Motif

In the holy land of Kurukshetra, there is a sacred tank known as Sannihit, and on the western side thereof, stands the Lakshmi Narain Temple with all its glory and grandeur. The temple was constructed by Sidh Faquir Baba Shiv Gir in the year 1926 *A.D.* (1983 *of the Vikrami Samat). The temple is so high that it is visible from a distance. It's architecture is typical of 'CHOLA' style, and has no parallel in the area.*

CENSUS OF INDIA 1971

A—CENTRAL GOVERNMENT PUBLICATIONS

The publications relating to Haryana bear Series No. 6, and are bound separately as follows :

Part I-A	.. General Report	Part V	.. Special Tables and Ethnographic Notes on Scheduled Castes and Scheduled Tribes
Part I-B	.. General Report		
Part I-C	.. Subsidiary Tables	Part VI-A	.. Town Directory
Part II-A	.. General Population Tables	Part VI-B	.. Special Survey Reports on selected towns
Part II-B	.. Economic Tables	Part VI-C	.. Survey Reports on selected villages
Part II-C (i)	.. Mother Tongue, Religion and Scheduled Castes and Scheduled Tribes Tables	Part VII	.. Special Report on Graduates and Technical Personnel
Part II-C (ii)	Social and Cultural Tables and Fertility Tables	Part VIII-A	.. Administration Report : Enumeration (for official use only)
Part III	.. Establishments Report and Tables	Part VIII-B	.. Administration Report : Tabulation (for official use only)
Part IV	.. Housing Report and Tables	Part IX	.. Census Atlas

B—HARYANA GOVERNMENT PUBLICATIONS

Part X .. District Census Handbook for each district in three Parts :—

Part A—Village and Town Directory

Part B—Village and Town-wise Primary Census Abstract

Part C—Analytical Report, Administrative Statistics and District Census Tables

(Parts A and B of the District Census Handbook for each District of Haryana State have been printed in one volume)

PREFACE

The Census of 1971 has come and gone leaving a vast residue of data collected carefully and meticulously on a country-wide basis by an army of trained enumerators. Apart from certain particulars of every individual in our land the Census has also taken care to gather information about a host of other activities—institutions, establishments, services and so on. In other words, an attempt has been made to enumerate citizens in the background of the environment in which they live. Every inch of the country has been mapped and available basic amenities noted. It was a colossal task calling for a gigantic co-operative effort by the administration and the people. Performance in the Indian Census throughout the past century has been creditable and has earned us the appreciation of the world.

For the State of Haryana this is really the first Census and so it is important that the data collected be presented in a quick and comprehensive manner. Difficult enough, as the task of collecting data is, its compilation, tabulation and publication within a reasonably quick time calls for further arduous labour by a united team of dedicated workers. We were fortunate enough to have just such a team. The result is that we have been able to bring out some publications within a few months of the actual Census count.

Since the District is still the basic functional unit of administration, the District Census Handbook is of special importance to all concerned with administration policy and planning. It should be of equal value to the scholar, scientist, sociologist and businessman. The data contained in it has been sorted out and presented along lines determined after careful consideration and discussion. All that is of importance in a district is contained in this Handbook. The Town and Village Directories in Part-A contain a wealth of useful information about these units. In Part-B-Village and Townwise Primary Census Abstracts have been given all the basic Census data separately for each village and town in the district. Part-C of the District Census Handbook which would be brought out sometime later would contain an analysis of the various Census data in addition to the administrative statistics and a write-up on the social, cultural, historical and other important aspects of the life of the district.

We owe our success in bringing out this publication to the inspiring leadership of our enthusiastic and zealous Registrar General of India—Shri A. Chandra Sekhar. For him the Census is not merely an administrative exercise but a vital part of existence. In his own words the—"modern Census has become an indispensable instrument of policy and development planning. It need hardly be stressed that a Census is not the mere counting of heads. It is a kind of stock-taking as it were, of the nation's human wealth. The Census aims to present a complete picture of man, in his social, cultural and economic setting."

The District Census Handbook attempts to depict in a concise form this variegated phenomenon of human life. We hope it will serve as a popular reference book for all data users.

Dated, Chandigarh :
the 9th December, 1971.

I. E. N. CHAUHAN,
Director of Census Operations,
Haryana.

ACKNOWLEDGEMENTS

It is a long arduous process between the actual Census taking and the publication of the various Census Reports. In the State of Haryana, besides the District Census Officers, Sub-Divisional Census Officers, Charge Officers, the Assistant Charge Officers etc., as many as 19,350 odd Enumerators and Supervisors were appointed on the work of actual count in the field. A bulk of the Enumerators and Supervisors were drawn from the Education Department of the State and the remaining from various State/Central Government Departments and from the Urban Local Bodies. They measured up to their responsibilities and performed the work entrusted to them willingly and well. The credit for the completion of this colossal task, involving the canvassing of the Census Schedule called the 'Individual Slip' separately for each single individual found in the State during the enumeration period, on schedule and without any untoward incident goes very largely to them.

The huge mass of data collected in the field by the army of enumerators moving from house to house was processed for the formulation of a large variety of tables at the two Regional Tabulation Offices at Chandigarh and Rohtak with the help of about 500 Sorters/Compiler Checkers/Supervisors. The Regional Tabulation Office at Rohtak was ably looked after by Shri N.K. Tandon, Deputy Director who was assisted by Shri Janak Raj Vashishtha, Investigator and a few Statistical Assistants including Shri Jaswant Lal. The Regional Tabulation Office, Chandigarh, was controlled by my Deputy Director at Headquarters Shri J.S. Dhamija who was assisted by Shri G.D. Singla, Tabulation Officer and a few Statistical Assistants including Shri Pran Nath Modgil.

The tables prepared at the two Regional Tabulation Offices in a raw form were checked and finalised in to Village and Town-wise Primary Census Abstracts which form Part-'B' of this Handbook, by Shri J.N. Suri, Tabulation Officer who was assisted by Shri Ajab Lal Kakkar, Statistical Assistant and others.

The data contained in the Village and Town-wise Directory, which forms Part 'A' of this Handbook was collected by us from the District Revenue Agency and the Urban Local Bodies. We are indebted to them for their co-operation in supplying the required data promptly. In the Head Office the data so supplied was processed and finalised by Shri Kulbhushan Lakhanpal, Tabulation Officer who was assisted by Shri Om Parkash Malik, Statistical Assistant and others.

The maps included in this Handbook were prepared by a team of Cartographers headed by Shri Shiv Rai Puri, Tabulation Officer.

I am also indebted to my Deputy Director Headquarters, Shri J.S. Dhamija, for effectively co-ordinating all this work at various stages and the special efforts made by him in bringing out this Handbook so soon after the Census is over.

I am grateful to Shri Tara Chand, Controller of Printing and Stationery, Haryana, for the ready co-operation extended by him in the printing of this Handbook.

I. E. N. CHAUHAN,
Director of Census Operations,
Haryana.

Dated, Chandigarh :
the 9th December, 1971.

INTRODUCTION

In the process of Census taking itself a great deal of interest is generated in the Census data and the uses to which it can be put. The layman, the scholar, the administrator and the planner all naturally seek to have the results of the Census at the earliest possible after the Census Operation. The compilation of the Census data, on the other hand, is a laborious and time-consuming work. Understandably, therefore, it was quite some time and often five to six years or even more after the Census enumeration, that the data got into print or reached the hands of the users. In fact, by the time it became available to the public at large, it had already become stale and the people had lost interest in it.

2. It was decided at the time of 1951-Census, for the first time, that Census data should be published for individual villages and towns also. The district was considered to be the most manageable and rational unit for the presentation of such data. This is how the publication of the District Census Handbooks was started. However, the 1951-District Census Handbooks by and large gave only a skeleton profile of the population of the district as a whole and separately for each of its component villages and towns. There was not much, if at all any, attempt to present a flesh and blood picture of population or of the social and cultural life of the district. As such, while the publication did go quite some way to serve the needs of the scholars, it did not, for obvious reasons, interest the common reader to the same extent.

3. In 1961 a positive effort was made to make the District Census Handbooks more comprehensive by the inclusion therein of the various non-census items of information such as physical features, climate, fauna and flora, places of interest, social and cultural life, a brief history of the district and its administrative machinery. The land use pattern, main crops and irrigation, trade and commerce, industries and communications, in a brief way though, were also encompassed within the scope of the District Census Handbooks, in addition to certain other information relating to rainfall, livestock, education, medical and health as collected from the various Government Departments.

4. This job, however, was a colossal one and there was again a time lag of five to si x years before the handbooks could be printed and the data made available to the public. To obviate this delay, therefore, it has been decided this time to publish the District Census Handbooks in three parts. In this way, it was felt, we would be able to reduce the time lag between the compilation of the data and its final publication; making it possible to release by instalments the data as soon as a sepecific part thereof had been processed. The three parts into which the District Census Handbooks have been divided are :—

Part-A	..	Village and Town Directory
Part-B	..	Village and Town-wise Primary Census Abstract
Part-C	..	Analytical Report, Administrative Statistics and District Census Tables

5. Part-A—Village and Town Directory purports to be a Directory of the Villages and the Towns in the district concerned. In it has been given certain basic and vital information separately for each village and town. While the Village Directory presents information *inter-alia* about the total area of the village in acres, availability or otherwise of the various amenities, the staple food of the people of the village and the land use pattern; the Town Directory, on the other hand, presents data on each town through as many as seven statements, giving the status of the town, the decadal growth of its population, its functional category, certain physical and locational aspects, the state of municipal finances and of civic and other amenities, like medical, educational, recreational, cultural, banking, etc. A tahsil map showing the distribution of educational, medical, postal and water-supply amenities in its villages has been given to precede the Village Directory of the respective tahsil. The map will show at a glance the spatial distribution of the amenities available in the tahsil.

6. The basic Census data are incorporated in Part-B of the District Census Handbook. The Village and Town-wise Primary Census Abstract, which constitute Part-B of the District Census Handbooks, contain information about the total population and its sex-wise break-up, the sex-wise population of Scheduled Castes and the number of literates separately for the two sexes, and th e break-up of the total population into nine Industrial Categories of Workers etc. A tahsil map showing the

village boundaries, the location code numbers of the villages and the size class of their population has been given preceding the Village and Town-wise Primary Census Abstract of each tahsil.

7. In the Village and Town Directory and the Village and Town-wise Primary Census Abstracts, the data have been presented for the villages arranged according to their location code number, given to each village for the purposes of the Census. For the facility of the readers, however, a tahsil-wise list of villages as per their alphabetical order has been furnished as an Appendix towards the end of this Handbook.

8. Originally it was intended to publish Parts A & B of the District Census Handbooks separately, as the Village and Town Directory was supposed to be ready soon after the Census Operation. The compilation of the Village and Town-wise Primary Census Abstracts constituting Part-B of the District Census Handbook, on the other hand, had necessarily to await sorting of the Individual Slips. It is gratifying, however, that it has been possible to compile and finalise the Village and Town-wise Primary Census Abstracts simultaneously with the finalisation of the Village and Town Directory (Part-A), making it possible to publish both Parts A & B of the District Census Handbook together in one Volume. This book, therefore, contains both Parts 'A'—Village and Town Directory and 'B'—Village and Town-wise Primary Census Abstract.

