PART X-A	Village and Town Directory	(In one volume for each district.)	(Published)
PART X-B	Village and townwise Primary Census Abstracts		
PART X-C	Analytical Report, Departmental Statistics and District CensusTables.		

PREFACE

Data on establishments connected only with manufacturing, processing or servicing were collected in the Houselist during the 1961 Census. But at the 1971 Census a separate schedule called the Establishment Schedule was canvassed along with the Houselist and data about all types of establishments—manufacturing, trading and service establishments were collected in this schedule. Details about each establishment as to whether it is managed by Government/Quasi-Government, private agency or a co-operative institutions; whether it is a household industry, registered factory or unregistered workshop; if it is a trading establishment, whether it is a wholesale or retail trade establishment together with the description of the goods bought or sold; and if it is not a manufacturing or trading establishment its description (i.e., the nature of the establishment) were additionally collected at the 1971 Census through the establishment schedule.

This volume contains two sections. Section—A contains a detailed analysis of the establishment tables namely E. I, E. II Part A, B and Part C, E. III and E. IV generated from the data collected in the Establishment Schedule and published already in 1971 Census Part III. B Establishment Tables volume. Section B contains the subsidiary tables prepared from the data of the main tables.

Section A is divided into three chapters—Introduction, Types of Establishments, Size of employment and type of fuel/power used.

The drafting of the report was done by Sri K. Narasimha Murthy, Assistant Director of Census Operations and Sri C.S. Bose, Tabulation Officer under the able guidance and close supervision of Sri P.S.R. Avadhany, Deputy Director. The Subsidiary Tables were prepared by Sarvasri M. Narasinga Rao, P. Ganga Raju, Siva Rama Krishna, N.V.R. Sastry, M.A. Salam and Smt. A. Sita Maha Lakshmi, Assistant Compilers and Smt. P. Nirmala, Statistical Assistant under the close supervision of Sri K.K. Sarma, Tabulation Officer. I have great pleasure in acknowledging the excellent work done by all of them.

I am greatly indebted to Sri A. Chandra Sekhar, Registrar General, India, and Ex-Officio Census Commissioner of India for his valuable guidance at all stages of Census Operations. I am also grateful to Sri S.C. Srivastava, Assistant Central Tabulation Officer for getting the subsidiary tables scrutinised and for communicating the Registrar General's approval to these tables expeditiously.

The cover design, motif and the diagrams shown in this volume have been prepared by Sarvasri M.N. Ram Mohan, Artist, Raghu Ram, Mohiuddin Hasan, M.J. Sadiq, Devender Rao, K. Deva Dass and Smt. Daya Saxena, Draughtsmen, under the supervision of Sri Shyam Deo, Senior Geographer.

The press script of this volume was prepared by Sarvasri V.S.R. Sastry, M.A. Ghani, P. Kannaiah and others under the supervision of Sri N.V. Manohar Rao, Junior Stenographer.

The printing of this volume was looked after by Sri C.S. Bose, Investigator with the good assistance provided by Smt. P. Nirmala, Statistical Assistant and Kumari Arifa Sultana, Assistant Compiler. My thanks to them.

I am also thankful to the Manager, Government of India Press, Coimbatore, and his staff concerned for getting this volume printed neatly.

T. VEDANTAM,
DIRECTOR OF CENSUS OPERATIONS.

Table E.IV.1	Distribution of 1,000 Establishments (other than manufacturing, processing or servicing or business and trade Establishment) in each Divn./Major Group of NIC by size of employment in rural and urban areas separately	622—650

SECTION A
REPORT

CHAPTER I

INTRODUCTORY

It is necessary at every Census to number all houses and list them before the population count is taken, to enable the Census enumerators to cover their jurisdictions effectively without omissions or overlappings. In the first Indian Census conducted in 1872 in the composite Madras State the houselist was utilised to collect data on the type of houses according as they are terraced or flat-roofed, tiled-roofed or thatched, and a brief analysis of the housing on this broad categorisation was made in the Census report. After independence of the country and with the introduction of Five-Year Plans the need to collect authentic and comprehensive data on the housing conditions in the country was being more and more felt. The first opportunity was taken at the 1961 Census to collect as much information as possible on this basic need of the society. Village officers and elementary school teachers formed the main bulk of Census enumeration agency and with their limited capacities an intensive or detailed technical survey could not be done. Only broad details of the purpose for which a Census House was used, the material of wall and material o roof, if the house was used for industrial purposes some basic particulars about the industry, the number of rooms occupied by household in houses used as dwellings, tenure status of households the approximate number of persons in each household were collected on a houselist form uniformly throughout the country. A few preliminary characteristics of Census houses, industrial establishments and dwellings were tabulated and presented in five comprehensive Housing tables E-I. to E-V published in a separate book entitled 'Census of India, 1961—Vol. II Andhra Pradesh, Part IV-B—Housing Tables'. A brief analysis of the data collected together with subsidiary Tables was published in a separate volume entitled "Census of India, 1961—Vol. II Andhra Pradesh—Part IV-A—Report on Housing and Establishments with subsidiary Tables".

1.2 At the 1961 Census an attempt was made to collect some particulars of only the manufacturing, processing or servicing establishments in the Houselist form itself. At the 1971 Census the scope of the Houselisting operations was enlarged and instead of loading the main Houselist form itself with questions pertaining to establishments, a separate schedule called the Establishment Schedule was evolved to record the particulars of all types of establishments. This Schedule, covered all establishments i.e., manufacturing establishments, trade as well as other establishments also. In this Schedule several detailed particulars of the establishments were gathered. The Establishment Schedule contained the following 11 Columns.

Column 1—Serial Number

Column 2—Census House Number

Column 3—Name of the Establishment or of the proprietor

Column 4—Is the establishment

(a) Government/Quasi-Government

(b) Private

(c) Co-operative

Column 5—Average number of persons working daily last week or in the last working season, including proprietors, and/or family workers.

If any manufacturing, processing or servicing is done

Column 6—Is it

(a) Household Industry

(b) Private factory

(c) Unregistered factory

Column 7—Description of the products, processing or servicing done

Column 8—Type of fuel or power used

Column 9—Description of goods bought/sold

If used as trading establishment

Column 10—Whether

(a) Wholesale or

(b) Retail

Column 11—If used as any other establishment, describe e.g., Government office, school, hospital, railway station, barber's saloon, cinema theatre, hotel, tea shop, etc.

1.3 A copy of the Establishment Schedule and the instructions issued to the enumerators for filling it are given in *Annexure* I at the end of this Section for ready reference.

1.4 The data collected through the Establishment Schedule yielded valuable information about the different types of establishments in the three sectors viz., (i) Government or Quasi-Government; (ii) Private; and (iii) Co-operative as also the size of establishment in each type of establishment classified according to National Industrial Code. The utility of data yielded is particularly significant in respect of unorganised sector i.e., unregistered workshops, household industries, small business houses and other similar establishments, in respect of which there is hardly any reliable data so far though this absorbs a considerable section of the labour force.

Limitations of the Data

1.5 An establishment at the 1971 Census has been defined as "A place where goods are produced, or manufactured not solely for domestic consumption or where servicing and/or repairing is done such as factory, workshop, or household industry or a place where retail or wholesale business is carried on or commercial services are rendered or an office, public or private, or a place of entertainment or where educational,

religious, social or entertainment services are rendered." In all these places one or more persons should be actually working. Thus an establishment will cover manufacturing, trade, and other establishments where people work.

1.6 Thus a factory or a workshop or workshop-cum-residence, or a trading or other establishment i.e., where some kind of production, processing, repair or servicing is undertaken or where goods or articles are made and sold, or some business is being carried out such as a grocery shop, a pan shop, restaurant, bank, hotel, or an office is functioning such as Government Office, commercial office, or an institution is being run such as school, college, hospital, dispensary, etc., and where one or more persons are working were all treated as establishments and their particulars were included in the Establishment schedule.

1.7 An establishment may occupy a Census house or a group of Census houses or a part of a Census house. Sometimes the act of production or processing of servicing may not be apparent especially if carried on as a household industry. When a handloom is located inside a Census house and is not in operation at the time of enumerator's visit, or if some other type of household industry such as papad making or toy manufacturing or beedi rolling, etc., is done in some interior portion of the house, there is every possibility of missing such establishments. The enumerators were, therefore, instructed to make searching enquiries to ensure that any production, processing or servicing done or any business carried or any institution run in any part of the house is not missed.

1.8 It is possible that some kind of production or processing is undertaken in the house by members of the household for purely domestic consumption like hand pounding of rice, preparation of spices, knitting of woollen garments, embroidery work. The enumerators were instructed not to treat the house as an Establishment in such cases.

1.9 In the listing of the establishments as per the above definition only establishments located in buildings i.e., in structures with walls and a roof are covered. Open air establishments or itinerant vendors are not, therefore, covered in the listing of establishments in the Establishment schedule.

1.10 The enumerators had some difficulty in collecting the data on the larger establishments as these establishments are likely to be situated in more than one Census house. If the different sections of an industry functioning in each Census house are treated as separate establishments, then the number of establishments will be inflated. Hence when a large establishment was spread over more than one Census house adjoining one another the enumerator was instructed to treat the entire group as one establishment only, although located in different Census houses. On the other hand when the activities of a large establishment were carried on in buildings located far away in different localities then the Enumerator was instructed to treat each unit as a separate establishment.

1.11 The enumerators had difficulty also in collecting data about the average number of persons working in the establishment. In the instructions given to enumerators they were told to fill in Col. 5 of the Establishment Schedule information relating to the total number of workers, including apprentices, paid or unpaid, and also including owner(s) or Proprietor(s) of the establishment and any of their family members, if they also worked in the establishment and also hired workers, if any. The average number of persons working per day in the establishment during the week preceding the day of the visit of the enumerator had to be recorded. For computing the average number of persons working per day, if the establishment remained closed owing to holiday etc. such day(s) had to be ignored and only the days on which the establishment worked had to be taken into account. If during the week preceding the enumerator's visit, the establishment remained closed either due to strike or lock-out then the enumerator had to take the week during which the establishment worked preceding the strike or lock-out. In respect of establishments such as sugar factory, rice mill, etc., which are seasonal in character and which were not working at the time of the visit of the enumerator, he had to collect the particulars with reference to the last working season. Some of the respondents, for well known reasons, might not give full details. The enumerators had to, therefore, carefully probe into the various aspects and elicit the required data.

1.12 Although the data about registered factories etc., would be forthcoming from other returns that Government collect such as from the Chief Inspector of Factories, the data collected in the present establishment schedule have special importance. In the present Establishment Schedule the data are collected about all types of establishments and thus useful information about the small establishments in the unorganised sector also has become available. The 1961 Census covered only manufacturing establishments i.e., where some kind of production, processing, repair or servicing was undertaken or where goods or articles were made and sold while at the 1971 Census the Establishment Schedule covered the trade and all other establishments also besides the manufacturing establishments. In the present Census, the enumerators were clearly instructed to treat a large establishment located in more than one adjoining Census house as one single establishment only and only if such an establishment was located in more than one Census house situated in different and remote localities, then to treat each such unit as different establishment. These instructions facilitated a more accurate accounting of the establishments. In 1961 there was a possibility of omitting or wrong counting of establishments as the survey covered manufacturing, servicing or repair establishments only and not all establishments. During the House-listing, doubts were raised by some of the enumerators whether small temples, mosques etc., are to be treated as establishments. It was clarified to them that temples and mosques should also be treated as establishments if religious services are being conducted there and if at least one person was working in each such place. If no religious services are conducted and if

they are in an abandoned condition then they were not treated as establishments. In certain rural areas there was a tendency on the part of some enumerators to omit recording of the particulars in the Establishment Schedule in respect of the small establishments where carpentry, blacksmithy, or goldsmithy etc., was being conducted as household industry and in respect of the houses where schools, shops, hostels, etc., are located although such houses were listed in the Houselist Schedule on the assumption that an establishment should be fairly large in size for being recorded in the Establishment Schedule. Such mistakes were got corrected by the supervisory officers during the enumeration.

Common errors noticed in the Establishment Schedules received from the field

1.13 Under Col. 4 of the Establishment Schedule the enumerators did not correctly distinguish quasi-Government, Government and co-operative institutions. The institutions were wrongly classified by the enumerators and such errors were rectified at the editing and coding stages.

1.14 Some of the enumerators left Col. 5 blank, specially when the establishment was a trade establishment and also establishments covered under Col. 4. Necessary imputations were made wherever possible to fill up such blanks. When imputations could not be made straight away based on any known information, the schedules were sent back to the field for necessary corrections. Such cases were only a few.

1.15 Under Col. 6 some of the enumerators could not make correct distinction particularly between registered and unregistered factories. These errors were also as far as possible rectified with reference to the list of registered factories obtained from the Chief Inspector of Factories. In respect of those establishments which were not included in the list of registered factories, the information as furnished in the Establishment Schedules was accepted.

1.16 Under Cols. 7 and 9 some of the enumerators were not clear as to what type of establishments should be included. Some of them classified certain manufacturing establishments under 'Trade' merely because they were also engaged in the sale of products produced by them. The definition of trade viz., involving both purchase and sale without any transformation of the goods transacted was not well understood by the enumerators.

1.17 Soon after the Houselisting Operations were completed in February, 1970 all the Charge Superintendents were Instructed to collect the field in Houselist and Establishment Schedules and other relevant records from the field and transmit to the Office of the Director of Census Operations, Andhra Pradesh at Hyderabad where special arrangements were made to receive them. A new unit called the Mechanical Tabulation Unit for processing the data collected in the Houselist and Establishment Schedule was established in the Office of the Director of Census Operations from March, 1970. This unit was divided into three cells viz., Editing Cell, Coding Cell and Punching Cell for editing, coding and punching the data respectively.

1.18 All the Houselist and Establishment Schedules received from the Charge Superintendents were first checked up to ensure that all the filled in Schedules were received from the field without leaving any schedules with the enumerators or supervisors or other Census Officers. Then the Schedules were scrutinised in the editing cell and one-to-one matching was ensured in respect of Houselist Schedules and Establishment Schedules i.e., wherever a Census house was recorded as being used wholly or partly as an establishment it was ensured that necessary entries were made in the Establishment Schedule in respect of such Census Houses. In cases where the enumerator failed to fill in the Establishment Schedule in respect of Census houses used wholly or partly as establishments then such cases, which were no doubt very few, were referred to the concerned Charge Superintendents and the additional required data were collected and filled in the Establishment Schedules. While the data in Houselist were processed on 20% Sample basis the data collected in the Establishment Schedule were processed on 100% basis. Therefore all entries in the Establishment Schedule were scrutinised and edited. The following instructions were issued for editing the various columns of the Establishment Schedule and supplementing the deficient information.

Location Code : Invariably, the enumerator should have written the elements of the location at the top of the Houselist. See that all elements are correctly filled in. In the case of a rural housenumbering block, the Location Code will contain number of district, Taluk village and the housenumbering block number. In an urban block the Location Code elements are numbers representing District, Town, Street/Ward/or and Block, Locality/or and Street. If entries are found to be missing supply them from the Enumerators' Charge Lists. The name of the enumerator will be found at the bottom of the Houselist; the housenumbering Block should be located in the charge register with reference to the name of the Enumerator.

Column 1 : Refer to Column. 7 of the Houselist and make sure that for all 'yes', there is a corresponding entry in this schedule and the serial number tallies.

Column 2 : Check with reference to Column 3 of the Houselist. These should tally.

Column 4 : In case of blank, look up the entry in Column 3, this may help in making a suitable imputation; otherwise, enter 'private'.

Column 5 : If there is an omission to make an entry, write 'unspecified'. Refer to list of Factories in case of Registered Factories.

Columns 6, 7 and 8 : The columns will be filled in if only Columns 9—11 have 'X'. If in any establishment besides manufacturing/processing, sales also take place, and by mistake the enumerator has entered details in columns 6 to 8 and also in Columns 9 and 10.

score entries in Columns 9 and 10. Manufacturing will get precedence over 'selling' which is a secondary function.

If the entry in Column 6 is registered factory and in Column 8 type of power is other than 'Electricity' and if the number is less than 20 in Column 5, then change the entry 'Registered Factory' in Column 6 to 'Unregistered workshop'. Also refer to the list of Registered Factories available in the Office.

Column 7 : If an entry is omitted by the enumerator make an entry from information in Column 3, if it affords any clue. In this case also please refer to the list of Registered Factories, where necessary.

Column 8 : If an entry is omitted by the enumerator, enter 'manual' having regard to entries in Columns 3 and 7.

Columns 9 and 10: There should be entries in these Columns when Columns 6, 7, 8 and 11 have 'X'. If entry is not made by the enumerator in Column 9, impute it with reference to entry in Column 3. If Column 10 is blank and Column 9 is filled in, write 'retail' except in the case of commercial services like Bank, Insurance, etc.

Column 11 : There will be an entry in this column only when there is 'X' in Columns 6 to 10. If the enumerator has failed to make an entry although the establishment should have been entered in this column, try to impute with the help of entry in Column 3 of the Establishment Schedule, Column 6 of the Houselist and also the Notional map.

1.19 After inter-connected scrutiny of Columns 6-7 of the Houselist and the Establishment Schedule and thorough editing of the Establishment Schedule as indicated above were completed, the Establishment Schedules were separated from the concerned Houselists of the Enumerator's Block and were stitched ward or Housenumbering block-wise and passed on to the Coding Cell for coding.

1.20 In the Coding Cell, after ensuring that all the Establishment Schedules were completely scrutinised and edited, code Nos. were assigned for the data regarding the name of the State, District, Taluk, Town, Village etc., given under the eight Cols. of the Establishment Schedule as indicated below to enable the Punching Cell to punch the data on the cards as per the card design.

CODE STRUCTURE OF 1971 CENSUS
ESTABLISHMENT SCHEDULE

Description	Col. No. in Schedule	Code No. allotted		Where to Code
(1)	(2)	(3)		(4)
		Assign code as below :		
		1. Andhra Pradesh	1	
		2. Assam	2	
		3. Bihar	3	
		4. Gujarat	4	
		5. Haryana	5	
		6. Jammu & Kashmir	6	
		7. Kerala	7	
		8. Madhya Pradesh	8	
		9. Maharashtra	9	
		10. Mysore	0	
		11. Nagaland	X1	
		12. Orissa	X2	
		13. Punjab	X3	
		14. Rajasthan	X4	
		15. Tamil Nadu	X5	
		16. Uttar Pradesh	X6	
		17. West Bengal	X7	
		18. Andaman & Nicobar Islands	X8	
		19. Chandigarh	X9	
		20. Dadra & Nagar Haveli	X0	
		21. Delhi	Y1	
		22. Goa, Daman & Diu	Y2	
		23. Himachal Pradesh	Y3	
		24. L.M. & A. Islands	Y4	
		25. Manipur	Y5	

(1)	(2)	(3)		(4)
		26. N.E.F.A. Arunachal Pradesh	Y6	
		27. Pondicherry	Y7	
		28. Tripura	Y8	
		29. Meghalaya	Y9	
District	Top left	Recode districts 1 to 9 as 01 to 09 rest i.e., 10 onward will remain as it is.		
Tehsil/Town	Second top line on left for Tehsil and 1st top line for Town (right)	In case of town; renumber the Roman number into 60 onward after arranging them in the ascending order		
		Tehsil Code	01—59	
		Town Code	60—89	
		City code	90—99	
		for Tehsils 1 to 9 recode as 01 to 09.		
Village/Ward	1st top line on right for village; 1st No. on 2nd top right line forward.	Recode village 1 to 9 as 001 to 009 & No. 10 to 99 as 010 to 099.		
Block No.	In case of village 2nd top line right; in case of ward, 2nd No. in 2nd top line right	Recode Block No. 1 to 9 as 001 to 009 and No. 10 to 99 as 010 to 099.		
Rural/Urban Non-City/Urban city		Rural	1	Code to be given at top left inside a triangle
		Urban Non-City	2	
		Urban City	3	
Serial No. Type of establishment	Col. 1	Govt.	1	Col. 4
Govt./Private/Co-operative	Col. 4	Private	2	
		Co-operative	3	
No. of persons working	Col. 5	No Coding		Col. 5
Type of Manufacturing establishment	Col. 6	Regd. Factory	1	Col. 6
		Un-Regd. Workshop	2	
		Household Industry	3	
N.I.C. Code of Establishment	Col. 7 or 9 or 11	Code as per NIC 1970 Code Structure		Col. 7
Type of fuel or power used	Col. 8	Electricity	1	Col. 8
		Liquid fuel	2	
		Coal, Wood & Bagasse	3	
		Other (including animal power)	4	
		Manpower	5	

1.21 A copy of the National Industrial Classification Code structure of 1970 adopted for assigning Code numbers to the data under Columns 7, 9 and 11 of the Establishment Schedule is given in *Annexure II* at the end of this Section.

1·22 After the Establishment Schedules were coded in the Coding Cell they were transmitted to the Punching Cell where the data were punched on the 80 Column Cards on the I.C.L., punching machine as per the following card design. The data relating to five Establishments were punched on each card.

	CARDS	COLS.	DESCRIPTION OF FIELD
LOCATION CODE		1	File No. punch Y/5 for E
		2	State
		3, 4	District
		5, 6	Tehsil/Town
		7 TO 9	Village/Ward
		10 TO 12	Block No.
		13	Rural/Urban non-City/Urban City
1st LINE		14 TO 16	Serial No.
		17	Type of Estt. Govt/Private/Co-operative
		18 TO 21	No. of Persons working
		22	Type of manufacturing Estt.
		23 TO 25	N.I.C. code of Estt.
		26	Type of fuel or power used

1·23 The following instructions were given for punching the data contained in the Establishment Schedule on the Punch Card.

	CARDS COLS.	DESCRIPTION OF FIELD
2nd LINE	27 TO 29	Serial No.
	30	Type of Estt. Govt./Private/Co-operative
	31 TO 34	No. of persons working
	35	Type of manufacturing Estt.
	36 TO 38	N.I.C. code of Estt.
	39	Type of fuel or power used
3rd LINE	40 TO 42	Serial No.
	43	Type of Estt. Govt/Private/Co-operative
	44 TO 47	No. of persons working
	48	Type of manufacturing Estt.
	49 TO 51	N.I.C. code of Estt.
	52	Type of fuel or power used
4th LINE	53 TO 55	Serial No.
	56	Type of Estt. Govt./Private/Co-operative
	57 TO 60	No. of persons working
	61	Type of manufacturing Estt.
	62 TO 64	N.I.C. code of Estt.
	65	Type of fuel or power used
5th LINE	66 TO 68	Serial No.
	69	Type of Estt. Govt./Private/Co-operative
	70 TO 73	No. of persons working
	74	Type of Manufacturing Estt.
	75 TO 77	N.I.C. code of Estt.
	78	Type of fuel or power used
	79, 80	Blank

PUNCHING INSTRUCTIONS OF 1971 CENSUS ESTABLISHMENT SCHEDULE

Item Description	To be punched in card columns	Where code in the Schedule	Punching Instructions
1	2	3	4
File No.	1		Punch 'E' (double Punch Y_5)
State	2		Punch as coded
District	3—4	1st Line on top list	Punch as coded
Tehsil/Town	5—6	2nd Line on top left for Tehsil and 1st line on top right for Town	In case of Tehsil punch the code. In case of Town punch the re-numbered town code in Arabic numbers.
Village/Ward	7—9	1st Line on top right for village; and 1st No. of 2nd Line on top right for Ward	Punch as coded. In case Village code exceeds 3 digits, make 'X' punch also in Col. 7 to represent Nos. 1000 to 1999 and make 'Y' punch in Col. 7 to represent Nos. 2000 to 2999. For example, X_{000} will represent 1000, X_{001} will represent 10001 and so on.
Block No.	10—12	2nd Line on top right for Block in a village and 2nd No. of 2nd line on top right for Block in a ward.	Punch as coded. In case Block Code Exceeds 3 digits, punch 'X' in col. 10 to represent Nos. 1000 to 1999 and punch 'Y' in Col. 10 to present Nos. 2000 to 2999.
R al/Urban Non-City/Urban City	13	Top left inside a triangle	Punch as coded

1	2	3	4
Serial No.	14—16 27—29 40—42 53—55 66—68	Col. 1	Punch as given
Type of Establishmet	17	Inside dotted lines in Col. 4	Punch as coded and superimpose 'Y' punch (make 'Y' punch in addition to usual code).

	79—80	..	Blank

1.24 After the data were punched on the Cards, the punch cards were verified cent per cent on Verifying machines to ensure the correctness in punching the data. After the cards were verified, they became the basic documents for processing on the Computer.

1.25 The punched cards were sent in convenient batches to the Southern Zonal Office at Madras for transfering the data on to the magnetic tape. The data were processed on the Computer of the Southern Railways at Madras under the supervision and guidance of Sri B. T. Pillai, Deputy Director of Census Operations of Kerala who was also in additional charge of the Southern Zonal Office at Madras.

1.26 Before the data were transferred on to the magnetic tape at the Computer Centre, the cards were passed over for edit run to eliminate the errors in punching and also to save Computer time at the card-to-tape operations. In the edit run all the Controlling Cols. i.e., District, Taluk, etc., and certain data Columns were controlled as per programme. During the edit run the cards wrongly coded, invalid cards, blank and multiple punched cards were rejected by the Computer. These cards were repunched with correct data and filed in the appropriate place among the cards before the tape run.

1.27 A magnetic tape reel of 2,200 ft. usable length accommodated about 75,000 to 80,000 cards. This work load took about 5 to 6 hours of Computer's time. The average passage of cards in the Computer was 800 per minute. The number of cards were, however, reduced depending upon the increase in the No. of controls in the programme. In the edit run about 625 cards on an average per minute were passed on the Computer while in the tape run only about 320 cards on an average per minute were passed on.

1.28 The Southern Zonal Office at Madras sent all the magnetic tapes to the Data Processing Division, Office of the Registrar General, India at R. K. Puram, New Delhi where the data were processed on 100% basis centrally on the electronic Computer for consolidation of data and the various tables prescribed under the Tabulation Plan were prepared. The magnetic Tape contained data for even the smallest administrative unit viz., Village and Town. However the data were processed only upto District level and also in respect of Towns having a population of 1 lakh or more. The following Tables which were so prepared on full count on the Computer at New Delhi by the Data Processing Division of the Registrar General's Office are published in a separate Volume entitled

"Census of India, 1971—Series-2 —Andhra Pradesh, Part III-B—Establishment Tables".

TABLE E-I : Distribution of Establishments by broad types

TABLE E-II—PART A : Distribution of Manufacturing, Processing or Servicing Establishments other than household industries classified by Registered Factories, Unregistered workshops and size of employment

TABLE E-II—PART B : Distribution of Manufacturing, processing or Servicing Establishments other than household industry classified by Industry, Fuel, Power or Manual used and size of employment

TABLE E-II—PART C : Distribution of Household Industry Establishments classified by Industry Fuel/Power used and size of employment

TABLE E-III : Distribution of Trade/Commercial Establishments classified by the type of business or trade and size of employment

TABLE E-IV : Distribution of Establishments (Other than Manufacturing, Processing, Servicing or Business and Trade Establishments) by size of employment

1.29 In all the above tables, the data are given for State/District/City only. At the 1961 Census the data in the corresponding tables were however given upto taluk level and also for all towns having a population of 50,000 or more each. The scope and content of the above tables are explained below.

TABLE E-I : Distribution of Establishments by broad types :

This is a new table prepared at the 1971 Census and the data are given about the distribution of all establishments by three broad types viz., (1) Manufacturing, Processing or Servicing Establishments; (2) Trade or Business Establishments and (3) Other Establishments in each of the Government or Quasi-Government, Private and Co-operative Sectors of the economy. The Manufacturing, Processing or Servicing Establishments are further classified as registered factories, unregistered workshops and household industries. The trade or business establishments are classified as wholesale, retail or others. All the other establishments like Govt. Office, School, Hospital, Railway station, Orphanage, Rescue Home, Barber's Saloon, Cinema theatre, Hotel, Tea-Shop, Lawyer's Office, Doctor's Clinic, Laundry are categorised as 'Other Establishments'.

TABLE E-II—PART A : Distribution of Manufacturing, Processing or Servicing Establishments other than Household Industries classified by Registered Factories, Unregistered workshops and size of employment

In this table the distribution of manufacturing, processing or servicing establishments other than household industries separately for total, rural and urban areas is given. It contains useful information about the size of employment and the number of units under each of the three categories (a) Registered Factories (b) Unregistered Workshops (c) Household Industries in each Division/Major Group of N.I.C. 1970.

TABLE E-II—PART B : Distribution of Manufacturing, Processing or Servicing Establishments Other than Household Industries classified by Industry, Fuel/Power or Manual used and size of employment

In this table the distribution of factories and workshops according to N.I.C. 1970 and Division/Major Group and by size of employment is given. This table also gives the information about the kind of fuel fuel or power used in these establishments.

TABLE E-II—PART C: Distribution of Household Industry Establishments classified by Industry Fuel/Power used and size of employment

This table gives the distribution of household Industry establishments according to N.I.C. 1970 by Division/Major Group of N.I.C. 1970 and the kind of fuel or power used by broad employment size groups separately for total, rural and urban areas.

These three tables correspond to Table E-II of the 1961 Census.

TABLE E-III : Distribution of Trade/ Commercial Establishments classified by the type of Business or Trade and size of employment

This is a new table prepared at the 1971 Census and gives data about the trade/commercial establishments classified by the type of business or trade and size of employment for total, rural and urban areas. All trade/commercial establishments are further classified under each Division/Major Group of N.I.C. 1970.

TABLE E-IV : Distribution of Establishments (Other than Manufacturing, Processing, Servicing or Business and Trade Establishments) by size of employment

This is a new table which has been attempted for the first time in the 1971 Census, and it gives information of "other establishments" (Other than the establishments showing in Table E-II Parts A, B and C and Table E-III in detail) by size of employment in total, rural and urban areas classified under each Division/Major Group of N.I.C.

Subsidiary Tables to Establishment Tables

In addition to the above mentioned main tables, the Registrar General, India prescribed six subsidiary tables for the establishment tables. All the subsidiary tables have been prepared only for State/District/City level. A brief description of each of the subsidiary tables is given below:

SUBSIDIARY TABLE E-I.1 : This table gives the distribution of 1,000 establishments by broad types in rural and urban areas separately.

SUBSIDIARY TABLE E-II PART A.1 This table gives the distribution of 1,000 manufacturing, processing or servicing establishments other than household

industry as registered factories, unregistered workshops in each division/ major group of N.I.C. of 1970 and by size of employment in rural and urban areas.

SUBSIDIARY TABLE E-II PART B.1 This table gives distribution of 1,000 manufacturing, processing or servicing establishments other than household industries in each division/major group of N.I.C. of 1970 and the kind of fuel/power used and by size of employment.

SUBSIDIARY TABLE E-II PART C.1 This table gives the distribution of 1,000 establishments which are household industries in each Division/Major Group of N.I.C. of 1970 and kind of fuel/power used and also by size of employment.

SUBSIDIARY TABLE E-III·1 This table gives distribution of 1,000 trade/commercial establishments in each Division/ Major Group of N.I.C. of 1970 by size of employment in rural and urban areas separately.

SUBSIDIARY TABLE E-IV·1 This table gives distribution of 1,000 establishments (Other than manufacturing, processing or servicing or business and trade establishments) in each Division/Major Group of N.I.C of 1970 by size of employment in rural and urban areas separately.

CHAPTER II

TYPES OF ESTABLISHMENTS

There are 769,976 establishments in Andhra Pradesh of which 517,059 are in the rural areas and 252,917 are in the urban areas. According to the type of management, 75,227 are Government/Quasi-Government establishments, 691,283 are private establishments and 3,466 are co-operative establishments. All these establishments are divided into the following three broad categories depending on the activity pursued:

(i) Manufacturing, processing or servicing establishments

(ii) Trade or Business establishments and

(iii) Other establishments

The first category of establishments is sub-divided into registered factories, unregistered workshops and household industry establishments. The second category is sub-divided into wholesale trade establishments, retail trade establishments and other trade/business establishments. The third category is divided into educational institutions, public health institutions and other establishments. The number of establishments in the State falling under each of the above nine types together with their rural and urban break up is given below:

STATEMENT II. 1

DISTRIBUTION OF ESTABLISHMENTS BY BROAD TYPES IN ANDHRA PRADESH

Type of Establishment	NUMBER OF ESTABLISHMENTS		
	Total	Rural	Urban
1	2	3	4
(*i*) *Manufacturing, processing or servicing establishments:*			
(a) Registered factories	10,841	7,949	2,892
(b) Unregistered workshops	74,209	41,332	32,877
(c) Household industries	217,128	174,545	42,583
Total	**302,178**	**223,826**	**78,352**
(*ii*) *Trade or business establishments:*			
(a) Wholesale	14,105	3,408	10,697
(b) Retail	249,724	153,173	96,551
(c) Others	54,448	32,184	22,264
Total	**318,277**	**188,765**	**129,512**
(*iii*) *Other establishments*			
(a) Educational institutions	41,435	34,825	6,610
(b) Public health institutions	12,399	7,223	5,176
(c) Others	95,687	62,420	33,267
Total	**149,521**	**104,468**	**45,053**
Grand Total	**769,976**	**517,059**	**252,917**

2.2 Thus, out of 769,976 establishments in the State 302,178 establishments or 39.24% of the total number of establishments are manufacturing, processing or repairing establishments. 318,277 establishments forming 41.34% are trade or business establishments. The balance of 149,521 establishments or 19.42% of the total number of establishments are other establishments. The retail trade establishments form the highest proportion (32.4%) among all the establishments followed closely by household industry establishments (28.2%). Other establishments (95,687) take the third place (12.4%). The number of each type of establishments except that of wholesale trade establishments is more in the rural areas than in the urban areas of that State. The number of wholesale trade establishments, for obvious reasons, is more in the urban areas.

2.3 Among the districts in the State, East Godavari has the largest total number of 61,607 establishments. Hyderabad district closely follows it with 59,053 establishments. The districts of Srikakulam, Visakhapatnam, West Godavari, Krishna, Guntur, Ongole, in the coastal region; Chittoor, Anantapur and Kurnool in Rayalaseema region; Mahbubnagar, Nizamabad, Karimnagar and Nalgonda in Telangana region have all over 30,000 establishments each. Khammam district has the lowest number of 18,723 establishments in the State. Adilabad district occupies the next place with 20,163 establishments. In all the districts except in Hyderabad the number of establishments in rural areas is more than the number in the urban areas mainly because the number of retail trade establishments and household industry establishments would be considerably large in the rural areas (the number of villages is quite large—27,221 inhabited villages in the State). In Hyderabad district, however, due to the setting up of a large number of industrial establishments in and around Hyderabad city, the number of establishments in urban areas is more than the number in the rural areas. The following statement gives

the total number of establishments in each district with rural and urban break up.

STATEMENT II-2

DISTRIBUTION OF ESTABLISHMENTS IN RURAL AND URBAN AREAS IN DISTRICTS OF ANDHRA PRADESH

State/District	NUMBER OF ESTABLISHMENTS		
	Total	Rural	Urban
1	2	3	4
Andhra Pradesh	**769,976**	**517,059**	**252,917**
Srikakulam	44,641	34,964	9,677
Visakhapatnam	38,551	24,928	13,623
East Godavari	61,607	45,043	16,564
West Godavari	39,284	25,185	14,099
Krishna	43,698	24,212	19,486
Guntur	49,620	26,391	23,229
Ongole (Prakasam)	41,840	32,553	9,287
Nellore	27,854	17,137	10,717
Chittoor	37,199	25,034	12,165
Cuddapah	28,516	19,699	8,817
Anantapur	35,384	22,098	13,286
Kurnool	32,271	19,976	12,295
Mahbubnagar	35,648	28,963	6,685
Hyderabad	59,053	16,395	42,658
Medak	27,238	22,588	4,650
Nizamabad	32,530	22,423	10,107
Adilabad	20,163	15,085	5,078
Karimnagar	32,376	26,524	5,852
Warangal	29,596	23,825	5,771
Khammam	18,723	13,538	5,185
Nalgonda	34,184	30,498	3,686

2.4 Compared to the neighbouring States of Maharashtra, Tamil Nadu, Mysore (Karnataka), Orissa and Madhya Pradesh, the total number of establishments is more in Andhra Pradesh than in Orissa and Mysore (Karnataka). Also Andhra Pradesh has the highest number of registered factories compared to the above States except Maharashtra. The number of household industry establishments also are more in Andhra Pradesh than in Maharashtra, Tamil Nadu, Mysore and Orissa States. Even among the trade and business establishments, Andhra Pradesh has a larger number of such establishments than Madhya Pradesh, Mysore (Karnataka) and Orissa. In case of other establishments, the position of Andhra Pradesh is better than only one State i.e. Orissa. Of the aforesaid six States, Maharashtra ranks first having largest number of trade and business establishments as also other establishments. The following statement shows a comparative picture of the number of different types of establishments and their proportion per 1000 total establishments in Andhra Pradsh and in other States and Union Territories of India.

