# FOREWORD

Publication of the District Census Handbooks (DCHs) was initiated after the 1951 Census and is continuing since then with some innovations/modifications after each decennial Census. This is the most valuable district level publication brought out by the Census Organisation on behalf of each State Govt./Union Territory administration. It *inter-alia* provides data/information on some of the basic demographic and socio-economic characteristics and on availability of certain important civic amenities/facilities in each village and town of the respective districts. This publication has thus proved to be of immense utility to the planners, administrators, academicians and researchers.

The scope of the DCH was initially confined to certain important census tables on population, economic and socio-cultural aspects as also the Primary Census Abstract (PCA) of each village and town (ward-wise) of the district. The DCHs published after the 1961 Census contained a descriptive account of the district administrative statistics, census tables and Village and Town Directories including PCA. After the 1971 Census, two parts of the District Census Handbooks (Part-A comprising Village and Town Directories and Part-B comprising Village and Town PCA) were released in all the States and Union Territories. The third Part (C) of the District Census Handbooks comprising administrative statistics and district census tables, which was also to be brought out, could not be published in many States/UTs due to considerable delay in compilation of relevant material. In 1981, some new features along-with the restructuring of the formats of Villages and Town Directory were introduced in the DCHs. These were published in two parts for each district after the 1981 Census. While Part-A comprised Village and Town Directories, the PCA of villages and towns (ward-wise) including Scheduled Caste and Scheduled Tribe PCA upto tehsil/town level were provided in Part-B. To illustrate, all the amenities except electricity, were brought together in the Village Directory and if an amenity was not available in the referent village, the distance in broad ranges from the nearest place having such amenity was given. Information on some new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet some of the requirements of the Revised Minimum Needs Programme. Similarly, information on approach to the village was also provided for the first time during 1981 census in the Village Directory so as to give an idea about the number of inaccessible villages in each district. In case of Town Directories also,

keeping in view the requirements of the Minimum Needs Programme, a Statement IV-A on slums was provided so as to enable the planners to chalk out the programmes for providing better civic and other amenities in the slums. In this statement details on civic and other amenities were reported for the slums of Class I and Class II towns. Apart from this, one column on the Scheduled Castes and Scheduled Tribes population and another on adult literacy classes/centres were added in Statements IV and V respectively.

The manner of presentation of the DCHs for the 1991 Census is by and large the same as followed in 1981. However, the format of PCA has been restructured slightly in the 1991 Census for the benefit of data users. Nine-fold industrial classification of main workers has been given as against four-fold industrial classification presented in the 1981 Census. In addition to this, the sex-wise population in the 0–6 age-group has also, been included in PCA for the first time with a view to enabling data users to compute more realistic literacy rate as all children below 7 years of Age have been treated as illiterates at the time of the 1991 Census. It is expected that the above mentioned modifications will help the planners in chalking out more effective developmental programmes.

One of the most important innovations in the 1991 Census is the Community Development Block-level presentation of data in the Village Directory and PCA instead of the traditional Tahasil/Taluk/PS level presen-tation. It is expected that the presentation of village Directory and PCA data at C.D. Block level will help the planners in formulation of micro-level developmental plans, as the C.D. Block is the lowest administrative unit for developmental planning.

In order to facilitate the task of administrators, planners and researchers intending to use Village Directory/PCA data, either from the magnetic tapes/floppies or from the published records, both the computer and manual codes for each village have been provided for the 1991 Census along-with the corresponding codes of 1981.

This publication is a joint venture of the State Govt./UT administration and the Census Organisation. The data have been collected and compiled under the direction of Shri. K. Sampath Kumar, Director of Census Operations, Tamil Nadu, on behalf of the State Govt./UT admi-nistration which has borne the cost of printing. The task of planning,

designing and co-ordination of the publication was initiated by Dr. K. P. Ittaman, former Deputy Register General (Social Studies) and Shri M.M. Dua, Joint Director. For the sake of uniformity in presentation of information/data and for preparation of analytical note depicting the sailent features emerging from a micro-level analysis of Census/non-Census data, a model District Census Handbook from each state and Union Territory was thoroughly scrutinised in the Social Studies Division under the guidance of Shri M.K. Jain, the present Deputy Registrar General (S.S.). This talk was carried out by Shri A.K. Singh, Dy. Director who was assisted by Shri. N.S. Soam, Assistant Director and his staff. Technical guidance in the preparation of the maps was initially provided by Dr.B.K. Roy, former Deputy Registrar General (Map) and later by Mrs. Minati Ghosh, the present Deputy Registrar General (Map).

I am thankful to all those who have contributed to this project.

New Delhi

**A.R. NANDA**
***Registrar General, India***

# PREFACE

The District Census Hand Book is the most useful publication for the public, social workers, researchers, academicians, administrators, local bodies and the government officials for various official and non-official purposes. It gives data for the village/ panchayat at the lowest level to the district level including panchayat union/taluk covering demographic, social, economic and cultural aspects. There had been an endeavour to make it as comprehensive as possible, to provide data on various aspects since its inception. The Registrar General, India, in his foreword has kindly traced out the improvements brought out from time to time since 1961 to the latest 1991 Census while the history of the District Census Handbook in this State is narrated in the Introductory Chapter to this volume.

The District census Handbook is a joint venture of the Census Organisation and the State Government of Tamil Nadu. The scope of District Census Handbook has been widely increased and restructured in 1981 to meet the Minimum Needs and Revised Minimum Needs Programmes of the Planning Commission. Broadly keeping up the 1981 main structure, the formats of the Primary Census Abstract have been restructured slightly for the benefit of data users. The nine-fold industrial classification of main-workers as done at the 1961 and 1971 Censuses has been revived instead of the four-fold classification of the 1981 Census. Population in the age-group 0–6 by sex has been given in order to enable computation of realistic literacy rate as all children below 7 years are treated as illiterates. One of the most important innovations of the 1991 Census is the presentation of data at the Community Devlopment Block/Panchayat Union level to help planners in the formulation of micro-level developmental plans at the lowest level of administrative unit. In this State, for developmental planning, the lowest administrative unit is the 'Panchayat Union'. This time, for the benefit of data users the Village Directory and PCA data on the magnetic tapes/floppies or from the published records, the Computer Code as well as the Manual Code as of 1991 Census and the corresponding location code of 1981 Census are given.

The District Census Handbooks are now being published in two parts– viz; Part– A : Village & Town Directory and Part–B : Village and Townwise Primary Census Abstract. The two parts are being published in one volume as Part A & B for smaller districts.

Part-A: Deals with a brief description of the district–its major characteristics in relation to the economic resources like forestry, agriculture, industries, social, cultural, religious and historical aspects apart from certain basis amenities like drinking water,

education, medical, post and telegraphs, market day(s), communications, and if any of these facilities are not available to any village, distance range of the nearest place from where it is available; power supply, approach to the village, nearest town to the village, health and family planning centres, primary health sub-centres and community health workers in the village are presented. Information on approach to village is also provided to identify inaccessible villages in the district. The exhaustive data on infra-structure in relation to amenities available to the Villages and land-use pattern are meant to meet the requirements of 'Micro-level' local area development planning at the lowest administrative unit viz., C.D. Block/Panchayat Union. This is the reason why this time data are being published C.D. Block/Panchayat Union level, instead of the traditional taluk level.

In the Town Directory, information on class of Town, area of the Town, number of households, population and growth rate of population of the town at each of the Census from 1901 to 1991, sex-ratio at the 1971, 1981 and 1991 Censuses, physical aspects of rainfall and minimum and maximum temperatures recorded, distance from State/District Headquarters, nearest city, communication facilities like Railway station, Bus-route, inland navigation, statement on Municipal finance, civic and other amenities like protected water supply, electric connections by type, fire fighting service, road length by type, system of sewerage, number of latrines by type, total population and SC & ST population, medical, educational facilities by type, recreational and Cultural facilities like Stadia, cinema, drama, community hall, Public libraries and reading rooms, adult literacy classes/centres, Working Women's Hostels, three important commodities manufactured, exported and imported; a special table on civic and other amenities available in notified slums in Class-I and Class-II towns have been included with a view to ascertain the availability of basic amenities and to meet the Minimum Needs and Revised Minimum Needs Programme.

Part-B: deals with the Primary Census Abstract for all the villages in the rural areas and ward-wise for urban areas. This time the PCA data like Village and Town Directory data are arranged in C.D. Block/Panchayat Unionwise giving area of the village (in hectares), area of town (in Sq. Kms.), number of occupied residential houses, households, population by sex, Scheduled caste and scheduled tribe population, literates, main workers and there distribution in to nine industrial categories (as against the 4 industrial categories published in 1981), marginal workers, non-workers, and population in the age group 0-6 by sex.

Further, if a village is covering more than one panchayat, break up figures for each Panchayat also are given.

It is hoped that with the modifications now brought out in the Village Directory, Town Directory and PCA and Publication of data C.D. Block/Panchayat Unionwise would go a long way in helping the planners to chalk out more effective developmental programmes at micro-level for local area developmental plans.

In the process of collection of data of this volume, various State and Central Government Departments have extended their kind co-operation particularly with regard to infra-structural amenities for Part-A:Village and Town Directory, History and general features of the district, etc., I convey my grateful thanks to all of them. The PCA data presented in Part-B: of this volume were collected during the Census Operations in February-March, 1991 the reference date being sunrise of 1st March, 1991.

I remain grateful to the Director of Census Operations, Sri. K. Sampath Kumar, who closely guided us in every aspect of this work. He had been a source of strength and inspiration for us. We owe a deep sense of gratitude to him for his kindness in dealing with our practical difficulties, his patient advice and formula of solutions for even small problems which we brought to his attention.

I wish to record my deep sense of gratitude to Late Shri. M. Thangaraju, JDCO, and Shri. Ch. Puranachandra Rao, DDCO for overall direction and guidance to bring out this Publication. I use this opportunity to mention my special thanks to Shri. Gummodi Bapuji, ADCO for scrutinising the draft report and presenting the data with meticulous care and accuracy. I am also thankful to Shri. S.P. Grover, JDCO and Shri. Phool Singh, DDCO, who have also provided overall guidance and supervision during their tenure in this ragard.

Apart from that, Shri. Gummodi Bapuji in-charge of DCH Section took a meticulous care to arrange this volume in a systematic manner with the help of his colleagues S/Shri. A.V. Raman, K. Sambamoorthy, Investigators, P.G. Sankaran, and M. Thangavelu, Statistical Assistants and other section officials. The preparation of maps included in this volume were done under the supervision of Shri. Jogesh Das, Senior Geographer.

In the compilation and processing of Village Directory and Town Directory data, it was ably assisted by Smt. R. Ranibai and Smt. A.M. Mangayarkarasi, Investigators and their assistants, respectively while Shri. K. Sambamoorthy, Investigator is chiefly

responsible for preparing the analytical notes, inset tables, draft write up and arrangement of the matter in order.

The PCA data for the district were processed at the Regional Tabulation Office, Tiruchirapalli under the supervision of Sri. P. Ramaswamy, Regional Deputy Director of Census Operations assisted by Sri G.R. Mukundan, M. Ravi Bharathi, Smt. P. Susheela, R. Vaijayanthi Statistical Assistants and Sri. K. Selladurai A.C who were deputed from this Directorate to the Regional Tabulation Office, Tiruchirapalli.

Finalisation of PCA data Panchayat Unionwise and providing computer codes for Villages were attended to by Sri. R. Lakshminarayanan and Smt. M.V. Rajalakshmi, Investigators and staff of the Census Section. The district and taluk maps in this publication give the administrative units upto village level, the location of Towns and Cities, communication facilities, etc. This time in the taluk map, the boundaries of each of the C.D. Block units, namely, 'Panchayat Unions' have been shown separately to synchronise with the presentation of data presented Panchayat Unionwise.

I convey my grateful thanks to Shri. A.R. Nanda, I.A.S., Registrar General and Census Commissioner, India for the valuable guidance and advice I received from him throughout. I am thankful to Sri. N. Rama Rao, Deputy Registrar General (C&T) who has been a source of strength and constant help and guidance on all technical matters like a 'Ready Reckoner'. I also thank Dr. K.P. Ittaman, former Deputy Registrar General (social studies) and Sri. M.M. Dua, Joint Director, for planning, designing and co-ordinating the formats. I thank Sri M.K. Jain, Deputy Registrar General (S.S.) and Sri A.K. Singh, Deputy Director, Sri N.S. Soam, Assistant Director and his staff for scrutinising and approving the first volume (Periyar Dt) so that it could fitin in the all India pattern from uniformity point of view in the presentation of data and other items. My thanks are also due to Dr. B.K. Roy, former Deputy Registrar General (Map) and Mrs. Minati Ghosh, Deputy Registrar General (Map) for providing technical guidance in the preparation of maps.

The data entry of the Village Directory and Primary Census abstract in the computer had been done at the National informatics Centre (NIC) at Madras, in the shortest possible time. My sincere thanks in this regard are to Shri M. Mohan, Technical Director and Shri. A.N. Sridhar, Scientific Officer of the NIC, Madras.

I have great pleasure in acknowledging the able assistance rendered by the following officials of my office in the preparation of this volume.

# ANALYTICAL NOTE

## Census concepts

### Rural and Urban areas

It is customary to classify a place as rural or urban in every Census and present data separately for rural and urban areas. Urban areas which are specifically defined for Census purposes are determined on the basis of certain demographic and economic criteria. The rest are treated as rural areas. At the 1991 Census, the same criteria adopted for determining the urban areas at the 1981 Census have been continued. The urban areas of 1991 census are:

(a) All places with a Municipality, Corporation or Cantonment board or Notified town area, committee, etc.

(b) All other areas which satisfied the following criteria:

(i) A minimum population of 5,000

(ii) At least 75 per cent of male main workers engaged in non-agricultural and allied activities:

(iii) A population density of atleast 400 per sq. km. (or one thousand per square mile).

The above definition adopted for both 1981 and 1991 Censuses varies slightly from those of 1961 and 1971 Censuses. In the 1961 and 1971 Censuses, the male population engaged in the activities of fishing, logging etc., were treated as engaged in non-agricultural pursuits and hence have been taken into account with those engaged in non-agri-cultural pursuits for applying the test of the 75 per cent non-agricultural workers criteria. But in the 1981 Census as well as in the 1991 Census, they have been treated on par with agricultural activities for applying the test for this criteria. Prior to the 1981 Census, certain places with less than 5,000 population were treated as urban areas on the basis of certain consideration like density, social and historical importance etc., at the discretion of the Director of Census Operations in consultation with the State Government. On the other hand, the tests on demographic and economic criteria were strictly applied at the 1981 and 1991 Censuses and no area was classified as urban area on other considerations.

### Urban Agglomeration

This concept was adopted for the first time in the 1971 Census and continued in the 1981 and 1991 censuses also.

An Urban Agglomeration is a continuous urban spread constituting a city or town and its adjoining urban outgrowths (OG) or two or more physically contiguous towns together with continuous well recognised urban outgrowths, if any, of such towns. In certain cases, large housing colonies, University campuses, port areas, Military camps, etc., etc., would have come up around a city or town but falling out side the statutory limits of the city or town. They may be lying inside the boundaries of a village or villages which are contiguous to the city/town. These villages could not be treated as urban as they do not satisfy the urban criteria. But at the same time the colonies etc., mentioned above deserve to be treated as an integrated urban area. Therefore, all such towns together with their urban outgrowth will have to be treated as one urban unit and called urban Agglomeration. As no outgrowth (OG) as defined above, has been recognised in Tamil Nadu, all the constituent units of urban agglomerations are also independent urban units or towns in the State.

### Census House

A Census house is a building or part of a building having a separate main entrance from the road or common courtyard or staircase etc., used or recognised as a separate unit. It may be occupied or vacant. It may be used for residential or non residential purposes or both.

### Household

A household is a group of persons, who commonly live together and would take their meals from common kitchen, unless the exigencies of work prevented any of them from doing so. There may be a house hold of persons related by blood or a household of unrelated persons or having a mix of both. Examples of households with unrelated members are boarding houses, messes, hostels, residential hotels, rescue homes, jails, ashrams etc. These are called Institutional Households.

### Scheduled Castes/Scheduled Tribes

For the enumeration of Scheduled Castes and Scheduled Tribes in census, the names of Scheduled Castes and Scheduled tribes as recognised in Tamil Nadu based on the Scheduled Castes and Scheduled Tribes orders (Amendment) Act of 1976 (Central Act, 108 of 1976) was followed. The enumerators were instructed to record a person as belonging to Scheduled Caste and Scheduled Tribe provided the name given by the person was found in the list supplied to them.

### Literates

A literate is defined as "a person who can both read and write with understanding in any language". A person who could merely read but cannot write, is not a literate. It is not necessary that a person, to be considered as a literate, must have received any formal education or have passed any minimum educational standard. In the 1991 Census, all children

of the age of 6 years or less are treated as illiterate whereas in the 1981 Census all children of the age of 4 years or less were treated as illiterate.