9. There would, however, be quite sometime before Part-C of the District Census Handbook could be ready. Part-C of the District Census Handbook is to be devoted to an analysis of the various Census data to be presented through a series of Tables as follows :—

A Series (General Population Tables—5 in number)
B Series (Economic Tables—9 in number)
C Series (Social and Cultural Tables—8 in number)
D Series (Migration Tables—6 in number)
E Series (Establishment Tables—4 in number)
F Series (Fertility Tables—5 in number)
G Series (Special Tables for Degree Holders and Technical Personnel—12 in number)
H Series (Housing Tables—4 in number)

It would also contain administrative statistics and a write-up on the social, cultural, historical and other important aspects of the life of the concerned district.

10. *Rural-Urban Dichotomy*: As usual, for the Census purposes, the line of division between the 'Rural' and the 'Urban' parts of population has been maintained for the presentation of the data. The 'Village' and the 'Town' are universally recognised as the basic units of habitation. The administration also recognises the division of population into 'Rural' and 'Urban'. In fact, the rural-urban dichotomy is accepted the world over and the Census data are invariably presented separately for the two.

11. Notwithstanding the universality of the rural-urban division of the population, a uniform and precise definition of 'Rural' and 'Urban' remains yet to be evolved, the difficulty in the matter arising from the vastly different conditions prevailing in the various countries of the world. In the context of the general urbanization, there has been such an extension of urban forms in the settlement pattern in some of the advanced countries of the world that the line of division between the two has tended to get more and more blurred. To add to the complexity of the situation, the line between 'Urban' and 'Rural' drawn for the Census purposes, arbitrary as it is, is drawn differently in different countries of the world, invalidating the comparability of the Census data.

12. *Evolution of the 'Village'* : The cities as also the villages are, generally, a product of time. To the 'Village' and from the 'Village' to the 'town' has been an extended process, a process of evolution, which though pre-eminently social, was stimulated in a big way by a multiplicity of economic phenomena and factors. The advent of settled agriculture, as against pastoralism or shifting cultivation and the primitive economies of hunting and gathering brought the 'Village' into existence. The corporate existence of individuals underlined the need for a social organisation for controlling and regulating their social life and the village lands. The use of the plough and the improvement of the irrigation techniques, in the course of time, enabled man to produce more than his requirement of food, and thus spare a part of the population from the primary work of food production. The people rendered free from the work of food production could then engage themselves in the production of other goods needed by the food producers. The surplus of food and the lack of self-sufficiency of the food producers in terms of their other needs, provided the stimulus for the establishment of trade. Some villages, thus, developed as centres of exchange, storage and distribution of goods and also of administration.

13. *The Genesis of the 'Town'* : The evolution of the village contained in it the germs for the urban growth at a later stage. The development of transport and the surplus of food generated by a further development of agriculture and agricultural techniques and the extension of the cultivated area, created the conditions for urban growth. Freed from the task of producing the food required for bare existence, the first urban dwellers could engage themselves in professions, trade and in providing other necessities of the food producers, required for making their life more comfortable. The first urban settlements, therefore, were made possible by agricultural increment and its amassment in favoured localities made possible by the development of transport. The growth of the town could also, to some extent, be attributed to religious activity. By and by the responsibility for administering the surrounding tribal areas also came to devolve on the towns which came to serve as the seats of power. The cities, thus became the centres of market and of religious, administrative and political life. The growth of urban centres to population sizes unheard of before, and the increase in their number is a much later development caused by greater technological advancement and necessitated by the massive increase in population.

14. For Census, however, we have been content to separate the population of unit areas which for purposes of administration are regarded as 'Urban' and 'Rural' respectively. Accordingly, in our State all areas except those notified as Municipalities, Cantonment Boards or Notified Area Committees have, broadly speaking, been considered as rural areas. The rural areas, in turn, stand formed into villages, as against the urban areas which are constituted into towns and cities.

15. *The Village Defined* : The definition of the village adopted in our State for the Census, corresponds to the one contained in the Punjab Land Revenue Act, 1887. It is associated with the levy and collection by the Government of the Land Revenue and is, as such, exclusively administrative in character. From this point of view, a village is better called a Revenue Estate, meaning thereby an 'Estate' (a specific and demarcated area of land) marked as such for the purposes of levy/realization of the land revenue. As the land revenue is to be realized from the land holders, it was necessary for the Government to prepare and maintain a separate record of rights of the holders of land for each village. The Revenue Estate or 'Mauza', the name given to the village in the Punjab Land Revenue Act, 1887, has accordingly been defined "as an area of which a separate record of rights is maintained or which has been separately assessed to land revenue or would have been so assessed if the land revenue had not been realized or compounded or redeemed or which the State Government has otherwise declared as an 'Estate'." This definition of village has been adopted for the purposes of the Census ever since the year 1901. The village, therefore, is not merely the inhabited area (*abadi deh*) of a village but refers to the entire land coming within a fixed boundary. In certain cases, in fact, a village may be uninhabited.

16. There are as many as 7,064 villages in the State of Haryana. These villages are located in 32 tahsils spread over seven districts. The Village Directory, for each district is presented tahsil-wise.

17. *Urban Area Defined* : The definition adopted at the 1971 Census for an urban area generally follows the one adopted at the 1961-Census and stands to denote :—

(a) All places with a Corporation, Municipality or a Cantonment Board or a Notified Area Committee

(b) All other places which satisfy the following criteria :—

(i) A minimum population of 5,000

(ii) 75 per cent of the male working population being engaged in economic pursuits other than agricultural

(iii) A density of population of at least 386 per sq. km.

18. In Haryana, however, only places with a Municipality or a Cantonment Board or a Notified Area Committee have been treated as towns to the exclusion of all other considerations.

19. *Number of Towns in Haryana* : There are 65 towns in all in the State of Haryana, four more than their number at the time of 1961-Census. The following four places have been added to the list of towns for the first time during the 1971-Census :—

(1) Naraingarh Notified Area Committee (District Ambala)

(2) Jagadhri Workshop Railway Colony Notified Area Committee (District Ambala)

(3) Ganaur Notified Area Committee (District Rohtak)

(4) Tosham Notified Area Committee (District Hisar)

None of the towns recognised as such at the 1961-Census was declassified during the decade 1961-71.

20. *Classification of Towns* : *(i) By Population* : It is usual to classify the towns according to their population size. For the 1971-Census, the towns have been divided into the following six classes according to their population size :—

I. Population of 100,000 and over

II. Population of 50,000 to 99,999

III. Population of 20,000 to 49,999

IV. Population of 10,000 to 19,999

V. Population of 5,000 to 9,999

VI. Population of less than 5,000

A town with a population of 100,000 and over is termed a 'City'.

21. *(ii) By functional category* : Apart from the classification of towns according to their population size, the towns are also categorised according to their functional class. For the purposes of functional classification, the towns have been divided according to the following five main functions as performed by their population :—

(i) Primary Activities (cultivation, agricultural labour, mining and quarrying, livestock, forestry, fishing, hunting and plantations, orchards and allied activities);

(ii) Industrial (household industry, manufacturing other than household industry, and construction);

(iii) Trade and Commerce;

(iv) Transport (transport, storage and communications); and

(v) Services (other services).

22. It is seldom that a town performs only one function to the absolute exclusion of all other functions. The functional classification has, therefore, been done on the basis of the percentage of workers of a particular category to the total workers in the above said five classes of economic activity, the predominant percentage value determining the functional character of the town. In case, workers under any one of the industrial categories are at least 40 per. cent of the total working force in the town, the town has been considered as mono-functional, e.g., an Industrial town or a Commercial town. If, however, the percentage figure is less than 40, the next predominant function has been taken into account and in case the total of both the functions works out to 60 per cent or above of the total working force, the town is designated as bi-functional, e.g., Industrial-cum-Service town or Commercial cum-Transport town. On the other hand, if the total of the two predominant functions does not work up to 60 per cent, then the third predominant function is taken into account and such a town is designated as multi-functional, e.g., Industrial-cum-Services-cum-Transport town and so on. In the case of bi-functional or multi-functional towns, the functions have been arranged in order of their predominance.

23. *Concept of Standard Urban Area* : A new concept that has been adopted at the 1971-Census for the tabulation of certain urban data is that of Standard Urban Area. The essentials of a Standard Urban Area are:—

(i) that there should be a core town with a minimum population size of 50,000 ;

(ii) that the contiguous areas made up of other urban as well as rural administrative units should have close mutual socio-economic links with the core town; and

(iii) that the probabilities are that the contiguous area in question will get fully urbanised in a period of 2 to 3 decades.

24. *Standard Urban Areas vis-a-vis the Town Group Concept* : Thus, the Standard Urban Area Concept would make it possible to present comparable data for a fixed area for three/four consecutive censuses and enable presentation of a meaningful picture about the growth of the towns. The concept of Standard Urban Area has replaced that of the 'Town Group' which was adopted at the 1961-Census. A 'Town Group' was made up of independent urban units not necessarily contiguous to one another but which were to some extent inter-dependent. The 'Town Group Concept' very soon became the target of criticism. It was rightly felt that the data for such 'Town Groups' would become incomparable from Census to Census as the boundaries of the towns themselves underwent change and as the intermediate areas lying between the towns forming the 'Town Group' had been left out of account.

25. *Standard Urban Areas in Haryana*: Standard Urban Areas have been delimited in respect of towns with a population of 50,000 and above only as it was thought that smaller towns would not have any or much significant impact beyond their boundaries. A Standard Urban Area consists of the whole town and non-municipal area of the villages falling on the periphery of the town and which holds out prospects of being urbanised during the next two to three decades. In the case of Haryana, Standard Urban Areas have been delimited for the following 11 towns:—

1. Ambala
2. Bahadurgarh
3. Bhiwani
4. Faridabad-Ballabgarh Complex
5. Gurgaon
6. Hisar
7. Karnal
8. Panipat
9. Rohtak
10. Sonepat
11. Yamunanagar-Jagadhri

Although Bahadurgarh does not have a population of 50,000, it has been delimited as a Standard Urban Area considering its importance as a developing Industrial town lying close to the National Capital of New Delhi.

26. *Urban Agglomerations* : It is a matter of common observation that around most of the core or statutory towns come up fairly large and well recognised Railway Colonies, University Campuses, Military Camps etc. Although such out-growths are outside the statutory limits of a Corporation or a Municipality or a Cantonment Board, they usually fall within the revenue boundary of the place by which the town itself is known. It may not, therefore, be realistic to treat such areas as rural units. At the same time, each such individual area by itself may not satisfy the minimum population limit to qualify for being treated as an urban area. Such areas, therefore, would deserve to be reckoned along with the main town and be treated as an integrated urban area. Such out-growths alongwith the core town for the 1971-Census have been called Urban Agglomerations. In Haryana, however, none of the places satisfied the qualifications for being treated as an Urban Agglomeration. Even otherwise, with a view to maintain comparability of the 1971 data with the past census returns, it was not considered desirable to recognise any such Urban Agglomeration.

