NAGALAND

CENSUS OF INDIA 1981

Paper 2 of 1981

FINAL FIGURES OF TOTAL POPULATION AND SCHEDULED TRIBE POPULATION

315.4165
1981
FFTP

DANIEL KENT
of the Indian Frontier Administrative Service
DIRECTOR OF CENSUS OPERATIONS
NAGALAND

P R E F A C E

In order to meet the large-scale demand from various Government Departments and other data users for the final population figures at District/Circle/Town level, a brochur under the title "paper 2 of 1981" is therefore, being brought out.

This paper presents the final figures of this State, District/Circle and Town pertaining total population and Scheduled Tribe population only. There is no Scheduled Caste population in Nagaland as per Scheduled Caste and Scheduled Tribe order 1970.

The other demographic, socio-cultural and economic data in respect of the population of the District/Circle/Town will be incorporated in the District Census Hand Book and it may take some more time to bring out the publication.

The provisional population of Nagaland of the 1981 Census was 773,281 as published in paper 1 of 1981. After processing of all individual slips, the figures have been worked out as 774,930. The percentage of variation is only 0.21%. The Scheduled Tribe population of Nagaland has been recorded as 650 885 which constituted 83.99% of the total population.

I am grateful to all Officers and Staff of my office who worked very hard in bringing out this paper. I am particularly thankful to Shri S.K. Chattopadhyay, N.C.S. Deputy Director of Census Operations under whose supervision the processing of data was undertaken in the office. I am also grateful to Shri D.C. Pathak, Tabulation Officer who worked tirelesslly in bringing out this paper in such a short time.

I am personally indebted to Shri P.Padmanabha, Registrar General, India who has always been kind to me in providing all sorts of technical and administrative guidance.

Dated Kohima, the
25th September, 1982.

DANIEL KENT
Director of Census Operations,
Nagaland, Kohima.
