District Primary Census Abstract for SC/ST, C.D. Block/Townwise. ... 467 - 485

Foreword

Publication of the District Census Handbooks (DCHs) was initiated after the 1951 Census and is continuing since then with some innovations/modifications after each decennial census. This is the most valuable district level publication brought out by the Census Organisation on behalf of each State Government/Union Territory administration. It interalia provides data/ information on some of the basic demographic and socio-economic characteristics and on availability of certain important civic amenities /facilities in each village and town of the respective districts. This publication has thus proved to be of immense utility to the planners, administrators, academicians and researchers.

The scope of the DCH was initially confined to certain important census tables on population, economic and socio-cultural aspects as also the Primary Census Abstract (PCA) of each village and town (wardwise) of the district. The DCHs published after the 1961 Census contained a descriptive account of the district, administrative statistics, census tables and Village and Town Directories, including PCA. After the 1971 Census, two parts of the District Census Handbooks (Part-A comprising Village and Town Directories and part-B comprising Village and Town PCA) were released in all the States and Union Territories. The third Part of the District Census Handbooks comprising administrative statistics and district census tables, which was also to be brought out, could not be published in many States/UTs due to considerable delay in compilation of relevant material. In 1981, some new features along with the rest ructuring of the formats of Village and Town Directory were introduced in the DCHs. These were published in two parts for each district after the 1981 Census. While Part-A comprised Village and Town Directories, the PCA of villages and towns (wardwise) including Scheduled Caste and Scheduled Tribe PCA upto tehsil/town level were provided in Part-B. To illustrate, all the amenities except electricity, were brought together in the Village Directory and if an amenity was not available in the referrent village, the distance in broad ranges from the nearest place having such amenity was given. Information on some new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet some of the requirements of the Revised Minimum Needs Programme. Similarly, information on approach to the village was also provided for the first time during 1981 Census in the Village Directory so as to give an idea about the number of inaccessible villages in each district. In case of Town Directories also, keeping in view the requirements of the Minimum Needs Programme, a Statement IV-A on slums was provided so as to enable the planners to chalk out the programmes for providing better civic and other amenities in the slums. In this statements, details on civic and other amenities were reported for the slums of Class I and Class II towns. Apart from this, one column on the Scheduled Caste and Scheduled Tribe population and another on adult literacy classes/centres were added in Statement IV and V respectively.

The manner of presentation of the DCHs for the 1991 Census is by and large the same as followed in 1981. However, the format of PCA has been restructured slightly in the 1991 Census for the benefit of data users. Nine-fold industrial classification of main workers has been given as against four-fold industrial classification presented in the 1981 Census. In addition to this, the sex-wise population in the 0-6 age-group has also been included in PCA for the first time with a view to enabling data users to compute more realistic Literacy rate as all children below 7 years of age have been treated as illiterates at the time of the 1991 Census. It is expected that the above mentioned modifications will help the planners in chalking out more effective developmental programmes.

One of the most important innovations in the 1991 Census is the Community Development Block level presentation of data in the Village Directory and PCA instead of the traditional Tehsil/Taluk/PS level presentation. It is expected that the presentation of Village Directory and PCA data at C.D. Block level will help the planners in formulation of micro-level developmental plans, as the C.D. Block is the lowest administrative unit for developmental planning.

In order to facilitate the task of administrators, planners and researchers intending to use Village Directory/PCA data, either from the magnetic tapes/floppies or from the published records, both the computer and manual codes for each village have been provided for the 1991 Census along with the corresponding codes of 1981.

This publication is a joint venture of the State Government / UT administration and the Census Organisation. The data have been collected and completed under the direction of Shri K. Sampath Kumar, Director of Census Operations, Tamil Nadu, on behalf of the State Government which has borne the cost of printing. The task of planning, designing and co-ordination of the publication was initiated by DR. K.P. Ittaman, former Deputy Registrar General (Social Studies) and Shri M.M. Dua, Joint Director, for the sake of uniformity in presentation of information / data and for preparation of analytical note depicting the salient features emerging from a micro-level analysis of census/non-census data, a model District Census Handbook from each State and Union Territory was thoroughly scrutinised in the Social Studies Division under the guidance of Shri M.K. Jain, the present Deputy Registrar General (S.S.). This task was carried out by Shri A.K. Singh, Deputy Director who was assisted by Shri N.S. Soam, Assistant Director and his staff. Technical guidance in the preparation of the maps was initially provided by Dr. B.K. roy, former Deputy Registrar General (Map) and later by Mrs. Minati Ghosh, the present Deputy Registrar General (Map).

I am thankful to all those who have contributed to this project.

New Delhi

A.R. NANDA
Registrar General, India

PREFACE

The District Census Handbook is the most useful publication for the public, social workers, researchers, academicians, administrators, local bodies and the government officials for various official and non-official purposes, It gives data for the village / panchayat at the lowest level to the district level including panchayat union/taluk covering demographic, social, economic and cultural aspects. There had been an endeavor to make it as comprehensive as possible, to provide data on various aspects since its inception and by 1961, it reached the dimensions of a compendium for the district. The Registrar General, India, in his foreword has kindly traced out the improvements brought out from time to time since 1961 to the latest 1991 Census while the history of the District Census Handbook in this State is narrated in the Introductory Chapter to this volume.

The District Census Handbook is a joint venture of the Census Organisation and the Government of Tamil Nadu. The scope of District Census Handbook has been widely increased and restructured in 1961 to meet the Minimum Needs and Revised Minimum Needs Programmes of the Planning Commission. Broadly keeping up the 1981 main structure, the formats of the Primary Census Abstract have been restructured slightly for the benefit of data users. The nine-fold industrial classification of main workers as done at the 1961 and 1971 Censuses has been revived instead of the four-fold classification of the 1981 Census. Population in the age-group 0-6 by sex has been given in order to enable computation of realistic literacy rate as all children below 7 years are treated as illiterates. One of the most important innovations of the 1991 Census is the presentation of data at the Community Development Block/Panchayat Union level to help planners in the formulation of micro-level developmental plans at the lowest administrative unit level. In this State, for development planning, the lowest administrative unit is the 'Panchayat Union'. This time, for the benefit of date users of Village Directory and PCA data from the magnetic tapes/ floppies or from the published records, the computer code as well as the manual code as of 1991 Census and the corresponding location code of 1981 Census are given.

The District Census Handbooks are now being published in two parts - Part-A - Village and Town Directory and Part-B - Village and Townwise Primary Census Abstract. The two parts are being published in one volume as Part A & B.Part-A deals with a brief description of the district - its major characteristics in relation to the economic resources like forestry, agriculture, industries, social, cultural, religious and historical aspects apart from certain basic amenities like drinking water, education, medical, post and Telegraphs, market day(s), communications, etc; and if any of these facilities are not available to any village, distance range of the nearest place from where available power supply, approach to the village, nearest town to the village, health and family planning centres, primary health sub-centres and community health workers in the village. Information on approach to village is also provided to identify inaccessible villages in the district. These exhaustive data on infrastructure in relation to amenities available to the villages and land-use pattern are meant to meet the requirements of 'Micro-level' local area development planning at the lowest administrative unit viz., C.D. Block/Panchayat Union level. This is the reason why this time date are being published at C.D. Block/Panchayat Union level instead of the traditional taluk level.

In the Town Directory, information on class of town, area of the town, number of households, population and growth rate of the population of the town at each of the censuses from 1901 to 1991, sex-ratio at the 1971, 1981 and 1991 Censuses, physical aspects of rainfall and minimum and maximum temperatures recorded, distance from

State and District. Headquarters, nearest city, communication facilities like railway station, bus-route, inland navigation, Municipal finance, civic and other amenities like protected water supply, electric connections by type, fire fighting service, road length by type, system of sewerage, number of latrines by type, total population and Scheduled Caste and Scheduled Tribe population, medical, educational facilities by type recreational and cultural facilities like stadia, cinema, drama, community hall, public libraries and reading rooms, adult literacy classes/centres, working women's hostels, three important commodities manufactured, exported and imported; a special table on civic and other amenities available in all notified slums in Class-I and Class-II towns have been included with a view to ascertain the availability of basic amenities and to meet the Minimum Needs and Revised Minimum Needs Programme.

Part-B deals with the Primary Census Abstract for all the Villages in the rural areas and wardwise for urban areas. This time the PCA data like Village and Town Directory data are arranged by C.D. Block/Panchayat Unionwise giving area of the village (in hectares), area of town (in Sq.Km.), number of occupied residential houses, households, population by sex, Scheduled Caste and Scheduled Tribe population, literates, main workers and their distribution into nine industrial categories (as against the four industrial categories published in 1981), marginal workers, non-workers and the population in the age group 0-6 by sex.

Futher, if a village is covering more than one Panchayat, break up figures for each segment of the village forming different Panchayat also are given. It is hoped that with the modifications now brought out in the Village Directory, Town Directory and PCA and Publication of data at C.D. Block/Panchayat Unionwise would go a long way in helping the planners to chalk out more effective developmental programmes at micro-level for local area developmental plans as the C.D. Block/Panchayat Union is the lowest administrative unit for develop- mental planning.

In the process of collection of data of this volume, various State and Central Government Departments have extended their king co-operation particularly with regard to infra-structural amenities for Part-A - Village and Town Directory, history and general features of the district, etc. I convey my grateful thanks to all of them. The PCA data presented in Part-B of this volume were collected during the Census Operations in. February-March, 1991, the reference date being sunrise of 1st March, 1991.

I remain grateful to the Director of Census Operations Shri K.Sampath Kumar, who closely guided us in every aspect of this work. He had been a source of strength and inspiration for us. We owe a deep sense of gratitude to him for his kindness in dealing with our practical difficulties, his patient advice and formula of solutions for even small problems, which we brought to his attention.

I wish to record my deep sense of gratitude to (late) Shri M. Thangaraju, Joint Director of Census Operations and Shri Ch.Purnachandra Rao, Deputy Director of Census Operations for overall direction and guidance to bring out this publication. The use this opportunity to mention my special thanks to Shri. Gummodi Babuji Assistant Director of Census Operations for scrutinising the draft report and presenting the data with meticulous care and accuracy. I am also thankful to Shri S.P.Grover, Joint Director of Census Operations and Shri Phool Singh, Deputy Directory of Census Operations who have also provided overall guidance and supervision during their tenure in this regard.

Apart from that, Shri Gummodi Bapuji incharge of DCH Section took a meti - culous care to arrange this volume in a systematic manner with the help of his collegues Shri A.V.Raman, K.Sambamoorthy, Investigators P.G.Sankaran and M.Thangavelu, Statistical Assistants and other section officials. The preparation of maps included in this volume were done under the supervision of Shri Jogesh Das, Senior Cartographer.

In the compilation and processing of Village Directory and Town Directory data, I was ably assisted by Smt. R. Rani Bai and Smt. A.M. Mangayarkarasi, Investigators and their assistants respectively while Shri. A.R. Narayanan, Investigator is chiefly responsible for preparing the analytical notes, inset tables, draft write-ups and arrangements of the matter in order.

The PCA data for the district were processed at the Regional Tabulation Office, Tiruchirapalli, under the supervision of Shri. P. Ramaswamy, Regional Deputy Director of Census Operations, assisted by Smt. P. Susheela, R. Vaijayanthi, Shri. Ravi Bharathi, G.R. Mukundan, Statistical Assistants and Shri. K. Selladurai, Assistant Compiler who were deputed from this Directorate to the Regional Tabulation Office, Tiruchirappalli.

Finalisation of PCA data (Panchayat Unionwise) and providing computer codes for villages were attended to by Shri R. Lakshminarayanan and Smt. M.V. Rajalakshmi, Investigators and staff of the Census Section. The district and taluk maps in this publication give the administrative units upto village level, the location of towns and cities, communication facilities, etc. This time in the taluk map, the boundary of each of the C.D. Block units, namely, `Panchayat Unions' have been shown separately to synchronise with the presentation of data, Panchayat Unionwise.