27. *The District of Karnal*: So much, then, for some of the important general, conceptual and definitional aspects. In the present Volume are contained Pat A—Village and Town Directory; and Part B—Village and Townwise Primary Census Abstract, of the District Census Handbook, Karnal.

28. The district of Karnal is one of the seven districts in the State of Haryana, which emerged as a new State on the 1st of November, 1966, as a result of the reorganisation of the composite State of Punjab. Karnal was a district even in the former Punjab, and continues to remain intact without any extension or contraction of its area in the new State of Haryana. There has, however, been an addition of seven villages to the village list of the district as at the 1961-Census. These villages have got transferred to the district from Uttar Pradesh as a result of the Jamuna River action.

The district after the 'Reorganisation' came out as the most important district of the State agriculturally. Since the introduction of the Intensive Agricultural Development Programme in October, 1967, i.e. nearly a year after the State of Haryana was formed, it has made tremendous progress in the field of agriculture. While its contribution to the total cropped area of the State is roughly 20 per cent its contribution towards the total State's production of foodgrains is as high as nearly 32 per cent. The district tops all other districts in the State in the production of both wheat and rice. It is, in fact, the second biggest rice producing district in the country.

29. The district lies between 29° 09′ 50″ and 30° 15′ 15″ North latitude and 76° 10′ 10″ and 77° 17′ 05″ East longitude and consists of a tract of plain country of somewhat irregular shape lying on the right bank of river Jamuna. The districts of Saharanpur, Muzaffarnagar and Meerut of Uttar Pradesh face it across the river in the East. To its north lies the district of Ambala. In the north-west lies the Patiala District of Punjab. District Jind touches it on the west and south-west. On its south is situated the district of Rohtak.

The total area of the district is 8,007.68 square kilometres. From the point of view of area, Karnal is the second biggest district of Haryana, the first position being claimed by District Hisar. The location of the district is one of its best assets and gives it a position of vantage as against the other districts in the State. The Grand Trunk Road runs through the entire length of the district north to south towards Delhi. The district, in fact, claims the longest stretch of this road, *viz.*, 122 kilometres as compared to the position in that regard of the other districts of the State. It runs through three out of the five tahsils comprised in the district. Even the interior of the district is well connected by a good net-work of roads. The district is also well served by a broad-gauge main railway line (Amritsar—Delhi) which runs almost parallel to the Grand Trunk Road. Two more broad-gauge railway lines, one from Panipat to Jind and the other from Kurukshetra to Narwana, make the communication position of the district enviable.

30. The district comprises the following five tahsils:—

1. Guhla
2. Kaithal
3. Thanesar
4. Karnal
5. Panipat

Guhla and Kaithal tahsils together form Kaithal Sub-Division with its headquarters at Kaithal. Thanesar, Karnal and Panipat, on the other hand, are Sub-divisions by themselves. There are as many as 1,429 villages in the district and their distribution into five tahsils is as under:—

Name of Tahsil	*Number of Villages*
1. Guhla	171
2. Kaithal	220
3. Thanesar	429
4. Karnal	424
5. Panipat	185

31. The following are the 11 towns in the district:—

1. Pehowa Municipal Committee	Guhla Tahsil
2. Kaithal Municipal Committee 3. Pundri Municipal Committee	Kaithal Tahsil
4. Shahbad Municipal Committee 5. Thanesar Municipal Committee 6. Ladwa Municipal Committee 7. Radaur Municipal Committee	Thanesar Tahsil
8. Nilokheri Notified Area Committee 9. Karnal Municipal Committee 10. Gharaunda Municipal Committee	Karnal Tahsil
11. Panipat Municipal Committee	Panipat Tahsil

There has been no change in the number of towns since the Census of 1961.

32. *Part 'A' District Census Handbook (i) Village Directory* : Historically, as pointed out above, the 'Village' is prior to the 'Town'. In this book, therefore, the Village Directory precedes the Town Directory. The Village Directory provides certain basic and vital information separately about each village, the villages being arranged tahsil-wise, and within the tahsil location code-wise (each village, as usual, had been given a Code Number for purposes of identification at the time of the Census enumeration).

33. The Directory furnishes information about the total area of the village in acres (column 3); it provides information as to the availability or otherwise of the amenities like, educational, medical, power supply, drinking water, communications and post and telegraph (columns 4 to 9). In column 10 of the Directory is indicated the staple food of the people of the village. The area under different types of land use, such as, the area under forest; the area under cultivation (irrigated and un-irrigated area being shown separately and the source of irrigation with respect to the irrigated area being shown alongside); cultivable waste, i.e., the land lying waste at present but which could be brought under cultivation; and the area which could not be available for cultivation has been given in acres rounded to the nearest unit in columns 11 to 15 of the Directory. It also gives information about the nearest town to the village and the distance thereof in km. (column 16). It is common knowledge that mandis are held on fixed days in some of the villages for the sale and purchase of the goods produced in the local area. Column 17 of the Directory provides information on such mandis, if any, and the day/days on which the same are held in a particular village. In the last (Remarks) column of the Directory have been indicated the places of religious, historical and archaeological interest, the age of such places being shown within brackets alongside their names.

34. The abbreviations used under different columns in the preparation of the Village Directory together with what these stand for are indicated below:—

Column No. 4

Pr. S	..	Primary School
Mid. S	..	Middle School
Sec. S	..	High or Higher Secondary School
Trn. S	..	Training School
Ind. S	..	Industrial School
C.	..	College

Column No. 5

D	..	Dispensary
Mp	..	Private Medical Practitioner
H	..	Hospital
HC	..	Health Centre
FC	..	Family Planning Centre
MCW	..	Maternity & Child Welfare Centre
VH	..	Veterinary Hospital

Column No. 6

E	..	Power Supply

Column No. 7

W	..	Well
C	..	Canal
T W	..	Tube-well
T	..	Tap Water
TK	..	Tank
Hp	..	Hand Pump

Column No. 8

PR	..	Pucca Road
KR	..	Kucha Road
T	..	Railway
C	..	Canal
R	..	River

Column No. 9

PO	..	Post Office
TO	..	Telegraph Office
P&TO	..	Post & Telegraph Office
Phone	..	Phone

Column No. 21

T	..	Total Irrigated Area
W	..	Well with or without electricity
TK	..	Tank
C	..	Canal
TW	..	Tube-well
W&TW	..	Well and Tube-well
O	..	Others

35. The data presented in the Village Directory has been collected from the District/Tahsil Revenue Agency, mostly through correspondence, and has not been processed in any great detail except for the removal of internal inconsistencies wherever there were any. Although Village Directory of each district was included in the Census Handbook of the concerned district in 1961, and even in 1951, contents thereof were confined by and large to the Census data and a few amenities. It is for the first time that information in great detail as mentioned above has been provided in the Village Directory. The scope of the amenities has also been extended to some extent by the inclusion of information on the communications facility in the village. It is hoped that the Village Directory in the form it is being presented this time would go a long way in providing information about the placing of the village in its setting and stimulate a study of the individual village communities and help in discerning the inter-play of the various forces that influence the life of the villagers.

36. The following Table gives the number of villages separately for each class of villages grouped according to their area. The number of villages in each size class of area has been shown for the district as a whole as also for each tahsil separately.

TABLE NO. 1

Area Upto	District/Tahsil	No. of Villages
50 Acres or less ..	**District** ..	**5**
	Tahsil Guhla	..
	Tahsil Kaithal	..
	Tahsil Thanesar	..
	Tahsil Karnal	4
	Tahsil Panipat	1
51—100 Acres ..	**District** ..	**12**
	Tahsil Guhla	1
	Tahsil Kaithal	..
	Tahsil Thanesar	1
	Tahsil Karnal	5
	Tahsil Panipat	5
101—200 Acres ..	**District**	**28**
	Tahsil Guhla	2
	Tahsil Kaithal	..
	Tahsil Thanesar	12
	Tahsil Karnal	11
	Tahsil Panipat	3
201—500 Acres ..	**District**	**272**
	Tahsil Guhla	23
	Tahsil Kaithal	9
	Tahsil Thanesar	147
	Tahsil Karnal	80
	Tahsil Panipat	13
501—1000 Acres ..	**District**	**432**
	Tahsil Guhla	51
	Tahsil Kaithal	43
	Tahsil Thanesar	158
	Tahsil Karnal	140
	Tahsil Panipat	40
1001—2000 Acres ..	**District**	**389**
	Tahsil Guhla	56
	Tahsil Kaithal	71
	Tahsil Thanesar	86
	Tahsil Karnal	109
	Tahsil Panipat	67
2001—5000 Acres ..	**District**	**250**
	Tahsil Guhla	34
	Tahsil Kaithal	76
	Tahsil Thanesar	24
	Tahsil Karnal	64
	Tahsil Panipat	52
5001 Acres & above..	**District**	**41**
	Tahsil Guhla	4
	Tahsil Kaithal	21
	Tahsil Thanesar	1
	Tahsil Karnal	11
	Tahsil Panipat	4

It will be seen from Table No. 1 that maximum number of villages, *viz.*, 432 fall in the size class '501—1000 acres'. As many as 389 villages fall in size class '1001—2000 acres'. Together the villages falling in these two size classes number 821. The total number of villages in the district being 1,429, this works out to nearly 57 per cent of the total. There are 250 villages in size class '2001—5000 acres' and 41 villages in size class '5001 acres and above'. Tahsil Kaithal has the largest number of villages, *viz.*, 21 in size class '5001 acres and above'. The number of villages in the size classes '50 acres or less', '51—100 acres' and 101—200 acres' are very few indeed. The average size of the village in the district works out to 1,394 acres (Total area—1,991,902 acres divided by 1,429—total no. of villages).

37. In the Table below is indicated the distribution of the villages with reference to their distance from the nearest town for the district as a whole and separately for each of the five tahsils. For this purpose again, the villages have been distributed as per their area size class.

TABLE NO. 2

Distance from the nearest Town	District/Tahsil	Number of villages according to the area sizes						Total No. of villages
		Upto 50 Acres	51—100 Acres	101—500 Acres	501—2,000 Acres	2,001—5,000 Acres	5,001 Acres and above	
5 Km. or less	**District**	**1**	4	**64**	**149**	**19**	**2**	**239**

	Tahsil Karnal	3	..	13	37	9	3	65
	Tahsil Panipat	..	..	..	..	6	..	6
Total	**District**	**5**	**12**	**300**	**821**	**250**	**41**	**1,429**
	Tahsil Guhla	..	1	25	107	34	4	171
	Tahsil Kaithal	..	..	9	114	76	21	220
	Tahsil Thanesar	..	1	159	244	24	1	429
	Tahsil Karnal	4	5	91	249	64	11	424
	Tahsil Panipat	1	5	16	107	52	4	185

38. A glance through Table No. 2 would show that out of a total of 1,429 villages as many as 625 villages, i.e., 44 per cent of the total lie within a distance of less than 10 kilometres from the nearest town. The number of villages at a distance of 11 to 25 kilometres from the nearest town is 641, i.e. nearly 45 per cent of the total number of villages. Together the number of villages within a distance of less than 25 kilometres would thus come to 1,266, i.e., 89 per cent of their total number. As many as 163, i.e., 11 per cent of the total number of villages in the district lie at a distance of more than 25 kilometres from the nearest town.

