Preface

This volume contains the migration tables (D-Series tables) of the 1971 Census of Himachal Pradesh. In 1961 Census, Part II-C volume included both C-series (Social and Cultural tables) and D-Series (Migration tables).

In this Census, six migration tables—Tables D-I to D-VI have been included in the plan of tabulation. Two of these tables viz. D-III and D-IV relate only to cities having population of 1 lakh or above. Because there is no such city in Himachal Pradesh, these tables have not been compiled for this State. But with a view to retaining unifromity in the numbering of these tables, the table numbers haven't been altered. Readers will, therefore, please note that only tables D-I, D-II, D-V and D-VI apear in this volume. I hope this volume will serve the needs of these users of Census statistics who are interested in the study of the various migration streams.

I am deeply indebted to Shri R.B. Chari, Registrar General and Census Commissioner, India and to his worthy predecessor, Shri A. Chandrasekhar for their guidance at every stage. I am also grateful to Shri Badri Nath, Deputy Registrar General, India and Shri K.K. Chakravorty, Assistant Registrar General, India for arranging scrutiny of the tables and for their extremely valuable suggestions.

This volume is the result of sincere efforts of Sarvshri C.D. Bhatt and S. L. Bahl, Assistant Directors of Census Operations and their team of dedicated officials consisting of Sarv-shri S. P. Shabi, Investigator, S. K. Bhandari, Statistical Assistant, Harbans Sigh, Computor and other members of the compilation staff. The manuscript has been ably typed by Sarvshri Kapil Sood, Dila Ram, Diwakar Dutt Sharma and Sanam Dev Negi.

Introduction

The only important source of data on internal migration in this country is the decadal census and right from the first synchronous census of 1881, questions on migration with reference to birth place have been included in the census schedules.

However, up to the census of 1931, the migration tables furnished statistics on internal migration which concerned movements of population across the Provincial, State or Agency boundaries. So far as 1941 census is concerned due to exigencies of war, only a small set of tables were compiled an unfortunately, none of these concerned internal migration.

Census of 1951 may be considered an important landmark in this field, in as much as intra-district and inter-district migration trends were also studied. The 1961 census marked yet another imrovement in statistics on internal migration by way of classifying the migrants by rural and urban with reference to place of birth. It was again at the consus of 1961 that valuable data on economic, social and demographic characteristics of the migrants were produced. In 1971 census, apart from place of birth, internal migration has been studied with reference to place of last residence also. The individual slip schedule of 1971 census contained three questions on migration which are reproduced below, alongwith the relevant instructions meant for the enumerators :—

Questions on migrations in 1971 Census individua slip schedule

Q. 7 (*a*) Place of birth
(*b*) Rural/Urban
(*c*) District
(*d*) State/Country

Q. 8 (*a*) Place of last residence
(*b*) Rural/Urban
(*c*) District
(*d*) State/Country

Q. 9 Duration of Residence at the Village or Town of Enumeration.

Extract from the Instructions to Enumerators concernig questions on migration :

Q. 7 (*a*) *Place of birth* : Write 'PL' for a person born in the village or town where he is being enumerated. Where 'PL' is noted against this question, put 'X' against sub-items (*b*), (*c*) and (*d*).

For those born outside the village or town of enumeration, write the actual name of place against sub-item (*a*) and fill the other details against sub-items (*b*), (*c*) and (*d*).

(*b*) *Rural/Urban* : For those born outside the village or town of enumeration, ascertain if the place of birth was a village or town at the time of his birth. To enable a person to determine whether the place was town or a village, he may be required to indicate the status of the place of birth in comparison with a known town in the neighbourhood of the place of enumeration. You may mention some important urban characteristics to enable the person to make out if the place of his birth was rural or urban, e.g., existance of a local administrative body, Industrial townships declared as towns etc.

For a person born in a village, write 'R'

For a person born in a town/city, write 'U'

For a person born in a foreign country put 'X' against this sub-item and also against sub-item (*c*). If all efforts to classify the place of birth as rural/urban fail, write 'not known'.

(*c*) *District* : For a person born outside the village or town of enumeration but within the district of enmeration write 'D'. For a person born in another district of the State of enumeration, or other State/Union Territory in the country, write the name of the district. If the person cannot name the district, write 'not known'.

