Before the data are presented in the form of Primary Census Abstract, it would be relevant to dwell on the various definitions and concepts adopted in 1981 Census which are briefly discussed as under so as to make the import of the various words clear :

Literate : A person who can both read and write with understanding in any one language is to be treated as literate. A person who can merely read but cannot write is not literate. It is not necessary that a person who is literate should have received any formal education and should have passed any minimum educational standard.Children upto the age of 4 years have been treated as illiterate irrespective of their attending school or not.

Work : Work is defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work.

Main Worker : A person who has primarily worked for the major period of a year is a main workers By major period of the year, it is intended to ensure that the person has worked for 183 days or more or in other words worked for six months or more. For seasonal work,working in two seasons should be considered to satisfy the criterion.

Marginal Worker : A person who has worked for less than six months or 183 days but worked occasionally during the year before enumeration is considered as Marginal Worker.

Non-Worker : A person who has not worked at all during preceding one year from the date of enumeration is a non-worker.

In the presentation of the economic activities standard groupings of population characteristics have been adopted.

The broad industry groupings for main activity are :

I. Cultivators
II. Agricultural labourers
III. Livestock,Forestry,Fishing,Hunting and Plantations,Orchards and allied activities
IV. Mining and Quarrying
V. Manufacturing,Processing,Servicing and Repaire (a)Household Industry (b) Other than Household Industry

He or she no risk in cultivation but he or she merely works in another person's land for wages. Agricultural labourer has no right to lease or control on land on which he/she works.

V.(a) Household Industry : It is an industry which involves atleast manufacturing or precessing,or servicing,or repairing conducted by the head of household himself or herself or by member of household at home or within the village in rural areas and only within the premises of the house where household lives in the urban areas. A large proportion of the workers in a household industry should consist of members of the household including head. The industry should not be run on a scale of registered factory which should qualify or has to be registered under the Indian Factories Act.

III., IV., V(b), VI to IX. Other Workers : All workers i.e.,those who have been engaged in economic activities during the last one year, who are not cultivators or agricultural labourers or in household industry are other workers.