39. The distribution of the educational facilities for the district as a whole and separately for each of the five tahsils in the district has been presented in the following Table.

TABLE NO. 3

Distance from the nearest Town	District/Tahsil	Total No. of Villages	Number of villages having				
			Primary School	Middle School	High or Higher Secondary School	College	Others*
5 Km. or less	**District**	**239**	**157**	**19**	**11**	**2**	**11**

	Tahsil Karnal	424	265	44	28	..	14
	Tahsil Panipat	185	135	22	25	..	6

*Others include I.T.Is, Craft Schools, Training Schools, etc.

In the above table, a village having a primary school as well as a middle and/or high school or any other combination of such schools, have been accounted for more than once. For this reason, total of villages having various types of schools is in some cases more than even the total number of villages in a District/Tahsil. However, a village, having more than one school of the same standard, has been accounted for once under the respective column of the table.

40. From Table No. 3 it will be seen that as many as 907 out of 1,429 villages, i.e., nearly 63 per cent enjoy the facility of a Primary School. The total number of Primary Schools in the district is 947. It is also clear that the distance from the nearest town does not have any bearing on the availability or otherwise of educational facilities in the villages. In fact, the educational facilities are almost evenly distributed all over the district, regardless of the distance factor. As many as five villages in the district have a college each. There is a Sainik School at Kunjpura near the district town of Karnal.

41. The Middle Schools are 15 per cent of the total number of Primary Schools. The High/Higher Secondary Schools, on the other hand, work out to 12 per cent of the Primary Schools. As against 133 Middle Schools, there are 116 High and Higher Secondary Schools in the district. In addition, the district has as many as 31 Training/Industrial Institutions. Their distribution over the five tahsils in the district, however, is far from even. While Karnal tahsil has as many as 14 and Kaithal tahsil has 7 institutions, Guhla has none at all. Thanesar has only 4 whereas Panipat has 6 such institutions.

42. The position of availability of medical facilities available in the district as a whole and separately in each of its five tahsils is represented by the following Table:—

TABLE NO: 4

MEDICAL FACILITIES

District/ Tahsil	Total Area* (in Sq. Km.)	Total No. of Medical Institutions of all kinds	No. of Medical Institutions of all kinds per 100 Sq.Km.
District	**8,007·68**	**245**	**3**
Tahsil Guhla	1,036·61	22	2
Tahsil Kaithal	2,106·44	51	2
Tahsil Thanesar	1,432·36	44	3
Tahsil Karnal	2,199·53	83	4
Tahsil Panipat	1,232·74	45	4

*Area as per the Director of Land Records, Haryana.

In the last column of the above Table has been shown the number of Medical Institutions of all kinds per 100 square kilometre. which works out to 3. The Medical Institutions, however, are not evenly distributed over the various tahsils. While two of the tahsils viz., Karnal and Panipat have more than the average for the district, two others, viz., Guhla and Kaithal have less than the average.

43. All the villages in Haryana have since been electrified. Although the position of rural drinking water supply in the State is far from satisfactory, the district of Karnal is quite happily placed in this regard. As many as 1,286 villages against the total of 1,429 draw their drinking water supply from wells, hand pumps, tubewells or from a combination of either of these three sources. Evidently, sub-soil drinking water is available and its level is high. In most of the other districts of the State, the sub-soil water is either brackish or the water level is quite low. In Table No. 5 has been presented the distribution of the villages according to the source of water-supply cross-classified by their distances from the nearest town. The information has been given for the district as a whole and for each tahsil separately.

44. The Table Nos. 6 and 7 depict the state of communications and the position of the availability of Postal facilities in the district as a whole and in each of the five tahsils separately.

TABLE NO. 5

Distance from the nearest Town	District/Tahsil	Total No. of Villages	Number of Villages getting drinking water supply from										
			Wells only	Hand pumps only	Wells and Hand pumps	Wells, Hand pumps and Tube-wells	Wells, Hand pumps and Tanks	Wells, Hand pumps and River/ Canal	River only	Tanks only	Wells, Hand pumps, Tanks and Tube-wells	Wells, Hand pumps Tanks, and River/ Canal	Others*

*Others include a combination of one or more sources of communication other than the combination mentioned in Cols. 6 to 13.

TABLE NO. 7

POSTAL FACILITIES IN THE RURAL AREAS

District/ Tahsil	Total Area* (in Sq. Km.)	Total No. of Post Offices	No. of Post Offices per 100 Sq. Km.
District	**8,007·68**	**321**	**4**
Tahsil Guhla	1,036·61	25	2
Tahsil Kaithal	2,106·44	87	4
Tahsil Thanesar	1,432·36	65	5
Tahsil Karnal	2,199·53	89	4
Tahsil Panipat	1,232·74	55	4

*Total Area as per the Director of Land Records, Haryana.

It will be seen from the Table No. 7 that Tahsil Guhla is by far the most backward in the matter of communication facilities.

45. The Table No. 8 below gives the average percentage of cultivable waste, the villages again being classified with reference to their distance from the nearest town. Here also the position for the district as a whole and separately for each tahsil has been shown.

TABLE NO. 8

Distance from the nearest Town	District/Tahsil	No. of Villages	Average percentage of cultivable waste
5 Km. or less ..	**District**	**239**	**4·35**
	Tahsil Guhla	16	5·13
	Tahsil Kaithal	23	0·38
	Tahsil Thanesar	121	3·45
	Tahsil Karnal	54	8·64
	Tahsil Panipat	25	2·80
6—10 Km. ..	**District**	**386**	**6·60**
	Tahsil Guhla	22	4·13
	Tahsil Kaithal	36	1·28
	Tahsil Thanesar	160	4·84
	Tahsil Karnal	130	9·77
	Tahsil Panipat	38	11·31

TABLE NO. 8—*concld.*

Distance from the nearest Town	District/Tahsil	No. of Villages	Average percentage of cultivable waste
11—15 Km. ..	**District**	**274**	**4·88**
	Tahsil Guhla	22	6·12
	Tahsil Kaithal	44	1·71
	Tahsil Thanesar	89	3·63
	Tahsil Karnal	80	7·37
	Tahsil Panipat	39	7·58
16—25 Km. ..	**District**	**367**	**6·96**
	Tahsil Guhla	72	5·61
	Tahsil Kaithal	74	1·08
	Tahsil Thanesar	49	3·67
	Tahsil Karnal	95	11·67
	Tahsil Panipat	77	11·33
26—50 Km. ..	**District**	**163**	**5·47**
	Tahsil Guhla	39	6·36
	Tahsil Kaithal	43	0·43
	Tahsil Thanesar	10	4·29
	Tahsil Karnal	65	10·63
	Tahsil Panipat	6	7·46
Total ..	**District**	**1,429**	**5·92**
	Tahsil Guhla	171	5·59
	Tahsil Kaithal	220	1·07
	Tahsil Thanesar	429	4·05
	Tahsil Karnal	424	9·83
	Tahsil Panipat	185	9·59

It will be seen from the above Table that the percentage of cultivable waste for the district as a whole works out to 5.92. The villages lying within a distance of less than 5 kilometres, 11 to 15 kilometres and 26 to 50 kilometres from the nearest town have a cultivable waste of 4.35 per cent, 4.88 per cent and 5.47 per cent, respectively, i.e., less than the average for the district as a whole. The cultivable waste in the villages lying at a distance of 16 to 25 kilometres, however, works out to 6.96 per cent while that for the villages in the distance group of 6 to 10 kilometres is 6.60 per cent, i.e., more than the average for the district.

Comparing the position of the five tahsils, it is seen that the cultivable waste in the case of Tahsil Kaithal is the lowest, *viz.*, 1·07 per cent. The highest is in the case of Tahsil Karnal, *viz.*, 9.83 per cent. Tahsil Panipat also has a high percentage of cultivable waste, i.e., 9.59 per cent. The high percentage of cultivable waste in these two tahsils could possibly be attributed to the effect of water-logging.

46. The percentage of land under forest per village for the district as a whole works out to 0.69 per cent as is seen from the following Table.

TABLE NO. 9

Distance from the nearest Town	District/Tahsil	No. of Villages	Average percentage of land under forest
5 Km. or less ..	**District**	**239**	**0.27**
	Tahsil Guhla	16	0.00
	Tahsil Kaithal	23	0.00
	Tahsil Thanesar	121	0.68
	Tahsil Karnal	54	0.07
	Tahsil Panipat	25	0.00
6—10 Km. ..	**District**	**386**	**0.40**
	Tahsil Guhla	22	4.30
	Tahsil Kaithal	36	0.00
	Tahsil Thanesar	160	0.04
	Tahsil Karnal	130	0.11
	Tahsil Panipat	38	0.05
11—15 Km. ..	**District**	**274**	**0.62**
	Tahsil Guhla	22	5.75
	Tahsil Kaithal	44	0.01
	Tahsil Thanesar	89	0.00
	Tahsil Karnal	80	0.03
	Tahsil Panipat	39	0.25
16—25 Km. ..	**District**	**367**	**1.20**
	Tahsil Guhla	72	5.74
	Tahsil Kaithal	74	0.00
	Tahsil Thanesar	49	0.00
	Tahsil Karnal	95	0.18
	Tahsil Panipat	77	0.68
26—50 Km. ..	**District**	**163**	**0.54**
	Tahsil Guhla	39	2.64
	Tahsil Kaithal	43	0.03
	Tahsil Thanesar	10	0.00
	Tahsil Karnal	65	0.00
	Tahsil Panipat	6	0.00
Total ..	**District**	**1,429**	**0.69**
	Tahsil Guhla	171	4.42
	Tahsil Kaithal	220	0.01
	Tahsil Thanesar	429	0.19
	Tahsil Karnal	424	0.09
	Tahsil Panipat	185	0.36

The position of the district in so far as its area under forest is concerned is evidently not quite happy. Comparing the position tahsil-wise, Guhla has the highest percentage of area under forest of 4.42 as against Tahsil Kaithal which has the lowest, *viz.*, 0.01 per cent.

47. The percentage of irrigated area to total cultivated area for the district as a whole works out to 61.67 as shown in the Table below.