**Definition of work**

Work may be defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work. It also includes unpaid work on farm or in family enterprise.

**Main workers and Marginal workers**

The dichotomy of worker and non-worker of 1961 and 1971 censuses had been dropped and the trichotomy of main worker, marginal worker and non-worker was introduced in the 1981 census and this has been continued in the 1991 census also. A worker was identified with reference to a reference period preceding the census. The reference period prescribed was one year preceding the date of enumeration. Certain types of work such as agriculture, household industries, like gur making etc. were carried on, either throughout the year or only during certain seasons or part of the year, depending on the local circumstances. In such cases what we were concerned with was the broad time spent during the agricultural season preceding the enumeration. Workers can be full-time workers or marginal workers. If a person had done any work during the reference period and if he had not worked for the major part of the year, i.e., if he had worked for 183 days or more, he was considered to be a full-time worker (Main Worker). If a person had done any work during the reference period and if he had not worked for the major part of the year, i.e., if he had worked for less than 183 days, he was considered to be a marginal worker. Persons who had not participated in any economic activity even for a day during the last one year preceding the day of enumeration were considered as non-workers.

All the main workers had been classified under one of the four main categories in the 1981 census, while in 1991 census, they have been classified under one of the nine industrial categories as was done in 1971 census. They are I. Cultivators (C), II. Agricultural Labourers (AL) III. Live Stock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities, IV. Mining and Quarrying, V(a). Manufacturing, Processing, Servicing and Repairs in Household Industry, V(b). Manufacturing, Processing, Servicing and Repairs in other than Household Industry, VI. Construction, VII. Trade and Commerce, VIII. Transport, Storage and Communication, IX. Other Services.

The definitions of these nine industrial categories of workers are as given below:

**I. Cultivators (C)**

For the purpose of census, a person is considered as Cultivator if he/she is engaged in cultivation of land, owned or taken on lease from Government or from private persons or institutions for payment in money, kind or share. Cultivation includes supervision or direction of cultivation.

**II. Agricultural Labourer (AL)**

A person who works on another person's land for wages in money, kind or share should be regarded as agricultural labourer. He/She has no risk in the cultivation, but he/she merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which he/she works.

**III. Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities**

Persons who were reported as workers in Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities are treated as workers under this category.

**IV. Mining and Quarrying**

Persons who were reported as workers in Mining and Quarrying are treated as workers under this category.

**V(a). Manufacturing, Processing, Servicing and Repairs in Household Industry**

Household industry is defined as an Industry conducted by the head of the household himself/herself and/or by the members of the Household at home or within the village in case of rural areas and within the precincts of the house only in the case of Urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The household industry should not be run on the scale of a registered factory which would qualify to be registered under the Indian Factories Act. Mere selling of food items or other edibles, should not be regarded as household industry.

**V(b). Manufacturing, Processing, Servicing Repairs in other than Household Industry**

Persons reported as workers in household industry other than those mentioned in V(a) were treated as workers in this category.

**VI. Constructions**

Persons working as plumbers, masons, electricians, painters and others engaged in construction work were treated under this category.

**VII. Trade and Commerce**

Persons engaged in work such as wholesale or retail business or trade were treated in this category.

**VIII. Transport, Storage and communications**

Persons who were reported as drivers, conductors, technicians, fitter, welder and other communication workers were treated under this category.

**IX. Other services**

Persons engaged in services other than those mentioned in I to VIII catergories fall under this cate-gory. Workers who could not be classified in any of the above I to VIII categories are treated as those engaged in other services.

**Non-workers**

All persons who have not been treated as workers i.e., persons who have not worked any time at all during the reference period of one year preceding the data of enumeration have been considered as non-workers. Thus, non-workers cover all persons who are engaged in unpaid household duties and who do no other work or have not done any work at all during the last one year, full time students and children attending school, all dependents such as infants or children not attending school or a person permanently disabled from work because of illness or old age, persons retired from service or rentiers, beggars, vagrants etc., convicts in jails or inmates of a penal, mental or charitable institution and all other non-workers not falling under any of the above categories.

**HISTORY OF THE DISTRICT CENSUS HANDBOOK**

After the census of 1951, the Government of India offered to handover to the State Government the Census tables and other data prepared during the Census and suggested that they might be published along with any other useful information relating to each district as separate volume. The State Government accepted the proposal and the first publication of the District Census Handbook was brought out at the cost of the State Government.

The District Census Handbook of 1951 was found to be very useful and it was therefore decided not only to continue the series for the 1961 Census but also to improve on its content so that each district Census Handbook contained certain basic economic data for the smallest administrative unit in the district and be an useful reference book for scholars and other data users.

After the 1971 Census also, the publication of the series of District Census Handbook was continued. The publication of the 1971 District Census Handbook was in three parts, viz., Part-A, Part-B and Part-C. Part-A relating to Village and Town Directory. Part-B relating to Village and Townwise Primary Census Abstract and Part-C comprising District Census Tables and certain administrative statistical tables.

The tradition of bringing out the Census Handbook was continued by the State Government during the 1981 Census also. In this series some individual feature besides restructuring of the formats of the Village Directory had been adopted bearing in mind the requirements of data for the socioeconomic programmes of the Government. The comparability of data with the 1971 census data had also been kept in view.

The present 1991 District Census Handbook will be published in two parts viz., Part-A – Village and Town Directory and Part-B – Village and Townwise Primary Census Abstract.

**SCOPE OF VILLAGE AND TOWN DIRECTORY STATEMENTS AND PRIMARY CENSUS ABSTRACT**

The District Census Handbooks are the only publications which incorporate the data down to the level of a village and level of a town which are constantly referred to by the date users.

The Village Directory Statement gives the list of villages by C.D. Block and for each village the area, no. of households and population, availability of amenities and land use. The information on amenities available in the village includes educational, medical, drinking water, post and telegragph, market, rail/road or other communication facilities and power supply. Land use is shown as area under forests, irrigation, unirrigated land, culturable waste and area not available for cultivation.

Appendix-I gives C.D. Blockwise abstract of educational, medical and other amenities available viz., the number of villages having various levels and types of educational institutions such as middle schools, adult literacy centers, etc., various types of medical institutions such as dispensaries, primary health centres, maternity and child welfare centres, family planning centres, community health workers etc. and the number of such institutions, various types of drinking water sources, such as tap, well, tank, tube-well, river, fountain, canal, etc. post and telegraph offices, bus-stops, railway-station, power supply, etc. and also the number of villages not having such amenities.

Appendix-II gives for each non-municipal town (Census Towns) the area under forest, irrigated and unirrigated land, culturable waste (including gauchar and groves) and area not available for cultivation.

Appendix-III is only the list of villages where no amenities relating to education, medical, drinking water, post and telegraph, communication, power supply and market/hat and public health facilities etc. are available.

Appendix-IV gives the list of villages according to the proportion of SC/ST to the total population by ranges. Part-A of the Appendix gives the villages according to the proportion of SC population. The information is presented by the ranges viz. 0 – 5, 6 –10, 11 –15, 16 –20, 21 – 30 and 31 + percent and above, and Part-B according to the proportion of ST population ranges viz. 0 – 5, 6–15, 16–25, 26–35, 36–50 and 51 + percent and above.

The Town Directory gives important and very useful information like civic and other amenities available in all the towns in the district, statutorily notified as well as non-municipal or census towns. The details relating to each of the towns have been presented in seven statements viz. Statements I toVI and IV-A.

In all the statements except IV - A, the towns are arranged in the alphabetical order for the district. The Town Directory does not cover strictly military areas. It may, however, cover cantonment areas but not strictly military areas or military establishments within the cantonment which are required to be left out. However, basic statistics of the cantonment as a whole have been provided. In the Town Directory, codes have been given for the data on amenities and civic administration for want of space. The relevant explanations for the codes adopted have been given in the beginning of the Town Directory Statements.

The concept of 'urban agglomeration' was introduced for the first time in 1971 replacing the concept of 'town group' of 1961. The concept of Urban Agglomeration has been continued at the 1981 and 1991 censuses also. An Urban Agglomeration may be explained as follows: "It must form a continuous urban spread constituting a town and its adjoining urban outgrowth or two or more physically contiguous towns together with continuous well recognised urban outgrowth, if any, of such towns".

An Urban Agglomeration includes two or more independent census towns. The names of the Towns/Urban Agglomeration have been arranged in the alphabetical order. The particulars of the individual town which constitutes one of the units of agglomeration have not been furnished separately because the particulars have already been furnished, where they occur together under the name of agglomeration. The following remarks have been against such town within brackets:

"(See the name of the main town of the agglomeration)"

By adoption of this method, the reader can get an idea of the particulars of the urban agglomeration in total and also separately.

**Statement I: Status and Growth History**

This statements provides some basic data based on the Primary Census Abstract for the towns and urban agglomerations of 1991 census. For analysing the town directory data at the State level and All India levels some new columns have been introduced in the 1981 census. The new items are:- Class of town, area, number of households, population and growth rate at each census since 1901, density and sex ratio at the 1971, 1981 and 1991 censuses are also provided in this statement. At the 1991 census, a new item – the name of C.D. Block is also provided in the statement.

Class of the towns are presented according to the 1991 census population of the town as follows:

| Population | Class |
|---|---|
| 100,000 and above | I |
| 50,000 to 99,999 | II |
| 20,000 to 49,999 | III |
| 10,000 to 19,999 | IV |
| 5,000 to 9,999 | V |
| Below 5,000 | VI |

**Location Code Number for Towns.**

To distinguish the town from the village, the Location Code Numbers for Towns have been given in Roman Numerals and these numbers have been assigned in a continuous order for the district as a whole. In the present 1991 census, name of C.D. Block has been included with a view to locate the town in the appropriate C.D. Block.

**Statement II: Physical aspects and Location of Towns, 1989**

Under physical aspects, annual rainfall and temperature particulars are furnished. These particulars were obtained from the Commissioner of Statistics, Tamil Nadu, Madras. If the information is not available for any particular town, the nearest town for which it is available is given. For Col. (9), nearest city with population of one lakh and more is furnished according to 1991 census. For the other columns, figures obtained from the Municipal Commissioners and Panchayat Union Commissioners are given. The zero within brackets in columns, 10 and 11 denotes that the referent town itself is enjoying road transport facilities. In column 12, name of the navigable river/canal and its distance is indicated as follows: "Cauvery (R) – 5". In this case, 5 is the distance in kms., of the navigable river Cauvery from the referent town. In brackets 'R' for river and 'C' for canal have been given.

**Statement III: Municipal Finance, 1988–89**

The civic administration status of the town, the receipt through tax, properties and powers, Government grants, loans, advances and other

sources and the expenditure on general administration, public safety, public health, public works, public institutions and other public services are given in this statement. The sources of the receipts and expenditure are furnished in terms of rupees in hundreds.

**Statement IV: Civic and other amenities, 1989**
The civic and other amenities existing in the towns as in the town 1989 are given. The data were obtained from the Municipal Commissioners and Panchayat Union Commissioners of the concerned towns.

**Column-3: Civic administrative status**
It is a new column introduced in this statement to facilitate analysis during the 1981 censes.

**Column-4: Population**
It is also a new column introduced in this statement to measure the amenities in respect of population, based on 1991 census population data.

**Column-5: Scheduled Caste and Scheduled Tribe population**
It is introduced to know the size of the population of the weaker sections of the community in the towns based on 1991 census population data.

In this statement, road length, system of sewerage, number of latrines, method of disposal of night soil, protected water supply (source of supply, system of storage with capacity) and fire fighting service information are also collected from the Municipal Commissioners and Panchayat Union Commissioners.

**Electrification**
In this column electrification particulars were obtained from the Tamil Nadu Electricity Board through the Municipal Commissioners and Panchayat Union commissioners. The details are furnished below:

*i) Domestic connections*
This refers to the number of services given to house for domestic purposes like fans, lighting, etc.

*ii) Industrial connections*
This refers to the numbers of services effected to L.T. (Low Tension) Industries such as workshop, flour mills, oil mills, grinding machines, cotton ginning and engineering industries etc.

*iii) Commercial connections*
This refers to the service given to shops, business houses, public institutions like offices, schools and commercial establishments.

*iv) Road lighting points*
This refers to the number of points of street lights which are maintained by the board and for which consumption charges are paid to the board by respective local bodies. For some panchayats, the number of services effected along has been furnished under street lights and not the points.

*v) Other connections*
This refers to the numbers of services effected for agricultural purposes, huts, public water supply systems, cottage industries etc.

**Statement IV-A: Civic and other amenities, notified slums, 1989**
This is a new statement on civic and other amenities in the notified or recognised slums of Class I and II towns introduced during 1981 census. Generally in cities or towns having slums, the local authority such as Municipality or Municipal Corporation or even the Development Authority notified the recognised slums. Such notifications are linked up with the availability of funds from the State Government for slum clearance.

Name of the slum and the details of the area, population, length of the paved roads, system of sewerage, number of different types of latrines and method of disposal of night soil etc. are given in this statement.

**Statement V: Medical, Educational, Recreational and Cultural facilities, 1989**
In this statement, medical, educational, recreational and cultural facilities of the towns as in 1989 are furnished. The data for educational and medical facilities were obtained from the Municipal Commissioners and Panchayat Union Commissioners for the concerned towns, and from the Director of Secondary Education and Director of Public Health respectively. In medical facilities columns, the number of Hospitals/Dispensaries/ T.B. clinics etc, and number of beds in medical institutions etc. are furnished.

In educational facilities columns, the number of Arts/Science/Commerce collages, Medical collages, Engineering collages and Polytechnics were obtained from the State Education Departments are furnished.

**Column 10: Recognised shorthand, typewriting and other vocational training institutions**
Particulars were obtained from the District Industries Officers and Directorate of Employment and Training Officers. The term, recognised refers to institutes recognised by some statutory authority like Education Department, Commerce Department, Labour Department etc. of the Government or by semi-Government or autonomous bodies, public sector project etc.

**Column 16: Number of working women's hostel with number of seats**
This is a new column introduced during the 1981 census. Consequent on the increase in the employment of women in urban areas the housing

need of working women has been considered as an important subject for study.

Cinema in column 18 refer only to the permanent cinema theaters and do not include the touring cinema.

Column 19: Community Halls have been added in this column as they are fast becoming a common feature of the urban land scope.

**Statement VI: Trade, Commerce, Industry and Banking in 1989**

In this statement, Trade, Commerce, Industry and Banking facilities in the town as in 1989 are furnished. Banking particulars were obtained from the Reserve Bank of India. The information on number of agricultural and non-agricultural credit societies was collected from the Registrar of Co-operative Societies through the Municipal Commissioners and Panchayat Union Commissioners of the concerned towns.

**SCOPE OF PRIMARY CENSUS ABSTRACT**

The Primary Census Abstract as it is called, presents basic data for each village or segment of a village (in cases where such village segments form different panchayats) in the "Villagewise Primary Census Abstract" and for each ward/division of a town in the "Urban Primary Census Abstract". The format of the Primary Census Abstract for the villages and towns in 1991 has been slightly modified as compared to the 1981 Primary Census Abstract.

The Primary Census Abstract gives the details on area, number of occupied residential houses, number of households, total population, population in the age-group 0-6, SC/ST population, literates, total main workers, distribution of main workers by 9 industrial categories, marginal workers and non-workers in respect of each unit with male, female breakup. In 1981, the main workers were classified into four categories whereas in the 1991 Census they are classified into 9 industrial categories as in 1961 and 1971 censuses. For the first time in this Census, the population in the age group 0-6 with sex breakup presented in PCA in order to arrive at effective literacy rate, after excluding such persons as all the persons below seven years are treated as illiterates in this census. The urban/village Primary Census Abstract gives this information for each village and each urban ward. Till 1981 Census, the Primary Census Abstract was presented for each taluk and for each town in a district. But, in the 1991 census, the Primary census Abstract for each CD Block is presented for the first time in the Indian Census. Besides these, separate Primary Census Abstract for Scheduled Castes and Scheduled Tribes which contian similar details as those in the PCA for general population are presented for District/Community Development Block/UA/City/Town.

With a View to enable data users to derive the figures for Panchayat the data are presented for segments of villages also, wherever such segments constitute different Panchayat, the segment wise data have to be used separately or added with the data of some other segment so as to derive panchayat data. For example a revenue village bearing L.C. No 9 constitute two different pachayats, the figures are given separately for each portion of the village constituting these panchayats against L.C. No 9 a/b and 9 b/b. The total figures for the eintire revenue village can be arrived at by adding the figures given against both the segments viz. 9 a/b and 9 b/b. If, instead, the panchayat figures are required, the data for the concerned village segment or segments relating to the panchayats concerned are to be addedup to arrive at the total figures for the respective panchayats. An appendix presented in the case of the Urban Primary Census Abstract gives 1991 population, Scheduled Caste and Scheduled Tribes population for each enumerator block of the town. This may be useful for administrative purposes and such data are also required by urban planners and researchers for conducting special studies in selected blocks.

