INTRODUCTORY NOTE

The present volume which is in two sub-parts *viz.*, Part II-C (iii) and Part II-C (iv) is devoted to all India Migration (or D-Series) Tables. 'Migration' according to Indian Census is determined solely by the concept of "place of birth". Thus, if a person was born at a place other than the place of enumeration, he will figure as a migrant in census returns. These statistics do not account for the intermediate movement of persons between various places as migration is determined purely by the place of birth. Hence a person moving from place to place will not be classed as a migrant if during the period of enumeration he happens to be at the place of birth.

In the previous censuses a question on 'birth place' was asked which ascertained the 'district' of the place of birth and the data presented related to the number of migrants by sex break-up. These did not furnish information on other essential demographic and economic characteristics of the migrant population; neither did they reflect the intra-district movements nor movements from Rural to Urban areas and vice versa.

The 1961 Census made an endeavour to widen the scope of enquiry and collected the essential data to fill up the void which was greatly felt in the area of migration statistics. Thus the individual slip which was canvassed for every person (except in the case of 297,853 persons in the N.E.F.A. for whom simplified family schedule was devised) at the 1961 Census contained the following questions to elicit migration data:

4 (a) Birth place

4 (b) Birth place R/U (Rural/Urban)

4 (c) Duration of residence if born elsewhere

5 (a) Nationality

With the help of these special questions, data on the following characteristics of the migrants were collected and are presented in the various migration Tables :

(1) Non-Indian Nationals;

(2) Rural-Urban classification of birth places and of the places of enumeration, cross classified under :

(a) born in place of enumeration,

(b) born elsewhere in the district of enumeration,

(c) born in other districts of the State,

(d) born in each of the States or Union Territories in India. For migrants born outside India, the statistics show the country of birth and rural/urban classification of the places of enumeration;

(3) Duration of residence in the place of enumeration along with the above characteristics of the migrants; the duration of residence being less than 1 year, 1–5 years, 6–10 years, period not stated;

(4) Migrants to cities classified by sex, broad age-groups, educational levels and in the case of workers also by occupational divisions and groups according to the code structure of National classification of occupations;

(5) In the case of cities, population born locally migrants from rural areas and from other towns and cities; and

(6) Distribution of industrial categories of workers and non-workers among migrants by place of birth.

Data relating to the above characteristics are presented in the following six Tables:

(i) D-I Non-Indian Nationals;

(ii) D-II Place of birth;

(iii) D-III Migrants classified by place of birth and duration of residence in the place of enumeration;

(iv) D-IV Migrants to cities classified by sex, broad age-groups, educational levels and in case of workers also by Occupational Divisions and Groups;

(v) D-V Cities showing population born locally, migrants from rural areas and migrants from other towns and cities; and

(vi) D-VI Distribution of Industrial categories of workers and non-workers by place of birth.

The present book *i.e.*, Part II-C (iii) contains Tables D-I, D-II, D-III, D-IV and D-V, while Part II-C (iv) contains Table D-VI.

Besides the tables enumerated above, there are 6 Special Migration Tables for cities of 1 million and over and for Kanpur as given below:

1 Migrants classified by sex, broad age-groups, educational levels and by category of workers/non-workers;

2 Migrants classified by sex, religion, place of birth and duration of residence;

3 Migrants classified by sex, duration of residence, age-group and educational levels;

4 Migrants classified by sex, duration of residence, age-group, worker and non-worker and in case of worker by Occupational Division and Group;

--2 RG/India/65

5 Migrants classified by sex, duration of residence, age-group, Industrial Division, Major Group and class of worker;

6 Migrants classified by sex, duration of residence, age-group and marital status.

The above mentioned special migration Tables for cities over a million mark (including Kanpur) will be published in the respective State Volumes in which these cities are situated.

4 In addition to the questions noted above, statistics for consturcting the migration Tables were culled from the answers to other general questions from the individual slips such as :

2 Age last birth date;

6 *Literacy and Education;*

8 Working as cultivator;

9 Working as agricultural labourer;

10 Working at household industry
- (a) Nature of work
- (b) Nature of household industry
- (c) If employee

11 Doing work other than 8, 9 or 10
- (a) Nature of work
- (b) Nature of industry, profession, trade or service
- (c) Class of worker
- (d) Nature of establishment

12 Activity if not working

13 Sex

The instructions to the enumerators on the mode of recording answers to the special questions on migration as well as on the general questions enumerated above are reproduced below :

Questions	*Instructions*	
Q. 2 Age in completed years last birth day	Write age in years completed last birthday. For infants below one year of age, write 'O'. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events. You may use any local calendar of such events that may have been prepared for the purpose.	
Q. 4(a) Birthplace	1. If born in village or town in which enumerated.	write PL
	2. If born in another village or town of district in which enumerated.	write D
	3. If born in another district in the State of enumeration.	write name of district.
	4. If born in another State in India.	write name of district and State if name of district is known; otherwise write name of State.
	5. If born in a country outside India *e.g.*, Pakistan or any other country.	write name of country.
	6. Persons born at sea or in air or in railway carriages or on road transport *e.g.*, buses etc., should be entered as such.	
Q. 4(b) Whether born in Village or Town	1. If born in a village.	write R
	2. If born in a town which is considered a town at the present time even if it was not so considered at the time of birth.	write U
Q. 4(c) Duration of residence	1. For a person born in village or town or city in which enumerated.	write X
	2. For a person born in another village or town or city of district of enumeration or who was not born in district of enumeration.	write the number of completed years. This person has been in the village/town/city of enumeration. (Do not take into account periods of temporary absence on leave or holiday or tour of business).
	3. If the duration of residence is less than one year.	write O