I convey my grateful thanks to Shri A.R. Nanda, IAS. Registrar General and Census Commissioner, India for the valuable guidance and advice I received from him throughout. I am thankful to Shri N.Rama Rao, Deputy Registrar General (C & T) who has been a source of strength and constant help and guidance on all technical matters like a "Ready-Reckoner". I also thank Dr. K.P Ittaman, Ex-Deputy Registrar General (S.S.) and Shri M.M. Dua, Joint Directory, for planning, designing and co-ordinating the formats. I thank Shri M.K. Jain, Deputy Registrar General (S.S.) and Shri A.K. Singh, Deputy Directory, Shri N.S. Soam, Assistant Director and his staff for scrutin- ising and approving the first volume so that it could fit in, in the all India pattern from uniformity point of view in the presentation of data and other items. My thanks are also due to Dr. B.K. Roy, Ex-Deputy Registrar General (Map) and mrs. Minati Ghosh, Deputy Registrar General (Map) for providing technical guidance in the preparation of maps.

I has pleasure in acknowledging the able assistance rendered by the following officials of my office in the preparation of this volume.

ANALYTICAL NOTE

Census concepts

Rural and Urban areas

It is customary to classify a place as rural or urban in every Census and present data separately for rural and urban areas. Urban areas which are specifically defined for Census purposes are determined on the basis of certain demographic and economic criteria. The rest are treated as rural areas. At the 1991 Census, the same criteria adopted for determining the urban areas at the 1981 Census have been continued. The urban areas of 1991 census are:

(a) All places with a Municipality, Corporation or Cantonment board or Notified townarea, committee, etc.
(b) All other areas which satisfied the following criteria:
  (i) A minimum population of 5,000
  (ii) At least 75 per cent of male main workers engaged in non-agricultural and allied activities:
  (iii) A population density of at least 400 per sq. km. (or one thousand per squaremile)

The above definition adopted for both 1981 and 1991 Censuses varies slightly from those of 1961 and 1971 Censuses. In the 1961 and 1971 Censuses, the male population engaged in the activities of fishing, logging etc., were treated as engaged in non-agricultural pursuites and hence have been taken into account with those engaged in non-agricultural pursuits for applying the test of the 75 per cent non-agricultural workers criteria. But in the 1981 Census as well as in the 1991 Census, they have been treated on par with agricultural activities for applying the test for this criterion. Prior to the 1981 Census, certain places with less than 5,000 population were treated as urban areas on the basis of certain considerationlike density, social and historical importance etc., at the discretion of the Director of Census Operations in consultation with the State Government. On the other hand, the tests on demographic and economic criteria were strictly applied at the 1981 and 1991 Censuses and no area was classified as urban area on other considerations.

Urban Agglomeration

This concept was adopted for the first time in the 1971 Census and continued in the 1981 nd 1991 censuses also.

An Urban Agglomeration is a continuous urban spread constituting a city or town and its adjoining urban outgrowths (OG) or two or more physically contiguous towns together with continuous well recognised urban outgrowths, if any, of such towns. In certain cases, large housing colonies, University campuses, port areas, Military camps,etc., etc., would have come up around a city or town but falling out side the statutory limits of the city or town. They may be lying inside the boundaries of a village or villages which are contiguous to the city/town. These villages could not be treated as urban as they do not satisfy the urban criteria. But at the same time the colonies etc., mentioned above deserve to be treated as an integrated urban area. Therefore, all such owns together with their urban outgrowth will have to be treated as one urban unit and called urban Agglomeration. As no outgrowth (OG) as defined above, has been recognised in Tamil Nadu, all the constituent units of urban agglomerations are also independent urban units or towns in the State.

Census House

A Census house is a building or part of a building having a separate main entrance from the road or common courtyard or staircase etc., used or recognised as aseparate unit. It may be occupied or vacant. It may be used for residential or non-residential purposes or both.

Household

A household is a group of persons, who commonly live together and would take their meals from common kitchen, unless the exigencies of work prevented any of them from doing so. There may be a household of persons related by blood or a household of unrelated persons or having a mix of both. Examples of households with unrelated members are boarding houses, messes, hostels, residential hotels, rescue homes, jails, ashrams etc. These are called institutional Households.

Scheduled Castes / Scheduled Tribes

For the enumeration of Scheduled Castes and Scheduled Tribes in census, the names of Scheduled Castes and Scheduled Tribes as recognised in Tamil Nadu based on the Scheduled Castes and Scheduled Tribes Orders (Amendment) Act of 1976 (Central Act,108 of 1976) was followed. The enumerators were instructed to record a person as belonging to Scheduled Caste and Scheduled Tribe provided the name given by the person was found in the list supplied to them.

Literates

A literate is defined as "a person who can both read and write with understanding in any language". A person who could merely read but cannot write, is not a literate. It is not necessary

that a person, to be considered as a literate, must have received any formal education or have passed any minimum educational standard. In the 1991 Census, all children of the age of Six years or less are treated as illiterates whereasin the 1981 Census all children of the age of Four years or less were treated as illiterates.

Definition of work

Work may be defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work. It also includes unpaid work on farm or in family enterprise.

Main workers and Marginal workers

The dichotomy of worker and non-worker of 1961 and 1971 censuses had been dropped and the trichotomy of main worker, marginal worker and non-worker was introduced in the 1981 Census and this has been continued in the 1991 Census also. A worker was identified with reference to a reference period preceding the census. The reference period prescribed was one year preceding the date of enumeration. Certain types of work such as agriculture, household industries, like gur making etc. were carried on, either throughout the year or only during certain seasons or part of the year, depending on the local circumstances. In such cases what we were concerned with was the broad time spent during the agricultural season preceding the enumeration.Workers can be full-time workers or marginal workers. If a person had done any work during the reference period and if he had worked for the major part of the year, i.e., if he had worked for 183 days or more, he was considered to be a full-time worker (Main Worker). If a person had done any work during the reference period and if he had not worked for the major part of the year, i.e., if he had worked for less than 183 days, he was considered to be a marginal worker. Persons who had not participated in any economic activity even for a day during the last one year preceding the day of enumeration were considered as non-workers.

All the main workers had been classified under one of the four main categories in the 1981 Census, while in 1991 Census, they have been classified under one of the nine industrial categories as was done in 1971 Census. They are (I.) Cultivators (C), (II.) Agricultural Labourers (AL) (III.) Live Stock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities, (IV.) Mining and Quarrying, (V(a).) Manufacturing, Processing, Servicing and Repairs in Household Industry, (V(b).) Manufacturing, Processing, Servicing and Repairs in other than Household Industry, (VI.) Constructions, (VII.) Trade and Commerce, (VIII.) Transport, Storage and Communications, (IX.) Other Services. The definitions of these nine industrial categories of workers are as given below :

I. Cultivators (C)

For the purpose of census, a person is considered as Cultivator if he/she is engaged in cultivation of land, owned or taken on lease from Government or from private persons or institutions for payment in money, kind or share. Cultivation includes supervision or direction or cultivation.

II. Agricultural Labourer (AL)

A person who works on another person's land for wages in money, kind or share should be regarded as agricultural labourer. He/she has no risk in the cultivation, but he/she merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which he/she works.

III. Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities

Persons who were reported as workers in Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities are treated as workers under this category.

IV. Mining and Quarrying

Persons who were reported as workers in Mining and Quarrying are treated as workers under this category.

V(a). Manufacturing,Processing, Servicing and Repairs in Household industry

Household industry is defined as an Industry conducted by the head of the household himself / herself and/or by the members of the Household at home or within the village in case of rural areas and within the precincts of the house only in the case of
Urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The household industry should not be run on the scale of a registered factory which would qualify to be registered under the Indian Factories Act. Mere selling of food items or other edibles, should not be regarded as household industry.

V(b). Manufacturing, Processing, Servicing and Repairs in other than Household Industry

Persons reported as workers in household industry other than those mentioned in V(a) were treated as workers in this category.

VI. Constructions

Persons working as plumbers, masons, electricians, painters and others engaged in construction work were treated as workers under this category.

VII. Trade and Commerce

Persons engaged in work such as wholesale or retail business or trade were treated as workers in this category.

VIII. Transport, Storage and Communications

Persons who were reported as drivers, conductors, technicians, fitters, welders and other communications workers were treated as workers under this category.

IX. Other services

Persons engaged in services other than those mentioned in I to VIII categories fall under in any of the above I to VIII categories are treated as those engaged in other services.

Non-workers

All persons who have not been treated as workers i.e., persons who have not worked any time at all during the reference period of one year preceding the data of enumeration have been considered as non-workers. Thus, non-workers cover all persons who are engaged in unpaid household duties and who do no other work or have not done any work at all during the last one year, full time students and children attending school, all dependents such as infants or children not attending school or a person permanently disabled from work because of illness or old age, persons retired from service or rentiers, beggars, vagrants etc., convicts in jails or inmates of a penal, mental or charitable institution and all other non-workers not falling under any of the above categories.

History of the District Census Handbook

After the Census of 1951, the Government of India offered to handover to the State Government the Census tables and other data prepared during the Census and suggested that they might be published along with any other useful information relating to each district as separate volume. The State Government accepted the proposal and the first publication of the District Census Handbook was brought out at the cost of the State Government.

The District Census Handbook of 1951 was found to be very useful and it was therefore decided not only to continue the series for the 1961 Census but also to improve on its content so that each District Census Handbook contained certain basic economic data for the smallest administrative unit in the district and be an useful reference book for scholars and other data users.

After the 1971 Census also, the publication of the series of District Census Handbook was continued. The publication of the 1971 District Census Handbook was in three parts, viz., Part-A, Part-B and Part-C. Part-A relating to Village and Town Directory. Part-B relating to Village and Townwise Primary census Abstract and Part-C comprising District Census Tables and certain administrative statistical tables.

The tradition of bringing out the Census Handbook was continued by the State Government during the 1981 Census also. In this series some individual feature besides restructuring of the formats of the Village Directory had been adopted bearing in mind the requirements of data for the socio economic programmes of the Government. The comparability of data with the 1971 Census data had also been kept in view.

The present 1991 District Census Handbook will be published in two parts viz., Part-A - Village and Town Directory and Part-B - Village and Townwise Primary Census Abstract.

Scope of Village and Town Directory Statements and Primary Census Abstract

The District Census Handbooks are the only publications which incorporate the data down to the level of a village and level of a town which are constantly referred to by the data users.

The Village Directory Statements gives the list of villages by C.D.Block and for each village the area, No of households and population, availability of amenities and land use. The information on amenities available in the village includes educational, medical, drinking water, post and telegraph, market, rail/road or other communication facilities and power supply. Land use is shown as area under forests, irrigation, unirrigated land, culturable waste and area not available for cultivation.

Appendix - I gives C.D.Blockwise abstract of educational, medical and other amenities available

viz., the number of villages having various levels and types of educational institutions such as middle schools, adult literacy centers, etc., various types of medical institutions such as dispensaries, primary health centres, maternity and child welfare centres, family planning centres, community health workers etc. and the number of such institutions, various types of drinking water sources, such as tap, well, tank, tube well, river, fountain, canal, etc. post and telegraph offices, bus-stops, railway-station, power supply, etc. and also the number of villages not having such amenities.

Appendix - II gives for each non-municipal town (Census Towns) the area under forest, irrigated and unirrigated land, culturable waste (including gauchar and groves) and area not available for cultivation.

Appendix - III is only the list of villages where no amenities relating to education, medical, drinking water, post and telegraph, communication, power supply and market/hat and public health facilities etc. are available.

Appendix - IV gives the list of villages according to the proportion of SC/ST to the total population by ranges. Part-A of the Appendix gives the villages according to the proportion of SC population. The information is presented by the ranges viz. 0 - 5, 6 - 10, 11 - 15, 16 - 20, 21 - 30 and 31 + percent and above, and Part - B according to the proportion of ST population ranges viz. 0 - 5, 6 - 15, 16 - 25, 26 - 35, 36 - 50 and 51 + percent and above.

The Town Directory gives important and very useful information like civic and other amenities available in all the towns in the district, statutorily notified as well as non-municipal or census towns. The details relating to each of the towns have been presented in seven statements viz. Statements I to VI and IV - A. In all the statements except IV - A, the towns are arranged in the alphabetical order for the district. The Town Directory does not cover strictly military areas. It may, however, cover cantonment areas but not strictly military or military establishments within the cantonment which are required to be left out. However, basic statistics of the cantonment as a whole have been provided. In the Town Directory, codes have been given for the data on amenities and civic administration for want of space. The relevant explantaions for the codes adopted have been given in the beginning of the Town Directory Statements.

The concept of urban agglomeration was introduced for the first time in 1971 replacing the concept of town group' of 1961. The concept of Urban Agglomeration has been continued at the 1981 and 1991 censuses also. An Urban Agglomeration may be explained as follows: "It must form a continuous urban spread constituting a town and its adjoining urban outgrowth or two or more physically contiuguous towns together with continuous well recognised urban outgrowth, if any, of such towns".