STATEMENT II. 3

DISTRIBUTION OF TOTAL ESTABLISHMENTS BY BROAD TYPES IN STATES/UNION TERRITORIES IN INDIA

State/Union Territory		TOTAL	MANUFACTURING, PROCESSING OR SERVICING ESTABLISHMENTS			TRADE OR BUSINESS ESTABLISHMENTS			OTHER ESTABLISHMENTS		
			Regd. Factories	Un-Regd. workshops	House-hold industries	Wholesale	Retail	Others	Educational institutions	Public health institutions	Others

Registered Factories

2.5 In 1961 Census 58,182 Census houses were used as registered factories and unregistered workshops, out of which 31,950 were in rural areas and 24,232 in urban areas. At the 1971 Census, 85,050 establishments were listed as registered factories and unregistered workshops—49,281 in rural areas and 35,769 in urban areas. Thus there is an increase of 46.2% in the number of registered factories and unregistered workshops in the State during the decade 1961-71. Out of 85,050 establishments, 10,841 establishments or 1.4% of the total establishments are registered factories and 74,209 establishments or 9.7% are unregistered workshops. The following statement shows the number of establishments of different types and their distribution per 1000 total establishments in each of the districts and cities in Andhra Pradesh.

STATEMENT II. 4

DISTRIBUTION OF TOTAL ESTABLISHMENTS BY BROAD TYPES IN THE DISTRICTS AND CITIES OF ANDHRA PRADESH

State/District/City		Total	Manufacturing, Processing or Servicing Establishments			Trade or Business Establishments			Other Establishments		
			Registered Factories	Unregistered workshops	Household-Industries	Whole sale	Retail	Others	Educational institutions	Public Health institutions	Others

(a) Absolute figure
(b) Proportion per 1,000

2.6 It may be seen from the above statement that out of 10,841 registered factories in the State, Ongole (Prakasam) district has the highest number of 2,499 establishments. These establishments form 6% of the total establishments in the district and 23.1% of the total registered factories in the entire State. Guntur (1,544) and Krishna (1,102) districts occupy the second and third places respectively. The main reason for a such large number of registered factories in Ongole and Guntur districts is the large scale tobacco industry flourishing in these districts. Leaving Nizamabad district which has 1,038 registered factories making the second largest proportion (3.2% of the total establishments in the district) among the districts in the State, in all the remaining districts the number of registered factories is less than 1,000 lying in the range of 80 in Nalgonda district and 664 in West Godavari district. Of the cities in Andhra Pradesh having each a population of one lakh persons or above, Hyderabad (Municipal Corporation) for obvious reasons ranks first with 448 registered factories. They form 1.2% of the total 38,740 establishments in the city. Guntur and Vijayawada come next in order. In all other cities the number of such establishments is less than 100. But in terms of proportion of registered factories to total number of establishments, Warangal city occupies first rank with 1.9%. The second place goes to Guntur and Nizamabad cities (both having 1.4% each) while the third rank is shared by Kakinada and Machilipatnam cities (both having 1.3% each). The number of registered factories in a district/city may not by itself be an indicator either to the extent of industrialisation of the district/city or of the existence of large scale industries. A statement showing the list of registered factories in the State employing 100 or more persons as on 1-1-1969 furnished by the Chief Inspector of Factories is given in *Annexure* III at the end of this Section for ready reference of the readers.

Un-registered Workshops

2.7 Out of 74,209 unregistered workshops in the State which constitute 9.7% of the total number of establishments, Ongole (Prakasam) district has the highest number of 9,332 unregistered workshops. They form 22.3% of all the establishments in the district and 12.58% of the total 74,209 unregistered workshops in the whole State. Hyderabad district with 8,254 unregistered workshops takes the next place. Guntur district (6,166 establishments), East Godavari (5,945 establishments), Krishna (5,200 establishments) and Nizamabad (4,373 establishments) districts come next in order. Adilabad district has the lowest number of 1,306 unregistered workshops among the districts in the State. In all the other districts except Khammam (1,421 establishments), there are more than 1,500 unregistered workshops in each district. After Hyderabad city with its 7,089 unregistered workshops forming the largest proportion of 18.3% of the total number of 38,740 establishments, Vijayawada (1,366 establishments), Nizamabad (1,220 establishments) and Guntur (1,172 establishments) cities follow next in order. In all other cities the number of these establishments is below 1000 only.

Household Industry Establishments

2.8 Household industry plays an important role in the economy of Andhra Pradesh. Out of 217,128 household industrial establishments in the State which make a proportion of 28.2% of the total number of establishments, East Godavari district possesses the highest number of 19,839 establishments forming 32.2% of all the establishments in the district and 9.1% of the total number of household industrial establishments in the State. Karimnagar district with 15,880 such establishments (49.0%) takes the second place and it is closely followed by Srikakulam district with 15,174 establishments (34.0%). The districts of Visakhapatnam, Guntur, Mahbubnagar, Medak, Nizamabad, Warangal and Nalgonda have more than 10,000 household industrial establishments while the remaining districts have less than 10,000 establishments each. Khammam district has the lowest number of 4,886 establishments. Among cities, Nizamabad ranks first with 3,253 such establishments. These establishments which form 45.0% of the total establishments in Nizamabad city mostly relate to beedi manufacturing. Hyderabad city comes next with 1,361 establishments (3.5%). In the remaining cities, Eluru has the highest number of 724 establishments.

Wholesale Trade Establishments

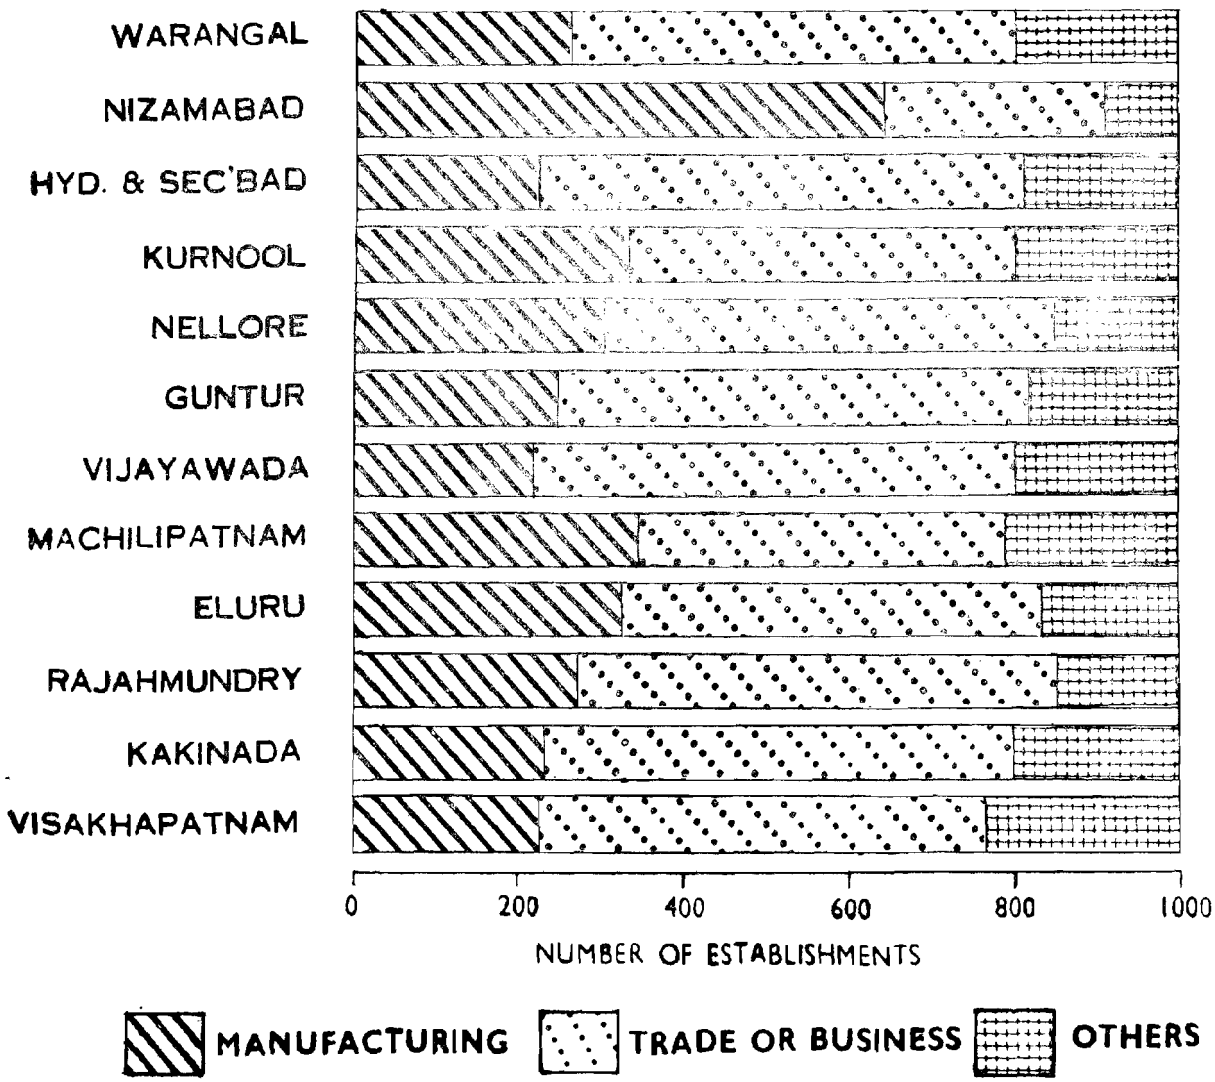

2.9 The wholesale trade establishments are not very many in this State. There are only 14,105 wholesale trade establishments forming only 1.8% of all types of establishments in Andhra Pradesh, of which 1,739 or 12.33% are in Hyderabad district. In the total number of establishments of the district, they constitute 2.9%. The districts of East Godavari, West Godavari, Krishna and Guntur have more than 1,000 wholesale trade establishments each. The districts of Visakhapatnam, Ongole, Chittoor, Cuddapah, Anantapur, Kurnool in the Andhra region and Nizamabad in the Telangana region have wholesale trade establishments numbering between 500 to 1000. In all the other districts the number is less than 500. Adilabad district has the lowest number of 168 wholesale trade establishments. Only in Hyderabad city the number of these establishments exceed 1000 (1,464 establishments) making a proportion of 3.8% of all the establishments in the city. In the remaining cities the number of establishments ranges between 89 (in Kakinada) and 789 (in Vijayawada).

Retail Trade Establishments

2.10 The retail trade establishments in the State are, however, considerably high and they number 249,724 establishments taking a share of 32.4% in the total 769,976 establishments in Andhra Pradesh. Hyderabad district, in which the State's highest seat of administration is located, has the largest number of 25,452 retail trade establishments forming 43.1% of the establishments in the district followed by East Godavari (17,021 establishments), Guntur (16,151 establishments) and Krishna (16,643 establishments) districts. In all other districts of the State, the number of retail trade establishments is less than 15,000

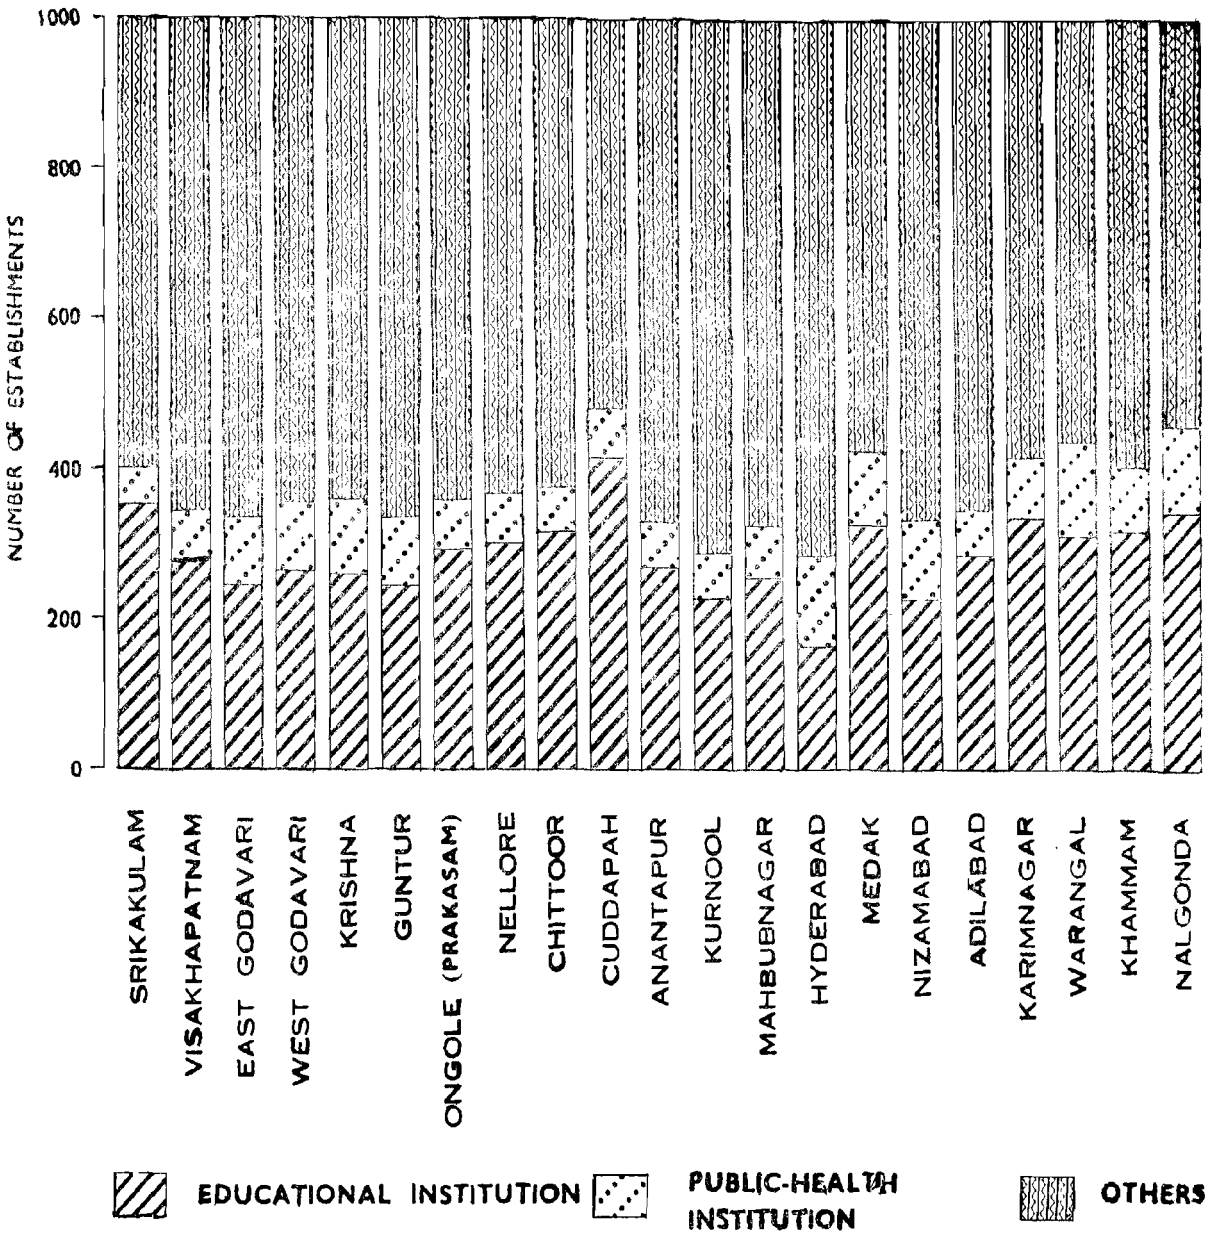

Facing page 18

DISTRIBUTION OF DIFFERENT TYPES OF ESTABLISHMENTS IN CITIES

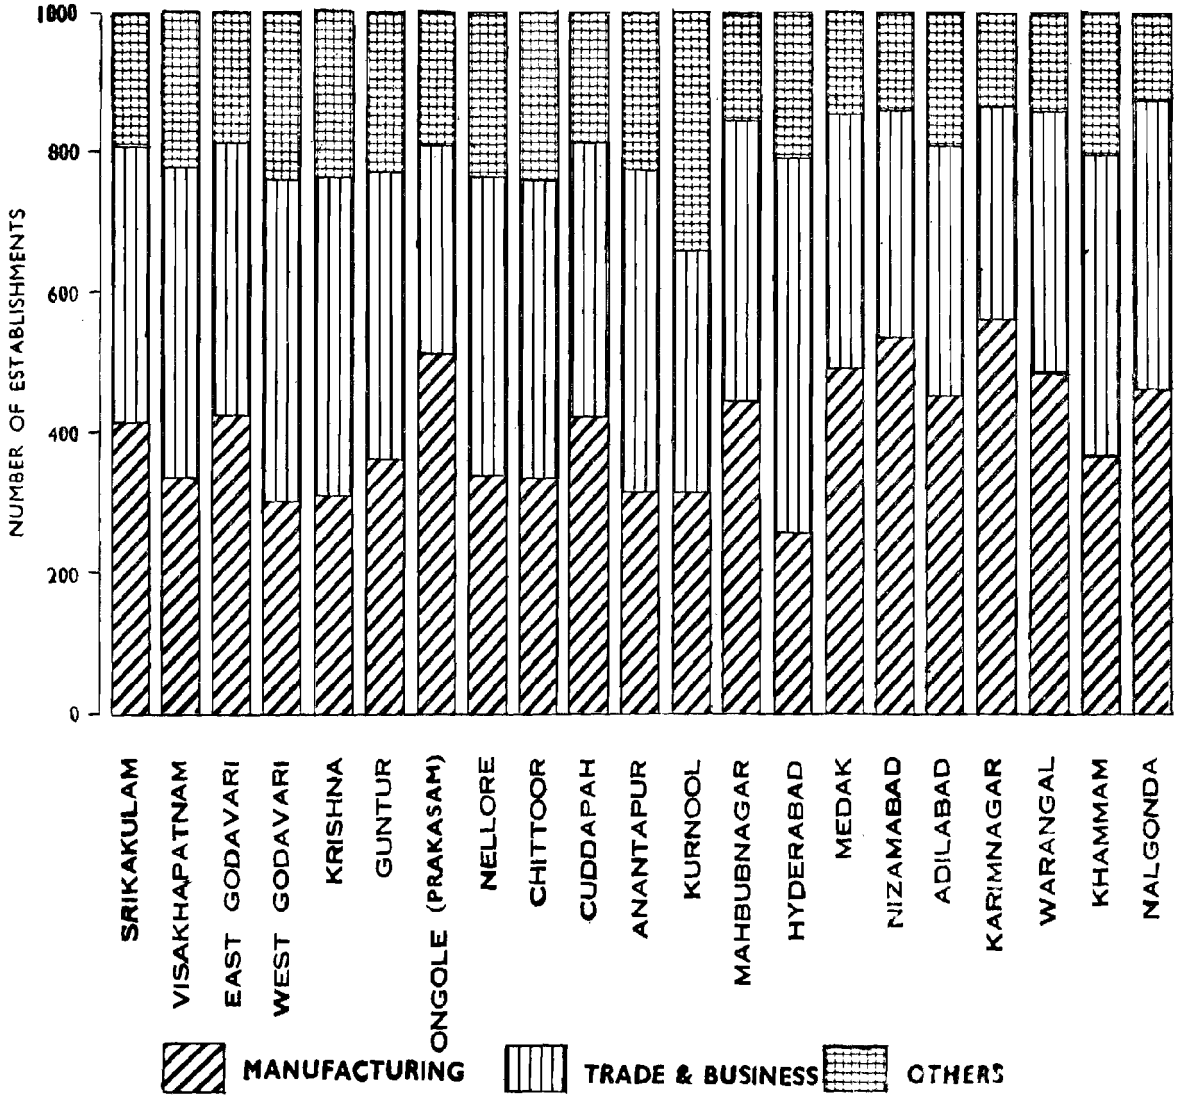

Faning Page 18(a)

DISTRIBUTION OF DIFFERENT TYPES OF OTHER ESTABLISHMENTS

DISTRIBUTION OF 1,000 ESTABLISHMENTS INTO THREE TYPES

in each. the lowest among them being recorded by Adilabad district. (5,526 establishments). Among cities, Hyderabad Municipal Corporation (17,875 establishments), Vijayawada (3,264 establishments) and Guntur (3,115 establishments) occupy the first three places. The lowest rank is occupied by Machilipatnam (Bandar) city (1,190 establishments).

Other Business Establishments

2.11 Out of 54,448 other business/trade establishments in the State which form 7.1% of all the establishments in Andhra Pradesh and generally comprise banks, insurance companies and other financial and trade institutions, East Godavari district has the highest number of 5,369 such establishments making a proportion of 8.7% of the establishments in the district closely followed by Visakhapatnam district with 4,778 establishments and Hyderabad district with 4,519 establishments. Nalgonda district has the lowest number of 1,106 establishments. Among cities, these business establishments are found in largest number in Hyderabad Municipal Corporation (3,143 establishments constituting 8.1% of all the establishments in the city). In the rest of the cities, the number of these establishments raises from 190 in Machilipatnam (Bandar) to 755 in Guntur.

Educational Institutions

2.12 There are 41,435 educational institutions in the State classified under other establishments. They make a proportion of 5.4% of all establishments in the State, of which Srikakulam district which is a fairly backward district in the field of literacy among the districts in the coastal Andhra and Rayalaseema regions, has the highest number of 3,057 educational institutions forming 6.8% of the establishments in the district. East Godavari (2,840 establishments), Chittoor (2,799 establishments) and Guntur (2,725 establishments) districts come next in order. Kurnool district of Rayalaseema region and all the districts of Telangana region including Hyderabad district have less than 2,000 educational institutions each. Nizamabad district has the lowest number of 991 educational institutions. In view of the large population as also due to the location of the State's capital, Hyderabad city has the highest number of 981 educational institutions accounting for 2.5% of all the establishments in the city whereas in other cities of the State the number oscillates between 76 (in Nizamabad) and 224 (in Guntur) only. Thus the number of establishments shown as educational institutions by itself does not give a true picture of relative position of the district/city in the field of literacy.

Public Health Institutions

2.13 Of 12,399 establishments or 1.6% of total establishments classified as public health institutions in the State, the largest number of 1,442 establishments are found in Hyderabad district making a proportion of 2.4% of the total number of establishments in the district and this is obviously due to its having the capital city of Hyderabad. Krishna (1,061 establishments), East Godavari (1,047 establishments), Guntur (1,044 establishments) districts come next in order. In all the other districts the number of establishments shown as public health institutions is less than 1000. Adilabad district has the lowest number of 245 establishments of this category. Among cities in Andhra Pradesh, Hyderabad Municipal Corporation tops the list with 1,031 public health institutions. If Hyderabad city with its highest number of 1,031 public health institutions accounting for 2.7% of all the establishments in the city is left out as an exception, the highest number of these institutions is returned by Vijayawada city (237 establishments) followed by Guntur city (184 establishments). Kurnool city possesses comparatively the lowest figure of 63 establishments.

Other Establishments

2.14 There are 95,687 establishments in the State which could not be classified under any of the aforesaid 8 types of establishments and hence classified as 'Other establishments". These establishments which form 12.4% of all the establishments in the State include Government offices, hotels, theatres, etc. Hyderabad district has the highest number of 8,594 such establishments accounting for 14.6% of the total number of establishments in the district. East Godavari (7,590 establishments), Guntur (7,349 establishments), Krishna (6,603 establishments) and West Godavari (6,026 establishments) districts come next in order. In all the other districts the number of these establishments ranges between 2,208 (in Medak district) and 5,552 (in Chittoor district). Of the cities in the State, next to Hyderabad (5,348 establishments making a proportion of 130 per 1000 total establishments in the city), a considerable number of such establishments are found in Vijayawada (1,119 establishments or 14.0% of all establishments in the city) closely followed by Visakhapatnam (953 establishments or 18.2%) and Guntur (950 establishments or 12.8%) cities. Thus Hyderabad city in view of its commanding position ranks above all the other cities in Andhra Pradesh possesing the largest number of any type of the establishments discussed above with only a lone exception in case of household industry establishments.

Government/Quasi-Government, Private and Co-operative Establishments

2.15 The pattern of ownership of establishments in Andhra Pradesh conforms to the general pattern in the country as a whole and that the private enterprise dominates. Of the total 769,976 establishments in the State, those run by private agencies which are 691,283 in number form the largest proportion of 89.8%. Government/Quasi-Government establishments number 75,227 (9.8%) only. The remaining 3,466 establishments or 0.4% of the total establishments in the State are under the co-operative sector. All the establishments owned by local bodies like municipalities, zilla parishads, panchayat samithis are included under the

category of Government/Quasi-Government establishments. The private establishments substantively predominate in all the 21 districts of the State. Government/Quasi-Government establishments take only a second place in every district and they are considerable in number when compared to co-operative establishments whose number is very small. The following statement shows the districtwise break up of the establishments in each of these three types of management *i.e.*, public, private and co-operative.

STATEMENT II-5

DISTRIBUTION OF ESTABLISHMENTS BY TYPE OF MANAGEMENT IN THE DISTRICTS OF ANDHRA PRADESH

Government/Quasi-Government Establishments

2.16 Of the 75,227 Government/Quasi-Government establishments in the State, 59,989 or 79.74% are in rural areas and the rest of 15,238 or 20.26% are in urban areas. East Godavari district has the highest number of 5,553 establishments forming 7.4% of the total Government/Quasi-Government establishments in the State and 9.0% of the total number of establishments in the district. Guntur district comes next with 5,061 establishments under public sector accounting for 10.2% of the total establishments in the district followed by Srikakulam district with 5,019 establishments (11.2%). In these two districts the number of Government/Quasi-Government establishments form almost similar proportion of 6.7% of the total number of Government/Quasi-Government establishments in the whole State. In all the other districts of coastal Andhra and Rayalaseema regions, the number of Government/Quasi-Government establishments is between 3,000 and 5,000. In Telangana districts, except in Hyderabad, in all other districts the number of Government/Quasi-Government establishments is below 3,000. In Hyerabad district, their number is 3,495 only. Except in Hyderabad district, in all the other districts the total number of Government/Quasi-Government establishments is far higher in rural areas than in urban areas. In Hyderabad district there are 1,821 Government/Quasi-Government establishments in urban areas in contrast to 1,674 establishments in its rural areas. Of the 1,821 establishments in the urban areas of Hyderabad district as many as 1,508 are located in Municipal Corporation of Hyderabad only. The rural and urban break up figures of the total 75,227 Government/Quasi-Government establishments in the State under different categories of establishments are shown in the following statement.

STATEMENT II-6

DISTRIBUTION OF GOVT./QUASI-GOVT. ESTABLISHMENTS IN THE STATE BY BROAD TYPES

Type of establishment	NUMBER OF ESTABLISHMENTS		
	Total	Rural	Urban
1	2	3	4
Total	**75,227**	**59,989**	**15,238**
(*a*) *Manufacturing, processing or servicing establishments*	450	227	223
(i) Registered factories	171	77	94
(ii) Unregistered workshops	279	150	129
(iii) Household industries	..	..	..
(*b*) *Trade or business establishments*	4,190	2,714	1,476
(i) Wholesale	130	72	58
(ii) Retail	1,079	737	342
(iii) Others	2,981	1,905	1,076
(*c*) *Other establishments*	70,587	57,048	13,539
(i) Educational institutions	34,841	31,234	3,607
(ii) Public health institutions	4,861	3,863	998
(iii) Others establishments	30,885	21,951	8,934

2.17 It may be seen from the above statement that educational institutions, public health institutions and other miscellaneous institutions which make a total of 70,587 establishments form the bulk of the Government/Quasi-Government establishments in the State constituting a proportion of 93.83%. This phenomenon is due to the fact that most of the primary schools

and a number of middle and high schools and medical institutions like primary health centres, maternity and child-welfare centres, local fund dispensaries located in rural and urban areas in the State are all either Government or local body establishments. These types of establishments are, therefore, considerably large in every district in the State.

2.18 Among the manufacturing, processing or servicing establishments and also among trade or business establishments, the proportion of Government/Quasi-Government establishments is not significant. Further, all the household industry establishments in the State which come under the former category are in private sector only.

Private Establishment

2.19 There are 691,283 private establishments in the State, of which 454,762 or 65.79% are in rural areas and the remaining 236,521 or 34.21% of the establishments are in urban areas. In all the districts the private establishments form the largest proportion. East Godavari district possesses the largest number of 55,691 private establishments forming 90.4% of the total establishments in the district. Hyderabad district closely follows it with 55,449 such establishments (93.9%). Retail trade establishments form the highest proportion (35.79%) of the private establishments. The whole of 217,128 household industrial establishments in the State forming 31.41% are in private sector; unregistered workshops (10.65%); others categorised under other establishments (9.26%); and other business establishments (7.34%) come next in order. Leaving Srikakulam, East Godavari, Mahbubnagar, Medak, Nizamabad, Adilabad, Karimnagar, Warangal and Nalgonda, in all other districts of the State the retail trade establishments form the highest proportion of total private establishments in them. In rural areas, however, the household industrial establishments form the highest proportion (38.38%) of private establishments. Among the establishments falling under the category of educational institutions (41,435 establishments), those relating to private sector are very small in number (6,594 establishments) compared to those in Government/Quasi-Government sector (34,841 establishments). Similar position is seen in all the districts of the State. Among the public health institutions, however, those relating to private sector are more than those in Government/Quasi-Government sector and this is due to the existence of a large number of private dispensaries. In all the districts in the State except Nellore, Anantapur and Medak the pattern conforms to that of the State as a whole. In the aforesaid three districts the public health institutions are more in number in Government/Quasi-Government sector than in private sector. Among the other establishments (*i.e.*, miscellaneous establishments) also, those in private sector are more than double the establishments in the Government sector. In all the Coastal Andhra and Rayalaseema districts except Cuddapah the number of other establishments in private sector is more than double that of the establishments in public sector. Among the Telangana districts such position is observed only in Mahbubnagar and Hyderabad districts. However, in all the districts of the State the number of other establishments is more in private sector than in public sector. The following statement gives the rural and urban break up of the private establishments in the State under various categories.

STATEMENT II-7

DISTRIBUTION OF PRIVATE ESTABLISHMENTS IN ANDHRA PRADESH BY BROAD TYPES

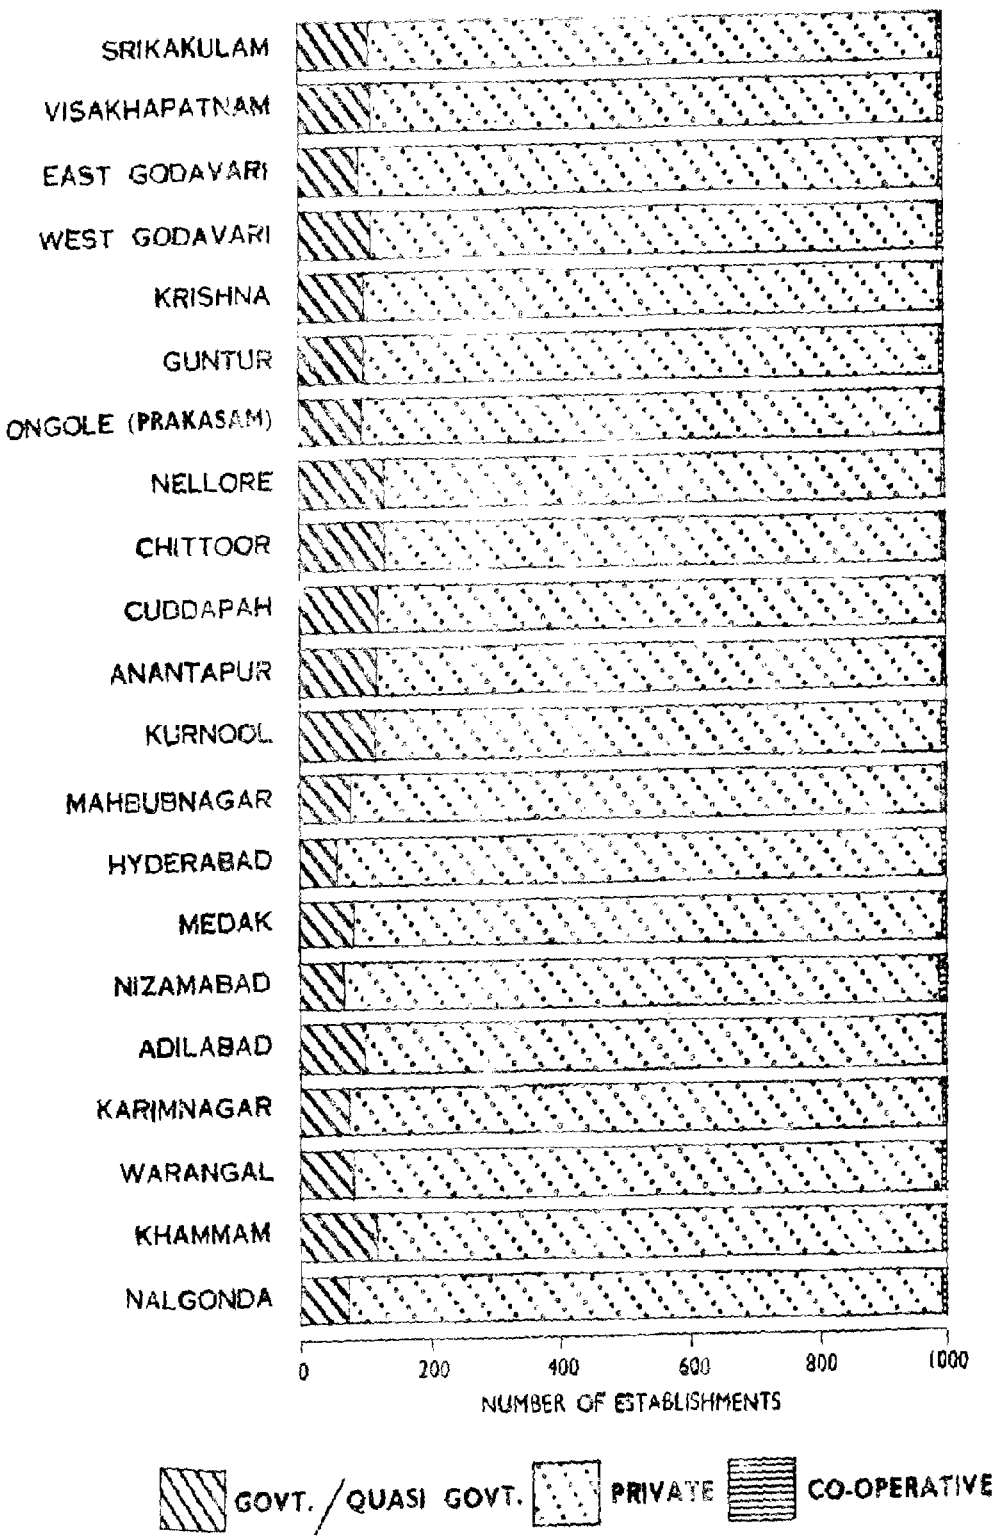

Type of establishment	NUMBER OF ESTABLISHMENTS		
	Total	Rural	Urban
1	2	3	4
Total	**691,283**	**454,762**	**236,521**
(*a*) *Manufacturing, processing or servicing establishments*	301,282	223,303	77,979
(i) Registered factories	10,548	7,808	2,740
(ii) Unregistered workshops	73,606	40,950	32,656
(iii) Household industries	217,128	174,545	42,583
(*b*) *Trade or business establishments*	311,884	184,659	127,225
(i) Wholesale trade establishments	13,692	3,136	10,556
(ii) Retail trade establishments	247,428	151,713	95,715
(iii) Others	50,764	29,810	20,954
(*c*) *Other establishments*	78,117	46,800	31,317
(i) Educational institutions	6,594	3,591	3,003
(ii) Public health institutions	7,538	3,360	4,178
(iii) Others	63,985	39,849	24,136

2.20 The above statement shows that except in regard to wholesale trade establishments and public health institutions, the number of all other private establishments is more in rural areas than in urban areas of the State.

Co-operative Establishments

2.21 There are in all 3,466 establishments in co-operative sector in Andhra Pradesh State forming a very small proportion of 0.4% of the total number of establishments in the State, of which 2,308 are in rural areas and 1,158 in urban areas. Co-operative stores and co-operative banks and other types of co-operative societies form the bulk of the co-operative institutions. Among the districts in the State, East Godavari has the highest number of 363 establishments under co-operative sector forming 10.47% of the total number of such establishments in the State and it is followed by Krishna (271 establishments), Nizamabad (248 establishments), and West Godavari (233 establishments) districts. The smallest number of such establishments is recorded by Adilabad district (77). The following statement reveals the rural and urban break up of the

Facing page 22

co-operative establishments in the State under various categories.

STATEMENT II. 8

DISTRIBUTION OF CO-OPERATIVE ESTABLISHMENTS IN ANDHRA PRADESH BY BROAD TYPES

Type of establishments	NUMBER OF ESTABLISHMENTS		
	Total	Rural	Urban
1	2	3	4
Total	3,466	2,308	1,158
(*a*) *Manufacturing, processing or servicing establishments*	446	296	150
(i) Registered factories	122	64	58
(ii) Unregistered workshops	324	232	92
(iii) Household industries	..	..	..
(*b*) *Trade or business establishments*	2,203	1,392	811
(i) Wholesale	283	200	83
(ii) Retail	1,217	723	494
(iii) Others	703	469	234
(*c*) *Other establishments*	817	620	197
(i) Educational institutions	..	..	..
(ii) Public health institutions	..	..	..
(iii) Others	817	620	197

2.22 It may be seen from the above statement that 1,217 establishments or 35.11% of the total co-operative establishments in the State conduct retail trade. In all the categories of co-operative establishments, the rural areas dominate having larger number of establishments than urban areas.