	If the duration of residence is one year or over.	write the actual number of completed years of residence.
Q. 5(a) Nationality	1. For Indian nationals	write I
	2. For other nationals	write the nationality in full.
Q. 6 Literacy and Education	I. Illiterate or Literate.	
	For a person	
	1. Who can neither read nor write or can merely read but cannot write in any language	write O
	2. Who can both read and write	write L

The test for reading is ability to read any simple letter either in print or in manuscript *i.e.*, if the person can read one of the examples in the Enumerator's Handbook with felicity he may be taken to have passed the test for reading. The test for writing is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

II. Standard of Education.

If the person can both read and write and has also passed a written examination or examinations as proof of an educational standard attained, write the highest examination passed instead of L.

Qs. 8 to 11 working

These questions apply only to workers. A person who is working may be working as a Cultivator, as an Agricultural Labourer, at a Household Industry or may be doing any other work. You have to record the answer in questions 8, 9, 10 and 11 according as the person is working as a Cultivator or as an Agricultural Labourer or at Household Industry or doing any other work. He may be engaged in only one of the above four categories or in more than one. Thus a person can be working both as a Cultivator and an Agricultural Labourer, in which case he should be entered both in Q. 8 and Q. 9. Or, he may be working both as Cultivator and at Household Industry in which case he will be entered in Q. 8 and Q 10. Or, he may be working in any possible combination of 8, 9, 10 and 11, in which case he will be entered in the appropriate places. Or, he may be doing just one kind of work in which case he will be entered in only one of the four Questions 8 to 11.

Detailed instructions as to how the answers should be recorded in the individual questions are given against those questions below. You should carefully study them before recording the answers. For an undertrial prisoner enumerated in a Jail he should be recorded for the kind of work he was doing before he was apprehended. Similarly, for a person temporarily in a hospital or similar institution he should be recorded for the kind of work he was doing before he was admitted into hospital or institution. But for a convict in a prison or for long term inmates of penal or charitable or mental institutions, the person's previous work should not be recorded but 'I' should be recorded in Q. 12 below.

The basis of work will be satisfied in the case of seasonal work like cultivation, livestock, dairying, household industry etc., if the person has had some regular work of more than one hour a day throughout the greater part of the working season. In the case of regular employment in any trade, profession, service, business or commerce the basis of work will be satisfied if the person was employed during any of the fifteen days preceding the day on which you visited the household. If on the check or revisional round such a person is found to be unemployed no change in the original entry should be made. A person who is working but was absent from his work during the fifteen days preceding the day on which enumerated or even exceeding the period of fifteen days due to illness or other causes should be treated as worker. A person who has been offered work but has not actually joined should be treated as non-worker. Work includes not only actual work but effective supervision and direction of work.

Persons under training as apprentices with or without stipend or wages will be regarded as working.

An adult woman who is engaged in household duties but doing no other productive work to augment the family's resources should not be considered as working for purposes of this question. If, however, in addition to her household work she engages herself in work such as rice pounding for sale or wages, or in domestic services for wages for others or minding cattle or selling firewood or making and selling cowdung cakes or grass etc., or any such work she should be treated as a worker.

Persons like beggars, pensioners, agricultural or non-agricultural, royalty, rent or dividend receivers, who may be earning an income but who are not participating in any productive work should not be treated as working unless they also work in cultivation, industry, trade, profession, business or commerce.

A public or social service worker who is actively engaged in public service activity or a political worker who is also actively engaged in furthering the political activity of his party will be regarded as a worker and entered fully in Q. 11.

Q. 8 Working as Cultivator

For a person working as cultivator write C. For a person not working as cultivator and for a person not working at all put X.

For purposes of the census a person is working as cultivator if he or she is engaged either as employer, single worker or family worker in (*a*) cultivation of land or supervision or direction of cultivation of land owned or held from Government, and (*b*) cultivation of land or supervision or direction of cultivation of land held from private persons or institutions for payment in money, kind or share.

Cultivation involves ploughing, sowing and harvesting and does not include fruit growing or keeping orchards or groves or working for plantations like tea, coffee, rubber, cinchona and other medicinal plantations. Persons engaged in fruit growing or orchardry or plantations like tea, coffee, rubber, cinchona and other medicinal plantations should be entered in Q. 10 or Q. 11 as the case may be.

A person who has given out his land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land, will not be treated as working as cultivator. Similarly, a person working in another person's land only as a labourer and has no right or lease or contract on land on which he works, nor is responsible for taking decisions as to which crops to sow and when, or taking the risks of cultivation and is paid for wages in cash, kind or share such as share of the produce (agricultural labourer) will not be treated as cultivator in this question.

