1981 CENSUS

FINAL POPULATION FIGURES

Office of the Director of Census Operations, Goa, Daman & Diu
and Dadra & Nagar Haveli, Panaji.

PREFACE

The Provisional Results of the 1981 Census were declared on 23rd March, 1981 i.e. just within a period of three weeks of the conclusion of the enumeration of population. The provisional data were presented for the levels of union territory, district, taluka and town only.

Simultaneously, a Regional Tabulation Office was set up at Panaji to scrutinise the data collected in the Individual Slips as well as the other schedules of the 1981 Census, and compile the Primary Census Abstract giving population figures down to the village and urban ward levels. The PCA is now ready and will be published as a part of the volume known as the District Census Hand Book. However, printing of this important publication may take about a year. The demand for the final population figures down to the village level has been steadily increasing in the past few months and it is, therefore, considered desirable to provide at least the bare population totals to the users of the census data as early as possible. With this objective, the present publication has been brought out.

S.K. GANDHE
Director of Census Operations,
Goa, Daman & Diu.

Panaji.