Un Urban Agglomeration includes two or more independent census towns. The names of the Towns/Urban Agglomeration have been arranged in the alphabetical order. The particulars of the individual town which constitutes one of the units of
agglomeration have not been furnished separately because the particulars have already been furnished, where they occur together under the name of agglomeration. The following remarks have been given against such town within brackets: " (See the name of the main town of the agglomeration) "

By adoption of this method, the reader can get an idea of the particulars of the urban agglomeration in total and also separately.

Statement I : Status and Growth History

This statement provides some basic data based on the Primary Census Abstract for the towns and urban agglomerations of 1991 Census. For analysing the town directory data at the State level and All India levels some new columns have been introduced in the 1981 census. The new items are:- Class of town, area, number of households, population and growth rate at each census since 1901, density and sex ratio at the 1971, 1981, and 1991 censuses are also provided in this statement. At the 1991 census, a new item - the name of C.D.Block is also provided in the statement.

Class of the towns are presented according to the 1991 census population of the town as follows:

Population	Class
100,000 and above	I
50,000 to 99,999	II
20,000 to 49,999	III
10,000 to 19,999	IV
5,000 to 9,999	V
Below 5,000	VI

Location Code Number for Towns

To distinguish the town from the village, the Location Code Numbers for Towns have been given in Roman Numerals and these numbers have been assigned in a continuous order for the district as a whole. In the present 1991 Census, name of

C.D.Block has been included with a view to locate the town in the appropriate C.D.Block.

Statement II: Physical aspects and Location of Towns, 1989

Under physical aspects, annual rainfall and temperature particulars are furnished. These particulars were obtained from the Commissioner of statistics, Tamil Nadu, Madras. If the information is not available for any particular town, the nearest town for which it is available is given. For Col.(9), nearest city with population of one lakh and more is furnished according to 1991 census. For the other columns, figures obtained from the Minicpal Commissioner and Panchayat Union Commissioners are given. The zero within brackets in columns, 10 and 11 denotes that the referrent town itself is enjoying road transport facilities. In column 12, name of the navigable river/canal and its distance is indicated as follows: "Cauvery (R) -5". In this case, 5 is the distance in kms., of the navigable river Cauvery from the referrent town. In brackets `R' for river and `C' for canal have been given.

Statement III : Municipal Finance, 1988-89

The civic administration status of the town, the receipt through tax, properties and powers, Government grants, loans, advances and other sources and the expenditure on general administration, public safety, public health, public works, public institutions and other public services are given in this statement. The sources of the receipts and expenditure are furnished in terms of rupees in hundreds.

Statement IV: Civic and other amenities, 1989

The civic and other amenities existing in the towns as in the town 1989 are given. The data were obtained from the Municipal Commissioners and Panchayat Union Commissioners of the concerned towns.

Column - 3: Civic administrative status

It is also a new column introduced in 1981 to facilitate analysis during the 1981 Census

Column - 4: Population

It is also a new column introduced in 981 to measure the amenities in respect of population.

Column- 5: Scheduled Caste and Scheduled Tribe population

It is introduced to know the size of the population of the weaker sections of the community in the towns based on 1991 census population data. In this statement, information on road length, system of sewerage, number of latrines, method of disposal of night soil, protected water supply (source of supply, system of storage with capacity) and fire fighting service are also collected from the Municipal Commissioners and Panchayat Union Commissioners.

Electrification

In this column (col - 15, col- 19) electrification particulars were obtained from the Tamil Nadu Electricity Board through the Municipal Commissioners and Panchayat Union commissioners. The details are furnished below:

i) Domestic connections

This refers to the number of services given to house for domestic purposes like fans, lighting, etc.

ii) Industrial connections

This refers to the number of services effected to L.T. (Low Tension) Industries such as workshop, flour mills, oil mills, grinding machines, cotton ginning and engineering industries etc.

iii) Commercial connections

This refers to the service given to shops, business houses, public institutions like offices, schools and commercial establishments.

iv) Road lighting points

This refers to the number of points of street lights which are maintained by the board and for which consumption charges are paid to the board by respective local bodies. For some panchayats, the number of services effected alone has been furnished under street lights and not the points.

v) Other connections

This refers to the number of services effected for agricultural purposes, huts, public water supply systems, cottage industries etc.

Statement IV-A: Civic and other amenities, notified slums, 1989

This is a new statement on civic and other amenities in the notified or recognised slums of Class I and II towns introduced during 1981 census. Generally in cities or towns having slums, the local authority such as Municipality or Municipal Corporation or even the Development Authority notified the recognised slums. Such notifications are

linked up with the availability of funds from the Statement Government for slum clearance.

Name of the slum and the details of the area, population, length of the paved roads, system of sewerage, number of different types of latrines and method of disposal of night soil etc. are given in this statement.

Statement V: Medical, Educational, Recreational and Cultural facilities, 1989

In this statement, medical, educational, recreational and cultural facilities of the towns as in 1989 are furnished. The data for educational and medical facilities were obtained from the Municipal Commissioners and Panchayat Union Commissioners for the concerned towns, and from the Director of Secondary Education and Director of Public Health respectively. In medical facilities columns, the number of Hospitals/Dispensaries T.B. clinics etc, and number of beds in medical institutions etc. are furnished.

Under educational facilities columns, the number of Arts/Science/Commerce collages. Medical colleges, Engineering colleges and Polytechnics were obtained from the State Education Departments are furnished.

Column 10: Recognised shorthand, typewriting and other vocational training institutions

Particulars were obtained from the District Industries Officers and Directorate of Employment and Training. The term, recognised refers to institutes recognised by some statutory authority like Education Department, Commerce Department, Labour Department etc. of the Government or by Semi-Government or autonomous bodies, public sector project etc.

Column 16: Number of working women's hostel with number of seats

This is a new column introduced during the 1981 census. Consequent on the increase in the employment of women in urban areas the housing need of working women has been considered as an important subject for study.

Cinema in column 18 refer only to the permanent cinema theaters and do not include the touring cinema.

Column 19: Community Halls have been added in this column as they are fast becoming a common feature of the urban land scope.

Statement VI: Trade, Commerce, Industry and Banking in 1989

In this statement, Trade, Commerce, Industry and Banking facilities in the town as in 1989 are furnished. Banking particulars were obtained from the Reserve Bank of India. The information on number of agricultural and non-agricultural credit societies were collected from the Registrar of Co-operative Societies through the Municipal Commissioners and Panchayat Union Commissioners of the concerned towns.

Scope of Primary Census Abstract

The Primary Census Abstract as it is called, presents basic data for each village or segment of a village (in cases where such village segments form different panchayats) in the "Villagewise Primary Census Abstract" and for each ward/division of a town in the "Urban Primary Census Abstract". The format of the Primary Census Abstract for the villages and towns in 1991 has been slightly modified as compared to the 1981 Primary Census Abstract.

The Primary Census Abstract gives the details on area, number of occupied residential houses, number of households, total population, population in the age-group 0-6, SC/ST population, literates, total main workers, distribution of main workers by nine industrrial categories, marginal workers and non-workers in respect of each unit with male, female breakup. In 1981, the main workers were classified in to four categories whereas in the 1991 Census they are classified into nine industrial categories as in 1961 and 1971 censuses. For the first time in this Census, the population in the age group 0-6 with sex breakup presented in PCA in order to arrive at the effective literacy rate, after excluding such persons as all the persons below seven years are treated as illiterat in this census. The urban/village Primary Census Abstract gives this information for each village and each urban ward. Till 1981 Census, the Primary Census Abstract was presented for each taluk and for each town in a district. But, in the 1991 cenuss, the Primary Census Abstract for each CD Block is presented for the first time in the Indian Census. Besides these, separate Primary Census Abstract for Scheduled Castes and Scheduled Tribes which contain similar details as those in the PCA for general population are presented for District/ CommunityDevelopmentBlock/UA/City/Town.

With a view to enable data users to derive the figures for Panchayat the data are presented for segments of villages also. Wherever such segments constitute different Panchayat, the segment wis data have to be used separately or added with t' data of some other segment so as to deri

panchayat data. For example a revenue village bearing L.C.No 9 constitute two different panchayats, the figures are given separately for each portion of the village constituting the panchayats against L.C.No 9 a/b and 9 b/b. The total figures for the entire revenue village can be arrived at by adding the figures given against both the segments viz. 9 a/b and 9 b/b. If, instead, the panchayat figures are required, the data for the concerned village segment or segments relating to the panchayats concerned are to be addedup to arrive at the total figures for the respective panchayats. An appendix presented in the case of the Urban Primary Census Abstract and it gives 1991 population, Scheduled Castes and Scheduled Tribes population for each enumerator block of the town. This may be useful for administrative purposes and such data are also required by urban planners and researchers for conducting special studies in selected blocks.

Mode of presentation

At the beginning, the District Primary Census Abstract containing data for District and C.D.Blocks (for Total, Rural Urban areas) as also towns under each C.D.Block and at the end all the towns/U.As in the district are presented. In 1991 Census, the C.D.Blocks is the main unit of presentation of data instead of taluk which was the main unit till 1981 Census. The District PCA is followed by alpheaetical list of villages for each C.D.Block in the district. This is followed by Village/Urban PCA. In the Village/Urban PCA, data for the first C.D.Block for total, rural and urban areas separately, followed by data for villages and census towns falling under each C.D.Block are presented. Thereafter, similar data for second, third and subsequent C.D.Blocks in the district are presented. At the end of the last C.D.Block, the Urban PCA containing data at ward level for all the towns and cities besides the data for UAs are presented. In an appendix to the Urban blockwise PCA, the population and Scheduled Castes, Scheduled Tribes figures for each Enumerator's Block of every town/city in the district are given. After the appendix to Urban PCA, the Talukwise PCA containing data for the District and each taluk in the district with Total, Rural and Urban breakup is presented, as such data are also sought after. This is followed by two annexures. Annexure-I contains Details of Community Development Blocks falling under each taluk and Annexure-II contains names of the villages/segment of villages constituting each town in the district.

Maps

Apart from the District Map given as frontispiece, maps for each taluks showing the villages their 1991 Location Code numbers and their boundaries are presented. The boundaries of the C.D.Blocks falling in the taluks are also shown. As compared with the maps presented in 1971 and 1981 District Census Handbook, some improvements have been effected in the maps presented in this volume. All towns are shown in the district and taluk maps with shading screens and also spheres according to the population size of towns.

Area figures

In the District Primary Census Abstract, the area figures are given in square kilometers for total, rural and urban areas. In the villagewise Primary Census Abstract the area figures for each revenue village are given in hectares upto two decimals. The area figues for each town is given in Sq.Km in the Urban Primary Census Abstract. In the District Primary Census Abstract the area figures of the district total represent the "Geographical Area" figures supplied by the Surveyor General of India. Figures for urban areas and villages are those supplied by the local bodies and revenue authorities. respectively. The total of the urban (area) of a district has been arrived at by adding the urban area figures of each town within the district. Area figures for the rural areas of the district are derived by subtracting the urban area figures from the total area of the district. The area figures of each C.D.Block represent the area figures that are published in the concerned departmental publication of the State Government. The area figures of the C.D.Blocks will not add up to the district area figures because, the C.D.Block area figures represent the "Land use" area, while those of the district represent "Geographical Area", supplied by the Surveyor General of India. The total of the village areas given in the Village/Urban Primary Census Abstract may not tally with the rural area of the C.D.Block given, as the C.D.Block area figures include hills, forests, rivers etc.whereas the village area may not include the same.

One sq.km consist of 100 heatares.

It is hoped that the pattern of presentation of basic census particulars for each district as explained above and adopted in this volume would be found convenient by data users.

Part A & B

Brief analysis of the Village and Town Directory Data based on Inset Tables.

A brief analysis relating to certain vital population characteristics is made utilising the information Collected in the Village and Town Directory. A number of tables have been designed for this purpose. The tables are generated at the District/Community Development block level for the rural areas and in regard to urban areas, townwise particulars are presented.