Q. 9 Working as Agricultural Labourer

Write AL for a person working as agricultural labourer, *i.e.*, a person who works in another person's land only as a labourer without exercising any supervision or direction in cultivation, for wages in cash, kind or share such as share of produce. For others put X. The labourer should have no right or lease or contract on land on which he works, not should he be responsible for taking decisions as to which crops to sow and when, or taking the risks of cultivation. A share of the produce goes to him only as wages. He should have been working as Agricultural Labourer in the last or current cultivating season.

Q. 10 (a) & 10 (b) Household Industry

If a person is working in a Household Industry write (1) the nature of work done by him in the Household Industry against question 10(a); and (2) the nature of the Household Industry against question 10(b). Otherwise put X in both questions 10(a) and 10(b). A Household Industry is defined as an industry conducted by the Head of the household himself and/or mainly members of the household at home or within the village in rural areas and only at home in urban areas. The industry should not be run on the scale of a registered factory. Thus the main criterion for a Household Industry is the participation of one or more members of a household in rural areas. In the urban areas the industry should be confined to the house. You should carefully keep in mind the definition of Household Industry in the rural area if you are enumerating a rural area and the definition in the urban area if you are enumerating an urban area.

A Household Industry should relate to production, processing, servicing, repairing or making and selling of goods. It does not include professions such as pleader or doctor or barber or waterman or astrologer.

A person though he may not be working in his own Household Industry may be working as a paid employee in another Household Industry. You should, therefore, enquire whether the person who is not working in his own Household Industry is working in any other Household Industry and if so, write the nature of the work done by him against question 10(a) and the nature of the household industry against 10(b).

Q. 11 Doing Work other than 8, 9 or 10

If a worker is not working as a cultivator or as an agricultural labourer or at any Household Industry write the actual work he is doing. If a person is working as a cultivator or as an agricultural labourer or at Household Industry and also does some other work (including dairying or livestock raising, orchard or plantation etc., as distinct from cultivation of crops), which does not relate to any of the above categories, write the other work he does in this question. If he is engaged in more than one work and neither of them relates to any of the three categories mentioned above write here the work on which he devotes more time.

Q. 11 (a) Nature of work

In the case of persons not working or who work only as cultivator or as agricultural labourer or at Household Industry, put 'X'.

Describe fully the nature of the work done by the person himself. Full and precise information as to the nature of work done by the person should be given either in the vernacular or in English or in vernacular transliteration of English. At previous censuses much trouble has been caused by inadequate answers, and if you do not succeed in obtaining satisfactory information on the individual slips, you will be required to make a further visit for that purpose.

Q. 11 (b) Industry, business, trade, profession or service

In the case of a person who is working and the nature of whose own work has been recorded in Question 11 (a), you should write here the nature of industry, business, trade, profession or service in which the person works.

As in the case of Question 11 (a), you should describe in detail the nature of industry, business, trade, profession or service in which the person works. Vague answers should be avoided. In the case of industries, the articles which are produced or serviced or repaired, should be given. If more than one article is produced the chief article produced or serviced or repaired, should be given. In the case of business or trade the principal article of trade should be described. In the case of service describe the nature of the service to which the person's work belongs. The description should be such that it would be possible to classify the establishment in which the person is working for purposes of industrial classification of the population. The description should be either in the vernacular or in English or in vernacular transliteration of English.

Q. 12 Activity if Not Working

This question will apply to a person NOT Working.

Write 'X' in this question for a person who is working, that is, for whom you have recorded the work in any of the questions 8 to 11 above.

The following activities should be recorded in the case of persons NOT Working :

1. For a full-time student or child attending school who does no other work, such as make articles at home for sale, not even help part-time in his own family cultivation, industry, trade or business — write ST

2. For a person engaged in unpaid home duties (like house wife or other adult female) who does no other work, such as make articles at home for sale or wages, nor help regularly even part-time in family cultivation, industry, trade or business — write HW

3. For any dependent, including an infant or child not attending school, a person permanently disabled from work because of illness or old age . . — write D

4. For a retired person who is not employed again, retired, person living on agricultural or non-agricultural royalty, rent or dividend or any other person of independent means for securing which he does not have to work and who does no other work — write R

5. For a beggar, vagrant or independent women without indication of source of income and others of unspecified source of existence — write B

6. For a convict in jail (an under trial prisoner will be shown as a worker if he used to work before he was apprehended) or an inmate of a penal, mental or charitable institution . . — write I

7. For a person who has not been employed before but is seeking employment for the first time . . — write NE

8. For a person employed before but now out of employment and seeking employment . . — write UN

Explanation.—If a person, who does not work, cannot be readily classified in any of the above categories, put him in category 5 and write B in the question. A retired person who has taken up regular work again should not be entered in this question as he would have been entered for his new work in the Questions 8 to 11.

A person who is not working but has been offered work which he has not joined should be included in item 3 and 'D' should be written. He should not be included in items 7 or 8.