**Mode of presentation**

At the beginning, the District Primary Census Abstract containing data for District and C.D. Blocks (for Total, Rural, Urban areas) as also towns under each C.D. Blocks and at the end all the towns/U.As in the district are presented. In 1991 Census, the C.D. Blocks is the main unit of presentation of data instead of taluk which was the main unit till 1981 Census. The District PCA is followed by alphabetical list of villages for each C.D. Block in the district. This is followed by Village/Urban PCA. In the Village/Urban PCA, data for the first C.D. Block for total, rural and urban areas separately, followed by data for villages and census towns falling under each C.D. Block are presented. Thereafter, similar data for second, third and subsequent C.D. Blocks in the district are presented. At the end of the last C.D. Block, the Urban PCA containing data at ward level for all the towns and cities besides the data for UAs are presented. In an appendix to the Urban blockwise PCA, the population and Scheduled Castes/Scheduled Tribes figures for each Enumerators Block of every town/city in the district are given. After the appendix to Urban PCA, the Talukwise PCA containing data for the District and each taluk in the district with Total, Rural and Urban breakup is presented, as such data are also sought after. This is followed by two annexures.

Appendix-I contains Details of Community Development Blocks falling under each taluk and Appendix-II contains names of the villages/segment of villages constituting each town in the district.

**Maps**

Apart from the District Map given as frontispiece, maps for each taluks showing the villages their 1991 Location Code numbers and their boundaries are presented. The boundaries of the C.D. Blocks falling in the taluks are also shown. As compared with the maps presented in 1971 and 1981 District Census Handbook, some improvements have been effected in the maps presented in this volume. All towns are shown in the district and taluk maps with shading screens and also spheres according to the population size of towns.

**Area figures**

In the District Primary Census Abstract, the area figures are given in square kilometers for total, rural and urban areas. In the villagewise Primary Census Abstract the area figures for each revenue village are given in hectares upto two decimals. The area figures for each town is given in Sq.Km in the Urban Primary Census Abstract. In the District Primary Census Abstract the area figures of the district total represent the "Geographical Area" figures supplied by the Surveyor General of India. Figures for urban areas and villages are those supplied by the local bodies and revenue authorities. The total of the urban (area) of a district has been arrived at by adding the urban area figures of each town within the district. Area figures for the rural areas of district are derived by subtracting the urban area figures from the total area of the district. The area figures of each C.D. Block represent the area figures that are published in the concerned departmental publication of the State Government. The area figures of the C.D. Blocks will not add up to the district area figures because, the C.D. Block area figures represent the "Land use" area, while those of the district represent "Geographical Area", supplied by the Surveyor General of India. The total of the village areas given in the Village/Urban Primary Census Abstract may not tally with the rural area of the C.D. Block given, as the C.D. Block area figuresw include hills, forests, rivers etc. whereas the village area may not include the same. One sq.km consist of 100 hectares.

It is hoped that the pattern of presentation of basic census particulars for each district as explained above and adopted in this volume would be found convenient by data users.

**Part - A & B**

**Brief analysis of the Village / Town Directory and Primary Census Abstract data.**

A brief analysis relating to certain population characteristics is made utilising the information collected in the village and town directory and the census data in the PCA. A number of tables have been generated for this purpose. The tables are generated at the district/C.D. Block level for the rural areas and in regard to urban areas, townwise particulars are presented.

# PUDUKKOTTAI DISTRICT – AN OUTLINE

## Introduction

Pudukkottai is one of the new districts formed after the 1971 Census on 14th January 1974. It is one of the small districts of Tamil Nadu with an area of 4651 Sq.Kms. The district lies between 78.25' degree to 79.15' degree of the eastern longitude and 9.50' degree to 10.40' degree of the northern latitude. This district is bounded by Tiruchirappalli a major industrial district in the north, the district of Thanjavur the granary of Tamil Nadu in the northeast Bay of Bengal in the east and Ramanathapuram in the South. It has a population of 1,327,148 as per 1991 Census.

It bears the imprint of the reigns of the great Chola, Pallava and Pandya dynasties which shaped the destiny of the south during the early and medieval periods. It has a coastline of about 39 Kms.

### Etymology of the Name

Pudu is derived from a word in the Tamil meaning "New" while Kottai is "fort", Pudukkottai, therefore, means new fort. The name is suggestive of dynastic change and the founding of new Kingdom on the remains of old ones.

### Political, Historical Origin

Pudukkottai was formerly one of the princely states of India with all sovereign powers it was reigned by the Maharajah of Pudukkottai. Pudukkottai State comprised of three Taluks viz. Alangudi, Tirumayam and Kulattur with its headquarters at Pudukkottai. The Vellar river, 8 kms from Pudukkottai towards the south was the southern natural boundary of Chola kingdom and the northern boundary of Pandian kingdom with glorious memories of valour, chivalry and beauty. Some places in Pudukkottai found place in the ancient Tamil sangam literature like "Agananooru" and "Purananooru". Kodumbalur Oliamamangalam and Edayathur are a few villages of the former PUDUKKOTTAI State referred in the sangam lit-eratures "AGANANOORU" and "PURANANOORU". Before the rule of Pudukkottai State by Thondaiman Kings, Pudukkottai was under the control of the Muslims during the first half of the 15th century, and the Naickers in the middle of the 15th century and till the 17th century of the Moghuls. During the last half of 17th century the Marathas of Thanjavur ruled Pudukkottai area along with their territory in Thanjavur District. When the Naicker kings lost their importance, Pudukkottai came under the suzerainty of the Thondaiman kings. The Thondaiman kings ruled Pudukkottai State till 1948 i.e. before it was merged with the union of the Government of India on 3rd March 1948. The ancient inhabitants of Pudukkottai State are considered to be Kurumbers their descendants are still living in the village of Sellukudy in Pudukkottai taluk, Avanipatti, Vaishinkoil and Thennangudi in Kulattur Taluk. The Roman coins of the 1st century BC detected at Karukkakurichi village in Alangudi taluk leads to an impressive record of flourishing trade with foreign countries even at an early date, of which about 1500 inscriptions and monuments are still available at places like Thirugokarnam, Tirumayam, Kudumiyanmalai, Malayakoil, Sittannavasal and Northamalai. These inscriptions deal with religion, literature, philosophy and ancient Indian medicines.

Pudukkottai and its neighbourhood were first inhabited by hunters and sheep rearers and then followed by the agricultural class of Vellalars and Kallars.

Its earliest and most common language spoken by the people was TAMIL. Besides are domiciled languages like KANNADA spoken by Kurumbars and Sowrashtra by silk weaving PATNULS or Sowrashtras.

Pudukkottai is known for its architecture. This is found pervasive in all religious monuments of Hindu, Jain, Islam and Christian religion.

Pudukkottai thus with its ornate temples, has become the matrix of music art and culture.

Pudukkottai has for several centuries been a seat of music and dance. A number of rulers of the Thondaiman dynasty were connoisseurs of the fine arts. Vijayaraghunatha Raja Thondaiman was himself an accomplished musician and composer. Even Saint Thiagaraja is believed to have come to the court during his boyhood with his guru Sonti Venkataramanayya, and to have sung there.

Pudukkottai District can boast of a large number of ancient temples with antique marvels. One of them situated seven Kms. of Pudukkottai on the Alangudi Road is the Ardhanareeswarar temple in Thiruvarankulam. Arankulanathar a lingam that is supposed to have appeared on its own - swayambu is found in the temple.

The goddess here is Periyanayaki (Brahadambal) and the temple has the biggest gopuram in Pudukkottai District. The sanctum sanctorium with the Vimanam was constructed by the later Cholas. The Dakshinamoorthy idol in the southern prakaram holds an arrow in the hand and hence the lord is considered as Tirupuranthakamurthy.

On the north there is the Brahma idol and on the west, the Lingothsavamurthy idol. The sanctum-

sanctorium, arthamandapam and Mahamandapam were all built during the same period. The inscriptions around the sanctum sanctorium speak about the regime of Kulothunga Chola-III.

There is a 100 pillar hall inside the temple adjoining the mahamandapam and on the southern wall of this 100 pillar hall, are chiselled the figures of the 63 Nayanmars. The shrines of Ganesh, Lakshmi, Subramanyar, Bairavar and Soorya can be seen inside the 100 pillar hall.

A long mandapam links the rajagoupuram and a second gopuram behind it. The later was built by Gangai Arayargal.

In this mandapam called Nakshatra mandapam statuettes of the donors, the Vallanattu chettiars and the chieftains who contributed to the temple endowments can be seen.

On the north of this Nakshatramandapam there is the Sabamandapam used for performance of dance during the temple festival and hence referred to as Natyamandapam too. The Amman shrine is believed to have been built by Kavundayaperumal, wife of the Piranmaali chieftain Nijatharaja.

The Rajagopuram of the temple was built by a Pandya king. A Telugu inscription on the wall of the Rajagopuram refers to the Kumbabhishekam performed by the Raja Ramachandra Thondaiman. The temple has as many as 65 inscriptions and these inscriptions tell us about the periods of Kulothunga III Semappilayar. The names of the Pandya Dynasty II. The Vijayanagaram kings Nayak Vijayapalayathevar, Aranthangi Thondaiman Chieftains, Vaithur-Perungalur Pallavarayans and Pudukkottai rulers are also found in them. These inscriptions contain all information about the lands owned by the temple, the jewels donated to the temple and the festivals conducted here.

One inscription dating back to 13th century speaks about the village panchayats and the grama sabha of Thiruvarankulam meeting inside the temple to dispose of several village disputes.

An inscription states that iron ore was melted in Thiruvarankulam to make weapons. It also had an armoury of its own.

The Sthalapuranam traces the events that led to the construction of the temple. A saint in penance found a hunter's wife stranded in the thick of the forest. He took pity on her and led her back to her husband. Reciprocating the gesture of the saint and to show his deep sense of gratitude the hunter offered nuts and fruits to the saint daily for his lunch. In appreciation of the religious faith the hunter showed to him, the saint, with his occult powers created a palmyrah tree enroute. The hunter's habitat and made the tree yield a golden palm to the hunter everyday.

But to their surprise and awe they saw a boy carrying milk lump against stonelike object in the forest and accidentally douse the lingam below the earth, with the milk. The milkman out of curiosity removed the earth and found to his dismay a beautiful lingam below, with blood oozing out from it. When this information reached the king he decided to construct a temple on the place where the lingam was discovered. Meanwhile facing retribution at the hands of god the trader himself offered to construct the temple and did so from the golden palm fruits he got from the hunter.

Three thousand golden fruits still remained and the trader buried them.

Natyasastra, an ancient book on theatre written by Bharata, lists out 108 Karanas under the title Tandava Lakshana. Among these 108 Karanas, Lalita occupies the 33rd place.

Here Siva is seen performing the Karana standing over the Mayalaka in Mandala Sthana. His right foot is planted firmly on the back of the crushed dwarf in Parsva and this left foot is in Kattita. The hands behind carry the Damaram and the fire pan, whereas the hands in front are in Alihanga and in Gajahasta. The neatly arranged Jata Makunta and the jewellery adorning this neck, arms, wrists and the feet and so this beauty. The ears have a Mahara Kundala on the right side and Patra Kundala on the left side. His slender figure with the half turned face and reamy eyes presents an elegant posture. They speak about the age of this State to that of Buddha i.e. 200 B.C. Thus it will go to show that Pudukkottai State is an ancient kingdom in Tamil Nadu.

There were so many dynasties of people who lived in this State under KALLA community which is the predominent community of this place. They were in 7 groups under various sects with their own group leaders called

1) Sammattiar 2) Kadambarayar

3) Malavarayar 4) Kongurayar

5) Kalingarayar 6) Achudarayar

7) Kummuttarayar

The area ruled by these people was called "KANADU" and the other area ruled by " VANATHIRAYAR " was called "KONADU". There existed rivalries and squabbles between one group and another between the Kallars and Maravars. Lastly the Kallars seized the suzerainty of Pudukkottai State from 1426 A.D. Pudukkottai State was called "THONDAIMAN PUDUKKOTTAI" to differentiate this place from another Pudukkottai called "MARAVAN PUDUKKOTTAI" or "THENNAMARAYAN PUDUKKOTTAI" which formed part in between Manamadurai and Kalayarkoil. One

Kilavan Sethupathy, a Marava king was ruling a vast area comprising places like Madurai, Ramanathapuram, Tirunelveli, Pudukkottai etc. This Kilavan Sethupathi gave his daughter in marriage to one Thondaiman of Pudukkottai and gave this Pudukkottai State to his daughter as "Seedhanam".

Pudukkottai was also known as "KALASA MANGALAM". Pudukkottai was under the continuous reign of Thondaiman kings from 1686 AD to 1948 AD. During the rule of Marthanda Bairava Thondaiman (1886 to 1894 AD) Pudukkottai attained all its suzerainty as a separate kingdom. During 18th century when the English and the French Government were fighting hard to establish their suzerainty in India, the Moghuls and the Marathas were fighting on the other. This Thondaiman sided the Moghuls and English. The Moghuls and the English helped the Thondaiman kings and allowed them to rule their territory as tax free region. Some parts of Thanjavur viz. KILANILAKOTTAI in Tirumayam Taluk was given to the Thondaiman kings as gift from Thanjavur rulers. The Thondaiman kings helped the English during the war at Madras and Chengalpattu.

Kattabomman and his brother Umai Thurai were against the English rule in 1799 AD. The Thondaiman king captured 5 (five) persons including these two who were against the imperialism.

As a reward for this venture the Thondaiman kings were praised and presented with rewards by the English. There were certain disturbances for the smooth ruling by the Thondaiman kings at the places like Virachilai and Kudumiyamalai. The English officers interfered and settled the issue.

Major Black Burn has been a guide and adviser to the Thondaiman kings for some more years. There was a devastating inferno in 1812 A.D. in Pudukkottai town. Consequently Pudukkottai town was newly formed with regular street crossing each other and with intersections and with all conveniences and beautifications. In 1822 itself some inspection bungalows were constructed for the stay of the administrators at places like Adanakottai and Viralimalai. In 1884 AD. the Emperor of India and the king of England presented an important reward with dignity "His Highness" to the Rajah of Pudukkottai. Puddukkottai was very ably administered by the kings of Pudukkottai, last of whom is H.H. Raja Rajagopala Thondaiman.

The departments were divided into Police, Revenue, Village administration, Town administration, Jail department, Post and Telegraphs, Building Admn., Public works Admn. Forest Department and Judiciary etc. for easy administration. Formerly there were 5 (five) taluks for Pudukkottai State viz. Alangudi, Tirumayam, Kulattur, Perumanadu and Kavinadu. Later Perumanadu and Kavinadu taluks were abolished and the residuary Alangudi, Tirumayam and Kulattur Taluks were in existence till 1948.

Pudukkottai is renowned for its able and clean administration though it was a small State. In 1883 AD an High School exclusively for girls was established at Pudukkottai, weekly shandy is also an important one sprung up in 1884. People from all walks of life would flock for this shandy.

The post of "Dewan" was also sanctioned in 1885 AD. with a view to assist, the administrator and the Rajah. Thiru Seshayah Shastri took charge as Dewan of Pudukkottai in 1878 AD. who was instrumental for the formation of Pudukkottai town as model town.

A "Representative Assemble" consisting of 30 members was established in 1902 to hear the grievances from public. Irrigational facilities, agricultural improvements, revenue administration, educational reformation and Jamabhandi are the salient features of the administration of Pudukkottai.

A museum was established in Pudukkottai town in 1909 AD. In the year 1913 AD during the silver jubilee of the Rajah Marthanda Bairava Thondaiman, a hospital and a municipality were established in Pudukkottai town. Free education was also introduced in all elementary schools. Today's palatial buildings sprang up only during this period. Thiru Vijaya Raghunatha Durai Raja is known for his able administration.

Kallar community was dominating in Kulattur Taluk, Udayars in Alangudi taluk and Nattukottai Chettiars in Tirumayam taluk. The Thondaiman king of Pudukkottai was instrumental for the establishment of Tamil Sangam here. The area of this Pudukkottai was 86 kms east to west and 66 kms south to north.

There are small mountains and hillocks in Pudukkottai. There are jungle rivers viz., Vellar, Kundar, Pambaru, Anganana Vimochaniaru, Uyyakondanaru, Ambuliaru, Koraiaru, Sooraiyaru, Manimutharu. All the 5843 tanks in the State would get filled up during rainy season through the Kalingula system, so as to have perennial water supply for cultivation. There are mountains and hillocks at Viralimalai, Narthamalai, Kudumiyamalai, Thirugokarnam, Kunnandarkovil etc. This State was surrounded by forests on all sides which served not only as boundaries but also the sporting ground for the kings.

Sir Alexander Tottenham was the administrator of Pudukkottai from 1934 - 1946, who was well known for his able administration "DISTRICT OFFICE MANUAL" is an excellent compilation by him being followed throughout Tamil Nadu.