HISTORY OF THE DISTRICT

In the days of yore the present Pasumpon Muthuramalinga Thevar District was formed a part of the traditional Marava country. The Maravas who are found in large numbers in this area seem to have been an indigenous tribe. The numerous references in the legendary "Puranannooru" and "Silapathikaram" exhorts about the mighty Maravas. The history of the district is also closely linked to Pandya kingdom. `Megasthenes' a great historian mentions some special features about the administration of Pandya kingdom in the south and this proves that Pandyas ruled over the southern peninsula during the period of Asoka (273 B.C.) Arthasastra of Kautilya and Mahavamsa the Ceylonese chronicle also mentions of the Pandyas. But the historianic main stay for the Pandya history in the Sangam works (Silapathikaram) which are generally attributed to the period 100 AD-250 AD. `Mudukkudumudi'- was the earliest mentioned king in the sangam works. He was succeeded by Nedunchezhian, a great warrior who defeated Cheras and Cholas and expanded the Pandya territory. "Kalappiarars" invaded this territory during the reign of Ugrapandya. Kodungon, a Pandya king drove away the Kalabharars during the end of Sixth century and Pandyas were able to rise under his leadership. The three centuries that followed the Pandya restoration have been called the Age of first Empire. A coherent cronological list for the period starting from the end of Kalabhara rule to 920 AD was as follows;

1.	Kodungon	590-620 AD
2.	Maravarman Avanisulamuthu	620-645 AD
3.	Sendan (Jayantavarman)	645-670 AD
4.	Arikesari Parankusa Maravarman	670-700 AD
5.	Koccadaiyar	700-730 AD
6.	Maravarman Rajasimhan I	730-765 AD
7.	Jahila Parantaka Nedunyadyar	765-815 AD
8.	Srimara Srivallaba	815-862 AD
9.	Varaguna Varma	862-880 AD
10.	Parantakaviranarayan	880-900 AD
11.	Maravarman Rajasimhan II	900-920 AD

The kingdom of Ramnad originally comprised the territories of `Ramnad, Sivaganga and Pudukkottai of to-day. Regunatha Sethupathy alias Kilavan Sethupathy, the 7th King of Ramnad reigned between 1674 and 1710. He came to know about the bravery and valour or Peria Odaya Thevar of Nalukottai near Sivaganga and assigned him a portion of land sufficient to maintain 100 armed men. Vijaya Regunatha Sethupathy became the 8th King of Ramnad in 1710 after the death of Kilavan Sethupathy. He strengthened the relation with Peria Odaya Thevar by giving his daughter in marriage to Sasivarma Thevar, son of Nalukottai Thevar. He placed his son-in-law incharge of the fortress of Piranmalai, Tirupathur, Sholapuram and Tiruppuvanam as well as harbour of Tondi. Bhavani Sankaran, the son of Kilavan Sethupathy conquerred Ramnad territory by arresting Sundareswara Regunatha Sethupathy, the 9th King ruled this territory from 1726 to 1729. He had quarreled with Sasivarma Peria Odaya Thevar of Nalukottai and drove him out of his territory. Sasivarma Thevar got `Manthra Upadesam' from a saint named Sattappiah in Kalayarkoil jungles. As per his advise he went to Thanjavur and killed a ferrocious tiger which was kept by the Rajah especially to test the bravery of men. There he met Kattaya Thevar, the brother of the late Sundareswara Ramanatha Sethupathy who was also fled from Ramnad to take refugee with the king Tulaji of Thanjavur. The Rajah of Thanjavur satisfied with the good behaviour of Kattaya Thevar and Sasivarma Thevar and helped them with his army to overpower Bhavani Sankaran. Then he became the 11th King of Ramnad. Kattaya Thevar divided Ramnad into five parts. While retaining three parts for himself, he granted the two parts to Sasivarma Thevar of Nallukottai confering on him the title of "Rajah Muthu Vijaya Ragunatha Periya Odaya Thevar". During the year 1750, after the death of Sasivarma Odaya Thevar his only son Muthuvaduga-natha Periya Odaya Thevar succeeded him. He was the second Rajah of Sivaganga. His wife Rani Velu Nachiar acted as a friend, philospher and guide to him. Tandavaraya Pillai was his able minister. Rajah granted commercial facilities to the Dutch only after the English rejected a similar offer. Joseph Smith and Beyour, the two British chieftains invaded Sivaganga in the year 1772. Only after a stiff resistance by the army of Rajah of Sivaganga, they captured entire Sivaganga. Muthuvaduganatha Odayar died along with his many followers. The heroic activities shown by the Queen Velu Nachiar during this battle was praised by every one. She along with her daughter Vellachi Nachiyar and Tandavarayar Pillai fled to Virupakshi

in Dindigul. Later they were joined by the two able Servaikaran, Vellai Marudhu and Chinna Marudhu. They lived under the protection of Hyder Ali. The Nawab ordered that Velu Nachiar and Marudhu brothers were permitted to return to Sivaganga and rule the country subject to payment of kist to the Nawab.

During the year 1772 Rani Velu Nachiyar entered Sivaganga and started ruling, by appointing Chinnamarudu, the younger brother as her minister and Vellai Marudhu, his elder brother as commander in chief. In the year 1780 Rani Velu Nachiar granted power to Marudhu brothers to administer the country.

Marudhu brothers are sons of Udayar Servai alias Mookiah Palaniappan and Anandaya alias Ponnathal. They do not belong neither to the family of the ancient Poligars nor to their division of the caste. Servaikaran was the caste title and Marudhu the family name. Though at first Marudhu brothers served under Muthu Vaduganatha Thevar, later they were elevated to the position of commander. They were very famous in using a peculiar weapon-Boomerangs (Valari stick in Tamil) and they used it in the POLIGAR wars against the English. The Marudhu brothers with a large army of 12,000 men surrounded Sivaganga and plundered the Nawabs territories. In the year 1789, the British troops on the request of the Nawab, attacked Kollangudi but was defeated by Marudhu troops. Marudhu brothers were in close association with Veerapandiya Kattabomman of Panchalankurichi, a famous warrior who opposed British rule. After the execution of Kattabomman in 1799 at Kayattar, Chinna- marudhu gave asylum to Kattabomman's brother Oomadurai and also issued a epoch-making Jumboo Dweepa proclamation to the people in the island of Jamboo peninsular South India to fight against the English. But at last the Marudhupandiyars fell a victim to the cause of liberating the motherland from the English supremacy. Marudhupandiar the popular leader of the rebles together with his gallant brother, Vellaimarudhu were executed on the ruins of fort at Tiruppathur on 24.10.1801. They showed their determination and spirit at the outset of the final struggle of 1801 by setting fire to their handsome village Siruvayal to prevent its being used by the English forces. Marudhu brothers were great warriors of their period and also good administrators. During the period from 1783-1801 they have worked for the welfare of the people and made Sivagangai Seemai very fertile. They constructed and also renovated many temples, the master piece being the tall Rajagopuram of Kalayarkoil. They also constructed many Uranis and Tanks. Though British controlled this territory from the period after Marudhu brothers, the heirs of Sivaganga Rajah were allowed to have limited power to rule their territory as zamin land. Even to-day Selvi Maduranthai Nachiayar is the legal heir of Sivaganga who controls the Sivagangai Devasthanam lands and temples. By trifurcating the erstwhile Ramanathapuram district in March 1985 two of the newly formed districts were named after the great leaders and freedom fighters, viz. Kamarajar with head quarters at Virudhunagar and Pasumpon Muthuramalingam with head quarters at Sivaganga. It will be appropriate to mention a few words about the great personality after whom the district is named. Born on October 30, 1908 Sri Muthuramalinga Thevar was the only child to his parents Sri Ugrapandi Thevar and Smt. Indrani Ammal. Part of Thavasikurichy village known as Pasumpon Panchayat in Kamudhi taluk was his birth place and hence he came to be known as "Pasumpon" Muthuramalinga Thevar. His mother expired when he was a six month old baby and he was looked after by a Muslim family. Due to some family problems, he could not complete his matriculation and dedicated himself for social service. In the young age of 20 he entered in politics. In the year 1937 he had won from Ramanathapuram Assembly constituency and again in 1946 he became an MLA without anyone opposing him in the election. In the parliament elections, in the years 1952 and 1957 he was elected to parliament from both Aruppukkottai and Mudukulathur Constituencies. In the year 1962 also he was elected to parliament from Aruppukkottai constituency. In all the above elections he never went to the constituencies for canvassing. Such was the magnitude of his popularity among the public. In the political Arena, Pasumpon Muthuramalinga Thevar worked in very close liason with great National Leaders like, Gandhiji, Rajaji, Subash Chandrabose, Jayaprakash Narayanan, V.O.Chidambaram Pillai, Muthuswamy Iyer, K.Kamaraj, V.V.Giri, N.G.Ranga, Ananthasayanam Iyengar and such others. Pasumpon Muthuramalinga Thevar was not only a freedom fighter and political leader but also a religious master and philosopher. He visited Burma and was reveredly welcomed wherever he went. He lived a spiritulistic life and was a bachelor through out. He had lived only for 55 years. But he had spent 1/5th of his life span in various jails fighting against the British

Rule and after Independence fighting for justice to the downtrodden people. It is appropirate and apt to name a district in honour of this great son of India, Pasumpon Muthuramalinga Thevar.

2. JURISDICATIONAL CHANGES

Pasumpon Muthuramalinga Thevar District was within the composite district of Ramanathapuram. This district along with present Kamarajar and Ramanathapuram districts formed the entire Ramanathapuram district. The trifurcation was ordered by G.O.M.S.No.347 dated 8.3.85 and this district was named as Pasumpon Muthuramalingam District with Sivaganga as its head quarter. Devakottai, Tirupattur, Karaikudi, Sivaganga, Manamadurai and Ilayangudi taluks formed part of this new district. Only one village i.e. Emaneswaram village in Ilayankudi taluk got transferred to Paramakudi taluk of Ramanathapuram District. vide G.O.M.S.No.393 Rev. dated 15.3.1985. The name of the district was changed into Pasumpon Thevar Thirumagan District vide G.O.Ms.No.488 dated 5.4.89 and finally further changed as "Pasumpon Muthuramalinga Thevar District vide G.O.Ms.No:1044 dated 18.7.91. Ilayangudi taluk was upgraded as a full fledged taluk vide G.O.Ms.No.157 dated 13.7.91. There are 3 revenue divisions, 37 revenue firkas, 497 revenue villages and 236 Hamlets in this district. There are 12 Development Blocks, 437 village Panchayats, 12 Town Panchayats and 3 Municipalities in this district.

This district has five assembly constituencies. Tiruppattur, Karaikudi, Ilayankudi and Sivaganga assembly constituencies form part of Sivaganga parliament constituency where as Manamadurai a reserved assembly constituency for Scheduled castes form part of Ramanathapuram Parliament constituency.

3. PHYSICAL ASPECTS

Pasumpon Muthuramalinga Thevar District is located between 9'.43' and 10'.22 North lattitude and 77'.47' and 78`49 east longitudes. It covers an area of 4873.64 sq.kms. It is bounded by Pudukkottai on the north, Madurai on the West and Ramanathapuram on the west and south. There is no coastal line in this district. A dry district which has no important river except Vaigai which supplies water to only about 100 tanks. This district has red soil region and also Karisal soil. The familiar landscape is of palm and acacias. Most part of the famous Chettinad lies in this district. Old palatial buildings could be found in almost all the places in the district.

4. FOREST

Pasumpon Muthuramalinga Thevar District has lesser area covered by forest. As per data available for the year 1990-91, the area coming under forests account to 21,667 hectares which forms about 5.4 percent of the total area of the district. Cashew, fuel, Eucalyptus and other timber trees are the chief products.

The below table shows quantity and value of the forest products during the year 1990-91.

Name of the Product	Quanitity (Tonnes)	Value Rs.
1. Timber	521.00	169,641
2. Fuel wood	599.50	891,476
3. Eucalyptus	-	12,784
4. Grasing	-	62,540
5. Cashew	4817.00	3,539,767
6. Other (Palmyrah leaves)	-	31,100

5. HILLS

A Hillock in Piranmalai in Tiruppattur and a small hillock in Karaikudi are the hills in the district worth mentioning.

6. SOIL

Large portions of Tiruppattur and Sivaganga taluks especially the sedimentary rock area are covered by a capping of hard red laterite. This is a poor soil and not suitable for cultivation. One could find the large tracts of thorny jungles. The plains available in parts of Sivaganga are drained by tanks.

There is a proposal to start a red soil research station in Arasanoor where the soil has the laterite mineral component, for making the best utilisation of improving productivity near Sivaganga.

The research station is expected to serve the farmers in Sivaganga, Karaikudi and Devakottai as Arasanoor is only 15 kms from Sivaganga.

