PREFACE

The statistics collected for Religion and Scheduled Castes and Scheduled Tribes at the 1971 Census have been presented in this volume. In Part IIC(i) Table C-VII-Religion and Table C-VIII Scheduled Castes and Scheduled Tribes classified by literacy and industrial category of workers and non-workers according to main activity are presented. In Part VA special tables prepared for each Scheduled Caste and Scheduled Tribe are given.

Each table of this volume is preceeded by a fly-leaf where a short description of the relevant questions has been given.

Table C-V: Mother Tongue, which was to go along with these tables in this volume, could not be included due to non-receipt of approval at the time of sending the manuscript to the press. However, the table has since been finalised and this is being included in Part IIC(ii) where all the remaining C-Series (Cultural Tables) are being incorporated.

These tables were prepared in this office under the overall supervision of Shri A.K. Bhattacharyya, the then Director of Census Operations, Tripura. I am particularly grateful to Shri D.K. Choudhuri, Tabulation Officer, who prepared the fly-leaves of most of the tables and also supervised the tabulation work efficiently. I am also thankful to Shri Samiran Chakraborty, Statistical Assistant and his team of Computors who not only prepared and checked the tables but also did the typing work of the tables before sending these to the press.

Shri K. K. Chakraborty, Assistant Registrar General, India (Census) and other officials of the Census Division of the Registrar General, India's office took special care to scrutinise the tables for which I am extremely grateful to them.

I am also thankful to the Manager, Government of India Press, K. S. Roy Unit, Santragachi, Howrah and his colleagues for expeditious printing of this volume.

PART-II C(i)

SOCIAL AND CULTURAL TABLES

INTRODUCTORY NOTE

In this part only 2 tables from Social and Cultural (C-Series) Tables of Tripura are presented. The above 2 tables with their corresponding tables of 1961 Census are indicated below :—

1971 Census	*1961 Census*
1. C-VIII—Religion Appendix	1. C-VII—Religion Supplement to Table C-VII
2. C-VIII—Scheduled Castes and Scheduled Tribes	2. C-VIII
Part-A—Classification by literacy and Industrial category of workers and non-workers according to main activity among Scheduled Castes.	Part-A—Classification by literacy and Industrial category of workers and non-workers among Scheduled Castes
Part-B—Classification by literacy and Industrial category of workers and non-workers according to main activity among Scheduled Tribes.	Part-B—Classification by literacy and Industrial category of workers and non-workers among Scheduled Tribes.

Appendix—Scheduled Castes

Appendix—Scheduled Tribes

The Census data required for the tables in this part are tabulated from the information obtained from the answers to the following two questions relating to social and cultural items in the Individual Slip :

Question No. 10	Religion
Question No. 11	Scheduled Castes/Scheduled Tribes.

Geometrical design has been used for recording the answer to Question No. 11. As the recording of correct answer to this question was particularly necessary for obtaining a true picture, elaborate arrangements were made for a thorough training of census personnel. The instructions issued to the Enumerators for recording appropriate answers to the above questions are reproduced in the fly-leaf to the respective tables. Brief notes explaining the contents of each table are given at the beginning of the table.

TABLE C-VII—RELIGION

Fly-leaf

This table, like its corresponding table C-II in 1961 has been prepared for total, rural and urban population for each Sub-division. It gives information about the distribution of population according to religion in an alphabetical order followed by 'other religions and persuations' and 'religion not stated'. This is an important, sociological table.

Reference to Individual slip : Question No. 10 of the Individual slip supplies the data for this table. The instructions issued to the enumerators are reproduced below :

" In answering this question use the following abbreviations :

H : Hinduism	S : Sikhism
I : Islam	B : Buddhism
C : Christianity	J : Jainism

For others record the actual religion fully as returned. If a person says that he has no religion it may be recorded accordingly. Do not mistake religion for Castes which will not be recorded here."

The statement below gives comparative picture of different religions in 1961 and 1971 along with their percentages to total population for State and Districts.