2.23 If the establishments under the aforesaid three types of management are considered with reference to the proportions to the total number of establishments in each district, a different picture emerges. The following statement provides the distribution per 1000 total establishments in Government/Quasi-Government, private and co-operative sectors in the districts of Andhra Pradesh.

STATEMENT II. 9

DISTRIBUTION OF ESTABLISHMENTS ACCORDING TO THE TYPE OF MANAGEMENT

State/District	NUMBER OF ESTABLISHMENTS			
	Total	Government/ Quasi-Government	Private	Co-operative
1	2	3	4	5
Andhra Pradesh	**1,000**	**98**	**898**	**4**
Srikakulam	1,000	112	883	5
Visakhapatnam	1,000	108	887	5
East Godavari	1,000	90	904	6
West Godavari	1,000	111	883	6
Krishna	1,000	105	889	6
Guntur	1,000	102	894	4
Ongole (Prakasam)	1,000	97	901	2
Nellore	1,000	131	865	4
Chittoor	1,000	128	867	5
Cuddapah	1,000	119	877	4
Anantapur	1,000	117	879	4
Kurnool	1,000	113	883	4
Mahbubnagar	1,000	78	918	4
Hyderabad	1,000	59	939	2
Medak	1,000	84	911	5
Nizamabad	1,000	69	923	8
Adilabad	1,000	101	895	4
Karimnagar	1,000	80	915	5
Warangal	1,000	86	910	4
Khammam	1,000	117	876	7
Nalgonda	1,000	78	919	3

2.24 A cursory glance of the above statement reveals that Nellore district has the highest proportion of 131 establishments per 1000 total establishments under Government/Quasi-Government sector while the lowest rank goes to Hyderabad district (59 per 1000 total establishments). But in terms of absolute number of such establishments, East Godavari district ranks first among the districts. Similarly in the case of private establishments, East Godavari district loses the first place secured in terms of absolute number in favour of Hyderabad district which returned the largest proportion of 939 per 1000 total establishments in the district. Nizamabad district occupies first place among the districts in the State with 8 establishments in co-operative sector per 1000 total establishments in the district. In terms of actual number, Nizamabad district with 248 establishments occupies the third place only, the first two places being taken away by East Godavari (363 establishments) and Krishna (271 establishments) districts respectively. The lowest proportion of 2 per 1000 total establishments is returned by Hyderabad and Ongole districts with actual number of 109 and 80 establishments respectively in co-operative sector.

2.25 The distribution of establishments among cities in the State conforms to the State's pattern only and the private establishments dominate. The following statement shows the actual number and distribution per 1000 total establishments in Government/Quasi-Government, private and co-operative sectors among the cities in the State.

STATEMENT II. 10

DISTRIBUTION OF ESTABLISHMENTS IN CITIES IN ANDHRA PRADESH BY TYPE OF MANAGEMENT

City		NUMBER OF ESTABLISHMENTS			
		Total	Government/ Quasi-Government	Private	Co-operative
1		2	3	4	5
Visakhapatnam	(a)	5,239	336	4,873	30
	(b)	1,000	64	930	6
Kakinada	(a)	3,936	244	3,665	27
	(b)	1,000	62	931	7
Rajahmundry	(a)	3,974	158	3,798	18
	(b)	1,000	40	956	4
Eluru	(a)	4,021	213	3,796	12
	(b)	1,000	53	944	3
Machilipatnam (Bandar)	(a)	3,393	179	3,168	46
	(b)	1,000	53	934	13
Vijayawada	(a)	8,007	356	7,633	18
	(b)	1,000	45	953	2
Guntur	(a)	7,447	348	7,085	14
	(b)	1,000	47	951	2
Nellore	(a)	5,322	243	5,056	23
	(b)	1,000	46	950	4
Kurnool	(a)	3,498	212	3,279	7
	(b)	1,000	61	937	2
Municipal Corporation of Hyderabad	(a)	38,740	1,508	37,187	45
	(b)	1,000	39	960	1
Nizamabad	(a)	7,229	190	7,030	9
	(b)	1,000	26	973	1
Warangal	(a)	4,380	315	4,038	27
	(b)	1,000	72	922	6

(a) absolute; (b) proportion.

2.26 It may be seen from the above statement that among the cities, Hyderabad has the highest number of 38,740 establishments. In Vijayawada, Guntur, Nizamabad, Visakhapatnam and Nellore cities the number of establishments ranges between 5,239 (Visakhapatnam) and 8,007 (Vijayawada). The remaining 6 cities have less than 5,000 establishments each.

2.27 The highest number of public sector (Government/Quasi-Government) establishments among the cities in Andhra Pradesh is found in Hyderabad (1,508 establishments). These establishments form 3.9% of the total number of establishments in the city. Vijayawada with 356 such establishments takes the second rank. Guntur, Visakhapatnam and Warangal cities come next in order. But in terms of proportion of these establishments to total number of establishments, Warangal city though having 315 establishments under public sector ranks first with a proportion of 72 per 1000 total establishments and the second place goes to Visakhapatnam city (64 per 1000).

2.28 In the private sector also Hyderabad takes the first place with the biggest number of 37,187 establishments of this type constituting a bulk proportion of 96.0% of total number of establishments in the city and Vijyawada (7,633 establishments) takes the second rank with a proportion of 95.3% of the establishments in the private sector. Guntur (7,085 establishments) and Nizamabad (7,030 establishments) come next in order. Nizamabad (97.3%) and Hyderabad (96.0%) cities occupy the first and second ranks if their proportions per 1000 total establishments are considered.

2.29 In the co-operative sector, Machilipatnam has the highest number (46 establishments) as well as highest proportion of establishments (13 per 1000). This is obviously because of the large number of handloom weaving establishments existing in this city. Hyderabad (45 establishments), Visakhapatnam (30 establishments), Kakinada (27 establishments) and Warangal (27 establishments) come next in order in terms of absolute number of establishments under this category. With a proportion of 7 per 1000 establishments, Kakinada occupies the second rank after Machilipatnam city. Hyderabad and Nizamabad cities take the lowest rank with 1 per 1000 establishments each.

Manufacturing, processing or servicing establishments

2.30 There are 302,178 manufacturing, processing and repairing establishments in the State, of which 10,841 fall under the category of registered factories: 74,209 fall under the category of unregistered workshops; and 217,128 are establishments of household industries. Out of 302,178 manufacturing establishments, 223,826 establishments or 74.1% of the total establishments are in rural areas and 78,352 or 25.9% establishments are in urban areas. The following statement gives the districtwise break up figures of the manufacturing, processing or servicing establishments in rural and urban areas separately under the aforesaid three sub-groups.

STATEMENT II-11

NUMBER OF MANUFACTURING, PROCESSING OR SERVICING ESTABLISHMENTS IN THE DISTRICTS OF ANDHRA PRADESH

State/District	TRU	Total	Registered Factories	Unregistered workshops	Household Industries
1	2	3	4	5	6

	R	16,075	359	1,315	14,401
	U	2,166	158	529	1,479
Warangal	T	14,423	135	2,483	11,805
	R	12,917	45	1,693	11,179
	U	1,506	90	790	626
Khammam	T	6,782	475	1,421	4,886
	R	5,758	437	918	4,403
	U	1,024	38	503	483
Nalgonda	T	15,828	80	1,899	13,849
	R	15,163	36	1,551	13,576
	U	665	44	348	273

2.31 We may observe from the above statement that in all the districts the number of establishments relating to household industry constitutes a very high proportion of the total manufacturing, processing, servicing and repairing establishments. This predominance is more pronounced in rural areas than in urban areas. In the urban areas of Krishna, Hyderabad, Warangal, Khammam and Nalgonda districts, however, the unregistered workshops predominate. The following statement shows the distribution of 1000 manufacturing establishments in each district categorised as registered factories, unregistered workshops and household industry.

STATEMENT II.12

DISTRIBUTION OF MANUFACTURING, PROCESSING OR SERVICING ESTABLISHMENTS IN THE DISTRICTS OF ANDHRA PRADESH

State/District	Total	Registered factories	Unregistered workshops	Household industries
1	2	3	4	5
Andhra Pradesh	**1,000**	**36**	**246**	**718**
Srikakulam	1,000	8	178	814
Visakhapatnam	1,000	16	212	772
East Godavari	1,000	15	227	758
West Godavari	1,000	57	245	698
Krishna	1 000	82	387	531
Guntur	1,000	86	346	568
Ongole (Prakasam)	1,000	118	439	443
Nellore	1,000	32	244	724
Chittoor	1,000	12	252	736
Cuddapah	1,000	10	169	821
Anantapur	1 000	14	207	779
Kurnool	1.000	19	232	749
Mahbubnagar	1,000	9	152	839
Hyderabad	1,000	41	539	420
Medak	1,000	11	203	786
Nizamabad	1,000	1	259	680
Adilabad	1,000	24	142	834
Karimnagar	1,000	28	101	871
Warangal	1,000	9	172	818
Khammam	1,000	70	210	720
Nalgonda	1,000	5	120	875

2.32 We may notice from the above statement that Ongole district ranks first among the districts in Andhra Pradesh in having largest proportion of registered factories (118 per 1000) followed by Guntur district (86 per 1000). The predominance is obviously due to flourishing tobacco industries located in these two districts. The lowest proportion of 5 per 1000 is found in Nalgonda district. The proportion of unregistered workshops is the highest in Hyderabad district (539 per 1000). Ongole (439 per 1000) and Krishna (387 per 1000) districts follow next in order. The household industry establishments are in preponderant proportion in Nalgonda district (875 per 1000) followed by Karimnagar (871 per 1000) and Mahbubnagar (839 per 1000) districts. The lowest proportion of household industry establishments is returned by Hyderabad district (420 per 1000).

2.33 The following statement shows the distribution of the manufacturing, processing, servicing and repairing establishments among the cities in the State.

STATEMENT II. 13

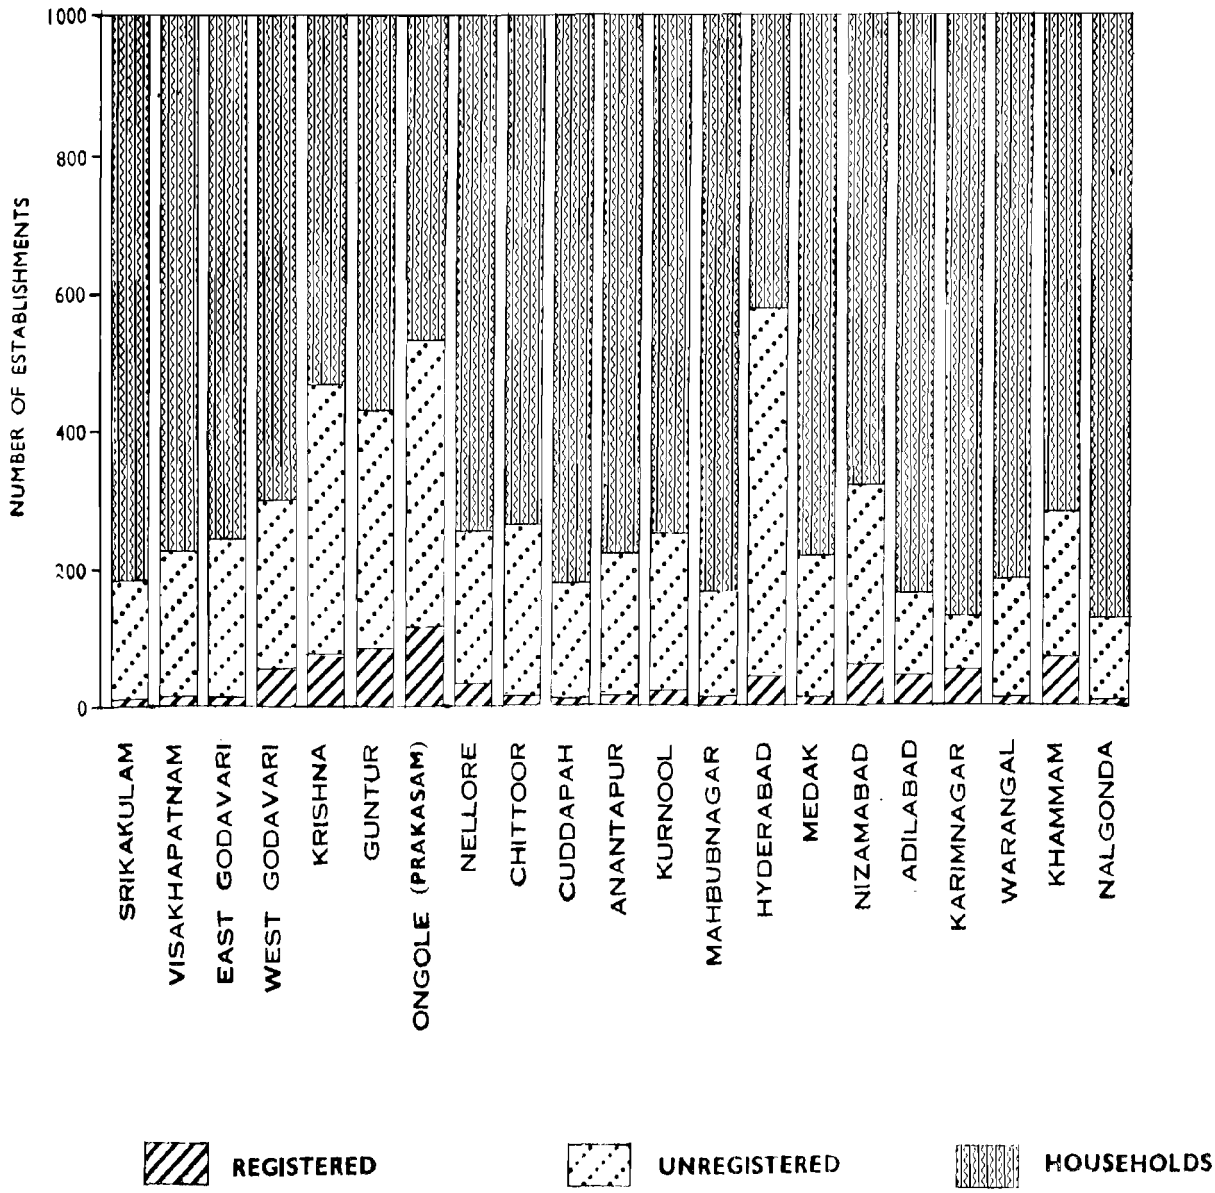

DISTRIBUTION OF MANUFACTURING, PROCESSING OR SERVICING ESTABLISHMENTS IN CITIES OF ANDHRA PRADESH

City		Total	Registered factories	Unregistered workshops	Household industries
1		2	3	4	5
Visakhapatnam	(a)	1,136	43	533	560
	(b)	1,000	38	469	493
Kakinada	(a)	879	50	599	230
	(b)	1,000	57	681	262
Rajahmundry	(a)	1,057	45	447	565
	(b)	1,000	43	423	534
Eluru	(a)	1,287	50	513	724
	(b)	1,000	39	398	563
Machilipatnam (Bandar)	(a)	1,157	43	609	505
	(b)	1,000	37	526	437
Vijayawada	(a)	1,706	103	1,366	237
	(b)	1,000	60	801	139
Guntur	(a)	1,791	107	1,172	512
	(b)	1,000	60	654	286
Nellore	(a)	1,605	43	871	691
	(b)	1,000	27	543	430
Kurnool	(a)	1,152	37	416	699
	(b)	1.000	32	361	607
Municipal Corporation of Hyderabad	(a)	8,898	448	7,089	1,361
	(b)	1,000	50	797	153
Nizamabad	(a)	4,571	98	1,220	3,253
	(b)	1,000	21	267	712
Warangal	(a)	1,138	82	573	483
	(b)	1,000	72	504	424

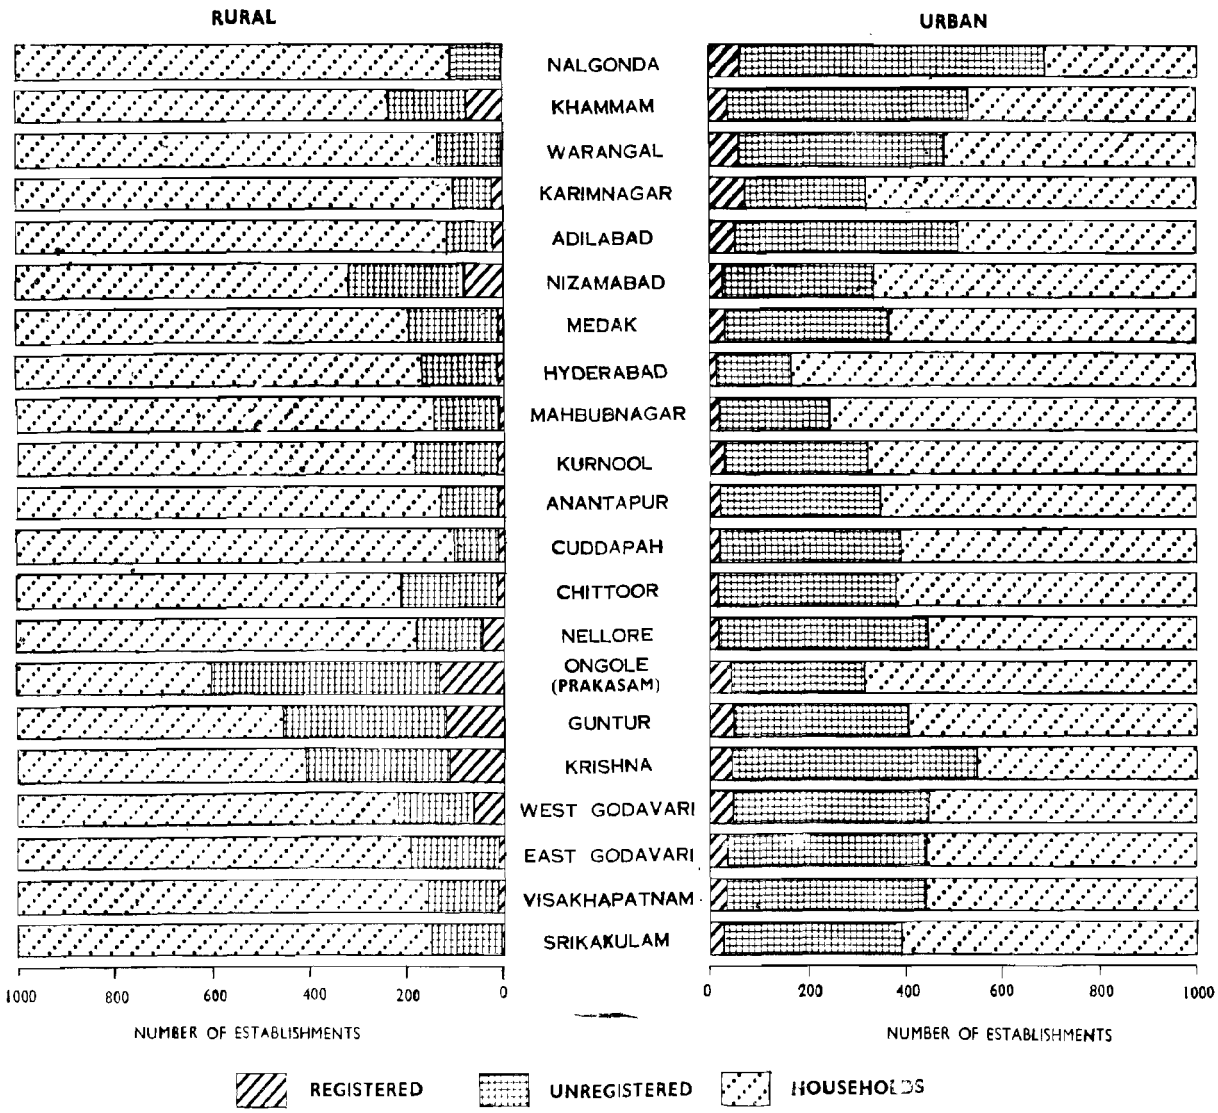

(a) absolute; (b) proportion per 1,000

2.34 It may be seen from the above statement that Hyderabad city, for obvious reason is having the largest number of manufacturing, processing, servicing and repair establishments. The unregistered workshops generally form the major proportion of manufacturing establishments in all cities except in Visakhapatnam, Rajahmundry, Eluru, Kurnool and Nizamabad cities. In these five cities, household industry is predominant. Of the 12 cities in the State, Nizamabad has the largest number of household industry establishments (3,253 establishments) accounting for

DISTRIBUTION OF MANUFACTURING ESTABLISHMENTS

DISTRIBUTION OF MANUFACTURING ESTABLISHMENTS IN RURAL AND URBAN AREAS

71.2% of the total manufacturing establishments in the city followed by Hyderabad (1,361 establishments) where these establishments make a very meagre proportion of 15.3% in the total number of manufacturing establishments. The existence of several beedi rolling establishments in Nizamabad city is responsible for the preponderance of household industry establishments in it.

Registered Factories

2.35 There are 10,841 establishments constituting 3.6% of the total manufacturing establishments falling under the category of registered factories in the State, out of which 7,949 or 73.32% are in rural areas against 2,892 or 26.68% are in urban areas. The number of registered factories is more in the rural areas of all the districts except in Srikakulam, Anantapur, Kurnool, Hyderabad, Warangal and Nalgonda where their number is higher in the urban areas, than in the rural areas. Among the districts the highest number of registered factories is returned in Ongole (Prakasam) district (2,499 establishments). These establishments constitute 23.1% of the total registered factories in the State and 11.8% of the total manufacturing establishments in the district. Guntur (1,544 establishments), Krishna (1,102 establishments) and Nizamabad (1,038 establishments) districts have taken the next three places. The existence of large number of tobacco processing establishments and units manufacturing beverages in Ongole (Prakasam), Guntur and Krishna districts is instrumental for such a high number of registered factories in these three districts. In Nizamabad district the large number of beedi manufacturing establishments and the units manufacturing food products contributed to the high number of registered factories. Rice milling establishments covered under Major Group 20-21 and establishments manufacturing cotton textiles (Major Group 23) form the next important categories of establishments under registered factories in this State. The following statement shows the distribution of registered factories in the State as per the National Industrial Classification, 1970.

2.37. The above statement at a glance reveals that the establishments classified under Major Group 22—Manufacture of beverages, tobacco and tobacco products account for the highest number of 7,225 establishments forming a proportion of 66.6% of the total registered factories in Andhra Pradesh. Among districts in the State, Ongole has the highest number of 2,401 establishments constituting 33.2% of the total number of registered establishments manufacturing beverages etc. (Major Group 22) in the State and 96.1% of the registered factories in the district. Guntur (1,258 establishments), Nizamabad (921 establishments), Krishna (764 establishments), Khammam (429 establishments), Karimnagar (408 establishments) and West Godavari (367 establishments) follow next in order. In all other districts the number of these registered establishments ranges between 4 in Visakhapatnam district and 175 in Adilabad district. Srikakulam has not even a single establishment of this type. After Major Group 22, the establishments covered under Major Group 20-21—manufacture of food products take the second place in the State with 1666 establishments. Of them the largest number of 210 establishments is returned by West Godavari district forming 12.6% of the total establishments engaged in manufacture of food products in the whole State. The large number of these establishments in West Godavari district is supported by the fact that as high a percentage as 62.49 of the total geographical area of the district has been utilised for raising food crops only during 1970-71. Krishna (171 establishments), East Godavari (160 establishments), Guntur (143 establishments) and Srikakulam (110 establishments) districts follow next in order. In all other districts the number of such establishments is less than 100 only, the lowest among them being returned by Adilabad district (17 establishments). In case of manufacturing of cotton textiles (major Group 23), Karimnagar (77 establishments), Kurnool (53 establishments) and Guntur (41 establishments) districts have considerable number of establishments. Out of 354 such establishments in the whole State. In all other districts their number is less than 25 while Khammam district does not have any such establishment. The number of establishments in other categories of registered factories oscillates between 21 under Major Group 25—manufacture of jute, hemp, mesta textiles and 280 under Major Group-32-manufacture of non-metallic mineral products. Of the registered establishments manufacturing non-metallic mineral products (Major Group 32) and metal products etc. (Major Group 34) which are to some extent in considerable number. Nellore (49 establishments) and Hyderabad (65 establishments) districts have returned the highest number of establishments respectively among the districts in the State.

2.38. The following statement sets out the distribution of registered factories as per National Standard Industrial Classification in the cities of Andhra Pradesh.

STATEMENT II.16

2.39. We may observe from the above statement that Hyderabad Municipal Corporation has the largest number of 448 registered factories, of them Major Group 20-21 (Manufacture of food products) and Major Group 28 (Manufacture of paper and paper products etc) cover 61 establishments each; 55 establishments in this city manufacture chemicals and chemical products (Major Group 31). Next to Hyderabad, Guntur city has the large number of 107 registered establishments, 75 of these establishments manufacture beverages, tobacco and tobacco products (Major Group 22). In Vijayawada city the number of establishments is considerable under Major groups 20-21 (18 establishments), 34 (17 establishments), 35 (15 establishments) and 28 (13 establishments). In all other cities the total number of registered factories is less than 100 only, the lowest among them being Kurnool with 37 establishments. We may further observe that no city of Andhra Pradesh possesses the establishments manufacturing wool, silk and synthetic fibre textile products (Major Group 24). Hyderabad city obviously ranks first among the cities having highest number of registered factories in all types of establishments except those covered under Major Groups 22, 25 and 29. Guntur city in case of manufacture of beverages, tobacco and tobacco products (Major Group 22) and Eluru city in manufacturing jute, hemp and mesta textiles (Major Group 25) and leather, leather and fur products (Major Group 29) have larger number of establishments than other cities. Further, certain type of establishments are located in only one or two cities as is seen from the above table that the establishments covered under Major Group 36-manufacture of electrical machinery, machine tools and parts except electrical machinery are functioning only in Hyderabad (23 establishments) and Rajahmundry (1 establishment) and Major Group 37-manufacture of transport equipment and parts only in the cities of Hyderabad (10 establishments), Visakhapatnam (2 establishments) and Kakinada (1 establishment).

Unregistered Workshops

2.40. There are 74,209 unregistered workshops in the State forming a proportion of 24.6% of the total manufacturing establishments in Andhra Pradesh. Of them, 41,332 are in rural areas and 32,877 are in urban areas. Thus the proportion of the unregistered workshops in rural areas is quite significant (55.70%) and they constitute 18.47% of the total manufacturing establishments in the rural areas of the State. Among the districts, the largest number of 9,332 unregistered workshops is recorded in Ongole (Prakasam) district. They account for 43.9% of the total manufacturing establishments in this district. Hyderabad district with 8,254 such establishments (53.9%) comes next in the order. The number of unregistered workshops is more than 5,000 in the districts of East Godavari, Krishna and Guntur. In the Telangana region, next to Hyderabad, Nizamabad district possesses the largest number with 4,373 unregistered workshops (25.9%). Except in the districts of Visakhapatnam, West Godavari, Krishna, Nellore, Cuddapah, Anantapur, Kurnool and Hyderabad, in all other districts of the State, the number of unregistered workshops is more in rural areas than in urban areas. Establishments relating to the manufacture of food products (Major Group 20-21); beverages, tobacco and tobacco products (Major Group 22); textile products; cotton textiles; wood, wood products; paper products; non-metallic mineral products; metal products parts; and those attend to repairing etc. and establishments manufacturing other products are some of the important categories of unregistered workshops in the State. The following statement shows the number of unregistered workshops categorised under different groups as per the National Standard Industrial Classification, 1970.

STATEMENT II.17

DISTRIBUTION OF UNREGISTERED WORKSHOPS IN ANDHRA PRADESH AS PER N.I.C.

Division/Major Group of N.I.C.			UNREGISTERED WORKSHOPS		
			Total	Rural	Urban
1			2	3	4
Division 2&3		**Manufacturing and repair**	**74,209**	**41,332**	**32,877**
Major Group	20—21	Manufacture of food products	18,262	13,074	5,188
,,	22	Manufacture of beverages, tobacco and tobacco products	16,751	14,586	2,165
,,	23	Manufacture of cotton textiles	3,148	1,977	1,171
,,	24	Manufacture of wool, silk and synthetic fibre textiles	181	133	48
,,	25	Manufacture of jute, hemp and mesta textiles	97	49	48
,,	26	Manufacture of textiles products (including wearing apparel other than footwear)	5,853	1,196	4,657
,,	27	Manufacture of wood and wood products, furniture, & fixtures	6,223	3,936	2,287
,,	28	Manufacture of paper and paper products and printing, publishing and allied industries	1,519	62	1,457

		1	2	3	4
Major Group	29	Manufacture of leather, leather and fur products (except repair)	859	386	473
,,	30	Manufacture of rubber, plastic, petroleum and coal products	427	13	414
,,	31	Manutacture of chemicals and chemical products (except products of petroleum and coal)	520	144	376
,,	32	Manufacture of non-metallic mineral products	1,013	547	466
,,	33	Basic metal and alloys industries	79	5	74
,,	34	Manufacture of metal products and parts except machinery and transport equipment	3,996	1,659	2,337
,,	35	Manufacture of machinery and machine tools and parts except electrical machinery	776	128	648
,,	36	Manufacture of electrical machinery, apparatus, appliances and supplies and parts	65	7	58
,,	37	Manufacture of transport equipment and parts	318	143	175
,,	38	Other manufacturing industries	4,194	1,245	2,949
,,	39	Repairs	9,928	2,042	7,886

2.41. It may be seen from the above statement that among the unregistered workshops, establishments relating to manufacture of food products (Major Group 20-21), beverages, tobacco and tobacco products (Major Group 22) take the first two places. Next come in order the establishments relating to repairs (Major Group 39), wood and wooden products (Major Group 27), textile products (Major Group 26), other manufacturing industries (Major Group 38) and manufacture of metal products (Major Group 34). In case of establishments covered under Major Group 20-21, 22, 23, 24, 25, 27 and their number in rural areas is found higher than in urban areas. The following statement shows the distribution of unregistered workshops in the State, major groupwise and districtwise and their proportion in 1000 establishments.

2.42. It may be observed from the above statement that among the largest number of 18,262 establishments under Major Group 20-21, Hyderabad district has 1,723 establishments forming a proportion of 9.4%. East Godavari (1,543 establishments) and Srikakulam (1,071 establishments) districts follow next in order. Among the 16,751 establishments manufacturing beverages, tobacco and tobacco products (Major Group 22) in the State as many as 8,062 establishments are located in Ongole district constituting a proportion of 48.1% and 86.4% of the total number of unregistered workshops in the district. Guntur district follows it with 2,501 establishments. In the order of number of establishments third place goes to the group of establishments engaged in repairs (Major Group 39). They are 9,928 in number forming 13.38% of the total number of unregistered workshops in the State. Hyderabad district has largest number of 1,681 such establishments followed by East Godavari (1,277 establishments) and Krishna (956 establishments) districts. Srikakulam district has the largest number of 629 unregistered workshops manufacturing wood and wood products out of 6,223 such establishments in the whole State. Hyderabad (458 establishments) and East Godavari (436 establishments) come next in order. The establishments manufacturing textile products (Major Group 26) which are 5,853 in number in Andhra Pradesh are found in largest number in Hyderabad (1,785 establishments) among the districts in the State, followed by Krishna district with 457 establishments. The manufacture of jute, hemp and mesta textiles (Major Group 25) is worthmentioning in only three districts of the State viz., Srikakulam (35 establishments), Warangal (22 establishments) and Guntur (12 establishments). Wool, silk, synthetic fibre textiles (Major Group 24) are manufactured in good number of establishments in Anantapur (49 establishments), Mahbubnagar (41 establishments), Nizamabad (19 establishments) and Nalgonda (15 establishments) districts. Non-metallic mineral products are manufactured in largest number 124 unregistered workshops in Nellore district followed by Hyderabad in 113 such establishments. Hyderabad district in view of its prestigious position, occupied first rank among the districts in the State with largest number of establishments covered under Major Groups 20-21, 26, 28, 29, 30, 31, 34, 35, 36, 37, 38, 39 of National Standard Industrial Classification.

2.43. Let us observe the position of unregistered workshops prevailing in the cities of Andhra Pradesh. The following statement provides the required data.

STATEMENT II. 19

DISTRIBUTION OF UNREGISTERED WORKSHOPS IN THE CITIES OF ANDHRA PRADESH

Division/Major Group of N.I.C.	Visakhapatnam	Kakinada	Rajahmundry	Eluru	Machilipatnam (Bandar)	Vijayawada	Guntur	Nellore	Kurnool	Municipal corporation of Hyderabad	Nizamabad	Warangal

38	31	50	42	36	106	103	97	142	22	595	61	60
39	212	183	116	135	132	390	407	282	71	1,572	136	116

2.44. As seen from the above statement, Hyderabad city has the largest number of 7,089 unregistered workshops and obviously it ranks first among cities in Andhra Pradesh in respect of number of establishments covered under different Major Groups of National Standard Industrial Classification except only in case of Major Groups 22 and 25 wherein Nellore and Guntur cities have occupied respectively the first ranks. In Hyderabad city the establishments manufacturing textile products (Major Group 26) among the unregistered workshops form the largest number (1,717 establishments) accounting for a proportion of 24.2%. The repair establishments (1,572) and those manufacturing food products (981 establishments) take the second and third places. In the cities of Visakapatnam, Kakinada, Rajahmundry, Eluru, Machilipatnam, Vijayawada, Guntur and Nellore, the repair establishments form the bulk of the total number of unregistered workshops in them. Establishments manufacturing food products (Major Group 20-21), beverages, tobacco and tobacco products (Major Group 22) and textile products (Major Group 26) are in dominant numbers

in Kurnool, Nizamabad and Warangal cities respectively.

Household Industry Establishments

2.45. There are 217,128 establishments in the State relating to household industry constituting 71.8% of the total manufacturing establishments in Andhra Pradesh. Of them, 174,545 establishments or 80.39% are in rural areas and 42,583 establishments or 19.61% are in urban areas. The largest number of 19,839 establishments relating to household industry is recorded in East Godavari district forming a proportion of 75.8% of the manufacturing establishments in the district and 9.1% of the total household industry establishments in the entire State while the smallest number of 4,886 establishments (72.0%) is recorded in Khammam district. Karimnagar district has recorded the second largest number of 15,880 household industry establishments. They form 87.1% of the total manufacturing establishments in the district. In the districts of Srikakulam, Visakhapatnam, Guntur, Mahbubnagar, Medak, Nizamabad, Warangal and Nalgonda, the number of household industry establishments range between 10,009 (in Visakhapatnam district) and 13,849 (in Nalgonda district). In all other districts (except Khammam) the number of household industrial establishments ranges between 5,000 and 10,000.

2.46. Among the household industry establishments, manufacture of cotton textiles (Major Group 23) is the chief household industry in the State. Establishments relating to the manufacture of wood and wood products, furniture and fixtures (Major Group 27) take the second rank with 30,467 establishments. Establishments relating to the manufacture of non-metallic mineral products (Major Group 32) are 22,609 in number and take the third place. The following statement shows the rural and urban break up figures relating to the household industrial establishments classified according to the National Standard Industrial Classification, 1970.

STATEMENT II. 20

DISTRIBUTION OF HOUSEHOLD INDUSTRIES IN ANDHRA PRADESH AS PER N. I. C.

Division/Major Group of N.I.C.			NUMBER OF HOUSEHOLD INDUSTRIES

2.47. It may be seen from the above statement that except in respect of the establishments relating to manufacture of paper and paper products and printing and allied activities (Major Group 28), rubber, plastic, petroleum and coal products (Major Group 30), basic metal and alloys (Major Group 33); in all other categories the rural establishments are more in number than the urban establishments. The following statement shows the distribution of different types of household industry establishments as per N.I.C. and its 1000 distribution among the districts in Andhra Pradesh

2.48. It is discernible from the above statement that East Godavari district has the largest number of 11,365 establishments manufacturing cotton textiles (Major Group 23) on household industry basis among the districts in Andhra Pradesh. They constitute 13.7% of the total household industry establishments under Major Group 23 in the whole State of Andhra Pradesh, Cuddapah (7,140) and Srikakulam (6,437) districts follow next in order Srikakulam (2,745), Nalgonda (2,499) Mahabubnagar 2,230 districts occupied the first three places in order among the districts with considerable numbers of household industry establishments manufacturing wood and wooden products (Major Group 27). In the case of establishments manufacturing non-metallic mineral products (Major Group 32) which occupy the third place in the whole State among the household industry establishments, Karimnagar (1,906), Mahbubnagar (1,787) and Srikakulam (1,747) districts rank at the top three places. Of the first three districts of East Godavari, Karimnagar and Srikakulam having considerable number of household industry establishments in the State, the establishments manufacturing cotton textiles are in preponderant proportion.

2.49. The following statement shows the distribution of household industry establishments in the cities of Andhra Pradesh as per the N.I.C.