It is estimated that nearly one lakh hectares of poramboke land was there in the area where there was a need for research and technological development. Already in certain areas, some farmers were raising cashewnut and fruit crops.

There is a proposal to find out the feasibility for developing horticultural and agricultural crops in the area.

7. MINERALS AND MINING

This district has no major mining activity. The following are the minerals available in the district.1. Yellow Ochre 2. Graphite 3. Laterite 4. Limestone.

In the year 1990-91, 122-565 tonnes of yellow Ochre to the value of Rs.14,710 was produced.

The production and value of Minor minerals for the year 1990-91 is detailed below:

Name of the mineral	Quantity (Tonnes)	Value Rs.
1. Sand	2,94,250	65,38,900.00
2. Clay	28,035	1,40,250.00
3. Gravel	12,155	1,62,060.00
4. Stones	2400	52,500.00

8. RIVERS

Vaigai is the only perenial river in the district. The other small rivers are Oppuodai, Manimuthar and Thennar.

9. ELECTRICITY AND POWER

There is no Thermal or Hydro electric power generation in this district. However all the villages have been electrified. About 80 tubes wells and 2212 pumpsets have been energised upto 1990-91. Free electricity is provided to the farmers for agricultural purposes. Slums are provided with one light in their houses at free of cost.

The following were the type of electricity consumption during 1990-91 by different categories according to the district statistical abstract.

Sl. No.	Category	Total (in unit)
1.	Domestic (light and power)	31,069,805
2.	Commercial (light and power)	8,343,656
3.	Industrial (Receiving supply at) or medium voltage i.e. upto 650 volts.)	14,999,475
4.	Industrial (Receiving supply at high and extra high voltage i.e. above 650 volts)	354,152,972
5.	Public lighting	3,168,927
6.	Public waterworks and sewerage pumping	2,982,254
7.	Organised Education institution and temples	1,218,388
	Total	415,935,4 77

There are 6 sub-stations in this district.

10. LAND AND LAND USE PATTERN:

The total geographical area according to village papers is 4086 sq.kms or 404,526 hectares for the year 1990-91. The following statement shows the distribution of land use pattern.

Land use	Area in hectares	Percentage of Area under	
		Tamil Nadu	P.M.T.District
1. Forest	21,667	5.4	16.6
2. Barren and cultivable land	4,024	1.0	3.9
3. Land put to non Agricultural use	109,384	27.0	14.1
4. Cultivable waste	18,609	4.6	2.2
5. Permanent pastures and other grasing lands	1,264	0.3	0.9
6. Land under miscellaneous tree crops and Groves not included in net area sown.	6,578	1.6	1.8
7. Current fallow	17,704	4.4	9.6
8. Others/fallow lands	95,594	23.6	8.0
9. Net Area sown	129,697	32.1	42.9

While analysing the above data it reveals that total cropped area is far below the state as a whole. Fallow lands and land put to non-agricultural uses contribute more than 50% of the total land use.

The following extracts from an article appeared in "The Hindu " would enlighten the reader more about the wasteland management in an anvil in the district.

Pasumpon Muthuramalinga Thevar (PMT) District continues to be drought - prone even after having become a separate entity, carved out of the drought-striken Ramanathapuram District in 1985, though the aim of bifurcation was to give the PMT and Kamarajar Districts their due share in developmental activities. It is generally believed that non-availability of adequate and regular supply of water is the main constraint of this region and as such the district will have to rely mostly on dry farming . Oil seeds, chillies, maize and to a lesser extent paddy are the chief crops of the region. The major thrust, therefore, should be development of agro-based as well as small processing industries to provide employment to its large idle manpower.

In order to meet the future food demands, there is a need to protect crop land both from soil erosion and from conversion into non-farm uses.

Though efforts to protect the crop land base are not undertaken properly, steps are now on to convert vast stretches of waste land in Pasumpon Muthuramalinga Thevar District into a bedrock for agro-based industries. The fact that waste land could be better utilised for productive purposes has been amply proved by a few farming companies which have already purchased thousands of acres of land. They have proved that fallow land can also be converted into promising plantations. Orchards have come up at places like Sembanoor, Alloor, Cholavandan and Manamadurai in this district.

Huge investment coupled with latest technology has transformed wastelands into promising tamarind, Cashew and mango plantations. Untapped groundwater potential is available in the district. The PMT District spreads a little over four lakh hectares of land and of this, 1.24 lakh hectares are under crop cultivation and 16.570 hectares under forest. The total wasteland available in the district as per official records is 1.29 lakh hectres. The young men could be trained in latest technology in agriculture and horticulture. The scheme when it materialises, would not only provide jobs but also open up new vistas in the development of the district. Another venture to make the entire Pasumpon Muthuramalinga Thevar District a "green district". In the 2-C patta scheme by which the pattadars have the enjoyment right over in the use of trees like tamarind, mango, etc. Generally, 2-C pattas are issued to the rural poor for matured trees available in the poramboke lands. For the first time in the entire Tamil Nadu 2-C pattas been issued for the tamarind trees raised along the road avenue and poramboke, under SIDA (Swedish International Development Agency) on account of the consistent efforts taken by the Social Forestry wing of the Sivaganga division. Forest department officials claim that the programme will be extended to the entire road avenue and poramboke plantation raised by the Social Forestry wing will benefit about 50,000 villages.

Though the land in the district is fallow in most parts, a recent study conducted by the Government showed a surprising groundwater potentially. In view of the availability of groundwater in abundance the whole district is declared as "White Area" by the Groundwater division of PWD. The total groundwater available in the district is estimated at 1.01 lakh hectare metres. Out of this, the district has utilised only 8,516 hectare-metres. It is possible to make use of the groundwater reserve by drilling deep bore wells. The "Sambayuthu" a naturallity spring available near Karaikudi, is a classical example of availability of groundwater in the district. A rare tree, Kadambavanam, has come up in isolated places in the district like Thyamangalam, Sundaikadu, Melamhanam and Kunnathampatti. These trees are able to absorb moisture and retain it. The Forest department is exploring the possibilities of multiplying this particular variety throughout the district. Cashew is yet another economically important species and is highly suitable for the district. Considering the various factors including vast stretches of fallow lands, the cashew species will be another strain for quality improvement.

11. AGRICULTURE

Pasumpon Muthuramalinga Thevar District is deficient in rainfall. Most of the cultivation is carried by the irrigation from Tanks and wells as there are no perennial rivers providing water supply. Though a dry district, thanks to the Five Year Plan, Agriculture is extensively carried out nowadays.

The area cultivated under different crops is detailed below for the year 1990-91.

Food Crops

1. Cereals	(in hectares)
Paddy	89343
Jowar	477
Bajra	77
Ragi	2376
Varagu	248
Samai	3
Kudiraival	169
Total Cereals	**92693**

2. Pulses

House gram	172
Red gram	404
Green gram	157
Black gram	681
Motchai	20
Other pulses	608
Total Pulses	**2042**
Total Food Grains	**94735**

3. Condiments And Spices

Chillies	2689
Coriander	76
Tamarind	176
Total Condiments and spices	**2941**

4. Sugar Crops

Sugar Cane	5845
Palmgrah	7
Total Sugar Crops	**5852**

5. Fruits and Vegetables

Banana	502
Mango	380
Jack	24
Other Fruits	35
Cashew Nut	4709
Vegetables	142
Total Fruits and Vegetables	**5792**
Total Food Crops	**1,09,320**

Non-Food Crops

1. Oil Seeds

Ground nut	13849
Coconut	3682
Gingili	564
Sunflower	1
Total Oil Seeds	**18096**

2. Fibres (Cotton)	516
3. Drugs & Narcotics (Betel leaves)	78
4. Fodder	916
5. Eucalyptus	839
6. Other non-food crop	65
Total Non-Food Crops	**20510**

Total Food Crops And Non Food Crops	1,29,830
Area cropped more than once	133
Net cropped area	1,29,697

(Source: Season and crop report 90-91 by Director of Statistics, Tamil Nadu)

More than 80% area is under food crops to total area sown. Paddy is the most important food crop of the district and more than 70% of total cropped area is paddy. Jowar and Ragi are the other important cereals in the district, Chillies, Sugarcane and Cashewnut are the other important food crops of the district. Among oil seeds Ground nut is the most important crop in the district followed by coconut.

As is evident from Agro, statistics published by the Directorate of Agriculture Tamil Nadu, the area, production and productivity of principal crops during 1989-90 is detailed below:

Crops	Area in Lakh hectares	Production in L.M.T	Productivity Kgs./ha
1. Paddy	0.90	1.64	1811
2. Cholam	0.01	0.01	1184
3. Ragi	0.03	0.03	2267
4. Cumbu	0.02	0.02	1410
5. Red gram	0.006	0.004	599
6. Black gram	0.004	0.002	426
7. Green gram	0.001	-	418
8. Horse gram	0.002	0.001	318
9. Other pulses	0.008	0.001	125
10. Sugar cane	0.0043	4.592 (Cane)	107 (Cane)
		0.492 (Gur)	1.5 (Gur)

It may be noted that either production or productivity have any significant contribution to the districts share of agricultural production.

The provision of liberal credit facilities provided to the farmers help to carryout agricultural activities in the modern way. One central co-operative Bank and 123 primary agricultural credit societies assists the farmers. There are 6 Land Development Banks which provide loan for the purchase of farm machinery and installing tube-wells, digging of wells, etc.

The cultivators now a days cultivate high yielding varieties of crops and also utilise fertilisers and pesticides.

There are 361 sale points for chemicals and fertilisers, 146 in the Co-operative sector, 3 in Agro sector and 212 in the private sector. The area covered under plant protection / pestcontrol was 1.772 L.Ha Disease control was 0.865 L.Ha and seed treatment was 1.028 L.Ha. 141 M.T of Dust and 12991 litres of liquid was also supplied for plant protection. There are 129 retail outlets for plant protection chemicals, 14 in the co-op. side, 98 in the private side, 1 in agro side and 16 in the AEC side.

There are 11 main and 5 sub-agricultural extension centres in this district.

Under the 'SIDA' (Sweedish International Development Agency) aided programme for developing agro industry in dry lands, an amount of 0.441 lakhs was spent on farm trials and tree cultivation incentive programme activities under this scheme. Tree, fruit sapplings and Mango crafts are supplied at a subsidised cost of Rs.0.56, Rs.5/- and Rs.15/- per seedlings respectively.

12. IRRIGATION

In the absence of perennial rivers most of the irrigation is carried out by using Tanks and Wells. The following figures reveal the sources of water supply and area irrigated from them.

Source	No.	Area irrigated (in hectares)
Canal	19	-
Tube wells	73	280
Wells	18836	13386
Tanks	4583	9286
All sources	-	82952

Of the 4583 Tanks, 129 are Vaigai river fed Tanks, 123 receive water by Periyar extension and 348 are rainfed tanks. Remaining are minor irrigation tanks. More than 60% of the area are irrigated to net area sown.

13. ANIMAL HUSBANDRY

The live stock population of the district for 1990-91 is as detailed below:

1. Cattle

(i)	Males over 3 years	94,604
(ii)	Females over 3 years	71,048
(iii)	Young stock	73,376
	Total	**239,028**

2. Buffaloes

(i)	Males over 3 years	6,176
(ii)	Females over 3 years	19,346
(iii)	Young stock	19,856
	Total	**45,378**

3.	Sheep	343,011
4.	Goats	89,578
5.	Horses & ponies	1,453
6.	Pigs	3,927
7.	Other live stock	73,798
	Total Live stock	**806,173**

Due to the absence of grazing lands the livestock population is very less.

The Joint Director of Animal Husbandary controls one veterinary hospital at Sivaganga and Veterinary Dispensaries at 18 places. There are 33 Veterinary doctors. The total cases treated during the year 1990-91 was 201,164 and 12,608 castrations have also been performed.

There are 145 milk supply co-operative societies and one Dairy farm is situated in this district.

14. FISHERIES

This district has no coastal line and hence fishing activity is being carried out in the Tanks, Rivers etc.

The estimated production of Inland fish production is detailed below:

Sl. No	Source	Fish Production as on	
		1. 4. 90	1. 4. 91
		(in tonnes)	
1.	Major irrigation tanks	3310	4640
2.	Minor irrigation tanks	1090	1200
3.	Other ponds	560	565
4.	Rivers/Canals	70	60
5.	Rice fields/swamp	2	2
	Total production	**5032**	**6467**
	State production	**6.7**	**7.9**

(Sources: Fisheries department, Government of Tamil Nadu)

This district ranks 5th among all districts in the inland fish production in the state. The other four districts that produce more fish than this district are South Arcot, North Arcot, Chengai-Anna and Thanjavur.