Q. 13 Sex — Write 'M' for Males; and 'F' for Females. For eunuchs and hermaphrodites, write 'M'.

The working population has been divided into nine broad industrial categories (as in Table D-VI). The significance of these categories is given below :

Category I : This category covers both owner and tenant cultivators. Cultivation includes ploughing, sowing and harvesting but does not include fruit growing or keeping orchards or groves or working for plantation like coffee, tea, rubber, cinchona and other medical plantations. These activities are either covered in category III or IV; in the latter if the work is done as a household industry.

Besides actual cultivation involving manual work, persons engaged in active supervision or direction or cultivation are included in this category.

Category II : Persons who work in another person's land without exercising any supervision or direction in cultivation for wages in money, kind or share of produce but have no right or lease or contract on land on which they work are included in this category as Agricultural Labourers.

Category III : Workers in mining, quarrying, livestock, forestry, fishing, hunting, plantations, orchards and allied activities are classified in this category.

Category IV : Workers in household industry either of their own household or persons working in the household industry of others are included in this category.

Category V : 'Manufacturing' includes all types of production, processing, servicing or repairing of goods, which is not done in household industry.

Category VI : This category embraces workers engaged in construction and maintenance of buildings, roads, railways, bridges, telegraph and telephone lines, waterways, reservoirs etc.

Category VII : This category includes workers engaged in any capacity in wholesale or retail trade and commercial transactions relating to imports and exports, real estate and properties, stocks and shares, insurance, money lending, banking etc.

Category VIII : Workers engaged in transport activities by air, rail, road and water and in services incidental to transport such as packing, carting, loading, unloading etc. and workers engaged in storage, warehousing and communication, services such as posts, telegraph, telephone, wireless, information and broadcasting.

Category IX : This category includes (i) Public utility services like electricity, gas, water supply and sanitary services, (ii) Public services—Central, State, quasi-Government and Municipal employees in administrative departments and offices, (iii) Professional services (iv) Personal services, (v) Services rendered by Trade and Labour associations and (vi) Recreation services etc.

'Rural and Urban Areas, Towns, Cities and Town Groups:

For the first time in 1951 all census statistics were presented separately for rural and urban areas. This has been continued in 1961 as a basic stratification as fundamental as the presentation of all statistics separately for males and females. The completion of two five year plans together with such reforms as the merger of Princely States and the Reorganisation of States seemed to demand a more rigid application of *the tests for urbanisation and the working out of a list* of urban areas in 1961 that would form a series for the future. It should be remembered, however, that in every decade the Census Commission has tried to apply uniform eligibility tests throughout the country but the diversity of conditions prevailing in provinces and Princely States has defeated their realization to a certain extent even in 1961. To qualify for an urban area, a place should first be either a municipal corporation or a municipal area, or under a town committee or a notified area committee or cantonment board. In the absence of a central municipal law, these have always meant different things at different places so that a municipal town or town committee in State A, has had different standards from what obtained in State B, thus eluding comparability on all fours. In the second place, each census has adopted a number of census towns, which did not enjoy any statutory body of administration. This has been considered desirable in order to obtain a truer measure of urbanisation as several units had definite district urban characteristics even if they had not yet acquired statutory administrations of their own. Care has been taken, however, to see that such cases are kept down to the minimum possible so that only the deserving units were recognised as urban. These census towns were in 1961 determined on the basis of a number of empirical tests : (a) a density of not less than 1,000 per square mile ; (b) a population of 5,000 ; (c) three-fourths of the occupations of the working population should be outside of agriculture; and (d) the place should have, according to the Superintendent of the State, a few pronounced urban characteristics and amenities, the definition of which, although leaving room for vagueness and discretion yet meant to cover newly-founded industrial areas, large housing settlements, or place of tourist importance which have been recently served with all civic amenities. Naturally enough, such a course also implied the elimination of a fair number of places which had passed muster for towns in the past and the emergence of a number of new places as towns in 1961.

Places which are not towns (Urban areas) are termed 'rural areas'.

A town with a population of 100,000 and over has been termed as a 'city'.

One of the innovations attempted in 1961 in the presentation of urban statistics is by the way certain clusters have been grouped to denote 'town groups'. It was realized that in certain clusters the urban area is not really limited only to the notified boundary of any one or two places but embraces satellite towns and cities, industrial towns or settlements close to this urban area, which may even be surrounded by rural areas. There was, therefore, an attempt from the very beginning to define well-formed clusters and treat them as town groups, the main determinants being facility of road and railway transport, and the interchange of population on account of business and work. These town groups emerged in two types : (a) town groups which were made up of a cluster of neighbouring municipalities only; (b) town groups which were made up of a cluster of municipal and non-municipal localities. In actual practice, in those cases where there was no clear articulation of extension, any town falling within a radius of 2 to 4 and some times 5 miles of the periphery of the main and most populous city was empirically examined in respect of continuity of urban characteristics, communications, possibility of satisfactory commutation and economic interdependence of functions to determine whether the town should be incorporated in a town group. These town groups were devised with the intention of marking off areas of conglomerate growth which as a whole rather than the individual units should henceforth receive attention in matters of planning and development. Further, a town group also suggests the spatial directions of future growth.

Each table presented in this volume is preceded by a fly-leaf which explains in brief the broad features of the table and the mode of presentation of data in that table.