(*d*) *State/Country* : For persons born within the State of enumeration write 'X' against this item. Make sure that the earlier entries made in sub-items (*a*), (*b*) and (*c*) are consistent with such an answer; that is 'PL' might have already been written against sub-tem (*a*) or 'D' is written against sub-item (*c*) or any other district of the State of enumeration is mentioned against sub-item (*c*).

For persons born outside the State of enumeration but within the country write the name of the State/Union Territory where born.

For those born outside India, note merely the name of the country and there is no need to enter the name of the constituent State of the foreign country. Where a person cannot name the country, the name of the continent may be noted.

For a person born on sea, record 'born at sea', against this sub-item and put 'X' against sub-items (*a*), (*b*) and (*c*). If a person was born in a train, boat or bus etc., within the country, write the particulars in (*a*), (b) and (*c*) with reference to the administrative territory where the event occurred or was registered.

Q. 8 Last Residence :

Answer to this question will have to be filled in respect of every person if he had another place of normal residence irrespective of his place of birth, before he came to the

present place where he is enumerated. Even if a person was born at the place of enumeration, by the nature of his work or for studies etc., he had shifted subsequently to another village or town and had come back again to the place of enumeration, he should be deemed to have had another place of residence prior to his enumeration here.

The last previous residence is relevant only if he had been outside the village or town of enumeration and not simply in another house or locality in the same place. For example, if a person born in one part of Bombay City is found residing in another part of Bombay at the time of enumeration, the change of residence should not be treated as change of place of residence because both the areas are comprised in the same city of Bombay. Similarly, a person born in hamlet 1 of village Rampur and found in hamlet 2 of the same village at the time of enumeration, should not be deemed to have had any other place of residence than the village where he is enumerated. Where a person had merely gone out to another place or had been shifting from place to place purely on tour or pilgrimage or for temporary business purposes, he should not be deemed to have had another residence different from the place where he or his family normally resides but if the person had his normal residence, i.e., if his normal home had been elsewhere at any time before he is enumerated at hisplace of present residence, irrespective of where he was born, such place of his previous residence should be recorded here.

3 (a) Place of last residence :

For a person who had been in the village or town of enumeration continuously since birth (except for shifting to other places outside the village or town of enumeration for a purely temporary stay) write 'PL' against sub-item (*a*) and put 'X' against sub-items (*b*), (*c*) and (*d*).

For a person who had had his last previous residence at any place outside the village or town of enumeration (irrespective of his place of birth), write the actual name of the village or town where his last residence was against sub-item (*a*) and fill the other details against sub-items (*b*), (*c*) and (*d*).

(*b*) *Rural/Urban* :

For a person who had previously resided outside the place of enumeration ascertain if the place of last previous residence was rural or urban and record the answer. For a person whose last previous residence was a village, write 'R'. For a person whose last previous residence was a town/city write 'U'. For a person who last resided in a foreign country write 'X'. For a person whose last previous residence cannot be classified, write 'not known'.

Rural or Urban status has to be determined with reference to the time of migration from the place of last previous residence to the place of enumeration.

For helping the person to determine whether a place was rural or urban, you may mention important urban characteristics as indicated in the instrucions against item 7(*b*).

(*c*) *District* :

For a person who had previously resided in another place, i.e., for whom 'PL' is not written gainst sub-item (*a*) you have to fill in this item in the manner indicated below :

For a person who previously resided in another village or town within the district of enumeration write 'D'. For a person who previously resided in another district of the State/Union Territory of enumeration or of other State/Union Territory in the country, write the name of the district. If he cannot name the district write 'not known'. For a person whose last previous residence was outside India, write 'X' against this sub-item.

(*d*) *State/Country* :

For a person whose last previous residence was outside the village or town of enumeration but within the State or Union Territory of enumeration write 'X' against this item but if it was outside the State or Union Territory of enumeration but within the country write the name of the State/Union Territory. For a person whose last previous residence was outside the country. write the name of the country and if name of the country is not forthcoming, write the name of the continent.

For persons who had not moved out at all from the present place of enumeration from birth (except for purely temporary stay) this sub-item need not be filled and 'X' should be put in respect of persons against this sub-item'

Q. 9 Duration of Residence at the village or town of Enumeration:

Note here the period of the existing continuous residence in the village or town where the person is being enumerated, in completed years. This will apply to even a person born at the place of enumeration. If he had left this village or town and had lived elsewhere for sometime, i.e., in Q. 8 another place of last residence is reported and has come back again to this village or town, then the duration of residence to be noted against this question is the period of the last continuous residence. But if a person had been away on a temporary visit or tour etc., that should not be taken as a break in the period of his continuous residence here. If the person was born at the place of enumeration and also had no other place of last residence, i.e., 'PL' has been noted in Q. 8 (a), then 'X' may be put against Q. 9.