15. INDUSTRIES

157 factories have been registered with the Inspector of Factories. There are about 9 spinning and weaving mills which provides employment for more than 100

persons per mill. The other major industries are Tamil Nadu Chemical Industries and Central Chemical Research Institute at Karaikudi, Indian Foods (P) Limited in Manamadurai, M/s Enfield Limited and Madras Motor limited in Tiruppattur taluk, Madurai Cement at SIPCOT (Manamadurai) in Devakottai taluk. A sugar mill on the Madurai-Sivaganga road has also been promoted by M/s Sakthi Sugars in Padamattur village. Marudhupandiyar Transport corporation is also a major employer which has a Reconditioning and Tyre Retreading unit at Devakottai besides its headquarters at Karaikudi. Tile and brick factories in Manamadurai, Metal industries at Karaikudi are the other industries in the district. There are 4 small industrial estates in this district. Except Manamadurai taluk all the other 5 taluks have been declared as industrially backward taluks for getting subsidy to start new units. There are 964 Small Scale Industries registered in this district. Paddy hulling, manufacture of ready-made garments, printing press manufacture of polythene bags, oil mills are the notable small scale industries in this district. Handlooms are found in few numbers in this district. The important cottage industries found in the district are palmyrah and coconut fibre making and also palm leaf articles, leather goods and bags manufacturing, coir, lapidary, koraimat weaving, plastic wire manufacturing, bell metal products, wood carving etc. The mats and mattress of Singampuneri and Piranmalai are famous.

A novel scheme (village planning form) to provide employment to atleast one person in a family was formulated by "Thavathiru Kundrakudi Adigalar" a saivite saint of Kunrakudi Adheenam. Apart from religious activities he developed Kunrakudi and neighbour hood villages under "Kunrakudi Plan" by starting small industrial unit in co-operative sector which is providing employment to many persons in this area. Rural science forum of Central Chemicals Research Institute, Karaikudi and the village planning forum, Kunrakudi have joined their hands under the banner of the task force of the Science and Technology Entrepreneurs Development of the Department of Science and Technology, Government of India to formulate action plans for the entire district. They conduct seminars on employment and small industry.

In addition to that, the Government of India/Government of Tamil Nadu have been conducting various developmental programmes like management, I.S.O. 9000, screen printing training programmes etc., through Small Industry Service Institute, District Industries Centres for the benefit of small entrepreneurs as well as potential entrepreneur in the district.

16. TRADE AND COMMERCE

The main whole sale trading centres in the district are Karaikudi and Tiruppathur. Cotton yarn produced in the spinning mills are exported to different districts in the state. A number of shandies are held in the district at different places for the help of rural folk for purchase and sale of their produce cattle, Food grains, Vegetables, groceries. Cattle are also sold and purchased in the shandies.

The banking aspect of commerce and trade which are preciously dealt with Nattukottai Chettiar and other indigenous bankers have now given place to commercial banks/agricultural and other credit societies functioning in the different places in the district. There are 87 scheduled banks in the district.

17. TRANSPORT AND COMMUNICATIONS

National Highways connecting Rameswaram and Madurai passes through this district. The nearest Airport is Madurai.

The total length of Railway line (metre gauge) is 131.49 kms. Manamadurai is an important Railway junction. Trains from Tiruchirapalli, Madurai, Virudhunagar and Rameswaram enroutes through this junction. Karaikudi is an another junction on the Tiruchirapalli-Rameswaram line and a line to Mayiladuthurai also branches from here. The district has a good net work of roads and the following statement reveals the length of roads in kms. in this district.

Sl. No	Name of Road	Cement	Black Topped	Metalled	unmetalled	Total
1.	National Highways	-	44.400	-	-	44.400
2.	State Highways	-	65.065	-	-	65.065
3.	Major district Roads	8.800	363.839	0.181	-	372.820
4.	Other district Roads	-	952.338	97.276	4.200	1053.814
5.	Municipal Roads	-	141.757	-	-	141.757
6.	Panchayat Union Roads	-	45.800	579.460	641.803	1267.063
7.	Panchayat Roads	-	4.600	49.000	235.236	288.836
	Total	**8.800**	**1617.799**	**725.917**	**881.239**	**3233.755**

There are 51 Transport operators in this district. Marudhu Pandyan Transport Corporation with its headquarters near Karaikudi is operating town and moffusil routes not only in this district but also in nearby Pudukkottai and Ramanathapuram districts. Town bus services are nowadays made cheaper to suit most of the rural population. Private bus operators are also plying many buses in this district. Tiruvalluvar Transport Corporation directly links this district with Madras, Madurai, Kanniyakumari, Rameswaram, Coimbatore and other important cities in the state. Other state transport corporations are also operating buses connecting this district.

The following statement shows the number of motor vehicles registered by types during the year 1990-91.

1.	Motor cycles	1178
2.	Auto rickshaws	49
3.	Jeeps	9
4.	Private motor cars	35
5.	Taxi	13
6.	Other public vehicles (Buses)	122
7.	Goods vehicles	83
8.	Tractors	61
9.	Miscellaneous	19

There are 379 Post Offices (96 Departmental and 283 extra departmental) 176 post and Telegraph Offices, 2 Telegraph Offices, 60 Telephone Exchanges/Sub exchanges in this district. There are 2073 letter boxes and 6960 telephone sets and 155 Public Call offices in this district during the year 1990-91.

18. RAINFALLS AND CLIMATE

As per agro statistics 1991, published by the Directorate of Agriculture, the normal rainfall of the district is 904.7 mm. The details of annual rainfall recorded in the district from 1985-1990 are given below:

Year	Annual Average Rainfall (in mm)
1985	421.9
1986	942.2
1987	898.3
1988	766.8
1989	956.2
1990	990.8

The climate is almost dry and saltry especially during the summer months.

19. EDUCATION

According to 1991 Census 63.04 percent (aged 7 and above) are literates which is more than the state level. The literacy among males and females were 76.92 percent and 49.74 percent respectively. Pasumpon Muthuramalinga Thevar District stands in 10th rank among 21 district of Tamil Nadu in literacy.

The statement shows the No. of schools and teachers employed in this district.

Type of school	No. of schools		Trained Teacher			
			Men		Women	
	Rural	Urban	Rural	Urban	Rural	Urban
Primary Schools	980	67	1673	590	1001	182
Middle Schools	212	26	675	141	615	225
High Schools	74	5	578	23	518	254
Higher Secondary School	13	9	143	2	139	40

The following statement reveals the no. of students in each standard.

STANDARD	RURAL	URBAN
I	25819	13232
II	22403	9887
III	19618	9222
IV	22201	12155
V	22070	9226
VI	16055	6013
VII	15336	6232
VIII	14029	3539
IX	9165	1587
X	4436	1254
XI	2311	624
XII	1716	582

There are 7 arts and science colleges in the district. The enrollment in the different courses is detailed below.

Courses	Boys	Girls
1. B.B.A.	109	12
2. B.A.	887	265
3. B.Sc.	1825	876
4. B.Com	1013	431
5. Post Graduate	495	248
6. Teacher Training	220	109
7. P.G. Diploma in Computer	432	73

One Central Electro Chemical Research Institute run by the Government of India is also enrolling students for B.Tech. courses in electro chemical faculty. Alagappa University in Karaikudi has also been started during this decade.

There are 4 Polytechnics which has an enrollment of 1728 Boys and 36 girls during the Year 1990-91. There are 103 men teachers and 9 women teachers employed in these polytechnics.

There are 2 Industrial Training Insititutes in this district and a total of 397 persons were on roll and 42 teaching staff were employed during 1990-91.

There are 300 Adult education centers and a total of 5864 adults were educated, among them 1942 were men and 3922 were women. These Adult Education centers are in Kalayarkoil, Kannangudi and kallal Blocks.

20. HEALTH

There are 17 Hospitals/dispensaries run by the Government of Tamil Nadu in the district. 78 doctors were on roll as per District Statistical Abstract 1989-90. The Paramedical staff attached to these hospitals are detailed below:

Nursing staff	92
Pharmacist	35
Other technician	46
Others	339

The total no. of beds for in-patients in these hospitals are classified as under:

1. General beds	422
2. T.B. Beds	50
3. Leprosy beds	20
4. Maternity beds	194

The total no. of patients treated were 194880 (in patients) and 17,71,960 (out patients) during the Year 1990-91.

Apart from above, one Government Aided Christian Mission Hospital functions in Dhayapuram, Manamadurai. Private clinics/ Hospitals with ultra modern facilities with latest technology have been established in large numbers during this decade.

In the Rural Health side 10 Rural Family Welfare Centres, 40 Primary Health Centres, 7 Urban Family Welfare Centres and 267 sub-centres are functioning in the district. There are also 9 Rural Hospitals/ Dispensaries in this district.

The district statistical hand book 1990-91 shows the following details about family welfare statistics for this district.

1. Vasectomy Operations performed	83
2. Tubectomy operations performed	4641
3. Laproscopic	2638
4. I.U.D.	136575
5. Oral pills	53657
6. Contraceptives issued	530041
7. Medical termination of pregnancy	881

21. PLACES OF TOURIST IMPORTANCE

Sivaganga the capital of Pasumpon Muthuramalinga Thevar District lies 48 kms. South East of Madurai. It is a railway station on the Tiruchirapalli-Manamadurai chord line. The founder of Sivaganga was Sasivarma Periya Udaya Thevar in 1733. There is a palace built near the Teppakulam and this was the residence of Zamindar of Sivaganga. The palace of the ex-rulers is one of the biggest and oldest and it was here that 1798-99 Chinna Marudhu gave asylum to Virapandya Katta Bomman of Panchalankurichi. There is a famous temple for Raja Rajeswari, the family deity of the Raja inside the palace. The Kalasa of the Sanctum Sanctorium is made up of gold. There are two Siva Temples at this place. Sri Viswanatha and Sri Subramanya Temples were originally built by Marudhu brothers. The other temple is Sasivaneswarar Temple near bus stand. There are Protestant Churches and Mosques also where these communities habitate is concentrated.

Pillayarpatti, another important places is at 15 kms west of karaikudi stands at the foot of a sheet of rock where the famous Temple to the deity Sri Karpaga Vinayagar is situated. The name is derived from the deity of the temple as the name signifies. Pillayarpatti means Pillayar (Lord Ganesha) and Patti (Village). The temple of Pillayar stands close to the northern foot of the rock and the inner most shrine of Pillaiyar Garbha Graha is cut out of the solid rock. To the left of Pillayar is the life size figure of Thirubuvana Chakkaravarthy and to a little away to the left in a separate enclosure is lingam called Timvengaigudy Madadevar which is also carved cut out of other same rock. It is belived to be one of the first rock cut temples of South India. It is one of the important temples of Nagarathar community and the temples are managed by committee of this community. The Presiding

deity Karpaga Vinayagar is 6 feet high and 5 feet broad with only two hands instead of four, holding a lingam on the right hand, in a half Padmaasam (one leg laid on the other thigh) sitting posture. This temple is rich with inscriptions. It is seen from this that it should have been founded during the Pallava period (642-668 AD). There is small Pillayar temple on a sheet of rock on the eastern side of the Karpaga Vinayagar temple called Gorakkar temple said to have been erected by the Siddha Gorakkar.

Karaikudi, one of the important towns of the district, is the seat of Dr. Alagappa University. There are many palatial buildings in and around this place. These palatial buildings were built by Nagarathars which are just like palaces of local chieftains. Koppudayyamma temple is an important temple in this town. It is also an industrial, trading and educational centre. There is a central Electro Chemical Research Institute run by Government of India. The headquarters of Marudhu Pandiyar Transport Corporation is situated near this town. There are many handloom centres in and around this town. Sarees in cotton and artificial silk are manufactured here. There are many educational institutions founded by Dr. R.M. Alagappa Chettiyar of Kottaiyur which includes an Engineering College also.

Kunnakudi is about 10 kms. from Tirupathur and Karaikudi. Kunram in Tamil means hillock and kudy is village, meaning hillock village. This place is also known as Mayuranagaram, Arasavanam, Mayilmalai and Krishnavanam. The hill is in the shape of Peacock and hence it derives the name Mayilmalai' i.e Mayil means Peacock and malai means hillock.