It is seen from the table C-VII that there are no figures in columns 18, 19, 20 and 21 under the heading 'Other religions and persuations' and 'Religion not stated'. As a result Appendix to this table which shows details of religion mentioned in these columns, has not been prepared.

TABLE C-VIII : SCHEDULED CASTES AND SCHEDULED TRIBES.

Part 1—Classification by literacy and industrial category of workers and non-workers according to main activity among Scheduled Castes.

Part B—Classification by literacy and industrial category of workers and non-workers according to main activity among Scheduiled Tribes.

Fly-leaf

This is a general table prepared for the Scheduled Castes and Scheduled Tribes down to the district level giving figures separately for total, rural and urban areas. It consists of two parts : Part A relates to Scheduled Castes and Part B to Scheduled Tribes. Both these tables give distribution of Scheduled Castes and Scheduled Tribes by literacy and classification of workers into different industrial categories and non-workers by sex. The principal work of the workers has been taken into account for their classification. Literacy figures for Scheduled Castes and Scheduled Tribes were given for the fist time in 1961 Census. This table corresponds to Table C-VIII of 1961 Census.

There are two Appendices, one for Scheduled Castes and the other for Scheduled Tribes. Each Appendix presents the figures of each Scheduled Caste/Tribe down to sub-divisional level with rural-urban break-up by sex for illiterate and literate and educated persons only.

A person is said to belong to Scheduled Caste if he belongs to any one of the Castes specified in The Scheduled Castes and Scheduled Tribes Lists Modification Order, 1956. A person is said to belong to Scheduled Tribe if he belongs to any of the Tribe specified in the Scheduled Castes and Scheduled Tribes Lists Modification Order, 1956.

Questions 11, 12 and 15 or the Individual slip supplies the data for these tables. The instructions issued to enumerators for recording the answer to question 11 is reporduced below :

" You have been furnished with a list of scheduled castes and scheduled tribes notified for your State. Ascertain if the person enumerated belongs to a scheduled caste or scheduled tribe and if he does, then record the name of the scheduled caste or scheduled tribe which should find place in the list furnished to you. The answer should be recorded against the correct rectangle provided for the purpose against this question. For a person who is not a member of any scheduled caste or scheduled tribe write 'X' in both the rectangles.

If the person belonging to a scheduled caste or scheduled tribe returns his caste or tribe by synonym or generic name of a caste or tribe it should be entered only if it finds a place in the list furnished to you. Do not write the names of scheduled castes in general terms as 'Harijan' or 'Achhut'. You should ascertain the name of the caste when it is returned and write it in the rectangle provided for recording the name. Similarly, do not write the names of scheduled tribes in general term as 'Adivasi'. You should ascertain the name of the tribe when it is returned and write it in the rectangle with broken lines provided for recording the same. If a person is negligent and insists on calling himself merely 'Harijan' or 'Achhut' or 'Adivasi' as the case may be, tell him that this description is not adequate for census purposes and persuade him to give out the actual name of the caste or tribe. You should make all efforts to ascertain the correct name of the scheduled caste or scheduled tribe as found in the notified list. If the person merely claims to be a scheduled caste or scheduled tribe but says that he does not belong to any of the notified communities applicable to the area, he will not be entered as a scheduled caste or scheduled tribe.

Scheduled castes can belong only to the Hindu or Sikh religion. If a person belongs to scheduled caste, there will be either 'H' or 'S' in the answer to question 10. Scheduled tribes may belong to any religion."

During the sorting of Individual slips it was found that a number of slips had entries such as 'Harijan', 'Scheduled Castes'. 'Scheduled Tribes'. The specific name of the caste or tribe to which the person belonged was not mentioned. All such slips were treated as those of Scheduled Castes or Scheduled Tribes under the heading 'Caste or tribe unspecified'.