Now after the formation of Pudukkottai District as a separate one along with the residuary Taluks of Tiruchi District viz. Alangudi, Kulattur, and Tirumayam, the Taluks of Gandarvakottai, Arantangi, and Avadaiyarkoil have been taken from Thanjavur District and formed with the new District of Pudukkottai.

Former Pudukkottai sub Taluk has been upgraded into a Taluk. Thus there are now 7 Taluks in Pudukkottai District viz. Pudukkottai, Alangudi, Tirumayam, Kulattur and Gandarvakottai, with the divisional headquarters at Pudukkottai, Arantangi and Avadaiyarkoil taluks are under the divisional headquarters of Arantangi Division.

Pudukkottai is the District headquarters of Pudukkottai district. The Collector's office is now housed in the Palace of the Ex-Raja of Pudukkottai. All other offices such as Revenue Divisional officer's office, District Court and other departmental offices are housed at one public office building. There are 768 revenue villages and 42 revenue firkas in this district. There are 13 panchayat unions in this district.

Pudukkottai district was formed on 14th January, 1974. Thus Pudukkottai as an administrative unit is of only recent origin. Ever since the merger of Pudukkottai State with the then Madras Presidency in 1948 the local people were clamouring for separate district with Pudukkottai as its headquarters. The following areas comprise the newly formed district.

1. Pudukkottai revenue division in Tiruchirappalli district viz., ex-Pudukkottai State area covered by the resettlement notification issued in G.O.Ms.No.2254 Rev.dt.25th May 1962.

2. Arantangi taluk including Avadaiyarkoil sub-taluk Gandarvakottai and Kallakkottai firkas in Orathanadu taluk and 9 villages in Peravurani taluk of Thanjavur district (comprised in the erstwhile Sendangudi zamin). The following table will reveal the Revenue pattern of the district.

| District | Name of the Revenue Division | Taluks | Firkas |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| Pudukkottai | Pudukkottai | Kulattur | Viralimalai<br>Nirpalani |
| | | | Kunnandarkoil<br>Keeranur |
| | | | Narthamalai<br>Kudumiyamalai<br>Iluppur |
| | | Alangudi | Alangudi<br>Karambakudi<br>Malaiyur<br>Vellanadu<br>Keeramangalam |
| | | Pudukkottai | Pudukkottai<br>Varappur<br>Gandarvakottai<br>Kallakkottai |
| | | Tirumayam | Keelanilai<br>Sengirai<br>Tirumayam<br>Virachilai<br>Karaiyur<br>Ponnamaravati |
| | Arantangi | Arantangi | Arantangi<br>Silathur<br>Arasakulam<br>Athani |
| | | Avadaiyarkoil | Manalmelkudi<br>Ponbetty<br>Meemisal<br>AvadaiyarKovil |

When the district was formed Pudukkottai had only 5 main taluks for its administrative and revenue purposes as mentioned above and it was found convenient to form the sub-taluk of Avadaiyarkovil which was functioning under Arantangi taluk.

As an independent taluk according to the G.O. of Revenue department Ms.No.1454, dt.4th July 1979. Thus the number of taluks in the district increased to 6 as on 4th July 1979 with the addition of Avadaiyarkovil taluk. This has been further increased to 7 with the addition of Gandarvakottai which was functioning as a sub-taluk of Pudukkottai taluk as an independent taluk of the district as ordered by the Government in G.O.Ms.No.1570, dt.13th July 1981 as full fledged taluk.

The district has 6 Assembly constituencies of which one constituency viz.Kulattur is reserved for S.C. There is one Parliamentary constituency consisting of 5 assembly constituencies from Pudukkottai district and one Assembly constituency viz., Pattukkottai from neighbouring Thanjavur district. The remaining one Assembly constituency of Tirumayam is included in Sivaganga Parliamentary constituency of Ramanathapuram district.

## Soil

The soil of the district can be classified into three main groups viz. (1) Regar (2) Red ferruginous and (3) Arena or sandy. Regar is found in the wet fields of Tirumayam and Kulattur taluks and at scattered places in Alangudi taluk. Red soils are as fertile as regar. Alangudi, Pudukkottai and Arantangi taluks have red soils in which unirrigated groundnut, varagu, ragi, etc. could be raised. Irrigation has made it possible to raise some paddy also.

In Tirumayam taluk especially the sedimentary rocks are covered by a capping of hard laterite. This hard laterite forms a poor soil and hence large tracts are left barren unfit for cultivation. Near Gandarvakottai on the Pudukkottai border are found Cuddalore sand stones, hard heavy sand stones, overlaid by gritty varieties of the same rock having different colours like mottled pale purple yellow and rusty red.

## Climate and rainfall

The climate of the District is hot and dry except in the coastal area where the heat is contained to some extent by sea breeze. January and February form a pleasant period with warm days and cool nights. But by the close of February, the climate becomes rather swethe mercury is on the upward trend reaching its peak by the end of May or early June.

Occasional rainfall during this period seldom affects the temperature. During October, with the onset of North East Monsoon the temperature recedes.

Rainfall in Pudukkottai is scanty compared to copious rainfall in the adjoining districts. It gets heavy rain from North East Monsoon. The rainy season falls in four groups:

| | | | |
|---|---|---|---|
| 1. Winter | From January | to | February |
| 2. Summer | From March | to | May |
| 3. South West Monsoon | From June | to | September |
| 4. North East Monsoon | From October | to | December |

RAINFALL CONDITIONS OF PUDUKKOTTAI

| Sl No | District | Annual Average rain fall Jan-Dec in MM Normal | Rain fall in winter Jan-Feb. in MM | | | Rain fall summer in MM March-May | | Rain fall South-west Monsoon June-Sep. in MM | | Rain fall North-East Monsoon in in MM Oct-Dec. | | Onset of South-West Monsoon | Onset of North-East Monsoon |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | Normal | '90 | '91 | Normal | 1990 | Normal | 1990 | Normal | 1990 | | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 |
| 1 | Puduk-kottai | 910.8 | 52.0 | 96.9 | 33.8 | 117.6 | 83.4 | 342.4 | 224.9 | 398.8 | 243.8 | May-June | Oct-Nov |

### Rivers

The rivers of the district are only jungle streams that remain dry throughout the year. However, mention may be made of VELLAR river which raises in the Velamalai in the Marungapuri tract to the west of the district and falls into the Bay of Bengal to the north of Manalmelkudi in the Arantangi taluk. Pambar river which passes through Tirumayam taluk and Koraiyar river to the west of Rajagiri and the east of Kattalur in the Kulattur Taluk. There are smaller rivers like Agniyar, Uyyakondan, Ambuliyar, Sariyar and Manimuttar.

### Mineral and Mining

There are no mineral deposits worth mentioning in the entire area of the district. However, a narrow belt of good grade feldspar and quartz is reported to be available in Kulattur Taluk. Pink granite deposit is reported to be available in Poonamaravati area of Tirumayam Taluk. Reserves of limestone are also available plenty in Adhanakottai area of Alangudi Taluk.

**Electricity and Power**
Pudukkottai district is one of the few districts in the country, where all the villages (745) and towns (7) have been electrified. The average power consumption is 42.91 million units in the district which draws power from the Mettur Power House. 2413 hamlets have been energized. 1055 Adi Dravidar colonies have also been energized.

**Land and Land use Pattern**
Half of the total geographical area of the district is being utilized for cultivation and the net area sown is 209,424 hectares.
Weather beaten and poorly endowed Pudukkottai has been officially declared a backward district. This district was under princely rule for a long time. This period no doubt witnessed peace but the area had to remain in isolation, a factor inimical to development.

**Forestry**
The total area under forest is about 23,999 hectares. The percentage of forests to the total area is 5.1. Forests are mostly found in Poonamaravati and Tirumayam blocks of the district. Eucalyptus, cashew, pulp and fuel wood are the chief products from the forests.

**Irrigation**
The gross area irrigated is 119,808 hectares including 10,884 hectares irrigated more than once. Source of irrigation for this area is the Cauvery river project canal. The remaining area of the district is dependent entirely on monsoon. There are about 5265 irrigation tanks which cover an area of 85667 hectares. There are also 27 Government Canals having a length of 77 Kms.
The net area irrigated by these canals is 11837 hectares. There are about 179 tube wells and 48058 ordinary wells in this district.
Thiruvarankulam, Arimalam, Gandarvakottai, Pudukkottai, Arantangi and Avadaiyarkoil blocks are better placed in respect of availability of ground water resources.

**Agriculture**
Pudukkottai's hard earth has called for deep ploughing. The scarcity of water has necessitated broadcast sowing.
Agriculture is the chief occupation of the people in the district. The important food crops grown in the district are paddy, varagu, ragi, maize and Cholam. The important commercial crops grown are groundnut and sugarcane, Jackfruits are grown extensively in Karambakudi and Thiruvarankulam blocks, and mangoes in Arimalam block. Palmyrah palms grow aplenty in the district, particularly in Arantangi taluk.

**Trade and Commerce**
Into Pudukkottai, a land of modest production and consequently, poor incomes and savings - came the Nattukkottai Chettiars centuries ago. Money-spinners of great dexterity, they advanced credit to Pudukkottai agricultural and artisan classes. With their growing wealth they financed the building of temples and extended patronage to literature and arts: The Nattukkottai Chettiars constitute today one of the foremost non-banking financial intermediaries of the district.

**Animal Husbandry**
The Cattle wealth of a district is of paramount importance to improve its agricultural resources. The important subsidiary activities carried on by the cultivators and agricultural labourers are dairying, tending sheep and poultry.

**Livestock Resources**

The aggregate population of cattle and buffaloes is 6 lakhs of which cattle account for nearly 80 percent. One disturbing feature however, has been the phenomenal increase in the stray and scrub cattle population in both categories.

Research programmes now underway in the district livestock farm will help in removing the quality of local stock of cattle sheep, goat, pigs, and poultry birds.

There are 17 veterinary dispensaries 120 key village centres and 81 veterinary sub-centre besides the veterinary hospital in the district. The district has two poultry extension centres situated at Tiruvarankulam and Machuwadi. There is also a bull station which supplies semen to the veterinary institutions for carrying out the artificial insemination work.

**Dairy Farming**

Dairying is one of the major subsidiary occupations which offers immense scope for development in the district. Alangudi, Tirumayam and part of Kuluttur Taluks are important potential areas for development. The pastures available in many blocks offers good scope for this activity.

There are about 31 milk supply co-operative societies which are affiliated to Pudukkottai milk supply co-operative union of which 21 societies are functioning and supplying milk to the union in the district. In contrast to the heavy demand of 56,000 litres per day, the total production of milk in the district is around 12,500 litres per day. As such dairy farming has a big expansion programme on hand to meet the existing accelerating demand for milk.

**Sheep Rearing**

Sheep rearing in the district is another important subsidiary activity for a large number of small farmers. The cost of maintaining sheep is low. Intensive sheep farming is done in Arantangi, Avadaiyarkoil, Ponnamaravati, Viralimalai, and Tiruvarankulam blocks. Kilkarisal and

Ramanathapuram are the two suitable breeds of sheep for rearing in the district. In contrast to the heavy demand the production of meat per annum is very low being 500 tones.

The skins are exported outside the State. The availability of pastures and forest in Alangudi, Pudukkottai and Arantangi taluks enhance the potential for developing sheep rearing activities. Though this district has a fairly large number of sheep population, scientific sheep farming is not being practised. It is one of the gainful activities which has been steadily promoted since it is quite popular among small farmers, marginal farmers and landless labourers. The Small Farmer Development Agency and Integrated Dry Land Area Development Project operating in the District are popularising sheep rearing activity among small and marginal farmers and have made provision for subsidy to the participating farmers through banks. There is only one tannery at Pudukkottai with a processing capacity of 1000 hides a month.

**Fishery**

The length of coastal line of Pudukkottai District is small when compared to the other coastal districts of Tamil Nadu. There are about 16 major fishing villages situated along its 45 kms long coastline in Arantangi taluk. About 2000 fishermen are actively engaged in fishing. Fishing operation is mostly carried out by country boats numbering about 720. However, in recent years mechanised boats have been introduced and at present about 45 mechanised fishing boats are used by fishermen.

The important fish landing centres are Kottaipattinam, Ammapattinam, Pudupattinam, Muttukkadu, Gopalapattinam, Krishnajipattinam and Kattumavadi. The annual fish catch is estimated to be 6500 tonnes. They are skates, catfish, prawns, mackwels and scienids. The catch is sold at interior markets like Pudukkottai, Arantangi and Avadaiyarkoil Towns etc. About half of the quantity of catch is salted, cured and marketed in the interior markets.

There are 10 marine fisherman's Co-operative societies with 2200 members. Inland fishing is mainly confined to tanks and ponds in Alangudi, Tirumayam and Kulattur taluks. The total quantity of fish caught from these sources is about 200 tonnes annually. The tanks in Pudukkottai District though numerous are connected with one another mostly depend on rain and partly on seasonal streams.

**Transport**

There are no national highways passing through the district. The total length of roads in this district is 3243 kms. comprising 78.10 kms. of State highways, 434.30 kms. of major district roads and 2730.60 kms. of Panchayat roads.

As many as 111 bus routes serve the district of which 19 are town services.

The total length of metre gauge railway line in the district is about 84 kms. with 12 railway stations connecting Pudukkottai town with Tiruchirapalli as also Karaikkudi and Manamadurai in the adjacent Districts. Arantangi is connected with Tiruvarur in the adjacent Thanjavur District. The metre gauge railway line from Madras to Rameswaram runs more or less through the centre of the district, covering the Panchayat unions of Viralimalai, Kunnandarkoil, Annavasal, Tiruvarankulam, Arimalam and Tirumayam. The transport handled by the Railways in the district is very meagre on account of less route length and limited potential for transportation in the hinterland. There are 152 post offices in this District including sub post offices.

**Industries**

The only industrial tradition in Pudukkottai has been handicrafts. Silk weaving, dyeing, zari, perfumery, manufacture of musical instruments bangles earth, stonework, wood carving. Palm bag handiwork, blanket weaving have been practised in the area since decades.

The district is industrially backward and the three taluks viz., Alangudi, Tirumayam and Kulattur had already been declared by the State Government as individually backward area entitling industrial units to be set up there for a Central subsidy of 15% on fixed capital investment. There are six large scale industries in the district as given below :-

1. M/s. Cauvery Spinning and Weaving Mills Ltd., Cauvery Nagar.
2. M/s. Pudukkottai Textile Mills Ltd., Pudukkottai.
3. M/s. Sri Nadiambal Textile Mills Ltd., Arantangi.
4. M/s. Ramachandran Chemicals Ltd., Kiranur.
5. M/s. Sundaram Industries Ltd., Pudukkottai.
6. Government Printing Press, Pudukkottai.

Among the six large scale industries mentioned above, three are located in Pudukkottai itself.

The main small scale industries in are wood based industries, tinkering, fabrication of metal products, printing and binding, manufacture of agricultural implements, manufacture of cement tiles and other cement products, automobile servicing and repairing and safety matches. A few oil and rice mills are concentrated in Alangudi Taluk, Thiruvarankulam and Pudukkottai blocks.

In addition to the small scale industries there are a number of cottage industries prominent among them are pottery, blacksmith, carpentry, small limekilns, small brick kilns, basket making, rope making and synthetic gem cutting.

**Social and Cultural Events**

No major social and cultural events in the District during the decade.

**Places of Religious Historical and Archaeological Importanceincluding Places of Tourist Interest**

**Govenment Museum**
The rare collections is the sections of Geology, Zolology, Painting, Anthropology, Epigraphy and Historical records etc., are very interesting and informatic. The beautiful bronze sculptures of various periods are really attractive pieces of this museum.

**Sittannavasal**
This ancient abode of Jains dating back to the 2nd century B.C. is about 16 kms. from Pudukkottai. It is the oldest uninhabited site in the District. The rock-cut cave temple with its beautiful frescoes and paintings in natural colours as in Ajantha in Maharashtra and stonebeds knovm as Eladipattam, a cave in which the Jain monks were said to have sought refuge in those days are the main attractions. There are a few sculptures of Jain Thirthankaras in the Ardhamandapam and the inner shrine of the cave temple. The ceiling of the Ardhamandapam contains fresco paintings of the 7th Century A.D. Inscriptions of 9th–10th century A.D. are also found in the cave. The cave temple is said to have been excavated in the 7th Century A.D. by the Pallava King Mahendravarman. In the area around Sittannavasal, there are many historical burial sites consisting of kurangupatarai cairns, burial urns and cists etc.

**Kudumiyanmalai**
It is 20 kms. from Pudukkottai. There are beautiful sculptures and thousand pillar hall in the temple. Its importance can be gleaned from the sheer memory as many as 120 inscriptions in the temple complex. The presiding diety is Sikhagiriswarar. The temple is noted for numerous inscriptions, remarkable among them is the one relating to a musical treatise of the Mahendravarma Pallavan who experimented the Sapthaswara in a veena called Parivardini with 8 strings. There is also a rock-cut temple called Melakkoil which was excavated during the time of Mahendravarma Pallavan.