NEW DELHI
9 December 1966

A. MITRA
Registrar General, India

NON-INDIAN NATIONALS

D-I NON-INDIAN NATIONALS

FLY-LEAF

This table gives the distribution of Non-Indian Nationals according to the nationalities who were residing in India during the reference period (February 10 to February 28th, 1961) of the 1961 Census except those who were employed in foreign Embassies, Missions, etc. This table corresponds to Table D-VI with the same title of 1951 Census.

Data are presented separately for Persons, Males & Females for India, and each of the States, union territories and other areas. These are however, not cross-classified by rural and urban areas. Data at the district level will be found in the corresponding table published in Part II-C of the Census Volume of each State and Union Territory.

The statististics relating to the foreign nationals have been given under each continent separately for the countires as shown below; the total of the remaining countries in each continent is given under 'elsewhere' under that continent. The details of the nationals of the countries which have been clubbed together in the table and shown under 'elsewhere' are given for each country separately in the appendix to the table :—

Nationals of countries in Asia beyond India (including U.S.S.R.)

- Afghanistan
- Burma
- Ceylon
- China
- Nepal
- Pakistan
- Singapore, Malaya and British Borneo
- U.S.S.R.

Nationals of countries in Europe (excluding U.S.S.R.)

- U.K. (including N. Ireland)
- Ireland

Nationals of countries in Africa

- Kenya
- Mauritius
- Mozambique
- Union of South Africa

Nationals of countries in two Americas

- Canada
- U.S.A.

Nationals of countries in Oceania

- Australia
- New Zealand

This table has been compiled from the data collected in reply to question 5(a)—'Nationality' of the individual slip. The form of the question and the instructions to enumerator for recording the nationality are reproduced in the introductory note.

Figures for N.E.F.A. excludes Non-Indian Nationals out of a total population of 297,853 (Males 147,100, Females 150,753) for whom an abridged family schedule was canvassed instead of all-India individual slip and household schedule.

The data collected in the Census of Goa, Daman & Diu taken as on the 15th December, 1960 by the then Portuguese authorities have been adopted and tabulated so as to conform to the format of this table.

Persons born in the Territory of Goa, Daman & Diu and who had returned their nationality as 'Goans', were treated as Indian Nationals for the purpose of this table; only those who were born in Portugal were treated as foreign Nationals.

In the case of Maharashtra State and the Union Territory of Goa, Daman & Diu the figures of migrants from Portugal have been treated as Portuguese Nationals. In the case of Gujarat the number of Portuguese Nationals in Table D-I is 322 as against 2,669 migrants from Portugal in Table D-II. This has occurred owing to the fact that persons born in Union Territory of Goa, Daman & Diu while it was under the Portuguese rule were treated as of Portuguese origin.

D-I NON-INDIAN

State/Union Territory	Total			Nationals of Countries in Asia beyond

PLACE OF BIRTH

D-II PLACE OF BIRTH

FLY-LEAF

This table gives the distribution of population by birth place further cross-classified in the case of persons born in India, by 'rural' 'urban' and 'unclassifiable' (where the rural or urban character of the birth place was not ascertainable).

Statistics are presented separately for 'total' 'rural' and 'urban' areas with reference to the place of birth, for India, each State, union territory and other area. Corresponding data at district level will be found in the same table published in Part II-C of each State/union territory.

The question on birth place and the instructions to enumerators on the mode of recording the answer have been reproduced in the introductory note.

The term 'urban' and 'rural' have been spelt out in the introductory note.

The place of birth has been broadly classified in column 1 of the table under the following main groups:—

A. Born in India;

B. Born in countries in Asia beyond India (including U.S.S.R.);

C. Born in countries in Europe (excluding U.S.S.R.);

D. Born in countries in Africa;

E. Born in countries in two Americas;

F. Born in countries in Oceania;

G. Born at sea; and

H. Unclassifiable

Under Group A—Born in India, there are two Sub-groups, *viz.*, I—Born within the State of enumeration, and II—Born in States in India beyond the State of enumeration. Under Sub-group I, there are three sub-headings, *viz.*, (a) Born in place of enumeration, (b) Born elsewhere in the district of enumeration, and (c) Born in other districts of the State.

In respect of birth place under groups B, C, D, E & F, the data for the countries noted below of each continent have been given separately. The total of the remaining countries in that continent is given under "elsewhere", under each continent in the table, the details of which will be found in the supplement to the table:—

B. Countries in Asia beyond India (including U.S.S.R.)
- Afghanistan
- Burma
- Ceylon
- China
- Nepal
- Pakistan
- Singapore, Malaya and British Borneo
- U.S.S.R.

C. Countries in Europe (excluding U.S.S.R.)
- U.K. (including N. Ireland)
- Ireland

D. Countries in Africa
- Kenya
- Mauritius
- Mozambique
- Union of South Africa

E. Countries in two Americas
- Canada
- U.S.A.

F. Countries in Oceania
- Australia
- New Zealand

Figures for N.E.F.A. excludes 297,853 persons (Males 147,100, Females 150,753) for whom an abridged family schedule was canvassed instead of the all-India individual slip and household schedule.