2.50. As stated earlier, Nizamabad city has the largest number of 3,053 household industry establishments manufacturing beverages, tobacco and tobacco products (Major Group 22) which form 93.85% of the total household industry establishments of all types in the city. The other establishments which are to some extent considerable in number in this city are covered by Major Groups 26 (89 establishments), 38 (36 establishments) and 27 (32 establishments). In Hyderabad city the household industry establishments manufacturing textile products (Major Group 26) form the largest number. Out of 724 household industry establishments in Eluru city which ranked third among cities in Andhra Pradesh in total number of household industry establishments, as many as 457 relate to manufacture of cotton textiles (Major Group 23). The establishments manufacturing textile products (Major Group 26) and wood and wooden products (Major Group 27) are also considerable in number being 67 and 61 respectively in this city. Warangal city has almost monopolised the manufacture of wool, silk and synthetic fibre textiles (Major Group 24) with 30 establishments engaged in it. Only Hyderabad and Machilipatnam cities have one establishment each of this type. Manufacture of basic metals and alloys (Major Group 33) on household industry basis is seen in 9 establishments in Rajahmundry city. In Vijayawada and Kurnool

DISTRIBUTION OF HOUSEHOLD INDUSTRIES IN THE DIFFERENT MAJOR GROUPS

	MAJOR	GROUP	No.	20-21		MAJOR	GROUP	No.	27
	,,	,,	,,	22		,,	,,	,,	29
	,,	,,	,,	23		,,	,,	,,	32

	,,	,,	,,	26		,,	,,	,,	39

there is only one such establishment each. Manufacture of electric machinery is carried on only in Rajahmundry city that too only in one establishment. The number of household industry establishments covered under 20-21, 26, 29, 30, 34, 38 and 39 is largest in Hyderabad city among the cities in Andhra Pradesh.

Trade or Business establishments

2.51. There are 318,277 trade or business establishments including restaurants and hotels in the State out of which 188,765 establishments or 59.3% are in rural areas and the rest of 129,512 establishments or 40.7% are in urban areas. Of these trade and business establishments in the State, 14,105 are wholesale trade establishments—3,408 are in rural areas and 10,697 are in urban areas. Out of the 249,724 retail trade establishments 153,173 are in rural areas and 96,551 are in urban areas. 32,184 other business establishments out of a total of 54,448 establishments are in rural areas and the balance 22,264 establishments are in urban areas. Among the districts the largest number of trade and business establishments are returned in Hyderabad district (31,710) followed by East Codavari district (23,950). Guntur district takes the third place with 20,663 such establishments. The following statement gives the districtwise distribution of the trade or business establishments.

	R	11,868	122	11,036	710
	U	2,236	87	1,753	396

2.52. One may observe from the above statement that in all the districts the retail trade establishments predominate. In case of the wholesale trade establishments in the districts of Andhra Pradesh, Hyderabad has recorded highest number of 1,739 wholesale trade establishments accounting for 12.3% of the total number of wholesale trade establishments in the entire State followed by East Godavari with 1,560 establishments and Krishna district with 1,190 establishments. Adilabad district has recorded the lowest number of 168 wholesale trade establishments. The wholesale trade establishments are obviously more in number in urban areas than in rural areas of each district.

2.53. In regard to retail trade also except in Hyderabad and Guntur districts in all other districts the total number of retail trade establishments in rural areas is more than in urban areas.

2.54. The proportion of business establishments such as Banks, Financial, Co-operative etc., are larger in the urban areas of Hyderabad, Guntur, Nellore and Cuddapah districts, while in other districts they are more in rural areas.

2.55. In the cities of Andhra Pradesh also the retail trade establishments dominate. The largest number of 1,464 wholesale trade establishments is returned in Hyderabad city. Vijayawada and Guntur cities come next in order with 789 and 428 such establishments respectively. The largest number of 3,143 other business establishments is found in Hyderabad city. Guntur city runs second with 755 establishments.

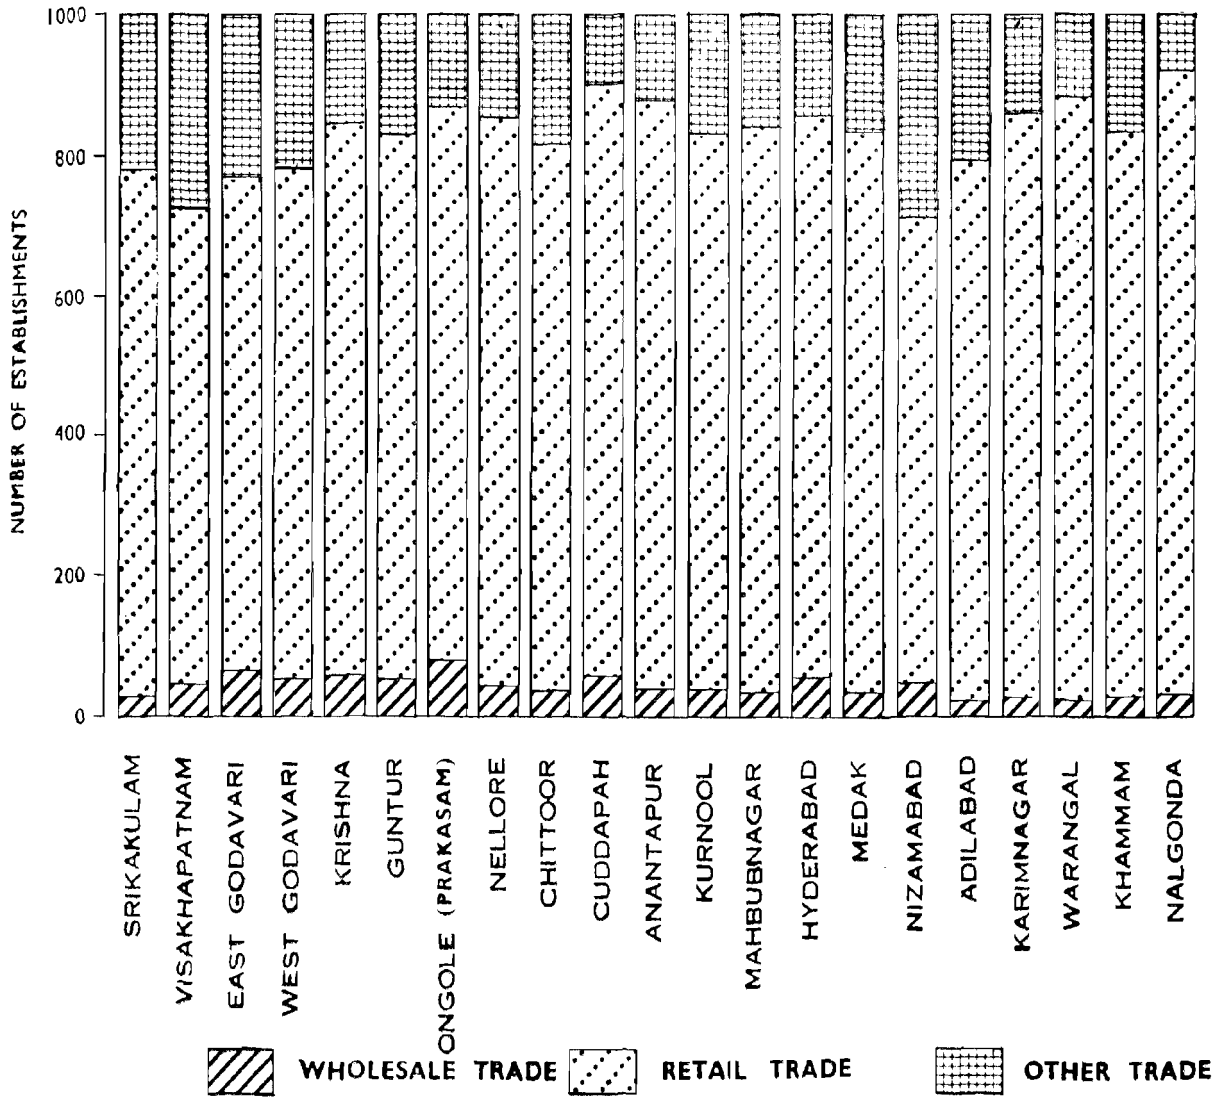

2.56. The following statement shows the city-wise distribution of the trade or business establishments.

STATEMENT II. 24

NUMBER OF DIFFERENT TYPES OF TRADE OR BUSINESS ESTABLISHMENTS IN CITIES IN THE STATE

City	NUMBER OF TRADE OR BUSINESS ESTABLISHMENTS			
	Total	Wholesale Trade	Retail Trade	Others
1	2	3	4	5
Visakhapatnam	2,876	125	2,245	506
Kakinada	2,271	89	1,732	450
Rajahmundry	2,328	300	1,652	376

East Godavari	1,000	65	711	224
West Godavari	1,000	57	730	213
Krishna	1,000	60	784	156
Guntur	1,000	53	782	165
Ongole (Prakasam)	1,000	79	795	126
Nellore	1,000	41	812	147
Chittoor	1,000	36	777	187
Cuddapah	1,000	58	843	99
Anantapur	1,000	39	840	121
Kurnool	1,000	38	792	170
Mahbubnagar	1,000	29	817	154
Hyderabad	1,000	55	803	142
Medak	1,000	31	806	163
Nizamabad	1,000	47	667	286
Adilabad	1,000	23	770	207
Karimnagar	1,000	25	841	134
Warangal	1,000	27	860	113
Khammam	1,000	23	816	161
Nalgonda	1,000	15	907	78
Cities				
Visakhapatnam	1,000	43	781	176
Kakinada	1,000	39	763	198
Rajahmundry	1,000	129	710	161
Eluru	1,000	95	738	167
Machilipatnam (Bandar)	1,000	94	781	125
Vijayawada	1,000	167	691	142
Guntur	1,000	99	725	176
Nellore	1,000	73	740	187
Kurnool	1,000	92	739	169
Municipal Corporation of Hyderabad	1,000	65	795	140
Nizamabad	1,000	120	694	186
Warangal	1,000	79	747	174

2.58. It may be seen from the above statement that Ongole, East Godavari and Krishna districts occupy the first three places in order among the districts in Andhra Pradesh if we consider the proportion of wholesale trade or business establishments per 1000 of all types of trade or business establishments in each district. In the case of retail trade or business establishments the first three places go to Nalgonda, Warangal, and Guddapah districts respectively. In regard to other trade or business establishments, Nizamabad, Visakhapatnam and East Godavari districts are at the top of the other districts in order. Among cities, Vijayawada, Hyderabad and Kakinada occupy the first rank in the aforesaid three categories of trade or business establishments respectively.

2.59. Among the trade or business establishments, retail trade establishments in food and food articles, beverages, tobacco and intoxicants only (Major Group 65) account for the largest proportion of 62%. Restaurants and hotels come next in order with 14.54%. The following statement shows the distribution of the trade or business establishments in the State with rural and urban break up as per the N.I.C. 1970.

STATEMENT II. 26

DISTRIBUTION OF TRADE OR BUSINESS ESTABLISHMENTS IN ANDHRA PRADESH AS PER N.I.C.

Division/Major Group of N.I.C.			NUMBER OF TRADE OR BUSINESS ESTABLISHMENTS		
			Total	Rural	Urban
		1	2	3	4
Total trade establishments			**318,277**	**188,765**	**129,512**
Division 6		*Wholesale and Retail trade and restaurants and hotels*	**310,118**	**186,830**	**123,288**
Major Group	60	Wholesale trade in food, textiles, live animals, beverages and intoxicants	10,271	2,623	7,648
,,	61	Wholesale trade in fuel light, chemicals, perfumery, Glass	1,579	400	1,179
,,	62	Wholesale trade in wood, paper, other fabrics, hide, skin and inedible oils	588	142	446
,,	63	Wholesale trade in all types of machinery, equipment including transport and electrical equipment	157	7	150
,,	64	Wholesale trade in food and miscellaneous manufacturing	1,510	236	1,274

		1	2	3	4
Major Group	65	Retail trade in food and food articles, beverages, tobacco and intoxicants	196,301	137,626	58,675
,,	66	Retail trade in textiles	18,304	8,575	9,729
,,	67	Retail trade in fuel and other household utilities and durables	17,787	3,075	14,712
,,	68	Retail trade in others	17,332	3,897	13,435
,,	69	Restaurants and hotels	46,289	30,249	16,040
Division 8		*Financing, insurance, real estate and business services*	**8,159**	**1,935**	**6,224**
Major Group	80	Banking and similar type of financial institutions	3,532	1,059	2,473
,,	81	Providents and insurance	110	2	108
,,	82	Real estate and business	4,088	832	3,256
,,	83	Legal services	429	42	387

2.60. It is observed from the above statement that the proportion of all types of trade or business establishments except those covered under Major Groups 65 and 69 is more in urban areas than in rural areas, for obvious reasons.

2.61. If trade and economic prosperity of the region are correlated, it may be observed that in the more economically forward districts of the Coastal Andhra region and in the Hyderabad district where the capital of the State is located the number of trade and business establishments is more than in the rest of the districts of the State.

2.62. The following statement gives the distribution of trade or business establishments, Major Groupwise in each district.

STATE

DISTRIBUTION OF TRADE OR BUSINESS ESTABLISHMENTS

2.63. We may notice from the above statement that wholesale trade establishments dealing in food, textiles, live animals, beverages and intoxicants (Major Group 60) are largest in number (10,271 establishments) among the total 14,105 wholesale trade establishments in the State. Of them 1,241 establishments or 8.8% are found in East Godavari district very closely followed by 1,234 establishments in Hyderabad district (8.7%). Krishna and Ongole districts have slightly exceeding 800 establishments each of this type. The wholesale trade establishments conducting business in fuel, light, chemicals (medicines, etc.) perfumery, ceramics and glass articles (Major Group 61) though small in number in the whole State, (1,579 establishments) are found highest in number among the districts in the State in Nizamabad (190 establishments). The wholesale trading in miscellaneous items like furniture and fixtures, rubber products, building materials, clocks, eye glasses and frames, hardware and sanitary equipment, medical and surgical instruments, jewellery and other precious metals (Major Group 64) has 1,510 establishments in Andhra Pradesh of which the largest number of 264 establishments relates to Hyderabad district followed by 159 establishments in Guntur district and 127 establishments in Krishna district.

2.64. If we see the retail trade establishments, we find that out of 196,301 establishments in Andhra Pradesh dealing in retail trade of food and food articles, beverages tobacco and intoxicants (Major Group 65) 17,341 establishments are found in Hyderabad district accounting for 8.8%. East Godavari (12,809 establishments), Guntur (11,493 establishments) and Na'gonda (11,459 establishments) districts follow next in order. Retail trade in textiles (Major Group 66) is largely seen in Guntur (1,339 establishments), Anantapur (1,268 establishments) and East Godavari (1,157 establishments) districts in order next to Hyderabad district which has the highest number of 1,458 retail trade establishments. In Hyderabad city alone there are 1,170 such establishments. 17,787 establishments conduct retail trade in firewood, utensils, fancy articles, electrical goods, furniture, jewellery, footwear and other household utilities (Major Group 67) in Andhra Pradesh. In this matter also Hyderabad district in view of its commanding position due to State's capital city located in it has 3,603 establishments of this category. Krishna (1,620 establishments), Guntur (1,519 establishments) and East Godavari (1,557 establishments) districts come next in order. Medical shops, book sellers, stationery, dealers in transport equipment, petrol filling stations are all classified under Major Group 68—Retail trade in others. There are 17,332 establishments of this type in the entire Andhra Pradesh State, of which Hyderabad (3,050 establishments), Guntur (1,700 establishments) and Krishna (1,603 establishments) districts have considerable number of such establishments. Of 46,289 hotels and restaurants in the State, the largest number of 4,642 establishments is returned by East Godavari district. Visakhapatnam (4,502 establishments), Srikakulam (3,692 establishments) and West Godavari (3,224 establishments) districts follow next in order.

2.65. Of the 8,159 business establishments connected with financing, insurance, real estate and legal services in the State (Division 8) about half of them (4,088 establishments) deal with purchase, sale, letting, operating of real estate (covered under Major Group 82). Among the districts largest number of such establishments is noticed in Hyderabad district (1,355 establishments). In other districts of the State, the number raises from 29 in Srikakulam district to 381 in Guntur district. Banking and credit institutions (Major Group 80) are 3,532 in number in Andhra Pradesh State. East Godavari district dominates all other districts having 522 such establishments followed by Hyderabad (406 establishments) Chittoor (359) Krishna (330 establishments) and West Godavari (328 establishments) districts Leaving Hyderabad district as an exception in all the Telangana districts, the number of these establishments is comparatively lower than in the two other natural regions of the State.

2.66. The pattern of distribution of the trade or business establishments in the cities of Andhra Pradesh can be observed from the following statement.

STATEMENT II. 28

DISTRIBUTION OF TRADE (WHOLESALE, RETAIL AND OTHERS) ESTABLISHMENTS IN CITIES OF ANDHRA PRADESH AS PER N.I.C.

Division/Major Group of N.I.C.	Visakha-patnam	Kaki-nada	Rajah-mundry	Eluru	Machili-patnam (Bandar)	Vijaya-wada	Guntur	Nellore	Kurnool	Municipal corporation of Hyderabad	Nizam-abad	Waran-gal

2.67 It may be seen from the above Statement that the pattern of distribution of the trade and business establishments in cities generally conforms to that prevailing in the districts. In case of wholesale trade those engaged in business in food and textiles etc., (Major Group 60) dominate the other categories in number in all the cities in Andhra Pradesh. Similar is the case with establishments engaged in retail trading in food articles, beverages etc., (Major Group 65). Vijayawada in case of establishments under Major Group 60 and Guntur in case of establishments under Major Group 65 occupied second place. As regards to the number of hotels and restaurants (Major Group 69), Visakhapatnam city has occupied the second rank after Hyderabad. Hyderabad city obviously has largest number of 1,633 establishments dealing with financing, insurance, real estate, etc. (Division 8) followed by Guntur city (330 establishments) and Vijayawada city (239 establishments). Hyderabad (353 establishments) and Nellore (113 establishments) cities in case of number of banking institutions and Hyderabad (1,211 establishments) and Guntur (211 establishments) cities in respect of number of real estate and business establishments occupy the first and second ranks among cities in Andhra Pradesh.

Other establishments

2.68 There are 149 521 establishments which do not fall under the preceding two categories of establishments i.e., manufacturing establishments and trade or business establishments and they are categorised as 'Other establishments'. These other establishments are further sub-classified as educational establishments, public health establishments and 'Others'. 41,435 or 27.7% establishments of the total other establishments in Andhra Pradesh are returned as educational establishments, of which 34,825 are in rural areas and 6,610 are in urban areas. 12,399 establishments (8.3%) are returned as public health institutions, of which 7,223 are in rural areas and 5,176 in urban areas. These public health institutions include primary health centres, maternity child welfare centres, clinics, dispensaries, hospitals, sanitary establishments, etc. All establishments which do not fall under the categories of manufacturing establishments, business establishments, educational institutions and public health institutions which are 95 687 in number forming 64.0% of the total other establishments in the State, are classified under the sub-category of 'Others'. The following statement shows the districtwise break up of other establishments.

STATEMENT II.29

Educational establishments

2.70 Educational establishments in the State are more in number in the rural areas (34,825 establishments) than in the urban areas (6,610 establishments). Among the districts, Srikakulam has recorded the largest number of 3,057 educational institutions constituting 35.7% of the total other establishments in the district. East Godavari (2,840 establishments) and Chittoor (2,799 establishments) districts take the second and third places respectively forming proportions of 24.8% and 31.4% respectively. The lowest number of 991 educational establishments in recorded in Nizamabad district. In all the districts except in Hyderabad the number of establishments returned as educational institutions is more in rural areas than in urban areas. This is mainly due to the establishment of Primary and Upper Primary schools in most of the villages. In Hyderabad district, however, due to large concentration of the educational institutions in Hyderabad city, their number is more in urban areas (1,118 establishments) than in rural areas (874 establishments).

2.71 Generally the number of educational establishments of a region ought to reflect the extent of literacy of the region. But compared to the 1971 Census literacy returns it appears that in the districts like West Godavari, which recorded higher percentage of literates (34.41%) has less number of educational establishments (2,491 establishments) than the number returned in the districts like Srikakulam which recorded lower percentage of literates (18.52%). Hence both cannot be strictly correlated. This may be partly due to the fact that a good number among the literates might have been educated outside their districts and partly that all the educational establishments may not have equal strength of student population. The following statement provides comparative data relating to the average number of educational establishments per 10,000 population in rural and urban areas of each district and city in Andhra Pradesh and the percentage of literates as per the 1971 Census.

STATEMENT II.31

NUMBER OF EDUCATIONAL INSTITUTION AND PERCENTAGE OF LITERATES IN THE DISTRICTS AND CITIES OF THE STATE

Warangal		160	7·7	45·27

2.72 It is noticeable from the above statement that although the percentage of literacy is higher in urban areas than in rural areas of each district, the number of educational establishments in urban areas is less than in rural areas except in the five districts of Mahbubnagar, Medak, Karimnagar, Warangal and Nalgonda. The average number of educational establishments per 10,000 population works out to 9.5 in the State as a whole and in the districts it ranges from 7.0 in Warangal to 13.9 in Cuddapah. Among the cities in Andhra Pradesh the proportion ranges between 4.71 in Visakhapatnam city and 10.4 in Machilipatnam (Bandar) city. This may indicate that the existing educational establishments are inadequate to meet adequately the educational needs of the population.

Public Health Establishments

2.73 There are 12,399 public health establishments in the State of which 175 establishments relate to sanitary services and 12,224 establishments relate to medical and health services. 7,223 of the public health establishments are in rural areas and 5,176 are in urban areas.

2.74 Among the districts, the largest number of 1,442 public health establishments are returned in Hyderabad district, accounting for 12.0% of the total other establishments in the district. Krishna district comes next in order with 1,061 establishments. East Godavari district with 1,047 establishments and Guntur district with 1,044 establishments take third and fourth places. In all other districts the number of public health institutions ranges between the lowest figure of 245 in Adilabad district and 841 in West Godavari district. In the districts of Guntur and Hyderabad the number of public health institutions in urban areas is more than those in rural areas. The following statement shows the average number of public health establishments per 10,000 population in each of the districts and cities in Andhra Pradesh.

STATEMENT II.32

2.75 From the above statement it may be seen that the average number of public health institutions per 10,000 population in the State is about 2.9 and in the districts their proportion ranges from 1.7 (Karimnagar and Srikakulam districts) to 5.2 (Hyderabad district). Among the cities in Andhra Pradesh it ranges in between 3.1 in Visakhapatnam city and 7.6 in Nizamabad city.

2.76 The following statement shows the total number of educational establishments, and public health establishments in cities of Andhra Pradesh.

STATEMENT II.33

NUMBER OF EDUCATIONAL AND PUBLIC HEALTH INSTITUTIONS IN CITIES OF THE STATE

City	NUMBER OF ESTABLISHMENTS	
	Educational establishments	Public Health establishments
1	2	3
Visakhapatnam	166	108
Kakinada	124	84
Rajahmundry	100	83
Eluru	112	68
Machilipatnam (Bandar)	117	79
Vijayawada	219	237
Guntur	224	184
Nellore	124	97
Kurnool	93	63
Municipal Corporation of Hyderabad	981	1,031
Nizamabad	76	88
Warangal	160	95

2.77 Hyderabad city has the largest number of educational establishments and public health establishments. Guntur in respect of educational establishments and Vijayawada in respect of public health establishments come next in order. Nizamabad city has the smallest number of educational establishments while public health establishments are found lowest in number in Kurnool city.

Others

2.78 This category includes Government and Quasi-Government offices, bus depots, railway stations, laundries, schools, recreation centres and other miscellaneous types of establishments not classified under manufacturing establishments or business establishments or educational establishments or public health establishments. There are 95,687 such establishments in the State constituting 64% of the total other establishments in the State of which 62.420 are in rural areas and 33,267 are in urban areas. The following statement shows in their districtwise distribution in rural and urban areas.

STATEMENT II.34

NUMBER OF ESTABLISHMENTS CLASSIFIED AS "OTHERS" IN THE DISTRICTS AND CITIES OF ANDHRA PRADESH

2.80 It may be seen from the above statement that the number of establishments under Division 9—Community, social and personal services is the largest (78,700) followed by the establishments attending to the economic activities relating to transport, storage and communications (12,643 establishments). If we observe further details of establishments under Division 9 it will be known that the establishments attending to community services (Major Group 94) which include religious, welfare and relief services and also business professional and labour organisations account for the largest number (38,968 establishments) among the establishments categorised as 'Others'. Public administration and developmental services (Major Group 90) covering all Government and Quasi-Government offices and personal services (Major Group 96) which include domestic services, laundry services, hair dressing, commercial photographic services, etc. come next in order with 17,687 and 15,464 establishments respectively. If we consider such of the major groups which have 1000 or more establishments it is observed from the above statement that the number of establishments categorised under Major Groups 02, 06, 75, 90, 94 and 95 is more in rural areas than in urban areas of the State while those covered under Major groups 70, 74, 96 and 99 are more in number in urban areas than in rural areas. The following statement shows the distribution of these other establishments among the districts in the State, Major Groupwise.

57	58	28	16	56	81	28	544	18	39	36	26	27	**46**	42

2.81 We may observe from the above statement that the largest number of other establishments engaged in community services (Major Group 94) among the districts in the State is found in East Godavari (3,691 establishments) closely followed by Guntur (3,217 establishments) and West Godavari (3,057 establishments). The lowest number of establishments is returned by Warangal district (627 establishments). Next to community services, those engaged in public administration and defence services (Major Group 90) which include all public services under the Union and State Governments, local bodies and Quasi-Government account for 17,687 establishments in the State, of which largest number of 1,302 establishments belongs to East Godavari district. Srikakulam and Krishna districts have equal number 1,175 establishments each and occupy second rank while Guntur district ranks third with 1,100 such establishments. Of the total 15,464 establishments rendering personal services (Major Group 96) such as laundries, hair dressing, domestic services, Hyderabad district for obvious reason has the largest number of 2,749 establishments followed by Guntur district (1,196 establishments) and East Godavari district (1,185 establishments).

2.82 It may also be observed from the above statement that some of the types of establishments are existing only in a few selected districts. For example the establishments engaged in hunting, trapping and game propogation (Major Group 04) in East Godavari, Cuddapah, Hyderabad and Warangal districts; the forestry and logging (Major Group 05) in Krishna and Khammam districts; coal mining (Major Group 10) in Guntur, Adilabad, Karimnagar and Khammam districts; crude petroleum and natural gas (Major Group 11) in only East Godavari district; metal ore mining (Major Group 12) in Srikakulam, and Visakhapatnam districts and air transport (Major Group 72) in Krishna, Ongole and Hyderabad districts and so on.

2.83 Let us observe the position of these other establishments in cities of Andhra Pradesh. The following inset table shows the number of other establishments covered under different divisions of N.I.C.

STATEMENT II.37

NUMBER OF ESTABLISHMENTS CATEGORISED UNDER "OTHERS" EXCLUDING EDUCATIONAL AND PUBLIC HEALTH INSTITUTION IN THE CATEGORY OF OTHER ESTABLISHMENTS IN CITIES IN ANDHRA PRADESH AS PER N. I. C.

Division of N.I.C.	Visakhapatnam	Kakinada	Rajahmundry	Eluru	Machilipatnam (Bandar)	Vijayawada	Guntur	Nellore	Kurnool	Municipal corporation of Hyderabad	Nizamabad	Warangal
1	2	3	4	5	6	7	8	9	10	11	12	13
Division 0												
Agriculture, Hunting, Forestry, Fishing and Hunting	15	3	..	2	..	5	10	2	16	59	1	1
Division 1												
Mining and Quarrying	..	..	..	..	..	..	..	...	..	...	..	..
Division 4												
Electricity, Gas & Water	10	4	2	4	..	2	4	...	3	41	2	1
Division 5												
Construction	...	..	..	..	..	..	..	...	...	1	2	...
Division 7												
Transport, Storage & Communications	102	59	67	57	51	182	142	57	96	926	39	100
Division 9												
Community, Social and Personal services	826	512	337	430	465	930	794	536	4,22	4,321	439	507
Total	**953**	**578**	**406**	**493**	**516**	**1,119**	**950**	**595**	**537**	**5,348**	**483**	**609**

2.84 It may be seen from the above statement that community, social and personal services (Division 9) bag the largest number of other establishments in all the cities in the State. A bulk of these establishments relates to the personal services rendered by the laundries, hair dressing saloons, beauty shops and domestic services. The heaviest population concentrated in the State's capital city is instrumental for the largest number of these services establishments (Major Group 96) in Hyderabad (2,165 establishments) followed by the next important and commercial centres of Vijayawada (434 establishments) and Guntur (376 establishments). There are no mining and quarrying establishments in any city while those relating to construction are found only in Hyderabad city (1 establishment) and Nizamabad city (2 establishments).

CHAPTER III

SIZE OF EMPLOYMENT AND TYPES OF POWER OR FUEL USED

Size of employment

3.1 The total number of 769,976 establishments in the State together provide employment to 2,448,250 persons—1,303,015 persons (53.22%) in the rural areas and 1,145,235 persons (46.78%) in the urban areas. 1,098,200 persons constituting 44.86% of the total number of employed in all the esablishments are employed in the 302,178 manufacturing establishments (i.e., registered factories, unregistered workshops and household industry establishments). 643,144 persons or 26.27% are employed in the 318,277 trade and business establishments (i.e., wholesale trade, retail trade and other business establishments). The remaining 706,906 persons or 28.87% are employed in the 149,521 'Other establishments' i.e., educational, public health and other establishments.

3.2 In the rural portion of the State, out of the 1,303,015 persons employed in the 517,059 establishments, 691,954 persons or 53.10% are employed in the 223,826 manufacturing establishments; 312,984 persons or 24.02% are employed in the 188,765 trade and business establishments. The remaining 298,077 persons or 22.88% are employed in the 104,468 'Other establishments'.

3.3 In the urban areas of the State, out of 1,145,235 persons employed in the 252,917 establishments, 406,246 persons or 35.47% are employed in 78,352 manufacturing establishments; 330,160 persons or 28.83% are employed in the 129,512 trade and business establishments. The remaining 408,829 or 35.70% are employed in the 45,053 'Other establishments'.

3.4 The following statement shows the actual number of persons employed under the various types of establishments in total, rural and urban areas of Andhra Pradesh.

STATEMENT III-1

NUMBER OF ESTABLISHMENTS AND NUMBER OF PERSONS EMPLOYED IN DIFFERENT TYPES OF ESTABLISHMENTS IN ANDHRA PRADESH

3.5 Household industry, retail trade and 'Others' (under other establishments) provide employment to more than four lakh persons each (nearly 13 lakh persons in all) accounting for 52.59% of the total employment in all types of establishments in the State.

3.6 The employment position in each of the three types of establishments viz., industrial establishments (manufacturing establishments), trade or business establishments and other establishments is discussed in the following paragraphs.

Industrial establishments (manufacturing processing or servicing establishments)

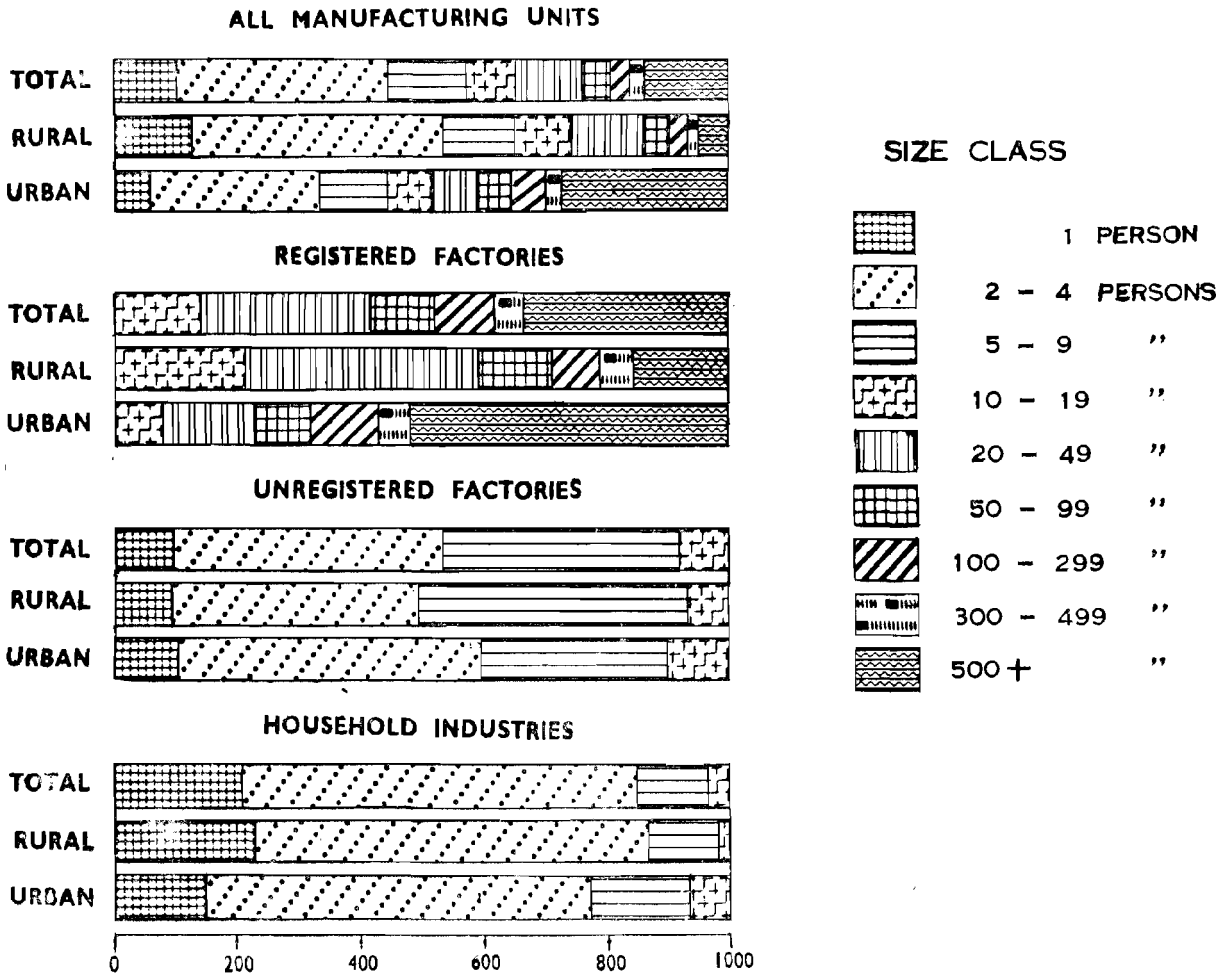

3.7 The 302,178 industrial establishments in the State covering 10,841 registered factories, 74,209 unregistered workshops and 217,128 household industry establishments together employ 1,098,200 persons. The following statement shows the distribution of total manufacturing, processing or servicing establishments in the State and of the persons employed in them according to the divisions and major groups of the National Standard Industrial Classification of 1970 with rural and urban break up.

STATEMENT III-2

3.8 It may be seen from the above statement that the establishments manufacturing beverages, tobacco and tobacco products (Major Group 22) account for 29.17% of the total employment in industrial establishments followed by establishments manufacturing cotton textiles (Major Group 23) which employ 21.43% and those manufacturing food products (Major Group 20-21) which provide employment to about 11.17% of the total employed in all the industrial establishments. Thus the three types of establishments account for nearly 62% of the total employment in all the manufacturing industries. Similar situation prevails both in the rural and urban areas of the State.

3.9 The employment provided separately by the registered factories, unregistered workshops and household industry is analysed below.

Registered factories

3.10 There are in all 10,841 registered factories in the State and they together employ 439,271 persons constituting 40.00% of total industrial workers in Andhra Pradesh. 7,949 registered factories employing 227,190 persons are in the rural areas of the State and 2,892 units employing 212,081 persons are in the urban areas. The following statement shows the distribution of the registered factories by the employment size in the State.

STATEMENT III 3

REGISTERED FACTORIES BY SIZE OF EMPLOYMENT AND NUMBER OF PERSONS EMPLOYED

Employment size		TOTAL		RURAL		URBAN	
		No. of units	Total persons employed	No. of units	Total persons employed	No. of units	Total persons employed
1		2	3	4	5	6	7
10—19	Persons	5,225	63,745	4,030	48,417	1,195	15,328
20—49	persons	4,435	119,559	3,296	87,235	1,139	32,324
50—99	persons	736	45,404	427	26,010	309	19,394
100—299	persons	279	42,462	128	19,122	151	23,340
300—499	persons	57	21,598	29	10,788	28	10,810
500+	persons	109	146,503	39	35,618	70	110,885
	Total	**10,841**	**439,271**	**7,949**	**227,190**	**2,892**	**212,081**

3.11 It is clear from the above statement that the registered factories with employment size of 500 or more persons each provide employment to the largest number of persons in the State as a whole. Registered factories with employment size 20-49 persons each come next. In the rural areas registered factories with employment size of 20-49 persons occupy the first place while in the urban areas registered factories with 500 or more persons each take the first place. The registered factories with employment size of 500 or more persons each provide employment to the largest no. of persons in the districts of Visakhapatnam, East Godavari, Guntur Ongole, Kurnool, Hyderabad, Adilabad and Warangal. In the districts of Srikakulam, West Godavari, Krishna, Nellore, Chittoor, Cuddapah, Anantapur, Mahbubnagar, Nizambad, Karimnagar and Nalgonda, establishments with employment size of 20-49 persons each provide the largest employment. In Ongole (Prakasam) and Khammam districts, establishments with employment size of 10-19 persons each provide the largest employment. In Medak district establishments of employment size 100-299 persons each provide the largest employment. The following statement gives districtwise (with the rural/urban break up) and citywise the number of registered factoris classified by size of employment and the number of persons employed.

