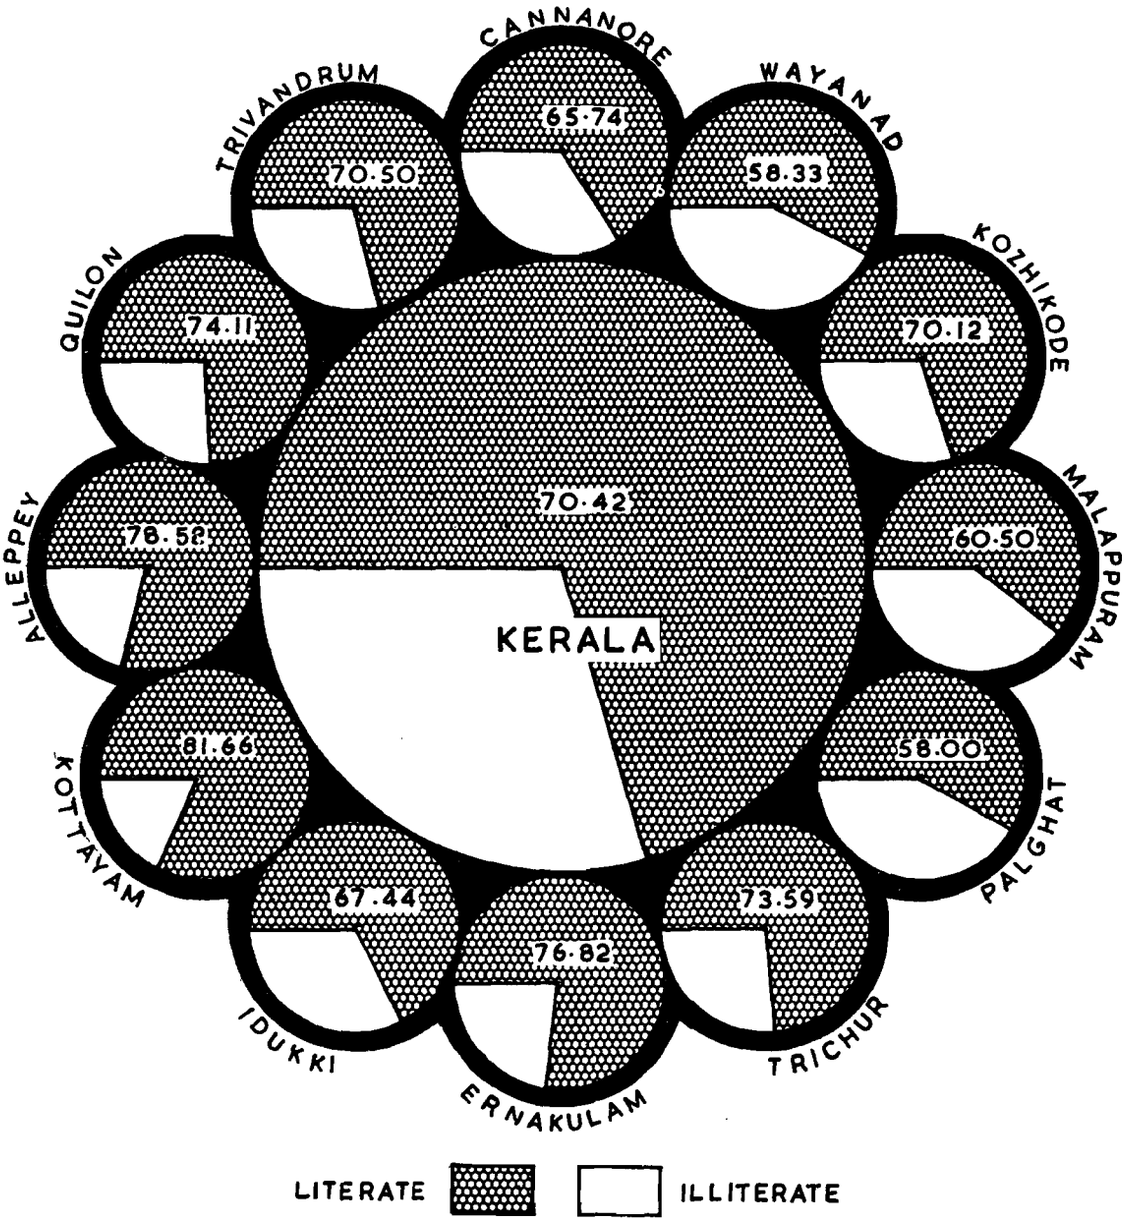

8.7. The literacy rates in urban areas are perceptibly higher than in rural areas in almost all districts. The disparity between urban and rural literacy rates is very narrow (less than 2.5 per cent) in the districts of Alleppey, Quilon, Kottayam and Malappuram. The urban and rural rates are almost identical for Alleppey (78.83 and 78.47) while the difference is negligible for Quilon district (73.75 and 74.16) and Kottayam district (83.04 and 81.51). The widest disparity between urban and rural areas is seen for Palghat district (71.00 and 56.54). Kottayam district has the distinction of having the highest total, male and female literacy rates in both rural and urban areas. The lowest positions in total and female literacy are held by Palghat district while Wayanad occupies the lowest position in male literacy.

STATEMENT 8.4

GENERAL LITERACY RATES: RURAL-URBAN BREAK-UP 1981

State/District	Total literates			Male literates			Female literates

GENERAL LITERACY RATES IN THE DISTRICTS OF KERALA 1981

Taluk-level picture

8.8. In 21 out of the 58 taluks in the state, the percentage of literacy is 75 per cent and above as per the 1981 census. In the erstwhile Malabar region, Tellicherry is the sole taluk falling in this category. The remaining 20 taluks form a contiguous tract in central Kerala lying between Chavakkad and Talappilly taluks in the north; Alathur, Chittur, Devicolam, Udumbanchola and Peermade taluks in the east; Pathanapuram, Kunnathur and Quilon in the south; and the seacoast in the west. Within this tract, there is another distinct high literacy sub-tract (80 per cent and above) comprising of the taluks of Meenachil, Kanjirappally, Kottayam, Changanacherry, Kuttanad, Thiruvalla and Chengannur. All the taluks in Ernakulam, Kottayam, Alleppey and Quilon districts have literacy rate above 70 per cent. Kottayam taluk has recorded the highest literacy in the state (83.55 per cent) and Chittur taluk the lowest (50.88).

