FOREWORD

This volume presents tables in Part V-A & B of the Tabulation Plan of 1981 Census viz., detailed cross tabulation on Migration data of the Union Territory of Arunachal Pradesh. These tabels have been generated on the basis of computerised processing of hundred per cent individual slip records of 1981 Census in respect of the Union Territory. The publication is a culmination of the process which started with field operations of 1981 Census under the inspiring leadership of Shri P. Padmanabha of the Indian Administrative Service who was Registrar General and Census Commissioner, India, during the period from 7th October, 1977 to 6th October, 1983. The 1981 Census of India was ably conducted in the Union Territory by Shri M. B. Rai of the Indian Administrative Service.

The work of coding and editing of the individual slip records was completed in the Directorate of Census Operations, Delhi and the Data Entry by the Data Entry Centre, Delhi. Thereafter, the further processes of system design, programming, actual processing on the computer, scrutiny of the computerised tables, writing up of notes and seeing through actual printing of the volume in the press was taken over and seen through by the Office of the Registrar General, India.

This volume is, thus, a product of labours of a team of highly dedicated officers in this organisation. Constraints of space preclude a mention of all the officers at various levels in the various Divisions of the Office of the Registrar General, India who saw this project through its various stages but mention can be made of Wing Commander (later Group Captain) B. B. Adlakha, Director (Electronic Data Processing) in this organisation from 31st August, 1980 to 1st August, 1983, Shri S. N. Chaturvedi, Joint Director (Data Processing), Shri K. R. Unni, Joint Director (Programming) and his colleagues, Shri B.K. Maratha, Deputy Director, and other officers who saw through the work of data entry and processing at various stages.

The Census Division had taken over the responsibility of overall scrutiny of the tables and preparation of notes of this publication and this work was very ably carried out under the supervision of Shri N. Rama Rao, Assistant Registrar General and Shri Madan Singh, Senior Research Officer. Detailed scrutiny of these tables was done by S/Shri A. Pyrtuh, Deputy Director of Census Operations, Arunachal Pradesh and V. P. Rustagi, Deputy Director of this Office and this work was completed within a fortnight. The press-ready copy of the manuscript was completed in the second week of March, 1985.

Since the organisation had, under the guidance of Shri V. S. Verma, the present Registrar General, India, set itself the goal of seeing through all the volumes, pertaining to the Union Territory of Arunachal Pradesh and other States and Union Territories in respect of which processing of data was on hundred per cent basis, out by May, 1985, a formidable challenge was posed to Shri Tirath Dass, Joint Director and his colleagues in the Printing Division.

I am happy to record that the Printing Division of the organisation as a whole has lived upto this challenge.

Joint Registrar General, India

PREFACE

The processing of the data collected during the 1981 Census of India was planned to be carried out on the basis of the mix of manual tabulation and processing on computers. The manual tabulation related mainly to the abstraction of information of what is termed as Primary Census Abstracts which present data down to the village level on general population by sex, literacy, distribution by Scheduled Castes and Scheduled Tribes and by the broad working characteristics of cultivator, agricultural labourer, those engaged in household industry and other workers. In addition to the Primary Census Abstract the data on household population by religion of the head of household and household population by language mainly spoken in the household was also compiled manually. The second stage of processing consisted of taking on to tape the data relating to hundred per cent area.

The tables presented in this volume incorporate data relating to Migration.

The Director of Census Operations, Shri M. B. Rai under whose guidance the entire operations were carried out deserves all credit for the success of the operations but he had to leave the organisation for taking up other important assignment before the volume in question could be made ready for the press.

I must record my deepest sense of gratitude to Shri P. Padmanabha, Ex-Registrar General, India and Shri V. S. Verma, Registrar General, India, for their valuable guidance and sincere help to us at every stage to bring out this publication in time. I also thank Shri Tirath Dass, Joint Director, Printing and the staff of the Census and Printing Divisions associated with this task.

The processing of the huge data was undertaken by the Data Processing Division of the Registrar General's Office under the leadership of Shri V.P. Pandey, Joint Registrar General, India. S/Shri S. N. Chaturvedi, Joint Director (D. P.) and Shri K. R. Unni, Joint Director (Programming) have also helped in the processing of data.

