PREFACE

It is customery to bring out various Census data in book form after compilation. The 1981 Census data have already been published in three different papers. Immediately on compilation the Census enum-eration, the first publication, titled 'Paper-1 of 1981-Provisional Population Totals' was published on the 24th March, 1981. The basic Census figures for the state and the districts compiled by the Enumerators, Charge Officers and District Census Officer were presented in that publication. In the same year, in the month of May, 'Paper-1 of 1981-Supplement-Provisional Population Totals' was published. In that paper, infor-mation of rural-urban population, Provisional, Primary Census Abstract and physically handicapped popula-tion figures were published. The third publication titled, Paper-2 of 1981 Census-Final Population Totals was published in the month of September, 1982. In that publication, the final figures of Total population and Scheduled Tribes Population for the state down to the circles and towns level were presented.

This is the fourth publication for Nagaland in the 1981 Census publication series. The data collected in the Individual Slips as well as in the other schedules of the 1981 Census, was processed manually in my Office and the Primary Census Abstract down to village level was prepared. A seperate Primary Census Abstract was also prepared for scheduled tribe population for the state down to circle and town level. This is a new table prepared for the first time in 1981 Census. The table will also be available in two of our publications namely Part-II-B-General Population Tables (Primary Census Abstract) and District Census Handbooks which will be published seperately for each district. The paper should have been contained with Primary Census Abstract for scheduled castes also. As there is no scheduled castes in Nagaland as per the Constitution (Nagaland) scheduled Castes and Scheduled Tribes Modified Order of 1976, the Primary Census Abstract, for Scheduled Castes could not be prepared and has not been presented in this paper. Since the printing of the above publications may take sometime and the demand of the figures has been steadily increasing from various corners of the public, this paper is brought out to meet with the demand of the users of the Census data.

I am grateful to all the Officers and the technical staff of my Office for their hard work in processing the schedules, compilation of the table and finally bringing out this paper. I am also grat-eful to Shri D.C.Pathak, Tabulation Officer who worked hard in bringing out this paper.

I express my debt of gratitude to Shri P.Padmanabha, I.A.S. Registrar General of India who is always helpful to me in providing the technical and administrative guidance.

Dated, Kohima the
