7	Pondicherry	604,471	(2)	789,416	(2)

Notes : 1 In the case of Assam the population figure for 1981 is not the same as has been published earlier. This is because the population of this State has now been interpolated based on 1971 and 1991 Censuses. Consequently the total population of India as of 1981 has been estimated as 683,329,097 as against the earlier published figures of 685,184,692. There are slight variations in the population figures of Haryana and Uttar Pradesh due to area transfers.

2 1991 Census has not yet been conducted in J. & K. The figures are as per projections prepared by the Standing Committee of Experts.

CENSUS 1991

BACKGROUND NOTE

PREPARATIONS FOR 1991 CENSUS OPERATIONS IN DADRA & NAGAR HAVELI

Preparatory work for the 1991 Census was started in this Union Territory early in 1988 and the Schedules to be used in the 1991 Census were tested in the field in June-July, 1989 by the Office of the Directorate of Census Operations, Goa, Daman & Diu and Dadra & Nagar Haveli. After attainment of fullfledged statebood Goa became the separate State and Dadra & Nagar Haveli as well as Daman Diu still remained as the Union Territory. Since these two Union Territories are quite adjacant to Gujarat and Census schedules are also to be canvassed in regional language Gujarati, the work of conduct of Census of 1991 was entrusted to the Directorate of Census Operations, Gujarat by the Registrar General, India, New Delhi. All the relevant records and files were transferred to this Directorate by the Directorate of Goa in the month of December, 1989.

The lists of villages and hamlets were finalised and a classification of rural and urban areas was also made by the Directorate of Census Operations, Goa. This finalised lists were adopted by this office for the purpose of conduct of 1991 Census. The administrative boundaries of Revenue villages were freezed as per the instructions issued by the Administration of Dadra & Nagar Haveli.

Silvassa, the capital of this Union Territory was treated as urban area for the first time in 1981 Census which also continues to be Census town in the 1991 Census. All the remaining 71 Revenue villages were treated as Census villages. Dadra & Nagar Haveli is an Uni-district and Uni-taluka Union Territory.

In accordance with Census Act 1948, the Collector of Dadra & Nagar Haveli was appointed as Principal Census Officer. The Mamlatdar was appointed as Census Charge Officer whereas Assistant Research Officer as well as Mamlatdar Land Reform were also appointed as the Additional Charge Officers.

In order to give proper house numbers to all the houses in this territory the necessary instructions were issued by this office. The instructions were also sent for proper formation of Enumeration blocks in respect of both phases. Each Emumeration block consisted of about 150 households or about 650 population in urban areas and about 200 households or about 750 population in rural areas. The first phase was carried out in this territory during June-July 1990. In this phase two schedules viz. Houselist and Enterprise list were canvassed.

The enumeration blocks for the second phase operations were formed in such a way that each enumeration block consisted of about 650 population in urban areas and about 750 persons in rural areas.

Some of enumeration blocks formed for the first phase which were larger in size had to be divided into more than one blocks. Similarly, blocks of smaller size within the vgillages or wards of town were clubbed. In all 202 enumeration blocks in rural areas and 18 blocks in urban areas were formed during the second phase. During the second phase, in addition to updating of Abridged Houselist the Household Schedule for each household was also canvassed whereas the Individual Slip as the name suggests was filled in for each and every living individual.

The Charge Officer as well as other officers attended State level training programme alongwith the District Census Officers of Gujarat State for both the operations. An intensive training was organised in three rounds for the enumerators and supervisors at Silvassa the Head-quarters in order to acquiant them with the terms and concepts used in the Schedules canvassed both in the first phase and in the second phase of 1991 Census. The Deputy Director head-quarters also attended training programme as an observer during both phase of the Census.

The first phase was carried out during June-July, 1990. The reference date for the 1991 Census was the sunrise of 1st March, 1991. The enumeration of residential population was conducted from 9th February, 1991 to 28th February, 1991. The enumeration of houseless population was conducted on the night of 27th February, 1991. Thereafter, a revisional round was undertaken by all the enumerators and supervisors during the period from 1st March, to 5th March, 1991 in order to bring the information up to date with reference to the Census moment which was the sunrise of 1st March, 1991.

The total number of enumeration blocks, formed, number of enumerators and supervisors appointed for both operations in the Union Territory are as under :

Stage of Operation	No. of Enumeration Blocks	No. of Enumerators	No.of Supervisors
(1)	(2)	(3)	(4)
First phase Houselist	214	213	48
Second phase Actual enumeration	220	220	44

The data presented in this small booklet depict the basic partiiculars of the population of Union Territory of Dadra & Nagar Haveli as on 1st March 1991 as recorded during the 1991 Census operations of the Union Territory. These figures are provisional totals compiled from the bolck abstracts furnished by the Census enumerators from the Census filled in records and fuly compiled by the Charge Officer. The data which have been compiled from a number of Enumerators all over the Territory and subsequently conveyed by the Charge Officer to the State level have their own limitation and are purely provisiona. The data will be finalised after filled in Census Schedules and Slips are duly checked, edited and fully processed in the Office of the Directorate of Census Operations, Gujarat at Ahmedabad. The vrious tables of the Census data will be prepared and presented in due course.