The arduous task of scrutiny and compilation of Migration tables and the preparation of notes was the responsibility of the Census Division of the Registrar General's Office. This task was accomplished well by the Census Division under the overall guidance of Shri V. P. Pandey, Joint Registrar General, India ably assisted by Shri N. Rama Rao, Assistant Registrar General (Census and Tabulation) and Shri Madan Singh, Senior Research Officer. S/Shri R. P. Tomar, V. P. Rustagi, Deputy Directors, Mohd. S. H. Mazumdar, Senior Research Officer and Shri Ganesh Dass, Assistant Director have also helped in finalising the tables.

Lastly, in my own office, I received maximum cooperation and assistance at every stage from my staff who worked diligently with devotion. The names of these officials are given separately.

The list of the names of the officers and staff of this Directorate as well as Data Processing, Census and Printing Divisions associated with this work are given separately.

GENERAL NOTE ON MIGRATION

Migration is an important aspect in the field of population study. A community or a country can gain population either by births or by in-migration and it can lose population by deaths among its residents or by out migration. In other words, migration is a major factor in changing the size and structure of the population. The migration process affects the areas to which migrants have moved and areas which they have left.

Till 1961, migration data were presented with reference to the place of birth. If a person was born at a place other than the place of enumeration, he was treated as a migrant in census returns. In censuses upto 1951, a question on birth place was asked. The data presented related to the number of migrants by sex. In 1961 census, an effort was made to widen the scope of enquiry and information on: (i) birth-place. (ii) birth-place (rural and urban), (iii) duration of residence, if born elsewhere was collected. But these statistics did not take into account the more recent movement of a person. Thus a person who had migrated elsewhere for all practical purposes and happend to be at the place of birth during the period of enumeration, was treated as a non-migrant at the census.

In 1971 census migration data were collected fo the first time on the basis of place of last residence in addition to the question on birth place. The questions were : I. Birth-place, (a) place of birth, (b) rural/urban, (c) district, (d) state/country; II. Last residence, (i) (a) place of last residence, (b) rural/urban, (c) district, (d) state/country, (ii) duration of residence at the village or town of enumeration.

In 1981 census, the scope of enquiry on migration has been further broderred by collecting information on 'reasons for migration from place of last residence' in addition to the enquiry made in 1971 census.

Till 1961, data on migration was based on 'birth place.' However, in 1971 census all migration tables were based on 'place of last residence except table D—1 which related to 'place of birth.' In 1981 census also, all the migration tables are based on 'place of last residence' except table D-1.

The data on migration in 1981 census have been collected through the Individual Slip (Sample). The individual slip (Universal) and the individual slip (Sample) are given in annexure I. The following questions relating to migration were put to the respondents through the Individual Slip (Sample).

Question 1 : Birth Place

(a) Place of birth

(b) Rural/Urban

(c) District

(d) State/Country

Question 2 : Last residence

(a) Place of last residence

(b) Rural/Urban

(c) District

(d) State/Country

Question 3 : Reasons for migration from place of last residence

(Employment, Education, Family moved, Marriage, Others)

Question 4 : Duration of residence at the village or town of enumaration

On the basis of data collected through the above mentioned questions as well as the relevant questions of the individual slip (Universal) as per the instructions given to the enumerators included as in Annexure II a series of tables on migration have been produced in this volume. The table Nos., title of the tables and the level of presentation of the tables are given below :

Table No.	Title	Level at which presented in the U.T.
D-1	Population classified by place of birth	U.T. and District
D-2	Migrants classified by place of last residence and duration of residence in place of enumeration	U.T. and District

D-3	Migrants by sex, place of last residence, duration of residence and reason for migration	U.T.
D-4	Main workers, marginal workers, non-workers and literacy among migrants reporting 'employment' as reason for migration by age, sex and duration of residence.	U.T.
D-5	Migrants from rural area within the State/U.T. of enumeration reporting 'Employment' as reason for migration by age, sex, educational level and duration of residence—urban	U.T.
D-6	Migrants from urban areas within the State/U.T. of enumeration reporting 'Employment' as reason for migration by age, sex, educational level and duration of residence—urban	U.T.
D-7	Migrants from rural areas outside the State/U.T. of enumeration reporting 'Employment' as reason for migration by age, sex and educational level and duration of residence—urban	U.T.
D-8	Migrants from Urban areas outside the State/U.T. of enumeration reporting 'Employment' as reason for migration by age, sex, educational level and duration of residence—urban	U.T.
D-13	Persons born in other districts of the State/Union Territory and enumerated in this district.	District
D-15	Migrants by place of last residence and age for duration residence of 0-9 years (Males/Females).	U.T.