For a person whose duration of continuous residence at the place of enumeration is less than 1 year, it should be noted as '0'.

In the tabulation programme of 1961 Census, six main tables on migration were included. Out of these six main tables, two (D-IV & D-V) were not compiled for this State, because these particular tables related to cities with a population of one lakh or above, whereas no city of that size existed in Himachal Pradesh.

Table D-I of 1961 census gives figures in respect of Non-Indian National, but in the present census, it hasn't been considered useful to compile such figures and this table has been dropped. Another important variation in the scheme of tabulation in 1971 over 1961 census is that whereas all the 1961 census migration tables study this phenomenon on the basis of birth place, in 1971, barring table D-I in which the population is classified by birth place, all other tables furnish data on migrants on the basis of place of last residence.

Tables D-III and D-IV of this census pertain to cities having population of one lakh or above. Because there is no city of this population size in this state, these two tables have not been compiled.

Table D-V shows Migrant Workers and Non-Workers according to Main Activity classified by Place of last residence. In this context it is considered pertinent to give hereunder the 1971 census concept of "Worker" as well as a brief description of the livelihood classes:

Worker: In 1971 census, a person whose main activity is participation in any economically productive work by the physical or mental activity is treated as a worker. Main activity is the one in which one engages oneself mostly. Work involves not only manual work but also effective supervision and direction of work. The reference period is one week prior to the date of enumeration in the case of regular work in trade, profession, service or business. If a person has participated in any such regular work on any one of the days during this reference period and that work is returned as his main activity, the person is categorised accordingly. Further, the main activity in case of seasonal work such as Cultivation, Livestock keeeping etc., is ascertained with reference to such work in the preceding one year. Total population having been divided into the two groups of "Workers" and "Non-Workers", the workers have further been classified by 9 broad categories according to their main activities. The 10 categories are briefly described hereunder:

I. Cultivator: For the purposes of the Census, a person is considered as a cultivator if he or she is engaged in cultivation by his or herself or by supervision or direction in his or her capacity as the owner or lessee or land held from Government or as a tenant of land held from private persons or institutions for payment or money, kind or share. Cultivation involves ploughing, sowing and harvesting and production of cereals and millet crops such as wheat, paddy, Jowar, Bajra, Ragi, etc., and Pusles, Raw Jute and Kindred fibre Crop, Cotton etc., and does not include Fruit growing, Vegetable growing or keeping Orchards or Groves or working of plantation like Tea, Coffee, Rubber, Cinchona and other medicinal plants.

II. Agricultural Labourer: A person who works in another person's land for wages in money, kind or share is regarded as an Agricultural Labourer. Such a person has no risk in the cultivation but he merely works in another person's land for wages. The labourer can have no right of lease or contract on land on which he works.

III. Livestock, Forestry, Fishing, Hunting and Plantations, Orchard and Allied Activities: Those engaged in Livestock production, Agricultural services, Hunting, Trapping and Game propagation, Forestry and Logging, Fishing, Plantations, Orchards etc., are includes in this ctaegory. This category obviously excludes cultivators and agricultural labourers as defined above.

IV. Mining and Quarrying: This category includes all those who are working in only mining or quarrying activities which included coal mining, crude petroleum and natural gas, metal ore mining, stone quarrying, salt mining etc.

V. Manufacturing, Processing, Servicing and Repairs: This category has two sub categories as below: (*a*) *House-hold Industry*:—A Household Industry is defined as an industry conducted by the Head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and only within the premises of the house where the household lives in urban areas. The industry should not be run on the scale of a registered factory. Further, according to the census concept a Household industry relates to production, processing, servicing, repairing or making and selling of goods.

(*b*) *Other than Household Industry*:—This sub-category includes Manufacturing, Processing, Servicing and Repairs other than Household Industtry such as manufacture of food products, Beverages tobacco and tobacco products, manufacture of cotten, wool, silk synthetic fibre textiles and textiles proudcts, manufacture of wood and wood products, paper and paper products and printing, publishing and allied induitries, manufacture of Leather and leather and fur products, manufacture of Rubber, Plastic, Petroleum and Coal products, manufacture of Chemicals and Chemical products, manufacture of non-metallic mineral products, Basic Metal and alloys industries, manufacture of machinery, Machine tools, parts, electrical machinery, appliances and parts, transport and equipment and parts etc. and all kinds of repairing industries.