Scheduled Castes : The percentage of worker in the state has dropped substantially. In 1961, 35.32 per cent of the Scheduled Castes population was workers and in 1971 the percentage is 28.08. The same trend is noticed in case of both males and females. In all the districts of the state the percentage of both male and female workers has dropped. It is possible that the drop in the 1971 participation rate may be due to the definition of work varying from 1961 to 1971.

Scheduled Tribes : The percentage of worker to total population has declined from 51.59 in 1961 to 31.55 in 1971. The same trend is observed in case of each district for both the sexes. The decline is marked in the case of female workers, while 48.26 per cent of females have been recorded as workers in 1961, they account for 9.55 per cent in 1971. This pattern of decline is noticed in all the districts. The main reason for this decline is the change in the definition of workers adopted in 1971 from that of 1961.

The following statement shows the percentage of illiterate and literate and educated persons for Scheduled Castes and Scheduled Tribes by sex during 1961 and 1971.

A person knowing how to read and write with understanding in any language is considered literate in Census. The population in the age group 0-4 has been taken into account for working out the literacy rate.

Scheduled Castes : The rate of literacy among Scheduled caste population in the state has gone up from 13.42 per cent in 1961 to 20.51 per cent in 1971. The corresponding rate of literacy for the total population is 20.20 in 1961 and 30.98 in 1971.

The male and female literacy rate in 1971 is 30.32 per cent and 10.06 per cent respectively. The rate of literacy has improved in both the sexes.

Coming to districts, South Tripura has the highest literacy rate of 21.89 per cent for total population and also records the highest percentage of male literacy. In respect of females, the highest literacy rate has been recorded in case of North Tripura district.

Scheduled Tribes : The percentage of literacy for the state works out to 15.03 as against 10.01 per cent in 1961. The percentage of literacy for males and females is 23.60 and 6.04 respectively compared to 17.37 and 2.31 in 1961. The highest percentage of literacy is seen in West Tripura district for total as well as for males and females.

PART V-A

SPECIAL TABLES OF SCHEDULED CASTES AND SCHEDULED TRIBES

INTRODUCTORY NOTE

In this part of the publication (Part V-A) the figures relating to individual Scheduled Caste and Scheduled Tribe are presented. In 1961 Census statistics for individual Scheduled Castes and Scheduled Tribes were presented for the first time in detail.

Article 46 of the Constitution provides : "The State shall promote with special care the educational and economic interests of the weaker sections of the people, and in particular, of the Scheduled Castes and Scheduled Tribes, and shall protect them from social injustice and all forms of exploitation."

Article 341(1) of the Constitution defines Scheduled Castes as "the castes, races or tribes or parts of or groups within castes, races or tribes" which the President by public notification may specify. Clause (2) of the said Article says "Parliament may by law include in or exclude from the list of Scheduled Castes specified a notification issued under clause (1) any caste, race or tribe, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification."

Article 342(1) of the Constitution says that Scheduled Tribes are "the tribes or tribal communities or parts of or groups within tribes or tribal communities," which the President by public notification may specify.

In case of Scheduled Tribes also "Parliament may by law include in or exclude from the list of Scheduled Tribes specified in a notification issued under clause (1) any tribe or tribal community or part of or group within any tribe or tribal community, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification."

In 1971 Census "The Scheduled Castes and Scheduled Tribes Lists Modification Order, 1956" was used. The castes and tribes scheduled in Tripura are given in Page....of this publication.

The tables prepared for Scheduled Caste and Scheduled Tribe as presented in this publication are as follows :—

(i) SC-I Part A : Industrial Classification of persons at work and non-workers by sex for Scheduled Castes (Rural).

(ii) SC-I Part B : Industrial Classification of persons at work and non-workers by sex for Scheduled Castes (Urban).

(iii) SC-II : Age and marital status for Scheduled Castes.

(iv) SC-III Part A : Education in urban areas only for Scheduled Castes.

(v) SC-III Part B : Education in rural areas only for Scheduled Castes.

(vi) SC-IV : Persons not at work classified by sex, type of activity and educational levels for Scheduled Castes.