A note on each table explaining the main features of the table is given before the tables. For each of the tables D-4, D-5, D-6, D-7, D-8, D-11 and D-12, no city level is presented for the Union Territory where as per 1981 Census exists no city with population one million or above.

In the 1981 census, data on migration for the above mentioned tables have been processed on full count basis in respect of all the Union Territories and States of Himachal Pradesh, Jammu & Kashmir, Manipur, Meghalaya, Nagaland, Sikkim and Tripura and on the basis of 20 per cent sample of the enumeration blocks for the remaining States.

The processing of the 1981 Census data consisted of two stages-first, hundred per cent manual tabulation for the Primary Census Abstract and later, on the computer. The tables processed on the computer were adjusted so as to conform to the earlier P.C.A figures by applying suitable correction factors. The marginal totals may, therefore, not tally in all the cases due to rounding off. There is only one District in the Union Territory of Delhi. The Union Territory figures will thus hold good for the District also.

ANNEXURE II

INSTRUCTIONS TO ENUMERATORS FOR RECORDING THE ANSWERS TO THE CONCERNED QUESTIONS RELATING TO MIGRATION TABLES

Individual Slip (Universal)

Question 3 : Male (1)/Female (2)

For male, write '1' and for female, write '2' in the box provided against this question. For eunuchs and hermaphrodites, write '1' in the box. Verify with reference to the name and relationship to head recorded under columns 2 and 3 respectively of the Population Record that you have noted the sex correctly.

Question 4 : Age

Record the age of the person in total years completed last birth-day in the rectangle provided against this question. The age should be recorded in international numerals. Very often, there is a tendency on the part of individuals to return 'years running' rather than 'years completed'. Make sure that only the actual number of years completed is recorded. In respect of infants who might not have completed one year by the day of enumeration, their age in completed years must be shown as 'O' as they have not yet completed one year of age. Make sure that infants even if one day old are invariably enumerated. You should not enter the age in months. The age of an infant who has not yet completed one year should invariably be noted as 'O' only.

Question 11 : Literate (1)/Illeterate (2)

Definition of a literate : A person who can both read and write with understanding in any language is to be taken as literate. A person who can merely read but cannot write, is not literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard.

For a person who is literate, i.e., who can both read and write with understanding in any language write '1' in the box provided against this question. If there is any doubt about a person's ability to read or write, the test that may be applied for reading is his/her ability to read any portion of the printed matter in the Enumerator's Instructions booklet (provided the person is familiar with the language used in the booklet) and similarly, for writing, he/she should be able to write a simple letter. Ability merely to sign one's name is not adequate to qualify a person as being able to write with understanding. If a person claims to be literate in some other language with which the enumerator is not acquainted, the respondent's word has to be taken as correct. Other members of the household may also be able to testify to the literacy of the persons enumerated.

For a person who is illiterate, i.e., who can neither read nor write or can merely read but cannot write in any language, write '2' in the box against this question. All children of the age of 4 years or less should be treated as illiterate even if the child is going to a school and may have picked up reading and writing a few odd words.

Question 12 : Educational attainment

This question will be asked of only those who are literate and for whom '1' has been recorded against Question 11. For a person who is illiterate and for whom '2' has been recorded in the answer to question 11, there is no question of ascertaining the educational attainment even if he/she had at some stage attended school and passed a standard and had relapsed into illiteracy. In such a case, you should put a dash (—). We are insisting that a dash (—) should be put if there

is no educational attainment and not a cross (×), because we want to avoid confusion with 10th standard which a cross may signify. You will have to ascertain and record the highest educational level attained by a person for literate, i.e., for whom '1' is recorded in answer to Question 11.

For a person who is still studying in a particular class, *the highest educational level attained by him/her* will be one that he/she has actually passed and not the one in which he/she is studying. For example, a person studying in Ist year B.A. should be recorded as only 'PUC' or 'Higher Secondary' as the case may be. Similarly, for a person studying say, in the 4th year of M.B.B.S., his/her educational attainment should be 3rd year of M.B.B.S., which is the highest level he/she has actually attained. You must record the actual standard passed such as, III standard, VIII standard, Ist year B.Com., etc. However, if a person merely says that he/she has passed primary, middle, matriculation school final, secondary or other definite levels, record him/her as such.