TABLE NO. 10

Distance from the nearest Town	District/Tahsil	No. of Villages	Average percentage of irrigated land to total cultivated land
5 Km. or less ..	**District**	**239**	**68.96**
	Tahsil Guhla	16	78.24
	Tahsil Kaithal	23	59.53
	Tahsil Thanesar	121	63.40
	Tahsil Karnal	54	76.37
	Tahsil Panipat	25	83.37
6—10 Km. ..	**District**	**386**	**63.78**
	Tahsil Guhla	22	75.45
	Tahsil Kaithal	36	62.47
	Tahsil Thanesar	160	54.06
	Tahsil Karnal	130	68.37
	Tahsil Panipat	38	69.21
11—15 Km. ..	**District**	**274**	**58.04**
	Tahsil Guhla	22	67.52
	Tahsil Kaithal	44	51.35
	Tahsil Thanesar	89	58.44
	Tahsil Karnal	80	59.58
	Tahsil Panipat	39	64.19
16—25 Km. ..	**District**	**367**	**58.84**
	Tahsil Guhla	72	59.19
	Tahsil Kaithal	74	56.00
	Tahsil Thanesar	49	50.34
	Tahsil Karnal	95	64.42
	Tahsil Panipat	77	59.28
26—50 Km. ..	**District**	**163**	**62.17**
	Tahsil Guhla	39	64.79
	Tahsil Kaithal	43	62.84
	Tahsil Thanesar	10	57.99
	Tahsil Karnal	65	61.47
	Tahsil Panipat	6	49.77
Total ..	**District**	**1,429**	**61.67**
	Tahsil Guhla	171	65.61
	Tahsil Kaithal	220	58.38
	Tahsil Thanesar	429	56.89
	Tahsil Karnal	424	65.54
	Tahsil Panipat	185	64.13

Against the total cultivated area of 1,616,237 acres, 996,692 acres have the facility of irrigation. Comparing the position in this regard between the various tahsils in the district, the percentage of irrigated area to the cultivated area is the highest in the case of Tahsil Guhla, *viz.*, 65.61 per cent. A close second is Tahsil Karnal which has 65.54 per cent of the cultivated area under irrigation. The third position is claimed by Tahsil Panipat which has 64.13 per cent of its cultivated area under irrigation

Although Kaithal and Thanesar Tahsils in that order have the fourth and the fifth positions in this regard, the percentage of the irrigated area to the cultivated area even in their case is quite good, *viz.*, 58.38 per cent and 56.89 per cent, respectively. While Tahsil Kaithal enjoys the distinction of having the maximum area under cultivation, the distinction of having the highest percentage of area under irrigation is claimed by Tahsil Guhla. In absolute terms, however, Guhla has the total irrigated area of only 132,598 acres as against the total irrigated area of Tahsil Kaithal of 274,987 acres. In fact, even the total cultivated area of Tahsil Guhla i.e., 202,088 acres is less than the total irrigated area of 274,987 acres in Tahsil Kaithal. On the whole the district tops all other districts in the State in so far as irrigation facilities are concerned. The main sources of irrigation are canals and tube-wells.

48. *Town Directory* :—There are 11 towns in the district. The various data on each town has been presented through as many as seven Statements. Statement Nos. I to VI have been compiled from the information provided by the concerned local bodies. Statement No. VII relating to the distribution of sex-wise population of the towns by Religion has been prepared on the basis of the data collected during the 1971-Census.

49. Statement-I gives the status of each town i.e., whether it is a Corporation, a Municipal Committee, a Cantonment Board or a Notified Area Committee and indicates the decadal population since the year 1901. In case a town did not enjoy urban status at the time of any of the decennial censuses, a dash (—) has been put in the relevant column under the heading "Population of the Town at the Census Of". In the case of towns which lost their urban status at the time of one or more censuses, the entry "Declassified" would be found to have been made in this column. In column 14 of this statement has been indicated the functional category of each town based on the 1961-Census returns. The following Table gives the number and names of towns distributed according to their functional category:—

Functional Category	**Number (names) of Towns**
Services-cum-Primary activities-cum-Industry	1 (Gharaunda)
Trade & Commerce-cum-Industry--cum-Services	1 (Kaithal)
Services-cum-Industry	2 (Karnal & Nilokheri)
Industry-cum-Services	2 (Ladwa & Radaur)
Industry	1 (Panipat)
Industry-cum-Commerce-cum-Primary activities	1 (Pehowa)
Primary activities	1 (Pundri)
Services-cum-Industry-cum-Commerce	1 (Shahbad)
Services-cum-Commerce	1 (Thanesar)

50. Statement-II gives the physical and locational aspects of the various towns in the district. The district of Karnal is a vast plain which slopes in a south-west direction.

51. The rainfall data is not available for most of the towns. From the available data it is seen that Thanesar has an annual rainfall of 533.3 mm. The lowest rainfall of 336.5 mm. in the district is recorded by Kaithal town. On the whole, there is not much of a variation between the rainfalls of different towns. It appears, however, that the amount of rainfall declines as one moves from north to the south, west and south-west. The rainfall at towns in the north and the north-east is slightly higher than that at other towns. The information with regard to the maximum and minimum temperature for the towns is not available except for the district headquarters town of Karnal. Karnal town experienced the maximum temperature of 43.3° C in June, 1969 and the minimum temperature of 3.4° C in January, 1969.

52. Statement-III presents the state of Municipal finances as during the financial year 1968-69 (1st April, 1968 to 31st March, 1969). The total income from the various sources and the expenditure on different items have been indicated in Rs. '00'. The following Table provides the per capita income and expenditure of the Municipalities by the size class of the town :—

Class of Town	No. and name of towns	Per Capita						
		Receipt			*Expenditure*			
		Total Receipt	Receipt through taxes etc.	Receipt from all other sources	Total Expenditure	Public institutions	Public Health and Conveniences	All other aspects
Class-I 100,000 & over	..	..	..	..	..	..	..	..
Class-II 50,000—99,999	2 (Karnal & Panipat)	18	14	4	19	1	9	9
Class-III 20,000—49,999	3 (Kaithal, Shahbad & Thanesar)	20	16	4	19	1	5	13
Class-IV 10,000—19,999	3 (Gharaunda, Ladwa & Pehowa)	19	14	5	19	..	8	11
Class-V 5,000—9,999	3 (Nilokheri, Pundri & Radaur)	9	8	1	8	..	2	6
Class-VI Below 5,000	..	..	..	..	..	..	..	..

53. In Statement-IV has been presented the state of civic and other amenities as in the year 1969. The amenities covered are the roads, the system of sewerage and drainage, the source and quantity of water-supply, the existence or otherwise of firefighting services and the number of electric connections separately under domestic, industrial and commercial categories as also the number of street light points. The method of removal of night-soil and the number of public latrines of different types *viz.*, 'water borne', 'service' and 'others' have also been given. The abbreviations used in this Statement are as under :—

PR	..	Pucca Road
KR	..	Kucha Road
S	..	Sewer
OSD	..	Open Surface Drains
WB	..	Wheel Barrows
S	..	Sewerage
HL	..	Head Load
TW	..	Tubewell Water
T	..	Tap Water

Only two of the eleven towns, *viz*, Karnal and Panipat, enjoy the facility of under-ground sewerage, and that too only partly. All other towns as also the major parts of these two towns are served by Open Surface Drains. The evil practice of carriage of night-soil as Head Load continues to persist in most of the towns, notwithstanding the efforts being made by the Government and the Municipalities to put an end thereto.

54. The position of water-supply is comparatively better in so far as the towns in this district are concerned. The following Table would provide a comparison of the actual water-supply per capita with the desired water-supply per capita as per the Indian Standard Institution Code of Water-Supply Requirements :—

Name of Town	Total Population	Total water-supply per day (in gallons)	Water-supply per capita per day (in gallons)	Water-supply per capita as per the I.S.I. Code of Water-Supply Requirements	
				In the case of towns with sewerage	In the case of towns without sewerage
Gharaunda	13,045	—	..		
Kaithal	45,199	1,200,000	27		
Karnal	92,784	2,200,000	24		
Ladwa	10,666	160,000	15		
Nilokheri	9,357	220,000	24	40	25
Panipat	87,981	1,750,000	20		
Pehowa	11,366	180,000	16		
Pundri	9,107	..	..		
Radaur	6,539	..	..		
Shahbad	21,500	525,000	24		
Thanesar	29,555	600,000	20		

55. Statement-V depicts the position of medical, educational, recreational and cultural facilities for all the towns in the district separately, reference year being 1969. Under the heading 'Medical Facilities', has been shown the number separately of Hospitals/Dispensaries, T.B. Clinics/Health Centres/Nursing Homes. The total number of patient beds available in all the medical institutions in each town has also been indicated. As for the educational facilities, information has been given separately for the number of Arts/Science/Commerce Colleges, Medical/Engineering Colleges, Polytechnics, Higher Secondary or Secondary/Junior Secondary or Middle/Primary Schools and even recognised Shorthand, Type-writing and other Vocational Training Institutions. Under the heading 'Recreational Facilities' are indicated the number of stadia, cinemas, auditoria and public libraries including reading rooms. Abbreviations used in the preparation of this Statement are explained as under :—

H	..	Hospital	A	..	Arts College
D	..	Dispensary	AS	..	Arts-cum-Science College
HC	..	Health Centre	ASC	..	Arts-cum-Science-cum-Commerce College
TBC	..	T. B. Clinic	CE	..	College of Education
PHC	..	Public Health Centre			

Four out of the eleven towns, *viz.*, Gharaunda, Ladwa, Nilokheri and Pehowa do not have the facility of either an Arts, Science or a Commerce College. Thanesar, on the other hand, is the seat of Kurukshetra University and has an Engineering College as well. There is no Medical College in the district. The two towns of Nilokheri and Pundri have a Polytechnic each. Although Radaur did not have any college in 1969 (the reference year), it has now come to have an Arts College. Similarly, Shahbad has come to have another Arts College making a total of two. Karnal, Panipat and Ladwa have one Industrial Training Institute each.

56. The following Table gives the number of beds per 1,000 population for the various towns :—

Sl. No.	Name of Town	Total No. of beds	Population	No. of beds per 1,000 Population
1	Gharaunda	9	13,045	1
2	Kaithal	70	45,199	2
3	Karnal	237	92,784	3
4	Ladwa	10	10,666	1
5	Nilokheri	50	9,357	5
6	Panipat	20	87,981	Negligible
7	Pehowa	8	11,366	1
8	Pundri	12	9,107	1
9	Radaur	14	6,539	2
10	Shahbad	39	21,500	2
11	Thanesar	56	29,555	2

Although Panipat, as can be seen from the above Table, shows up as the most backward town in the matter of medical facilities, there has been a change in the situation since 1969, the reference year for the above Table. The town has now a modern and well equipped hospital.

57. The following Table gives the number of Higher Secondary, Middle and Primary Schools separately for each of the towns *vis-a-vis* their population :—

Sl. No.	Name of Town	Population	Number of Schools		
			Higher Secondary or Secondary	Middle	Primary
1	Gharaunda	13,045	2	..	2
2	Kaithal	45,199	6	..	16
3	Karnal	92,784	13	9	19
4	Ladwa	10,666	3	1	1
5	Nilokheri	9,357	1	..	3
6	Panipat	87,981	9	..	20
7	Pehowa	11,366	1	..	4
8	Pundri	9,107	..	1	2
9	Radaur	6,539	2	..	1
10	Shahbad	21,500	2	..	7
11	Thanesar	29,555	3	1	8

58. Statement-VI shows the extent of banking facilities, including the number of Agricultural Credit Societies and the number of Non-Agricultural Credit Societies, in each of the towns. In so far as the trade, commerce and industry aspects of the towns are concerned, information has been given on the three most important commodities exported/imported and manufactured. Panipat has come to be known for the manufacture of *kheses*, tapestry and curtain cloth, bed covers, bed sheets, etc. and for the manufacture of durries and carpets which are even exported to the countries abroad. Karnal has acquired a position of importance in the manufacture and export of footwear.