8.9. Mannarghat (58.80) is the only taluk in the state with general male literacy rate less than 60 per cent. Male literacy rates are higher than total literacy rates in all taluks. The highest male literacy is recorded in Kottayam taluk with 85.54 per cent. Thiruvalla comes second (84.73) and Kuttanad third (84.72).

8.10. In regard to female literacy, seven taluks have literacy below 50 per cent, the lowest being Chittur taluk (41.89). Other taluks in this range are Kasaragod (43.14), Alathur (47.37), Mannarghat (47.74), Vythiri (48.57), Devicolam (49.38) and Mananthavady (49.44). The taluk with the highest female literacy rate is Kuttanad with 84.46 per cent closely followed by Thiruvalla (82.17), Kottayam (81.56), Changanacherry (80.32), Meenachil (79.22) Chengannur (77.85), Kanjirappally (77.80), Pathanamthitta (76.89), Cochin (76.50), Vaikom (75.40) and Trichur (75.20). Other taluks have less than three-fourth of their female population as literates.

Statutory town-level picture

8.11. Among statutory towns, Cannanore Cantonment has recorded the highest literacy (85.99 per cent) closely followed by Thiruvalla (85.85) and Chengannur (85.28). Other statutory towns having more than four-fifth of the population literates are Palai (84.29), Kottayam (83.92), Trichur (83.90), Mavelikkara (83.04), Alwaye (82.60), Irinjalakuda (82.27), Changanacherry (82.22), Vaikom (81.09), Kunnamkulam (80.75), Trippunithura (80.45), Cochin (80.33) and Parur (80.04). The lowest total literacy is recorded in Ponnani town with 46.34 per cent. Cannanore Cantonment has the highest male literacy rate with 89.29 per cent while the lowest position is claimed by Ponnani with 53.44 per cent. Coming to female literacy, Thiruvalla town has the highest female literacy among statutory towns with 84.51 while the lowest is Ponnani with 39.64 per cent. The literacy rates of cities are given below:

City	Literacy rate		
	Total	Male	Female
1. Cochin	80.33	83.74	76.87
2. Trivandrum	76.31	80.01	72.62
3. Calicut	75.53	80.13	70.95
4. Alleppey	77.98	82.08	73.97
5. Quilon	76.03	79.06	73.05
6. Palghat	71.37	77.10	65.72