Its name is explained in a local legend as follows:

A temple priest once gave his sweet heart, some flowers intended for divine worships and when the Ruler of the place came unexpectedly to the temple offered him as Prasadam the flowers that was intended for his sweet heart. The Rajah discovered some hair among them and asked the priest how it got there. To conceal his offence the priest asserted that the God himself had natural hair at the same time praying that he might not be proved untruthful. This prayer was heard, and a kudumi or lock of hair miraculously appeared on the lingam. A small protuberance on the linga idol is still shown to the worshipper as the kudumi that originally appeared to save the priest.

**Kodumbalur**
This place also known as Muvarkoil is 36 kms. from Pudukkottai and 42 kms. from Trichy. It was formerly the seat of Irukkuveliers who were related to Cholas. Out of the three shrines of Muvarkoil, only two exist now. These temples were built by Budiviramakesan in the 10th Century A.D. The architecture of this temple is unique among the South Indian temples. The sculptures of Kalarimurthi, Gajasamaharamurthi, Ardhanari and Gangadarmurthi etc. are interesting masterpiecs of art. This place was noted for the production of metal vessels and plates. Nearby is the Muchukundeswarar temple of the early Chola period.

**Viralimalai**
This town lies northwest of Pudukkottai about 40 kms. Throughout the district and even outside, this place is wellknown for the Subramaniar temple on the hill here and is said to exist before 15th century A.D. The principal idol is seated on the peacock with his consorts on either side. Viralimalai has been mentioned in the Tamil book of hymns 'Thiruppugazh'.

**Narthamalai**
This is a place of historical importance and the headquarters of the Muthuraiya chieftains. The earliest structural stone temple, circular in shape, built by the Muthuraiyar and the Vijayalaya Choleeswaram cave temple built by the Vijayalaya Chola, the first king of the later Cholas are located here. The prehistoric burial grounds and the Kadambarmalai temple of this place are also of tourist importance.

**Tirumayam**
This place, a taluk headquarters is 19 kms. from Pudukkottai, the district headquarters. It is one of the 108 Divyashetras sung in the Vaishnavite hymns, Divya Prabhandam. It is also one of the 28 Vaishnava pilgrim centres. The fort, the Siva and Vishnu temples are the tourist attractions here. The famous Vaishnavite saint Thirumangai Alwar is supposed to have lived here before the 10th century. The ruins of an old fort exist here and it is said that the Poligar of Panchalankurichi was imprisoned in this fort before he was handed over to the British by the Tondaiman. The Sengirai forest near this palace is significant, for it is believed that this forest was the abode of the demoness Thadakai who was killed by Sri Rama.

The fort played an important role in the history of Tondaiman rulers of Pudukkottai and the British. The erection of this fort in 1687 AD. is attributed to Sethupathy Vijayaraghunatha Tondaiman, the Sethupathy of Ramnad.

**Avadaiyarkovil**
This place, a taluk Head quarters is 48 kms. from Pudukkottai. This place is noted for sculptures. It

is famous for its Siva temple which is dedicated to God Athmanatha and associated with the Tamil Saint Manickavasagar. The temple is supposed to have been built by this saint whose exquisite image is installed here. The temple is noted for its granite roof work. The sanctum sanctorium is covered with copper plate and is similar to Chidambaram Natarajar temple. A peculiarity in this temple is that it contains no images of the principal deities of Siva and Parvathi and that the worship is done to their pedastals. It is also an important pilgrim centre in South India Pudukkottai and its Unions have a history dating back to ancient times. The extensive prehistoric burial sites close to the town indicate that there was a popular settlement which might have grown into a town of Kalasamangalam.

This town was said to have been built by a Chola king Muchkunda who had his capital at Thirumanur. To the west of Kalasamangalam was Singamangalam. Parts of these two mangalams became the eastern and western halves of modern Pudukkottai.

In 1812 the town was burnt down and rebuilt by Raja Vijaya Raghunatha Thondaiman. The streets were laid out so as to intersect at right angles with the Rajas palace in the centre. In 1813 the town contained three palaces, six terraced houses, 300 tiled houses and 700 thatched houses.

The expansion of the town since its rebuilding in 1812 has been steady and continuous and received considerable impetus during the administration of Sir Sashia Sastriyan (1878-1894). During his time Pudukkottai and other suburbs were built, the streets were relaid, tanks were deepened, cleansed and many public buildings sprang up. The town proper, a densely populated block consists of wide straight streets running east to west and north to south and intersecting one another at right angles.

In the centre is a fort with thick and high ramparts. Within it stands the old palace now no longer used as a place of residence. it now houses a business establishment. Few portions of this fort now exist, as many parts of it have been demolished and shops have sprung up and the majestic view of the fort has been observed now.

Abutting the fort on its eastern side are the temple of Santhananthaswamy and picturesque little Pallavan tank. Outside these run the Rajaveedhi (Raja's Street) probably the best part of the town. Now all Raja Veedhi's formed Bazaar street with business establishments and shops sprung up.

Sri Brihadamba Temple with rock-cut Tank

Tutelary Diety of the Royalty

**Pudukkottai**

Sri Brihadamba - Gokarnesswar temple at Thirugokarnam suburb of Pudukkottai is one of the important temples in the district.

The goddess was the tutelary diety of the erstwhile Pudukkottai Rajas. "Brihadambadas" or servant of Brihadamba. The last ruler of Pudukkottai was Brihadambadas RajaRajagopala Thondaimanbahadur.

Vijayaragunatha Thodaiman who ruled this State between 1789-1870 A.D. was installed as the ruler at first in the Kudumiyamalai temple and afterwards in the temple of Brihadamba at Thirugokarnam. The coronation of Rajamarthanda Bairava Thondaiman and Raja Rajagopala Thondaiman were also held before the sanctum sanctorium of Goddess Brihadamba.

Raja Vijayaraghunatha Thondaiman was a good composer of music and composed five songs imploring the mercy of Goddess Brihadmba. These songs were known as Pancharathnam or the five gems. These songs were sung regularly when the Raja made his prostrations to the deity.

According to the Pudukkottai State manual the rock-cut shrine of Gokarneswara belongs to the Mahendravarman epoch. The linga is massive and cylindrical. The figures of the huge Ganesa on the south wall of the Ardhamandapam and of Gangadareswara on the north wall are typical Pallava sculptures. On the rock face to the south of the cave are figures of the Sapta matrikas, Ganesa and of Virabhadra. The shrine of Goddess Sri Brihadamba seems to be a very late structure probably within the last few centuries.

Within the temple are shrines to Bakulavaneswara in the form of a lingam, Sri Mangalambika and Dakshinamoorthy. On the top rock along with other shrines, an image which is worshipped is "Jvarahareswara" considered to sthalaviriksha is a small image of Sri Sadasiva Brahmendra.

According to sthalapurnam, the celestial kamadhenu happened to arrive late one day at Indra's court. She was banished from heaven and condemned to lead the life of an ordinary cow on earth, until such time as she could expiate her sins by worshipping Gokarnesa. On reaching the earth she was born as "Kabilai" and sought the hermitage of the sage Kapilamuni at Tirugokarnam to worship Gokarnesa.

Kapilamuni suggested to her that she should bring water daily from the Ganga to perform the holy bath to the lord. kapilai agreed. Once, while on her way to Tirugokarnam from the Ganga, Lord Siva, to test her conviction took the form of a tiger and attacked her. The holy cow which had left her calf at the cave of Kapilamuni promised the tiger that it would soon return after fulfilling two obligations- her performance of Sivapooja, and leaving her calf in the custody of the Siva.

The tiger agreed to this proposal. Kapilai on reaching Tirugokarnam led the calf to the temple and prayed to Lord Siva to protect it. Later after

digging the earth with its horn on the northern side and filled it up with a portion of water that it has brought from the Ganga as a permanent arrangement for the holy bath of the lord. The tank which exists now is known as "Kapilathirtham". With the remaining water she performed the bath to Lord Siva and went back to the tiger.

Siva and Parvathi manifested themselves and carried Kamadhenu to heaven. The Lord Gokarnesa is also known as "Vakulesan", and his consort as Brahanayaki, Perianayaki, and Kalyanasundari. The tanks around the temple are known as Kapila,

Mankama, Lakshmi, Brahma and Indratirthams.

Thiruvappur is another suburb. This area was a centre of silk weaving. The dyers of the place prepared sayawesti or pink dhoti which had high reputation but at present their craft had been lost.

Koilpatti is to the north of Thirugokarnam. Originally a straggling hamlet it is now a new suburb of middle class people. According to a legend the man "Ettaraikombu" village deserted enmasse because the local chieftain attempted to outrage one of their girls. The unfortunate girl committed suicide. She is worshipped in a temple built for her at Koilpatti.

The Darga of Hazrat Syed Shah Parhezi Aulia is held in great veneration by the Muslims of the town. Parhezi Aulia, a prince or chieftain of Yemen in Arabia renounced the world and wondered about the countries in South West Asia and atlast came to India to settle in Pudukkottai in the first half of the 18th century. Many miracles were attributed to him. His sanctity attracted the notice of the Thondaiman ruler who hold him in high esteem and had a tomb raised in his honour after his death. The tomb to the north of the Nainar-tank is that of Tatcha Bibi a Muslim woman who led an ascetic life. The church of the Sacred Heart of Jesus and of the immaculate Heart Mary an elegant and spacious edifice east of Marthandapuram is the principal church of the Pudukkottai Catholic Parish. The foundation stone was laid in January 1908 and it became the Parish Church in 1922.

The Protestant Church at the north end of the town belongs to the Swedish Mission. It was built in 1905 and consecrated in 1906.

The new palace wherein the Collectorate is being housed now, was designed and built by one Mr. Nilakanta Sastriyar, Special Engineer for Palace construction and later State Engineer.

Public office a two storeyed building accommodates District and Sessions courts and other magistrate Courts with a bar room and library. Many offices of the Revenue Department Government press, the Treasury and Post office function from there.

In front of the public office stands a bronze statue of the late Rajah Sir Marthanda Bhairava Thondaiman bahadur, one of the rulers of the erstwhile state.

**Adanakkottai**

Adanakkottai is a village on the Pudukkottai-Thanjavur Road, 24 kms from Pudukkottai. Those journeying between Pudukkottai and Thanjavur down the years have found in Adanakkottai a convenient resting place enroute.

One set of people taking this road, however, derived no comfort at Adanakkottai. In 1780 and 1781 Hyder Ali had overrun the Tamil Nadu, his irregular cavalry spelling havoc in the tracts through which it pased. Thanjavur had already suffered grievously when the invading horsemen sought to enter the Thondaiman's territories at Adanakkottai. So this villages everlasting credit, it kept the marauders at bay. It did this in two manoeuvres. When the party entered the outskirts of the village, an enterprising Brahmin, Gangadhara, who was a linguist having travelled all over India, accosted the Muslim leader in Hindustani and invited him to partake of a feast that the village would prepare in their honour.

The cavalry exhausted and in hungry sat down for the feast. While doing so a host of Kallars and Odaiyars encircled them. A man concealed himself in the hollow of a tree and shot the commander of Hyder's force dead with an arrow. Panic gripped the invading force which fled quickly when news of the victory of the Thondaiman's forces reached Sir Eyreicoote, the commander in chief who wrote to Thodaiman that "he was gratified beyond measure to hear of the success".

Adanakkottai finds mention in a partially defaced inscription on the walls of a ruined Sasta temple.

Adanakkottai on the fort of Adan's village has been assigned by the Thodaiman's to Brahmins as a inam of which fact the prominent agraharam or Brahmin street today stands a reminder.

**Perungalur**

One of the centres for iron ore smelting in early times, Perungalur is a village on the Pudukkottai-Thanjavur Road. Situated close to the Agniaru or the Perungalur it has also known an active agricultural tradition.

Perungalur was apparently one of the early Vellala settlements in the Konadu. It belonged alternately to the Sethupathy and the Rajas of Thanjavur before being finally integrated in the Thondaiman's country.

Dedicated to Aiyanar, locally called Malayamarungar, this curious temple enjoys a considerable reputation in the area. The deity is believed locally to have come to Perungalur from Malabar and settled in the village temple. The temple priests are, by tradition, Harijans. After the prayers, they distribute prasadam to the pilgrims who consist of men from all castes including significantly Brahmins.

**Porpanaikkottai**

Porpanaikkottai (the gold Palm-fort) is 6.5 kms from Pudukkottai town. The name is said to have derived from a legendary palmyra tree near the fort which is supposed to have yielded golden fruits. Believed to have been built around the 13th century it had fallen into decay by the first quarter of the 16th century. The major part of the fort is now razed to the ground and has given place to farms.
But here and there, the ruins can be seen in ellipsis.

Ponparappinan is the title of a Bana chieftain who ruled these parts (Kudumiyamalai) who was called Viramagadhan and Rana-Devan. The name of this Ponparappinankottai into Ponpanaikkottai (meaning ultimately the fort of golden palmyra.)

**Pallivasal**

The full name of the village is Kattubava-Pallivasal or the tomb of the "forest father". The name is explained by the legend that in the 17th century a Muslim saint of the name Sayyed Fakhruddin Auliya, a native of Arabia belonging to the title of Quiresh, halted near Tirumayam in the course of his wanderings in South India. One day on seeing a group of girls being assaulted in the adjacent forest by a gang of robbers, he intervened and saved their honour. Thus, the name "forest father".

The present shrine which faces south is the gift of Md. Ali Walajah, the nawab of Carnatic; and to the right of it is a mosque. All round the dargah are cloistered halls. Over the tomb is a gummat or dome surrounded by minarets.

Like the famous Dargah at Nagore, Pallivasal is frequented with by Musilims and Hindus and the annual URS is celebrated in the month of Rabhisan.

**Nedungudi**

Nedungudi is a little town of interest on account of a temple it contains, dedicated to Siva in his Kailasanatha aspect. Built on a mound of earth which is just large enough for the temple car to be dragged on it, the temple acquires an importance at festival times.

The temple car (chariot) is the famous Rath of Jagannatha Puri in Orissa. It is from this huge rath and the imagined massacre of large number of devotees immolating themselves beneath its ponderous wheels that the English word juggernaut came into being.

Puri Jagannath's rath is made of phasi wood and rebuilt every two or three years. That is not the way the car of temples in Tamil Nadu is built. It is much more elaborate and artistic temple car built to last and be highly decorative and depictive.

Only certain timbers are used for the car. Woods used are usually the Iluppai and Paila. They are perishable when exposed for years to wind and weather, as the "Ther" usually is.

One of the finest examples of a superbly carved "Ther" I have seen anywhere is the "Ther" of Nedungudi Siva Temple, "observes M. Krishnan in the District Gazetteer of Pudukkottai of 1983."

**Avur**

Avur in the 15th and 16th centuries was a sparsely inhabited spot in the territories of Palayakars of Perambur-Kattalur.

A=Cow; and Ur=village. The place was known as the village of cows because of the large number of wild bulls and cows that came to drink water in an oorani on the outskirts of a jungle here.

Father Robert De Nobili of the Madurai Mission extended its jurisdiction to Tiruchirappalli or Tiruchinapoly as it was then called. Frequent sieges and skirmishes between the Muslims and the Nayaks of Trichinapoly forced Father Emmanuel Martins, the missionary then in charge of Trichinopoly to cast about for a quieter place in which to carry on the Mission's activities. The Perambur-Kattalur Palayakars granted him the site at Avur in 1686.

One of the first missionaries at Avur Father Venantins Bouchet who joined the Madurai Mission in 1688, had ambitious plan for the settlement. The Father was convinced that Avur should become a Christian centre. He made good use of the waste land found around the place with contributions of money from local Christians as well as associated in France and with very little help from the Madurai Mission itself. Bouchet brought the work to completion in 1697. The Tondaimans at Pudukkottai showed the same consideration to the Avur Church which the Kattalur Palayakar had.

The chapel was rebuilt by Father Homem who worked amidst enormous dangers and difficulties. He shifted the site from the old spot selected by Bouchet to a new one about two furlongs to the south east. He started the execution of the new construction on a large scale and much on the same plan as the destroyed church.

The work begun by Fr. Homem was conclued in 1747 by his successors. The chapel seen in Avur today is this monument. Built in the form of a cross, 240 feet in length, 38 feet in width and 28 feet in height, its eight columns support a dome 56 feet above the pavement.

When in 1732 the Nawab of Arcot sent an expedition wing Chanda Saheb to exact tribute from the kingdoms of the south: the Tanjore, Madurai and Pudukkottai tracts were gripped by a general turmoil. The awaiting troops roamed the country side "setting the towns on fire, driving away the cattle and destroying the crops".

The celebrated Tamil scholar Father Constant Joseph Beschi was in temporary charge of the Avur church at this time.

Some soldiers of the Thondaiman, having managed to steal some bullocks from the Mughal army not far from Avur, the Mughal soldiers became furious, and coming to the Missionary required him either to return the bullocks immediately or to surrender himself to them as prisoner. The missionary that had to answer the charge was Rev.Fr.Beschi. As getting the bullocks back was not in his power, he quietly submitted to the alternative proposed by the soldiers.