59. Statement-VII gives the distribution of sexwise population by Religion for the eleven towns in the district.

60. *Part 'B' Village and Townwise Primary Census Abstract* : As the title itself suggests, the Village and Townwise Census Abstracts have been presented within the district tahsilwise, and within the tahsil for each village and for each town separately. Preceding the Village and Townwise Primary Census Abstracts, however, Primary Census Abstract for the district as a whole and for each tahsil comprised therein has been presented. In the district and tahsil Primary Census Abstracts, 'T' stands for Total Population, and 'R' and 'U' for the Rural and Urban parts thereof respectively.

61. Although for the purpose of Census enumeration, the villages had been divided on the basis of their population into 'Enumeration Blocks' consisting of approximately 750 persons each, data of population in the case of villages have not been given 'enumeration blockwise' but for the village as a whole. In the case of towns, on the other hand, data have been provided for individual enumeration blocks within a ward. The enumeration blocks in towns were formed on the basis of a population roughly of 600 persons. Naturally, the total of the population of the enumeration blocks in a ward would give the latter's population. The information relating to the population and its characteristics presented in columns from 6 to 38 of the Primary Census Abstracts has been given sexwise, i.e., separately for Males (M) and Females (F).

62. The contents of the Primary Census Abstracts and the concepts, if any, connected therewith are discussed columnwise as under :—

Column 1 (Location Code Number) .—In this column is indicated the Location Code Number of the village/town. For the purposes of the Census, every district, tahsil, village and town had been given a Location Code Number for facility of its identification. The said Location Code Number, therefore, has been indicated in this column.

Column 2 (Name of Village/Town/Ward/Urban Enumerator's Block).—As pointed out above, the Primary Census Abstracts have been presented villagewise and in the case of towns, Ward/Urban Enumerator's Blockwise. As is well-known, every town stands divided into a number of wards, mostly on the basis of their electoral strength.

Column 3 (Area of village in acres and of town in sq. km.) .—Does not call for any explanation.

Column 4 (Occupied Residential Houses).—In this column has been given the total number of Census Houses used for residential purposes. The question naturally arises, as to what is a Census House ? A Census House is a building or a part of a building having a separate entrance from a common courtyard or a stair-case, etc., used or recognised as a separate unit. It may be inhabited or vacant. It may be used for a residential or a non-residential purpose or for both. In this column, however, has been given the number only of those Census Houses which at the time of enumeration were being actually used for residential purposes.

Column 5 (Number of Households).—A Household is a group of persons who commonly live together and take their meals from a common kitchen unless the exigencies of work prevent them from doing so. It may be made up of related or unrelated persons. A cook or a servant living in the house of his employer and taking his food there, is to be considered as a member of the household. Similarly, a hotel where a number of unrelated persons live together has been treated as an 'Institutional Household'.

Columns 6, *7 and 8* (Total Population including Institutional and Houseless population).—Under this heading information has been provided about the total population (column 6 'P' for Persons) and separately for Males (M—column 7) and Females (F—column 8). It may be necessary to explain here as to what is meant by 'Institutional Population' and 'Houseless Population'. By 'Institutional

Population' is meant the number of inmates of institutions like the Blind and Deaf and Dumb Schools, Orphanages, Lunatic Asylums, Jails, etc. By the 'Houseless Population' is meant the number of persons who have no house to live in, and spend the night on foot-paths etc.

Columns 9 *and* 10 (Scheduled Castes).—In these columns has been given separately for Males (M) and Females (F) the population of Scheduled Castes. Only those Castes which are included in the list of Scheduled Castes recognised by the Presidential Order for the State of Haryana, have been reckoned as such for the purposes of Census. It may be understood that there is a separate list of Scheduled Castes for each State and that a Caste recognised as Scheduled Caste in one State may not necessarily be recognised as a Scheduled Caste in the other State.

Columns 11 *and* 12 (Scheduled Tribes).—As none of the Scheduled Tribes had been recognised as such by the Presidential Order for the State of Haryana, the information with respect thereto has been considered as nil.

Columns 13 *and* 14 (Number of Literates and Educated Persons).—In these columns has been indicated the number of Literates and Educated Persons separately for the Males and the Females. It would be necessary here to explain that for the purposes of Census, only a person who can both read and write with understanding in any language has been considered 'Literate'. Evidently, a person who can merely read but cannot write has not been treated as Literate. It is not necessary, however, that a person who is literate should have received any formal education or should have passed any minimum educational standard. Children below the age of 5 years even if they could both read and write have not been considered literate as such. Children could not be considered to have developed the required 'understanding'.

63. In columns 15 to 36 of the Primary Census Abstracts has been provided information with regard to the number of workers and their distribution into 9 Industrial Categories as per the Code of National Industrial Classification.

Columns 15 *and* 16 (Total Workers).—These two columns give the number separately of Male and Female workers, falling in any of the 9 Industrial Categories. A question may perhaps be asked as to who for the purposes of Census has been treated as a 'Worker'? Before defining the term 'Worker', it is necessary to explain the concept of main activity adopted for the 1971-Census for the first time. By main activity is meant, as to how a person engages himself mostly. From the point of view of main activity, therefore, the population got divided into two broad categories, *viz.*, 'Workers' and 'Non-Workers'. Only those persons, therefore, who participated in any economically productive work as their main activity, have been treated as 'Workers'. On the other hand, a person who for most of his time was engaged in any economically non-productive work, has, from the point of view of main activity, been considered as a 'Non-Worker'. If, however, such a person was also engaged in some economically productive activity on a part-time basis or for only a small fraction of his time, he has been reckoned as a 'Secondary Worker' for his contribution to economic activity. As he has not been treated as worker for his main activity, the number of total workers provided in cols. 15 and 16 of the Primary Census Abstracts does not account for him. Such a person, on the other hand, has been counted among the non-workers.

64. A worker, therefore, is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but effective supervision and direction of work as well.

Columns 17 *and* 18 (Cultivators).—In these two columns has been given the number of Male and Female Workers whose main activity is Cultivation. For the purposes of the Census, a person engaged in cultivation by himself or by supervision or direction in his capacity as the owner or lessee of land held from Government or as a tenant of land held from a private person or an institution for payment in money, kind or share, has been recorded as a Cultivator. Cultivation, however, does not include fruit-growing, vegetable-growing or keeping orchards or groves or working on plantations like tea, coffee, rubber, cinchona and other medicinal plantations. It may also be made clear that a person who merely owns land but has given out land to another person for cultivation, for money, kind or share of crop and who does not even supervise or direct cultivation of land, has not been treated as a cultivator, or even as a worker unless he is engaged in some economically productive work. Similarly, a person working in another person's land for wages in cash, kind or share, has not been treated as a cultivator but as an 'Agricultural Labourer'.

Columns 19 *and* 20 (Agricultural Labourers).—In these columns have been given the number of Agricultural Labourers separately for Males and Females. An Agricultural Labourer is a person who works in another person's land for wages in money, kind or share. Such a person, evidently, has no risk in cultivation and merely works in another person's land for wages. The labourer could have no right of lease or contract on land on which he works.

Columns 21 *and* 22 (Livestock, Forestry, Fishing, Hunting & Plantations, Orchards and Allied activities).—Does not call for any explanation.