The above statement also reveals that the registered establishments each employing 500 persons or more engage largest number of persons in all the cities in Andhra Pradesh except Vijayawada, Nellore and Nizamabad. In the three cities largest number of persons are found employed in the registered factories engaging 20-49 persons each.

3.12 If the employment provided by different types of registered manufacturing industries in the State is examined, it will be seen that 49.73% of the persons working in registered factories are employed in the establishments manufacturing beverages, tobacco and tobacco products (Major Group 22). The establishments manufacturing food products (Major Group 20-21) take the second place and employ 14.20% of workers and those manufacturing cotton textiles (Major Group 23) come next at the third place employing 6.64% of the workers. The proportion of workers employed in other categories of registered manufacturing establishments is not very significant. The following statement shows the number and percentage of workers engaged in registered factories in the State classified as per the N.I.C. 1970.

STATEMENT III-5

3.14. As can be seen from the Statement. III-6 the registered factories covered under Major Groups 22, 20-21 and 23 employ the largest number of persons in order. Of the 218,464 persons engaged in manufacturing of beverages, tobacco and tobacco products (Major Group 22), Guntur district has as many as 60,322 persons forming a proportion of 27.61% followed by Ongole (47,904 persons) and Nizamabad (33,144 persons). In case of persons working in registered factories manufacturing food products (Major Group 20-21), West Godavari district has the highest number of 8,363 persons who constitute 37.37% of total workers in all types of registered factories in the district and 13.41% of the total workers engaged in registered factories covered under Major Group 20-21 in the whole State. Mahbubnagar district returned the lowest number of 498 such workers. Kurnool district has the highest number of 5,373 workers in registered factories preparing cotton textiles (Major Group 23). Warangal (4,707 persons) and Karimnagar (2,502 persons) follow next in order. Among the registered factories covered under other Major Groups that have considerable number of persons in them, Visakhapatnam district (14,924 persons) in case of manufacturing of transport equipment and Parts (Major Group 37), Hyderabad district (4,221 persons) the manufacture of non-metallic mineral products (Major Group 32), Adilabad district (6,320 persons) in regard to the manufacture of paper and paper products etc. (Major Group 28) and Hyderabad district in case of the manufacture of chemicals, chemical products and coal (Major Group 31) have occupied the first ranks among the districts in Andhra Pradesh.

3.15 If the number of persons employed in registered factories classified under different major groups of National Industrial Classification in each district is observed, we find that in Srikakulam, Chittoor, Cuddapah, Medak and Nalgonda districts those engaged in the manufacture of food products (Major Group 20-21) form the largest group. In Anantapur and Kurnool districts first rank is occupied by the workers in establishments manufacturing cotton textiles (Major Group 23). In the lone district of Hyderabad the workers in registered factories making chemicals and chemical products (Major Group 31) are in largest number (11,391 persons). Obviously this number in Hyderabad Dist. at is also the largest among the districts in the State. Nellore district has its largest number of workers in establishments producing non-metallic mineral products (Major Group 32). In the whole State, Visakhapatnam district obviously because of its having famous harbour and a fast developing ship building yard has the highest number of 14,924 workers engaged in the manufacture of transport equipment and parts (Major Group 37). In all the rest of the districts (11 in number) of the State, the registered factories manufacturing beverages, tobacco, and tobacco products (Major Group 22) employ the largest number of workers.

3.16 Let us also have a look at the employment position in registered factories in the cities of Andhra Pradesh. The following statement provides the required data.

STATEMENT III.7

NUMBER OF WORKERS ENGAGED IN REGISTERED FACTORIES CATEGORISED AS PER N.I.C. IN THE CITIES OF ANDHRA PRADESH

3.17 As we have observed earlier, the registered factories in the State categoriesed under Major Groups 20-21, 22, and 23 have employed the bulk of the workers compared to than those covered under other groups In the cities there is no uniform pattern. In Nellore and Kurnool cities these engaged in the registered factories manufacturing food articles (Major Group 20-21), in Guntur and Nizamabad cities in case of those engaged in manufacturing beverages, tobacco and tobacco products (Major Group 22), in Kakinada and Warangal cities the workers in the establishments manufacture of cotton textiles (Major Group 23) form the largest group. In Rajahmundry and Vijayawada cities those employed in registered factories manufacturing paper and paper products etc., (Major Group 28) are in largest number. In Hyderabad, Visakhapatnam and Machilipatnam cities those engaged in registered factories covered under Major Groups 35, 37 and 38 respectively are predominant. In no city of Andhra Pradesh are these factories engaged in the manufacture of wool, silk and synthetic fibre textiles (Major Group 24). Among the cities in Andhra Pradesh and among the registered factories grouped under different Major Groups of National Industrial Classification, those engaged in manufacture of tobacco and tobacco products (Major Group 22) transport equipment and parts (Major Group 37) and in manufacture of machinery, machine tools and parts (Major Group 35) are very large in number. Guntur, Visakhapatnam and Hyderabad cities occupy places of distinction respectively for these three Types of Industries.

Unregistered workshops

3.18 Among the manufacturing establishments in the State, unregistered workshops take the second place in number after household industry establishments. 222,990 persons are employed in all the 74,209 unregistered workshops in Andhra Pradesh forming 20.31% of the total industrial workers. In rural areas 128,424 persons are employed in 41,332 establishments and in urban areas 94,566 persons are employed in 32,877 establishments. Ongole (Prakasam) district has the highest number of 9,332 unregistered workshops accounting for 12.58% of the total unregistered workshops in the State. Hyderabad with 8,254 accounting for 11.12% comes next in order. Adilabad has the lowest number of 1,306 establishments of such type accounting for 1.8%.

3.19 Unregistered workshops with an employment size of 2-4 persons each employ the largest number. The units with employment size of 5-9 persons each follow next in order. In the rural areas, units with an employment size of 5-9 persons each provide the largest employment, while in urban areas units with 2-4 persons each employ highest number. The following statement shows the number of persons employed according to the size of employment of the unit.

STATEMENT III.8

DISTRIBUTION OF PERSONS ENGAGED IN UNREGISTERED WORKSHOPS BY DIFFERENT SIZES OF EMPLOYMENT IN ANDHRA PRADESH

Size of employment	TOTAL		RURAL		URBAN	
	No. of units	No. of persons employed	No. of units	No. of persons employed	No. of Units	No. of persons employed
1	2	3	4	5	6	7
1 Person	21,060	21,060	11,585	11,585	9,475	9,475
2— 4 Persons	38,122	98,580	20,066	51,523	18,056	47,057
5— 9 Persons	13,646	85,842	9,066	57,304	4,580	28,538
10—19 Persons	1,372	17,508	610	8,012	762	9,496
Unspecified	9	..	5	..	4	..
TOTAL	**74,209**	**222,990**	**41,332**	**128,424**	**32,877**	**94,566**

3.20 In all the districts of Andhra Pradesh, except Ongole unregistered workshops with employment size of 2-4 persons each, employ largest number of people than other sizes of establishments. In Ongole district the unregistered workshops with employment size 5—9 persons each, employ the largest number of persons.

3.21 Among the districts in the State, Hyderabad tops the list with the largest number of unregistered workshops employing 1 person and 2-4 persons each. In respect of total number of persons employed in these two categories of establishments also Hyderabad district occupies the same place. Ongole district in respect of unregistered workshops with 5-9 persons each and Nizamabad district in case of establishments with 10-19 persons each occupy the first place. The number of unregistered workshops as also the number of persons employed are higher in rural areas of the State than in urban areas in all types of establishments except those employing 10-19 persons each. In this size class of establishments urban areas slightly dominate the rural areas. In West Godavari, Krishna, Nellore, Cuddapah, Anantapur, Kurnool and Hyderabad districts the number of establishments with different size classes of employment and the number of persons employed in them are higher in the urban areas than in the rural areas. The following statement shows the distribution of the unregistered workshops with different employment sizes in the districts of the State.

Warangal	573	1,692	209	209	271	725	71	461	22	297	..

3.23 A glance at the above table reveals that Hyderabad city tops the list among cities in Andhra Pradesh in both the number of unregistered establishments of different size classes of employment and number of persons employed in them. In view of its heavy population such situation is obvious. Another feature that can be observed is that the unregistered workshops employing 2-4 persons each have the largest number of workers than other classes of establishments in all the cities in Andhra Pradesh followed by the establishments having 5-9 persons each except in Nizamabad city where the single member establishments employ the next largest number of persons after establishments with 2-4 persons each.

If Hyderabad city is not grouped in the list of cities for comparison, we find that Nizamabad city tops the list with highest number of 616 persons in single member unregistered workshops followed by Vijayawada city with 354 such workers. In 2-4 person establishments Guntur city has 1,945 workers closely followed by Vijayawada city with 1,923 workers. Vijayawada city is in dominant position in case of number of workers in unregistered workshops employing 5-9 persons each (1,469 persons) and also in case of establishments with 10-19 persons each (600 persons). In both these cases, Guntur city comes next in order with 1,067 and 396 workers respectively.

3.24 If the distribution of the unregistered workshops as per the National Standard Industrial Classification is examined it is observed that the largest number of 18,262 unregistered workshops relate to manufacturing of food products (Major Group 20—21). Establishments falling under Major Group 22—Manufacture of beverages, tobacco and tobacco products numbering 16,751 take second place. Repairing establishments which are 9,928 in number (Major Group 39) take third rank. Establishments relating to Manufacturing of wood and wood products (Major Group 27) and establishments manufacturing textile products (Major Group 26) come next in order. If the employment potential is taken into consideration, it is observed that although the establishments relating to manufacture of food products are more in number, the establishments relating to manufacture of beverages, tobacco and tobacco products (Major Group 22) together employ largest number of persons (76,938) constituting 34.50% of the total workers in the unregistered workshops. Only 19.91% of the workers are employed in the 44,394 establishments relating to manufacture of food products (Major Group 20-21). Repairing establishments (Major Group 39) employing 9.92% of the workers and establishments manufacturing wood and wood products (Major Group 27) employing 6.91% of the workers come next in order. The following statement shows the distribution of the persons employed in different unregistered establishments in Andhra Pradesh State classified as per the National Standard Industrial Classification, 1970.

STATEMENT III.11

DISTRIBUTION OF PERSONS EMPLOYED IN DIFFERENT UNREGISTERED WORKSHOPS IN ANDHRA PRADESH AS PER THE N.I.C. 1970

STATEMENT III. 13

3.26 As mentioned in para 3.24 above, the unregisiered workshops categorised under Major Group 22—Manufacture of beverages, tobacco and tobacco products employ the largest number of 76,938 workers in a 1,675 establishments in the whole State. Of them the largest number of 43,798 persons are found in Ongole district only forming a proportion of 56.93%. The next two places go to Guntur (12.68%) and Nizamabad (6.87%). Of the next largest group of 44,394 persons engaged in unregistered workshops manufacturing food, food products (Major Group 20-21) in Andhra Pradesh, East Godavari district stands first with its largest number of 4,043 workers making a proportion of 9.11%. Srikakulam (3,475 persons) and Guntur (3,364 persons) follows next in order, with their proportions working out to 7.83% and 7.58% respectively of the total workers in unregistered workshops manufacturing food products (Major Group 20—21) in the entire State. In the next important class of unregistered workshops attending to repairs etc., (Major Group 39), Hyderabad district leads the rest of the districts with the highest number of 4,210 persons engaged in such establishments in the district. East Godavari and Krishna districts occupy second and third places respectively. Of the unregistered workshops covered under other Major Groups of National Industrial Classification, those classified under Major Groups 27, 26 and 34, 23 have 10,000 workers or more in each but below 15,500. Guntur district in case of establishments covered under Major Group 23 and Hyderabad district in case of the establishments covered under the rest of three Major Group have the largest number of workers, among the districts in the State.

3.27 In Krishna, Guntur, Ongole, Nizamabad, Karimnagar and Khammam districts the number of persons engaged in the unregistered workshops manufacturing beverages tobacco and tobacco products (Major Group 22) is comparatively larger than in the establishments covered under other Major Groups of National Industrial Classification. In Hyderabad district the unregistered workshops manufacturing textile products etc. (Major Group 26) employ the largest number of persons. In all the rest of the 14 districts in the State, the unregistered workshops manufacturing of food products (Major Group 20-21) bag the largest number of workers.

3.28 The number of persons engaged in unregistered workshops classed under different major Groups of N.I.C. in 12 cities of Andhra Pradesh is indicated in the following statement.

STATEMENT III.13

NUMBER OF WORKERS ENGAGED IN UNREGISTERED WORKSHOPS CLASSIFIED UNDER DIFFERENT MAJOR GROUPS OF N.I.C. IN CITIES OF ANDHRA PRADESH

Major Group 39	575	477	308	329	302	1,085	1,100	704	266	3,995	317	290

3.29 It may be seen from the above Statement that Hyderabad city with its 1,607,396 population occupied very prestigious position having the largest number of workers (19,467 persons) in its 7089 unregistered workshops among the cities in Andhra Pradesh. Next in order follows Vijayawada (4,346 persons) and Guntur (3,669 persons) cities. If we consider the number of workers in unregistered workshops covered under different Major Groups of N.I.C., we find that in the cities of Visakhapatnam, Kakinada, Rajahmundry, Eluru, Vijayawada, Guntur and Nellore the number of workers in the establishments attending to repairs (Major Group 39) is the largest. Bandar city under Major Group 38 (Other Manufacturing industries), Kurnool city in case of Major Group 20—21 (Manufacture of food articles) and Hyderabad and Warangal cities in case of Major Group 26 (Manufacture of textile products including wearing apparel other than footwear) have the largest number of workers in unregistered workshops. In case of number of workers in the unregistered workshops categorised under different Major Groups, Hyderabad obviously occupies the first rank among cities in Andhra Pradesh in all cases except those covered under Major Groups 22, 24, 25 and 33. Nizamabad, Warangal, Eluru and Rajahmundry cities respectively occupy the first rank in this behalf.

Household Industry

3.30 The household industry establishments which number 217,128 in the State employ 435,939 persons constituting 39.70% of the total number of persons employed in all manufacturing establishments in Andhra Pradesh. Among the manufacturing, processing or servicing establishments, it is the second largest sector of employment, the first being the registered factories (39.99%). The number of persons employed of the household industry in rural areas, for obvious reasons, is very high and is slightly exceeding three times the number of persons similarly employed in urban areas of the State. 174,545 household industry establishments in the rural areas employ 336,340 persons while 42,583 establishments in the urban areas employ 99,599 persons.

3.31 Of the household industry units, those with employment size 2—4 persons each, employ the largest number of persons and it is followed by single member establishments. The same trend is prevalent in the rural and urban areas of most of the districts as also in cities of the States. In Nizamabad city the establishments with 10-19 persons each and single member establishments respectively employ the largest number of workers. The following statement shows the district and citywise distribution of household industry establishments according to the size of employment.

STATEMENT III.14

3.32 Among the districts, the largest number of 40,593 persons employed in household industry is found in East Godavari district. It is followed by Srikakulam (35,416 persons) and Karimnagar (33,463 persons) districts. Among the cities, Nizamabad city has the largest number of 4,715 persons employed in household industry mostly due to the large number of beedi manufacturing establishments.

3.33 Of the persons employed in household industry, 44.78% are employed in the establishments relating to manufacturing of cotton textiles (Major Group 23) and 12.76% are employed in manufacturing of wood and wood products, furniture and fixtures (Major Group 27). The proportion of persons employed under other types of household industries is below 10%. The following statement shows the distribution of the person employed in household industries according to the National Standard Industrial Classification.

STATEMENT III·15

DISTRIBUTION OF PERSONS EMPLOYED IN HOUSEHOLD INDUSTRIES ACCORDING TO N.I.C.

Division/Major Group of N.I.C.	No. of persons employed	Percentage of persons employed
1	2	3
Division 2 & 3 Manufacturing and Repair	**435,939**	**100·00**
Major Group 20—21 · · Manufacture of food and food products	15,861	3·64
Major Group 22 · · Manufacture of beverages, tobacco and tobacco products	24,940	5·72
Major Group 23 · · · Manufacture of cotton textiles	195,223	44·78
Major Group 24 · · · Manufacture of wool, silk and synthetic fibre textiles	14,432	3·31
Major Group 25 · · Manufacture of jute, hemp and mesta textiles	5,179	1·19
Major Group 26 · · · Manufacture of textile products (including wearing apparel other than foot wear)	30,204	6·93
Major Group 27 · · · Manufacture of wood and wood products, furniture and fixtures	55,632	12·76
Major Group 28 · · · Manufacture of paper and paper products and printing and publishing and allied industries	370	0·08
Major Group 29 · · · Manufacture of leather and leather and fur products (except repair)	15,955	3·66
Major Group 30 · · · Manufacture of rubber, plastic, petroleum and coal products	88	0·02
Major Group 31 · · · Manufacture of chemicals and chemical products (except products of petroleum and coal)	964	0·22
Major Group 32 · · · Manufacture of non-metallic mineral products	42,532	9·76
Major Group 33 · · · Basic Metal and alloys industries	58	0·01
Major Group 34 · · · Manufacture of metal products and parts except machinery and transport equipment	13,021	2·99
Major Group 35 · · Manufacture of machinery, machine tools and parts except electrical machinery	403	0·09
Major Group 36 · · · Manufacture of electrical machinery, apparatus, appliances and supplies and parts	12	..
Major Group 37 · · · Manufacture of transport equipment and parts	1,461	0·34
Major Group 38 · · · Other manufacturing industries	16,693	3·83
Major Group 39 · · · Repair	2,911	0·67

3.34 The total number of establishments under textile industry i.e., those covered under major groups 23, 24, 25 and 26 is 245.038 and accounts for more than 50% of the household industry establishments in the State. The establishments under major group 23—manufacture of cotton textiles form the highest proportion and are spread over among all the districts. Only in the districts of Hyderabad, Nizamabad, Adilabad and Khammam they are around 500. In all other districts they are more than 2,500 on an average, Establishments relating to manufacturing of wood, wood products, furniture and fixtures under major group 27 takes the second place with 30,467 units.

3.35 It may also be seen from the Statement III.15 that the workers engaged in household industries engaged in manufacturing of cotton textiles (Major Group 23) and wood and wood products, furniture and fixtures (Major Group 27) are more than half (57.54%) in the total number of workers in all types of household industries in the State. The following statement reveals the number of workers covered under different types of household industries in the districts of Andhra Pradesh.

3.37 In the largest group of household industrial workers engaged in manufacture of cotton textiles (Major Group 23) in the State (195,223 persons), East Godavari district again leads with 25,362 persons constituting a proportion of 62.48% of the total workers in all types of household industries in the district and 12.99% of such workers (under Major Group 23) in the whole State, followed by Cuddapah (17,538 persons) and Srikakulam (17,036 persons) districts. The lowest number of 890 such workers is found in Adilabad district followed by Khammam district (989 persons) and Srikakulam (17,036 persons) districts. The establishments producing wood and wood products, furniture, fixtures (Major Group 27) employ 55,532 persons in the State. Of them the largest number among the districts is found in Srikakulam district (5,410 persons), Nalgonda district with 4,040 persons and Mahbubnagar district with 3,990 persons come next in order. The third largest group of persons is found in household industry establishments engaged in manufacturing of non-metallic mineral products (Major Group 32). These workers included those engaged in manufacture of clay, glass, earthern-ware, cement, mica, stone, mineral, wool, silica products etc., on household industry basis. Such workers are found in largest number among districts in the State in Srikakulam district (4,285 persons) followed by Karimnagar district (3,411 persons) and Mahbubnagar district (3,143 persons). In all the other types of household industry establishments in the State the number of persons employed oscillates between 12 persons in establishments covered under Major Group 36 and 30,204 persons under Major Group 26. Further it may be observed that in all districts in Andhra Pradesh except Hyderabad, Nizamabad, Adilabad and Khammam, the workers in household industry establishments manufacturing cotton textiles (Major Group 23) form the largest proportion among the establishments covered under different Major Groups of National Standard Industrial Classification. Khammam and Nizamabad districts have the largest number of household industry workers in the establishments manufacturing beverages, tobacco and tobacco products (Major Group 22) and in Hyderabad and Adilabad districts the workers in manufacturing wood and wood products, furniture and fixtures (Major Group 27) are in dominant number.

3.38 Let us also have an idea about the number of employees in household industries of different types in the cities in Andhra Pradesh. The following statement provides these data.

STATEMENT III-17

NUMBER OF WORKERS ENGAGED IN HOUSEHOLD INDUSTRIES CLASSIFIED ACCORDING TO N.I.C. 1970 IN THE CITIES OF ANDHRA PRADESH

Division/Major Group of N.I.C.	Visakhapatnam	Kakinada	Rajahmundry	Eluru	Machilipatnam (Bandar)	Vijayawada	Guntur	Nellore	Kurnool	Municipal corporation of Hyderabad	Nizamabad	Warangal

Major Group 38	141	46	159	97	136	20	51	132	31	409	65	75
Major Group 39	16	6	36	16	10	26	24	10	8	263	14	21

3.39 Among the cities in Andhra Pradesh the largest number of household industry workers is found in Nizamabad city (4,715 persons) followed by Municipal Corporation of Hyderabad (3,291 persons) and Eluru city (2,379 persons). The lowest number of these persons is returned by Kakinada city where only 374 persons attend to household industry. In only Kurnool and Nizamabad cities the household industry workers manufacturing beverages tobacco and tobacco products (Major Group 22) are more than the number of workers in other types of household industry. Manufacture of cotton textiles (Major Group 23) is attended to by large number of persons in Eluru, Machilipatnam and Guntur cities while only Rajahmundry city has dominant number of workers in household industry relating to manufacturing wood, wood products, furniture and fixtures (Major Group 27). In the rest of the six cities in Andhra Pradesh the important household industry that engages comparatively largest number of persons is the manufacture of textile products including wearing apparel other than footwear (Major Group 26). Certain household industries are found only in a particular city though carried out by negligible number of workers as can be seen from the above statement that the manufacture of electrical machinery apparatus, appliances and supplies and parts (Major Group 36) is done only in Rajahmundry city.

3.40 Thus it may be seen from the preceding paragraphs, that the total number of persons employed in the unorganised sector i.e., unregistered workshops and household industry is more than in the organised sector i.e., registered factories in the State as a whole. In the establishments covered under Major Groups 20-21, 22, 25, 28, 30, 31, 33, 35, 36 and 37 more number of persons are employed in the organised sector (registered factories) than in the unorganised sector of the industrial establishments. In the establishments categorised under the remaining Major Groups i.e., Major Groups 23, 24, 26, 27, 29, 32, 34, 38 and 39 the number of persons employed in the unorganised sector is more than in the organised sector.

Type of industry, fuel or power used and size of employment

3.41 The 85,050 registered factories and unregistered workshops in the State together employ 662,261 persons. 46,073 registered factories and unregistered workshops out of them accounting for 54.17% of the total units and employing 439,950 persons i.e., 66.43% of the workers, use different types of power other than of manual labour. The remaining 38,977 units accounting for 45.83% and employing 222,311 persons or 33.57% of the workers use manual labour only. In the rural areas of the State 33,781 establishments or 68.5% of the establishments use power and 15,500 establishments or 31.5% use manual labour. Only 34.4% of the establishments (12,292 establishments) use power in urban areas and the remaining (23,477 establishments or 65.6%) use manual labour only. In more than 50% of all the establishments leaving single-person establishments and establishments employing 50—99 persons power is predominantly used. Of the various types of fuel/power used for different establishments in the State coal, wood and bagasse form the most important fuel. Electricity takes the second place while liquid fuel comes at the third rank. 21,135 establishments use coal, wood and bagasse and their proportion works out to 24.85% of the total registered factories and unregistered workshops. Electricity is used as fuel in 17,855 establishments accounting for 20.99%. Liquid fuel is used in 6,528 establishments forming 7.68% of the establishments. 555 establishments use other forms of fuel constituting a negligible proportion of 0.65% of the total number of registerd factories and unregistered workshops in the State.

3.42 The following statement shows the actual number and proportion of manufacturing processing or servicing establishments other than household industry establishments using different types of fuel/power by size of employment.

STATE

NUMBER AND PROPORTION OF MANUFACTURING ESTABLISHMENT (OTHER THAN HCUSEHOLD

Type of Fuel	TOTAL		1 PERSON		2—4 PERSONS		5—9 PERSONS		10—19 PERSONS	
	Units	Percentage	Units	Percentage	Units	Percentage	Units	Percentage	Units	Percentage

MENT III-18

INDUSTRIES) USING DIFFERENT TYPE OF FUEL BY SIZE OF EMPLOYMENT IN ANDHRA PRADESH

20—49 PERSONS		50—99 PERSONS		100—299 PERSONS		300—499 PERSONS		500 OR MORE PERSONS		UNSPECIFIED PERSONS	
Units	Percentage	Units	Percentage	Units	Percentage	Units	Percentage	Units	Percentage	Units	Percentage
12	13	14	15	16	17	18	19	20	21	22	23
4,435	**100**	**736**	**100**	**79**	**100**	**57**	**100**	**109**	**100**	**9**	**100**
2,516	56·73	348	47·28	192	68·82	44	77·19	86	78·90	4	44·44
744	16·78	236	32·06	149	53·41	32	56·14	72	66·06	4	44·44
95	2·14	18	2·44	2	0·72	2	3·51	..	..	..	..
1,675	37·77	93	12·64	14	14·69	10	17·54	14	12·84	..	..
2	0·04	1	0·14	..	..	..	..	..	..	..	..
1,919	43·27	388	52·72	87	31·18	13	22·81	23	21·10	5	55·56

3.43 It may be seen from the above statement that a considerably large number of establishments employing single person, 2-4 persons, 50-59 persons, 100 persons and above are run by electricity while the majority of the units each with employment size of 5-9 persons, 10-19 persons, 20-49 persons are largely dependent on coal, wood and bagasse for fuel. Liquid fuel is used only by small establishments employing less than 5 persons each.

3.44 The following statement shows the number of registered and unregistered establishments (other than household industry units) using fuel/power and manual labour in the districts of Andhra Pradesh.

STATEMENT III-19

NUMBER OF ESTABLISHMENTS USING FUEL/ POWER OR MANUAL LABOUR IN THE DISTRICTS OF ANDHRA PRADESH

State/District	Total No.of registered and unregistered workshops	No. of establishment using fuel/ power	No. of establishments using manual labour
1	2	3	4
Andhra Pradesh	**85,050**	**46,073**	**38,977**
Srikakulam	3,455	1,237	2,218
Visakhapatnam	2,946	1,514	1,432
East Godavari	6,341	3,669	2,672
West Godavari	3,547	2,003	1,544
Krishna	6,302	3,580	2,722
Guntur	7,710	5,429	2,281
Ongole (Prakasam)	11,831	11,017	814
Nellor	2,587	1,173	1,414
Chittoor	3,242	953	2,289
Cuddapah	2,114	652	1,462
Anantapur	2,425	1,036	1,389
Kurnool	2,509	1,381	1,128
Mahbubnagar	2,543	1,113	1,430
Hyderabad	8,879	3,732	5,647
Medak	2,827	1,163	1,164
Nizamabad	5,411	1,215	4,196
Adilabad	1,527	652	875
Karimnagar	2,361	1,189	1172
Warangal	2,618	1,130	1,488
Khammam	1,896	1,110	786
Nalgonda	1,979	1,125	854

3.45 It may be seen from the above statement that in all the coastal Andhra districts except Srikakulam and Nellore, in only Kurnool district in Rayalaseema region; and Karimnagar, Khammam and Nalgonda districts in Telangana region the establishments using fuel/power are larger in number than the establishments using manual labour. In other districts of the State manual labour is more predominantly used.

3.46 Except in the districts of Srikakulam, Krishna, Guntur, Ongole, Khammam and Nalgonda in all other districts the proportion of establishments using electricity, among the establishments using fuel/ power is more than other kinds of fuel. In the districts of Krishna, Guntur, Ongole (Prakasam) and Khammam, however, the proportion of establishments using coal, wood and bagasse is very high. This is mainly due to the fact that there are a good number of establishments manufacturing tobacco, and tobacco products in the three districts of Krishna, Guntur and Ongole and they use coal in the processing of tobacco. Liquid fuel is used in a large proportion of establishments only in Srikakulam and Nalgonda districts. Although Hyderabad district has well developed industrially and is having as many as 8,879 registered factories/ unregistered workshops only 3,732 of them use fuel/ power and the rest of 5,147 establishments use manual labour only. Even among the 3,732 establishments using fuel/power electricity is used in 3,121 establishments. Other types of fuel are used only in a small number of establishments. Next to Hyderabad district Nizamabad district has the largest number of 4,196 establishments in which manual labour is used. This is due to the large number of beedi rolling units existing in this district.

3.47 The following statement shows the distribution of registered factories and unregistered workshops in the rural and urban areas of each of the districts/cities in the State together with the number of persons employed in them categorised by the type of fuel used.

STATEMENT III. 20

STATEMENT III. 20

DISTRIBUTION OF MANUFACTURING, PROCESSING OR SERVICING ESTABLISHMENTS OTHER THAN HOUSEHOLD INDUSTRIES CLASSIFIED BY FUEL/POWER OR MANUAL USED AND SIZE OF EMPLOYMENT

3.48 We may also find from the above statement that among the persons employed in the manufacturing establishments other than Household industry establishments (662,261 persons) the largest number of persons (239,277) are employed in establishments using electricity as fuel forming a proportion of 36.13%. The 21,135 establishments using coal, wood and bagasse forming the largest proportion of 45.87% of the total establishments that use some fuel/power together employ 177,756 persons occupying second place in the matter of employment. Persons employed in establishments using liquid fuel forming a proportion of 3.24% come next in order. Those working in establishments run on manual labour are 222,311 in number constituting a proportion of 33.57% of the total number of persons engaged in all types of non-household industry manufacturing establishments.

3.49 Electricity is predominantly used in the establishments in urban areas. Of the 187,481 persons in establishments using fuel/power in urban areas those working in establishments run on electricity form 88.81%. The number of establishments using coal, wood and bagasse and the number of persons employed in them are substantively more in rural areas than in urban areas of the State. In rural areas such people make a proportion of 63.99% of those employed in establishments using fuel/power. Urban areas have got a slight edge over rural areas in case of number of persons employed in establishments using manual labour.

3.50 Among the districts in the State, Hyderabad obviously ranked first with highest number of 58,816 persons engaged in 3,121 establishments using electricity as fuel. Visakhapatnam district with 31,374 persons in 876 such establishments follow next in order. In the establishments using coal, wood and bagasse Ongole district tops the list with 84,871 workers in 10,477 establishments. Guntur district occupy next rank with 42,533 persons in 3,826 establishments. The tobacco processing which is greatly prevalent in these two districts is instrumental for such phenomenon. A massive bulk of these establishments are located in rural areas of the two districts. The largest number of persons in establishments using manual labour is found in Nizamabad district where 42,420 persons work in 4,196 such establishments. They are largely concentrated in rural areas only. Guntur district with 32,793 persons in 2,281 establishments occupy second place. In Guntur district the urban areas dominate the rural areas in this matter.

3.51 Among the cities in Andhra Pradesh, Hyderabad is having the largest number of 7,537 establishments and 2,730 establishments of them use fuel/power and 4,807 establishments depend mainly on manual labour. Of the establishments using fuel/power, electricity is predominantly used in 2,355 establishments. Vijayawada comes next with 1,469 establishments, of which only 468 establishments use fuel/power and the remaining 1,001 establishments use manual labour only. Nizamabad takes the third place with 1,318 establishments. In this city also, manual labour is predominantly used. Such establishments are 1,132 in number. Among the establishments using fuel/power in other cities also, the proportion of establishments using electricity is high. The largest number of workers in the cities of Visakhapatnam, Kakinada, Rajahmundry, Eluru, Machilipatnam, Kurnool, Hyderabad and Warangal are employed in industries using electricity. Only in the cities of Vijayawada, Guntur, Nellore and Nizamabad the largest number of workers are employed in industries using manual labour.

3.52 Now let us observe the number of registered and unregistered workshops covered under different major groups of N.I.C., using various types of fuel in the districts of Andhra Pradesh. The following statement provides the data required in this behalf.

3.53 It may be seen from the above statement that 46,073 establishments out of 85,050 registered and unregistered workshops use some sort of fuel other than manual labour while 38,977 establishments in the State depend on manual labour only. Of the establishments covered under different major groups of National Standard Industrial Classification, those manufacturing food products (Major Group 20-21) have the largest number of 19,247 establishments using fuel other than manual labour. Of them, in as many as 11,778 establishments electricity is predominantly used as fuel. Among the districts in the State, Hyderabad district obviously has the largest number of 1,743 registered and unregistered workshops manufacturing food products with fuel other than manual labour. East Godavari district with 1,657 such establishments closely follows it. Of the 38,977 registered and unregistered workshops run on manual labour the highest number of 8,818 establishments are related to repairs (Major Group 39). In this aspect also Hyderabad district ranks first among the districts in the State with 1,391 establishments. East Godavari district again comes at second rank with 1,186 establishments. The number of establishments using electricity, liquid fuel and 'other fuels' is found larger in case of establishments manufacturing food products (Major Group 20-21) than the establishments categorised under other major groups of N.I.C. The establishments manufacturing beverages, tobacco and tobacco products (Major Group 22) use mostly coal, wood and bagasse for fuel. Ongole district has as many as 10,416 such establishments out of a total of 18,741 establishments of this type in the whole State. Of the establishments manufacturing food products (Major Group 20-21), Hyderabad district in case of electricity, East Godavari district in using liquid fuel, Srikakulam district in regard to 'Other fuels' have more number of registered and unregistered workshops than other districts. It may be further seen from the above statement that the establishments covered under Major Groups 20-21, 22, 28, 33, 34, 35 and 36 of National Standard Industrial Classification largely use some sort of fuel other than manual labour. Manual labour is predominantly used in the registered and unregistered workshops categorised under other major groups of divisions 2 and 3 of N.I.C.

3.54 The following statement shows the number of registered and unregistered workshops classified according to type of fuel used and the nature of establishments as per N.I.C. in cities in Andhra Pradesh.

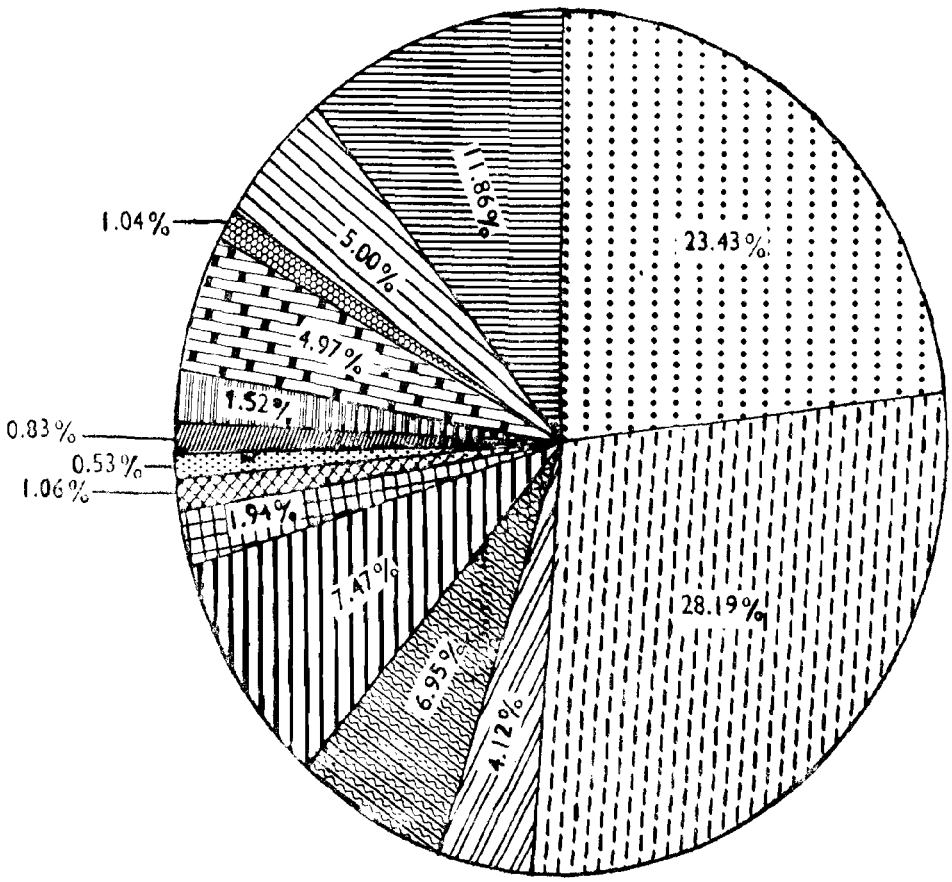

STATEMENT III-22

NOTE.—I AF/P: All Fuel/Power; E—Electricity; LF: Liquid Fuel; C.W.B. : Coal Wood & Bagasse; O.P : Other Power; II Manual : Manual Labour.