The infuriated soldiers immediately chained him and led him to their camp amidst insults and menaces, and as they found that their prisoner bore all the illtreatment with unruffled equanimity; they became so exasperated that they had him tied, and stripping him of his clothes exposed him to the midday sun. As soon as this however came to the knowledge of the chief, Chanda Saheb, he issued immediate orders for the prisoners release.

The chief tenderly embraced the missionary and asked him to sit by his side. Then he protested that what had happened to him had been without his knowledge. Having intervened the honour paid to the missionary the soldiers, who, a short while before, had insulted him, began also to do him honour. As a matter of fact, the danger the father had incurred because the occasion of his safety and that of the village.

Avur today is not the centre that Bouchet dreamed it would be. But it brings to mind the services and dedication of a series of missionaries who came to this village from distant Europe in what they believed was their ordained mission.

**TABLE - 1 (A)**

**POPULATION AND NUMBER OF VILLAGES, 1991**

| Sl.No. | Name of C.D. Block | Population of Villages | | | Number of Villages | |
|---|---|---|---|---|---|---|
| | | Persons | Males | Females | Total | Inhabited |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| 1 | Kunnandarkoil | 69,297 | 34,840 | 34,457 | 49 | 49 |
| 2 | Annavasal | 106,066 | 52,987 | 53,079 | 58 | 57 |
| 3 | Viralimalai | 104,909 | 53,078 | 51,831 | 54 | 54 |
| 4 | Gandarvakottai | 68,907 | 34,364 | 34,543 | 35 | 35 |
| 5 | Pudukkottai | 69,301 | 34,665 | 34,636 | 43 | 39 |
| 6 | Thiruvarankulam | 134,834 | 67,483 | 67,351 | 72 | 71 |
| 7 | Karambakudi | 89,992 | 45,149 | 44,843 | 50 | 49 |
| 8 | Tirumayam | 69,687 | 33,973 | 35,714 | 44 | 44 |
| 9 | Ponnamaravati | 79,815 | 38,910 | 40,905 | 49 | 49 |
| 10 | Arimalam | 69,053 | 33,888 | 35,165 | 54 | 53 |
| 11 | Arantangi | 128,080 | 63,706, | 64,374 | 94 | 91 |
| 12 | Manalmelkudi | 73,750 | 36,713 | 37,037 | 72 | 72 |
| 13 | Avadaiyarkovil | 72,954 | 36,330 | 36,624 | 86 | 82 |
| **DISTRICT** | | **1,136,645** | **566,086** | **570,559** | **760** | **745** |

Of all the C.D. Blocks in the district Thiruvarankulam is the only Block having highest population of 134,834 (Males 67,483 and Females 67,351) and Arantangi comes next with population of 128,080 (Males 63,076 and Females 64,374) while Gandarvakottai has the least population of 68,907 (Males 34,364 and Females 34,543).

Arantangi has the largest number of inhabited Villages i.e. 91 while Gandarvakottai has only 35 inhabited Villages.

## TABLE – 1 (B)

## POPULATION AND NUMBER OF TOWNS, 1991

| Sl. No. | Name and Civic administration status of t own | Population | | |
|---|---|---|---|---|
| | | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 |

| 6 | Arantangi | 151,446 | 128,219 | 23,227 | 173,878 | 143,551 | 30,327 | +14.81 | +11.96 | +30.57 | 15.34 | 17.44 |
| 7 | Avadaiyarkoil | 121,842 | 121,842 | — | 140,617 | 140,617 | — | +15.41 | +15.41 | — | — | — |
| | **All Towns** | **1,156,813** | **1,003,145** | **153,668** | **1,327,148** | **1,136,645** | **190,503** | **+14.72** | **+13.31** | **+23.97** | **13.28** | **14.35** |

The above table shows the decadal change in distribution of Population. Except Gandarvakottai and Thirumayam taluks rest of the taluks have shown considerable growth rate. Pudukkottai taluk has got the highest percentage of urban population while least has been recorded in Alangudi taluk. Gandarvakottai and Avadaiyarkovil taluks have no urban population. Percentage of decedal variation (1981-1991) is very high as far as Pudukkottai Taluk is concerned, while the population of Kulattur taluk is the highest in the District with 299,480(P) 280,272(M) 19,208(F) respectively.

## TABLE – 4

## PERCENTAGE DISTRIBUTION OF VILLAGES BY POPULATION RANGES, 1991

| Sl. No. | Name of C.D. Blocks | No. of Inhab-ited villages | No. and percentage of villages in each range (Figures in Parenthesis indicate percentage of villages in each range) | | | | | |
|---|---|---|---|---|---|---|---|---|
| | | | Less than 200 | 200–499 | 500–1,999 | 2,000–4,999 | 5,000–9,999 | 10,000 and above |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |

| 13 | Avadaiyarkovil | 82 | 16<br>(19.51) | 20<br>(24.39) | 40<br>(48.78) | 4<br>(4.88) | 2<br>(2.44) | —<br>— |
| | **District** | **745** | **80**<br>**(10.74)** | **113**<br>**(15.17)** | **357**<br>**(47.92)** | **169**<br>**(22.68)** | **23**<br>**(3.09)** | **3**<br>**(0.40)** |

This table depicts the inhabited villages by population range. Out of 745 inhabited villages 357 are in the range of 500-1,999 followed by 169 villages in the range of 2,000-4,999. Low population ranges of less than 200 and 200-499 have 80 and 113 villages. The thickly population ranges of 5,000-9999 and 10,000 + have 23 and 3 villages respectively.

**TABLE – 5**

**DISTRIBUTION OF VILLAGES BY DENSITY**

| Range of density (per sq.kms) | Total number of villages in each range | Percentage of villages in each density range |
|---|---|---|
| 1 | 2 | 3 |
| 0 – 10 | 2 | 0.27 |
| 11 – 20 | 2 | 0.27 |
| 21 – 50 | 10 | 1.34 |
| 51 – 100 | 51 | 6.85 |
| 101 – 200 | 259 | 34.77 |
| 201 – 300 | 195 | 26.17 |
| 301 – 500 | 145 | 19.46 |
| 501+ | 81 | 10.87 |
| Not known | — | — |
| **Total** | **745** | **100.00** |

This table presents the distribution of villages by density. There are 259 villages in the range of 101-200 while only 2 villages in the range of 0-10 and 11-20 respectively.

**TABLE – 6 (A)**

**SEX RATIO FOR RURAL POPULATION OF C.D. BLOCKS, 1991**

| Sl.No. | Name of C.D.Block | Number of females per 1,000 males |
|---|---|---|
| 1 | 2 | 3 |
| 1 | Kunnandarkoil | 989 |
| 2 | Annavasal | 1,002 |
| 3 | Viralimalai | 977 |
| 4 | Gandarvakottai | 1,005 |
| 5 | Pudukkottai | 999 |
| 6 | Thiruvarankulam | 998 |
| 7 | Karambakudi | 993 |
| 8 | Tirumayam | 1,051 |
| 9 | Ponnamaravati | 1,051 |
| 10 | Arimalam | 1,038 |
| 11 | Arantangi | 1,011 |
| 12 | Manalmelkudi | 1,009 |
| 13 | Avadaiyarkovil | 1,008 |
| **DISTRICT** | | **1,008** |

It will be observed from table 6A, that there are 8 C.D. Blocks in this District having an adverse sex ratio, while that of Viralimalai C.D. Block's sex ratio is 977 females per 1,000 males.

## TABLE – 6 (B)

## SEX RATIO FOR TOWNS, 1991

| Sl No. | Name of civic administration status of town | Number of females per 1000 males |
|---|---|---|
| 1 | 2 | 3 |
| 1 | Alagapuri (VP) | 1,017 |
| 2 | Alangudi (TP) | 998 |
| 3 | Arantangi (M) | 996 |
| 4 | Iluppur (TP) | 1,024 |
| 5 | Kadiapatti (VP) | 1,043 |
| 6 | Kiranur (TP) | 1,004 |
| 7 | Ponnamaravati (TP) | 1,067 |
| 8 | Pudukkottai (VP) | 977 |
| 9 | Pudukkottai (M) | 974 |
| | **All Towns** | **991** |

Adverse sex ratio has been registered in the following Towns as per the above table.

| | |
|---|---|
| 1Alagapuri (VP) | 1,017 |
| 2Iluppur (TP | 1,024 |
| 3Kadiapatti (VP) | 1,043 |
| 4Kiranur (TP) | 1,004 |
| 5Poonamaravati (TP) | 1,067 |

## TABLE – 7

## PROPORTION OF SCHEDULED CASTE POPULATION TO TOTAL POPULATION IN THE VILLAGES

| Percentage range of Scheduled Caste population to total population | Number of villages in each range | Percentage of villages in each range |
|---|---|---|
| 1 | 2 | 3 |
| Nil | 97 | 13.02 |
| 0 5 | 65 | 8.73 |
| 6 10 | 98 | 13.15 |
| 11 15 | 111 | 14.90 |
| 16 20 | 90 | 12.08 |
| 21 30 | 138 | 18.52 |
| 31 and above | 146 | 19.60 |
| **Total** | **745** | **100.00** |

This Table discloses the proportion of Scheduled Caste population to Total population in the villages by ranges. While 97 villages comes under the Nil category the rest of the ranges are fairly represented.

## TABLE - 8

## PROPORTION OF SCHEDULED TRIBE POPULATION TO TOTAL POPULATION IN THE VILLAGES

| Percentage range of Scheduled Tribe population to total population | Number of villages in each range | Percentage of villages in each range |
|---|---|---|
| 1 | 2 | 3 |
| Nil | 717 | 96.24 |
| 0-5 | 28 | 3.76 |
| 6-15 | — | — |
| 16-25 | — | — |
| 26-35 | — | — |
| 36-50 | — | — |
| 51 and above | — | — |
| **Total** | **745** | **100.00** |

This table represents the proportion of Scheduled Tribe population in the villages. Only 28 villages have Scheduled Tribe population in the district which is below 5.

## TABLE - 9

## PERCENTAGE OF SCHEDULED CASTE/SCHEDULED TRIBE POPULATION IN TOWNS, 1991

| Sl. No. | Towns | Total Population | Total Scheduled Caste Population | Total Scheduled Tribe Population | Percentage of Scheduled caste population to total population | Percentage of Scheduled tribe population to total population |
|---|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| 1 | Alagapuri (VP) | 4,026 | 192 | — | 4.77 | — |
| 2 | Alangudi (TP) | 10,882 | 909 | 47 | 8.35 | 0.43 |
| 3 | Arantangi (M) | 30,327 | 1,589 | 156 | 5.24 | 0.51 |
| 4 | Iluppur (TP) | 10,795 | 2,060 | 4 | 19.08 | 0.04 |
| 5 | Kadiapatti (VP) | 4,494 | 930 | — | 20.69 | — |
| 6 | Kiranur (TP) | 8,413 | 855 | 3 | 10.16 | 0.04 |
| 7 | Ponnamaravati (TP) | 11,417 | 402 | 4 | 3.52 | 0.04 |
| 8 | Pudukkottai (VP) | 11,091 | 524 | — | 4.72 | — |
| 9 | Pudukkottai (M) | 99,058 | 9,356 | 139 | 9.45 | 0.14 |
| **All Towns** | | **1,90,503** | **16,817** | **353** | **8.83** | **0.19** |

The table 9 dealing with percentage of Scheduled Caste/Scheduled Tribe population in Towns during 1991 Census. Pudukkottai (M) has recorded the highest growth of Scheduled Caste population with 9,356 for its total population of about a lakh (99,058). The percentage of Scheduled Caste population to total population ranks very high (20.69) in Kadiapatti (TP). It is notable that Kiranur (TP) Ponnamaravati (TP) and Iluppur (TP) have recorded the lowest percentage of Scheduled Tribe population to Total population being 0.04 each.

## TABLE - 10 (A)

### LITERACY RATES BY RURAL POPULATION, 1991
### (Excluding Children in the age group 0 - 6)

| Sl. No. | Name of C.D. Block | Percentage of Literates | | |
|---|---|---|---|---|
| | | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 |
| 1 | Kunnandarkoil | 47.03 | 61.94 | 32.05 |
| 2 | Annavasal | 46.92 | 61.36 | 32.57 |
| 3 | Viralimalai | 46.16 | 61.32 | 30.64 |
| 4 | Gandarvakottai | 46.52 | 61.22 | 32.01 |
| 5 | Pudukkottai | 51.70 | 67.58 | 35.78 |
| 6 | Thiruvarankulam | 63.42 | 78.69 | 48.14 |
| 7 | Karambakudi | 50.76 | 65.27 | 36.17 |
| 8 | Tirumayam | 56.01 | 71.47 | 41.44 |
| 9 | Ponnamaravati | 51.61 | 69.87 | 34.52 |
| 10 | Arimalam | 53.86 | 69.99 | 38.45 |
| 11 | Arantangi | 59.23 | 73.99 | 44.71 |
| 12 | Manalmelkudi | 63.10 | 75.85 | 50.34 |
| 13 | Avadaivarkovil | 56.53 | 70.36 | 42.91 |
| | **Total** | **53.80** | **68.85** | **38.94** |

The figures in this table shows the percentage of literates in the C.D. Blocks coming under this District. Thiruvarankulam C.D. Block has the highest percentage of literates with 63.42% (Males 78.69% and Females 48.14%) while Viralimalai C.D. Block has lowest percentage with 46.16% (Males 61.32% and Females 30.64%).

## TABLE - 10 (B)

### LITERACY RATES FOR TOWNS, 1991
### (Excluding Children in the age group of 0 - 6)

| Sl. No. | Name and Civic administration status of town | Percentage of Literates | | |
|---|---|---|---|---|
| | | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 |
| 1 | Alagapuri (VP) | 75.61 | 86.40 | 64.86 |
| 2 | Alangudi (TP) | 78.50 | 86.64 | 70.29 |
| 3 | Arantangi (M) | 80.36 | 90.43 | 70.27 |
| 4 | Iluppur (TP) | 69.80 | 80.68 | 59.14 |
| 5 | Kadiapatti (VP) | 69.02 | 81.97 | 56.74 |
| 6 | Kiranur (TP) | 77.16 | 86.65 | 67.53 |
| 7 | Ponnamaravati (TP) | 79.69 | 87.20 | 72.79 |
| 8 | Pudukkottai (VP) | 82.52 | 91.49 | 73.46 |
| 9 | Pudukkottai (M) | 82.07 | 89.86 | 74.07 |
| | **All Towns** | **80.14** | **89.82** | **71.40** |

This table deals with percentage of literates for existing Towns during the 1991 Census. It shows the high percentage of literates among men in Pudukkottai (VP) with 91.49% and female literacy in Pudukkotai (M) with 74.07% and also we can find the low percentage among men in Iluppur (TP) with 80.68% and women in Kadiapatti (VP) with 56.74% of literates respectively.

## TABLE – 11 (A)

## PERCENTAGE OF MAIN WORKERS, MARGINAL WORKERS AND NON-WORKERS FOR RURAL POPULATION OF C.D. BLOCKS, 1991.

| Sl. No. | Name of C.D. Block | Percentage of | | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | Main workers to total population | | | Marginal workers to total population | | | Total workers to total population | | | Non-workers to total population | | |
| | | Persons | Males | Females | Persons | Males | Females | Persons | Males | Females | Persons | Males | Females |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 |
| 1 | Kunnandarkoil | 40.97 | 57.53 | 24.22 | 9.41 | 1.05 | 17.86 | 50.38 | 58.58 | 42.08 | 49.62 | 41.42 | 57.92 |
| 2 | Annavasal | 40.93 | 56.27 | 25.62 | 3.25 | 0.51 | 5.99 | 44.18 | 56.78 | 31.61 | 55.82 | 43.22 | 68.39 |
| 3 | Viralimalai | 46.92 | 57.95 | 35.63 | 4.62 | 0.86 | 8.47 | 51.54 | 58.81 | 44.10 | 48.46 | 41.19 | 55.90 |
| 4 | Gandarvakottai | 42.34 | 56.98 | 27.77 | 6.50 | 0.98 | 12.00 | 48.84 | 57.96 | 39.77 | 51.16 | 42.04 | 60.23 |
| 5 | Pudukkottai | 39.95 | 55.37 | 24.52 | 6.41 | 0.88 | 11.95 | 46.36 | 56.25 | 36.47 | 53.64 | 43.75 | 63.53 |
| 6 | Thiruvarankulam | 39.73 | 54.86 | 24.57 | 5.07 | 0.75 | 9.40 | 44.80 | 55.61 | 33.97 | 55.20 | 44.39 | 66.03 |
| 7 | Karambakudi | 39.80 | 55.39 | 24.09 | 6.76 | 0.51 | 13.06 | 46.56 | 55.90 | 37.15 | 53.44 | 44.10 | 62.85 |
| 8 | Tirumayam | 34.80 | 49.62 | 20.70 | 5.85 | 2.00 | 9.51 | 40.65 | 51.62 | 30.21 | 59.35 | 48.38 | 69.79 |
| 9 | Ponnamaravati | 42.80 | 56.07 | 30.19 | 6.56 | 0.57 | 12.26 | 49.36 | 56.64 | 42.45 | 50.64 | 43.36 | 57.55 |
| 10 | Arimalam | 41.09 | 55.60 | 27.12 | 6.93 | 1.72 | 11.94 | 48.02 | 57.32 | 39.06 | 51.98 | 42.68 | 60.94 |
| 11 | Arantangi | 41.63 | 57.51 | 25.90 | 7.61 | 0.38 | 14.77 | 49.24 | 57.89 | 40.67 | 50.76 | 42.11 | 59.33 |
| 12 | Manalmelkudi | 36.22 | 55.96 | 16.65 | 5.14 | 0.32 | 9.92 | 41.36 | 56.28 | 26.57 | 58.64 | 43.72 | 73.43 |
| 13 | Avadaiyarkoil | 38.60 | 55.09 | 22.24 | 7.12 | 0.54 | 13.64 | 45.72 | 55.63 | 35.88 | 54.28 | 44.37 | 64.12 |
| | **Total** | **40.67** | **55.85** | **25.61** | **6.11** | **0.79** | **11.39** | **46.78** | **56.64** | **37.00** | **53.22** | **43.36** | **63.00** |

Table – 11A shows C.D. Blockwise percentage of main workers, marginal workers and Non-workers by sex in Pudukkottai district. The percentage of main workers, marginal workers and non-workers of the district are 40.67, 6.11 and 53.22 respectively. The highest and lowest percentage of Main workers are reported in Viralimalai C.D. Block (46.92%) and Tirumayam C.D. Block (34.80%) respectively. The highest and lowest percentage of Marginal workers are reported in Kunnandarkoil C.D. Block (9.41%) and Annavasal C.D. Block(3.25%) respectively. Regarding Non-workers Tirumayam C.D. Block and Viralimalai C.D. Block have reported the highest (59.35%) and lowest (48.46%) percentage respectively.