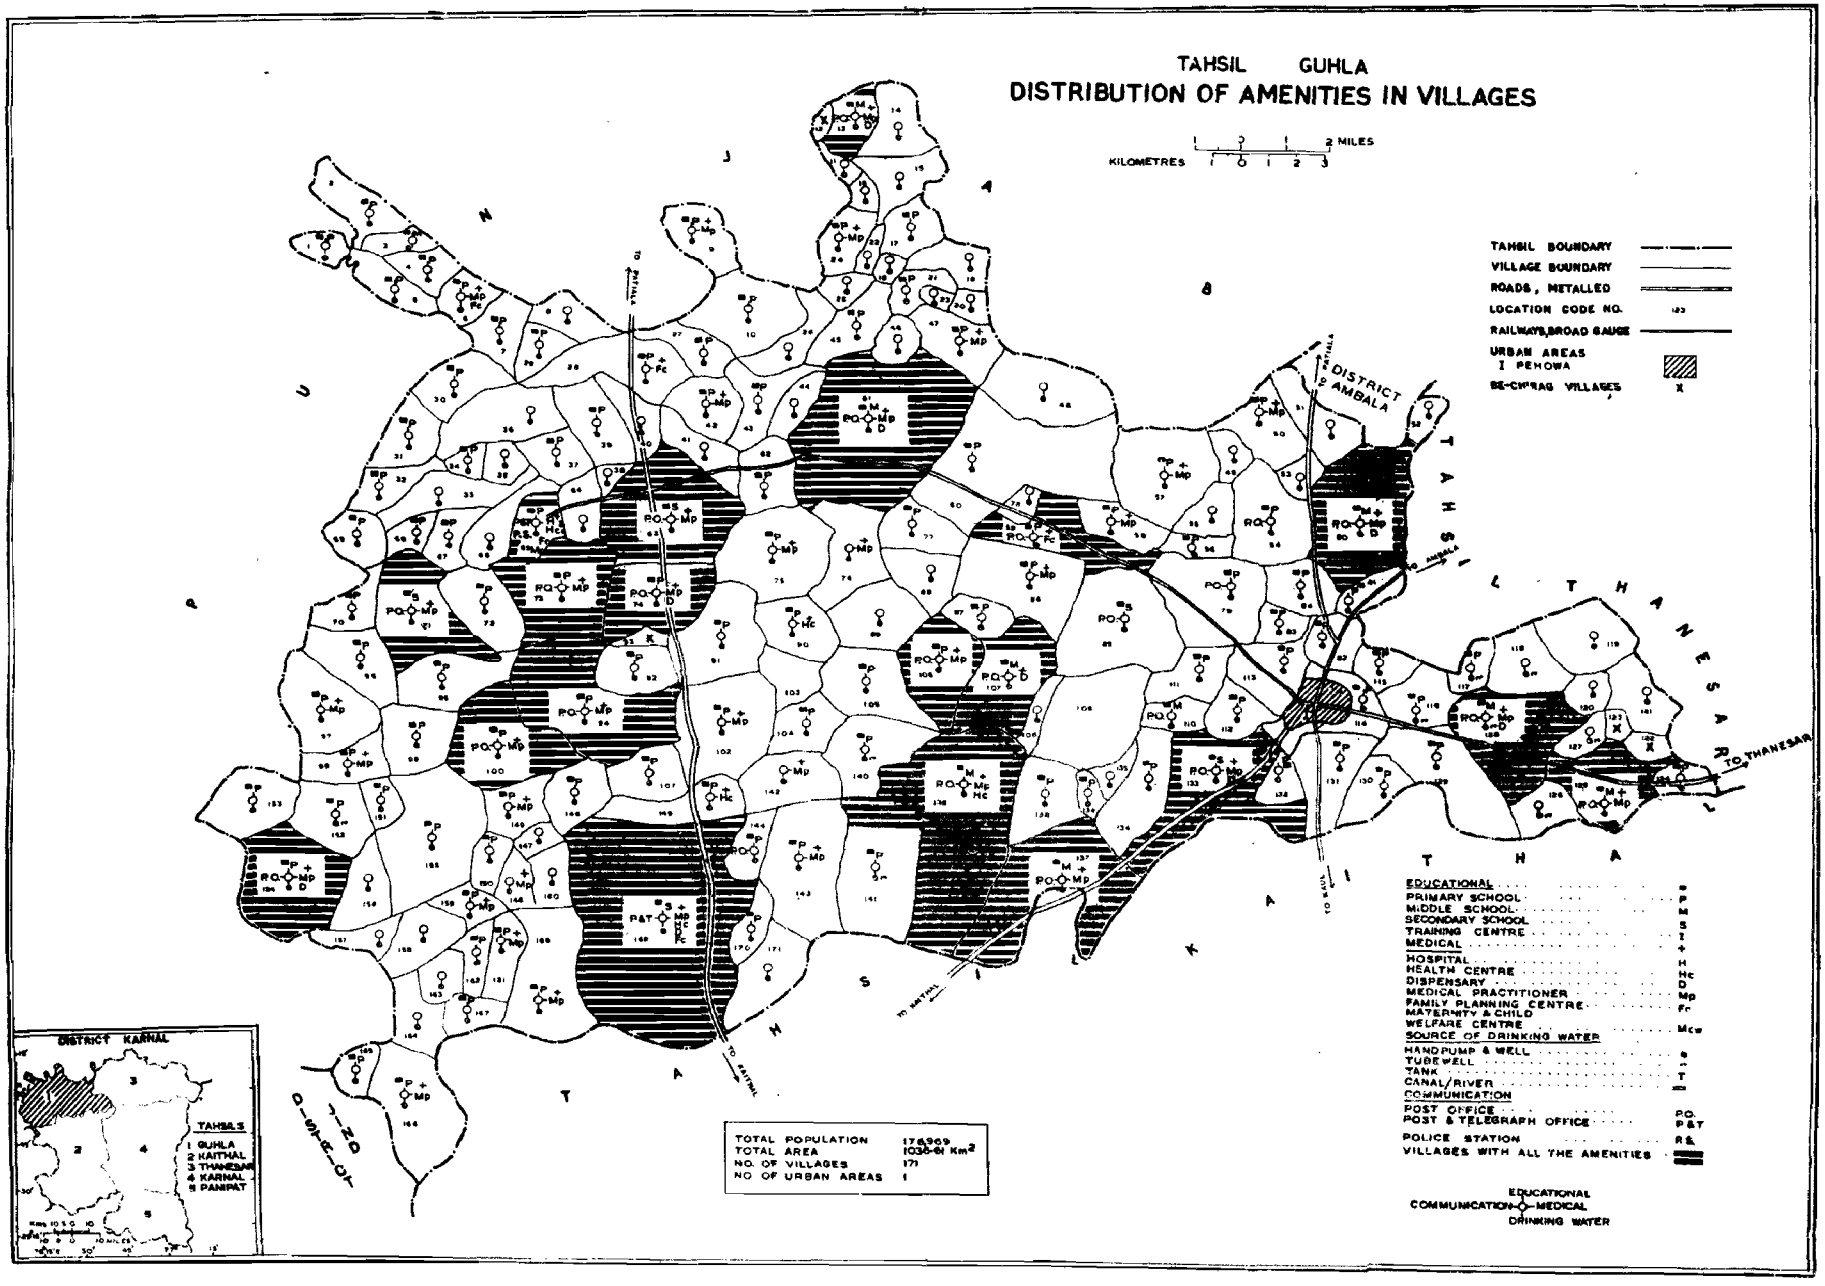

Columns 23 *and* 24 (Mining and Quarrying).—Does not call for any explanation.

Columns 25, 26, 27 *and* 28 (Manufacturing, Processing, Servicing, and Repairs).—The workers under this category have been further sub-divided into (a) Household Industry (columns 25 and 26) and (b) Manufacturing other than Household Industry (columns 27 and 28). What is a Household Industry ? For the purposes of the Census, a Household Industry has been defined as 'an industry conducted by the head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and only within the premises of the house where the household lives in urban areas. The Household Industry should necessarily be run on a small scale. A factory run on the scale of a registered factory has not been considered as a 'Household Industry'. All other workers engaged in manufacturing, processing, servicing and repairs where such activities are not carried on the scale of 'Household Industry' have been included in the sub-category (b) 'Other than Household Industry'.

Columns 29 *and* 30 (Construction), 31 *and* 32 (Trade and Commerce), 33 *and* 34 (Transport, Storage and Communications).—The Industrial Categories mentioned in these columns are self-explanatory and do not call for any comments.

Columns 35 *and* 36 (Other Services).—In these columns have been given separately for Males and Females the figures of workers engaged in 'Other Services'. In the category 'Other Services' are included the Government servants, the municipal employees, the doctors, the teachers, the political, social and religious workers, etc. In fact, all types of economic activity carried on as a profession, not covered by the remaining 8 categories, have been covered under this category.

Columns 37 *and* 38 (Non-Workers).—In these columns have been given separately the number of Non-Workers for Males and Females. A non-worker is a person who as his main activity is not engaged in any economically productive work but is basically non-working. The non-workers constitute those engaged in Household Duties, Students, Retired Persons or Rentiers, Dependents, Beggars, Inmates of Institutions and Other Non-Workers. One may start wondering as to what are other non-workers ? In this category are included all those persons who are not covered by any of the other non-working categories but who are seeking employment. The other non-workers, therefore, stand for those persons who though wanting work, have not been able to get any employment.

†Although, 'Be-Chiragh' (Un-inhabited) as per the Revenue Record, population was recorded at the time of Census Enumeration, 1971 from these villages.

Notes.—(1) In case there is a town of the same name as a village, the word (Rural) has been added alongwith the name of the village.

(2) The area figures are as supplied by the Revenue Patwari and include urban area, if any,

*Population of the village and the area (partly or fully) thereof has come within the municipal limits.

†Although, 'Be-chiragh' (Un-inhabited) as per the Revenue Record, population was recorded at the time of Census Enumeration, 1971 from the village.

Notes.—(1) In case there is a town of the same name as a village, the word (Rural) has been added along with the name of the village.

(2) The area figures are as supplied by the Revenue Patwari and include urban area, if any.

*Population of the village and the area (partly or fully) thereof has come within the municipal limits.

†Although, Be-chiragh (Un-inhabited) as per the Revenue Record, population was recorded at the time of Census Enumeration 1971 from the village.