3.55 Of the twelve cities in Andhra Pradesh, Hyderabad Municipal Corporation in view of its heavy and massive population occupies first rank having the largest number of 7,537 registered and unregistered workshops other than household industry establishments. Vijayawada city with 1,469 establishments and Nizamabad city with 1,318 establishments occupy second and third ranks. Even in case of number of establishments run on different types of fuel, Hyderabad Municipal Corporation obviously leads all other cities except in the number of establishments which work with liquid fuel. Vijayawada city with 45 establishments run with liquid fuel comes first. In Hyderabad Municipal Corporation the largest number of registered and unregistered workshops run with different fuels other than manual labour relates to those manufacturing food products (Major Group 20-21). The establishments functioning on manual labour in this city are found in largest number in the establishments classified under Major Group 26—Manufacture of Textile products including weaving apparel other than footwear (1,711 establishments) followed by those covered under Major Group 39—Repair (1,286 establishments). The establishments run with liquid fuel in Vijayawada city are found in largest number in the category of establishments manufacturing food products only. In the establishment categorised under Major Groups 22, 24, 26, 27, 29, 38 and 39 of N.I.C., the number of establishments run on manual labour predominates those work with some other fuel/power in all the cities in Andhra Pradesh. Such situation in case of all fuels/power other than manual labour is found in the establishments classified under Major Group 20-21 and 36 only. Another feature that can be observed from the above table is that in all cities in Andhra Pradesh the total number of registered and unregistered workshops (Division 2 & 3) run on manual labour is higher than those work with some sort of fuel/power.

3.56 We may now observe the number of persons employed in different types of registered and unregistered workshops classified under various major groups of N.I.C. according to the type of fuel used in the districts of Andhra Pradesh State from the statement.

3.57 We may observe from the above statement that out of 662,261 persons employed in registered and unregistered workshops in the State, as many as 439,950 persons constituting a proportion of 66.43% work in establishments using some sort of fuel/power other than manual labour. Ongole among districts in Andhra Pradesh possesses the largest number of such workers (90,143). Their proportion works out to 20.49% of the workers in establishments using power in the whole State. Hyderabad (13.87%) and Guntur (13.82%) districts take the second and third places. The 239,277 persons working in registered and unregistered workshops using electricity form the largest group (54.39%) among the total number of 439,950 persons in establishments run with fuel other than manual labour. Among the 222,311 persons employed in establishments mostly dependent and manual labour in the State, Nizamabad district has 19.08% of the workers followed by Guntur district (14.75%). If we view the number of workers in different types of establishments as per the fuel used we find that the establishments categorised under Major Groups 26, 27, 29, 38 and 39 only have the predominance of manual labour over those in establishments run with other fuel. The establishments manufacturing tobacco and tobacco products (Major Group 22) engage the largest number of persons both in case of those run with manual labour as well as with some power when compared to other types of registered and unregistered workshops. They form 51.63% and 41.06% in the total number of people engaged in all types of establishments using manual labour and some fuel respectively in the State. Among the districts, Nizamabad (38,159 workers) and Ongole (85,976 workers) have preponderant proportions of workers in these two categories of establishments respectively manufacturing beverages, tobacco and tobacco products. If we see the number of workers in establishments using different types of fuel, we find that the establishments manufacturing food products (Major Group 20-21), beverages, tobacco and tobacco products (Major Group 22) employ the largest number of workers in establishments run on electricity and coal, wood and bagasse respectively in the State. Nizamabad district in case of establishments covered under M.G. 20-21 and run on electricity (8,862 workers). Ongole district in case of establishments categorised under M.G. 22 with coal, wood and bagasse (84,545 workers) have the largest number of workers among the districts in the State. 21,441 workers are employed in the establishments run with liquid fuel in the State. Of them as many as 19,497 workers are found in establishments manufacturing food products only. West Godavari district has the largest number of 2,687 such workers. The establishments which work with other power together employ very meagre number of 1,476 workers in the whole State. In this aspect also the establishments manufacturing food products (Major Group 20-21) employ the bulk number of 1,382 workers and Srikakulam district has the larger number of workers 239 than other districts in Andhra Pradesh. In all, Chittoor, Mahbubnagar, Medak, Nizamabad and Karimnagar districts have preponderance of workers engaged in establishments run on manual labour over those in establishments run on some sort of power in the registered and unregistered workshops in Andhra Pradesh State.

3.58 Let us observe the pattern of employment in registered and unregistered workshops classified according to type of fuel used in cities in Andhra Pradesh. The following statement may be studied.

STATEMENT III. 24

NUMBER OF PERSONS EMPLOYED IN THE MANUFACTURING ESTABLISHMENTS (OTHER THAN HOUSEHOLD INDUSTRIES) CATEGORISED ACCORDING TO N.I.C AND BY THE TYPE OF FUEL USED IN THE CITIES OF ANDHRA PRADESH

Division/Major Group of N.I.C.	Type of Fuel	Visakhapatnam	Kakinada	Rajahmundry	Eluru	Machilipatnam (Bandar)	Vijayawada	Guntur	Nellore	Kurnool	Municipal Corporation of Hyderabad	Nizamabad	Warangal

I.AF/P: All Fuels/Power; E: Electricity; LF:Liquid Fuel; CWB: Coal, Wood and Bagasse; OP: Other Power
II. Manual : II. Manual Labour

3.59 It is seen from the above Statement that Municipal Corporation of Hyderabad (50,949 persons). Guntur (21.537 persons) and Visakhapatnam (17,050 persons) have occupied first three places respectively in the matter of number of persons engaged in registered and unregistered workshops among cities in Andhra Pradesh. In Guntur, Nellore, Municipal Corporation of Hydrabad and Nizamabad cities the number of workers in establishments run on manual labour is dominating over those in establishments run with some fuel/power. In rest of the cities more number of persons are found working in latter kind of establishments. In these establishments electricity is predominantly used for fuel. Municipal Corporation of Hyderabad for obvious reasons has the largest number of workers in case of both the types of establishments i.e., those run on manual labour and those run with other fuels. In the four cities which have larger number of workers engaged in registered and unregistered workshops run predominantly with manual labour, the number of those working in establishments manufacturing of beverages, tobacco and tobacco products (Major Group 22) in Guntur and Nizamabad cities and of those engaged in establishments attending to repairs (Major Group 39) in Municipal Corporation of Hyderabad and Nellore city are worthmentioning. Visakhapatnam city in establishments classified under Major Group 37, Kakinada and Warangal cities under Major Group 23, Vijayawada and Rajahmundry cities under Major Group 28, Eluru under Major Group 25, Kurnool under Major Group 20-21 and Machilipatnam under Major Group 38 have large number of workers in registered and unregistered workshops functioning with electricity as predominant fuel. Of the cities in Andhra Pradesh large numbr of workers in establishments run with coal, wood and baggasse is found in Guntur city (1,693 workers). Most of these workers (1,479 workers) are found working in establishments manufacturing beverages, tobacco and tobacco products (Major Group 22). The highest number of 556 workers in establishments using liquid fuel among cities in Andhra Pradesh is found in Vijayawada followed by Warangal city with 463 such workers. In Vijayawada, most of these workers are engaged in establishments manufacturing paper and paper products etc., (Major Group 28). In Warangal city such workers are found in larger number in establishments making food products (Major Group 20-21).

Type of fuel/power used in household industry establishments

3.60 The following statement gives the proportion of household industry establishments in the State as well as in the districts by size class of employment.

STATEMENT III. 25

DISTRIBUTION OF HOUSEHOLD INDUSTRY ESTABLISHMENTS BY SIZE CLASS OF EMPLOYMENT IN THE DISTRICTS OF THE STATE

State/District	Total No. of household industry establishments	One person units	2-4 persons units	5-9 persons units	10-19 persons units	Persons unspecified

3.61 It may be seen from the above statement that 53.7% of the household industry establishments in Andhra Pradesh employ 2-4 persons each. Single person establishments take the second place with a proportion of 41.7%. Establishments with 5-9 persons each account for 4.1% only. Establishments employing 10-19 persons each form 0.5% of the total household industry establishments in the State.

3.62 In Andhra Pradesh, manual labour is predominantly used in household industry. Of the 217,128 household industry establishments in the State, fuel/power is used only in 12,223 or 5.6% of the establishments. Manual labour is used in the remaining 94.4% establishments. Among the household industry establishments using power other than manual labour, the proportion of establishments using coal, wood and bagasse is the highest. 3.3% of the household industry establishments use coal, wood and bagasse for fuel. Electricity is predominantly used as fuel only in 0.2% of the household industry establishments in the State. Liquid fuel is used in 0.1% of the establishments while 2.0% of the household industry establishments use other power. The pattern is similar both in the rural and the urban areas. The following statement shows the distribution of household industry establishments among the rural and urban areas of districts and cities in Andhra Pradesh by type of fuel used.

3.63 It may be observed from the above statement that only in the districts of Srikakulam, Visakhapatnam, East Godavari, Chittoor, Adilabad and Karimnagar 'Other power' (power other than electricity, liquid fuel and coal, wood and bagasse) is used in larger number of household industry establishments run with power other than manual labour while in the rest of the 15 districts in Andhra Pradesh large number of household industry establishments use coal, wood and bagasse for fuel. In rural and urban areas similar situation is observed in these districts except only in rural areas of Cuddapah and Nizamabad districts where large number of household industry establishments running with power other than manual labour use 'Other power'. (Similarly in the above referred six districts in which large number of household establishments use 'Other power', their urban areas except in Adilabad have more number of establishments run with coal, wood and bagasse than with other power.)

3.64 In all the cities coal, wood and bagasse form the predominant fuel material in large number of household industry establishments running with power other than manual labour.

3.65 The following statement shows the proportion of household industry establishments in the districts of Andhra Pradesh using fuel/power and manual labour in the household industry.

STATEMENT III. 27

State/District	Total No. of household industry units	Fuel/Power	Manual labour
1	2	3	4
Andhra Pradesh	**1000**	**56**	**944**
Srikakulam	1000	82	918
Visakhapatnam	1000	144	856
East Godavari	1000	61	939

Warangal	1000	19	981
Khammam	1000	170	830
Nalgonda	1000	52	948

3.66 It is seen from the above statement that highest proportion of the establishments using fuel/power in household industry establishments is in Khammam district. In 17.0% of the household industry establishments in this district fuel/power is used while in 83.0% of the establishments manual labour is predominantly used. Visakhapatnam district takes the second place with 14.4% of the establishments using fuel/power and 85.6% using manual labour. West Godavari district ranks third with 11.2% of the establishments using power. Nizamabad district has the lowest proportion of 1.00% of the household industry establishments using fuel/power. The remaining 99.0% establishments use manual labour only.

3.67 The proportion of household industry establishments using fuel/power is more in the establishments employing 2-4 persons than in the establishments in the other size classes of employment.

3.68 Of the total 12,223 household industry establishments using fuel/power other than manual labour, as many as 6,023 establishments (49.27%) employ 2-4 persons each. The following statement shows the distribution of household industry establishments using different types of fuel/power by size class of employment in Andhra Pradesh State as a whole.

STATEMENT III. 28

DISTRIBUTION OF HOUSEHOLD INDUSTRY ESTABLISHMENTS USING DIFFERENT TYPES OF FUEL/POWER BY SIZE CLASS OF EMPLOYMENT IN ANDHRA PRADESH

Type of Fuel/Power used	Total Establishments	ESTABLISHMENTS EMPLOYING EACH				
		one person	2-4 persons	5-9 persons	10-19 persons	Persons unspecified
1	2	3	4	5	6	7
Total	**100**	**41·70**	**53·73**	**4·12**	**0·45**	**N**
I. All fuel/Power	100	42·56	49·27	8·15	..	0·02
Electricity	100	34·25	54·21	11·54	..	..
Liquid Fuel	100	41·01	52·81	6·18	..	..
Coal, Wood & Bagasse	100	35·25	52·39	12·33	..	0·03
Other power	100	55·19	43·62	1·19	..	..
II. Manual	100	41·65	54·00	3·87	0·48	N

N: Negligible

3.69 It may be noticed from the above statement that except in the case of household industry establishments using 'Other Power' in all other categories the largest proportion of establishments are found employing 2-4 persons each. The establishments using other power are found in largest number in the category of '1 person' establishments (55.19%).

3.70 The following statement shows the distribution of household industry establishments in Andhra Pradesh with different employment sizes by type of fuel/power used.

STATEMENT III. 29

DISTRIBUTION OF HOUSEHOLD INDUSTRY ESTABLISHMENTS OF DIFFERENT EMPLOYMENT SIZES BY TYPE OF FUEL/POWER USED

Type of Fuel/Power used	ESTABLISHMENTS EMPLOYING EACH					
	Total	One Person	2-4 persons	5-9 persons	10-19 persons	Persons Unspecified
1	2	3	4	5	6	7
Total	**100**	**100**	**100**	**100**	**100**	**100**
I. All Fuels/Power	5·63	5·75	5·16	11·15	..	40·00
Electricity	0·24	0·19	0·24	0·66	..	..
Liquid Fuel	0·08	0·08	0·08	0·12	..	..
Coal, Wood and bagasse	3·26	2·76	3·18	9·77	..	40·00
Other power	2·05	2·72	1·66	0·60	..	..
II. Manual Labour	94·37	94·25	94·84	88·85	100·00	60·00

3.71 A cursory glance of the above statement reveals that a massive bulk of the establishments constituting 94.37% of the total household establishments in the State are run by manual labour only. Coal, wood and bagasse come next but being used only by 3.26% of the household industry establishments. We may find a different pattern in establishments with employment size of 5-9 persons each. In these establishments fuel/power other than manual labour is used in more than one-tenth (11.15%) of the establishments. Coal, wood and bagasse constitute important source of fuel/power for this category of establishments. The proportion of such establishments works out to 9.77% of the total household industry establishments with 5-9 persons each.

3.72 Fuel/power is used in a large number of household industry establishments manufacturing food products. 81.2% of the establishments categorised under Major Group 20-21 manufacture of food products, use fuel/power. Even in these establishments coal, wood and bagasse are used in 23.8% of the establishments; electricity is used in 3.6% and liquid fuel in 1.7% of the establishments. Other power is used in 52.1% of the establishments while manual labour is used only in 18.8% of the establishments. In all other types of establishments i.e., other than these manufacturing of food products—manual labour plays a predominant role.

3.73 The following statement shows the actual number and proportion of different types of household industry establishments using fuel/power and manual labour.

STATEMENT III. 30

DISTRIBUTION OF HOUSEHOLD INDUSTRY ESTABLISHMENTS CLALSSIFIED UNDER N.I.C. BY FUEL/POWER AND MANUAL LABOUR USED, IN ANDHRA PRADESH

(a) Absolute figure (b) percentage N: Negligible

3.74 It may be seen from the above statement that almost all the household industries manufacturing leather and leather products and fur products (Major Group 29) with an exception of only 4 estts. and those manufacturing electrical, machinery, apparatus, appliances and supplies and parts (Major Group 36) on household industry basis do not use power at all and they entirely depend on manual labour only. Fuel and power are used in a large number of establishments manufacturing food products (Major Group 20-21). 6,836 establishments or 81.2% of the total of 8,423 establishments manufacturing food products on household industry basis in the State use fuel/power other than manual labour. The establishments manufacturing metal products and parts (Major Group 34), basic metals and alloys (Major Group 33) and rubber, plastic, petroleum and coal products (Major Group 30) come next in order to the establishments manufacturing food products in the use of power. The establishments manufacturing textiles of all kinds covered under Major Groups 23, 24, 25, 26 wood and wood products (Major Group 27) non-metallic mineral products (Major Group 32) and those establishments attending to repairs etc., that use power or fuel are in negligible number.

3.75 The following statement shows the distribution of household industry establishments among different Major Groups of N.I.C. according to the type of fuel used in the districts of the Andhra Pradesh.

22	31	44	23	285	60	75	10	63	27	26	29

3.76 As is seen from Statement III. 30 the household industry establishments manufacturing cotton textiles (Major Group 23), wood and wooden products, furniture and fixtures (Major Group 27) and non-metallic mineral products (Major Group 32) are larger in number in order than of other types of establishments in the State. Of the total 83,034 establishments manufacturing cotton textiles on household industry basis in the State almost all (99.9%) are run by manual labour only. Among the districts in the State, East Godavari has the largest number of 11,358 household industry essts. under major group 23 run with manual labour forming a proportion of 13.69% of such estts. in the whole State followed by Cuddapah (8.59%) and Srikakulam (7.76%) districts. In the manufacture of wood and wooden products, etc., (Major Group 27) also we find 30,355 establishments out of a total of 30,467 establishments in the state are used manual labour. 8.96% of these establishments are found in Srikakulam district (2,721 establishments) closely followed by Nalgonda (8.23%) and Mahbubnagar (7.30%) districts. The next group of household industry establishments in numerical strength relates to those manufacturing non-metallic mineral products such as clay, glass, mica products, cement porcelainware, lime, chinaware, etc., (Major Group 32). Out of 22,609 such establishments in the State 99.5% run with manual labour only. 1,896 establishments or 8.43% are located in Karimnagar district. Mahbubnagar (7.94%) and Srikakulam (7.76%) districts follow next in order. In Andhra Pradesh only 12,223 establishments out of a total of 217,128 household industry establishments use fuel/power other than manual labour forming a small proportion of 5.6%. Of them 6,836 establishments or 55.93% manufacture food products (Major Group 20-21). They constitute 81.2% of the total household industry establishments classified under Major Group 20-21 (both the types of household industry establishments using fuel/power and manual labour put togther). The largest number of these establishments (1,181 or 17.28% establishments) is noticed in Visakhapatnam district followed by Srikakulam (15.26%) and East Godavari (14.26%) districts. Next comes the establishments manufacturing metal products and parts with a number of 2,859 forming a proportion of 37.7% of the household industries categoriesed under Major Group 34 of N.I.C. Nalgonda among districts in the State has slightly exceeding one-fifth of these establishments (622 establishments or 21.8%). Hyderabad district with a proportion of 10.8% comes next in order.

3.77 The statement given below indicates the similar distribution of the household industry establishments in cities in Andhra Pradesh.

	II	13	5	16	10	6	12	13	6	5	156	7	9

3.78 We may observe from the above statement that the number of household industry establishments manufacturing food products (Major Group 20-21) and using fuel/power is more than those run with manual labour in all the cities in Andhra Pradesh with a lone exception of Nizamabad where there are only 2 establishments of this type against 6 establishments run with manual labour. In all the establishments classified under other Major Groups of N.I.C. the number of establishments run with manual labour predominates over that of establishments run with some sort of fuel/power. A large number of establishments run mainly on manual labour is noticed in the group of establishments manufacturing textile products (Major Group 26) in the cities of Visakhapatnam, Kakinada, Vijayawada, Nellore, Municipal Corporation of Hyderabad and Warangal. In Rajahmundry city the establishments manufacturing wood and wooden products etc., (Major Group 27) are in largest number. The manufacture of cotton textiles (Major Group 23) has the largest number of household industries depended mainly on manual labour in the cities of Eluru, Machilipatnam and Guntur. In Kurnool and Nizamabad cities, the establishments manufacturing beverages, tobacco and tobacco products (Major Group 22) form largest proportion of total household industrial establishments in them running on manual labour. In the total house hold industrial establishments (Division 2 & 3) the fuel for which is mainly drawn from manual labour, the largest number is returned by Nizamabad city (3,247 establishments). In case of establishments run with some sort of fuel/power other than manual labour, the first place is obviously occupied by Municipal Corporation of Hyderabad.

3.79 It may be concluded that household industry establishments are still depending largely on manual labour only. There is no significant rural/urban differential in this pattern as is revealed from the following statement.

STATEMENT III. 33

NUMBER OF PERSONS EMPLOYED IN HOUSEHOLD INDUSTRY ESTABLISHMENTS USING FUEL/POWER AND MANUAL LABOUR CLASSIFIED ACCORDING TO THE N.I.C. 1970 IN THE DISTRICTS OF ANDHRA PRADESH

Note : (a) Absolute figure; (b) Percentage

3.80 It may be seen from the above statement that the urban-rural differential in utilising fuel/power is more pronounced only in respect of units categorised under Major Group 22, 30, 31, 33, 34 and 35. In respect of establishments covered under other major groups of N.I.C. the proportions are by and large similar.

3.81 We may now observe the number of workers employed in household industries using fuel/power and manual labour classified according to the N.I.C. 1970 in the districts of Andhra Pradesh. The following statement provides these data.

47	65	34	438	79	112	16	108	44	33	43	**2,864**

3.82 A glance at the above statement reveals that East Godavari district has the largest number of 38,413 workers in household industries run with manual labour out of a total of 410,500 such workers in the whole State giving out a proportion of 9.36%. Srikakulam district with 33,016 workers of this type follows next in order (8.04%). Among the establishments which are dependent on manual labour and categorised according to N.I.C., the largest number of household industrial workers (194,985 persons) is found in the group of establishments manufacturing of cotton textiles (Major Group 23). Of the 21 districts in the State, the largest number of 25,342 workers are returned in East Godavari district (13.00%) Cuddapah and Srikakulam districts occupy second and third ranks with 17,488 and 17,034 such workers respectively. The establishments manufacturing wood and wood products, furniture and fixtures (Major Group 27) on houshold industry basis with manual labour employ the next largest number of 55,344 workers in the State. In this matter, Srikakulam district ranks first among the districts in Andhra Pradesh with 5,351 workers forming a proportion of 9.67%. The other group of household industry establishments that have a total employment of 42,221 persons relates to the manufacture of non-metallic mineral products. Srikakulam district again tops the list with 4,283 workers in these establishments followed by Karimnagar (3,384 workers) and Mahbubnagar (3,143 workers) districts.

3.83 As stated earlier fuel/power other than manual labour is not at all significant in the establishments run on household industry basis. In the entire State of Andhra Pradesh only 25,439 persons are found working in establishments predominantly run by fuel/power other than manual labour on household industry basis. Of these persons, 3,096 are found in Khammam district. Visakhapatnam district has the next largest number of 2,455 persons. The establishments manufacturing food products (Major Group 20-21) employ 12,370 persons constituting a proportion of 48.63% of the total 25,439 workers in establishments run with fuel/power other than manual labour in the State. Slightly less than one-sixth of these workers (1,991 workers) belong to Srikakulam district. Visakhapatnam district closely follows it with 1,957 such workers. The establishments manufacturing beverages, tobacco and tobacco products (5,748 workers) and metal products and parts except machinery and transport equipment and parts (5,285 workers) have considerable number of these workers. Khammam and Nalgonda districts occupy the first ranks with 2,945 and 1,094 workers respectively in these two types of establishments.

3.84 The employment position in the household industry establishments in the cities of Andhra Pradesh can be seen from the following statement.

STATEMENT III. 35

I—Fuel/Power; II—Manual Labour

3.85 As is revealed by the above statement, Nizamabad city has the largest number of 4,701 workers engaged in household industries run predominantly with manual labour. Of them as many as 4,375 persons are found in the establishments manufacturing beverages, tobacco and tobacco products. After Nizamabad, second place is occupied by Municipal Corporation of Hyderabad with 3,019 workers. Of them largest number (980 workers) is found engaged in establishments manufacturing textile products (Major and Warangal also have the largest number of workers Group 26). Besides Municipal Corporation of Hyderabad, the cities of Visakhapatnam, Kakinada Vijayawada Nellore and Warangal also have the largest number of workers in the establishments run on manual labour and manufacturing textile products (Major Group 26) when compared with the number of persons in household industry establishments categorised under other Major Groups of N.I.C. Rajahmundry in the establishments covered under Major Group 27 (manufacture of wood and wood products, etc.), Eluru, Machilipatnam, Guntur, in the establishments under Major Group 23 (Manufacture of cotton textiles) and Kurnool and Nizamabad in establishments under Major Group 22 (manufacture of beverages, tobacco etc.) have the predominance of workers than in establishments of other groups of N.I.C. In establishments categorised under Major Group 20-21 the number of workers in the household industries using mainly some fuel/power other than manual labour is very much dominating over those in establishments run on manual labour in all the cities in Andhra Pradesh except in Municipal Corporation of Hyderabad and Nizamabad. With a few exceptions, in establishments classified under all other major groups of N.I.C., the number of workers in establishments run on manual labour is dominating over that of workers in establishments run by some fuel/power other than manual labour in almost all the cities in Andhra Pradesh.

Size of trade establishments

3.86 There are 318,277 trade and business establishments in the State employing 643,144 persons. In the rural areas there are 188,765 establishments employing 312,984 persons and in the urban areas there are 129,512 establishments employing 330,160 persons. The distribution of the different trade establishments in Andhra Pradesh by size of employment is given below.

STATEMENT III. 36

DISTRIBUTION OF TRADE ESTABLISHMENTS BY SIZE OF EMPLOYMENT

3.89 We may observe from the above statement that among the 14,105 wholesale trade establishments as many as 7,665 establishments or 54.34% of them employ 2—4 persons each. Of the 21 districts in the State the highest number of 969 establishments of this category is found in Hyderabad district forming a proportion of 55.72% of the total wholesale trade establishments in the district and 12.64% of the total wholesale establishments employing 2—4 persons each in the whole State. The total number of 2,720 persons employed in these establishments form 34.50% of the total wholesale trade workers in the district. Of these 969 establishments in Hyderabad district as many as 672 establishments relate to wholesale trade in food, textiles, live animals, beverages and intoxicants (Major Group 60), 542 establishments of this type are located in Municipal Corporation of Hyderabad only. Next to Hyderabad district, East Godavari district with 867 establishments and Krishna district with 655 establishments occupy second and third places in respect of number of wholesale establishments with 2—4 persons each. After the size class of employment of 2—4 persons, single person establishments which are 3,467 in number dominate the wholesale trade establishments in the State. These establishments constitute 24.58% of the total wholesale trade establishments in the State. East Godavari district has the largest number of 388 single person wholesale trade establishments. Ongole (342 establishments) and West Godavari (292 establishments) districts follow next in order. The establishments employing 5—9 persons each rank third (i.e., after the establishments with 2—4 persons each and single person establishments) among the establishments with different size classes of employment in the State. These establishments which are 2,225 in number form 15.77% of the total wholesale trade establishments in the State. The wholesale trade establishments with 5—9 persons each are found in largest number in Hyderabad district (422 establishments) employing 2,669 persons followed by East Godavari (226 establishments) and Krishna (195 establishments) districts. The number of wholesale trade establishments employing 100 persons or more in the State (23 establishments) is higher than the number of establishments employing between 50—99 persons each (15 establishments). The establishments with 100 persons each are found in largest number of 16 establishments in Ongole district employing a total of 4,083 persons. Only one establishment of this type is located in the urban areas of Ongole district and the remaining 15 establishments are in rural areas of the district. These establishments mostly relate to wholesale trade in tobacco and tobacco products only. In Guntur district there are three wholesale trade establishments employing 100 persons or above (two are located in urban areas and one in rural areas). The remaining 4 establishments are found in Visakhapatnam, Krishna, Hyderabad and Nalgonda districts at the rate of one in each.

3.90 The largest number of persons working in the wholesale trade in the State are employed in the establishments with 2—4 persons each. 20,605 persons or 37.66% of the total number of persons in wholesale trade are employed in this category of establishments. The establishments with 5—9 persons each employ the next largest number of 13,642 persons (24.93%). The third place is occupied by the establishments with 10—19 persons each (12.51%). Among the cities in Andra Pradesh, Hyderabad has the largest number of 824 wholesale trade establishments with 2—4 persons employed in each when compared with the number of establishments with different size classes of employment. Vijayawada follows it with 416 establishments of this type. Hyderabad city being the capital of Andhra Pradesh State enjoys the commendable position than other cities in the number of wholesale establishments of all the size classes of employment and number of persons employed except in case single person estab ishments wherein Vijayawada city is in dominant position with 177 establishments whereas in Hyderabad city we find 154 establishments of this category. Guntur city has two wholesale trade establishments with 100 or more employed in each. Next comes Visakhapatnam and Hyderabad cities with one establishment each.

Retail Trade Establishments:

3.91 Among the 249,724 retail trade establishments in the State, single person establishments occupy the first place with the largest number of 153,104 such establishments (61.31%) but stood second in regard to the number of persons employed in them. The proportion of persons employed in single person establishments works out to only 37.23% of the total number of workers in retail trade in contrast to 50.40% workers in establishments with 2—4 persons each. Establishments with 2—4 persons each which are 90,401 in number take the second rank in regard to the number of establishments. The establishments with 5—9 persons each (5,167 establishments) occupy the third place both in regard to the number of establishments and in regard to the number of persons employed (31,010 persons) but constitute small proportion both in respect of number of establishments as well as employment provided 2.07 and 7.54% respectively). The retail trade establishments with persons with 10 persons or more are only 1,052 in number and they together employ only 19,870 persons forming a very meagre proportion of only 4.83% of the total workers in retail trade.

3.92 We may observe from the above statement that Hyderabad district in regard to both the total number of retail trade establishments in all size classes of employment and also number of persons employed occupies the first rank among the districts in the State except Visakhapatnam obviously due to heavy concentration of people in the capital city of Hyderabad. Visakhapatnam district has the largest no. of 2291 persons in establishments employing each hundred persons or more. As in the State as a whole, the single person establishments form the largest number among retail trade establishments with different size classes of employment while the largest number of persons are found in the establishments with 2—4 persons each in 11 districts of the State. In the rural areas of West Godavari, Nellore, Chittoor, Cuddapah, Anantapur, Kurnool, Mahbubnagar, Medak and Adilabad districts, the number of persons employed too is the largest in single person establishments when compared to other establishments with different size classes of employment. In the urban areas of Warangal district a peculiar feature is observed i.e., the number of retail trade establishments and number of the persons employed are the largest in the size class of establishments employing 2—4 persons each. In Guntur and Hyderabad districts, both the number of establishments and the number of persons employed are more in urban areas than in rural areas in all the establishments of different size classes of employment. Leaving these two districts such position is observed in Krishna and Chittoor districts in case of establishments with 2—4 persons each. In the case of number of retail trade establishments with 5—9 persons each, the rural areas of Srikakulam, Ongole, Mahbubnagar, Medak, Nizamabad, Karimnagar and Nalgonda districts dominate their urban areas. Of the 13 large retail trade establishments in the whole State employing each 100 persons or more 4 are located in rural areas employing a total number of 2,450 persons whereas 9 such establishments in urban areas employ lesser number of only 1,471 persons. Of them, the largest number of 2,000 persons are employed in only one retail trade establishment in the rural area of Visakhapatnam district. This establishment relates to retail trade in food and food articles, beverages, tobacco and tobacco products and intoxicants (Major Group 65). Hyderabad district has five large establishments of retail trade in its urban areas—totally employing 780 persons. All these five establishments are in Hyderabad Municipality only. Among the cities in Andhra Pradesh, after Hyderabad city (17,875 establishments), Vijayawada has the largest number of retail trade establishments (3,264 establishments) followed by Guntur city (3,115 establishments). Hyderabad city is in leading position in respect of establishments of all size classes of employment and Vijayawada follows it with next rank except in regard to establishments with 50—99 persons each. Kurnool city occupies second rank in this matter next to Hyderabad city with one establishment of this size. As in the case of several districts in Andhra Pradesh, the number of establishments is largest in single person establishments in all cities except Rajahmundry and Warangal and the employment of persons is largest in establishments with 2—4 persons each in all the cities in Andhra Pradesh.

Other Business Establishments

3.93 Among the other business establishments in Andhra Pradesh numbering 54,448 establishments with 2—4 persons each take the first place both in regard to the number of establishments as well as the number of persons employed. There are 27,311 establishments in this category making a proportion of 50.16% of other business establishments. They employ 68,181 persons constituting 38.48% of the total 177,195 persons in other business establishments. Establishments with 5—9 persons each although take third place in regard to number of establishments (4,546 establishments) they take the second place in regard to employment of persons (28,182 persons). The establishments with 10—19 persons each (1,772 establishments) actually rank 4th in respect of number of establishments but take the third place in respect of the persons employed (22,415 persons). Single person establishments (19,965 establishments) which take the second place in regard to the number of establishments come only at fourth place in regard to the number of persons employed (19,965 persons).

3.94 The following statement shows the districtwise and citywise distribution of business establishments other than wholesale and retail trade establishments by size of employment.

3.95 It may be seen from the above statement that in the districts of Andhra Pradesh also the business establishments other than wholesale and retail trade establishments employing 2-4 persons each form the largest group except in Nellore and Chittoor districts where the single person establishments are in largest number. However, the number of persons employed is more in the establishments with 2-4 persons each than in single person establishments in all the districts of the State. Of the 27,311 establishments with 2-4 persons each, the largest number of these establishments is found in East Godavari district (3,932 establishments) followed by Visakhapatnam district (2,223 establishments) and Srikakulam district (2,115 establishments). A bulk of the establishments in all the districts relates to restaurants and hotels (Major Group 69). The other establishments covered under this category deal with financing, insurance, real estate and business services (Division 8). Large trading establishments employing each 100 persons or more are obviously concentrated in urban areas. 42 of the 52 such establishments in the whole State are located in the urban areas only. Hyderabad district with its commanding position has 18 establishments of this category followed by Visakhapatnam (6 establishments), Guntur (5 establishments) and Krishna (4 establishments) districts. Further it is observed that single person establishments and those with 2—4 persons each are more in number in rural areas than in urban areas of the State. Establishments of other size classes of employment are more in number in urban areas.

3.96 Among the cities in Andhra Pradesh, Hyderabad Municipal Corporation has the largest number of 3,143 business establishments other than wholesale and retail trade establishments followed by Guntur (755 establishments) and Vijayawada (673 establishments). Hyderabad Municipal Corporation with its advantageous position attained due to location of State's highest seat of administration dominates all other cities in the State with largest number of establishments and number of persons employed in each size class of employment. As in the districts, in cities also, the establishments with 2—4 persons each are in larger number than other size classes of employment except in Eluru and Nellore cities. In the cities of Visakhapatnam and Vijayawada largest number of persons are employed in the establishments with 5—9 persons each while in Machilipatnam and Hyderabad Municipal Corporation establishments with 100 persons or more in each employ larger number of persons than other types of establishments. In all the remaining cities establishments with 2—4 persons each provide employment to a large number of persons.

3.97 The persons employed in retail trade dealing with food and food articles, beverages, tobacco and intoxicants (Major Group 65) form the largest segment among the persons engaged in all types of retail trade. The number of persons employed in such establishments is 298519 out of the total 643144 persons employed in all types of trade and business establishments making a proportion of 46.42%. Hotel industry comes next in importance. 137,869 persons are employed in 46,289 restaurants and hotels (Major Group 69). The third place is taken by wholesale trade establishments dealing with food, textiles, live animals, beverages and intoxicants (Major Group 60). The 10,271 establishments of this type together employ 41,725 persons.

3.98 The following statement shows the distribution of trade and business establishments as per the N.I.C. together with the number of persons employed therein in rural and urban areas of the State.

STATEMENT III. 40

DISTRIBUTION OF TRADE AND BUSINESS ESTABLISHMENTS AND NUMBER OF PERSONS EMPLOYED IN RURAL AND URBAN AREAS OF THE STATE AS PER N.I.C.

,, 65. Retail trade in food and food articles, beverages, tobacco and intoxicants	196,301	298,519	137,626	201,337	58,675	97,182
,, 66. Retail trade in textiles	18,304	33,593	8,575	14,031	9,729	24,562
,, 67. Retail trade in fuel and other household utilities and durables	17,787	35,667	3,075	4,828	14,712	30,839
,, 68. Retail trade in others	17,332	38,457	3,897	6,717	13,435	31,740
,, 69. Restaurants and hotels	46,289	137,869	30,249	65,653	16,040	72,216
Financing Insurance, Real estate and business services	**8,159**	**39,326**	**1,935**	**5,440**	**6,224**	**33,886**
Division 8—						
Major Group 80. Banking and similar types of financial institutes	3,532	25,395	1,059	3,932	2,473	21,463
Major Group 81. Providents and Insurance	110	2,211	2	3	108	2,208
Major Group 82. Real estate and business services	4,088	10,860	832	1,454	3,256	9,406
Major Group 83. Legal services	429	860	42	51	387	809

3.99 We may observe from the above statement that all types of trade and business establishments categorised under different major Groups of N.I.C. except those covered by Major Groups 65 and 69 are more in number in urban areas than in rural areas. In case of number of persons employed in different types of trade/commercial establishments in the State, we may observe that except in the establishments dealing with retail trade in food and food articles, beverages, tobacco and intoxicants (Major Group 65) in all other categories of establishments, the number of persons employed in urban areas is more than those in the rural areas. Further, it may be seen from Table E-III printed in Part III B Vol. of Andhra Pradesh that big establishments employing 100 or more persons are found in greater proportion in the wholesale trade dealing with food, textiles, live animals beverages and intoxicants (Major Group 60) restaurants and hotels (Major Group 69) and banking and similar type of financial institutions (Major Group 80). There are no trade/commercial establishments employing 100 and more persons categorised under Major Groups 61, 64, 66 and 83. Of the establishments with employment size of 50—99 persons each, the largest proportion relates to restaurants and hotels (Major Group 69). Banking and similar type of financial institution (Major Group 80) come next in order. Retail traded in food and food articles (Major Group 65) take the third place. Wholesale trade establishments in food, textiles, live animals, beverages and intoxicants (Major Group 60) take the fourth place. Among the trade/business establishments of size 20—49 persons each, hotels and restaurants (Major Group 69) form the largest proportion of 42.40%. Banking and similar type of financial institutions take the second place with a share of 20.31%. Retail trade establishments dealing in food and food articles, beverages, tobacco and intoxicants (Major Group 65) take the third place with 11.88%. The establishments with 20—49 persons each exist in all categories. Even among the establishments employing 10—19 persons each which are 3,186 in number, hotels and restaurants (Major Group 69) with a share of 40.58% top the list. Retail trade establishments dealing in food and food articles etc. (Major Group 65) take the second place with 13.78% and establishments engaged in wholesale trade in food, textiles, etc., (Major Group 60) take the third place with almost an equal proportion of 13.68%. In the establishments with 5—9 persons each (11,938 establishments) also hotels and restaurants take the first place with a share of 30.11%. Retail trade establishments dealing in food and food articles (Major Group 65) take the second place (20.53%). Wholesale trade establishments related to food, textiles etc., (Major Group 60) take the third place (14.12%). Among the 125,377 establishments with 2—4 persons each those dealing in retail trade in food and food articles (Major Group 65) take the first place (51.10%). Restaurants and hotels (Major Group 69) take the second place (18.78%). Of the single person trade establishments which are 176,536 in number about three-fourths of them (73.19%) conduct retail business in food and food articles (Major Group 65). Restaurants and hotels (Major Group 69) come only next in order and constitute 9.81% of the total single-member trade/business establishments.