There is a famous temple for Lord Subramanya on the top of the hillock. Lord Subramanya with six faces facing east on his celestial vehicle Peacock, with Valli and Deivanai, his two consorts are on his sides. The idol is exceedingly beautiful and attractive. At the entrance to the temple is the sannidhi of Thogaiyadi Vinayagar. At the foot of the South Western side of the hillock there is a rock cut temple. The shrine of the rock cut temple is graceful as the Lingam is huge and marvelously cut out of solid rock. This place is the seat of Tiruvannamalai mutt. This mutt controls the management of Kunnakudi, Tirupathur, Piranmalai and some other temples. The Present chief is popularly known as `Kundrakudy Adigalar' a great scholar in Tamil. He has developed a plan called 'Kundrakudi plan' by which he envisaged to get employment atleast for one person in each household. He started small scale industries also. He is the co-ordinator of village planning forum covering 24 villages to which CECRI is the advisory body.

Piranmalai is a small village 24 kms. north west of Tirupattur and 8 kms. north of Chadurveda mangalam which is situated on the Tirupattur Dindigul road. The origin of the name of place is referred to the Siva temple at the bottom of the hill.

It is derived from Piran in Tamil refering to Lord Siva and malai means mountain meaning Siva's Mountain. This place is situated at the bottom of a high and rugged mountain about 2500 feet high. It is very diffiuclt to climb to the summit as it is very craggy. The hill in many parts is covered by deep jungle abunding with gaure. Short way up the hill there is a Bairavan temple. The top of the hill was a military

post. On the top of the hill one can found the ruins of forts which bore testimony of native masonary. There is a Mosque of Sheik Abdulla near a pond which is a place of pilgrimage for Muslims. Two tridents (vel) planted on a massive rock of the hill are worshipped by Hindus. At the foot of the hill there is a fort of Marudhus enclosing the temple of Thirukodungadeesan. Piranmalai is a spur on the Eastern Ghats. There are five temples, three of them clustered together at the hill. Mangai Bagar with his consort is a rock cut Siva temple in a cave at top. A marvellous posture of this god is a rare one not to be seen in any other temple. Siva and his consort in a Wedding pose having more than 8 to 10 feet height is graceful to our eyes. The lord came down to earth to appear before Agasthia Rishi, Who did penance. There are deities of Ganesa, Sakthi and Lakshmi in this temple. The hall has 64 pillars representing 64 worlds of Vaikuntam. Below this is the shrine of Bhairava the deity of guards. Next below is Ugraha lingam. Amirthasani deity is little further to this. Beyond this is Lord Subramanya. His vehicle here is Elephant instead of his Celestial peacock. Rare flag staff with the motif Ganesa on the South, Sivalinga on the west, three headed spear on the north and the sacred Bull on the east carved on it. This temple was sung by Sambandar a saiva saint of 6th century. This temple is richly sculptured with inscriptions of Pandya and Vijayanagara kings. The king Pari known as Parivallal of the Sangam age, a contemporary of Avvaiyar is said to have lived in this place and ruled over the country around when this area was known as Parambunadu.

Kalayarkoil is sixteen kms. east of Sivaganga. Kalayarkoil derived its names from the Kaleeswaran temple of the place. During the Sangam period the place was known as Kanappair as is seen from 21st verse in the 'Purananooru' sung by Iyem Moolakizhar, a poet of Sangam period. This place was the seat of kings from early days and it was also the stronghold of the rulers of Sivaganga with a well built extensive fort for its strength and security. The temple of Kalayarkoil is very large and a beautiful building surrounded by a strong stone wall about 18 feet in height and forming one angle of the fort which was dismantled. The new tower on the south was built by Marudhus during their rule over Sivaganga. The tower is 151 feet tall. The tomb of Marudhu is seen at the east of the temple facing the old entrance. This temple is an ancient temple built by one Veerasenan of Pandya king . There are three shrines called Somewaran representing 'Sthoola', Kaleeswaran representing 'Sushama' and Sundareswara representing `Karma'. Their consorts are Sri. Soundranayagi, Sri Somavalli and Sri Meenakshi respectively. This temple enshrines Vishnu idol also. The famous saiva saints Appar, Gananasambandar and Arunagirinathar visited this temple and sang in praise in their sacred poems.

Table-1 A

Population and Number of Villages, 1991

Sl. No.	Name of C.D. Block	Population of Villages			No. of Villages	
		Persons	Males	Females	Total	Inhabited
1	2	3	4	5	6	7
1	Singampunari	88446	42671	45775	41	41
2	Tiruppattur	70987	34256	36731	41	41
3	Kallal	78981	37543	41438	44	44
4	Sakkottai	50975	25382	25593	37	36
5	Kalayarkoil	94743	45570	49173	70	68

10	Tiruppuvanam	83559	41909	41650	43	43
11	Ilaiyankudi	82838	40620	42218	55	54
	DISTRICT	**787999**	**385110**	**402889**	**492**	**486**

This table furnishes the number of C.D. Blocks, inhabited villages along with their population in Pasumpon Muthuramalinga Thevar District. Kalayarkoil C.D.Block ranks first which consists of 68 inhabited villages with population of 94,743 persons. Kannankudi C.D.Block is the smallest C.D.Block in this district which comprises 25 villages with a population of 29,848 persons. In Pasumpon Muthuramalinga Thevar District in almost all the C.D. Blocks the female population exceeds male population except in Tiruppuvanam C.D.Block where the male population exceeds female population. Reason for this phenomenon might be due to out migration of male members in-search of better employment.

Table-1 B
Population and Number of Towns, 1991

Sl. No.	Name and Civic administration status of Town	Population		
		Persons	Males	Females
1	2	3	4	5
1	Devakottai (M)	38,265	19,056	19,209
2	Ilaiyankudi (TP)	21,595	10,653	10,942
3	Kanadukattan (TP)	4,660	2,294	2,366
4	Kandanur (TP)	6,289	3,051	3,238

13	Sivaganga (M)	33,190	16,631	16,559
14	Tiruppattur (TP)	23,564	11,572	11,992
15	Tiruppuvanam (TP)	15,446	9,341	9,105
	ALL TOWNS	**290,191**	**145,385**	**144,806**

This table furnishes the civic administration Status of towns with population by sex-wise for the district. Of the 15 towns in the district three are municipalities 11 are town Panchayats and one is the village panchayat. Karaikkudi (M) stands first in population with 71,965 while Kanadukattan (TP) stands last with 4,660 as its population. Of the 15 towns, in the 8 towns the female population is higher than the male population. But district as a whole the male population is higher than the female population.

Table -2

New Towns/Towns Declassified, Merged In 1991 Census

Name of Town	Population
1	2
a) Added	-Nil-
b) Declassified	-Nil-
c) Wholly merged with others others	-Nil-

This table shows that in Pasumpon Muthuramalinga Thevar district between 1981 and 1991 no new town has been added nor any one of the existing town has been declassified or merged partly or wholly with any other town.

Table - 3

Decadal Change In Distribution of Population

Sl. No.	Name of Taluk	Population						Percentage decadal (1981-91) Variation			Percentage of urban Population	
		1981			1991							
		Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban	1981	1991
1	2	3	4	5	6	7	8	9	10	11	12	13
1	Tiruppattur	214,605	180,552	34,053	230,099	190,902	39,197	+7.22	+5.73	+15.11	15.87	17.03
2	Karaikkudi	189,076	88,935	100,141	210,783	99,857	110,926	+11.48	+12.28	+10.77	52.96	52.63
3	Devakottai	105,392	69,708	35,684	113,355	75,090	38,265	+7.56	+7.72	+7.23	33.86	33.76
4	Sivaganga	208,867	179,180	29,687	241,941	203,058	38,883	+15.84	+13.33	+30.98	14.21	16.07
5	Manamadurai	153,903	121,190	32,713	179,716	138,391	41,325	+16.77	+14.19	+26.33	21.26	22.99
6	Ilaiyankudi	100,913	79,583	21,330	102,296	80,701	21,595	+1.37	+1.40	+1.24	21.14	21.11
	Total	**972,756**	**719,148**	**253,608**	**1,078,190**	**787,999**	**290,191**	**+10.84**	**+9.57**	**+14.43**	**26.07**	**26.91**

This table illustrates decadal change in the distribution of population from 1981 to 1991 of the district by talukwise for total rural and urban. This table also indicates percentage decadal variation and percentage of urban population for this district. The population has slowly increased in all the taluks. Sivaganga taluk records highest variation of 33,074 over 1981 Census whereas the lowest variation of 1,383 population prevails in Ilaiyankudi taluk. Manamadurai taluk registers highest percentage of decadal variation with 16.77 while Ilaiyankudi taluk registers lowest percentage of decadal variation with 1.37. Karaikudi taluk recorded the highest percentage of urban population of 52.63.

Table - 4

Percentage Distribution of Villages by Population Ranges, 1991

Sl No.	Name of C.D.Block	No. and percentage of inhabited villages	No. and percentage of villages, in each range (figures in parenthesis indicate percentage of villages in each range)					
			Less than 200	200-499	500-1999	2000-4999	5000-9999	10000 and above
1	2	3	4	5	6	7	8	9
1.	Singampunari	41 (100.0)	-	1 (2.44)	20 (48.78)	20 (48.78)	-	-
2.	Tiruppattur	41 (100.0)	1 (2.44)	10 (24.39)	17 (41.46)	11 (26.83)	2 (4.88)	-
3.	Kallal	44 (100.0)	2 (4.55)	3 (6.82)	22 (50.00)	16 (36.36)	1 (2.27)	-
4.	Sakkottai	36 (100.0)	2 (5.56)	4 (11.11)	23 (63.89)	7 (19.44)	-	-
5.	Kalayarkoil	68 (100.0)	2 (2.94)	5 (7.35)	50 (73.53)	10 (14.71)	1 (1.47)	-
6.	Devakkottai	43 (100.0)	5 (11.63)	12 (27.91)	19 (44.19)	7 (16.28)	-	-
7.	Kannankudi	25 (100.0)	3 (12.00)	3 (12.00)	13 (52.00)	6 (24.00)	-	-
8.	Sivaganga	49 (100.0)	-	-	33 (67.35)	16 (32.65)	-	-
9.	Manamadurai	42 (100.0)	1 (2.38)	5 (11.90)	22 (52.38)	14 (33.33)	-	-
10.	Tiruppuvanam	43 (100.0)	-	3 (6.98)	22 (51.16)	18 (41.86)	-	-
11.	Ilaiyankudi	54 (100.0)	-	-	42 (77.78)	12 (22.22)	-	-
	Total	**486**	**16**	**46**	**283**	**137**	**4**	**--**
		(100.00)	**(3.29)**	**(9.47)**	**(58.23)**	**(28.19)**	**(0.82)**	**--**

This table shows the percentage distribution of villages by population ranges. Out of 486 villages in this district more than half i.e. 58.23 percentage (283 villages) comes in the population range of 500-1,999 and next comes the population range of 2,000-4,999 (28.19). Tiruppattur, Kallal and Kalayarkoil C.D. Blocks have population above 5,000 and below 9999. None of the villages in Pasumpon Muthuramalinga Thevar District have population 10,000 and above. There are 16 and 46 villages in the population range of less than 200 and 200-499 respectively.

Table - 5
Distribution of villages by density

Range of density (per sq.km)	Total no. of villages in each density range	Percentages of villages in each density range
1	2	3
0 - 10	2	0.41
11 - 20	2	0.41
21 - 50	9	1.85
51 - 100	52	10.70
101- 200	216	44.44
201- 300	137	28.19
301- 500	51	10.49
501+	17	3.51
Not Known	-	-
Total	**486**	**100.00**

This table shows the number of villages in the density range (per sq.km) and their percentage. Out of 486 villages 216 villages are covered in the density range of 101-200. Hardly 2 villages fall in the density range of -10 and 11-20 respectively.

Table - 6 A
Sex Ratio For Rural Population of C.D.Block, 1991

Sl. No.	Name of C.D.Block	Number of females per 1000 males
1	2	3
1	Singampunari	1073
2	Tiruppattur	1072
3	Kallal	1104
4	Sakkottai	1008
5	Kalayarkoil	1079
6	Devakkottai	1087
7	Kannankudi	1041
8	Sivaganga	1011
9	Manamadurai	1004
10	Tiruppuvanam	994
11	Ilaiyankudi	1039
	District	**1046**

This table shows the sex-ratio i.e. number of females per 1000 males population in each C.D.Block. Kallal C.D.Block has the highest sex ratio of 1104 females per 1000 males. The lowest being the Tiruppuvanam C.D.Block which has 994 females per 1000 males. On the whole the female population is higher than the male population in the entire district. For this reason might be the out migration of male member in search of employment.