(vii) ST-I Part A : Industrial Classification of persons at work and non-workers by sex for Scheduled Tribes (Rural).

(viii) ST-I Part B : Industrial Classification of persons at work and non-workers by sex for Scheduled Tribes (Urban).

(ix) ST-II : Age and marital status for Scheduled Tribes.

(x) ST-III Part A : Education in urban areas only for Scheduled Tribes.

(xi) ST-III Part B : Education in rural areas only for Scheduled Tribes.

(xii) ST-IV : Persons not at work classified by sex, type of activity and educational levels for Scheduled Tribes.

(xiii) ST-V : Religion for Scheduled Tribes.

In Question No. 11 of the Individual Slip used in 1971 Census whether the individual was Scheduled Caste or Scheduled Tribe and if so, the name of the Caste/Tribe was asked. The instructions given for this purpose to the Enumerators are given in page..of this volume.

Since the list of Scheduled Castes and Scheduled Tribes has not undergone change during 1961 and 1971 it is worthwhile to study the comparative figure of each caste and tribe and the percentage variation thereof.

The following statement shows the percentage variation of Scheduled Caste population between 1961 and 1971 Census.

The probable reasons for unusual variation in case of few Scheduled Castes and Scheduled Tribes are being discussed in General Report. It is, therefore, proposed not to make any comment on these figures in this publication.

During enumeration the names of some sub-tribes were also found. The following sub-tribes were included under the main tribe as shown

against them for the purpose of census enumeration :—

Name of sub-tribe :	Name of main tribe under which they were grouped
1. (i) Kalai	Halam
(ii) Kulu or Khular	
(iii) Karbang	
(iv) Kaipeng	
(v) Kairang	
(vi) Charai	
(vii) Dub	
(viii) Thangchaf	
(ix) Sakchaf	
(x) Bangsal	
(xi) Marsum	
(xii) Rangkhal	
(xiii) Rupini	
(xiv) Langai	
(xv) Langlung	
2. Marasing or Murdhakang	Noatia

The statistics presented in these special tables of Scheduled Castes and Scheduled Tribes together with the corresponding tables of 1961 Census are expected to help in studying the progress made by these two communities during the decade in different fields.

SC-I PARTS A AND B-INDUSTRIAL CLASSIFICATION OF PERSONS AT WORK AND NON-WORKERS BY SEX FOR SCHEDULED CASTES (RURAL/URBAN)

Fly-leaf

These two tables correspond to Table SCT I Part A of 1961 Census. In Part A the figures for each caste are presented for rural areas while in Part B for urban areas. In these two tables the members of the Scheduled Castes are distributed into two broad divisions of (i) workers and (ii) non-workers. The workers are further divided into nine industrial categories.
These are :—

I. Cultivators II. Agricultural labourers

III. Livestock, forestry, fishing, hunting and plantations, orchards and allied activities.

IV. Mining and quarrying

V. Manufacturing, processing, servicing and repairs

(*a*) Household industry

(*b*) Other than household industry

VI. Construction

VII. Trade and commerce

VIII. Transport, storage and communications

IX. Other services X. Non-workers

In Table SCT I Part A of 1961 Census the special occupations of tanning and currying of hides and skins and scavenging of the scheduled castes were also shown. But in the corresponding tables prepared during 1971 Census these figures were not separately compiled.

The relevant data for these tables were taken from the answers of the slips of Scheduled Castes entered as such in the rectangle against Question No. 11 of the Individual Slip. The President's Order in which the Scheduled Castes by name have been specified is given in page.....

Workers and Non-Workers : The definition of 'Worker' as adopted in 1971 Census is given below :—

"A 'Worker' is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but effective supervision and direction of work.