3.100 We may now observe the distribution of the Trade and commercial establishments as per the N.I.C. in the districts of Andhra Pradesh. The following statement may be referred to.

3.101 The above statement reveals that the trade and commercial establishments are mainly divided into two categories—(1) wholesale and retail trade establishments; restaurants and hotels classified under Division 6 of N.I.C. and (2) financing insurance, real estate and business services covered under Division 8 of N.I.C. Of the total 318,277 trade and commercial establishments as many as 310,118 or 97.44% conduct business in the field covered under item (1) above while 8,159 establishments or 2.56% are engaged in the business relating to item (2) above. Among the first category of establishments those conducting retail trading in food and food articles, beverages, tobacco and intoxicants (Major Group 65) are 196,301 in number constituting a proportion of 63.30%. In the districts of Andhra Pradesh, Hyderabad obviously has the largest number of 17,341 such establishments. They form 8.83% of the establishments in the State covered under Major Group 65 of N.I.C. East Godavari (12,809 establishments) and Guntur (11,493 establishments) occupy second and third places. In all the districts such type of establishments i.e., those covered under Major Group 65 form the largest group among the trade and commercial establishments of all types. Next largest number of establishments relates to the restaurants and hotels (Major Group 69) which are 46,289 in number in the whole State. East Godavari occupies the top rank with 4,642 restaurants and hotels, Visakhapatnam (4,502 establishments) and Srikakulam (3,692 establishments) districts come next in order. Leaving Hyderabad district (1,833 establishments), the highest number of financing insurance, real estate and business services establishments (Division 8 among the districts in Andhra Pradesh is found in East Godavari District (727 establishments) followed by Guntur district (694 establishments). Under this category of establishments in the State those exclusively conducting business relating to real estate and business service form about half in number (4,088 establishments). When we consider the position among districts in the State similar situation can be seen in Guntur, Mahbubnagar, Hyderabad, Medak, Nizamabad, Adilabad, Karimnagar and Warangal districts. In the rest of the districts banking and similar type of institutions are in dominating number. In view of the commanding position accrued with the heavily populated Hyderabad city, Hyderabad district ranks first among districts in Andhra Pradesh in having comparatively largest number of all types of trade and commercial establishments with exception of those classified under Major Groups 61, 62, 69, 80, 81 and 83.

3.102 The number of trade and business establishments of various types in the cities in Andhra Pradesh is shown in the following statement.

3.103 We may observe from the above statement that in all cities in the State the number of such of the establishments conducting retail trade in food and food articles, beverages, tobacco and intoxicants (Major Group 65) is very much dominating. Of the cities in Andhra Pradesh, Municipal Corporation of Hyderabad obviously has the largest number of trade and commercial establishments covered under different major groups of N.I.C. If Municipal Corporation of Hyderabad is left out, Vijayawada city enjoys first rank in respect of number of establishments classified under Major Groups 60, 61, 62, 63, 64, 66, 67 and 68. In respect of trade and commercial establishments coming under Major Groups 65, 81 and 82 Guntur city similarly occupies first rank. Visakhapatnam and Nellore cities have such placements in regard to the establishments classified under Major Groups 69 and 80 respectively.

3.104 Let us now have an idea also about the number of persons employed in the trade and commercial establishments classified according to the N.I.C., in the districts of Andhra Pradesh. The following statement brings out the required data.

3.105 We may observe from the above statement that out of 643,144 workers engaged in all types of trade and commercial establishments in Andhra Pradesh as many as 298,519 persons or 46.42% are found employed in establishments conducting retail trade in food and food articles, beverages, tobacco and intoxicants (Major Group 65). Hyderabad district among the districts in the State has the highest number of 28,185 such workers forming a proportion of 9.44%. East Godavari district follows next in order with 19,509 workers (6.54%). Next largest number of workers in the whole State is found in the establishments run as restaurants and hotels (Major Group 69). There are 137,869 workers in such establishments in the State as a whole constituting 21.44% of all types of trade and commercial workers. These workers are found in largest number in Hyderabad district (13,904 persons) followed by East Godavari district (12,473 workers). Among the total workers of financing, insurance, real estate and business services establishments (Division-8) who are 39,326 in number, as many as 25,395 workers are engaged in banking and similar type of financial institutions (Major Group 80). Hyderabad district obviously has the highest number of 5,430 workers in such institutions. Krishna district with 2,795 workers in such banking institutions follows next in order.

3.106 The pattern of employment of workers in Trade and commercial institutions in cities of Andhra Pradesh is shown in the following statement.

STATEMENT III.44

„ 83	11	1	9	3	4	14	14	7	6	132	4	1

3.107 It may be seen from the above statement that *the pattern of distribution of workers almost conforms* to that of the districts in the State. Among trade and commercial workers those engaged in establishments trading in food and food articles, beverages, tobacco and intoxicants (Major Group 65) form the largest group in all the cities except in Vijayawada and Kurnool where the number of workers engaged in hotels and restaurants is dominating. The workers in banking and similar type of financial services (Major Group 80) are in preponderant number in all the cities except Guntur and Warangal in which the workers employed in establishments relating to real estate and business services are in larger number than in other types of establishments. In the trade and commercial establishments of all types categorised under different Major Groups of N.I.C. (under Division 6 & 8), Municipal Corporation of Hyderabad with its commanding position has the largest number of workers only with an exception in case of number of workers engaged in wholesale trade in wood, paper and other fabrics, hide and skin and inedible oils (Major Group 62). Rajahmundry city takes the lead in this behalf with 317 workers in such establishments followed by Vijayawada city (231 workers).

Other Establishments

3.108 All the establishments which do not fall under any of the preceding categories i.e., registered factories, unregistered workshops, household industry, wholesale trade, retail trade and other business establishments have been categorised as other establishments. There are 149,521 establishments falling under the category of 'Other Establishments' in Andhra Pradesh employing 7,06,906 persons. The other establishments are again broadly sub-classified into educational institutions, public health institutions and others. Of these 149,521 establishments, educational institutions (Major Group 92) number 41,435 forming a proportion of 27.71%; public health institutions (Major Groups 91 and 93) which are 12,399 in number take a share of 8.29%. The bulky balance of 95,687 establishments constituting 64.00% of other establishments are classified under another sub-head of 'Others' which cover the following types of establishments.

Agriculture, hunting, forestry and fishing : Plantations
Live stock production
Agricultural production
Hunting, trapping and game propagation
Forestry and logging
Fishing
Mining and Quarrying
Electricity, gas and water supply
Construction
Transport, storage and communications

Community, social and personal services (except educational institutions and public health institutions): Government offices
Recreational, cultural services and
Other miscellaneous establishments

3.109 The Table E.IV given in the Volume entitled 'Census of India 1971—Series—2—Part III-B', Establishment Tables of Andhra Pradesh provides the data relating to the number of different establishments falling under 'Other establishments' classified by the size of employment.

3.110 Out of the total of 149,521 establishments, 104,468 establishments employing 298,077 persons are in rural areas and 45,053 establishments employing 408,829 persons are in urban areas. Thus the number of other establishments are more in rural areas than in urban areas. But the other establishments in urban areas employ considerably larger number of people compared to the number employed in the other establishments in rural areas.

3.111 The following statement gives the total number of other establishments and the persons employed therein classified as per the National Standard Industrial Classification.

STATEMENT III.45

	99	Services not elsewhere classified	1,798	9,561	374	1,703	1,424	7,858

3.112 It may be seen from the above statement that a greater proportion of establishments fall under Major Groups 02, 06, 70, 74, 75, 90, 92, 93, 94, 95, 96 and 99. A large proportion of persons working under 'Other Establishments' are employed in establishments falling under Major Groups 02, 06, 10, 12, 40, 42, 70, 74, 75, 90, 91, 92, 93, 94, 95, 96 and 99. The largest number of establishments among 'Other Establishments' relate to educational, scientific and research services (Major Group 92) constituting a proportion of 27.71% employing the largest number of 210,384 persons. The establishments covered under Major Group 94—Community services come next in regard to the number of establishments. They are 38,968 in number and 58,995 persons are engaged in them. In regard to employment size this category takes only third place. The establishments relating to the public administration and defence services (Major Group 90) form the second largest category employing 206,823 persons. The number of persons employed does largely depend on the number and the nature of establishments. For example, the public administration and defence services are having only 17,687 establishments whereas they employ as many as 206,823 persons. On the contrary, the establishments dealing in community services which are in second largest number of 38,968 among other establishments employ only 58,995 persons. Similarly, in coal mining (Major Group 10) 10,121 persons are employed only in 13 establishments. While in metal ore mining (Major Group 12) only 1,640 persons were employed in 14 establishments. Even under agricultural services (Major Group 03), 584 persons are employed in 81 establishments, while under Major Group 01—Plantation 530 persons are employed in 54 establishments. Such situation is also seen in case of establishments relating to transport, storage and communications while 48,916 persons are employed in 2,029 establishments relating to land transport (Major Group 70), only 10,018 are employed in 3,074 establishments relating to storage and warehousing (Major Group 74). Thus it may be seen that the number of establishments is not directly related to

the number of persons employed but only depends on the nature of activity in the establishment.

3.113 In the establishments falling under the category of other establishments those relating to community, social and personal services (Division 9) constitute the largest proportion both in regard to the number of establishments (88.64%) as well as in regard to the number of persons employed (83.90%). Though the establishments of transport, storage and communications take the second place their percentages of share in the number of other establishments and number of persons employed are very small being 8.46 and 12.35 respectively.

3.114 We may now observe how these 'Other Establishments' are distributed among the districts in the State. The following statement may be studied.

3.115 A cursory glance of the above statement reveals that massive bulk of the other establishments numbering 132.534 or 88.64% of the total other establishments attend to community, social and personal services only (Division 9 of N.I.C.). About one-fourth of these establishments (41,435 establishments) relate to education, scientific and research services (Major Group 92) and among districts in the State the largest number of such establishments is found in Srikakulam district (3,057 establishments) followed by East Godavari (2,840 establishments) and Chittoor (2,799 establishments) districts. Next largest number of other establishments (38,968 establishments) relates to community services (Major Group 94) which include religious welfare and labour services. East Godavari district occupies first place among districts in the State with 3,691 establishments of this category. Guntur district follows it having 3,217 such establishments. The establishments concerning with public administration and defence services (Major Group 90), personal services (Major Group 96) and medical and health services (Major Group 93) are in considerable number above 10,000 each ranging between 12,000 to 18,000 in the whole State. East Godavari district in case of first category and Hyderabad district regarding the other two types of establishments have the comparatively largest number of establishments. If the number of total other establishments is considered, Hyderabad district tops the ladder of districts in the State with 12,028 establishments followed by East Godavari (11,477 establishments) and Guntur (11,118 establishments) districts.

3.116 Let us also see the position of these other establishments in cities in Andhra Pradesh whose data are furnished below.

STATEMENT III-47

Major Group	99	43	43	33	20	25	102	42	11	18	512	24	16

3.117 It may be noticed from the above statement that pattern of distribution of other establishments in cities in Andhra Pradesh varies from that of districts. The bulk of the establishments in all the cities relate to personal services (Major Group 96) in contrast to education, scientific and research services (Major Group 92) in the districts. These personal services include domestic services, laundry services and those rendered through hair dressing saloons and beauty shops. Municipal Corporation of Hyderabad obviously has the highest number of such establishments (2,165 establishments). The next largest number of establishments is found related to community services (Major Group 94) in the cities except in Vijayawada, Municipal Corporation of Hyderabad Guntur, Nellore and Warangal. In Guntur, Nellore and Warangal cities the establishments pertaining to education, scientific and research services (M.G. 92) form the next largest group after those attending to community services (M.G. 94), while in Vijayawada and Municipal Corporation of Hyderabad the establishments relating to medical and health services (M.G. 93) take the second place. If Hyderabad is left out of comparison, Vijayawada city, has the largest number of establishments of personal services (434 establishments) as also in the matter of total number of all types of other establishments (1,575 establishments). Guntur and Visakhapatnam cities come next in order after Vijayawada in both the cases.

3.118 We may now observe the number of persons in various types of the other establishments in the districts of Andhra Pradesh from the statement given below:

3.119 It is seen from the above statement that the number of persons engaged in other establishments is highest in the group of establishments relating to education, scientific and research services (Major Group 92). There are 210,384 such workers in 41,435 establishments constituting 29.76% of the other workers of all types in Andhra Pradesh. Among districts in the State, Hyderabad has the highest number of 25,761 persons followed by Guntur (17,544 persons) and Krishna (13,633 persons) districts. Next largest number of workers engaged in other establishments is noticed in the establishments covered under Major Group 90—Public administration and defence services. These persons numbering 206,823 constituting 34.87% of the total workers employed in community, social and personal services (Division-9) and 29.26% of the total other workers in the whole State. Hyderabad district ranks first among districts having 42,420 workers in public administration and defence services. This is obviously due to the heavy concentration of State and Central Government offices, police and defence establishments as also establishments pertaining to Quasi-Government bodies. Guntur district with 14,181 such workers and East Godavari district with 12,263 workers occupy second and third ranks respectively. We may find that 50 to 60 thousand workers are employed in the establishments relating to community services (Major Group 94) and medical and health services (Major Group 93). East Godavari and Hyderabad districts rank first in these two types of establishments respectively. In all the rest of the establishments categorised under various Major Groups of N.I.C., the number of workers is below 50,000.

3.120 The following statement provides the data relating to deployment of workers in various types of other establishments in the cities of Andhra Pradesh.

3.121 Unlike the number of establishments which are found largest in the category of personal services (Major Group 96), the number of workers is very much predominant in the category of establishments relating to public administration and defence services (Major Group 90) in the cities in Andhra Pradesh. The only exception is Visakhapatnam city where the largest number of other workers (6,169 persons) relates to land transport (Major Group 70). Municipal Corporation of Hyderabad among the cities in Andhra Pradesh has the largest number of workers (37,958 persons) in public administration and defence services followed by Visakhapatnam (4,703 persons) and Guntur (4,227 persons) cities. Next to public administration and defence services (Major Group 90), dominance of workers is noticed in the establishments pertaining to education, scientific and research services (Major Group 92) in several of the cities in Andhra Pradesh. In Vijayawada city the number of workers in land transport (Major Group 70) is considerable after that of public administration and defence services. The other establishments of all types together are largest in number in Municipal Corporation of Hyderabad (107,717 persons) among cities in Andhra Pradesh. Visakhapatnam (18,710 persons), Vijayawada (11,914 persons), Guntur (11,727 persons) and Warangal (10,298 persons) follow next in order.

3.122 The following statement gives a comparative picture of the different types of establishments in Andhra Pradesh by size class of employment.

3.123 It may be noticed from the above statement that 44.86% of the total workers in all establishments are employed in manufacturing establishments; 26.27% in trade and business establishments; and 28.87% in other establishments. The largest number of 153,104 single-person establishments are found in retail trade. Household industry with 90,534 establishments takes the second place. The lowest number of single-person establishments is found in wholesale trade (3,467 establishments). Household industry takes dominating share in the establishments with 2—4 persons each both in case of number of establishments and number of workers. Retail trade comes next in order. The lowest number is found in public health establishments.

3.124 In case of establishments with employment size of 5—9 persons each the unregistered workshops come first. Household industry follows next. Registered factories constitute the largest number of establishments with 10—19 persons each, while unregistered workshops occupy a similar position in establishments with 20 or more persons each. If the size of employment is considered, it is observed that the largest number of persons are found engaged in establishments classified as 'Others' under other establishments. Their proportion works out to 17.99% of total workers in all types of establishments. The registered factories with almost equal share of 17.94% come at the second place. Household industry (17.81%) and retail trade (16.80%) come next in order. The lowest number of persons are employed in wholesale trade establishments (2.23%).

3.125 In the rural areas of the State the largest number of persons are employed in household industry showing a proportion of 25.81% of all workers in rural establishments. Registered factories come next in order with a share of 17.44% takes the second place. The lowest number of persons in rural areas are employed in wholesale trade followed by public health institutions.

3.126 In urban areas the highest number of persons are employed in establishments categorised as 'Others' under other establishments. These persons constitute slightly exceeding one-fourth (25.51%) of the total workers in all establishments in urban areas of the State. Registered factories with a share of 18.52% take the second place and retail trade with 16.09% occupy the third place. Lowest number of persons are employed in public health institutions (3.04%).

3.127 Of all types of establishments in the State, single-person establishments form the largest proportion of 47.41% followed by the next category of establishments with 2—4 persons each (42.74%). In respect of employment provided the establishments of 2—4 persons each constitute the largest share of 32.57% of workers in all types of establishments. The second rank goes to the large establishments with 100 persons or more in each with their share working out to 16.33%.

3.128 Now let us observe the proportion of workers under the broad types establishments. The following table gives the proportion of persons employed in industrial establishments, trade establishments and other establishments in the rural and urban areas of the State district-wise.

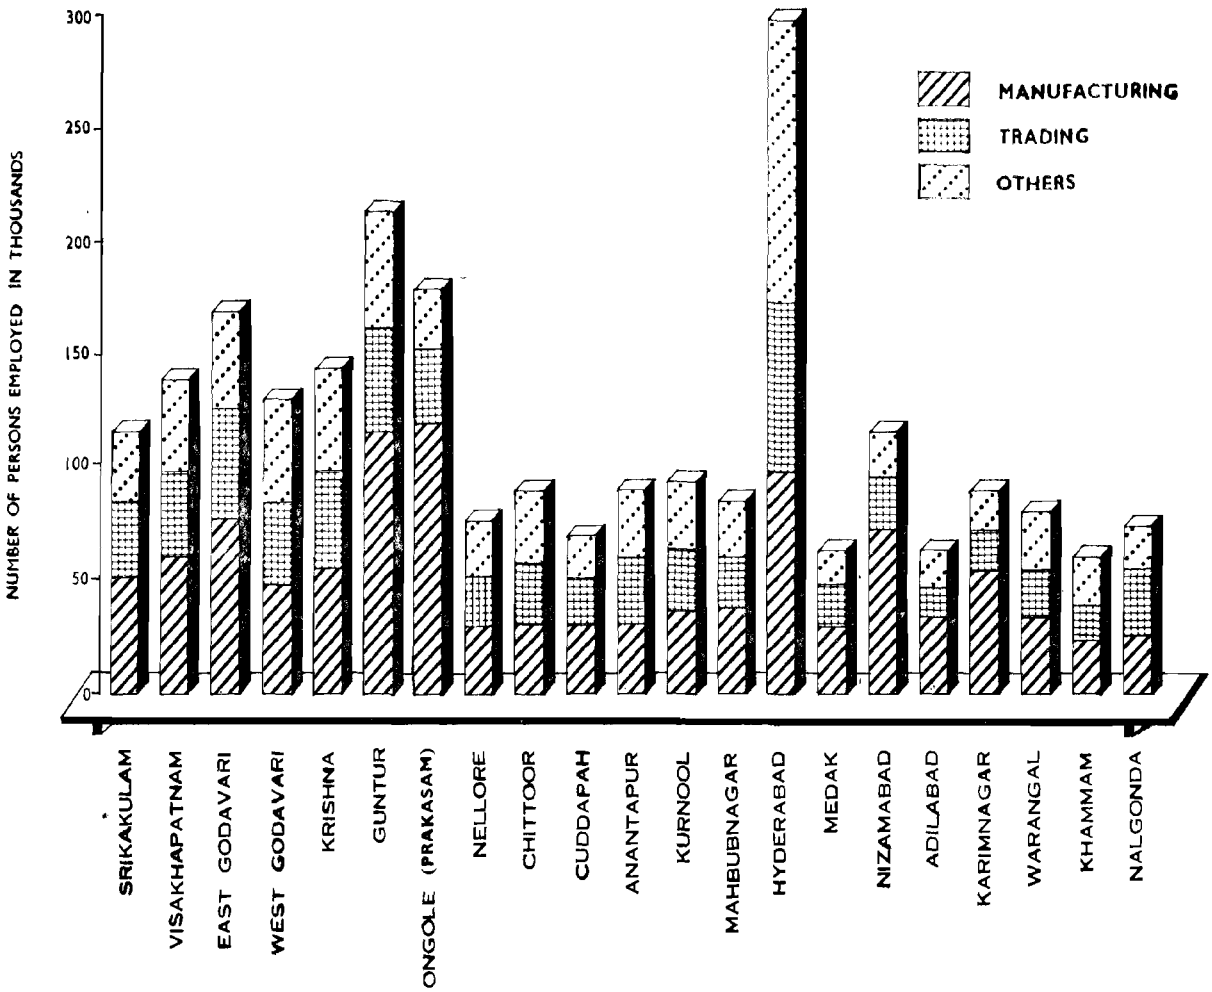

STATEMENT III.51

DISTRIBUTION OF PERSONS EMPLOYED IN DIFFERENT TYPES OF ESTABLISHMENTS IN TOTAL, RURAL AND URBAN AREAS OF THE DISTRICTS IN ANDHRA PRADESH

	U	1,000	141	342	517

3.129 The above statement reveals that the trade and business establishments appear to have no direct correlation with the manufacturing establishments presumably because the areas of operation of these two types of establishments are at different places, for example, in Srikakulam district the manufacturing establishments account for 44.6% of the total establishments in the district while the trade establishments account for 28.5% only. In East Godavari district, the manufacturing establishments account for 45.6% while the trade establishments form only 29.0%. Similarly in Guntur and Ongole districts, the manufacturing establishments account for 53.4% and 68.0% respectively while the trade establishments in these two districts account for 22.5% and 15.7%. Same is the case with Nizamabad district, where the beedi rolling industry is very much flourishing the manufacturing establishments being accounted for as high a proportion as

63.1% while the trade establishments make a low proportion of only 19.5%.

3.130 As stated earlier, the other establishments comprise mainly the educational institutions, public health institutions, administrative offices, transport and communication services, etc., and hence the persons employed in such establishments will naturally be high in the districts which are provided with better facilities than other districts. For example, as Hyderabad district happens to be containing the capital of the State is having large number of Government offices, transport and communication services, educational institutions and public health institutions and hence the proportion of the persons employed in such establishments is high being 41.5%. This proportion exceeds even the proportion of persons employed in manufacturing establishments (31.1%) and trade establishments (27.4%). In the districts of Visakhapatnam, West Godavari, Krishna, Nellore, Chittoor, Kurnool, Warangal, Khammam the proportion of persons employed in other establishments is more than 30%.

3.131 The following statement gives the proportion of persons employed in the industrial establishments, trade establishments and other establishments in the 12 cities of Andhra Pradesh.

STATEMENT III.52

DISTRIBUTION OF PERSONS EMPLOYED IN DIFFERENT TYPES OF ESTABLISHMENTS IN EACH OF THE CITIES IN ANDHRA PRADESH

City/Towns	Total No. of persons employed in all types of establishments	PROPORTION OF PERSONS EMPLOYED IN		
		Industrial establishments	Trade establishments	Other service establishments
1	2	3	4	5
1. Visakhapatnam	1,000	406	173	421
2. Kakinada	1,000	287	332	381
3. Rajahmundry	1,000	438	362	200
4. Eluru	1,000	364	274	362
5. Machilipatnam (Bandar)	1,000	361	311	328
6. Vijayawada	1,000	245	412	343
7. Guntur	1,000	482	267	251
8. Nellore	1,000	262	372	366
9. Kurnool	1,000	406	266	328
10. Municipal Corporation of Hyderabad	1,000	238	289	473
11. Nizamabad	1,000	484	237	279
12. Warangal	1,000	382	254	364

3.132 It may be seen from the above statement that in the cities of Visakhapatnam, Rajahmundry, Guntur, Kurnool, and Nizamabad the proportion of persons in each working in industrial establishments exceeds 40% of the total workers in all establishments. Of the cities in Andhra Pradesh, Vijayawada has the largest proportion of persons working in trade establishments (41.2%). Nellore city follows it with 37.2%. In Hyderabad Municipal Corporation, the persons working in other establishments form the highest proportion of 47.3%. Visakhapatnam city is at its back with 42.1%. The high proportion in Hyderabad is mainly due to the location of large number of Government Offices, etc.

ANNEXURES

ANNEXURE I

INSTRUCTIONS FOR FILLING UP THE ESTABLISHMENT SCHEDULE

Instead of loading the main Houselist form itself with questions pertaining to Establishments, it has been decided to have a separate schedule in which particulars of each establishment are to be recorded. (See the Establishment Schedule given at the end of this Annexure.)

Definition of an Establishment

2. An "Establishment" is a place where goods are produced or manufactured not solely for domestic consumption or where servicing and/or repairing is done such as factory, workshop or household industry or servicing and/or repair workshop or a place where retail or wholesale business is carried on or commercial services are rendered or an office, public or private, or a place of entertainment or where educational, religious, social or entertainment services are rendered. It is necessary that in all these places one or more persons should be actually working. Thus an establishment will cover manufacturing, trade and other establishments where people work.

Examples:

A factory or a workshop or workshop-*cum*-residence or a trading or other establishment, *i.e.* where some kind of production, processing, repair or servicing is undertaken or where goods or articles are made and sold, or some business is being carried on such as a grocery shop, a *pan* shop, restaurant, bank, hotel, or an office is functioning such as Government office, commercial office, or an institution is being run such as school, college, hospital, dispensary, etc., and where one or more persons are working.

An Establishment may occupy a census house or a group of census houses or a part of a census house.

3. *The respondents should be fully assured that the information collected in these schedules will be treated as completely confidential and is meant for statistical purposes and will not be used as evidence against any individual or establishment for any purpose. The respondents should be encouraged to furnish truthful replies without any reservation.*

4. At the top of the schedule provision is made for noting the Location Code No. and name of the areas concerned. This should be the same as those noted on the top of the Houselist which you will be canvassing simultaneously. You should fill the Location Code Nos. etc., correctly.

5. The columns of the Establishment Schedule can be classified into four broad groups:

(i) Columns 1 to 5 are of uniform applicability and entries have to be made in respect of all the establishments;

(ii) Columns 6 to 8 pertain to manufacturing, processing, etc. establishments;

(iii) Columns 9 to 10 relate to trading establishments; and

(iv) Column 11 refers to "other" Establishments which are not covered in columns 6 to 10.

Thus, it will be seen that the columns falling within groups (ii) to (iv) are mutually exclusive, while those in group (i) are common to all.

6. **Col. 1: Sl. No.** In this column the establishments are to be entered one after another serially. Arabic numerals should be used for this purpose, i.e., 1, 2, 3, etc.

7. **Col. 2: Census House No.** The Census house number to be noted is the same as that in column 3 of the Houselist and against which 'Yes' is written in column 7 of the Houselist indicating that the Census house is used as an establishment.

8. A point to be noted here is that it is likely that a single factory or workshop may be spread over more than one Census house adjoining one another. Therefore, while in Col. 2 of this schedule a number of Census houses may be noted in respect of that particular unit of production, processing or repairing, trade or business etc., the entries in Col. 3 onwards will be one only for that group of houses covered by a single unit of production or business etc. establishment. For example, if a single tea factory in Assam or business establishment in Calcutta should be spread over two or three adjacent buildings, each of the buildings should not be shown as a separate factory or establishment but the House Nos. of all these buildings shown in Col. 2 should be bracketted together and the particulars of the single tea factory or establishment entered in the subsequent columns against this group of houses. If on the other hand the activities of a large firm or an office are carried on in buildings located far away in different localities, each of the Census houses in the different localities will have to be treated as a separate establishment and the particulars of the establishment relating to that particular Census house should be listed in this schedule.

9. **Col. 3: Name of the Establishment or of the proprietor.** In this column write the name of the establishment in the case of factories, large manufacturing concerns, a shop or business establishment, banks, office etc. which usually bear a distinct name. Where an establishment has no separate name as in the case of small workshops and establishments like confectionaries, small tea shops, Dhobi's establishment, household industries etc. write the name of the owner as "So and so's Halwai shop" etc. This is to help easy identification.

10. **Col. 4: Is the Establishment (a) Govt./Quasi-Govt. (b) Private (c) Co-operative Institution.** Enter here whether establishment enumerated belongs to public sector, i.e., Govt./Quasi-Govt. managed, including establishments run by local authorities, or to private sector, or a co-operative enterprise. Please do not write in the column only (a) or (b) or (c) but write—

(1) "Govt.—Public Sector, or Quasi-Govt.—Public Sector, or Local Authority—Public Sector

(2) Private

or

(3) Co-operative

There may be many schools or libraries etc. which are not owned by any particular individual or group of individuals. These may be owned by people in general and managed by Managing Committees. Such establishments should be treated as "private" as distinguished from Govt./Quasi.-Govt. or run by local authorities or co-operative enterprises.

11. An establishment will be treated as a Govt./Quasi-Govt. institution if the Central or State Govt. or a Local Authority such as the Zilla Parishad, City Corporation or Municipality etc. completely owns or has a majority of shares as to control the management of the establishment.

12. Private establishments are those owned and managed by private individuals or corporate bodies not being co-operative institutions or Govt. or Quasi-Govt. Institutions.

13. Establishments registered under the Co-operative Societies Registration Law of the State alone fall in the category of "Co-operative".

14. **Col. 5: Average number of persons working daily last week or in the last working season, including proprietors and/or family workers.** In this column, the information has to be entered relating to the total number of workers including the apprentices, paid or unpaid and also including owner(s) or proprietor(s) of the establishment and any of their family members if they also work in the establishment and also the hired workers, if any. It is not necessary that an establishment should necessarily have paid workers. A small shop run in the same house where the owner lives and the business is attended to by just one person of the household is also an establishment. The average number of persons working per day in the establishment during the week preceding the day of your visit should be recorded. For computing the average number of persons working per day, if the establishment remained closed owing to holiday etc., such day(s) should be ignored and only the 'days' on which the establishment worked should be taken into account. If during the week preceding your visit, the establishment remained closed either due to strike or lock-out, the week during which the establishment worked preceding such strike or lock-out should be taken into account for reckoning the average number of persons working. The hired workers should normally be in full time employment.

15. Some establishments such as a sugar factory, rice mill etc. may be seasonal in character and may not be actually working at the time of the present listing. You should then ascertain the particulars of such establishments with reference to the last working season.

16. In case more than one product is produced, or more than one item of business is conducted or several types of services are rendered, it is not necessary to enquire the number of persons employed in the production/business/servicing of each type of product, business or service that is covered against that serial number. For example in a large textile mill there may be the weaving section, dyeing section, laboratory, repairing section, sales section etc. It is not necessary to ascertain the employment in each section. The total employment has to be ascertained. The major activity of the establishment will be described in subsequent columns.

"Columns 6, 7 and 8:—If any manufacturing, processing or serving is done".

17. These columns relate only to such establishments in which goods are manufactured or some kind of processing or servicing is done and/or repairs are carried on.

Household Industry: Definition

18. **Col. 6: Is it (a) Household Industry (b) Registered Factory (c) Unregistered workshop.** A 'Household Industry' is defined as an industry conducted by the Head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas, and only within the premises of the house where the household lives in urban areas. The industry should not be run on the scale of a registered factory.

19. Thus, there are four ingredients of a household industry:—

(i) nature of activity
(ii) participation
(iii) location
(iv) size

20. (i) *Nature of activity*:—A Household industry should relate to production, processing, servicing, repairing, or making and selling (but not merely selling) of goods. It *does not* include professions such as a pleader or doctor or barber, musician, dancer, washerman (Dhobi), astrologer etc. or merely trade or business even if such professions, trade or services are conducted at home by members of household.

21. (ii) *Participation*:—The Head of the household and/or one or more members of the household must participate in such an industry. If it is run primarily by hired labourers, the 'participation' ingredient of the household members will not be satisfied and it will not be a 'Household Industry'. The industry may run with the help of hired workers but the head and/or members of the household must be mainly participating in the industry and not solely dependent on hired workers. Besides "actual work", participation also includes "supervision and direction".

22. (iii) *Location*:—The industry should be located within the premises of the house where the household lives in urban areas; if it is situated at a place other than at home, it will not be termed as household industry in urban areas. In rural areas, however, the industry may be either at home or anywhere within the village limits. In rural areas, even though the industry is not situated at home, there is a greater possibility of the members of the household participating in it if it is located within the village limits.

23. (iv) *Size*:—The indsutry should not be on the scale of a registered factory. Irrespective of the location and participation by the members of the household, if the industry or workshop is registered under the Factories Act, then it will not be a household industry.

24. Thus it will be clear that any industry which can be termed as 'Household Industry' must satisfy all the four ingredients mentioned above.

25. (b) *Registered Factory*:—A factory which is registered under the Indian Factories Act should be treated as a "Registered Factory". Any other workshop merely licensed by the Municipal or any other authority or registered for any other purpose should not be treated as a registered factory unless it is registered under the Indian Factories Act.

26. (c) *Unregistered Workshop*:—Workshop is a place where some kind of production, processing, servicing, repairing or making of goods for sale' is going on. A workshop which is registered under the Indian Factories Act should be treated as a registered factory and others as unregistered workshops. Workshops which are run as household industry should be treated as household industry and entered as such.

27. When you come across an establishment where some kind of manufacturing, processing or servicing etc., is done, you should ascertain whether it is a Household Industry or a registered factory or a workshop not registered under the Factories Act and write whatever it actually is in this column. Please note that workshops, merely licensed or entered in the registers of a local authority are not to be considered as registered factories unless registered under the Indian Factories Act. All workshops other than household industries and not registered under the Indian Factories Act should be treated as unregistered workshops even if they are merely licensed as workshops by the local authorities. Please do not write (a) or (b) or (c) in the column but write "Household Industry" or "Registered Factory" or "Unregistered Workshop", as the case may be.

28. **Col. 7: Description of the products, processing or servicing done.** The description of the actual work relating to product, processing and servicing which is done in the Household Industry, factory or workshop that is being listed is to be recorded here, e.g., handloom weaving, lace knitting, oil ghani etc., manufacturing of G.I. pipes, electroplating, motor or cycle repairing, iron foundry, paper making or book binding, printing and dyeing, shoe making, sweetmeat making etc. If in any establishment more than one article is produced or more than one kind of processing or servicing or repairing is done, indicate only the major kind of products or processing or repairing or servicing etc.

29. **Col. 8: Type of fuel or power used.** Enter here the description of the power or fuel used for the running of the factory, workshop (or household industry if it is run on power or fuel). The fuels can be kerosene, soft coke, petrol, diesel, gas, coal, wood, etc. Electricity and steam etc. are some of the sources of power. Some units may be run by animal power such as *oil ghani*. Some may be run by merely human energy such as carpet-making, pottery making etc. Enter the description of fuel or power used for the production, processing, servicing etc. that is carried on in the establishment. There may be instances where more than one fuel or power is used, in such cases, only the fuel or power which is used in running the primary unit of the industry will be noted in this column.

30. *Columns* 9 *and* 10 *are to be filled in respect of trading establishments or establishments which render commercial services only.*

31. Trading or business establishments are those where some trading *i.e.* transactions involving sale and/or purchase of goods go on.

Establishments rendering commercial services are the banks, money lending firms, pawn shops, etc.

32. **Col. 9: Description of goods bought/sold.** If it is a trading establishment, you should ascertain what are the goods bought and/or sold and write the description in this column. If there are more

than one type of goods bought/sold by the establishment, you should give description of the main item of goods bought/sold by the establishment.

33. In the case of establishments rendering commercial services such as in the case of Banks etc., you should write the description of the services rendered, as in the case of a bank, you should write "banking services".

34. **Col. 10: Whether (a) wholesale or (b) retail.** For all trading establishments, you should ascertain in respect of the goods mentioned in column 9, whether they are sold/bought in wholesale or in retail and write as the case may be.