9. SCHEDULED CASTES AND SCHEDULED TRIBES

SC and ST Population in 1981 and 1971

9.1. According to the 1981 census, the scheduled caste population of Kerala is 25.49 lakhs which works out to 10.02 per cent of the total population and the scheduled tribe population is 2.61 lakhs which works out to 1.03 per cent of the total population. There have been substantial changes in the list of scheduled castes and scheduled tribes adopted in the 1981 census as compared to the list adopted in the 1971 census because of the modifications brought about in 1976 by the scheduled castes and scheduled tribes (Amendment) Act, 1976 (Central Act No. 108 of 1976) by way of addition of new castes/tribes which satisfy the prescribed criteria, deletion of existing castes/tribes which do not satisfy the criteria, transfer from the caste list to the tribe list and *vice versa*, removal of area restrictions, etc. While the scheduled caste and scheduled tribe population as per the 1971 census was 17.72 lakhs and 2.69 lakhs respectively, the estimated population of scheduled castes and scheduled tribes as in 1971 based on the 1976 Amendment worked out and notified by the Government of India in 1977 came to 20.02 lakhs and 1.93 lakhs respectively. Based on these updated figures, the growth rate of scheduled caste population for 1971–81 is 27.32 per cent and that of scheduled tribe population is 35.23 per cent. The population of scheduled castes and scheduled tribes together is 28.11 lakhs in 1981 as against 20.42 lakhs in 1971, which means an increase of 37.68 per cent as compared to the general population growth rate of 19.24 per cent for the decade.

9.2. The list of scheduled castes and scheduled tribes in Kerala as per the scheduled castes and scheduled tribes orders (Amendment) Act, 1976 adopted in the 1981 census is given at the end of this section.

Changes in the lists of SCs and STs between 1971 and 1981

9.3. The following are the changes between the 1956 list followed in the 1971 census and the 1976 revised list followed in the 1981 census.

(i) 7 scheduled castes (Boyan, Chakkiliyan, Kuravan or Sidhanar, Nayadi, Pallan, Paraiyan or Parayan or Sambavar and Valluvan) and 6 scheduled tribes (Irular or Irulan, Kadar, Kammara, Malayan, Marati and Muthuvan or Mudugor or Muduvan) have no change in the areal restrictions from 1971 to 1981 while the remaining 61 scheduled castes and 29 scheduled tribes have undergone changes in areal jurisdiction as per the revised list.

(ii) In the lists of SC and ST adopted in the 1971 census 'Ulladan' was a scheduled caste and 'Ulladan (Hill dwellers)' was a scheduled tribe. As per the revised list, Ulladan has been deleted from the SC list and the name of the tribe 'Ulladan (Hill dwellers), has been changed as 'Ulladan'.

(iii) Uraly was a scheduled caste as well as a scheduled tribe in 1971. But Uraly has now been deleted from the list of SC and retained only under ST.

(iv) 2 scheduled tribes viz. Malayakandi and Vishavan which had no population in 1971 have now been deleted from the list of ST.

(v) While 'Pulayans' came under both SC and ST in 1971 they no longer come under ST as per the 1976 revised list and are only SC.

9.4. On a comparison of the figures of SC and ST for 1971 with those of 1981, it can be seen that the deletion of Pulayan from the list of scheduled tribes and removal of the area restriction for Pulayan under SC are the reasons for the substantial fall in the ST population and increase in the SC population in the state, especially in the erstwhile Malabar region.

9.5. Our next publication Paper 4 of 1981 will present the primary census abstract of the scheduled caste and scheduled tribe population showing details like number of households, population by sex literacy by sex, workers by broad categories and non-workers relating to the SC and ST population respectively. However caste-wise and tribe-wise break-up of the data will be published only in 1985 since the data have to be processed in the computer and made available by the Census Commissioner of India on the basis of an all-India time table after the compilation is over in all the states.

LIST OF SCHEDULED CASTES AND SCHEDULED TRIBES, KERALA STATE

(As amended by the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976)