The reference period is one week prior to the date of enumeration in the case of regular work in trade, profession, service or business. If a person had participated in any such regular work on any one of the days during this reference period and this has been returned as his main activity, the person will be categorised accordingly. A person who normally works but had been absent from work during this reference period on account of illness or travel, holiday, temporary breakdown, strike, etc., the person should be treated as engaged in regular work in which he would have otherwise been employed but for his temporary absence. Persons under training such as apprentices with or without stipends or wages should be considered as economically active and recorded as working. A person who has merely been offered work but has not actually joined it, is not to be treated as engaged in work.

There are certain types of works which are not carried on throughout the year such as cultivation, live-stock keeping, plantation work, some types of household industry, etc. A person's main activity should be ascertained with reference to such work in the last one year even if he was not economically active in the week prior to enumeration. It is likely that even when a person is engaged in some other work during the period of one week prior to the date of enumeration, the main activity of the person may be cultivation, agricultural labour or some other work attended to normally by him in the course of the year. Care must be taken to see that the main activity is properly ascertained in such cases. For example, a person's main activity may be agricultural labour and in the week prior to enumeration he may be engaged as a sugar-cane factory labourer or as a road cooly. He should be categorised for his main activity as agricultural labourer only as returned by him as he engages himself mostly in that work and the other work should be treated as his subsidiary work.

A man or woman who is engaged primarily in household duties such as cooking for own household or performing one's own household duties or a boy or a girl who is primarily a student attending institution even if such a person helps in the family economic activity but not as a full time worker should not be treated as a worker for the main activity. On the other hand, if a person is primarily engaged in some economic activity

but at the same time does also attend to some household chores or attends a night school, etc. he or she should be treated basically as a worker for the main activity and categorised accordingly.

A person who merely receives an income such as a rent receiver or a pensioner who does not have to work for receiving the income, will not be treated as economically active unless the person is also engaged in some economic activity and if that activity is returned as the main activity of the individual."

It is pertinent to mention here that the necessary figures for these tables were extracted from the main activity only and data recorded under secondary work in Question 17 of the Individual. Slip have not been shown.

SC-II—AGE AND MARITAL STATUS FOR SCHEDULED CASTES.

(Caste-wise)

Fly-leaf

This special table of domegraphic characteristic of age and marital status for each Scheduled Caste separately is similar to Table SCT II Part A of 1961 Census. This table has been prepared only for the total areas and not separately for rural and urban. The age groups have been broadly shown under 0—14, 15—44, 45+ and age not stated, similar to 1961 Census.

The question of marital status at the 1971 Census was asked as follows :—

"For a person who has never been married at any time before write 'NM' (Never Married). For a person currently married whether for the first or another time and whose marriage is subsisting at the time of enumeration with the spouse living-write 'M' (Currently Married). Write 'M' also for persons who are recognised by customs or society as married and for the persons in stable *de-facto* union. For widowed person whose husband or wife is dead and who has not been married again-write 'W' (Widowed). For a person who has been separated from wife or husband and is living apart with no apparent intention of living together again or who has been divorced either by a decree of a law court or by accepted social or religious custom but who has not re-married-write 'S' (Separated or Divorced). For a prostitute return her marital status as declared by her."

If in any slip the answer in the relevant question was not recorded the enumerator was instructed to treat it as 'unspecified status'. The following table gives the percentage of scheduled caste population in different marital statuses in 1961 and 1971 Censuses for Tripura.

SC-III PART A—EDUCATION IN URBAN AREAS ONLY FOR SCHEDULED CASTES

SC-III PART B—EDUCATION IN RURAL AREAS ONLY FOR SCHEDULED CASTES

(Caste-wise)

Fly-leaf

These tables correspond to Table SCT-III part A (*i*) and SCT-III part B(*i*) of 1961 Census respectively.

The definition of literacy was given in 1971 as follows:—

"A person who can both read and write with understanding any language is to be taken as literate. A person who can merely read but cannot write is not a literate".

It was not necessary that a person who was literate should have received any formal education or should have passed any minimum educational standard. Ability merely to sign one's name was not adequate to qualify a person as being able to read with understanding. If a person claimed to be literate in some other language with which the Enumerator was not acquainted the respondant was taken as correct. Other members of the household might also be able to testify of the person enumerated.