35. You may come across certain establishments wherein both types of trade i.e., wholesale and retail go on. In such cases, you should ascertain in which category (*i.e.* wholesale or retail) the volume of trade is greater and record the category accordingly.

36. In the case of establishments rendering commercial services, *e.g.*, bank etc. please do not write any of the two categories *i.e.* 'wholesale' or 'retail' but put an 'X' in this column.

37. **Col. 11: If used as any other establishment, describe e.g., Govt. office, school, Hospital, Railway Station, Barber's Saloon, Cinema Theatre, Hotel, Tea shop, etc.** Two specific types of establishments have been covered in columns 6 to 10. Column 11 relates to the remaining types of establishments not covered by columns 6 to 10. You have to describe such establishments in this column, *e.g.*, Govt. Office, school, hospital, Railway Station, Orphanage, Rescue Home, Barber's saloon, cinema theatre, hotel, tea shop, lawyer's office, doctor's clinic, laundry, etc.

38. **General.** It is possible that in a particular establishment, more than one activity is being undertaken within the same premises. For example, say in a betel shop, bidi rolling is also being undertaken or in a grocery shop a flour mill is also located, or in the doctor's clinic medicines are sold. In such cases, the establishment should be identified having regard to the major activity and recorded as such in the relevant columns pertaining to the major activity.

39. But if different activities are undertaken in different census houses quite cut off from one another though under the same title or ownership, each such census house should be treated as a separate establishment and recorded as such against that census house in this schedule. It may, however, be noted that where processing for the production of an article is carried on, in separate adjoining census houses, all the census houses should be treated as a single establishment and recorded as such. If on the other hand the activities of a large firm or an office are carried on in buildings located far away in different localities, each of the census houses in the different localities will have to be treated as a separate establishment and the particulars of the establishment relating to that particular census house should be listed in this schedule.

40. After you have completed filling up of the Establishment Schedule for your block, you will prepare a duplicate copy of the Establishment Schedule, for which you would be given adequate number of blank forms.

ANNEXURE II

NATIONAL INDUSTRIAL CLASSIFICATION 1970

(Three digit level of classification)

Major Group	Minor Group	Description
Division 0—Agriculture, Hunting, Forestry and Fishing		
00		*Agricultural Production*
	000	Cereal Crops (paddy, wheat, jowar, bajra, maize, ragi, barley & gram etc.)
	001	Pulses (arhar, moong, masur, urd & etc.)
	002	Raw cotton
	003	Raw jute, mesta.
	004	Sann hemp and other kindred fibres.
	005	Production of oilseeds such as seasamum groundnuts, rape, mustard, linseed, castor seeds, etc.
	006	Sugarcane
	007	Roots and tubers, vegetables, pan, singhara, chillies and spices (other than pepper and cardamom) and flowers and parts of plants.
	008	Agricultural production not elsewhere classified
01		*Plantations*
	010	Tea
	011	Coffee
	012	Rubber
	013	Tobacco
	014	Pepper
	015	Cardamom
	016	Edible nuts (excluding coconut and groundnut), walnut, almond, cashewnut etc.
	017	Production of fruits, coconuts e.g. bananas, apples, grapes, mangoes, oranges.
	018	Production of ganja, cinchona, opium, etc.
	019	Crops of plantations, not elsewhere classified (*e.g.* Betel nuts, etc.)
02		*Livestock Production*
	020	Cattle and goats-breeding, rearing, ranching etc. and production of milk
	021	Rearing of sheep and production of wool
	022	Rearing horses, mules, camels and other pack animals
	023	Rearing of pigs and other animals
	024	Rearing of ducks, hens and other birds and production of eggs
	025	Rearing of bees and production of honey and wax
	026	Rearing of Silk-worms, and production of cocoons and raw silk
	029	Rearing of livestock and production of livestock products not elsewhere classified
03		*Agricultural Services*
	030	Pest destroying, spraying, pruning of infected stems
	031	Operation of irrigation system
	032	Animal sharing and livestock services (other than veterinary services)
	033	Grading agricultural and livestock products
	034	Horticultural and nursery services
	035	Soil conservation
	036	Scientific services like soil testing
	039	Agricultural services not elsewhere classified. (like land clearing, land draining etc.)
04		*Hunting, Trapping and game Propagation*
	040	Hunting, trapping and game propagation for commercial purposes (other than for sport).
05		*Forestry and Logging*
	050	Planting, replanting and conservation of forests

Major Group	Minor Group	Description
Division 0—Agriculture, Hunting, Forestry and Fishing—Contd.		
	051	Logging-felling and cutting of trees and preparation of rough, round, hewn or riven logs (including incidental hauling).
	052	Production of fuel (including charcoal by burning) by exploitation of forests.
	053	Gathering of fodder by exploitation of forests.
	054	Gathering of uncultivated materials such as gums, resins, lac, barks, herbs, wild fruits and leaves by exploitation of forests.
	059	Other forests products not elsewhere classified such as munjh.
06		*Fishing*
	060	Ocean, sea and coastal fishing.
	061	Inland water fishing.
	062	Pisciculture—rearing of fish.
	063	Collection of pearls, conches, shells, sponge and other sea products.
	069	Fishing and allied activities not elsewhere classified.
Division 1—Mining and Quarrying		
10		*Coal Mining*
	100	Coal
	101	Lignite
11		*Crude Petroleum and Natural Gas*
	110	Crude Petroleum
	111	Natural gas
12		*Metal Ore Mining*
	120	Iron ore
	121	Manganese
	122	Chromite
	123	Bauxite
	124	Gold and Silver Ores
	125	Copper Ore
	126	Lead and Zinc Ores
	127	Limenite and Rutile
	128	Wolfram
	129	Metal Ores not elsewhere classified
19		*Other Mining*
	190	Stone quarrying, clay and sand pits
	191	Chemicals and fertilizer mineral ming (such a soda ash, sulphur, phosphates nitrates, etc.)
	192	Salt mining and quarrying including crushing, screening and evaporating in pans
	193	Precious and semi-precious stones
	194	Mica
	195	Gypsum
	199	Other mining not elsewhere classified (asbestos, quartz, tale and Soap stone natural abrasives other than sand, graphite, etc.)
Division 2 & 3—Manufacturing and Repair		
20-21		*Manufacture of Food Products*
	200	Slaughtering, preparation and preservation of meat
	201	Manufacture of dairy products
	202	Canning and preservation of fruits and vegetables
	203	Canning, preserving and processing of fish, crustacea and similar foods
	204	Grain mill products
	205	Manufacture of bakery products
	206	Manufacture and refining of sugar (vacuum pan sugar factories)
	207	Production of indigenous sugar boora, khandsari, gur, etc. from sugar-cane, palm juice
	208	Production of common salt

Major Group	Minor Group	Description
Division 2 & 3—Manufacturing and Repair—*Contd.*		
	209	Manufacture of cocoa, chocolate and sugar confectionery (including sweetmeats)
	210	Manufacture of hydrogenated oils, Vanaspati ghee, etc.
	211	Manufacture of other edible oils and fats e.g. mustard oil, ground nut oil, til oil, etc. (Inedible oils shown under 315).
	212	Tea processing.
	213	Coffee curing, roasting and grinding
	214	Cashewnut processing like drying, shelling, roasting, salting, etc.
	215	Manufacture of ice
	216	Manufacture of prepared animal feeds
	217	Manufacture of starch
	219	Manufacture of food products not elsewhere classified
22		*Manufacture of Beverages, Tobacco and Tobacco Products*
	220	Distilling, rectifying and blending of spirits
	221	Wine industries
	222	Malt liquors and malt
	223	Production of country liquor and toddy
	224	Soft drinks and carbonated water industries
	225	Tobacco stemming, redrying and all other operations which are connected with preparing raw leaf tobacco for manufacture.
	226	Manufacture of bidi
	227	Manufacture of cigars, cigarettes, cheroots and cigarette tobacco.
	228	Manufacture of chewing tobacco, zarda and snuff
	229	Manufacture of tobacco & tobacco products, not elsewhere classified
23		*Manufacture of Cotton Textiles*
	230	Cotton ginning, cleaning and baling.
	231	Cotton spinning, weaving, shrinking, sanforizing, mercerising and finishing of cotton textiles in mills.
	232	Printing, dyeing and bleaching of cotton textiles
	233	Cotton spinning other than in mills (charkha)
	234	Production of khadi
	235	Weaving and finishing of cotton textiles in handlooms, other than khadi
	236	Weaving and finishing of cotton textiles in power-looms
	239	Cotton textiles not elsewhere classified
24		*Manufacture of Wool, Silk and Synthetic Fibre Textiles*
	240	Wool cleaning, baling and pressing
	241	Wool spinning, weaving and finishing in mills
	242	Wool spinning and weaving (other than in mills)
	243	Dyeing and bleaching of woollen textile
	244	Manufacture of wool not elsewhere classified
	245	Spinning, weaving and finishing of silk textiles
	246	Printing, dyeing and bleaching of silk textiles
	247	Spinning, weaving and finishing of other textiles—synthetic fibres, rayons, nylons, etc.
	248	Printing, dyeing and bleaching of synthetic textiles
	249	Silk and synthetic fibre textiles not elsewhere classified
25		*Manufacture of Jute, Hemp and Mesta Textiles*
	250	Jute and Mesta pressing and baling
	251	Jute and Mesta spinning and weaving
	252	Dyeing, printing and bleaching of jute, textiles
	253	Preparing, spinning, weaving and finishing of hemp and other coarse fibres.
	259	Manufacture of jute bags and other jute textiles not elsewhere classified
26		*Manufacture of Textile Products (including Wearing Apparel other than Footwear)*
	260	Knitting mills.
	261	Manufacture of all types of threads, cordage, ropes, twines, nets, etc.

Major Group	Minor Group	Description
Division 2 & 3—Manufacturing and Repair—*Contd.*		
	262	Embroidery and making of crapes laces and fringes.
	263	Weaving carpets, rugs and other similar textile products.
	264	Manufacture of all types of textiles, garments including wearing apparel.
	265	Manufacture of rain coats, hats, etc.
	266	Manufacture of made up textile goods (except garments) such as curtains mosquito nets, etc.
	267	Manufacture of water proof textiles such as oil cloth, tarpaulin, etc.
	268	Manufacture of coir and coir products.
	269	Manufacture of textiles, not elsewhere classified like linoleum padding, wadding, upholstering, filling.
27		*Manufacture of Wood and Wood Products, Furniture and Fixtures.*
	270	Manufacture of veneer, plywood and their products.
	271	Sawing and planing of wood (other than plywood).
	272	Manufacture of wooden and cane boxes, crates, drums, barrels and other wooden containers, baskets and other rattan, bamboo, read and willow wares made entirely or mainly of cane, rattan, reed, bamboo and willow.
	273	Manufacture of structural wooden goods (including treated timber) such as beams, posts, doors and windows) excluding hewing and rough shaping of poles, bolts and other wood material which is classified under logging).
	274	Manufacture of wooden industrial goods, such as bobbins, blocks, handles, saddling and similar equipment and fixtures.
	275	Manufacture of cork and cork products.
	276	Manufacture of wooden furniture and fixtures.
	277	Manufacture of bamboo and cane furniture and fixtures.
	279	Manufacture of wood and reed, bamboo and cane products not elsewhere classified.
28		*Manufacture of Paper and Paper Products and Printing, Publishing and Allied Industries*
	280	Manufacture of pulp, paper and paper board including newsprint.
	281	Manufacture of container and boxes of paper and paper board.
	282	Manufacture of pulp products not elsewhere classified like dolls.
	283	Manufacture of paper and paper board articles not elsewhere classified.
	284	Printing and publishing of newspaper.
	285	Printing and publishing of periodicals, books, journals, atlases, maps, sheet music directories.
	286	Printing of bank notes, currency notes, postage stamps; security presses.
	287	Engraving, etching, block making, etc.
	288	Book Binding.
	289	Printing, publishing and allied activities not elsewhere classified like envelope printing, picture post card printing, embossing.
29		*Manufacture of Leather and Leather & Fur Products (except Repair)*
	290	Tanning, currying, finishing, embossing and japanning of leather.
	291	Manufacture of footwear (excluding repair) except vulcanized or moulded rubber or plastic footwear.
	292	Manufacture of wearing apparel like coats, gloves, etc. of leather and substitutes of leather.
	293	Manufacture of Leather Consumer Goods (other than apparel and footwear).
	294	Scrapping, currying, tanning, bleaching and dyeing of fur and other pelts for the trade.
	295	Manufacture of wearing apparel of fur and pelts.
	296	Manufacture of fur and skin rugs and other articles.
	299	Manufacture of Leather and Fur Products not elsewhere classified.
30		*Manufacture of Rubber, Plastic, Petroleum and Coal Products*
	300	Tyre and tube industries.
	301	Manufacture of footwear made primarily of vulcanized or moulded rubber and Plastic.
	302	Manufacture of rubber products not elsewhere classified.
	303	Manufacture of plastic products not elsewhere classified (except house furnishing).
	304	Petroleum refineries.
	305	Manufacture of products of petroleum not elsewhere classified.
	306	Production of coal tar in coke ovens.
	307	Manufacture of other coal and coal tar products not elsewhere classified.

Major Group	Minor Group	Description
Division 2&3 —Manufacturing and Repairs—*Contd.*		
31		*Manufacture of Chemical and Chemical Products (except Products of Petroleum and Coal).*
	310	Manufacture of basic industrial organic and inorganic chemicals and gases such as acids, alkalies and their salts; gases like acetylene, oxygen, nitrogen, etc.
	311	Manufacture of fertilisers and pesticides.
	312	Manufacture of paints, varnishes and lacquers.
	313	Manufacture of drugs and medicines.
	314	Manufacture of perfumes, cosmetics, lotions, hair dressings, tooth pastes, soap in any form, synthetic detergents, shampoos, shaving products, cleaners, washing and scouring products and other toilet preparations.
	315	Manufacture of inedible oils.
	316	Manufacture of turpentine, synthetic resins, plastic materials and synthetic fibres like nylon, terylene, except glass.
	317	Manufacture of matches.
	318	Manufacture of explosives and ammunition and fire works.
	319	Manufacture of chemical products not elsewhere classified (including photo-chemicals, sensitised films and paper).
32		*Manufacture of Non-Metallic Mineral Products*
	320	Manufacture of structural clay products.
	321	Manufacture of glass and glass products.
	322	Manufacture of earthen ware and earthen pottery.
	323	Manufacture of china-ware and porcelainware.
	324	Manufacture of cement, lime and plaster.
	325	Manufacture of mica products.
	326	Manufacture of structural stone goods, stone dressing and stone crushing, stone ware.
	327	Manufacture of earthen and plaster statues and other products.
	328	Manufacture of asbestos, cement and other cement products.
	329	Manufacture of miscellaneous non-metallic mineral products such as slate products, abrasives, graphic products mineral wool, silica products and other non-metallic mineral products not elsewhere classified.
33		*Basic Metal and Alloys Industries*
	330	Iron and steel industries.
	331	Foundries for casting and forging iron and steel.
	332	Manufacture of ferro-alloys.
	333	Copper manufacturing.
	334	Brass manufacturing.
	335	Aluminium manufacturing.
	336	Zinc manufacturing.
	339	Other non-ferrous metal industries.
34		*Manufacture of Metal Products and Parts except Machinery and Transport Equipment*
	340	Manufacture of febricated metal products such as metal cans from tin-plate, terne plate or enamelled sheet metal, metal shipping containers, barrels, drums, kegs, pails, safes, vaults, enamelled, sanitary and all other fabricated metal products not elsewhere classified.
	341	Manufacture of structural metal products.
	342	Manufacture of furniture and fixtures primarily of metal.
	343	Manufacture of hand tools and general hardware.
	344	Enamelling, japanning, lacquering, galvanising, plating and polishing of metal products.
	345	Manufacture of metal utensils, cutlery and kitchenware.
	349	Manufacture of metal products except machinery and transport equipment not elsewhere classified, like typefounding.
35		*Manufacture of Machinery, Machine tools and Parts except Electrical Machinery.*
	350	Manufacture of agricultural machinery and equipment and parts.
	351	Manufacture and repair of drills, coal cutting machines, earth moving, lifting and hoisting machinery, cranes, conveyors and road rollers and other heavy machinery and equipment used by construction and mining industries.
	352	Manufacture of prime movers, boilers and steam generating plants such as diesel engines and parts.
	353	Industrial Machinery for Food and Textile Industries.
	354	Industrial Machinery for other than Food and Textiles Industries.

Major Group	Minor Group	Description
Division 2&3 —Manufacturing and Repairs —*Contd.*		
	355	Manufacture of Refrigerators, Airconditioners, and Fire Fighting Equipment, and other parts, components and accessories.
	356	Manufacture, alteration and repair of general items of non-electrical machinery, components, equipment and accessories not elsewhere classified, e.g., manufacture and repair of size reduction equipment like Pentagraph, Mapograph etc., crushers, conveyors, bucket elevators, ship hoist cranes, derricks, etc., mixers and reactors, centrifugal machines, driers, etc., power driven pumps, etc., air gases, compressors and vacuum pumps (excluding electrical furnaces), etc.
	357	Manufacture of Machine Tools, their parts and accessories.
	358	Manufacture of office computing and accounting machinery and parts.
	359	Manufacture and repair of non-electrical machinery, equipment, components and accessories not elsewhere classified, (sueh as sewing machines, automatic merchandising machines, washing, laundry, dry-cleaning and pressing machines, cooking ranges and ovens, other service industry machines, arms and armaments etc.)
36		*Manufacture of Electrical Machinery, Apparatus, Appliances and Supplies and Parts*
	360	Manufacture of electrical industry machinery and apparatus and parts (such as electrical motors, generators, transformers, electro-magnetic clutches and brakes etc.)
	361	Manufacture of insulated wires and cables.
	362	Manufacture of dry and wet batteries.
	363	Manufacture of electrical apparatus, appliances and their parts sueh as lamps, bulbs, tubes, sockets, switches, fans insulators (except porcelain), conductors, irons, heaters, shavers, vacuum cleaners, etc., excluding repairing.
	364	Manufacture of radio and television transmitting and receiving sets including transistor radio sets, sound reproducing and recording equipment including tape recorders, public address systems, gramophone records and pre-recorded magnetic tapes, wire and wireless, telephone and telegraph equipment, signalling and detection equipment and apparatus, radar equipment and installations; parts and supplies specially used for electronic apparatus classified in this group.
	365	Manufacture and repair of Radiographic X-ray apparatus and tubes and parts.
	366	Manufacture of Electronic Computers, Control Instruments and other Equipment.
	367	Manufacture of electronic components and accessories not elsewhere classified.
	369	Manufacture of electrical machinery, apparatus, appliances and supplies and parts not elsewhere classified.
37		*Manufacture of Transport Equipment and Parts*
	370	Ship building and repairing.
	371	Manufacture of Locomotives and parts.
	372	Manufacture of Railway wagons and coachs and parts.
	373	Manufacture of other rail-road equipment.
	374	Manufacture of motor vehicles and parts.
	375	Manufacture of motor-cycles and scooters and parts.
	376	Manufacture of bicycles, cycle-rickshaw and parts.
	377	Manufacture of aircrafts and its parts.
	378	Bullock-carts, push-carts, hand carts, etc.
	379	Manufacture of transport equipment and parts not elsewhere classified.
38		*Other Manufacturing Industries*
	380	Manufacture of medical, surgical and scientific equipment.
	381	Manufacture of photographic and optical goods (excluding photo Chemicals, sensitised paper and film).
	382	Manufacture of watches and clocks.
	383	Manufacture of jewellery and related articles.
	384	Minting of coins.
	385	Manufacture of sports and athletic goods.
	386	Manufacture of Musical instruments.
	387	Manufacture of stationery articles like fountain pens, pencils, pens, pin cushions, tags, etc., not elsewhere classified.
	389	Manufacture of miscellaneous products not elsewhere classified such as costume jewellery, costume novelties, feather plumes, artificial flowers, brooms, brushes, lamp shades, tobacco pipes, cigarette holders, ivory goods, badges, wigs and similar articles.

Major Group	Minor Group	Description
Divisions 2 & 3—Manufacturing and Repair—*Concld.*		
39		*Repair*
	390	Repair of footwear and other leather goods.
	391	Electrical repair shops.
	392	Repair of motor vehicles and motorcycles.
	393	Repair of watch, clock and jewellery.
	394	Repair of bicycles and cycle rickshaws.
	399	Repair of enterprises not elsewhere classified.
Division 4—Electricity, Gas and Water		
40		*Electricity*
	400	Generation and transmission of electric energy.
	401	Distribution of electric energy to household, industrial and commercial and other users.
41		*Gas and Steam*
	410	Manufacture of gas in gas works and distribution through mains to household, industrial and commercial and other users.
42		*Water Works and Supply*
	420	Water supply *i.e.* collection, purification and distribution of water.
Division 5—Construction		
50		*Construction*
	500	Construction and maintenance of buildings (including aerodromes).
	501	Construction and maintenance of roads, railways, bridges, tunnels, pipe lines, ports, harbours, runways, etc.
	502	Construction and maintenance of telegraph and telephone lines and other communication systems.
	503	Construction and maintenance of water-ways and water reservoirs such as bund, embankments, dams, canals, tanks wells, tube wells, etc.
	504	Construction of hydro-electric projects.
	505	Construction of industrial plants including thermal plants.
	509	Construction not elsewhere classified.
51		*Activities allied to Construction*
	510	Plumbing.
	511	Heating and air conditioning installation, lift installation, sound proofing, etc.
	512	Setting of tile, marble, brick, glass and stone.
	513	Plumber works such as fixing of doors, windows, panels, painting and decorating.
	514	Electrical installation.
	519	Other activities allied to construction not elsewhere classified, such as fixing of handpumps.
Division 6—Wholesale and Retail Trade and Restaurants and Hotels		
60		*Wholesale Trade (W.T.) in Food, Textiles, Live Animals Beverages and Intoxicants.*
	600	Wholesale trade in cereals and pulses.
	601	Wholesale trade in Foodstuff other than cereals and pulses.
	602	Wholesale trade in textiles and textile products, like all kinds of fabrics, garments, shirtings, suitings, hosiery, goods.
	603	Wholesale trade in beverages other than intoxicants, e.g., aerated water.
	604	Wholesale trade in intoxicants like wines and liquors including bottling.
	605	Wholesale trade in intoxicants like opium, ganja etc.
	606	Wholesale trade in tobacco and tobacco products.
	607	Wholesale trade in animals.
	608	Wholesale trade in straw and fodder.
61		*Wholesale trade in Fuel, Light, Chemicals, Perfumery, Ceramics, Glass.*
	610	Wholesale trade in medicines and chemicals.
	611	Wholesale trade in fuel and lighting products.
	612	Wholesale trade in toilets, perfumery and cosmetics.
	613	Wholesale trade in metal, porcelain and glass utensil crockery and chinaware.

Major Group	Minor Group	Description
Division		**6—Wholesale and Retail Trade and Restaurants and Hotels—*Contd.***
62		*Wholesale trade in Wood, Paper, Other Fabrics and Skin and Inedible Oils*
	620	Wholesale trade in petrol, mobil oil and allied products.
	621	Wholesale trade in wood, cane, bamboo, thatches, etc.
	622	Wholesale trade in paper and other stationery goods.
	623	Wholesale trade in skin, leather and fur etc.
63		*Wholesale trade in All Types of Machinery, Equipment, including Transport and Electrical Equipment.*
	630	Wholesale trade in agricultural and industrial machinery, e.g., harvestors, Threshers sowing machines, etc.
	631	Wholesale trade in electrical machinery and equipment.
	632	Wholesale trade in transport and storage equipment.
64		*Wholesale trade in Miscellaneous Manufacturing*
	640	Wholesale trade in furniture and fixtures.
	641	Wholesale trade in rubber and rubber products.
	642	Wholesale trade in household and equipment not elsewhere classified.
	643	Wholesale trade in building materials.
	644	Wholesale trade in clocks, eye-glasses and frames.
	645	Wholesale trade in hardware and sanitary equipment.
	646	Wholesale trade in scientific, medical and surgical instruments.
	647	Wholesale trade in precious metals, stones and jewellery.
	649	Wholesale trade in goods not elsewhere classified.
65		*Retail trade (R.T.) in Food and Food Articles, Beverage, Tobacco and Intoxicants.*
	650	Grain and grocery store.
	651	Vegetable and fruit selling.
	652	Dealers in meat, fish and poultry.
	653	Dealers in sweetmeat, bakery products, dairy products and eggs.
	654	Pan, bidi, cigarette shops.
	655	Dealers in aerated water, soft drinks and ice cream.
	656	Wine and liquor shops.
	659	Retail trade in food and food articles, beverage, tobacco and intoxicants not elsewhere classified.
66		*Retail trade in Textiles*
	660	Dealers in textiles (non-ready made).
	661	Dealers in ready-made garments.
67		*Retail trade (R.T.) in Fuel and Other Household Utilities and Durables.*
	670	Dealers in firewood, coal and kerosene oil.
	671	Utensil shops.
	672	Fancy stores (including crockery and glassware dealers).
	673	Dealers in electrical and electronic goods.
	674	Furniture shops.
	675	Jewellery marts.
	676	Footwear shops.
	679	Retail trade in fuel and other household utilities and durables not elsewhere classified.
68		*Retail Trade in Others*
	680	Medical shops.
	681	Booksellers and stationers.
	682	Dealers in buildings material.
	683	Dealers in transport equipment.
	684	Petrol fillings stations.
	689	Retail trade in others not elsewhere classified.

Major Group	Minor Group	Description
Division 6—Wholesale and Retail Trade and Restaurants and Hotels—*Concld.*		
69		*Restaurants and Hotels*
	690	Restaurants, cafes and others eating and drinking places.
	691	Hotels, rooming houses, camps and other lodging places.
Division 7—Transport Storage and Communications		
70		*Land Transport*
	700	Railway transport.
	701	Passenger transport by tramway and bus-services.
	702	Passenger transport by other motor vehicles.
	703	Freight transport by motor vehicles.
	704	Hackney carriages bullock-carts, *ekka*, tonga, etc.
	705	Transport by animals like horses, elephants, mules, camels, etc.
	706	Transport by man (including rickshaw pullers hand-cart pullers, porters, coolies, etc.)
	707	Pipeline transport.
	708	Supporting services to land transport, like operation of highway bridges, toll roads, vehicular tunnels, parking lots, etc.
71		*Watertransport*
	710	Ocean and coastal water transport.
	711	Inland water transport.
	712	Supporting services to water-transport like operation and maintenance of piers, docks, pilotage, light houses, loading and discharging of vessels, etc.
72		*Air Transport*
	720	Air-transport carriers (of passengers and freight).
	721	Supporting services to air-transport, like operation of airports, flying facilities radio beacons flying control centres, radar stations, etc.
73		*Services Incidental to Transport*
	730	Services incidental to transport, such as packing, crating travel agency, etc.
74		*Storage and Ware-Housing*
	740	Ware-Housing.
	741	Cold-storage.
	749	Storage and ware-housing not elsewhere classified.
75		*Communications*
	750	Postal, telegraphic, wireless and signal communication.
	751	Telehphone communication.
	759	Communication not elsewhere classified.
Division 8— Financing, Insurance, Real Estate and Business Services		
80		*Banking and Similar Type of Financial Institutions*
	800	Banking.
	801	Credit Institutions other than banks, such as saving and loan associations, agricultural credit institution industrial development banks, etc.
	809	Other financial institutions such as pawn brokers, money lenders, financiers, chit funds, etc.
81		*Providents and Insurance*
	810	Provident Services.
	811	Insurance carriers, Life.
	819	Insurance carriers other than life, such as fire, marine, accident, health etc.
82		*Real Estate and Business Services*
	820	Purchase, sale letting and operating of real estate such as residential and non-residential buildings, developing and sub-dividing real estate into lots, lessors of real property, real estate agents brokers and managers engaged in renting, buying and selling, managing and appraising real estate on contract or fee basis.

Major Group	Minor Group	Description
Division 8—Financing, Insurance, Real Estate and Business Services—*Concld.*		
	821	Purchase and sale, agents and brokers.
	822	Auctioneering.
	823	Accounting, auditing and book-keeping services.
	824	Data processing and tabulating services.
	825	Engineering, architectural and technical services.
	826	Advertising and publicity services.
	827	Machinery and equipment, rental and leasing.
	828	News Agencies, e.g. P.T.I., U.N.I. Reuter, etc.
	829	Business services, except machinery and equipment rental and leasing, not elsewhese classified.
83		*Legal Services*
	830	Legal Services, such as those rendered by advocates, barristers, solicitors, pleaders, mukhtiars, etc.
Division 9—Community, Social and Personal Services		
90		*Public Administration and Defence Services*
	900	Public services in the Union Government including Defence Services.
	901	Public Services in State Governments including Police Services.
	902	Public Services in local bodies departments and offices engaged in administration like local taxation, business regulations, etc.
	903	Public Services in Quasi-government bodies.
91		*Sanitary Services*
	910	Sanitation and similar services such as a garbage and sewage disposal, operation of drainage systems and all other types of work connected with public health and sanitation.
92		*Education, Scientific and Research Services*
	920	Educational services rendered by technical or vocational colleges, schools and other institutions.
	921	Educational services rendered by non-technical colleges, schools, universities and other institutions.
	922	Research and Scientific Services not classified elsewhere such as those rendered by institution and laboratories engaged in research in the biological physical and social sciences, meteorological institutes and medical research organisation, etc.
93		*Medical and Health Services*
	930	Health and medical services rendered by organisations and individuals such as hospitals, dispensaries sanatoria, nursing homes, maternal and child welfare clinics by allopathic, Ayurvedic, Unani, Homeopathic etc., practitioners.
	931	Veterinary Services.
94		*Community Services*
	940	Religious services by organisations or individuals.
	941	Welfare services rendered by organisations operating on a non-profit basis for the promotion of welfare of the community such as relief societies redresses homes for the aged, blind, fire brigade services, etc.
	942	Business, professional and labour organisations.
	949	Community services not elsewhere classified.
95		*Recreational and Cultural Services*
	950	Motion picture production.
	951	Motion picture distribution and projection.
	952	Theatrical producers and entertainment services.
	953	Authors, music composers and other independent artists not elsewhere classified.
	954	Radio and television broadcasting.
	955	Operation of circuses and race tracks.
	956	Libraries, museums, botanical and zoological gardens, zoos, game sanctuaries, etc.
	959	Amusement and recreational services not elsewhere classified.

Majro Group	Minor Group	Description
Division 9—Community, Social and Personal Services—*Concld.*		
96		*Personal Services*
	960	Domestic Services.
	961	Laundries, Laundry services and cleaning and dyeing plants.
	962	Hair dressing such as those done by barbers, hair dressing saloons and beauty shops.
	963	Portriat and Commercial Photographic Studios.
	969	Personal Services not elsewhere classified.
98		*International and other Extra territorial Bodies*
	980	International and other extra territorial bodies.
99		*Services not Elsewhere Classified*
	990	Services not elsewhere classified.
Division X—Activities, not Adequately Defined

SECTION B

SUBSIDIARY TABLES

SUBSIDIARY TABLE E-I·1

DISTRIBUTION OF 1,000 ESTABLISHMENTS BY BROAD TYPES RURAL AND URBAN AREAS

This Subsidiary table is based on the Main table E.I published in 1971 Census, Part III.B—Establishment Tables Volume of Andhra Pradesh. The distribution of the 1000 total number of establishments in the rural and urban areas of the State and each district and for each city with a population of one lakh or more persons by the type of management viz., (a) Government or Quasi-Government, (b) Private and (c) Cooperative, depending on the type of management and the break up of the establishments in each of these 3 types by the nature of activity are given in this table. The proportions shown for rural areas of the State under column 3 in this table against items (a), (b) and (c) will add upto 1000. The proportion shown against item (a) under column 3 will be the total of proportions shown under columns 4 to 12. Similar is the case with items (b) and (c).

There was no comparable table in 1961 since the scope of enquiry in 1961 Census was limited to manufacturing establishments only.

SUBSIDIARY TABLE E-I.1

SUBSIDIARY TABLE E-II PART A.1

SUBSIDIARY TABLE E-II PART A.i

This subsidiary table is prepared on the basis of the Main table E.II Part A. It shows the distribution of 1,000 manufacturing, processing or servicing establishments other than those run on Household industry basis as registered factories and unregistered workshops—categorised under Division 2 & 3 of N.I.C. for rural and urban areas separately in the State/districts and in the cities having each a population of 1 lakh or more persons. This table also shows the distribution of establishments under different sizes of employment against the two categories of Registered factories and Unregistered workshops. It contains 17 columns and the proportion shown under column 4 against items (a) and (b) will add up to 1000. The total of proportions given under columns 5 to 14 will be equal to the proportion given under column 4 against items (a) and (b) separately in the rural and the urban areas.

There was no comparable Table in 1961.

SUBSIDIARY TABLE E-II PART B.I

SUBSIDIARY TABLE E.II PART B.I

This Subsidiary table is prepared on the basis of the Main Table E-II Part B.

It shows the distribution of 1,000 manufacturing, processing or servicing establishments other than household industry as per N.I.C. by kind of the fuel/power used and also by size of employment for the State/districts/cities having each a population 1 lakh and above persons. This table is prepared for total, rural and urban areas separately. The proportions given under column 3 against different kinds of fuel/power and manual labour will add up to 1,000. The proportion shown against each kind of fuel/power and manual labour will be equal to the total of proportions under columns 4-13. A similar pattern is repeated for each Major Group under Division 2 & 3 for total, rural and urban areas and for cities separately.

The data given in tables E-III.2 and E-III.3 of 1961 Census will be found combined in this table.

SUBSIDIARY TABLE E-II PART B.I

DISTRIBUTION OF 1,000 MANUFACTURING, PROCESSING OR SERVICING ESTABLISHMENTS OTHER THAN HOUSEHOLD INDUSTRIES IN EACH DIVISION/MAJOR GROUP OF N.I.C. AND THE KIND OF FUEL/POWER USED AND SIZE OF EMPLOYMENT

SUBSIDIARY TABLE E-II PART C-I

TABLE E.II PART C.I

This subsidiary table is prepared based on the data relating to Household industry establishments presented in the Main Table E.II Part C printed in Part III.B Volume of Andhra Pradesh State.

This table shows the distribution of 1,000 household industry establishments classified under 2 & 3 division and major groups of N.I.C. by type of fuel used and by size of employment in rural and urban areas separately of the State/district and cities having each a population of 1 lakh or more persons.

The presentation of the table is similar to that of E.II Part B.I. The proportions shown under column 3 in this table against different types of fuel will add up to 1000. Similarly the total of proportions given under columns 4 to 8 against each kind of fuel will be equal to the proportion shown under column 3. The same pattern is followed for Division 2 & 3 and each Major Group.

There was no comparable table in 1961.

SUBSIDIARY TABLE E-II PART C.I

DISTRIBUTION OF 1,000 ESTABLISHMENTS WHICH ARE HOUSEHOLD INDUSTRIES IN EACH DIVISION/MAJOR GROUP OF N.I.C. AND KIND OF FUEL/POWER USED AND SIZE OF EMPLOYMENT

SUBSIDIARY TABLE E-III.1

SUBSIDIARY TABLE E-III. 1

The subsidiary table E-III.1 is prepared based on the data relating commercial and trading establishments given in the Main Table E-III printed in 1971 Census Part III.B Volume of Andhra Pradesh. This table shows the distribution of 1000 commercial and trade establishments under Divisions 6 and 8 with its major groups separately in rural and urban areas according to the size of employment i.e., 1 person, 2-4 persons, 5-9 persons, 10-19 persons, 20-49 persons, 50-99 persons, 100 persons and more and lastly number of persons unspecified. The descriptions of the Divisions 6 and 8 and their major groups are given in the table itself. This table is prepared for rural and urban areas of the State and districts separately and also for cities having each a population of 1 lakh or more persons.

The proportions given under columns 4 to 11 against rural and urban areas in respect of each division and Major Group will add up to 1000.

This is a new table prepared at the 1971 Census. In 1961 there was no comparable table since particulars of trading establishments were not collected during the 1961 Census houselisting operations.

SUBSIDIARY TABLE E-III.1

DISTRIBUTION OF 1,000 TRADE/COMMERCIAL ESTABLISHMENTS IN EACH DIVISION/MAJOR GROUP OF N.I.C. BY SIZE OF EMPLOYMENT IN RURAL AND URBAN AREAS

SUBSIDIARY TABLE E-IV. 1

SUBSIDIARY TABLE E—IV.1

The subsidiary table E—IV.1 is prepared based on the data relating to the other establishments excluding those engaged in Manufacturing, processing or servicing or business and trade, shown in the main table E.IV printed in 1971 Census part III.B volume of Andhra Pradesh State. This table shows the distribution of 1,000 establishments connected with Agriculture, Hunting, Forestry. and Fishing (Division 0) Mining and Quarrying (Division 1), Electricity (Division 4), Construction (Division 5), Transport, Storage and Communications (Division 7) and community social and personal services (Division 9) by size of employment for Divisions and major groups of N.I.C.

The establishments classified under each Division and Major Group of N.I.C. have been distributed in 8 size classes of employment for rural and urban areas separately for the State/District and separately for each city. The proportions given under columns 4 to 11 against rural/urban areas will add up to 1000.

There was no comparable Table in 1961.

SUBSIDIARY TABLE E-IV. 1