VI. Construction: Those engaged in any type of construction and allied activities are included in this category. Construction and maintenance activities

relating to buildings, roads, railways, bridges, tunnels, pipelines, parts, runways, telegraph and telephone lines, water ways, water reservoirs, dams, canals, tanks, wells, hydroelectric projects and construction of industrial plants, thermal plants, etc., are all covered here. Activities allied to construction such as plumbing, heating and air conditioning, electrical installation and fixing of doors, windows etc., are also included in this category.

VII. Trade and Commerce : This category includes all those persons who are engaged in wholesale or retail trade in goods. Those working in Restaurants and Hotels, Banking, Financing, Insurance, Real Estate and Business services are also classified under this category.

VIII. Transport, Storage and Communications : This category includes Land, Water and Air Transport. All activities connected with storage, warehousing and communications like Postal, Telegraphy and Telephone etc., are also included in this category.

IX. Other Services : Those engaged in Community, Social and Personal Services, including Public Administration, Medical and Health Services, Recreational and Cultural Services, Community Services are included in this category. Persons who happen not to adequately describe their activities or those whose services are not classified elsewhere are also a part of this category of workers.

X. Non-Workers : This group consists of those persons whose main activity is returned as one of the following :

(*i*) Household duties.

(*ii*) Students.

(*iii*) Retired persons or rentiers.

(*iv*) Dependents.

(*v*) Beggers etc.

(*vi*) Institutions-inmates of.

(*vii*) Other Non-workers (those seeking work).

TABLE D-I—POPULATION CLASSIFIED BY PLACE OF BIRTH

FLY-LEAF

This table shows sex-wise distribution of population according to place of birth for the Districts and the State. Amongst the D-Series tables, this is the only one which furnishes data in respect of migrants on the basis of birth place. For those born within the country birth places in Rural and Urban areas have been shown separately cross-classified by the place of enumeration as Rural and Urban. Where the Rural or Urban character of the birth place was not ascertainable, it has been shown as 'unclassifiable'. Persons born in foreign countries have also been shown separately by the countries in which they were born. Its corresponding table of the 1961 Census is D-II.

TABLE D-V—MIGRANT WORKERS AND NON-WORKERS ACCORDING TO MAIN ACTIVITY CLASSIFIED BY PLACE OF LAST RESIDENCE

Fly-Leaf

The migration data with sexwise break-up, classified according to place of last residence, by the ten categories of workers and in rural and urban areas are furnished in this table. It indicates the industrial categories which mostly attract migrants from rural to urban or *vice-versa* in the different industrial categories. This table was prepared at the 1961 Census-(table D-VI) with reference to the birth place instead of place of last residence which is adopted at the 1971 Census and is considered more relevant for studying. This table has been compiled for the entire State as well as for each district, separately for total and urban areas. The data for rural areas can obviously be derived by subtracting the urban figures from the total.

The 1971 Census concept of worker and brief description of the livelihood classes is given in the introductory note.

TABLE D-VI—MIGRANTS CLASSIFIED BY PLACE OF LAST RESIDENCE, AGE-GROUPS, DURATION OF RESIDENCE AND MARITAL STATUS

Fly Leaf

This table gives sex-wise distribution of migrants classified according to place of last residence by age-groups cross-classified with duration of resid ence and marital status. This will reflect an important Sociological factor viz., the marital status of migrants by age. Figures for rural and urban areas are furnished for the State as well as for each district.

The age-groups into which the migrants are classified are :—

0—14
15—19
20—24
25—49
50 +

Age not stated.

The duration of residence has been divided into the following three ranges ;

Less than 1 year
1—9 years
10 years and above.

Persons who failed to report the duration of residence, are included in the total *i.e.* in "All duration". Marital status in this table has three categories, which are as below :—

Never married
Married
Widowed and Divorced

The unspecified marital status is covered in the total of all these three types of status. Another importat point to be noted is that whereas for urban part of the table, the figures of migrants, whose place of last residence is unclassifiable, are included in total migrants as well as in section 'B' outside India, whereas for the rural part, these figures are included in the total migrants only.