The data collected in the Census of Goa, Daman & Diu taken as on the 15th December, 1960 by the then Portuguese authorities have been adopted and tabulated so as to conform to the format of this table. No statistics were colleted for place of birth, urban or rural in that census. So the figures have been shown under 'Unclassifiable'. The data was also not collected for persons born in places of 'enumeration'. It was collected for the 'Taluk of enumeration' and 'other Taluks of the District'. In this table, therefore, no statistics appear against Goa, Daman & Diu under "born in the place of enumeration". The figures shown 'elsewhere in the district of enumeration' include persons born in Taluk of enumeration and also persons born in the place of enumeration. Details of 'State of birth in India are not available for 8,491 persons in this territory.

The Union Territories of Laccadive, Minicoy and Amindivi Islands, Dadra and Nagar Haveli, and N.E.F.A. are entirely rural and therefore, the figures against these units appear under 'total', only and migrants from these areas have been shown against birth place, 'rural' only.

In the case of union territories/other areas which have been treated as single units, item 1(b) of column 1 relates to 'elsewhere' in the union territory/other area. In the case of Union Territory of Pondicherry, the term 'district' denotes each of the 4 areas of that territory.

At the time of abstraction and compilation of migration data, the present Union Territory of Goa, Daman & Diu was not nationally united and therefore, in the statistics appearing against Kerala, Mysore and Maharashtra, the figures relating to Goa, Daman & Diu were treated outside India. Hence Rural/Urban break-up of birth place was not ascertainable; the statistics therefore, appear under 'unclassifiable'.

In the State Table D-II published in Part II-C of Madras State and Pondicherry Union Territory, figures have been shown relating to some regions taking them as countries, *e.g.*, in the Madras Volume, migrants have been shown from North Africa, East Africa and South America. As these regions are not countries, the figures of North Africa and East Africa have been merged with 'unspecified' under continent Africa and those from South America with 'unspecified' under continent' 'two Americas' in this table. In the case of Pondicherry, 'Corsica' has been treated as a separate country but in this table the figures have been combined with those of France.

D-II PLACE OF BIRTH

MIGRANTS CLASSIFIED BY PLACE OF BIRTH AND DURATION OF RESIDENCE IN THE PLACE OF ENUMERATION

D-III MIGRANTS CLASSIFIED BY PLACE OF BIRTH AND DURATION OF RESIDENCE IN THE PLACE OF ENUMERATION

FLY-LEAF

This is a new table introduced for the first time in 1961 Census giving the distribution of migrants by place of birth classified in the case of persons born in India, by 'rural' 'urban' and 'unclassifiable' (where the urban or rural character of the birth place was not ascertainable) further cross-classified by duration of residence at the place of enumeration.

Statistics are given by India, each of the States and union territories for rural and urban areas separately; corresponding data at district level will be found in the same table published in Part II-C of 1961 Census Volume of each State, union territroy and other area.

Data relating to place of birth have been classified under the following seven groups :—

(i) Born elsewhere in the district of enumeration;

(ii) Born outside the district but within the State of enumeration;

(iii) Born in another State in India;

(iv) Born in Nepal;

(v) Born in Pakistan;

(vi) Born in other countries outside India; and

(vii) Birth place unclassifiable.

Figures of migrants "born at sea" have been clubbed with those under "unclassifiable" except in the case of Kerala where they have been merged with those under "Born in other countries outside India".

The duration of residence of the migrants in the place of enumeration has been classified into six ranges, *viz.*,

Less than 1 year	11—15 years
1—5 years	16 years and over
6—10 years	Period not stated.

The questions 4(a), 4(b) and 4(c) of the individual slip which gave data for the compilation of this table and the instructions to the enumerator on the mode of recording answers to them have been reproduced in the introductory note along with the elaboration of the concepts of "Rural" and "Urban" areas.

Figures appearing against N.E.F.A. excludes migrants from among 297,853 persons (Males 147,100, Females 150,753) for whom an abridged family schedule was canvassed instead of the all-India census schedules.

This table could not be compiled for the Union Territory of Goa,Daman and Diu as the data which was collected in the Census taken in that Territory as on 15th December, 1960 and adopted for the purposes of 1961 Census, did not contain information relating to the duration of residence in the place of enumeration. For the same reason, these figures could not be included in the figures for India.

The Union Territories of Laccadive, Minicoy and Amindivi Islands, Dadra and Nagar Haveli and N.E.F.A are entirely Rural the migrants from these territories therefore, appear under birth place "Rural", only.

In the case of Kerala & Mysore, the place of birth of migrants from Goa, Daman & Diu whether rural or urban was not ascertainable and so it has been treated as 'unclassifiable'.

Migrants born in Goa, Daman & Diu were clubbed together with the figures of "other countries" in the migrant statistics of Madras and Maharashtra States at the time of initial sorting of the individual slips.

In the single-unit union territories/other areas (that is to say, where there are no districts as units of administrations) item 1(b) of column 1 relates to 'elsewhere in the union territory/other area' In the case of Pondicherry, 'district' denotes each of the four areas in which the territory is divided.

Figures of migrants from Baluchistan have been merged with the figures under 'other countries' in the table published in Madras State Volume. In this table, the figures of migrants from Baluchistan are included in those of Pakistan.