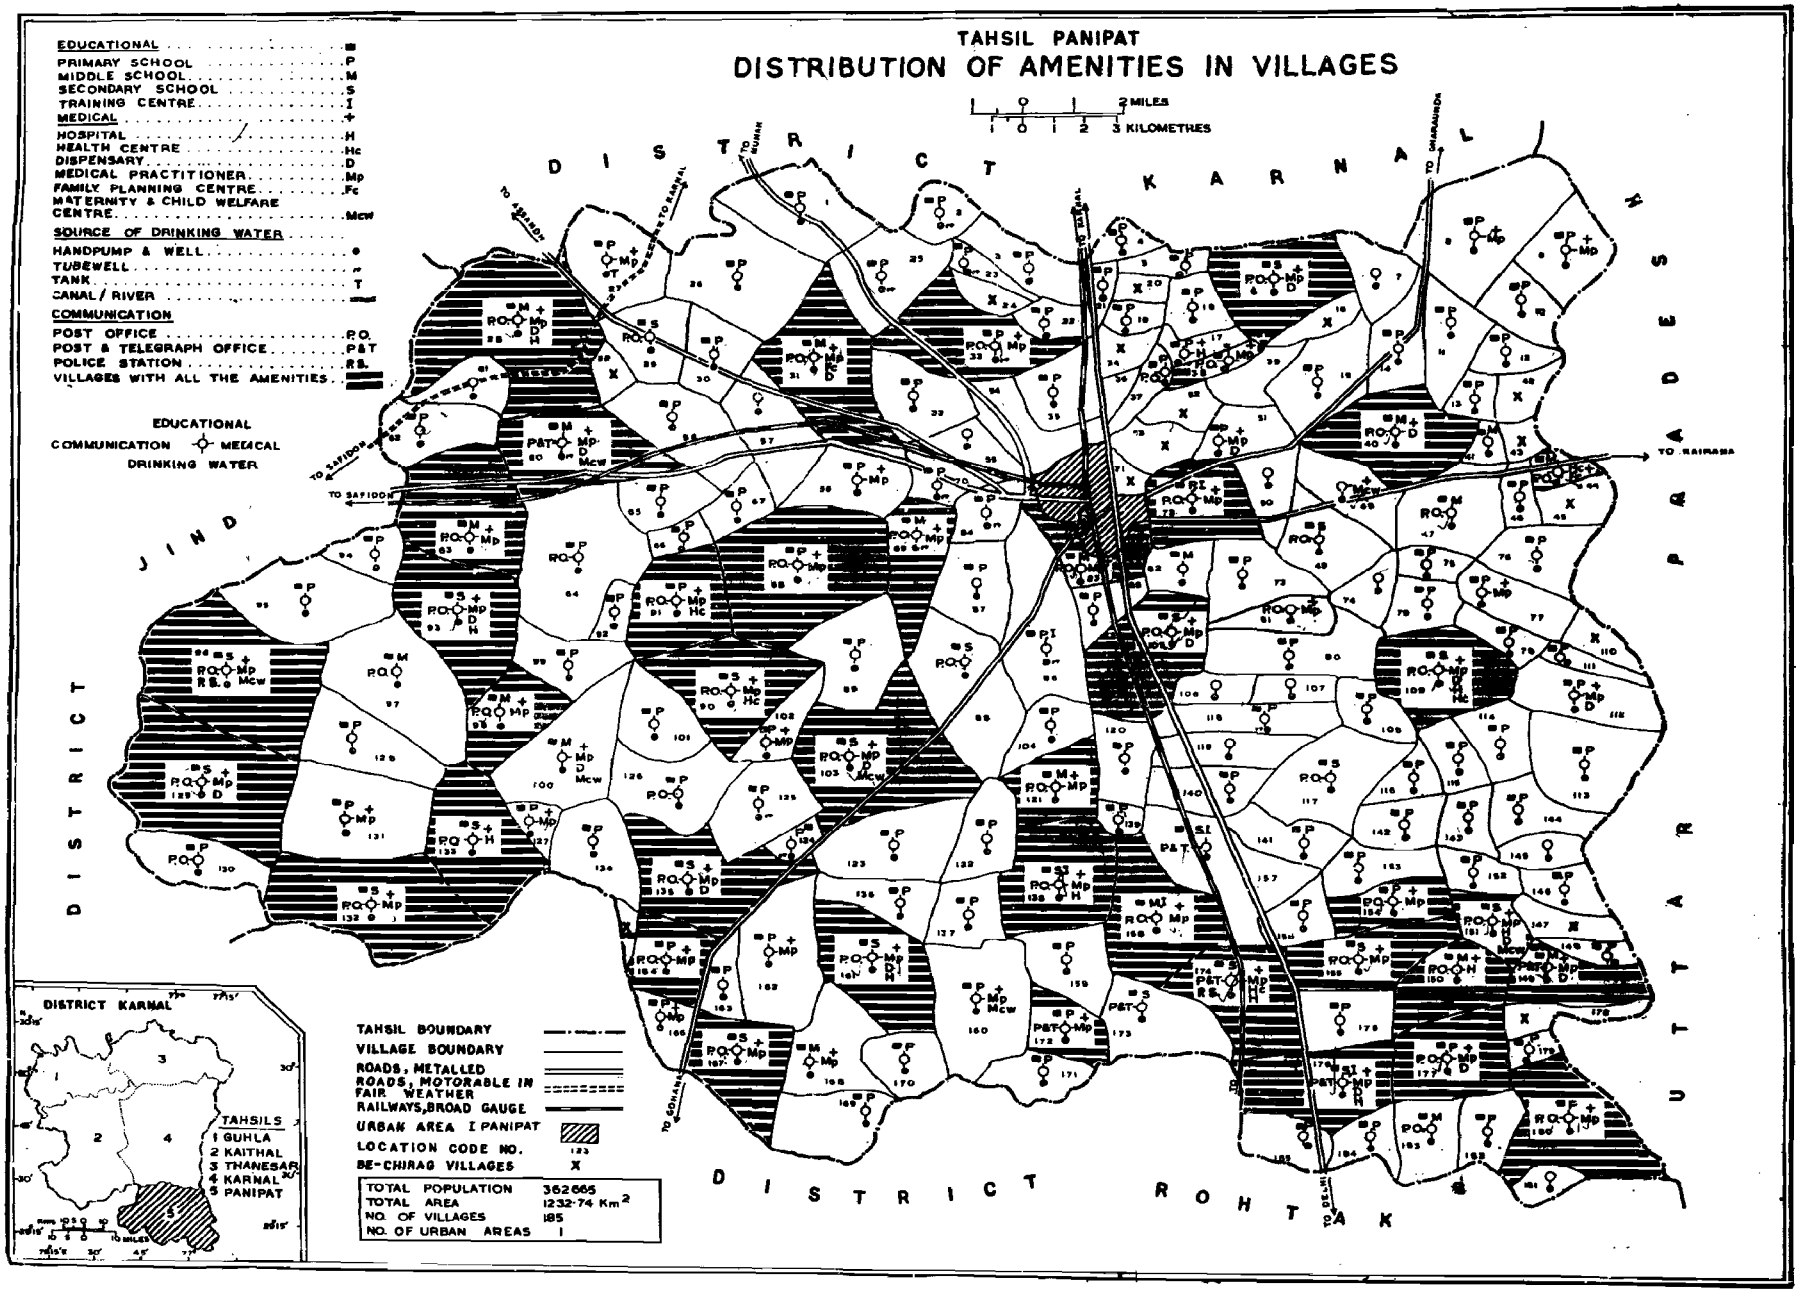

§These four villages of Muzaffarnagar District of Uttar Pradesh have come over to Karnal Tahsil of Karnal District of Haryana due to riverian action of Yamuna River and have been covered in Haryana Census.

Notes.—(1) In case there is a town of the same name as a village, the word (Rural) has been added alongwith the name of the village.

(2) The area figures are as supplied by the Revenue Patwari and include urban area, if any.

185	Bodhwal Majri (87)	708	Pr.S(1)	..	E	Hp,W	PR	..

*Population of the village and the area (partly or fully) thereof has come within the municipal limits,

†Although, 'Be-chiragh' (Un-inhabited) as per the Revenue Record, population was recorded at the time of Census Enumeration 1971 from these villages.

‡These three villages of Muzaffarnagar district of Uttar Pradesh have come over to Panipat Tahsil of Karnal District of Haryana due to riverian action of Yamuna River and have been covered in Haryana Census.

Notes.—(1) In case there is a town of the same name as a village, the word (Rural) has been added along with the name of the village.

(2) The area figures are as supplied by the Revenue Patwari and include urban area, if any.

STATEMENTS SHOWING THE COMPOSITION OF ENUMERATORS' BLOCKS FOR EACH TOWN

PEHOWA TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	House No. 1 to 169
	2	House No. 170 to 296
II	3	House No. 1 to 79
		House No. 131 to 146
	4	House No. 80 to 130
		House No. 147 to 155
III	5	House No. 1 to 110
	6	House No. 111 to 343
IV	7	House No. 1 to 215
		House No. 289 to 329
	8	House No. 216 to 288
V	9	House No. 1 to 55
	10	House No. 56 to 123
VI	11	House No. 1 to 143
		House No. 350 to 353
	12	House No. 144 to 265
	13	House No. 266 to 349
VII	14	House No. 1 to 120
	15	House No. 121 to 313
VIII	16	House No. 1 to 46
	17	House No. 47 to 411
IX	18	House No. 1 to 32
		House No. 73 to 113
	19	House No. 33 to 72
X	20	House No. 1 to 70
		House No. 139 to 145
	21	House No. 71 to 138

KAITHAL TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	House No. 1 to 94
	2	House No. 95 to 190
	3	House No. 191 to 275
	4	House No. 276 to 386
II	5	House No. 1 to 103
	6	House No. 104 to 199
	7	House No. 200 to 300
	8	House No. 301 to 384
	9	House No. 385 to 497
III	10	House No. 1 to 110
	11	House No. 111 to 217
	12	House No. 218 to 327
	13	House No. 328 to 421
	14	House No. 422 to 524
IV	15	House No. 1 to 97
	16	House No. 98 to 185
	17	House No. 186 to 270
	18	House No. 271 to 357
V	19	House No. 1 to 136
	20	House No. 137 to 207
	21	House No. 208 to 369
	22	House No. 370 to 464
VI	23	House No. 1 to 116
	24	House No. 117 to 217
	25	House No. 218 to 310
	26	House No. 311 to 397
VII	27	House No. 1 to 90
	28	House No. 91 to 170
	29	House No. 171 to 272
	30	House No. 273 to 332
VIII	31	House No. 1 to 105
	32	House No. 106 to 234
	33	House No. 235 to 420
	34	House No. 421 to 524
IX	35	House No. 1 to 90
	36	House No. 91 to 160
	37	House No. 161 to 275
	38	House No. 276 to 371
X	39	House No. 1 to 77
	40	House No. 78 to 214
	41	House No. 215 to 342
	42	House No. 343 to 415
	43	House No. 416 to 495
XI	44	House No. 1 to 210
	45	House No. 211 to 297
	46	House No. 298 to 475
XI-A	47	House No. 1 to 580
XI-B	48	House No. 1 to 90
	49	House No. 91 to 462
XI-C	50	House No. 1 to 249
	51	House No. 250 to 408
XI-D	52	House No. 1 to 120
	53	House No. 121 to 236
XII	54	House No. 1 to 90
	55	House No. 91 to 185
	56	House No. 186 to 272
	57	House No 273 to 344
	58	House No. 345 to 433
	59	House No. 434 to 510
XIII	60	House No. 1 to 26
	61	House No. 27 to 103
	62	House No. 104 to 208
	63	House No. 209 to 280
	64	House No. 281 to 392
XIV	65	House No. 1 to 115
	66	House No. 116 to 201
	67	House No. 202 to 285
	68	House No. 286 to 385
	69	House No. 386 to 504
XV	70	House No. 1 to 180
	71	House No. 181 to 255
	72	House No. 256 to 373
	73	House No. 374 to 530
XVI	74	House No. 1 to 130
	75	House No. 131 to 210
	76	House No. 211 to 308
	77	House No. 309 to 378
XVII	78	House No. 1 to 165
	79	House No. 166 to 310
		House No. 1/N to 6/N

PUNDRI TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	House No. 1 to 121
	2	House No. 122 to 267
II	3	House No. 1 to 137
	4	House No. 138 to 232
	5	House No. 233 to 307
III	6	House No. 1 to 125
	7	House No. 126 to 252
	8	House No. 253 to 373

LADWA TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	House No. 1 to 127
	2	House No. 128 to 261
II	3	House No. 1 to 135
	4	House No. 136 to 246
	5	House No. 247 to 333
III	6	House No. 1 to 140
	7	House No. 141 to 213
IV	8	House No. 1 to 68
	9	House No. 69 to 271
V	10	House No. 1 to 88
	11	House No. 89 to 174
VI	12	House No. 1 to 65
	13	House No. 66 to 139
VII	14	House No. 1 to 155
VIII	15	House No. 1 to 115
IX	16	House No. 1 to 96
X	17	House No. 1 to 111
	18	House No. 112 to 242
	19	House No. 243 to 366

RADAUR TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	House No. 1 to 155
II	2	House No. 156 to 238
III	3	House No. 239 to 300
IV	4	House No. 301 to 472
V	5	House No. 473 to 554
VI	6	House No. 555 to 657
VII	7	House No. 658 to 776
VIII	8	House No. 777 to 927
IX	9	House No. 928 to 1000
X	10	House No. 1001 to 1106
	11	House No. 1106-A to 1228

NILOKHERI TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	House No. 1 to 89
	2	House No. 90 to 166
	3	House No. 167 to 316
II	4	House No. 1 to 142
III	5	House No. 1 to 93
	6	House No. 94 to 222
IV	7	House No. 1 to 93
	8	House No. 94 to 159
	9	House No. 160 to 266
V	10	House No. 1 to 124
	11	House No. 125 to 285
VI	12	House No. 1 to 77
	13	House No. 78 to 82
VII	14	House No. 1 to 86
	15	House No. 87 to 173
	16	House No. 174 to 255
VIII	17	House No. 1 to 75

KARNAL TOWN

Ward No.	Enumerator's Block No. and its jurisdiction	
	Block No.	House Nos. included in the Block
1	2	3
I	1	Sector No. 1 House No. 1 to 78
	2	Sector No. 1 House No. 79 to 157
	3	Sector No. 1 House No. 158 to 243
	4	Sector No. 1 House No. 244 to 336
	5	Sector No. 1 House No. 337 to 418
	6	Sector No. 1 House No. 419 to 490
II	7	Sector No. 2 House No. 1 to 79
	8	Sector No. 2 House No. 80 to 160
	9	Sector No. 2 House No. 161 to 210
	10	Sector No. 2 House No. 211 to 280
	11	Sector No. 2 House No. 281 to 350
	12	Sector No. 2 House No. 351 to 433
		Sector No. 19 House No. 314 to 323