All children of the age of 4 years or less were treated as illiterate even if a child was going to a school and might have picked up reading and writing a few words.

Educational level : For a person who was still studying in a particular class the highest educational level attained by him would be one that he had actually passed and not the one in which he was studying. For example, a person studying in first year B.A. should be recorded as only Pre-University or Higher Secondary, as the case may be.

The highest educational level attained by the person enumerated was recorded. When a person held both general and technical qualifications both of which were of equivalent level such as, say B.Sc (Zoology) and M.B.B.S. or B.A. and B.E. the technical qualification was given preference ia recording the highest educational level attained.

Whether the general educational level was higher than the technical educational leve or where it was not possible to decide which of the two levels was relatively higher, the highest level of education as returned by the person concerned was recorded.

In Table SC-III Part A *i.e.*, table for urban areas by educational levels, the break-up of educational levels are:—

(1) Literate (without educational level)
(2) Primary or junior basic
(3) Matriculation or higher secondary
(4) Non-technical diploma not equal to degree
(5) Technical diploma not equal to degree
(6) University degree or post-graduate degree other than the technical degree
(7) Technical degree or diploma equal to degree or post-graduate degree.

But in Table SC-III part B, *i.e.* the table for rural areas, the educational levels are restricted only to :—

(1) Literate (without educational level)
(2) Primary or junior basic
(3) Matriculation and above but below graduate
(4) Graduate and above.

In the corresponding table of 1961 census the educational levels given in serials 3-4 above were clubbed under matriculation and above only.

SC-IV—PERSONS NOT AT WORK CLASSIFIED BY SEX, TYPE OF ACTIVITY AND EDUCATIONAL LEVELS FOR SCHEDULED CASTES.

(Not Caste-wise)

This table is broadly similar to Table SC-I of 1961 Census. The only difference is that the non-workers doing (*i*) household duties, (*ii*) dependants and infants, (*iii*) retired, rentiers and persons of independent means, (*iv*) beggars, vagrants, etc. and (*v*) inmates of penal, mental or charitable institutions were shown under the broad heading 'Others'.

In case of educational levels also the figures of graduate and above are shown separately in 1971 while such specific classification was not made in 1961 Census.

The main intention of putting Question 16 in the Individual Slip was to ascertain the main activity of every individual whether he or she was economically active or not. While Question 16(*a*)(*i*) helped to broadly categorise all those who had returned some work, as their main activity, Question 16(*a*)(ii) would help to categorise those whose main activity was not engaged in any economically productive work but were basically non-workers. These were categorised under seven broad heads :—

(1) Household duties, (2) Full time students, (3) Retired, rentiers and persons of independent means, (4) Dependants and infants, (5) Beggars, vagrants, etc. (6) Inmates of penal, mental and charitable institutions and (7) Other non-workers.

In 1961 Census 'persons seeking employment for the first time and persons employed before but now out of employment and seeking work' have been separately categorised, but in 1971 these figures are grouped under the broad heading 'Others' as residuals. If a worker could not be classified under any of the broad classification he was shown under group 'Others' together with the unemployeds in 1971 Census.

ST-I PARTS A AND B—INDUSTRIAL CLASSIFICATIONS OF PERSONS AT WORK AND NON-WORKERS BY SEX FOR SCHEDULED TRIBES (RURAL/URBAN)

(For each Tribe separately)

Fly-leaf

These two tables correspond to Table SCT-1 Part B of 1961 Census. In Part A of this table of 1971 the figures for each tribe are given for rural areas only and in Part B for urban areas. In these two tables the Scheduled Tribe population (tribe-wise) are classified into two broad divisions of workers and non-workers, similar to Table SC-I Parts A and B.