SCHEDULED CASTES

1. Adi Andhra
2. Adi Dravida

4. ഉളളാടൻ
5. ഊരാളി
6. ഇരവാലൻ
7. കമ്മാര (പഴയ മലബാർ ജില്ലയിൽ മാത്രം)
8. കാടർ
9. കാട്ടുനായിക്കൻ
10. കാണിക്കാരൻ, കാണിക്കാർ
11. കുടിയാ, മേലക്കുടി
12. കുറിച്ചിയൻ
13. കുറുമൻ
14. കുറുംബൻ
15. കൊച്ചുവേലൻ
16. കൊണ്ടകപ്പുസ്
17. കൊണ്ടറെഡ്ഡി
18. കൊരഗ
19. കൊടാ
20. പളളൈയൻ
21. പളളിയൻ
22. പളളിയാർ
23. പണിയൻ
24. മന്നാൻ
25. മലക്കുറവൻ
26. മലയൻ (പഴയ മലബാർ ജില്ലയിലൊഴികെ)
27. മലസർ
28. മല അരയർ
29. മറാട്ടി (കണ്ണൂർജില്ലയിലെ ഹോസ്ദുർഗ്ഗ്, കാസർഗോഡ് താലൂക്കുകളിൽ മാത്രം)
30. മല അരയൻ
31. മല പണ്ടാരം
32. മല വേടൻ
33. മഹാമലസർ
34. മുതുവാൻ, മുഡുഗർ, മുഡുവൻ
35. ഹിൽപുലയൻ

കുറിപ്പ്: മുകളിൽ കൊടുത്തിട്ടുള്ള ലിസ്റ്റുകളിൽ മലബാർ ജില്ല എന്നതുകൊണ്ട് അർത്ഥമാക്കുന്നത് 1956-ലെ സ്റ്റേറ്റ് റീ-ഓർഗനൈസേഷൻ ആക്ടിലെ സെക്ഷൻ 5-ലെ സബ്സെക്ഷൻ (2)-ൽ പരാമർശിച്ചിട്ടുള്ള മലബാർ ജില്ല ആണ്.

Note: 1 The procedure adopted in arriving at the area figures has been given in paragraphs 1.1 and 1.2 of the Background Note.

2 The density of population figures for urban area of districts have been worked out by using the area figures corrected up to 2 decimal places obtained by adding the area of individual towns in the respective units. Density of population figures for rural areas and for total areas have been worked out based on area figures corrected up to 1 decimal place.

Note:– 1. The procedure adopted for working out the area figures has been indicated in paragraphs 1.1 and 1.2 of the Background Note.

2. The density of population figures for urban areas have been worked out by using the area figures corrected up to 2 decimal places obtained by adding the area of individual towns in the respective units. Density of population figures for rural areas and for total areas have been worked out based on area figures corrected upto 1 decimal place.

2-concld.

PUBLICATION PROGRAMME–1981 CENSUS

The 1981 Census tables will be published as 32 separate Series of volumes for all-India and for each State and Union Territory.

The publication series is as follows:-

1	**INDIA**	17	Punjab
States		18	Rajasthan
2	Andhra Pradesh	19	Sikkim
3	Assam	20	Tamil Nadu
4	Bihar	21	Tripura
5	Gujarat	22	Uttar Pradesh
6	Haryana	23	West Bengal
7	Himachal Pradesh	**Union Territories**	
8	Jammu & Kashmir	24	Andaman & Nicobar Islands
9	Karnataka	25	Arunachal Pradesh
10	Kerala	29	Chandigarh
11	Madhya Pradesh	27	Dadra & Nagar Haveli
12	Maharashtra	28	Delhi
13	Manipur	26	Goa, Daman & Diu
14	Meghalaya	30	Lakshadweep
15	Nagaland	31	Mizoram
16	Orissa	32	Pondicherry

In each of these series (for all-India and each State/Union Territory) the different series, of tables (A-Series — General Population Tables, B-Series-General Economic Tables, etc.) will be brought out as different parts. Apart from these, District Census Handbooks will be published for each district in the country. These will contain the census tables for the district, the village and town Primary Census Abstract and the Village and Town directories. The latter comprise compilations of statistics, external to the census, relating to the villages and towns, which in conjunction with census data will be very useful to data users.

For all-India and for each State and Union Territory the Census tabulations and reports will be published according to the following plan:

Part No. and subject covered	*Sub-part No.*	*Topics covered*
Part I Administration Report	Part I-A: Part I-B:	Administration Report – Enumeration Administration Report – Tabulation

The following special papers are also planned at the all-India level and will be published as and when they are ready as 1981 Census Papers:

Special Area Surveys
Special Tables for Standard Urban Area
Language Survey Reports
Post Enumeration Check report
Age Tables
Life Tables
Reports on estimates of inter-censal birth and death rates using 1971–1981 Life Tables and age data.
Development of Vital Statistics in India.

Besides these special papers, some monographs based on 1981 Census data on subjects of topical interest to be prepared by scholars will be brought out as 1981 Census Monographs.

It is also proposed to carry out some special studies of 1981 Census data in collaboration with other organisations and the results of such studies will be published as occasional paper of the 1981 Census.