## TABLE – 11 (B)

## PERCENTAGE OF MAIN WORKERS, MARGINAL WORKERS AND NON-WORKERS FOR TOWNS, 1991.

| Sl. No. | Name and civic administration status of town | Percentage of | | | | | | | | | | | |

Table 11B furnishes the particulars of Main workers, Marginal Workers and Non-workers for each town in Pudukkottai district. The district averages are 27.65% for Main Workers, 0.49% for Marginal Workers and 70.86% for Non-wokers. Regarding Main Workers the highest and lowest percentages are reported in Iluppur (TP) (35.24%) and Pudukkottai (M) (27.56%). The highest and lowest percentages of Marginal Workers are reported in Iluppur (TP) (1.83%) and Ponnamaravati (TP)(0.02%). While Non-workers Pudukkottai (M) and Iluppur (TP) have reported the highest (72.14%) and lowest (62.93%) respectively.

## TABLE – 12

## DISTRIBUTION OF VILLAGES ACCORDING TO THE AVAILABILITY OF DIFFERENT AMENITIES

| Sl. No. | Name of C.D. Block | No. of inhabited Villages | No. (With percentage) of villages having one or more of the following amenities | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| | | | Educational | Medical | Drinking water | Post and Telegraph | Market/ Hat | Communi-cations | Approach by pucca road | Power Supply |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 |
| 1 | Kunnandarkoil | 49 | 45 (91.84) | 44 (89.80) | 49 (100.00) | 19 (38.78) | 1 (2.04) | 28 (57.14) | 48 (97.96) | 49 (100.00) |
| 2 | Annavasal | 57 | 56 (98.25) | 51 (89.47) | 57 (100.00) | 27 (47.37) | — — | 40 (70.18) | 57 (100.00) | 57 (100.00) |
| 3 | Viralimalai | 54 | 51 (94.44) | 48 (88.89) | 54 (100.00) | 21 (38.89) | 1 (1.85) | 34 (62.96) | 52 (96.30) | 54 (100.00) |
| 4 | Gandarvakottai | 35 | 34 (97.14) | 9 (27.71) | 35 (100.00) | 16 (45.71) | 1 (2.86) | 16 (45.71) | 18 (51.43) | 35 (100.00) |
| 5 | Pudukkottai | 39 | 31 (79.49) | 12 (30.77) | 39 (100.00) | 15 (38.46) | 1 (2.56) | 32 (82.05) | 30 (76.920 | 39 (100.00) |
| 6 | Thiruvarankulam | 71 | 62 (87.32) | 22 (30.99) | 71 (100.00) | 33 (46.48) | 7 (9.86) | 50 (70.42) | 51 (71.83) | 71 (100.00) |
| 7 | Karambakudi | 49 | 48 (97.96) | 21 (42.86) | 49 (100.00) | 16 (32.65) | 6 (12.24) | 17 (34.69) | 31 (63.27) | 49 (100.00) |
| 8 | Tirumayam | 44 | 37 (84.09) | 9 (20.45) | 44 (100.00) | 20 (45.45) | 5 (11.36) | 24 (54.55) | 17 (38.64) | 44 (100.00) |

| 10 | Arimalam | 53 | 36 (67.92) | 14 (26.42) | 53 (100.00) | 22 (41.51) | 6 (11.32) | 30 (55.60) | 27 (50.94) | 53 (100.00) |
| 11 | Arantangi | 91 | 72 (79.12) | 27 (29.67) | 91 (100.00) | 33 (36.26) | 5 (5.49) | 66 (72.53) | 57 (62.64) | 91 (100.00) |

**TABLE – 12 (Contd.)**

| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 |
|---|---|---|---|---|---|---|---|---|---|---|
| 12 | Manalmelkudi | 72 | 45 (62.50) | 11 (15.28) | 72 (100.00) | 19 (26.39) | 2 (2.78) | 33 (45.83) | 32 (44.44) | 72 (100.00) |
| 13 | Avadaiyarkovil | 82 | 58 (70.73) | 9 (10.98) | 82 (100.00) | 18 (21.95) | 4 (4.88) | 30 (36.59) | 35 (42.68) | 82 (100.00) |
| **Total** | | **745** | **621 (83.36)** | **290 (38.93)** | **745 (100.00)** | **284 (38.12)** | **41 (5.50)** | **427 (57.32)** | **477 (64.03)** | **745 (100.00)** |

This table 12 contains the detailed account of the distribution of villages according to the availability of various amenities. All the 745 villages in this district have been electrified and drinking water supply is also available to all the villages.While 9 villages each in Gandarvakottai and Tirumayam C.D. Blocks have medical facilities thus showing 27.71 abd 20.45 percentages respectively. On the whole only 290 villages out of 745 have medical facilities. Thus representing bleak picture of 38.93 percentage. Of the existing 745 villages 477 villages are approachable by pucca roads thus representing 64.03 percentage.

## TABLE – 13

## PROPORTION OF RURAL POPULATION SERVED BY DIFFERENT AMENITIES

| Sl. No. | Name of C.D. Block | Total population of inhabited villages in the C.D. Block | Proportion of rural population served by different amenities of | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| | | | Educational | Medical | Drinking water | Post and Telegraph | Market/ Hat | Communi-cations | Approach by pucca road | Power Supply |

Table - 13 provides C.D Blockwise information about availability of different amenities in proportion to rural population. In Pudukkottai district the whole population avail drinking water and power supply facilities 96.68% avail education facility, 78.93% avail pucca approach road, 75.77% avail communications facility, 63.44% avail post and telegraph services and 59.24% avail medical services in their villages itself. Compared with other amenities the availability of market/hat facility is very poor as only 13.04% of rural population avail such facility. Only Annavasal C.D.Block has availed at the maximum 3 amenities viz., drinking water, approach by pucca road and power supply in cent percent to their rural population.

## TABLE – 14

## DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES, ARRANGED BY DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE.

| Village not having the amenity of | Number of villages where the amenity is not available and available at a distance of | | | |
|---|---|---|---|---|
| | -5 Kms | 5 – 10 Kms | 10+ Kms | Total (Col.2-4) |
| 1 | 2 | 3 | 4 | 5 |
| Education | 121 | 3 | — | 124 |
| Medical | 338 | 92 | 25 | 455 |
| Post & Telegraph | 423 | 37 | 1 | 461 |
| Market/Hat | 361 | 241 | 102 | 704 |
| Communications | 295 | 22 | 1 | 318 |

Table No.14 presents detailed list of distribution of villages not having certain amenities and availability by distance.

## Table – 15

### DISTRIBUTION OF VILLAGES ACCORDING TO THE DISTANCE FROM THE NEAREST TOWN AND AVAILABILITY OF DIFFERENT AMENITIES

| Distance range from the nearest town (in kms) | Number of inhabited villages in each range | Number (with percentage) of villages having the amenity of | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | | Educational | Medical | Drinking water | Post & Telegraph | Market/ Hat | Communications | Approach by pucca road | Power supply |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
| 0 – 5 | 68 | 62 (91.18) | 38 (55.88) | 68 (100.00) | 36 (52.94) | 2 (2.94) | 51 (75.00) | 58 (85.29) | 68 (100.00) |
| 6 – 15 | 255 | 215 (84.31) | 114 (44.71) | 255 (100.00) | 103 (40.39) | 12 (4.71) | 163 (63.92) | 181 (70.98) | 255 (100.00) |
| 16 – 50 | 422 | 344 (81.52) | 138 (32.70) | 422 (100.00) | 145 (34.36) | 27 (6.40) | 213 (50.47) | 238 (56.40) | 422 (100.00) |
| 51+ | Nil | Nil | Nil | Nil | Nil | Nil | Nil | Nil | Nil |
| **Total** | **745** | **621 (83.36)** | **290 (38.93)** | **745 (100.00)** | **284 (38.12)** | **41 (5.50)** | **427 (57.32)** | **477 (64.03)** | **745 (100.00)** |

Table-15 gives information about distribution of villages according to the distance ranges from the nearest town and availability of different amenities. Out of 745 villages in Pudukkottai district, 68 villages have nearest town within 5 Kms and all have drinking water and power supply in cent percent, 255 villages have nearest town between 6 to15 Kms, 422 villages have nearest town between 16 to 50 Kms and all the villages in this range avail the drinking water and power supply facilities respectively. It is seen from the table the villages having nearest town in the distance range of 0-5 Kms avail most of the facilities when compared to other distance range of 6 – 15 Kms and 16 – 50 Kms: respectively.

## TABLE - 16

## DISTRIBUTION OF VILLAGES ACCORDING TO POPULATION RANGE AND AMENITIES AVAILABLE

| Population range | Number of inhabited villages in each range | Number (with percentage) of villages having the amenity of | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | | Educational | Medical | Drinking water | Post & Telegraph | Market/ Hat | Communications | Approach by pucca road | Power supply |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
| 0 - 499 | 193 | 93 (48.17) | 14 (7.25) | 193 (100.00) | 13 (6.74) | 1 (0.52) | 60 (31.09) | 66 (34.20) | 193 (100.00) |
| 500 - 1999 | 357 | 333 (93.28) | 147 (41.18) | 357 (100.00) | 118 (33.05) | 9 (2.52) | 202 (56.58) | 245 (68.63) | 357 (100.00) |
| 2000 - 4999 | 169 | 169 (100.00) | 107 (63.31) | 169 (100.00) | 127 (75.15) | 22 (13.02) | 140 (82.84) | 143 (84.62) | 169 (100.00) |
| 5000 + | 26 | 26 (100.00) | 22 (84.62) | 26 (100.00) | 26 (100.00) | 9 (34.62) | 25 (96.15) | 23 (88.46) | 26 (100.00) |
| **Total** | **745** | **621 (83.36)** | **290 (38.93)** | **745 (100.00)** | **284 (38.12)** | **41 (5.50)** | **427 (57.32)** | **477 (64.03)** | **745 (100.00)** |

This table furnishes the distribution of villages according to the population range and amenities available. Out of 745 inhabited villages, 193 villages have population less than 500. Those 193 villages do have drinking water and power supply facilities whereas, the market facility is meagre which counts to 0.52%. Education facility is in good position, represents 48.17%. Approach by pucca road is 34.20%, communications is 31.09% and medical is 7.25%, post and telegraph is 6.74% respectively. 357 villages come under the population range of 500-1999. In this range also the drinking water facility and power supply facility are cent percent. Next to this is education facility which is 93.28%, approach by pucca road is 68.63%, communications is 56.58%, medical 41.18%, post and telegraph 33.05% and market 2.52%. The 169 villages which falls in the population range of 2000-4999 seems to be more facilitated than others. Education, drinking water and power supply are available in all the villages. Except market/hat facility the other facilities are availed by more than 60% of the villages. The 26 villages which have 5000 and above population have cent percent education, drinking water, post and telegraph and power supply facilities, Similar to the previous range except market/hat facility, the other facilities are availed by more than 80% of the villages. While viewing the district as a whole the market/hat facility is very poor.

**TABLE - 17**

**Distribution of villages According to Land Use**

| Sl. No. | Name of the C.D. Block | No. of inhabited villages | Total area | Percentage of cultivable area to total area | Percentage of irrigated area to total cultivable area |
|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 |
| 1 | Kunnandarkoil | 49 | 37,023.28 | 57.27 | 38.54 |
| 2 | Annavasal | 57 | 44,766.24 | 44.58 | 48.02 |
| 3 | Viralimalai | 54 | 49,521.51 | 47.42 | 34.53 |
| 4 | Gandarvakottai | 35 | 32,026.17 | 66.69 | 35.64 |
| 5 | Pudukkottai | 39 | 27,326.97 | 55.58 | 48.43 |
| 6 | Thiruvarankulam | 71 | 35,942.96 | 64.76 | 46.91 |
| 7 | Karambakudi | 49 | 27,108.06 | 70.24 | 27.09 |
| 8 | Tirumayam | 44 | 28,630.33 | 50.23 | 46.87 |
| 9 | Ponnamaravati | 49 | 33,186.36 | 54.37 | 37.33 |
| 10 | Arimalam | 53 | 28,177.74 | 55.27 | 45.44 |
| 11 | Arantangi | 91 | 39,934.06 | 62.03 | 47.46 |
| 12 | Manalmelkudi | 72 | 25,251.95 | 46.72 | 85.65 |
| 13 | Avadaiyarkovil | 82 | 40,983.15 | 44,03 | 77.51 |
| | **Total** | **745** | **449,878.78** | **54.71** | **46.93** |

Figures set out in this table reflects the distribution of villages according to land use. With 54 inhabited villages, Viralimalai C.D. Block has the maximum total area of 49521.51 hectares of land while Manalmelkudi with 72 inhabited villages has the minimum of 25251.95 hectares of land in the district. Maximum 70.24% and minimum 44.03 percentage of cultivable area to total area of the C.D. Blocks are reported in Karambakudi C.D. Block and Avadaiyarkovil C.D. Block respectively. Likewise percentage of irrigated area to total cultivable area are reported in Manalmelkudi C.D. Block 85.65% and Karambakudi C.D. Block 27.09% respectively. The District's percentage of cultivable area to total area and irrigated area to total cultivable area are 54.71 and 46.93 respectively.

## TABLE - 18

## PER CAPITA RECEIPT & EXPENDITURE IN TOWNS

| 8 | IV Pudukkottai (VP) | 20.06 | 4.78 | 15.28 | 33.02 | 00.48 | — | 27.44 | 4.92 | 0.18 |
| 9 | II Pudukkottai (M) | 156.42 | 46.59 | 109.83 | 168.52 | 22.58 | 46.07 | 13.44 | 5.09 | 81.34 |
| | **All Towns** | **132.97** | **35.57** | **97.40** | **142.11** | **19.72** | **36.13** | **16.49** | **6.46** | **63.31** |

Table-18 shows the percapita receipt and expenditure in each town. On receipts side, the receipt through taxes and from other sources are furnished, while on the expenditure side, the total expenditure incurred on general administration, on public health and conveniences, public works, public institutions and on other aspects are furnished. Out of 9 towns in Pudukkottai district, in 6 towns the expenditure is more than the receipt. Arantangi (M) is getting the highest amount by way of receipt (183.14) and Alagapuri (VP) is getting the lowest receipt (17.39). On expenditure side Kadiapatti (VP) incurs the highest of (218.96) and Alagapuri (VP) incurs the lowest of (9.07).