The highest educational level attained by the person enumerated should be recorded. When a person holds both general and technical qualifications both of which are of equivalent level or of varying levels such as B. Sc. (Zoology) and M.B.B.S. or B.A. (Maths.) and B.E. (Bachelor of Engineering), both the technical and general qualifications should be recorded against this question. In the case of pass course, indicate the degree only.

In recording the educational level of a graduate or a post-graduate, the major subject such as B.Sc. (Maths), M.A. (Economics), M.Sc. (Botany), B.Sc. (Agriculture), etc., should be noted. You should not use abbreviations which are not in common use. In such cases, the degree or diploma should be spelt out fully. For example, M.A. (Hindi) and Diploma in Library Science or M.A. (Soc.) and Diploma in Labour Relations. Adequate space has been provided in the slip and you are urged to record the qualification accurately and in sufficient detail. This information is vital for manpower planning and should receive your careful attention.

ECONOMIC QUESTIONS

In the 1981 census we intend collecting information regarding the economic activity of the people in great detail so that those who use these data have the type of information they want. The economic questions consist of the following.

I Q. 14A Worked any time at all last year ?

Yes
No (H/ST/D/R/B/I/O)

Q. 14B If yes in 14A, did you work for major part of last year ? Yes (1)/No (2)

II Q. 15A Main activity last year ?

Yes in 14B (C/AL/HHI/OW)
No in 14B (H/ST/D/R/B/I/O)

Q. 15B
14B Yes—Any other work any time last year ? yes (C/AL/HHI/OW)/No
14B No—Work done any time last year ? (C/AL/HHI/OW)

These questions must be canvassed for every person, irrespective of age or sex. Every person must be asked Question 14A including the very young or very old and the answer to this question must be filled in. The other questions will have to be filled in the case of those to whom they are applicable. The instructions for filling these questions follow.

These questions are meant to get details of the work done by the people with reference to last year. We may, therefore, first consider what is meant by 'work' and what the 'reference period' is.

Definition of work

Work may be defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work.

Reference period

In all the questions, the reference period is the one year preceding the date of enumeration. Certain types of work such as agriculture, household industry like, gur making, etc., are carried on either throughout the year or only during certain seasons or parts of the year, depending on the local circumstances. In such cases what we are concerned with is the broad time-span of the agricultural seasons preceding the enumeration.

Explanation

There should be no confusion regarding these questions. What we are trying to find out is the number of workers and since workers can be full-time workers or seasonal workers or marginal workers, it is necessary to collect data that will give us the correct picture. This is what Questions 14A and 14B and Questions 15A and 15B seek to do. The detailed explanation and instructions for each of these questions are given separately but it will be useful if we look at these together to understand their purpose better.

Question 14A seeks to find out if a person has done any work at all during the last year or whether he or she did not work at all and if it is the latter, how the person spent his/her time as a non-worker. Then Question 14B seeks to find out who among the persons returning 'Yes' in Question 14A had worked for the major part of the year. By major part of the year, it is intended to find out how many had worked for 183 days or more or in other words, worked for 6 months or more. Those who have worked for 183 days or more, will answer 'Yes' for Question 14B. For them code '1' has to be recorded in the box. But those who have worked for less than six months or 183 days will say 'No', and for them code '2' is to be recorded in the box for this question. Question 15A seeks to elicit information on the main activity of the workers in Question 14B, i.e., those for whom '1' has been recorded in the box. It will also elicit information about the main activity of the 'marginal workers' covered in Question 14B i.e., those who have returned 'No' and for whom '2' has been recorded in the box against Question 14B.

The person may have worked for six months or 183 days or more in more than one activity. For example, he/she may have worked for 3 months in cultivation, one month in gur making and 3 months as an agricultural labourer. In Question 15A, he/she is required to indicate which of these three activities according to him/her was his/her main activity i.e., in which capacity he/she spent more time. In the instant case since the person has spent three months each in cultivation and as agricultural labourer the choice as to which of these two would be his/her main activity should be left to him/her. Those who have returned 'No' for Question 14B, i.e., those who have worked for less than six months or 183 days during the last year and for whom code '2' has been recorded in the box, will have to state whether according to them, they were engaged mainly in household duties, or as student, or dependent or as retired person, rentier, or beggar or inmates of institutions, and if not in any of these categories, the person (s) should be put under 'Others' in Question 15A.