Lines with 'nil' entries have been omitted from the table.

D-III MIGRANTS CLASSIFIED BY PLACE OF BIRTH AND DURA

MIGRANTS TO CITIES/TOWN GROUPS CLASSIFIED BY SEX, BROAD AGE-GROUPS, EDUCATIONAL LEVELS, WORKERS/ NON-WORKERS AND IN CASE OF WORKERS ALSO BY OCCUPATIONAL DIVISIONS AND GROUPS

D-IV MIGRANTS TO CITIES/TOWN GROUPS CLASSIFIED BY SEX, BROAD AGE-GROUPS, EDUCATIONAL LEVELS, WORKERS/NON-WORKERS AND IN CASE OF WORKERS ALSO BY OCCUPATIONAL DIVISIONS AND GROUPS

FLY-LEAF

This is a new table introduced for the first time in 1961. The table gives the distribution of migrants by broad age-groups, educational levels, workers/non-workers and in case of workers also by occupational divisions and groups. The broad age-groups are 0—14, 15—34, 35—59, 60+ and age not stated. The educational levels adopted in the table are:—

Illiterate

Literate (without educational level)

Primary or Junior Basic

Matriculation or Higher Secondary

Technical Diploma not equal to degree

Non-technical diploma not equal to degree

University degree or post-graduate degree other than technical degree

Technical degree or diploma equal to degree or post-graduate degree

- Engineering
- Medicine
- Agriculture
- Veterinary and Dairying
- Technology
- Teaching
- Others

The questions asked by the enumerator and the instructions on the mode of filling in the answer from which this table has been built have already been reproduced in the introductory note. The concepts of 'worker' and 'non-worker' have been spelt out in the introductory note.

It is for the first time that economic data in respect of the migrants have been collected and tabulated separately under industrial and occupational classifications in respect of workers other than those engaged in cultivation.

In this table the occupational classification is confined to two digit code *i.e.*, divisions and groups in the N.C.O.

N.C.O. Code structure which gives the description of each division and group is reproduced in an Appendix, for ready reference.

Occupational families 400—Cultivators (owners), 401—Cultivators (tenants) and 414—Agricultural labourers are excluded from Division 4. Families 400 and 401 form category I—Cultivators and family 414 forms category II—Agricultural labourers. Group XO—workers without occupations are also excluded as they relate to non-workers for which figures are separately given.

Data are presented for each of the following city/town group of one million mark, Kanpur town group and State-wise consolidated totals of cities/town groups of one lakh population (excluding the eight cities/town groups of one million mark). Separate tables of each city/town group are printed in State Volumes. Except for Uttar Pradesh, Madhya Pradesh, Madras (Vellore and Tuticorin town groups only), and Mysore (Belgaum town group only), all other units are the individual cities. The one million mark cities are:—

Greater Bombay

Calcutta

Delhi Municipal Corporation

Madras

Ahmedabad

Hyderabad

Bangalore(C) and Trust Board Area

Kanpur town group

The terms 'urban area' (or town) and town group have been elaborated in the introductory note.

In the case of Madras there were certain minor discrepancies in the table of Madurai and Coimbatore cities which could not be corrected in the State Volume. These have been corrected in compiling and consolidating figures for the State in this table.

Occupational groups with 'nil' entries and lines of 'nil' entries under 'Age not stated' have been omitted.

APPENDIX

Divisions and Groups

0 *Professional, technical and related workers*

- 00 Architects, engineers and surveyors
- 01 Physicists, chemists, geologists and other physical scientists
- 02 Biologists, veterinarians, agronomists and related scientists
- 03 Physicians, surgeons and dentists
- 04 Nurses, pharmacists and other medical and health technicians
- 05 Teachers
- 06 Jurists
- 07 Social scientists
- 08 Artists, writers and related workers
- 09 Draughtsmen and science and engineering technicians, n.e.c.
- 0X Other professional, technical and related workers

1 *Administrative, executive and managerial workers*

- 10 Administrators and executive officials, government
- 11 Directors and managers, wholesale and retail trade
- 12 Directors, managers and working proprietors, financial institutions
- 13 Directors, managers and working proprietors, other

2 *Clerical and related workers*

- 20 Book-keepers and cashiers
- 21 Stenographers and typists
- 22 Office machine operators
- 28 Clerical workers, miscellaneous
- 29 Unskilled office workers

3 *Sales workers*

- 30 Working proprietors, wholesale and retail trades
- 31 Insurance and real estate salesmen, salesmen of securities and services and auctioneers
- 32 Commercial travellers and manufacturers' agents
- 33 Salesmen, shop assistants and related workers
- 34 Money lenders and pawn brokers

4 *Farmers, fishermen, hunters, loggers and related workers*

- 40 Farmers and farm managers*
- 41 Farm workers†
- 42 Hunters and related workers
- 43 Fishermen and related workers
- 44 Loggers and other forestry workers

5 *Miners, quarrymen and related workers*

- 50 Miners and quarrymen
- 51 Well drillers and related workers
- 52 Mineral treaters
- 59 Miners, quarrymen and related workers, n.e.c.