## TABLE - 19

## SCHOOLS PER TEN THOUSAND POPULATION IN TOWNS

| Sl. No. | Class, Name and Civic Administration Status of Town | Number per ten thousand population | | | |
|---|---|---|---|---|---|
| | | Higher Secondary/ Inter/PUC/Junior College | Secondary/ Matriculation | Junior Secondary/ Matriculation | Primary |
| 1 | 2 | 3 | 4 | 5 | 6 |
| 1 | VI Alagapuri (VP) | 2.48 | 2.48 | 7.45 | 14.90 |
| 2 | IV Alangudi (TP) | 0.92 | 1.84 | 1.84 | 5.51 |
| 3 | III Arantangi (M) | 0.66 | 0.66 | 1.65 | 3.63 |
| 4 | IV Iluppur (TP) | 0.93 | 0.93 | 0.93 | 3.71 |
| 5 | VI Kadiapatti (VP) | 2.23 | 2.23 | 2.23 | 11.13 |
| 6 | V Kiranur (TP) | 2.38 | 2.38 | 3.57 | 4,57 |
| 7 | IV Ponnamaravati (TP) | 0.88 | 1.75 | 1.75 | 3.50 |
| 8 | IV Pudukkottai (VP) | — | — | — | 0.90 |
| 9 | II Pudukkottai (M) | 0.40 | 0.61 | 1.11 | 1.62 |
| **All Towns** | | **0.68** | **0.89** | **1.47** | **2.99** |

This table deals with existence of educational institutions per ten thousand population in towns. Alagapuri (VP) stands first in respect of Higher Secondary/Secondary/Matric/Junior Secondary and Primary Schools per 10,000 population while Pudukkottai (M) lags behind with 0.40, 0.61, 1.11 and 1.62 respectively. Pudukkottai (VP) is the only Town in this district showing dismal picture of primary Schools with 0.90.

## TABLE - 20

## NUMBER OF BEDS IN MEDICAL INSTITUTIONS IN TOWNS

| Sl. No. | Class, Name and Civic Administration Status of Town | | Number of Beds in Medical Institutions per 1,000 Population |
|---|---|---|---|
| 1 | VI | Alagapuri (VP) | 7.45 |
| 2 | IV | Alangudi (TP) | 2.02 |
| 3 | III | Arantangi (M) | 4.55 |
| 4 | IV | Iluppur (TP) | 2.87 |
| 5 | VI | Kadiapatti (VP) | 1.11 |
| 6 | V | Kiranur (TP) | 1.43 |
| 7 | IV | Ponnamaravati (TP) | 4.38 |
| 8 | IV | Pudukkottai (VP) | — |
| 9 | II | Pudukottai (M) | 5.98 |
| **All Towns** | | | **4.62** |

This Table shows the avilability of beds in Medical Institutions in towns. Alagapuri (VP) in this district can boast of highest number of beds with 7.45 per 1,000 Population followed by Pudukkottai (M) with 5.98 per 1,000 population.

## TABLE - 21

## PROPORTION OF SLUM POPULATION IN TOWN

| Class, Name and Civic Administration Status of Town* | Proportion of the Slum Population to toal population of the town | Density in Slums (per sq. Km.) |
|---|---|---|
| 1 | 2 | 3 |
| 1 II Pudukkottai (M) | 18.84 | 1721.82 |

* For Class I and II towns only

This Table is giving relevant statistical information in respect of proportion of Slum Population in Pudukkottai (M) and its density.

## TABLE – 22

## MOST IMPORTANT COMMODITY MANUFACTURED, IMPORTED AND EXPORTED IN TOWNS

| Sl. No. | Class, Name and Civic Administration Status of Town | Most Important Commodity | | |
|---|---|---|---|---|
| | | Manufactured | Exported | Imported |
| 1 | VI Alagapuri (VP) | Groundnut | Paddy | Pulses |
| 2 | IV Alangudi (TP) | Groundnut Oil | Groundnut Oil | — |
| 3 | III Arantangi (M) | — | Cash Crops | — |
| 4 | IV Iluppur (TP) | Artificial Diamond | Artificial Diamond | Paddy |
| 5 | VI Kadiapatti (VP) | — | — | — |
| 6 | V Kiranur (TP) | Aluminium Vessels | Groundnut Oil | Vegetables |
| 7 | IV Ponnamaravati (TP) | Fruniture | — | — |
| 8 | IV Pudukkottai (VP) | — | — | — |
| 9 | II Pudukkottai (M) | chewing Tobacco | Chewing Tobacco | Chillies |

Table 22 furnishes the comprehensive list of commodities manufactured, imported and exported in Towns of Pudukkottai district.

# PART – A

# SECTION - I VILLAGE DIRECTORY

## Note explaining the codes used in Village Directory

NA .. Information not available

**Educational**

P .. Primary or Elementary School

M .. Junior Secondary or Middle School

M .. Matriculation or Secondary School

PUC .. Higher Secondary/Intermediate/Pre-University/Junior College

C .. College, Any college (Graduate level and above like Arts, Science, Commerce, etc.)

I .. Industrial School

Tr .. Training School

AC .. Adult Literacy Class/Centre

O .. Other educational institutions. These include Sanskrit Pathshala, Senior Basis School, Makhtab, etc.

**Medical**

H .. Hospital

MCW .. Maternity and Child Welfare Centre

MH .. Maternity Home

CWC .. Child Welfare Centre

HC .. Health Centre

PHC .. Primary Health Centre

PHS .. Primary Health Sub-Centre

O .. Others

D .. Dispensary

FPC .. Family Planning Centre

TB .. T.B. Clinic

NH .. Nursing Home

RP .. Registered Private Practitioner

SMP .. Subsidised Medical Practitioner

CHW .. Community Health Worker

**Drinking water**

T .. Tap

W .. Well

TK .. Tank

TW .. Tube well

HP .. Hand pump

R .. River

F .. Fountain

C .. Canal

L .. Lake

S .. Spring

N .. Nallah

O .. Others

**Post and Telegraph**

PO .. Post Office

TO .. Telegraph Office

PTO .. Post and Telegraph Office

Phone .. Telephone connection

**Communications**

BS .. Bus Stand

RS .. Railway Station

NW .. Navigable waterways (including river, canal, back-waters, etc.)

**Approach to village**

PR .. Pucca Road

KR .. Kachcha Road

NR .. Navigable River

NC .. Navigable canal

NW .. Navigable Waterway (other than river or canal)

**Power Supply**

ED .. Electricity for Domestic purpose

E Ag .. Electricity for Agriculture

EO .. Electricity for other purposes like industrial, commercial etc.

EA .. Electricity for all purposes listed above

**Irrigated by source**

GC .. Government canal

PC .. Private canal

W .. Well (without electricity)

WE .. Well (with electricity)

TW .. Tube well (without electricity)

TWE .. Tube well (with electricity)

TK .. Tank

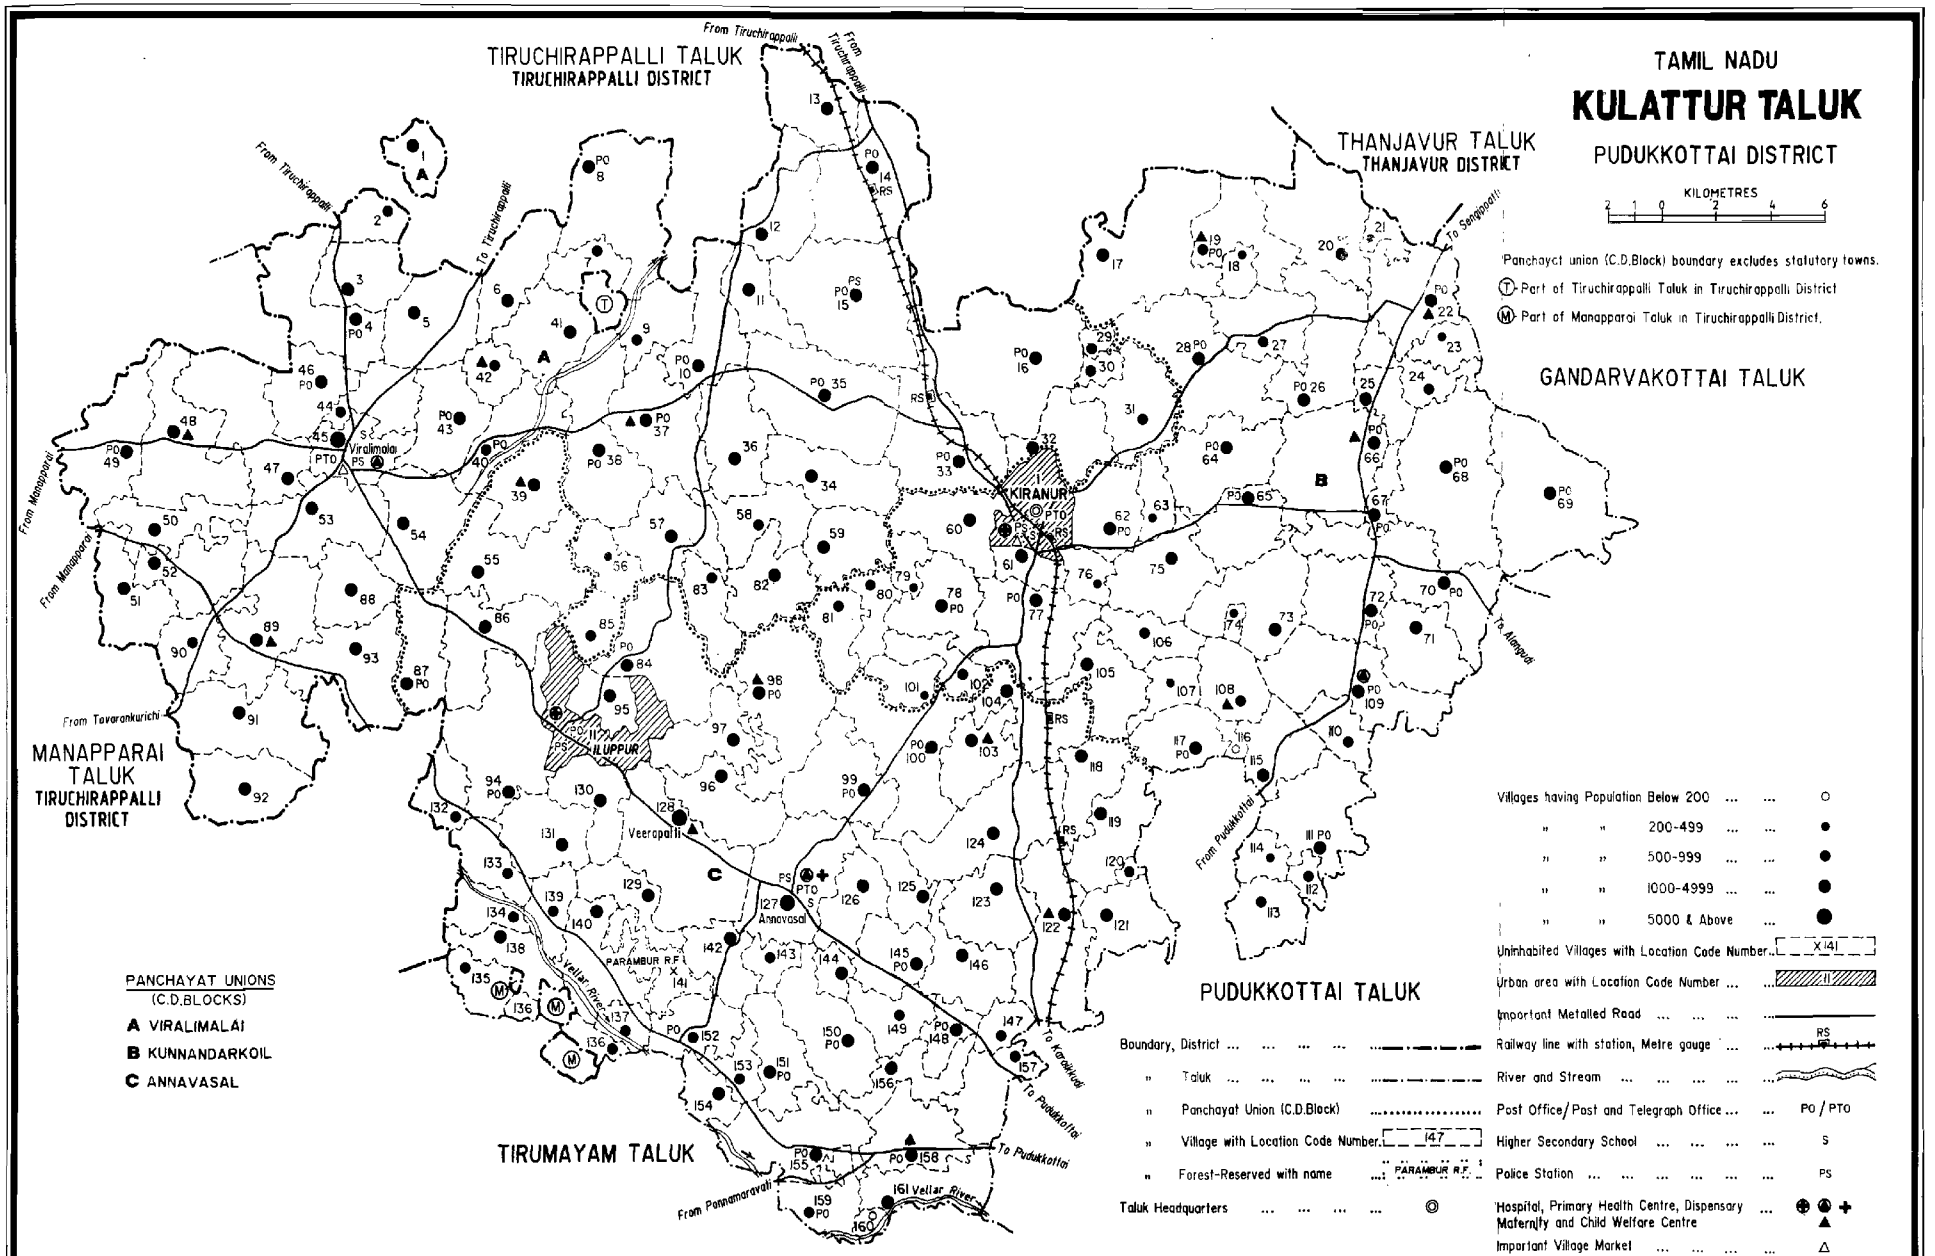

R .. River

L .. Lake

WF .. Water fall

O .. Others

T .. Total

## Note explaining the codes used in the Town Directory

| Population | | Class |
|---|---|---|
| 1,00,000and above | | I |
| 50,000 | - 99,999 | II |
| 20,000 | - 49,999 | III |
| 10,000 | - 19,999 | IV |
| 5,000 | - 9,999 | V |
| Below 5,000 | | VI |

**Civic administration status of the town**

| | | |
|---|---|---|
| M.Corp | — | Municipal Corporation/Corporation |
| M | — | Municipality |
| TP | — | Town Panchayat |
| VP | — | Village Panchayat |
| TC | — | Town Committee/Town Area |
| CB | — | Cantonment Board/Cantonment |
| SC | — | Scheduled Castes |
| ST | — | Scheduled Tribes |

**Type of Road**

| | | |
|---|---|---|
| PR | — | Pucca Road |
| KR | — | Katcha Road |

**System of Sewerage**

| | | |
|---|---|---|
| S | — | Sewer |
| OSD | — | Open Surface Drains |
| BSD | — | Box Surface Drains |
| SD | — | Silk Drains |
| CD | — | Cesspool method |
| Pt | — | Pit System |

**Method of disposal of night soil**

| | | |
|---|---|---|
| HL | — | Head Loads |
| B | — | Baskets |
| WB | — | Wheel Barrows |
| ST | — | Septic tank latrines |
| S | — | Sewerage |

**System of storage of water**

| | | |
|---|---|---|
| OHT | — | Overhead tank |
| SR | — | Service reservoir |
| IG | — | River infiltration gallery |
| BWP | — | Borewell pumping system |
| PT | — | Pressure tank |

**Source of drinking water**

| | | |
|---|---|---|
| TW | — | Tube well water/Hand pump |
| T | — | Tap |
| W | — | Well |
| TK | — | Tank |

**Medical facilities**

| | | |
|---|---|---|
| H | — | Hospitals |
| D | — | Dispensary |
| HC | — | Health Centre |
| FC | — | Family Planning Centre |
| TB | — | T.B.Clinic |
| NH | — | Nursing Home |
| O | — | Others |
| A | — | Ayurvedic |
| U | — | Urani |
| Hom | — | Homeopathic |

**Educational facilities**

| | | |
|---|---|---|
| A | — | Arts only |
| S | — | Science only |
| AS | — | Arts and Science only |
| C | — | Commerce only |
| AC | — | Arts and Commerce only |
| ASC | — | Combined for all categories Arts, Science and Commerce |
| L | — | Law |

**Recognised shorthand, typewriting and other vocational Institutions**

| | | |
|---|---|---|
| SH | — | Shorthand |
| Type | — | Typewriting |
| Sh.Type | — | Shorthand and Typewriting |
| O | — | Others |

**Public Libraries and reading rooms**

| | | |
|---|---|---|
| PL | — | Public Libraries |
| RR | — | Reading Rooms |

| Sl. No. | Class, name and civic administration status of town | Location Code No. | Name of Taluk/ Tehsil/Police Station | Name of C.D. Block | Area (in sq. kms.) | Number of households including houseless households (in 1991 Census) | 1901 | 1911 |
|---|---|---|---|---|---|---|---|---|