These two tables were prepared from the answers of the slips of Scheduled Tribes entered as such in the dotted rectangle against Question No. 11 of the Individual Slip. The name of the Scheduled Tribes recognised as such under 'The Scheduled Castes and Scheduled Tribes Lists Modification Order, 1956' are reproduced in Page..... The figures of these two tables relate to the entries in Question No. 16 against main activity of the Individual Slip.

ST-II—AGE AND MARITAL STATUS FOR SCHEDULED TRIBES

(Tribe-wise)

Fly-leaf

This special table on age and marital status of each scheduled tribe separately, is similar to Table SC II Part B of 1961 Census. This table is prepared for the total areas only. The break-up for rural and urban, similar to other tables, has not been shown here. The age groups are same as that of Table ST II, *i.e.* 0-14, 15-44, 45+and age not stated.

The classification of marital status at the 1971 Census has been explained in the Fly-leaf to Table SC-II.

The following table shows the percentage of Scheduled Tribe population in different marital statuses in 1961 and 1971 Census for Tripura.

ST-III PART A.—EDUCATION IN URBAN AREAS ONLY FOR SCHEDULED TRIBES

ST-III PART B.—EDUCATION IN RURAL AREAS ONLY FOR SCHEDULED TRIBES

(Tribe-wise)

Fly-leaf

These two tables correspond to Table SCT III Part A (ii) and SCT III Part B (ii) of 1961 Census respectively.

The definition of literacy as adopted in 1971 Census is given in the Fly-leaf to Tables SC III Part A and SC III Part B.

As in Table SC III Part A the educational levels shown in Table ST III Part A are—

(1) Literate (without educational level)
(2) Primary or junior basic
(3) Matriculation or higher secondary
(4) Non-technical diploma not equal to degree
(5) Technical diploma not equal to degree
(6) University degree or post-graduate degree other than technical degree
and
(7) Technical degree or diploma equal to degree or post-graduate degree.

On the other hand, in Table ST III Part B, *i.e.*, the table for rural areas, the educational levels are given only for—

(1) Literate (without educational level)
(2) Primary or junior basic
(3) Matriculation and above but below graduate
and
(4) Graduate and above

In Table SCT III Part B (ii) of 1961 Census the educational levels for rural areas were given only for—

(1) Literate (without educational level)
(2) Primary or junior basic
and
(3) Matriculation and above.

ST-IV PERSONS NOT AT WORK CLASSIFIED BY SEX, TYPE OF ACTIVITY AND EDUCATIONAL LEVELS FOR SCHEDULED TRIBES.

(Not Tribe-wise)

This table is more or less similar to Table ST II of 1961 Census except that the figures in 1961 were given separately for each tribe only while in 1971 tribe-wise figures are not given but non-workers are classified under broad educational levels. In 1961 the educational levels of the scheduled tribes were not shown. In addition, during 1961 Census the detailed break-up of non-workers doing (i) household duties, (ii) dependents and infants, (iii) retired, rentiers and persons of independent means, (iv) beggars, vagrants, etc. and (v) inmates of penal, mental or charitable institutions were not shown separately and they were grouped under the broad heading 'Others'.

In 1961 Census 'persons seeking employment for the first time' and 'persons employed before but now out of employment and seeking work' have been separately shown ; but in 1971 these figures are grouped under the broad heading 'Others'.

ST V-RELIGION FOR SCHEDULED TRIBES.

(Tribe wise)

Fly-leaf

This table corresponds to Table SCT IV Part B of 1961 Census.

The question of religion at the 1971 Census was asked in the following manner :—

"Question No. 10 : Religion—In answering this question use the following abbreviations :—

H : Hinduism
I : Islam
C : Christanity
S : Sikhism
B : Buddhism
J : Jainism

for others record the actual religion as returned fully.

If a person says that he has no religion it may be recorded accordingly. Do not mistake religion for caste which will not be recorded here".

As per Table ST V Scheduled Tribes returned their religion as either Hinduism or Buddhism or Christanity only. No one returned religion other than these three. The following statement shows the percentage distribution of Scheduled Tribes by religion in 1961 and 1971 Censuses.