6 *Workers in transport and communications*

- 60 Deck officers, engineer officers and pilots, ship
- 61 Deck and engine-room ratings (ship), barge crews and boatsmen
- 62 Aircraft pilots, navigators and flight engineers
- 63 Drivers and firemen, railway engine
- 64 Drivers road transport
- 65 Conductors, guards and brakesmen (railway)
- 66 Inspectors, supervisors, traffic controllers and despatchers, transport
- 67 Telephone, telegraph and related telecommunication operators
- 68 Postmen and messengers
- 69 Workers in transport and communication occupations, n.e.c.

7—8 *Craftsmen, production process workers and labourers not elsewhere classified*

- 70 Spinners, weavers, knitters, dyers and related workers
- 71 Tailors, cutters, furriers and related workers
- 72 Leather cutters, lasters and sewers (except gloves and garments) and related workers
- 73 Furnacemen, rollers, drawers, moulders and related metal making and treating workers
- 74 Precision instrument makers, watch makers, jewellers and related workers
- 75 Tool makers, machinists, plumbers, welders, platers and related workers
- 76 Electricians and related electrical and electronics workers
- 77 Carpenters, joiners, cabinet makers, coopers and related workers
- 78 Painters and paper hangers
- 79 Bricklayers, plasterers and construction workers, n.e.c.
- 80 Compositors, printers, engravers, book binders and related workers
- 81 Potters, kilnmen, glass and clay formers and related workers
- 82 Millers, bakers, brewmasters and related food and beverage workers
- 83 Chemical and related process workers
- 84 Tobacco preparers and products makers
- 85 Craftsmen and production process workers, n.e.c.
- 86 Testers, packers, sorters and related workers
- 87 Stationary engine and excavating and lifting equipment operators and related workers
- 89 Labourers, n.e.c.

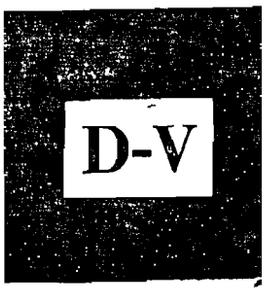

9 *Service, sport and recreation workers*

- 90 Fire fighters, policemen, guards and related workers
- 91 House keepers, cooks, maids and related workers
- 92 Waiters, bartenders and related workers
- 93 Building caretakers, cleaners and related workers
- 94 Barbers, hairdressers, beauticians and related workers
- 95 Launderers, dry cleaners and pressers
- 96 Athletes, sportsmen and related workers
- 97 Photographers and related camera operators
- 99 Service, sport and recreation workers, n.e.c.

X *Workers not classifiable by occupation*

- X8 Workers reporting occupations unidentifiable or unclassifiable
- X9 Workers not reporting occupation

*Excluding Cultivators (Owners) Family 400 and Cultivators (Tenants) Family 401.
†Excluding Agricultural Labourers Family 414.

CITIES/TOWN GROUPS SHOWING POPULATION BORN LOCALLY, MIGRANTS FROM RURAL AREAS AND MIGRANTS FROM OTHER TOWNS AND CITIES

D-V CITIES/TOWN GROUPS SHOWING POPULATION BORN LOCALLY, MIGRANTS FROM RURAL AREAS AND MIGRANTS FROM OTHER TOWNS AND CITIES

FLY-LEAF

This table is also an innovation of 1961 Census. It shows the population born locally and the magnitude of in-migration to cities/town groups of 1 lakh + (town group in case of only U. P., M.P., Belgaum town group of Mysore and Vellore & Tuticorin town groups of Madras) from rural and other urban areas. The migration from rural and urban areas has been separately classified by migrants who have been residents for less than three years and those who have been resident for three years and more at the place of enumeration. The immigrants from rural and other urban areas have been further classified with reference to their place of birth as follows:—

(i) Born in rural/other urban areas of the same district;

(ii) Born in rural/urban areas outside the district but within the State ; and

(iii) Born in rural/urban areas outside the State.

The cities/town groups are given in the descending order of their population. The 'total' shown against each city/town group does not indicate the actual total population of the city/town group for the following reasons :—

(i) it excludes persons whose birth place have not been recorded as either rural or urban;

(ii) it excludes persons whose duration of residence have not been stated;

(iii) it excludes persons who are born in place of birth unclassifiable; and

(iv) the table relates to persons born in this country and thus excludes persons born outside India.

The questions asked by the enumerator and the instructions on the mode of filling in the answers from which this table have been built have already been reproduced in the introductory note.

The concept of urban area, city and town group have been discussed in the introductory note.

In the case of cities and town groups of Maharashtra, Kerala and Mysore, the table further excludes persons born in Goa, Daman and Diu as rural/urban classification of birth place was not available. Similarly in the case of Madras, the table excludes persons born in Goa, Daman & Diu, as, at the sorting stage of the slips in the State Tabulation Offices of Madras, these figures were treated as belonging to birth place outside India.

D-V CITIES/TOWN GROUPS SHOWING POPULATION BORN LOCALLY, MIGRANTS

City/Town Group	District and State	Total Population			(A) Born: Born in rural areas of the same district and resident in the City/Town Group for less than 3 years