Table - 6 B

Sex Ratio in Towns, 1991

Sl. No.	Name and civic administration status of town	Number of females per 1000 males
1	2	3
1	Devakottai (M)	1008
2	Ilaiyankudi (TP)	1027
3	Kanadukattan (TP)	1031
4	Kandanur (TP)	1061
5	Karaikkudi (M)	983
6	Kottaiyur (TP)	1032
7	Manamadurai (TP)	961
8	Nattarasankottai (TP)	1075
9	Pallattur (TP)	1068
10	Puduvayal (TP)	933
11	Sankarapuram (VP)	859
12	Singampunari (TP)	972
13	Sivaganga (M)	996
14	Tiruppattur (TP)	1036
15	Tiruppuvanam (TP)	975
	All Towns	**996**

This table indicates sex-ratio of all the 15 towns and also for the district. In eight towns the sex-ratio is above the district's sex-ratio which is 996. In 6 towns the sex-ratio is less than that of the district. A special feature in this district is the sex-ratio of Sivaganga (M) and that of the district is 996.

Table 7

Proportion of Scheduled Caste population to total population in the villages

Percentage range of Scheduled Caste population to total population	No. of villages in each range	Percentage of villages in each range
1	2	3
Nil	19	3.91
0-5	43	8.85
6-10	64	13.17
11-15	91	18.72
16-20	71	14.61
21-30	102	20.99
31 and above	96	19.75
Total	**486**	**100.00**

Proportion of Scheduled Caste population to total population has been furnished in this table by percentage ranges. 102 villages which have Scheduled Caste population comes in the percentage range of 21-30. Out of 486 villages, 19 villages do not have Scheduled Caste population at all, and the percentage works out to 3.91. 96 villages have Scheduled Caste population in the percentage range of 31 and above.

Table 8
Proportion of Scheduled Tribe population to total population in the villages

Percentage range of Scheduled Tribe population to total population	No. of villages in each range	Percentage of villages in each range
1	2	3

Table 12 gives the detailed information about the number of villages in each C.D. Block which do avail the amenities such as educational, medical, drinking water, post and telegraph, market/hat, communication, approach by pucca road and power supply. All the villages of Tiruppuvanam C.D. Block enjoys the educational facility. Devakkottai C.D. Block is the only C.D. Block which has the lowest percentage of 81.40% (i.e. 35 villages out of 43 villages) of educational facility. 92.59% of total villages have educational facility in this entire district. Medical facility is not very sound which counts to hardly 33.54% only (163 villages out of 486). Drinking water and power supply are enjoyed by almost all the villages of this district. Post and telegraph is not available even by 50% of the district. Market/hat is very scarce i.e. only 39 villages have this facility. Communication and approach by pucca road are available in 354 and 345 villages respectively.

This table narrates the proportion of rural population which is served by 8 different amenities as given above. 97.90% population of the district have educational facility. Less than 50% population of the district enjoys medical facility. Drinking water is available for 99.92% population ie., except Sakkottai C.D. all the other 10 C.D Blocks of this district do have water facility for all persons. Post and Telegraph is enjoyed by 64.20% population in the district. Market/hat facility is available only to 13.12% population. Communication amenity is available to 80.03% population. Pucca road facility is available for 78.09% population. Power supply is enjoyed by all the 787,999 persons of the district.

Table - 14
Distribution of villages not having certain amenities arranged by distance ranges from the places where these are available

Villages not having the amenity of	Number of villages where the amenity is not available and available at a distance of			
	- 5 Km	5-10 Km	10+Km	Total (Col - 2-4)
1	2	3	4	5
Education	30	6	-	36
Medical	210	93	20	323
Drinking water	1	--	--	1
Post & Telegraph	206	31	9	246
Market/hat	209	151	87	447
Communication	110	18	4	132

This table furnishes the number of villages to which certain amenities such as education, medical, drinking water, post and telegraph, market/hat and communication are not available at all. But such facilities are availed by the people from the nearest place which is within 5km, 5 to 10km and above 10km. Market/hat is not availed by 447 villages but 209 villages avail this within 5km distance from adjacent villages . Similarly 246 villages do not have post & telegraph facility but of this 206 villages avail this from the nearer villages within the reach of 5km. 323 villages which do not have medical facility do avail the same at a distance of less than 5km by 210 villages. 93 villages at a distance of 5-10km and 20 villages at a distance of 10+ km respectively. Water supply which is not available to only one village do avail the same within 5km. Education facility which is not available to 36 villages do avail the same at less than 5Km by 30 villages and 6 by 5-10Km respectively. Likewise Communication is being availed at a distance of less than 5, 5-10Km and 10+ Km by 110 villages, 18 villages and 4 villages respectively.

Table - 15

Distribution of villages according to the distance from the nearest town and Availability of different amenities

Distance range from the nearest town (In Km)	No.of Inhabited Villages in each ranges	No (with Percentage) of villages having the amenity of							
		Educational	Medical	Drinking water	Post and Telegraph	Market / hat	Commu-nications	Approach by Pucca Road	Power Supply

5000+	4	4 (100.00)	4 (100.00)	4 (100.00)	4 (100.00)	3 (75.00)	4 (100.00)	4 (100.00)	4 (100.00)
Total	**486**	**450 (92.59)**	**163 (33.54)**	**485 (99.79)**	**240 (49.48)**	**39 (8.02)**	**354 (72.84)**	**345 (70.99)**	**486 (100.00)**

This table narrates the distribution of inhabited villages according to population ranges of below 500, 500-1999, 2000-4999 and 5000 and above. which enjoys the basic amenities mentioned in the table. Villages comprising population less than 500 have 62.90% of educational amenity, 4.84% of Market/hat, 67.74% of communication, 62.90% of approach by pucca road and cent percent power supply. Out of 486 villages 283 villages comes in this range i.e., they possess 500 to 1999 population. Of this 283 villages 97.53% avail educational amenity, 28.27% medical, cent percent drinking water 42.76% post and telegraph, 3.53% Market/hat, 67.49% communication, 67.14% approach by pucca road, and cent percent power supply. All the four villages having population of above 5000 avail all the amenities except market/hat which is availed by only 3 villages (75%). All the villages of this district enjoys power supply. Water supply is availed by 99.79% of the district. Contrary to this is the market - facility which counts to only 8.02% in this district. Medical, an important facility is available to only a meagre of 33.54% villages.

Table - 17
Distribution of villages according to land use

Sl. No.	Name of C.D.Block	No of Inhabited villages	Total area (in hectares)	Percentage of cultivable area to total area	Percentage of irrigated area to total cultivable area
1	2	3	4	5	6
1	Singampunari	41	38,021.52	65.52	35.39
2	Tiruppattur	41	33,866.01	63.88	45.58
3	Kallal	44	39,477.46	50.64	47.80
4	Sakkottai	36	27,830.91	36.25	47.51
5	Kalayarkoil	68	56,624.10	63.31	36.05
6	Devakottai	43	22,985.18	67.77	29.82
7	Kannankudi	25	21,588.87	46.25	52.02
8	Sivaganga	49	44,747.84	61.49	37.73
9	Manamadurai	42	35,228.98	59.71	57.77
10	Tiruppuvanam	43	31,078.86	70.17	60.04
11	Ilaiyankudi	54	41,850.85	74.65	32.50
	District	**486**	**393300.58**	**60.93**	**42.38**

This table gives the detailed information about the total area, cultivable area to total area and irrigated area in each C.D. Block. Kalayarkoil C.D. Block is the biggest, which comprises 56,624.10 hectares of land. Ilaiyankudi C.D. Block only utilised 74.65 percentage of the total area for cultivation, which is highest of all. Sakkottai C.D. Block is the lowest of all which utilises 36.25% of the area for cultivation.

Though Tiruppuvanam C.D. Block is the small C.D. which has 31078.86 hectares of land, its 60.04% of its area is irrigated which ranks first. The lowest of all is Devakkottai C.D. Block which has 29.82 percent area used for irrigation.

Table - 18
Per capita receipt and expenditure in towns

14	III Tiruppattur (TP)	1.74
15	IV Tiruppuvanam (TP)	1.19
	All Towns	**1.64**

This table gives the number of beds in medical institutions per 1,000 population in each town. Kanadukattan (TP) has 13.95 number of beds per 1,000 population which ranks first in Pasumpon Muthuramalinga Thevar District. Generally almost all the towns are not sufficiently having beds in the medical institutions. Karaikkudi (M) having this amenity which has only 0.63 beds per 1,000 population.

Table - 21
Proportion of slums population in town

Sl. No.	Class, Name and Civic Administration Status of town*	Proportion of the slums population to total population of the town	Density in slum (per sq.Kms)
	1	2	3
1.	Karaikkudi II	3.32	1,757
	Total	**3.32**	**1,757**

* For Class I & II Towns only.

This table gives the proportion of notified slum population in class I & II towns. Karaikkudi which is a class II town by status and its proportion of slum population to total population is only 3.32 and its density is 1,757 per sq.Km.

Table - 22

Most important commodity manufactured, imported and exported in towns

Sl No.	Class, Name and civic status of town	Most Important Commodity		
		Manufactured	Exported	Imported
1	2	3	4	5
1	III Devakottai (M)	--	--	--
2	III Ilaiyankudi (TP)	--	--	--
3	VI Kanadukattan (TP)	--	--	--
4	V Kandanur (TP)	--	--	
5	II Karaikkudi (M)	Cloth	Cloth	Rice
6	V Kottaiyur (TP)	--	--	--
7	III Manamadurai (TP)	Ever silver Vessels	--	Steel
8	V NattarasanKottai (TP)	Screws	--	--
9	V Pallattur (TP)	--	--	--
10	V Puduvayal (TP)	--	--	--
11	V Sankarapuram (VP)	Cotton Cloth	--	--
12	IV Singampunari (TP)	Groundnut oil	Groundnut oil	Paddy
13	III Sivaganga (M)	Metal & Plastic	Metal & Plastic	--
14	III Tiruppattur (TP)	--	--	--
15	IV Tiruppuvanam (TP)	--	Betel nut	--

This table narrates the most important commodities imported, manufactured and exported in the towns of this district. Though there are 15 towns trade takes place only in 7 towns. In Karaikkudi (M) manufacturing and exporting of cloth is being done while they import rice. Steel importing and manufacturing of steel vessels are undertaken at Manamadurai (TP). Screws and cotton cloths are manufactured in Nattarasankottai (TP) and Sankarapuram (VP) respectively. Singampunari (TP) manufactures and exports groundnut oil. Metal & Plastics are manufactured and exported at Sivaganga (M).

Type of Road

PR	---	Pucca Road
KR	---	Kutcha Road

System of Sewerage

S	----	Sewer
OSD	----	Open Surface Drains
BSD	----	Box Surface Drains
SD	----	Silk Drains
CD	----	Cesspool method
PT	----	Pit System

Method of disposal of night soil

HL	----	Head Loads
B	----	Basets
WB	----	Wheel Barrows
ST	----	Septic tank latrines
S	----	Sewerage

System of storage of water

OHT	---	Overhead tank
SR	---	Service reservoir
IG	---	River infiltration gallery
BWP	---	Borewell pumping system
PT	---	Pressure tank

Sources of drinking water

TW	---	Tube well water/ Hand pump

T	---	Tap water
W	---	Well water
TK	---	Tank water

Medical facilities

H	---	Hospital
D	---	Dispensary
HC	---	Health Centre
FC	---	Family Planning Centre
TB	---	T.B.Clinic
NH	---	Nursing Home
O	---	Others
A	---	Ayurvedic
U	---	Unani
HOM	---	Homeopathic

Educational facilities

A	---	Arts only
S	---	Science only
AS	---	Arts and Science only
C	---	Commerce only
AC	---	Arts and Commerce only
ASC	---	Combined for all categories Arts, Science and Commerce
L	---	Law

Recognised shorthand, typewriting and other vocational Institutions

SH	---	Shorthand
TYPE	---	Typewriting
Sh.TYPE	---	Shorthand and typewriting
O	---	Others

Public Libraries and reading rooms

PL	---	Public Libraries
RR	---	Reading Rooms