APPENDIX - I

LIST OF OFFICERS OF THE DIRECTORATE

SL. No.	Name of the Officer	Designation
1	2	3
1.	SHRI N. R. VARSANI	Director of Census Operations
2.	SHRI J. K. PATEL	Deputy Director of Census Operations
3.	SHRI S.N. SRIVASTAVA	Deputy Director of Census Operations
4.	SHRI S. V. TRIVEDI	Deputy Director of Census Operations, R.T.O.–I, Ahmadabad
5.	SHRI V.V. PANDIT	Deputy Director of Census Operations, R.T.O.–II, Ahmadabad
6.	SHRI H. B. MALEK	Deputy Director of Census Operations, R. T.O.–III, Ahmadabad
7.	SHRI H. R. GANDHI	Deputy Director of Census Operations, R.T.O.–IV, Ahmadabad
8.	SHRI P. K. PAREKH	Deputy Director of Census Operations, R.T.O.–V, Ahmadabad
9.	SHRI R. P. SHAH	Deputy Director of Census Operations, R.T.O.-VI, Bhavnagar
10.	SHRI K. T. KHATTAR	Deputy Director of Census Operations, R.T.O.-VII, Mahesana
11.	SHRI R. N. YAGNIK	Deputy Director of Census Operations, R.T.O.-VIII, Vadodara
12.	SHRI J. K. PARIKH	Deputy Director, District Census Hand Book Unit
13.	SHRI G. G. PILLAI	Assistant Director of Census Operations

TYPING

1.	Shri J. A. Harry	Confidential Assistant
2.	Shri P. X. Poly	Senior Stenographer
2.	Shri I. B. Soniya Vohra	U.D.C.

ANALYSIS OF RESULTS

A SHORT ANALYSIS OF THE IMPORTANT ASPECTS OF THE PROVISIONAL POPULATION FIGURES - 1991 CENSUS

1. Population and Rate of Growth

According to the provisional data, the population of Dadra Nagar Haveli as on the sunrise of 1st March 1991 is 138,542 persons of whom 70,927 are males (51.20%) and 67,615 are females (48.80%). The population of this territory in 1981 was 103,676. It has thus recorded a growth rate of 33.63 per cent during the 1981-91 as against 39.78 per cent during 1971-81.

Decadal variation in population of this territory since 1901 also reveals that the percentage decadal variation was also quite high since last 4 decades (1950-1991) in comparision to earlier decades. The highest percentage growth rate was recorded during 1971-81 decade with 39.78 per cent which is very closely followed by 1951-61 decade with 39.56 per cent. The lowest was found during 1940-1950 with 2.70 per cent only.

2. Sex Ratio

The sex ratio has gone down from 974 females per 1000 males in 1981 Census to 953 females per 1000 males in 1991 Census. In fact the ratio has always favoured males except in 1971 which can be seen from the following data.

Period	Sex-Ratio
1921	940
1931	911
1940	925
1950	946
1962	963
1971	1007
1981	974
1991	953

3. Density of Population

It is obvious that the density of population increases alongwith the rise of population. The density of this territory has gone up from 211 persons per sq.km. in 1981 to 282 persons per sq. km. in 1991 Census whereas the density of this territory was only 151 persons per sq. km. in 1971 Census. This rise of density during both decades in this tribal Union territory is clearly spectacular.

4. Literacy

The literacy rates for the population aged 7 and above in 1981 and 1991 are shown below. The literacy rate for population aged 5 and above in 1981 are also shown in the bracket to give an idea of the difference the change in 1991 is likely to make.

Literacy rates 1961-1991 Dadra & Nagar Haveli

Year	Persons	Males	Females
1	2	3	4
1961	11.80	17.71	5.00
1971	18.13	27.69	9.50
1981	32.90	44.69	20.58
	(26.67)	(36.32)	(16.78)
1991	39.46	52.07	26.10

Note : 1. The literacy rates for 1961 and 1971 relates to population aged 5 and above. The rates for the Year 1981 and 1991 relate to population 7 and above. The literacy rates for population aged 5 and above in 1981 have been shown in the brackets.

2. In 1991 Census all children below aged 7 years have been treated as illiterates. In 1981 Census all children below aged 5 years were treated as illiterates. The population aged 7 and above in 1991 is not based on actual Census count, but is based on estimated proportion and is therefore provisional. The final population aged 7 and above will be available when the primary Census Abstract is finalised later.