In question 15B details of secondary work or marginal work are sought to be obtained. Those who have worked for the major part of the year, i.e., those for whom '1' has been recorded in the box against question 14B, may have had secondary work and this should be entered in Question 15B. Those who have not worked for the major part of the year and for whom code '2' has been recorded in the box against Question 14B, must have done some marginal work and these details will be entered in Question 15B. It is important that probing questions are asked to elicit correct information in this question.

Individual Slip (Sample)

Question 1 : Birth place

Certain details regarding the place in which the person enumerated was born are to be collected and entered in the sub-parts of this question. The explanation and instructions as to how the four sub-parts are to be filled in are as follows :

Question 1(a) : Place of Birth

Write 'PL' for person born in the village or town where he/she is being enumerated. Where 'PL' is noted against this question put '×' against sub-parts (b), (c) and (d).

For those born outside the village or town of enumeration write the actual name of the place against sub-part (a) and fill the other details against sub-parts (b), (c) and (d).

In indicating the birth place, only the full name of town or village would have to be indicated and not hamlet or mohalla/ward names. The name of a ward/hamlet should not be entered but the name of the town/village to which it belongs should be entered.

Question 1(b) : Rural (1)/Urban (2)

For those born outside the village or town of enumeration ascertain if the place of birth is a village or town at present. To enable a person to determine whether the place is a town or a village, he/she may be

required to indicate the status of the place of birth in comparison with a known town in the neighbourhood of the place of enumeration. You may mention some important urban characteristics to enable the person to make out if the place of his/her birth is rural or urban e.g., existence of a local administrative body, industrial townships declared as towns etc.

For a person born in a village, write '1' in the box.

For a person born in a town/city, write '2' in the box.

For a person born in a foreign country, put '×' in the box against this sub-part and also against sub-part (c) on the line.

If all efforts to classify the place of birth as rural/urban fail, write 'not known' on the line.

Question 1(c) : District

For a person born outside the village or town of enumeration but within the district of enumeration, write 'D' on the line.

For a person born in another district of the State of enumeration, or in a district in some other State/Union Territory in the country, write the name of the district.

If the person cannot name the district, write 'not known'.

Question 1(d) : State/Country

For persons born within the State of enumeration, write '×' against this sub-part on the line. Make sure that the earlier entries made in sub-parts (a), (b) and (c) are consistent with such an answer; that 'PL' might have already been written against such part (a) or 'D' is written against sub-part (c) or any other district of the State of enumeration is mentioned against sub-part (c).

For persons born outside the State of enumeration but within the country, write the name of the State/Union Territory where born.

For those born outside India, note merely the name of the country and there is no need to enter the name of the constituent state of the foreign country. Where a person cannot name the country, the name of the continent may be noted.

For a person born on the high seas, record 'born at sea', against this sub-part and pnt '×' against sub-part (a), (b) and (c).

If a person was born in a train, boat or bus or aircraft, etc., within the country, write the particulars in sub-parts (a), (b) and (c) with reference to the administrative territory where the event occurred or was registered.

Question 2 : Last residence

The answer to this question will have to be filled in respect of every person if he/she had another place of normal residence irrespective of his/her place of birth, before he/she came to the present place where he/she is enumerated. Even if a person was born at the place of enumeration but because of his/her work or for studies, etc., he/she had shifted subsequently to another village or town and had come back again to the place of enumeration, he/she should be deemed to have had another place of residence prior to his/her enumeration here.

The immediate previous village or town of residence is relevant only if he/she had been outside the village or town of enumeration and not simply in another house or locality in the same place. For example, if a person born in one part of Bombay City is found residing in another part of Bombay at the time of enumeration, the change of residence should not be treated as change of place of residence because both the areas are within the same city of Bombay. Similarly, a person born in hamlet 1 of village Rampur and found in hamlet 2 of the same village at the time of enumeration, should not be deemed to have had another place of residence than the village where he/she is enumerated. Where a person had merely gone out to another place or had been shifting from place to place purely on tour or pilgrimage or for temporary business purposes, he/she should not be deemed to have had another residence different from the place where he/she or his/her family normally resides. In the case of a person who is enumerated elsewhere than in his normal place of residence, the place of his immediate previous normal residence will be recorded as the place of last residence. Similarly, if a person is enumerated at a place other than his place of birth and if he had no other place of normal residence before coming to the place of enumeration, the place of birth would be the place of last residence.

It would not be possible to specify the duration of stay which will qualify for reckoning last residence. The circumstances of each case would have to be taken into consideration, in deciding whether a person has had a last residence or not. For example, an officer who has been transferred for a short period, must be considered as moving from his/her place of previous posting which would become his/her place of last resi dence, irrespective of his/her stay in the new posting. However, temporary movement like woman moving into a hospital for delivery, a person moving into a hospital for treatment, etc. at a place other than their usual residence, will be ignored and these places will not be treated as the last residence. In the case of a child born in a hospital into which the mother has moved temporarily for delivery which is different from the usual place of residence of the mother, the place where the hospital is, will be treated as the place of last residence for the child, though the place where the hospital is will not be the place of the last residence of the mother.

Question 2(a) : Place of last residence

For a person who has been in the village or town of enumeration continuously since birth (except for shifting to other places ouside the village or town of enumeration for a purely temporary stay), write 'PL' against sub-part (a) and put '×' against sub-parts (b), (c) and (d). But for a person who had his last previous residence at any place outside the village or town of enumeration (rrespective of his place of birth), write the actual name of the village or town or his actual previous residence against this sub-part (a) and fill the other details against sub-parts (b), (c) and (d).

Question 2(b) : Rural (1)/Urban (2)

For a person who had previously resided outside the place of enumeration, ascertain if the place of last previous residence is rural or urban and record the answer. For a person whose last previous residence is a town/city, write '2' in the box, and for 'Rural', write '1'. For a person who last resided in a foreign country, write '×'.

For a person whose immediate previous residence cannot be classified write 'not known'.

Rural or urban status has to be determined with reference to the status existing at the time of enumeration.

Question 2(c) : District

For a person who had previously resided in another place, i.e., for whom 'PL' is not written against sub-part (a), you have to fill in this sub-part after enquiry.

For a person who previously resided in another village or town within the district of enumeration, write 'D'.

For a person who previously resided in another district of the State/Union Territory of enumeration in a district in any other State/Union Territory in the country, write the name of the district. If he/she cannot name the district, write 'not known'.

For a person whose last previous residence was outside India, write 'X' against this sub-part.

Question 2(d) : State/Country

For a person whose last previous residence was outside the village or town of enumeration but within the State or Union Territory of enumeration, write '×' against this sub-part but if it was outside the State or Union Territory of enumeration but within the country, write the name of the State, Union Territory.

For a person whose last previous residence was outside the country, write the name of the country and if name of the country is not forthcoming, write the name of the continent.

Question 3 : Reasons for migration from place of last residence

The question will be asked in the case of a person for whom information has been recorded in Question 2, i.e., last residence. However, please note that this question will not be canvassed in the case of those for whom you may have written 'PL' against place of last residence. This is because they have had no place of last residence. In all the other cases you must find out the reasons for migration from the place of last residence and note the reasons by entering the appropriate code. The codes which must be entered for the various reasons for migration are as follows :

(a) Employment	1
(b) Education	2
(c) Family moved	3
(d) Marriage	4
(e) Others	5

These codes have been printed at the bottom of the Sample Slip. You must enter a code depending on the reasons for migration in the box against this question.

A person will have moved for employment in the following cases :—

(a) If he or she has moved in search of a job or hoping to get a job.

(b) Because he/she has got a job and has moved to take up the job.

(c) Having already got a job, he/she has moved because of a transfer even if this is on promotion.

If a person has moved for any of these reasons, note code '1' in the box.

A person can be said to have moved for educational purposes if he or she has moved to the place of enumeration from his/her place of last residence for joining a school/college or any other type of educational institution either for the first time or for continuing his/her studies. However, please note that if this particular person has moved along with his/her family because the entire family has moved due to any reason, you must note that this person has not moved for educational purposes. In such a case the right code to be entered will be code '3, namely, 'Family moved'.

The reason 'Family moved' code '3' will refer to cases where the entire family moves. Such cases will come up if the head of the household or the person on whom the family is dependent has moved due to any reason such as transfer, etc. There are cases where one or more members of the family move along with the person who has moved in search of employment or education or for other reasons. While the person who has moved for a particular reason will be assigned the appropriate code, the other members who moved along with that person will be assigned code '3', i.e., 'Family moved'.

If a person has moved consequent on getting married, assign code '4' for that person.

Code '5' 'Others' will include all other reasons for migration not covered by employment, education, family moved or marriage. This may include cases like movement due to retirement, movement for economic reasons such as setting up of shops, starting of a business, etc.

It is important to note that the reasons for migration are being noted for each person separately since in any case you will have to fill up Sample Individual Slips for each person separately. Therefore, in the same household, there may be cases where the reasons for migration are different for different members of the household. For example, if the head of the household is promoted and transferred, in his/her slip against Question 3 you will have to assign code '1' because his/her movement is consequent on employment, while the shouse and other dependents should he assigned coal '3' because the family moves. There are also cases, particularly from the rural areas to urban areas, where a boy or a girl moves to a town or city for higher studies and in order to look after him or her an elderly person also moves. In such a case, in the case of the person who moves for higher studies, the reasons for migration will be 'Education' code '2' while in the case of the elderly person, the reason will be 'Others' code '5'. If in case the entire family has moved along with the student, for all the other members of the family you will have to assign code '3' 'Family moved'. It is, therefore necessary for you to make careful enquiries and not to get confused with the different reasons which may be applicable to different persons of the same household.

In particular, please note that you must make detailed enquiries in the case of any unrelated members of the household, such as cook, servant, etc. In their cases, their movement from the place of last residence may have been due to employment. Similarly, in the case of those members of the household who are rather distantly related to the head of the household, you must also make such detailed enquiries.

It must be remembered that the reason 'Family moved', code '3' can only come up in cases where some other member of the family has moved for any of the other reasons mentioned in the Sample Slip. The members of the family moved because either the head of the household or the person on whom the family depends has moved because of employment or for any other reason.

Please note that in the case of every person who has come into India from any other country as a result of partition or has been repatriated, the reasons for migration will be noted as 'Others', code '5' and not any other code.

Question 4 : Duration of residence at the village or town of enumeration

Note here the period in completed years of the continuous residence in the village or town where the person is being enumerated. This will apply even to a person born at the place of enumeration.

If he/she had left this village or town and had lived elsehwere for sometime, i.e., in Question 2 another place of last residence is reported and has come back to this village or town, then the duration or residence to be noted against this question is the period of the latest continuous residence. But if a person had been away on a temporary visit or tour, etc., that should not be taken as a break in the period of his/her continuous residence here.

If the person was born at the place of enumeration and also had no other place of last residence, i.e., 'PL' has been noted in Question 2 (a), then '×' may be put against Question 4 in the box.

For a person whose duration of continuous residence at the place of enumeration is less than 1 year, write 'O' in the box.

D-1 POPULATION CLASSIFIED BY PLACE OF BIRTH

NOTE

This table gives the distribution of population by birth-place. For those born outside the village or town of enumeration, the status of the birth place was recorded by the enumerator as rural or urban depending on its status at the time of enumeration. It corresponds to table D-1 of the 1971 Census. However, in 1971 Census the status of the birth place of an individual was recorded as rural or urban depending on its status at the time of the individual's birth. The place of birth has been classified in column 1 as follows :

A. **Born in India**

(I) Within the State of Enumeration

(1) Born in place of enumeration

(2) Born elsewhere in district of enumeration

(3) Born in other districts of the State

(II) States in India beyond the State of Enumeration

B. **Born in Countries in Asia beyond India including U.S.S.R.**
(Afghanistan, Bangladesh, Bhutan, Burma, China, Indonesia, Iran, Iraq, Japan, Kuwait, Malaysia, Maldives, Nepal, Pakistan, Saudi Arabia, Singapore, Sri Lanka, Turkey, United Arab Emirates, U.S.S.R. and Vietnam.)

C. **Born in Countries in Europe excluding U.S.S.R.**
(France, G.D.R, F.R.G, Portugal and U.K.)

D. **Born in Countries in Africa**
(Kenya, Mauritius, Nigeria, Uganda and Zambia)

E. **Born in Countries in the Americas**
(Canada and U.S.A.)

F. **Born in Countries in Oceania**
(Austrlia and Fiji)

G. **Unclassifiable**

In respect of birth-place under groups B, C, D, E and F, data for the above countries in each continent are given separately. The total of the remaining countries in that continent is given under 'elsewhere'. However, States/UTs and the Countries from where there were no migrants to the Union Territory, are not given in this table.

In item 'A' and its sub-parts, data for place of birth are given separately for total, rural and urban areas. Persons whose birth place could not be classified as rural or urban have been included in total.

The place of enumeration has also been classified separately into rural and urban areas. This table has been compiled, based on the information collected through question No. 1 of the Individual Slip (Sample) and question No. 3 of the Individual Slip (Universal). The table is presented for the Union Territory and the Districts. This table has been compiled on the basis of full count.

This table throws light on the pattern of migration based on place of birth.

D-2 MIGRANTS CLASSIFIED BY PLACE OF LAST RESIDENCE AND DURATION OF RESIDENCE IN PLACE OF ENUMERATION

NOTE

This table gives the distribution of migrants, i.e., those who last resided in a place outside the place of enumeration, by duration of residence at the place of enumeration. The place of last residence has been classified in column 1 as follows :

A. **Last residence elsewhere in India**

(I) Within the state of enumeration but outside the place of enumeration

(1) Elsewhere in district of enumeration

(2) In other districts of state of enumeration

(II) States in India beyond the state of enumeration

B. **Countries in Asia beyond India including U.S.S.R.**

(Afghanistan, Bangladesh, Bhutan, Burma, China, Indonesia, Iran, Iraq, Japan, Kuwait, Malaysia, Maldives, Nepal, Pakistan, Saudi Arabia, Singapore, Sri Lanka, Turkey, United Arab Emirates, U.S.S.R. and Vietnam).

C. **Countries in Europe excluding U.S.S.R.**
(France, G.D.R., F.R.G., Portugal and U.K.)

D. **Countries in Africa**
(Kenya, Mauritius, Nigeria, Uganda and Zambia)

E. **Countries in the Americas**
(Canada and U.S.A.)

F. **Countries in Oceania**
(Australia and Fiji)

G. **Unclassifiable.**

In respect of place of last residence under groups B, C, D, E and F, data for the above countries in each continent are given separately. The total of the remaining countries in that continent is given under 'elsewhere'.

States/Union Territories and countries from where there wore no migrants are not shown in this table.

The place of last residence under 'A' and its each sub-part has been classified into total, rural and urban. Migrants for whom the place of last residence could not be specified as rural or urban have been included in total.

The duration of residence of the migrants has been classified into the following ranges—less than 1 year, 1—4 years, 5—9 years, 10—19 years, 20+ years and period not stated.

This table has been compiled, based on the information collected through question Nos. 2 and 4 of the Individual Slip (Sample) and question number 3 of the Individual Slip (Universal). The table is presented for the Union Territory and the districts. This table has been complied on the basis of full count.

This is the basic table on migration showing inter-district, intra-district but intra-state migratory streams and migration from abroad during the last 20 years and beyond. This table corresponds to table D-II of the 1971 Census.

Since this migration table is based on last place of residence, it takes into account only the last migratory movement of a person even though he/she might have migrated several times in his/her life time.

It gives information on the age composition of the migrants who have migrated to the Union Territory from the place of last residence and have been residing in the Union Territory for the period of last 0—9 years. Separate data for rural and urban areas are given for both place of last residence and place of enumeration.

The age classification of the migrants is as follows : All ages, 0—2, 3—7, 8—12, 13—17, 18—22, 23—27, 28—32, 33—37, 38—42, 43—47, 48—52, 53—57, 58—62, 63—67, 68—72 and 73+. Migrants, whose ages were not specified have been included in 'All ages'. Data for each State and Union Territory of India and for outside India are given separately under the place of last residence.

This table has been compiled, based on the information collected through question numbers 3 and 4 of the Individual Slip (Universal) and question numbers 2 and 4 of the Individual Slip (Sample). The table is presented for the Union Territory as a whole. This table has been compiled on the basis of full count.
